Chapter 2481 Ice Sword Picture

Ye Feng followed the guardian elder of the Heritage Hall and soon arrived at the highest level area of the Heritage Hall.

When the guardian of the elderly pushed open the door to the highest level of the inheritance hall.

Ye Feng immediately saw a very small space filled with shabby-looking things.

It feels like a pile of junk.

It was not as magnificent or as brilliant as Ye Feng imagined.

At this time, the guardian elder saw an expression of astonishment on Ye Feng's face, and immediately couldn't help but smile and said: "Is it different from what you imagined? Yes, the highest level of the inheritance hall has such a look. It's a very shabby place, but you have to know that all these things are left by our ancestors. It seems that all the ancient things found in a mysterious ruins are piled here. As long as you are lucky, you can The treasure can be found in it."

After the guardian elder finished speaking, Ye Feng immediately clasped his fists and said, "Thank you, senior, for reminding me. I will start to sense it now."

The guardian of the old man immediately nodded and stood aside without saying anything more.

These ancient things are all antiques handed down from a long time ago.

Even for an old antique like the guardian of the elderly, it is difficult to sense anything.

Therefore, those at the highest level of the inheritance hall are usually those who are destined to obtain the powerful treasures.

At this moment, Ye Feng immediately began to walk to the middle of the area. Looking at the piles of tattered things piled around, he began to exude his soul power and explore carefully.

"Buzz!"

However, after Ye Feng sensed it for a while, he did not sense any energy fluctuations.

It seemed that everything in front of him was indeed a pile of junk and there were no treasures at all.

This made Ye Feng feel a little stunned.

Unexpectedly, the result of my powerful soul power in this highest level area was nothing.

However, Ye Feng knew that it could not be that there were no treasures at all, but that his current soul power was still weak.

The real treasure cannot be perceived.

"It can only be detected through the soul gem."

At this moment, Ye Feng could only turn to Emperor Chu in his mind, and said aloud in his mind: "Emperor Chu, you now have the soul gem, come and help me find something good in it."

Emperor Chu immediately said aloud in his mind: "Wait a minute, let me sense it."

At this moment, Ye Feng could not directly release the power of the soul gem to scan.

After all, there is the guardian elder of the inheritance hall standing behind him.

The soul gem, a gem left behind by the master, should not be easily revealed in front of others, otherwise it may cause trouble.

At this moment, Ye Feng could only let Emperor Chu control the soul gem, inspire the power of dominance in the soul gem, and secretly integrate it into his own soul power for scanning.

Soon with the help of the soul gem, Ye Feng's soul power was immediately blessed with a dominating power.

Buzz!

He instantly covered all of his soul power on the pile of ancient things in the entire highest level area.

Buzz!

Suddenly at this moment, there were more than a dozen things surrounding the entire area, all of which began to move and emit light of different colors.

When the old guardian behind him saw this scene, he couldn't help but show deep surprise in his eyes. He couldn't help but murmured, "This kid is really beyond my imagination. He actually made more than a dozen people look like him at once. An ancient thing reacted, but this has never happened before. Is this kid really the kind of person who is destined to have such great luck wherever he goes? "

Even an old antique from the Northern Immortal Palace like the old guardian couldn't help but marvel at Ye Feng's innate ability at this time.

At this moment, the guardian of the elderly suddenly understood something.

Why is Ye Feng able to possess such strong cultivation and strength at such a young age?

Even the Lord of Immortal Palace opened a tenth temple for him.

It seems that this young man's talent really cannot be speculated based on common sense.

This is a peerless monster!

At this time, Ye Feng did not expect that the soul gem was so powerful that he could cause the induction and abnormal movement of more than a dozen ancient things at once.

At this moment, Ye Feng couldn't help but look at the old guardian behind him, and asked aloud: "Senior, can I choose a few more? I feel that the energy fluctuations of several things are very powerful, and they are all similar to mine. There is a mutual induction."??

When the old guardian heard this, he couldn't help but twitch the corner of his mouth and said loudly: "I didn't expect you to be so greedy. This is of course impossible. You can only choose one at a time."

When Ye Feng heard what the old guardian said, he immediately nodded and said, "Okay, let me investigate again and see which thing contains the most energy. That must be the most precious."

After saying that, Ye Feng immediately looked at the dozen or so glowing objects in front of him, and finally selected an ancient object with the most powerful energy fluctuations.

It was an ancient picture, depicting a long sword made of ice, filled with a powerful ancient sword energy.

The reason why Ye Feng chose this ancient picture was not only because the energy fluctuations emitted by this picture were the most powerful.

Another reason is that Ye Feng has now practiced the Ten Thousand Swords Domain inherited from the Sword Emperor.

If the ice sword depicted in this picture can release the terrifying ice sword energy, combined with Ye Feng's current practice of Ten Thousand Swords Domain, it will further increase the power of Ye Feng's Ten Thousand Swords Domain. One level of heaven.

At this moment, after Ye Feng selected the picture of the Ice Sword, he immediately looked at the guardian elder not far away and said, "I will choose this picture."

The guardian of the elderly nodded slightly.

He raised his head and said: "You have a good eye. This picture of the Ice Sword, the meaning of the Ice Sword depicted in it is an ancient Ice Sword Technique. When fighting against the enemy, it not only has a sharp killing effect, but also It has the ability to freeze the enemy's movements."

When Ye Feng heard what the guardian said, he immediately understood that he had chosen the right treasure.

You must know that Ye Feng still has the Ice Ancestral Talisman on his body.

If it can be combined with this Ice Sword Diagram and the Ten Thousand Swords Domain, Ye Feng will instantly have an additional combination skill, and the power will definitely be very terrifying!

At this moment, Ye Feng instantly put this picture of the Ice Sword into his storage ring, and then walked out of the inheritance hall.

For Ye Feng, who is currently practicing, the other so-called advanced martial arts in the inheritance hall are no longer of much use.

When Ye Feng walked to the bottom of the inheritance hall, the guardian of the old man suddenly said: "If you have time, old man, I will go to your supreme hall to take a look."

When Ye Feng heard what the guardian said, his eyes suddenly lit up.

He knew that this guardian of the elderly was a very terrifying ancient figure, and must be an antique-level existence in the Northern Immortal Palace.

The reason why the old guardian said that he wanted to visit the Supreme Temple must be because he attached great importance to Ye Feng.

This made Ye Feng feel a little happy.

After all, Ye Feng is not safe among the Lords of the Immortal Palace in the Northern Territory. He also has an extremely powerful enemy, Xiao Tianshen of the Heavenly Temple.

And in addition, this time the imperial city of the Barbarian God Empire was instantly wiped out by a mysterious force or power.

The extremely prosperous imperial city of the Barbarian God Empire was reduced to ruins overnight.

This gave Ye Feng a deep sense of urgency.

If we can establish a good relationship with some old monsters in the Northern Immortal Palace, it will naturally be of great benefit to Ye Feng's survival and development in the future.

Chapter 2482 Endless Ruins

At this moment, Ye Feng immediately smiled and said: "Senior, if you want to go to the Supreme Temple of the junior, you can go there at any time. You are welcome at any time."

The old guardian smiled and nodded and said, "Okay, I will take a look when I have time. Maybe I can give you some advice on your boy's practice."

After saying that, the old guardian lay down on a seat next to the inheritance hall and fell asleep instantly.

Seeing this, Ye Feng did not continue to disturb the guardian elder, and left the inheritance hall directly, heading towards his supreme temple.

When Ye Feng returned to the Supreme Temple, Zeng Rou, the master of the Natural Temple, immediately asked curiously: "Ye Feng, have you gained anything from going to the highest level of the Heritage Temple this time?"

Ye Feng smiled and said, "Of course there are gains."

At this moment, after Ye Feng finished speaking, he immediately took out a picture of the Ice Sword and said loudly: "The treasure I sensed at the highest level of the inheritance hall is this picture."

Zeng Rou couldn't help but stare at the ice sword diagram in Ye Feng's hand at this time. ??

She immediately said with some surprise: "I didn't expect Ye Feng that you would choose a picture in the end, but the power contained in this picture is very ancient and powerful. I practice the inheritance of the Natural Temple, and I have a special understanding of this ancient thing. Natural perception, so I can see that this Ice Sword Picture is absolutely extremely powerful. Ye Feng, you

are really lucky. When I went to the highest level of the inheritance hall to select things, it was not so good. Luck, it worked the first time.”

Ye Feng smiled at this time and said: "With this Ice Sword Picture, my overall strength will be greatly improved. This time I go to the Imperial City of the Barbarian God Empire to investigate the situation, which can be regarded as some basic guarantees. "

At this time, Ye Feng and Zeng Rou were both cautious about the subsequent investigation.

After all, what they have to face this time may be...

The super strong person or the super power from the center of the God Realm.

Next, Ye Feng began to refine the ice sword diagram he had just obtained in the Supreme Temple to prepare for the next investigation.

Zeng Rou was also in seclusion at this time, and seemed to be trying to improve her condition to the peak as much as possible.

A night of silence.

Early the next morning, Ye Feng and Zeng Rou walked out of their respective retreats and left the Northern Immortal Palace.

The two of them left the Northern Immortal Palace secretly and did not leave openly.

Because the destruction of the Imperial City of the Barbarian God Empire must not be publicized, otherwise it is likely to cause panic in the entire Northern Immortal Palace.

After the two people left the Immortal Palace in the Northern Territory, they wasted no time and flew all the way east, towards the Eastern Territory where the Barbarian God Empire was located.

Both of them were super masters at the temple master level. They were very fast and soon arrived at the territory of the Eastern Region.

After Ye Feng and Zeng Rou arrived in the Eastern Region, they immediately saw that the entire Eastern Region was in chaos.

Many secular forces, including some ordinary sects, are engaged in melee.

Obviously, the fall of the Mangod Empire, the dominant force in the Eastern Region, has plunged the entire Eastern Region into chaos.

After all, the entire Eastern Region is now leaderless, which naturally leads to battles and turf wars between major forces.

Ye Feng and Zeng Rou saw this and walked directly towards the imperial city of the Barbarian God Empire without stopping too much.

After all, their mission this time is not to stabilize the situation in the entire Eastern Region, but to

To investigate the reasons behind the obliteration of the Imperial City of the Barbarian God Empire.

When the two of them arrived at the center of the Barbarian God Empire, they immediately saw a majestic imperial city building, which had been turned into endless ruins, giving people a tragic feeling.

The ruins were the extremely glorious imperial city of the Barbarian God Empire at that time.

But now there is no life left in the entire imperial city.

Completely reduced to a barren ruins.

Any existence of life has disappeared.

Broken walls and ruins.

Broken.

When Ye Feng and Zeng Rou saw this scene, they couldn't help but look at each other.

They all saw a look of deep horror in each other's eyes.

After all, they had heard that the imperial city of the Barbarian God Empire had been destroyed.

But at this moment, when I saw the endless ruins in front of me, I also felt a deep and tragic shock.

How powerful was it that it was able to destroy the imperial city of the Barbarian God Empire overnight?

And why did such a powerful being destroy the imperial city of the Barbarian God Empire but not other overlord forces?

"Someone has already arrived here before us."

Suddenly at this moment, Zeng Rou spoke to Ye Feng.

Ye Feng's eyes moved and he immediately looked not far away.

At this moment, he immediately saw several figures standing on the ruins of the Imperial City of the Barbarian God Empire. They should be the upper echelons of the overlord forces from other domains.

After all, those who have the qualifications to come here to investigate the cause of the destruction of the Imperial City of the Barbarian God Empire must have very high status among the major overlord forces.

Gui, a very powerful big shot.

At this time, Ye Feng and Zeng Rou immediately headed towards the center of the ruins not far away.

They immediately saw several figures standing there, seemingly discussing something.

There were four people standing not far away, and the aura of cultivation on their bodies was extremely powerful.

The clothes they wear are also different.

They should come from four different overlord forces.

After all, Zeng Rou is the master of the Natural Temple of the Immortal Palace in the Northern Territory, and has been the master of the Natural Temple for hundreds of years.

Therefore, she also has a basic understanding of the upper-level figures in other overlord forces, and knows most of them. After all, the upper-level figures of major forces generally do not change much and are difficult to fall.

At this moment, Zeng Rou immediately introduced to Ye Feng: "Among these four people, the middle-aged man wearing a red robe is called Yuan Tiangang, and he is one of the seven great kings of the Western Region Law God Sect."

"The skinny old man wearing a green shirt is called Jian Tianya. He is the younger brother of the owner of the Divine Sword Villa in the Southern Region. His swordsmanship is very powerful."

"And that beautiful woman in white palace attire is the daughter of the dean of the Dragon God College in the Southern Region. She is the number one genius of the Dragon God College. It is said that her body contains the blood of the ancient golden dragon."

"As for the fourth person, the white-haired old man wearing gray linen clothes is called Old Man Tianji. He comes from Tianji Valley in the Southern Territory. His methods are very mysterious."

When she said this, Zeng Rou could not help but be a little surprised and said: "It seems that this time the three major overlords in the Southern Territory, Shenjian Villa, Dragon God Academy and Tianji Valley, have all been mobilized. They must be worried about the Barbarian God Empire this time. We are very concerned about the destruction of the Imperial City. After all, the Southern Territory is the closest to the Eastern Territory. The Imperial City of the Barbarian God Empire has been destroyed, and the three major overlords in the neighboring Southern Territory are naturally very nervous. "

Ye Feng's eyes were a little surprised at this time. He didn't expect that so many high-level figures from the overlord forces would come this time.

You must know that these people are absolutely very powerful beings in their respective overlord forces, otherwise they would not be entrusted with important tasks to come here.

And at this moment, Ye Feng heard Zeng Rou's introduction to everyone. The backgrounds of these people, it was obvious that these people were all extremely noble in their respective overlord forces.

It seems that this time the major overlord forces are indeed very concerned about the destruction of the Imperial City of the Barbarian God Empire. They are not doing a perfunctory investigation, but are really worried.

At this moment, Zeng Rou led Ye Feng to the center of the ruins, and immediately said to the group of people: "Everyone has come so early. It seems that everyone attaches great importance to this matter. , I wonder how your investigation is going and if you have any clues."

After Zeng Rou finished speaking, several people standing in the ruins immediately looked in Zeng Rou's direction.

They had obviously sensed the approach of Zeng Rou and Ye Feng's aura for a long time.

At this moment, Yuan Tiangang, one of the seven Dharma Kings from the Fashen Sect, laughed and said: "It turns out that you are the master of the Natural Temple of the Immortal Palace in the Northern Territory. This time, the master of the Immortal Palace sent you. It seems that you are here. We also take this incident very seriously. After all, this Eastern Region is the farthest from your Northern Region, so it doesn't have much impact, but we have sent you, the master of the Natural Temple, here."

When Zeng Rou heard what the Seven Great Pharaohs of the Fa Shen Sect said, she immediately smiled and said: "The destruction of the imperial city of the Barbarian God Empire is a big event for our four regions. Our Northern Immortal Palace is naturally very important." Attention, and let me make it clear that I am not the protagonist sent by the Lord of Immortal Palace to investigate this time. The protagonist this time is the young man next to me, named Ye Feng. He is the latest close person of our Northern Immortal Palace. The master of the Tenth Temple, the Supreme Temple, is the leader personally sent by the Lord of our Immortal Palace to entrust him with important tasks. I am just his follower."

At this moment, what Zeng Rou said was naturally to build momentum for Ye Feng.

Because this was Ye Feng's first appearance in front of the upper echelons of the four major domains.

nature

The momentum must be sufficient.

This is also what the Lord of Immortal Palace means.

The purpose is to promote Ye Feng, the latest super genius in the Northern Immortal Palace.

Because Ye Feng has now officially grown up.

I am not afraid that because Ye Feng is exposed, many super powerful people will take action to strangle Ye Feng.

After all, there are very few people in the entire Four Realms who can forcefully kill Ye Feng instantly.

So this is why the Lord of Immortal Palace felt relieved that Ye Feng came out directly.

Because Ye Feng doesn't need any protection now.

What is important is to show off your edge.

What he wants is to show his great strength in front of the world.

Promote the power of the Northern Immortal Palace.

At this moment, after Zeng Rou finished speaking, the eyes of several other high-ranking figures in the overlord forces suddenly showed traces of surprise.

They couldn't help but stare at Ye Feng who was standing next to Zeng Rou.

They had always thought that the young man in white standing next to Zeng Rou was just a weak being in the sixth level of the Heavenly Tribulation Realm.

There is no comparison at all with big figures like them who are in the Dao-killing realm.

But what she didn't expect was that Zeng Rou recommended Ye Feng so highly before speaking, and even had a tone of awe in it.

This made many people couldn't help but have deep surprises in their eyes.

However, the latest leader of the Tenth Temple, the Supreme Temple, appeared in the Northern Immortal Palace. They had indeed heard the news.

Because they are all high-ranking figures in their respective overlord forces, they naturally need to know about the big things happening in other overlord forces.

at this moment

, Jian Tianya, the old man in green shirt at Shenjian Villa, stared at Ye Feng, with a hint of surprise in his eyes. He seemed to see something extraordinary about Ye Feng.

Long Xiaoyun, the daughter of the dean of Dragon God College, the number one genius of Dragon God College, stared at Ye Feng with curious and beautiful eyes. She couldn't help but smile and said: "Master Zeng Rou, is this young brother the latest elected master of the tenth temple, the supreme temple? He is really amazing. He has become the master of the top ten temples of the Northern Immortal Palace at a young age. The Lord of the Immortal Palace personally founded the Tenth Temple for this young brother. It seems that this young brother's true trump card is very powerful."

At this moment, Long Xiaoyun knew that there must be something extraordinary about Ye Feng to become the master of the Tenth Temple.

It's not as simple as it seems on the surface that Ye Feng is just a sixth-level cultivation level in the Heavenly Tribulation Realm.

After all, warriors at the Heavenly Tribulation Realm can only be regarded as disciples in front of this group of big shots.

But at this time, although everyone was very curious about Ye Feng, there was still a trace of indifference in their eyes.

After all, Ye Feng does seem to be ordinary, there is nothing powerful about him, and there is nothing that makes others take notice.

At this moment, the old man Tianji in Tianji Valley remained silent and didn't say anything. He was just looking at the ruins around him, holding a strange instrument in his hand, and seemed to be capturing and detecting some special information.

Obviously Old Man Tianji is the existence that everyone relies on this time. He comes from Tianji Valley and has a special method of searching for aura.

But at this time, seeing that everyone seemed to be a little disapproving of Ye Feng, Zeng Rou suddenly showed a trace of anger in his eyes.

Because Ye Feng was looked down upon by everyone, the master of the Natural Temple felt a little unhappy.

At this moment, Zeng Rou immediately continued to speak: "Ye Feng defeated me on the stage of life and death some time ago.

The Ninth Temple of our Northern Immortal Palace, the Sword Emperor of the Sword Emperor Temple. "

"What?"

Almost at the moment Zeng Rou said these words, several people present suddenly showed deep surprise in their eyes.

They couldn't help but stare at the young man Ye Feng. There seemed to be a look of disbelief in his eyes. They couldn't help but say: "The Sword Emperor is a powerful being among our older generation. How can this kid be able to defeat the Sword Emperor?" ? You must know that the Sword Emperor realm is the sixth level of the Dao Slaying realm, and he is a first-class super master among our four domains. This kid is only a disciple of the Heavenly Tribulation realm. No matter how powerful he is, he is still a super genius. It's impossible to defeat the Sword King."

At this moment, everyone was speaking out one after another, and their eyes were obviously full of disbelief.

Zeng Rou seemed to be very satisfied with everyone's reaction at this time. She smiled slightly and said, "Believe it or not, Ye Feng is so powerful anyway."

Hearing what Zeng Rou said at this time, whether it was Jian Tianya, the old man in blue at Shenjian Villa, or Long Xiaoyun from Dragon God Academy, there was a hint of thinking in their eyes.

Because they knew that Zeng Rou, the master of the Natural Temple, could not brag casually, and what he said must be the truth.

Moreover, this Ye Feng must be very powerful, otherwise it would be impossible for the Lord of the Immortal Palace to personally create the Tenth Temple for him. .

But at this moment, Yuan Tiangang from the Fashen Sect, one of the seven dharma emperors, a middle-aged man wearing a red robe, suddenly showed a trace of disdain in his eyes, and said loudly: "Zeng Rou Palace Master, this boy named Ye Feng is so weak, and you still say he is so powerful. I think this Ye Feng is the heir of the Lord of the Immortal Palace in your Northern Territory, so I forcibly elected him to serve him. To build momentum, he is actually just a young junior. He is not that powerful at all. Anyway, I think he is mediocre. Maybe he is a super genius among his generation, but compared with older people like us, he cannot be on the stage. This time, Master Zeng Rou, you brought this boy Ye Feng with you, it feels like a burden. "

Chapter 2484 Prove one's strength

Yuan Tiangang, the Seventh Pharaoh from the Fashen Sect, is obviously very confident in his identity and status.

At this moment, his tone of voice was very domineering and full of deep disdain for Ye Feng.

So at this time, Yuan Tiangang felt that Ye Feng was just an ordinary kid, and there was no way he could compete with big shots like them.

Hearing what Yuan Tiangang said at this moment, Zeng Rou suddenly showed a look of deep anger in her eyes and said loudly: "Yuan Tiangang, Ye Feng is so powerful, don't talk nonsense!"

At this moment, Yuan Tiangang sneered and said: "Master Zeng Rou, the way your Northern Immortal Palace builds momentum for young people may be able to deceive ordinary people in your northern land, but it cannot deceive people like me. The strong old man."

"you.....!"

Hearing the contempt in Yuan Tiangang's voice, Zeng Rou's eyes suddenly revealed a deep anger.

But just when Zeng Rou wanted to say something, Ye Feng suddenly pulled Zeng Rou back to his side, and then said with a smile: "Let me do it."

At this moment, after Ye Feng finished speaking, he slowly walked towards Yuan Tiangang, the Seventh Dharma Emperor of the Fashen Sect, and said loudly: "Since Senior Yuan Tiangang, you think I am just a weak young man, Then Senior Yuan Tiangang, you can give me a try and see if I am as weak as you say."

After Ye Feng finished speaking, several people present couldn't help but change their expressions slightly.

Even everyone stared at Ye Feng with horrified expressions in their eyes, as if they did not expect that this young man wanted to directly challenge Yuan Tiangang, one of the seven great kings of the Fashen Sect, on the spot.

Yuan Tiangang himself did not expect that Ye Feng, a young junior, would be so bold as to challenge him.

At this moment, Yuan Tiangang immediately laughed out loud and said: "Boy, if you dare to call me by my name, it shows that you have great power."

Courage, but sometimes courage cannot be eaten, and sometimes courage brings you very tragic consequences. "

At this moment, after Yuan Tiangang finished speaking, Ye Feng smiled and said: "I will not have a tragic end. I believe that only fists can make you, senior Yuan Tiangang, and everyone realize how powerful I am. "

boom!

At this time, Ye Feng had no reservations anymore, and instantly burst out with his huge cultivation aura, directly heading towards Yuan Tiangang.

The reason why Ye Feng took such initiative this time was naturally to prove his strength.

Otherwise, in the subsequent investigation process, he will always be looked down upon by everyone, in which case Ye Feng will also feel quite troublesome.

So it is better to fight directly and let everyone know how powerful he is, so that they will shut up and will not look down on him again. This is also for the promotion of the Northern Immortal Palace.

At this moment, Ye Feng was filled with infinite momentum and flew towards Yuan Tiangang.

When Yuan Tiangang saw this scene, his eyes immediately showed a deep cold look, and he said loudly: "Good boy, you dare to attack me directly. You have to know that even though you are from the Northern Immortal Palace, Master of the Tenth Temple, I think you are just an empty shelf, not that powerful at all. Then I am here to let you know that in the face of an older and powerful person like me, a young junior like you must To maintain an attitude of awe, you must be in awe of me, instead of being unreasonable and arrogant like you!"

At this moment, after Yuan Tiangang finished speaking, he immediately raised a huge staff in his hand.

Boom! !

Accompanied by a terrifying

With a roaring sound, Yuan Tiangang's staff suddenly burst out with endless flames.

Then after the endless flames, terrifying ice energy burst out.

Obviously, this Yuan Tiangang is worthy of being one of the seven great emperors of the Fashen Sect. He is simply a great mage. His use of elements between heaven and earth is really exquisite.

In an instant, he can use the staff in his hand to erupt with terrifying and boundless elemental attribute power.

The cultivation aura on Yuan Tiangang's body is impressively that of the ninth level of Dao Slayer Realm. He is very powerful. He is definitely a super powerful elder.

Even Ye Feng's eyes became a little solemn at this moment.

After all, the people Ye Feng is meeting now are not the same generation, they are all super seniors and strong men from the four domains who have been practicing for hundreds or even thousands of years. .??.

At this moment, facing Yuan Tiangang's attack, although Ye Feng's eyes were a little solemn, he was not afraid of the opponent.

In an instant, he used the first reward treasure he got from the previous trial, which was a powerful space magic weapon that was personally refined by the Lord of the Immortal Palace.

It is the Gate of Void!

Boom! !

Almost at this moment, a huge gate to the void immediately formed above Ye Feng's head.

In an instant, a terrifying divine light rushed out from the Void Gate. These divine lights were all space power, and all of a sudden they shattered the two elemental attribute power frenzy bombarded by Yuan Tiangang.

When Yuan Tiangang saw this scene, his eyes showed a hint of surprise, and he said loudly: "Boy, you really have a good idea. The Void Gate magic weapon you have should be refined for you by the Lord of the Immortal Palace himself. Well, your boy's treatment in the Northern Immortal Palace is really good, but just relying on the power of the magic weapon to make peace with

It is useless for me to compete with you. If you have this idea, then I advise you to give up this idea as soon as possible, because it is impossible to fight against me just relying on magic weapons. "

At this time, after Yuan Tiangang finished speaking, he immediately cast an extremely powerful spell from the God of Law.

"Infinite Purgatory!"

At this moment, Yuan Tiangang immediately displayed a kind of great mage domain.

The endless scene of purgatory suddenly appeared in front of Yuan Tiangang, and instantly enveloped Ye Feng not far away, which was extremely terrifying.

At this time, the people around saw this scene. Whether it was the old man in green shirt from Shenjian Villa, Jian Tianya or Long Xiaoyun, the daughter of the dean of Dragon God Academy, their eyes changed slightly and they couldn't help but said: "Yuan Tiangang, you actually used one of your trump cards? Against a young man like Ye Feng, you actually had the nerve to use your powerful trump card. You are an older person. Don't you feel ashamed that young people from other overlord forces did this? !"

Yuan Tiangang immediately smiled and said: "This kid took the initiative to challenge me. Naturally, I have to give him some hardships. Otherwise, in the future, young people will be able to fight against our elders. That's okay. ?"

At this moment, Long Xiaoyun immediately looked at Zeng Rou who was not far away, and said anxiously: "Master Zeng Rou, why don't you hurry up and rescue this young brother Ye Feng? Yuan Tiangang's infinite purgatory, But one of his extremely powerful trump cards, once it is displayed, will be difficult for even the elders like us to resist. Young people like Ye Feng will definitely sink into the endless scene of purgatory in an instant. If you're not careful, you will fall completely because of this!"

Zeng Rou remained extremely calm at this time, and said with a smile: "Long Xiaoyun, thank you for your concern for our Ye Feng, but then just watch slowly. Ye Feng is not as good as you thought." weak."

Chapter 2485 Are you convinced?

At this moment, after Zeng Rou finished speaking, several people present could not help but show surprise in their eyes.

Especially Long Xiaoyun, the prodigy of Dragon God College, her eyes were filled with a look of deep disbelief.

Because of the powerful methods Yuan Tiangang displayed at this time, it would be difficult for her to resist even if she tried to resist.

Not to mention Ye Feng, a young man who is only at the sixth level of the Heavenly Tribulation Realm.

But looking at Zeng Rou's confident smile, Long Xiaoyun could only choose to believe Zeng Rou at this time. .??.

She became more and more curious, whether Ye Feng was really as powerful as Zeng Rou said.

At this moment, Yuan Tiangang certainly had no intention of killing Ye Feng directly. After all, the two had no grievances.

He just wanted to teach Ye Feng, an arrogant and ignorant young man, a lesson.

So at this time, after Yuan Tiangang released his infinite purgatory and enveloped Ye Feng, Yuan Tiangang looked at Ye Feng in purgatory and immediately said: "Young man, if you are honest with me now Apologize, and don't be so arrogant in front of me in the future. I will immediately cancel this terrifying infinite purgatory. Young man, you still need to go home and practice for many years before you can catch up with the elders like us, so you don't want to do it now. If you don't try to be brave again, hurry up and admit defeat, otherwise I'm afraid you may really fall."

At this moment, Yuan Tiangang naturally did not dare to directly harm Ye Feng.

After all, Ye Feng is the master of the tenth temple in the Immortal Palace in the Northern Territory, and he is a young junior whom the Lord of the Immortal Palace attaches great importance to.

If Ye Feng is injured, then even if Yuan Tiangang is one of the seven great kings of Fashen Sect, he will definitely not get any good results.

After all, the Northern Immortal Palace is probably the most powerful among the overlords of the four regions, and it controls the entire northern land alone.

At this moment, Ye Feng was shrouded in purgatory, and he burst into laughter and said loudly: "Senior Yuan Tiangang, you don't have to worry about me, you should worry about yourself."

boom!

At this time, after Ye Feng finished speaking, the ancient divine ring burst out instantly.

Boom! !

Almost at this moment, an infinite divine halo, emitting bright light, appeared around Ye Feng in an instant.

Buzz!

At this moment, Ye Feng's combat power suddenly surged tremendously.

At this moment, Ye Feng's whole body was emitting divine light, and in an instant, a huge picture appeared in his hand.

It is the ancient treasure obtained from the highest level of the inheritance hall of the Northern Immortal Palace, the Ice Sword Diagram!

At this moment, Ye Feng immediately released the powerful inheritance of the Sword Emperor.

"Ten Thousand Swords Domain!"

Almost at this moment, Ye Feng activated the infinite sword energy, and instantly activated all the ice swords in the picture.

Boom!

Almost at this moment, a long sword made of ice flew out of the picture, and then formed a field of ten thousand swords and appeared around Ye Feng.

The Ten Thousand Swords Domain displayed by Ye Feng was even more powerful than the Ten Thousand Swords Domain displayed by the Sword Emperor.

Because what Ye Feng condensed at this time was not the ordinary sword energy, but the ice sword energy contained in this ancient picture.

Moreover, Ye Feng still released the Ice Ancestral Talisman at this time, blessing his Ten Thousand Swords Domain with ice power.

"Ten Thousand Swords Frozen Realm!"

The method used by Ye Feng at this moment can be said to be an enhanced version of Wanjian Domain.

At this moment, the countless ice swords around Ye Feng immediately erupted into a terrifying force.

The ice energy suddenly pierced through all the terrifying infinite purgatory.

Boom! !

Almost at the next moment, Ye Feng rushed out of the infinite purgatory, and then landed directly in front of Yuan Tiangang. In an instant, countless thousands of ice swords burst out.

Boom! ! ??

Almost at this moment, the countless ice swords around Ye Feng turned into a terrifying and boundless frenzy, and suddenly charged towards Yuan Tiangang in front of Ye Feng.

"What?! My infinite purgatory was instantly broken by your boy?!"

At this moment, Yuan Tiangang, one of the seven great kings of the Fashen Sect, suddenly showed deep horror in his eyes.

He never expected that his most powerful method would be broken by Ye Feng all at once.

Then now Ye Feng also released the terrifying ice sword, attacking Yuan Tiangang.

At this moment, Yuan Tiangang felt the terrifying power of the infinite ice sword. It had a deep sharpness and a terrifying feeling of freezing.

Almost at this moment, Yuan Tiangang immediately shouted: "Five Elements Elemental Shield!"

The next moment, extremely rich metal, wood, water, fire, and earth suddenly appeared around Yuan Tiangang, and the five elements directly condensed into a huge shield, protecting Yuan Tiangang.

Boom! !

Almost at the next moment, the ice sword released by Ye Feng immediately bombarded the elemental shield around Yuan Tiangang, and bursts of terrifying roars suddenly broke out.

"Crack, click, click..."

And at the next moment, the entire five-element elemental shield began to shatter inch by inch.

because of leaves

The Ten Thousand Sword Domain that Feng displayed at this time was an enhanced version of the Sword King's inheritance.

The terrifying sword light instantly pierced the elemental shield.

And that kind of terrifying ice power, the original ice power blessed by the Ice Ancestral Talisman, is even more terrifying to the extreme.

All of a sudden, half of the great mage Yuan Tiangang's body was frozen in place, unable to move at all.

Uh-huh!

Then Ye Feng came to Yuan Tiangang in an instant, and randomly condensed a handle of ice in his hand.

Buzz!

The long sword was held by Ye Feng, and the tip of the cold ice sword was pressed against Yuan Tiangang's forehead at this moment.

As long as he takes one step forward, Yuan Tiangang's head can be pierced instantly.

"hiss!"

Almost at this moment, Yuan Tiangang immediately felt a death threat that he had never felt before. His whole body instantly trembled and cold sweat broke out all over his body.

At this moment, the eyes of several other high-ranking figures from other overlord forces showed deep incredulity.

I really couldn't help but gasp!

Whether it was Jian Tianya, the old man in green shirt at Shenjian Villa, or Long Xiaoyun from Dragon God College, or Old Man Tianji from Tianji Valley who was exploring for information not far away, they all had disbelief in their eyes at this moment.

Because they never thought that Ye Feng, a young man who looked ordinary, could be so powerful.

Not only was he able to compete with Yuan Tiangang, but he even caught Yuan Tiangang off guard in the end, and even almost killed Yuan Tiangang.

At this moment, looking at Yuan Tiangang's pale and slightly trembling face, Ye Feng immediately put down the ice sword in his hand and said with a smile: "Senior Yuan Tiangang, are you convinced now?"

Chapter 2486 Super Demonic Power

At this moment, Ye Feng looked at Yuan Tiangang in front of him, with a faint smile in his eyes, and said loudly: "Senior Yuan Tiangang, are you convinced now?"

After saying this, Yuan Tiangang, the King of the Fashen Sect, suddenly showed a hint of embarrassment in his eyes.

Because he was indeed completely defeated by Ye Feng.

It was a complete defeat.

At this moment, Yuan Tiangang couldn't help but smile bitterly, hugged his fists towards Ye Feng, and said loudly: "Sure enough, a hero comes from a young age. You are so powerful. The attack just now was so terrifying. My five elements element shield You can't resist it. It can be said that you are extremely powerful. I am really convinced of your strength now, Ye Feng. It's amazing!" ??

I have to say that this Yuan Tiangang is quite flexible and flexible.

After being defeated by Ye Feng, his attitude immediately became extremely humble.

Obviously, Yuan Tiangang is able to make it this far because he is an old fox. He does not act on impulse, but is very adaptable.

At this moment, several people around him had expressions of approval and astonishment in their eyes.

They never expected that Ye Feng, at such a young age, would possess such great strength.

Sure enough, the Northern Immortal Palace really produced a peerless genius this time.

No wonder the Lord of the Immortal Palace in the Northern Immortal Palace took the initiative to create the Tenth Temple for Ye Feng.

Because Ye Feng's talent potential is completely enough to become the new master of the Tenth Temple.

He has this qualification.

At this time, Long Xiaoyun came out and said with a smile: "Since the two of you have been fighting for such a long time, it can be considered that we don't know each other without fighting. Next, let's unite a little and make this time a good fight for the Barbarian God Empire." Find out everything about the Imperial City. You must know that the most important thing for us now is the sudden destruction of the Imperial City of the Barbarian God Empire. This is much more important than the personal grudges between the two of you, so we should hurry up next. Let's find out what happened here."

Ye Feng and Yuan Tiangang are both

He nodded slightly, and then began to explore the surrounding ruins, trying to capture some hidden power and see what kind of power it was that destroyed the entire imperial city of the Barbarian God Empire overnight. Obliterated.

At this moment, Ye Feng walked up to Zeng Rou and said with a smile: "You see, no matter what time, you still have to rely on your fists to speak."

Zeng Rou smiled slightly and said aloud: "It is true, there is no reason at all with these people. Only through strong strength can we convince them."

At this moment, Zeng Rou and Ye Feng also started to join the exploration team.

Buzz!

Ye Feng instantly exuded powerful soul power, covering the ruins, trying to capture the atmosphere inside.

Buzz!

Suddenly at this moment, Ye Feng seemed to have discovered something. He immediately stretched out his hand and grabbed a certain direction of the ruins.

There was a crash!

Somewhere in the ruins not far away, it suddenly exploded.

Then a fragment of a pitch-black full-moon scimitar was absorbed into the palm of his hand by Ye Feng.

Then Ye Feng observed it carefully and said aloud: "This seems to be a very dark weapon with a very strong demonic energy inside."

Ye Feng is very familiar with this kind of dark demon weapon.

Because he now has two in his hands, namely the Supreme Lord of the Rings and the Spear of Hell obtained from the ancient demon world.

So Ye Feng is very familiar with this kind of breath.

At this moment, looking at the fragments of the pitch black scimitar in Ye Feng's hand, several people gathered over and stared at the thing in Ye Feng's hand. They couldn't help but said in surprise: "Could it be the dark demon clan?" The masterpiece of Dark Demon Tribe?

The imperial city of the empire was obliterated? "

At this time, everyone was talking, and Long Xiaoyun suddenly said: "But this is impossible. All the dark demons near the territory of the Barbarian God Empire were all wiped out by our human army. Even if there are dark demons, The demons are all hiding in the wild forest and don't dare to come out at all."

Hearing what Long Xiaoyun said, Ye Feng remembered his previous guesses and couldn't help but said: "I have already guessed before that the existence that can destroy the imperial city of the Barbarian God Empire overnight is basically impossible. If it is not an existence in our four realms, our four realms simply cannot give birth to such a powerful person or force, so I previously speculated that this mysterious force may come from the prosperous land in the center of the God Realm."

Hearing what Ye Feng said, the faces of several people present immediately became serious.

If this force really comes from the center of the God Realm, then the situation is really serious.

Because of the great power in the center of the God Realm, every one of their backgrounds is extremely terrifying.

It is simply not something that the four major domains can fight against.

At this time, Jian Tianya, an old man in green shirt from Shenjian Villa, suddenly said: "But the forces in the center of the God Realm basically don't care about our four regions, and there is a relationship between our four regions and the center of the God Realm. The ancient covenant, the great forces in the center of the God Realm, basically will not interfere with the territory and affairs of our four regions. "

"This fragment seems to be..."

At this moment, the old man Tianji from Tianji Valley, who had been silent and had no sense of existence, suddenly stared at the black scimitar fragment in Ye Feng's hand and said aloud: "I have lived too long. Yes, I have seen this kind of weapon before, and it seems that it was in an extremely terrible battle. This kind of weapon seems to come from a powerful demonic force called the Huangquan Demon Sect."

Underworld Demon Cult?

At this time, when they heard the name mentioned by the old man Tianji, several people present

People couldn't help but their eyes suddenly changed, and they suddenly became filled with deep fear.

Especially Jian Tianya, an old man in green shirt from Shenjian Villa, and Yuan Tiangang from Fashen Sect, their expressions were very frightened, as if they had heard something very scary and ancient.

The name "Underworld Demon Sect" seems to represent a very terrible taboo.

The younger ones on the field, Long Xiaoyun from Dragon God College, Ye Feng and Zeng Rou from Northern Immortal Palace, all three of them had a trace of doubt in their eyes, as if they had never heard of anything. Underworld Demon Cult.

At this moment, Long Xiaoyun couldn't help but look at the old man in green shirt beside him, Jian Tianya, and asked aloud: "Senior Jian, what kind of existence is the Underworld Demon Sect? Why can you seniors be so powerful? Everyone is so afraid?"

At this moment, Jian Tianya had not yet answered. The burly red-robed middle-aged man from the Fa Shen Sect, Emperor Yuan Tiangang, suddenly showed a look of deep fear on his originally very confident and rugged face.

He said slowly: "The Underworld Demon Sect is a super demonic force from the center of the God Realm. It seems that they were forced out of the center of the God Realm by the righteous forces in the center of the God Realm, so they came here. The territory of our four domains."

Jian Tianya nodded. The old man in blue shirt's hand holding the long sword was trembling a little, and he said: "This happened 30,000 years ago. I once heard my ancestors say that the Underworld Demon Sect came to us at that time. After the four territories, extremely terrifying battles broke out with countless major forces in our four territories. It was like rivers of blood, murderous intent, and corpses everywhere! In the end, all the overlord forces in our four territories united together, and The Demonic Cult of Underworld almost died together before finally defeating the Demonic Cult of Huangquan. The Demonic Cult was seriously injured and disappeared into the wilderness. In the next tens of thousands of years, the Demonic Cult of Huangquan would never be seen again. It didn't appear anymore, but I didn't expect it to appear again. Could it be that the underworld demon sect, a super demonic force that existed tens of thousands of years ago, has resurrected?"

Chapter 2487 The Demon Commander and the Demon General

At this time, after Jian Tianya, the old man in blue shirt from Shenjian Villa, said all this, his expression became extremely solemn.

Because Jian Tianya knew very well that if the Underworld Demon Sect really revived, it would really be a big trouble.

Because the Underworld Demon Sect is a very terrifying demonic super force.

In the ancient times, when the four major domains were still quite prosperous, the Huangquan Demon Sect was able to fight against all the superpowers in the entire four major domains with the power of one religion.

You must know that there were still many powerful super forces in the four regions of east, south, west and north back then.

It was precisely because of that battle with the Underworld Demon Sect that year that it was so tragic that in the end, the four regions were all dead and wounded, and only a few of the current overlords were left.

And all of this was caused by the underworld demon sect.

This shows how terrifying the Underworld Demon Cult is.

At this moment, after hearing what Jian Tianya said, the three younger people, Long Xiaoyun, Ye Feng and Zeng Rou, all had a hint of horror in their eyes.

Because according to what Jian Tianya said, the super demonic force of the Huangquan Demon Sect is indeed terrifying to the extreme. It is simply unimaginable for them now.

At this moment, Yuan Tiangang from the Fashen Sect spoke up and said: "I remember an old antique-level senior in our Fashen Sect once said that the Huangquan Demon Sect is a super terrifying demonic force. It is said that it comes from In the center of the God Realm, in the Underworld Demon Sect, there are a total of thirty-six demon commanders and seventy-two demon generals. Whether they are demon commanders or demon generals, each one is a very terrifying existence. The reason why the Underworld Demon Sect was so powerful back then He was so tyrannical that he defeated the entire Four Domains, killed and injured countless powerful people,

and almost destroyed the entire Four Domains, just because of the battles of the core powerful men, namely the Thirty-six Demon Commanders and the Seventy-two Demon Generals.”

Hearing what Yuan Tiangang said at this time, Ye Feng couldn't help but asked curiously: "What is the specific level of cultivation of these thirty-six demon commanders and seventy-two demon generals? They sound very powerful. look.

"

Yuan Tiangang's eyes showed a deep serious look, he took a deep breath, and then said aloud: "Among the seventy-two demon generals, even the weakest one possesses the sixth level of Dao Slaying Realm. Their powerful cultivation is comparable to the existence of the temple masters of our current overlord forces, and the thirty-six demon commanders are even more powerful. Each demon commander has a cultivation strength that is comparable to those of our current overlords. "

"What?!"

Hearing what Yuan Tiangang said, several young people present couldn't help showing deep shock on their faces.

They never thought that these core members of the Underworld Demon Sect could be so powerful and terrifying.

You must know that even in the temple of the overlord power such as the Northern Immortal Palace, there are only nine powerful men at the level of the temple master, including the current Ye Feng, which is ten.

But the Underworld Demon Sect has seventy-two temple master-level demon generals.

Moreover, the thirty-six demon commanders are even more powerful, each one is almost as powerful as the controller of the overlord force, and is as powerful as the current Lord of the Immortal Palace in the Northern Immortal Palace.

Thirty-six super strong men at the level of the Lord of Immortal Palace are combined together, and my scalp feels numb just thinking about it!

At this time, as if he saw the panic on the faces of Ye Feng and others, Jian Tianya, the old man in green clothes, couldn't help but said: "Of course you should not be too nervous now, that ancient war back then, The Underworld Demon Sect has lost almost all its demon commanders and generals, leaving only a few demon commanders and demon generals lingering in this world, and the most powerful, most mysterious, and number one demon commander seems to be called the 'Chaos Demon' Shuai' was also killed by dozens of powerful lords who joined forces back then, and fell into the depths of the endless wilderness. So now even if the Underworld Demon Sect is resurrected, it is estimated that there will only be a few surviving Demon Commanders or

The devil will. "

Yuan Tiangang nodded and said: "However, even a few lingering demon commanders and demon generals are still a huge threat to our current four regions where martial arts are not very prosperous, so we must report this matter immediately. The upper echelons of the sect behind each of us, as well as some old antique-level powerful men, must take action. We must completely extinguish this flame before the underworld demon sect resurrects, otherwise we will wait for the true resurrection of the underworld demon sect! If it reaches full strength, the entire four regions will face a huge disaster!"

Hearing what Yuan Tiangang said, several people present nodded.

At this moment, Long Xiaoyun from Dragon God College suddenly said: "This time, the imperial city of the Barbarian God Empire was destroyed overnight. At least several demon generals with such power joined forces, or there were A powerful demon commander took action, otherwise it would be impossible to achieve such an achievement. "

Ye Feng also nodded at this time and said aloud: "In that case, we have grasped the latest news and need to return to our respective sects to report to the mall immediately to see how to deal with it."

After Ye Feng finished speaking, several people nodded and prepared to leave directly.

Because for them, they came here just to investigate why the imperial city of the completed empire was destroyed. ??

Being able to investigate this important news can be regarded as completing the task.

Other arrangements and various plans still need to be decided and discussed by the real top figures in their respective overlord forces.

But at this moment, the old man Tianji from Tianji Valley seemed to sense something, and he couldn't help but said: "I found the aura of the whereabouts of some demonic people. Following this aura, we can find the whereabouts of the demons." The group of beings who destroyed the Imperial City of the Barbarian God Empire."

Hearing what Old Man Tianji said at this moment, several people present couldn't help but show a hint of surprise in their eyes.

Unexpectedly, Old Man Tianji found the whereabouts of the group of beings who destroyed the Imperial City of the Barbarian God Empire.

And you can track it right now!

At this time, several people present had their eyes flickering and fell into a slight silence.

Because they know very well that if they really want to look for it now, there may be huge dangers.

After all, it was the legendary Underworld Demon Sect.

But if they don't look for it, they will feel a little unwilling.

After all, now they've discovered the clue.

If we search based on this clue, we can determine the specific living location of the group of people from the Underworld Demon Sect.

This is of great strategic significance.

At this moment, Old Man Tianji suddenly said: "The scent of this whereabouts that I captured at this moment is very faint, and it is about to disappear. If we don't make a decision, we may lose it. If you don't get the chance to track me, you won't have this aura next time."

Hearing what Old Man Tianji said at this time, Long Xiaoyun, the genius of Dragon God College, immediately said decisively: "I think we should pursue it directly, and we cannot waste this great

opportunity. No matter whether we are sure to destroy all the people, We need to investigate whether the group of people in the Imperial City are from the Underworld Demon Cult, or to find the specific place where these mysterious forces live. "

Hearing what Long Xiaoyun said at this time, Yuan Tiangang immediately said with some solemnity: "As expected of the daughter of the dean of Longshen College, she is indeed a woman who cannot be outdone by men. Although I admire your courage, you have to know , what is involved this time is not a small fight, what we have to face may be the terrifying Underworld Demon Cult from tens of thousands of years ago, even if we are super masters like us, if we are not careful, it is very likely that They will all end up falling."

Hearing what Yuan Tiangang said, the group of people present fell silent again.

Chapter 2488 Dark Swamp

After a while, Ye Feng said aloud: "I think we should really seize this opportunity. Otherwise, when we go back to report, if other strong men arrive next time, we may not be able to track them. That would be a pity." "

For Ye Feng, although he knew that this tracking might be very dangerous and even life-threatening.

But he still wanted to see how powerful the Underworld Demon Sect was.

Moreover, Ye Feng now lacks powerful energy.

If you can kill some powerful men in the Underworld Demon Sect, you may be able to provide yourself with a huge increase in cultivation.

After all, Ye Feng has now become the master of the ten major temples in the Northern Immortal Palace.

There are very few strong men in the entire Four Realms who can let Ye Feng devour and break through.

Basically, they are all well-known figures in their respective overlord forces.

So at this time, the mysterious Underworld Demon Cult appeared, and Ye Feng immediately saw the opportunity for his cultivation level to rise again.

At this time, after Ye Feng finished speaking, Long Xiaoyun suddenly showed a bright color in his beautiful eyes.

The daughter of the dean of Dragon God College stared at Ye Feng and couldn't help but said: "I feel that the older generations are afraid of death. The future of the Four Realms still needs to rely on brave and diligent young people like us."

"fear death?"

Hearing what Long Xiaoyun said at this time, Yuan Tiangang of the Fashen Sect suddenly became furious and said: "I have nothing to be afraid of, just go! I am one of the seven great kings of the Fashen Sect!"

Jian Tianya, the green-shirted old man of Shenjian Villa, also nodded slightly at this time and said loudly: "We are all top-notch super masters in the four domains. If we go together to trace our whereabouts, there should be no big deal if we join forces. If you encounter any irresistible danger, you can always escape by running away."

Zeng Rou also stood beside Ye Feng at this time and said aloud: "Anyway, I am just Ye Feng's follower this time. I listen to Ye Feng in everything. I will do whatever Ye Feng says. I don't have any objections." "

At this time, seeing Zeng Rou like this

Said, everyone present could not help but glance at Ye Feng in surprise.

It seems that this young man has captured the heart of the beautiful master of the Natural Temple of the Immortal Palace in the Northern Territory.

Long Xiaoyun also had a hint of surprise in his eyes at this time, staring at the scene where Zeng Rourou and Ye Feng were standing together.

She couldn't help but glance at Ye Feng, then walked to Ye Feng's side and said loudly: "Then let's go together, we young people go together."

Uh-huh!

After finishing speaking, Long Xiaoyun stood on the other side of Ye Feng, one on the other side of Zeng Rou, and followed Ye Feng.

Zeng Rou saw that Long Xiaoyun was so close to Ye Feng, but her eyes flashed slightly, and she didn't say much, silently following Ye Feng on the other side.

At this time, Yuan Tiangang looked at Old Man Tianji and said aloud: "Now that everyone has decided, you can start tracking the whereabouts of the aura that is about to disappear. Let's go and see if it is a member of the Underworld Demon Sect. There's a resurgence, after all what we know here is just speculation."

Old Man Tianji nodded and said, "Okay, then I will cast the spell."

After Old Man Tianji finished speaking, he immediately took out a golden compass from his storage ring, and then began to make seals on the golden compass with his palm.

Buzz!

Everyone immediately saw that among the endless ruins around them, there seemed to be a mysterious aura that was led by Old Man Tianji to the golden compass, and then formed a small light that flew quickly in a certain direction not far away. go.

Old Man Tianji immediately said: "Quick, let's follow this tiny light. This tiny light is exactly the whereabouts that I condensed. Through this tiny light, we can track the entire Barbarian God Empire that was destroyed at that time." The current location of the mysterious people in the Imperial City."

At this time everyone

Hearing what Old Man Tianji said, everyone's eyes lit up, and then they began to fly quickly in a certain direction following the small ray of light.

Soon, everyone followed this small ray of light away from the entire Eastern Territory, and unexpectedly came to a very dark area on the edge of the Eastern Territory.

The land in this area is all muddy swamps, and there is a dark evil energy exuding in the mud, which looks extremely terrifying and dark.

It feels like walking in an endless ancient demonic realm, with a deep sense of coldness and heart palpitations.

Even though everyone was a top-notch expert in the four domains, at this time they felt a life-threatening aura of tragedy spreading throughout the surrounding land.

At this time, Old Man Tianji couldn't help but said: "This is the Dark Swamp area. It seems that the demise of the Imperial City of the Barbarian God Empire is really related to the Underworld Demon Cult. Back then, the Dark Swamp was where the Underworld Demon Cult was hunted down and finally destroyed." There must have been a demon commander or demon general who escaped, lurked for tens of thousands of years, and then resurfaced. "

Hearing what Old Man Tianji said at this time, everyone began to release their own power and spread it around them.

Even Yuan Tiangang released elemental shields to surround himself to defend against life and death crises that might come at any time.

If it were just an ordinary dark demon clan or force, it would not be enough to make the many super masters present be so cautious.

But what they have to face this time is the terrifying Underworld Demon Cult from ancient times.

So everyone is very cautious.

They walked in the dark swamp, following the tiny light and moving forward quickly.

Finally they entered the deeper area of the Dark Swamp.

This is already an inaccessible area.

Everything around was filled with pitch-black miasma, full of poison.

If an ordinary master encounters these highly poisonous miasmas, his entire body will be rotten and dilapidated in an instant.

death in between.

But everyone is the first-class master in the four domains.

So we didn't encounter any big crisis at this time.

Uh-huh!

Suddenly, at this moment, the soil suddenly exploded, and a large number of pitch-black insects flew out in an instant, and immediately wrapped themselves around Yuan Tiangang's thigh.

"Crunch, crunch..."

Almost at this moment, Yuan Tiangang, including everyone, did not react.

Yuan Tiangang's thigh that was being pulled turned into white bones in an instant.

Then the bones were rotting rapidly, and were all devoured by these pitch-black insects.

This kind of insect is definitely a very terrifying poisonous insect in this dark swamp. It is simply terrifying to the extreme. Even a strong man like Yuan Tiangang cannot resist it instantly.

"ah!!"

At this moment, Yuan Tiangang couldn't help but scream, and in an instant he raised the scepter in his hand, and infinite flames burst out, burning all the poisonous insects with a crackling sound.

Finally, all the poisonous insects on his thighs were burned to death.

Then Yuan Tiangang circulated his cultivation aura, allowing his thighs to grow flesh and blood again, returning to normal.

But this also made Yuan Tiangang a little frightened.

After all, if there were more black bugs just now, they would wrap up and devour his entire body.

Then Yuan Tiangang might be devoured into a pile of bones and skeletons in an instant.

Then there may be no chance of resistance.

When everyone thought of this, they all began to release their own body-protecting divine light, and even began to tighten the weapons in their hands.

Because these black poisonous insects seemed unable to withstand even the elemental shield released by Yuan Tiangang just now.

It is obviously a very special kind of poisonous insect in the dark swamp that has even mutated.

Chapter 2489 Oasis and elixir

After Yuan Tiangang recovered his thigh at this time, he immediately said with a somewhat frightened look in his eyes: "There are too many poisonous insects in this dark swamp. They are so terrifying that it is difficult to resist them. What's next for everyone?" You must be careful on the journey and don't make the same mistake again. At that moment, I just felt like my body was about to be swallowed up completely. It was really scary."

At this moment, Yuan Tiangang was speaking, obviously extremely scared.

Fortunately, he reacted quickly, otherwise his entire body would have been swallowed.

Step, step, step...

At this time, Ye Feng walked to Yuan Tiangang and looked at a group of poisonous insects that were burned on the ground. He immediately released his poison-eating insects and began to devour all the poisonous insects in the swamp.

Because the poisonous insects bred by these dark swamps seem to have been transformed and mutated by a mysterious force, and they are very vicious.

Therefore, by swallowing the bugs in these dark swamps, the life essence of the poison-eating insects can evolve again.

The more poisonous something is, the more powerful it can make poison-eating insects evolve.

At this moment, Ye Feng looked at the large group of black poison-eating insects released by Ye Feng. Each of them looked more ferocious and terrifying than the swamp poisonous insects just now.

Several people present were feeling a little chilly.

Especially Yuan Tiangang, who had just fought with Ye Feng, had a hint of fear in his eyes.

He never thought that Ye Feng would have such a terrifying group of poisonous insects on his body.

Yuan Tiangang couldn't help but trembled at this time and said: "Ye Feng, are you still an insect master? And the group of poisonous insects you released at this time seems to be better than the swamp poisonous insects that just swallowed my entire thigh. It's even more ferocious and scary, it looks very scary, could it be some kind of very ancient evil insect?"

Ye Feng looked at Yuan Tiangang and said with a smile: "I got this bug very early. It is called a poison-eating bug. I have been cultivating it until today. It is getting more and more powerful and it is of great help to me."

"Poison-eating insect?"

I heard it at this time

What Ye Feng said made everyone present slightly change their eyes.

Because they have all heard of the name of the poison-eating insect, which is ranked thirty-second on the entire list of ancient spiritual insects.

Especially, it ranks first in the small category of poisonous insect list!

No one present thought that Ye Feng, a young man who looked very gentle, would actually raise such a group of terrifying and ferocious poisonous insects.

At this time, Yuan Tiangang couldn't help but his eyes trembled slightly.

If Ye Feng had fought him and released such a terrifying poison-eating insect, he would probably not be able to resist it.

Because Yuan Tiangang is a mage, not a warrior, his body is very fragile.

Once he is approached by this terrible poisonous insect, his defense will be broken down instantly.

At this moment, after Ye Feng let the poison-eating insects swallow all the swamp poisonous insects, the poison-eating insects immediately made bursts of hissing sounds.

This made Ye Feng immediately smile and say: "It seems that these little guys are full and happy."

Everyone's eyes trembled when they heard this.

At this time, everyone continued on the road, heading towards the depths of this dark swamp.

Along the way, everyone still encountered many attacks from terrifying creatures in the dark swamp, such as some poisonous pythons, some terrifying evil insects, etc.

However, after everyone was prepared, they seemed very relaxed about these attacks.

After all, a group of people are all super masters in the four domains, not ordinary masters.

Therefore, it is more than enough to deal with the dangers in the dark swamp.

"Look, there seems to be an oasis ahead!"

Suddenly at this moment, the old man Tianji who had been leading the way suddenly spoke up.

Uh-huh! Uh-huh! Uh-huh!

At this moment, everyone was looking in a certain direction ahead.

They instantly saw that in this extremely dark swamp, there was an oasis.

That oasis was very vibrant, and it was filled with forests and various flowers, plants and trees.

It looks full of life.

It was completely different from the surrounding dark swamp.

Uh-huh! Uh-huh... ??.

At this moment, everyone was flying towards the oasis.

When they arrived at the oasis area, their eyes suddenly lit up.

Because they saw that in this oasis there were actually plants growing elixirs that were very rare outside.

These elixirs grown in each year are very old, and the types are almost impossible to see outside.

Obviously, there is no way this ancient elixir can grow outside.

In other words, these elixirs are all unique.

Only in the depths of this dark swamp can it be conceived.

At this moment, when everyone saw this scene, their eyes showed joy.

Uh-huh! Uh-huh! Uh-huh!

They immediately started picking the elixirs grown in the oasis.

At this moment, Yuan Tiangang smiled and said: "I didn't expect that this time when I was following the traces of the Huangquan Demon Sect, I would encounter this oasis full of elixirs. It is really a blessing for us. If we bring these elixirs, If we go back and refine it carefully, it will definitely be of great benefit to us!"

At this moment, everyone is picking these elixirs one after another.

Ye Feng naturally didn't waste any time and quickly collected each elixir.

Ye Feng did not swallow these elixirs directly for the time being, because there was no time to devour them now.

\u003e And just when everyone was almost done collecting it.

Suddenly, at this moment, Ye Feng seemed to notice something was wrong and said, "Look at the sky. Why did the sky suddenly become dark?"

The moment Ye Feng finished speaking, everyone looked up to the sky.

Sure enough, they saw that the sky above the entire oasis suddenly changed from blue to pitch black.

"There seems to be an ancient formation fluctuation."

At this time, Zeng Rou said aloud: "I have a very strong sense of the natural power between heaven and earth. The sky has turned black, as if it is the power of a formation, which is not naturally formed."

"The power of the formation?"

Hearing what Zeng Rou said at this time, several people present couldn't help but change their expressions.

Long Xiaoyun from the Dragon God College couldn't help but said: "Oh no, this oasis will definitely not appear in the dark swamp so inexplicably. This oasis may be planted by the followers of the Huangquan Demon Cult." From the elixir field, we have probably been discovered by the followers of the Underworld Demon Sect, so the formation they secretly released has trapped us in the entire oasis."

After Long Xiaoyun finished speaking, Yuan Tiangang's expression suddenly changed.

boom!

He instantly raised the scepter in his hand, and suddenly released a powerful flame spell high in the sky.

Boom!

Immediately, endless flames burst out from Yuan Tiangang's scepter and bombarded high into the sky.

Wow...

But at the next moment, the flames released by the scepter in Yuan Tiangang's hand hit the sky and were blocked by a black formation barrier, unable to break through the sky.

When Yuan Tiangang saw this scene, his eyes suddenly darkened and he said: "It seems that Long Xiaoyun is right, we are really trapped by the formation of the devil!"

Chapter 2490 Five Demonic Generals

At this time, the expressions of several people suddenly became gloomy.

Unexpectedly, they were unexpectedly enveloped by a huge formation and trapped in the oasis.

And at the next moment, a large group of masters wearing special black robes suddenly rushed around the oasis.

These masters are all exuding demonic energy, and they are all obviously members of the demonic path.

It seems that the Underworld Demon Sect has really revived!

However, the cultivation level of this group of masters is not very strong, and it is not as good as Ye Feng and other palace master-level figures in the four domains.

Obviously, this group of experts should be the latest members recruited by the strong men left over from the Underworld Demon Cult.

Otherwise, it would be impossible for his cultivation level to be so low.

At this moment, Yuan Tiangang couldn't help but said: "It seems that the Underworld Demon Cult has really resurrected, and it is secretly recruiting members in order to re-strengthen the entire Underworld Demon Cult. I guess the reason why they suddenly destroyed the Barbarian God is The imperial city of the empire is most likely to seize the wealth and resources of the super empire of the Barbarian God Empire over the years to cultivate their members. "

At this time, Jian Tianya, an old man in a green shirt, couldn't help but said: "What you said should be correct. After all, the Huangquan Demon Sect was almost destroyed by the super powers in our four regions. They are all exhausted. The single strength of the remaining demon commanders or demon generals will definitely not be able to compete with our current overlord forces, so they must continue to develop their members and want to cultivate more elites quickly. , and may even secretly form a demonic army to attack the territory of our four regions again. "

At this moment, everyone was talking, with deep murderous intent towards the demonic people around them in their eyes.

Because the cultivation level of this group of people is simply not comparable to them.

They plan to kill them all to eliminate future hidden dangers.

Boom! !

But suddenly at this moment, an extremely powerful momentum suddenly broke out among the surrounding army of magic masters.

Buzz!

Everyone immediately saw a middle-aged man wearing extremely thick black armor. He instantly appeared high in the sky above the oasis, leading his own magic masters. At this time, they looked at Ye Feng and others who were trapped in the middle. .

At this time, Jian Tianya suddenly couldn't help but said: "This seems to be the 'Armor Demon General' among the seventy-two demon generals of the Huangquan Demon Cult. He is an extremely powerful demon general level super strong man, comparable to our four regions." A super master of the palace master level!"

At this time, the eyes of several people present changed slightly. They did not expect that there really was a underworld.

The demon general-level figure in the demon sect has revived.

Moreover, the aura of cultivation exuding from this armored demon general wearing jet black armor was impressively that of the ninth level of Dao Slayer Realm, extremely powerful.

But not before everyone was ready to fight.

boom!

Suddenly, from a certain direction not far away, a terrifying aura that reached the ninth level of Dao Dao Realm erupted again.

Along with this terrifying aura, a young man standing on a huge black scorpion appeared.

This young man had strange lines on his face and his eyes were blood red. He looked very scary, like the master of poisonous insects.

Yuan Tiangang couldn't help but his eyes changed slightly, and he said aloud: "This is another powerful demon general level existence. It seems to be the poisonous scorpion demon general in the Underworld Demon Cult."

At this time, everyone couldn't help but their expressions changed slightly.

Unexpectedly, another extremely powerful demon general appeared!

boom!

boom!

boom!

But before everyone could react, three more equally powerful auras appeared from the surrounding darkness in an instant.

They were a tall, strong man holding a pitch-black battle axe.

There is also a mature and beautiful woman wearing a red robe, surrounded by red lotus flowers, exuding the power of flames, looking very strange, as if she is a flame banshee.

The remaining one is a man in black robes with long black snakes crawling all over his body. He looks very scary.

The cultivation auras of these three reappearing beings all belong to the tenth level of Dao Slayer Realm!

Obviously another demon general level existence!

"Giant Demon General!"

"Red Lotus Demon General!"

"Black Snake Demon General!"

At this moment, Jian Tianya, who came from the Divine Sword Villa, couldn't help but reveal a look of deep horror in his eyes.

Unexpectedly, in this short period of time, three more powerful demon generals appeared.

In other words, what they are about to face now are five terrifying demon generals!

Moreover, there are thousands of newly trained expert members of the Underworld Demon Cult watching around, ready to beat up the fallen dog at any time.

This made several people present couldn't help but look panicked.

Because although they are palace master-level figures in the Four Domains.

But now the five demon generals who have descended are of the same level as them.

And there are thousands of magic masters surrounding them.

It has to be said that they have suddenly entered a very dangerous situation.

Because the people on Ye Feng's side, including Ye Feng, the genius of the Heavenly Tribulation Realm, only have five Dao-Slaying Realm-level combat capabilities. ??

Moreover, the cultivation of the five demon generals is higher than others, and they are the core members of the Underworld Demon Sect. They are inherited from the ancient Underworld Demon Sect tens of thousands of years ago. They must be very powerful. They have many methods and are not ordinary. generation.

At this moment, five demon generals from the Underworld Demon Cult were standing high in the sky, looking at the group of people who broke into the oasis from five directions, and said loudly: "You guys deserve to die, I didn't expect that you could actually track them." In the area where our Huangquan Demon Cult currently lives, I have to say that you have some means, but you are too courageous to come here directly to look for us. None of you should leave today, and the news here must not be revealed! "

At this moment, after the five demon generals finished speaking, they immediately burst out with terrifying attacks, killing the few people in the middle.

"kill!"

At this time, Long Xiaoyun of Dragon God College suddenly had a long sword emitting strong divine light in his hand, and said loudly: "There is no other way now, we can only fight with these masters of the Underworld Demon Sect. , we must use all our strength to fight out. As long as one of us can escape, we can pass on the news here! "

At this moment, everyone nodded, and then they broke out their own terrifying attacks.

Now they have no recourse.

The only way is to use as much strength as possible to fight out of this group of siege.

As long as you can break out of the siege, you have a chance to escape.

Boom!

Boom! !

Almost at this moment, all the powerful men burst out their strongest power.

You know, Ye Feng and his group are all upper-level super masters at the level of palace masters in the Four Domains, so their full burst of power at this time is still very terrifying.

Yuan Tiangang

At this time, his whole body was filled with endless elemental light, and he looked like an ancient mage.

Every time he waves the scepter in his hand, he can instantly release a frenzy of elements, filled with the burning power of flames, the freezing power of ice, the destructive power of thunder, etc.

It has to be said that under the crisis of life and death, Yuan Tiangang is at his strongest at this time.

And Jian Tianya from the Divine Sword Villa holds a long cyan sword in his hand. Every attack he makes can erupt with a monstrous sword light, which seems to be able to tear everything apart.

At this time, Long Xiaoyun jumped up and transformed into a long golden dragon, full of a powerful sense of power.

Zeng Rou and Ye Feng stood closely together at this time, constantly releasing pieces of natural light, blessing Ye Feng beside her.

Zeng Rou's attack power is not strong. What this master of the Temple of Nature has learned and practiced is more about the ability to assist others in fighting.

For example, the natural holy light now blessed by Chen Rou for Ye Feng can keep Ye Feng's various combat states at a peak state and will not be exhausted at all.

At this moment, Ye Feng suddenly unleashed all his attacks with all his strength.

Because there is no point in holding back at this time.

Only by using all your trump cards and attacks can you have a chance to break out of the siege.

boom!

At this moment, Ye Feng held the Spear of Hell in his left hand and went towards the assassins around him crazily. Each assassination could take away the lives of more than a dozen ordinary masters of the Underworld Demon Cult.

On his right hand, he wore the Supreme Lord's Ring, and every attack could release a terrifying wave of ancient demonic energy, which would knock back the giant spirit demon general who was dealing with Ye Feng at this time.

Moreover, Ye Feng was distracted and released the Ice Sword Diagram around him, condensing the Ice Domain of Ten Thousand Swords. As his most powerful guardian, he could both defend and attack.

At this moment, looking at the powerful power released by Ye Feng, several other people had astonishment in their eyes.

Because no one thought that Ye Feng, a young man, could be so terrifying when he exploded with all his strength.

And what shocked everyone the most was that Ye Feng was able to release three different attack methods in an instant.

How much mental strength is needed to support this?

It can be said to be extremely stunning and stunning!
