

## Ancient 2491

Chapter 2491 The Giant Demon General has fallen

Boom!

Boom!

At this moment, the entire oasis suddenly fell into an endless chaotic battle.

"Crash..."

The terrifying fighting spirit and destructive power spread towards the surroundings, shattering every inch of the entire oasis that was about to be destroyed.

The scene was very scary, as if the end was coming.

Because those fighting at this time were ten powerful beings at the level of Dao Slayer.

Once such terrifying superpowers fight, and ten superpowers fight together at one time, one can imagine how terrifying the destructive power will be.

Originally, the five demon general-level figures from the Underworld Demon Sect felt that if the five of them joined forces, they would definitely be able to kill all the powerful men from the major overlord forces in the four regions who broke into the oasis.

But I didn't expect Ye Feng to burst out with such powerful power.

While everyone else was still fighting, Ye Feng's sudden burst of terrifying power actually bombarded the giant demon generals and defeated them step by step.

I can't resist it at all!

Moreover, the thousands of master members trained by the Underworld Demon Sect around them were all killed one by one by Ye Feng, without any blocking power at all.

"What?!"

At this moment, all the demon generals were shocked.

They never thought that Ye Feng, a human boy who was only at the sixth level of the Heavenly Tribulation Realm, would possess such terrifying strength.

Even Yuan Tiangang, Jian Tianya and other powerful figures of the older generation are unable to compete with the rising star Ye Feng.

"So powerful! So awesome!"

At this moment, Yuan Tiangang, the Pharaoh of the Fa Shen Sect, immediately laughed out loud and said with a smile to a group of demon generals from the Huangquan Demon Sect not far away: "Originally, you might be able to kill us all. They were surrounded and killed, but Brother Ye Feng is so powerful now. It seems that it is not us who died here today, but you, the abominable people of the Huangquan Demon Sect! Hahaha!"

At this moment, even Yuan Tiangang couldn't help but call Ye Feng his brother.

This shows that the powerful and terrifying power Ye Feng displayed at this moment completely impressed Yuan Tiangang.

At this moment, Ye Feng burst out with terrifying combat power, and of course Zeng Rou's assistance was indispensable.

Boom! !

At this time, the giant spirit demon will be blasted back step by step.

His eyes were full of deep shock and anger, and he couldn't help but said: "This is impossible! You, a human boy, are only at the sixth level of the Heavenly Tribulation Realm, while I am at the tenth

level of the Dao Slaying Realm. Heaven's powerful existence, how can I not resist your power, even if you have help, this is impossible! "

At this moment, the giant spirit demon will be responsible for dealing with Ye Feng.

He originally thought that he would soon be able to instantly kill Ye Feng, the boy with the weakest cultivation level in the sixth level of Heavenly Tribulation Realm among all the people, and then go to help other demon generals.

But what the Giant Spirit Demon General never expected was that Ye Feng, the seemingly weakest human boy, turned out to be the most powerful being among this group of people.

Even the giant spirits and demon generals were unable to compete with the sudden burst of combat power.

"Djinn Battle Ax!!"

At this moment, the giant demon felt deeply aggrieved. He instantly activated all his blood energy, and his whole body suddenly expanded into a giant spirit giant that was several kilometers tall.

He held the battle ax in his hand and struck Ye Feng fiercely.

This is the most terrifying attack of the giant spirit demon general, full of unparalleled killing power.

It's enough to smash mountains and cut off rivers!

At this moment, Ye Feng immediately showed a deep cold look in his eyes, and said with a sneer: "Since you have tried your best, it means that you are almost at the end of your strength, so I will deal with you first, and then go to help." other people."

At this moment, after Ye Feng finished speaking, he immediately burst out the ancient divine ring crazily.

Rumble, rumble...

Immediately, a halo of divine halo shining brightly appeared around Ye Feng.

Buzz!

At this moment, Ye Feng's combat power surged linearly!

Then Ye Feng instantly grasped the Hell Spear in his hand, violently unleashed the power of the Ancient Demon Lord in it, and instantly stabbed forward fiercely.

Boom! !

At this moment, the Hell Spear in Ye Feng's hand suddenly burst out with a mighty attack. The terrifying demon shadows gathered around the Hell Spear, roaring and roaring, forming a terrifying scene of hell. Ye Feng's power at this moment was simply terrifying to the extreme.

"boom!!"

The Spear of Hell burst out with the power of the ancient hell interface, and instantly pierced the battle ax in the giant spirit demon general's hand, directly shattering the ax in his hand, turning into countless fragments, and fell from the sky. .

"What?"

The giant spirit demon general suddenly showed deep horror in his eyes.

He never thought that his extremely powerful soldier would be instantly shattered by the Hell Spear in Ye Feng's hand.

You must know that the ax in his hand is an extremely powerful demon weapon inherited tens of thousands of years ago.

But now it was instantly shattered by the seemingly ordinary war spear in Ye Feng's hand.

This is incredible!

At this time, the giant spirit demon couldn't help but exclaimed: "Human boy, what kind of existence is this war spear in your hand? When you attacked just now, there was even an endless hell. The power of the supreme interface, you are a human being, why can you use such a terrifying demon weapon?"

But Ye Feng didn't have time to explain anything to this giant demon at this time.

Because it's simply not necessary.

Ye Feng suddenly launched another terrifying attack. Holding the Hell Spear in his hand, he instantly struck in front of the giant demon general.

"Pfft!"

br

In the horrified gaze of the giant spirit demon general, the extremely cold spear of hell in Ye Feng's hand suddenly pierced the giant spirit demon general's head, killing the giant spirit demon general on the spot in an instant.

Giant Demon General, die!

"What?!"

Many super strong men were fighting in the surrounding battlefield, but at this moment, when they saw that the battle at Ye Feng was over, everyone couldn't help but have deep horror in their eyes.

Whether it is the masters of the overlord force on Ye Feng's side or the demon generals on the Huangquan Demon Cult's side, their expressions are all shocked at this moment.

Because they never thought that there might be a very fierce battle, but they didn't expect that Ye Feng would burst out with such powerful combat power and directly crush the giant spirit demon general.

The giant spirits and demon generals were killed in a short period of time!

"The giant spirit demon general has fallen!"

At this moment, the other demon generals had expressions of disbelief on their faces.

It seems that I can't believe that a powerful and speechless demon general has fallen like this.

And he still died in the hands of a boy who was not above the sixth level of the Heavenly Tribulation Realm.

How can this be?

At this moment, Yuan Tiangang suddenly burst out with a terrifying elemental attack.

"Elemental Realm!"

At this moment, Yuan Tiangang held the scepter in his hand and instantly released a huge elemental barrier, enveloping the entire oasis, making it impossible for anyone to escape.

Yuan Tiangang laughed loudly: "Brother Ye Feng, I didn't expect you to be so powerful. This is great! Today we don't have to escape at all. We will work together to kill all the demon generals left behind by the Huangquan Demon Cult." Kill them all! Get rid of these evil evils!"

At this moment, Yuan Tiangang and others were shocked to see how powerful Ye Feng was. At the same time, the initial panic and nervousness in everyone's hearts also disappeared. At this time, everyone became extremely confident and prepared to fight. Counterattack and kill this group of masters from the Underworld Demon Sect!

Chapter 2492 Backbone

It has to be said that the fall of the giant demon general dealt a heavy blow to a group of masters from the Underworld Demon Sect present.

Because the giant spirit demon general is a relatively powerful existence among the five demon generals.

But it still didn't stop Ye Feng's extremely powerful power.

The spear of hell in Ye Feng's hand instantly pierced his head and killed him instantly.

At this time, the situation on the court suddenly became extremely tense.

Because the four remaining demon generals of the Underworld Demon Sect feel a deep sense of crisis in their hearts at this moment.

Originally, they thought that this time they would definitely be able to ambush and kill all the super masters from the four domains.

But what I didn't expect was that among the super masters I met this time, this kid who was only at the sixth level of the Heavenly Tribulation Realm could actually burst out with such terrifying power. ??

It is simply more powerful than a strong man at the level of Dao Slayer!

It was beyond everyone's expectation.

At this time, the four demon generals looked at each other, nodded, and said loudly: "Now we can only deal with them through the fusion technique!"

boom! !

At this moment, the four great demon generals burst out a very magical inheritance in an instant.

At this moment, the four of them, the powerful demons, all merged together at this moment, and then instantly became a majestic giant-like existence, full of extremely terrifying power.

Boom! !

The fusion giant casually swung a punch, shattering the scepter in Yuan Tiangang's hand in an instant.

"puff!"

Yuan Tiangang didn't even react. He spurted out a mouthful of blood and was immediately knocked away, hitting the ground in the distance instantly.

He was directly seriously injured!

When everyone saw this scene, their eyes suddenly showed deep horror.

Unexpectedly, the four major demon generals of the Underworld Demon Cult actually possessed such a powerful fusion technique, and directly merged into a giant-like existence, full of terrifying power.

This is simply equivalent to the superposition of four Dao-killing realm superpowers, and the destructive power that bursts out is naturally very amazing and terrifying.

"Quickly retreat!"

"Avoid the edge for now!"

Swish, swish, swish!

At this moment, everyone was retreating towards the rear.

Even Long Xiaoyun, who had transformed into the golden dragon state, did not dare to compete with this fusion giant relying on the body of the golden dragon at this time.

Because even a powerful being like Yuan Tiangang was punched away by this fusion giant in an instant and was directly seriously injured.

It is simply not something that a single Dao-killing realm expert can resist.

At this moment, Old Man Tianji flew to Yuan Tiangang's side and helped Yuan Tiangang up.

Yuan Tiangang's face turned a little pale at this time, and he said aloud: "Damn it! I didn't expect that the inheritance of this group of Huangquan Demon Cult masters was so miraculous, that it directly caused four super strong men to merge together and become a very terrifying existence. , the fusion giant formed by the combination of four demon generals, the power that exploded at that moment may have surpassed the Dao Slaying Realm, and is simply comparable to the super masters of the Enlightenment Realm above the Dao Slaying Realm!"

Hearing what Yuan Tiangang said, several people present couldn't help but have a hint of horror in their eyes.

Because the strength unleashed by this fusion giant is simply too powerful.

Together, they are unable to withstand the power of this fused giant.

Boom!

Boom!

At this moment, this fusion giant possesses the combined power of four demon generals, and every attack is full of terrifying destructive power.

All the masters were repulsed, and everyone resisted in great embarrassment. They all retreated and stood together, with gloomy looks in their eyes.

Because they simply can't resist this fusion giant now.

At this moment, several people focused their attention on Ye Feng.

Because of the powerful combat power Ye Feng has shown now, everyone is convinced.

They all felt that Ye Feng was the most powerful being among them.

So at this time, everyone looked at Ye Feng and asked: "Ye Feng, what should we do now?"

Obviously, at this time, everyone is relying on Ye Feng.

body.

Because they feel that Ye Feng is now the backbone of everyone.

I'm afraid only Ye Feng can create miracles.

At this moment, Ye Feng's whole body was exuding a faint light. He looked at the fusion giant not far away and said: "There are two ways now. The first way is for us to escape from here quickly. Let's escape now." It should be easy, but it would be a bit unwilling to escape. After all, we now have the opportunity to kill all the masters of this group of Underworld Demon Generals, so the second way is for you all to obey my command now. If you cooperate and help me unleash the strongest power, I might be able to finally kill this fusion giant."

At this moment, I heard that Ye Feng actually had the means to finally kill this fusion giant.

Several people present couldn't help but have happy expressions on their faces.

At this moment, everyone's faces were full of eagerness to try, and they said aloud: "Okay, we won't escape. I think it would be a shame to escape now. Now we will fully cooperate with you, Ye Feng, to deal with this fusion." The giant is beheaded!" .??.??

Hearing this, Ye Feng immediately nodded, and then began to give instructions: "Zeng Rou, you will continue to use your natural holy light and continue to bless me with various powers, so that I will always be at the peak of combat. state of power."

Zeng Rou nodded, her beautiful eyes bright, and said loudly: "Ye Feng, don't worry, I will definitely bless you with the power of nature at all times."

Ye Feng nodded, then looked at Yuan Tiangang beside him, and said loudly: "Yuan Tiangang, don't get close to the fusion giant next. Just stay in the distance and use your spells to release various elemental attributes. Attacks, especially the earth or ice attributes released by Duoduo, can be used to restrain the fusion giant's mobility."

Yuan Tiangang immediately said: "Okay, I will definitely do my best!"

Ye Feng once again looked at Jian Tianya in Shenjian Villa and said: "Senior Jian, your sword skills are very powerful and your attack power is huge. You are right by my side and will cooperate with me at any time to deal damage to this fusion giant. Various injuries, although the defense of you swordsman masters is very low, but you are by my side, I will use my powerful body to protect you, so you don't have to worry about safety issues, all you have to do is to enjoy it release your fear

Just use the terrifying edge of the sword to cause huge damage to the fusion giant as much as possible! "

When Jian Tianya heard what Ye Feng said, he immediately nodded.

Uh-huh!

The old man in green shirt held the long sword in his hand, and suddenly rushed to Ye Feng's side, following Ye Feng closely to become the sharpest "sword" in Ye Feng's hand.

At this time, Ye Feng continued to look at Long Xiaoyun from Dragon God College and said loudly: "Long Xiaoyun, you have the blood of a golden dragon and can transform into the form of a giant dragon. Then you will continue to transform into a dragon. The form of the golden dragon will specifically collide with the fusion giant in the surrounding area where we will fight, causing the fusion giant's steps to become chaotic. Your mission is similar to Yuan Tiangang's, which is to disrupt the fusion giant's various bodies as much as possible. Methods and moves."

Long Xiaoyun nodded immediately, with a smile in his beautiful eyes, staring at Ye Feng, and said loudly: "Okay, I will definitely follow your instructions!"

Finally, Ye Feng looked at the last person, Old Man Tianji, and said aloud: "Senior Old Man Tianji, the thousands of ordinary masters of the Underworld Demon Sect around you are left to you. Don't let them disturb our small group to deal with the fusion giant. , we cannot be disturbed in the slightest, otherwise we may lose the opportunity to kill the fusion giant."

Old Man Tianji nodded, and immediately took out battle puppets one by one from his storage ring. They were all made of steel and looked extremely cold.

He smiled and said aloud: "Don't worry, there will definitely not be any ordinary members of the Underworld Demon Cult approaching you later!"

Boom!

While everyone was discussing, the fusion giant formed by the fusion of the four demon generals not far away immediately burst out with terrifying and boundless demonic energy, breaking through the shackles of the elemental realm released by Yuan Tiangang before, and instantly moved toward everyone. The impact came from the direction.

"boom!!"

At this moment, Ye Feng immediately burst out with a terrifying momentum, directly activated the Dzogchen cultivation state, and shouted loudly: "Then let's fight as I said before! Strive to win the victory here today. Catch all the masters of the Underworld Demon Sect in one fell swoop!"

"good!"

Everyone around them shouted loudly, and then instantly began to burst out with their own powerful power.

Chapter 2493 Chasing the Four Demon Generals

Boom!

Boom!

Almost at this moment, everyone unleashed their most powerful strength and attack.

"Frozen for thousands of miles!"

"Hand of the Earth!"

At this moment, Yuan Tiangang followed Ye Feng's instructions and immediately released extremely powerful elemental spells with different attributes.

What he released at this time were ice-attributed spells and earth-attributed spells.

"boom!!"

Almost at this moment, a frenzy of ice suddenly broke out on Yuan Tiangang.

The entire land of thousands of miles was directly frozen!

The sight is appalling!

"Click, click..."

The fusion giant rushed over not far away, and its entire body was immediately frozen in ice.

Although this ice cannot completely freeze the fusion giant, it can affect the fusion giant's mobility and make the fusion giant's movements begin to slow down.

And at this moment, Yuan Tiangang released the earth attribute spell, the Hand of the Earth, and instantly condensed large hands made of soil on the ground where the fusion giant stepped.

In an instant, he grabbed the fusion giant's legs, preventing the fusion giant from moving forward.

At this moment, Ye Feng and Jian Tianya also took action.

They instantly unleashed their most powerful attack power.

Because there is only one chance.

"The sword breaks the sky!"

boom! !

At this moment, Jian Tianya's whole body and the long sword in his hand actually merged into one, and suddenly turned into a sword light full of extremely terrifying impact, which instantly hit the fusion giant fiercely.

At this time, Ye Feng directly released the power of his most powerful chaotic body and punched hard.

This fist was fused with brute force gems, full of terrifying impact, and instantly hit the fusion giant's head hard.

"Rumble..."

At this moment, the fusion giant wanted to stretch out his hand to resist the terrifying attacks of the two men.

But the golden dragon transformed by Long Xiaoyun suddenly collided with the arms of the fusion giant.

She directly knocked the fusion giant's arms aside, making it impossible for the fusion giant to wave its arms to resist.

Therefore, Ye Feng and Jian Tianya's attacks were all dumped on the fusion giant.

Poof!

Jian Tianya's sword stabbed directly into the heart of the fusion giant. In an instant, it pierced the heart of the fusion giant and broke it directly.

Ye Feng's fist hit the fusion giant's head hard.

Snap!

Most of the fusion giant's head exploded and was shattered by Ye Feng's fist.

"good!!"

Seeing this scene, Yuan Tiangang, who was not far away, couldn't help laughing, with deep excitement in his tone.

Because their attack worked this time.

In an instant, the fusion giant was seriously injured!

"hateful!!"

At this time, the fusion giant suddenly made an extremely angry sound.

However, although the voice was angry, it also had an impatient tone.

Obviously, they did not expect that Ye Feng and others would join forces and cooperate, and they would be able to explode such a powerful group force.

At this moment, Ye Feng and Jian Tianya continued to attack, while the fusion giant roared at this time: "Demon God Realm!"

This is a terrifying and boundless domain power.

All of a sudden, they all appeared around the fusion giant.

The space around the fusion giant suddenly turned into a hell-like scene.

"Roar!!"

"Roar!!"

Shadows of demon gods appeared around the fusion giant, roaring and roaring in the void, bursting out with terrifying power, and instantly bound Ye Feng and Jian Tianya who were rushing over to this demon realm. among.

At this moment, whether it was Ye Feng or Jian Tianya, a demonic shadow appeared in front of them, and they were frantically carrying out terrifying attacks on them.

Every demon phantom possesses and

Their strength at the same level can be described as terrifying to the extreme.

At this moment, Ye Feng didn't hesitate at all, and instantly released his extremely powerful killing move, the dark hell life and death disaster.

"Crash!"

Almost at this moment, Ye Feng's whole body suddenly erupted with symbols of life and death from the dark hell.

Each of these symbols of the mystery of life and death was filled with incredible power. In an instant, they rushed towards the surrounding demon phantoms. All the demon phantoms were destroyed at this moment.

"What? How is this possible?"

At this moment, the fusion giant not far away saw this scene, and his eyes suddenly showed an incredible look.

He couldn't help but look at Ye Feng, a young human boy, and said angrily: "You are just an ordinary human boy, how could you have a powerful inheritance from the dark hell? This seems to be a kind of dark hell. The ancient symbols in it can break all the power of dark attributes. Where did you learn this inheritance? "

At this moment, even this fusion giant had a look of deep horror in his eyes.

Because he never expected that Ye Feng actually possessed the inheritance of dark attribute energy, and was so supreme that he burst out such terrifying dark power.

At this moment, the fusion giant stared at the rune symbols of the dark hell life and death surrounding Ye Feng, and could not help but show deep fear in his eyes.

At this time, Ye Feng showed a hint of sneer in his eyes and said loudly: "There is no need to explain so much to you now, because you are going to die soon!"

Almost at the moment Ye Feng finished speaking, he instantly burst out with the power of the Supreme Lord of the Rings.

Boom! !

His whole fist suddenly blasted out a terrifying wave of darkness, which instantly hit the fusion giant hard.

Wow...

Accompanied by extremely terrifying roars, the entire body of this fusion giant was instantly disintegrated and shattered by the punch from Ye Feng's Supreme Ring.

"ah!!"

Accompanied by an earth-shattering

With a scream, the fusion giant was immediately torn apart by Ye Feng's terrifying dark punch, and was directly broken from the fusion state.

Snap!

Snap!

...

The four demon generals that had been combined to form this fusion giant, the poisonous scorpion demon general, the black snake demon general, the red lotus demon general and the armored demon general, all fell from the sky one after another.

At this moment, they all hit the ground hard from high altitude and fell to pieces.

At this moment, the eyes of the four great demon generals were filled with deep horror.

They all had expressions of disbelief on their faces, and they couldn't help but say aloud: "How can this human boy who is only in the Heavenly Tribulation Realm have such a powerful power, and the inheritance of dark attributes in him is even more advanced than ours? , It's really terrifying to still be able to control our power faintly!"

At this moment, the four demon generals all looked panicked and fled towards the distance.

They no longer dare to confront Ye Feng and others at this time.

But at this time, it was naturally impossible for Ye Feng to let all four demon generals escape.

Because whether it is to eliminate the scourge of these underworld demon sect, or to swallow the huge power contained in the bodies of these powerful demons.

Ye Feng naturally couldn't let them leave so easily at this time.

boom!

Almost at this moment, Ye Feng suddenly burst out with terrifying power and rushed directly in the direction where the four demon generals escaped.

The group of masters behind them were almost exhausted at this time.

After all, a lot of energy had been consumed in the group cooperation battle just now.

At this moment, Zeng Rou couldn't help but said to the distance: "Ye Feng, don't chase them. There may be greater dangers in the direction where these four demon generals are escaping. We are all out of strength now."

At this time, Ye Feng looked at the group of masters behind him and said loudly: "You should repair in place first and restore your cultivation. I will come when I go, don't worry about me."

After saying that, Ye Feng disappeared into the dark swamp not far away, frantically chasing down the four demon generals.

Chapter 2494 The most powerful weapon

At this moment, a group of super masters on the spot couldn't help but look at each other, with wry smiles on their faces.

They had to admit that Ye Feng, this young man, was really ferocious to the extreme.

More powerful than them all.

Yuan Tiangang, the Pharaoh from the Fashen Sect, couldn't help but exclaimed in amazement at this time: "Originally, I thought Brother Ye Feng was just a young man who didn't know the heights of the sky, but I didn't expect that he would have such a powerful power. , I'm afraid his true combat power and methods have far surpassed those of us seniors."

Jian Tianya couldn't help but say at this time: "When Ye Feng and I were fighting together just now, I could feel the power in Ye Feng's body. It was as vast as the ocean, so after the fierce battle just now, Although we have used up all our skills, for Ye Feng, he probably has just used up a little bit of power, so he still has some energy left to chase down the four demon generals, so let him go."

Zeng Rou's eyes were a little worried at this time, but there was nothing she could do because Ye Feng's trace had disappeared into the distance.

So at this time, everyone could only stay where they were, take a good rest, and wait for Ye Feng's return.

At this time, Old Man Tianji said aloud: "Let's pass on all the news about what happened here through the communication talisman first, and let the upper levels of the sects behind us send some

super strong men to seal off the entire dark swamp, facing We must prepare early for the resurrection of the Underworld Demon Cult."

At this time, Long Xiaoyun changed from the golden dragon state to the human form. He came in front of everyone and said: "I have just sent the message. Maybe super masters will continue to come here soon. We must send them This dark swamp will be sealed off, and then we will search it inch by inch, and we must arrest and suppress or kill all the core members of the Huangquan Demon Sect's revival."

At this time, everyone nodded one after another, with solemn expressions in their eyes.

Because the matter of the Underworld Demon Cult is too serious and must be treated seriously.

And just when everyone was

When discussing how to deal with it next.

Swish, swish, swish...

Ye Feng was alone at this time and had already chased the four demon generals to the depths of the dark swamp.

Soon Ye Feng saw the four demon generals and finally fled into a very desolate land.

Here, there is not even a dark swamp anymore, and it seems that we have reached the end of the dark swamp.

The entire land here is very barren, with no life at all.

There seemed to be a stretch of mountains in the distance, which looked very majestic, exuding a dark aura and full of depression.

At this moment, the direction in which the four demon generals were fleeing was the continuous black mountains.

When Ye Feng saw this scene, his eyes immediately moved.

It seems that there are other members of the Underworld Demon Sect hidden in this continuous mountain.

Perhaps this mountain at the end of the dark swamp is the lair established by the resurgent Underworld Demon Sect.

Ye Feng naturally would not let these four demon generals escape into the mountains.

Because if there are really other strong men from the Underworld Demon Sect in the mountains, then Ye Feng will definitely not be able to fight against them alone.

So at this time, Ye Feng immediately activated the space gem and opened up a space wormhole.

Uh-huh!

In an instant, he traveled through a long distance, and suddenly arrived in front of where the four demon generals were escaping, blocking their way.

"What?!"

Seeing Ye Feng suddenly appearing in front, the four demon generals all had deep surprises in their eyes.

They didn't have any

I never thought Ye Feng could be so fast.

At this time, the Black Snake Demon General among the four demon generals suddenly looked at the space wormhole high in the sky. He couldn't help being horrified and said: "It turned out to be the legendary space wormhole! Human boy, what's happening to you?" Is it possible to create this kind of space wormhole by raising ancient divine insects?"

boom! !

Ye Feng didn't say anything. In an instant, he held the Hell Spear in his hand and charged towards all four demon generals.

Today's four great demon generals have consumed all their strength in the battle just now, and also suffered huge losses. There is no fighting power left at all.

So at this time, even Ye Feng dared to face the four demon generals directly.

"That damn boy dared to chase him alone. Then the four of us will join forces to kill him. I don't believe that the four of us super masters can't deal with a hateful human boy together."

At this moment, the poisonous scorpion demon general roared loudly.

All of a sudden, he joined forces with several other demon generals and charged towards Ye Feng.

They all used up all their remaining strength at this moment and unleashed their strongest attacks, hoping to kill Ye Feng instantly.

"Poisonous Scorpion Sting!"

"Black Snake Underwater River!"

"Red Lotus Explosive Flame Formation!"

"Dark Armor Guard!"

Boom!

Boom!

At this moment, the Poisonous Scorpion Demon General, the Black Snake Demon General and the Red Lotus Demon General all released powerful attacks.

The armored demon general instantly formed a huge black armor in front of the four people as a guard.

Their coordinated attack was perfect to the extreme. Not only was their lethality terrifying, but their defense was also extremely high.

But at this time, Ye Feng

Hou just sneered and said: "If you four demon generals are all in peak condition, maybe I won't be able to compete with you at all, but now you are all at the end of your strength, and I want you to die without a burial place!"

Boom! !

Almost at the moment Ye Feng finished speaking, Ye Feng suddenly burst out with the terrifying power of the Supreme Lord of the Rings.

He directly punched it out with a fierce fist!

At this moment, the Supreme Lord of the Rings on Ye Feng's finger suddenly erupted into a frenzy of dark demonic energy. In an instant, all the attacks launched by several demon generals were shattered. Come on.

Then the armor defense released by the Armor Demon General was destroyed by Ye Feng in an instant.

"Crash!"

Then the frenzy of demonic energy released by the Supreme Lord of the Rings in Ye Feng's hand directly sent all four demon generals flying backwards at the moment of impact, and fell hard to the ground.

This time all four of them were killed instantly.

The four great demon generals are dead!

It has to be said that the Supreme Lord of the Rings can be said to be the most powerful weapon in Ye Feng's body now.

Even the Spear of Hell cannot match the power of the Supreme Ring.

Now, the Supreme Lord of the Rings has been deciphered by Emperor Chu using the Soul Gem to unlock its secrets.

Therefore, Ye Feng's use of the Supreme Lord Ring will no longer damage his own origin.

There won't be any negative effects.

It will only consume some of your own strength.

After all, the Supreme Lord of the Rings comes from the more advanced and grand world of origin outside the territory.

It is a treasure that cannot be forged in this cave world where the God Realm is located.

It can be said to be extremely powerful, unique, and very rare.

The Supreme Lord of the Rings can be used by Ye Feng for a long, long time without being eliminated.

Chapter 2495 The cultivation level skyrocketed

At this moment, after Ye Feng killed the four demon generals, he immediately started to walk to the bodies of the four demon generals.

boom!

Then Ye Feng released his Devouring Domain, and suddenly there was a huge Devouring Domain of Darkness, covering all four demon generals.

Boom!

Almost at this moment, huge streams of life energy were absorbed by Ye Feng.

Then it was all injected into Ye Feng's own body!

You must know that the cultivation levels of these four demon generals are all at the ninth level of the Dao Slaying Realm, or the tenth level of the Dao Slaying Realm.

The skills and life energy contained in the four demon generals are so majestic.

If it were an ordinary person, even if they had the ability to devour, they probably wouldn't be able to devour the skills of people in the demonic path of the Underworld Demon Cult.

Because the skills of people in the demonic path basically have dark attributes and a deep demonic aura.

Ordinary people simply cannot integrate this kind of demonic energy into their bodies.

Because the skills practiced by ordinary people in the righteous path are incompatible with the original attribute power of the skills practiced by people in the devil's path.

But Ye Feng is from the chaos system. His power of chaos can fuse the energy of any attribute in the world, and can integrate any attribute in the world into one.

It can be said that Ye Feng's whole person is like a huge melting pot, which can combine all kinds of methods into one furnace.

At this moment, Ye Feng continued to swallow the huge energy and skills of the four demon generals.

At this time, Ye Feng also took out the giant spirit demon general he had killed before from the storage ring and swallowed it at the same time.

When Ye Feng first killed the giant demon general, he subconsciously put the giant demon general's body into his storage ring.

At this moment, Ye Feng had devoured five of the most powerful demon generals from the Ninth Level of the Dao-Slaying Realm, and even the powerful Demon Generals of the Underworld Demon Cult with the tenth level of the Dao-Slaying Realm at once.

Boom! !

Suddenly, the terrifying and boundless life force and skill rushed into Ye Feng's body.

At this moment, Ye Feng suddenly felt that his skill was growing rapidly.

This kind of growth rate makes Ye Feng himself feel very frightened, because it is really too fast!

It has to be said that the skills contained in the bodies of these five demon generals are so majestic that they are like a vast ocean.

At this time, it was absorbed by Ye Feng and injected into Ye Feng's own body, which was rapidly strengthening his skills and cultivation base.

Almost at the next moment, Ye Feng's cultivation aura began to continuously break through.

Boom!

"Seventh Heavenly Tribulation Realm!"

Boom!

"Eighth Heavenly Tribulation Realm!"

Boom!

"Ninth level of Heavenly Tribulation Realm!"

At this moment, Ye Feng broke through the third level of heaven.

But his cultivation momentum is still growing.

There is no sign of stopping.

Because the power and energy gathered by the five demon generals have not been completely digested.

Next, Ye Feng's cultivation aura continued to make breakthroughs.

"Boom!"

The tenth level of the Heavenly Tribulation Realm!

"Boom!"

Cut off the Dao realm in half a step! !

Finally, at this time, Ye Feng's cultivation suddenly broke through to the half-step Dao Dao realm.

His cultivation momentum finally stopped and he stopped making breakthroughs.

Ye Feng opened his eyes at this moment.

His eyes were filled with boundless divine light, and he looked extraordinary.

At this moment, Ye Feng's cultivation level has simply expanded to an extremely advanced level.

He actually broke through directly from the sixth level of the Heavenly Tribulation Realm to the Half-Step Dao Dao Killing Realm!

The speed of this breakthrough is simply jaw-dropping.

It can be described as incredible.

It was absolutely terrifying.

If word spreads, I'm afraid the world will be shocked.

Because if they were normal warriors, even those of the older generation, they would have escaped from the Heavenly Tribulation back then.

To break through from the sixth level to the half-step Dao Dao realm, it is estimated that it will take nearly decades, or even hundreds of years, to practice in seclusion, or to swallow pills to break through.

But for Ye Feng, it only took a few minutes to break through from the sixth level of the Heavenly Tribulation Realm to the Half-Step Dao Dao Realm.

And this is pure skill devouring and fusion, without any consequences.

The foundation of martial arts is extremely strong.

I have to say that the devouring ability that Ye Feng first awakened was so incredible and so practical.

So to this day, Ye Feng's power and devouring ability play the most important role.

Of course, the chaotic body that can accommodate any attribute power also has huge contributions.

Otherwise, Ye Feng would not have grown to this extent in just a few decades.

At this moment, Ye Feng directly used all the skills that the five demon generals had worked hard to cultivate for hundreds of years for his own use.

Ye Feng immediately looked at the corpses of the five demon generals in front of him.

He saw that the corpses of the five demon generals had turned into mummies.

Completely lost all vitality.

Ye Feng waved his hand casually, and suddenly a strong wind rushed out from his palm. In an instant, all the bodies of the five demon generals were blown away, turned into ashes, and completely disappeared. in this world.

At this moment, Ye Feng looked towards the ground, and he felt that it was a pity that these five demon generals did not have storage rings, storage bracelets or other storage space magic weapons.

Obviously, these five demon generals have probably just emerged from their ancient slumber, so they do not have storage rings and have been developing their own members of the Underworld Demon Cult.

At this moment, Ye Feng was ready to leave.

But suddenly at this moment, Emperor Chu said in his mind: "Ye Feng, wait a moment. I seem to sense a very powerful energy wave in the mountains not far away. You can go and take a look. There It is estimated to be the headquarters of the Underworld Demon Sect."

When Ye Feng heard what Emperor Chu said in his mind, his eyes suddenly showed a trace of surprise, and he couldn't help but said: "Emperor Chu,

But in that stretch of mountains, if it is really the base camp of the Underworld Demon Sect, it will definitely be very dangerous. If I go there now, I may be in danger of death. The base camp of the

ancient demon sect like the Underworld Demon Sect is probably not what I am now. The strength can be spied on. "

Ye Feng has benefited greatly from the five demon generals this time, and his cultivation has skyrocketed.

So he doesn't want to continue taking risks at this time.

Because his mission here has been completely completed.

Not only did he kill the five demon generals.

And he also found the headquarters of the ancient demon general, the Huangquan Demon Cult.

When the time comes, report it to the upper echelons of the sect so that the upper echelons of the sect can come up with countermeasures to seal off this place and deal with the Underworld Demon Sect.

Because you must know that the Huangquan Demon Cult not only has powerful demon generals, but also even more terrifying demon commander-level superpowers.

Although Ye Feng's cultivation level has skyrocketed now and he has entered the half-step Dao-killing realm, he is no longer afraid of existences at the Demon General level.

But if there really is a powerful person from the Underworld Demon Cult who is at the Demon Commander level, then Ye Feng probably won't be able to fight against him.

Although Ye Feng's cultivation level has skyrocketed and his self-confidence has been greatly improved, he still has some self-awareness.

Ye Feng knew that he was still unable to fight against a super powerful person who controlled the overlord power like the Lord of Immortal Palace.

The Demon Commander of the Underworld Demon Cult is a super strong man who can rival the Lord of Immortal Palace!

But at this time, Emperor Chu said aloud: "But I felt a very strong energy fluctuation. That energy fluctuation was not an ordinary weapon fluctuation, but a very strong life energy fluctuation. It should be, Some kind of strange existence contains immense life energy. If you can get it, Ye Feng, maybe this life energy can completely transform you and step into the true Dao-killing realm!"

"Step into the true Dao-killing realm?"

Hearing what Emperor Chu said, Ye Feng's steps to leave suddenly stopped.

His eyes suddenly lit up, he turned around and rushed towards the rolling mountains not far away, saying loudly: "Emperor Chu, please don't cheat me."

Chapter 2496 Demon Cult Base Camp

Uh-huh! Uh-huh! Uh-huh!

At this moment, Ye Feng was flying towards the continuous black mountains not far away.

This stretch of black mountains, at the very end of this dark swamp, must be very special.

Ye Feng had previously speculated that the base camp of the Underworld Demon Sect after its resurgence might be hidden in this black mountain.

In addition, Emperor Chu had just sensed a very strong fluctuation of life energy somewhere in the black mountains.

So Ye Feng has now basically determined that the base camp of the Underworld Demon Cult must exist in this black mountain!

Uh-huh!

At this moment, Ye Feng walked towards this black mountain.

On the way, he tried his best to hide the fluctuations in his life and cultivation aura. ??

Because Ye Feng knew very well that it was very likely that there were super strong men from the Underworld Demon Cult who were at the Demon Commander level, existing in that black mountain.

Therefore, Ye Feng must hide himself.

If one's own aura is exposed midway, it will be very troublesome.

Ye Feng's only purpose of going to the base camp of Huangquan Demon Sect this time was to find the very strong fluctuations of life energy that Emperor Chu sensed.

If he could get this thing full of life energy fluctuations, Ye Feng might be able to completely transform after swallowing it and directly break through to the true Dao-killing realm.

Instead of being stuck at the half-step to Dao Dao realm like now.

At this moment, halfway on the way, Emperor Chu said: "Next, I will also use the soul gem for Ye Feng. You should always be alert to everything in the surrounding environment. As long as you are careful, you should not be caught by the underworld demon sect's base camp." The powerful presence in "

When Ye Feng heard what Emperor Chu said, he immediately nodded.

Originally Ye Feng was not prepared to take risks.

After all, he has gained a lot this time.

But Ye Feng knows very well that his current cultivation level is in the half-step Dao Dao realm, which is a relatively difficult realm.

It is difficult to continue to break through.

For a person like Ye Feng, whose body is like a bottomless pit, if he wants to break through from the half-step Dao-killing realm to the real Dao-slaying realm, he doesn't know how much energy accumulation is required to completely transform.

But now Emperor Chu happened to sense something special that could completely transform Ye Feng.

Ye Feng naturally wants to get that thing as much as possible and break through to the true Dao-Slaying realm as soon as possible.

Whether it is to cope with the subsequent resurgence of the Underworld Demon Cult.

Or to go to the center of the God Realm to find my mother.

Ye Feng needs to quickly improve his strength.

Ye Feng would have been very satisfied with the cultivation level of Half-step Dao Realm before.

But this trip to the dark swamp, and now that he has encountered so many powerful beings, Ye Feng feels more and more that as long as he can break through to the true Dao Slaying realm, he will be considered a truly first-class powerhouse in the four realms.

If Ye Feng could break through to the Dao-Slaying Realm, even if he couldn't defeat a top figure like the Lord of Immortal Palace, he wouldn't have to be afraid of an existence like the Lord of Immortal Palace.

Ye Feng, who is now in the half-step Dao Dao realm, knows very well that if he encounters a powerful enemy like the Lord of the Immortal Palace, he will probably be killed directly.

But if he breaks through to the real Dao-Slaying Realm, even if it is only the first level of the Dao-Slaying Realm, Ye Feng can release the Dzogchen Future Body at the critical moment, and instantly upgrade his cultivation to the Dzogchen Realm of the tenth level of the Dao-Slaying Realm.

In this case, even a super-top big shot like the Lord of Immortal Palace can fight a battle himself.

So it was precisely because of this strong idea that Ye Feng

Only then would he venture to that black mountainous area, wanting to lurk into the base camp of the Underworld Demon Cult, looking for the source of the life energy fluctuations that Emperor Chu sensed, and see what kind of special existence it was across the distance. Such a long distance allowed Emperor Chu to sense extremely strong fluctuations in life energy.

Although I don't know what it is exactly.

But Ye Feng knew that it must be a good thing.

Swish, swish, swish...

At this moment, Ye Feng was very fast and left the dark swamp area in the blink of an eye and came to the end of the dark swamp.

At this moment, Ye Feng activated his Chaos Body and suddenly changed his energy from the pure energy of the righteous way to a dark demonic energy.

Buzz!

Ye Feng's whole person instantly became full of demonic aura, and he directly blended into the surrounding dark mountain environment.

At this moment, even if Ye Feng meets the person who is most familiar with him, he may think that Ye Feng is a man of the devil.

With this layer of disguise, Ye Feng felt that his safety would be greatly improved.

And it is very difficult to be discovered by other super strong people.

At this moment, Ye Feng walked directly into the black mountains in front of him.

Buzz!

He immediately felt the intense demonic energy contained in every inch of the surrounding land.

It seems that these demonic energies are nourishing the entire surrounding world all the time, and seem to be transforming the entire world.

At this time, Emperor Chu also sensed this strong demonic energy in his mind, and couldn't help but said in surprise: "Every inch of land in this area contains such strong demonic energy, it is estimated that the entire black mountain They are all shrouded in a huge magic array. This magic array is changing the world, changing the entire world into a world suitable for life in the Huangquan Demon Sect.

storage area. "

When Ye Feng heard what Emperor Chu said, he immediately nodded and said: "This base camp of the Underworld Demon Cult is probably undergoing constant transformation. It wants to demonize the righteous warriors one by one and cultivate the demonic members of the Underworld Demon Cult."

At this time, Ye Feng and Emperor Chu were communicating with each other with their spiritual thoughts, and soon Ye Feng came to the relatively central area of this mountain.

Ye Feng activated the Divine Eye of Creation, and instantly gained the ability to see clairvoyantly.

He suddenly saw the middle of this stretch of black mountains. As expected, huge buildings were built one after another, all made of a special demon material.

The entire black mountain seemed to have built a dark empire, which looked very shocking.

At this moment, Ye Feng suppressed the shock in his heart and did not go to the center of the Huangquan Demon Sect's base camp.

Because Emperor Chu sensed at this time and said: "The very strong life energy fluctuations I sensed are not in the central area of the base camp of the Underworld Demon Sect, but in a relatively remote place. It is probably a member of the Underworld Demon Sect." Branch, maybe they are refining something."

Ye Feng nodded, and following Emperor Chu's guidance, he soon arrived at the left half of this black mountainous area.

This place is very far away from the Dark Empire building in the center of the mountain, which makes Ye Feng breathe a sigh of relief.

So Ye Feng feels a lot more at peace now.

At least it's relatively remote here.

There shouldn't be any super strong men from the Underworld Demon Sect who are too powerful.

At this moment, Ye Feng instantly saw a very ancient-looking fortress being built on a hillside not far away.

At this moment, Emperor Chu immediately said aloud in his mind: "The source of the very strong life energy fluctuations I sensed is hidden in this small fortress!"

Chapter 2497 Chaos Demon Commander

At this moment, after Emperor Chu finished speaking, Ye Feng immediately nodded and said, "I'll sneak in and take a look."

Uh-huh!

After Ye Feng finished speaking, he immediately jumped up and lurked directly towards the bunker.

At this moment, Ye Feng was covered in dark demonic energy, just like an insider in the Underworld Demon Sect, and he approached the bunker in an instant.

The moment Ye Feng approached the bunker, he immediately felt a strong life fluctuation, which was fluctuating violently.

At this moment, Ye Feng himself sensed this strong fluctuation of the origin of life.

This made Ye Feng's eyes suddenly light up, and a very happy look appeared on his face.

Because he could feel that this kind of life fluctuation was indeed what Emperor Chu said. It was very powerful and definitely something that contained extremely terrifying life energy.

The benefits to yourself must be huge.

At this moment, Ye Feng immediately lurked towards the entrance of the bunker.

He instantly saw the entrance to the bunker. Standing there were two demonic men wearing black armor, who were obviously members of the Underworld Demon Cult.

The cultivation auras of these two members of the Underworld Demon Sect were all at the first level of the Dao Slayer Realm.

This made Ye Feng's eyes reveal a hint of surprise.

It has to be said that the foundation of the Underworld Demon Sect is indeed extremely profound and terrifying.

These members are probably just ordinary masters in the Underworld Demon Cult, but they actually have powerful cultivation levels that can kill the first level of Dao Realm.

You must know that the existence of Dao Slaying Realm level, even if it is only the first level of Dao Slaying Realm, can be regarded as a first-class master among the four domains, second only to the masters of the temples among the major overlord forces.

You know, the great elder of the inner sect in the Northern Immortal Palace only has half-step Dao Dao cultivation.

At this moment, Ye Feng deeply realized how profound the underworld demon sect was back then.

However, if the Huangquan Demon Sect did not have such a strong foundation, it would not have been able to compete with countless major forces in the entire four domains back then.

Even though the Underworld Demon Sect has been destroyed for so many years, it still retains a lot of foundation, and so many powerful demons and masters have appeared all at once.

At this moment, Ye Feng secretly lurked at the gatekeepers of the two bunkers.

In front of the master, he instantly released his huge soul power.

"Boom!"

Almost at this moment, a gap opened between Ye Feng's eyebrows, and a large area of red soul light rushed out of it.

These soul lights all contain the soul power of the master in the soul gem.

So in one fell swoop, the souls of these two masters of the Underworld Demon Cult, who were at the first level of Dao Slaying Realm, were instantly wiped out.

Ye Feng did not waste resources at this moment and directly devoured the two masters of the Underworld Demon Cult who were guarding the gate.

His cultivation skills suddenly became stronger.

However, for Ye Feng's current half-step Dao Dao realm, these energies are just a drop in the bucket and do not have much effect.

After Ye Feng quietly killed the two masters of the Underworld Demon Cult who were guarding the door, he continued to walk towards the inside of the bunker.

When Ye Feng entered the bunker, he immediately saw a shocking scene.

I saw a huge heart tied to countless chains throughout the bunker.

Above this heart, there are dense tubes.

The blood from this huge heart is being extracted, and the life energy is poured into the coffins under the heart.

Inside the coffins under this heart are the masters of the Underworld Demon Sect who died in those years.

At this moment, with the help of the majestic life energy in this huge heart, these dead masters of the Underworld Demon Sect are constantly being revived.

At this moment, Ye Feng suddenly understood why so many powerful demon generals appeared after the Huangquan Demon Cult resurrected.

It turns out that in the base camp of the Underworld Demon Sect, this powerful heart was used to instill the life force into these dead demon generals and resurrect them.

I have to say that this is a very evil way of resurrection.

At this time, Ye Feng immediately stared at the huge heart filled with dense tubes.

The majestic life energy fluctuations that Emperor Chu sensed were emanated from this huge heart.

Ye Feng seemed to suddenly think of something at this time, and couldn't help but murmur in his heart, "It seems that the imperial city of the Barbarian God Empire has been destroyed. I am afraid that it is this group of people from the Underworld Demon Cult who want to snatch this huge heart full of energy." The heart of life."

Emperor Chu also said aloud in his mind at this time: "This heart exudes the aura of a barbarian god. It should be the heart of the first generation of barbarian gods in the Barbarian God Empire."

Ye Feng nodded, and then lurked forward in an instant.

At this moment, there are several demon general level masters at the tenth level of Dao Slaying Realm in this bunker, who are watching over the heart of this barbarian god.

Ye Feng knew that if he wanted to snatch this heart of the Barbarian God, he must not waste time here to entangle with these masters.

Because if there were just a few demon generals who were at the tenth level of Dao Slaying Realm, then Ye Feng would not be afraid at all.

But Ye Feng knew that if he got entangled here, he would instantly attract the superpowers from the base camp of the Underworld Demon Cult in the distance.

There may even be a super strong person at the Demon Commander level taking action.

In that case, it might be difficult for him to escape.

So at this time, Ye Feng was fully prepared.

He activated the space gem in an instant, opening up a wormhole in space, instantly bringing Ye Feng to the heart of the Barbarian God.

Uh-huh!

Then at the moment when no one on the field could react at all, Ye Feng pulled out all the tubes inserted in the heart of the Barbarian God.

Almost at this moment, Ye Feng directly put the heart of the Barbarian God into his storage ring and ran out of the bunker in an instant.

The whole process was completed in one go, with almost no time wasted.

When Ye Feng grabbed the heart of the Barbarian God and ran out, several powerful demon generals in the tenth level of Dao Slaying Realm in the bunker didn't even react.

Because these demon generals seemed to have never thought that there would be thieves coming to snatch the heart of the barbarian god in the core of their underworld demon sect.

When they reacted, Ye Feng had already arrived outside the bunker.

"Catch that nasty thief!!"

Almost at this moment, a terrifying aura suddenly erupted.

Boom!

The entire bunker exploded instantly.

A dozen demon generals rushed out of the bunker in an instant and chased Ye Feng.

But at this time, Ye Feng had already used the space gem to escape to a very distant place, and fled quickly towards the dark swamp.

There was no trace of Ye Feng in the sight of these dozen demon generals.

This made the expressions on the faces of the dozens of demon generals from the Underworld Demon Cult present become extremely ugly.

Boom!

But suddenly at this moment, a big dark hand, covering the sky and the sun, instantly grabbed it from the base camp of the Underworld Demon Sect.

The world seemed to be covered by this big hand.

It was like darkness enveloped the entire world and it was plunged into chaos.

This dark big hand grabbed Ye Feng in the distance in the direction of his escape, and even imprisoned the space wormhole opened by Ye Feng. The method was extremely astonishing.

"It's Lord Chaos Demon Commander who has taken action!"

The dozen or so demon generals from the Underworld Demon Sect who were present saw this big dark hand, and their eyes instantly showed excitement.

At this moment, Ye Feng, who was running away in the distance, had extremely horrified eyes.

Not just because a terrifying dark hand was grabbing at him.

Ye Feng was in a hurry at this time, running the Divine Eye of Creation, and saw through the ability of clairvoyance.

At this time, in the dark empire in the mountains in the distant direction, the chaotic demon commander who condensed this big dark hand turned out to be the face of Xiao Tianshen, the master of the Celestial Temple of the Northern Immortal Palace where Ye Feng was!

Ye Feng's number one enemy, Xiao Tianshen!

It turns out that he is not only the master of the Heavenly Temple of the Northern Immortal Palace, but also the mysterious first demon commander of the ancient demon sect of the Huangquan Demon Sect, the Chaos Demon Commander! !

This discovery made Ye Feng feel chilled all over.

"We must escape successfully! Pass this news to the Lord of Immortal Palace!"

At this moment, Ye Feng is fortunate that he is at such a long distance, and Xiao Tianshen, the mysterious chaotic demon commander, has not discovered his true identity, because Ye Feng is the only one who has the ability to see things from a distance. someone else's face.

Chapter 2498 Let's find a solution together

Boom! !

At this time, the huge dark palm instantly grabbed it from high in the sky.

Ye Feng felt a deep sense of death crisis at this moment.

This kind of power is really terrifying and vast.

Even though Ye Feng has made a huge breakthrough in his cultivation now, facing this terrifying hand of darkness at this moment, he feels like the whole world is being oppressed, making it difficult for people to resist. .??.

At this moment, Ye Feng's eyes suddenly revealed a look of deep shock.

I didn't expect Xiao Tianshen to have such a terrifying cultivation level.

Originally, Ye Feng thought that he might be able to compete with the master of the Tianshen Temple like Xiao Tianshen.

But now he discovered Xiao Tianshen's other identity.

It turned out to be the No. 1 Demon Commander of the Underworld Demon Sect that had been destroyed for tens of thousands of years, the Demon Commander of Chaos!

Therefore, Xiao Tianshen's true strength must be extremely terrifying.

"Is this the true power of Xiao Tianshen? He is worthy of being the number one demon commander of the Underworld Demon Cult, he is so powerful!"

At this moment, Ye Feng looked at the terrifying pressure exerted by the huge dark hand high in the sky, and his eyes suddenly showed a hint of shock.

But at this time, Ye Feng quickly activated the power of the space gem, and instantly ran away into the distance, trying to avoid the grasp of this dark hand.

Now, although Ye Feng cannot compete with the powerful power of a Chaos Demon Commander like Xiao Tianshen, he can still escape.

So at this moment, Ye Feng quickly broke away from the shackles of the dark hand and disappeared in the blink of an eye.

After Ye Feng escaped from here, he quickly returned to the place where everyone gathered in the Dark Swamp.

After arriving here at this moment, Ye Feng immediately saw several super masters from before, all still resting in place.

With a hint of urgency in his eyes, Ye Feng said to several people: "I found traces of the base camp of the Underworld Demon Cult in the deep end area of the dark swamp."

"What?!"

Hearing what Ye Feng said, several people present couldn't help showing deep horror in their eyes.

\u003e

No one expected that Ye Feng would hunt down several demon generals and eventually find traces of the base camp of the Huangquan Demon Cult.

At this time, Jian Tianya from the Divine Sword Villa spoke out: "This matter is too serious. We must hurry back to our respective sects to report it and see how to deal with the Huangquan Demon Sect, a resurgent ancient demonic force. "

At this moment, everyone nodded, and had no intention of staying in this dark swamp anymore. They said goodbye to each other and went back to their respective forces.

Ye Feng did not tell the news that Xiao Tianshen was the Chaos Demon Commander.

Because this matter involves too much.

If you say it rashly like this, it is likely to cause some unnecessary trouble.

This secret was so important that Ye Feng naturally couldn't tell it to people he had just met.

At this moment, Ye Feng and Zeng Rou left the Dark Swamp and headed back towards the Northern Immortal Palace.

On the way back, Zeng Rou saw that Ye Feng was silent and seemed a little different from his usual appearance.

The master of the Temple of Nature seemed to have discovered something and couldn't help but said: "Ye Feng, are you worried about anything? I see that you have been worried all the way, which is completely different from your usual appearance. "

Ye Feng looked at Zeng Rou, hesitated for a moment, and said loudly: "Zeng Rou, you are a friend who shares my sorrows with me, and I trust you very much. Next, I want to tell you a very big secret. You Be mentally prepared."

"Be mentally prepared?"

When Zeng Rou heard what Ye Feng said, a look of deep curiosity suddenly appeared in her beautiful eyes.

She didn't seem to expect that someone as confident as Ye Feng would one day be so cautious and dignified.

At this moment, Zeng Rou nodded immediately and said loudly: "Ye Feng, just tell me this secret. I am fully prepared mentally."

Ye Feng nodded slightly, and then spoke

Said: "After I hunted down those demon generals, I lurked into the deepest area of the Dark Swamp. There, I saw the base camp of the Huangquan Demon Sect, which is a magnificent dark empire."

When Zeng Rou heard what Ye Feng said, she immediately nodded and said, "You have told us this before in the dark swamp. It seems that besides discovering this secret, you also have a bigger secret."

Ye Feng nodded, then took a deep breath and said aloud: "The bigger secret is that I accidentally saw the most mysterious and powerful Chaos Demon Commander of the Underworld Demon Sect

in the base camp of the Underworld Demon Sect. It turned out to be us. The master of the Heavenly Temple of the Northern Immortal Palace, Xiao Tianshen!"

What? !

Sure enough, after hearing Ye Feng say these words, Zeng Rou's originally indifferent face suddenly became extremely shocked.

The face of the natural temple master of the Northern Immortal Palace showed a look of deep shock, and he couldn't help but asked: "Ye Feng, are you sure you saw it correctly? This is no small matter!"

Zeng Rou did not immediately deny Ye Feng at this time, but asked a question.

Although she knew that Ye Feng seemed to have some grudges with Xiao Tianshen of Tianshen Temple, Zeng Rou also believed in Ye Feng. Ye Feng would definitely not use other dark methods to frame the other party because of personal grudges.

So Zeng Rou couldn't help but ask again at this time.

Ye Feng nodded deeply, stared into Zeng Rou's beautiful eyes, and said loudly: "If you really treat me as a friend, then please believe me, I am absolutely not wrong."

When Zeng Rou heard Ye Feng's affirmative answer, the shocked expression on her face slowly disappeared, and instead turned into a deeply solemn look, and she said aloud: "If this is really the case, then We must be very careful when we return to the Northern Immortal Palace this time, and we must tell the Lord of the Immortal Palace directly the news."

"no!"

Ye Feng immediately shook his head and said loudly: "You absolutely can't tell the Lord of Immortal Palace like this. Even you couldn't help but have huge questions after hearing the news just now. If you don't

He is my best friend in the Northern Immortal Palace. He will definitely think that I am talking nonsense and that I am deliberately framing Xiao Tianshen. If I tell the Lord of the Immortal Palace, do you think he will believe it? "

When Zeng Rou heard what Ye Feng said, her expression suddenly showed a trace of ugliness, and she said loudly: "Indeed, the Lord of the Immortal Palace will definitely not believe it, and even the Lord of the Immortal Palace will think that you are using Use unfair means to frame Xiao Tianshen."

Ye Feng nodded and said: "Even if the Lord of the Immortal Palace believes the truth I said, he will definitely directly ask Xiao Tianshen in the Tianshen Temple on the spot. In that case, it is very likely that he will alert the snake and let Xiao Tianshen, the chaotic demon. Shuai has completely realized that the Northern Immortal Palace has become suspicious of him. If that happens, once Xiao Tianshen becomes angry, the consequences may be disastrous, and we, the Northern Immortal Palace, may not be able to stop Xiao Tianshen. "

Zeng Rou nodded and said: "Xiao Tianshen has been hiding for so long. He is probably plotting something in our Northern Immortal Palace. Although our Northern Immortal Palace is the dominant force, it will definitely not be able to resist a super big man like the Chaos Demon Commander. Yes, even if you can block it, in the rush to resist, you will probably pay the price of death. After all, the Chaos Demon Commander is the most mysterious and powerful No. 1 Demon Commander of the Underworld Demon Sect. His strength is absolutely terrifying, and may even surpass it. The Lord of the Immortal Palace and many antiques from our Northern Immortal Palace."

Ye Feng nodded slightly and said: "So there is only one way now, and that is not to tell this secret for the time being, and see if there are other ways to deal with Xiao Tianshen, the hidden chaotic demon commander."

When Zeng Rou heard what Ye Feng said, her face immediately became extremely solemn and she said, "Okay, I won't tell anyone about it for the time being. I will work with Ye Feng to find a solution!"

At this time, she seemed to be aware of the deep sense of solemnity and powerlessness in Ye Feng's heart. Zeng Rou couldn't help but stretched out her white little hand and held Ye Feng's palm. She seemed to want to give Ye Feng some relief in this way. comfort.

Ye Feng noticed Zeng Rou's gentle eyes and immediately smiled and said, "Don't worry too much about me. Although I am shocked by the secret I discovered, it does not mean that I am afraid of

Xiao Tianshen. There must be a way before the car reaches the mountain, and I believe there will be a way to deal with Xiao Tianshen, the chaotic devil!"

Chapter 2499 We meet again

It took Ye Feng and Zeng Rou nearly three days to finally return to the Immortal Palace in the Northern Territory from the Barbarian God Empire area in the Eastern Territory.

Seeing the very familiar building not far away, both of them breathed a sigh of relief.

Because they are finally back.

Even though Ye Feng and Zeng Rou were both temple master level masters, what they encountered in the dark swamp was very frightening.

At this moment, the two of them were walking towards the entrance of the Northern Immortal Palace.

But just when they reached the entrance of the Northern Immortal Palace.

Buzz!

Suddenly, a huge black snake appeared in the sky.

The big black snake is covered with black scales, each piece is as big as the mouth of a bowl. It looks very solid and glows with a cold metallic luster.

Uh-huh!

And a figure jumped down from the big black snake in an instant.

Ye Feng and Zeng Rou glanced at each other, and immediately there was a hint of shock in their eyes.

This figure jumping down from the big black snake was extremely majestic. It turned out to be Xiao Tianshen, the master of the Temple of Heaven!

"Xiao Tianshen also happened to return?"

At this moment, Ye Feng and Zeng Rou looked at each other with deep surprise in their eyes.

Ye Feng couldn't help but said through his spiritual message: "I guess he came back from the dark swamp."

Zeng Rou nodded imperceptibly.

The two of them quickly walked into the Northern Immortal Palace, not wanting to meet Xiao Tianshen at this time.

"We meet again."

But at this time, Xiao Tianshen suddenly appeared not far away from the two of them and stared at Ye Feng among them.

At this moment, Ye Feng and Zeng Rou couldn't help but feel shocked.

because

The Xiao Tianshen in front of him is not just the master of the Tianshen Temple.

And he is the Chaos Demon Commander in the Underworld Demon Cult.

He is an extremely terrifying devil.

Very scary.

At this moment, neither of them expected that Xiao Tianshen would suddenly greet them.

At this time, Zeng Rou was deliberately surprised and asked: "Master Xiao Tian, have you and Master Ye Feng met before? How could you say such a thing and meet again?"

At this moment, Xiao Tianshen said with a smile: "I did have a relationship with Ye Feng, the master of the tenth temple, but at that time, the master of Ye Feng was still very weak, so I didn't take it to heart. Unexpectedly, Master Ye Feng has now grown to a point where even I, the Master of the Heavenly Temple, have to pay attention."

At this moment, Xiao Tianshen said that there was a faint hint of threat in his tone.

Ye Feng felt it instantly.

But Ye Feng was not afraid, and instead said with a smile: "I didn't expect that the clone was the clone of the master of Xiaotian Temple, otherwise I would definitely not fight against him, but now the master of Xiaotian Temple, if he wants to blame As for me, I also need to weigh my own strength, after all, I am now the temple master of the Northern Immortal Palace."

At this moment, Ye Feng naturally would not show any fear, because Ye Feng wanted to pretend that he was the master of the temple and was not afraid of Xiao Tianshen.

If Ye Feng is timid now, it may make Xiao Tianshen suspect that Ye Feng now knows his true identity as the Demon Commander, so he is timid.

So at this moment, seeing Ye Feng seeming very confident, Xiao Tianshen dismissed

the thoughts in my mind.

Then he said with a smile: "One day I will have a battle with Master Ye Feng, and I will take back the treasures that Master Ye Feng obtained from my clone."

At this time, Xiao Tianshen was still acting as the master of his own Heavenly Temple.

After saying that, Xiao Tianshen immediately turned around and left.

At this time, Ye Feng breathed a sigh of relief.

It seemed that Xiao Tianshen didn't know that he was the mysterious man who snatched away the heart of the Barbarian God in the base camp of the Underworld Demon Cult.

Seeing Xiao Tianshen leaving at this moment, Zeng Rou, the master of the Temple of Nature, couldn't help but breathed a sigh of relief and said aloud: "It was so dangerous. I almost couldn't help showing fear in my eyes just now." If that's true, Xiao Tianshen might be suspicious."

Ye Feng nodded and said: "Now that Xiao Tianshen is back, we must pay attention to safety in the Northern Immortal Palace, and we must find a way to deal with Xiao Tianshen, the chaotic devil commander, as soon as possible."

At this moment, for Ye Feng, whether it is because of the previous grievances with Xiao Tianshen's clone or Xiao Tianshen's hidden identity as the chaotic demon commander, Ye Feng needs to think about how to deal with Xiao Tianshen and how to eliminate Xiao Tianshen as soon as possible. Hidden dangers are eliminated.

At this moment, Ye Feng looked at Zeng Rou in front of him and said aloud: "Next, let's think of ways to cultivate while improving our cultivation strength as soon as possible, so that we can improve ourselves in the chaos that follows. The power of protection."

Zeng Rou also nodded immediately at this time and said loudly: "Okay, let me help Ye Feng think of a way. Maybe I can persuade the previous generation of the temple master of our natural temple, who is hidden in our north. If the old antiques from the Immortal Palace of the Realm who were practicing in the small world can be persuaded to come out from the previous generation of the Natural Temple,

If you meet me, you may be able to make the Lord of Immortal Palace believe in you, Ye Feng. "

When Ye Feng heard what Zeng Rou said, he immediately smiled and said, "Okay, thank you Zeng Rou."

After saying that, Ye Feng immediately walked towards his tenth temple area.

After returning to his temple, Ye Feng directly entered his secret training room and began to retreat.

Whether it is to go to the central hall of the God Realm next, or to deal with the threat from Xiao Tianshen, the chaotic demon commander, Ye Feng needs to improve his strength as soon as possible.

At this time, in the dark training chamber, Ye Feng directly took out the biggest treasure obtained this time, which was the heart of the Barbarian God.

Buzz!

At this time, after the heart of the Barbarian God was taken out, it immediately exuded an extremely strong life fluctuation, and people couldn't help but feel a vast ocean-like power of life contained in the heart of the Barbarian God.

At this moment, Ye Feng didn't hesitate at all, and immediately released the Devouring Domain, which completely enveloped the heart of the Barbarian God.

Boom! !

Suddenly, streams of majestic life energy were directly absorbed from the heart of the primitive god by the Devouring Domain.

It was instantly swallowed up by Ye Feng's entire body, rapidly increasing Ye Feng's skill and cultivation.

You must know that this heart of the Barbarian God can provide life energy to more than a dozen demon generals in the Underworld Demon Cult at one time.

This shows how huge the life energy contained in the heart of this barbarian god is.

So at this time, Ye Feng's cultivation aura was growing rapidly and was about to reach a critical point.

It's about to undergo a complete transformation!

Chapter 2500 Be fully prepared

"boom!!"

At this moment, Ye Feng burst out with an extremely powerful aura.

His cultivation finally completely transformed and broke through at this moment.

All relying on the huge life energy contained in the heart of the Barbarian God, Ye Feng instantly broke through the most difficult state.

Directly from the half-step Dao-Slaying Realm, he broke through to the real first-level Dao-Slaying Realm!

And at this time, the life energy in the heart of the Barbarian God has not been completely digested.

At this time, Ye Feng continued to devour, and suddenly a huge amount of energy continued to be injected into Ye Feng's body.

Ye Feng continued to erupt with a terrifying and boundless cultivation aura.

boom!

Kill the second level of Dao Realm!

boom!

Kill the third level of Dao Realm! !

Finally, at this moment, Barbarian God's heart completely withered.

Obviously, at this moment, all the life energy in the heart of the Barbarian God was completely devoured by Ye Feng.

At this time, Ye Feng's cultivation level suddenly broke through to the third level of Dao Slaying Realm.

It can be said that this is a huge improvement.

Because Ye Feng's cultivation just now was only at the half-step Dao Dao level.

If he wanted to break through to the third level of Dao Slaying Realm in one go, Ye Feng might have to practice for decades or even hundreds of years at a normal speed.

But at this time, in just a few minutes, Ye Feng used the heart of the Barbarian God to break through to the third level of Dao Slayer Realm.

It can be said to be very powerful.

If this breakthrough speed spreads, huge shocks will occur throughout the four domains.

Many people will definitely be stunned and shocked by Ye Feng's breakthrough speed.

Because this speed is really too fast.

Moreover, every time Ye Feng makes a breakthrough, the increased combat power is also very terrifying.

.

This is not only a fast breakthrough in cultivation, but also a very fast increase in combat power.

At this moment, Ye Feng suddenly stood up in his secret cultivation room, and his whole body exuded a terrifying and boundless aura of cultivation.

At this time, Ye Feng successfully broke through to the third level of Dao Slaying Realm, giving Ye Feng instant powerful self-confidence.

But Ye Feng knew very well that his current cultivation level was probably not enough to compete with Xiao Tianshen, the chaotic demon commander.

But Ye Feng is not afraid of Xiao Tianshen anymore.

If what really happened was revealed and Xiao Tianshen, the chaotic demon commander, wanted to kill him, Ye Feng would at least not be afraid that he would fall into Xiao Tianshen's hands.

But what Ye Feng is thinking about now is not to escape from Xiao Tianshen's hands.

What he wants to do is to completely eliminate Xiao Tianshen, the number one enemy, completely!

So Ye Feng knew that with his current strength alone, he probably wouldn't be able to fight against Xiao Tianshen.

And this time, after the news of the Underworld Demon Sect spreads, all the major overlord forces in the four major domains will take action, which may cause Xiao Tianshen, the Chaotic Demon Commander, to suddenly take action.

So Ye Feng knew that he was very nervous every moment now.

Because Xiao Tianshen is like a time bomb in the Northern Immortal Palace.

You may endanger your own safety at any time.

It could even endanger the safety of the entire Northern Immortal Palace!

Therefore, whether it is related to his own safety or the overall situation of the entire Northern Immortal Palace, Ye Feng feels at this moment that he must completely eliminate Xiao Tianshen, this terrible demon commander, as soon as possible.

However, Ye Feng knew that he could not kill Xiao Tianshen with his own strength now, because Xiao Tianshen

It's just too powerful.

If Xiao Tianshen is just an ordinary temple master of the Northern Immortal Palace, then Ye Feng may be able to kill Xiao Tianshen by using all his methods now.

But Ye Feng discovered in the dark swamp that Xiao Tianshen turned out to be the Chaos Demon Commander of the Underworld Demon Cult.

Then there is definitely more to Xiao Tianshen than meets the eye.

Then Ye Feng naturally does not have the power to kill Xiao Tianshen at the moment.

At this moment, after Ye Feng thought for a while, he realized that his power was useless alone.

So at this time, he immediately walked out of his Supreme Temple and walked towards the Natural Temple.

Soon Ye Feng came to the Temple of Nature. ??

He saw a female disciple of the Natural Temple and said, "Go and tell the master of your Natural Temple that I, the master of the Supreme Temple, have important matters to discuss with her."

When this female disciple heard that Ye Feng was actually the master of the Supreme Temple, her eyes immediately revealed a look of deep awe, and she quickly said: "Master Ye, please wait a moment. This disciple will go and report to the master immediately. "

Uh-huh!

At this moment, after the female disciple finished speaking, she immediately flew towards the deep area of the Nature Temple.

Buzz!

Soon, with a very strong natural fluctuation, Zeng Rou's beautiful figure immediately appeared in front of Ye Feng.

Zeng Rou looked at Ye Feng at this time and seemed to have discovered something. She couldn't help but show deep surprise in her eyes, and she couldn't help but said: "Ye Feng, your cultivation seems to have broken through. Let me take a closer look at what level you have broken through to."

boom!

At this time, Ye Feng took the initiative to release his cultivation aura.

That is indeed

The cultivation aura of the third level of Dao Dao Realm!

"What?!"

Seeing the powerful cultivation aura on Ye Feng, he turned out to be at the third level of Dao Slayer Realm.

Even though Zeng Rou had known for a long time that Ye Feng was extremely talented and beautiful, she couldn't help but be extremely shocked at this moment.

Because a moment ago, when Ye Feng was preparing to go to the Supreme Temple to practice in seclusion, he had only taken half a step to the Taoist level.

But in this short period of time, after arriving at the Temple of Nature, he had already reached the third level of Dao Slaying Realm.

This kind of breakthrough speed has never been encountered by even the master of the Natural Temple like Zeng Rou.

It's so monstrous!

At this moment, Ye Feng immediately smiled and said: "Let's not talk about the cultivation breakthrough. I came to you this time to discuss more important matters."

Zeng Rou nodded slightly at this time, knowing what Ye Feng was referring to.

She immediately took Ye Feng to a reception hall deep in the Temple of Nature.

It is relatively secluded and quiet here, no one will disturb you, and no one will eavesdrop on any important secrets.

In the reception hall, Zeng Rou said aloud: "Ye Feng, you came to me now to talk about dealing with Xiao Tianshen, the chaotic devil commander, right?"

Ye Feng nodded and said aloud: "Yes, I just want to discuss this matter with you. You said before that you could invite the previous master of the Temple of Nature. I wonder if you can let me go with you now. , I feel that we alone cannot deal with Xiao Tianshen, so at this time we need to unite all the forces that can be united, such as the old antique, the previous owner of your Natural Temple, and the Lord of the Immortal Palace. They all need to unite. , and we need to set up a trap to suppress Xiao Tianshen instantly, otherwise if Xiao Tianshen, the chaotic demon commander, escapes, the consequences will be disastrous, so we must be fully prepared before we can take action against Xiao Tianshen. "
