Chapter 25 Demon

The tragic situation in the entire deserted village shocked everyone.

Ye Shenyue finally understood why when the upper echelon of the sect issued the mission, they told all the disciples to kill them all without mercy when encountering the demons in the Demonic Blood Sect.

"Jie Jie Jie, it turns out that the leader is right. The smell of blood in this village can catch big fish. Sure enough, now the big fish has taken the bait. He is a master in the human clan. It's a pity that all of you have to become Demon Lords. My Lord's Blood Food!"

Suddenly at this moment, a cruel, demonic voice suddenly sounded.

"No! This is a trap!"

Chu He's expression suddenly changed.

But it's too late.

Boom! Rumble...

Around the entire wilderness village area, streaks of bloody divine light suddenly burst out from the depths of the earth, forming a huge divine light formation, locking everyone in the formation.

"This is the formation in the magic way!"

"Oops! Among these devils from the Demonic Blood Sect, there is actually a legendary formation master!"

All the powerful men in the City Lord's Mansion made a sound of horror.

The only ones who can stay calm on the court now are the three powerful young geniuses Chu He, Ye Shenyue and Ye Feng.

"Jie Jie Jie, you can't escape, we really caught a big fish this time!"

"It seems that the resurrection of Lord Demon Lord is not far away. By then we will no longer have to hide in the wilderness and directly wreak havoc on the entire Great Yan Dynasty!"

Accompanied by excited discussions, a dozen demons wearing black robes, with skin covered in black veins, with red eyes and ferocious smiles on their faces, came from a short distance away.

Buzz!

The large formation emitting strong magic light shrouded everyone in the group.

Outside, a group of more than a dozen demons stared at Chu He and others in the formation with a playful look in their eyes.

At this time, several elders from the City Lord's Mansion forced

They took action together, preparing to blast away this formation.

"Come together, kill these people, don't let them break out of the formation!"

There were more than a dozen demons from the Demon Blood Sect, headed by a strong man wearing black armor and holding a giant axe. As he spoke, he rushed towards the formation like a ferocious beast with unparalleled momentum.

"We resist this group of demons and buy time! Let the elders of my city lord's mansion break the formation!"

Chu He shouted loudly, and he was the first to take action.

"Qiang!"

The Chiyang Sword in Chu He's hand is a high-level Xuan-level combat weapon. It is forged from the Xuan Iron of the Sun. Its power is terrifying, and combined with Chu He's inheritance, it is even more earth-shattering.

"The Great Sun Burning Heaven Jue!"

"Qiankun Lieyang Sword!"

Chu He roared loudly, and blazing golden flames erupted from his body, making him look like a sun war god.

He raised the battle sword in his hand, and the sword body was pierced by dazzling golden light. It struck down at once, sending out a large golden sword light, which instantly tore apart a Spiritual Martial Realm demon who had just entered the formation.

"He is indeed a peerless genius in the Sword Sect, but unfortunately, this is not enough!"

The leader of the demon leader took action boldly. The giant ax in his hand was majestic and heavy, making people feel like a mountain and irresistible. The Lieyang Universe Sword in front of Chu He was directly split into cracks by the giant axe.

"This is a big demon who is about to surpass the Spiritual Martial Realm and step into the Tianwu Realm!"

Chu He roared, unable to believe that such a powerful demon appeared here at the edge of the wilderness.

Obviously, this time the investigation mission took a sudden turn, which caught people off guard.

"Young City Lord, just give up your resistance.

Join our demon clan and serve the great demon lord. "

Suddenly at this time, a young man walked out of the group of demons.

"It's you! You're the spy who reported the news to my city lord's palace!"

Chu He shouted angrily, and the expressions of the other powerful men in the City Lord's Mansion changed greatly.

The spy who reported the news actually left their team without anyone noticing and joined the demons.

At this time, everyone saw that this man had magic lines on his face, and his eyes became red. He was obviously assimilated by the demonic energy in the Demonic Blood Sect and became a demon.

Sure enough, this deserted village had long been a trap and trap designed in advance. ??

"Ice Crystal Sword Rain!"

Ye Shenyue joined the battle at this time, and the crystal bracelet on her wrist suddenly floated in front of her.

Wow!

Wow!

The crystal bracelet suddenly spread out, and the crystal rice grains bloomed with dazzling light in the void, expanding into ice crystal swords, suspended in front of Ye Shenyue, breathing out the cold and biting sword light.

At this time, Chu He and Ye Shenyue used powerful methods together, with dazzling divine light and overwhelming sword energy, working together to resist the attack of the demon leader.

"Their two main forces were blocked by me. Come up quickly and kill the rest!"

The demon leader was covered in demonic light and shouted at the dozen or so demons behind him.

"Yes, leader!"

The dozen or so demons were all at around the third or fourth level of the Spiritual Martial Realm. They had been strengthened by demonic energy, making them powerful and murderous.

They were grinning ferociously, holding the soldiers in their hands, including long knives, magic spears, black swords, etc., all of which were surging with destructive demonic energy and blasted away at the people behind Chu He and Ye Shenyue.

"They're dead!"

A bunch of demons

Everyone laughed wildly.

"It's you who are dead."

boom!

Along with a cold shout, a sword light as cold as ice covered the entire void.

"ah!!"

The three demons who rushed in first were torn into countless pieces by the sword light.

"What? What a terrifying sword energy!"

The remaining nine demons were immediately frightened and retreated quickly.

"This sword intention...is the Sword King! There is actually a Sword King hidden among you?!"

Even the demon leader was frightened and made a shocking sound.

In everyone's field of vision, the smoke and dust dispersed, and a young man in white stood in front of the senior of the City Lord's Mansion who broke the formation.

His white clothes were as white as the snow, his eyes were as bright as jade, and he held a rusty long sword in his hand, and a kind of frightening sword energy surged through his body.

Although Ye Feng is at the first level of the Spiritual Martial Realm, he has entered the junior level of Sword King and has a strong swordsmanship. His overall strength is not much weaker than Chu He and Ye Shenyue.

It is naturally more than enough to deal with a group of demons in the early stages of the Spiritual Martial Realm.

"Pfft!"

"Pfft!"

While everyone was stunned, Ye Feng quickly drew out his sword and cut off the bodies of the two demons. Blood splattered and they were killed instantly.

That kind of sword light is extremely fast, incredibly fast. It is not a gorgeous sword, but a sword specially designed for killing people!

"hateful!"

When the demon leader saw this scene, his eyes suddenly became extremely gloomy.

Ye Shenyue's beautiful face was full of joy. As expected, the realm of the Sword King was extremely terrifying.

"Devil's Wrath!"

Suddenly at this time, the demon leader roared loudly, and a strong and boundless demonic energy burst out in his body.
