Chapter 251 Sixth Level Soul Power

After Jian Wushuang left, a black light suddenly burst out from the center of Ye Feng's eyebrows.

The moment the black light came out, it suddenly transformed into a majestic thousand-meter-long black dragon in the sky.

It is sorrow!

Shang had a pair of huge dragon eyes at this time, with a look of doubt, "Logically speaking, Ye Feng, you have already angered this ancient soul beast by doing this, but I don't know why this big guy didn't react at all. Could it be Is he already dead?" .??.

died?

The corner of Ye Feng's mouth twitched slightly. If Shang really said that, then his luck would be extremely high.

"I'll go down and take a look."

Shang said something, and the huge black dragon body flew towards the abyss in an instant.

In a blink of an eye, its figure disappeared into the abyss.

Ye Feng could only wait now, but the movements in his hands did not relax. He was rapidly absorbing soul power and strengthening his soul.

This is a once-in-a-lifetime opportunity. After all, if you are outside on the earth, it is almost difficult to encounter the treasures of heaven and earth that can enhance your soul power.

But in this mysterious space, soul power was exuding everywhere, and he even encountered an ancient level super soul beast.

Therefore, Ye Feng is willing to take this risk. He has to wait and wait for the final result.

If an ancient soul beast really died, he would become rich instantly!

Because in the process of absorbing it just now, Ye Feng could clearly feel what kind of soul power as vast as the vast ocean was hidden in the owner of this huge soul claw.

At this moment, while waiting for the final result, Ye Feng's soul power is also constantly improving.

Level three!

Fourth level!

Level five!

Level six!

Ye Feng could clearly feel that his soul power was becoming stronger and stronger.

As his soul power became stronger, Ye Feng felt that his whole body's martial arts quality was improving.

Whether it is my coordination of the body or my ability to comprehend, they are constantly increasing.

In addition, there are many other wonderful abilities that appear in one's own heart.

That is the innate ability that comes from cultivating the soul stone lineage.

For example, Ye Feng suddenly stretched out a hand. With a thought, a flame appeared in the center of his palm.

Although it is just a very ordinary mortal fire, it is already incredible because it was created out of thin air.

But in fact, Ye Feng knew that this was not a ball of flame conjured out of thin air.

Because he is far from reaching the stage where he can create extra power on his own.

This flame is due to the improvement of Ye Feng's soul power, and he has a very keen sense of the fire element between heaven and earth.

So now Ye Feng can also initially control the fire element between heaven and earth for his own use.

At this time, Ye Feng suddenly remembered some legends that he had seen in ancient books before.

A powerful mysterious soul master came to an ancient dynasty. He just waved to the sky with one hand, and meteorites and flames rained down from the sky, instantly destroying an ancient dynasty.

That kind of power that is so mysterious and powerful that it can even touch the heavens is the innate ability that a soul master has when he reaches a certain level.

Ye Feng really yearned for that kind of legend.

But he knew that he was still far away from that level.

However, as long as he can work hard to continuously improve his soul power, one day Ye Feng will be able to reach that level.

At that level, it can already be called a taboo figure. After Jian Wushuang left, a black light suddenly burst out from the center of Ye Feng's eyebrows.

Chapter 252 Space Portal

And just when Ye Feng was thinking secretly in his heart.

Uh-huh!

Suddenly Shang soared up from the abyss.

The old demon dragon instantly turned into a black light and flew into Ye Feng's eyebrows.

Then Shang's urgent voice sounded in Ye Feng's mind: "Ye Feng, boy, let it go as soon as you see fit! Let's go quickly. That big guy is a super ancient soul beast. Even when I was at my peak, I

might not be able to defeat it. It's too scary." , I didn't expect such a terrifying ancient soul beast sleeping in this space!"

When Ye Feng heard this, his eyes were suddenly startled.

Although he felt a little reluctant, he quickly retracted his hand and ran away into the distance.

Anyway, he has gained a lot from absorbing the soul power of this ancient soul beast this time, and his soul power has entered the sixth level!

This is a huge breakthrough!

Under normal cultivation conditions, Ye Feng felt that it might take him several years of cultivation to reach such a level.

Yes, practicing as a soul master is so difficult and slow.

Therefore, this has also led to the extremely rare number of soul masters in the entire practice world.

Because many people try to become a soul master, but end up dying of old age before they succeed.

Ye Feng himself knows this very well, so his current focus is still on martial arts practice, and the soul master is only his assistant for the time being.

Ye Feng's speed was very fast, and he was far away from the abyss in a blink of an eye.

"Roar!!"

And almost at this moment, a roar that shook the sky suddenly came from the direction of the abyss in the distance.

That roar can literally travel through space and time, directly hitting people's souls and minds.

Ye Feng has something in his heart

A little shocked, this ancient soul beast is indeed frighteningly powerful.

Fortunately, I stopped when I saw the situation and ran away in time.

"When you have the opportunity to become stronger in the future, you must come back to meet this ancient soul beast for a while."

Ye Feng thought secretly in his heart.

At this time, Shang suddenly flew out from Ye Feng's eyebrows.

It stretched out its huge dragon claws and tapped the void in front of it.

Ye Feng was a little confused and asked, "What are you doing?"

Shang chuckled and said: "Didn't I swallow a pure Yang power some time ago? I have recovered a lot of cultivation. Now I use a small method to open up a small space in this space. Portal, boy Ye Feng, haven't you also comprehended some space mysteries? I will integrate the opening key of this space portal into the space mysteries seeds in your body. By then, you will be able to continuously absorb the soul power in this small world. "Although the soul power in the air of this small world is not strong, it can be absorbed every moment, which is pretty good."

The moment Shang finished speaking, Ye Feng's eyes lit up with joy and he quickly asked: "Is there such an operation?"

"what is this?"

Shang said angrily: "I had countless magical powers at my peak, and they were all incredible. This is just a small trick, and it's not very elegant."

Buzz!

As Shang spoke, the huge black dragon claws quickly outlined in the void, seeming to outline a mysterious spiritual pattern of heaven and earth.

It has to be said that Shang, this old demon dragon, really knows everything. He has dabbled in all aspects, like an encyclopedia.

Ye Feng watched Shang's operations intently and murmured secretly, "I will also study these heresy when I have time. Sometimes they are really very effective." And what Ye Feng was secretly thinking in his heart when.

Uh-huh!

Suddenly Shang soared up from the abyss.

The old demon dragon instantly turned into a black light and flew into Ye Feng's eyebrows.

Then Shang's urgent voice sounded in Ye Feng's mind: "Ye Feng, boy, let it go as soon as you see fit! Let's go quickly. That big guy is a super ancient soul beast. "what is this?"

Shang said angrily: "I had countless magical powers during my peak period, all of which were incredible. This is just a small trick, and it is not worthy of elegance."

Buzz!

As Shang spoke, the huge black dragon claws quickly outlined in the void, seeming to outline a mysterious spiritual pattern of heaven and earth.

It has to be said that Shang, this old demon dragon, really knows everything. He has dabbled in all aspects, like an encyclopedia.

Ye Feng watched Shang's operations intently and murmured secretly, "I will also study these heresy when I have time. Sometimes they are really useful."

Chapter 253 Lord of the World

At this moment, as Shang was lighting up quickly, Ye Feng saw a small light door appearing in the void in front of him.

This small light door exudes a kind of strong spatial fluctuation that is shocking.

It is like a space passage, connecting this strange small world where soul beasts live.

"Now, I will integrate this light gate into the secret space seeds in your body, Ye Feng. Then, Ye Feng, your body will be able to connect with the entire world of soul beasts and absorb the soul power in it."

Shang said at this time, introduced the light door into Ye Feng's body, and incorporated the space secret seeds from the origin of Ye Feng's martial arts into it.

boom!

Almost at this moment, Ye Feng suddenly felt a very strange feeling.

It felt like I had an inexplicable sense of closeness to this world of soul beasts.

It's like becoming a child of the world!

But Ye Feng knew that this was just his illusion.

But what is certain is that even if he leaves this strange world of soul beasts, he can still communicate with this world of soul beasts through the light door in his body.

The light gate is like a spatial passage connecting Ye Feng and this soul beast world. Ye Feng can continuously absorb the soul power in this soul beast world at all times.

Moreover, he does not need to worry about the exhaustion of soul power in this world of soul beasts.

Because this soul beast world is so vast and comprehensive, it is an entire world with countless ancient and powerful soul beasts living there.

The soul power that Ye Feng absorbed was just a tiny bit of this entire world.

Shang spoke up at this time: "Ye Feng boy, if your cultivation reaches a certain level in the future, you can continue to refine you and me and cast it into

The light gate in your body can even refine the entire soul beast world. Refining it into a small world inside your body is equivalent to becoming the master of the world, and it is also an extremely rare soul beast. Lord of the world! "

Lord of the world!

Ye Feng didn't feel strange when he heard what Shang said.

Because his father's cultivation back then was to create his own little world within his body.

Moreover, there are even some ancient powers that create a small world in their own bodies, and then extradite living beings into the small world in their bodies to provide themselves with the power of faith.

The power of faith is another very profound power system that is not accessible to Ye Feng now.

He had only heard his father mention this kind of thing back then.

The reason why gods are immortal is because the power of faith of thousands of living beings provides a steady stream of power.

Uh-huh!

Suddenly at this moment, a figure flashed not far away.

Shang immediately turned into a black light and entered the soul sea between Ye Feng's eyebrows.

The person coming was none other than Jian Wushuang.

At this time, there was a trace of horror in his eyes. When he saw Ye Feng, he quickly said: "Junior Brother Feng, we are about to leave this world. It seems that a very terrifying ancient soul beast has awakened. We can't stay any longer."

Ye Feng nodded and said, "Okay, let's leave quickly."

Anyway, the purpose of entering the soul beast world this time has been achieved, and Ye Feng has no nostalgia for it.

It's just a little disappointing that a complete soul beast was not hunted.

However, Ye Feng knew that when he became stronger in the future, he could just challenge the ancient soul beast. At this moment, as Shang was lighting up quickly, Ye Feng saw a small light door appearing in the void in front of him.

Chapter 254 Target

Ye Feng and Jian Wushuang quickly arrived at the entrance to the soul beast world.

Buzz!

They passed through the space portal and returned to the previous sect hall.

The sect leader is alone, guarding this space portal, and he doesn't know what's going on inside. .??.

Seeing Ye Feng and Jian Wushuang coming out so quickly, the sect leader immediately asked with some confusion: "What's going on?"

Jian Wushuang was a little annoyed and said: "We were so unlucky this time. We encountered an angry ancient soul beast, but we were kicked out before we had enough time. Alas."

The true disciple of the sect master sighed deeply, seeming to be really unhappy.

But it's understandable, after all, there are too few opportunities to enter this world of soul beasts.

Every time you enter, your soul will be greatly improved.

The warrior's soul has been improved and strengthened, which will be of great help to his future martial arts practice.

So at this time, Jian Wushuang was naturally extremely frustrated.

But now he can't change anything, because the ancient soul beast is angry, and even if a being of the level of the sect master enters, his life will be in danger.

"It's better to close it first."

The sect leader said, closing the space portal.

At this time, Ye Feng saw that the luster on the key to the space portal in the hands of the sect master suddenly dimmed a bit.

Obviously, this key cannot open the soul beast world indefinitely.

"Fortunately, Shang has cast a light gate on the space mysteries seeds in my body, allowing me to keep in touch with the soul beast world at any time in the outside world, and even absorb the soul power of the soul beast world."

At this time, Ye Feng thought secretly in his heart and felt extremely lucky.

At this moment, he also felt the strong influence of soul power on martial arts practice.

Huge benefits.

Ye Feng suddenly thought of the "Lord of the World" that Shang told him before.

Suddenly, a vague goal appeared in his mind, which was to refine this extremely rare world of soul beasts and turn it into his own little world.

Of course, this goal is very ambitious.

For Ye Feng at this time, it was still extremely far away.

Next, Ye Feng said goodbye to the sect leader and Jian Wushuang and returned to his residence.

He found that Princess Hongling and Xu Jingwen were still not in the house, and seemed to have gone out to practice again.

It's really unlucky.

Ye Feng also wanted to catch up with the two women to catch up with each other.

After all, Ye Feng's spirit was really tense during this period and he needed to relax.

"Master~"

Suddenly at this moment, a sweet female voice sounded.

Ye Feng looked not far away and found the flame girl standing on the wall of the house, seemingly waiting for him to come back.

Uh-huh!

The flame girl jumped down, and her graceful and perfect figure appeared in front of Ye Feng in an instant, bringing with her a burst of fragrant wind.

Ye Feng looked at the beautiful woman in front of him, smiled and asked, "How did you find where I live?"

The flame girl showed a beautiful smile, her beautiful eyes were like black gems, and said: "The master is now famous all over the world, and is a mythical existence in the Sword Sect. It is naturally very simple to find your residence, and I heard Yes, tomorrow it is said that thousands of female disciples of the Sword Sect will come to your residence to hold a grand support ceremony. "

"Response ceremony? What do you mean?"

Ye Feng was a little dumbfounded.

The Flame Girl said: "Now the Great Yan Imperial Family and the Sky Poison Sect have spoken out, asking the Sword Sect to hand over you as their master, otherwise the two major forces will gather together to destroy the Sword Sect. Therefore, the countless female disciples of the Sword Sect are also your countless Female fans, I want to support you." Ye Feng and Jian Wushuang quickly arrived at the entrance to this soul beast world.

Chapter 255: Let me protect you

"What, such a thing happened? Did the two major forces join forces to put pressure on the sect?"

When Ye Feng heard what the flame girl said, his eyes suddenly showed a hint of coldness.

What he thought was indeed correct. The two major forces did not dare to attack Jian Zong openly and could only speak harshly.

"Where is that little bastard Ye Feng? He actually dared to kill Nangong Lingtian and the four guardians of the Sky Poison Sect. He is a troublemaker and a scourge!"

Suddenly at this moment, a cold and angry voice suddenly sounded throughout the entire Sword Sect.

Wow!

And almost at the next moment, a martial arts aura as huge as the sea surged out around Ye Feng's residence.

An old man in white clothes suddenly appeared high in the sky.

"It's the Supreme Elder!"

"How could the Great Elder say such a thing?"

"You don't know this, right? The Supreme Elder is an old member of the Zhetian Alliance. Now it has been revealed that Senior Brother Ye Feng is the mysterious demonic genius who disobeyed Senior Brother Long Zhetian. The Supreme Elder is now watching. Seeing that Senior Brother Ye Feng is so talented, he naturally wants to get rid of Ye Feng to prevent him from posing a threat to Long Zhetian in the future. "

Many disciples who knew the inside story were talking among themselves at this time.

The Supreme Elder was currently stepping under the blue sky, and his martial arts aura made him look like a giant.

He looked down at Ye Feng with a cold voice and said: "Ye Feng, you are so bold and have caused such a huge disaster. If you really think about the Sword Sect, then go out on your own initiative and take the responsibility of offending the two major forces. I must die to apologize for my sins!"

Ye Feng stared at the Supreme Elder, knowing that this Supreme Elder was using the situation to force him to die.

But how could Ye Feng fulfill this old man's wish?

Ye Feng directly said: "Great Elder, ask yourself, are you really thinking about Jianzong? No! You are not at all! You are a member of the Zhetian Alliance and a partner of Long Zhetian. You You want to use this opportunity to get rid of me directly."

"you.....!"

Hearing Ye Feng say it so directly, the Supreme Elder immediately became furious and said: "You! You are so rebellious! I will now teach all the seniors of the entire Sword Sect a lesson for such a rebellious brat like you! Now Young people really need a lesson!"

As the Great Elder said, his whole body suddenly

Release a monstrous murderous intention.

This Supreme Elder is a powerful seven-step martial arts master!

Very scary!

It is an existence at the level of an old monster!

At this time, he was not as simple as "teaching a lesson" as he said.

As soon as the Supreme Elder took action, he instantly released such huge murderous intent. The murderous intent was like a sea, and it was bone-piercingly cold, and it could freeze a person's soul and blood.

This is obviously going to kill Ye Feng!

"Great Elder, no! Ye Feng is now valued very much by Senior Long and the Sect Master. If you kill him, you will bear endless guilt!"

Suddenly at this time, Elder Huo Mei flew over from a distance.

This peerless female elder, facing the Supreme Elder, was still the same as before, guarding Ye Feng like a big sister.

"roll!"

But the Supreme Elder casually waved his hand, and a burst of energy attacked Elder Huo Mei.

"puff!"

Elder Huo Mei suddenly spurted out a mouthful of blood, dyeing her beautiful white face red.

"A naive little girl dares to interfere in my affairs. I'm so impatient!"

The Taishang Elder's tone was full of the majesty of a superior senior. A sharp sword suddenly appeared in his hand, and he stabbed in front of Elder Huo Mei.

"Anyone who stands in my way will die!"

The Grand Elder's tone was extremely cruel and cold, like cold iron.

"Boom!"

But suddenly at this moment, Ye Feng's golden fist came over and smashed the sword into pieces.

Boom! !

The powerful force was like a mountain colliding with the ocean. It knocked the Supreme Elder back a dozen steps before he stopped!

"What terrible brute force!"

Not to mention the countless people watching the battle around, even the Supreme Elder himself had eyes full of horror at this time.

You know, the Supreme Elder is an unparalleled powerhouse at the level of Seven-Step Martial Master!

"Xiao Fengzi, you..." Elder Huo Mei looked at Ye Feng, who was standing beside him, and suddenly hugged her into his arms, feeling an inexplicable shock in his heart.

Ye Feng smiled slightly and said: "Sister Huo Mei, back then you protected me in front of the Half-Step Emperor. This time, I will protect you." "What, such a thing happened? The two major forces actually joined forces to fight against the sect. Is there pressure on the door?"

When Ye Feng heard what the flame girl said, his eyes suddenly showed a hint of coldness.

What he thought was indeed correct. The two major forces did not dare to attack Jian Zong openly and could only speak harshly.

"Where is that little bastard Ye Feng? He actually dared to kill Nangong Lingtian and the four guardians of the Sky Poison Sect. He is a troublemaker and a scourge!"

And almost at the next moment, a martial arts aura as huge as the sea surged out around Ye Feng's residence.

An old man in white clothes suddenly appeared high in the sky.

"It's the Supreme Elder!"

"How could the Great Elder say such a thing?"

"You don't know this, right? The Supreme Elder is an old member of the Zhetian Alliance. Now it has been revealed that Senior Brother Ye Feng is the mysterious demonic genius who disobeyed Senior Brother Long Zhetian. The Supreme Elder is now watching. Seeing that Senior Brother Ye Feng is so talented, he naturally wants to get rid of Ye Feng to prevent him from posing a threat to Long Zhetian in the future. "

Many disciples who knew the inside story were talking among themselves at this time.

The Supreme Elder was currently stepping under the blue sky, and his martial arts aura made him look like a giant.

He looked down at Ye Feng with a cold voice and said: "Ye Feng, you are so bold and have caused such a huge disaster. If you really think about the Sword Sect, then go out on your own initiative and take the responsibility of offending the two major forces. I must die to apologize for my sins!"

Ye Feng stared at the Supreme Elder, knowing that this Supreme Elder was using the situation to force him to die.

But how could Ye Feng fulfill this old man's wish?

Ye Feng said directly: "Great Elder, ask yourself, are you really thinking about Jianzong? No! You are not at all! You are a member of the Zhetian Alliance and a partner of Long Zhetian. You You want to use this opportunity to get rid of me directly."

"you.....!"

Hearing Ye Feng say it so directly, the Supreme Elder immediately said angrily: "You! You are so rebellious! I will now teach all the seniors of the entire Sword Sect a lesson for such a rebellious brat like you! Now Young people really need a lesson!"

As the Great Elder said, his whole body suddenly

Release a monstrous murderous intention.

This Supreme Elder is a powerful seven-step martial arts master!

Very scary!

It is an existence at the level of an old monster!

At this time, he was not as simple as "teaching a lesson" as he said.

As soon as the Supreme Elder took action, he released such huge murderous intent in an instant. The murderous intent was like a sea, bone-piercingly cold, and could freeze a person's soul and blood.

This is obviously going to kill Ye Feng!

"Great Elder, no! Ye Feng is now valued very much by Senior Long and the Sect Master. If you kill him, you will bear endless guilt!"

Suddenly at this time, Elder Huo Mei flew over from a distance.

This peerless female elder, facing the Supreme Elder, was still the same as before, guarding Ye Feng like a big sister.

"roll!"

But the Supreme Elder casually waved his hand, and a burst of energy attacked Elder Huo Mei.

"puff!"

Elder Huo Mei suddenly spurted out a mouthful of blood, dyeing her beautiful white face red.

"A naive little girl dares to interfere in my affairs. I'm so impatient!"

The Taishang Elder's tone was full of the majesty of a superior senior. A sharp sword suddenly appeared in his hand, and he stabbed in front of Elder Huo Mei.

"Anyone who stands in my way will die!"

The Grand Elder's tone was extremely cruel and cold, like cold iron.

"Boom!"

But suddenly at this moment, Ye Feng's golden fist came over and smashed the sword into pieces.

Boom! !

The powerful force was like a mountain colliding with the ocean. It knocked the Supreme Elder back a dozen steps before he stopped!

"What terrible brute force!"

Not to mention the countless people watching the battle around, even the Supreme Elder himself had eyes full of horror at this time.

You know, the Supreme Elder is an unparalleled powerhouse at the level of Seven-Step Martial Master!

"Xiao Fengzi, you..." Elder Huo Mei looked at Ye Feng who was standing next to him, and suddenly hugged her into his arms, feeling an inexplicable shock in his heart.

Ye Feng smiled slightly and said: "Sister Huo Mei, back then you protected me in front of the Half-Step Emperor. This time, it's me who will protect you."

Chapter 256: Like a God

Ye Feng's eyes were full of coldness at this time.

He never thought that the Supreme Elder would be so heartless and crazy that he would kill even the elders of his own sect.

At this time, Ye Feng guarded Elder Huo Mei behind his back.

A powerful martial arts energy surged out of his body, forming a protective circle to resist the terrifying aura of the Supreme Elder.

The Supreme Elder's eyes looked a little uncertain at this time.

Because the punch Ye Feng just fired was really terrifying.

However, the Taishang Elder did not think for a long time because he had to kill Ye Feng today.

This Ye Feng's talent is really terrifying. If he grows up, he will definitely become Long Zhetian's biggest enemy.

At this time, everyone on the field was watching nervously.

Because they knew very well that if an old monster like the Supreme Elder took action today, it would definitely be the day that decided Ye Feng's fate.

"Ye Feng, little bastard, I didn't expect that you have grown to this point now. This is something that no one expected, not even me."

The Supreme Elder made a cold voice, and he didn't know whether he was expressing admiration or ridicule.

Ye Feng was unmoved, and said indifferently: "The Supreme Elder, you have such great majesty and status. Since you chose to take action today, it is exactly what I want, and I will put you in the spotlight. I will kill you and completely establish my inviolable majesty."

"Hahaha!"

The Supreme Elder immediately burst into disdainful laughter and shouted coldly: "Little brat, stop talking nonsense! Die for me!"

boom!

The Supreme Elder finally used his killer move.

He roared, and a huge pale yellow snake appeared above his head.

That's a Taigu Tuo snake!

"The soul of the evil beast! Devouring the sky and the earth!"

The Taishang Elder was no longer old at this time, and infinite demonic aura erupted from his whole body, like a real Taigu snake resurrected, full of supreme power and murderous aura.

"How terrible!"

Everyone's eyes were horrified.

Even if they were standing far away, they could still feel the profound aura that was like the power of heaven emanating from the Taishang Elder at this time, like an abyss and a prison, and unstoppable by human power.

But at this time, Ye Feng stood tall and proud, with no fear on his face.

He stared at the Supreme Elder and said indifferently: "The Supreme Elder, you really shouldn't take action. You think too highly of yourself. In this era, the world is no longer dominated by the strong elders."

Buzz!

Almost at the moment Ye Feng finished speaking.

His eyebrows suddenly cracked, and the infinite light of the deep sea appeared, spurting out all of a sudden, like flames in the sky, shining on the Supreme Elder in an instant.

"Ah! Light of the Deep Sea! You! You actually plundered Long Zhetian's...ah!!"

The Supreme Elder suddenly made a sound of extreme fear.

But before he could finish speaking, the entire body of the Supreme Elder was immediately illuminated by the light of the deep sea and began to burn.

His entire body was burning, making crackling sounds.

The Supreme Elder was speechless now. He was burned into a white skeleton by the light of the deep sea, and then fell to the earth from a high altitude.

The great elder of the Sword Sect died!

Ye Feng was standing high in the sky at this moment, with the light of the deep sea emanating from his brows, and with a wave of his hand, he burned a seven-step martial master to death, as if he were a god! Ye Feng's eyes were full of coldness at this time.

Chapter 257 Leaving

"hiss!"

"It's so terrible! The great elder died like this!"

"Senior Brother Ye Feng is actually so powerful!"

At this moment, everyone on the field made sounds of extreme horror.

Everyone's face now has the same expression, that is shock!

Unparalleled shock!

At this time, even Elder Huo Mei had a deep and incredible look in her beautiful eyes.

She was still worried about Ye Feng just now, but in the blink of an eye, Ye Feng showed his power and killed all the old monsters like the Supreme Elder.

Since returning from the ancient ruins, Ye Feng's name has indeed spread throughout the entire Sword Sect.

But everyone is not too clear about Ye Feng's strength.

But today, at this moment, Ye Feng released a divine light between his brows, instantly burning the Supreme Elder into bones.

This scene is really shocking.

This kind of combat power is really terrifying.

At this time, everyone finally had a clear understanding of Ye Feng's true strength.

This kind of powerful power is already comparable to Long Zhetian, the most legendary figure in the Great Yan Dynasty!

"If our Sword Sect has such a character, after he grows up, no! He has already grown up!"

It is very gratifying to have elders.

Ye Feng's current strength has become unrivaled in the world.

Even if the two major forces put pressure on Jian Zong at the same time, Ye Feng can still take charge of it alone.

He can no longer be called a young genius, but has truly grown into a powerful venerable!

"Ye Feng, come to me. I have something to tell you."

Suddenly at this moment, a grand and majestic voice sounded in the sky.

This voice was extremely familiar to Ye Feng. It was none other than the existence of the Sword Sect, Senior Long, Bai Yuchen!

Bai Yuchen has always been very

She took care of Ye Feng. When Ye Feng was very weak, she admired him very much and had great kindness to Ye Feng.

So Ye Feng didn't ask any questions, but said to the sky: "Okay, I'll go there immediately."

After the words fell, Ye Feng flew directly towards a certain direction deep in Jianzong.

Everyone on the field looked sad, as if they were still recalling the scene that shocked them just now.

Ye Feng's speed is naturally very fast now.

Soon he arrived at the previous guardian hall.

In front of the main hall, stood an old man wearing a golden robe.

It's Bai Yuchen whom I haven't seen for a long time!

At this time, Bai Yuchen stared at Ye Feng with a smile in his eyes and said, "The little guy back then has grown to this point now. Time flies really fast."

When Ye Feng heard what Bai Yuchen said, he couldn't help but smile and scratch his head, and said, "Senior Bai came to see me for something?"

Bai Yuchen nodded and said, "Yes, there are indeed some things. Follow me into the hall and I will tell you."

Ye Feng felt a little confused when he saw Bai Yuchen being so serious.

He thought Bai Yuchen was looking for him because of the two major forces joining forces to fight against Jian Zong.

But that doesn't seem to be the case now.

Because Ye Feng knows that now that he has grown to this point, it is not a problem to unite many strong men in the Sword Sect to deal with the two major forces.

With curiosity in his heart, Ye Feng walked into the hall.

After the two people sat down opposite each other.

Bai Yuchen suddenly said: "Ye Feng, I am leaving the Sword Sect."

"What?"

Ye Feng's eyes were suddenly startled, and he quickly said: "Senior Bai, are you leaving now? Where are you going?"

Ye Feng never expected that a lot of senior Bai would actually say they wanted to leave the Sword Sect at this time.

Are you going to travel around the world? "hiss!"

"It's so terrible! The great elder died like this!"

"Senior Brother Ye Feng is actually so powerful!"

At this moment, everyone on the field made sounds of extreme horror.

Everyone's face now has the same expression, that is shock!

Unparalleled shock! .??.

At this time, even Elder Huo Mei had a deep and incredible look in her beautiful eyes.

She was still worried about Ye Feng just now, but in the blink of an eye, Ye Feng showed his power and killed all the old monsters like the Supreme Elder.

Chapter 258 Request

Ye Feng's eyes were full of doubts at this time.

Bai Yuchen smiled slightly and said: "I also have my own things to do, and I have a lot of responsibilities that need to be completed."

When Ye Feng heard what Bai Yuchen said, he immediately nodded.

He knew that Bai Yuchen was an old man with a story.

Bai Yuchen's identity is definitely not just as simple as an elder of the Sword Sect.

Ye Feng immediately said: "Senior Bai, I have a request."

Bai Yuchen smiled and said, "If you have any requests, just say them directly."

Ye Feng said: "I want to ask Senior Bai to help me. I want to destroy the entire Sky Poison Sect."

Ye Feng spoke at this time, his tone was extremely firm, with a coldness as cold as cold iron. ??

When he was in the ancient ruins, he was almost tortured to death by the people of the Sky Poison Sect.

Moreover, many senior brothers and sisters of the Sword Sect almost encountered death crises.

At that time, Ye Feng said it in front of everyone.

If you get out, you must destroy the Sky Poison Sect.

After all, the background of the Dayan royal family is too deep, so Ye Feng has not considered it for the time being.

Moreover, the only person he offended was the Prince Zhenbei of the Great Yan royal family.

The real Emperor Dayan did not express his position.

Therefore, Ye Feng would not take the initiative to provoke the real Great Yan royal family.

But today the Poison Sect must be destroyed.

"good."

Bai Yuchen nodded, without any shock in his tone, as if he just agreed to Ye Feng's small request.

Perhaps, in the eyes of this mysterious "Senior Long", the Sky Poison Sect and so on are just some small local forces that are not popular.

Even Ye Feng could feel that Bai Yuchen in front of him actually had no special feelings for the entire Sword Sect.

He seems to be temporarily living in the Sword Sect for some reason.

Hidden hidden cultivation.

However, Bai Yuchen didn't say much, and Ye Feng didn't ask any more questions.

Now he just wants to invite Bai Yuchen out.

Although now I have stepped into the third step of martial arts.

But after all, the Tiandu Sect is a super powerful force in a dynasty that can rival the Great Yan Royal Family.

Therefore, the foundation of Tiandu Sect should still be very profound.

Ye Feng originally wanted to win over the sect master, but as the sect master is the leader of a sect, if he really goes to Tiandu Sect to kill people, the impact may not be very good.

But this talented disciple like myself can do it.

Young people are always young and frivolous, and they must avenge themselves. Moreover, the Sky Poison Sect almost wiped out all the core disciples of the Sword Sect in the ancient ruins. Ye Feng went to the Sky Poison Sect to fight and was considered a master.

In fact, Ye Feng destroyed the Sky Poison Sect, in addition to revenge, there is another reason, that is, there must be countless wealth in a top sect like the Sky Poison Sect.

According to Flame Girl, the protector of the Sky Poison Sect who rebelled under her command, a majestic mountain with a height of one thousand meters was hollowed out in the deepest part of the Sky Poison Sect.

The interior of the mountain was hollowed out manually, and everything inside was the Tiandu Sect's savings over the past several hundred years.

This made Ye Feng extremely greedy and coveted.

The Divine Art of Creation he practiced was to constantly plunder everything from the outside world to enrich and strengthen himself.

The Divine Secret of Creation is said to be a divine secret, but Ye Feng sometimes feels that it is simply more domineering and terrifying than the magic secrets of many demon emperors.

Even Shang was full of praise for Ye Feng's practice.

However, Ye Feng did not tell the old devil dragon his true origin and identity.

Although now he and this old demon dragon are considered comrades-in-arms.

But Ye Feng felt that it was too early to reveal his identity now.

He also needs to be a little more cautious.

Because my life experience and the things involved are really amazing. Ye Feng's eyes were full of doubts at this time.

Bai Yuchen smiled slightly and said: "I also have my own things to do, and I have a lot of responsibilities that need to be completed."

Chapter 259: The Great Demon King

Early the next morning.

Ye Feng led a group of core disciples of the Sword Sect, including Jian Wushuang, and immediately rushed towards the Sky Poison Sect.

Ye Feng raised his head slightly and looked at the sky. Above the white clouds, a god-like figure was walking in the void.

It is "Senior Dragon" Bai Yuchen!

After Ye Feng said goodbye to Bai Yuchen yesterday, he immediately contacted the many core disciples of the Sword Sect who had entered the ancient ruins together.

These core disciples are the mainstay of the Sword Sect.

Their strength is very strong.

Perhaps next to Ye Feng, these core disciples seemed a little weak.

But you must know that it is because they are comparing Ye Feng's combat power.

If these people did not use Ye Feng as a reference and each of them walked out of the sect independently, then every core disciple would be a first-class genius who could intimidate a party and be very powerful.

So this time Ye Feng went to Tiandu Sect and called out everyone.

Ye Feng's power is now at its peak among the entire Sword Sect.

Under the spotlight of everyone, he even killed the Supreme Elder of the Zhe Tian Alliance.

This is simply tremendous majesty and power.

Many members of the Zhetian Alliance were extremely afraid of Ye Feng at this time.

Now they only hope that their leader Long Zhetian can come back soon.

Now Ye Feng, in the eyes of many people, is already a lawless devil!

...

Three whole days.

Ye Feng led hundreds of core disciples and rushed towards the Sky Poison Sect.

Along the way, they were aggressive and attracted many practitioners from the Great Yan Dynasty.

Many powerful people are watching in secret.

These powerful people were all very shocked.

Things to know

He said, although Ye Feng and his group are young people, their individual strength and cultivation are all terrifyingly powerful.

First of all, Ye Feng is a three-step martial arts master!

Secondly, Jian Wushuang, the true disciple of the sect leader, also gained some insights after experiencing the ordeal of the ancient ruins. He finally broke through the last shackles in the past few days and stepped into the step of martial master!

In addition, the hundreds of core disciples of the Sword Sect behind the two of them, the mainstay of a super large sect, are all strong men at the Wuzong level.

Two martial arts masters!

Hundreds of martial arts sects!

Such a force is like a torrent of steel, enough to wipe out all the forces in the Great Yan Dynasty except for the three major forces.

So at this time, the people from all the major forces in the dynasty along the way looked at each other with surprise and talked a lot.

"They are a group of people who are all aggressive and murderous. Where are they going?"

"Did you see that the leader is the recently famous Ye Feng, and that Jian Wushuang, they are the top young people in our Great Yan Dynasty."

"This Ye Feng is simply like a lawless demon king. Originally, the countless core disciples of Sword Sect were all dragons, and they have always been leaderless. But now that the dragons have Ye Feng as their 'head', they will erupt into monstrous things." Terrifying killing power."

"Anyway, let's follow up secretly to see what earth-shattering thing these young people want to do?"

At this time, people from all major forces had eyes full of curiosity, excitement, confusion, etc.

Ye Feng and others have strong cultivation and strong perception. Naturally, they heard many spies from major forces around them, all of whom were hiding.

But Ye Feng and others didn't care at all. This time they were so powerful that they wanted to destroy the Sky Poison Sect in one fell swoop. This was destined to be a major event that shocked the world, and there was no need to be secretive.

It is just right for the people of the world to see that he, Ye Feng, and the Sword Sect are not easy to mess with, and it is also just enough to scare the Zhenbei Palace of the Great Yan royal family, not to be too arrogant and offend Ye Feng. Early the next morning.

Ye Feng led a group of core disciples of the Sword Sect, including Jian Wushuang, and immediately rushed towards the Sky Poison Sect.

Ye Feng raised his head slightly and looked at the sky. Above the white clouds, a god-like figure was walking in the void.

At this time, people from all major forces had eyes full of curiosity, excitement, confusion, etc.

Ye Feng and others have strong cultivation and strong perception. Naturally, they heard that many spies from major forces around them were hiding.

But Ye Feng and others didn't care at all. This time they were so powerful that they wanted to destroy the Sky Poison Sect in one fell swoop. This was destined to be a major event that shocked the world, and there was no need to be secretive.

It is just right for the people of the world to see that he, Ye Feng, and the Sword Sect are not easy to mess with, and it is also just enough to scare the Zhenbei Palace of the Great Yan royal family, not to be too inflated and offend Ye Feng.

Chapter 260 Domineering

Outside Tiandu Gate.

It is a land of green mountains and green waters, which is different from the imagined environment of Tiandu Sect.

After all, in the minds of many people, poison sects like Tian Po Sect must be crawling with all kinds of poisons, poisonous insects, etc. everywhere.

But when Ye Feng and a group of Sword Sect disciples came over, what they saw was beautiful scenery.

If it weren't for the fact that there was an ancient stone tablet in front of the mountain gate with the words "Sky Poison Gate" written on it, everyone might have thought they were in the wrong place.

"The place they came to turned out to be Tiandu Sect!"

"It turns out that these young people are so aggressive and want to attack the Sky Poison Sect!"

At this time, the people from all the major forces hiding in secret looked extremely shocked.

They never thought that Ye Feng and a group of core disciples of the Sword Sect would be so aggressive and murderous, and they would actually want to find trouble with the Sky Poison Sect.

"I am Ye Feng!"

Ye Feng stepped forward without any nonsense. He stepped directly into the air and shouted to the entire Tiandu Sect: "Everyone in the Sky Poison Sect, listen, I am here this time to destroy the entire Tiandu Sect." Sky Poison Sect, but I will not kill innocent people indiscriminately. As long as some of you in the Sky Poison Sect give in or choose to escape from the Sky Poison Sect, I will not take action and I will let you leave safely."

The moment Ye Feng's words fell, the countless people from various major forces watching around him were suddenly so horrified that they broke out in cold sweat.

This great demon king is indeed here to destroy the Sky Poison Sect!

However, after Ye Feng finished speaking, there was no reaction from the Tiandu Sect.

"Stubborn!"

Ye Feng smiled coldly and stretched out a hand.

Buzz!

Terrifying power erupted. Ye Feng stood high in the sky and pressed down. Suddenly, a majestic golden hand appeared in the void and struck down.

"Boom!!"

A huge roar suddenly sounded, and the entire Tiandu Gate was instantly shattered by the bombardment.

Wow!

Wow!

Large tracts of earth and rocks rolled down one after another.

The entire mountain seemed to be collapsing, and the scene was extremely terrifying.

At this time, people from all the major forces around were shocked.

Their shock was twofold.

First, with one of Ye Feng's random hands, he could manifest a golden hand like a god and shatter a large mountain in one go. This kind of combat power was really too terrifying.

Secondly, Ye Feng was too overbearing. He would smash the Tiandu Sect's gate with a slap if he disagreed with him.

This kind of behavior is truly like that of a lawless demon king, who goes his own way, kills decisively, and doesn't say any nonsense to the people of Tiandu Sect.

There are only two results, either hurry up and escape, or be killed.

"Uh-huh!"

At this time, a group of people with frightened and angry expressions finally came out of the Sky Poison Sect.

These are the disciples and the guardian elders of the Sky Poison Sect.

At this time, they all stared at Ye Feng with angry eyes and shouted: "Ye Feng, you are so presumptuous!"

"Am I presumptuous?"

Ye Feng smiled coldly and said: "When we were at the ancient ruins, hundreds of us were almost wiped out by your Tiandu Sect's conspiracy, and these days you have not been putting pressure on Jian Zong, asking Jian Zong to Hand me over? I'm standing here now. I'm here to die. You guys are here to kill me!"

boom!

When Ye Feng said this, a terrifying and overbearing murderous intention burst out from his whole body.

His whole person was as powerful as the abyss and the sea, giving the impression that he was like an ancient god who suddenly stood up from the void, very suffocating. Outside Tiandu Gate.
