Chapter 2511 Lord of Chaos

Ye Feng suddenly displayed such a powerful peak attack at this moment, and his face became slightly pale.

Because almost all the power in the body was consumed in this most terrifying attack.

But the effect of this terrifying attack is also very good.

In one fell swoop, Xiao Tianshen's clone was beaten to pieces and completely obliterated.

At this moment, Ye Feng walked to the place where Xiao Tianshen died, reached out to grab it, put the torn corpse into a storage ring, and then continued to grab a radiant gem in his hand.

This gem is the Chaos Gem!

But at this moment, Emperor Chu in his head suddenly said: "Although this gem contains the power of the Chaos Gem, it is not the real body of the Chaos Gem. It seems to be an imitation of the Chaos Gem." replica."

When Ye Feng heard what Emperor Chu said, his eyes suddenly showed a hint of astonishment.

He looked at the gem in his hand and couldn't help but said: "This is not the real chaos gem itself? It's just a copy?"

Emperor Chu said aloud: "Yes, I am now integrated with the soul gem, so I have a strong sense of other master gems. The stone in your hand now is not a real chaos gem, it is just a copy, but Although it is just a replica of the Chaos Gem, it still has nearly one-tenth of the power of the Chaos Gem, and it can be considered a treasure." ??.??

Ye Feng couldn't help but his eyes moved, and he said aloud: "Where is the real chaos gem? Isn't this Xiao Tianshen completely dead? This is impossible."

Buzz! !

Suddenly at this moment, the chaos gem in Ye Feng's hand burst out, and a huge beam of light directly connected the entire sky.

The scene that happened suddenly caught Ye Feng a little unprepared.

He noticed something was wrong and quickly put the chaos gem replica in his hand directly into his storage ring.

However, the beam of light that penetrated the entire sky erupted from the copy of the Chaos Gem just now, and it suddenly seemed to attract the attention of a super big shot.

Boom!

Almost at the next moment, a terrifying and boundless majestic momentum and power suddenly appeared across the entire world.

The direction in which this breath appears at this moment is the direction of the earth in the center of the God Realm.

In other words, the master of the momentum and power that descended at this time was a super big man in the center of the God Realm.

Buzz!

Ye Feng instinctively wanted to escape.

But at this time, Ye Feng discovered that a towering and boundless shadow of will suddenly appeared in the sky and grabbed it directly towards him.

The phantom of will said aloud: "Xiao Tianshen is an important chess piece that I have arranged in the four realms. I didn't expect that I would be completely killed by a stupid boy like you. Damn it, I am the center of the God Realm." The Holy Lord of the Holy Land of Chaos, the Lord of Chaos,

today I will completely refine you, my new chess piece. From now on, you will replace Xiao Tianshen and serve me."

When Ye Feng heard this majestic shadow of will say these words, his eyes immediately revealed a look of deep horror.

Unexpectedly, the replica of the Chaos Gem actually attracted the real owner of the Chaos Gem, a super big man in the center of the God Realm named

Lord of Chaos.

At this moment, Ye Feng immediately wanted to resist, because he didn't want to be the lackey of such a super big shot.

But at this time, Ye Feng couldn't resist at all.

Because that terrifying phantom power of will is too huge.

Ye Feng's current soul power is like an ant facing a giant in front of this phantom of will, with no power to resist at all.

A deep feeling of powerlessness made Ye Feng feel endless anger in his heart.

Sure enough, the power possessed by these super-big figures in the center of the God Realm is truly terrifying.

At that time, Ye Feng made the right choice not to rush to the center of the God Realm.

But at this moment, the soul gem in Ye Feng's mind suddenly burst out with a terrifying light.

Uh-huh!

Then Emperor Chu instantly flew out of Ye Feng's mind and transformed directly into a giant of red light. Carrying the power of the soul gem, he instantly rushed towards the terrifying shadow of will and started fighting with it instantly.

Rumble...

In an instant, terrifying soul fluctuations quickly burst out across the entire world.

But at the next moment, the phantom of the Lord of Chaos' will was so powerful that it crushed the giant of red light into pieces.

However, Ye Feng had a chance to breathe at this time.

He immediately ran away into the distance.

With the space gem opening up a space wormhole, Ye Feng quickly fled the scene.

Seeing that Ye Feng was about to run away completely.

But Emperor Chu, who was crushed to pieces at this moment, did not die.

Because the giant of red light was just a fighting body created by Emperor Chu using the soul gem.

At this moment, Emperor Chu said to Ye Feng in his mind: "Great, we finally escaped."

The shadow of the will of the Lord of Chaos not far away was angry at this moment: "Damn boy, you can't escape today, I want you to die completely!"

Almost at this moment, the Lord of Chaos immediately released a terrifying curse power.

"Curse of Chaos!"

After the Lord of Chaos released the Chaos Curse, he immediately laughed out loud: "Damn stupid boy, this Chaos Curse is a terrifying curse released by me using the body of the Chaos Gem. Even if it is hundreds of millions of miles away, it can still To completely seal you and put you into a permanent sleep is equivalent to turning you into a vegetative state, completely useless. "

It has to be said that this Lord of Chaos is extremely vicious.

At this moment, unable to catch up with Ye Feng, he actually released this terrifying chaotic curse.

Boom!

Almost at the next moment, a terrifying and chaotic curse fell directly on Ye Feng.

Ye Feng immediately felt that his soul was about to be completely sealed and fell into an endless sleep.

But at this moment, Emperor Chu yelled: "Ye Feng, I was cursed on your behalf, you must remember to save me!"

After the words fell, before Ye Feng could say anything, Emperor Chu directly activated the power of the soul gem, which directly collided with the chaotic curse that descended on Ye Feng's soul. Ye Feng suddenly displayed such a powerful peak attack at this moment, and his face became slightly pale.

Because almost all the power in the body was consumed in this most terrifying attack.

But the effect of this terrifying attack is also very good.

Ye Feng couldn't help but his eyes moved, and he said aloud: "Where is the real chaos gem? Isn't this Xiao Tianshen completely dead? This is impossible."

After the words fell, before Ye Feng could say anything, Emperor Chu directly activated the power of the soul gem, which directly collided with the chaotic curse that descended on Ye Feng's soul.

Chapter 2512 Repaying kindness

Boom!

Almost at the next moment, accompanied by an extremely violent soul roar, Emperor Chu and the soul gem introduced the chaos curse to himself.

Emperor Chu and the Soul Gem were sealed by the curse of chaos at this moment, falling into a permanent sleep without any energy fluctuations anymore.

Ye Feng was saved by Emperor Chu.

"What?!"

Not far away, Will, the Lord of Chaos, saw this scene and saw that Ye Feng was still running away and did not fall into a long sleep. He couldn't help but have a look of deep astonishment on his face.

But the next moment, he seemed to have thought of something, and immediately said with a cruel smile: "I understand, there must be an extremely powerful soul body in your soul to help you withstand this chaotic curse. However, Damn boy, even if you escape today and want to break the curse of chaos and wake up your friends from their long sleep, sooner or later you will still have to face me, because only the body of the chaos gem can bring chaos to the end. The curse has been lifted, you hateful boy, we will meet again in the future, and when my true form comes, I must completely wipe out this hateful boy like you." .??.

At this moment, after the words fell, the shadow of the will projected here by the Lord of Chaos finally dissipated its energy and completely disappeared.

At this time, Ye Feng quickly fled the scene and came to a remote place deep in the wilderness.

After confirming that there was no danger, Ye Feng immediately anxiously explored the state of his soul.

At this moment, he immediately saw that Emperor Chu and the soul gem in his soul were sealed by a dark curse mark.

Trapped by the Chaos Curse, he fell into an eternal sleep.

Even if Ye Feng used the Soul Emperor Seal and Chaos Gem replica to attack, it would be of no use at all.

at this time

Ye Feng heard the last words spoken by the Lord of Chaos before, and he immediately understood in his heart. I am afraid that only the Chaos Gem itself can unlock this chaos curse and save Emperor Chu and the Soul Gem.

At this moment, Ye Feng's eyes were a little ugly.

Because Emperor Chu and the soul gem had fallen into a deep sleep and were cursed, he was missing a huge trump card.

Moreover, in order to save himself, Emperor Chu was willing to confront the Chaos Curse head-on. Ye Feng was very moved by him and must save Emperor Chu.

"Lord of Chaos, when I reach the center of the God Realm, I will kill you first to sacrifice the flag!"

At this moment, Ye Feng couldn't help but say a harsh word.

Then Ye Feng quickly left this wilderness and returned to the Northern Immortal Palace.

In any case, this time Xiao Tianshen was completely killed, and Ye Feng was considered a great success.

It's just that Emperor Chu and the soul gem fell into a deep sleep and fell into a long sleep, leaving Ye Feng to face a powerful enemy like the Lord of Chaos.

Ye Feng decided that he would leave for the center of the God Realm as soon as possible.

Whether it is to kill the Lord of Chaos, snatch the Chaos Gem, save Emperor Chu and the Soul Gem and seal.

Or to find his mother and fight against the Chaos Gods.

Ye Feng couldn't waste any more time.

He can no longer stay in the Northern Immortal Palace.

He wants to go to the center of the God Realm as soon as possible.

After Ye Feng returned to the Northern Immortal Palace at this moment, he immediately came to the main hall of the Immortal Palace.

at this moment

, the Lord of the Immortal Palace is standing at the door of the Immortal Palace, as if he has been waiting for a long time.

Ye Feng did not tell the news that he went to kill Xiao Tianshen's clone.

He just asked aloud: "Has Xiao Tianshen, the Lord of the Immortal Palace, been completely obliterated?"

The Lord of the Immortal Palace smiled and said: "It has been completely wiped out. This time, thanks to Zeng Rou, who directly invited the seniors in the entire small world, Xiao Tianshen, this huge scourge, was finally eliminated. Obliterated abruptly."

Ye Feng immediately nodded, and then said loudly: "Lord of the Immortal Palace, I may not be able to stay in the Northern Immortal Palace anymore."

When the Lord of the Immortal Palace heard what Ye Feng said, there was a hint of surprise in his eyes, and he asked aloud: "Why? Now that Xiao Tianshen has been completely dealt with, in the future you will be in our Northern Territory Immortal The palace is definitely the most powerful

among the temple masters, and the future is bright, and I may even pass on the position of the next generation's master of the fairy palace to you. "

Hearing this, Ye Feng couldn't help but smile bitterly and said: "Lord of the Immortal Palace, I am going to the center of the God Realm. There are people I care about there, and there are also some things I must do."

When the Lord of the Immortal Palace heard what Ye Feng said, he was silent for a moment, and then said: "Okay, since you want to go to the center of the God Realm, then I support you. After all, the center of the God Realm is the entire God Realm. The most prosperous and prosperous place has more powerful inheritance and resources. For a peerless genius like you, going to the center of the God Realm is indeed the best choice, so that you can continue to become stronger quickly. "

Ye Feng nodded slightly and said, "Thank you, Lord of Immortal Palace, for your understanding."

At this time, the Lord of the Immortal Palace smiled and said: "I should be the one thanking you.

, if it were not for you Ye Feng, then once the disaster of Xiao Tianshen explodes, then our entire Northern Immortal Palace will probably face a huge disaster. But because of you Ye Feng, we have now completely nipped this hidden danger in the bud. Just obliterate it, Ye Feng, you have made a huge contribution to our Northern Immortal Palace. "

At this moment, the Lord of the Immortal Palace was speaking, and he bowed his hands deeply to Ye Feng.

Ye Feng hurriedly stepped forward, helped the Lord of the Immortal Palace, and said loudly: "Lord of the Immortal Palace, there is no need to be so polite. This is what I should do. After all, the Northern Immortal Palace has also trained me. I But I can't be ungrateful, I have to repay my kindness. I am a person who knows how to repay my kindness. I will kill my enemies with all my heart, but I am definitely grateful to my benefactors."

At this moment, after Ye Feng finished speaking, he was going to go to the Temple of Nature to find Zeng Rou and say goodbye to Zeng Rou, his best friend.

But at this moment, the Lord of the Immortal Palace appeared in his hand with a ring, handed it to Ye Feng, and said loudly: "This ring is Xiao Tianshen's storage ring, and no one has checked what is inside. Now I give it to you, you deserve it."

When Ye Feng heard this, his eyes immediately brightened, and without any pretense, he directly collected Xiao Tianshen's storage ring in his arms, and then said loudly: "Thank you, Lord of the Immortal Palace, for your gift."

After finishing speaking at this time, the Lord of the Immortal Palace continued to speak: "Ye Feng, before you leave the Northern Immortal Palace and go to the center of the God Realm, I hope you can participate in our Northern Immortal Palace's next visit to the Dark Swamp. At that time, all the overlord forces will participate in the attack on the base camp of the Underworld Demon Sect hidden in the depths. We in the Northern Immortal Palace still need Ye Feng, your powerful combat power, to help us one last time. "

When Ye Feng heard this, he immediately nodded and said, "Okay, Lord of Immortal Palace, don't worry, I will participate in this battle."

Chapter 2513 Battle against the Underworld Demon Cult

After Ye Feng and the Lord of the Immortal Palace continued to chat for a while, Ye Feng stood up and left.

Next, Ye Feng did not return to his Supreme Temple, but went to the Natural Temple.

Because he wanted to chat with Zeng Rou, the master of the Natural Temple.

After all, Ye Feng plans to leave the four major realms after fighting against the Underworld Demon Sect and go directly to the center of the God Realm.

But when Ye Feng came to the Natural Temple, Zeng Rou was practicing in retreat.

But Zeng Rou sensed the strong and familiar aura from Ye Feng in an instant, and immediately woke up from her cultivation state and came directly to Ye Feng.

At this time, Zeng Rou's eyes were full of joy, and she couldn't help but said: "Ye Feng, where did you go during the previous battle? I have been worried that something happened to you, but now that I see you have returned safely, I can It's really great."

Ye Feng smiled and said: "I don't have anything to do. I just went to deal with some personal matters. By the way, I am here to tell you something very important."

Zeng Rou looked at Ye Feng's eyes that seemed to be shining with different lights, and couldn't help but said, "What important thing is it?"

Ye Feng was silent for a while, and then said: "Zeng Rou, I am leaving the Northern Immortal Palace."

"What?"

Zeng Rou's eyes suddenly showed a hint of surprise, and she couldn't help but said: "Are you leaving the Northern Immortal Palace? Where are you going?"

Ye Feng looked at the sky in the distance, his eyes a little complicated, and said aloud: "I want to go to the center of the God Realm, because there are still things I have to do in the center of the God Realm, maybe after everything is over , I will choose to come back for retirement."

Hearing what Ye Feng said, Zeng Rou immediately trembled in her heart. She didn't expect that she had just reunited with Ye Feng and Ye Feng was about to leave.

At this time, Zeng Rou's eyes showed a hint of reluctance, because she didn't want Ye Feng to leave the Northern Immortal Palace just like that.

but

Now that Ye Feng has said this, he must have made up his mind. Even Zeng Rou may not be able to persuade Ye Feng not to leave.

Moreover, Zeng Rou saw a very complicated look in Ye Feng's eyes, which should be related to Ye Feng's experience.

Perhaps the Ye Feng in front of her was not as simple as she imagined. He must have had very complicated experiences and past.

At this moment, Zeng Rou couldn't help but walked up to Ye Feng, her eyes were extremely gentle, and she said loudly: "I will support you in everything you want to do. If you want to go to the center of the God Realm, then you must be careful. "

Ye Feng nodded slightly, and then said aloud: "I won't leave now, because I have promised the Lord of the Immortal Palace to fight against the base camp of the Underworld Demon Sect."

When Zeng Rou heard what Ye Feng said, her eyes suddenly showed a look of surprise, and she couldn't help but said: "I didn't expect that the Lord of the Immortal Palace would be so courageous this time, and he would go directly to the base camp of the Underworld Demon Sect."

Ye Feng smiled and said: "Not only our Northern Immortal Palace, but also the overlord forces in the other four regions will gather together to attack the Underworld Demon Sect and completely strangle this ancient Demon Sect in its cradle."

Zeng Rou nodded and said: "Now that the Chaos Demon Commander has been nipped in the bud, even if there are other Demon Commanders and Demon Generals in the Underworld Demon Sect, they are no longer a big threat."

Ye Feng nodded with a smile and said: "Yes, this time I am afraid that the Northern Immortal Palace and other ancient figures from other overlord forces will be dispatched. After all, the things involved in the Underworld Demon Sect are really too big and must be completely eliminated. , there can't be any omissions, otherwise it is very likely that the Underworld Demon Sect will come back again."

Zeng Rou nodded and said aloud: "Ye Feng, you can practice with me next, I will try my best to help you improve your combat power and

Cultivation level, this way you will have a lot of confidence when you go to fight against the Underworld Demon Sect. "

Ye Feng's eyes flashed, looking at Zeng Rou's cold but gentle face, he nodded and said, "Okay, let's practice together next."

Zeng Rou seemed to have a hint of shyness on her face.

It seemed that he heard the extra meaning in Ye Feng's tone.

But she didn't say much, and soon brought Ye Feng to her secret training room.

There was no one else here, and the two began to practice together...

Next.

After Ye Feng practiced for several days and nights in the Temple of Nature.

He returned to his supreme temple.

Then he began to devour the corpse of Xiao Tianshen, the demon god, that he had obtained before.

It has to be said that although this corpse of the Demon God has been dead for many years, the life energy contained in its body is still very majestic and terrifying.

After Ye Feng swallowed it, his cultivation level directly broke through the third level, and he instantly entered the eighth level of Dao Slaying Realm!

I have to say this is a huge improvement.

This made Ye Feng very happy. He didn't expect that he could break through so quickly at this last moment.

Just half a month later, Ye Feng heard a violent and urgent bell ringing throughout the Northern Immortal Palace.

Almost at the next moment, a message from the Lord of the Immortal Palace came to Ye Feng's ears: "The battle has begun, Ye Feng, come to the central square to gather."

Ye Feng immediately walked out of his secret training room and soon arrived at the central square of the Northern Immortal Palace.

He immediately saw a dense crowd of masters from the Northern Immortal Palace, all gathered in the central square, seemingly waiting for the next battle.

And at this moment, the masters of several other temples have all arrived

Got here.

Including some antique-level big shots that Ye Feng had never seen before, they all appeared on the field, and the aura of cultivation on their bodies was extremely terrifying.

When Ye Feng arrived, the Lord of the Immortal Palace immediately smiled and said: "You are finally here. This time I am going to let you lead the team to attack the entire base camp of the Underworld Demon Sect."

Ye Feng nodded and said with a smile: "I will definitely live up to the instructions of the Lord of the Immortal Palace."

The Lord of the Immortal Palace will not go to the dark swamp to fight against the Underworld Demon Cult this time.

Because as the leader of the Northern Immortal Palace, he needs to sit in the base camp of the Northern Immortal Palace at all times to maintain the safety of the entire Northern Immortal Palace.

So this time the Lord of Immortal Palace specially selected Ye Feng as the commander-in-chief.

This time, Ye Feng not only led many disciples and elders of the Northern Immortal Palace, but even some old antiques and the masters of several other major temples, all had to obey the arrangements of the commander-in-chief Ye Feng.

However, no one on the field was against Ye Feng at this moment, and even the eyes looking at Ye Feng showed awe.

Because during this period of time, the Lord of Immortal Palace had already made everything that Ye Feng had done public.

In everyone's minds, Ye Feng is now the great hero of the entire Northern Immortal Palace.

Because if Ye Feng hadn't discovered it early, Xiao Tianshen, the disguised Chaos Demon Commander, might have suddenly exploded, and the foundation of the entire Northern Immortal Palace Base Camp would have been destroyed.

Moreover, Ye Feng was originally the master of the Tenth Temple, and his status and strength were worthy of his current position as commander-in-chief.

At this moment, the Lord of the Immortal Palace looked at Ye Feng and said: "Noon has arrived, so you can lead our army from the Northern Immortal Palace directly to the Dark Swamp."

Ye Feng immediately faced the Lord of the Immortal Palace in the Northern Territory, clasped his fists, his eyes full of high-spirited fighting spirit, and said loudly: "Don't worry, Lord of the Immortal Palace, he will definitely return in triumph!"

Chapter 2514 Too hasty

Next, under the watch of the Lord of the Immortal Palace, Ye Feng, as the commander-in-chief, quickly set off with the huge team of the entire Northern Immortal Palace.

Along the way, the entire army was flying high in the sky.

Densely packed, like a dark cloud.

Blocking out the sky and the sun, it looked very shocking.

At this time, Ye Feng stood at the front of the entire team.

As the commander-in-chief, he naturally has to stand at the forefront of the entire team, as the leader of the entire Northern Immortal Palace army.

There are still many elders and strong men standing around Ye Feng.

These powerful elders all come from the small world in the Immortal Palace in the Northern Territory.

They are all old antiques practicing in seclusion in the small world.

At this time, they all came out of the small world one after another, becoming the most powerful combat force of the team this time.

Because this time going to the base camp of the Underworld Demon Cult is definitely very dangerous.

In order to wipe out all the remnants of the Huangquan Demon Sect, it is natural to use all the power to kill everyone in the Huangquan Demon Sect.

Because all the major overlords know very well that if they are not killed completely this time and allow the other members of the Underworld Demon Cult to escape, it is very likely that the Underworld Demon Cult will resurrect again.

In that case, it would be too annoying for the major overlord forces in the four major regions.

Therefore, this time the determination of the controllers of all the hegemonic forces in the four major domains is extremely determined.

They want to completely kill everyone in the Underworld Demon Cult.

We must completely let the Underworld Demon Sect become a thing of history and never resurrect again.

In this case, the four major domains will not encounter any obstacles in their subsequent development.

The entire four domains will once again enter an era of peace.

Buzz!

At this moment, Ye Feng was flying high in the sky with a group of troops from the Northern Immortal Palace, and soon arrived at the edge of the dark swamp.

At this time, an old and powerful man from the Northern Immortal Palace next to Ye Feng looked around and found that it was empty. He couldn't help but said: "Commander Ye Feng, which direction should we go now?"

Ye Feng smiled slightly and said, "Just follow me. I have been to the base camp of the Underworld Demon Cult, so I know where it is, at the very end of this dark swamp."

But at this time, another old antique strongman said: "We may be the first to come to the entrance of this dark swamp. No one from the other overlord forces has come yet. Let's wait for them to come together, and then go Attack the Underworld Demon Cult."

Ye Feng nodded: "That's right. We will attack after all the other overlord forces come together. In this case, our Northern Immortal Palace will not become cannon fodder, because the first one to attack will definitely be dead and wounded. The most serious thing, and it will scare the snake away. Since we want to completely destroy the Underworld Demon Sect this time, we must join forces to surround the entire base camp of the Underworld Demon Sect. No one in the demon path can be let go, and they will be completely killed! "

Hearing what Ye Feng said, several old and powerful men around him nodded one after another, looking at Ye Feng with admiration in their eyes.

I didn't expect Ye Feng to be able to figure this out. He was full of wisdom.

Unlike other young people, once they have supreme power, they will become very impulsive and do some very irrational things in a fit of passion.

At this moment, everyone saw that Ye Feng was very calm.

Obviously, the Lord of Immortal Palace gave Ye Feng the position of commander this time after careful consideration.

This is a young talent worthy of entrustment.

At this time, Ye Feng stood there and began to wait silently.

In less than half a day, extremely powerful teams finally arrived from other directions in the distance.

These teams all come from the major overlord forces in the four major regions.

However, Ye Feng did not see a few old acquaintances who entered the dark swamp with him last time.

Maybe they all have a psychological shadow of the Dark Swamp and don't dare to come here again.

But this time, the superpowers brought by other overlord forces are all very powerful, and the cultivation auras on each of them are very powerful, and they have no intention of hiding their clumsiness.

Obviously, the upper echelons of the major overlord forces attach great importance to this campaign against the Underworld Demon Cult, and have dispatched the strongest men from their respective forces.

At this moment, the leaders from other overlord forces came to the Northern Immortal Palace one after another and said loudly: "Who is the commander of your Northern Immortal Palace this time?"

When Ye Feng heard this, he immediately stepped forward and said, "That's right."

The commanders of several other overlord forces couldn't help but have a hint of surprise in their eyes when they saw Ye Feng being so young.

They seemed to have never expected that the Northern Immortal Palace, which dominated the northern land, would send such an ordinary-looking young man as the commander of this huge campaign.

This makes many powerful masters of the overlord force somewhat puzzled.

Even the commander of the overlord force couldn't help but said: "Is the Lord of the Northern Immortal Palace joking? Why send a young man to be the commander of the entire Northern Immortal Palace?"

At this time, another commander-in-chief of the overlord force looked at the old antique strongmen from the Northern Immortal Palace around Ye Feng and said, "You seniors from the Northern Immortal Palace, why would you obey the orders of a young man? This is really hard for us to understand. The person who is going to attack this time is the terrifying Underworld Demon Sect! Even if you, the Lord of the Immortal Palace in the Northern Territory, want to promote a newcomer, you cannot be so hasty and let a young man take this position! The commander-in-chief of this expedition, this is really a bit too childish!"

At this time, the commanders of several overlord forces were obviously very angry.

I feel that the Northern Immortal Palace is simply a joke.

They attach so much importance to this battle.

But the Northern Immortal Palace let a little kid serve as its commander?

It's really too hasty!

However, Ye Feng suddenly smiled at this time and said: "Since all the commanders of the overlord forces have opinions about me, then my subordinates will see the truth."

Almost at the moment Ye Feng finished speaking.

Boom! !

His whole body suddenly erupted with a terrifying aura.

That kind of terrifying momentum, like a vast ocean, burst out from Ye Feng's body in an instant, full of endless vastness and depression.

At this moment, Ye Feng seemed to have transformed from a gentle young man into an ancient terrifying beast.

The momentum is overwhelming!

Fighting power soars into the sky! Next, under the watch of the Lord of the Immortal Palace, Ye Feng, as the commander-in-chief, quickly set off with the huge team of the entire Northern Immortal Palace.

Along the way, the entire army was flying high in the sky.

Densely packed, like a dark cloud.

Blocking out the sky and the sun, it looked very shocking.

At this time, Ye Feng stood at the front of the entire team.

As the commander-in-chief, he naturally has to stand at the forefront of the entire team, as the leader of the entire Northern Immortal Palace army.

There are still many elders and strong men standing around Ye Feng.

These powerful elders all come from the small world in the Immortal Palace in the Northern Territory.

They are all old antiques practicing in seclusion in the small world.

At this time, they all came out of the small world one after another, becoming the most powerful combat force of the team this time.

Because this time going to the base camp of the Underworld Demon Cult is definitely very dangerous.

In order to wipe out all the remnants of the Huangquan Demon Sect, it is natural to use all the power to kill everyone in the Huangquan Demon Sect.

Because all the major overlords know very well that if they don't kill them all this time and allow the other members of the Underworld Demon Cult to escape, it is very likely that the Underworld Demon Cult will resurrect again.

In that case, it would be too annoying for the major overlord forces in the four major regions.

Therefore, this time the determination of the controllers of all the hegemonic forces in the four major domains is extremely determined.

They want to completely kill everyone in the Underworld Demon Cult.

We must completely let the Underworld Demon Sect become a thing of history and never resurrect again.

In this case, the four major domains will not encounter any obstacles in their subsequent development.

The entire four domains will once again enter an era of peace.

Buzz!

At this moment, Ye Feng was flying high in the sky with a group of troops from the Northern Immortal Palace, and soon arrived at the edge of the dark swamp.

At this time, an old and powerful man from the Northern Immortal Palace next to Ye Feng looked around and found that it was empty. He couldn't help but said: "Commander Ye Feng, which direction should we go now?"

Ye Feng smiled slightly and said, "Just follow me. I have been to the base camp of the Underworld Demon Cult, so I know where it is, at the very end of this dark swamp."

But at this time, another old antique strongman said: "We may be the first to come to the entrance of this dark swamp. No one from the other overlord forces has come yet. Let's wait for them to come together, and then go Attack the Underworld Demon Cult."

Ye Feng nodded: "That's right. We will attack after all the other overlord forces come together. In this case, our Northern Immortal Palace will not become cannon fodder, because the first one to attack will definitely be dead and wounded. The most serious thing, and it will alert the snake, since

this time we want to completely destroy the Underworld Demon Sect, we must work together to surround the entire base camp of the Underworld Demon Sect. No one in the demon path can be let go, and they will be completely wiped out! "

Hearing what Ye Feng said, several old and powerful men around him nodded one after another, looking at Ye Feng with admiration in their eyes.

I didn't expect Ye Feng to be able to figure this out. He was full of wisdom.

Unlike other young people, once they have supreme power, they will become very impulsive and do some very irrational things in a fit of passion.

At this moment, everyone saw that Ye Feng was very calm.

Obviously, the Lord of Immortal Palace gave Ye Feng the position of commander this time after careful consideration.

This is a young talent worthy of entrustment.

At this time, Ye Feng stood there and began to wait silently.

In less than half a day, extremely powerful teams finally arrived from other directions in the distance.

These teams all come from the major overlord forces in the four major regions.

However, Ye Feng did not see a few old acquaintances who entered the dark swamp with him last time.

Maybe they all have psychological shadows about the Dark Swamp and don't dare to come here again.

But this time, the superpowers brought by other overlord forces are all very powerful, and the cultivation auras on each of them are very powerful, and they have no intention of hiding their clumsiness.

Obviously, the upper echelons of the major overlord forces attach great importance to this campaign against the Underworld Demon Cult, and have dispatched the strongest men from their respective forces.

At this moment, the leaders from other overlord forces came to the Northern Immortal Palace one after another and said loudly: "Who is the commander of your Northern Immortal Palace this time?"

When Ye Feng heard this, he immediately stepped forward and said, "That's right."

The commanders of several other overlord forces couldn't help but have a hint of surprise in their eyes when they saw Ye Feng being so young.

They seemed to have never expected that the Northern Immortal Palace, which dominated the northern land, would send such an ordinary-looking young man as the commander of this huge campaign.

This makes many powerful masters of the overlord force somewhat puzzled.

Even the commander of the overlord force couldn't help but said: "Is the Lord of the Northern Immortal Palace joking? Why send a young man to be the commander of the entire Northern Immortal Palace?"

At this time, another commander-in-chief of the overlord force looked at the old antique strongmen from the Northern Immortal Palace around Ye Feng and said, "You seniors from the Northern Immortal Palace, why would you obey the orders of a young man? This is really hard for us to understand. The person who is going to attack this time is the extremely terrifying Underworld Demon Sect! Even if you, the Lord of the Immortal Palace in the Northern Territory, want to promote a newcomer, you cannot be so hasty and let a young man take this position! The commander-in-chief of this expedition, this is really a bit too childish!"

At this time, the commanders of several overlord forces were obviously very angry.

I feel that the Northern Immortal Palace is simply a joke.

They attach so much importance to this battle.

But the Northern Immortal Palace let a little kid serve as its commander?

It's really too hasty!

However, Ye Feng suddenly smiled at this time and said: "Since all the commanders of the overlord forces have opinions about me, then my subordinates will see the truth."

Almost at the moment Ye Feng finished speaking.

Boom! !

His whole body suddenly erupted with a terrifying aura.

That kind of terrifying momentum, like a vast ocean, burst out from Ye Feng's body in an instant, full of endless vastness and depression.

At this moment, Ye Feng seemed to have transformed from a gentle young man into an ancient terrifying beast.

The momentum is overwhelming!

Fighting power soars into the sky!

Chapter 2515 Incredibly strong

Boom! !

Almost at this moment, Ye Feng actually took action directly against the commanders of several overlord forces!

You know, we are attacking the commanders of all overlord forces together!

Rather than singled out.

"What?!"

"How dare this young man from the Northern Immortal Palace directly attack the commanders of the major overlord forces?" .??.

"Is he crazy?"

"Even some old antiques wouldn't dare to do this!"

"It's just looking for death!"

At this moment, countless people around saw this scene, and their eyes instantly showed deep shock.

They never thought that the young commander of the Northern Immortal Palace would be so courageous.

"Rumble..."

Ye Feng's every move at this moment is full of terrifying and boundless power. He has definitely surpassed the cultivation level of Dao Slayer Realm, and exploded with the terrifying power of Dao Enlightenment Realm level!

Boom! !

Almost at the next moment, the commanders of several overlord forces took action.

Their eyes were all shocked.

Unexpectedly, Ye Feng, a young boy, would dare to attack them directly.

How audacious!

"Let's take action together and teach this kid a lesson!"

"That's right! This kid must be taught a lesson, otherwise young people will become extremely arrogant in the future."

boom!

boom!

Almost at this moment, all the commanders of the major overlord forces took action.

They all burst out with their own extremely powerful methods and inheritance.

"Solar energy light wave!"

"The Blood God's Heaven-Destroying Hand!"

"The Great Nine Elements of World-Destroying Divine Light!"

"The Dragon God's Infinite Devouring Heaven Technique!"

"..."

Boom!

Boom! !

Almost at the next moment, the entire field suddenly fell into an extremely terrifying chaotic collision.

The terrifying energy light waves spread rapidly around, almost shattering most of the dark swamp in an instant.

"boom!!"

But just the next moment.

Under the shocked eyes of countless people.

The commanders of all the overlord forces were instantly blown away by Ye Feng's huge hand.

Bang!

Bang!

Then all the overlord commanders fell hard to the ground in front of their respective teams in an instant.

Their attacks were all shattered by Ye Feng in an instant!

Ye Feng defeated all the leaders of the overlord forces in an instant!

"What?!"

Everyone saw this scene, their eyes were full of deep horror.

They never thought that Ye Feng, a seemingly ordinary young man, would possess such terrifying power.

With one hand, the commanders of the major overlord forces were all slapped away?

It can be said to be extremely scary!

"powerful!"

"Incredibly strong!"

Countless people couldn't help but exclaimed in amazement at this moment.

At this moment, the eyes of the commanders of several overlord forces no longer looked disdainful, but instead were filled with deep solemnity.

They stared at Ye Feng and couldn't help but said: "Why is this young man so powerful? When did such a powerful monster appear in the Northern Immortal Palace?"

Evil genius? "

And at this time, suddenly the commander of a certain overlord force seemed to have thought of something, and couldn't help but exclaimed: "Is this young man Ye Feng? The latest tenth man from the Northern Immortal Palace The master of the temple is said to be the key figure in annihilating the Chaos Demon Commander!"

"He is Ye Feng?!"

hiss! ! ??

Almost at the moment when the commander of the overlord force finished speaking.

There was a burst of gasps throughout the entire field.

Even because there were too many people gasping.

The air in the entire field was sucked out, and the surrounding world fell into a vacuum state for an instant.

Many disciples with weak cultivation fainted on the ground due to lack of oxygen.

At this moment.

Countless people stared at Ye Feng, with endless shock in their eyes.

No one expected that the Lord of the Immortal Palace would be so generous and directly dispatched Ye Feng, the future peerless talent of the Northern Immortal Palace.

"He is really worried about Ye Feng's safety."

Many powerful men from the overlord forces couldn't help but smile bitterly and shook their heads.

If it were other forces, they would definitely protect super geniuses like Ye Feng deeply and guard them well in their respective power bases.

But I didn't expect that the Northern Immortal Palace would be so relieved to let Ye Feng come out and lead the team.

However, thinking of the terrifying power that Ye Feng had just unleashed, many of the other powerful overlords felt relieved.

After all, who can hurt Ye Feng?

It is estimated that it can no longer be found in the Four Realms.

At this moment, Ye Feng saw the shocked eyes of everyone, and there was a hint of surprise in his eyes.

He never thought of it,

His current reputation seems to be very high among the four major domains.

But at this time, Ye Feng didn't say much, but smiled slightly and said: "Since all the commanders have recognized my strength, let's attack the base camp of the Underworld Demon Sect together, the base camp of the Underworld Demon Sect. I've been there once before, so I know where it is, so just follow me."

At this moment, after Ye Feng finished collecting, everyone nodded.

No other strong man dared to challenge Ye Feng.

Because Ye Feng's instant burst of strength just now was too earth-shattering.

horrible.

Even the commanders of the major overlord juniors were unable to resist Ye Feng.

However, the commander does not mean that he is the most powerful being among the respective overlord forces.

In fact, the most powerful existences are the ancient strong men dispatched by their respective overlord forces this time.

At this moment, Ye Feng led everyone in the four major domain overlord forces to descend into the dark swamp.

At this moment, the Dark Swamp was immediately hit by the huge blood energy of countless people, so much that the demonic energy dissipated.

It has to be said that this group of people are almost all the most elite figures among the major overlord forces.

So this time they all descended on the Dark Swamp. Even the many terrifying monsters and poisonous insects in the Dark Swamp did not dare to come out.

They were all frightened by the terrifying blood energy of countless people, and they all hid, not daring to show their faces.

Therefore, the entire team moved forward very easily. Soon, under the leadership of Ye Feng, they arrived at the end of the Dark Swamp.

"The base of the Underworld Demon Sect is indeed here!"

At this moment, everyone instantly saw a huge dark empire established in the towering mountains not far away.

Chapter 2516 Leading the Charge

Countless buildings were built in the mountains, each one tall and majestic, entwined with countless dark demonic auras, and looked shocking, just like a huge underworld demon sect empire.

At this time, even the commanders of many overlord forces couldn't help but exclaimed in admiration: "I didn't expect that under our noses, these demonic people from the Huangquan Demon Sect have established such a huge dark empire. If they are allowed to develop freely, the consequences may be disastrous. This time we must eradicate all the people from the Underworld Demon Cult!"

Ye Feng also nodded at this moment, his eyes were extremely sharp, and he said loudly: "Array masters from the major overlord forces, you go out first and cover this stretch of mountains in a huge formation. You can't let any member of the Underworld Demon Sect escape!"

At this moment, Ye Feng's words were full of authority.

Almost at the moment Ye Feng finished speaking, all the formation mages in the overlord forces nodded one after another, and then began to lurk forward.

They want to surround the mountains where the Dark Empire is located with countless formations, completely locking them up.

At this moment, Ye Feng looked at the countless masters of the overlord forces around him and said loudly: "Everyone will follow me and attack together! Kill all these villains of the Underworld Demon Cult!"

Boom! !

Almost at the moment Ye Feng finished speaking, Ye Feng suddenly erupted with terrifying momentum and power.

Ye Feng's whole body glowed with divine light, like an extremely powerful god. In an instant, he rushed towards the dark empire in the distance, full of unparalleled momentum and courage.

Seeing Ye Feng taking the initiative to charge at this moment, all the strong men in the other overlord forces showed deep admiration in their eyes.

Because if it were them

As for me, I might not have the courage to take the lead and face the Dark Empire, the terrifying base camp of the Underworld Demon Cult.

But Ye Feng did it.

He didn't hide behind the crowd and issue orders at all.

Instead, he directly took the lead in the charge!

Seeing how courageous Ye Feng was at this moment, countless powerful people from the overlord forces seemed to be infected.

Countless masters screamed in excitement, and instantly burst out with terrifying boundless power, followed directly behind Ye Feng, and charged towards the Dark Empire in front of them.

"Come on!"

"Kill!"

Boom!

Boom! !

Almost at this moment, countless strong men from the major overlord forces in the four major domains all charged forward crazily.

They all burst out with extremely powerful strength and fighting spirit.

All the strong men either held long swords in their hands, or held long knives in their hands, or held scepters in their hands, bursting out terrifying and boundless elemental power.

At this moment, the light of destruction formed all over the sky, following behind Ye Feng, rushing towards the Dark Empire!

Boom! !

Almost at this moment, the first wave of terrifying attacks came instantly.

"Crash..."

Countless members of the Underworld Demon Sect in the entire Dark Empire did not even react at this moment, and were instantly stunned.

countless buildings

was destroyed.

Countless masters of the Underworld Demon Cult were killed in their sleep.

They didn't even know what happened, and they suffered heavy casualties in an instant.

The first wave of destructive attacks landed directly on top of their heads. In an instant, they destroyed countless buildings in the Dark Empire and killed many core members of the Underworld Demon Cult. .??.

Because countless members of the Underworld Demon Cult had no idea about the sudden disaster coming from the sky.

Originally, many members of the Underworld Demon Sect felt that the base camp they established was in the deepest part of this dark swamp, and it was impossible for anyone to discover it.

Therefore, the usual precautions are not cautious enough.

What they never expected was that Ye Feng had lurked here and found the location where their base camp of the Underworld Demon Cult was being built.

Then he sneaked away secretly.

Now bringing a large number of strong men from the overlord forces to attack, the Underworld Demon Sect was indeed caught off guard.

Almost at this moment, countless masters from the Underworld Demon Cult ran out of their respective buildings, shouting in horror.

"Enemy attack! Enemy attack!"

"Why was the base camp of our Underworld Demon Cult exposed? All those attacking us were masters from the four major domains!"

"Everyone, please cheer up and quickly fight against these masters who are attacking our base camp of the Underworld Demon Cult!"

Almost at this moment, countless members of the Underworld Demon Cult all woke up one after another.

Boom!

Boom!

They instantly burst out with their own strength, picked up the weapons around them, and rushed towards the sky.

r\u003e

However, the terrifying wave of destructive attacks just now had wiped out nearly one-fifth of the masters of the Underworld Demon Cult.

So at this time, all the members of the Underworld Demon Cult responded hastily, without much use at all. They were all killed by the super strong men from the major overlord forces in the four major domains.

"Boom!!"

Suddenly at this moment, a terrifying and boundless momentum burst out from the depths of the Dark Empire.

A figure full of blood flew out directly, stretched out a hand, and the lethality was extremely terrifying, killing hundreds of super masters in the four major domains instantly.

It has to be said that this figure with blood all over his body is extremely terrifying, and he is definitely a person with cultivation levels in the Dao Enlightenment Realm that has surpassed the level of the Dao Killing Realm.

This figure full of blood is definitely a super strong man at the level of the Demon Commander in the Underworld Demon Cult!

Otherwise, it would be impossible to have such terrifying strength.

A super strong man of the Demon Commander level appeared, instantly attracting everyone's attention.

Boom! !

But suddenly at this moment, Ye Feng's whole body was filled with endless divine light, and he rushed in front of the bloody demon commander in an instant.

Then Ye Feng attacked fiercely.

boom! !

At this time, Ye Feng did not hide his methods at all, and directly used the brute force gems, including copies of the chaos gems, and the power of the Supreme Lord of the Rings.

"Boom!!"

He instantly burst out with a terrifying and boundless light wave attack, which hit the Demon Commander's body in an instant. With a "snap" sound, the Demon Commander's entire body was shattered in an instant.

Chapter 2517 Enlightenment Realm

"What?"

"So powerful?"

"A demon commander has just fallen like this?"

A demon commander was directly killed by Ye Feng.

Seeing this scene, the powerful men from other overlord forces all looked with deep amazement in their eyes.

They didn't expect that Ye Feng would really burst out with terrifying power and be so powerful.

In an instant, an extremely powerful Demon Commander from the Underworld Demon Sect was killed!

It is really powerful and cruel to the extreme!

At this time, countless other members of the Underworld Demon Sect below saw this scene, with deep horror in their eyes.

They never expected that the Demon Commander of the Underworld Demon Sect who had suddenly taken action would be killed by Ye Feng and fell instantly.

This makes many members of the Underworld Demon Sect feel filled with a deep sense of powerlessness.

This moment.

Boom boom...

Rumble, boom, boom...

Suddenly, waves of terrifying and boundless momentum and power erupted from the depths of the Dark Empire once again.

Swish, swish, swish!

Swish, swish, swish!

There were a dozen demon commanders, all of them rushed out.

Every Demon Commander is full of powerful and boundless power and momentum, and their killing power is boundless and terrifying, and they can simply kill everyone.

But this time.

"Boom!"

"Boom!"

A force more terrifying than these dozen demon commanders appeared all over the sky in an instant.

All of a sudden, big hands exuding endless divine light were bombarded from high in the sky.

It turned out that it was the old antique-level super figures from the major overlord forces who took action.

What they were waiting for was the appearance of these magic commanders.

Then he concentrated his power in an instant and killed all the demon commanders of the Underworld Demon Sect in one fell swoop.

\u003e

"Very good!"

Ye Feng's eyes were filled with deep excitement at this time.

He looked at the entire chaotic battlefield and immediately erupted into his huge devouring domain.

Anyway, Ye Feng is now ready to leave the Northern Immortal Palace completely and go to the center of the God Realm.

So now even if he exposes his ability to devour domains in front of the world, he doesn't have any scruples at all.

Because he is leaving here soon and has nothing to do with these people.

And even if Ye Feng didn't leave the Northern Immortal Palace, no one would dare to question Ye Feng if he burst out his domain-devouring ability at this moment.

Because of Ye Feng's current strength and status, he is already at the top level among the four major domains.

It is the existence that stands at the top of the pyramid.

Who dares to question the methods and inheritance of a super top man like Ye Feng?

So at this time, Ye Feng suddenly burst out into a terrifying and boundless darkness devouring realm, without any worries.

"Rumble..."

Suddenly, the realm of boundless darkness directly covered the entire heaven and earth, shrouding the entire battlefield of the Dark Empire.

Boom!

Almost at the next moment, countless terrifying blood energy was extracted from the entire battlefield by the Devouring Domain, and then all injected into Ye Feng's own body.

At this moment, Ye Feng suddenly felt a terrifying and boundless life force and skill, all of which were injected into his body, boiling rapidly in his body.

You must know how many terrifying powerful men from the Underworld Demon Cult are present in this battlefield.

After their death, the blood energy provided was simply huge to the extreme.

Like a vast ocean of blood

, integrated and injected into Ye Feng's body in an instant.

"Crash!"

Ye Feng could even hear the sound of his blood boiling in his body at this moment.

Even his limbs and bones were expanding rapidly, as if they were about to burst.

But at this time, Ye Feng immediately started to use his skills, the Chaos Heavenly Emperor Technique, to quickly refine these majestic blood energy.

If it were any other ordinary warrior, with so much blood energy entering his body all at once, he would definitely be bursting out instantly and die in an explosion.

But Ye Feng's body was originally a bottomless pit.

Moreover, the hardness of Ye Feng's body is also extremely strong.

After all, it is a chaotic body.

So at this time, he can withstand hundreds of times the terrifying power of ordinary warriors.

At this moment, Ye Feng was killing the super masters of the Underworld Demon Sect while devouring the blood and energy on the entire battlefield.

His cultivation aura immediately experienced a terrifying and boundless surge.

boom!

Kill the ninth level of Dao Realm!

boom!

Kill the tenth level of Dao Realm!

boom!

Half step to enlightenment!

boom! !

The first level of enlightenment! !

Finally, at the last moment, Ye Feng's cultivation level directly broke through to the first level of Enlightenment Realm.

Achieved a terrifying and boundless improvement in cultivation!

It directly broke through the final hurdle and entered the true realm of enlightenment.

This made Ye Feng's eyes suddenly reveal a look of deep joy.

He never thought that he would make so many breakthroughs in this war, and his cultivation would skyrocket!

However, this is also due to the fact that the demon commanders in the Underworld Demon Sect have all recovered, but now they are all killed, thus providing Ye Feng with huge life energy.

Ye Feng's cultivation level has been greatly improved.

In just a few hours, Ye Feng directly broke through to the first level of Enlightenment Realm, making Ye Feng's momentum become more and more vast and endless.

At this moment, Ye Feng's surge in cultivation momentum caused by his devouring and breakthrough was not deliberately concealed.

Therefore, in the chaotic war, Ye Feng broke through so many realms of cultivation on the spot, which made countless big figures from the overlord forces participating in the war look deeply shocked in their eyes.

His eyes almost fell out in horror.

They never thought that Ye Feng had such a terrifying and domineering devouring ability, and that he could draw such a huge amount of energy from the chaotic battlefield to use it to improve his cultivation.

But at this time, although many super big shots felt that Ye Feng's inheritance was very evil, none of them dared to question Ye Feng's identity.

After all, Ye Feng's current status makes the super figures in the four major domains not dare to offend Ye Feng easily.

At this moment, after Ye Feng's cultivation had broken through to the first level of the Enlightenment Realm, he felt more confident about heading to the center of the God Realm.

Even though there are many super strong people and super powerful forces in the center of the God Realm.

But Ye Feng feels that now that he is at the first level of Dao Enlightenment, even if he goes to the center of the God Realm, he will definitely not be weak.

Definitely one of the masters.

Although he is not a top expert, he is definitely not weak.

Otherwise, Ye Feng would not have been able to practice in the northern land for so long before deciding to go to the center of the God Realm.

The purpose is naturally to make myself have a strong cultivation level, and then go to the center of the God Realm, everything will not be so difficult!

At this moment, Ye Feng was full of energy, his aura soaring to the sky, and his divine light.

He instantly looked at the most majestic and tallest imperial city in the deepest part of the Dark Empire, and shouted loudly: "Continue the attack! As long as the Imperial City of the Dark Empire is destroyed and destroyed, the Huangquan Demon Sect will completely collapse. "

Chapter 2518 The Treasure House of the Underworld Demon Cult

At this moment, with the violent attacks of everyone, the entire outer area of the dark empire built by the Huangquan Demon Cult has been completely destroyed.

Countless members of the Underworld Demon Sect were killed and injured in an instant.

At this time, everyone's eyes were instantly aimed at the Imperial City of the Dark Empire in the most central area.

That is the core place of the Underworld Demon Sect!

At this moment, Ye Feng is still leading the way, his whole body is blooming with divine light, and his momentum is soaring into the sky, flying towards the Dark Empire Imperial City of the Huangquan Demon Sect in the center.

At this time, Ye Feng released the Ten Thousand Sword Domain, surrounding himself with countless ice swords.

"boom!"

"boom!"

"boom!"

Almost at this moment, Ye Feng flew towards the center of the Underworld Demon Sect. Along the way, some unsighted masters of the Underworld Demon Sect rushed towards Ye Feng. All the ice swords were chopped into pieces.

At this moment, Ye Feng was simply unstoppable.

Because Ye Feng's current cultivation level has reached a very terrifying level.

So at this time, even among the ancient demonic forces like Huangquan Demon Sect, basically no one can resist Ye Feng's lethality.

Therefore, Ye Feng was very fast along the way and basically did not encounter any obstacles.

He soon arrived at the imperial city area at the center of the Dark Empire.

At this moment, a huge building appeared in front of Ye Feng.

That building is an ancient golem.

This ancient demon statue should be a big figure in the Underworld Demon Sect, so this huge statue was built to commemorate him.

But at this time, Ye Feng punched him hard.

Boom! !

Accompanied by a huge roar

, this huge demon statue was directly knocked down by Ye Feng.

Countless demon masters from the Huangquan Demon Sect throughout the imperial city had deep fear in their eyes.

Because they feel a deep sense of powerlessness.

It's simply impossible to resist.

In fact, there are no so-called masters in the Underworld Demon Cult now.

Basically, they were all killed in the charge of the major overlord forces just now.

Of course, in the end, it all turned into the energy of Ye Feng's breakthrough.

At this moment, Ye Feng came to the imperial city of the Dark Empire in such a hurry, not because he was looking for masters from the Underworld Demon Cult to devour him.

At the same time, because he knew that all the strong men of the Underworld Demon Cult were basically dead.

At this time, what Ye Feng wanted was the wealth hidden by the Underworld Demon Cult.

Because if an ancient demonic force like the Underworld Demon Sect wanted to resurrect, it would have accumulated huge wealth that had been passed down from ancient times to today. Otherwise, it would have been impossible for the Underworld Demon Sect to develop so fast.

So what Ye Feng is looking for is naturally the treasure house of the Underworld Demon Cult.

Ye Feng now knows that he will soon go to the center of the God Realm.

So at this time, there was a treasure house of the Huangquan Demon Sect, an ancient and powerful force, to plunder. Naturally, he would use all means to find it and then use it to strengthen his own strength.

Uh-huh! Uh-huh! Uh-huh...

At this time, other strong men from the overlord forces caught up from behind.

Everyone also came to the imperial city, wanting to find the wealth of the Underworld Demon Sect.

Buzz!

Ye Feng burst out instantly at this moment

His extremely powerful soul power came and directly covered the entire imperial city.

"Um?"

He found something instantly and flew quickly in that direction.

Some other strong men from the overlord force saw Ye Feng flying in a certain direction, but they did not dare to go in that direction.

Because now Ye Feng is probably red-eyed, and anyone who dares to snatch the treasure from him may be killed directly by Ye Feng. .??.

"It's better not to provoke him."

So at this time, the strong men of other overlord forces were searching for treasures in different directions from Ye Feng to avoid encountering the red-eyed Ye Feng.

At this moment, Ye Feng quickly came to an area on the edge of the Dark Empire's imperial city.

There is no longer any sound of killing on the battlefield.

It seems to have been far away from the imperial city of the entire Dark Empire.

But at this time, Ye Feng's eyes were full of expectation. He stretched out his palm and opened up a huge mountain in front of him.

Boom! !

The entire huge mountain was instantly shattered by Ye Feng.

Among the countless rolling rubble, a huge underground palace was suddenly revealed.

In this underground palace, boxes made of steel are buried, and each box is filled with wealth.

Ye Feng's eyes instantly showed deep joy, and he started frantically collecting these boxes of wealth.

And when Ye Feng came to the deepest part of the underground palace, he immediately saw a huge withered skeleton.

This corpse was wearing a suit of armor that seemed to be made of special materials and was standing on the top platform of the underground palace.

like

An emperor in the darkness is leading countless powerful men to attack the opponent.

But this body in black armor was already dead.

"Buzz!"

But just when Ye Feng was about to walk towards the armored corpse.

Suddenly the entire underground palace shook, as if a major earthquake had occurred.

"Crunch, crunch..."

Almost at the next moment, Ye Feng saw the body wearing black armor and started to move slowly.

There were also two scarlet rays of light in the eyes of this corpse, which looked very evil.

And at this moment, this corpse in black armor held the black sword in his hand and shouted at the entire underground palace: "Wake up!"

Almost at this moment.

Boom! !

Along with a huge roar, the soil in the entire underground palace exploded instantly.

Corpses wearing tattered armor all crawled out from under the ground.

These corpses exuded extremely violent murderous intent, and they were obviously soldiers who had followed the dark emperor back then.

These soldiers are extremely powerful. Even if they die, they still have terrifying fighting power when they are revived.

Ye Feng didn't have any fear at all at this time.

Because his cultivation has now broken through to the first level of true enlightenment.

His true combat power now is much stronger than before.

Therefore, the current Ye Feng can be regarded as a very brave man. Instead of escaping from this underground palace, he immediately activated the Ten Thousand Sword Domain around him and launched a terrifying attack on all the corpse soldiers rushing around him.

Chapter 2519 Black Armor

Boom! !

Boom! !

Almost at this moment, terrifying lightsabers burst out from the Ten Thousand Swords Domain around Ye Feng.

In an instant, all the countless corpse soldiers around were pierced and nailed to the ground.

At this moment, Ye Feng looked at the dark emperor wearing black armor standing on the high platform, and said with a smile: "The human sea tactic is of no use to me, and I am not afraid of the undead. The blood energy in my body Enough to suppress all demons and monsters."

Boom! ! ??

Almost at the moment Ye Feng finished speaking, Ye Feng's body suddenly erupted with terrifying blood energy.

Such a burst of blood energy was like a large burning oven, filling Ye Feng's body with endless heat.

"Gululu, Gululu..."

This huge heat, in the next moment, melted all the corpse soldiers crawling out of the soil around them, turning them into countless liquids flowing on the ground.

The dark emperor in black armor standing on the high platform suddenly showed deep horror in his eyes, and couldn't help but said: "Human boy, who are you? You can actually find the place where I live. Place, and how could you be so powerful? The four realms outside the center of the God Realm are just very barren small places. How could a super strong person like you be born?"

Ye Feng smiled coldly at this time and said nothing more, because he didn't want to talk nonsense with this dark emperor.

He has now figured out that this resurrected Dark Emperor should be the leader of the Underworld Demon Sect.

If the Dark Emperor had not died, then Ye Feng would probably not be a match for the leader of the Underworld Demon Cult.

After all, although the Underworld Demon Sect could no longer survive in the center of the God Realm, it has now become a super powerful force in these remote four realms.

\u003c

br\u003e But now this dark emperor has been dead for countless years.

Even if some special method is used to revive it now.

He still lost all his power.

It's just a slightly powerful undead.

Boom! !

Almost at this moment, Ye Feng suddenly burst out with terrifying power.

His whole body burst into light, and he rushed in front of the dark emperor.

Then the fist was filled with the power of the brute force gem, and it suddenly hit the dark emperor fiercely.

Ye Feng's cultivation at this moment is at the first level of enlightenment realm.

In addition, his fist was fused with the dominating power of the brute force gem.

Ye Feng naturally believed that he could smash this dark emperor into pieces at once.

Boom! !

But at the next moment, what made Ye Feng's eyes look a little surprised was that his fist, even fused with a brute force gem, hit the dark emperor and made a huge roar.

The Dark Emperor remained motionless, seemingly not suffering any harm.

This made Ye Feng's eyes reveal a look of deep surprise.

Because he could feel that the energy fluctuations emitted by this dark emperor were not strong.

It is not even comparable to those powerful demon commanders outside who have been completely resurrected.

The terrifying fist he unleashed at this time would definitely be able to tear the Dark Emperor's corpse into pieces.

But the result was

Big surprise.

Ye Feng's terrifying punch was of no use. The Dark Emperor remained motionless, seemingly unfathomable.

At this time, the Dark Emperor immediately laughed out loud: "Young boy from the human race, you can't kill me. You don't even understand what kind of trump card a leader of a super power like me has."

At this moment, Ye Feng suddenly stared at the ordinary-looking black armor worn by the Dark Emperor. He suddenly grinned and said loudly: "I understand, the reason why I can't remove your body It's not about how strong your body is, but because the black armor you are wearing is definitely made of a very special material. It is extremely strong and can withstand such a terrifying attack like mine. Fist power."

Hearing what Ye Feng said, the Dark Emperor's laughter suddenly stopped.

His eyes suddenly became extremely gloomy, and he said loudly: "Good boy, your eyesight is indeed extraordinary, but if you want to use this set of armor to kill me, it is impossible! This set of armor is The super armor made of a very special god-level obsidian that I obtained from the high-level world outside the territory. Although it cannot explode with any powerful armor power, its defense rate is almost invincible, and any sharp weapon can defeat it. It's impossible to pierce this black armor on my body."

At this moment, Ye Feng did have a mocking smile in his eyes and said, "Then let's give it a try."

Boom!

Almost at the next moment, Ye Feng came to the dark emperor in an instant, and suddenly punched out wildly.

Even Ye Feng finally used the power of the Supreme Lord of the Rings.

But in the end, the black armor on this dark emperor still couldn't be broken, and there wasn't even a trace.

There is staying.

This made Ye Feng's eyes become completely stunned.

Unexpectedly, the black armor worn by this dark emperor was actually so strong.

"Hahaha!!"

At this time, the Dark Emperor laughed loudly, with deep joy in his tone, and said loudly: "Young man of the human race, don't waste your efforts anymore. No matter how powerful you are, no matter how sharp the weapon is, you won't be able to do anything." It is possible to break through this set of black armor that I have worked so hard to build."

Ye Feng took a deep breath at this time, and then smiled coldly: "I just attacked like crazy just to test how strong the black armor on your body is, but the result was beyond my expectation. It seems that you This set of armor on my body is qualified to be used as nourishment for my physical improvement."

After Ye Feng finished speaking, the Dark Emperor suddenly showed a trace of surprise in his eyes, and couldn't help but ask: "Is the black armor on my body qualified to be used as nourishment for your physical improvement? Human race boy, what are you doing? What do you mean? Why does it make me feel so creepy?"

boom! !

However, Ye Feng didn't bother to respond to the Dark Emperor's doubts. He came to the Dark Emperor in an instant, and then directly stretched out his hand to activate the Ice Ancestral Talisman.

Blah blah blah!

Almost at this moment, a terrifying wave of ice burst out from the Ice Ancestral Talisman, instantly freezing the Dark Emperor in place, unable to move at all.

At this time, the Dark Emperor roared: "Human boy, even if you freeze me in place, you will never be able to break through my defensive armor."

Ye Feng still didn't talk nonsense at this time. The blood talent he awakened when his chaotic body entered the second heaven appeared in his hand, the God Clan Gloves.

Chapter 2520 The Fountain of Evolution

Buzz!

Almost at this moment, a glove composed of nine colors appeared in Ye Feng's hand.

It's the Protoss Gloves!

It can extract the attributes of all things and increase Ye Feng's various attribute powers in all aspects.

It's just that the life form cannot be extracted.

At this moment, a divine glove appeared in Ye Feng's hand, and then it instantly touched the black armor worn on the surface of the Dark Emperor's corpse.

According to the Dark Emperor, this set of armor seems to be a special material obtained from the advanced world of the origin world outside the territory. It seems to be a kind of black armor cast from god-level obsidian.

Although Ye Feng doesn't know how precious this material is, Ye Feng believes that with the extraction of the Protoss Gloves, even the strongest materials will eventually be completely extracted by himself. ??

"Buzz!"

And almost at the moment Ye Feng put on the god's gloves and touched the black armor on the surface of the dark emperor's body.

Immediately, Ye Feng felt a very strong attribute power, which was directly extracted by the God Clan Glove.

"Strong attribute extraction!"

"Extraction of special attributes of obsidian!"

"Extracting the attributes of the Black God's energy!"

...

At this moment, with the extraction of attribute energy, Ye Feng suddenly felt that his body was rapidly growing and improving.

Ye Feng hadn't felt such a rapid improvement in his physical fitness for a long time.

Because it is too difficult to find special and strong materials that are useful for improving the Chaos Body.

At this moment, Ye Feng's eyes were extremely happy.

He immediately felt that his chaotic body was on the ninth level of Dzogchen, the fifth heaven, and began to improve again.

boom!

The fifth level of the chaotic body, the tenth level of Dzogchen!

boom!

The sixth heaven of the chaotic body! !

Finally, with the continuous extraction of attributes, the strength of Ye Feng's chaotic body was directly supplemented by the huge solid attribute power, including the bonus of the power of other attributes. Finally, Ye Feng's chaotic body broke through the final shackles and directly transformed and broke through. The sixth heaven of the chaotic body! !

This is a qualitative breakthrough!

Because Ye Feng's chaotic body finally broke through to a new first level.

Stepping into the sixth heaven of the Chaos Body!

It has to be said that for Ye Feng, this is a huge progress and has milestone significance.

Because Ye Feng's chaotic body has undergone a qualitative transformation

, breaking through to the first level of the early stage of the sixth heaven of the Chaos Body.

Ye Feng's body strength will once again receive a huge improvement in an instant.

His fighting power became even more terrifying.

In addition, what Ye Feng looks forward to most is that he has broken through to the sixth level of the Chaos Body and will once again awaken a magical and powerful blood talent.

"What will be the bloodline talent of the sixth level of the Chaos Body?"

Ye Feng was not aware of any changes taking place in his body at this moment.

It seems that the bloodline talent of the sixth heaven has not been awakened yet.

It will probably take some time.

So at this time, Ye Feng looked at the Dark Emperor in front of him.

At this moment, the black armor on the Dark Emperor had completely turned into a soft piece, like paper. .

"Wow!"

Ye Feng casually stretched out his hand and grabbed it slightly. The black armor on the Dark Emperor immediately shattered into pieces and fell to the ground.

"What?!"

This scene made the Dark Emperor so horrified that his eyes almost fell out.

He never thought that Ye Feng had such terrifying abilities.

In just a short moment, the extremely powerful black armor with invincible defensive power completely disintegrated and turned into countless fragments, falling to the ground.

At this moment, the Dark Emperor has nothing to rely on anymore.

He instantly became extremely frightened, and couldn't help but said: "Sir, don't kill me, don't kill me, I can work for you, become your subordinate, and serve you!"

Click!

But then Ye Feng did not hesitate at all, and directly crushed the skull of the dark emperor with one foot, killing the dark emperor in an instant.

For the leader of the Underworld Demon Sect, Ye Feng had no intention of conquering him at all, because he was a white-eyed wolf who could betray him at any time.

Moreover, the dark emperor of the Underworld Demon Sect has a very powerful soul, so Ye Feng cannot hypnotize him at this time and make him his spiritual slave.

At this moment, after Ye Feng killed the dark emperor, he immediately released the Devouring Domain, swallowing up all the broken soul fragments of the dark emperor and turning them into his own soul power.

Ye Feng's soul

The strength immediately began to grow.

Boom! .??.

Level twenty-five thousand one hundred!

Boom! .??.

Level 25,200!

Boom! .??.

Level 25,300!

Boom! .??.

Level 25,400!

...

Boom! .??.

Level 30,000! !

Ye Feng's soul power increased for nearly half an hour, and finally surged to level 30,000!

It has to be said that although this dark emperor turned into a skeleton corpse, his soul power was still very powerful, which directly caused Ye Feng's soul power to surge by 5,000 levels in an instant.

Directly from level 25,000, it skyrocketed to level 30,000!

This is a huge improvement!

After his soul power was improved, Ye Feng found that his perception, including the mental aspect, had become sharper and stronger.

At this moment, Ye Feng tried to attack the seal of the chaos curse on the soul gem.

But I still feel like I'm shaking the world.

It still has no effect on the Chaos Curse.

This shows that Ye Feng had to go to the center of the God Realm to find the Lord of Chaos and snatch the Chaos Gem. Only then could he completely unlock the Soul Gem's seal, save Emperor Chu, and allow both Emperor Chu and the Soul Gem to escape from eternal sleep. Wake up.

At this moment, Ye Feng was still very happy.

Because not only did his soul power improve this time, but the most important thing was that his chaotic body underwent a qualitative transformation and was directly promoted to the new sixth level of the chaotic body.

Just when Ye Feng was about to leave, he suddenly noticed some unusual changes.

Ye Feng discovered that a huge spring suddenly appeared in his soul world.

"Why did my brain suddenly become flooded?"

Ye Feng's eyes immediately revealed a look of deep astonishment.

Because he discovered that a clear spring did appear in his soul world, and a spring that seemed to be very special appeared.

Ye Feng seemed to have figured out something at this moment, and immediately couldn't help but murmured in surprise, "Could it be that the new bloodline talent awakened by my chaotic body after entering the sixth heaven is the spring water in this soul world? "

And just when Ye Feng was curious, a memory imprint about this spring automatically appeared in his mind, which was the information left by the bloodline talent.

"Chaos body's sixth heavenly bloodline talent: Fountain of Evolution!"

"The spring water in the Spring of Evolution is called the spring water of evolution. As long as the user can continue to consume varying degrees of soul power, a steady stream of spring water of evolution can be produced."

"Irrigating anything with evolutionary spring water can help anything evolve and improve the original quality of anything. It can evolve both living objects and inanimate objects."

At this moment, Ye Feng's eyes suddenly lit up as he read the information about the fountain of evolution left by his bloodline talent in his mind.

This is actually a very special kind of special spring water. Using this kind of spring water, any object in the world can evolve.

It must be said that this is a very special bloodline talent ability, which has the power of creation.

Because Ye Feng knows very well what evolution represents.

Evolution represents the transformation from the original qualities of an object.

The reason why Ye Feng's body is so powerful now is because his mortal body has evolved into an extremely powerful chaotic body.

That's why Ye Feng's fighting power is so fierce.

And if this evolutionary spring can evolve any object, including living and inanimate objects, then it will be a very special catalyst for many things.

"The ability of the evolutionary spring water makes me feel like I have become the creator. It can help any existence evolve. It is like the legendary Midas turning stone into gold, which can completely evolve the original quality of any object."

Ye Feng murmured at this moment, and then immediately couldn't help but start experimenting.

He found a very ordinary piece of soil around him, and in an instant, he began to consume his soul power to give birth to the spring of evolution in the soul world. The evolutionary spring water flowed out and poured into this very ordinary piece of soil. superior.

Ye Feng slowly changed and discovered that this very ordinary soil was undergoing an improvement in its original quality at this moment.

What was originally a very ordinary piece of soil, at this moment, under Ye Feng's infusion of evolutionary spring water, its original quality continued to improve, and finally it transformed directly into an extremely strong diamond.

"Amazing."

Ye Feng sighed in admiration and continued to add water from the evolution spring. Finally, the diamond transformed into a diamond that exuded dazzling light!

"What an amazing ability!"

"As long as there is this evolutionary spring, and as long as my soul power is enough, then I will be able to turn any ordinary existence in the world into a rare treasure!"

Ye Feng's eyes were filled with deep excitement.
