Chapter 2521 Evolving Spell Energy Body

At this moment, Ye Feng looked at the soil in front of him, which was transformed into an extremely exquisite diamond by himself directly using the evolutionary spring water, with excitement in his eyes.

"It seems that I really have the ability to turn stone into gold now."

At this time, Ye Feng couldn't help but murmur excitedly.

Sure enough, the chaotic body once again transformed and awakened the bloodline talent, and he did not let himself down.

Amazing enough! .??.

Strong enough!

"We still need to try the other effects of this evolutionary spring water."

Ye Feng thought at this time and left the underground palace without wasting time.

Because his soul power covered it, he did not find the inheritance or magic weapon of the leader of the Underworld Demon Cult.

It is estimated that the most precious thing for the leader of the Underworld Demon Cult is the set of god-level armor he wears, which is made of god-level obsidian.

Uh-huh!

At this moment, Ye Feng threw away the diamond he had evolved and stood up to leave the underground palace.

Diamonds may have great wealth significance for mortals living in the mortal world.

But for a practicing warrior like Ye Feng, it is just a decoration at most and does not have much significance.

Ye Feng now wants to test the evolutionary effect of the evolutionary spring water in the Spring of Evolution on other beings.

For example, it has an evolutionary effect on the released martial arts energy body.

Because the inheritance information of the Fountain of Evolution has stated that no matter what form of existence it is, as long as it is irrigated by the spring of evolution, it will undergo tremendous evolution and transformation.

If the evolutionary spring water can evolve the energy body released by martial arts, then it will have huge strategic significance, and it will not just be the icing on the cake.

That's not a auxiliary role, but a huge combat attack role.

At this moment, Ye Feng returned to the imperial city area of the Dark Empire after leaving the underground palace.

At this time, everyone

The masters of many overlord forces have killed all the devils in the Underworld Demon Sect.

At this moment, everyone is cleaning the battlefield.

Uh-huh!

Ye Fengfei came to a Dharma Emperor of the Dharma God Sect, smiled and said hello: "Hello."

The emperor of the Dharma God Sect is a pretty young woman.

At this moment, the beautiful eyes of the female Pharaoh of the God of Law were a little surprised. She did not expect that a peerless genius like Ye Feng would take the initiative to say hello to her.

Is he interested in me?

The female Pharaoh of the Dharma God Sect immediately said affectionately: "Commander Ye Feng, do you have anything to do with me? We can have a good chat in a small forest not far away with no one around."

Ye Feng smiled slightly and said, "I want you to help me test the inheritance method I recently learned."

Hearing what Ye Feng said, the female Pharaoh immediately understood. She seemed to have misunderstood Ye Feng's meaning.

However, the female Pharaoh was still very polite and said with a smile: "Okay, sure. How does Commander Ye Feng want to test it? I will fully cooperate."

At this time, Ye Feng nodded and asked: "What kind of magic spells do you know?"

After thinking for a moment, the female Pharaoh asked aloud: "Do you need a very powerful spell?"

Ye Feng shook his head and said aloud: "It only requires a very weak spell, not a particularly powerful one."

For Ye Feng, what he wants to test now is whether his evolutionary spring water can enhance the evolution of the inherited power.

Therefore, he does not need particularly powerful spells, only weak spells that can better reflect the degree and process of evolution.

At this moment, the female Dharma Queen nodded, and then instantly displayed a Dharma God Religion.

The most basic magic moves.

"The Art of the Rock Man."

Almost at the moment when the female Pharaoh cast this set of spells, the ground in front of the two people suddenly began to shake.

Pieces of soil sprang out from the ground, and then condensed into rock figures as tall as two people.

The body of this rock man is extremely solid, surrounded by earthy air.

Even if it is just the most basic spell, the rock man condensed by a super master like the Queen Queen has super powerful power.

At this moment, Ye Feng nodded immediately, and then began to consume his soul power.

Wow!

In an instant, Ye Feng drew a large amount of evolutionary spring water from his mind and sprinkled it on the rock man not far away.

"Boom."

And almost at the next moment, this rock giant was irrigated by Ye Feng's evolutionary spring water, and suddenly his entire body began to expand rapidly, and finally turned into a rock giant several hundred meters tall.

Watching a small rock man suddenly turn into a rock giant several hundred meters tall, full of power to move mountains and seas.

The eyes of the female Pharaoh standing next to Ye Feng suddenly revealed a look of deep surprise.

She couldn't help but asked: "Commander Ye Feng, what kind of water was the water you spilled just now? It has such a magical effect! I can feel that the rock man I control now has turned into a rock giant. After that, the destructive power that can be unleashed has definitely increased by hundreds of times."

Ye Feng's eyes were extremely bright at this moment.

Because everything in front of him shows that his evolutionary spring water also has a huge evolutionary improvement effect on the combat body condensed by the spell.

At this moment, Ye Feng did not stop, and continued to consume his huge soul power, developing more evolutionary spring water and sprinkling it on

On the rock giant.

Boom! !

In the end, the rock giant suddenly expanded into a majestic ancient Titan several thousand feet tall!

At this moment, not only was the body of this rock man greatly improved, but the essence of his life had also changed.

Directly from the lowest level rock giant, he transformed and evolved into a greater and nobler existence, becoming an ancient titan, full of unparalleled power.

It's like one kick can crush the entire world!

Full of ancient and wild atmosphere.

Everything that happened in front of him at this moment made Ye Feng very happy.

The female Pharaoh was already stunned at this time.

She watched helplessly as the small ordinary rock man she condensed expanded and became a rock giant, and then continued to transform into the ancient Titan that was now several thousand feet tall and majestic.

All this was simply too shocking.

The female Pharaoh of the Dharma God Sect couldn't help but widen her eyes at this moment, as if she couldn't believe what was happening in front of her.

At this moment, Ye Feng's face was a little pale, because he had produced too many evolutionary springs at once, which consumed a huge amount of soul power, and it would take a long time to recover.

At this time, Ye Feng immediately became very interested in the growth of soul power.

Because if the soul power is large enough, it can continuously generate evolutionary spring water.

Ye Feng believed that his evolutionary spring was probably the only one in the entire God Realm.

There can be no such magical and special spring water in this world.

It can simply improve the quality of any existence from the most original level!

If you sell it, you will definitely make a profit.

But Ye Feng will not sell it so easily, because it is likely to attract the spying of super powerful people.

Chapter 2522 World Matrix

At this time, Ye Feng looked at the shocked female Pharaoh beside him and said loudly: "Thank you for your cooperation."

Uh-huh!

After Ye Feng finished speaking, he immediately left the scene and flew towards the team in the Northern Immortal Palace.

At this moment, an old antique from the Northern Immortal Palace suddenly walked up to Ye Feng and said loudly: "Commander, the battlefield has been cleaned up. We should go back now. The Underworld Demon Sect has been completely wiped out this time. "

Ye Feng nodded and said loudly: "It is indeed time to go back, then let's leave directly."

With the order of the commander-in-chief Ye Feng, the entire team of the Northern Immortal Palace bid farewell to other teams of overlord forces and returned towards the northern land.

Along the way, everyone was in an extremely happy mood.

Because this time not only the ancient power of the Underworld Demon Sect was eliminated, but also many experts robbed a lot of resources and treasures from the dark empire established by the Underworld Demon Sect.

This is a huge win for them all.

And the loot is plentiful.

At this moment, Ye Feng's prestige in everyone's hearts is getting higher and higher.

Because Ye Feng's explosive power during this battle really shocked everyone, it was simply extremely powerful.

At this moment, Ye Feng was walking halfway, and suddenly a very familiar voice sounded in his ears:

"Feng'er, I came to the Chaos Node last time. I have something very important to tell you."

This sound was transmitted from the most primitive chaotic void, and only Ye Feng himself could hear it.

This voice turned out to be the voice of Ye Feng's father, Emperor Ye Qing!

At this moment, after Ye Feng heard Emperor Ye Qing's voice, his eyes suddenly showed deep surprise.

He hadn't heard his father's voice for a long time.

Unexpectedly, this time Emperor Ye Qing would suddenly call him from the endless chaotic void.

Ye Feng immediately opened his eyes

There was a hint of excitement in God's face, it seemed that the father had once again awakened from the chaos.

At this moment, Ye Feng immediately looked at the few old and powerful men from the Northern Immortal Palace around him, and said loudly: "I have something to do. Come as soon as you go. You return to the Northern Immortal Palace first. I will go back directly then." "Northern Immortal Palace."

Uh-huh!

After Ye Feng finished speaking, before several old antiques could speak, he jumped up and disappeared into the team.

Several old and powerful men all smiled and shook their heads, "Although Commander Ye Feng is very powerful, his temperament is as fiery as ever. He is still a young man."

Uh-huh! Uh-huh! Uh-huh!

At this moment, Ye Feng was moving forward quickly.

He passed through the edge of the northern land of God Realm and came to the area of the universe and starry sky.

According to Emperor Ye Qing's guidance, Ye Feng arrived at a certain space node in the universe.

At this moment, in front of Ye Feng was a very dark black hole area.

Suddenly at this moment, a chaotic energy surged out of this black hole.

A figure composed of chaotic energy appeared in front of Ye Feng.

It is exactly what Emperor Ye Qing looks like!

Ye Feng's eyes were quite excited and he couldn't help but said: "Father, you have finally awakened from the endless chaos."

Emperor Ye Qing nodded at this time and said with a smile: "Feng'er, I didn't expect you to have grown to this point now. It's very good. You should go to the center of the God Realm next."

Ye Feng immediately nodded and said: "Although my father is in endless chaos, it seems that he has been paying attention to me secretly. Yes, I am going to the center of the God Realm to find my mother."

Emperor Ye Qing nodded and said aloud: "You went to the God Realm.

After the Central Earth, you should practice hard first and improve your cultivation level. Your mother is now among the Chaos God Clan. She has no particular difficulties and is relatively safe, so you still have enough time to grow, and I won't choose to take action for the time being. "

When Ye Feng heard what Emperor Ye Qing said, he immediately couldn't help but show a hint of surprise, and said, "Father, will you prepare to take action against the Chaos God Clan next?"

Emperor Ye Qing nodded, with a cold look in his eyes, and said loudly: "Yes, there are vital things in the Chaos God Clan, which will be of huge benefit to you and me when we leave this cave world."

Ye Feng's eyes suddenly showed a hint of surprise, and he said aloud: "Father, also knows the truth of this world? All the worlds we live in, including the world of gods, are all ancient powerful men. The cave world left by the Chaos God Emperor evolved into all the heavens and realms."

Emperor Ye Qing nodded at this time, and then said aloud: "Next, Feng'er, I want to tell you an important secret, that is, the first cosmic will that I said was merged was actually left by the Chaos God Emperor. The most original seed of chaos. I only learned the news after I fused the will of the first universe. By some mistake, I actually fused the seeds of chaos left by the Chaos God Emperor. So I can now be said to be a member of Chaos. The inheritor of the God Emperor."

When Ye Feng heard Emperor Ye Qing say this, his eyes suddenly showed a hint of excitement, and he said: "Father, you have now become the successor of the Chaos God Emperor? That's great. !"

Emperor Ye Qing smiled and shook his head, and said aloud: "I can only be regarded as a partial inheritor, because there are several chaos seeds, and I am just one of them. The other chaos seeds may be scattered in various places in the world. , of course, is most likely controlled by the super powerful forces in the God Realm. The Chaos God Emperor probably possesses this Chaos Seed. Otherwise, it would be impossible to create such a huge divine race and live in the center of the God Realm. "

Ye Feng nodded and said aloud: "When we attack the Chaos God Clan in the future, we must find the Chaos Seeds in the Chaos God Clan."

Emperor Ye Qing said slightly: "Although I have fused a Chaos Seed now, I am not completely out of Chaos yet, and I need to rely on the endless void in Chaos to find the location of other Chaos Seeds. , if I can continue to fuse the Chaos Seeds, I will be able to completely become a brand new Chaos God Emperor."

After finishing speaking, Emperor Ye Qing stared at Ye Feng in front of him, stretched out his palm composed of chaos energy, pressed it on Ye Feng's shoulder, and said: "Feng'er, although I have only fused a chaos seed, But I have controlled some rules about the entire cave world. After all, this cave world was created by the Chaos God Emperor. Now that I have become part of the inheritors of the Chaos God Emperor, I can naturally use some of the rules of the cave world. I Call this ability the World Matrix."

Ye Feng's eyes showed a trace of doubt, and he couldn't help but said: "World Matrix? This is the first time I have heard of this kind of power."

Emperor Ye Qing said aloud: "The mystery of the world matrix is too complicated, and it can't be explained at the moment. Feng'er, you can understand it in a layman's terms, I am now the master of a part of the entire cave world, and I can use the world between heaven and earth. I can use the power of world rules to help Feng'erli deal with some powerful enemies. This is the power of the rules of the world matrix, but I can't protect you at all times. I still have other dangers and tasks to complete in the endless chaos. If Feng'erli When your life is in crisis, you can tear open the void and call me through the endless chaotic void. I can pay attention to your space at any time. Even if you are hundreds of millions of miles away, I can activate the world matrix of the entire cave world at any time. The power comes to your position in space to help you fight against the enemy! Feng'er, I owe you a lot along the way. I will protect you from now on. As long as you can call me in time in this cave world, then Feng'er, you don't have to worry too much about life and death crises! The power of the world matrix is too huge and vast."

Chapter 2523 Transmission Notes

Ye Feng continued to chat with Emperor Ye Qing for a while.

Emperor Ye Qing said: "Feng'er, I don't have much time. I have to re-enter the endless chaotic void and sleep. Next, I hope that Feng'er can go to the center of the God Realm smoothly and grow up safely. If you are really in danger of life, you must remember to call me in the endless chaotic void. Even if we are far apart, I can help you through the world matrix."

After Emperor Ye Qing finished speaking, his whole person instantly merged into the endless chaos and disappeared in the blink of an eye.

When Ye Feng saw this scene, he immediately waved his hand to the chaotic void in front of him, then turned around and left in the blink of an eye, walking towards the distance.

Soon, Ye Feng returned to the northern land of the God Realm.

At this moment, Ye Feng's face looked very good-looking.

Because he now knows that his father is not only not sleeping in Chaos, but also has the inheritance of the Chaos God Emperor.

Successfully fused a Chaos Seed.

This is a huge creation!

This made Ye Feng very happy.

He hummed a little tune and soon returned to the Northern Immortal Palace.

When he arrived at the Northern Immortal Palace, the teams from the Northern Immortal Palace that had previously fought against the Underworld Demon Cult had already arrived at the Northern Immortal Palace, and now they had disappeared and each had gone back to their respective homes.

Ye Feng went directly to the main hall of the Immortal Palace, and then found the Lord of the Immortal Palace there, and said: "Lord of the Immortal Palace, now that my mission has been completed, I decided to go directly to the center of the God Realm, the earth."

At this time, the Lord of the Immortal Palace saw that Ye Feng had decided to leave, and did not refuse. Instead, he said: "The earth in the center of the God Realm is very special. The practitioners in the remote four realms around us are not just talking about it. You can enter the area at the center of the God Realm, otherwise everyone would want to go to the center of the God Realm."

When Ye Feng heard the Lord of the Immortal Palace say this, there was a hint of surprise in his eyes.

This was the first time he heard such a statement.

It turns out that the land at the center of the God Realm is not something that can be entered casually.

At this moment, Ye Feng couldn't help but asked: "Lord of the Immortal Palace, how should I enter the center of the God Realm, and from what direction should I enter?"

The Lord of the Immortal Palace spoke out at this time: "There is a special area around the earth in the center of the God Realm, called the Endless Forest. In the Endless Forest, there are extremely mysterious guardians. The consent of the guardians in the Endless Forest must be obtained. Only then can we enter the center of the God Realm."

When Ye Feng heard what the Lord of the Immortal Palace said, he immediately nodded and said, "Then how to get the consent of the guardian in the endless forest?"

The Lord of the Immortal Palace shook his head at this time and said aloud: "I don't know much about this. I once entered the area of the Endless Forest accidentally, and was driven out by the guardian there. That's why I know, I want to To enter the central land of the God Realm, you do not directly enter the central land of the God Realm. Instead, you need to pass through the endless forest and obtain the approval of the guardians in the endless forest before you can enter the central land of the God Realm."

At this time, Ye Feng's eyes showed a trace of surprise. He did not expect that the result would be like this.

But Ye Feng knew that he had to go to the center of the God Realm.

Because time is tight.

I can no longer achieve huge growth in a relatively barren place like the Four Realms.

The previous battle against the Underworld Demon Sect was a huge improvement for Ye Feng's last chance in the Four Realms.

At this time, Ye Feng frowned slightly, seeming to be thinking about a solution.

Suddenly the Lord of the Immortal Palace spoke up and said: "It might be more convenient if you know someone in the center of the God Realm who can guide you there."

When Ye Feng heard the Lord of the Immortal Palace say this, his eyes suddenly lit up.

Ye Feng remembered that a beautiful master he recognized back then, Leng Qingxue, once said that if Ye Feng entered the center of the God Realm, he could look for Leng Qingxue.

Ye Feng recalled for a moment and suddenly remembered that Leng Qingxue should be in a sect called Tiandao Sect in the center of the God Realm.

At this moment, after Ye Feng thought of this, his eyes immediately showed a hint of joy.

Uh-huh!

He said goodbye to the Lord of the Immortal Palace in an instant, and then returned to his Supreme Temple.

After Ye Feng returned to the Supreme Temple, he immediately took out a teleportation instrument from the storage ring that could send messages far away.

This talisman is a special talisman that Master Leng Qingxue gave to Ye Feng when he left. It can be accurately transmitted to the hands of Leng Qingxue of Tiandao Sect.

At this moment, Ye Feng started recording in this musical instrument, expressing his intention to go to the center of the God Realm. He immediately threw it out and flew towards the Tiandao Sect in the center of the God Realm.

Next, Ye Feng didn't go anywhere, he just stayed in his Supreme Temple and waited for the news.

Uh-huh!

Soon after half a month, Ye Feng suddenly saw the telegraph instrument and flew back again, flying in front of him.

Ye Feng instantly stretched out his hand and touched the musical instrument.

A woman's voice that Ye Feng was very familiar with suddenly sounded inside.

It was Leng Qingxue's words: "Xiao Feng, it's great that you want to come to the center of the God Realm. However, if you want to enter the center of the God Realm, you need to pass through the endless forest and obtain the consent of the guardian of the endless forest. But this You don't need to worry. Our Tiandao Sect is located at the edge of the earth in the center of the God Realm, just close to the Endless Forest, so we have a pretty good relationship with the guardians in the Endless Forest. With my guarantee to you, you can go to the Endless Forest with confidence. Forest, and then show him the jade pendant contained in the talisman, and he will let you pass through the endless forest."

Snap!

After the voice in the telegraph urn fell, an emerald-colored jade pendant fell down and fell right into Ye Feng's hand.

Ye Feng was holding the jade pendant in his hand at this moment, and could see the words "Leng Qingxue" written on the jade pendant.

Obviously this seems to be Leng Qingxue's identity token in Tiandaozong.

There was some warmth in Ye Feng's eyes at this moment. Unexpectedly, Leng Qingxue still remembered him after so many years.

And when he heard that he wanted to go to the center of the God Realm to seek refuge with her, he immediately used the talisman to pass it back, and even gave his identity token to Ye Feng.

"Master, thank you very much."

Ye Feng murmured slightly at this time, then took the jade pendant passed by Leng Qingxue and left the Northern Immortal Palace in an instant.

Ye Feng had already greeted the Lord of the Immortal Palace before, so Ye Feng did not need to say goodbye to the Lord of the Immortal Palace at this time. He left the Northern Immortal Palace directly. Ye Feng continued to chat with Emperor Ye Qing for a while.

Ye Feng had already greeted the Lord of the Immortal Palace before, so Ye Feng did not need to say goodbye to the Lord of the Immortal Palace at this time. He left the Northern Immortal Palace directly.

Chapter 2524 Guardian of the Endless Forest

When Ye Feng arrived at the gate of the Northern Immortal Palace, he saw a familiar figure. It turned out to be Zeng Rou, the master of the Natural Temple.

At this moment, Zeng Rou seemed to know that Ye Feng was leaving.

There was a deep look of reluctance in her eyes, and she couldn't help but look at Ye Feng and asked: "Ye Feng, you must be careful when you go to the center of the God Realm this time. I don't know when you can come back. ?"

Ye Feng walked up to Zeng Rou at this time, stretched out his hand, and wanted to touch her white and beautiful face, but in the end he did not touch her. Instead, he retracted his hand halfway, took a deep breath, and spoke slowly. : "I'm not sure when I will be able to come back, but I believe that day will definitely not be too late."

Uh-huh!

After saying that, Ye Feng didn't waste any time. He turned around in an instant and flew towards the distance. Soon his back disappeared from Zeng Rou's sight.

"well..."

In place, only a beautiful lady's sigh was left. .???.??

...

After Ye Feng left the Northern Immortal Palace, he quickly rushed towards the center of the God Realm without any hesitation.

After spending nearly half a month, Ye Feng finally arrived at the edge of an extremely dense forest.

Ye Feng's eyes were filled with excitement. As long as he passed through this endless forest, he could completely reach the center of the God Realm.

Moreover, the Tiandao Sect where Leng Qingxue is located happens to be at the edge of the center of the God Realm.

Right next to the Endless Forest.

If he said that, he would soon be able to meet his master Leng Qingxue.

Maybe you can also learn the upgraded version of the Little Fate Technique, the Great Fate Technique, from Leng Qingxue.

Ye Feng took a deep breath at this moment, and then stepped directly into the endless forest.

In Ye Feng's field of vision, countless dense trees covered the entire sky.

The whole land is full of vitality and seems to be full of spiritual energy.

The closer Ye Feng got to the depths of the endless forest, the more Ye Feng felt a very abundant spiritual energy, which was contained in the entire world.

.

This made Ye Feng's eyes very surprised.

It seems that the earth in the center of the God Realm has a very rich spiritual energy.

However, this spiritual energy did not spread to the surrounding four realms, and seemed to be locked by a very huge heaven and earth formation.

It's just that these spiritual energies are placed in the center of the God Realm.

Therefore, the earth in the center of the God Realm can continue to prosper and prosper, standing tall at the pinnacle of the God Realm.

When Ye Feng walked into the deeper area of the Endless Forest, suddenly a figure dressed in white appeared in front of him.

This is a young man as gentle as jade. He is dressed in white and has a light blue bamboo flute on his back.

And at this moment, when this young man appeared, he sat down and started to play the piano, played a song, and even sang a song, "The music of the piano in the forest is gentle, and the mountains understand my joys and sorrows..."

It looks very ethereal and chic.

Ye Feng was very surprised when he saw this handsome young man suddenly appearing in front of him.

This is definitely a strange person.

Ye Feng couldn't help but clasped his fists and asked: "You must be the guardian of this endless forest, right?"

The young man in white stopped playing the guqin at this time, stood up slowly and looked at Ye Feng in front of him, nodded slightly, and said with a smile: "I can feel that the life in you is fluctuating very much." Strong, and your cultivation strength is among the top among the four realms. It seems that you entered this endless forest to go to the center of the God Realm. "

Ye Feng immediately nodded and said: "Yes, the place I am going to on this trip is the Tiandao Sect in the center of the God Realm. I have people I know there."

At this moment, after Ye Feng finished speaking, he immediately took out the identity token that Leng Qingxue had expressly delivered to him.

The young man in white looked at the hand in Ye Feng's hand.

That piece of identity token, then nodded slightly, and said loudly: "Yes, this token is the token of Tiandao Sect. Although Tiandao Sect is not a big force in the center of the God Realm, it can also be regarded as the Endless Forest. It's a powerful sect on the edge and has a good relationship with me, so I will allow you to pass through this endless forest."

Uh-huh!

At this time, after the young man in white finished speaking, he immediately came to Ye Feng, grabbed Ye Feng's shoulders, and moved quickly deeper into the endless forest.

Ye Feng could feel that the cultivation aura of this guardian of the endless forest was very unfathomable, and it was impossible to guess the true strength of this young man in white.

At this moment, Ye Feng couldn't help but asked: "Ye Feng, I don't know your name. If there is a chance in the future, I hope to discuss martial arts practice with you."

Ye Feng felt that the other party was an unfathomable person who was worth making friends with.

And for some reason, Ye Feng felt an inexplicable sense of intimacy.

Perhaps Ye Feng yearned for the elegant and unrestrained feeling that the other party naturally exuded.

At this moment, the guardian of the Endless Forest smiled slightly and said: "My name is Xu Song. Although I am the guardian of the Endless Forest, I occasionally travel in the center of the God Realm. We will meet again if we have the opportunity. of."

At this moment, after the guardian of the endless forest finished speaking, he suddenly swung Ye Feng forward.

boom!

Ye Feng was immediately thrown into the area ahead, and flew out of the endless forest.

Uh-huh!

At this moment, Ye Feng cast his body-holding technique instantly, and instantly landed smoothly on the ground from high in the sky.

At this moment, Ye Feng looked behind him, where was an area of endless forest.

But at this time, Ye Feng has arrived at the real area of the earth in the center of the God Realm.

At this time, Ye Feng saw that very chic and indifferent person.

A handsome young man in white, the guardian of the endless forest, was standing on the branch of a towering tree in the distance, waving his hand to Ye Feng.

At this moment, Ye Feng immediately hugged his fists towards the guardian of the endless forest, and then said loudly: "Thank you very much."

After the words fell, Ye Feng immediately turned around and walked in the distance.

At this moment, Ye Feng has truly arrived at the center of the God Realm.

He could feel that the vitality and spiritual power in the entire world was very majestic.

Obviously, the reason why the land in the center of the God Realm is so prosperous is not without reason.

Ye Feng guessed that the entire central land of the God Realm might have been set up by an ancient powerful man with a huge formation.

It can gather all the spiritual energy of the entire God Realm in the central area of the God Realm.

Only then can we give birth to so many splendid cultivation civilizations, super powers, and various powerful gods.

At this time, after Ye Feng had advanced nearly dozens of kilometers, he did not encounter any people.

There was green grass all around, but there was no sign of any living creatures.

Ye Feng suddenly slapped his head at this time. He forgot to ask Leng Qingxue in the transmission note how to get to Tiandaozong.

But at this time, Ye Feng could no longer contact Leng Qingxue.

That transmission note is a disposable item.

At this moment, Ye Feng can only take a look at the small cities or small market towns around him, and ask where the Tiandao Sect is.

Leng Qingxue has already said that Tiandao Sect is not far from the Endless Forest and should be in a certain area nearby.

Moreover, Ye Feng was not in a hurry at this time.

After all, I have successfully arrived at the center of the God Realm, so I don't have to worry about anything anymore and can grow slowly.

Buzz!

At this moment, Ye Feng exuded his huge soul power and began to explore the traces of the surrounding human race's existence.

Chapter 2525 Red Flame Mercenary Group

It must be said that the area of the central land of the God Realm is still very wide.

Ye Feng has been advancing in this huge grassland for nearly three days and three nights, but he has not seen the end of this grassland.

He is still wandering around in the endless green grassland.

Even if he releases a huge amount of soul power, he does not notice any big movement.

This makes Ye Feng's eyes reveal a trace of helplessness.

This time he did not expect that he would be lost in this endless grassland.

Swish!

At this moment, Ye Feng could only fly high in the sky and look as far as possible.

Suddenly, Ye Feng saw an area not far from the grassland, and there was actually a small jungle.

Ye Feng's eyes lit up immediately.

He immediately flew towards the jungle.

Soon Ye Feng came to this jungle.

He sensed the breath of many powerful beasts in this jungle.

In addition, what made Ye Feng's eyes show joy was that in this jungle, Ye Feng sensed the breath of human strongmen.

Ye Feng immediately went deep into the jungle, trying to find the strong human beings living around.

Because as long as he could meet a strong human being, he could ask about the location of the Tiandao Sect.

Boom!

Suddenly at this moment, a huge roar came from a certain direction of the jungle.

Ye Feng's perception was extremely strong, and he immediately sensed the roar. His eyes moved instantly, and he flew directly in that direction.

Soon Ye Feng came to the area of the roar.

He immediately saw several agile human masters fighting with a black snake that was several hundred meters tall.

This black snake was covered with dense black scales, each of which was the size of a bowl, and it had a cold metallic luster under the cold sunlight.

And this black snake had two long black fangs, which were obviously full of poison.

At this moment, Ye Feng immediately looked at these agile human masters. He sensed that the cultivation aura of these human masters was much weaker than his own, at the level of Heavenly Tribulation Realm.

This made Ye Feng feel relieved.

It seems that not all the super strong people are in the central land of the God Realm.

You know, Ye Feng is now at the level of Enlightenment Realm, two realms higher than Heavenly Tribulation Realm.

The energy fluctuations of this poisonous python have exceeded the Heavenly Tribulation Realm and are at the level of Slashing Dao Realm.

However, these masters can easily fight with this poisonous python with cooperation, and seem to want to hunt this poisonous python completely.

Ye Feng saw this scene and chose to continue watching, because he couldn't disturb the other party now.

But at this time.

Boom!

Suddenly, this poisonous python opened its bloody mouth and sprayed out a black mist.

Hula!

This dark fog was full of poison. In an instant, it enveloped all the human masters around in the poisonous fog.

The human masters who could easily fight this poisonous python suddenly felt that they had lost their strength, completely limp, and fell directly to the ground.

"Oh no! This poisonous python has re-condensed such a poisonous gas. We are all poisoned. We may not be able to exert our combat effectiveness in a short time."

Almost at this moment, several human masters couldn't help but change their faces, and they all felt a kind of despair.

Because they had lost their combat effectiveness, they were completely like fish on the chopping board in front of the poisonous python, and they were at the mercy of others.

Swish!

At this moment, Ye Feng saw this scene and instantly flew in front of this group of masters.

Among this group of masters, the middle-aged man who led the group, wearing armor like a mercenary, could not help but look happy and said, "My friend, please rescue us. As long as you rescue us, I can promise you anything."

When Ye Feng heard this, he just nodded slightly and said, "Let's deal with this poisonous python first."

The reason why Ye Feng wanted to save this group of people was naturally to ask them where the Tiandao Sect was.

After all, this group of people should be local warriors in the edge area of the central land of the God Realm.

They should be familiar with everything around them.

At this moment, seeing Ye Feng say this, a group of human masters immediately showed surprise in their eyes.

I didn't expect that this young boy who looked so young was so courageous that he would face the poisonous python alone.

At this moment, the leader of this group of masters, the middle-aged man, said: "My young friend, this poisonous python is very powerful, and it is very likely to continue to spray this poisonous mist, so my friend, you should not face this poisonous python head-on for the time being. You should take us away first, and when all the toxins in our bodies are removed, we will work together to surround and kill this poisonous python." Ye Feng just smiled faintly when he heard this and said, "I am enough." Swish!

After Ye Feng finished speaking, no matter what other people around him thought, he immediately rushed towards the poisonous python in front of him.

Just for a moment, Ye Feng didn't even really make a move. He casually displayed the Ten Thousand Swords Domain, and condensed a long sword made of light around his body. It pierced the void in an instant, and instantly The ferocious venomous python that was roaring and roaring was instantly chopped into two halves.

Snap!

Snap!

The poisonous python, which was originally very ferocious and dangerous, was cut in half by Ye Feng almost at that moment. Its huge body fell directly to the ground, and it died instantly.

"What?!"

Seeing this scene, a group of human masters present could not help but have deep horror in their eyes.

They stared at Ye Feng, their eyes almost falling out of shock.

It seems that he never expected that this ordinary young man who suddenly appeared would have such terrifying strength.

He didn't even really take action, he just gathered a long sword and killed the poisonous python. This kind of combat power was really terrifying.

Ye Feng did not swallow this poisonous python at this moment, because the poisonous python's cultivation level was too weak, and the traces of blood energy were of no use to Ye Feng, even if he swallowed it. It's just a drop in the bucket and doesn't mean much.

So Ye Feng didn't bother to devour it. In the future, if he encountered such a weak opponent, after killing it, Ye Feng didn't bother to devour it. There was no need to waste time.

At this moment, Ye Feng looked at the group of saved human masters. There were four people in total, three men and one woman.

At this moment, this group of human masters immediately understood that Ye Feng was definitely a super genius from a large family with strong strength and mysterious identity.

Otherwise, it would be impossible to possess such terrifying strength at such a young age.

At this time, the middle-aged man who was the leader of a group of human masters immediately clasped his fists and said loudly: "Thank you so much for this little brother's help this time. My name is Chi Tiange, and I am Chi Yan from the nearby Fiery City. The captain of the mercenary group, the three people behind me are the other members of our Red Flame mercenary group, named Liu Ruyan, Gu Shanchuan, and Black Monkey."

At this moment, after the middle-aged man Chi Tiange finished speaking, Ye Feng immediately looked at the people in front of him, nodded slightly, and said loudly: "Since you are all people living around here, you should know. How should Tiandao Sect get there?"

Chapter 2526 Experience together

"Tiandao Sect?"

After Ye Feng finished speaking, several experts present showed a hint of surprise in their eyes.

Captain Chi Tiange couldn't help but said: "Is this little brother going to Tiandao Sect? Tiandao Sect is indeed a powerful sect near the area where we live, but it has always lived in seclusion in the mountains and old forests. No one knows where it is specifically, so if the little brother wants to ask us about the Tiandao Sect, I'm afraid we can't help him. "

At this time, Ye Feng heard Chi Tiange say this, and his eyes suddenly showed a hint of disappointment.

Unexpectedly, none of the human masters living in this local area knew where the Tiandao Sect was.

This made Ye Feng a little surprised. Are these big forces in the center of the God Realm hiding in the mountains and forests, not open to the outside world, and recruiting wise men?

At this moment, Chi Tiange, the captain of the Red Flame Mercenary Group, suddenly said: "If you want to know where the Tiandao Sect is, little brother, you can come back to the Agni Fire City with us. The Agni Fire City is also considered a place nearby. It's a big city, maybe my little brother can find out the specific location of Tiandao Sect in the Fiery City."

Ye Feng nodded and said: "Okay, then I will follow you back to the Fiery City."

After finishing speaking, several members of the Red Flame Mercenary Group showed traces of joy in their eyes.

Because they had just seen Ye Feng's powerful strength.

If Ye Feng could follow them, their journey would be very safe.

At this moment, Chi Tiange, the captain of the Red Flame Mercenary Group, asked aloud: "Little brother, are you anxious to go to Tiandao Sect now? Because we are not ready to return to the Fiery City directly."

Ye Feng smiled and said: "I'm not in a hurry, even

It doesn't matter if I don't go to Tiandao Sect. To tell you the truth, I am a warrior from outside the center of the God Realm. Now that I have come to the center of the God Realm, my only purpose is

to continue to become stronger, so I can go anywhere. , as long as it allows me to continue to experience and improve. "

Hearing what Ye Feng said, several members of the Red Flame Mercenary Group showed even more shock and awe in their eyes.

At this time, Ye Feng saw several members of the mercenary group showing such expressions, and he couldn't help but asked in surprise: "I am not a warrior from the center of the God Realm, but from the four very barren surrounding areas. , I thought you would look down on my background."

Hearing what Ye Feng said at this time, Chi Tiange, the captain of the Red Flame Mercenary Group who was present, couldn't help but smile bitterly and said: "How could we look down on your origin, little brother? Little brother, you can Coming to the center of our God Realm from the four major realms means that you have extraordinary talents, and your identity must be very unusual. Otherwise, you would not be able to just come to the center of our God Realm. Brother, you pay more attention to and respect me, and being able to be with such a powerful master as my little brother makes us feel more at ease."

Hearing Chi Tiange, the captain of the Red Flame Mercenary Group, say this, Ye Feng's eyes showed a hint of surprise.

Then Ye Feng couldn't help but smile and nodded, and said aloud: "But as long as I am here, you will indeed be very safe. As long as you don't encounter particularly powerful demons and beasts, there shouldn't be any big safety problems. "

Chi Tiange, the captain of the Red Flame Mercenary Group, couldn't help but said: "Since you, little brother, are not in a hurry to go to Tiandao Sect, then I am not worried.

Because we are not ready to return to the Fire City yet. We have just come out. Little brother, you are so powerful. You can get more resources by following us. We are very well-informed in this area, and there are many rare things. We all know where the treasure is hidden, but we don't dare to look for it because of our limited strength. But little brother, you are so powerful, maybe we can give it a try. "

When Ye Feng heard Chi Tiange, the captain of the Red Flame Mercenary Group, said this, his eyes suddenly lit up and he said, "I am also very interested in finding rare treasures."

At this time, Ye Feng was indeed in no hurry to go to Tiandao Sect.

Even if Ye Feng does not go to Tiandao Sect, there will be no big consequences.

After all, Ye Feng has come to the center of the God Realm through the relationship with Tiandao Sect, and he does not necessarily have to seek refuge with his master Leng Qingxue.

As long as his cultivation can become stronger, Ye Feng can be anywhere.

Moreover, Ye Feng has just arrived in the center of the God Realm and is not very familiar with many places.

If he can follow this nearby local Red Flame mercenary group, it will also be of huge benefit to Ye Feng's subsequent experience.

At least Ye Feng won't get lost.

Moreover, Ye Feng has been alone in the endless forests and grasslands for so long, and now he meets warriors who are also from the human race, and all of them look very generous, which makes Ye Feng quite happy, at least for the time being. Alone.

At this moment, Liu Ruyan, the only woman among the members of the Red Flame Mercenary Group, walked up to Ye Feng, with a kind of fascination and awe for the strong in her eyes, and said loudly: "This Young adults, if you come with us, I can take care of your daily life for free."

\u003c

br\u003e Hearing what Liu Ruyan said, Ye Feng suddenly showed a trace of surprise on his face.

Sure enough, excellent people are always welcome wherever they go.

At this moment, Chi Tiange, the captain of the Red Flame Mercenary Group, immediately laughed and said to Liu Ruyan: "This young brother is not something you can control. Don't use your charm skills casually. , this is not polite to others."

When Ye Feng heard this, he immediately smiled and said: "It doesn't matter, I can sense that Miss Ruyan has no ill intentions, she is just simply interested in me."

After finishing speaking, Ye Feng looked at the people in front of him and said, "Where are we going next?"

At this moment, Chi Tiange, the captain of the Red Flame Mercenary Group, said: "We will continue to go deep into this jungle. It is said that there is a rare place in the deepest part of this jungle full of all kinds of heaven and earth elixirs. If we If we can find it, it will be a huge harvest, but there is a demon alliance deep in the jungle, with all kinds of powerful and terrifying demons, so we have to be careful next."

Everyone nodded after hearing this.

Ye Feng didn't say much at this time. He just nodded and followed the arrangements of Chi Tiange, the leader of the Red Flame mercenary team.

After all, Ye Feng was unfamiliar with this place, so of course he had to follow the plans of the experienced old man.

At night, everyone settled on the spot in the extremely dark jungle.

For Ye Feng, this time he went on an adventure with the Red Flame mercenary group to find rare treasures, naturally to improve his strength.

Now that he has arrived at the center of the God Realm, Ye Feng is not in a hurry. He just happens to have a good experience with a group of people from the Red Flame Mercenary Group in this endless prairie.

Chapter 2527 Looking for rare treasures

At night, everyone slept in the jungle.

"Buzz buzz..."

In the darkness, there seemed to be some terrifying creature approaching everyone.

Under the weak moonlight, it turned out to be a hungry wolf covered with sharp thorns, its eyes glowed with a cold red light, and it looked extremely ferocious and terrifying.

This is a very terrifying evil beast in the prairie, called the dark wolf, and it is extremely powerful.

And the pair of wolf claws seemed to be made of steel. If the claws were grabbed at once, they could tear anything into pieces.

At this moment, this dark wolf instantly approached the place where everyone was living.

Apparently this evil beast has discovered the aura of everyone and wants to eat them all as food.

The dark wolf seems to have a very special racial talent and can hide the breath of life in itself.

So at this moment, the dark wolf quietly approached the area where everyone lived, without causing any movement.

This hungry wolf even came to everyone's tent and stretched out a huge wolf claw, trying to scratch everyone in the tent to pieces.

But at this moment, a fist suddenly blasted out of the tent.

boom! !

A terrifying divine light erupted from the fist, piercing through the entire body of the dark wolf in one fell swoop.

The entire body was shattered instantly.

The dark wolf was killed directly.

It was naturally Ye Feng who took action at this time.

Ye Feng possesses powerful soul power and has long sensed the arrival of this dark wolf.

In order to hunt down this dark wolf, Ye Feng has never taken the initiative.

When the dark wolf approached him, he instantly used his extremely powerful iron fist to smash the dark wolf to pieces.

At this moment, after hearing the noise here, several masters of the Red Flame Mercenary Group who were sleeping soundly in other tents woke up one after another.

They walked out of their tent in an instant and saw the body of the dead dark wolf in front of Ye Feng, their eyes filled with deep horror.

Chi Tiange, the captain of the Red Flame Mercenary Group, couldn't help but said: "It turned out to be an extremely powerful dark wolf. Such a terrifying creature would actually appear in this jungle. It seems that we are almost close. Otherwise, such a powerful evil beast would not have appeared in the deepest area of the dark jungle."

At this moment, several other members of the Red Flame Mercenary Group also said aloud: "Yes, the dark wolf is a very terrifying creature. His racial talent is to be able to hide the monsters in himself. The breath can approach a sleeping person at night without anyone noticing, and can tear the sleeping person apart and kill him in an instant. If Brother Ye Feng hadn't been here this time, I'm afraid all of us would have become The food of this dark wolf."

Ye Feng nodded at this time, then put the body of the dark wolf into his storage ring, and then swallowed it secretly.

boom!

Suddenly Ye Feng felt that his skill reserve had improved a lot.

However, the strength of this dark wolf is not very strong. Ye Feng's cultivation level has not broken through, but his skill has increased a bit.

At this moment, Ye Feng looked at the sky. The moon was about to set, and a trace of fish belly white appeared in the eastern sky.

At this moment, Ye Feng said aloud: "The next day is coming soon, let's continue setting off."

Chi Tiange, the captain of the Chiyen Mercenary Group, nodded and said: "Okay, after spending the dangerous night, it should be much safer during the day, and the appearance of the dark wolf means that we have arrived in this jungle. In the deepest area, we are probably very close to that rare place full of elixirs."

At this moment, Chi Tiange said, taking out an ancient map from his storage ring.

He said aloud: "This map is from

Bought from a wandering merchant, there are many jungles and prairie areas where special wealth is hidden. The rare place we are going to this time is one of the more precious areas on the map. "

At this moment, everyone was talking and started to continue on the road, heading towards the deepest part of the jungle.

Along the way, everyone encountered many powerful monsters. The cultivation levels of these monsters were basically in the Heavenly Tribulation Realm or the Dao-Slaying Realm.

So far, Ye Feng has not encountered a monster that is more powerful than his own.

However, although the cultivation level of the monster beasts encountered was relatively low, there were quite a lot of monster beasts.

Therefore, Ye Feng's cultivation skills have improved a lot after killing all the way, and he is faintly about to break through to the second level of Enlightenment Realm.

On the afternoon of this day, Chi Tiange, the captain of the Red Flame Mercenary Group, suddenly stopped in front, and then said aloud: "We have arrived at the area indicated on the map."

At this moment, Liu Ruyan, a member of the Red Flame Mercenary Group, looked around curiously and said loudly: "Captain, did you see it wrong? The surroundings are barren mountains, and it doesn't look like growing high-level people at all. A place of wonders and wonders."

The other members of the Red Flame Mercenary Group also scattered around, trying to find the rare places indicated on the map.

Uh-huh!

Ye Feng was also walking in a certain direction at this time, spreading out his powerful soul power, trying to find the breath of high-level elixir.

"ah!"

But just a moment later, a shrill scream suddenly came from a certain direction.

Swish, swish, swish!

Almost at this moment, everyone gathered in that direction.

When they arrived at the scene, they immediately saw the strong member of the Red Flame Mercenary Group, who seemed to be called Gu Shanchuan. At this moment, his whole body was stuck in a quagmire, and there were many black scorpions biting him. body.

The whole person has been poisoned and died.

"hateful!!!"

Seeing this scene, several members of the Red Flame Mercenary Group couldn't help but look very ugly.

Unexpectedly, in this short period of time, one of their powerful team members had completely died.

But by this time everyone was dead, and there was nothing that could be done.

Chi Tiange, the captain of the Red Flame Mercenary Group, couldn't help but said: "Everyone must pay attention to safety and don't fall into the quagmire in the deepest part of the jungle, otherwise you may be trapped in place. He was directly swallowed by the poisonous insects around him."

After hearing this, several people nodded.

Ye Feng stood there at this time, looking at the dead body of Gu Shanchuan. Suddenly his eyes moved and he said loudly: "It seems that Gu Shanchuan did not accidentally fall into the quagmire and was bitten to death by poisonous insects. There was a very small thread on his neck." The poisonous needle pierced his throat deeply. It seemed that he was assassinated by someone else and then fell into the mire and died. "

Hearing what Ye Feng said at this time, the faces of several members of the Red Flame Mercenary Group present suddenly changed.

"What?"

Chi Tiange, the captain of the Red Flame Mercenary Group, instantly ducked to Gu Shanchuan's body and carefully observed Gu Shanchuan's neck. Sure enough, he found a tiny poisonous needle stabbed into Gu Shanchuan's neck.

If Ye Feng hadn't discovered it, they wouldn't have been able to spot such a tiny poisonous needle at first glance.

At this moment, Chi Tiange, the captain of the Red Flame Mercenary Group, pulled out the tiny poisonous needle. After observing it carefully, his face suddenly showed an extremely angry expression, and he couldn't help but say... He said loudly: "This is the deadly poisonous needle of the Viper Mercenary Group! Gu Shanchuan was definitely assassinated by the Viper Mercenary Group and then thrown into this swamp!"

"Viper Mercenary Group?"

At this time, Ye Feng heard the name Chi Tiange said, and his eyes suddenly moved slightly.

It seems that in this rare place, it is not only the Red Flame Mercenary Group who wants to find high-level elixirs, but another powerful mercenary group has also come here, and it seems that it is an enemy of the Red Flame Mercenary Group.

Chapter 2528 Du Qianjue

At this moment, everyone discovered that Gu Shanchuan was killed by the masters of the Viper Mercenary Group.

After knowing this, a group of members of the Red Flame Mercenary Group showed deep anger on their faces.

They never thought that one of their powerful team members would be killed by the Viper Mercenary Group.

It's really hateful!

"Crash!" ??

"Crash!" ??

But just as everyone was preparing to look for the Viper Mercenary Group, pitch-black arrows suddenly flashed out from the black jungle surrounding the swamp.

Uh-huh! Uh-huh! Uh-huh!

The tip of each arrow is coated with black poison. If a layer of skin is scratched, the poison may kill you instantly.

I have to say that this is a very vicious ambush method!

"What's wrong! People from the Viper Mercenary Group must be ambushing around."

At this moment, Chi Tiange, the captain of the Red Flame Mercenary Group, couldn't help but exclaimed.

Because he instantly recognized that all the arrows shot from the surroundings and the poison smeared on them were all the methods of the Viper Mercenary Group that he was familiar with.

Only people from the Viper Mercenary Group would target their Red Flame Mercenary Group like this.

The Viper Mercenary Group and the Red Flame Mercenary Group can be said to be the two most powerful mercenary groups in the Fiery City.

If the Viper Mercenary Group can wipe out the Red Flame Mercenary Group, then the number one mercenary group in the entire Agni City will be the Viper Mercenary Group.

It was precisely because Chi Tiange, the captain of the Red Flame Mercenary Group, figured this out that he immediately felt that those ambush here must be the masters of the Viper Mercenary Group.

This made Chi Tiange extremely angry.

Unexpectedly, they were ambushed by the Poison Oath Mercenary Group before they found the elixir in the rare place.

Moreover, one of the team members, Gu Shanchuan, has died.

Chi Tiange's heart was filled with angry flames at this moment. At this time, he couldn't help but roared: "Viper Mercenary Group! Stop hiding in the dark! I have already guessed that you are in the dark. To deal with our Red Flame mercenary group, I will kill you all today even if I risk my life! Your shameless assassination methods are really hateful! If you have the guts, come out and fight head-on. Don't do it. Such a despicable assassination method!"

Almost at this moment, Chi Tiange took out a long sword directly from his storage ring.

"Fire Flame Sword Technique!"

Chi Tiange instantly inspired his own skills.

What he practiced was a technique with the attribute of flames.

Almost at the moment when his skill was activated, a burst of red energy surged out from Chi Tiange's dantian, and then poured directly into the long sword in his hand.

"Boom!!"

Almost at this moment, the long sword held by Chitian Singer suddenly burned into a crimson flame.

"The sword burns mountains and rivers!"

Then Chi Tiange roared and directly released a terrifying swordsmanship.

He held the long sword burning with violent flames in his hand and turned around violently.

The long sword burning with flames suddenly erupted

A terrifying long river of flames emerged, covering all the arrows in the surrounding area in a sea of flames for an instant.

"Crack!"

"Crack!"

Even if those arrows were made of steel and smeared with poison, at this moment, in the long river of flames erupted by Chi Tiange, they were burned and melted by the infinite flame sword energy in an instant, and turned into Drops of molten iron fell from high in the sky.

It has to be said that Chi Tiange, the captain of the Red Flame mercenary group, is quite powerful.

He reacted at this moment, so the terrifying power that burst out instantly was still very terrifying, destroying all the ambush arrows.

"Hahaha, I didn't expect Chi Tiange to react so quickly at this moment, but since you have been ambushed by our Viper Mercenary Group today, there is no possibility of survival, because you will all die today. In this wilderness and swamp."

Accompanied by a very vicious laugh.

Uh-huh! Uh-huh! Uh-huh!

At this moment, several figures suddenly emerged from the surrounding dark jungle.

There were eight people in total, led by a young man wearing a black robe.

This young man was carrying a long black sword on his back. There was a long scar on his stern face, and he looked very ferocious.

At this time, this young man in black robe is the captain of the Viper Mercenary Group, named Du Qianjue.

At this moment, Du Qianjue stared at a group of people from the Red Flame Mercenary Group with a deep sneer in his eyes.

Especially after staring at Chi Tiange, he laughed out loud: "Chi Tiange, I didn't expect you to arrive here. It seems that you and I bought the same map. The high-level elixir in the rare place. It is impossible to get it, because you are about to die in this swamp at this moment, and I want to get all the high-level elixirs growing in the rare place!"

At this moment, after Du Qianjue finished speaking, he immediately looked at the several masters around him and said loudly: "You all take action and kill all the members of these Red Flame mercenary groups! Chi Tiange handed over Just let me deal with it."

But at this moment, Chi Tiange said with extremely gloomy eyes: "Du Qianjue, you actually assassinated one of my brothers. This is something you will never be able to atone for. I want to completely punish you." Kill you and let you be buried with my brother Gu Shanchuan!"

Boom! !

Almost at the moment Chi Tiange finished speaking, his whole body suddenly erupted with a terrifying light of flames.

"Du Qianjue, today you and I will settle all our grievances!"

Chi Tiange held the long sword in his hand, and a terrifying flaming sword light suddenly erupted, surrounding him and charging towards a group of masters from the Viper Mercenary Group in front of him.

Uh-huh! Uh-huh! Uh-huh!

Many members of the Viper Mercenary Group rushed towards Chi Tiange at this moment, using their extremely powerful methods.

"Sword and fire destroy the world!"

Chi Tiange held the flaming sword in his hand and unleashed a terrifying swordsmanship. The terrifying flaming sword energy inherited from martial arts immediately forced the masters of the Viper Mercenary Group to retreat. Their bodies were all burning with flames, causing many people to suffer heavy injuries all at once. At this moment, everyone discovered that Gu Shanchuan was killed by the masters of the Viper Mercenary Group.

After knowing this, a group of members of the Red Flame Mercenary Group showed deep anger.

They never expected that one of their powerful team members would be killed by the Viper Mercenary Group.

It's really hateful!

"Crash!"

"Crash!"

But just as everyone was preparing to look for the Viper Mercenary Group, pitch-black arrows suddenly flashed out from the black jungle surrounding the swamp.

Uh-huh! Uh-huh! Uh-huh!

The tip of each arrow is coated with black poison. If a layer of skin is scratched, the poison may kill you instantly.

I have to say that this is a very vicious ambush method!

"What's wrong! People from the Viper Mercenary Group must be ambushing around."

At this moment, Chi Tiange, the captain of the Red Flame Mercenary Group, couldn't help but exclaimed.

Because he instantly recognized that all the arrows shot from the surroundings and the poison smeared on them were all the methods of the Viper Mercenary Group that he was familiar with.

Only people from the Viper Mercenary Group would target their Red Flame Mercenary Group like this.

The Viper Mercenary Group and the Red Flame Mercenary Group can be said to be the two most powerful mercenary groups in the Fiery City.

If the Viper Mercenary Group can wipe out the Red Flame Mercenary Group, then the number one mercenary group in the entire Agni City will be the Viper Mercenary Group.

It was precisely because Chi Tiange, the captain of the Red Flame Mercenary Group, figured this out that he immediately felt that those ambush here must be the masters of the Viper Mercenary Group.

This made Chi Tiange extremely angry.

Unexpectedly, they were ambushed by the Poison Oath Mercenary Group before they found the elixir in the rare place.

Moreover, one of the team members, Gu Shanchuan, has died.

Chi Tiange's heart was filled with angry flames at this moment. At this time, he couldn't help but roared: "Viper Mercenary Group! Stop hiding in the dark! I have already guessed that you are in the dark. To deal with our Red Flame mercenary group, I will kill you all today even if I risk my life! Your shameless assassination methods are really hateful! If you have the guts, come out and fight head-on. Don't do it. Such a despicable assassination method!"

Almost at this moment, Chi Tiange took out a long sword directly from his storage ring.

"Fire Flame Sword Technique!"

Chi Tiange instantly inspired his own skills.

What he practiced was a technique with the attribute of flames.

Almost at the moment when his skill was activated, a burst of red energy surged out from Chi Tiange's dantian, and then poured directly into the long sword in his hand.

"Boom!!"

Almost at this moment, the long sword held by Chitian Singer suddenly burned into a crimson flame.

"The sword burns mountains and rivers!"

Then Chi Tiange roared and directly released a terrifying swordsmanship.

He held the long sword burning with violent flames in his hand and turned around violently.

The long sword burning with flames suddenly erupted

A terrifying long river of flames emerged, covering all the arrows in the surrounding area in a sea of flames for an instant.

"Crack!"

"Crack!"

Even if those arrows were made of steel and smeared with poison, at this moment, in the long river of flames erupted by Chi Tiange, they were burned and melted by the infinite flame sword energy in an instant, and turned into Drops of molten iron fell from high in the sky.

It has to be said that Chi Tiange, the captain of the Red Flame mercenary group, is quite powerful.

He reacted at this moment, so the terrifying power that burst out instantly was still very terrifying, destroying all the ambush arrows.

"Hahaha, I didn't expect Chi Tiange to react so quickly at this moment, but since you have been ambushed by our Viper Mercenary Group today, there is no possibility of survival, because you are all going to die today. In this wilderness and swamp."

Accompanied by a very vicious laugh.

Uh-huh! Uh-huh! Uh-huh!

At this moment, several figures suddenly appeared in the surrounding dark jungle.

There were eight people in total, led by a young man wearing a black robe.

This young man was carrying a long black sword on his back, and there was a long scar on his stern face. He looked very ferocious.

At this time, this young man in black robe is the captain of the Viper Mercenary Group, named Du Qianjue.

At this moment, Du Qianjue stared at a group of people from the Red Flame Mercenary Group with a deep sneer in his eyes.

Especially after staring at Chi Tiange, he laughed out loud: "Chi Tiange, I didn't expect you to arrive here. It seems that you and I bought the same map. The high-level elixir in the rare place. It's impossible to get it, because you are about to die in this swamp at this moment, and I want to get all the high-level elixirs growing in the rare place!"

At this moment, after Du Qianjue finished speaking, he immediately looked at the several masters around him and said loudly: "You all take action and kill all the members of these Red Flame mercenary groups! Chi Tiange handed over Just let me deal with it."

But at this moment, Chi Tiange said with extremely gloomy eyes: "Du Qianjue, you actually assassinated one of my brothers. This is something you will never be able to atone for. I want to do it completely." Kill you and let you be buried with my brother Gu Shanchuan!"

Boom! !

Almost at the moment Chi Tiange finished speaking, his whole body suddenly erupted with a terrifying light of flames.

"Du Qianjue, today you and I will settle all our grievances!"

Chi Tiange held the long sword in his hand, and a terrifying flaming sword light suddenly erupted, surrounding him and charging towards a group of masters from the Viper Mercenary Group in front of him.

Uh-huh! Uh-huh! Uh-huh!

Many members of the Viper Mercenary Group rushed towards Chi Tiange at this moment and used their extremely powerful methods.

"Sword and fire destroy the world!"

Chi Tiange held the flaming sword in his hand and unleashed a terrifying swordsmanship. The terrifying flaming sword energy inherited from martial arts immediately forced the masters of the

Viper Mercenary Group to retreat. Their bodies were all burning with flames, causing many people to suffer heavy injuries all at once.

Chapter 2529 It's really terrible

Chi Tiange laughed loudly at this time: "Du Qianjue, you can't even think of evading my attack. It's impossible for your men to beat me. It's better for you to take action yourself, the two of us." between life and death."

"Poison mist field!"

But suddenly at this moment, Du Qianjue, the captain of the Viper Mercenary Group, instantly took out a very large cloth bag from his storage ring, and then opened the mouth of the cloth bag in an instant.

Wow!

Almost at this moment, large tracts of extremely dark poisonous mist suddenly surged out of the bag, instantly covering the entire surroundings of Chi Tiange who was rushing over.

"boom!"

Chi Tiange immediately felt that he had been poisoned all of a sudden, his whole body had lost strength, and he even had no strength to hold the sword in his hand.

"hateful!"

Chi Tiange's eyes were extremely frightened and angry and he couldn't help but say: "Du Qianjue, you are playing dirty tricks! I didn't expect you to actually refine this extremely powerful poisonous magic weapon, the poisonous gas bag."

Du Qianjue laughed loudly and said aloud: "This time, I am very well prepared to deal with your entire Red Flame mercenary group. Chi Tiange, you will never be able to escape. I already know that you Red Flame mercenaries People from the corps may come here to look for rare treasures, so this time I brought all the members of our Viper Mercenary Group here, not only to find rare treasures, but also to get rid of you. The Flame Mercenary Group, as long as we get rid of Chi Tiange, the captain of the Red Flame Mercenary Group, then the rest will be small roles. After getting rid of your Scarlet Flame Mercenary Group, in the future, in the entire Liehuo City We, the

Viper Mercenary Group, are the only one among them. Now, enjoy the poisonous mist I have specially refined for you!"

boom!

At this moment, after Du Qianjue, the captain of the Viper Mercenary Group, finished speaking, a black broadsword suddenly appeared in his hand, and he rushed towards Chi Tiange, the captain of the Red Flame Mercenary Group, with a cold smile. He said aloud: "Chi Tiange, you don't have any power to resist now. You have been poisoned. Even if you use your skills to temporarily suppress the poisonous energy in your body, you still can't Stop my attack on you now, I will kill you with my own hands!"

"team leader!"

Almost at this moment, Liu Ruyan and Black Monkey, members of the Red Flame Mercenary Group not far away, both had deep horror in their eyes.

They were about to rush forward in an instant to save their captain Chi Tiange.

Uh-huh!

But at this time, Ye Feng suddenly stopped the two people and said: "Don't go to that area rashly. At this moment, that area has been shrouded in poisonous mist. With your current cultivation level, you can enter It's equivalent to death, let me do it."

Ye Feng has remained quite silent until now.

Because he didn't want to get involved in the feud between the two mercenary groups at first, lest he get into some trouble.

But now that Chi Tiange was about to die, he had to take action.

After all, he has become friends with everyone in the Red Flame Mercenary Group in the past few days.

Moreover, the disgusting ambush tactics of the Viper Mercenary Group also made Ye Feng feel that the Viper Mercenary Group should be killed.

Uh-huh!

At this moment, after Ye Feng finished speaking, he instantly came to Chi Tiange's side.

He also entered directly into this poisonous mist.

Originally, Ye Feng entered this poisonous mist and prepared to release poison-eating insects to resist this poison.

But when Ye Feng inhaled some poisonous mist, he found that the level of the poisonous mist was relatively low and could not cause any toxic damage to his chaotic body, which had now evolved to the sixth level.

So Ye Feng was very surprised. It seemed that he didn't need to release the wet poisonous insects.

Because these poisonous gases have no harm or impact on themselves at all, they are too low-level.

Obviously, Ye Feng's chaotic body has become more and more powerful after transforming into the sixth heaven. Not only is the body extremely strong, as if it is made of divine iron, but it is also resistant to some poisons, fire, and various attributes of thunder and lightning. Damage, resistance and immunity have also been improved a lot.

At this moment, when Du Qianjue, who came to kill him, saw this scene, his eyes suddenly showed a trace of surprise, and he couldn't help laughing out loud: "Chi Tiange, this boy is your latest recruit. A member of the team? No wonder he was so impulsive at such a young age. He didn't expect to rush into the poisonous mist that I had refined. That would be to die! "

Ye Feng smiled slightly at this time, and suddenly took a few big breaths of the poisonous mist, and then said loudly: "There is nothing at all, Du Qianjue, the poison you are so proud of. The fog doesn't seem to be that good!"

"What?!"

When he saw Ye Feng, he took a few big breaths of poisonous mist and looked very arrogant.

Du Qianjue, the captain of the Venomous Snake Mercenary Group, immediately couldn't help showing a look of deep astonishment in his eyes, and then said loudly: "Boy, you are too arrogant. The poison has not taken effect yet. You will do it later." Dead!"

Ye Feng laughed loudly and said aloud: "Who will die in the end, we will know later!"

Boom! !

Almost at the next moment, Ye Feng instantly released the Ten Thousand Swords Domain.

Wow!

Wow!

Almost at this moment, a terrifying sword energy suddenly appeared around Ye Feng, all condensed by divine light. In an instant, it tore through the void and directly enveloped those not far away. Poisonous.

Du Qianjue instantly felt the terrifying force of the sword energy released by Ye Feng.

There was a look of fear in his eyes immediately, and he couldn't help but said: "You are able to release such a terrifying sword energy. Who are you? There is no way you are Chi Tiange's subordinate!"

Poof!

Poof!

Poof!

But before Du Qianjue could finish speaking, the Ten Thousand Sword Domain released by Ye Feng had completely pierced Du Qianjue's entire body.

Du Qianjue didn't even react. He was killed by Ye Feng in an instant and died on the spot!

Du Qianjue, die!

"What?!"

Seeing this scene at this moment, a group of masters from the Viper Mercenary Group not far away suddenly showed deep astonishment in their eyes.

They never expected that their extremely powerful captain Du Qianjue would be instantly killed by an ordinary-looking young man.

This young man is really terrifying! Chi Tiange laughed loudly at this time: "Du Qianjue, you can't even think of evading my attack. It's impossible for your men to beat me. It's better for you to take action yourself, the two of us." between life and death."

Du Qianjue, die!

"What?!"

Seeing this scene at this moment, a group of masters from the Viper Mercenary Group not far away suddenly showed deep astonishment in their eyes.

They never expected that their extremely powerful captain Du Qianjue would be instantly killed by an ordinary-looking young man.

This young man is really terrifying!

Chapter 2530 Holy Forbidden Land

"Run!!!"

Almost at this moment, the remaining members of the Viper Mercenary Group fled frantically into the distance.

Because they felt that this young man made them feel like a demon in human skin, which really made people feel frightened and frightened.

But at this time, Ye Feng showed a smile in his eyes, looked at the masters of the Viper Mercenary Group who were escaping not far away, smiled slightly and said: "Since you are here, there is no need to run away. , let's all stay."

Almost at the moment when Ye Feng finished speaking, he didn't even take action. He directly controlled the sword energy in the surrounding Ten Thousand Swords Domain and poured it into the distance.

"boom!"

"boom!"

...

Accompanied by the terrifying roars of sword energy, countless sword energy poured down, with boundless terror and huge lethality, instantly piercing through the masters of the poisonous mercenary group.

"ah!"

"ah!"

"ah!"

Along with the shrill screams, all the members of the Viper Mercenary Group were assassinated on the spot and fell into a pool of blood instantly.

The masters of the Viper Mercenary Group were wiped out in an instant, and they all died on the spot.

At this moment, whether it was Chi Tiange, the captain of the Red Flame Mercenary Group, or the team members, their eyes showed deep admiration.

Ye Feng's strength once again shocked them.

They knew that Ye Feng's strength was unfathomable, but they didn't expect that one person could destroy the entire Viper Mercenary Group and be so powerful.

It's incredible!

Definitely comparable to the big shots from the top big families in Raging Fire City!

This time, the members of the Red Flame Mercenary Group were very lucky. Fortunately, Ye Feng followed them, otherwise it is very likely that they would really die in the ambush of the Viper Mercenary Group this time.

At this moment, Chi Tiange swallowed an antidote pill and began to restore his cultivation on the spot.

Several members of the Red Flame Mercenary Group stood next to Chi Tiange, protecting Chi Tiange.

At this moment, Ye Feng walked up to a group of people from the Viper Mercenary Group who were killed by him not far away, and then secretly released the Devouring Domain, swallowing up all the masters' skills.

This group of poisonous snake mercenaries was not very powerful, otherwise Ye Feng would not have killed them all so easily.

However, after Ye Feng devoured the skills of these people, coupled with his previous accumulation, he finally broke through to the second level of enlightenment.

Next, Ye Feng inspected the storage rings worn by the masters of the Viper Mercenary Group.

But he didn't find anything particularly good. After all, it was just an ordinary mercenary group.

However, Ye Feng found an ancient map from Du Qianjue, the captain of the Viper Mercenary Group. There are two places marked on this map. The first place is the place of rare treasures, which

is where Ye Feng is at this moment. Near the location, the second place is marked with the four ancient words "Holy Death Forbidden Land".

"Holy Forbidden Land?"

These four words were very special, and Ye Feng immediately became interested.

This should be a very special area, and it seems to be in the deepest part of the jungle.

At this moment, Chi Tiange, who had swallowed the healing pill and restored his cultivation not far away, immediately stood up and walked towards Ye Feng. He clasped his fists gratefully and said, "Thank you Ye Feng this time." Brother's rescue, otherwise it is very likely that all of us in the Red Flame Mercenary Group will die at the hands of this vicious mercenary group, the Viper Mercenary Group."

Liu Ruyan couldn't help but say at this time: "I didn't expect the Viper Mercenary Group to be so vicious. This time they actually set up an ambush in this wilderness. They wanted to kill all of our Red Flame Mercenary Group. After they It's the first mercenary group in the Fiery City."

Chi Tiange couldn't help but sigh and said with a wry smile: "There is no way around it. The world of cultivation is so cruel. Even if you don't want to deal with other people, when you become stronger, other people will be jealous." And to suppress you, sometimes it's not really us who want to cause trouble, it's really the trouble we find.

Come on us. "

At this time, Ye Feng took out the map he had found from Du Qianjue and asked, "Everyone, have you ever heard of the Forbidden Land of the Holy Death?"

At this moment, looking at the Holy Death Forbidden Land marked on the map in Ye Feng's hand, Chi Tiange, the captain of the Red Flame Mercenary Group, suddenly changed his eyes slightly and couldn't help but said: "I have heard of this place. It was a very special area. Legend has it that the Forbidden Land of the Holy Fall contains various ancient sacred objects left behind by ancient powerful men. However, the reason why the Forbidden Land of the Holy Fall is called a forbidden area is because it contains inexplicable and huge dangers. It seems that there are still There are dead beings who have resurrected. It is rumored that there is even a very scary and weird corpse emperor in the Holy Forbidden Land. Not to mention our ordinary mercenary groups, even the top big

families in our Fiery City, No one dares to enter the Holy Death Forbidden Land to find any treasures. After all, it is a forbidden place where there is no return. "

Hearing Chi Tiange say this at this moment, Ye Feng's eyes suddenly flashed slightly.

Saying this, he became more and more curious about this Holy Death Forbidden Land.

Because the more dangerous the place, the more precious the treasure is.

Because if the treasure is in a non-dangerous place, many people will go to look for it, and it will be snatched away by others long ago, and it will not wait until this era.

Therefore, the place where there are precious treasures now must be very dangerous and rarely visited, and no one dares to go in to look for it.

The reason why Ye Feng wants to take risks is naturally to improve his strength.

Although Ye Feng has basically killed all the enemies he encountered since he came to the central land of the God Realm.

But Ye Feng knows very well that these are ordinary warriors.

If he really encounters the strong men of those super powers, it is very likely that he will become a being killed.

Ye Feng knows very well that there is still a big gap between him and the strong men in the real big forces in the central land of the God Realm, and he needs to improve his strength as soon as possible.

So Ye Feng is still very interested in the nearby Holy Meteorite Forbidden Land.

After all, opportunities and fortunes are something that can only be encountered by chance.

At this moment, seeing Ye Feng's flashing eyes, Chi Tiange, the captain of the Red Flame Mercenary Group, couldn't help but say: "Brother Ye Feng, you don't want to go to the Holy Meteorite Forbidden Land to look for treasures? Brother Ye Feng, you can't be impulsive. The Holy Meteorite Forbidden Land is a place where you can't return. It is very scary. Even the top families in our Liehuo City dare not enter it." At this time, Ye Feng was a little surprised and asked: "Chi Tiange, why do you believe that there are huge dangers in the Holy Meteorite Forbidden Land? After all, you haven't been in it." Chi Tiange smiled bitterly and said: "Because I have personally experienced an incident. The top family ranked first in our Liehuo City entered the Holy Meteorite Forbidden Land, wanting to find treasures and restore the family's majesty, but what I didn't expect was that all the masters and elites of the entire top family After entering the Holy Meteorite Forbidden Land, none of them returned. It seemed that all of them fell into the Holy Meteorite Forbidden Land, so that top family immediately fell from the top family in Liehuo City to a third-tier family, which was extremely miserable. "When he said this, Chi Tiange looked at Ye Feng and advised him very seriously: "Brother Ye Feng, you can't go alone, it's too dangerous. After we find the rare treasure land and collect those high-level spiritual medicines, we will return to Liehuo City directly. Brother Ye Feng, you should go to Tiandao Sect honestly. Joining those big sects is your best choice. It is safer and better to develop honestly. "At this moment, although Chi Tiange's tone of voice seemed to be a little bit unconvinced of Ye Feng's strength, he felt that Ye Feng must be in danger when entering the Holy Meteorite Forbidden Land. But Chi Tiange was really for Ye Feng's good. He was afraid that Ye Feng, such a young super genius, would fall just because of a momentary impulse. It was really a pity. Ye Feng naturally knew this. He looked at Chi Tiange, smiled slightly, patted his shoulder, and said, "Let's talk about this later. Let's find the rare treasure place first." Chi Tiange seemed to understand something. He sighed and said nothing more. Instead, he nodded and said, "The map of the Viper Mercenary Group seems to have a more accurate description of the rare treasure place. Let's find the rare treasure place based on this map."
