Chapter 2531 Frozen Dragon

At this moment, following the map Ye Feng obtained from Du Qianjue, everyone quickly arrived at the real area of the Land of Rare Treasures.

Along the way, they passed through the entire swamp, and suddenly they saw huge elixirs growing on a continuous mountain in the distance, emitting bright light.

These elixirs look different from ordinary elixirs.

Ordinary elixirs may only be as long as a human arm. .??.

But these elixirs grow in the mountains, and each one is as majestic and tall as a big tree.

And it actually covers the entire mountain, which looks quite shocking.

"Is this the legendary high-level elixir? It is indeed different from ordinary elixirs. Each one is as big as a tree, not like a medicinal herb."

At this moment, several members of the Red Flame Mercenary Group could not help but speak out, with shock in their eyes.

After all, it was their first time to see such a large elixir.

Ye Feng also had a trace of surprise in his eyes at this moment.

Because it was also the first time that he saw the elixir grow so big, like towering trees.

At this moment, Chi Tiange, the captain of the Red Flame Mercenary Group, was very happy and immediately said: "Let's go and pick it up quickly. If we are late, it will not be good if someone else gets there first."

Swish, swish, swish!

Everyone nodded and immediately flew towards the mountainous area.

But just when they were approaching.

Boom!

Suddenly, a terrifying wave of ice descended from high in the sky, freezing several people in an instant.

Boom! !

At this moment, Chi Tiange's body erupted with terrifying flames, which instantly shattered the frozen cold air.

However, there were some blood stains on Chi Tiange's body. It was obvious that he had been traumatized by the ice freeze just now. I have to say that this ice frenzy was really terrifying.

Everyone's eyes were a little shocked at this moment, because they saw a huge dragon entangled on the mountainside of this mountain.

This is a giant frozen dragon, very majestic and vast.

The entire huge dragon body is entangled in the mountains. It looks very majestic and vast, and has a strong visual shock.

At this moment, Chi Tiange couldn't help but his eyes changed, and he said loudly: "It's such a strong and majestic evil spirit. This frozen dragon is definitely the overlord-level ferocious beast in the entire mountain."

At this moment, Ye Feng's eyes moved slightly, and he couldn't help but said: "The cultivation strength of this frozen giant dragon has reached the Enlightenment Realm, which is at the level of the tenth level of the Enlightenment Realm. You guys first Stand back and hand this giant dragon

over to me, because even if you go up, you are risking your life and may hinder my fight with this frozen giant."

Hearing what Ye Feng said, several masters of the Red Flame Mercenary Group couldn't help but nodded, and honestly retreated towards the back, watching from a distance.

Because they know very well that if they go up, they may just be cannon fodder.

Because the majestic demonic energy exuding from this frozen dragon is so huge that it feels like a dragon god and cannot be violated at all.

But this time

, Ye Feng suddenly burst out with a terrifying momentum, and suddenly rushed towards the frozen dragon.

He has absolutely no fear.

Ye Feng was very interested in the high-end elixir growing on the mountain or the majestic demon blood energy contained in the frozen dragon itself.

"Roar!!"

Almost at that moment, the giant frozen dragon roared, opening its mouth and spitting out a large wave of ice.

This frenzy of ice was so terrifying that it instantly blocked Ye Feng's entire path in a thick layer of ice.

But Ye Feng didn't hesitate at all at this time, and instantly displayed the Ten Thousand Swords Domain.

Boom! !

Along with the bursts of terrifying sword energy, the thick layer of ice in front of Ye Feng was instantly shattered by the countless sword energy around Ye Feng, turning into countless ice fragments and falling on the ground. .

Uh-huh!

Ye Feng rushed in front of the frozen dragon in an instant, and then punched it hard.

"Take a punch from me before you talk!"

Facing this extremely powerful frozen dragon at the tenth level of Enlightenment Realm, Ye Feng did not hold back at this time. He directly integrated the power of the brute force gem into his fist and struck hard in an instant. Got out.

Boom! !

Almost at this moment, Ye Feng's fist immediately burst out with terrifying brute force, and suddenly a huge frozen dragon collapsed into the mountains.

The huge frozen dragon's entire body fell directly from the mountainside, smashing a large area of surrounding forest and land, causing a huge shock.

"What a powerful brute force!"

At this moment, the group of masters of the Red Flame Mercenary Group who were watching from a distance, even the captain Chi Tiange, were so shocked that their eyes were straight.

Because of Ye Feng's small figure, one fist could knock an ice dragon the size of a mountain directly to the ground.

The visual impact caused by this strong contrast is really shocking.

At this moment, the frozen dragon was not injured. It was just knocked to the ground by the terrifying brute force that Ye Feng burst out at that moment.

"Roar!!"

At this moment, the frozen giant roared angrily, and instantly rushed to the sky. It stretched out a huge dragon claw that seemed to be made of ice, and suddenly it fiercely attacked Ye Feng. Grabbing it, it seemed like he was going to tear Ye Feng into pieces.

That huge dragon claw was filled with endless cold air, and even the void was frozen wherever it passed.

At this moment, Ye Feng did not have any fear, but laughed loudly: "I am not afraid of the power of ice!"

Boom!

Almost at this moment, Ye Feng instantly released the Ice Ancestral Talisman.

Ye Feng was suddenly surrounded by an endless wave of ice, which directly froze the giant ice dragon in the endless cold wave.

"Click, click..."

The entire frozen dragon was suddenly frozen high in the sky at this moment, turning into a long ice crystal dragon. It could no longer move, and was just frozen in the void, turning into a huge dragon shape. Ice sculpture. At this moment, following the map Ye Feng obtained from Du Qianjue, everyone quickly arrived at the real area of the Land of Rare Treasures.

Chapter 2532 Demon Alliance

"hiss!"

A group of members of the Red Flame Mercenary Group who were watching this scene not far away could not help but gasp in horror at this moment.

Ye Feng's methods and strength have exceeded their imagination.

Boom!

Almost at the next moment, Ye Feng kicked upwards, instantly smashing the frozen giant dragon to pieces.

Click, click...

The giant dragon died and turned into pieces of dragon meat covered with ice. It fell from the sky and died instantly. .??.

It has to be said that Ye Feng is getting stronger and stronger now.

Even a powerful jungle overlord beast like the Frozen Dragon is no longer a match for Ye Feng.

The main reason is that Ye Feng has too many trump cards.

Every trump card used can instantly erupt with terrifying and boundless power, enough to kill powerful beings that are much higher than him.

At this moment, Ye Feng immediately released the Devouring Domain, covering all the killed frozen dragons.

Boom!

Almost at this moment, Ye Feng suddenly felt a very majestic blood energy, which was absorbed from the body of the frozen dragon by the Devouring Domain.

Then it was all injected into Ye Feng's own body!

"Crash!"

Ye Feng's skill immediately increased tremendously at this moment.

It has to be said that although this frozen giant dragon is not very powerful, it is still a powerful evil beast with the tenth level of enlightenment realm.

The blood energy contained in its body is still very majestic.

Let Ye Feng's cultivation level suddenly break through at this moment.

"Boom!"

The third level of enlightenment!

Ye Feng's cultivation at this moment has directly broken through to the next level.

From the second level of Enlightenment Realm, he rushed into the third level of Enlightenment Realm in an instant!

I have to say, this giant frost dragon is a great tonic.

At this moment, Ye Feng looked at a group of members of the Red Flame Mercenary Group behind him and said with a smile: "I have killed this frozen dragon guarding the land of rare treasures. Let's capture it."

Hurry up and pick the high-grade elixir. "

A group of members of the Red Flame Mercenary Group were shocked in their eyes, but they were very happy inside. It can be said that this time they simply won.

Soon, everyone had finished dividing up the high-grade elixir growing on the entire mountain.

Of course, Ye Feng gained nearly 70%, because it was voluntarily given up by the members of the Red Flame mercenary team.

boom!

boom!

boom!

But just when everyone had just collected all the high-level elixirs, several figures with powerful auras suddenly descended from high in the sky.

The auras exuded by these figures are all majestic demonic aura, even demonic aura, and they look very vicious.

The leader was a young man wearing a black robe, with leopard-like eyes, which looked very aggressive and wild.

At this moment, the young man said aloud: "How dare you! You are so brave, you actually dared to pick all the places where our demon alliance grows elixirs, and also attacked the frozen giant dragon in our demon alliance." Kill, none of you will leave today!"

"What?"

"Demon Alliance!"

Almost at the moment when the young man finished speaking, several members of the Red Flame Mercenary Group present could not help but change their expressions slightly.

Chi Tiange even whispered to Ye Feng beside him: "Brother Ye Feng, let's escape quickly. I didn't expect that this giant frost dragon is actually a member of the Demon Alliance, and this area is a rare place where high-level elixirs grow. The place turned out to be a place secretly planted by the Demon Alliance."

At this moment, Ye Feng looked at the figures transformed into a group of big demons in front of him, with a hint of surprise in his eyes.

Unexpectedly, Chi Tiange said that there was an alliance of demons deep in the jungle, and he actually encountered it.

Boom!

And at this moment, the young man from the Demon Alliance wearing a black robe suddenly burst out with a terrifying and boundless cultivation momentum.

That aura of cultivation,

It is a powerful existence that has surpassed the realm of enlightenment and entered the third heaven of the Dao Realm!

It has to be said that the overall strength of this demon alliance is still very powerful, and there are actually strong men at the Taoist level.

At this moment, this young man burst out with the third-level cultivation momentum of the Taoist Realm, and the terrifying power craze like the vast ocean naturally spread from his body to the entire surroundings.

Buzz!

At this moment, Chi Tiange, the captain of the Red Flame Mercenary Group, felt as if his entire body had been filled with lead.

I couldn't move at all and could only stop in place.

Chi Tiange and a group of members of the Red Flame mercenary group all looked extremely sad.

Because they never thought that the rare place they came to find would end up offending the super powerful people of the Demon Alliance. .??.

Although Ye Feng is also very powerful, Chi Tiange and a group of members of the Chiyan mercenary group do not believe that no matter how powerful Ye Feng is, he can be stronger than the young man in front of him who has entered the Taoist realm of the Demon Alliance.

"boom!"

At this moment, Ye Feng instantly burst out with his powerful cultivation aura, and he suddenly blocked all the aura released by the young man from the Demon Alliance who had entered the third level of Dao Realm in front of him.

"call!"

At this moment, Chi Tiange and several members of the Chiyan mercenary group immediately felt that the pressure on their bodies disappeared instantly, and they couldn't help but breathe a sigh of relief. At this time, Chi Tiange immediately looked at the young man from the Demon Alliance not far away, and couldn't help but said: "I will return all the elixirs in my body to you now, and let us leave safely, okay?"

The young man from the Demon Alliance smiled coldly and said: "You killed the frozen dragon and robbed the high-level elixir produced by our Demon Alliance. You can only atone for your sins by dying today!"

When the young man from the Demon Alliance said this, the eyes of Chi Tiange and others suddenly became very ugly.

But at this time, Ye Feng laughed loudly and said: "Since you dare to mess with me, then all of you should not leave today."

Boom! ! \u003c

br\u003e

Almost at this moment, Ye Feng immediately released the Ten Thousand Swords Domain. Countless terrifying sword energy immediately formed a huge domain, binding the entire surrounding space.

When the young man from the Demon Alliance saw Ye Feng doing this, his expression suddenly became very shocked, and he couldn't help but said: "Boy, is your brain broken? How dare you directly release this kind of sword energy field? You have trapped us all here, do you really think you can kill us all? You even tried to trap us and prevent us from escaping. How ridiculous is it that you think we will escape? Wow, it's the most ridiculous thing in the world!"

At this moment, the young man from the Demon Alliance saw that Ye Feng not only did not escape, but also released the Ten Thousand Sword Domain to prevent them from escaping.

This made the young man from the Demon Alliance immediately feel a deep sense of shame. He felt that Ye Feng was deliberately provoking him.

"Arrogant boy, today I will kill you completely and let you know the consequences of offending our demon alliance."

Almost at that moment, the young man from the Demon Alliance, headed by the most powerful one, roared loudly.

boom!

Then the young man instantly transformed into a huge black leopard, full of terrifying power. In an instant, he spit out thunder and lightning, and his whole body bloomed with ancient demonic writings, full of terrifying and incomparable destructive power.

Ye Feng just smiled coldly at this moment and said: "If you are at the tenth level of the Taoist realm, then maybe I can't beat you, but you are only at the third level of the Taoist realm, and you may have just stepped into the Taoist realm, then I will I have no fear of you."

At this moment, after Ye Feng finished speaking, he instantly burst out with the cultivation of Dzogchen's future life.

Boom! !

Almost at this moment, Ye Feng's cultivation level instantly rose to the state of the Great Perfection of the Tenth Level of Enlightenment.

"boom!!"

Then Ye Feng directly activated the power of the Supreme Lord of the Rings on his finger, and suddenly blasted out a large wave of demonic energy, full of the power of the Supreme Demon God. In an instant, he was with the black leopard rushing in front of him. They hit each other hard!

Chapter 2533 Continue the adventure

It has to be said that for today's Ye Feng, the power he burst out in an instant was truly terrifying to the extreme.

Because Ye Feng has now not only stimulated the violent cultivation of the future God of Dzogchen, but also directly stimulated the power of the Supreme Lord of the Rings.

You know, the Supreme Lord of the Rings is a powerful magic weapon passed down from the origin world outside the territory.

It is a powerful magic weapon that cannot be forged by the native creatures in the God Realm. It has always been one of Ye Feng's strongest magic weapons.

Every time Ye Feng releases the power of the Supreme Lord of the Rings, terrifying and boundless destructive power will erupt.

You must know that every time Ye Feng released the power of the Supreme Lord of the Rings in the past, he would be instantly consumed and exhausted.

This shows how terrifying the Supreme Lord of the Rings is.

It requires extremely terrifying skills to activate the power of the Supreme Lord of the Rings.

But now, as his cultivation continues to grow, Ye Feng can release the power of the Supreme Lord of the Rings more freely, and he will not enter a state of power exhaustion.

Boom! !

Almost at this moment, Ye Feng and the black leopard from the Demon Alliance collided instantly.

The demon runes and light blooming from the black leopard possess incredible ancient demon power, and are frantically bombarding Ye Feng's body at this moment.

when! when! when!

However, Ye Feng's chaotic body has now become extremely powerful. The light and symbols erupting from the black leopard cannot harm Ye Feng's body at all.

Even at the end, the moment those monster words and symbols touched the surface of Ye Feng's body, they shattered inch by inch, losing all their destructive power.

"What?!"

This discovery made the black leopard extremely horrified. He couldn't help shouting: "Human race, how could you have such a powerful body? Even our demon race, and even some ancient demon races with the blood of gods, , are unable to resist the ancient demon runes I released! Who are you in the human race?"

However, Ye Feng didn't have any time to talk nonsense with the black leopard at this time. He immediately punched out and hit the black leopard's head hard.

Poof!

Almost at that moment, the black leopard's head was severely shattered by Ye Feng's punch.

It is simply cruel to the extreme!

"What?!"

A group of masters from the Demon Alliance not far away saw this scene, with deep frightened expressions in their eyes.

Because they never thought that Ye Feng, a seemingly ordinary human race boy, would have such a powerful power and even kill their leading black leopard directly.

Ye Feng was not surprised by this, because Ye Feng was very confident in his current strength.

At that moment, he burst out with the cultivation of the Dzogchen future body, and also used the Supreme Lord Ring to blast out a fist, which was naturally full of unparalleled power.

It can be said that this is Ye Feng's peak punch now.

Under this peak punch, even if the black leopard's cultivation level was one level higher than that of Ye Feng, he had absolutely no resistance and was killed directly.

"Run!"

At this moment, the other masters of the Demon Alliance all ran towards the distance, because they knew that they would not be Ye Feng's opponent at all.

boom!

But at this time, Ye Feng suddenly stretched out a hand, and in an instant, a big hand of chaos appeared in the sky, covering the sky and the sun, filled with endless majesty and vastness. In an instant, these demons and monsters were allied to each other. All the masters were covered by this hand, and then they were crushed hard with a sudden squeeze.

"Swallow!"

Almost at this moment, Ye Feng was released all of a sudden

Out of the devouring realm.

In an instant, these killed masters of the Demon Alliance were all enveloped in a dark and devouring vortex.

Rumble...

Almost at this moment, Ye Feng suddenly felt powerful energy injected into his body, and his skill suddenly began to make huge breakthroughs.

You know, these masters from the Demon Alliance are much higher in cultivation than the masters Ye Feng devoured before.

So at this time, the energy Ye Feng received was much greater than before.

In addition, Ye Feng also took out all the high-level elixirs he had obtained from the rare places before, and started to devour them all together.

His cultivation momentum immediately began to undergo rapid and huge breakthroughs.

"boom!"

The fourth level of enlightenment!

"boom!"

The fifth level of enlightenment!

"boom!"

The sixth level of enlightenment!

"boom!"

The seventh level of enlightenment!

"boom!!"

The eighth level of enlightenment! !

When Ye Feng's cultivation reached the eighth level of enlightenment, he finally stopped.

It has to be said that Ye Feng's cultivation level has been greatly improved this time.

Because the masters of the Demon Alliance that Ye Feng killed this time were all too strong in cultivation, so the energy they provided was extremely huge. It was really rare for Ye Feng to break through the fifth level in a row. .

At this moment, Ye Feng had robbed all the storage rings of these Demon Alliance masters into his own hands.

He explored it and found that it contained a lot of wealth, which made Ye Feng make a small fortune.

At this time, Ye Feng looked at the group of people from the Red Flame Mercenary Group who were shocked not far away, and said

Said: "Are you going to return directly to the Fire City?"

Chi Tiange, the captain of the Red Flame Mercenary Group, nodded and said, "That's right, Brother Ye Feng, please go back with us!"

Ye Feng thought for a moment at this moment, then shook his head and said aloud: "I still want to explore the Holy Forbidden Land. If I can really find some wealth or good luck in the Holy Forbidden Land, maybe My strength can be improved again."

This time Ye Feng came to this jungle. By chance, his cultivation strength was greatly improved, and he directly broke through to the eighth level of enlightenment.

This made Ye Feng feel a little reluctant to leave.

He doesn't want to return directly to a safer human city like Raging Fire City now.

Ye Feng wants to continue his adventure in the depths of the jungle.

Especially when he got the map of the Holy Death Forbidden Land from the captain of the Viper Mercenary Group.

Ye Feng naturally did not want to waste this opportunity.

I want to enter the Holy Death Forbidden Land to explore it carefully. If I don't go, I will probably regret it very much in the future.

After Ye Feng finished speaking at this moment, Chi Tiange, the captain of the Chiyan Mercenary Group, seemed to have expected that Ye Feng would make such a decision. He did not persuade him any more, but said solemnly: "Ye Feng Brother Feng, you must be careful!"

After the words fell, Chi Tiange, the captain of the Red Flame Mercenary Group, led a group of team members out of the jungle.

This time they found a place of rare treasures and obtained a lot of high-grade elixirs. It was already a full harvest.

So at this time, they didn't want to take any more risks and wanted to return to the Fire City to replenish their energy.

After all, they also lost a brother this time and didn't want to take any more risks.

After Ye Feng watched a group of people from the Red Flame Mercenary Group leave, he immediately took out the map he had obtained from the leader of the Viper Mercenary Team, Du

Qianjue, looked at it quickly, and then identified a location. , moving quickly in that direction in an instant.

Chapter 2534 Quagmire Worms

Uh-huh! Uh-huh! Uh-huh!

Soon, in just half a day, Ye Feng arrived at the entrance area of the Holy Death Forbidden Land according to the instructions on the map.

At this moment, Ye Feng stood at the entrance of the Forbidden Land of the Holy Fall. He saw an ancient stone tablet with the four characters "Forbidden Land of the Holy Fall" written on it.

Moreover, there is a red cross symbol next to the four characters "Holy Death Forbidden Land", which obviously prohibits others from entering this extremely dangerous area.

But Ye Feng did not hesitate at this time and stepped directly into the forbidden land of the Holy Death.

However, Ye Feng had been warned by Chi Tiange, the captain of the Red Flame Mercenary Group, so he was still deeply wary of this Holy Forbidden Land. .??.

So at this time, Ye Feng instantly released all his cultivation aura, flowing on the surface of his body.

If any danger occurs, he can react instantly and prevent the danger from approaching.

At this moment, Ye Feng walked slowly in the forbidden land of the Holy Death. He looked at the surrounding environment and found that it was indeed an inaccessible place.

There were all kinds of weeds and trees growing everywhere, almost covering the entire sky.

It was so dark in the jungle that it was difficult to see the surrounding environment clearly even in the daytime.

At this moment, Ye Feng exuded his huge soul power and used it to explore all the surrounding environment.

In addition to being able to detect various rare elixirs that may grow around him or some treasures in the Forbidden Land of the Holy Death, more importantly, Ye Feng can use his soul power to alert all the movements around him to prevent danger from approaching him instantly. react.

Now that the soul gem and Emperor Chu have fallen into a long sleep and been sealed by the curse of chaos, Ye Feng can only rely on himself for everything now.

At this moment, Ye Feng released his huge soul power in an instant, and immediately felt a very cold aura around him.

It felt like a strange breath coming from the underworld, making his blood energy feel like it was about to freeze.

Boom!

At this moment, Ye Feng immediately circulated all the blood energy in his body, and immediately dissipated all the weird cold aura.

Ye Fengchi

At this moment, it was immediately speculated that countless super strong people might have really died in this Holy Forbidden Land, otherwise it would be impossible for the blood energy generated by his chaotic body to feel cold and frightening.

Perhaps there really are terrible Yin spirits in this Holy Forbidden Land.

In addition to the ghosts that people turn into after death, there may also be some zombies and other things between living and non-living bodies.

Chi Tiange, the captain of the Chiyan Mercenary Group, had previously said that there might be a very terrifying Corpse Emperor in this Forbidden Land of the Sacred Death.

After all, the Holy Death Forbidden Land is like a mass grave, and naturally it may give birth to all kinds of strange life forms.

At this moment, Ye Feng was walking slowly in the area of the Holy Death Forbidden Land.

Now he is still in the outer area of the Holy Death Forbidden Land, so he is not aware of too many dangers.

"Huh? What a strong medicinal scent."

Suddenly at this moment, Ye Feng sensed a very strong medicinal fragrance wafting over from somewhere.

Uh-huh!

Ye Feng's eyes flashed instantly and he quickly dodged in that direction.

Soon Ye Feng came to the place where the scent of the medicine emanated.

He immediately saw a dark swamp with a white lotus growing in the middle.

This lotus flower has nine petals in total, and each petal emits light of a different color, making it look very beautiful.

At this moment, Ye Feng's eyes immediately lit up with joy.

This lotus growing in the dark swamp has such a strong medicinal fragrance that you can smell it from a long distance away. It must be a very high-end elixir.

Uh-huh!

Almost at this moment, Ye Feng flew quickly in that direction.

"boom!"

But just when Ye Feng approached the middle area of this dark swamp, before he reached out to grab the white lotus, he instantly saw it

, suddenly exploded in the swamp, and then a huge stinger rushed out from the depths of the swamp in an instant, stabbing Ye Feng fiercely.

Almost at this moment, Ye Feng immediately saw bones everywhere in this swamp!

These bones are basically the bones of various beasts and evil beasts.

Obviously, this white lotus grows in the deepest part of the swamp. Its purpose is to attract various beasts and evil beasts from the surrounding jungle, and then be killed by the monsters hidden in the mire of the swamp.

In fact, when Ye Feng just arrived at the edge of the swamp, he saw a white and shining lotus growing in the middle of the swamp. He had already guessed that there must be various changes here.

So Ye Feng had already made preparations.

At this moment, as the quagmire exploded, a huge poisonous thorn appeared. Ye Feng reacted instantly and struck it with a fierce fist.

Bang!

The next moment, what surprised Ye Feng was that his fist did not break the poisonous stinger, but instead made a sound like metal collision.

boom!

Ye Feng felt it immediately. A very terrifying and huge force vibrated from the stinger, making Ye Feng's figure unable to help but retreat quickly towards the rear.

However, Ye Feng's chaotic body was extremely powerful after all, and was not pierced by this poisonous thorn, not even a layer of skin was scratched.

At this moment, Ye Feng retreated to the edge of the swamp again. In an instant, he saw the originally peaceful swamp, and in an instant, a big shock began to occur.

An extremely huge black scorpion emerged directly from the mire.

This black scorpion is very scary. Its body is covered with pitch black scales. The stinger is the stinger of the scorpion tail of this black scorpion. It is extremely strong and scary, like a pitch black chain. Look. It looks very ferocious and scary.

At this moment, the black scorpion seemed not to have thought of his sudden attack, and did not directly kill Ye Feng, a seemingly weak human race.

Although this black scorpion

It couldn't speak, but it obviously had complete wisdom. It instantly opened its mouth and spit out a dark poisonous mist, which suddenly enveloped Ye Feng's entire body.

Ye Feng didn't react at this time. He took a slight breath and suddenly felt that his head was very dizzy, and he felt as if he was going to faint all of a sudden.

"What a strong poison!"

This made Ye Feng very surprised. Sure enough, the Holy Forbidden Land was different from the jungle outside. The various poisonous insects and creatures living in it were very terrifying and very powerful.

You must know that Ye Feng's Chaos Body has now been upgraded to the sixth level. His physique is extremely powerful and he is basically immune to various poisons.

But unexpectedly, at this moment, the poison spit out by this huge black scorpion still caused a fainting feeling.

I have to say that this poisonous scorpion is definitely a very terrifying existence.

At this moment, Ye Feng couldn't sense what kind of energy fluctuations this poisonous scorpion was emitting, but it was definitely an extremely powerful evil insect creature!

However, that white lotus is obviously extremely precious, otherwise it would be impossible for such a highly poisonous scorpion to be guarding here and use it as bait to induce various other beasts to come and snatch the white lotus, and then be killed by the poisonous scorpion. Kill.

At this moment, Ye Feng came to the Holy Forbidden Land, and his greatest hope was of course to find the sacred objects left by the ancient powerful men.

But it's not that easy to find.

After all, the Holy Forbidden Land is so vast and grand, no one knows where the ancient strong men fell.

So when Ye Feng encountered this very powerful black scorpion and this seemingly precious white lotus elixir, he naturally couldn't waste it and snatched it to strengthen his cultivation strength.

After all, even if you can't find the holy objects left behind by the ancient strong men after their fall, being able to obtain the blood energy and high-level elixirs of some powerful evil beasts is still a good harvest, and it is not a waste of time to come to this holy forbidden land.

So Ye Feng did not retreat at this time, but stared at the huge black poisonous scorpion not far away with a deep fighting intent.

Chapter 2535 A corner of the ruins

It was naturally impossible for Ye Feng to retreat at this time.

After all, everyone has come, so Ye Feng will naturally not waste the various resources contained here.

But this big black scorpion that lives in the mire and swamp is really ferocious.

Even Ye Feng, the power of the punch just now was not able to cause any damage to this big black scorpion, and even Ye Feng himself was knocked back.

But Ye Feng also knows that the tail stinger of this big black scorpion is definitely the most offensive part of the big black scorpion.

Uh-huh!

Ye Feng's eyes were now focused on the small head of the big black scorpion in front of him.

Ye Feng knew very well that this was the weakest point of the black scorpion.

As long as its head can be severely damaged, this big black scorpion will definitely not live long.

After recognizing this truth at this moment, Ye Feng immediately exuded huge soul power and immediately locked the head area of the big black scorpion.

"boom!"

Ye Feng exploded with huge strength and rushed over in an instant.

This big black scorpion also has its own wisdom.

It seemed to understand Ye Feng's intention and wanted to crush its weakest head.

So this big black scorpion immediately stretched out the tail stinger on his back, quickly protected his head, and collided with Ye Feng who had just rushed over.

Boom! !

Almost at this moment, Ye Feng's fist directly hit the tail stinger of the big black scorpion, and an extremely terrifying roar erupted.

Uh-huh!

Ye Feng once again felt a huge counter-shock force, which directly knocked Ye Feng's whole body back.

"So strong!"

There was horror in Ye Feng's eyes. He didn't expect this big black scorpion to be so fast.

He had just used the power of the space gem to make his speed extremely fast.

But he was still resisted by this big black scorpion.

It has to be said that Ye Feng has now truly encountered a relatively powerful creature in the center of the God Realm.

But not only did this not scare Ye Feng, but

And Ye Feng became more and more excited.

Because if you can kill this powerful black scorpion, it will definitely be able to swallow enough blood energy, which will be of huge benefit to your own cultivation.

Because the more powerful the enemy is that is difficult to kill, the greater the benefits will be gained after killing it.

"Crash!"

At this moment, the big black scorpion took the initiative to attack Ye Feng, spitting out a large piece of poisonous mist from its mouth, covering the entire area around Ye Feng.

Moreover, black halos suddenly lit up on the body of the big black scorpion. These black halos, all exuding a very terrifying evil light, instantly bombarded Ye Feng.

"Rumble..."

At this moment, Ye Feng felt as if his whole body was being bombarded. He immediately felt that his body's defense had been reduced a lot.

There were even cracks on the skin, and it looked like the damage was quite serious.

At this moment, Ye Feng's eyes suddenly became serious. He no longer dared to underestimate the big black scorpion in front of him.

Ye Feng knew at this moment that if he didn't use some powerful trump cards, he probably wouldn't be able to kill this big black scorpion.

"This big black scorpion is too fast, we must control its movements!"

"Ice Ancestral Talisman!"

boom!

Almost at this moment, Ye Feng immediately used the Ice Ancestral Talisman.

Buzz!

A talisman exuding an extremely cold air floated in front of Ye Feng in an instant.

Ye Feng directly inspired the powerful power in the Ice Ancestral Talisman.

Wow!

Almost at this moment, the terrifying cold air burst out from the Ice Ancestral Talisman.

In an instant, all the poisonous mist spit out by the big black scorpion was frozen in the void.

There were even terrifying waves of ice that instantly wiped out half of the big black scorpion's body.

They are all frozen in the swamp.

The big black scorpion roared angrily at this time, but its entire body could not move because it could not break the extremely strong ice.

The temperature of the entire surrounding area has dropped to several hundred degrees below zero. Most of the blood in the entire body of this big black scorpion has been frozen, and even the nerves and thinking are somewhat frozen and unable to think.

"good chance!"

At this moment, when Ye Feng saw this scene, his eyes suddenly lit up with joy and he immediately rushed forward.

He condensed the brute force gem in his palm and struck hard at the weakest head of the black scorpion.

Wow!

But at this time, the big black scorpion realized the danger, and immediately swung the terrifying scorpion tail stinger on its back, and stabbed Ye Feng fiercely.

"Ten Thousand Swords Domain!"

"Ten Thousand Swords Barrier!"

Boom!

At this time, Ye Feng suddenly roared loudly, and suddenly released the powerful inheritance Ten Thousand Swords Domain.

Suddenly accompanied by bursts of roaring sounds, terrifying sword energy condensed around Ye Feng to form a huge sword shield, instantly blocking the sting of the big black scorpion. Living.

"With this punch, I bet you will die!"

boom!

Almost at the next moment, Ye Feng roared, and instantly punched the big black scorpion on the head.

Puff.

Almost at this moment, the big black scorpion's head was shattered by Ye Feng's punch.

"howl!!"

Almost at that moment, accompanied by a shrill scream, the evil black scorpion was immediately killed by Ye Feng.

Because Ye Feng smashed the big black scorpion's head, which was equivalent to destroying its nerve center.

No matter how powerful the black scorpion's body was, it lost the control of its nerve center at this moment, and its entire huge body instantly lost its vitality and fell directly to the swamp.

At this moment, Ye Feng's eyes suddenly showed deep joy.

The color jumped directly onto the body of the big black scorpion, and then directly released the darkness devouring realm.

"Boom!"

Almost at this moment, the entire body of the black scorpion was wrapped in the dark devouring realm.

Then huge streams of blood energy were swallowed up and injected directly into Ye Feng's own body.

At this moment, Ye Feng even enveloped the white lotus in the black swallowing field and swallowed it together.

Ye Feng's cultivation aura suddenly made a rapid breakthrough again.

"boom!"

The ninth level of enlightenment!

"boom!"

The tenth level of enlightenment is complete! !

Almost at this moment, Ye Feng's cultivation level suddenly made a huge breakthrough.

Suddenly he broke through to the state of Dzogchen, the tenth level of enlightenment!

It has to be said that Ye Feng plundered an extremely large amount of blood energy from the black scorpion this time, allowing Ye Feng to break through so many cultivation levels at once.

At this time, Ye Feng's eyes showed a hint of helpless smile.

Because he discovered that his breakthrough speed was getting slower and slower, much slower than before.

This shows that Ye Feng's body is becoming more and more like a bottomless pit. As his cultivation level continues to improve, the energy required is getting larger and larger.

At this moment, after Ye Feng swallowed the big black scorpion and the white lotus, his eyes showed a trace of surprise.

Because in the battle just now, the terrifying aftermath of the battle shattered the entire surrounding swamp area.

The entire ground was also cracked.

"That is....."

At this moment, Ye Feng suddenly saw that there was a corner of an ancient palace ruins revealed under the broken swamp ground.

When Ye Feng saw this scene, there was a trace of surprise in his eyes.

A possibility suddenly occurred to him, and he suddenly became extremely ecstatic, "Could it be that there are still relics of an ancient powerful man hidden under this swamp?"

Chapter 2536 In the mausoleum

At this moment, Ye Feng was extremely excited.

Because this area is the Forbidden Land of the Holy Death, it is very likely that there will be ancient ruins left by ancient powerful men somewhere, or a place of incarnation.

At this moment, Ye Feng suddenly thought that such a relatively remote swamp area could actually grow a high-level elixir as white lotus, and breed a powerful evil insect as a black scorpion, which shows that this swamp place is absolutely Unusual.

Sure enough, the remains of an ancient powerful man were hidden under the ground in this swamp.

Maybe there was a special chance in it that could give birth to the extremely powerful black scorpion in the swamp. .??.

At this moment, Ye Feng was thinking in his heart, and immediately stopped hesitating. In an instant, he clenched his fists and smashed the entire ground into pieces.

Then a huge underground pit appeared in front of him.

In this underground pit, a rather complete ruins of an ancient strongman were revealed.

At this moment, Ye Feng punched out fiercely, hitting the ruins of this ancient strongman.

"boom!!"

"Crash!"

Almost at this moment, the ancient ruins building in front of Ye Feng was directly shattered by Ye Feng, leaving a huge gap.

Ye Feng passed through this gap at this moment and immediately saw the scene inside this ancient ruins.

The interior of this ancient ruins turned out to be a very grand underground mausoleum square.

Above the underground mausoleum square, there are skeletal corpses wearing ancient armor, which have obviously been dead for many years.

"The owner of this ancient ruins is probably a prominent figure, otherwise there would not be so many skeletons and corpses buried with him."

At this moment, through this gap, Ye Feng saw the corpses wearing ancient armor in the underground mausoleum square.

After thinking for a moment, Ye Feng jumped into the gap and directly entered the underground place.

Among the ancient tombs below.

Since Ye Feng came to this holy forbidden land this time, he came to find the treasures or inheritance left by the ancient powerful people.

So now that Ye Feng encountered an ancient ruins, he naturally entered it without hesitation.

Even if there are some risks, Ye Feng still needs to take risks.

Because since ancient times, wealth has always been sought in danger, and good fortune will not fall from the sky in vain and fall in front of you.

Only in some good stories can pie-in-the-sky things happen.

The reality is extremely cruel, and it is impossible for a good thing to happen like pie in the sky.

Only by overcoming great hardships and difficulties can we finally be rewarded.

Ye Feng has known this truth for a long time.

Therefore, even if Ye Feng has achieved some very high achievements since he started practicing, he is not proud of it.

Because he knows very well that the road ahead is still very long.

If you want to become strong, you still need to overcome more difficulties.

After experiencing more hardships, you can finally grow into the most supreme master of all heavens and worlds!

Uh-huh!

When Ye Feng entered the gap, he instantly landed on the ground of the underground mausoleum.

At this moment, the entire space of the underground mausoleum was extremely dark.

Only the gap above shed a beam of sunlight, bringing some light to the entire dark underground tomb.

At this moment, Ye Feng stood in this underground mausoleum. The entire mausoleum square around him was filled with the skeletons of corpses that had been dead for many years.

The armors worn by these skeletons were all in tatters, and the weapons and armors made of steel were all rusty.

Banban, everything fell off.

It can be seen that this underground mausoleum has existed here for many years.

Buzz!

At this moment, Ye Feng exuded his powerful soul power and began to explore the entire underground tomb. He wanted to find the fluctuations of powerful treasures.

Blah blah blah!

But suddenly at this moment, a dark wind like a frenzy blew from the depths of the entire underground mausoleum in an instant.

Ye Feng suddenly felt a kind of coldness in his entire soul.

That's right.

This is a kind of coldness that comes from the soul.

Rather than being physically cold.

Ye Feng couldn't help but his eyes flickered, and he murmured, "Is there a ghost deep in this underground tomb?"

Boom!

And just when Ye Feng was secretly guessing, suddenly, on the mausoleum square around where he was standing, ghosts emitting green light jumped out of the corpses.

These Yin spirits held ghostly green weapons in their hands and rushed towards Ye Feng in an instant, roaring ferociously, trying to kill Ye Feng's soul.

Ye Feng's face suddenly changed slightly, and he couldn't help but exclaimed: "These are all Yin soldiers. I didn't expect so many Yin soldiers to be born in this underground tomb!"

Yin soldiers, as the name suggests, are soldiers from the underworld, with incredible power.

Ye Feng once saw the scene of Yin soldiers taking advantage of the passage in an underground tomb.

However, at this time, Ye Feng was no longer as weak as before. At this time, his cultivation was extremely powerful.

boom!

At this moment, Ye Feng immediately burst out with extremely powerful soul power, directly forming a soul defense barrier around himself.

You know, Ye Feng's current soul power can

It has a level of 30,000, which is very huge and vast.

So at this time, after Ye Feng released the soul barrier, he immediately blocked all the Yin soldiers who rushed over.

Boom!

Boom!

At this moment, these Yin soldiers held the underworld weapons in their hands and slashed at Ye Feng, but they all chopped on the soul barrier around Ye Feng, making roaring sounds, but they were unable to do so. Break through Ye Feng's soul barrier.

At this moment, Ye Feng instantly released the Devouring Domain.

The Devouring Domain is now different from before. In the past, the Devouring Domain could only swallow all kinds of substantial energy and blood, but now the Devouring Domain can allow Ye Feng to devour souls.

At this moment, after Ye Feng burst out the Devouring Domain, along with a rumbling sound, a pitch-black Devouring Domain suddenly enveloped the entire surrounding mausoleum square.

"Buzz buzz..."

Almost at this moment, the soul power of the hundreds of Yin soldiers who were attacking Ye Feng were being continuously extracted by the Devouring Domain, and then all gathered into Ye Feng's body, strengthening Ye Feng's soul.

Ye Feng was very happy when he saw this scene.

Because he discovered that the Yin soldiers who were attacking seemed to have no intelligence.

He only knows how to mechanically attack his own soul barrier, and he doesn't even know how to escape from the devouring realm or use other means to attack and kill him.

So at this time, with the devouring of the Devouring Domain, the power of these Yin soldiers who were constantly attacking became weaker and weaker, and all of it was turned into nourishment to replenish Ye Feng's soul.

"It's just like a bunch of idiots."

Ye Feng couldn't help but shake his head and smile at this moment.

Buzz!

At this moment, Ye Feng's own soul power intensity began to increase and increase dramatically in an instant.

Chapter 2537 Meeting a colleague

Boom!

Boom!

At this moment, Ye Feng's soul power was rapidly increasing.

Because these Yin soldiers around them are very ancient and have survived from ancient times, their soul power is very huge.

At this time, after Ye Feng devoured nearly hundreds of souls at once, his soul power intensity was naturally greatly improved.

boom! .??.

Level 31,000!

boom! .??.

Level thirty thousand two hundred!

boom! .??.

Level 30,300!

Boom boom boom boom...

Next, the strength of Ye Feng's soul power continued to surge, and finally directly increased to level 33,000, before finally stopping.

At this time, all the attacking Yin soldiers around had completely disappeared.

Because these Yin soldiers are all energy bodies composed of soul energy, when the soul power of their whole bodies is absorbed by the Devouring Domain, it will naturally dissipate.

At this moment, Ye Feng was in a very good mood, because he had just entered the mausoleum underground and had already absorbed the power of hundreds of Yin soldiers by chance, causing his soul power to increase by three thousand levels. It can be said to be a huge improvement.

At this moment, Ye Feng dispersed the surrounding soul barrier, looked at the surrounding square, and found that the corpses and bones in the underground mausoleum square had all turned into fly ash at this moment and completely dissipated.

Apparently losing the support of the Yin soldiers' souls, these corpses completely lost their last strength and turned into ashes.

Uh-huh!

At this moment, Ye Feng left the square and walked toward the deepest part of the mausoleum.

As Ye Feng walked on the road, he immediately saw the entire underground. It was like a glorious palace. It looked extremely majestic and vast, and it gave people a very shocking feeling.

Ye Feng at this time

I was getting more and more surprised, because the grander and more majestic the buildings under the ground were, which meant that the owner of the tomb under this geography was stronger, and the chance and good fortune contained in it must be more powerful.

At this moment, Ye Feng couldn't help but murmur, "No wonder I haven't found the remains of the ancient powerful people after searching outside the Holy Forbidden Land for a long time. It turns out they are all buried under the ground."

Ye Feng believed that this would definitely not be the only mausoleum of an ancient powerful person in the Holy Forbidden Land. It was very likely that there were many tombs built by such ancient powerful men in the entire Holy Forbidden Land.

"I'm really going to get rich this time."

Ye Feng's eyes were shining at this moment.

When he thought of this, Ye Feng accelerated his speed, started running, and continued to move quickly towards the depths of the underground mausoleum.

"boom!"

But just as Ye Feng was running on the stone path under the ground, Ye Feng suddenly seemed to hit something. He was instantly shaken back several steps and fell down on the ground.

For the first time, Ye Feng felt the feeling of hitting a copper wall and an iron wall, and immediately looked forward.

He immediately saw the dirt on the ground in front of him being dug up, and a shiny bald head appeared.

The owner of this bald head turned out to be a fat monk with a plump figure. He looked very funny wearing a red cassock with gold patterns.

It was this fat monk that Ye Feng bumped into while running quickly.

"Why did such a weird fat monk suddenly appear in this gloomy underground tomb?"

While Ye Feng was puzzled, he was also very surprised by the strength of this fat monk's body.

Because Ye Feng's current chaotic body is running fast

The impact force was extremely terrifying, enough to instantly smash a mountain several thousand meters tall.

But when Ye Feng bumped into the fat monk just now, he felt like he had hit an iron wall. He even couldn't help but take several steps back.

This made Ye Feng a little frightened by the strength of this fat monk.

"It hurts! Who hit me, Master?"

The fat monk who emerged from the soil was screaming at this moment. It seemed that he was hit by Ye Feng and was in severe pain.

But Ye Feng saw that the fat monk only had a bump on his forehead and was not seriously injured. This showed that the body strength of this fat monk was absolutely comparable to his current chaotic body in the sixth heaven.

Ye Feng stared at the fat monk's chubby appearance at this moment, and the corners of his mouth twitched slightly. He couldn't believe that such a fat man could have a body strength comparable to his own Chaos Body.

At this time, Ye Feng immediately stared at the fat monk and couldn't help but said: "Who are you? Why did you suddenly appear in this dark underground tomb? Are you a human or a ghost?"

The fat monk stopped yelling at this time and looked at Ye Feng not far away. He couldn't help but widened his eyes and said loudly: "Of course I am a human! It seems that this time I was unlucky and met my colleagues." , are you here to rob graves too?"

"Come with us? Grave robbers?"

When Ye Feng heard what the fat monk said, his eyes suddenly showed a trace of surprise, and he couldn't help but said: "It turns out that you, the monk, are actually a tomb robber. I thought you were really some kind of Buddha." Where is the master of Tao?"

When the fat monk heard what Ye Feng said, he immediately emerged from the soil, stood in front of Ye Feng, patted the dust on his cassock, grinned, clasped his hands together, and said loudly: "Actually, I just said It was a slip of the tongue. I am not here to rob tombs. I am just here to save the souls of the dead. Monks use compassion as their

Huai, so good! "

"Saving the undead?"

When Ye Feng heard this explanation from the fat monk, the corners of his mouth twitched and he couldn't help but roll his eyes.

Is there any monk who is so dedicated?

He actually dug into other people's ancestral graves to save the souls of the dead?

Are you challenging my IQ?

However, Ye Feng thought about it and realized that he seemed to have directly forcibly broken the entrance to the ruins and entered the underground tomb. He seemed to be similar to the fat monk.

"No! I only enter mausoleums underground occasionally. This fat monk is probably a professional tomb robber. He goes to mausoleums every day to rob tombs."

Ye Feng immediately drew a clear line between him and the fat monk who suddenly appeared.

At this moment, the fat monk came to Ye Feng very proactively and enthusiastically, and said to Ye Feng shoulder to shoulder: "From the look of this donor, he seems to be a person who is proficient in treasure hunting in underground tombs. Can you and I do it?" Meeting in this dark underground tonight is a kind of fate. How about the two of us join forces to kill the zombie king in this tomb and share all the treasures equally? "

Ye Feng's eyes were startled and he said: "A zombie king was born in this mausoleum? Is it powerful?"

"Of course it's awesome."

The fat monk bared his teeth and stretched out his chubby arm. There was a scratch mark that was deep enough to show the bone. It was pitch black. He spoke out with some fear: "This scratch was made by the zombie king. He missed it last time. This Once I planned to avoid the Zombie King

and steal some treasures, but I saw that this benefactor was very powerful. Why don't we join forces and directly kill the Zombie King that the owner of the tomb transformed into? Then all the treasures in the tomb will be lost. It belongs to us brothers!"

At this moment, this fat monk was very familiar with him, and he had already started calling Ye Feng brothers in just a few words.

Chapter 2538 A stone chamber

Ye Feng looked at the fat monk in front of him with a hint of surprise in his eyes. He didn't expect that this fat monk was so familiar.

But Ye Feng didn't say much because he felt that this fat monk was definitely not simple.

Being able to search for tombs and treasures in such a forbidden place all year round must be very extraordinary.

This can be seen from the fact that Ye Feng's powerful chaotic body did not kill the fat monk before.

So at this time, Ye Feng looked at the fat monk in front of him and could only smile and said: "I don't know what to call the master?"

The fat monk clasped his hands together and said, "My name is Wuliang. You can call me Wuliang Master."

Ye Feng's eyes showed a trace of surprise, and he couldn't help but said: "Unscrupulous? Master Unscrupulous?"

The fat monk rolled his eyes at Ye Feng and said loudly: "It's Wuliang, not unscrupulous!" .??.

Ye Feng laughed and said loudly: "There is no difference."

After saying that, Ye Feng looked at the entire mausoleum around him and couldn't help but said, "Then how should we walk next?"

The fat monk also looked solemn at this moment and said aloud: "You know, that zombie king is very powerful. We need to be fully prepared. Don't provoke the zombie king easily. First, remove the other zombies in the tomb. All the treasures were looted."

Ye Feng's eyes were a little surprised. He couldn't help but stare at the fat monk for a few times and said aloud: "Do you know where the other treasures are?"

The fat monk nodded and said with a smile: "Of course I know that there are also some powerful guardians of Yin soldiers in other places where the treasures are hidden. I don't dare to go alone, but now that you are with me, then I can go and snatch a treasure." "

Obviously the fat monk also knew that the young man in front of him was definitely extraordinary, so he wanted to recruit Ye Feng to join him.

, the purpose is to have one more boost.

At this moment, when Ye Feng heard the fat monk say this, his eyes suddenly showed a trace of surprise. He did not expect that the fat monk could even clearly understand where the treasures were in the tomb.

At this time, Ye Feng couldn't help but asked: "Master Wuliang, if you say so, you must have explored many tombs in this sacred forbidden land. Let's explore them together."

When the fat monk heard what Ye Feng said, the corner of his mouth twitched slightly and he couldn't help but said: "Your true nature has been exposed. You are also a tomb robber!"

Ye Feng smiled slightly and said: "It's just so so."

The fat monk grinned and said loudly: "Okay, let's see what your methods are. If your methods are powerful, then I can consider taking you to rob the tombs together and collect all the treasures in the Holy Forbidden Land. middle."

At this time, the fat monk spoke, his tone full of confidence.

This made Ye Feng's mouth twitch slightly. Could this unscrupulous monk have really explored all the tombs of ancient powerful men in the Holy Land?

Looking at the fat monk's confident look, Ye Feng felt that this was really possible.

However, Ye Feng is still very happy in his heart, because if he searches for it alone, it may be very difficult to find it at all.

After all, even the underground mausoleum where he was at this moment was discovered by Ye Feng accidentally.

If I hadn't fought so fiercely with that big black scorpion before and penetrated the ground, or

Xu has yet to discover the catacombs.

At this moment, Ye Feng looked at the fat monk in front of him with extremely hot eyes.

Because this fat monk can take him to rob tombs, and even steal all the underground tombs left by all the ancient powerful men in the entire Holy Death Forbidden Land.

Seeing Ye Feng's stern eyes at this moment, the fat monk immediately pulled his cassock and couldn't help but said: "Boy, what do you want to do?"

Ye Feng withdrew his gaze, then said with a smile: "Okay, then I will hang out with you, Master."

The fat monk laughed loudly, and immediately stepped forward and patted Ye Feng's shoulder, saying loudly: "Very good, let's set off directly. First, we will loot the underground tomb in front of us. Along the way, we will get the most resources. It is best to seize the opportunity to refine and strive to continuously improve your own strength. This tomb is just a relatively peripheral tomb in the Holy Forbidden Land. The zombie king in it is not too powerful. The existence that comes out is more terrifying and weirder."

At this moment, the fat monk was talking, and there was even a hint of fear in his tone. It was obvious that these tombs in the Holy Land were indeed very terrifying.

At this moment, Ye Feng and the fat monk said nothing more. They both remained silent and walked toward the deepest area of the tomb.

Soon they arrived outside a stone room in the underground mausoleum.

They immediately saw a bloody pool of water outside the stone chamber.

At the edge of the bloody pool, a very strange-looking woman was sitting. Her hair was all red, and she was washing her hair beside the bloody pool.

This scene looks quite strange.

The fat monk immediately couldn't help but whispered: "This is a

The vampire ghost was born from this strange blood-colored pool. It can instantly confuse other people's souls. It is very strange. We must kill it immediately. "

Ye Feng nodded and said aloud: "I can indeed feel a very strong soul charm from this bloody-haired woman."

Uh-huh!

Suddenly at this moment, the fat monk took action.

In an instant, a spiritual talisman emitting golden light appeared in the fat monk's hand, and he threw it forward.

"Golden Curse Suppression!"

Boom!

Almost at this moment, the magic talisman thrown by the fat monk burst out with bright golden light, forming a golden pagoda formed by a spell, and instantly sealed the blood-colored haired woman.

At this moment, the fat monk suddenly shouted with joy: "Success!"

"howl!!"

But suddenly at this moment, the bloody-haired woman suddenly let out an unhuman howl.

Boom!

Boom!

Almost at that moment, streaks of bloody light burst out from the woman with bloody hair.

All these bloody rays of light were condensed into bloody sharp thorns, and they instantly went towards the surroundings to assassinate them crazily.

Wow!

At this moment, the golden pagoda seal thrown by the fat monk was riddled with holes and shattered in an instant.

Uh-huh!

Then the bloody-haired woman howled and rushed towards the fat monk in an instant like a crazy demon.

Chapter 2539: A surge of 3,000 levels

Bang!

The long bloody hair on the woman's head was swept away suddenly, and the fat monk was sent flying backwards.

The cassocks on the fat monk's body were all punctured.

The fat monk couldn't help but screamed in pain: "What an amazing bloody-haired female ghost!"

Uh-huh!

At this moment, Ye Feng suddenly rushed to the side of the fat monk and couldn't help but said: "Are you okay?"

At this moment, the fat monk stared at the woman with long bloody hair not far away and said loudly: "What a great evil!"

Ye Feng nodded. This woman with long bloody hair was indeed very strange and very powerful.

At this time, the fat monk spoke up and said: "Ye Feng, I guess this woman with long bloody hair has been practicing for thousands of years. She is definitely a very powerful Yin spirit in this underground tomb. Even my golden light spell is If we can't deal with her, I think we should run away first. In our world of tomb robbers, ghosts with this kind of soul are more difficult to deal with than those physical zombies."

At this moment, the fat monk said, turning around and leaving here.

"Wait a minute, let me try."

But at this time, Ye Feng suddenly spoke up.

The fat monk immediately said with some urgency: "Ye Feng, I know that you are a peerless genius with terrifying combat power, but to deal with this kind of Yin spirit, ordinary power cannot harm her at all, and she will only end up wiping out her soul. So let's just get over it, don't fight her for now, and go to the next stone chamber, there are many stone chambers in here."

Buzz!

But at this moment, Ye Feng suddenly burst out with a powerful soul force.

Rumble...

Such a huge soul power, like a vast ocean, surging with terrifying impact, rushed out of Ye Feng's head in an instant, and in an instant it destroyed the man not far away.

The woman with long bloody hair was enveloped.

At this moment, sensing such a terrifying soul power fluctuation, the fat monk immediately widened his eyes and couldn't help but said in surprise: "It turns out that you are a soul master! No wonder you are so confident!"

At this moment, the fat monk immediately beamed with joy and couldn't help but said: "Awesome! I didn't expect you, Ye Feng, to be a powerful soul master, and I can feel that the soul power fluctuations emanating from you are very strong. , almost comparable to that woman with red hair!"

At this time, the fat monk was obviously very excited, because he knew that if Ye Feng was really a powerful soul master, then their next adventure in this tomb would be very smooth, because the powerful soul masters of the human race were very concerned about the things in these tombs. Some weird existences are naturally repressive.

If you cooperate with the fat monk, you will be invincible.

"Boom!"

At this moment, when Ye Feng's huge soul power suddenly enveloped the red-haired woman, the red-haired woman was suddenly locked and trapped in a soul barrier.

"Boom!"

"Boom!"

At this moment, the blood-colored haired woman was attacking the surroundings crazily, but she was unable to break through the soul barrier released by Ye Feng.

At this time, Ye Feng immediately looked at the fat monk beside him and said loudly: "Let's kill her together!"

Naturally, Ye Feng would not show any mercy to the existence of such a strange woman with blood-colored hair, because the threat was very huge.

Just now, the fat monk was almost seriously injured by this red-haired woman. From this, we can see how powerful this red-haired woman is.

What a huge harm.

At this moment, Ye Feng and Fat Monk each released their own powerful attacks.

The fat monk instantly threw out golden charms one after another, and threw them towards the red-haired woman for free.

Boom!

Boom!

All of a sudden, all these golden charms exploded, forming golden lightning energy light groups, which instantly covered the blood-colored haired woman with bruises.

"howl!!"

The blood-colored haired woman suddenly let out a shrill howl.

At this time, Ye Feng instantly condensed his soul into a soul giant, and suddenly punched the severely injured woman with red hair. "

"Boom!!"

Accompanied by a huge roar and shattering sound, the blood-colored haired woman was suddenly crushed by the soul giant condensed by Ye Feng with a fist.

"Crash!"

This woman with blood-colored hair turned into countless soul fragments and completely perished.

When the fat monk saw this scene, he immediately shouted with joy: "Success!"

At this time, Ye Feng released the Devouring Domain instantly, covering all the broken soul fragments of the bloody-haired woman, and then quickly devoured the soul power in the soul fragments.

"Rumble..."

Almost at this moment, Ye Feng suddenly felt that his soul power was growing rapidly.

Boom!

Level thirty-three thousand one hundred!

Boom!

Level thirty-three thousand two hundred!

Boom!

Level thirty-three thousand three hundred!

...

At this moment, Ye Feng's soul power was experiencing a huge surge.

In the end, Ye Feng's soul power skyrocketed by three thousand levels, suddenly reaching thirty-six thousand levels!

Got huge growth!

"What a powerful soul fragment! It made my soul power increase so much all at once!"

At this moment, even Ye Feng felt a deep sense of surprise.

You must know that he had previously devoured hundreds of Yin soldiers in the mausoleum square to increase his soul power to three thousand levels.

But now, just by devouring such a female ghost with blood-red hair, her soul power has been directly increased by another three thousand levels.

This shows how powerful this blood-red haired woman is.

However, Ye Feng's current soul power is also extremely powerful, and he immediately trapped this strange and powerful woman with blood-red hair.

At this time, the fat monk who was watching around saw that Ye Feng had directly swallowed all the soul fragments of the blood-red haired woman. The fat monk immediately showed deep surprise in his eyes. This was the first time he had seen this. So much so that some people actually have the ability to devour other people's souls.

At this moment, Ye Feng looked at the fat monk and couldn't help but said: "With such a powerful blood-red haired woman guarding this stone chamber, there should be very good treasures."

The fat monk immediately nodded, then took out a golden compass from the storage ring and said loudly: "I used my treasure hunting compass to explore this place before. The treasure hunting compass showed that there are many treasures in this stone chamber. Let's look for it quickly."

Ye Feng nodded immediately at this moment, and then walked into the stone chamber. He came directly to the bloody pool and felt the huge blood energy.

Chapter 2540 Iron Box

At this moment, Ye Feng stared at the huge blood pool in front of him and felt the extremely majestic blood energy stored in it.

Almost at this moment, Ye Feng immediately released the Devouring Domain without any hesitation, covering all of this blood pool in his own Dark Devouring Domain.

Almost at this moment.

Boom! !

Along with an extremely terrifying roar, Ye Feng immediately felt that the blood energy in this blood pool was immediately absorbed by the Devouring Domain, and then quickly injected into his body.

For Ye Feng, what he lacks most now is the accumulation of huge energy.

So when I encounter this bloody pool at this moment, I will naturally not let it go.

The blood energy contained in the blood-colored pool water is very majestic and will definitely help a lot.

Although Ye Feng didn't know how the blood-colored pool was formed, he could just improve his cultivation by swallowing the energy in the blood-colored pool at this moment.

At this time, Ye Feng was concentrating on using his Devouring Domain to devour the energy in the bloody pool.

The fat monk saw this scene not far away, and his eyes suddenly showed deep surprise.

He couldn't help but murmured: "This kid is really powerful. Not only can he swallow other soul fragments, but he can also swallow the blood energy of this entity and increase his body's vitality. It's really incredible. I still This is my first time encountering such a powerful inheritance."

At this moment, the fat monk was talking, and then he immediately shook his head and started looking for other treasures in the stone room.

Soon, the fat monk found some specific locations through the treasure hunting compass in his hand, and began to take out a shovel from the storage ring and start digging.

when!

Just when the fat monk was digging with his shovel, his shovel seemed to hit something, and there was a clang sound like a metal collision.

Several

Almost at this moment, the fat monk immediately felt that he had definitely dug up a treasure.

Almost at the next moment, the fat monk immediately hollowed out all the surrounding soil.

Then a huge iron box suddenly appeared in his field of vision.

Moreover, there are several other iron boxes next to this iron box, all of which are buried in the soil beneath the ground.

The fat monk's eyes lit up, and he immediately opened these iron boxes. What they contained were all crystal stones that emitted light of different colors.

These are all very special and noble divine crystals, and they can be used as currency in the center of the God Realm.

The fat monk immediately began to divide the crystals in the iron box into two halves.

He took half of it himself, and left the other half to Ye Feng.

It has to be said that this fat monk kept his promise. After finding the treasure, he did not just keep it for himself, but thought of giving half of it to Ye Feng.

Because the fat monk knew very well that Ye Feng had a huge role in getting these treasures.

And in the subsequent treasure hunt, Ye Feng still plays a huge role.

The fat monk naturally couldn't take it all for himself at this time and refused to give Ye Feng wealth.

In this case, the cooperative relationship between the two of them will be destroyed, and the gain will outweigh the loss.

Boom!

At this time, with the blood-colored pool swallowing up not far away, Ye Feng's cultivation strength also achieved a huge breakthrough.

At this moment, Ye Feng had devoured all the blood energy in the entire bloody pool.

Visible to the naked eye, the entire bloody red water has completely dried up.

And Ye Feng's cultivation momentum is also beginning to make continuous breakthroughs.

among.

boom!

Halfway into the Taoist realm!

boom!

Entering the first level of Taoism!

Almost at this moment, Ye Feng's cultivation momentum immediately broke through to the first level of the Dao Realm, and completely transformed from the Dao Enlightenment Realm.

This made Ye Feng very happy.

Because his cultivation this time can be described as a qualitative breakthrough.

Stepping directly from the tenth level of the Enlightenment Realm to the first level of the Dao Entrance Realm.

This is a huge breakthrough. .??.

Ye Feng's combat power was greatly improved at this moment.

At this moment, Ye Feng immediately looked at the fat monk not far away and said loudly: "Have you found your treasure?"

The fat monk grinned, pointed at several iron boxes piled next to him, and said loudly: "I have found them a long time ago, just waiting for your kid to come and get them."

Ye Feng saw that the fat monk had divided all the iron boxes into two halves, one half for each of them.

When Ye Feng saw this scene, he couldn't help but show a look of surprise in his eyes, and couldn't help but jokingly said: "I thought you, Fat Monk, were an ungrateful person who would swallow all the treasures you found."

When the fat monk heard what Ye Feng said, he immediately couldn't help but said: "How could this master be such a person? We are close partners, how could I swallow the treasure for myself?"

At this moment, the fat monk said and immediately threw half of the iron boxes to Ye Feng.

Uh-huh!

Ye Feng took over these iron boxes in an instant.

He saw that all the iron boxes contained crystal stones that emitted different lights.

Ye Feng couldn't help but said with some surprise in his eyes: "These are all high-quality crystal stones, which contain very pure energy. Among the four domains where I came,

It is definitely the best crystal stone. "

The fat monk's eyes were surprised at this time, and he said with a smile: "It turns out that you are from the Four Realms. You can enter the center of the God Realm from the Four Realms. It seems that you have very evil abilities. No wonder you are like this There are so many powerful means. These extremely pure crystal stones are like currency in the center of our God Realm. There is no need for you to devour them, because those powers are not of much use to you. You should use it as currency, you will definitely need money in many places in the future."

Ye Feng immediately smiled and said, "Okay, thank you for reminding me."

After Ye Feng finished speaking, he immediately put these extremely pure and top-quality crystal stones into his storage ring.

Then Ye Feng looked around and said, "Where should we go next?"

At this time, the fat monk suddenly shook his head, walked to the bloody pool, and said loudly: "It is absolutely extraordinary that this bloody pool can give birth to such a powerful woman with bloody hair."

Ye Feng heard the fat monk say this at this moment, and his eyes suddenly showed a trace of surprise. He also walked to the fat monk's side, looked at the bloody pool in front of him, and said loudly: "This pool of blood has already It was devoured and dried up by me, and I just scanned it with my soul power and found nothing special."

The fat monk's eyes were quite solemn at this time. He took out a small talisman from his storage ring and said loudly: "This is the treasure hunting talisman."

Uh-huh!

After the fat monk finished speaking, he immediately threw the talisman in his hand, and then the talisman instantly turned into a ray of light and sank into the ground in a certain area of the blood pool in front of him.

"Treasure Talisman?"

Ye Feng looked at the fat monk, with a hint of surprise in his eyes, and couldn't help but ask: "Fat monk, are you a talisman master? I see that you have an endless stream of magical talismans on your body. "
