### Chapter 2541 Demon inheritance

At this time, upon hearing Ye Feng's question, the fat monk immediately grinned and said, "I am not a spiritual talisman master. All my talismans were found from tomb robberies, so I collected a lot of spiritual talismans. They all have different functions."

After the fat monk said this, Ye Feng suddenly showed an expression of admiration on his face and said loudly: "I didn't expect that tomb robbers could collect so many good things."

When the fat monk heard what Ye Feng said, he immediately smiled and said: "You will gradually know next. This industry is so profound and profound that if I could explain it to you, I would not be able to finish it in a few days."

While the two were chatting, suddenly the treasure-hunting talisman that the fat monk had thrown out suddenly exploded across the ground.

Then the two people immediately saw two huge stone slabs in the depths of the exploded ground.

These two huge stone slabs are cast from a very special material. They look pitch black and have a very hard texture.

At this moment, the fat monk's eyes immediately lit up with joy, and he couldn't help but say: "I just said that there must be a special treasure under this bloody pool, otherwise it would not be possible to give birth to such a weird life as the bloody-haired woman just now."

After the fat monk finished speaking, he immediately jumped into the bottom of the bloody pool and dug out the two stone slabs.

At this moment, the fat monk came to Ye Feng, looked at the two ancient stone slabs in his hands, and said loudly: "These seem to record two special skills."

Ye Feng's eyes suddenly showed a trace of surprise, and he couldn't help but said: "Two special techniques? It seems to be a very ancient inheritance, but there is no written text on these two stone tablets."

After Ye Feng finished speaking, his eyes immediately fell on the two stone slabs in the hands of the fat monk, but he did not see any writing or text on the stone slabs.

symbol.

The fat monk spoke out at this moment: "Ye Feng, aren't you a soul master? Now use your soul power to explore these two stone slabs, maybe you can find the inheritance in them."

When Ye Feng heard this, he immediately nodded and said, "I think so too."

At this moment, the fat monk held two stone slabs, placed them directly opposite Ye Feng, and raised them up.

At this time, Ye Feng faced these two stone slabs and released his soul power.

Buzz!

Almost at this moment, Ye Feng's huge soul power suddenly covered the two stone slabs.

Then Ye Feng suddenly felt a very powerful spiritual wave from these two stone slabs.

Boom!

Almost at this moment, an earth-shattering spiritual thought suddenly burst out from the two stone slabs, and then formed a huge shadow of will.

This phantom of will seems to be a very powerful demon, exuding an extremely strong demonic energy, giving people the feeling that an ancient demon god has revived.

The fat monk's eyes were a little shocked at this time, and he couldn't help but said: "These two stone slabs still contain the powerful will of the ancient demon. Ye Feng, hurry up and use your powerful soul power to defeat this will."

Ye Feng nodded, and immediately burst out with the Soul Emperor Seal, directly condensing a thunder soul giant. The power of thunder has always been a natural suppressor for this kind of monster.

Boom!

But suddenly there

At this time, the powerful will of this ancient demon actually shattered the thunder soul giant condensed by Ye Feng with one punch.

"What?"

When Ye Feng saw this scene, his eyes suddenly became extremely surprised.

He never thought that his Soul Emperor Seal would be unable to compete with the powerful will of this ancient demon at this moment. .??.

At this moment, the fat monk immediately gritted his teeth, then lifted up his cassock, and immediately shouted: "The Holy Buddha is manifesting."

Boom!

Almost as soon as the fat monk finished speaking, a huge golden Buddha rushed out of the cassock on his body, full of unparalleled sacred power.

In an instant, a bright and boundless Buddha's light burst out, and in an instant, the will of the demon was directly obliterated, and it all dissipated and turned into nothing.

The fat monk took back his cassock at this moment, his face a little pale.

Obviously, the method just now was the fat monk's method to suppress the situation, and it consumed a huge amount of the fat monk's power.

At this moment, Ye Feng's eyes were fixed on the cassock on the fat monk, and he couldn't help but said in surprise: "This cassock of yours seems to be an extremely powerful treasure. Can you show it to me?"

The fat monk immediately pulled his cassock and couldn't help but said: "This is my most powerful treasure, and I can't let others look at it casually."

Ye Feng grinned at this time and said loudly: "Show me what's wrong, I won't snatch your cassock away."

At this time, the fat monk looked at the two stone tablets in his hands and said, "Let's take a look at what is recorded on these stone tablets first.

inheritance. "

At this moment, Ye Feng's eyes immediately fell on the two stone slabs.

At this moment, after the demon's will in the stone slab was extinguished, ancient characters suddenly appeared on the stone slab.

The fat monk immediately said: "This is an ancient demon text, let me analyze it."

After the fat monk finished speaking, he took out a talisman directly from his storage ring and placed it on the two stone slabs.

In an instant, the demonic characters on the two stone slabs were directly transformed into human characters.

The two stone tablets respectively record the inheritance of two very powerful ancient demons.

They are "Ancient Emperor Fist" and "World-Destroying Demonic Light Wave".

This is obviously the inheritance of two ancient demons with very powerful destructive power.

At this moment, the power aura exuding from the two stone slabs was a very terrifying demonic aura.

After seeing the records of these two inheritances, the fat monk's face suddenly became a little helpless, and he couldn't help but said: "I didn't expect it to be the inheritance of two ancient demons. I can't practice this kind of inheritance. After all, I The origin is still the power of Buddhism and Taoism. If I practice other attribute powers, such as the inheritance of these completely different demons, then the skills in my body will directly conflict with each other, causing me to explode and die. "

At this moment, after the fat monk finished speaking, he immediately looked at Ye Feng in front of him and couldn't help but said: "You are also a pure human aura. I'm afraid you won't be able to practice these two extremely powerful demon inheritances. Really?" It's a pity, this is a very powerful inheritance, but neither of us can practice it."

At this time, Ye Feng suddenly took the two stone slabs, and then said with a smile: "I can practice."

Chapter 2542 Completely comprehended

After finishing speaking, the fat monk couldn't help but look at him with a hint of surprise, and couldn't help but said: "Ye Feng, what are you talking about? These two are the inheritance of ancient demons, they are very evil. If you practice it, you will most likely become a human demon."

Ye Feng smiled and shook his head and said, "Look."

After saying that, Ye Feng immediately stretched out his hand, and then released a wisp of chaotic energy.

The fat monk looked at the Chaos Qi in Ye Feng's hand, and his face suddenly became extremely exciting, and he said with some excitement: "You kid is actually the legendary Chaos Body, which can contain the original power of thousands of attributes in the world."

Ye Feng glanced at the fat monk in surprise and said loudly: "I didn't expect you, fat monk, to know so much. You even know the special abilities of the Chaos Body."

The fat monk stared at Ye Feng at this moment, then looked up and down, and couldn't help but said: "You are really powerful, you are actually the legendary Chaos Body. It seems that you and our God Realm Center There must be some connection with the extremely powerful Chaos God Clan on Earth."

When Ye Feng heard the fat monk talking about the Chaos Gods, a cold smile suddenly appeared in his eyes and he said, "I have no connection with the Chaos Gods. The Chaos Gods are my enemies."

When the fat monk heard what Ye Feng said, he couldn't help but said in surprise: "The Chaos Gods are your enemies? The Chaos Gods are among the top three most powerful Gods in the center of the God Realm, and their power background is all It is extremely terrifying. In the entire central land of the God Realm, there are absolutely terrifying existences that can turn their hands into clouds and rain. You are actually an enemy of them. "

When Ye Feng heard the fat monk say this, he immediately glanced at the fat monk and said loudly: "What? Are you afraid of becoming friends with me? Are you afraid of injuring you?"

"How can it be?"

At this moment, the fat monk immediately raised his head and said quite confidently: "Who are the Chaos Gods? What do I have to be afraid of?

of. "

After finishing speaking, the fat monk looked at Ye Feng, then showed a very solemn expression, and said loudly: "Are you really a rival to the Chaos God Emperor? This shouldn't be the case. Your Chaos Body should be inherited from the Chaos God Clan. Bar."

Ye Feng smiled slightly and said aloud: "It's not just the Chaos Gods who have Chaos Body in this world."

At this time, after Ye Feng finished speaking, he didn't say anything more, but directly began to release his soul power, integrated into the two stone slabs in front of him, and then began to practice the two extremely powerful demon inheritances recorded in them.

Whether it is the Ancient Emperor Fist or the World-Destroying Demonic Light Wave, these two inheritances are extremely powerful.

And the inheritance is extremely advanced.

After Ye Feng completes training, he will definitely be able to greatly improve his strength.

At this moment, with Ye Feng's realization, Ye Feng's body suddenly revealed a very evil and sinister aura.

At this time, Ye Feng seemed to have turned into a human demon, giving people a very evil and terrifying feeling.

However, Ye Feng was not possessed by a demon, because he was just practicing the exercises to change his aura, which made others feel as if he was possessed by a demon, but in fact he was not.

At this moment, the fat monk looked at the changes in Ye Feng's breath, and his eyes suddenly showed deep surprise. He couldn't help but said: "Ye Feng, are you okay? Are you practicing this Is this technique possessed by magic?"

Ye Feng immediately opened his eyes and said with a smile: "There is no problem. I just practice the inheritance of these two ancient demons, which has caused some changes in my cultivation. My mind Still very clear

clear. "

After Ye Feng finished speaking, he immediately took back his skills, and then he became like a normal person again.

At this time, the fat monk couldn't help but said: "It is correct to withdraw the power now. After you calm down, you can continue to meditate again. There is no need to rush."

At this moment, the fat monk felt that Ye Feng had made a mistake in his practice or had difficulty in enlightenment, so he stopped. ??

But at this time, Ye Feng smiled slightly, looked at the fat monk and said loudly: "The reason why I suddenly stopped my practice now is because I have fully understood the two extremely powerful sets of the Luangu Emperor Fist and the World-Destroying Demonic Light Wave. Demon inheritance."

"What?"

Hearing what Ye Feng said, the fat monk immediately opened his mouth wide and was so shocked that he couldn't be more shocked.

Originally, the fat monk thought that Ye Feng suddenly stopped practicing because he could no longer practice.

But what he never expected was that Ye Feng had already succeeded in practicing.

At this moment, the fat monk stared at Ye Feng, his eyes seemed to reveal a mysterious light, and said loudly: "Ye Feng, I am looking forward to your future, I will witness it with my own eyes."

Ye Feng stared at the fat monk in surprise at this moment and said loudly: "What? Do you think we will continue to be together in the future?"

The fat monk smiled and said, "Don't worry, we will always see each other in the future."

Hearing what the fat monk said, Ye Feng felt suspicious in his heart.

Because many of his friends were at the same level as him at the beginning, but as Ye Feng rapidly improved his cultivation, continued to make breakthroughs, and became stronger and stronger, many of his friends could no longer keep up with Ye Feng's pace, and finally just being able to stay in his comfort zone, Ye Feng can only choose to help each other.

Forget about the world.

But this fat monk seemed to be very confident when he spoke at this moment, which made Ye Feng very surprised. He felt that this fat monk was definitely very mysterious, very similar to the Uncle Scar he met in Longyuan Continent. Similar to him, he is a mysterious figure that even he himself cannot really guess.

At this moment, Ye Feng looked at the fat monk and said, "Since I have completed the inheritance here, let's continue to the next location."

The fat monk immediately nodded at this time, then took out his treasure hunting compass and said loudly: "Let's continue the treasure hunt."

Uh-huh!

Almost at this moment, the treasure hunting compass in the fat monk's hand once again flashed a light and flew in a certain direction.

At this moment, the fat monk immediately said to Ye Feng: "Let's follow this light and move forward. This tomb is very big and has many treasures. We will try to search for all the treasures." Dig it out, and then deal with the zombie king."

Hearing what the fat monk said to Ye Feng, he immediately nodded, his eyes were very bright, and he said loudly: "In this small treasure hiding place, I have already found two such powerful inheritances, that zombie After killing the king, I will get the inheritance of the tomb owner. I can't imagine how advanced and powerful it will be. Anyway, I am very interested now."

The fat monk smiled and said: "The identity of the owner of this tomb is not ordinary. Let's go, let's follow the direction pointed by the treasure hunting compass. On the way, I will explain to you who the owner of this tomb is."

When Ye Feng heard the fat monk speaking so solemnly, his eyes suddenly revealed a hint of curiosity, and he couldn't help but said, "Is the owner of this tomb a very famous person?"

Chapter 2543 Stone Forest Maze

At this moment, when Ye Feng asked, the fat monk smiled mysteriously and did not tell the specific identity of the owner of the tomb. Instead, he said loudly: "This tomb owner is very powerful anyway. He is very popular in the nearby area." became famous, but that was tens of thousands of years ago. It is estimated that very few people know the identity of the tomb owner today, but at that time, the tomb owner really shocked the world because the inheritance of the tomb owner was very magical. "

When Ye Feng heard what the fat monk said, curiosity suddenly appeared in his eyes, and he said loudly: "If you say that, I am becoming more and more curious about the true identity of the tomb owner and the inheritance he controls. It seems that this time it is inevitable."

The fat monk laughed and said loudly: "If you want to get the inheritance of this tomb owner, you must kill the zombie king, so what we have to do now is to constantly plunder other resources around us to strengthen our cultivation. Fight against that zombie king."

After the fat monk finished speaking, Ye Feng immediately nodded and said, "Then let's go to the next area as soon as possible."

Neither of them spoke anymore, but based on the treasure hunting compass in the fat monk's hand, they walked towards a special area under the tomb.

The fat monk laughed and said aloud on the road: "My treasure hunting compass has marked all the places where treasures are hidden in the entire tomb. I plan every tomb carefully and cannot miss any treasure hiding place. "

The two of them continued to move forward, and soon they came to a deeper area of the tomb.

There is a huge underground stone forest here.

There are huge stone pillars growing on the entire ground. I don't know what they were born from, or they may be man-made.

At this moment, the fat monk stopped beside this stone forest and said loudly: "This is a maze in this tomb, made up of countless stone pillars.

We must be careful when entering it and don't get lost, otherwise we may get lost in it. "

Ye Feng looked at the vast stone forest in front of him, nodded immediately, and said loudly: "Okay, I will be careful."

After the two of them finished talking, they walked directly into this vast stone forest.

When they entered the stone forest area, they immediately sensed a slight fluctuation in the formation.

However, the fluctuations of this formation are very small, and most people cannot detect it at all.

Ye Feng's soul power was so strong that he was able to detect such tiny fluctuations in the formation.

Ye Feng couldn't help but said: "This stone forest seems to be really a maze formation. The fluctuations in the formation are so tiny that it's no wonder that many people get lost in it because they can't notice the various changes in the surrounding stone forest. "

At this moment, the fat monk nodded, holding the treasure hunting compass in his hand, and said loudly: "According to my compass, we can locate the exact treasure spot. Let's set off as soon as possible."

Ye Feng nodded and continued to move forward in the stone forest with the fat monk.

But just half an hour later, the fat monk's eyes were a little ugly and he said loudly: "We have been walking for such a long time and still have not reached the treasure spot in the stone forest. It seems that the stone forest formation has begun to wake up. Trapped us in this stone forest maze."

Ye Feng also nodded at this time and said aloud: "I have noticed something is wrong a long time ago, but I did not say anything because I have been secretly marking the path we are walking."

At this time, after Ye Feng finished speaking, he pointed to a stone beside him with a cross on it.

There are obvious marks, which shows that Ye Feng and Fat Monk have been spinning in circles.

The fat monk immediately pulled Ye Feng and flew high into the sky, but as far as he could see, there was still an endless stone forest in the entire field of vision, and there was no landmark building for the two of them to locate.

So at this time, they were really lost in this endless stone forest.

At this moment, the fat monk was thinking, but Ye Feng suddenly showed a determined look in his eyes. In an instant, the fat monk landed on the ground again, and then Ye Feng directly waved his iron fists, , bombarding directly towards the front.

"Boom!"

Almost at this moment, Ye Feng's iron fist burst out with a terrifying light of power, instantly shattering a large stone pillar in front of him.

Wow!

Wow!

Suddenly, a large area of stone pillars collapsed.

Ye Feng's cultivation at this moment has risen to a very terrifying level.

So he just waved a fist casually, which could cause extremely terrifying destructive power.

Even these very ancient stone pillars in the stone forest were unable to withstand Ye Feng's fist, and were directly knocked down in large pieces.

Seeing this scene, the fat monk couldn't help but said with a somewhat moved face: "Ye Feng, what are you doing?"

Ye Feng smiled slightly, with a deep domineering look in his eyes, and said loudly: "Since we are lost in this maze, then I will use my powerful power to directly blast a way forward. In this case We won't be trapped anymore."

Hearing what Ye Feng said, seeing Ye Feng's straightforward expression

Such a brave move, the fat monk immediately couldn't help but give a thumbs up, and said loudly: "This is the first time I have seen this method of yours, but it should be quite effective, because as long as you can continue to destroy these stone pillars, maybe you can Cause a certain amount of damage to the entire stone forest maze formation, so that you can find the gap and get out of this maze area directly. "

After the fat monk finished speaking, he immediately joined Ye Feng's team.

He instantly activated the power of his cassock, and his whole body suddenly began to expand into a golden Buddha body that was more than ten meters tall.

Boom!

Boom!

At this time, the fat monk also turned into an extremely powerful warrior monk, activating his Buddhist golden body. He was also very powerful and full of power. Every punch he punched was able to destroy a large stone pillar. Broken.

After all, you must know that the fat monk is comparable to Ye Feng's current chaotic body.

When the two collided before, neither of them was injured.

It can be seen that the fat monk's seemingly weak and fat body also has extremely terrifying destructive power once it becomes powerful.

Rumble...

At this moment, amid the terrifying roars, Ye Feng and the fat monk instantly shattered all the countless stone pillars in front of them.

Finally, there was a "boom" sound, and the entire stone forest suddenly shook tremendously.

Then all the stone pillars collapsed!

When the fat monk saw this scene, his eyes suddenly showed joy and he said loudly: "This ancient stone forest maze has been completely destroyed by us!"

Ye Feng also smiled slightly at this time and said loudly: "It seems that sometimes you have to use violence to solve problems!"

Chapter 2544 Netherworld Bead

At this time, after Ye Feng finished speaking, he immediately followed the fat monk in a certain direction.

At this moment, the entire stone forest maze had been completely destroyed by the two of them, so the two of them did not encounter any obstacles. Following the treasure hunting compass, they soon came to a small slope.

When the fat monk arrived at the small slope, he took out his shovel and immediately drove the car to dig up the small slope.

He saw two silver boxes buried under the small slope.

The fat monk immediately beamed with joy and said loudly: "This time there is a silver box, and the contents in the iron box we got before are definitely much better."

Ye Feng nodded slightly at this moment, with a hint of expectation in his eyes.

At this time, the two of them walked to the small excavated soil slope.

The fat monk said aloud: "Ye Feng, you choose one first."

Ye Feng nodded at this time, then stretched out his hand and took one of the two silver boxes in front of him into his hand.

The fat monk also immediately took another box into his hands at this time.

The fat monk opened the box he chose without any hesitation.

Click!

After the silver box in the fat monk's hand was opened, what was revealed inside were nine golden beads about the size of a fist, emitting a dazzling light.

In each golden bead, there is a small dragon-shaped true energy surging.

The fat monk immediately said with great joy: "These are ancient dragon beads. There are nine of them in total. They are of great benefit to my Buddhist practice. Moreover, the ancient dragon energy in this dragon ball is very good for tempering my body." It also has huge benefits."

At this time, Ye Feng also opened the silver box in front of him.

He immediately saw the silver box containing a small black bead.

This small black bead exudes a very mysterious light at this moment.

Almost at that moment, the fat monk stared at the black bead in the silver box in front of Ye Feng. His eyes suddenly lit up and he couldn't help but say, "This seems to be the legendary bead."

Ye Feng stared at the fat monk with surprise in his eyes and said, "I can't sense any special energy fluctuations from this bead. What kind of bead is it?"

The fat monk smiled slightly and said loudly: "This is not of much use to me, but it is of great use to you, Ye Feng."

When Ye Feng heard what the fat monk said, he immediately asked in surprise: "What is its specific function? It should have something to do with my soul power, right? Because I can feel that some of this black bead is quite powerful. Strong soul fluctuation, but I don't know how to use it."

The fat monk smiled and said: "Yes, Ye Feng, you guessed it right. This bead is called the Netherworld Bead. As long as you can input your own soul power, you can summon a steady stream of Netherworld Soul Soldiers from this Netherworld Bead. It can cause huge damage to the enemy's soul and attack."

When Ye Feng heard what the fat monk said, his eyes suddenly showed a look of joy. He couldn't help but stare at the black beads in the silver box in front of him, and said aloud: "In other words, this black bead is A soul-level soul soldier."

The fat monk smiled and said

: "Yes, this Netherworld Bead is a legendary soul weapon, but there is a drawback. No matter how powerful Ye Feng's soul power is, it will not be possible to activate the Netherworld Soul Soldiers

released by this Netherworld Bead. No matter how powerful it is, it can only cause a certain degree of disruption to the enemy. After all, this kind of Nether Pearl is not a particularly powerful soul weapon, it is just an ordinary soul weapon. "

When Ye Feng heard what the fat monk said, a smile appeared in his eyes and he said, "Then let me give it a try."

Buzz!

Almost at the moment Ye Feng finished speaking, he immediately input his own mana into the Netherworld Bead in his hand.

"boom!"

Suddenly, a Nether Soul Soldier, who was about the same height as Ye Feng, appeared in front of Ye Feng and flew out from the Nether Pearl.

His whole body is like a soul body, and the weapon he holds in his hand is also a blade condensed from his soul. He looks quite imposing.

However, Ye Feng did discover that this Nether Soul Soldier was indeed very ordinary, not very powerful, just an ordinary Nether Soul Soldier.

But at this time, Ye Feng's eyes flashed slightly, and he immediately released the blood talent of the sixth level of the Chaos Body that he had just awakened, the Fountain of Evolution.

"Crash!"

Almost at this moment, streams of evolutionary spring water suddenly flowed out of Ye Feng's mind, all of which was poured into the ordinary Nether Soldier in front of him.

Boom!

Almost at the next moment, with the continuous irrigation of evolutionary spring water, the Nether Soul Soldier in front of Ye Feng was expanding rapidly at this moment, and then directly expanded into a soul giant soldier more than ten meters tall.

"This Nether Soul Soldier has evolved into a Nether Soul Giant!"

At this moment, when the fat monk next to him saw this scene, he was a little surprised and couldn't help but say aloud.

The Nether Soul Soldier is the lowest level of soldier, but the Nether Soul Giant is a level higher than the Nether Soul Soldier and has more powerful power.

At this time, Ye Feng said with a smile: "Although the Nether Soul Soldier condensed with this Nether Pearl is the lowest level Nether Soldier, if I use my spring water to evolve it, it can evolve into a more powerful one. The Nether Soul Giant has more power."

After Ye Feng finished speaking at this moment, he continued to increase the irrigation of the evolutionary spring water.

Almost in the next moment, with the continuous irrigation of the evolutionary spring, the size of the Nether Soul Giant in front of Ye Feng was still expanding and getting bigger.

In the end, the Nether Soul Giant turned into a figure several hundred feet tall, and ancient and powerful armors had even condensed on this several hundred feet tall soul giant, covering the entire Nether Soul Giant in an instant. body.

When the fat monk saw this scene, he was even more horrified and couldn't help but said: "This Nether Soul Giant has evolved again and directly evolved into a Nether Soul Warrior!"

At this moment, the fat monk was staring at Ye Feng in disbelief. He seemed to have never thought that Ye Feng had such incredible means.

The fat monk immediately gave Ye Feng a thumbs up and said loudly: "Your kid's methods really opened my eyes. This small Netherworld Bead, in your hand, may be able to explode." Earth-shattering power." At this time, after Ye Feng finished speaking, he immediately followed the fat monk in a certain direction.

At this moment, the entire stone forest maze had been completely destroyed by the two of them, so the two of them did not encounter any obstacles. Following the treasure hunting compass, they soon came to a small slope.

Chapter 2545 Has turned into a corpse

Ye Feng looked at the fat monk at this time and said loudly: "There should be more than one place to bury treasures here, right?"

The fat monk smiled and said: "Of course there are more than just this place, there are other places, but there may be danger there, but Ye Feng, you have now obtained the Nether Pearl, and you can also use the Nether Soul condensed from the Nether Pearl to The soldiers have re-evolved and become stronger and stronger, so we will have greater confidence in dealing with some ghosts or strange beings in the tomb. "

Ye Feng smiled and nodded, and then began to refine the Netherworld Pearl in his hand, trying to completely refine the Netherworld Pearl as soon as possible.

Then you can gather more Nether Soul Soldiers at will to fight for yourself, which is equivalent to having an army of souls at the soul level.

At this moment, the fat monk and Ye Feng continued to walk towards a certain area deep in the depths.

Soon, the fat monk stopped and said loudly: "The second treasure hiding place has arrived."

At this time, Ye Feng's eyes showed a hint of surprise, and he immediately looked in a certain direction ahead.

He immediately saw a vast and endless fire lava in the distance.

In this piece of fiery lava, there was actually a huge coffin suspended in the sky, tied to a very thick black iron chain and hanging. This scene looked very shocking.

Ye Feng couldn't help but said: "Is this coffin the coffin of the owner of this tomb?"

The fat monk shook his head and said with a smile: "This coffin is just the coffin of a general under the command of the owner of the tomb, not the coffin of the owner of the tomb. We'd better not provoke the owner of the tomb now, because the owner of the tomb is now gone." He turned into a zombie king, whose body is powerful and extremely terrifying. Moreover, the zombie king's body cannot be invaded by any attributes. Moreover, the zombie king does not have any soul at all, so it is difficult to deal with it through soul means. "

Ye Feng nodded slightly, and then there was a trace of expectation in his eyes. He couldn't help but said: "Listening to what you said, I am more and more interested in that zombie king. If it is really a very scary guy, after killing him, it will definitely be of great benefit to me. "

If Ye Feng could use the Protoss Gloves to extract the body attributes of a zombie king, he might be able to greatly improve his chaotic body.

At this time, Ye Feng continued: "Then let's go directly to open the coffin. Is the treasure hidden in this coffin?"

The fat monk nodded and said loudly: "There are many flame-attributed lava monsters living in this lava. They are very powerful. Let's be careful."

Uh-huh!

Uh-huh!

After the two of them finished speaking, they immediately jumped up and flew directly towards the hanging coffin.

But they just flew into the air.

Boom!

Suddenly, terrifying roars erupted from the entire lava.

The monster-like lava creatures flew out of the endless lava below in an instant, and then roared and grabbed towards Ye Feng and the fat monk.

"Buddha's light shines everywhere!"

At this moment, the fat monk immediately roared, and a huge golden Buddha's light and shadow rose directly from his body, and all of a sudden several lava monsters that rushed towards him were directly bombarded into the lava.

At this moment, Ye Feng exuded soul power, and he could immediately realize that these lava monsters were not physical, had no actual body, and did not have any blood energy. They seemed to be energy composed entirely of lava flames. body.

At this moment, Ye Feng did not directly bombard, but directly released the Ancient Burning Heaven Technique.

Boom!

Almost at the moment Ye Feng released the Ancient Burning Heaven Technique, a very powerful natal flame burst out from his body.

This is Ye Feng's original flame.

Emit different kinds of colored light.

It looks quite cool.

All along, since Ye Feng entered the path of cultivation and obtained the Ancient Burning Heaven Technique, he has absorbed and integrated a lot of special flames.

Finally, he condensed his current natal flame.

Therefore, Ye Feng's natal flame is very advanced and very powerful.

If you remember correctly, Ye Feng's current natal flame is composed of nine extremely powerful flames with different attributes.

They are Dragon Spirit Holy Fire, Extreme Cold Flame, Purple Flame Divine Fire, Heavenly Karmic Fire, Dragon Flame, World-Destroying Molten Flame, Golden Fire, Sky Fire, and Xuantian Demon Fire.

"Rumble..."

At this time, Ye Feng released a huge flame, and all the lava monsters rushed out of the lava were enveloped in the frenzy of his own natal flames. They were instantly engulfed by Ye Feng's natal flames. It was swallowed up directly.

Ye Feng immediately felt that his flame power had increased a lot.

At this moment, Ye Feng looked at the fat monk not far away, and saw the fat monk's horrified expression. He couldn't help but laugh and said: "When I had nothing to do before, I once studied the power of flame attributes."

At this time, the fat monk could only give a thumbs up and said loudly: "I have nothing more to say. Anyway, your kid has endless trump cards, which are even more powerful than mine."

At this time, the two of them were talking and had already arrived in front of the huge coffin.

The entire body of this huge coffin was made of an unknown material and was locked with countless chains.

At this moment, the fat monk looked at Ye Feng and said, "Just open it?"

At this time, Ye Feng nodded slightly, and then directly opened the coffin in front of him.

When the lid of the coffin was completely opened, a beautiful woman wearing a red dress suddenly appeared in their field of vision, lying in the coffin.

It looks like a sleeping beauty, giving people a weird feeling and a glamorous feeling.

But at this time, both of them felt a strong aura of death from this beautiful woman in a red dress.

Buzz!

Almost at the next moment, suddenly, the two of them saw that this beautiful woman in a red dress suddenly opened her eyes, with a red light exuding in her eyes, which looked very strange.

It feels like an ancient female zombie has been resurrected. A monstrous evil spirit burst out from the body of this beautiful woman in a red dress in an instant.

"Quickly retreat!"

"She has turned into a corpse!"

Almost at this moment, the fat monk couldn't help but exclaimed, and then he and Ye Feng retreated towards the rear. Ye Feng looked at the fat monk at this time and said loudly: "There should be more than one place to bury treasures here, right?"

The fat monk smiled and said: "Of course there are more than just this place, there are other places, but there may be danger there, but Ye Feng, you have now obtained the Nether Pearl, and you can also use the Nether Soul condensed from the Nether Pearl to The soldiers have re-evolved and become stronger and stronger, so we will have greater confidence in dealing with some ghosts or strange beings in the tomb. "She has turned into a corpse!"

Chapter 2546 Silver Sword

The moment Ye Feng and Fat Monk just stepped back.

The woman in the red dress in the coffin flew out immediately, and then her whole body exuded a terrifying murderous light.

Although this woman in the red dress looked extremely beautiful, her face was filled with a very evil black aura at this moment.

Moreover, the eyeballs in the eyes are emitting red light, looking very strange and terrifying, and the expression is very ferocious.

At this moment, the woman in the red dress noticed the extremely strong life energy of Ye Feng and Fat Monk, and immediately stretched out her hands to grab them.

At this moment, with the grabbing, the fingernails of the woman in the red dress began to grow rapidly and became extremely long. The nails began to look like steel thorns, giving people a very destructive feeling.

"when!"

At this moment, the fat monk took out a Buddhist staff, which instantly collided with the fingernails of the woman in the red dress, causing a violent roar to erupt.

Almost at the next moment, the fat monk immediately felt an irresistible counter-shock force coming from the Buddhist staff he was holding, which knocked the fat monk away.

"What a powerful force!"

At this moment, the fat monk's eyes were filled with shock.

He retreated quickly at this time to offset the counter-shock force.

Moreover, the fat monk saw that there was a deep crack in the place where the Buddhist staff he took out had collided with the long nails of the woman in the red dress.

This extremely powerful magic weapon, the Buddha Staff, was scratched with huge cracks by the nails of the woman in the red dress at this moment.

This shows how terrible the nails of this woman in the red dress are.

The fat monk couldn't help shouting: "Ye Feng, attack together! This strong woman has completely transformed into a high-level zombie! The strength of her body is extremely terrifying and strong, as if it is made of divine iron. Even I The Buddha's staff was scratched to pieces by this female zombie, and a deep crack was found."

At this time, Ye Feng couldn't bear it

Zhu nodded and said loudly: "It is indeed very powerful."

"boom!"

Almost at the next moment, Ye Feng burst out with powerful strength, rushed in front of the woman in the red dress, and then punched her hard.

At this moment, the woman in the red dress saw Ye Feng rushing in front of her, and she instantly grabbed Ye Feng with her long nails.

Boom! !

Accompanied by a terrifying roar, the two collided with each other and immediately took several steps back from each other.

Ye Feng immediately felt that this woman in the red dress indeed possessed extremely terrifying power.

At this moment, Ye Feng immediately burst out all the power of the Chaos Body.

And at this time, Ye Feng also integrated the brute force gem into his fist, blasting out infinite and terrifying brute force in an instant.

Boom! !

This time, all Ye Feng's power hit the palm of the woman in the red dress.

Click click click.

Along with a sound that sounded like breaking, the long nails of the woman in the red dress were shattered inch by inch by Ye Feng's punch.

At this moment, Ye Feng immediately felt that the woman in the red dress, although strong, could never withstand the terrifying power of the brute force gem.

The woman in the red dress was also roaring angrily at this time. She never thought that Ye Feng could burst out with such a powerful force, and her body strength was also extremely strong, which was comparable to her zombie body.

"boom!"

At this moment, the woman in the red dress immediately roared and then displayed a terrifying inheritance.

This is an unknown inheritance. The moment it is revealed, the whole body of the woman in the red dress immediately becomes

Pieces of evil energy erupted, and then formed a large area of dark evil energy, shrouding both Ye Feng and Fat Monk, directly pulling them into endless darkness.

At this moment, the fat monk couldn't help but said in surprise: "I didn't expect that this female zombie has cultivated her own domain and can actually exert power other than the power of her body. It is really incredible. It seems She has been a zombie for a long, long time."

Boom!

Almost at this moment, the fat monk immediately activated the cassock on his body, and suddenly a huge Buddha statue emerged, exuding endless golden Buddha light. In an instant, it rose up from the fat monk's body and was filled with energy. Incomparable holiness and vastness.

The true form of the Buddha statue condensed by the fat monk wildly bombarded the surroundings with endless bright golden Buddha light, instantly breaking the dark evil realm released by the woman in the red dress.

Uh-huh!

At this time, Ye Feng found the right opportunity and instantly released his Thunder Ancestral Talisman. It was filled with unparalleled thunder light and landed on the head of the woman in the red dress in an instant. ??

Then Ye Feng directly condensed the terrifying thunder power in the Thunder Ancestral Talisman, and instantly bombarded the head of the woman in the red dress.

Boom!

Accompanied by an extremely terrifying roar, Ye Feng's fist condensed the power of the brute force gem and the thunderous destructive power of the Thunder Ancestral Talisman. It actually hit the core disciple's entire head directly. Broken.

Although the woman in the red dress had the body of a zombie, after her head was smashed at this moment, she lost her life instantly. She fell directly from the sky and fell into the lava, and was instantly swallowed up by the lava.

, at this moment, the fat monk immediately said with joy: "Finally killed this hateful female zombie!"

At this moment, after the fat monk finished speaking, he immediately

He just followed Ye Feng and flew to the coffin where the female zombie was lying just now.

They immediately found a silver sword and an ancient catalog from the coffin.

All the records in this ancient catalog are in ancient writings, which are not clearly legible at all.

Even the fat monk couldn't decipher it for a while.

At this time, the fat monk said aloud: "I want this ancient catalog. The things recorded in it may be of great help to my future career of tomb robbing."

Ye Feng nodded at this moment, then looked at the slender silver sword and said, "Then I want this silver sword."

At this moment, after Ye Feng finished speaking, he immediately held the silver sword in his palm.

Almost at the moment when Ye Feng input his magic power, an extremely terrifying silver sword light suddenly surged out of this silver long sword, full of terrifying tearing ability. With a "crash", it suddenly The entire coffin was shattered in an instant.

You know, this coffin is made of a very special material and is extremely strong.

At this moment, Ye Feng just inputted his magic power and released the sword light, which split the coffin in half at once, indicating that this silver long sword was definitely a very sharp magic weapon.

The fat monk got the treasure at this moment and was very happy. Then he suddenly looked at the piece of lava underneath and said loudly: "Under this piece of lava, there seems to be a giant molten dragon sleeping. I had accidentally I noticed the vitality of the magma dragon deep in the magma. This magma dragon seems to be guarding something under the magma. Ye Feng, do we want to go take a look? "

At this time, Ye Feng glanced at the silver sword in his hand, grinned, and said, "Of course I have to take a look."

Now that Ye Feng has gotten a lot of good things from the fat monk, he naturally can't stop his treasure hunt and wants to carry out the search to the end!

#### Chapter 2547 Magma Dragon

At this moment, after Ye Feng finished speaking, the fat monk immediately nodded, and then began to lurk under the lava.

Buzz!

Buzz!

When they entered the molten lava, they each released their own body-protecting divine light, repelling all the lava that held the terrifying burning place from their bodies.

In fact, with the physical strength of the two of them, there is no need to fear the burning power of these lava.

At this moment, the two of them were walking in the lava.

Ye Feng's eyes suddenly moved, and then he released his own natal flame to absorb the endless magma around him. .??.

After absorbing it, Ye Feng could feel that there was a very majestic and terrifying power of fire in the underground magma, which could give him a huge improvement.

Although the power of fire hidden in these molten magma is not that advanced, the reserves contained in this entire molten magma are really huge.

So at this time, Ye Feng can constantly use the Ancient Burning Heaven Technique to absorb it, and then use it to improve the quality of his own natal flame.

However, if the quality of Ye Feng's original flame is to be continuously improved, he needs to integrate more advanced flames, or some special flames that are very rare in the world, so that Ye Feng's original flame can be greatly improved.

But absorbing more fire power will be of great benefit to Ye Feng's original flame improvement.

You can accumulate a lot and make a lot of money.

At this moment, Ye Feng immediately began to absorb the flame power of the entire surrounding lava.

Almost at this moment, the entire magma reserve was shrinking rapidly, all of which was absorbed by Ye Feng.

Visible to the naked eye, the entire flaming lava slowly disappeared and slowly turned into an extremely dry lava river bed.

Seeing this scene at this moment, the fat monk couldn't help it immediately

Looking at Ye Feng with some surprise, he couldn't help but said: "It seems that we don't need to challenge that magma dragon in person. Ye Feng, you are absorbing the entire magma river now, and soon that magma giant will The dragon will sense the disappearance of the entire molten river and will instantly capture your breath."

Ye Feng grinned at this moment and said loudly: "Then wait for the giant molten dragon to come over on its own initiative."

At this moment, Ye Feng didn't hesitate at all. He immediately began to absorb the power of flames in the surrounding infinite magma, and even increased the intensity of absorption.

He wanted to use the endless flames contained in this molten magma to continuously improve his original flame power.

At this moment, Ye Feng can feel that the power of his original flame is constantly growing, but in the end he has not been able to transform. The quality of Ye Feng's original flame is still at the third level of perfection.

However, Ye Feng could feel that he was only one step away from reaching the level of fourth-grade flame intensity.

But at this moment, the entire river of lava had almost been absorbed by Ye Feng.

The entire underground magma river is almost drying up.

"Roar!!"

Suddenly, at this moment, an earth-shattering roar finally came from a certain direction not far away.

The moment this roar fell, Ye Feng and the fat monk immediately saw the end of the long river of lava in the distance, and suddenly a red dragon with a majestic body, like a continuous mountain, flew over.

This giant dragon is exactly what the fat monk called the magma dragon.

The body is covered with red scales as big as the mouth of a bowl, and the whole body is covered with burning flames.

Moreover, the two dragon horns are like flame guns, giving people a very sharp and majestic feeling.

At this moment, this giant molten dragon actually spoke human words and said loudly: "Two hateful outsiders actually destroyed all my habitat. You are really audacious."

At this time, Ye Feng stared at the majestic giant molten dragon not far away. He felt the boundless evil spirit emanating from the other party. He couldn't help but said in surprise: "I didn't expect that in this dark place, There is still a living dragon like you in the catacombs. It seems that I am lucky today. "

When the magma dragon heard what Ye Feng said, he immediately asked in surprise: "What do you mean you are lucky? You are going to die and you dare to say you are lucky?"

Ye Feng grinned at this time and said loudly: "After walking for so long and looking for treasures for so long, I finally encountered a living giant molten dragon. After I hunted you, it seems that You can swallow it big. I can feel your blood energy very majestic, as if there is a blood-colored ocean hidden in your dragon body. If I kill you, then it seems that I My cultivation level can continue to make breakthroughs."

"What?"

Hearing what Ye Feng said, the giant molten dragon immediately showed an expression of disbelief on his face, and then laughed out loud: "You, a human boy, are really too naive, you dare to say You want to kill this giant magma dragon. How can you, a little human boy, dare to say such arrogant words? You are so bold! I don't want to talk nonsense to you now. I want to kill you, a human boy, because your ability to absorb endless lava is quite good. Let's see if I can plunder your ability!"

almost on this

The moment the magma dragon finished speaking, he immediately let out an earth-shattering roar, then opened his mouth and spat out a terrifying pillar of flames, which instantly hit Ye Feng's face, filled with endless burning power.

Ye Feng instantly felt that the temperature of the space around him suddenly rose to several thousand degrees, as if it could evaporate people in an instant.

But Ye Feng's chaotic body is so powerful. At this moment, under the shroud of such terrifying flames, there is no harm at all.

Ye Feng burst out laughing and punched the giant magma dragon directly: "The magma dragon that has entered the tenth level of the Dao Realm may be very powerful outside, but it is nothing to me."  
"

Boom! !

Almost at the moment Ye Feng's words fell, Ye Feng's fist suddenly burst out with terrifying and boundless power. In an instant, the entire void was about to be completely shattered, and then the giant magma was directly smashed into pieces. The pillar of flames sprayed out by the dragon was directly shattered.

Seeing this scene, the eyes of the giant molten dragon suddenly became a little surprised, and couldn't help but said: "I didn't expect that a human boy like you has such a powerful body? It seems that you are There are some powerful beings with special physiques in the human race, but no matter how powerful you are, if you meet me today, you will eventually die in this dark underground!"

"The Heaven-Destroying Earth-Destroying Dragon Flame Wave!"

Almost the moment the magma dragon finished speaking, he immediately burst out with terrifyingly powerful inheritance power.

In an instant, dragon flame light waves full of terrifying and destructive power suddenly erupted from the body of the giant molten dragon. It was full of terrifying impact, destructive power, and burning power, covering the entire surrounding space. It's shrouded, and a quick penetration can tear everything apart and destroy everything!

Chapter 2548 Magma Dragon Pawn

It has to be said that the attack released by this magma dragon is still very terrifying.

At this moment, the countless flaming light pillars released by this giant dragon can simply shake the sky and the earth, piercing all the surrounding space.

Ye Feng was instantly enveloped in an endless pillar of flames, as if his whole person was about to be destroyed.

Even though Ye Feng now possesses a chaotic body, he feels that his body is melting rapidly.

Because this attack is probably the most powerful inheritance of the magma dragon, its destructive power is astonishing.

However, at this time, Ye Feng's eyes did not show any fear, but were filled with a deep fighting spirit. He shouted: "Luan Gu Emperor Fist!!"

Luangu Great Emperor Fist!

This is an extremely powerful inheritance that Ye Feng just received.

At this moment, he punched out a fist in an instant, and boundless light suddenly burst out from his fist, condensing into the majestic figure of the Ancient Emperor, and instantly blasting away countless flaming light pillars around him. of fragmentation.

When the magma dragon saw this scene, his eyes suddenly showed deep horror, and he couldn't help but said: "This is... the Luan Gu Emperor Fist? How is it possible! How did you learn it? This is already A powerful inheritance that was lost a long time ago. Where did you, a human boy, get this powerful inheritance?"

At this moment, it was obvious that the fist struck by Ye Feng, the Ancient Emperor Fist, completely made the magma dragon feel a sense of fear.

At this moment, Ye Feng just smiled coldly and said, "Where did I get it from? I don't think I need to explain it to you, right?"

After saying that, Ye Feng instantly burst out with another powerful inheritance he had just received.

"World-destroying demonic light wave!"

Boom! !

Almost at the moment when Ye Feng displayed the world-destroying demonic light wave, Ye Feng's whole body suddenly became

A terrifying and evil violent demonic energy erupted.

This violent demonic energy instantly formed a huge beam of magic light wave in front of Ye Feng. In an instant, there was a "bang", piercing the void, and in an instant, it bombarded the giant molten dragon in front. on the body.

"Pfft!"

Almost at this moment, the magma dragon was unable to resist the world-destroying demonic light wave released by Ye Feng at this time. In an instant, the entire towering dragon body was pierced, and a huge blood hole appeared.

"ah!!"

The giant magma dragon suffered heavy damage at this moment, and immediately couldn't help but scream, and instantly became extremely furious. He couldn't help but yelled: "Young boy of the human race, I will fight with you today! "

At this moment, the magma dragon was obviously at the end of its strength, and at this time he had decided to fight for his life.

"Endless light of destruction!"

Boom! !

Almost at this moment, the magma dragon also exploded with his most powerful power, and every scale on his body was blooming with brilliant light of flames at this moment.

In an instant, the giant molten dragon seemed to have turned into a super-large bomb, and a terrifying roar erupted in an instant.

"Boom!"

Then the endless light of destructive flames instantly enveloped the entire field, enveloping Ye Feng's entire body and even the fat monk not far away.

Obviously, the magma dragon wanted to destroy all these two uninvited guests at this time.

This time he really inspired his most original flame dragon blood, and exploded with terrifying and boundless energy.

The power of the flames seemed to be able to melt and burn the entire world.

At this moment, the fat monk immediately showed an urgent look in his eyes, and immediately inspired the power of the ancient cassocks on his body, and then formed and condensed a huge golden Buddha statue, surrounding himself, to protect yourself.

Because the endless destruction of the flames released by the magma dragon at this moment was so terrifying that even the fat monk felt a danger of death.

At this moment, a gem appeared in Ye Feng's hand.

This gem is exactly the replica of the Chaos Gem!

Although it is just a replica of the Chaos Gem, it does possess one-tenth of the power of the original Chaos Gem.

At this moment, Ye Feng inspired the power of the replica of the Chaos Stone for the first time.

Boom! !

Almost at this moment, a terrifying power of chaos burst out from the gem in Ye Feng's hand, and then wiped out the endless light of destruction around him in the endless power of chaos. .

Even the endless light of destructive flames released by this magma dragon cannot withstand the original power of chaos.

"What?!"

At this moment, when he saw that Ye Feng had instantly disintegrated his endless light of destruction, the molten dragon suddenly had a look of deep horror in its eyes.

It couldn't help but stare at the stone in Ye Feng's hand, and shouted incredulously: "What kind of gem is this in your hand? How could it have such a powerful power? I felt the most primitive chaos. Power, this is the original power of the world. How can this human race control it? Only the ancient gods can control it!"

But just as the magma dragon finished speaking,

The moment he fell, Ye Feng didn't bother to pay attention to the magma dragon at all, because he was about to kill the magma dragon. There was no need to talk nonsense to him, and there was no need to explain anything.

So at this time, Ye Feng instantly burst out with his strongest power, and then the silver long sword he just obtained appeared in his hand, and instantly inspired a silver sword light that penetrated the sky and the earth, and all of a sudden the entire world was covered. They were all chopped into pieces.

Boom! !

This terrifying silver sword light was filled with unparalleled cutting power. With a "puff", it instantly cut off the head of the molten dragon not far away.

Bang!

The huge dragon head instantly fell from the sky to the dried lava river bed below, making a huge roar, smoke billowing, and gravel splashing everywhere.

At this time, the magma dragon was finally completely killed by Ye Feng with a sword.

Molten dragon, die!

Uh-huh!

Seeing this scene at this moment, the fat monk not far away immediately flew over with excitement in his eyes. He stared at the stone in Ye Feng's hand and couldn't help but said: "Ye Feng, you The stone in your hand is filled with the pure power of chaos, capable of erasing any power in the realm of chaos. Isn't this gem of yours the chaos gem among the nine legendary master gems? You actually have a domination gem! Your luck is so incredible!"

Ye Feng just smiled slightly at this time and said aloud: "This is not a real chaos gem, but an imitation of a chaos gem that I accidentally obtained. However, although it is only an imitation, it still possesses the characteristics of a chaos gem." One of the powers, because this imitation is made from the original power of the real chaos gem, which is equivalent to the younger brother of the real chaos gem, otherwise it would not have such a powerful power of chaos. "

Chapter 2549 Ancient Ruins Cave

At this moment, after hearing what Ye Feng said, the fat monk immediately showed a look of surprise in his eyes.

He couldn't help but stare at the stone in Ye Feng's hand again, and said aloud: "It turns out that this is just a copy of the chaos gem itself, but a copy that can be refined with the original chaos power of the chaos gem itself, It is already very powerful, no wonder it can possess such a powerful force, and it can instantly wipe out the last attack of the molten dragon in endless chaos. "

At this moment, after the fat monk finished speaking, he suddenly seemed to have thought of something. He couldn't help but look at Ye Feng and said expectantly: "Ye Feng, have you come into contact with the body of the Chaos Gem?"

Ye Feng shook his head and said aloud: "I have never come into contact with the true body of the Chaos Gem. I snatched this copy of the Chaos Gem from the subordinates of a big shot."

When he said this, Ye Feng immediately stared at the fat monk in front of him, couldn't help but reveal a mysterious smile in his eyes, and said loudly: "But I know where the real chaos gem is hidden."

When the fat monk heard what Ye Feng said, his eyes immediately showed curiosity, and he couldn't help but asked quickly: "Where is it hidden?"

Ye Feng said with a smile: "The real Chaos Gem is currently in the hands of a big man called the Lord of Chaos in the center of the God Realm."

When the fat monk heard the name Lord of Chaos, his eyes suddenly showed a hint of fear, and he quickly said: "The Lord of Chaos is the master of the Holy Land of Chaos in the center of the God Realm. He is an extremely terrifying figure with monstrous strength. , no one dares to mess with him, it seems there is no hope of getting the Chaos Stone."

Ye Feng couldn't help but said at this time: "Let's join forces, are we going to do something?"

"No head start."

The fat monk shook his head, obviously very afraid of the Lord of Chaos.

Ye Feng smiled at this time and said: "Fat monk, don't you

Aren't you afraid of no one? You said before that you are not even afraid of the Chaos Gods, so why are you afraid of a Lord of Chaos? "

When the fat monk heard what Ye Feng said, he immediately twitched the corners of his mouth and said, "Aren't I bragging? Do you really think I'm not afraid of anything? I'm keeping a cautious attitude and always being careful. I have only managed to survive to this day, and I don't want to provoke some extremely powerful superpowers, otherwise I will probably be wiped out instantly."

When Ye Feng heard what Fat Monk said, his eyes flashed slightly and he murmured secretly in his heart: "It seems that the Lord of Chaos is indeed a super powerful figure in the center of the God Realm. Otherwise, it would be impossible to let Fat Monk, this mysterious monk, Such fear."

However, Ye Feng changed the subject at this moment and said aloud: "Fat monk, you said before that there is a mysterious ancient ruins cave in this lava. Now you should hurry up and look for it. The battle between me and the lava dragon just now happened The huge movement is likely to attract other powerful creatures in this tomb. We hurry up to find the ancient ruins under this magma land, and after searching for the treasures, hurry up and leave here. "

The fat monk immediately nodded and said, "Okay, I'll look for it carefully."

At this moment, the fat monk took the treasure hunting compass in his hand and started searching.

At this time, Ye Feng walked up to the huge dragon body of the molten dragon that he had killed not far away.

boom!

He directly released the Devouring Domain, and instantly enveloped the entire huge body of the magma dragon in the Devouring Domain of endless darkness.

Boom! !

Accompanied by a huge roar, Ye Feng's Devouring Domain suddenly swallowed this

All the vast blood energy of this magma dragon was swallowed into his body.

Visible to the naked eye, the entire majestic body of the magma dragon slowly shriveled up, and eventually turned into a shriveled dragon corpse.

At this time, Ye Feng was supplemented by huge blood energy, and his cultivation aura suddenly began to undergo huge transformations and breakthroughs.

Boom!

Entering the second level of Taoism!

Boom!

Entering the third level of Taoism!

At this moment, Ye Feng's cultivation finally stopped after it reached the third level of Taoism.

The blood energy of this entire molten dragon has been completely devoured by Ye Feng's refining.

It has to be said that this giant molten dragon still provides a lot of blood energy, otherwise it would not be possible for Ye Feng's cultivation to reach two levels in a row.

You must know that Ye Feng's current cultivation level has been upgraded to the Taoist realm, and the energy required for each of his breakthroughs is getting larger and larger, and his entire body is like a bottomless pit.

Therefore, it is already remarkable that this giant molten dragon can allow Ye Feng to break through two heavens in a row at his current level of cultivation.

If the magma dragon has a soul in the sky, he should be proud of himself.

At this moment, the fat monk not far away was looking for the ancient ruins cave in the lava land.

At this moment, he accidentally caught a glimpse of Ye Feng's rumbling breakthrough not far away, and the corner of his mouth suddenly twitched slightly.

The fat monk couldn't help but mutter in his heart, "If this kid becomes a demon through cultivation in the future, I wonder if he will become a big demon who kills the world."

"what are you saying?"

Suddenly at this moment, Ye Feng suddenly appeared in front of the fat monk and couldn't help but ask.

road.

The fat monk immediately twitched the corners of his eyes, and then said quickly: "I didn't say anything, I was just feeling that your cultivation level has improved so much. As long as you continue to swallow the power of the outside world, you can continue to strengthen yourself."

Ye Feng smiled slightly and said aloud: "It's a pity that only I have this ability. Otherwise, maybe I can teach you."

The fat monk immediately waved his hand and said loudly: "I don't want to learn this kind of ability inheritance, otherwise I'm afraid that I will become a demon directly. You kid can cultivate to this day without becoming a demon, and you don't kill innocent people indiscriminately to improve yourself. , It's already amazing."

At this moment, the fat monk was talking, and suddenly the treasure compass in his hand lit up with a ray of light.

The fat monk immediately showed a look of joy on his face, looked at the piece of land in front of him, and said loudly: "The ancient ruins cave hidden under the long river of magma should be here."

At this moment, after the fat monk finished collecting, he immediately took out his shovel and started digging quickly into the dirt ground underneath.

Finally, with the efforts of the fat monk, he dug out a huge hole directly from the ground. There was a very dark passage in it, very deep, and he didn't know where it led.

The fat monk glanced at Ye Feng and said loudly: "Let's go in together. If there is any danger, we can help each other and respond immediately."

Ye Feng nodded slightly, covered the surface of his body with the protective light, and then followed the fat monk into the deep underground passage.

The fat monk spoke out at this time: "This ancient cave, under the long river of lava, should be the inheritance relic of a strong fire attribute person. Ye Feng, your kid has an extremely powerful original flame. Maybe this cave is the source of fire." Is there any treasure in it that can improve the quality of your boy's original flame?"

Chapter 2550 Strange Fire in Heaven and Earth

At this moment, Ye Feng and the fat monk kept moving forward in the deep and dark passage.

In just a short moment, they had walked for nearly half an hour.

There was a trace of surprise in Ye Feng's eyes, and he couldn't help but ask: "Fat monk, are you really sure that there is an ancient ruin deep in the ground? Why do I feel like there is nothing here?"

At this time, the fat monk looked at the dark surroundings and felt a little unsure. He said aloud: "But the area pointed to by my treasure hunting compass is here, but how come you haven't reached the end yet?"

Ye Feng thought for a moment at this time, and then said aloud: "However, we have come so far, and the passage is still there. This passage must have been built by others. This passage cannot be formed naturally. Let's continue moving forward for a while. Bar."

When the fat monk heard what Ye Feng said, he immediately nodded and said, "Believe in my treasure hunting compass, there must be an ancient ruins cave at the end of this passage."

Hearing this, Ye Feng nodded slightly and said nothing more.

The two of them continued to move forward in this deep and dark passage for nearly an hour.

Finally they saw some light at the end of the dark passage.

Seeing this bright light, the fat monk couldn't help but said: "Ye Feng, look at the light in the distance, it seems we have arrived!"

At this time, the fat monk was very excited. He obviously felt that he was not cheating anyone. There was really something deep in the passage.

At this moment, Ye Feng also noticed the light for a moment, and his eyes suddenly showed some joy, and he said loudly: "It seems that there is really light, let's go over and take a look."

Uh-huh!

Uh-huh!

At this time, both of them accelerated their speed instantly and flew towards the end of the passage.

But just when they reached the end, they suddenly saw an abyss in front of them, with no bottom at the bottom.

At this time, the fat monk suddenly raised his head and looked to the sky, and found an endless sea of fire floating in the sky, which gave people a very ancient and majestic feeling.

The fat monk immediately couldn't help but said: "I seem to see a floating island in the sea of fire."

At this time, Ye Feng instantly activated the Divine Eye of Creation, and his eyes saw through everything. He indeed discovered an island floating in the middle of the sea of fire that looked like it was made of steel.

Ye Feng's eyes immediately lit up and he said, "Let's go up and take a look."

Uh-huh!

After saying that, Ye Feng jumped up and flew directly into the sky.

"Be careful with these flames."

At this moment, while the fat monk was talking, he quickly followed behind Ye Feng and flew in the direction of Ye Feng.

Just when the two of them approached the sea of flames, they immediately felt a very terrifying burning power.

This kind of burning power can even make people's souls feel like they are burning.

The fat monk felt the terrible feeling of soul burning. He couldn't help but said with some surprise in his eyes: "This kind of flame can actually burn people's souls through the body. It seems that we have encountered a very terrifying thing." Wonderful fire in heaven and earth."

The strange fire of heaven and earth, as the name suggests, is a flame that is completely different from ordinary flames. It possesses extremely terrifying power and is filled with the burning energy of the sky.

The power of destroying the earth. When Ye Feng was practicing, he had encountered many strange fires from heaven and earth that were integrated into his own origin. That's why Ye Feng was able to possess such a powerful original flame.

, at this moment, Ye Feng felt the special power of the strange fire of heaven and earth contained in the entire sea of fire, and his eyes suddenly showed joy.

Because as long as Ye Feng can integrate and seize the kind of strange fire contained in this endless sea of fire, he will definitely be able to greatly improve the quality of his natal fire source.

This is a very rare opportunity for Ye Feng.

It can be encountered but cannot be sought.

So given this opportunity, Ye Feng would naturally not miss it.

So at this time, Ye Feng immediately looked at the fat monk beside him and said loudly: "Now I want to sense the strongest flame in the entire sea of fire. I want to plunder and fuse that kind of strange fire from heaven and earth!"

The fat monk immediately smiled and said: "Okay, let's go look for that strange fire of heaven and earth together. I am also very curious, what is the strange fire of heaven and earth hidden under the earth?"

Ye Feng nodded immediately.

Buzz!

At this moment, he immediately released his huge soul power and moved towards the surrounding area, trying to find the specific location of the strange fire in the world.

Although this endless sea of flames has a burning effect on people's souls, with Ye Feng's current powerful soul power, he is not afraid of the burning damage of these ordinary seas of flames.

At this moment, after Ye Feng released his soul power, he instantly found the location of the strange fire in the world.

Uh-huh!

Ye Feng's eyes suddenly lit up and he quickly flew in that direction.

The fat monk is here

He was also very curious and immediately followed Ye Feng in that direction.

Soon, they came to the center of this endless flame ocean.

They immediately saw that the flames in the space here had changed from red to a dark color, which felt very strange and weird.

The fat monk was a little surprised and couldn't help but said: "This is the first time I have seen the pitch black flame. What kind of strange fire is this? Why is the flame so dark?"

Ye Feng also shook his head at this moment and said: "I'm not sure, let's go in and take a look first."

The two continued to move forward, rushing towards the area of dark flames.

Buzz!

The closer they got to the center, the more they felt that their whole bodies were about to be burned into fly ash, which was very terrifying.

Finally they arrived at the center of the flame ocean.

They immediately saw a group of quietly burning flames, which actually formed a kind of dark flame lotus, floating not far away, looking very sacred and peaceful.

At this time, the fat monk stared at the dark flaming lotus and couldn't help but said: "This seems to be a very terrifying flame in the legend, called...the Black Lotus Earth Core Fire!"

"Black Lotus Earth Heart Fire"

At this time, Ye Feng stared at the dark flame lotus floating in the space not far away, and his eyes suddenly burst out with a light of expectation.

At this moment, Ye Feng said instantly: "Fat monk, please help me protect the law around me. I want to refine this extremely precious Black Lotus Earth Core Fire! Once the refinement is successful, the quality of my natal flame will be It will definitely be greatly improved! My overall strength will also be greatly increased!"
