

Ancient 2561

Chapter 2561 The inheritance of the Lord of Ten Thousand Tombs

"Crash..."

Almost at this moment, Ye Feng and the fat monk did not hesitate at all, and immediately began to snatch the countless treasures contained in the room in front of them.

These treasures exude very strong magic weapon fluctuations. They are obviously all kinds of magic weapons collected by the Lord of Ten Thousand Tombs in the past, and they are all piled up in its sleeping place.

It's a pity that the Lord of Ten Thousand Tombs is dead now, so these magic weapons naturally become the possessions of Ye Feng and Fat Monk.

As for the wandering warrior who was exuding purple light and killed the Lord of Ten Thousand Tombs before, he did not search for the sleeping place of the Lord of Ten Thousand Tombs. He probably looked down upon the so-called wealth of the Lord of Ten Thousand Tombs.

But for Ye Feng and Fat Monk now, these wealth are really huge treasures.

After the two divided up all the wealth in the room, they both felt that they had become rich overnight.

At this time, Ye Feng continued to exude his powerful soul power and began to explore the entire underground palace.

He wants to find the inheritance of the Lord of Ten Thousand Tombs.

After all, a person as powerful as the Lord of Ten Thousand Tombs must have extremely powerful inherited martial arts or techniques.

Although it is a technique with attributes of the underworld.

But Ye Feng can practice.

No one will be turned away.

However, Ye Feng searched for a long time, but could not find the inheritance of the Lord of Ten Thousand Tombs.

This made Ye Feng quite depressed.

The fat monk seemed to have thought of something at this time, and suddenly took out many of the broken bones of the Lord of Ten Thousand Tombs that he had collected before, and then said aloud: "The Lord of Ten Thousand Tombs is not a monster from the underworld transformed by a strong man. , is something conceived by the underworld itself, so his inheritance should be in his own body."

At this moment, the fat monk took out all the broken bones of the Lord of Ten Thousand Tombs, and then searched for them one by one.

Soon he discovered

He picked up a bone, a bone with many mysterious marks on its surface.

The fat monk immediately showed joy in his eyes and said: "Ye Feng, this bone should be the natal bone of the Lord of Ten Thousand Tombs. The mysterious mark on the surface of this bone should be the inheritance of the Lord of Ten Thousand Tombs. It's just that It's difficult to parse and I need your help."

Ye Feng nodded immediately at this moment, then took the natal bone and began to use his soul power to understand it.

At this time, the fat monk also looked at Ye Feng with great anticipation.

Because if Ye Feng can understand it, then the fat monk can also make a copy to practice.

After all, Ye Feng possesses a very demonic understanding, which can be used to understand the very mysterious inheritance recorded in the natal bone.

But the fat monk couldn't do this.

So he could only rely on Ye Feng to analyze the inheritance.

Because what is recorded on the surface of this bone is a mysterious mark, which should be a kind of Dao rune, not words.

Therefore, the fat monk could not decipher the inheritance recorded on the surface of the bone using his own transformation talisman.

Buzz!

Three days later, suddenly the natal Gu in Ye Feng's hand emitted a very bright light, which was dark green.

Ye Feng immediately opened his eyes at this time and said loudly: "It has been deciphered, and I have understood the inheritance."

When the fat monk heard what Ye Feng said, he was immediately very happy and couldn't help but said: "Hurry up and show it, let me see what kind of inheritance it is."

Ye Feng immediately nodded at this time, and then said loudly: "This set of Ten Thousand Tombs

The inheritance of the Lord is called Nine Yin White Bone Hands. "

boom!

Almost at the moment Ye Feng finished speaking, he immediately released this extremely powerful inheritance, the Nine Yin White Bone Hand.

Boom!

Almost at this moment, Ye Feng's palm immediately turned into a huge white bone, and the palm was filled with unparalleled terrifying majesty and grabbing power.

boom!

The huge white bone palm instantly shattered a large mountain range in the distance, and its power was as powerful as the hand of heaven and earth.

And you must know that the Nine Yin White Bone Hand that Ye Feng turned into at this time is a kind of inheritance that belongs to the underworld.

So at the moment when he was grabbed out, not only was the mountain broken to pieces, but the rich aura of death contained between the bones and fingers made the entire surrounding world seem to have suddenly turned into the underworld. .

"Crash!"

The surrounding flowers, trees, and countless forests in the entire mountain were all shrouded in the strong aura of death at this time, and they died instantly.

Flowers and trees all withered in an instant.

Seeing this scene, the fat monk couldn't help but said: "This turned out to be the legendary Nine Yin White Bone Hand. I didn't expect it to be the inheritance bred by the Lord of Ten Thousand Tombs."

Ye Feng's eyes were a little surprised and he couldn't help but said: "Is this set of Nine Yin White Bone Hands famous?"

The fat monk immediately nodded and said: "There is a legend circulating in our tomb robbing world. Only the underworld creatures with extremely noble blood can give birth to a very powerful martial arts inheritance. This set of Nine Yin White Bone Claws can It's one of those powerful martial arts traditions."

Ye Feng nodded slightly and said aloud: "It seems that the bloodline of this Lord of Ten Thousand Tombs is very high.

expensive. "

The fat monk shook his head and said: "But this Lord of Ten Thousand Tombs was born with a skeleton body and has no bloodline at all."

Ye Feng said aloud: "That should mean that bone marrow is very noble."

Fat monk: "..."

Ye Feng laughed and said: "Why are you so entangled? Since the Lord of Ten Thousand Tombs has given birth to such a powerful inheritance, we can just learn. By the way, can you learn? Aren't you a successor of Buddhism?"

The fat monk smiled slightly at this time and said aloud: "I can modify and transform this Nine Yin White Bone Claw into a kind of inheritance that belongs to our Buddhism. There should be no problem."

When Ye Feng heard what the fat monk said, he immediately showed a look of surprise on his face and couldn't help but said: "Oh? I didn't expect you, fat monk, to be so powerful. You could actually modify the inheritance of different attributes and turn it into your own Buddhist path. This is the first time I've seen this heritage, it's really amazing."

The fat monk smiled at this time and said: "Let's not talk about this for now. Let's directly attack the zombie king that the owner of the tomb has turned into. Now that your methods and strength have improved a lot, we should deal with that zombie king. There's no big problem."

When Ye Feng heard what the fat monk said, his eyes suddenly showed a trace of excitement, and he said loudly: "Okay, I have been looking forward to this day for a long time. After experiencing so much in this underground tomb, I finally have to face him. The most terrifying zombie king."

The fat monk smiled and said: "Ye Feng, you now have so many inheritances from the underworld, and the damage to the zombie king will be very huge. I think there should be no big problem."

Uh-huh!

Uh-huh!

At this time, the two of them were talking and instantly left this land of thousands of graves and walked towards the most central area of the underground mausoleum.

Chapter 2562 The Emperor of the Underworld

At this moment, Ye Feng and the fat monk flew towards the center of the mausoleum.

Soon they arrived at the central area of the underground mausoleum.

There are no longer all kinds of winding stone paths here, but a huge and vast land.

The entire sky was dark, looking extremely desolate and desolate.

At this time, the fat monk pointed in a certain direction not far away and said loudly: "The Zombie King is sleeping in the coffin not far away."

When Ye Feng heard what the fat monk said, he immediately looked in that direction.

He immediately saw a huge pavilion in the center of the land not far away.

But in this pavilion, a huge coffin was hung up with iron ropes.

The fat monk spoke out at this time: "Ye Feng, did you see it?"

Ye Feng nodded and said aloud: "Is the zombie king lying in that coffin?" ??

The fat monk nodded slightly, and then rays of golden Buddha light emitted from his body, and he said loudly: "As long as we get closer to a certain distance, the Zombie King will sense the breath of the two of us, and then the Zombie King will instantly disappear from the sky. Jumped out of the coffin."

When Ye Feng heard what the fat monk said, he immediately nodded and said, "Then let's just take a preemptive strike."

The fat monk said: "Yes, that's what I mean too."

After the two people discussed it, they immediately started to use their own methods.

The fat monk first used a huge golden seal, which instantly hit the coffin not far away.

At this time, Ye Feng also instantly used the Nine Yin White Bone Hand, and instantly a huge white bone hand directly bombarded the coffin.

The two attacks hit the coffin almost at the same time.

Boom! !

Accompanied by a huge roar, the entire coffin suddenly

Just exploded.

An extremely burly zombie king, wearing the dragon robe of an ancient emperor, instantly appeared in their sight.

The two attacks did not cause any harm to the zombie king.

When Ye Feng saw this zombie king, he was actually wearing the imperial robe of an ancient emperor. A trace of surprise suddenly appeared in his eyes, and he couldn't help but say, "It turns out that the owner of this tomb is an ancient emperor."

The fat monk immediately smiled and said: "I said before that the identity of the owner of the tomb is very extraordinary. Yes, the owner of the tomb, the Zombie King in front of you, was a very powerful dynasty in the center of our God Realm. The emperor seems to have encountered something bad, so he turned into such a ghost."

"I heard that this ancient emperor was practicing a very terrible inheritance, so he finally went crazy and died. However, he was unwilling to die like this, so the remaining trace of his consciousness took his entire kingdom with him. , all of them were buried in this underground mausoleum, just thinking about becoming the emperor of the underworld in the future. "

When Ye Feng heard the fat monk say this, he immediately showed a trace of surprise in his eyes.

I didn't expect that this zombie king would have such a noble status and be so ambitious.

He will be an emperor on earth before he dies.

After death, he still wants to become the emperor of the entire underworld.

It has to be said that the ambition of this zombie king is still very huge.

Boom!

At this time, the tall zombie king in the coffin that was broken by the two attacks seemed to have not yet been born with spiritual intelligence, but it was extremely powerful. At this moment, a terrifying and boundless Yin Qi burst out, and in an instant It turned into a rolling craze of Yin Qi, like a vast ocean,

Swept towards the two of them.

Ye Feng and Fat Monk immediately released their powerful methods at this moment, directly resisting this Yin Qi craze.

Boom! !

But at this time, the tall zombie king rushed towards the two people. Each palm seemed to be made of steel and covered with dense corpse scales. It looked indestructible and could tear everything apart.

Click!

Almost at that moment, the palm of the zombie king grabbed the golden seal in front of the fat monk, and even smashed the fat monk's golden seal into pieces.

When the fat monk saw this scene, he immediately said with some distress and horror: "I didn't expect this zombie king to be so powerful. His whole body is probably invulnerable to fire, water, lightning and thunder!"

At this time, Ye Feng's eyes showed a hint of surprise.

He really felt the power of this zombie king.

It's like the whole body is made of indestructible steel.

It's really amazing.

Even in his current chaotic body, Ye Feng did not dare to go head-to-head with this terrifying zombie king.

So at this time, Ye Feng immediately used the extremely powerful underworld inheritance, Nine Yin White Bone Hands.

Boom! !

Almost at this moment, one of Ye Feng's hands immediately turned into a big bone hand from the underworld, directly bombarding the zombie king's body.

Boom! !

But at this moment, Ye Feng felt as if his Nine-yin White Bone Hand was grasping on a copper wall, unable to destroy the zombie king's defense.

Ye Feng's eyes widened slightly at this moment, and he couldn't help but said: "Fat monk, why is this zombie king so powerful? I thought we could kill it easily now! It seems like

It's hard to deal with! "

The fat monk immediately couldn't help but smile helplessly and said: "I said before that this zombie king is very scary, so I took Ye Feng with you to plunder all the other treasures and wealth in this underground tomb first. If we really If we can't defeat this zombie king, we will just run away without much loss. Anyway, we have already finished searching for what we need to loot, and this underground tomb is empty except for this zombie king. "

When Ye Feng heard the fat monk say this, the corners of his mouth twitched slightly. He didn't expect that the fat monk actually had plans to escape.

"Everyone will die..."

Suddenly at this time, a vague sound came out of the Zombie King's mouth, full of ferocious ferocity and hostility.

Boom! !

Almost at this moment, the Zombie King grabbed Ye Feng and with a swoop, it tore open Ye Feng's chest with a huge claw mark, revealing blood and bones.

Ye Feng immediately felt severe pain, which spread from his wound to his entire body.

"Space crack!"

Almost at this moment, Ye Feng immediately unleashed the power of the space gem, directly tearing a space crack next to the Zombie King not far away.

when!

But at the next moment, the space crack tore into the zombie king's body, and there was a sound of metal delivery like iron being struck.

The spatial cracks did not tear apart the zombie king's body!

"What?!"

Seeing this scene, Ye Feng suddenly showed a hint of horror in his eyes.

This was the first time he encountered an existence that could forcefully break the cracks in his space.

Ye Feng couldn't help but feel extremely shocked at this moment: "How powerful is this zombie king's body? It's simply more powerful than a body made of divine iron!"

Chapter 2563 Emperor's inheritance

At this time, Ye Feng never thought that the zombie king would not be torn apart by the cracks in his own space.

It has to be said that the body of this Zombie King is so hard that even spatial cracks, which can cut through anything under the sky, cannot cause harm to this Zombie King.

However, Ye Feng also knew very well that perhaps his control over the space gems was not complete yet, so the power of the space cracks released was weakened, so he could not hurt the zombie king.

Moreover, zombies are quite special. This zombie king is almost immune to the power of a few attributes.

Boom!

At this moment, the Zombie King burst out with powerful corpse energy, and rushed towards Ye Feng in an instant. ??

Because the Zombie King felt that Ye Feng was the most powerful existence among the two, he had to deal with the threat of Ye Feng first.

Although the space crack released by Ye Feng just now did not cause any harm to the Zombie King, it also made the Zombie King feel a huge pain, and the whole body was in pain of being torn apart.

So at this time, the Zombie King felt a danger of life and death from Ye Feng.

"kill!"

At this moment, Ye Feng exploded with all his power, directly bursting out the Dzogchen cultivation of Dzogchen's future body, and then instantly blasted out the Luangu Emperor Fist he had practiced before.

At this moment, Ye Feng still had the domination power of the brute force gem melted into his fist, so at this moment, the wave of power struck by his punch was really terrifying to the extreme, and it could almost cover the entire world. It was blown to pieces.

Boom!

Almost at this moment, the fists of the Zombie King and Ye Feng collided with each other.

The scales on the Zombie King's palm were shattered inch by inch by Ye Feng's punch.

But the bones of Ye Feng's fist also emitted

There was a crackling sound.

Ye Feng immediately felt severe pain, which spread from his fist to his entire body.

However, the Zombie King suddenly took more than ten steps back at this time. It was obviously repelled by Ye Feng's punch. The scales on the corpse on his palm were broken a lot.

It can be seen that Ye Feng's peak punch is also very terrifying.

At this time, the zombie king's eyes were full of disbelief. He never thought that the zombie king's body, which he had cultivated for tens of thousands of years, would be knocked back by a human boy.

Moreover, the bodies and physiques of the two men were actually able to compete with each other.

At this time, the zombie king immediately made a hoarse voice from his mouth, and said in a gloomy voice: "Human boy, what kind of physique do you have? How can you compete with the zombie king's body that I have cultivated for tens of thousands of years?"

Ye Feng smiled coldly at this time, blew off the blood on his fist, and said loudly: "There is no need to explain anything to a dead man, you will definitely die today!"

Boom!

Almost at the moment Ye Feng finished speaking, a terrifying and boundless aura erupted from Ye Feng's body.

At this moment, Ye Feng directly took out the death scepter he had obtained before, and then released all his cultivation with all his strength, all of which surged directly onto the death scepter in his hand.

Wow! !

Almost at the next moment, a terrifying and boundless aura of death burst out from the death scepter, and suddenly bombarded the zombie king not far away.

You must know that the Death Scepter is a treasure of the underworld, and it can cause great harm to the creatures in the underworld, such as zombies.

So at this time, when the death light released by the death scepter in Ye Feng's hand bombarded the zombie king, the zombie king immediately felt that his entire body was about to be destroyed.

The Zombie King immediately couldn't help but said with shock in his eyes: "Why is the Death Scepter in your hand? This is the super magic weapon that the late emperor awarded to King Jin. How can it be in your hand?"

Ye Feng smiled coldly and said: "How did I get this death scepter? I don't need to explain anything to you, because you will die soon."

Almost at the moment Ye Feng finished speaking, the fat monk not far away suddenly took action.

boom!

This time he instantly activated the ancient Buddhist power in his cassock. Along with a bright unscrupulous Buddha's light, the fat monk's entire body began to swell and suddenly turned into a huge Buddha like before. .??.

As if he had transformed into an ancient golden Buddha statue, he stretched out two giant-like golden hands in an instant and directly caught the zombie king, unable to move in place.

The fat monk immediately shouted: "Ye Feng, use the death scepter to kill this zombie king!"

At this time, the fat monk also saw that many powers now have no effect on the zombie king.

This zombie king is almost immune to the power of various attributes.

Only the Death Scepter can kill this zombie king.

Ye Feng immediately nodded, then flew directly in front of the zombie king, instantly took out the death scepter, and directly bombarded the zombie king's head.

Boom! !

At this moment, Ye Feng also inspired the terrifying death power in the death scepter, which directly smashed the head of the zombie king in an instant.

\u003e

"ah!"

Along with a violent scream, the zombie king died instantly.

The tall and majestic zombie king's body suddenly fell to the ground, completely dead.

Zombie King, die!

"call!"

Seeing this scene, the fat monk couldn't help but let out a sigh of relief immediately, with a look of relaxation in his eyes.

Ye Feng also breathed a sigh of relief at this time and said aloud: "Finally we killed this zombie king, but it's really not easy."

Just now, Ye Feng released the space crack and did not cut the zombie king in half, which really shocked Ye Feng.

At this time, Ye Feng looked at the death scepter in his hand and couldn't help but murmured: "Sure enough, we still need to use the treasures of the underworld to deal with these existences in the underworld."

Ye Feng said this, and immediately came to the corpse of the zombie king, and then directly put the zombie king into his storage ring.

Perhaps the body of this zombie king will have other effects on him, such as being refined into a very powerful puppet.

At this time, Ye Feng looked at the fat monk not far away and said, "Let's go find the inheritance of this zombie king."

The fat monk nodded at this time, his eyes were extremely excited, and he said loudly: "In front of this zombie king is an extremely powerful emperor of the earth in the center of the divine world. His cultivation inheritance seems to be a very special and noble emperor. Inheritance, if we can find it, will definitely be able to cultivate the Qi of the Emperor, and it will have a hidden bonus to our strength, cultivation, and even luck. "

"Emperor's inheritance?"

At this moment, Ye Feng heard the fat monk say this, and his eyes showed a trace of expectation for a moment.

Chapter 2564 Leaving the Holy Forbidden Land

At this time, the fat monk looked around and said loudly: "The inheritance of this zombie king during his lifetime is definitely still around here."

At this moment, Ye Feng also exuded his powerful soul power and began to spread towards the surroundings, trying to find the imperial inheritance of this zombie king during his lifetime.

As for the corpse of the Zombie King, Ye Feng had already checked everything when he collected it, and found nothing.

"it's here!"

At this time, the fat monk found a book made of gold among a large number of coffin fragments not far away.

Every page of this entire book is made of pure gold paper. It looks very noble and exudes an ancient atmosphere.

At this moment, Ye Feng also walked over and looked at the book made of gold in the hands of the fat monk. There were several big words written on the cover: "Nine-Nine Supreme Domains"

"Nine-nine supreme realms?"

At this moment, looking at the fonts on the cover of the book, Ye Feng's eyes suddenly showed a hint of surprise.

This imperial inheritance seems to be very powerful just by looking at the name.

At this time, the fat monk said with a smile: "Let's take a look at the secrets of inheritance recorded in it."

At this moment, the fat monk immediately opened the "Nine-Nine Supreme Domain" of the emperor's inheritance in his hand.

Ye Feng immediately came forward and started watching.

Soon, Ye Feng and Fat Monk understood what kind of inheritance this inheritance was.

It turns out that the Nine-Nine Supreme Domain is a very domineering inheritance.

After cultivating the nine-nine supreme realms, the cultivator needs to continuously condense each supreme will. A total of ninety-nine and eighty-one supreme wills need to be condensed to form a super realm that surrounds the cultivator and can be used to attack and defend.

The fat monk looked a little amazed and said aloud: "

The Nine-Nine Supreme, represents the ultimate power. It is worthy of the inheritance of the emperor. Once the Nine-Nine Supreme is successfully cultivated, it will have a super powerful field. There are a total of Nine-Nine and Eighty-one Supreme Powers. It can be said that it is extremely powerful. "

When Ye Feng heard what the fat monk said, he nodded slightly, his eyes were a little excited, and he said loudly: "Just let me make a copy."

At this time, Ye Feng said, and immediately released his soul power, directly imprinting all the contents recorded in the golden book in front of him into his soul.

At this time, all the inherited secrets of the Nine-Nine Supreme Domain have been stored in Ye Feng's soul ocean.

Next, Ye Feng only needs to continue to understand this supreme realm.

When Ye Feng passed down the soul imprint and all the inheritance of the entire supreme realm, he immediately felt the grand meaning of this emperor's inheritance.

Because in the subsequent continuous cultivation, Ye Feng has to condense a total of ninety-nine and eighty-one supreme powers before he can completely transform this entire supreme realm into Dzogchen.

At that time, once Ye Feng releases the Supreme Domain, there will be a total of eighty-one Supremes surrounding Ye Feng and becoming Ye Feng's helpers.

My scalp feels numb just thinking about it.

It has to be said that the founder who was able to create the emperor's inheritance in the Nine-Nine Supreme Realm is definitely a very amazing and powerful being, with amazing talents.

At this time, Ye Feng looked in a certain direction not far away and said loudly: "Fat monk, I should leave here."

The fat monk nodded slightly and said: "There are still many ancient powerful people in the Holy Forbidden Land.

The tombs of the deceased are basically located deeper in the Holy Forbidden Land. The existence there is very terrifying, and it is not something that the two of us can covet for the time being. "

Whether it was Ye Feng or Fat Monk, they encountered a lot of dangers in this underground tomb this time.

Especially when he encountered two terrifying existences, the Lord of Ten Thousand Tombs and the Zombie King.

It made the two of them understand that the treasures in the large tombs buried deeper in the Holy Forbidden Land might be richer, but there might also be extremely terrifying beings living in them.

Maybe if the two of them go now, they will be killed directly.

So at this time, Ye Feng was preparing to leave the Holy Death Forbidden Land temporarily.

The fat monk also said aloud at this time: "When we are stronger, we will gather together to explore the treasures in this sacred forbidden land."

At this time, Ye Feng patted the fat monk on the shoulder, smiled and said, "Okay, see you later." .??.

After the words fell, Ye Feng walked towards the distance, and soon left the central area of the tomb where the Zombie King was.

Ye Feng didn't ask where the fat monk was going.

Because if the fat monk wanted to go out with him, he would definitely take the initiative and say so directly.

But the fat monk did not say that he would follow him, so Ye Feng would not take the initiative to ask anything.

After all, everyone has different choices. Ye Feng and Fat Monk met by chance and would not interfere too much in what others will do in the future.

Ye Feng left the central area of the tomb at this time. Following the way he came, he soon returned to the ground and reappeared in the jungle of the Holy Forbidden Land.

At this time, Ye Feng no longer continued to move deeper.

Because he knew that there might very well be existences in the depths of the Holy Forbidden Land that he could not fight against.

This time Ye Feng got a lot of benefits from this underground tomb, and also got a lot of inheritance and treasures, and his overall strength was greatly improved.

So at this time, Ye Feng was planning to leave this dangerous Holy Death Forbidden Land and go to Fiery City to find out the specific location of Leng Qingxue's Tiandao Sect, so that he could go directly there.

Ye Feng did think about becoming a wandering warrior directly.

‘But if Ye Feng becomes a wandering warrior, he will have no direction for the time being.

So at this time, it is better to go directly to find Leng Qingxue, an acquaintance of his, enter Tiandao Sect, practice for a period of time, and then talk about it in detail.

After all, Ye Feng knew very well whether it was the Chaos Gods, his current number one enemy in the center of the God Realm, or the Lord of Chaos in the Chaos Holy Land that he had to deal with in order to rescue the sleeping Emperor Chu and the Soul Gem.

My current cultivation level is probably far from being able to fight against such a super big man and super power.

Therefore, Ye Feng's plan for the time being is to continue training on the land at the center of the God Realm, continue to accumulate his own knowledge, and improve his cultivation.

Along the way, Ye Feng has experienced ups and downs.

He believes that as long as he works hard, he will definitely be able to finally reach a level that others will look up to!

...

"Hurry and protect the young lady!"

"Don't let that Corpse King get close!"

...

But just when Ye Feng was about to leave the Forbidden Land of the Holy Fall, suddenly there was a burst of screams from people in a jungle not far away. It seemed that they had encountered a terrible zombie attack in the Forbidden Land of the Holy Fall. Ye Feng Feng Yan suddenly moved slightly.

Chapter 2565 Deeply shocked

Hearing the cry for help not far away, Ye Feng's eyes flickered slightly.

But at this moment, the jungle not far away shook.

A group of people suddenly appeared in Ye Feng's field of vision.

It was a group of guards wearing silver armor, all of them were fully armed. The armor on their bodies was very thick, and they all held silver swords in their hands, which looked very powerful.

Boom!

Boom!

But at this time, a huge zombie with a body of several hundred meters tall was in front of him, frantically chasing down the group of silver-armored guards.

"boom!"

This huge zombie, several hundred meters tall, should be the "Corpse King" mentioned in the previous call for help.

It must be said that the Corpse Emperor was very powerful. He stepped down and immediately kicked several tall guards in silver armor away.

"puff!"

"puff!"

At this moment, several tall guards couldn't help but spit out a mouthful of blood, and fell to the ground not far away, falling hard.

However, at this time, several tall guards suffered heavy injuries and were even unable to get up from the ground for a while.

At this time, many guards were guarding a woman. This woman was very young and beautiful. She was wearing a silver-white dress and her hair was very black and smooth.

She doesn't give the impression of a powerful female warrior, but of a lady from a big family who looks quite pampered.

At this moment, looking at the huge, towering and terrifying corpse emperor-level zombie, the eyes of this young lady from a big family were full of deep fear.

Although she had expected the dangers in the Holy Forbidden Land, what she didn't expect was that they had just arrived in the Holy Forbidden Land and encountered such a terrifying zombie emperor.

It's really luck

too poor.

At this time, a group of silver-armored guards protected the young lady from a large family while retreating towards the rear.

As they were retreating, they suddenly saw Ye Feng, an ordinary-looking young man standing not far behind them.

A group of guards wearing silver armor immediately shouted: "Little brother! Get out of here quickly! The terrifying Corpse King is coming!"

But Ye Feng stepped back at this moment. Instead, he looked at the majestic corpse emperor not far away. He couldn't help but his eyes lit up and he murmured, "The corpse energy is so strong. It seems that the body of this corpse emperor is... There must be a corpse core with huge energy inside."

Uh-huh!

At this time, Ye Feng immediately rushed forward, and the direction he rushed towards was exactly the direction from which the Corpse King came.

"What?!"

Seeing that Ye Feng not only did not run away, but instead rushed towards the towering corpse emperor who was several hundred meters tall.

All the people present had a look of deep disbelief in their eyes.

They never thought that Ye Feng would be so bold and dare to face such a terrifying Corpse King alone?

You know, the Corpse Emperor is several hundred meters tall and majestic, and every move he makes has earth-shattering destructive power.

"Is this young man deliberately seeking death?"

At this moment, a group of silver-armored guards showed deep helplessness in their eyes.

Because they had already advised Ye Feng to run away quickly, they did not expect Ye Feng to take the initiative to rush towards the Corpse Emperor.

It's so impulsive!

"boom!"

But just below

For a moment, the eyes of everyone present were shocked.

Ye Feng casually waved a fist, and instantly blew away the extremely ferocious Corpse King not far away.

"Boom!"

The tall and majestic Corpse King was blown away by Ye Feng's fist almost instantly. He fell to the ground not far away and fell hard to the ground in an instant.

At this moment, Ye Feng's eyes showed a trace of surprise, "I didn't expect this corpse emperor to be so weak that it can't be done with just one punch?"

After hearing Ye Feng's words, everyone present couldn't help showing deep astonishment in their eyes.

Isn't this ordinary-looking young man too powerful?

He actually knocked down the corpse king with one punch.

Moreover, the tone of speaking at this time seemed to be very boring.

It seems that he dislikes the Corpse Emperor for being too weak.

"This is definitely the genius of a super powerful force!"

"Otherwise it would be impossible to have such terrifying strength!"

At this moment, a group of people present were deeply shocked.

Because the strength Ye Feng showed at this time was really earth-shattering.

You know, everyone thought Ye Feng was just an ordinary young boy.

But what I didn't expect was that this young man simply possessed the power of a god and a demon.

The terrifying Corpse Emperor was knocked away with just one punch. It was so shocking that he was so stunning.

At this moment, the beautiful young lady surrounded by many silver-armored guards suddenly stared at Ye Feng, who was not far away and was as powerful as a god and demon. Her eyes were very bright and she couldn't help but Zhu said aloud: "This must be a person with ten identities."

The descendants of an unusually large force, perhaps descendants of some ancient families, we are saved this time. "

At this moment, Ye Feng walked to the front of the Corpse King, staring at the huge monster in front of him with an expectant look in his eyes.

At this moment, the Corpse King's eyes were filled with deep fear.

Because he was about to be furious and kill all these human beings.

But suddenly a young boy rushed out and blew him away.

The Corpse King also felt that there was an extremely dangerous breath of death from Ye Feng, which was impossible to resist.

Boom!

Suddenly at this time, the Corpse King jumped up from the ground and fled madly into the distance.

Ye Feng saw this scene and immediately laughed and said, "Since I have touched you, don't run away."

Boom!

Almost at this moment, Ye Feng didn't even use any powerful inheritance, but just stretched out a hand.

Boom!

All of a sudden, a huge bone hand appeared in the sky and instantly grabbed the Corpse King in his palm.

The Corpse King was shocked at this moment: "How can you, a small human, use the powerful skills of our underworld creatures?"

What Ye Feng used at this moment was the Nine Yin Bones Hand, which was full of terrible death energy.

It was the inheritance of the Lord of Ten Thousand Tombs before.

It was very powerful.

Ye Feng was too lazy to talk nonsense with the Corpse King at this time. He just stretched out his hand and crushed the Corpse King in one go. Then, among the large pieces of debris, he found a fist-sized corpse core, which emitted a very strong Yin energy fluctuation.

Chapter 2566 Wang Yanran's request

At this moment, Ye Feng did not hesitate and directly released the Devouring Domain, swallowing the zombie in his hand.

Boom!

Almost at this moment, a huge amount of power was directly injected into Ye Feng's body, rapidly increasing Ye Feng's power.

It has to be said that although this zombie emperor is not very weak in combat power, the zombie core bred in his body is still quite rich in energy, which suddenly improved Ye Feng's skills a lot.

However, Ye Feng's cultivation level did not achieve a significant breakthrough, but it also improved Ye Feng's skill a lot.

As long as he swallows one more core, Ye Feng may be able to break through to the next level.

"It's a nice appetizer."

Ye Feng couldn't help but murmur at this time.

At this moment, Ye Feng was ready to leave directly.

But at this time, in a certain direction not far away, among the people watching, a woman suddenly spoke up: "Young hero, please stay. This time, thanks to you, young hero, we can be safe."

Ye Feng couldn't help but look in that direction, and immediately discovered that the woman who made the noise was the young lady protected by the group of silver-armored guards just now.

Ye Feng couldn't help but his eyes moved slightly, and he said aloud: "There is no need to say thank you, I am just passing by."

At this moment, after Ye Feng finished speaking, he was ready to leave directly.

But the eldest lady from an unknown family continued to speak: "Young hero, please stay. I have a very important matter to discuss with you now."

When Ye Feng heard what the young lady said, he couldn't help but said, "Oh? Is there anything important?"

This eldest lady's beautiful eyes are revealing at this moment

Showing a trace of awe, he walked up to Ye Feng, bowed his hands very solemnly and politely, and then said aloud: "Let me introduce myself first, my name is Wang Yanran, I am from Liehuo City. The eldest lady of the Wang family came to this holy forbidden land this time to find the holy elixir of an ancient saint. In order to cure my father, because my father was seriously ill and needed the holy elixir of the ancient saint. Dancai was able to recover his injuries, but I didn't expect that the Holy Forbidden Land was as dangerous as the legend. Not long after we entered the Holy Forbidden Land, we had already encountered such a powerful Corpse King. There was no way we could Resist, so I want to hire the young hero to protect us and find the holy elixir of the ancient saint. The young hero can give me whatever reward he wants, as long as I have it, the young hero can like it. "

Ye Feng's eyes showed a trace of surprise at this time. He didn't expect that the eldest lady of the Wang family would hire him.

But what surprised Ye Feng was that he didn't expect such a coincidence. Wang Yanran, the eldest lady of the Wang family, turned out to be the eldest lady of the big family in the Fiery City where he was going.

At this time, Ye Feng's eyes flickered slightly, as if he was thinking about something.

At this time, a group of silver-armored guards around him looked a little nervous and looked at Ye Feng.

Wang Yanran, the eldest daughter of the Wang family, also had a look of expectation in her eyes at this time.

Because she knew that if Ye Feng didn't want to, there was nothing she could do.

Because Ye Feng's strength is too strong, if they don't want to be hired by them, they can't force Ye Feng to protect them.

So at this time, everyone hopes that Ye Feng can agree to him

them.

At this moment, Ye Feng looked at the beautiful Wang Yanran in front of him and suddenly said: "You said you are the eldest lady of the Wang family in Fiery City?"

Wang Yanran immediately said out loud at this time: "Yes, has the young hero also been to the Fiery City?"

Ye Feng shook his head and said loudly: "I have never been to the Fiery City. I am just preparing to go to the Fiery City."

At this moment, Ye Feng suddenly discovered that after he was separated from the members of the Red Flame Mercenary Group, he seemed to have no idea how to return to the Raging Fire City from this holy forbidden place, because Ye Feng had never been to the Raging Fire City. .

So at this time, Ye Feng felt that he could be with Wang Yanran.

At this moment, Ye Feng asked aloud: "Wang Yanran, do you know where the ancient victor's holy elixir you are looking for is located?"

When Wang Yanran heard what Ye Feng said, there was a hint of joy in her eyes.

Since Ye Feng has already asked this question, it means that Ye Feng is likely to agree to her request.

So at this time, Wang Yanran immediately took out an ancient map from his storage ring and said loudly: "This is an ancient map that our Wang family spent a lot of money to buy from a wandering businessman. A certain part of this ancient map The holy elixir of the ancient saint exists in one place, so I led the powerful guards in my family to come to this forbidden land of the holy fall to search for the holy elixir of the ancient saint. If my father cannot be saved, then we The Wang family will also be carved up by other powerful families in the city of fire, and completely destroyed, because my father is the number one master of our Wang family, but he was assassinated and suffered heavy losses, so the root of the disease fell. Now he is very weak and needs The holy elixir of the ancient saint comes to cure."

leaf

At this time, Feng looked at the ancient map in Wang Yanran's hand and suddenly asked: "This seems to be the cave of an ancient powerful man."

Wang Yanran immediately nodded and said loudly: "This is the cave where an ancient saint sat and passed away, so I need to go to the cave of this ancient saint to find the holy elixir left by the ancient saint."

Ye Feng nodded slightly and said loudly: "Yes, I agree to be with you for two reasons. The first is that I also want to go to the Fiery City, so you can lead the way for me when the time comes. The second is that I I am also very interested in this ancient saint's cave, maybe there is some inheritance."

When Wang Yanran heard what Ye Feng said, she immediately said happily: "Young hero, if you are willing to help us, follow the map in our hands and arrive at the cave of the ancient saint. I only need the ancient saint. I want to save my father with my holy elixir. All other treasures, including all inheritances, will be given to you, young hero. I don't want any of them!"

When Ye Feng heard what Wang Yanran said, his eyes suddenly lit up and he said, "Okay, then we'll have a happy cooperation."

At this time, Ye Feng said and stretched out a hand.

When Wang Yanran saw this scene, she immediately stretched out a small white hand and shook Ye Feng slightly.

At this moment, when the surrounding group of silver armored guards saw this scene, they all breathed a sigh of relief, with unconcealable joy in their eyes.

Because if Ye Feng is willing to walk with them, then they will be much safer in the future.

Because everyone has seen Ye Feng's powerful strength just now, it was simply shocking.

And that might not be Ye Feng's real power, but just a casual attack from Ye Feng.

Chapter 2567 Breakthrough in Cultivation

At this time, Ye Feng looked at Wang Yanran, the eldest daughter of the Wang family, who was not far away, with a hint of curiosity in his eyes, and said loudly: "I didn't expect that your courage is still very great. You just led a group of guards and entered Into this terrifying Holy Death Forbidden Land."

Wang Yanran smiled bitterly at this time and couldn't help but said: "My father suffered a serious injury and is now seriously ill. He can no longer fight with others. If other families take advantage of this time to invade our Wang family, If so, then our entire Wang family will fall into a place of eternal disaster. This is not only for me to save my father, but also to save the entire family, so I have to take the risk and enter the Holy Death Forbidden Land to find the holy elixir of the ancient saint. "

Hearing what Wang Yanran said, Ye Feng immediately nodded and said: "Indeed, there is no way around this. We can only fight to the death and save the entire family."

Hearing what Ye Feng said, Wang Yanran immediately nodded vigorously and said loudly: "I am very honored to be approved by the young hero."

Hearing what Wang Yanran said, Ye Feng immediately smiled and said, "No need to call me Young Hero, my name is Ye Feng. You can just call me by my name from now on."

Wang Yanran whispered Ye Feng's name at this moment, then nodded with a smile and said: "Okay."

At this time, Ye Feng looked in a certain direction not far away and said loudly: "Wang Yanran, give me the map in your hand. I will take a look at the cave of the ancient saint marked on your map. Specifically, where is the cave? Where is the location? I am quite familiar with the terrain of the nearby Sacred Death Forbidden Land. I have been wandering around this area for a long time. "

Hearing what Ye Feng said, Wang Yanran immediately nodded and handed the map in his hand to Ye Feng.

This eldest lady of the Wang family is obviously dominated by Ye Feng now. After all, the strength that Ye Feng just exploded is so terrifying that it simply shocked everyone.

At this moment, after Ye Feng got the map, he quickly identified

Check the direction, and then say aloud: "Walking from the southwest direction is about nine thousand meters, then turn left, it is about three thousand meters away, and then go straight for ten thousand kilometers, and we are almost there."

After hearing Ye Feng explain the specific route in such detail, both Wang Yanran, the eldest lady of the Wang family, and the surrounding group of family guards wearing silver armor showed deep admiration in their eyes.

They didn't expect that Ye Feng was very familiar with this area.

Ye Feng said with a smile at this moment: "Then let's set off directly."

"Uh-huh."

At this moment, Wang Yanran nodded immediately.

At this moment, everyone's eyes were filled with smiles.

Because they were very lucky this time.

I happened to meet a very powerful young warrior.

Otherwise, it is very likely that they will encounter terrible dangers in the future.

With such a powerful young man by their side, everyone felt a lot safer.

At this time, Ye Feng's eyes were filled with a hint of caution as he led the crowd throughout the Holy Death Forbidden Land.

Although Ye Feng's current cultivation strength has indeed improved a lot.

But Ye Feng knew very well that there was still great danger in the depths of this Holy Forbidden Land.

Even though I am very powerful now, I still need to maintain a certain level of vigilance.

However, Ye Feng did not plan to explore the Holy Death Forbidden Land in depth this time.

He just needs to take this group of members of the Wang family to find that ancient

In the Saint's Cave, Ye Feng has completed his mission by finding the Holy Pill to treat the head of the Wang family.

Ye Feng is very looking forward to the inheritance in the ancient saint's cave, because Ye Feng currently lacks a powerful inheritance.

Ye Feng knows very well that now he is like a wandering warrior. Before joining a super power, he needs to find all the inheritance by himself.

So this is also an important reason why Ye Feng agreed to help Wang Yanran, the eldest daughter of the Wang family.

Because he is also eager to obtain the inheritance of an ancient saint.

This is an opportunity that can be encountered but cannot be sought.

There is only one chance, so Ye Feng must seize it.

Ye Feng doesn't have any specific plans in his heart right now.

His only plan is to continuously use various experiences and training to improve his cultivation until he can fight against the Lord of Chaos in the Chaos Holy Land. ??

Even against the Chaos Gods, the top three hundred Gods in the center of the God Realm!

"boom!"

While walking, three huge demonic wolves suddenly rushed out of a jungle not far away.

"Alert and defense!"

At this moment, a group of Wang family members stood up and immediately raised their swords and tightened their shields, guarding Wang Yanran, the eldest daughter of the Wang family, in the center.

At this moment, Ye Feng stood at the front, looking at these three huge demon wolves, without any fear in his eyes, and instead walked directly forward.

"Roar!"

This group of extremely ferocious demon wolves roared and roared towards Ye Feng in an instant.

Because they realized that the blood energy in Ye Feng was very powerful, as long as they swallowed Ye Feng

, which may greatly enhance their vitality.

"Boom!"

But at this moment, the Ice Ancestral Talisman suddenly burst out of Ye Feng's body.

"Crash!"

A terrifying wave of cold air rushed out of the Ice Ancestral Talisman in an instant, instantly freezing the three demon wolves in front of them and turning them into ice sculptures.

It has to be said that as Ye Feng's cultivation level gets higher and higher, the ice power he unleashes using the Ice Ancestral Talisman becomes more and more terrifying.

Almost in an instant, three extremely powerful and ferocious demonic wolves were frozen into ice sculptures by Ye Feng and stopped in place.

At this moment, Ye Feng walked directly to the front, stretched out his hand and pressed it casually.

"Crack, click, click..."

Those ice sculptures shattered in an instant, and the body of the demon wolf frozen inside also turned into fragments on the ground.

Seeing this scene, the group of silver-armored guards of the Wang family behind them, including Wang Yanran, the eldest daughter of the Wang family, all showed excitement in their eyes.

Because the young strong man they happened to meet, his methods were indeed more terrifying than they imagined.

"Swallow!"

At this time, Ye Feng released the devouring domain and instantly devoured all the blood and demonic energy of the three demon wolves who were at the tenth level of the Taoist Realm.

"boom!"

At this moment, together with the core of the corpse emperor that Ye Feng had swallowed before, Ye Feng's skills were transformed under the accumulation.

In an instant, a huge aura of cultivation burst out from Ye Feng's body.

That is the aura of breakthrough cultivation.

At this moment, Ye Feng's cultivation level has successfully broken through the first level of heaven, from the ninth level of the Dao Realm to the tenth level of the Dao Realm!

Chapter 2568 The only hope

At this moment, after Ye Feng made a breakthrough, he immediately looked at the group of people behind him.

Ye Feng saw that in the eyes of everyone looking at him, in addition to the awe before, there was also a hint of fear.

Ye Feng immediately understood that he should have used this devouring method on the spot, making the Wang family think that he might be a member of the devil's path.

However, Ye Feng was too lazy to explain anything and didn't care about what these ordinary people thought.

At this moment, he just looked at Wang Yanran, the eldest daughter of the Wang family, and said with a smile: "We are almost reaching the cave where the ancient saint sat after his incarnation. Everyone is ready to enter it and look for the holy elixir."

Wang Yanran nodded immediately at this time and said loudly: "Everyone should be careful next time, we are about to arrive at the cave of the ancient saint. In the cave of such an ancient superpower, it must be very dangerous. It's dangerous, you must believe in Lord Ye Feng's strength."

Although Ye Feng had already said before, just let Wang Yanran call him by his name.

But Wang Yanran insisted on calling Ye Feng by the name "adult".

Ye Feng was also very helpless about this and simply didn't say anything.

At this moment, Ye Feng was walking in front, leading everyone to a huge mountain soon.

Under this mountain, there is a small cave entrance.

Ye Feng looked at the map in his hand and said aloud: "The final resting place of the ancient saint is at the entrance of this cave. You must follow me closely, otherwise danger may happen at any time and you will be killed." Killed instantly."

Hearing what Ye Feng said at this moment, a group of members of the Wang family, including Wang Yanran, couldn't help but nodded and approached Ye Feng.

Because Ye Feng can now be said to be their backbone.

Moreover, they had encountered many dangers along the way, which made many members of the Wang family feel an inexplicable fear.

Uh-huh!

At this time, Wang Yanran, the eldest lady of the Wang family, walked to Ye Feng's side and met Ye Feng

They were inexplicably close.

Ye Feng didn't feel anything about this, he just walked slowly on the stone road inside this deep cave entrance, looking around and listening in all directions.

"Um?"

At this moment, Ye Feng seemed to notice something and suddenly accelerated his speed.

Wang Yanran and a group of Wang family's silver-armored guards saw this scene, and they all followed Ye Feng and quickly walked towards the inside of the cave entrance.

Soon they arrived at the end of the cave.

The next moment, their vision suddenly became clear.

At this moment, in front of their field of vision, the mountain was hollowed out.

There was actually a huge underground castle standing in the distance.

The entire huge castle is made of a very precious amethyst, which looks bright and noble.

When Wang Yanran saw the castle made of amethyst, her eyes suddenly revealed a look of yearning, and she said aloud: "What a beautiful building."

At this time, Ye Feng spoke slowly from the side: "It's just an ordinary amethyst. It doesn't have any energy fluctuations. It looks very beautiful. In fact, it is not of much use to us practitioners. It is just a decoration." Just taste it."

After Ye Feng finished speaking, Wang Yanran was speechless for a moment.

At this moment, Ye Feng did not look at the change in Wang Yanran's expression, but walked directly towards the amethyst castle.

Because Ye Feng felt an inexplicable familiar atmosphere from this purple crystal castle.

This made Ye Feng a little surprised.

This familiar atmosphere seems to be a familiar feeling coming from the origin of life.

Boom!

But just when Ye Feng arrived at the square in front of the Crystal Castle, suddenly the entire square lit up with a huge formation, which instantly enveloped Ye Feng.

Uh-huh! Uh-huh! Uh-huh!

In this formation, a series of terrifying divine light swords suddenly appeared, and they went towards Ye Feng to assassinate him crazily.

"Lord Ye Feng!"

Wang Yanran, the eldest daughter of the Wang family who was standing not far away, saw this sudden scene, and her eyes immediately showed deep horror. She couldn't help but exclaimed: "Master Ye Feng, be careful!"

Ye Feng immediately nodded in the formation, looked at the group of people outside the formation not far away, and said loudly: "You guys wait outside for the time being, don't worry about me, I'll go and see it alone." Look, don't follow me here, otherwise you will probably be killed instantly by this formation."

Step, step, step...

At this time, Ye Feng ignored the formation after finishing speaking, and walked directly towards the Amethyst Castle.

Click click click!

At this time, what shocked the group of Wang family members waiting outside was that after the lightsaber condensed by the terrifying formation hit Ye Feng, it all shattered like glass.

There was a noble golden light flowing on the surface of Ye Feng's body, just like a copper wall and an iron wall, it was indestructible and extremely strong.

At this time, Wang Yanran immediately said to a group of silver armored guards around him: "Don't be impulsive, everyone. Let's wait here for Lord Ye Feng to return. Lord Ye Feng is not a person who breaks his word. Since he He promised to help us find the holy elixir of the ancient saint, and he will definitely help us find it, so we can just wait here."

But a silver armored guard beside him couldn't help but said: "Miss,

It's not that I don't believe Lord Ye Feng, but if Lord Ye Feng wants to go in alone now, I'm afraid he won't be able to resist temptation and may swallow the holy elixir of the ancient saint alone. When he comes out, he can I'm afraid he's just using the map in your hand, Miss, to refuse by saying he hasn't found it. "

Wang Yanran glanced at the silver armored guard and couldn't help but said: "Chief Guard, I know you are doing it for the good of our Wang family, but I have to say that your guess is completely irrational, because if Lord Ye Feng If he really wanted to monopolize the holy elixir of this ancient saint, when he learned that I had the map, he directly killed all of us and took the map from my hand. He couldn't do it alone. That's it? Why do you need to bring us a bunch of troubles?"

"Forehead....."

After hearing Wang Yanran's words at this moment, the silver armored guard immediately looked stunned.

Then the captain of the guard immediately nodded in shame, couldn't help but clasped his fists and said: "The eldest lady is right. It's my subordinate who knows his mistake. I shouldn't question Master Ye Feng! This subordinate is considered a villain." The heart of a gentleman reaches his heart."

At this moment, a group of silver armored guards around him nodded their heads, their trust in Ye Feng getting stronger and stronger.

Because they suddenly realized at this time that perhaps in Ye Feng's eyes, they were really just a group of burdens, and Ye Feng was willing to take them with him solely because of the contractual spirit of cooperation.

"Although Mr. Ye Feng seemed to have used some demonic means just now, I believe that Mr. Ye Feng is a good person in nature. At least he is a person who keeps his promises and will not kill innocent people indiscriminately like that kind of demon."

At this moment, a group of silver armored guards all spoke out.

Wang Yanran also nodded at this time, looking at the back of Ye Feng walking towards the Amethyst Castle in the formation in the distance, with a trace of expectation in his beautiful eyes, and said loudly: "Our only one now I hope it's Lord Ye Feng."

Chapter 2569 Chaos Body Skeleton

At this moment, Ye Feng was walking continuously in the formation.

The lightsabers condensed by those formations bombarded Ye Feng's body without causing any damage at all.

It was directly shattered by the shock of Ye Feng's powerful body.

At this time, Ye Feng quickly passed the formation and walked into the purple crystal castle.

Ye Feng immediately saw that the purple crystal castle was completely empty.

"Nothing at all?"

Ye Feng looked at everything in front of him at this moment, and suddenly showed a look of astonishment. He did not expect that this purple crystal castle was actually empty, with nothing, not even a small box.

At this time, Ye Feng couldn't help but wonder, maybe Wang Yanran, the eldest daughter of the Wang family, was deceived when she bought the map.

"Um?"

But at this time, Ye Feng suddenly seemed to sense something, and his expression suddenly changed slightly.

The powerful perception given to him by Ye Feng's powerful soul power seemed to sense a very weak spatial fluctuation at this moment.

This made Ye Feng's eyes move slightly, and then he directly released the power of the space gem.

"Click, click, click..."

Almost at the moment Ye Feng released the power of the space gem, the void in front of him suddenly shook violently, and then directly shattered.

The entire void was like a mirror, shattering inch by inch.

After the entire void was shattered, the seemingly empty purple crystal castle in front of Ye Feng suddenly appeared with boxes of treasures and wealth.

Moreover, sitting on the highest platform is a skeleton with chaotic-colored bones.

"This is the true face of the Amethyst Castle. It was a spatial blinding formation that obscured my vision just now."

At this moment, Ye Feng understood everything and couldn't help but murmur.

At this moment, Ye Feng instantly stared at the most conspicuous person on the high platform.

A chaotic white skeleton.

In the body of this skeleton, there is a round thing exuding the aura of a saint, which should be the holy elixir.

"Swish, swish, swish!"

At this moment, Ye Feng immediately began to collect all the boxes of treasures in front of him, all of which were collected into his storage ring.

Then Ye Feng came to the high platform and immediately stared at the skeleton.

The skeleton's bones were all in a chaotic color, and Ye Feng immediately felt a little confused.

No wonder I felt a very familiar atmosphere when I first arrived at the square outside the purple crystal castle.

It turned out to be the breath of the chaotic body.

In other words, the ancient saint who has already sat in front of him also had a chaotic body back then. Now his flesh and blood have all decayed, leaving only a skeleton.

This white-bone skeleton of a chaotic body has experienced endless years without decay. It should have a very strong chaotic attribute.

At this moment, Ye Feng immediately stepped forward and released his bloodline talent, the God Clan Gloves.

In an instant, Ye Feng put on the divine gloves and directly touched the bones of the skeleton in front of him.

"Crash..."

Almost at the next moment, Ye Feng suddenly felt that the very rich and majestic power of chaos attribute was being transmitted from the bone into his body.

Ye Feng could instantly feel that the strength of his chaotic body was constantly increasing.

At this moment, Ye Feng's eyes showed a hint of surprise.

Unexpectedly, the bones of this chaotic body actually contained such majestic chaotic attributes.

and can directly improve

The strength of one's own chaotic body.

At this moment, Ye Feng's chaotic body suddenly experienced a huge improvement and continued to grow.

boom!

The second level of the early stage of the sixth heaven of the Chaos Body!

boom!

The third level of the early stage of the sixth heaven of the Chaos Body!

boom!

The fourth level of the initial stage of the sixth heaven of the Chaos Body!

boom!

The fifth level of the early stage of the sixth heaven of the chaotic body!

Finally, at this moment, Ye Feng's chaotic body stopped increasing in strength.

At this moment, Ye Feng had excitement in his eyes.

"I didn't expect that just by extracting the chaos attributes from a small Chaos Body skeleton, the strength of my Chaos Body would suddenly increase so much?"

Ye Feng could feel at this moment that his body was now much stronger than before.

Because every improvement of the Chaos Body can make Ye Feng's body and physique stronger, just like the muscles, bones and flesh made of steel.

At this time, Ye Feng saw that the entire skeleton of the Chaos Body in front of him had completely turned into powder.

Because the most essential chaotic attributes have been extracted by himself.

So naturally, the support of the chaotic attribute was lost, and the entire skeleton was completely turned into ashes.

At this moment, Ye Feng grabbed the holy elixir of the ancient saint in his hands, and then began to explore the environment in the surrounding castle.

Although Ye Feng had obtained many boxes of treasures before, Ye Feng had not seen the inheritance left by this ancient saint.

It has to be said that Ye Feng still lacks a powerful inheritance.

Because he has not joined any super power, he cannot get inheritance from the sect. He can only get powerful inheritance through continuous experience and satisfy himself.

own use.

Ye Feng's most powerful inheritance at present should be the emperor's inheritance "Nine-Nine Supreme Domain" obtained from the underground tomb.

Therefore, Ye Feng still lacks other powerful inheritances.

The series of martial arts skills he had acquired before could no longer keep up with Ye Feng's current use.

Only a more advanced and powerful martial arts inheritance can allow Ye Feng to continuously unleash his powerful fighting power.

Buzz!

At this time, Ye Feng exuded his powerful soul power, covering all areas in the Amethyst Castle.

At this moment, Ye Feng was carefully checking all the locations in the castle, trying to find unusual places.

"found it!"

Sure enough, under Ye Feng's careful search, he suddenly discovered a hidden compartment somewhere.

Uh-huh!

Ye Feng's eyes suddenly moved and he immediately flew to that location.

This was a relatively remote place close to the Amethyst Castle. Ye Feng stretched out his hand and pressed directly on the dark pavilion.

Click click click...

Almost at this moment, the hidden grid suddenly sank into the ground.

Then, on the originally flat ground, an underground portal suddenly appeared, leading to an unknown place.

Ye Feng immediately showed a hint of surprise in his eyes. After thinking for a while, he jumped directly into the underground portal.

Soon Ye Feng came to the basement leading to the underground portal. This basement was not big, probably only about eighty or ninety square meters.

Ye Feng saw a wooden sword placed on an ancient peach wood table, and next to the wooden sword was a yellowed book.

Uh-huh!

At this moment, Ye Feng flew forward and stared at the two things placed on the table.

Chapter 2570 Heading to the Fire City

At this moment, Ye Feng first picked up the wooden sword on the table in front of him.

Ye Feng could see that there were runes engraved on the surface of this wooden sword.

These runes are extremely ancient and seem to be some kind of runes with a very long history.

At this time, Ye Feng tried to input some mana into the wooden sword in his hand.

"Buzz!"

Almost at the next moment, all the runes on the wooden sword floated out from the surface of the wooden sword one by one, exuding a mysterious light, and seemed to have very mysterious power.

At this time, Ye Feng's eyes showed a trace of surprise. He did not expect that this wooden sword turned out to be a legendary rune sword.

Every time you attack with the rune sword in your hand, the terrifying rune power will instantly burst out from the sword body, which can instantly cause indelible damage to the enemy.

"There is also a yellowed book, which seems to be the inheritance of this ancient saint."

At this moment, Ye Feng put the rune sword on his back, and then turned his attention to another yellowed book on the table in front of him.

Uh-huh!

Ye Feng picked up the yellowed book and immediately saw the five characters "Rune Body Refining Technique" written on the surface of the book.

It seems that this is a very powerful inheritance of body training techniques.

At this time, Ye Feng suddenly understood why this ancient saint possessed a chaotic body.

It should not be that he was born with a chaotic body, but he used this runic body refining technique to evolve his body into a chaotic body.

At this time, Ye Feng couldn't help but secretly thinking that if he practiced this kind of rune body refining technique and continuously evolved his chaotic body, then in the future, he might be able to evolve his body into something even better than the chaotic body. Terrible and advanced physique.

At this moment, after Ye Feng thought of this, his eyes suddenly showed a trace of excitement.

At this time, Ye Feng opened the Rune Body Refining Technique in his hand. After looking at it carefully, he immediately discovered that this Rune Body Refining Technique was not something that he could continuously improve his physique by meditating on it.

Instead, you need to go between heaven and earth, to every place in the world, to find all kinds of rare ancient runes, or even ancient runes that have disappeared in the long river of history.

As long as you find ancient runes and then continuously refine and integrate them into your body, you can continue to transform your body and make your body stronger and stronger.

When Ye Feng saw the rune body training method recorded in this book, his eyes suddenly showed a trace of helplessness, and he couldn't help but murmured, "It seems that I will really become a wandering warrior in the future. Going to such a big place He wanders around the world in the center of the divine world, looking for various ancient runes. "

At this moment, Ye Feng murmured, put the yellowed book in front of him, Rune Body Refining Technique, into his storage ring, and then left the basement in an instant, because there was nothing else in it. .

But this time, Ye Feng was able to obtain the rune sword of the ancient saint, and he also obtained a very special body-refining method practiced by the ancient saint, which could continue to grow with his own cultivation, the rune body-refining technique.

The Rune Refining Technique is very overbearing. By finding and absorbing various ancient runes that have disappeared in history, and even the chaotic body that can evolve its own origin, it can move towards a more advanced level.

And the great physical evolution made Ye Feng very happy, because this time the harvest was still very huge.

Ye Feng didn't waste any time at this time, returned to the ground from the basement, and then walked outside.

At this time, the formation in the square outside had exhausted its energy and disappeared.

However, a group of members of the Wang family still did not dare to enter the purple crystal castle.

A group of members of the Wang family were waiting outside, all looking very anxious.

But at this moment, seeing Ye Feng walking out of the Purple Crystal Castle, Wang Yanran, the eldest daughter of the Wang family, suddenly showed a trace of excitement in her beautiful eyes, and couldn't help but ask: "Ye Feng Mr. Feng, you are finally back!"

At this moment, a group of other silver-armored guards of the Wang family also stared at Ye Feng with deep expectations in their eyes.

Ye Feng saw everyone's expectant eyes, smiled slightly, took out a round elixir that exuded a faint light from his storage ring, and said loudly: "This is the holy elixir of the ancient saint. I Already got it."

"Very good!"

At this moment, Wang Yanran's beautiful eyes suddenly showed deep excitement and joy.

Because Ye Feng found the Holy Pill, it meant that his father, the head of the Wang family, was saved.

After the head of the Wang family is saved, it means that the entire Wang family is saved.

At this moment, Wang Yanran was naturally very happy.

Because she finally got the Holy Pill.

At this moment, Ye Feng handed the holy elixir in his hand to Wang Yanran.

Wang Yanran's palms were even a little trembling at this time as she took this extremely precious holy elixir of an ancient saint.

At this moment, a group of Wang family's silver-armored guards also had expressions of deep surprise on their faces.

Everyone looked at Ye Feng, their eyes full of gratitude.

Because if it weren't for Ye Feng this time, they would probably have been wiped out long ago, let alone getting the holy elixir of the ancient saint.

At this moment, Wang Yanran bowed deeply to Ye Feng, her beautiful white face was filled with gratitude, and she said loudly: "I really want to thank Mr. Ye Feng this time. If it weren't for Mr. Ye Feng, I'm afraid we have already died in the Forbidden Land of the Holy Death before we reached the place where the ancient saint was enthroned."

Ye Feng smiled slightly and said: "It doesn't matter, this time we are just cooperating, and I also gained a lot from this ancient saint's cave."

At this moment, after Ye Feng finished speaking, he looked at Wang Yanran in front of him and said, "Now that the Holy Pill has been obtained, let's return directly to the Fiery City."

When Wang Yanran heard this, she immediately nodded and said, "Okay."

Next, under the leadership of Wang Yanran and a group of Wang family's silver-armored guards, and escorted by Ye Feng, the group soon left the Holy Death Forbidden Land, returned to the wild forest outside, and then headed towards a certain Walk quickly in one direction.

In the early morning of the next day, in everyone's field of vision, a majestic ancient city appeared on the prairie in the distance.

The entire ancient city is made of black steel, exuding a cold metallic luster under the sunlight, and looks shocking.

Wang Yanran was standing next to Ye Feng at this time, pointing to the majestic ancient city in the distance, and said with a smile: "That is the Fiery City." At this moment, Ye Feng first picked up the food on the table in front of him. That wooden sword.

Ye Feng could see that there were runes engraved on the surface of this wooden sword.

These runes are extremely ancient and seem to be some kind of runes with a very long history.

At this time, Ye Feng tried to input some mana into the wooden sword in his hand. .??.

"Buzz!"

Almost at the next moment, all the runes on the wooden sword floated out from the surface of the wooden sword one by one, exuding a mysterious light, and seemed to have very mysterious power.

At this time, Ye Feng's eyes showed a trace of surprise. He did not expect that this wooden sword turned out to be a legendary rune sword.

Every time you attack with the rune sword in your hand, the terrifying rune power will instantly burst out from the sword body, which can instantly cause indelible damage to the enemy.

"There is also a yellowed book, which seems to be the inheritance of this ancient saint."

At this moment, Ye Feng put the rune sword on his back, and then turned his attention to another yellowed book on the table in front of him.

Uh-huh!

Ye Feng picked up the yellowed book and immediately saw the five characters "Rune Body Refining Technique" written on the surface of the book.

It seems that this is a very powerful inheritance of body training techniques.

At this time, Ye Feng suddenly understood why this ancient saint possessed a chaotic body.

It should not be that he was born with a chaotic body, but he used this runic body refining technique to evolve his body into a chaotic body.

At this time, Ye Feng couldn't help but secretly thinking that if he practiced this kind of rune body refining technique and continuously evolved his chaotic body, then in the future, he might be able to evolve his body into something even better than the chaotic body. Terrible and advanced physique.

At this moment, after Ye Feng thought of this, his eyes suddenly showed a trace of excitement.

At this time, Ye Feng opened the Rune Body Refining Technique in his hand. After looking at it carefully, he immediately discovered that this Rune Body Refining Technique was not something that he could continuously improve his physique by meditating on it.

Instead, you need to go between heaven and earth, to every place in the world, to find all kinds of rare ancient runes, or even ancient runes that have disappeared in the long river of history.

As long as you find ancient runes and then continuously refine and integrate them into your body, you can continue to transform your body and make your body stronger and stronger.

When Ye Feng saw the rune body training method recorded in this book, his eyes suddenly showed a trace of helplessness, and he couldn't help but murmured, "It seems that I will really become a wandering warrior in the future. Going to such a big place He wanders around the world in the center of the divine world, looking for various ancient runes. "

At this moment, Ye Feng murmured, put the yellowed book in front of him, Rune Body Refining Technique, into his storage ring, and then left the basement in an instant, because there was nothing else in it. .

But this time Ye Feng was able to obtain the rune sword of the ancient saint, and he also obtained a very special body-refining method practiced by the ancient saint, which could continue to grow with his own cultivation, the rune body-refining technique.

The Rune Refining Technique is very overbearing. By finding and absorbing various ancient runes that have disappeared in history, and even the chaotic body that can evolve its own origin, it can move towards a more advanced level.

And the great physical evolution made Ye Feng very happy, because this time the harvest was still very huge.

Ye Feng didn't waste any time at this time, returned to the ground from the basement, and then walked outside.

At this time, the formation in the square outside had exhausted its energy and disappeared.

However, a group of members of the Wang family still did not dare to enter the purple crystal castle.

A group of members of the Wang family were waiting outside, all looking very anxious.

But at this moment, seeing Ye Feng walking out of the Purple Crystal Castle, Wang Yanran, the eldest daughter of the Wang family, suddenly showed a trace of excitement in her beautiful eyes, and couldn't help but ask: "Ye Feng Mr. Feng, you are finally back!"

At this moment, a group of other silver-armored guards of the Wang family also stared at Ye Feng with deep expectations in their eyes.

Ye Feng saw the expectant eyes of everyone, smiled slightly, took out a round elixir that exuded a faint light from his storage ring, and said loudly: "This is the holy elixir of the ancient saint, I Already got it."

"Very good!"

At this moment, Wang Yanran's beautiful eyes suddenly showed deep excitement and joy.

Because Ye Feng found the Holy Pill, it meant that his father, the head of the Wang family, was saved.

After the head of the Wang family is saved, it means that the entire Wang family is saved.

At this moment, Wang Yanran was naturally very happy.

Because she finally got the Holy Pill.

At this moment, Ye Feng handed the holy elixir in his hand to Wang Yanran.

Wang Yanran's palms were even a little trembling at this time as she took this extremely precious holy elixir of an ancient saint.

At this moment, a group of Wang family's silver-armored guards also had expressions of deep surprise on their faces.

Everyone looked at Ye Feng, their eyes full of gratitude.

Because if it weren't for Ye Feng this time, they would probably have been wiped out long ago, let alone getting the holy elixir of the ancient saint.

At this moment, Wang Yanran bowed deeply to Ye Feng, her beautiful white face was filled with gratitude, and she said loudly: "I really want to thank Mr. Ye Feng this time.
