

Ancient 2571

Chapter 2571 Wang Family Residence

At this moment, Ye Feng was also looking forward.

In his field of vision, sure enough, a majestic ancient steel city appeared at the end of the prairie in the distance.

At this time, Ye Feng looked at Wang Yanran beside him, smiled and said, "Thank you so much, Miss Yanran, for taking me out of the wild jungle and to the Fiery City area, otherwise I would really get lost in the jungle."

Wang Yanran immediately smiled slightly and said loudly: "If it hadn't been for Young Master Ye Feng this time, I'm afraid I would have died in the Forbidden Land of the Holy Fall. If I wanted to thank you, it should be me thanking Young Master Ye Feng for his help. , By the way, if Mr. Ye Feng doesn't mind, he can stay with our Wang family for a while when he comes to the Fire City, because the rules of the Fire City are very strict, and outsiders are basically not allowed to stay in the city for a long time. "

Hearing what Wang Yanran said, Ye Feng thought for a moment, then nodded and said: "Okay, then I will live in your Wang family for a while. I do have a lot of things to do in the Fiery City. "

This time Ye Feng came to Raging Fire City, the first thing he did was to replace all the treasures he had that he didn't need that he had obtained from the Holy Death Forbidden Land, and exchange them all for the basic currency of God. crystal.

In addition, Ye Feng also needs to find out the specific location of Tiandao Sect.

Another thing is that Ye Feng really needs a very quiet place to practice in seclusion for a period of time.

This is because he has obtained a lot of inheritance and magic weapons in the Holy Forbidden Land this time, and it takes time to refine, understand, and practice.

So now that Wang Yanran has taken the initiative to invite her to live in the Wang family for a period of time, Ye Feng will naturally not refuse.

Because the Wang family should be considered a big family in the Fierce City, if you practice in a family like the Wang family, you should be very quiet, and no one will deliberately find trouble or disturb you.

So at this time Ye Feng thought about it and decided to directly

accepted.

When he heard Ye Feng agreed, Wang Yanran's eyes suddenly showed a happy look.

After getting along with each other for a period of time, in the mind of Wang Yanran, the eldest lady of the Wang family, Ye Feng is already the kind of super genius who can do anything.

Therefore, Wang Yanran, a noble lady, naturally has a deep fascination for an extremely talented wandering warrior like Ye Feng.

So Wang Yanran succeeded in inviting Ye Feng at this time, and she was naturally very happy because she could spend more time with Ye Feng.

At this moment, a group of silver-armored guards all showed joy on their faces, because they were thinking that if Ye Feng, a young genius, went to their Wang family, then no one in the Fiery City would dare to provoke him. The Wang family.

After all, the head of the Wang family has suffered heavy losses and is seriously ill. There are many forces in the entire Fiery City that are eyeing the entire Wang family, so a group of silver armors are deeply worried about this in their hearts.

However, they probably misunderstood the meaning of the eldest lady Wang Yanran. They thought that Wang Yanran invited Ye Feng for the sake of the family. In fact, Wang Yanran invited Ye Feng so that she could spend more time with Ye Feng.

At this moment, the group of people was moving quickly towards the Fire City.

Soon they arrived at the gate of the city.

With the guarantee of Wang Yanran and a group of Wang family guards, Ye Feng easily followed him into the Fiery City.

The moment he entered this fiery city, Ye Feng quickly released his soul power and scanned it casually.

What surprised Ye Feng was that in this city of fire, there were several existences with very strong aura fluctuations, which made Ye Feng feel a kind of threat.

This made Ye Feng have to sigh in his heart. The central land of the God Realm is indeed the most prosperous and martial arts place in the entire God Realm. However, in a small and relatively remote city, there are existences that are almost as powerful as himself.

It can be said that the foundation of the earth at the center of the God Realm is extremely profound.

At this time, Ye Feng understood how terrifying those super powers were.

I am afraid that there are countless super strong people in the entire center of the God Realm.

At this moment, Ye Feng followed Wang Yanran and a group of guards to the central area of the Fiery City.

This is the center of the Agni City. Only powerful families or large forces can occupy the core and most prosperous area of the Agni City.

The Wang family is located in the most prosperous area of Agni City, and has built a huge family pavilion and garden, which looks very luxurious and noble.

It can be seen that the Wang family is definitely a very large family in the Fiery City.

At this moment, Ye Feng saw that when Wang Yanran and a group of people arrived at the door of the Wang family's residence, a group of guards immediately rushed out from the door of the Wang family's residence, knelt down on one knee and said anxiously: "Miss! You! But he's finally back! The owner of the house is dying!"

"What? Are you dying?"

Wang Yanran's eyes immediately revealed a look of deep anxiety. At this moment, she didn't even bother to say hello to Ye Feng who was following behind her, and rushed into the Wang family's mansion in an instant.

A group of guards quickly followed.

Ye Feng also had eyes at this time.

The god moved slightly, and then followed everyone into the Wang family's mansion.

It has to be said that the Wang family's mansion is very luxurious, occupying a huge area and building a family garden.

At this moment, Ye Feng followed everyone through the entire family garden, and soon came to the central hall of the Wang family.

At this moment, a group of people were already surrounding the central hall.

In the middle of the hall, on a jade bed that exuded a faint light, lay an old and skinny man.

It is the head of the Wang family, Wang Tianya!

Wang Yanran's eyes showed deep anxiety at this time. She came directly in front of Wang Tianya and couldn't help but exclaimed: "Dad, why are you suddenly so sick? When I left, you were still Good."

An elder of the Wang family next to him sighed and said: "It's Shen Cangsheng, the sect leader of the Ba Dao Sect. He came to our Wang family yesterday and forced our Wang family to hand over our family's clan inheritance. As a result, the family owner wanted to resist Shen Cangsheng. , forcedly used his killing move, and although Shen Cangsheng was beaten away, the master's condition became more serious. "

"hateful!"

When Wang Yanran heard this, her eyes immediately showed deep hatred. The Ba Dao Sect was another powerful force in the Fiery City that was comparable to the Wang family. It was a sect force and had always coveted the Wang family's inheritance. Unexpectedly, This time it was so insidious.

At this moment, Wang Yanran immediately looked at Wang Tianya on the hospital bed and said loudly: "Fortunately, I got the holy elixir of the ancient saint this time. Dad, swallow it quickly!"

The moment Wang Yanran took out the holy elixir, all the elders and members of the Wang family present were all delighted.

"The eldest lady really got the holy elixir!"

A group of royal family elders all found it incredible.

Chapter 2572 Suspected Suzaku

At this moment, many of the royal family and elders present had deep surprises in their eyes.

They never expected that their eldest lady would actually find the Holy Pill from the legendary Holy Death Forbidden Land.

Because everyone knows that the Holy Forbidden Land is very scary.

Since ancient times, the Holy Death Forbidden Land has been inaccessible.

Because once you enter, there is absolutely no turning back.

But the eldest lady really got the holy elixir and brought it back intact.

At this moment, after Wang Tianya, the head of the Wang family, swallowed the holy elixir, the holy power of the ancient saint in the holy elixir suddenly had the power of creation and began to continuously restore Wang Tianya's injuries.

At this moment, Wang Tianya finally slowly opened his eyes, and his eyes suddenly showed a look of deep surprise. He couldn't help but said, "What's going on? Why am I recovering so quickly from my injuries all of a sudden?"

At this time, a royal elder beside him immediately couldn't help but said: "Master, you have finally woken up. It is the eldest lady who brought back the holy elixir of the ancient saint from the forbidden land of the holy death, and gave it to you to swallow. , so the master of the house can finally wake up."

At this moment, after hearing what the Wang family elder said, Wang Tianya couldn't help but exclaimed: "Yanran secretly went to the Holy Death Forbidden Land without telling me?"

At this time, Wang Yanran immediately came to Wang Tianya and couldn't help but said: "Dad, are you okay?"

Wang Tianya sat up from the hospital bed all of a sudden, with a look of worry in his eyes, and said: "Yanran, how could you just go to that Holy Forbidden Land! That is an extremely dangerous place! Your life may be in danger! If you What happened, how can I explain it to your dead mother?"

At this moment, Wang Yanran suddenly said: "Dad, if you die, I will not be alive, so no matter how dangerous the Holy Forbidden Land is, I will find the Holy Pill for you!"

Seeing his daughter say this, Wang Tianya couldn't help but burst into tears.

But next

For a moment, Wang Tianya seemed to have thought of something, and couldn't help but ask: "Yanran, with your own strength, you can't find such a precious thing as the Holy Pill. How did you find it? Our Wang family suffered heavy casualties. ?"

Obviously, at this time, Wang Tianya, the head of the Wang family, felt that Wang Yanran might have used the entire Wang family's power.

But Wang Yanran just smiled slightly and said: "Dad, don't worry, I was very lucky this time. I got the help of a young hero, so I was able to get the Holy Pill and returned safely. And I None of the family guards who were taken out died, and they all came back safely."

"oh?"

At this moment, after Wang Yanran finished speaking, many members of the Wang family present had deep surprises in their eyes.

At this moment, Wang Tianya's eyes showed deep surprise, and he couldn't help but said: "Where is that young hero at this moment? I want to thank this young hero in person!"

At this moment, Wang Tianya's eyes were extremely serious.

Because he is the head of the Wang family and has been in the world for a long time, he knows very well how terrifying the Holy Death Forbidden Land is.

The young hero her daughter met was actually able to bring a large group of people back safely from the Holy Land.

This shows that this young hero is definitely a very terrifying existence.

After Wang Tianya finished speaking, Wang Yanran immediately looked behind him and said, "Master Ye Feng is standing not far away."

But just as Wang Yanran finished speaking, she suddenly saw that the door of the central hall was empty.

Ye Feng was standing there originally, but now he seems to have gone somewhere.

Wang Yanran's eyes immediately

The god showed a look of surprise, then looked at his father and said loudly: "Master Ye Feng was still here just now, why did he suddenly disappear?"

At this time, Wang Tianya looked at the guards in silver armor at the entrance of the hall and said, "Where has the young master named Ye Feng gone now?"

A guard wearing silver armor immediately spoke up and said: "I'm telling you, Master Ye Feng just saw that the master had swallowed the holy elixir and recovered from his injuries. He seemed to have gone to watch the scenery in the garden of our Wang family's residence. Just now I saw him playing with a little red sparrow near a rockery with a winding water basin."

Hearing what the silver-armored guard said, Wang Tianya was stunned for a moment, then burst out laughing: "It seems that this young master is also a free and easy person."

At this moment, Wang Tianya immediately looked at Wang Yanran beside him and said: "Since Mr. Ye Feng has not left our Wang family, that's great. I will hold a family banquet tonight to specially entertain this Mr. Ye Feng. "

Wang Yanran's eyes showed joy. Seeing that her father valued Ye Feng so much, she immediately smiled and said, "Thank you, dad."

Wang Tianya immediately smiled and said: "This Young Master Ye Feng has done such a great favor to our Wang family. We must give him a good banquet tonight, and whatever needs Young Master Ye Feng has in the future, we must satisfy Young Master Ye Feng."

Wang Yanran smiled and nodded and said, "Dad, don't worry, I will arrange everything."

Wang Tianya nodded immediately, and then suddenly a cold smile appeared in his eyes, and he said loudly: "Now that my cultivation has been restored, I should go to Ba Daomen to settle the score with Shen Cangsheng. Oh, he actually came to provoke me when I was at my weakest, and forced me to hand over our Wang family's inheritance. It's really hateful. If it hadn't been for Young Master Ye Feng and Yanran who found the Holy Pill for me this time, I'm afraid I'm really going to die

Well, the Ba Dao Sect's account must be carefully calculated. "

After swallowing the Holy Pill at this moment, Wang Tianya has fully recovered from his injuries and is even stronger than before, so he has regained his domineering and self-confidence.

Boom!

At this time, Wang Tianya said that a powerful and unrivaled cultivation aura suddenly erupted from his body.

That is a powerful cultivation that transcends the realm of Taoism and belongs to the third level of Taoism and Nature!

I have to say that the head of the Wang family is worthy of being the head of the big family in Fiery City, and his cultivation strength is indeed extremely powerful!

...

At this time, Ye Feng was walking in the luxurious gardens of the Wang family's mansion.

The garden scenery is very good, with rockeries, flowing water, and green plants covering the sky. It definitely cost a lot of money to build such a luxurious family garden.

At this time, Ye Feng was walking in the Wang family's garden. He was not looking at the scenery, but he suddenly sensed a very strong energy fluctuation from a red bird in the Wang family's garden.

That kind of energy fluctuation is like the flame origin of the ancient mythical beast Suzaku.

Because Ye Feng himself is considered an expert at playing with fire, he is very sensitive to this special beast's flame and can sense it instantly.

Ye Feng was very curious as to why a little red sparrow that looked like a Suzaku came to such a relatively ordinary Wang family.

At this moment, Ye Feng chased the little red sparrow and came to a deeper place in the Wang family's garden.

Ye Feng looked at the little red sparrow standing on a branch not far away, and immediately smiled and said: "I know, you should be able to understand me. You have special energy fluctuations in your body, which are suspected to be ancient ones like Suzaku." The flames of the divine beast, I am very curious, why is an extraordinary existence like you in this ordinary family? "What are you planning?"

Chapter 2573 Then believe me

After Ye Feng finished speaking at this moment, the little red sparrow standing on the branch suddenly glanced at Ye Feng below, then raised his little head arrogantly and ignored Ye Feng.

In response to this, Ye Feng showed a slight smile on his face and said: "I am not a bad person. I can detect that you have a very strong origin fluctuation of the fire attribute of the divine beast, but it seems to be controlled by a very powerful ancient... It has been sealed by the forbidden technique, maybe I can find a way to unlock your seal and let you regain the power of the divine beast."

When the little red sparrow heard what Ye Feng said, a trace of solemnity finally appeared in its small eyes.

The little red sparrow suddenly spoke human words: "Who are you?"

The voice is like a cold goddess-like voice. Just listening to the voice gives people a cold and noble feeling.

Ye Feng's eyes flashed fiercely at this time. .??.

really!

I guessed it right.

This little red bird is the legendary ancient beast, the Suzaku!

But for some unknown reason, it turned out to be so ordinary and ordinary.

At this time, Ye Feng paused and said aloud: "I don't have any special identity. I am just a young warrior who has just arrived. I want to make a career in the most prosperous place in the center of the God Realm."

Hearing what Ye Feng said, the little Suzaku suddenly uttered a cold and noble female voice: "I don't believe that even some super powerful people can't detect the aura of the Suzaku mythical beast in me, but you, a little A young Taoist warrior at the 10th level has discovered my true aura. What sect do you come from? "

At this moment, the Suzaku seemed to be very cautious. As he spoke, a small red flame began to appear on the little sparrow's body.

This kind of flame is as red as blood. Although the flame is very small, it has a terrifying and destructive feeling like burning mountains and boiling seas.

Even at this time, Ye Feng had a hint of surprise in his eyes.

He felt a severe sense of life and death crisis from the little sparrow in front of him at this moment.

Ye Feng immediately understood that although this Suzaku's divine beast cultivation seemed to be sealed, he could still use the Suzaku Divine Fire to erupt with monstrous burning power.

Buzz!

Suddenly at this time, Ye Feng stretched out his palm, and then a ball of natal flame appeared in his palm.

The moment this natal flame appeared, the little Suzaku suddenly moved his eyes and said loudly: "You are a rare fire attribute warrior! But even if you are a fire attribute warrior, it is impossible to detect my original Suzaku beast. Flame, your flame..."

At this moment, Suzaku was talking as if he was carefully exploring the natal flame in the center of Ye Feng's palm.

Suddenly, Suzaku couldn't help but said: "Your flame is such a powerful source of power! Your flame is not a single flame, it is a combination of many powerful flames. It is such a messy flame aura."

At this time, Ye Feng showed a slight smile in his eyes and said: "I don't have any bad thoughts towards you, I'm just curious as to why such a noble being like you would be in such an ordinary family and such an ordinary city. ”

An ancient divine beast like the Suzaku has an extremely noble status. If the ancient divine beast were in its prime, it would probably be comparable to the one in the center of the God Realm.

The top big shots in the world.

At this moment, after Ye Feng finished speaking, Suzaku hesitated for a moment, and then said: "I can't just tell you this. We are not related, so why should I tell you my purpose here?"

Ye Feng suddenly said at this time: "I might be able to break your seal."

"impossible."

At this time, Suzaku immediately spoke up, with a cold tone in his tone, and continued: "The seal in my body is beyond your imagination. Your level is still too shallow."

At this time, Ye Feng smiled and said, "Let me take a look first, maybe I can find a way."

Zhuque knew that Ye Feng was definitely not an ordinary human boy, so he said loudly: "Okay, then it doesn't hurt to let you see him."

Buzz!

At this moment, after Suzaku finished speaking, he immediately activated the seal in his body, and a huge red halo appeared in an instant.

There are many ancient symbols floating in the red halo, representing unknown ancient mysteries.

At this time, Ye Feng stepped forward and stretched out his hand to try to touch the red halo surrounding the little Suzaku.

"Buzz!"

Almost at this moment, Ye Feng immediately sensed that an ancient and heavy sense of historical confusion suddenly appeared in Ye Feng's mind.

At this time, Ye Feng instantly felt his soul, as if he had entered a vast ancient world.

Ye Feng's soul suddenly exited, and his eyes were a little shocked.

Because at this moment, Ye Feng felt as if his soul was about to be shattered just now.

At this time, Ye Feng's eyes showed deep surprise, because the red halo on Suzaku's body was like the halo of a god.

Suzaku seemed to have seen the surprise in Ye Feng's eyes, and said aloud: "How is it? Do you feel it? Is it difficult to crack it? You can't even understand it?"

At this time, Ye Feng thought for a moment, and then said aloud: "When my soul power continues to increase, I should be able to crack it."

Suzaku said aloud: "I also felt it just now. You are a rare soul master in the human race. I didn't expect that you not only possess a powerful original flame, but you are also a soul master. It makes me think more and more of you. You know, I don't even pay attention to many super figures in the center of the God Realm, but you make me feel special."

Ye Feng smiled slightly and said, "That's such an honor."

Being able to get the approval of this mysterious Suzaku, Ye Feng felt that he had almost performed well in front of this Suzaku.

At this moment, Ye Feng's eyes showed a solemn look and said: "Now that you have taken me seriously, believe me. As long as my strength and soul power continue to improve, I will definitely be able to crack your body." 's seal.

When Suzaku heard what Ye Feng said, he was silent for a moment, then nodded slightly and said, "Okay, I can choose to believe you, on the condition that I help you continue to become stronger?"

Ye Feng smiled and said, "Yes."

In fact, the reason why Ye Feng is so confident that he can crack the seal on Suzaku is mainly because Ye Feng has some understanding of the seal on Suzaku just now. As long as the soul power is stronger and he analyzes it, there should be no problem. After Ye Feng finished speaking at this moment, the little red sparrow standing on the branch suddenly glanced at Ye Feng below, then raised his little head arrogantly and ignored Ye Feng.

In response to this, Ye Feng showed a slight smile on his face and said: "I am not a bad person. Chapter 2574 Three families join forces

At this time, Ye Feng stared at the little Suzaku in front of him and asked aloud: "So can you tell me what your purpose is here? Maybe I can help you. After all, although you are an ancient beast now, but most of your cultivation and strength have been sealed."

Suzaku glanced at Ye Feng with cold eyes and said, "No matter how weak I am, I am still stronger than you are now."

Ye Feng smiled, not angry, but said jokingly: "Thirty years in Hedong, thirty years in Hexi, don't bully young people into poverty."

Zhuque glanced at Ye Feng and said, "You are quite interesting as a human boy."

After finishing speaking, Suzaku paused for a moment, then stretched out a small bird talon, pointed around and said: "Under this flaming city, there is a huge and ancient ruins of ancient mythical beasts buried."

"The ruins of ancient mythical beasts!"

When Ye Feng heard this, his eyes suddenly lit up.

But the next moment, Ye Feng asked curiously: "Suzaku, why don't you just go look for it?"

Suzaku sighed and said, "Because I haven't found the entrance to the ancient beast ruins under this blazing city yet."

Ye Feng nodded slightly and said: "I will also live in the Fiery City for a while. Then I will see if I can mobilize the power of the Wang family to help Suzaku search for it together."

Suzaku nodded and said, "Okay."

After Ye Feng finished speaking, he turned around and left the garden.

Suzaku still stayed in this garden, seeming to be resting, breathing in the natural energy of heaven and earth alive, and restoring his strength.

At this moment, Ye Feng walked to the central hall of the Wang family and found that no one was there anymore.

However, Ye Feng saw Wang Yanran, the eldest lady of the Wang family, still standing there, seemingly waiting for him.

"Master Ye Feng!"

At this moment, Wang Yanran saw Ye Feng coming, and her eyes suddenly showed deep surprise, and she said loudly: "Master Ye Feng, you are finally back. I heard from the guard that you just went to our Wang family." But I couldn't find you, so I have been waiting for you to come back in this central hall. Now you are finally back, that's great."

Ye Feng smiled and said at this time: "Is there anything special? Do you need Miss Yanran to wait for me here?"

Wang Yanran smiled slightly at this time and said loudly: "My father is very grateful for your life-saving favor, so he wants to hold a banquet tonight at the central residence of our Wang family to specially entertain you, Mr. Ye Feng. I hope Mr. Ye Feng can come on time. feast."

When Ye Feng heard Wang Yanran say this, he immediately showed a hint of surprise in his eyes. He didn't expect the Wang family to be so polite.

However, Ye Feng naturally would not refuse. At this time, he smiled and said, "Okay, I will go to the banquet on time tonight."

After finishing speaking, Wang Yanran's eyes showed a trace of happiness, and she immediately smiled and said: "It would be great if Mr. Ye Feng is willing to come to the dinner. My father is afraid that Mr. Ye Feng will not come to the dinner." Come."

Ye Feng smiled slightly, and then said aloud: "Miss Yanran, I wonder if you can provide me with a relatively quiet place to practice in your Wang family. I will need to practice for a while."

When Wang Yanran heard what Ye Feng said, she immediately nodded and said: "Then Master Ye Feng, please come with me. I will personally arrange a place for you, and I will definitely provide you with it."

You choose the best place for our Wang family to live. "

At this time, Ye Feng nodded and followed Wang Yanran towards the inner area of the Wang family.

It has to be said that Wang Yanran attaches great importance to Ye Feng and arranges a residence for Ye Feng in the center of the Wang family's luxurious garden.

It was a small house with a very beautiful environment, surrounded by rockeries and flowing water. It looked very peaceful and very suitable for cultivation.

After Ye Feng thanked him, he settled directly in this small house.

In the room, Ye Feng began to understand the inheritance he had just received, the Nine-Nine Supreme Domain, and the Rune Refining Technique.

However, Ye Feng currently has no ancient runes to fuse with, so the Rune Refining Technique is of little significance to Ye Feng for the time being. Ye Feng needs to find various ancient runes to improve his physique.

However, Suzaku flew to the small house where Ye Feng lived at some point and saw the rune aura emanating from Ye Feng's rune refining technique.

Suzaku couldn't help but said: "This is a rune body refining technique that has been lost for a long time. I didn't expect you to get it."

Ye Feng smiled and said, "I didn't expect you, Suzaku, to know the Rune Refining Technique."

Suzaku nodded slightly and said: "Of course I know it, because I once had a good friend who practiced this kind of rune refining technique, so I am very familiar with it. By the way, the one in the raging fire city I am looking for There should be an ancient rune in the ancient beast ruins, which may be of great benefit to you. "

When Ye Feng heard this, his eyes suddenly lit up, and then he said loudly: "So, I need to find the remains of the ancient beasts under the Fiery City as soon as possible."

At this moment, after practicing for a while, Ye Feng began to refine the rune sword.

For Ye Feng, this rune sword is still very useful, because every time he swings the rune sword, he can burst out very powerful rune power.

At this moment, it was getting late.

Ye Feng left the small house where he lived and walked towards the central area of the Wang family, preparing to attend the dinner party.

But just when Ye Feng was about to approach the central residence of the Wang family, he suddenly felt a very strong power fluctuation.

"That's the wave of battle!"

Ye Feng's eyes suddenly moved and he galloped away in that direction.

...

At this moment, not far away from the central mansion.

Wang Tianya, the head of the Wang family, looked a little pale at this moment.

In front of him, there were three figures standing.

They are the three major forces in Agni City besides the Wang family.

They are Shen Cangsheng, the head of the Ba Dao Sect, the head of the Gu family and the head of the Xiao family.

These three are the other three of the four major forces in Agni City.

All three are in the natural realm of Taoism with the same cultivation level as Wang Tianya.

For these three families, now that they have joined forces, they actually want to destroy the entire Wang family and want to divide the entire Wang family's huge territory.

At this moment, Shen Cangsheng, the master of Ba Dao Sect, stared at Wang Tianya's pale face and said with a cold smile: "Wang Tianya, so what if you recover from your injuries? You will still be killed by our joint forces. ! All the wealth of your Wang family, including all the territory, will be divided up by us, hahaha!" Ye Feng stared at the little Suzaku in front of him and asked loudly: "So can you tell me what you have here? What's the purpose? Maybe I can still help you. After all, although you are an ancient beast, most of your cultivation and power have been sealed."

Suzaku glanced at Ye Feng with cold eyes and said, "No matter how weak I am, I am still stronger than you are now."

Ye Feng smiled, not angry, but said jokingly: "Thirty years in Hedong, thirty years in Hexi, don't bully young people into poverty."

Suzaku glanced at Ye Feng and said, "You are quite interesting as a human boy."

After finishing speaking, Suzaku paused for a moment, then stretched out a small bird talon, pointed around and said: "Under this flaming city, there is a huge and ancient ruins of ancient mythical beasts buried."

"The ruins of ancient mythical beasts!"

When Ye Feng heard this, his eyes suddenly lit up.

But the next moment, Ye Feng asked curiously: "Suzaku, why don't you just go look for it?"

Suzaku sighed and said, "Because I haven't found the entrance to the ancient beast ruins under this blazing city yet."

Ye Feng nodded slightly and said: "I will also live in the Fiery City for a while. Then I will see if I can mobilize the power of the Wang family to help Suzaku search for you." .??.

Suzaku nodded and said, "Okay."

After Ye Feng finished speaking, he turned around and left the garden.

Suzaku still stayed in this garden, seeming to be resting, breathing in the natural energy of heaven and earth alive, and restoring his strength.

At this moment, Ye Feng walked to the central hall of the Wang family and found that no one was there anymore.

However, Ye Feng saw Wang Yanran, the eldest lady of the Wang family, still standing there, seemingly waiting for him.

"Master Ye Feng!"

At this moment, Wang Yanran saw Ye Feng coming, and her eyes suddenly showed deep surprise, and she said loudly: "Master Ye Feng, you are finally back. I heard from the guard that you just went to our Wang family. But I couldn't find you, so I have been waiting for you to come back in this central hall. Now you are finally back, that's great."

Ye Feng smiled and said at this time: "Is there anything special? Do you need Miss Yanran to wait for me here?"

Wang Yanran smiled slightly at this time and said loudly: "My father is very grateful for your life-saving favor, so he wants to hold a banquet tonight at the central residence of our Wang family to specially entertain you, Mr. Ye Feng. I hope Mr. Ye Feng can come on time. feast."

When Ye Feng heard Wang Yanran say this, he immediately showed a hint of surprise in his eyes. He didn't expect the Wang family to be so polite.

However, Ye Feng naturally would not refuse. At this time, he smiled and said, "Okay, I will go to the banquet on time tonight."

After finishing speaking, Wang Yanran's eyes showed a trace of happiness, and she immediately smiled and said: "It would be great if Mr. Ye Feng is willing to come to the dinner. My father is afraid that Mr. Ye Feng won't Come."

Ye Feng smiled slightly, and then said aloud: "Miss Yanran, I wonder if you can provide me with a relatively quiet place to practice in your Wang family. I will need to practice for a while."

When Wang Yanran heard what Ye Feng said, she immediately nodded and said, "Then, Mr. Ye Feng, please come with me. I will personally arrange a place for you, and I will definitely give it to you."

You choose the best place for our Wang family to live. "

At this time, Ye Feng nodded and followed Wang Yanran towards the inner area of the Wang family.

It has to be said that Wang Yanran attaches great importance to Ye Feng and arranges a residence for Ye Feng in the center of the Wang family's luxurious garden.

It was a small house with a very beautiful environment, surrounded by rockeries and flowing water. It looked very peaceful and very suitable for cultivation.

After Ye Feng thanked him, he settled directly in this small house.

In the room, Ye Feng began to understand the inheritance he had just received, the Nine-Nine Supreme Domain, and the Rune Refining Technique.

However, Ye Feng currently has no ancient runes to fuse with, so the Rune Refining Technique is of little significance to Ye Feng for the time being. Ye Feng needs to find various ancient runes to improve his physique.

However, Suzaku flew to the small house where Ye Feng lived at some point and saw the rune aura emanating from Ye Feng's rune refining technique.

Suzaku couldn't help but said: "This is a rune body refining technique that has been lost for a long time. I didn't expect you to get it."

Ye Feng smiled and said, "I didn't expect you, Suzaku, to know the Rune Refining Technique."

Suzaku nodded slightly and said: "Of course I know it, because I once had a good friend who practiced this kind of rune refining technique, so I am very familiar with it. By the way, the one in the raging fire city I am looking for There should be an ancient rune in the ancient beast ruins, which may be of great benefit to you. "

When Ye Feng heard this, his eyes suddenly lit up, and then he said loudly: "So, I need to find the ancient mythical beast ruins under the Fiery City as soon as possible."

At this moment, after practicing for a while, Ye Feng began to refine the rune sword.

For Ye Feng, this rune sword is still very useful, because every time he swings the rune sword, he can burst out very powerful rune power.

At this moment, it was getting late.

Ye Feng left the small house where he lived and walked towards the central area of the Wang family, preparing to attend the dinner party.

But just when Ye Feng was about to approach the central residence of the Wang family, he suddenly felt a very strong power fluctuation.

"That's the wave of battle!"

Ye Feng's eyes suddenly moved and he galloped away in that direction.

...

At this moment, not far away from the central mansion.

Wang Tianya, the head of the Wang family, looked a little pale at this moment.

In front of him, there were three figures standing.

They are the three major forces in Agni City besides the Wang family.

They are Shen Cangsheng, the head of the Ba Dao Sect, the head of the Gu family and the head of the Xiao family.

These three are the other three of the four major forces in Agni City.

All three are in the natural realm of Taoism with the same cultivation level as Wang Tianya.

For these three families, now that they have joined forces, they actually want to destroy the entire Wang family and want to divide the entire Wang family's huge territory.

At this moment, Shen Cangsheng, the master of Ba Dao Sect, stared at Wang Tianya's pale face and said with a cold smile: "Wang Tianya, so what if you recover from your injuries? You will still be killed by our joint forces. ! All the wealth of your Wang family, including all the territory, will be divided by us, hahaha!"

Chapter 2575 Violent Trembling

At this moment, the words spoken by Shen Cangsheng, the master of the Ba Dao Sect, were extremely arrogant and arrogant.

Because he now feels that he has taken over the Wang family.

At this time, Wang Tianya, the head of the Wang family, looked extremely ugly.

Originally, he had recovered from all his injuries and was planning to go to Ba Dao Sect to settle the score.

But what I didn't expect was that Shen Cangsheng, the master of the Ba Dao Sect, seemed to have expected this to happen, and secretly joined several other powerful leaders in the Fiery City to come to the Wang family's mansion. , to kill Wang Tianya directly.

At this moment, Wang Tianya was in an extremely depressed mood.

If he only faced Shen Cangsheng, the master of the Ba Dao Sect alone, there should be no problem.

However, the master of the Ba Dao Sect, Shen Cangsheng, was so insidious that he actually called all the heads of the other two major families over to join forces to carve up the entire Wang family.

At this time, Shen Cangsheng, the master of Ba Dao Sect, showed a cheerful smile on his face, stared at Wang Tianya, and said loudly: "Your Wang family will cease to exist from today on."

"Die!"

Boom!

Almost at the moment when the master of the Ba Dao Sect finished speaking, Shen Cangsheng, the master of the Ba Dao Sect, immediately took action against Wang Tianya.

A long knife emitting black light appeared in his hand. It looked extremely evil, as if it was a kind of demonic energy, and it slashed at Wang Tianya in an instant.

Wang Tianya seemed to have been severely injured at this time, so he almost lost his resistance. He could only watch as Shen Cangsheng, the master of the Ba Dao Sect, hacked him to death with the long black knife.

"Crack!"

But suddenly at this moment, a very sharp divine light suddenly flashed not far away, and instantly shattered the black long knife in the hand of Shen Cangsheng, the master of Ba Dao Sect.

"What?!"

saw this

At this scene, including Shen Cangsheng, the heads of several other major forces present showed surprise in their eyes.

Because the long knife in Shen Cangsheng's hand was a very powerful magic weapon, but at this moment it was shattered by an ordinary divine light. This shows that the person who took action was definitely a master.

"Who dares to meddle in other people's business?"

At this time, Shen Cangsheng, the master of Ba Dao Sect, was very angry and immediately looked in a certain direction not far away.

He immediately saw a young man in white clothes walking over from a short distance away.

It's Ye Feng!

At this moment, Ye Feng walked over and said with a smile: "I didn't expect the people from the Ba Dao Sect to be so shameless. They actually joined forces with several other major forces to destroy the Wang family."

Wang Tianya saw the young man in white walking towards him at this time. Although he had never seen Ye Feng before, his first reaction was that this was definitely the Mr. Ye Feng that his daughter knew.

Because the temperament and strength displayed by Ye Feng are so attractive, you can tell at a glance that he is not an ordinary person.

Wang Tianya, the head of the Wang family, immediately showed a hint of excitement in his eyes and said, "Thank you, Mr. Ye Feng, for taking the initiative."

Ye Feng walked up to Wang Tianya at this moment, smiled at the head of the Wang family and said: "It doesn't matter, your Miss Yanran of the Wang family and I are friends, so naturally we won't sit idly by when things like this happen. "

When Wang Tianya heard what Ye Feng said, he felt relieved instantly.

Because Wang Tianya knew very well that the divine light released by Ye Feng at that moment was probably just an ordinary attack, but it directly shattered the long black sword of Shen Cangsheng, the master of the Ba Dao Sect. It can be seen that Ye Feng is really

The strength is absolutely very powerful.

But at this time, Shen Cangsheng, the master of the Ba Dao Sect not far away, stared at Ye Feng and said coldly: "Who are you, boy? Are you not from the Wang family? I advise you to stay out of it. No matter what, although your attack just now made me a little wary, I can sense the fluctuations in your cultivation aura. After all, you are only in the tenth level of the Taoist realm, and you can't compete with us strong men in the Taoist natural realm, so boy, I advise you to leave here immediately and not get involved in the internal fighting in our Fiery City, otherwise you are likely to die miserably. "

At this moment, Shen Cangsheng, the master of the Tyrant Sword Sect, said that he threw away the broken black long knife in his hand, and pieces of terrifying and majestic black aura surged out of his body.

He seems to be practicing a very powerful demonic inheritance, which gives people the impression of being very ferocious and ferocious.

At this time, Ye Feng looked at Shen Cangsheng, the master of the Ba Dao Sect, and just smiled indifferently and said: "The third level of the Taoist Natural Realm is too weak."

"What?"

Hearing Ye Feng say these words, Shen Cangsheng, the master of Ba Dao Sect, immediately showed a deep and incredulous expression in his eyes, as if he did not expect Ye Feng to be so arrogant.

Shen Cangsheng's eyes suddenly became extremely gloomy, he stared at Ye Feng and said loudly: "Boy, I advise you to leave, but it is a pity that you don't leave, because you will die in my hands next, you have to pay for your arrogance."

boom!

The moment Shen Cangsheng's words fell, an extremely strong dark demonic energy burst out from his body. In an instant, countless dark waves formed, sweeping towards Ye Feng.

Wang Tianya, who was standing next to him, immediately couldn't help but exclaimed: "Young Master Ye Feng, you must be careful. The master of the Ba Dao Sect, Shen Cangsheng, seems to have cultivated a very terrifying demon inheritance. Now he has become a demon." Extremely powerful

, much more powerful than before. "

Ye Feng smiled slightly at this moment and said: "It's nothing."

Boom!

Almost at this moment, Ye Feng didn't use any martial arts moves at all, he just punched out.

Boom!

Almost at this moment, an extremely terrifying wave of power erupted directly from Ye Feng's fist.

And it also formed an energy beam composed of chaotic energy, which instantly shattered the surging dark demonic energy into pieces.

Then Ye Feng's fist suddenly hit Shen Cangsheng's chest.

Poof!

Along with the sound of flesh and blood being broken, a huge blood hole was blasted out of Shen Cangsheng's chest by Ye Feng's punch.

Shen Cangsheng's eyes suddenly showed a deep expression of disbelief, he stared at the young face of Ye Feng who was close at hand, and couldn't help but said in horror: "You..., how can you be so powerful? "

Almost at the moment Shen Cangsheng finished speaking, he tilted his head and was instantly killed.

Because Ye Feng's fist just now had shattered his heart, completely killing Shen Cangsheng.

"What?!"

When they saw that Shen Cangsheng, the master of the Ba Dao Sect, died in Ye Feng's hands in an instant, everyone in the audience suddenly trembled violently.

They never thought that Ye Feng, a seemingly ordinary young man, would possess such terrifying strength.

Not far away, Shen Cangsheng came to deal with the other two heads of the Wang family. Even though they were strong masters at the Taoist natural level, they were frightened by Ye Feng and turned extremely pale at this moment. .

Chapter 2576 Looking for the entrance
quiet!

Deadly quiet!

At this moment, the whole place fell into a dead silence.

No one thought that Ye Feng, a seemingly ordinary young man, could be so powerful and powerful to this extent.

With just a simple fist, the master of the Ba Dao Sect was instantly killed.

It's really terrifying to the extreme!

At this time, Ye Feng looked at the other two heads of big families not far away, with a hint of indifference in his eyes.

"Spare your life!"

"Young hero, spare your life!"

At this moment, the eyes of the two masters showed deep fear.

Because at this time, they had no intention of resisting at all.

Ye Feng had just killed Shen Cangsheng, the master of the Ba Dao Sect, in an instant, completely frightening the two heads of big families.

At this moment, Ye Feng showed a faint smile in his eyes, looked at Wang Tianya, the head of the Wang family, and said loudly: "Master Wang, these two people were killed by me, do you have any objection?"

After Ye Feng finished speaking, Wang Tianya immediately said with a smile: "Kill them quickly, I have no objection at all!"

"No!"

The two heads of big families not far away had deep fear in their eyes, and they immediately ran wildly outside.

"boom!"

"boom!"

But at this time, a vast field suddenly spread out from Ye Feng's body.

It is the Nine-Nine Supreme Domain!

"Boom!" "Boom!"

Two majestic supreme shadows condensed in the supreme realm released by Ye Feng in an instant, and suddenly appeared in front of the two big family heads who were escaping not far away.

"Pfft!"

"Pfft!"

The two supreme phantoms were filled with huge power and crushed the two big family heads in an instant.

"hiss!"

Almost at this moment, a group of people present couldn't help but take a deep breath of air-conditioning.

At this time, everyone's eyes were filled with deep shock.

At this moment, even Wang Tianya, the head of the Wang family, had eyes full of horror.

Because Ye Feng didn't even take action himself, he directly released a powerful domain and instantly condensed two ancient supreme beings, killing the two big family heads in an instant.

At this time, Ye Feng saw the two heads of big families not far away being killed instantly, with a look of surprise in his eyes.

Unexpectedly, it was the first time that I released the Nine-Nine Supreme Domain, and the condensed Supreme Shadow was still very powerful.

At this time, Ye Feng's eyes showed deep surprise.

You know, in the Nine-Nine Supreme Domain, I have only cultivated two Supreme Shadows, and they are already able to explode with such powerful destructive power.

If ninety-nine and eighty-one supreme phantoms could finally be condensed, how terrifyingly destructive it would be.

At this time, Ye Feng's eyes suddenly revealed a look of deep anticipation.

Ye Feng walked not far away at this moment and directly released the Devouring Domain, which instantly enveloped the entire field.

"Crash..."

At this moment, a huge amount of blood energy was suddenly absorbed by the Devouring Domain and injected into Ye Feng's body.

It has to be said that the cultivation level of these three major forces is quite good. At least they are strong men in the natural realm of Taoism, so the blood energy contained in their bodies can

The amount and skill are still very majestic.

So at this time, Ye Feng suddenly felt a huge amount of energy, which was rapidly being injected into his Dantian, and was rapidly improving his skills.

A powerful aura of breakthrough suddenly appeared on Ye Feng's body.

"boom!"

A half-trail in nature!

At this moment, Ye Feng's cultivation level made a huge breakthrough, directly from entering the tenth level of Taoism to the half-step natural level. .??.

I have to say, this is a huge improvement.

Because it is extremely difficult for Ye Feng to break through now.

This time, he was able to swallow three super strong men at once and break through to the half-step natural state. It was already a very good progress for Ye Feng.

At this moment, Ye Feng looked at Wang Tianya, the head of the Wang family behind him, and said, "It seems that your Wang family will dominate the entire Agni City from now on."

Hearing what Ye Feng said at this moment, Wang Tianya immediately bowed his hands to Ye Feng very respectfully, and then said loudly: "Everything is because of Young Master Ye Feng's great help. Young Master Ye Feng is really our best friend." The lucky star of the Wang family."

In fact, Wang Tianya knew very well in his heart that if Ye Feng had not been in the Wang family this time, I am afraid that he would really have fallen under the joint attack of the master of the Ba Dao Sect and other three major forces, and then the entire Wang family would have been completely destroyed. destroy.

So when he thought of this, Wang Tianya suddenly felt a little scared. Fortunately, Ye Feng was at the Wang family, otherwise the consequences today would be really disastrous.

At this moment, Ye Feng spoke up and said, "Head of the Wang family, can you do me a favor?"

Wang Tianya immediately said respectfully: "If Master Ye Feng has anything to do, just ask him. As long as I can do it, I will definitely try my best to complete what Master Ye Feng orders."

Although Wang Tianya is the head of the Wang family and has a high status, he still needs to remain respectful in front of a super genius like Ye Feng.

At this time, Ye Feng nodded slightly and said aloud: "I wonder if the Wang Family Master knows that there is an ancient ruin buried under this flaming city."

"Ancient ruins? Just underground in our city of fire?"

At this moment, when Wang Tianya heard what Ye Feng said, there was a hint of surprise in his eyes.

Then Wang Tianya thought carefully, shook his head and said loudly: "We, the Wang family, have been living in the Fiery City for generations, but we have never heard of any ancient ruins under the Fiery City. Master Ye Feng, right? Where did you hear the false news?"

Ye Feng shook his head at this time and said loudly: "This news came from a very reliable friend of mine, so I am sure that there must be an ancient ruins under the Fiery City, but I have never found the entrance."

When Wang Tianya heard Ye Feng say this, he immediately understood what Ye Feng wanted to ask him for help with, which was to find the entrance to this ancient ruins.

At this moment, Wang Tianya's expression suddenly became solemn, and he clasped his fists and said, "Don't worry, Mr. Ye Feng, after I finish handling the affairs of other big families and unify the entire Fiery City, I will mobilize all the Wang family members. Use your power to help Mr. Ye Feng find the entrance to the ancient ruins."

When Ye Feng heard what Wang Tianya said, he immediately smiled and said, "Thanks to the Master Wang for the hard work."

The reason why Ye Feng helped Wang Tianya so much before was naturally to make Wang Tianya work for him.

Now it seems that the head of the Wang family is very knowledgeable and understands everything.

At this moment, Wang Tianya immediately smiled and said: "Serving Mr. Ye Feng is what you should do. Mr. Ye Feng has also been of great help to our Wang family."

Chapter 2577 Ancient Temple

When Ye Feng returned to his residence, Suzaku, a small red sparrow, was still standing on a branch.

Suzaku's whole body was exuding a faint red flame, and he seemed to be practicing.

Seeing Ye Feng coming back at this time, Suzaku couldn't help but ask: "Do you like this eldest lady of the Wang family, so you help the Wang family deal with the heads of other families?"

Ye Feng's eyes showed a look of surprise, he didn't expect Suzaku to say such words.

Ye Feng smiled and shook his head and said: "No, I just want to absorb the skills of other strong men. Moreover, I can also ask the head of the Wang family to work for me to find the remains of ancient mythical beasts underground in this raging city."

When Suzaku heard what Ye Feng said, he immediately said with a hint of coldness in his tone: "The inheritance you practice that devours and plunders other people's skills and blood is very evil. Where did you get this inheritance?"

Ye Feng smiled and said: "It's my own ability to awaken."

"Did you awaken on your own?"

When Ye Feng said this, there was a trace of surprise in Suzaku's eyes.

But then, she didn't say anything more.

Ye Feng entered the secret training room and began to search for the storage rings on the three leaders of major forces that he had killed before.

It has to be said that the storage rings of these three powerful masters are still very rich.

After all, after working hard in the Fiery City for so many years, he still has a lot of wealth.

Next, Ye Feng counted the wealth in his storage ring that he did not need, and then went to the commercial street of Fiery City to sell it, and actually earned a lot of divine crystals.

It was on the seventh day that Ye Feng lived in the Wang family.

Suddenly in the early morning of this day, the head of the Wang family hurriedly came to the house where Ye Feng lived, and said loudly: "Master Ye Feng, recently I mobilized all the power of our Wang family, and even activated the entire Fiery City. Everyone went to look for suspicious places around the Fiery City, and finally discovered a very special area, which is probably related to the ancient ruins under the Fiery City that Mr. Ye Feng said. "

When Ye Feng heard what the head of the Wang family said, his eyes immediately moved and he immediately said, "Take me there quickly!"

Uh-huh!

At this time, the little red sparrow that had been standing on a branch in the house suddenly flew onto Ye Feng's shoulder.

Obviously, Zhuque was also very concerned about the news about the ancient ruins at this time, and immediately wanted to follow Ye Feng.

Ye Feng didn't say much when he saw this, he just asked the head of the Wang family to take him to that place quickly.

The head of the Wang family was naturally very dedicated, and soon took Ye Feng out of the Wang family's mansion and arrived at the entrance of a small ancient temple to the west of the Fiery City.

This small ancient temple is very dilapidated and has obviously been abandoned for a long time. Usually no one comes here at all, only some homeless people come here to sleep.

But now all the homeless people in the entire area of the ancient temple have been driven away by the royal guards.

At this moment, the small ancient temple was heavily guarded, with guards wearing silver armor standing there.

When the head of the Wang family came here with Ye Feng, a group of heavily guarded guards immediately clasped their fists respectfully and said: "See you, head of the family, see Lord Ye Feng."

The head of the Wang family nodded slightly, and then took Ye Feng to the ancient temple. As he walked, he said loudly: "Someone told our Wang family guards before that they saw the Buddha statue in the ancient temple. , it was actually emitting a faint golden light. This scene was very magical, so it immediately attracted my attention, so I immediately brought Mr. Ye Feng to check it out. "

Ye Feng nodded slightly at this time, and then followed the head of the Wang family to the ancient temple.

As expected, there is a small Buddha statue inside this ancient temple. This Buddha statue is only the size of a person and looks a bit broken, because the gold skin on the surface has begun to fall off, and it has obviously not been repaired for a long time.

But although this Buddha statue is old, it is emitting a faint golden light at this moment and looks quite sacred.

At this moment, Ye Feng exuded his huge soul power, covering this small Buddha statue.

However, he did not sense any special power, but the Buddha statue was indeed emitting a faint golden light at this moment, but he did not know what the energy source of this golden light was.

Uh-huh!

Suddenly at this time, the little red sparrow standing on Ye Feng's shoulder suddenly flew above the head of the golden Buddha statue.

At this time, Zhuque suddenly spoke human words and said: "The golden light in this Buddha statue contains a kind of sacred original energy. I am Suzaku myself, so I am very sensitive to the original energy of other divine beasts, so I can be determined that these golden lights are not emitted by the Buddha statue itself. The Buddha statue itself is probably a very ordinary secular statue. "

At this moment, when he heard the little red sparrow speaking human words, and the voice of a cold woman, the head of the Wang family standing next to Ye Feng immediately widened his eyes, obviously feeling very incredible. But he didn't dare to ask any more questions.

At this time, Ye Feng nodded slightly, looked at the little red sparrow standing on the golden Buddha statue, and said loudly: "Senior Suzaku, you mean that this statue itself is just a sculpture without any special energy. The reason why it emits golden light is because it is connected to the ancient ruins under the Fiery City. The golden light emitted from the body is the golden light emitted from the ancient ruins. It is just transmitted to this ordinary sculpture, so this sculpture emits golden light. , which makes people feel very magical."

When Zhuque heard what Ye Feng said, he immediately nodded and said, "Yes, that's my guess."

After saying this, Ye Feng immediately looked at the head of the Wang family next to him and said loudly: "Master Wang, please go out first. Block all news here and don't let anyone get close to this place. Senior Suzaku and I Go down and take a look."

The head of the Wang family immediately spoke respectfully: "Don't worry, Mr. Ye Feng, I will mobilize thousands of guards later to seal this place. No one will be allowed to trespass in this area."

Ye Feng immediately nodded, then looked at the little red sparrow and said, "Senior Suzaku, let's go down and take a look."

Suzaku nodded slightly, and then pecked it with his small beak.

Boom! !

Almost at the next moment, the entire sculpture exploded instantly.

A huge pit appeared under the sculpture. It was very deep and dark, and it was unknown where it led.

Seeing this scene, Ye Feng immediately jumped into the pit with Suzaku, and quickly landed in the ruins space beneath the ground. When Ye Feng returned to his residence, Suzaku, a small red sparrow, was still standing on a branch.

Suzaku's whole body was exuding a faint red flame, and he seemed to be practicing.

Seeing Ye Feng coming back at this time, Zhuque couldn't help but ask: "Do you like this eldest lady of the Wang family, so you help the Wang family deal with the heads of other families?"

Ye Feng's eyes showed a look of surprise, he didn't expect Suzaku to say such words.

Ye Feng smiled and shook his head and said: "No, I just want to absorb the skills of other strong men. Moreover, I can also ask the head of the Wang family to work for me to find the remains of ancient mythical beasts underground in this raging city."

When Suzaku heard what Ye Feng said, he immediately said with a hint of coldness in his tone: "The inheritance you practice that devours and plunders other people's skills and blood is very evil. Where did you get this inheritance?"

Ye Feng smiled and said: "It's my own ability to awaken."

"Did you awaken on your own?" .??.??

When Ye Feng said this, there was a trace of surprise in Suzaku's eyes.

But then, she didn't say anything more.

Ye Feng nodded slightly at this time, and then followed the head of the Wang family to the ancient temple.

As expected, there is a small Buddha statue inside this ancient temple. This Buddha statue is only the size of a person and looks a bit broken, because the gold skin on the surface has begun to fall off, and it has obviously not been repaired for a long time.

But although this Buddha statue is old, it is emitting a faint golden light at this moment and looks quite sacred.

At this moment, Ye Feng exuded his huge soul power, covering this small Buddha statue.

However, he did not sense any special power, but the Buddha statue was indeed emitting a faint golden light at this moment, but he did not know what the energy source of this golden light was.

Uh-huh!

Suddenly at this time, the little red sparrow standing on Ye Feng's shoulder suddenly flew above the head of the golden Buddha statue.

At this time, Zhuque suddenly spoke human words and said aloud: "The golden light in this Buddha statue contains a kind of sacred original energy. I am Suzaku myself, so I am very sensitive to the original energy of other divine beasts, so I can be determined that these golden lights are not emitted by the Buddha statue itself. The Buddha statue itself is probably a very ordinary secular statue. "

At this moment, when he heard the little red sparrow speaking human words, and the voice of a cold woman, the head of the Wang family standing next to Ye Feng immediately widened his eyes, obviously feeling very incredible. But he didn't dare to ask any more questions.

At this time, Ye Feng nodded slightly, looked at the little red sparrow standing on the golden Buddha statue, and said loudly: "Senior Suzaku, you mean that this statue itself is just a sculpture without any special energy. The reason why it emits golden light is because it is connected to the ancient ruins under the Fiery City. The golden light emitted from the body is the golden light emitted from the ancient ruins. It is just transmitted to this ordinary sculpture, so this sculpture emits golden light. , which makes people feel very magical."

When Zhuque heard what Ye Feng said, he immediately nodded and said, "Yes, that's my guess."

After saying this, Ye Feng immediately looked at the head of the Wang family next to him and said loudly: "Master Wang, please go out first. Block all the news here and don't let anyone get close to this place. Senior Suzaku and I Go down and take a look."

The head of the Wang family immediately spoke respectfully: "Don't worry, Mr. Ye Feng, I will mobilize thousands of guards later to seal this place. No one will be allowed to trespass in this area."

Ye Feng immediately nodded, then looked at the little red sparrow and said, "Senior Suzaku, let's go down and take a look."

Suzaku nodded slightly, and then pecked it with his small beak.

Boom! !

Almost at the next moment, the entire sculpture exploded instantly.

A huge pit appeared under the sculpture. It was very deep and dark, and it was unknown where it led.

Seeing this scene, Ye Feng immediately jumped into the pit with Suzaku, and quickly landed in the ruins space beneath the ground.

Chapter 2578 Among the ruins

Uh-huh! Uh-huh!

At this time, the figures of Ye Feng and Suzaku were falling rapidly under the deep pit.

After falling for nearly a few minutes, they finally stepped on the hard ground.

At this moment, one person and one bird looked around and found that the entire underground space was dark.

But at this time, both Ye Feng and Suzaku seemed to have practiced a special pupil technique. At this time, they stimulated the power of their eyes and saw the entire underground space clearly.

The entire underground space is full of broken buildings. It looks very vast, but many ancient buildings have been destroyed and are now in ruins, as if a violent turmoil broke out in the city under the ground.

When Ye Feng saw this scene, his eyes suddenly showed a trace of surprise, and he couldn't help but ask: "Senior Suzaku, which ancient mythical beast relics under the blazing city belong to that clan? How do you feel about it? There were fragments everywhere, as if a terrible war had taken place."

Suzaku's eyes showed surprise at this time, and he said: "I didn't expect that the ruins of the ancient mythical beast under the ground were broken to such an extent. It was like an underground ruin. As for what this ancient mythical beast is, In fact, I don't know much about the race, because I happened to pass by this small city of fire some time ago, and I happened to sense a very strong wave of mythical beasts, so I concluded that there was an ancient mythical beast relic under the city of fire, but I'm afraid we won't know the specific race until we continue to explore later."

When Ye Feng heard what Suzaku said, he could only nod his head and continue to move forward.

As they walked, they saw tall buildings around them, all of which had collapsed, and there were many wrecks and traces of terrible weapons on the surfaces of many ancient buildings. ??

This made Ye Feng feel that there must have been an extremely terrifying dark war here to turn the base camp of an ancient mythical beast into such a ruin.

Uh-huh!

At this moment, Suzaku seemed to sense something and suddenly flew in a certain direction.

When Ye Feng saw this scene, he immediately followed him.

Soon Ye Feng followed Suzaku to a small lake.

This is a small lake under the ground. The water surface is pitch black, and it seems to be a special kind of water.

Suzaku's eyes were fixed on a skeleton next to this small lake.

This skeleton was lying next to the black lake. A faint orange-red flame was burning on the surface of the skeleton, which looked very magical.

Ye Feng's eyes moved slightly. He could feel that the owner of the skeleton should have been a very powerful fire attribute creature before he died.

Suzaku said aloud at this time: "This seems to be the corpse left by a descendant of our Suzaku clan."

After Suzaku finished speaking, the little sparrow figure walked up to the skeleton, then opened his mouth and sucked in, immediately inhaling the faint orange-red flame burning on the skeleton into his body.

The aura on Suzaku's body became slightly stronger, and he obviously got a lot of benefits.

Ye Feng said with some surprise at this time: "Senior Suzaku came to this ancient mythical beast ruins, it seems that he is specifically looking for the power of fire with the same attributes as your Suzaku clan, and wants to continuously improve his power. "

Zhuque glanced at Ye Feng and said loudly: "Yes, this is my purpose. Our Suzaku family has our own inheritance and bloodline, so I don't need the inheritance of other divine beasts, nor do I need the flames of other attributes. I want It is the fire attribute power of our Suzaku clan that can continuously restore me to my former power. As for your promise to unlock the seal on me, God knows how many years it will take to complete it."

Hearing what Zhuque said, Ye Feng immediately smiled awkwardly, and then said aloud: "Actually, I am not boasting. As long as my soul power continues to improve, I can really analyze the characteristics of you, Senior Suzaku." That kind of ancient seal."

Suzaku nodded slightly, obviously not taking it to heart, and just said: "In any case, we are on the same camp now, let's continue to explore the ruins of this ancient beast."

Ye Feng nodded, and then he and Suzaku continued walking towards the depths of the ancient ruins.

Soon they passed by a huge steel pagoda.

This steel pagoda looks very majestic. It is the only well-preserved building they have seen so far.

Suzaku said aloud: "Let's enter this steel pagoda and take a look."

Ye Feng nodded, and then he and Suzaku walked into this huge steel pagoda.

This giant tower has a total of nine floors. When Ye Feng and Suzaku arrived at the first floor, they found that the entire tower was empty.

Then they continued to walk towards the second and third floors until they reached the eighth floor. They were still all empty, as if they had been swept away.

This made Ye Feng and Suzaku look a little ugly.

"It seems that this ancient mythical beast ruins is very likely to be in our

Before we entered, it had already been plundered by some tomb robbers. "

Suzaku said aloud.

But at the next moment, Ye Feng's eyes suddenly focused on the entrance to the ninth floor, his eyes lit up fiercely, and he said loudly: "The door to the ninth floor is still locked, it seems that no one has entered. "

Suzaku also looked not far away, and sure enough he saw the ninth-floor door of the steel pagoda, which was still not opened.

But when Suzaku arrived at the gate on the ninth floor, he immediately said: "This seems to be a gate made of a very ancient material. Even those skilled tomb robbers can't break it. We probably can't." Can't be broken."

boom!

At this moment, Suzaku sprayed out some of his own flames, but it was unable to cause any damage to the steel gate.

Suzaku couldn't help but said: "If I were at my peak cultivation level and used my original Suzaku Divine Fire, I might be able to melt this steel gate directly, but now most of my cultivation level is sealed. , There is no way to break through this ancient steel door."

Ye Feng smiled slightly at this time, came to the steel gate, and then instantly released his awakened bloodline talent, put the God Clan gloves on his hands, and then touched the steel gate.

Suzaku looked a little confused and asked aloud: "What are you doing?"

Ye Feng smiled and said, "It's time to witness the miracle soon."

And the moment Ye Feng finished speaking, the steel door in front of him began to soften rapidly, and then completely collapsed.

This scene completely made Suzaku widen his eyes slightly, and he couldn't help but said in surprise: "I didn't expect that this kid like you had such a method."

Chapter 2579 Phoenix Clan

"Buzz..."

As Ye Feng continued to extract it with the God Clan gloves, powerful strong attributes were continuously integrated into Ye Feng's body constitution.

Ye Feng could feel that the strength of his chaotic body was rapidly increasing.

boom!

The sixth level of the initial stage of the sixth heaven of the chaotic body!

boom!

The seventh level of the initial stage of the sixth heaven of the chaotic body!

boom!

The eighth level of the initial stage of the sixth heaven of the chaotic body!

At this moment, the strength of Ye Feng's chaotic body directly broke through three levels under the fusion of the solid attributes of this special steel gate.

It can be said to be a huge improvement!

At this time, Ye Feng could even find a steel-like metallic texture appearing on his skin.

But the next moment, Ye Feng's mind moved slightly, and the metallic texture disappeared.

Although it disappeared, Ye Feng could feel that his skin was stronger and stronger than before, and was invulnerable to water and fire.

At this moment, seeing the steel door in front of him completely collapsed, like jelly, it fell to the ground. Suzaku suddenly had a look of surprise in his eyes.

But then she didn't say anything more, but followed Ye Feng into the ninth floor of the steel castle tower.

The ninth floor is the top floor of this steel pagoda. It was a space that many tomb robbers could not enter before.

Because many skilled tomb robbers have nothing to do with this steel gate. It is too strong and indestructible, so they can only abandon it.

But Ye Feng successfully opened the steel door through his God Clan gloves.

When Ye Feng and Suzaku entered the ninth layer of space, they immediately saw a shocking scene.

In this ninth-floor space, there are ancient totems placed one after another.

All these totems

All are made of a very ancient material, placed on the ninth floor, all arranged and combined to form a very complex and mysterious pattern, giving the impression that the ninth floor is like an ancient The place where the weapon-refining master lives.

Suzaku seemed to have thought of some memories at this time, and said slowly: "This should be the place where the ancient mythical beast clan used to condense the destiny of the mythical beast clan. The pattern they created when they built these totems seems to be a An ancient divination formation."

Ye Feng's eyes showed a trace of surprise, and he couldn't help but said: "This ancient mythical beast family actually mastered the art of divination?"

Suzaku nodded and said, "That should be the case."

Ye Feng's eyes showed a trace of interest at this time, and he stretched out his hand to put all these totems into his storage ring.

In the future, when Emperor Chu wakes up, he can be asked to investigate and see if the divination technique formed by the combination of totems can be restored.

You know, the art of divination is very magical in ancient legends.

Divination means being able to predict the future.

If anyone can master the art of divination, it means that he can see the future.

So for a person, he becomes a prophet.

This is the power of time, very mysterious.

At this moment, Suzaku saw Ye Feng collecting these totems and did not stop her. She seemed not interested in it and just said slowly: "You can study these totems carefully in the future. If you can

stimulate the ancient power in these totems, , you have obtained the art of divination, and the mysterious power of divination may be able to guide you to find the most powerful gem among the nine most mysterious master gems in the world, the Time Gem."

Time stone?

When Ye Feng heard what Suzaku said, his eyes flashed slightly, and then he nodded without saying anything more.

Because he now has three domination gems on his body, and there is also a copy of the chaos gem.

Ye Feng was afraid that saying too much would arouse Suzaku's suspicion.

After all, although this Suzaku seems to be in the same boat as himself, Ye Feng doesn't believe that this Suzaku will do anything bad to him.

Therefore, Ye Feng naturally would not reveal all his secrets to the so-called friend he just met.

At this moment, Ye Feng collected these totems with divination capabilities.

Suzaku flew to the deep area of the ninth layer of space.

At this moment, in the deepest part of the ninth floor, there is a jade pond made of white jade.

At this moment, in this jade pond, there is a piece of milky white water.

The water in the pool exudes very strong spiritual power fluctuations.

"This is the water of the soul of heaven and earth."

Zhuque spoke up at this time, glanced at Ye Feng who was following behind him, and said: "You are very lucky. This kind of heaven and earth spirit water is very precious, but I don't need it, because this time I came to this ancient place. The relics of the mythical beasts are solely for the

purpose of finding the power of fire from our own race or similar races, so now you can exclusively enjoy this pool of spiritual water of heaven and earth.”

Ye Feng's eyes were a little surprised at this time, and he asked aloud: "What specific effects does the water of the spiritual essence of heaven and earth have?"

Suzaku glanced at Ye Feng, and then explained: "The water of the spiritual essence of heaven and earth is the holy water that can only be condensed by the ancient mythical beasts. It is said that the water of the spiritual essence of heaven and earth contains a variety of special heaven and earth elements and special substances. For your skills, Your improvement, as well as your understanding of martial arts training, are all of great benefit. Another point is that the spiritual essence of heaven and earth

Water can wash away your inner demons and anger, cleanse your soul, and is of great benefit to warriors like you who have awakened the evil devouring ability. "

Obviously, Suzaku felt that Ye Feng's devouring ability was very evil, and it was an ability that she was quite afraid of and disgusted with.

But Ye Feng smiled slightly at this time and said: "Senior Suzaku, there is no need to be so disgusted with my swallowing ability. No matter how terrible the ability is, as long as it is in the hands of people with correct values, there will be no problems. I swallow They are all enemies or extremely evil people. I will never kill innocent people indiscriminately to satisfy my selfish desires, and I always treat my relatives and friends sincerely. "

After saying that, Ye Feng jumped into the pool in front of him with a "pop" sound.

"There's something in the water!"

But before Ye Feng could absorb the essence of heaven and earth in the pool, he suddenly felt something solid underneath him.

Uh-huh!

Ye Feng stretched out his hand and grabbed the water, and immediately pulled out a huge bird skeleton.

This was a huge bird creature, with only the skeleton left. It had obviously sunk under the water for many years.

And what's amazing at this time is that there is an inner elixir the size of a human head in the bird's bones. It has not decayed, but is still burning a golden flame in the pool water.

"This is....."

At this moment, Suzaku stared at the huge bird skeleton that Ye Feng fished out from the water of the pond, and immediately said loudly: "This is the skeleton of a phoenix tribe! The inner elixir in the skeleton is that of a phoenix." The Flame Yuan Dan of the tribe's creatures!"

When Ye Feng heard this, his eyes were suddenly startled.

It seems that the ancient ruins under this blazing city are the place where the ancient Phoenix tribe lived.

It's a pity that I don't know what terrible turmoil and war it has gone through, and it has turned into endless ruins buried deep underground today!

Chapter 2580 The Soul Impacting the Abyss

At this time, after Suzaku finished speaking, he walked directly to the pool, looked at the inner elixir in the Phoenix Clan skeleton in Ye Feng's hand, and opened his mouth to inhale.

"Wow!"

The red flame burning on the inner elixir was directly absorbed by Suzaku.

However, Ye Feng could feel at this time that the inner elixir in the bones of the Phoenix clan had only lost its surface flame, but the inner elixir still contained very majestic demonic energy.

"boom!"

The next moment, without any hesitation, Ye Feng released his devouring ability and began to absorb the inner elixir of the Phoenix clan creature in his hand.

"Rumble..."

And at this moment, Ye Feng not only devoured the energy of this inner elixir, but also devoured the energy of the spiritual essence water of heaven and earth in the entire pool.

Suddenly, waves of extremely huge energy were swallowed up by Ye Feng in an instant, and then all of them were integrated into his body.

Ye Feng immediately felt at this moment that his cultivation skills were rapidly growing. .??.

At this moment, Ye Feng's body suddenly erupted with an extremely powerful breath of new cultivation!

"Boom!"

Almost at the next moment, Ye Feng's cultivation level completely transformed from the half-level Taoist natural realm, directly to the first level of the Taoist natural realm.

Ye Feng's body suddenly surged with boundless majestic momentum and power.

At this moment, after Ye Feng successfully entered the natural realm of Taoism, his cultivation strength increased tremendously in an instant.

That kind of terrifying aura made Suzaku standing next to him unable to help but reveal a hint of surprise in his eyes.

Suzaku couldn't help but murmur, "I didn't expect this human boy's breakthrough to be so big. It seems that his martial arts foundation is very solid."

Suzaku can feel it

, The energy aura exuded by Ye Feng at this moment is definitely much greater than that of an ordinary Taoist natural realm first-level warrior.

At this time, Ye Feng also felt that after he swallowed the essence of heaven and earth in the entire pool, his soul and spirit indeed seemed to have been washed again, becoming extremely transparent and pure.

At this time, Ye Feng walked out of the pool, looked at Suzaku and said, "Thank you, Senior Suzaku, for your advice."

Suzaku nodded slightly and said aloud: "This kind of pond water has high nutritional value, but for my body of a divine beast, it is no longer of much use, but if you can get more of the spiritual essence of heaven and earth, The water and constant washing can gradually evolve your body into the legendary dirt-free body. In that case, your cultivation will be like a divine aid. "

"Pure body?"

Ye Feng's eyes flickered for a moment, then nodded and said loudly: "I hope there are other water of the spiritual essence of heaven and earth in this underground ruins."

At this time, everyone got a lot of benefits from the top of the steel pagoda, and then left here one after another.

When they walked out of the pagoda, suddenly there was a breath of energy fluctuations coming from the distance.

This kind of energy fluctuation feels like a very strong life form struggling in the darkness in the distance.

"What a strong energy fluctuation. It seems to be a kind of life fluctuation. Do we want to go take a look?"

At this moment, Ye Feng looked at Suzaku beside him and said: "But there may be extremely dangerous situations. After all, we don't know how the Phoenix clan was destroyed back then. It is very possible that there is someone hiding there. very

A terrifying existence. "

When Zhuque heard what Ye Feng said, he thought for a moment, then his eyes became a little firm, and he said: "Anyway, let's go and take a look, because the biggest treasure will definitely be hidden deep in the ruins of this ancient beast. If it's really dangerous, we can consider searching again later."

Ye Feng also nodded at this time and said aloud: "Senior Suzaku and I have the same idea. Even though we are here, we must go and take a look."

Uh-huh!

Uh-huh!

After Ye Feng and Suzaku finished talking, they instantly flew towards the depths of the ancient beast ruins.

Soon they passed through a large area of ruined buildings and finally arrived at the source area of the life fluctuations just now.

At this moment, a huge abyss appeared in front of them.

On the surface of the abyss, there were iron chains composed of black energy, locking all the exits of the abyss.

"Boom, boom, boom..."

At this moment, under the abyss, a huge phoenix burning with infinite flames was frantically attacking the iron chain at the entrance of the abyss, trying to roar out of the trap.

However, the iron chain composed of black energy at the entrance of the abyss is extremely strong. Even if this living phoenix is very terrifying and is an ancient and powerful existence, it cannot break through the shackles of this black energy iron chain at this time.

The surface of this black energy iron chain is engraved with ancient symbols, which seems to be a kind of magic text of the dark race, so although it is only an energy body, it is extremely strong, and the phoenix cannot escape at all.

"This is a living phoenix! Survived from ancient times!"

At this moment, Ye Feng's eyes were a little shaken. \u003c

br\u003e

But Suzaku suddenly spoke up at this time: "This phoenix has died long ago. What strikes the dark iron chain at the entrance of the abyss is the spirit of a dead phoenix under the abyss!"

"What?"

Ye Feng's eyes were suddenly startled, and he immediately spoke out: "Is this just the essence of a phoenix? It shocked me so much? How terrifying would it be if it were a living phoenix? The power of the real divine beast, It's really awesome."

Buzz!

At this moment, Ye Feng also calmed down and emitted his soul power to sense the aura of power in the abyss.

Sure enough, he sensed a very weak, even extremely small, life force.

There is also a strong smell of death!

In other words, there must be the body of a phoenix under the abyss.

The phoenix that was attacking the black chain, with its whole body burning with flames, was just the immortal soul of a phoenix.

Ye Feng said aloud: "Senior Suzaku, what should we do next?"

Ye Feng knew that Suzaku, who was also a divine beast, must have a way to steal the Phoenix treasure under the abyss.

Suzaku thought for a moment at this time, and then said aloud: "Wait a moment. After the soul of this phoenix hits the black chain at the entrance of the abyss and weakens, we can go down and deal with it."

When Ye Feng heard this, he immediately nodded without any impulse.

Because Ye Feng's soul gem and Emperor Chu are now in deep sleep, Ye Feng does not dare to deal with the soul of this extremely powerful ancient beast rashly now.

Although Ye Feng knew that his current soul power was also very strong, he probably couldn't resist the soul of an ancient beast.

So now we can only wait and see what happens.
