Chapter 2581 Unlocking the Dark Seal

At this time, neither Ye Feng nor Suzaku had the urge to go directly to the abyss to deal with the phoenix soul.

Now they need to wait and see.

At this time, Suzaku whispered: "When the phoenix soul gets tired later, it will definitely return to the body under the abyss to be stored. That time will be our best chance to take action."

When Ye Feng heard what Suzaku said, he immediately nodded and said: "I am originally a soul master of the human race, so I should have some offensive effects on souls, but most of them need you, Senior Suzaku, to fight against, because that is The soul of a divine beast is very powerful. Although my soul power is not low now, it is probably not enough to compete with the soul of an ancient divine beast alone. "

Suzaku nodded and said: "Don't worry, if there is any problem, I will take action. Although most of my cultivation has been sealed, I can still use some of my original power. And my soul is not sealed."

Ye Feng's eyes were slightly startled when he heard Suzaku say that her soul was not sealed.

I didn't expect that Suzaku could use all the power of the divine beast and soul, which was extremely terrifying.

The souls of ancient mythical beasts are very powerful and powerful, possessing incredible power.

"Rumble..."

At this time, the phoenix soul not far away, covered in flames, was still constantly attacking the black chains on the surface of the abyss entrance.

Although the impact was extremely terrifying, those black chains were seals set by the dark race and could not be broken through.

So after Ye Feng and Suzaku waited for nearly half a day, the phoenix soul finally got tired, and the flames on its body dimmed a lot. It returned to the abyss from the entrance and disappeared.

"The opportunity has come!"

At this time, Zhuque's eyes lit up slightly, and he immediately said to Ye Feng beside him: "Let's hurry to the entrance of the abyss."

Ye Feng nodded immediately and followed Suzaku to the entrance of the abyss.

At this time, they were standing at the entrance of the abyss, looking at the endless abyss below, and they felt as if their whole bodies were being swallowed by endless darkness.

At this moment, Suzaku's eyes showed a hint of gloominess, and he said aloud: "The seal at the entrance of the abyss seems to be a formation arranged by the dark race. It is very powerful. If I break this seal, it is very likely that I will alert the snake, because I need to explode all my strength to break the formation, which will definitely make the soul of the phoenix under the abyss aware, but if not, this seal will not be broken. "

Ye Feng came to the front at this time and said: "Senior Suzaku, let me give it a try. Maybe I can break this seal easily."

Hearing what Ye Feng said, Suzaku's eyes suddenly showed a trace of surprise, and he couldn't help but said: "Are you sure there is no problem? You must know that this is a powerful formation arranged by the ancient dark race. It is not as simple as an ordinary magic formation. If you are not careful, you will be eroded by the dark power in the dark race seal and become a human demon. "

Hearing what Suzaku said was so serious, Ye Feng immediately grinned and said, "Don't worry, I won't do anything I'm not sure about."

For this kind of dark race that may make ancient mythical beasts very scary,

Yin, Ye Feng is not very afraid.

Because you must know that in Ye Feng's mind, there is a sinful eye of the Dark Emperor.

Uh-huh!

At this moment, Ye Feng walked to the entrance of the abyss and directly released the sinful eyes of the Dark Emperor.

Boom!

Almost at the next moment, Ye Feng's eyebrows suddenly split.

A black eye pupil appeared, and a jet-black light pillar burst out in an instant, hitting the dark seal at the entrance to the abyss not far away.

Buzz...

Next, Ye Feng did not cause any energy fluctuations. When the evil eye of the Dark Emperor appeared, the thoughts existing in these dark seals instantly revealed the emotion of fear.

Then under Suzaku's incredible eyes, the seal of the dark race, which even the phoenix could not break, and the iron chains composed of black energy bodies, were quickly dissipating at this moment.

Then it turned into jet-black energy and injected into the sinful eye in Ye Fengmei's heart.

Ye Feng could feel that after absorbing these dark forces, his Eye of Sin became more and more powerful.

Moreover, Ye Feng now no longer has to worry about absorbing these dark energies and causing the backlash of the Eye of Sin.

Because the will of the Dark Emperor in the Eye of Sin had already been completely obliterated by the Soul Stone.

So now this evil eye of the Dark Emperor completely belongs to Ye Feng, and is already part of Ye Feng's own body.

After absorbing these dark powers, Ye Feng could feel that his Eye of Sin was getting stronger and stronger, and he would definitely be able to unleash even more powerful dark powers when released next time.

Buzz!

The next moment, Ye Feng withdrew the sinful eye, and his eyebrows returned to normal.

At this moment, at the entrance to the abyss, all the chains composed of black energy bodies have completely disappeared, and you can freely enter the abyss.

At this time, Suzaku, who was standing next to Ye Feng, had a look of surprise in his eyes. He stared at Ye Feng and couldn't help but said: "I still underestimated you. I didn't expect you to have such a powerful method." , The black eyeball you showed just now should be the eyeball of the first generation Dark Emperor of the Botian clan. "

Ye Feng looked at Suzaku and couldn't help but laugh out loud and said: "Senior Suzaku is indeed well-informed. This sinful eye is exactly the eyeball of the Dark Emperor, so I can restrain the power of the dark race."

When Zhuque heard what Ye Feng said, there was a trace of curiosity in his eyes, and he said loudly: "The eyeball of the Dark Emperor is not so easy to control. I just saw that you can completely control this evil eyeball." Eye, it seems that you have other secret methods, which may be more powerful than I imagined. "

Hearing what Suzaku said, Ye Feng's eyes suddenly showed a hint of surprise.

I didn't expect that Suzaku could think of so many things. He was worthy of being an ancient beast.

But what made Ye Feng breathe a sigh of relief was that Suzaku didn't ask any more questions, but said loudly: "Let's go down, and we must restrain all the life fluctuations in our body. The soul of this phoenix is absolutely immune to the life fluctuations." They are very sensitive, we have to take advantage of it and completely destroy this phoenix soul!" At this time, neither Ye Feng nor Suzaku had the urge to go directly to the abyss to deal with the phoenix soul.

Now they need to wait and see.

At this time, Suzaku whispered: "When the phoenix soul gets tired later, it will definitely return to the body under the abyss to be stored. That time will be our best chance to take action."

The soul of this phoenix is absolutely immune to the life fluctuations." It is very sensitive, we must take advantage of it and completely destroy the soul of this phoenix!"

Chapter 2582 It's really magical

At this time, Ye Feng and Suzaku lurked directly under the abyss.

For them, the most important thing now is to get rid of the Phoenix whose soul is tired.

Uh-huh!

Uh-huh!

At this time, Ye Feng and Suzaku tried their best to hide the life fluctuations in their bodies and quickly landed under the abyss.

When they reached the bottom of the abyss, they immediately saw a huge figure lying on the ruins in the distance.

This figure has now turned into a white skeleton.

These are the bones of a real ancient phoenix after its fall!

At this moment, in the center of the white bones, there is a huge flame.

This huge flame is the natal flame of the ancient phoenix.

Suzaku's eyes looked expectant at this time, and he said loudly: "Ye Feng, I need this flame very much. I will get this flame when the time comes. What is useful to you should be the inheritance bone in this Phoenix corpse."

Ye Feng immediately nodded, and then said loudly: "What should we do now? Attack directly?"

When Suzaku heard what Ye Feng said, he immediately smiled and said: "Of course it is a direct attack. Now is the time when this phoenix soul is at its weakest. If we attack now, we can catch it off guard."

Uh-huh!

Almost at the moment Suzaku finished speaking.

Suzaku suddenly turned into a crimson red light, and instantly rushed towards the place where the phoenix fell in front of him.

I have to say that this Suzaku is still very ferocious. It seems that he was also a hot-tempered being back then. Otherwise, it would be impossible for him to take action immediately. He just rushed out without any intention of negotiation.

Uh-huh!

Ye Feng saw this scene and immediately followed him, releasing his extremely powerful soul power on the way.

At this moment, Ye Feng has a total of thirty-seven thousand

Super soul power burst out from his mind in an instant, and then condensed into a huge soul giant in front of Ye Feng.

"Boom!"

Almost at this moment, the soul giant condensed by Ye Feng rushed forward and directly bombarded the tired soul of Phoenix.

"Who dares to sneak attack me?"

Suddenly, at this moment, the sleeping phoenix soul let out an angry roar.

Boom!

Almost at that moment, the phoenix soul burst out with a terrifying light of flames.

This kind of flame is a kind of soul-state flame. It is extremely terrifying. It can instantly burn the soul of a living being into nothingness and obliterate it in an instant.

Even the soul giant that Ye Feng had condensed at this moment couldn't help but take several steps back.

This made Ye Feng's eyes look surprised.

It has to be said that the souls of ancient mythical beasts are still very powerful and terrifying, and their power is very powerful.

But at this moment, a crimson light suddenly burst out from Suzaku's small body, and a majestic figure of ancient Suzaku suddenly appeared, full of unparalleled nobility and momentum.

This was Suzaku's true form, re-manifested through his own soul, possessing extremely terrifying killing power. In an instant, he was bombarded with the phoenix soul not far away.

"Boom!"

The entire field suddenly erupted into a terrifying roar.

The phoenix soul, whose whole body was burning with flames, saw the powerful soul form condensed by Suzaku, but couldn't help but said with a look of horror: "It turned out to be the ancient Suzaku!

How could it appear here? "

At this time, Suzaku just said coldly: "I need your natal phoenix fire!"

Boom!

Almost at the next moment, Suzaku immediately burst out with the powerful power of his soul, and the boundless Suzaku Divine Fire surged directly from his soul, full of terrifying burning power.

Phoenix Soul was not to be outdone at this time, and shouted: "It turns out to be a Suzaku whose cultivation has been sealed. No wonder he can only exert the power of his soul. That's great. As long as I can kill you today, that's fine." Your Suzaku body will be resurrected!"

"Phoenix destroys the world!"

Boom! ! .??.

Almost at this moment, the phoenix soul also burst out with the terrifying original power of the phoenix, full of the destructive power of the Phoenix Supreme, and it almost wiped out Suzaku's Suzaku Divine Fire at once.

Suzaku's eyes suddenly darkened. It was obvious that this phoenix soul was much more powerful than she imagined.

Even though this phoenix soul was imprisoned here for endless years, it still burst out with terrifying and boundless power.

Next, the battle between the Suzaku Soul and the Phoenix Soul was almost complete, and both of them were almost losing.

And the phoenix soul faintly had the upper hand.

Phoenix Soul immediately burst out laughing: "Suzaku, this time you really stole the chicken but failed to lose the rice. You lost my wife and lost the army. This time not only can you not steal my phoenix flame, but you also want to steal it." Give up your body and use it as my shell for another life!"

At this moment, Suzaku's soul became a little dim, and it was obvious that he couldn't hold on any longer.

At this time, Suzaku was a little anxious, because she found that she seemed to be unable to defeat this ancient phoenix soul.

At this moment, Suzaku was anxiously looking for a way, or she could only escape, because she knew that Ye Feng

The current soul power cannot reverse the entire battle situation.

But at this moment, Suzaku suddenly saw that Ye Feng, not far away, was using a special spring water to water the soul giant he had condensed.

"What is he doing?"

Zhuque saw Ye Feng's confusing behavior, but couldn't help but stare blankly.

But at this moment, Ye Feng suddenly looked at Suzaku who was not far away, and said with a smile: "Senior Suzaku, while you and this phoenix soul are fighting to the death, I am not idle."

Boom!

And almost at the moment when Ye Feng's words fell, the soul giant that Ye Feng had evolved with the evolutionary spring water for half an hour suddenly transformed into a god-like soul general wearing solid soul armor, and he was suddenly filled with boundless energy. The killing power immediately rushed towards the Phoenix soul not far away.

"What's this?"

"How can you, a small human soul, condense such a terrifying god-soul general?"

At this moment, the phoenix soul was suddenly frightened and trembling all over.

"Boom!"

But Ye Feng didn't waste time at the next moment. In an instant, he controlled his soul general and chopped the phoenix soul into pieces, turning it into countless soul fragments in an instant.

"Swallow!"

Almost at this moment, Ye Feng immediately released the devouring domain, directly absorbing and devouring all the soul fragments of the broken phoenix soul, quickly growing his own soul.

Suzaku who was not far away was shocked when he saw this scene.

Unexpectedly, Ye Feng could use a special method to make his soul giant become so powerful all of a sudden, as if he had been transformed from his essence.

This kind of method has never been seen before, such as Suzaku, an ancient mythical beast. It is really magical!

Chapter 2583 Feng Ming Jiutian

At this moment, Ye Feng swallowed the soul fragments of the Phoenix soul, and his soul power was growing rapidly.

"boom!"

Thirty-seven thousand and one level!

"boom!"

Thirty-seven thousand and two!

"boom!"

Thirty-seven thousand and three levels!

...

At this moment, Ye Feng's soul power strength is constantly transforming and making breakthroughs.

At this time, Suzaku beside him stared at Ye Feng in amazement, as if he did not expect that Ye Feng could not only swallow the blood and energy of living beings, but also the souls, thus strengthening his soul power.

At this moment, Ye Feng's soul power is constantly increasing.

Suzaku also walked up to the phoenix skeleton not far away, and then began to swallow the inner elixir in the phoenix skeleton instantly.

Buzz!

At this moment, the power of flames in Suzaku's body became more and more powerful and intense.

Obviously, for Suzaku, this dead Phoenix creature was definitely a very ancient and powerful phoenix, and the original flame power of the phoenix contained in the inner elixir was very strong.

At this time, Ye Feng's soul power had exceeded level 40,000!

It broke through level 3,000 in one go.

From level 37,000, it broke through to level 40,000!

It has to be said that Ye Feng's current soul power intensity has made a huge jump in a short period of time.

At this time, Ye Feng looked not far away and saw the flames of the phoenix burning on Suzaku's body.

Ye Feng's eyes were a little surprised and he couldn't help but said: "Senior Suzaku, there is a question I have been curious about for a long time. Who is more powerful between the Suzaku clan and the Phoenix clan?"

Suzaku restrained the flames on his body at this time, and said in a cold tone: "I don't know much about this, anyway, I have never faced off against a real phoenix."

When Ye Feng heard this, he could only blink his eyes and didn't ask any more questions.

Suddenly, Suzaku looked at the huge phoenix skeleton not far away and said aloud:

"This skeleton is the skeleton of a real phoenix. You should put it away. It will be a good material for refining magic weapons in the future. It is also a precious material for refining fire attribute magic weapons."

Ye Feng immediately nodded, and then immediately walked not far away and walked in front of the huge phoenix skeleton.

Uh-huh!

At this time, Ye Feng stretched out his hand and instantly put the phoenix skeleton into his storage ring.

For Ye Feng, this kind of phoenix skeleton is very precious and very useful.

At this moment, Ye Feng got a natal bone from the Phoenix skeleton.

Suzaku walked over and said, "This is the natal bone of the Phoenix Clan. It should record the Phoenix Clan's inheritance. You can understand it."

Ye Feng looked at Suzaku and asked aloud: "Senior Suzaku, don't you want to meditate together?"

Suzaku said: "I don't need it. My secret technique of the Suzaku clan is stronger than that of the Phoenix clan."

Obviously, Suzaku looked down upon this natal inheritance of the Phoenix clan at this moment.

However, Ye Feng is naturally very interested in the inheritance of this Phoenix clan.

Because Ye Feng is not taboo about any so-called inheritance with different attributes. As long as it is a powerful inheritance, he needs it.

At this time, Ye Feng held the natal bone of the Phoenix Clan in his hand, began to release his soul power, entered it, and then began to understand the inheritance hidden in it.

Buzz!

Suddenly at this moment, the inherited natal bone in Ye Feng's hand immediately emitted a red light, like a flame, and the entire natal bone immediately seemed to burn.

Suzaku beside him saw this scene with surprise in his eyes.

She didn't seem to expect that Ye Feng could comprehend it so quickly, which immediately aroused the reaction of the Phoenix clan's natal bone.

At this moment Suzaku is around this abyss

Wandering around, it seemed like I was looking for something unusual.

At this time, Ye Feng began to concentrate on understanding the inheritance of the Phoenix clan in the natal bone in his hand.

Buzz!

At this moment, Ye Feng's soul was suddenly pulled into the mysterious space contained in this natal bone.

Ye Feng immediately discovered his soul body, as if he had suddenly arrived in a vast ancient land.

A phoenix whose whole body was burning with infinite flames soared over the entire nine heavens, full of terrifying and boundless power. When it opened its mouth, it burst out into a terrifying and boundless flame craze, which could burn the entire earth to the ground in one fell swoop. net.

This phoenix's whole body was burning with flames, just like the sun above the nine heavens, full of endless and vast heat.

Even though Ye Feng was just a soul at this moment, he still felt like his whole body was about to burn.

Even though they were hundreds of millions of miles apart, they were still shocked by the power of the ancient phoenix.

At this moment, Ye Feng suddenly saw the terrifying phoenix burning in flames high in the sky. It stared at him and then grabbed it towards him in an instant.

Boom!

Suddenly at this moment, Ye Feng's spiritual body dissipated in the bones of the Phoenix clan's natal inheritance, and then Ye Feng's spiritual body returned to his own body.

At this moment, Ye Feng has received the inheritance of the Phoenix clan in his natal inheritance bone, and a text chapter burning with flames is imprinted on Ye Feng's soul world.

This piece of text burning with flames is the natal inheritance of the Phoenix clan: "Phoenix Crying in the Nine Heavens!"

According to the records in the inheritance chapter, after practicing the Phoenix Cry for nine days, once Ye Feng activates this inheritance, his whole body will instantly transform into a phoenix burning with infinite flames, full of terrifying and boundless burning power. It can burn the entire land of thousands of miles away.

At this moment, Ye Feng's eyes were extremely bright.

Because the Phoenix inheritance he received this time was definitely a very terrifying ancient inheritance from the Phoenix clan.

It was extremely terrifying to be able to turn himself into a flaming phoenix that could soar straight into the nine heavens in an instant, erupting with the terrifying burning power of the ancient phoenix.

At this moment, Ye Feng looked in a certain direction not far away. He saw Suzaku standing on a stone wall in the abyss lens, looking at something very carefully.

Uh-huh!

Ye Feng walked over in an instant, and then looked at the stone wall in front of him and found that there were some ancient words written on it, but they were all words that Ye Feng did not recognize.

Ye Feng couldn't help but look at Suzaku beside him, and asked aloud: "Senior Suzaku, what do these words record?"

Suzaku's eyes seemed to be extremely solemn at this time, and he said slowly: "The messy writing on it is the writing of an ancient divine beast, which records the reason why this line of Phoenix clan was wiped out."

When Ye Feng heard this, he couldn't help but look shocked, and then said aloud: "What kind of existence can destroy such a powerful Phoenix clan?"

Suzaku said slowly: "Outside the territory, a certain big force in the legendary world of origin came and destroyed the entire Phoenix clan if one person descended on it."

"What?!"

Hearing what Suzaku said, Ye Feng's eyes suddenly trembled.

The Great World of Origin, this legendary and more advanced world outside the territory, actually has such a terrifying existence?

One person wiped out the entire clan of ancient Phoenix beasts?

This is too exaggerated!

But since Suzaku said this, it shouldn't be false. This is truly recorded.

At this moment, Suzaku continued to speak slowly: "Furthermore, the record on the stone wall said that the super strong man who destroyed the Phoenix clan in the origin world has not completely died. It seems that the Phoenix is still under the ground. Among the clan ruins!"

Chapter 2584 Ye Family Bloodline

"What?"

When he heard Suzaku say this, Ye Feng's eyes suddenly showed a trace of alarm.

Unexpectedly, the super ruthless man who killed the entire Phoenix clan by himself, the terrifying and powerful man from the extraterrestrial world of origin, might still be in this underground ruins?

What is he doing?

At this moment, Ye Feng only felt that there was a huge crisis in the road ahead.

At this moment, Suzaku suddenly said: "But the records on the stone wall were from many years ago. Now the entire Phoenix clan ruins have been reduced to countless ruins. Perhaps the ruthless man from the origin world has already Left here."

At this moment, even Suzaku, the arrogant ancient beast, calls the super strong man who originated from the great world a "ruthless man". It can be seen that Suzaku feels for the ruthless man who destroyed the Phoenix clan back then. Terrified.

At this time, Ye Feng asked aloud: "Senior Suzaku, shall we continue to move forward now?"

Suzaku thought for a while and said: "This record is only a record from back then, and it may not be accurate now, so we'd better move on. We finally entered the ruins of this ancient Phoenix clan. We can't just leave like this." Okay, let's continue exploring."

When Ye Feng heard what Suzaku said, he nodded slightly and said, "Okay."

Ye Feng naturally didn't want to leave just like that. Now that Suzaku said he wanted to move on, Ye Feng naturally wouldn't refuse.

Because Ye Feng felt that he would definitely be able to get other benefits from the relics of this ancient Phoenix tribe's mythical beast.

One person and one bird continued to move forward at this time.

Along the way, they explored the surrounding ruins and got a lot of good things.

The war back then must have been very tragic. Many of the Phoenix clan's creatures had no bones left, and it was a pity that Ye Feng could not pick up the corpses.

complete

After all, every creature in the Phoenix clan must be a pure-blooded phoenix. Even the bones left behind are of extremely precious value and are extremely high-grade fire attribute refining materials.

"Um?"

At this time, Suzaku suddenly seemed to sense something, and said loudly: "Ye Feng, there are very powerful energy fluctuations ahead, let's go over and take a look."

When Ye Feng heard this, he immediately nodded, and he and Suzaku flew forward quickly.

When they came to the end of the ruins in the distance, they immediately saw a shocking scene.

I saw that the end of the ruins was filled with an ocean surrounded by black air.

This huge and majestic phoenix floats in the water of this ocean.

However, this phoenix was burning with flames and was dark in color. It looked like the terrifying Phoenix Demon God.

When Suzaku saw this scene, his eyes were a little horrified and he couldn't help but said: "This phoenix is definitely the strongest Phoenix Emperor of the Phoenix clan, but it is actually possessed by a demon? That super ruthless man destroyed the entire Phoenix clan back then. Is it because the Phoenix Emperor is possessed by a demon?"

Ye Feng suddenly couldn't help but exclaimed: "Senior Suzaku, look, there is a mysterious figure above the dark ocean!"

At this moment, Suzaku immediately looked towards the top of the dark ocean, and sure enough he saw a majestic figure wearing a black gown, standing there with his hands behind his back, looking full of endless momentum.

Uh-huh!

And at the next moment, what shocked the two of them was that the majestic man in a black gown suddenly turned around and looked at Ye Feng and Suzaku.

.

Those eyes are like endless galaxies and abyss, capable of swallowing up the sky and the earth, possessing the aura that dominates the world.

Just one look in their eyes made Ye Feng and Suzaku feel cold all over, as if they were about to sink into an endless abyss of terror.

Suzaku's tone was trembling at this time, and he couldn't help but say: "The cultivation strength of this figure has probably exceeded our current knowledge and imagination!"

Ye Feng seemed to have thought of something at this time, and couldn't help but exclaimed: "Could this figure be the super ruthless man from the Origin World who destroyed the entire Phoenix Clan back then?"

When he heard Ye Feng say this, Suzaku's eyes suddenly showed deep horror, and then he couldn't say a word.

Because at this moment, under the eyes of this majestic man, their entire bodies were unable to move, and they had no idea of even escaping.

This shows how terrifying this majestic man from the origin world is.

At this time, Suzaku couldn't help but said: "Are you going to die here today?"

Because they all felt that under the eyes of this terrifying super ruthless man, they could not escape at all. A thought might be completely wiped out by this super ruthless man in an instant.

Even the power of the mythical beast cannot be resisted, because this super ruthless man destroyed the entire Phoenix clan by himself back then.

But at this moment, the majestic man suddenly walked down from the sky and came to Ye Feng.

At this time, Ye Feng looked at the majestic man approaching and felt that he was being pressed by an insurmountable ancient sacred mountain. He felt as if his whole body was about to be broken instantly. It was too heavy, too vast and too vast. It's vast.

Suzaku was unable to speak at this time, because her whole spirit and soul were shocked by this super ruthless man.

At this moment, this majestic man walked up to Ye Feng and stared at Ye Feng.

At this time, Ye Feng wanted to desperately use the power of the gems of the gods.

But he was shocked to discover that even the gems of the gods could not be used in front of this cultivated man at this moment.

At this moment, Ye Feng felt that he was going to die, because he could not use any power at all, even calling his father in the endless chaos to use the power of the world matrix.

But suddenly at this moment, the majestic man couldn't help but said: "The bloodline of the Ye family? In this cave world that is about to be abandoned, how can there be a sea of chaos, the bloodline of the Ye family? But this is indeed It is actually the bloodline of the Ye family, and it is also the most noble master bloodline of the Ye family, a direct descendant of the Ye family... strange? "

The speaker has no intention, the listener has intention.

Ye Feng's eyes trembled at this time.

Sea of Chaos?

Ye family bloodline?

Dominate the bloodline?

What does this all mean?

Ye Feng knew that the super ruthless man in front of him came from the origin world outside the territory.

Could it be that there is a Ye family in the world of origin?

In that so-called sea of chaos?

Moreover, he has the blood of a direct descendant of the Ye family?

Is there a master in the Ye family?

Do you have a dominant bloodline?

"Is it...Father?!"

At this time, Ye Feng suddenly felt that perhaps the true origin of his father, Emperor Ye Qing, was more terrifying and mysterious than his mother, who came from the Chaos Clan of God Realm!

Chapter 2585 True Lord of Six Paths

At this time, under Suzaku's incredible gaze, the majestic man stretched out his finger, touched Ye Feng's eyebrows slightly, then turned around and said with a smile: "Heir of the Ye family, my name is the True Lord of Six Paths, and I teach today You and I have a unique skill, the Six-Path Reincarnation Fist. I hope you can help me when we meet again in the Origin World."

This passage was transmitted and spoken by this majestic man who claimed to be the True Lord of Six Paths in Ye Feng's mind, so Suzaku could not hear it.

Buzz!

The next moment, this majestic man destroyed the super ruthless man of the Phoenix clan, and in an instant, his figure disappeared.

"This is just a clone of him..."

At this moment, Suzaku seemed to notice something, and cold sweat broke out on his forehead.

A clone made the mythical beast Suzaku feel terrified.

This shows how terrifying this majestic man is?

But at this time, Ye Feng stood still, motionless, with endless shock in his eyes.

The words of this majestic man who claimed to be the True Lord of Six Paths just now gave Ye Feng a huge impact on his cognitive outlook.

Father, are you from the great world of origin?

Moreover, it comes from a master family that gave birth to the supreme master?

But, how is this possible!

Ye Feng knew very well that his father, Emperor Ye Qing, was just a son of luck in the spiritual world.

How could it be related to the Ye family in a super big world like the Origin World?

"It seems that either my father has been hiding something from me."

"Or...maybe my father himself doesn't know his true origin?"

"What kind of situation is this?"

Ye Feng was filled with doubts.

But my heart is also filled with an inexplicable excitement at this moment.

Because, his bloodline was inherited from the Ye family in the world of origin, where the master was born?

"When I meet my father next time, I must ask him what's going on!"

Ye Feng secretly murmured in his heart.

The dominant blood of the Ye family

Bloodline, that is probably a higher-level bloodline than the chaotic bloodline from my mother!

However, Ye Feng knew that the blood of the master of the Ye family flowing through him must not have been activated yet.

"By the way, what is the secret skill that the True Lord of Six Paths left in my heart just now..."

Ye Feng suddenly reacted at this time and immediately began to explore the soul space in the area between his eyebrows.

He immediately saw a spot of light hidden in the center of his eyebrows.

Although it is just a small spot of light, the aura coming out of it is as grand and vast as a myth or legend.

Buzz!

At this time, Ye Feng instantly inspired his soul power and entered this point of light.

Wow!

Almost at the next moment, Ye Feng's entire spirit and soul were pulled into this point of light.

Ye Feng saw that within this spot of light, there was a vast world.

But Ye Feng was not surprised.

Because this light spot represents a kind of inheritance space, a virtual world of spiritual ideas.

At this moment, Ye Feng's spirit and soul are in this inheritance space.

At this moment, Ye Feng looked at the vast land around him and was wondering where the inheritance was.

Suddenly at this moment, a figure suddenly appeared in the distant sky.

When that figure approached, Ye Feng immediately saw this figure. It was the True Lord of Six Paths from before!

At this moment, the True Lord of Six Paths was seen slowly waving his fist forward.

But at the moment when he simply punched out, a terrifying and boundless power suddenly burst out from the fist, which seemed to be able to shatter the entire universe and the six realms of reincarnation.

"Rumble..."

That kind of fist was so terrifying that it destroyed the entire land, mountains and rivers in an instant.

The entire world was reduced to ashes in an instant.

Ye Feng also felt the artistic conception of destruction in this inheritance space, and was immediately shocked.

Buzz!

And at the next moment, Ye Feng's spiritual thoughts automatically exited this inheritance space.

However, no inheritance chapter appeared in Ye Feng's mind.

But at this moment, that spot of light turned into a terrifying fist intention, which was imprinted in Ye Feng's mind.

Ye Feng suddenly gained a new understanding from this brand of fist intention.

"Six Paths of Reincarnation Fist!"

"When you understand the first level, you can unleash double the power of your fist."

"When you understand the second level, you can explode four times the power of your fist."

"When you understand the third level, you can explode six times the power of your fist."

"When you understand the fourth level, you can explode eight times the power of your fist!"

"..."

"The fist intention of Six Paths Reincarnation Fist can be understood infinitely."

"This also means that practitioners can continue to understand the boxing intention of the Six Paths of Samsara Fist and constantly improve their understanding of the boxing intention of the Six Paths of Samsara Fist."

"That is to say, in theory, practitioners can have unlimited enlightenment, unlimited upgrades, unlimited fist power, and unlimited power!"

Infinite insight!

Unlimited upgrades!

Infinite fist power!

Infinitely powerful!

These sixteen characters represent the most essence of the Six Paths of Samsara Fist!

Ye Feng was shocked.

Who is this True Lord of Six Paths?

How could he create such terrifying boxing and martial arts?

Can actually use the Six Paths of Reincarnation Fist

It is constantly being improved, and it is infinitely powerful, with no upper limit!

In other words, as long as Ye Feng has enough insight, he can infinitely increase the power of the Six Paths of Samsara Fist.

Perhaps when you first comprehend the first few levels, the fist intention is only four times, or six times, or ten times, which is not very powerful.

But what if Ye Feng could comprehend a higher level?

For example, reaching the 100th level of enlightenment!

Once a hundred layers of six-path reincarnation fist are blasted out, it will be a full two hundred times more powerful than the fist!

So how terrifyingly destructive would a punch be?

The Six Paths Reincarnation Fist that Ye Feng saw in the inheritance space in the light spot before was used by the Six Paths True Lord. With one punch, the entire world was destroyed.

That is definitely a higher level of understanding, and it may have tens of thousands of times the power of the fist!

At this moment, Ye Feng suddenly had a bold guess in his heart.

Could it be that the entire magnificent and prosperous Phoenix Clan that he was currently in was wiped out by True Lord Six Paths with just one punch?

"With one punch, the power of the punch is ten thousand times greater, and it can destroy a powerful race of divine beasts!"

"Then what if you have realized the power of fist intention hundreds of thousands or even millions of times?"

"Can one punch... kill a god?!"

At this moment, Ye Feng's heart was full of shock.

Because this was the first time he encountered inherited martial arts that could infinitely upgrade his power.

This set of Six Paths of Samsara Fist is probably unique.

Even in the great world of origin, it is probably a very terrifying inheritance.

This is simply a god-slaying boxing technique!

At this moment, Suzaku saw Ye Feng standing motionless.

She didn't know what was happening.

Suzaku couldn't help but asked: "Ye Feng, what's wrong with you? Are you scared to death? That scary super ruthless man suddenly left for some reason. He should be fine now. Don't be afraid. Wake up quickly. "

Chapter 2586 Breaking through the fourth level in a row

At this time, Suzaku thought that Ye Feng had been frightened, so he quickly stood in front of Ye Feng and shook Ye Feng.

But Ye Feng immediately spoke out at this time: "Senior Suzaku, I was not frightened, I was just stunned for a moment."

Ye Feng would naturally not say what the super powerful man who called himself the True Lord of Six Paths said to him at this time.

Because the things involved are really too big.

Even the mythical beast Suzaku might not be able to bear it. ??

So Ye Feng chose not to tell Suzaku the real truth at this time.

At this time, Ye Feng was thinking about why the True Lord of Six Paths taught him the terrifying boxing technique of Six Paths Reincarnation Fist.

Ye Feng also heard the Six Paths True Lord tell him before that if he could go to the Origin World in the future, he could help him.

But for such a terrifying figure as the True Lord of Six Paths, why do you need to help him?

Ye Feng fell into deep thinking at this time.

At this moment, Suzaku said a little strangely: "The clone of the super big man just now walked very strangely. Why did he let us go so suddenly? Logically speaking, existences like us are not worth his letting go. , because he can kill us with just one thought."

Ye Feng naturally would not tell the truth at this time. He immediately smiled and said: "Senior Suzaku, just because in the eyes of that super big shot, we are just ants, so he may not want to trample us to death. So I just left."

When Zhuque heard what Ye Feng said at this time, he immediately nodded, and then his eyes showed a trace of excitement, looking at the dead possessed phoenix body in the dark ocean not far away, and said Said: "This is a real phoenix, and it is not decayed. The super big man just now has completely disappeared and is just a clone. It seems that we can get the original body of this possessed phoenix."

Ye Feng clicked on it immediately

He nodded, looked not far away, and then he and Suzaku flew directly above the dark ocean.

At this time, the majestic and boundless phoenix corpse was burning with dark flames and was sinking and floating under the black ocean.

At this moment, Suzaku wanted to absorb the dark flames burning on the Phoenix corpse into her own body to strengthen her Suzaku Divine Fire.

But as soon as Suzaku absorbed a little bit of this dark flame, his eyes suddenly turned dark, and then he couldn't help but screamed: "This is a very terrifying demonic flame. What happened to this phoenix back then?" What? Did he make a deal with the devil in hell? He turned his phoenix flame into this terrifying devil fire!"

Hell demon fire?

Hearing what Suzaku said, Ye Feng's eyes immediately moved slightly.

Uh-huh!

Then he instantly landed on the sea, began to release the Ancient Burning Heaven Technique that he had practiced, and then absorbed the dark flames burning on the phoenix.

Buzz!

At the next moment, Ye Feng immediately felt that his natal flame was growing. He actually absorbed this dark flame and merged it into his natal flame.

Although this dark flame is not a special kind of flame, it does not increase the type of its own original flame.

But after Ye Feng absorbed this dark flame, he could feel that the quality of his own natal flame was greatly improved.

At this moment, the quality of Ye Feng's natal flame has been directly upgraded from the fourth-grade mid-level to the fourth-grade high-level!

Ye Feng's natal fire should be getting stronger and stronger.

Suzaku, who saw this scene at this time, showed deep surprise in his eyes, and couldn't help but said: "My Suzaku Divine Fire cannot absorb this phoenix flame that mutates into the fire of hell demons." , I didn't expect Ye Feng, a human fire attribute warrior, to be able to absorb this terrible black flame. You must have used a very special flame inheritance just now to be able to fuse this kind of black flame."

When Ye Feng heard what Zhuque said, he immediately nodded with a smile and said: "Senior Zhuque is indeed very discerning. I have indeed cultivated a very powerful fire attribute inheritance. It was taught to me by one of my seniors back then. It can fuse with heaven and earth." All kinds of flames underneath, and then forged into the most powerful natal flame that is unique to me."

When Zhuque heard what Ye Feng said, he immediately nodded and couldn't help but said in admiration: "You are so lucky. You have all kinds of powerful methods, which surprised me. It seems that you I have experienced a lot on this journey."

At this moment, Suzaku said, then looked at the body of the phoenix under the sea, and said loudly: "I will leave this body to you. I will go around to see if there are any other good things."

Uh-huh!

After saying that, Suzaku immediately turned into a red light and flew quickly towards the surrounding dark ocean area, trying to find other opportunities.

Ye Feng nodded at this time, and instantly released the Devouring Domain, which immediately enveloped all the phoenix corpses under the ocean, and then began to quickly devour the remaining blood energy in them. .

You know, this is the body of a Phoenix Emperor. Although endless years have passed and a lot of blood energy has been lost, it is already a huge energy reserve for Ye Feng in his current state.

"Rumble..."

So at this moment, huge waves of Phoenix blood energy and skills were poured into
into Ye Feng's body.

Ye Feng immediately felt that his power was growing rapidly.

The realm of cultivation has also begun to loosen slightly, and it has begun to break through.

"boom!"

The second level of Taoism and Nature!

"boom!"

The third heaven of Taoism and nature!

"boom!"

The fourth level of Taoism and Nature!

"boom!"

The fifth heaven of Taoism and nature!

After his cultivation broke through to the fifth level of Taoism and Nature, Ye Feng's fluctuations in cultivation finally slowly stopped.

At this moment, the dead phoenix under the sea has been almost devoured, and has become a withered skeleton without blood and energy.

Ye Feng opened his eyes at this time and couldn't help but murmur, "I didn't expect that a Phoenix Emperor would only allow me to ascend to the fourth heaven. It seems that in these endless years, this Phoenix's body has lost too much." It's a pity about the energy, but it's already pretty good to be able to break through the fourth level this time."

Ye Feng was quite happy at this time.

Because this time not only the cultivation level has been improved.

Moreover, from the mysterious and powerful Lord of the Six Paths in the great world of origin, he received the extremely terrifying and unique super inheritance, the Six Paths Reincarnation Fist.

What a blessing!

"Ye Feng, I'm trapped by the magic array! Come and help me!"

Suddenly at this moment, Suzaku's anxious voice suddenly came from a certain direction in the depths of the dark ocean not far away.

When Ye Feng heard this voice, his eyes were slightly startled: "What happened to Senior Suzaku? Why was he suddenly trapped? Are there any ancient ruins deep in this dark ocean?"

Chapter 2587 Damaged Armor

At this time, Ye Feng heard Suzaku's cry for help and immediately flew towards the depths of the dark ocean not far away.

In any case, Suzaku is still very important to Ye Feng.

Moreover, one person and one bird have become good friends through constant experiences.

So when Suzaku sent out a cry for help, Ye Feng naturally would not sit idly by.

Uh-huh!

Ye Feng's speed was very fast, and he reached the depths of the dark ocean in a blink of an eye.

The depths of the dark ocean are not an ocean, but a very ancient barren land.

In the center of this desolate land, there is a huge sculpture.

That sculpture was a sculpture of a very terrifying demon. It was a huge monster with three heads. It looked very ferocious and terrifying, like a monster in hell.

At this moment, Suzaku was trapped right in front of this huge monster sculpture with three heads. .???.??

Directly in front of this sculpture, on the ground, black lines appeared, shining with black light, forming a formation, trapping Suzaku in it at this moment.

This formation exudes a very evil aura of hell and looks very dark.

At this time, Suzaku said aloud in this black formation: "Ye Feng, you have the sinful eyes of the Dark Emperor, which can restrain this dark evil. Come over and help me quickly. I am overwhelmed by this formation." Trapped and unable to get out."

At this time, Ye Feng saw that Suzaku was covered in red flames and wanted to attack the formation composed of black light.

However, Suzaku's flames had no effect on these black formations. Instead, they were trapped in the formations, seemingly unable to come out forever.

This made Suzaku very anxious, so he could only call for help to Ye Feng in the distance.

At this moment, Ye Feng saw the situation in front of him and immediately nodded and said: "Okay, senior Suzaku, don't worry, I'll give it a try."

boom!

Almost at this moment, Ye Feng immediately released the eyes of the Dark Emperor, the Eye of Sin.

A dark eye appeared in Ye Feng's eyebrows in an instant, and then released a large black light.

This piece of black light belonged to the power of the Dark Emperor, and it instantly scanned the formation above the demon formation in front.

Buzz buzz...

Sure enough, the moment it encountered the Dark Emperor's power, the black formation immediately dissipated quickly.

"Okay! It worked!"

When Ye Feng saw this scene, his eyes immediately showed joy.

The Dark Emperor is really powerful. Among the dark races, he is simply an emperor-like existence that no one can shake.

Any dark attribute power will automatically dissipate away as long as it encounters the majesty of the Dark Emperor.

At this moment, as the magic array dissipated, Suzaku also showed joy in his eyes, flew out of the array, and couldn't help but said: "Ye Feng, thanks to you this time, otherwise I might have been imprisoned. It took many years to come out."

Ye Feng nodded, then looked at the desolate land in front of him and the towering sculpture of a monster with three heads, and couldn't help but said: "It seems that the reason why the emperor of the Phoenix clan was possessed by demons was because it must be related to the ruins left by the demons here."

Suzaku also nodded at this time and said aloud: "The reason why the super strong man from the Origin World destroyed the entire Phoenix Clan is probably because the Phoenix Clan as a whole fell into hell and became a demon. It should be related to this place. "

When Suzaku said this, he couldn't help but look in a certain direction not far away, and said loudly: "Let's get out of here as soon as possible. I feel that it is very dangerous here, and the things of this dark race have nothing to do with us. big relationship

. "

Ye Feng's eyes showed a trace of interest at this time, and he said loudly: "I can tolerate the power of any attribute in the world. I want to explore this place, maybe there is something good."

When Zhuque heard what Ye Feng said, he couldn't help but said: "But there may be huge dangers."

Ye Feng smiled and said: "Senior Suzaku, you can wait for me here first, and I will go in and investigate alone."

When Zhuque heard what Ye Feng said, he immediately said, "Of course not, I want to be with you. It's too dangerous for you to be alone."

At this moment, after Suzaku finished speaking, the little red sparrow flew directly to Ye Feng's shoulder.

Ye Feng saw this scene, with a hint of surprise in his eyes, then nodded and said: "Don't worry, that super strong man from the origin world wiped out the entire demonized Phoenix clan, I'm sure the danger of the demonic ruins in the depths will also be eliminated, so we should not encounter any big crisis. "

Suzaku nodded and said, "It's possible. Otherwise, if there really were any monsters from hell in these ancient ruins, they would have escaped from the depths of the earth long ago, and the flaming city on the ground wouldn't be what it is now." calm."

Hearing what Suzaku said, Ye Feng immediately nodded, and then slowly walked towards the depths of this barren ancient ruins.

Soon Ye Feng came to the back of the huge sculpture of the three-headed hell monster.

He immediately saw a small black castle, standing at the end of this desolate land.

There was some vigilance in Ye Feng's eyes as he walked towards this small black castle.

Although this small black castle is not large in area, it looks very exquisite. It was obvious that it was inhabited by extremely noble beings.

Moreover, very ancient black symbols are engraved on the surface of the castle. It seems that I don't know what they mean.

Anyway, it must contain very ancient information.

At this moment, Ye Feng walked to the door of the castle and opened the door. He immediately saw a huge seat in the castle.

On this seat, sat a tall man in dark golden armor.

However, this tall man's entire body had turned into a skeleton at this moment, leaving only a set of dark golden armor covering the surface of his body. He had obviously been dead for many years.

Ye Feng saw the dark golden armor on the tall man's body, and a huge wound on his chest. The wound looked like it had been punched through.

Ye Feng immediately understood that this tall man wearing dark golden armor must be an extremely terrifying existence in hell, but he was killed by a punch from the super strong man from the extraterritorial origin world, the True Lord of Six Paths.

At this time, Suzaku seemed to have guessed something, and couldn't help but said: "It's a pity. This set of dark golden armor should be very precious armor. I saw the broken wounds on this armor, which should have been caused by continuous bombardment." It took two punches to break it. It can withstand the two punches of the super strong man from the origin world. This set of dark gold armor must be very powerful. "

Ye Feng also nodded slightly at this time, and then slowly walked forward and came to the tall man's skeleton.

At this time, Ye Feng's palm touched the dark golden armor, and there was a trace of regret in his eyes.

Because Ye Feng could feel that this set of dark golden armor was definitely very powerful and had incredible power.

If it is a complete version of the dark golden armor without damage, it will definitely be able to explode with very powerful power, because this is a super magic weapon that may come from hell.

However, this set of dark golden armor has now had a hole punched through it, and the dark Taoist text inside the armor has also been obliterated. It has lost its original power and has turned into a set of broken armor that is only strong.

Chapter 2588 Monster in the Sculpture

Ye Feng prepared to directly use the Protoss gloves to extract the solid properties.

But at this moment, Ye Feng suddenly seemed to have thought of something, his eyes lit up immediately, and his own evolutionary spring was immediately stimulated.

Because Ye Feng knew very well that the evolutionary spring water of the sixth heaven of the Chaos Body, the bloodline talent he had awakened, could help all kinds of things evolve, including living and inanimate things.

Perhaps the evolutionary spring contains special evolutionary energy that can repair this damaged armor.

With this thought in his mind, Ye Feng couldn't wait to test it. He immediately took off the set of dark golden armor from the tall man in front of him and placed it on the ground.

Buzz!

At this moment, Ye Feng immediately consumed his soul power and began to stimulate the fountain of evolution in his mind.

Wow!

Almost at this moment, streams of evolutionary spring water instantly flowed out of Ye Feng's head, and then poured onto the damaged dark golden armor on the ground.

When Suzaku saw this scene at this time, his eyes suddenly showed surprise.

But she didn't say much, but quietly watched the scene in front of her.

Because Suzaku had seen the magic of spring water like Ye Feng before.

That is, Ye Feng once used this spring water to evolve the soul giant released by Ye Feng in order to deal with the Phoenix soul. As a result, the soul giant was directly transformed into a soul god warrior, which burst out with terrifying power in an instant.

Therefore, Suzaku was deeply impressed by the spring water released by Ye Feng.

At this moment, seeing the magical spring water released by Ye Feng again, she did not speak, but held her breath and looked at everything in front of her, wanting to witness the miracle happening.

Sure enough, Ye Feng kept pouring evolutionary spring water on the damaged set of dark gold armor on the ground.

Something incredible happened.

That set of dark golden armor that had been penetrated, the metal at the edge of the wound grew back as slowly as flesh and blood.

Then this set of dark golden armor seemed to have turned into a living thing, healing his wounds quickly.

Half an hour later, the huge wound on the damaged dark gold armor was repaired again.

And at the moment when the entire set of dark golden armor was completely repaired.

"Boom!"

Almost at the next moment, this complete set of dark golden armor burst out with a golden light.

On the surface of this set of armor, mysterious black symbols appeared, which were symbols of hell. They seemed to be full of infinite power, giving people a feeling like the armor of a demon god.

Suzaku couldn't help but say at this time: "This is definitely a set of super armor at the level of the Demon Emperor of Hell. It not only has terrible defense power, but also has extremely terrible attack power bonus."

Ye Feng's eyes were extremely excited at this time, staring at the set of dark golden armor in front of him that seemed to come to life.

Sure enough, my guess was correct!

Your own evolutionary spring water can not only help items evolve, but can also repair damaged items.

It can be said that the special power contained in the evolutionary spring water is definitely something that countless super powers in the center of the God Realm do not have.

At this time, although Ye Feng knew that this set of dark golden armor had been penetrated by the Six Paths True Lord's two punches.

But being able to withstand the two fists of a terrifying powerful man like the True Lord of Six Paths from the Great World of Origin is enough to show how powerful this set of Demon Emperor's armor is.

After all, Ye Feng knew very well that the Six Paths unleashed by the True Lord of Six Paths' fists

How terrifyingly destructive is the Samsara Fist?

That is the terrifying destructive power that can destroy the entire Phoenix clan with one fist!

But this set of dark gold armor was able to withstand two punches, which was already amazing.

Uh-huh!

At this moment, after Ye Feng completely repaired the damaged Demon Emperor's armor, he immediately stepped forward, dropped a drop of his own blood, landed on the Demon Emperor's armor, and then began to refine it. .

Several hours passed before Ye Feng finally refined all the dark golden magic armor.

The next moment, Ye Feng had a thought in his mind.

Swish, swish, swish!

Swish, swish, swish!

The entire set of magical armor was automatically put on Ye Feng's body in an instant, wrapping Ye Feng's entire body and protecting it.

"Buzz!"

At this time, the moment Ye Feng put on the Demon Emperor's armor, he could immediately feel that his strength had been greatly increased, and his defense had also been horribly improved.

This set of Demon King armor, coupled with Ye Feng's own powerful Chaos Body strength, definitely makes Ye Feng like an unbeatable little strongman, very hard and tenacious.

At this time, Ye Feng looked at Suzaku beside him and couldn't help but said happily: "Fortunately we came to explore this place, otherwise we would have missed this extremely powerful set of Demon King armor from hell."

At this time, Suzaku's eyes showed a trace of surprise, and he said loudly: "If you didn't have that magical spring water, this set of armor would be just a damaged armor that has lost any value. At most, it has some Collection value, I'm curious, where did you get that magical spring water?"

When Ye Feng heard this, his eyes flashed slightly. Naturally, it was impossible to tell Suzaku that his evolutionary spring water could actually be produced by himself.

of.

So Ye Feng just said out loud at this time: "I just got some of that magical spring water by chance, and it will be used up soon."

Will it run out soon?

Hearing what Ye Feng said, Suzaku's eyes were full of suspicion. She obviously didn't believe what Ye Feng was hiding at this time.

But at this time, Suzaku was too embarrassed to ask for such a special evolutionary spring water from Ye Feng, and did not inquire further.

Because Suzaku knows very well that this kind of spring water is absolutely priceless. If the news spreads, I am afraid that the entire center of the God Realm will boil over it.

Suzaku knew very well that Ye Feng was able to use this evolutionary spring water without any disguise in front of him, and he already trusted her very much.

So at this time, Zhuque's impression of Ye Feng was getting better and better.

Boom!

But at this moment, a huge roar suddenly came from outside the castle.

Ye Feng and Suzaku both looked shocked and hurriedly walked towards the outside of the castle.

They immediately saw the three-headed hell monster sculpture that had been cast on the desolate land outside the castle. Suddenly, cracks began to appear on the surface.

"Crash..."

Then, as endless rubble rolled down, a real living three-headed hell monster stepped out of the sculpture.

This three-headed hell monster has a body as majestic as a mountain and exudes endless dark evil energy.

This monster from hell has three heads in total and looks very ferocious and ferocious.

When Suzaku saw this living three-headed monster from hell running out of the sculpture, he immediately couldn't help but show a hint of surprise in his eyes, and couldn't help but say aloud: "Is this the kind of extremely powerful ancient monster in hell?" Warcraft, three-headed dog of hell!"

Chapter 2589 The Fist Intent of Six Paths of Reincarnation

Boom!

Boom!

At this moment, among the rubble and dust after the endless sculptures were broken, the three-headed hell dog let out a terrifying and boundless roar, giving people the feeling that a demon god in hell had resurrected. It looked extremely terrifying and terrifying. horrible.

At this time, the terrifying aura emanating from the three-headed hell dog was like an endless wave of darkness, sweeping in all directions and dyeing the entire world into darkness.

It can be seen that the two pairs of eyes on each head of this three-headed hell dog are emitting an extremely strong red light in the darkness. They look very scary and ferocious, as if they contain infinite magic power. Same.

At this moment, Suzaku showed a trace of surprise in his eyes, and said loudly: "Ye Feng, I didn't expect that this three-headed hell dog would be hidden in this huge sculpture. It must have escaped that year." A super powerful person from the origin world was killed, and now he was probably awakened by the dark golden armor you just used."

Ye Feng nodded, stared at the tall and majestic three-headed hell dog not far away, like a mountain, and said slowly: "No matter what, we worked together to kill this three-headed hell dog. "

Suzaku immediately nodded and said loudly: "The fire of hell contained in the body of this three-headed hell dog is of great help to me, and this monster from hell has just awakened, and its strength is far from being restored to its full strength. Period, this moment is a good opportunity for us to kill it."

Boom!

Almost at this moment, Suzaku immediately burst out with his cultivation power.

Although most of Suzaku's original power of the divine beast is suppressed by the seal in her body, she is unable to exert the power of her divine beast.

But Suzaku can still release some powerful cultivation skills.

Rumble...

At this moment, Suzaku's body suddenly burned with crimson flames, and then Suzaku also expanded from a small sparrow to a huge scarlet bird in the sky.

Boom!

Almost at this moment, the scarlet bird that Suzaku transformed into suddenly opened its mouth and spit out a large piece of crimson flames, like endless molten lava, covering not far away in an instant. On that three-headed hell dog.

"howl!!"

It has to be said that the power that Suzaku burst out in an instant was quite terrifying.

And the flame power she released was the terrifying Suzaku Divine Fire.

So almost at this moment, the three-headed hell dog howled immediately, obviously feeling huge burning pain.

At this moment, the three-headed hell dog immediately roared and charged towards Suzaku high in the sky.

Suzaku immediately said to Ye Feng below: "This three-headed hell dog is afraid of my Suzaku Divine Fire. You control it and don't let it get close to me. I will attack from a distance."

Ye Feng nodded immediately.

Even if Suzaku didn't say anything, Ye Feng knew what to do.

Boom!

Almost at this moment, Ye Feng immediately activated the Demon Emperor's armor he had just worn.

Boom!

Almost at this moment, the Demon Emperor's armor on Ye Feng burst out with brilliant light, allowing Ye Feng to directly possess the power of the ancient Demon Emperor.

Countless dark symbols emitted dark light and surrounded Ye Feng, making Ye Feng look extraordinary.

Boom!

At this moment, Ye Feng immediately rushed to the sky, and then punched hard at the three-headed hell dog in front of him.

Bang!

Ye Feng punched out, and with the power of the Demon Emperor's armor,

All of a sudden, it hit one of the heads of the three-headed hell dog, and an earth-shaking roar erupted.

Boom!

This three-headed hell dog was suddenly knocked to the ground by Ye Feng's fist and hit the ground hard, splashing a large amount of dust.

When Suzaku saw this scene, his eyes suddenly lit up and he couldn't help but said: "Sure enough, this set of Demon Emperor's armor is extremely powerful. Ye Feng, your current strength must have been increased a lot, otherwise it would be impossible to punch The ancient hell monster like the three-headed hell dog will be blown away in an instant."

Ye Feng immediately nodded and said: "After I repaired this set of Demon Emperor's armor, the extremely powerful Demon Emperor's power indeed exploded."

At this moment, Ye Feng felt that his entire strength and momentum were greatly enhanced by all the ancient hell runes on the Demon King's armor.

At this time, the three-headed hell dog that was blasted to the ground immediately crawled out of the ruins. It was in a very embarrassed state and could not help but said in horror: "Master, this set of armor was clearly used by that terrifying human race." The strong man was smashed to pieces and completely destroyed. How could the complete power burst out from your body again? "

At this time, Ye Feng's eyes were a little surprised. He didn't expect that this three-headed hell dog was the pet beast of the dead ancient demon emperor.

However, a cold smile appeared on Ye Feng's face the next moment, and he said loudly: "You don't need to know this. What you need to know is that you will die in my hands later."

Boom!

Almost at the moment when Ye Feng finished speaking, Ye Feng suddenly blasted out the Six Paths of Samsara Fist.

Now Ye Feng has just obtained the Six Paths of Samsara Fist, and has only comprehended the first level of its secrets, so the power burst out from his fist is double the fist intention.

But even though it was just a double punch, Ye Feng's punch was filled with extremely terrifying power.

\u003e Because you must know that the Six Paths of Reincarnation Fist not only multiplies the power of the fist used, but also fills the user's fists with the terrifying artistic conception of the Six Paths of Reincarnation.

So at this moment, after Ye Feng blasted out, six rotating roulette wheels of reincarnation suddenly appeared around him, like the wheels of history, crushing rapidly in the void, able to pull everything in the world into Completely obliterated in the six realms of reincarnation.

The three-headed dog of hell has just awakened at this time, so its power is not as strong as it was in its heyday.

At this moment, facing Ye Feng's punch, he immediately felt terrible pressure.

The three-headed hell dog couldn't help but said in horror: "The secret of this fist?! This is the terrifying fist intention of the super powerful human race from the mysterious world. How can you, a little human boy, possess it?"

But the moment the three-headed hell dog finished speaking, Ye Feng's terrifying punch had already hit it.

Boom!

With an earth-shattering roar, one of the three-headed hell dog's heads was directly shattered by Ye Feng's punch.

The three-headed hell dog immediately let out a scream of fear and pain, and immediately roared: "Damn human boy, you actually destroyed one of my heads. Even if I sacrifice all my life force today, I will still be dead." I'm going to kill you completely here!"

"Infinite horror!"

Almost at the next moment, the three-headed hell dog suddenly sacrificed his life force, causing a huge black hell formation to appear on this desolate land, full of endless terror, and suddenly Ye Feng was and Suzaku were all shrouded.

The three-headed hell dog's tone was full of deep cruelty and ferocity, and he laughed loudly: "I sacrificed half of my life force to inspire this infinitely terrifying ancient formation. This was what my master, the Demon Emperor, used to do back then. If you set it up yourself, you will definitely die today!"

Chapter 2590 Next Plan

Rumble...

I have to say that this dark hell formation is very terrifying.

The moment it was released, the infinite and terrifying black energy light suddenly enveloped Ye Feng and Suzaku, trapping them in a small space.

At this time, even the divine fire released by Suzaku was unable to break through the trap of this dark hell formation.

But at this moment, the entire body of the three-headed hell dog has shrunk by nearly half.

This shows that this three-headed hell dog really sacrificed nearly half of its life force to activate this terrifying black hell formation.

At this moment, there was a hint of surprise in Ye Feng's eyes. He didn't expect that this three-headed dog from hell could actually activate the terrifying formation left by the ancient Demon Emperor.

But facing this terrifying dark formation of hell, Ye Feng just smiled coldly and said: "Three-headed hell dog, if you think this dark formation of hell can trap me, then that means you are too naive!"

Boom!

Almost at the moment Ye Feng's words fell, Ye Feng instantly aroused the sinful eyes of the Dark Emperor hidden in his eyebrows. .??.

Wow! !

Almost at the moment Ye Feng released the Eye of Sin, a terrifying majesty of the Dark Emperor appeared on the entire field in an instant.

The majesty of the Dark Emperor is even more terrifying than the majesty of the ancient Demon Emperor!

Almost at this moment, the sinful eye between Ye Feng's brows released a large piece of terrifying dark light in an instant, covering all the surrounding dark hell formations.

Then the entire dark hell formation collapsed rapidly, as if it had encountered an emperor.

"What?!"

Seeing this incredible scene in front of him, the three-headed hell dog immediately let out a horrified cry and couldn't bear it.

He shouted loudly: "Human boy, who are you? How can you possess the majesty of the ancient Dark Emperor? Are you the reincarnation of the Dark Emperor? But it is impossible! How can the Dark Emperor be reincarnated into a human being? What about the human race?"

At this moment, the three-headed hell dog suddenly fell into a state of doubting life, oh no, doubting the life of a dog.

Because it originally thought that the terrifying hell formation inspired by the sacrifice of half of its life force could envelope Ye Feng in an instant and kill Ye Feng in an instant.

But what the hell three-headed dog never expected was that Ye Feng actually released the power of the Dark Emperor and directly collapsed the hell's dark formation. He never expected it.

The three-headed hell dog was completely trapped in self-doubt at this time, because it now had no idea what kind of terrifying existence it was facing.

"Six Paths of Reincarnation Fist!"

boom! !

But at this moment, Ye Feng did not hesitate at all, and would not give the three-headed hell dog a chance to survive. He instantly blasted out the terrifying boxing technique of Six Paths Reincarnation Fist, directly doubling the blessing of the fist. .

Boom!

Moreover, in this punch, Ye Feng also incorporated the power of the brute force gem into his fist.

So the moment this punch came out.

Boom! !

In an instant, a terrifying energy beam shot out from the entire sky, shattering the void in an instant, and then Ye Feng's fist struck hard on the three-headed hell dog.

"Pfft!"

Accompanied by the sound of broken flesh and bones, Ye Feng's punch was simply his peak punch so far, full of unparalleled impact.

The force and destructive power blasted through the entire body of the three-headed hell dog in an instant, leaving a huge bloody hole.

The three-headed hell dog immediately let out a shrill scream, and then its entire huge body fell from the sky to the ground in an instant, smashing countless pieces of ground and killing it completely.

Zhuque saw this scene not far away, and immediately couldn't help but show a look of wonder in his eyes, and couldn't help but said: "Ye Feng, you are getting stronger and stronger now, but I am very curious about what you just said I have never seen you perform that punch. It seems to be a terrifying punch. Where did you get it?"

I have to say that although Suzaku is very good, he is particularly curious about the various inheritances of Ye Feng and always wants to get to the bottom of it.

Ye Feng just smiled slightly at this and said: "Senior Suzaku, there are still many things you don't know. You will understand them gradually in the future."

Hearing what Ye Feng said, Suzaku could only stop asking any more questions.

Because she now feels that Ye Feng is no longer the very innocent and ordinary boy he thought before. He is a mysterious boy that even Suzaku can't see through, and needs to be taken seriously.

"Tap, step, step..."

At this moment, Ye Feng walked up to the corpse of the three-headed hell dog not far away, reached out and grabbed the hell flame from the three-headed hell dog, and then threw it to Suzaku.

Because Suzaku said before that she needed the flames of hell to enhance her strength.

But Ye Feng couldn't help but ask at this moment: "Senior Suzaku, you need this hell flame, but I remember that you seemed to be unable to absorb this dark attribute flame before, right?"

Suzaku nodded and said aloud: "The flame in the previous phoenix body has mutated into a dark attribute. It is a mutant flame, so I cannot absorb it, but a pure dark attribute flame like the three-headed dog of hell, My Zhu

The Bird God Fire can be fused with it. "

Hearing what Suzaku said, Ye Feng immediately nodded and couldn't help but murmur, "It seems that not everyone is like me, who can swallow and fuse everything."

At this moment, Ye Feng began to release the Devouring Domain, covering the entire body of the three-headed hell dog.

Boom!

Almost at the next moment, Ye Feng suddenly felt waves of powerful energy being rapidly injected into his body.

Ye Fengneng felt that his skill was growing rapidly.

I have to say that the energy of this three-headed hell dog is still very terrifying.

Ye Feng could feel his own cultivation, and a breakthrough occurred in an instant.

boom!

The sixth level of Taoism and Nature!

boom!

The seventh heaven of Taoism and nature!

At this moment, Ye Feng's cultivation suddenly broke through two levels.

It can be said that this three-headed hell dog still provides a lot of energy, which makes Ye Feng very happy.

At this time, Suzaku also fused with the fire of hell, then looked at Ye Feng and asked aloud: "Next, do you plan to go somewhere and continue to wander around the earth in the center of the God Realm?"

Ye Feng thought for a moment, and then said aloud: "I originally wanted to become a wandering warrior, but I feel that it is impossible to meet by chance at any time, so I plan to go to an acquaintance of mine, named Leng Qingxue, first. She was my master in a small sect back then, but her identity was very extraordinary. She was a member of the Tiandao Sect in the center of the God Realm. She left that small sect early and returned to the Earth in the center of the God Realm. The reason why I was able to enter the prosperous area in the center of the God Realm from a relatively remote place in the God Realm is because I passed the guidance of Leng Qingxue, so I plan to go to Tiandao Sect first. "
