

## Ancient 2601

Chapter 2601 The entire army was wiped out

At this time, it was accompanied by the awakening of the ice and snow dragon.

Boom!

An extremely terrifying and majestic demonic aura suddenly began to appear on the entire field.

The ice and snow dragon woke up instantly.

At this moment, the moment the Ice and Snow Dragon opened its eyes, it immediately saw the seven powerful men from the Everlasting Hatred Demon Sect right in front of it.

"Roar!!" .??.

Accompanied by this huge dragon roar, the ice and snow dragon immediately discovered that these seven strong men had trespassed on its territory, and it roared angrily.

Then the huge dragon claws, like those made of ice, suddenly bombarded the seven powerful men of the Everlasting Hatred Demon Sect.

The seven powerful men from the Everlasting Hatred Demon Sect suddenly showed deep horror in their eyes, and then they instantly released their own methods and began to defend against the attack of the ice and snow dragon.

"Boom!"

The next moment, the ice and snow dragon's attack had hit everyone in front of them.

The huge dragon claws seemed to be made of the strongest ice in the world, full of terrifying ice power and tearing power.

Therefore, even these seven strong men from the Everlasting Hatred Demon Sect are very powerful. At this moment, they are unable to withstand the attack of the terrifying ice and snow dragon. Suddenly, there are two strong men from the Everlasting Hatred Demon Sect on the spot. His body was torn to pieces and he died on the spot.

The remaining five powerful men from the Everlasting Hatred Demon Sect were staring at the terrifying ice and snow dragon in front of them, with horror and anger in their eyes.

"Damn you boy! I didn't expect to lead us to the sleeping place of such a terrifying evil beast! I want to drive away wolves and devour tigers!"

At this time, the eyes of the few remaining strong men from the Everlasting Hatred Demon Sect were filled with deep shock and anger.

Because they never thought that the boy they were chasing could be so cunning, and unknowingly led them to the sleeping place of this terrifying evil beast.

Boom!

But now they know it is too late, because this extremely powerful ice and snow dragon has completely awakened, and this ice and snow dragon believes that this group of strong men from the Everlasting Hatred Demon Sect is the enemy. \u003c

"Boom!"

Almost at this moment, the huge ice and snow dragon opened its mouth and spewed out a stream of earth-shattering cold air, which immediately sealed the remaining five powerful men of the Everlasting Hatred Demon Sect.

"Boom!"

"Crack!"

But at this time, the five powerful men from the Everlasting Hatred Demon Sect also tried their best. They burned their own vitality in an instant, and then began to burst out a terrifying inherited technique, directly freezing the ice. The ice shattered directly.

"Now we can only work together to see if we can kill this ice and snow dragon!"

At this moment, the five remaining strong men from the Everlasting Hatred Demon Sect completely burned their vitality, and then began to release a variety of extremely powerful attacks, directly engaging in a terrifying confrontation with this ice and snow dragon.

"Fire Flame Sword Technique!"

"Earth-shattering beheading!"

"The devil roars!"

"Abidao three swords!"

...

At this time, the five powerful men of the Everlasting Hatred Demon Sect all released their most powerful attacks. This is the martial arts inheritance they have cultivated that will be extremely amazing to you.

"Boom!"

Almost at the next moment, the attacks of five powerful men from the Everlasting Hatred Demon Sect suddenly hit the ice and snow dragon not far away.

"Roar!!"

At this moment, the ice and snow dragon roared angrily, and suddenly erupted into a terrifying beam of cold air.

"Boom!!"

The entire field suddenly erupted into an earth-shaking violent collision and fluctuation.

"boom....."

The terrifying roar lasted for a long time, and countless waves of destructive light enveloped the entire iceberg area.

At this time, even Ye Feng, who was waiting not far away, had a look of deep surprise in his eyes.

He seemed not to have expected that the battle in the iceberg area not far away would be so brutal.

"I didn't expect that the counterattack of this group of powerful people from the Ever-Hateful Demon Sect before they died was quite terrifying."

Ye Feng could sense it from far away. The terrifying collision and roar in that place just now were so terrifying that they could instantly destroy him at his current level.

At this time, Ye Feng felt that time was almost up.

Uh-huh!

He left the place in an instant and flew towards the iceberg battle area not far away.

Soon Ye Feng came here, and his eyes suddenly showed deep surprise.

Because the scene of destruction was so horrific.

The entire iceberg exploded, and the entire surrounding land was shattered.

And the ground was broken very deeply.

All the ice layers were shattered, and a scene appeared deep under the earth's crust, and even oil shale appeared.

At this time, Ye Feng's eyes were a little horrified. He didn't expect that the final battle would be so brutal.

At this time, Ye Feng instantly flashed to the broken area around him, began to exude his soul power, and began to search.

"Buzz!"

At this time, Ye Feng's powerful soul power instantly spread to all surrounding areas and began to search every inch of land.

"found it!"

Soon Ye Feng found a blood energy fluctuation.

Uh-huh!

He dodged away in an instant and found a dead master of the Everlasting Hatred Demon Sect.

Then, Ye Feng just spent a few minutes using his soul power to find all seven dead masters of the Everlasting Hatred Demon Sect.

"Swallow!"

boom!

The next moment, Ye Feng's eyes were filled with interest.

With a fierce look, without any hesitation, he instantly released the terrifying devouring domain of darkness, which immediately enveloped all the seven fallen masters of the Everlasting Hatred Demon Sect.

"Crash!"

Suddenly, streams of vigorous and powerful blood energy were directly absorbed by Ye Feng, and then injected into Ye Feng's body, quickly strengthening Ye Feng's cultivation skills.

At this moment, Ye Feng's aura began to rise continuously.

At this time, Ye Feng's eyes showed deep excitement.

This time, he swallowed seven powerful beings at the sixth level of the Unity of All Things Realm at once, which will definitely make his cultivation level break through quickly.

Sure enough, almost at the next moment, Ye Feng suddenly burst out with a breakthrough momentum.

"boom!"

Half a step to the unity of all things!

Ye Feng's cultivation level directly made a breakthrough.

However, what makes Ye Feng feel quite helpless is that after his cultivation has broken through to the half-step of the unity of all things, the skills of the seven masters can no longer allow him to break through the final level, unable to break through to the unity of all things.

"I didn't expect that the seven masters would allow me to break through to another level. I only broke through to the half-step of the unity of all things. It seems that my body is really becoming more and more like a bottomless pit..."

Ye Feng couldn't help but smile bitterly at this time.

But this time, he was able to use the ice and snow dragon to completely annihilate the seven masters of the Everlasting Hatred Demon Sect who were chasing him, which was already pretty good.

At this time, Ye Feng searched the storage rings on the seven masters and prepared to leave directly.

But suddenly at this moment, Ye Feng's eyes suddenly moved.

Because he saw patches of blood on the snow not far away, leading to somewhere deep in the snow.

"This should be the blood stain of the ice and snow dragon. Could it be that this evil beast also suffered heavy injuries in the end?"

Ye Feng's heart suddenly moved, and then with a hint of curiosity in his eyes, he immediately followed the blood stain not far away and chased deep into the snow.

Chapter 2602 Sneak attack on the ice and snow dragon

At this time, Ye Feng's eyes showed a trace of expectation, and he quickly rushed towards the depths of the snowfield, following the blood stains on the ground.

Uh-huh! Uh-huh! Uh-huh!

Ye Feng's speed was very fast, and he arrived at the deepest area of the snowfield in a blink of an eye.

There are no icebergs or snowfields to be seen here.

There is actually a large river covered with thick ice, flowing deep in this iceberg and snowfield.

At this time, Ye Feng saw that the extremely powerful ice and snow dragon was lying on the ice river at this moment, opening its mouth to absorb a very rich white energy from the river.

Ye Feng immediately saw that the source of this white energy turned out to be a huge round bead.

This round bead exudes a faint light and looks very magical.

"This seems to be a kind of spiritual bead bred by heaven and earth. It has a huge effect on healing injuries."

At this time, Ye Feng couldn't help but show deep surprise in his eyes.

Because he felt the extremely majestic energy of heaven and earth from this spiritual bead.

And in addition, Ye Feng saw that the ice and snow dragon was swallowing and absorbing the huge heaven and earth spirit bead at this moment, and the tattered injuries on the ice and snow dragon were recovering quickly.

At this time, Ye Feng knew that he could not wait any longer, otherwise it was very likely that the ice and snow dragon would recover from its injuries, and then he would never have the chance to hunt this evil beast again.

At this time, Ye Feng made a decision in his heart, and for a moment, his eyes revealed a determined killing intent.

At this time, Ye Feng suddenly activated his space gem and directly opened up a very long space wormhole, leading directly to the area around the ice and snow dragon that was healing.

"Boom!"

Then this

At this moment, the moment Ye Feng came out of the space wormhole, he immediately launched his most powerful attack without any hesitation.

The ancient divine ring!

Brute force gem!

Six Paths of Samsara Fist!

At this moment, Ye Feng unleashed a series of killing moves.

boom! !

Ye Feng's punch at this moment was filled with infinite terrifying power and had extremely terrifying destructive power.

"Boom!"

Ye Feng's punch suddenly hit the ice and snow dragon in front of him who was recovering from his injuries.

Moreover, the fist was facing the ice and snow dragon's head.

Because the ice and snow dragon's weakness lies in its huge head.

Ye Feng's sudden attack at this time, and it was the most powerful attack, made the ice and snow dragon unable to react at all.

Because the Ice and Snow Dragon thought that after killing the seven powerful men of the Everlasting Hatred Demon Sect, there should be no other threats.

But what this ice and snow dragon may never have expected is that there are other lurkers around this snowfield!

"boom!!"

So at this time, Ye Feng's peak fist hit the ice dragon's head hard, and a terrifying roar suddenly erupted.

"Click, click..."

The power of Ye Feng's punch was so terrifying that almost at that moment, all the scales covering the ice and snow dragon's head were shattered inch by inch.

And at the next moment, the Ice and Snow Dragon was obviously caught off guard by Ye Feng's sudden sneak attack. His head suffered huge trauma, and he roared angrily.

"Roar!!"

At this moment, the ice and snow dragon instantly released an ice storm field, which appeared around him and forced Ye Feng back.

Uh-huh!

At this time, Ye Feng stood still not far away, with a look of surprise in his eyes. He couldn't help but said: "I didn't expect this ice and snow dragon to be so powerful. It withstood my most powerful punch, and it didn't even have a head." It was shattered, amazing."

Although Ye Feng spoke in admiration, Ye Feng still felt huge trauma when he saw the head of the ice and snow dragon at this moment.

It seemed that the terrifying punch he just delivered still caused huge damage to the ice and snow dragon. Obviously, the sneak attack was successful.

At this time, the Ice and Snow Dragon was simply injured more and more, so his aura was greatly depleted, and his strength had obviously declined.

At this time, Ye Feng did not hesitate at all, and continued to erupt with divine light all over his body, releasing a terrifying fighting spirit, and charged directly towards the ice and snow dragon in a frenzied manner.

Because Ye Feng knew that if he wanted to seize the opportunity now, he must take advantage of his illness and kill him, otherwise he would not be able to defeat the Ice and Snow Dragon at its peak.

If you can take advantage of this opportunity to kill and devour this ice and snow dragon, which is full of terrifying blood energy and demonic energy, then your own cultivation will definitely achieve a huge transformation and breakthrough!

"Nine-nine supreme realms!"

At this moment, Ye Feng burst out with a terrifying inheritance attack.

"Boom!"

br

"boom!"

"boom!"

Almost at the next moment, an extremely powerful field appeared in the sky around Ye Feng.

Groups of energy directly condensed into supreme beings, full of powerful fighting power. There were ninety-nine and eighty-one supremes, full of powerful and unrivaled fighting power.

"Rumble..."

Almost at this moment, many supreme beings burst out with terrifying power, and they all rushed into the ice storm released by the ice and snow dragon in front.

At this time, a terrifying roar sounded, and countless supremes burst out with terrifying attack power, all of which poured onto the ice and snow dragon.

This is a group attack, and Ye Feng himself will not be harmed at all.

Because the supreme beings in these fields are all energy bodies condensed by Ye Feng using his own skills.

Therefore, even if these supreme beings die, Ye Feng will only lose a little skill at most, and he will not suffer any harm at all.

At this time, the Ice and Snow Dragon was beaten by a group of eighty-one supreme beings, and was unable to withstand it, so he responded in a hurry.

But at this moment, Ye Feng himself also took action.

"Feng Ming Jiutian!"

boom! !

At this moment, Ye Feng immediately displayed the powerful inheritance of the ancient Phoenix clan, and also inspired his own extremely powerful natal flame.

Uh-huh!

At this moment, Ye Feng jumped up to a high altitude, and then turned into a phoenix burning with infinite flames, directly bombarding him from the high altitude towards the ice and snow. The dragon charged away fiercely.

Chapter 2603 Play a big game

Boom!

Almost at this moment, Ye Feng transformed into a flaming phoenix, full of terrifying burning power, and suddenly bombarded it from high in the sky.

Wow!

Wow!

Almost at the next moment, the entire field was suddenly enveloped in endless flames.

The flame phoenix transformed by Ye Feng also collided with the ice and snow dragon below.

"Boom!!!"

At this moment, the whole field suddenly heard a terrifying collision sound, which shook the earth and trembled in all directions.

"howl!!"

Almost at the next moment, the screams of ice and snow dragons suddenly sounded from the surrounding ice river.

At this time, it can be seen that the flames burst out by Ye Feng are extremely terrifying, and they are exerted by Feng Ming Jiutian, a powerful inheritance of the Phoenix clan. The power of burning is even more terrifying.

Moreover, the fire attribute inheritance has natural suppression and damage to this evil beast of ice and snow dragon and ice attributes.

So at this moment, Ye Feng severely injured the ice and snow dragon again.

The ice and snow dragon roared angrily, but its entire body had no strength left.

Boom!

And at the next moment, Ye Feng transformed into his true self again, and then stepped on the head of the ice and snow dragon, directly crushing the head of the ice and snow dragon.

The ice and snow dragon died.

Ye Feng also spent almost all his strength at this time, and his face suddenly turned pale, and he began to meditate and rest on the spot.

After resting for half an hour, Ye Feng recovered.

At this moment, Ye Feng's eyes were filled with deep excitement and joy.

"Swallow!"

At this moment, Ye Feng immediately released his devouring domain.

The entire body of the ice and snow dragon in front of him was shrouded.

Wow!

Almost at the next moment, waves of terrifying blood energy were absorbed from the body of the Ice and Snow Dragon by the Swallowing Domain, and then quickly injected into Ye Feng's body, quickly increasing Ye Feng's power. .

You must know that this ice and snow dragon has an incomparable level of cultivation. If it had not suffered heavy damage, Ye Feng would not have been able to successfully attack and kill it.

So at this time, after Ye Feng swallowed the ice and snow dragon, he immediately felt that his whole body was filled with majestic energy.

Ye Feng could feel that his skills were undergoing the final transformation.

Finally at some point.

"Boom!!"

A terrifying new vast aura suddenly burst out from Ye Feng's body, spreading throughout the field and causing huge cracks to appear in the surrounding ice.

At this moment, Ye Feng's cultivation level successfully transformed into the first level of the unity of all things!

Complete transformation!

You know, Ye Feng has now reached this level of cultivation. If he wants to break through to a big realm, the energy required is extremely terrifying.

But this time, the blood energy and demonic essence of the ice and snow dragon gave Ye Feng a chance, allowing Ye Feng to break through to the true state of unity of all things!

In this way, Ye Feng felt extremely happy. If this ice and snow dragon hadn't provided him with such majestic energy, Ye Feng wouldn't have dared to imagine how long it would take him to accumulate it before he could finally transform his cultivation.

At this moment, Ye Feng looked in a certain direction not far away, and then ducked over in an instant.

Ye Feng came here

In the middle of a long river of ice and snow, the huge white ball is still there at this moment, emitting a faint white light.

Ye Feng had seen before that the severely injured ice and snow dragon could absorb the power of white light on the white bead and recover from his injuries.

So Ye Feng knew that this must be very extraordinary.

Ye Feng walked up to the white bead at this moment, and then stretched out his hand to grab it.

At this moment, Ye Feng immediately felt the extremely strong healing power emanating from the white bead.

"This seems to be a natural healing bead."

Ye Feng's eyes were a little surprised. If he could get this healing spirit bead, he would be able to recover quickly no matter how serious the injury he suffered in the future.

Uh-huh!

At this time, Ye Feng stretched out his hand, grabbed the healing spirit bead in his hand, and then put it into his storage ring.

Next, Ye Feng exuded soul power and explored the surrounding environment, but found nothing special.

It seems that this healing spirit bead is special here.

At this time, Ye Feng checked the surrounding environment and found nothing unusual, and left here in an instant.

Not long after Ye Feng left, a large group of experts from the Everlasting Hatred Demon Sect arrived here instantly.

They all noticed the extremely strong fluctuations of fighting energy here, so they finally came here.

But when they arrived at the scene, what they found was the broken corpses of seven masters from their Ever-Hateful Demon Sect, as well as a dead ice and snow dragon.

Everyone immediately understood something.

"Damn it! That kid is so cunning! He led everyone in a small team to this place.

The place where the evil beast lives, let them kill each other, and then that kid is reaping the benefits. It is really a good plan! "

"I didn't expect this kid to be so powerful and full of wisdom. It's really hard to catch him."

"In any case, we have now determined the specific location of this kid. It is in this area. Now we can quickly reduce the encirclement and be sure to kill that kid eventually!"

...

At this moment, a group of masters from the Everlasting Hatred Demon Sect present were all speaking out angrily.

Because they searched Ye Feng for so long, not only did they not see Ye Feng's back, but now they also lost a small team of seven people.

Although it is only a small team, these seven people are rare masters in the Demon Sect of Everlasting Hatred. Now that they have lost seven masters all at once, everyone is still very heartbroken.

And just when the masters of the Everlasting Hatred Demon Sect narrowed the encirclement, Ye Feng came to a swamp at this time.

Now Ye Feng's cultivation has been transformed and has directly crossed a great realm. Therefore, Ye Feng's current combat power has been improved by an unknown amount compared to before. This is something that the masters of the Everlasting Hatred Demon Sect don't know.

It can be said that Ye Feng is no longer afraid of the small team of experts who have always hated the Demon Sect.

Unless dozens of masters gathered together, Ye Feng might be afraid.

Ye Feng is going to play a big game next.

That is to kill all the masters of the Everlasting Hatred Demon Sect at once.

"You keep chasing me, so don't blame me for being rude!"

Ye Feng did not directly reveal his true strength at this time, but continued to escape and came to this swampland, preparing to set up a dragnet to catch all the masters of the Everlasting Hatred Demon Sect!

This time, it's a fun hunt!

Chapter 2604 Spiritual Vein and Formation

Ye Feng is preparing to set up a dragnet to catch all the masters of the Everlasting Hatred Demon Sect who are chasing him.

So at this time Ye Feng chose a very special area.

This is a swampy place.

Although it looked very plain and simple, Ye Feng's powerful soul power penetrated into the ground and indeed discovered that there was a spirit stone vein buried under this swampy place.

Although this mineral vein is just an ordinary mineral vein, the energy stored in the spirit stones in it is not strong, so it does not have much effect on Ye Feng.

But Ye Feng can use the energy in this mineral vein to set up the next formation, and then the energy in the entire mineral vein will be drained instantly to attack the strong men of the Everlasting Hatred Demon Sect.

This time, Ye Feng planned to kill all the dozens of powerful men from the Everlasting Hatred Demon Sect who were chasing him.

At this moment, after Ye Feng made up his mind, he immediately took out all the formation materials from his storage ring, and then began to set up the formation in this swamp and hide it.

Ye Feng also learned the art of formations back then, so he was quite good at setting up formations.

Ye Feng finally arranged a formation of ten thousand swords, hiding it around the swamp, which took him almost half a month.

Then Ye Feng once again arranged a hidden formation on top of the Ten Thousand Swords Formation.

In this case, those masters of the Ever-Hateful Demon Sect would not be able to detect the aura of the formation in this swampy land.

Because Ye Feng knew very well that he had already played a trick before, leading a small team of seven people from the Everlasting Hatred Demon Sect to the habitat of a powerful evil beast.

So this time the masters of the Hateful Demon Sect must be very cautious.

So Ye Feng wanted to make sure that those people were deceived by him again this time.

So Ye Feng arranged the formation

When doing it, do it very carefully.

At this time, after Ye Feng made the arrangements, he finally let out a sigh of relief, and then showed a cold murderous intent in his eyes.

Uh-huh!

After setting up this formation, Ye Feng immediately deliberately released the aura of his breakthrough cultivation level, which was very powerful and spread towards the surroundings.

And at the moment when Ye Feng released his breath of breakthrough in cultivation.

On the barren land outside the swamp, dozens of masters from the Everlasting Hatred Demon Sect instantly sensed this aura, and their expressions suddenly showed deep joy.

"Finally found that kid! That kid must have been hiding in the swamp for half a month to practice. Now he has broken through the cultivation level, so we caught his breath!"

"This boy is really arrogant. He knew he was being hunted by us, yet he dared to practice in such a dangerous situation. Now that he is better, he couldn't suppress the aura of breakthrough in cultivation, and we were instantly aware of it."

At this moment, a group of masters from the Everlasting Hate Demon Sect laughed out loud.

However, at this time, some experts couldn't help but said: "Last time, a group of seven small teams were led by this boy to the place where powerful evil beasts live, and they all died. This time we must be careful."

The moment this master finished speaking, several other masters from the Everhate Demon Sect around him laughed loudly: "Third brother, don't be so inflated with other people's ambitions and destroy your own prestige. The aura just now came from the swamp." Come on, the swamp is recognized as the most desolate place in the wild caves. Not to mention the powerful evil beasts, even some ordinary beasts don't stay there, so don't be afraid. That boy just broke through the cultivation level and leaked it. Our own breath, we now

Hurry up and don't let him get away. "

The moment the master finished speaking, others also echoed and said: "Yes, that kid is dead this time. You must know that we have more than thirty masters united now, which is enough in the entire wild cave. You have conquered everything. Don't worry too much about what kind of conspiracy that kid might use."

At this time, a group of masters from the Everlasting Hatred Demon Sect rushed towards the swamp after finishing speaking.

"Boy, come out quickly! You are dead!"

"This time I will cut you into pieces!"

"We have noticed the aura leaked by your breakthrough. Stop avoiding it. Your only end is death! Hahaha!"

...

At this time, a group of masters from the Ever-Hateful Demon Sect laughed wildly, feeling that Ye Feng must be dead this time.

But it felt like they had just arrived in the swamp.

Suddenly the whole ground began to shake violently.

"what's the situation?"

A group of masters from the Hatred Demon Sect didn't understand what was happening.

Rumble...

But at the next moment, a huge formation suddenly rose up in the boundless divine light.

This huge formation immediately enveloped all the masters of the Everlasting Hatred Demon Sect.

More than thirty masters were all enveloped in this formation, and their expressions suddenly changed.

"Uh-huh!"

At this moment, Ye Feng's figure appeared in the mid-air outside the formation.

A group of masters from the Hateful Demon Sect saw Ye Feng outside the formation, and their faces immediately showed deep murderous intent, and they said loudly: "Little

son! You are finally exposed! This time you're dead! Do you think this formation can withstand the attacks of more than thirty of our masters? It's so ridiculous! "

Ye Feng smiled indifferently and said: "This formation cannot kill all of your more than thirty masters, but what about me?"

"Plus you?"

A group of masters from the Ever-Hateful Demon Sect looked stunned for a moment, then laughed loudly and said sarcastically: "What use can you, a little warrior, do?"

"Boom!"

However, Ye Feng's eyes did not show any fluctuation at this time, he just stretched out his hand and raised it suddenly.

"Boom!"

"Boom!"

A lightsaber that condensed divine light suddenly appeared in this formation, full of terrifying penetrating power and sharpness.

A master from the Everlasting Hatred Demon Sect said: "I can break this small formation with one palm of my hand!"

Boom!

Suddenly at this moment, Ye Feng burst out laughing: "This is just an appetizer!"

"Spiritual veins, inject energy!"

Boom!

Almost at the moment Ye Feng finished speaking, all the energy from the entire mineral vein under the swamp was sucked out, and then injected into the Ten Thousand Swords Spiritual Formation arranged by Ye Feng.

In an instant, thousands of long swords of light were condensed in the entire formation, filled with infinite cutting power.

These lightsabers, which had been blessed by the energy of an entire mineral vein, were so sharp that they seemed to be able to tear the entire sky and earth apart.

Seeing this scene, the more than 30 masters of the Everlasting Hatred Demon Sect, who had originally had sarcastic faces, suddenly showed fear in their eyes!

Chapter 2605 Defeat one by one

Boom!

At this moment, the entire formation was blessed by the energy of the spiritual veins, and infinite divine light suddenly burst out.

At this moment, the infinite divine light suddenly condensed into huge swords, full of terrifying edges, as if they could cut the heaven and the earth.

"boom!"

"boom!"

"boom!"

At this moment, countless divine lights condensed into a terrifying long sword, like thousands of arrows fired in unison, it suddenly bombarded the dozens of powerful men from the Everlasting Hatred Demon Sect below.

"defense!"

At this time, dozens of powerful men from the Everlasting Hatred Demon Sect began to release their own defense methods.

Buzz!

At this moment, defensive light shields appeared in front of each of the powerful men from the Everlasting Hatred Demon Sect.

"Boom!"

"Boom!"

"Boom!"

All the lightsabers hit these defensive light shields one by one, making a deafening sound.

Those defensive masks are shaking violently at this moment.

"What a powerful impact!"

At this time, the faces of dozens of powerful men from the Everlasting Hatred Demon Sect became extremely gloomy.

Because they never expected that a very ordinary formation, blessed with the power of the entire spiritual vein, could explode with such terrifying destructive power. It was really amazing.

At this time, lightsabers were bombarding madly. Even if dozens of powerful men from the Everlasting Hatred Demon Sect released defensive light shields, they could not withstand the terrifying bombardments of lightsabers.

You must know that the bombardment of those lightsabers is composed of energy extracted from the spiritual veins under the ground by the formation. It is the power of nature, almost inexhaustible and inexhaustible.

At this time, dozens of strong men from the Everlasting Hatred Demon Sect were trapped, and it could be said that it was a prisoner's fight.

r\u003e

"We can't just go on like this! Otherwise, when our power is exhausted by this formation, then we will become that kid's living target!"

At this time, a group of powerful men from the Everhateful Demon Sect spoke out one after another, their expressions extremely ugly.

"Brother is right, we can't be trapped like this now!"

Many strong men from the Ever-Hateful Demon Sect spoke out: "Now we can only join forces and use some powerful forbidden techniques to completely destroy this formation. Only in this way can we disintegrate that cunning boy's power." conspiracy!"

At this time, a group of strong men from the Hateful Demon Sect gathered together immediately after discussing, and then released the very rare secret skills they each had.

Boom! !

Almost at this moment, their bodies were all released with jet-black demonic energy.

These demonic energies condensed together and instantly became a very terrifying demonic giant, full of monstrous power, which instantly bombarded the entire surrounding formation.

This demon giant is a terrifying existence condensed by dozens of powerful men from the Everlasting Hatred Demon Sect, so every punch can shake the entire formation.

It seems that the entire formation will be completely shattered in the next moment.

"Um?"

Ye Feng saw this scene outside, and his eyes suddenly showed a hint of surprise.

Unexpectedly, this group of strong men who have always hated the Demon Sect, and their joint attack skills, could actually condense such a powerful Demon Clan giant, full of monstrous brute force.

Ye Feng knew at this moment that he could no longer stand by and watch.

I originally thought that relying on the energy of this formation and spiritual veins,

Being able to exhaust all the strength of this group of powerful men from the Ever-Hateful Demon Sect, and then hunt them down one by one.

But now I can't help but take action.

Boom!

Almost at this moment, Ye Feng immediately released the Nine-Nine Supreme Domain.

The next moment, the Supreme Domain released by Ye Feng suddenly covered all areas of the entire formation, enveloping dozens of powerful men from the Everlasting Hatred Demon Sect.

Ye Feng did not directly deal with that terrifying demon giant, because Ye Feng knew that he was no match for that demon giant.

After all, that demon giant must be very powerful because the dark demonic energy from dozens of powerful men from the Everlasting Hatred Demon Sect was condensed together.

But Ye Feng can break through one by one.

Because Ye Feng knows that although this demon giant is very powerful, it is also because it relies on the strength of dozens of powerful men from the Everlasting Hatred Demon Sect. .??.

If Ye Feng can kill these strong men of the Ever-Hateful Demon Sect one by one now, then the power of this demon giant will become weaker and weaker, and then there will be nothing to fear.

So after Ye Feng had this idea in his heart, he immediately put it into action and directly released the Supreme Domain, covering dozens of powerful men from the Everlasting Hatred Demon Sect.

Boom!

Boom! !

Almost at this moment, eighty-one terrifying supreme energy bodies were condensed in Ye Feng's supreme domain. They were all full of supreme destructive power. They were very terrifying. Dozens of powerful men from the Everlasting Hatred Demon Sect rushed away.

Although these powerful men from the Everlasting Hatred Demon Sect were very powerful, they still felt a little confused under the crazy attacks of eighty-one supreme energy bodies.

"What kind of inheritance does this kid practice? How can he

So many powerful energy bodies were released at once, and each attack was so powerful. How could this be possible? "

"Yes, the inheritance this boy has cultivated has made him a powerful team by himself!"

At this moment, the powerful men who had always hated the Demon Sect all screamed out in surprise and felt deeply shocked, because they never thought that Ye Feng, a seemingly ordinary boy, could actually Being able to release so much powerful energy bodies at once.

This kind of inheritance has almost never been seen by the powerful men of the Everlasting Hatred Demon Sect. It is very magical and special.

Although these energy bodies cannot cause fatal harm to them, they do make them a little confused at this critical time.

"boom!"

And suddenly at this moment, Ye Feng used the power of the space gem to teleport behind a lone strong man from the Everlasting Hatred Demon Sect, and then punched him hard with his fist.

This fist, Ye Feng, combined the power of the brute force gem, and also displayed the secret of the Six Paths of Reincarnation Fist. The power that burst out in an instant was extremely terrifying.

"Pfft!"

The lonely powerful man from the Everlasting Hatred Demon Sect didn't even react. He was suddenly blasted through the head by Ye Feng's fist and died on the spot!

"hateful!!"

Seeing this scene, the other powerful men from the Everlasting Hatred Demon Sect couldn't help but roared angrily.

And with the death of a strong man from the Demon Clan with Everlasting Hatred, the aura of the extremely powerful Demon Clan giant also weakened.

"Sure enough, my method is effective! As long as we can defeat these strong men of the Ever-Hateful Demon Sect one by one, the demon giant will not be a worry!"

At this moment, Ye Feng's eyes suddenly showed excitement, and then he continued to lurk towards the other lonely powerful men of the Everlasting Hatred Demon Sect.

#### Chapter 2606 Escaped

Under Ye Feng's plan at this moment, several lone powerful men from the Everlasting Hatred Demon Sect were quickly killed by Ye Feng.

This made the other powerful men of the Everlasting Hatred Demon Sect extremely angry, but they were helpless.

Because although they have now condensed an extremely powerful demon giant, the demon giant now needs to fight against the power of the entire formation.

And Ye Feng used the power of the space gem to perfectly hide himself in the void. He was so elusive that Ye Feng's specific location could not be found at all.

Moreover, the field released by Ye Feng contains so many supreme energy bodies, which can interfere with the sight of the strong men of the Everlasting Hatred Demon Sect, preventing them from gathering together and forcing them to stay alone.

The entire field was simply in a deadlock. ??

Ye Feng continued to kill at this time, and soon he killed all the powerful men of the Everlasting Hatred Demon Sect on the field.

And with the death of all the strong men from the Everlasting Hatred Demon Sect, the demon giant finally dissipated and completely disappeared from the field.

Because this demon giant is entirely based on the aura and power of the powerful demon sect of Everlasting Hatred. Now that all the powerful demon sects of Everlasting Hatred have been killed by Ye Feng, this demon giant will naturally Disappeared in an instant.

At this time, Ye Feng's eyes were filled with excitement.

Because there were dozens of strong men from the Everlasting Hatred Demon Sect on the field, all of whom were dead, these were huge energy for Ye Feng.

"Swallow!!"

Almost at this moment, Ye Feng immediately released his extremely powerful Devouring Domain.

In an instant, a terrifying dark realm shrouded the entire field.

Then huge amounts of energy were quickly absorbed and injected into Ye Feng's body.

Ye Feng could feel that his power was growing rapidly.

You must know that these dozens of powerful men from the Everlasting Hatred Demon Sect who are chasing Ye Feng are all masters and elites.

Therefore, their skills and energy are very majestic and vast.

Now that Ye Feng had swallowed dozens of them at once, he naturally received a huge improvement.

At this moment, Ye Feng immediately began to erupt with waves of extremely powerful cultivation aura, constantly improving and making breakthroughs.

"boom!"

The second heaven of the unity of all things!

"boom!"

The third heaven of the unity of all things!

"boom!"

The fourth level of the realm of unity of all things!

"boom!"

The fifth heaven of the unity of all things!

"boom!"

The sixth heaven of the unity of all things!

Finally, at this time, Ye Feng's cultivation momentum stopped.

It has to be said that the energy and skill provided by the dozens of powerful men from the Everlasting Hatred Demon Sect present to Ye Feng were so huge that it allowed Ye Feng's cultivation to break through so much at once, which can be said to be huge. Incomparable progress.

At this time, Ye Feng's whole body was exuding a terrifying divine light, and his aura was boundlessly powerful.

There was a divine light in his eyes, like the stars in the sky, looking extremely vast and mysterious.

Ye Feng's aura at this time was extremely terrifying. A satisfied smile appeared on his face and he couldn't help but murmured: "I really made a lot of money this time. I killed dozens of Everlasting Hatred Demons at once." The strong man in the sect has given me a huge breakthrough in my cultivation."

Ye Feng could feel at this moment that his strength was many times stronger than before.

At this moment, Ye Feng exuded soul power and instantly collected the storage rings of dozens of powerful men from the Everlasting Hatred Demon Sect into his own hands, and then quickly left here.

Because Ye Feng knows very well that the huge battle fluctuations caused here are likely to attract other powerful people from the Demon Sect of Everlasting Hatred to come.

However, what surprised Ye Feng was that in the next period of time, Ye Feng did not encounter other strong men from the Everlasting Hatred Demon Sect chasing him in this wild cave.

This made Ye Feng understand immediately. It seemed that all the masters of the Everlasting Hatred Demon Sect who had been tested in this wild cave this time were killed by him.

This made Ye Feng couldn't help but think in his heart, if the super strong people in the Everlasting Hatred Demon Sect headquarters knew about this, they would definitely be extremely angry.

After all, so many masters were lost all at once.

But Ye Feng knew at this time that if he didn't tell this matter, it would never be exposed.

Unless the super strong ones in the Demon Sect of Everlasting Hatred can use some magical treasure to know everything that happened here.

But Ye Feng doesn't want to think so much now, as long as he can get so many benefits from this pursuit. .???.??

In the end, Ye Feng obtained dozens of storage rings belonging to powerful men from the Everlasting Hatred Demon Sect, which contained countless resources and various treasures.

Ye Feng plans to sell all the plundered resources and treasures and exchange them for what he needs.

Next, Ye Feng did not stay in the wild cave.

Because if the most powerful person of the Everlasting Hatred Demon Sect notices the movement here and knows that all the people in the Everlasting Hatred Demon Sect who have experienced in the Savage Cave this time have died, they will definitely be furious and even destroy the entire Savage Cave. All are blocked.

Therefore, Ye Feng did not stay for too long, and soon left the Savage Cave, completely away from here, and flew quickly towards the direction of Tiandao Sect.

Because Ye Feng calculated the time, it had been a long time since he had been out this time, and it was time to go back.

Moreover, Ye Feng needs to dispose of all the resources he has plundered.

Only near the Tiandao Sect, there are some very large trading places that can sell all these resources and then buy what they need.

Ye Feng's speed was very fast, and he left this wild cave in the blink of an eye, completely staying away from this place of right and wrong.

And just when he left the wild cave.

Boom!

High in the sky in the Savage Cave, a large number of powerful men with terrifying auras descended upon them. All of them were emitting magic light and seemed to be full of boundless momentum.

These people are the superpowers who came from the headquarters of the Everlasting Hatred Demon Sect.

Because they suddenly found many soul cards of the masters sent by the Everlasting Hatred Demon Sect in their headquarters, all of them were suddenly shattered, and almost the whole army was wiped out.

This shocked the entire sect.

Therefore, the super strong men in the headquarters of the Everlasting Hatred Demon Sect immediately understood that these masters of the Everlasting Hatred Demon Sect must have encountered some terrible disaster in the wild cave.

So they all rushed over as hard as they could.

But when they arrived at the Savage Caves, they found that the buildings were deserted and nothing existed.

Because before Ye Feng left, he had used space gems to throw all traces of the battle, including the corpses, into the void turbulence in the space cracks.

Therefore, these super strong men of the Ever-Hate Demon Sect could not find out what happened at this moment. They could only roar angrily in the wild cave and then left.

Ye Feng didn't know that he had escaped a disaster at this time. At this time, he had already left the wild cave and came to a huge trading city near Tiandao Sect, preparing to plunder the not-so-clean magic masters from him. All resources are sold.

Chapter 2607 Black Shop

This city is the largest city near Tiandao Sect.

There were many people coming and going, most of them were disciples of the Tiandao Sect, and of course there were many other wandering warriors coming and going.

At this time, after Ye Feng entered the city, the first thing he did was to look for markets or shops that could trade various resources.

Because he now has a lot of resources and treasures from the masters of the Everlasting Hatred Demon Sect.

These things are all treasures in the magic sect, and Ye Feng himself cannot use them. Moreover, the things from the Everlasting Hatred Demon Sect are not easy to use directly and are not very clean, so as not to get into trouble in the future.

So Ye Feng wants to get rid of all these things as soon as possible, and then replace them with what he needs, such as pills to improve his cultivation, or various powerful inheritances, etc.

Ye Feng also lacks a good weapon that can be used continuously. He is also planning to see if he can buy a useful weapon or magic weapon in this city.

Ye Feng quickly found a store.

This store is not very big, but it specializes in purchasing resources and various wealth in the wild forest.

So Ye Feng chose this shop and walked in directly.

When Ye Feng walked into the store, a young man wearing a black robe immediately greeted him, and then said loudly: "Does this young man want to buy something in our store?"

Ye Feng shook his head and said loudly: "I want to sell something."

When the young man heard what Ye Feng said, he immediately nodded and said, "Follow me."

The two of them soon arrived at the deeper part of the store.

Then the young man spoke up and said: "This is the inner hall of our store. It is specially used to purchase some resources. You can take out whatever you want to sell."

Ye Feng nodded and recalled what he was in the wild cave before.

All the various resources obtained through experience, as well as the wealth obtained from the storage ring of the master of the Everlasting Hatred Demon Sect, were all taken out.

These wealth are extremely huge.

So after Ye Feng took it out, the young man's eyes suddenly showed a hint of shock.

He didn't seem to expect that there were so many resources, and they all had to be sold.

Obviously, this young man originally thought that Ye Feng was just an ordinary boy, so he didn't pay too much attention to it, but he was a little shocked when Ye Feng suddenly took out so many resources.

The young man immediately showed a trace of respect in his tone and said loudly: "I can't make the decision on this much wealth alone, and I can't estimate it. I need to ask the elders in our shop to come and take a look."

Ye Feng smiled and said, "Then let your elders come over and take a look. I'm not in a hurry anyway."

The young man crossed his fists and immediately walked towards the interior of the store.

However, after Ye Feng waited for a while, he found that no one came.

Just when Ye Feng was a little confused.

Boom!

Suddenly, around the area where he was standing, several masters with extremely powerful auras rushed towards him, all of them with their faces covered.

Ye Feng's eyes suddenly turned cold, and he couldn't help but said: "I didn't expect it to be a black shop."

boom!

The moment Ye Feng finished speaking, a terrifying and powerful aura of cultivation suddenly erupted from Ye Feng's body.

It is the powerful cultivation level of the Sixth Heaven of the Unity of All Things Realm!

"What? It turns out to be an existence at the level of the unity of all things. Is this kid a peerless genius in the Tiandao Sect?"

At this moment, the few masters who wanted to sneak attack Ye Feng suddenly showed deep horror in their eyes, and they couldn't help but quickly retreat towards the back.

After all, their cultivation is only in the natural realm of Taoism.

But Ye Feng smiled coldly at this time, stretched out his hand, and instantly grabbed all the sneak attack masters in his hands, and then squeezed hard, and instantly grabbed the hands of these masters. The necks were all broken.

But at the next moment, suddenly more experts rushed out of the entire store. Their eyes were full of threats and they said loudly: "Boy, you are dead today. If you want to blame me, blame me." Your wealth has attracted our murderous intent!"

At this moment, many experts appeared in the entire store, and they all swarmed towards Ye Feng.

But facing so many masters, Ye Feng didn't have any fear at all. Instead, his eyes were filled with deep mockery and he said: "A small shop can actually hide so many masters. It seems like you are really..." It's a black shop, and it will kill anyone who has a lot of wealth. Today, I will completely eliminate this black shop, which can be regarded as eliminating harm for the people. "

At this moment, after Ye Feng finished speaking, his extremely powerful Supreme Domain suddenly burst out.

Boom!

Almost at this moment, supreme shadows rushed out of Ye Feng's body, all of which were full of terrifying attack power.

You must know that the supreme realm is constantly improving according to the improvement of Ye Feng's cultivation.

The stronger Ye Feng's own cultivation, the stronger the attack power of the Supreme Shadow he condensed.

big.

So now even though there are many experts in this shop who want to attack Ye Feng together, Ye Feng is not afraid of this so-called crowd tactic at all.

At this moment, after Ye Feng released each of the Supremes, those Supremes immediately vomited blood from the attacks of all the masters rushing around.

"What? Isn't this boy's inheritance too powerful?"

All the experts in the surrounding shop couldn't help but look shocked in their eyes.

They had never seen such a powerful inheritance. It released so many energy bodies with powerful attack power at once. It was like countless clone techniques. It was really terrifying.

So the next battle was simply one-sided. Ye Feng killed all the masters in the entire store by himself.

Boom!

Then Ye Feng released the Devouring Domain, which devoured all the blood and energy of the masters present.

The cultivation level of these masters is not very strong, and most of them are in the ninth level of the Taoist Natural Realm or the tenth level of the Taoist Natural Realm.

So even though there are many masters, after Ye Feng devoured it, his cultivation level did not break through, even to the first level.

It can be seen from this that the energy Ye Feng needs to break through now is extremely powerful.

However, the devouring of these masters finally made Ye Feng's skills deeper. As long as he continued to devour some more, Ye Feng's cultivation would be able to break through again.

At this time, Ye Feng walked to the deep area of the store alone, because his soul force realized that there was a treasure house in this store.

Since this store is a black shop, after Ye Feng has killed all the bad guys in these black shops, he can just search the store's treasure house. After all, he can get nothing for nothing.

## Chapter 2608 Xiao Yun

Arriving at the entrance to the treasure house of this black shop, Ye Feng first saw a huge steel portal standing in front of the treasure house.

"boom!"

Ye Feng punched hard and immediately shattered the door of the treasure house.

At this time, Ye Feng walked directly into the treasure house among countless fragments.

In the treasure house, Ye Feng found a lot of wealth.

These wealth include basically all kinds of precious spiritual stones, divine crystals, as well as many elixirs and armors, etc.

Ye Feng's eyes lit up, and he immediately began to release the storage ring, and put all these things in his own ring.

At this time, Ye Feng also released the Devouring Domain, and accommodated all the elixirs in the treasure house, including some elixirs or heavenly materials and earthly treasures, into his Devouring Domain.

"Rumble..."

At this moment, abundant energy was immediately injected into Ye Feng's body, rapidly increasing Ye Feng's skill and cultivation.

Ye Feng's body suddenly burst out with an extremely powerful aura of cultivation.

That's the momentum of a breakthrough!

"boom!"

The seventh heaven of the unity of all things!

"boom!"

The eighth heaven of the unity of all things!

This time, Ye Feng's cultivation level suddenly broke through two levels, which can be said to be a huge improvement.

At this time, after Ye Feng plundered the entire wealth of this black shop, he walked out of the shop.

But just when Ye Feng left the store, he just walked out the door.

Uh-huh!

A young man wearing a black robe suddenly appeared in front of Ye Feng.

He looked at the miserable dead member inside the store, his eyes suddenly showed deep shock and anger, and he couldn't help but shouted: "Boy! Stop!"

When Ye Feng heard this voice, he immediately looked not far away with doubtful eyes.

He looked at the young man in black robe and couldn't help but said, "Who are you?"

There was deep anger in the eyes of this young man, and he said loudly: "My name is Xiao Yun, and I am the owner of this shop. How dare you, a vicious thief, kill all the masters in my shop when I am not around?" We have all been killed, but for a ruthless person like you to appear in our affiliated city of Tiandao Sect, it is really a huge disaster. I must get rid of you completely today!"

At this moment, Xiao Yun was speaking, his tone full of cold murderous intent.

When Ye Feng heard what Xiao Yun said at this time, he couldn't help but show a look of deep astonishment in his eyes, and then said loudly: "It's the masters in your shop who want to covet my wealth. Let's join forces." They surrounded me, so I killed them all. I didn't take the initiative to plunder the wealth in your shop."

When Xiao Yun heard what Ye Feng said, there was a hint of gloom in his eyes, and then he said aloud: "No matter what the truth is, it is meaningless now, because you have killed everyone in my shop. He was killed. This is a heinous crime and you must pay for it!"

"A heinous crime?"

When Ye Feng heard Xiao Yun speak so resolutely and decisively, he immediately understood that this Xiao Yun would probably do such sneaky things normally.

r\u003e

At this moment, Ye Feng's eyes suddenly became cold and ruthless. He stared at Xiao Yun and said loudly: "I advise you not to provoke me. If you dare to speak to me in this tone again, then I will even kill you." Let's kill together!"

At this moment, Ye Feng's tone was also full of ferocious murderous intent.

Because for Ye Feng, people like Xiao Yun are not worth talking nonsense at all. If he really dares to provoke him, then he will definitely take action forcefully.

After Ye Feng finished speaking, he immediately walked towards the distance.

At this time, Xiao Yun saw that Ye Feng ignored him and left directly.

Xiao Yun's eyes were suddenly filled with deep anger, and he immediately yelled: "Boy! You dare to be so unreasonable to me and kill everyone in my shop. Today I must I'll kill you!"

boom! !

Almost at the moment Xiao Yun finished speaking, Xiao Yun's body suddenly erupted with an extremely powerful aura of cultivation, which was the cultivation of the tenth level of the Great Perfection of the Unity of All Things Realm.

I have to say that this Xiao Yun is definitely very powerful. Although he is not a disciple of Tiandao Sect, his cultivation level is extremely powerful. He has the cultivation level of the Tenth Level of Heavenly Perfection in the Unity of All Things Realm. He is suddenly attacking Ye Feng. And go.

"Get away!"

But at this time, Ye Feng felt the momentum of the attack from not far away, and suddenly punched hard towards the back.

Ye Feng didn't even use any martial arts inheritance for this fist.

Because Xiao Yun is only a little higher than Ye Feng, so to Ye Feng he is nothing more than a weakling.

"Boom!!"

Accompanied by a huge roar, Ye Feng's punch suddenly sent Xiao Yun flying away.

"puff!"

Xiao Yun couldn't bear Ye Feng's fierce punch at all, so he spurted out a mouthful of blood, and then fell hard to the ground in the distance, like a dead dog.

Ye Feng walked directly in front of Xiao Yun, and then showed deep murderous intent in his eyes.

The terrifying murderous intent in Ye Feng's eyes made Xiao Yun's whole body tremble.

Because at this moment, he never thought that Ye Feng had such terrifying strength and was even lower than his cultivation level, but he defeated him in one fell swoop.

At this moment, Xiao Yun couldn't help but exclaimed: "What are you going to do?"

Ye Feng smiled coldly and said: "I told you not to mess with me a long time ago, but you didn't listen to my advice. Now that you mess with me, I will naturally kill you. This is My way of doing things."

When Xiao Yun heard what Ye Feng said, he couldn't help but exclaimed: "You can't kill me. My eldest brother is an inner disciple of Tiandao Sect and a peerless genius. His name is Xiao Yan. You can ask around Ask me, if you kill me, then you will be hunted down by my brother! "

Poof!

But at this time, Ye Feng didn't bother to respond at all, and stepped on Xiao Yun's head directly.

Then Ye Feng released the devouring domain, and immediately devoured all of Xiao Yun's cultivation skills.

As for what Xiao Yun said about his eldest brother Xiao Yan, who was also a peerless genius in Tiandao Sect, Ye Feng didn't care at all.

Because for Ye Feng, even the most powerful genius will eventually be surpassed by him. Arriving at the entrance to the treasure house of this black shop, Ye Feng first saw a huge steel portal standing in front of the treasure house.

"boom!"

Ye Feng punched out hard and immediately shattered the treasure house's door.

At this time, Ye Feng walked directly into the treasure house among countless fragments.

As for what Xiao Yun said about his eldest brother Xiao Yan, who was also a peerless genius in Tiandao Sect, Ye Feng didn't care at all.

Because for Ye Feng, even the most powerful genius will eventually be surpassed by him.

## Chapter 2609 Inner Disciples Looking for Trouble

After Ye Feng killed Xiao Yun, it didn't cause much disturbance, because in this city, all kinds of overt and covert fights and killings in the street happened every day.

So Ye Feng killed Xiao Yun, only to attract the attention of some people around him, and then everyone left one after another, because everyone felt that Ye Feng was a ruthless person who could not be offended at all.

After Ye Feng left this black shop, he quickly found another larger shop and sold all his resources.

Of course, what Ye Feng sells is what he can't use, so he naturally keeps what he can use.

In the end, Ye Feng calculated all the unused resources on his body and sold them all, earning a total of nearly one million high-quality divine crystals.

This made Ye Feng quite happy.

You know, the best divine crystals are more advanced than ordinary divine crystals.

Therefore, Ye Feng can earn one million top-grade divine crystals at once. Whether he uses these top-grade divine crystals to buy something next, or directly absorbs the energy from the top-grade divine crystals, it will have huge effects and benefits.

Next, Ye Feng went directly to other shops and bought a lot of elixirs that could improve his cultivation and strengthen his skills, or some very old elixirs. Then he left the city and returned to Tiandao Sect.

When Ye Feng returned to his residence.

Uh-huh!

Suzaku immediately flew over, looked at Ye Feng, and couldn't help but said: "It seems that you have gained a lot from this trip. Your cultivation has improved so much."

Ye Feng nodded and said with a smile: "This time I went to the Wilderness Cave to provoke a super powerful force, so I killed a lot of strong men and gained a lot of energy, which improved my cultivation. a lot of."

There was a hint of surprise in Zhuque's eyes, and he couldn't help but ask: "What super big man have you offended?"

power? "

Ye Feng said aloud: "The Demon Sect of Everlasting Hatred is the largest sect in the area that can rival Tiandao Sect."

"The Demon Sect of Everlasting Hate?"

A hint of a smile appeared in Suzaku's eyes, and he said aloud: "It is not a super power. The Demon Sect of Everlasting Hatred is just a relatively powerful sect in this area. Compared with the real super overlord power in the center of the God Realm, A piece of cake."

Ye Feng nodded and did not continue talking about this topic. Instead, he asked aloud: "Have you received any news at my residence recently? For example, has my master Leng Qingxue come to see me?"

Zhuque immediately said: "There is no great beauty coming to you, but an outer sect elder notified me and asked me to remind you that the outer sect competition is about to begin. If you want to become an inner sect disciple, you can go directly Participate in the outer gate competition."

When Ye Feng heard what Suzaku said, he immediately shook his head and said: "For the time being, I am not interested in the outer sect competition at all, and I don't want to become a core disciple or an inner disciple of the Tiandao Sect. I am just a member of the Tiandao Sect. In order to use various information and channels in Tiandao Sect to obtain various resources to improve my own cultivation, it is really a waste of time and meaningless to participate in any outer or inner sect competition. "

After Ye Feng finished speaking, he looked at Suzaku and said: "Next, I want to continue to go to the central hall of Tiandaozong to find some information, such as taking over some tasks released by Tiandaozong in various regions. Then I can earn rewards, and You may also get various opportunities while doing tasks. Do you want to come with me? "

Suzaku nodded and said loudly: "Some time ago when you went out, I was bored by myself, so this time I will go with you, maybe I can also

Enough to encounter any kind of immortal fate, and get any kind of good fortune. "

When Ye Feng heard what Suzaku said, he immediately nodded and said, "Then let's go together."

Uh-huh!

Suzaku nodded, and then flew directly to Ye Feng's shoulder.

At this time, Ye Feng walked out of his residence and walked towards the central hall of Tiandao Sect.

When Ye Feng went to get a map in the central hall of Tiandao Sect, he accidentally saw that in the central hall of Tiandao Sect, there were many surrounding forces or families attached to Tiandao Sect, and they would often release some tasks. Use extremely generous rewards to attract many talented disciples of Tiandao Sect to help them complete some things.

Therefore, Ye Feng's purpose this time is to take on some tasks and earn some rewards, so that he can continue to improve his cultivation skills, because Ye Feng knows that cultivation is a very expensive thing.

He was not willing to use the one million divine crystals exchanged by Ye Feng before. After he planned to continue to earn more wealth, he would then purchase some very high-end weapons from the palaces of Tiandao Sect that stored various powerful inheritances. Learn the inheritance and use it for cultivation.

Ye Feng was very fast and arrived at the central hall in a blink of an eye.

When Ye Feng came to the central hall, there were many Tiandao Sect disciples in the entire hall, all watching various tasks.

Because for ordinary disciples of Tiandao Sect, the fastest way for them to earn wealth is to accept various tasks and earn generous rewards.

Ye Feng came to the task wall in the central hall and began to watch each task.

At this time, Zhuque's small body was standing on Ye Feng's shoulder, watching and choosing.

"Are you Ye Feng?"

Suddenly at this moment, two or three Tiandao Sect disciples wearing the clothes of inner disciples came next to Ye Feng.

Ye Feng looked around, with a hint of doubt in his eyes. He couldn't help but ask, "Who are you? Why do you know my name?"

When the inner disciples heard what Ye Feng said, they immediately sneered and said, "Since you admit that you are Ye Feng, then come with us to the inner sect. Senior Brother Xiao Yan wants to talk to you."

"Xiao Yan?"

There was a trace of surprise in Ye Feng's eyes. He didn't expect that Xiao Yan had such vast magical powers and found his trace so quickly.

Ye Feng understood immediately. It seemed that he had killed Xiao Yun in that city, and some people who were observing secretly passed the news and his appearance to Xiao Yan of Tiandao Sect.

But at this time, Ye Feng faced these inner disciples and just said coldly: "If you are just because of this incident, don't let me go there. I don't have time to waste with you. I have to be busy." make money."

After Ye Feng finished speaking, he immediately turned around and continued to select various tasks on the wall to see which one suited him best.

When they saw Ye Feng's attitude, the sneers on the faces of the inner disciples suddenly turned ugly.

They immediately walked up to Ye Feng, and said with a deep cold tone: "Do you think we are inviting you to go? This is ordering you to go to the inner sect with us! Senior Brother Xiao Yan is currently in retreat. We don't have time to trouble you right away, so let us catch you and don't be disrespectful. "

Uh-huh! Uh-huh!

At this time, after these inner disciples finished speaking, they immediately stretched out their hands towards Ye Feng, trying to imprison Ye Feng and take him away by force.

Chapter 2610 Red Flame Dynasty

At this moment, the cultivation levels of the inner disciples who were grabbing Ye Feng were quite powerful.

Each cultivation level is basically the cultivation level of Dzogchen, the tenth level of the realm of unity of all things.

Although these disciples are just ordinary inner disciples, their cultivation is still very good.

At this time, they grabbed Ye Feng, which immediately attracted the attention of many people around the hall.

"Who is this kid? He is wearing the clothes of an outer disciple, and he unexpectedly offended three inner disciples. He is really audacious."

"I guess this kid offended someone in the inner sect, so he was targeted. Looking at the menacing looks of the three inner sect disciples, it's definitely not a good thing."

"Hey, this kind of thing has become commonplace. The inner disciples like to target and bully the new disciples. We can't resist. It's so uncomfortable."

At this time, a group of outer disciples around them spoke out one after another, with anger and sadness in their tone.

And just when everyone thought that Ye Feng was definitely going to be forcibly captured by these inner disciples.

"Get away!"

Suddenly Ye Feng roared, and a huge momentum suddenly burst out from his body.

"boom!!"

The terrifying impact force burst out from Ye Feng's body in an instant, and all of a sudden the several inner disciples who were grabbed from behind were sent flying.

"What?!"

Seeing this scene, the surrounding outer disciples in the main hall had deep horror in their eyes.

They never thought that Ye Feng, a seemingly ordinary new disciple of the outer sect, would have such terrifying strength. In an instant, he would send all three inner sect disciples behind him flying away.

"This kind of strength... is almost comparable to some powerful inner disciples!"

At this moment, everyone around could not help but feel deeply shocked in their hearts.

"impossible!"

"Why is this kid so powerful?"

At this moment, the three inner disciples who were blown away and fell to the ground all had horror in their eyes.

They never thought that the outer sect boy that Senior Brother Xiao Yan asked them to capture would be so powerful.

"hateful!"

At this time, the faces of the three people were very gloomy.

Because the three of them, the dignified inner sect disciples, were knocked away by an outer sect disciple under the gaze of everyone, which was really embarrassing to the extreme.

After all, there are so many people watching around.

"impossible!"

"I don't believe this kid is so powerful."

"This must be an illusion!"

At this time, one of the three inner disciples, a young man wearing a white robe, roared loudly, and a large sword light burst out from his whole body, forming a long river of sword light, and all of a sudden it was directed towards him. The leaves were bombarded by the wind.

"This is... a long river of sword light!"

"This inner disciple seems to be a member of the Sword Qi Palace!"

"Yes, Jianguang River is one of the powerful inheritances of Jianqi Palace."

At this moment, a group of outer disciples around them screamed in shock, with deep horror in their eyes.

Facing the terrifying river of sword light, Ye Feng just smiled coldly and punched away hard.

"Boom!!"

At this moment, Ye Feng's fist suddenly burst out with terrifying energy light, directly blasting the sword light into pieces and shattering it inch by inch.

Then Ye Feng's fist directly shattered the river of sword light, and then hit the inner disciple who was a member of the Sword Qi Palace.

"Pfft!"

At this moment, Ye Feng's fist directly smashed the chest of the inner disciple, and a bloody hole appeared in the impact.

"ah!!"

The inner disciple screamed and fell to the ground, instantly dead.

"What?!"

Seeing this scene, everyone around them had deep horror in their eyes. .??.

Especially the two remaining inner disciples who were looking for trouble were trembling all over. They didn't expect Ye Feng to be so bold and dare to kill people in public.

At this moment, the two remaining inner disciples suddenly showed deep horror in their eyes. They couldn't help but stare at Ye Feng and said loudly: "Boy! You... you actually killed us." partner?"

Ye Feng glanced at him indifferently, smiled coldly, and said loudly: "His attack just now showed a terrible murderous intention. I killed him now. It is considered self-defense. Even if the law enforcement team comes, You can't cure my crime, it's your partner who wants to kill me first."

"you.....!"

Hearing what Ye Feng said, the two remaining inner disciples had extremely frightened eyes and ran away in despair.

Because they were really afraid that Ye Feng would continue to take action and kill both of them.

At this moment, everyone around saw the remaining two inner men.

The disciples ran away in despair, with deep shock in their eyes.

This was the first time they encountered an outer disciple and drove away an inner disciple, and even killed an inner disciple on the spot.

At this time, Ye Feng searched for the storage ring on the inner disciple who was killed by him, then secretly devoured the blood energy, took several mission banners from the wall in front, and left the central hall. .

These tasks were chosen by Suzaku for Ye Feng, so Ye Feng didn't waste time and walked out of the central hall directly.

At this moment, many people in the hall looked at Ye Feng's leaving figure with deep envy in their eyes.

They all hope that with Ye Feng's powerful cultivation, they can compete with the inner disciples.

However, some people sneered: "This kid dared to kill an inner disciple in public, and he was also a member of the Sword Qi Palace. Even if he was in self-defense, the law enforcement team could not do anything to him, but the masters of the Sword Qi Palace would definitely not let him go. His, that Xiao Yan, is a core member of the inner sect, and he will definitely not make it easy for this arrogant new disciple."

...

And while everyone was talking in the central hall, Ye Feng was alone and had left Tiandao Sect and rushed towards the direction of the first mission.

The first task Suzaku chose for Ye Feng was a guard task.

Help a quite powerful dynasty in the northwest region of Tiandao Sect to resist the impact of the wild beast tide.

At this time, Ye Feng was on his way while looking at the specific mission content and details on the mission banner.

"Help the Scarlet Flame Dynasty resist the beast tide in the wild land. After successfully resisting, you will be rewarded: one million top-quality divine crystals, plus a copy of the essence of faith accumulated by the Scarlet Flame Dynasty."
