Chapter 261 The Torrent of Steel

After Ye Feng finished speaking, the entire field fell into silence.

Even everyone in the Sky Poison Sect didn't know how to respond.

Because it was indeed them who designed and framed the Jianzong disciples first.

At this time, an elder from the Sky Poison Sect came out with a gloomy face and said: "Ye Feng, it was our fault before, but you won in the end and didn't die, so why is it so tense? You leave now, how about we not hold you accountable for your recklessness?"

"Hahaha!"

After hearing the words from the Tiandu Sect elder, Ye Feng immediately burst into laughter.

Ye Feng's eyes had a mocking look in his eyes, and he said: "You won't hold me accountable? What a big joke! I came to your door today to hold you accountable! Do you really think you are still that superior super sect? No, In my eyes, it can be destroyed at any time!"

Boom!

After Ye Feng said this, a gap opened between his eyebrows.

"boom!"

The light of the deep sea struck out, like a long river of time crossing the void, and suddenly illuminated the elder of the Sky Poison Sect who spoke.

"ah!!"

Amidst a burst of shrill screams, the elder of the poisonous sect that day suddenly burned all over his body, and then finally turned into a white skeleton and scattered on the ground.

"What?!"

Everyone who saw this horrific scene couldn't help but gasp.

No one in the Tiandu Sect could have imagined that Ye Feng would be so bold.

The elders of the Tiandu Sect killed them as soon as they were told, without any scruples at all.

"superior!"

"Kill this boy together!"

"When has our Tiandu Sect been looked down upon like this? Not even the Great Yan royal family dares to do this to us!"

Every one of the disciples, elders, protectors, etc. of the Sky Poison Sect were furious.

the sound of.

"Are we going to share the same hatred with the enemy?"

Ye Feng suddenly laughed, and his smile was very cold: "I gave you a chance to live, but you didn't know how to cherish it. If this is the case, then I will let you know that the bullshit Tian Du Sect is just a person in my eyes. Something that can be destroyed easily!"

boom!

Ye Feng's whole body suddenly burst into golden light. He fully activated his golden battle body, and two ancient divine rings appeared behind him. His combat power suddenly expanded to a peak, which was extremely terrifying.

At this time, Jian Wushuang also shouted to the hundreds of core disciples behind him: "All Jian Zong's sons, come with me and help Junior Brother Feng eradicate this cancer of the Sky Poison Sect!"

"kill!"

"For Jian Zong!"

"For Senior Brother Feng!"

"For glory!"

All the core disciples of the Sword Sect were so excited that they were trembling all over at this moment.

They felt the blood all over their bodies burning.

After practicing for so many years, they have never done such an earth-shattering thing, directly attacking the top sect in a dynasty.

kill! kill! kill!

At this moment, endless murderous intent erupted on the field, almost tearing the sky apart.

Hundreds of martial arts sects suddenly rushed into the Sky Poison Sect.

The protective formations, heavy defense weapons, etc. were all shattered by such a torrent of steel.

"ah!"

"ah!"

"ah!"

Each and every disciple of the Sky Poison Sect who resisted was crushed and killed.

They roared unwillingly, but it was all in vain.

Because Ye Feng's combat power is so powerful that it's a bit scary.

The strong men of the Poison Sect these days are simply unable to withstand this torrent of steel!

Chapter 262 Lawlessness

At this moment, blood dyed the entire mountain red.

Countless Heavenly Poison Sect disciples were killed in fear.

"I surrender!"

"We surrender!"

The disciples of the Sky Poison Sect could no longer bear this fear, and they actually begged for mercy and tried to surrender.

But at this time, Ye Feng was like an iron-blooded Shura. He said indifferently: "I have given you a chance to escape just now, but you don't know how to cherish it. You naively think that the Sky Poison Sect can still bring you shelter, but you What I don't know is that the Sky Poison Sect has no dignity at all in my eyes. I have already said that I can destroy it at will. "

After Ye Feng's words fell, everyone in the audience fell into deep shock.

They heard the meaning of Ye Feng's words.

That is to kill the entire Tiandu Sect without leaving anyone behind.

Many people immediately yelled at this: "This Ye Feng is really cruel. How can such a person gain a foothold in the spiritual world in the future?"

When Ye Feng heard this, his eyes suddenly showed a deep coldness.

He suddenly reached out and grabbed something in a certain direction around him.

"Boom!"

Suddenly the source energy in the void fluctuated, and a big golden hand suddenly grabbed a very wretched-looking person.

This person is the one who is hiding and talking around.

But he was caught by Ye Feng at this time, and he immediately said in fear: "Ye Feng! I am innocent, you can't kill me!"

Ye Feng smiled coldly and said: "Anyone who disturbs the morale of our army will die!"

Poof!

The moment Ye Feng finished speaking, he used force and crushed the man into pieces.

The scene suddenly fell into dead silence.

Everyone, even those who were observing secretly, did not dare to speak.

This Ye Feng is really like a big devil, lawless and makes everyone feel extremely scared.

However, Ye Feng had no fluctuation in his heart at all.

He originally wanted to kill everyone in the Tiandu Sect.

It's not that Ye Feng is bloodthirsty, but he knows very well that if someone from the Tiandu Sect is let go today, then this person may suffer hardships and practice with hatred in the future. After success, he will eventually become the leader of the entire Sword Sect. Hidden danger.

Therefore, Ye Feng must nip all these hidden dangers in the cradle.

At this time, the entire Tiandu Sect was completely in despair.

They ran frantically towards the depths of the sect.

It seems that he wants to seek help from a powerful being deep in the sect.

"Ye Feng, you have killed so many people from our Sky Poison Sect. You are too presumptuous. Didn't the elders of the sect behind you educate you that some super powerful forces, such as our sects like the Sky Poison Sect, cannot be provoked?"

Suddenly at this moment, a voice full of majesty and age suddenly sounded throughout the Sky Poison Sect.

"This voice? It's that person from the Sky Poison Sect!"

"I didn't expect that after so many years, that person is still not dead, so what level of cultivation and strength has he reached now? It's too scary!"

"The founder of the Sky Poison Sect is not dead. Now Ye Feng is finished, and he actually alarmed that ancient existence!"

Almost at the moment when the old majestic voice fell, the people from all the major forces hidden around the field thought of a certain terrifying ancient existence, and they all screamed in horror.

But at this time, Ye Feng's eyes did not change, and he said to everyone around him: "Don't be afraid, there are people behind us to protect us, just kill, don't leave anyone alive!" At this moment, the blood was stained red. the entire mountain.

They ran wildly towards the depths of the sect.

It seems that he wants to seek help from a powerful being deep in the sect.

"Ye Feng, you have killed so many people from our Sky Poison Sect. You are too presumptuous. Didn't the elders of the sect behind you educate you that some super powerful forces, such as sects like our Sky Poison Sect, cannot be provoked?"

Suddenly at this moment, a majestic and old voice suddenly sounded throughout the Sky Poison Sect.

"This voice? It's that person from the Sky Poison Sect!"

"I didn't expect that after so many years, that person is still not dead, so what level of cultivation and strength has he reached now? It's too scary!"

Chapter 263: Ancestor Sky Poison

"We also have people protecting us!"

Ye Feng said at this time, and everyone in the field immediately became extremely determined in their eyes.

The core disciples of the Sword Sect all vaguely knew that this time Ye Feng set out, the mysterious and powerful Senior Long also came out with them.

So at this moment, even though the founder of the Poison Sect spoke out that day, everyone no longer had any fear and was still killing.

"Too presumptuous!"

Finally, accompanied by an extremely majestic old voice. ??

Boom!

A terrifying aura, like the resurgence of an ancient evil beast, suddenly spread from the depths of the Sky Poison Sect.

That kind of breath is extremely terrifying, like a mountain and tsunami, giving people a deep sense of depression and suffocation.

"Ancestor, help me!"

At this time, countless Tiandu Sect disciples, protectors, and elders were shouting in horror.

"Don't be afraid, I'm here. I haven't been out for so many years. It seems that people in the world have forgotten my illustrious reputation back then!"

In everyone's sight, an old man wearing a white robe walked out.

This old man in a white robe actually looked kind-hearted.

But everyone knows that this old man is the Sky Poison Ancestor who shocked the entire world back then!

The evil reputation of the Sky Poison Ancestor is indeed extremely terrifying.

The moment the old man came out, the whole place was in a state of excitement.

"It's really the Sky Poison Ancestor from back then! This ancient existence is actually not dead yet!"

"Ancestor Sky Poison, that was a terrifying figure who could poison an ancient city to death with just one move."

"Ye Feng actually provoked such an ancient strong man. It seems that all the elite members of the Sword Sect outside Tiandu Sect today will be killed or injured."

The people from the major forces hidden around him couldn't help but talk about it at this time.

It's not that they don't trust Ye Feng, it's that this Sky Poison Ancestor is really notorious and has made people in the world fear him decades ago.

Now that he has come out of seclusion again, no one knows how terrifying this Sky Poison Ancestor is now.

The ancestor of Tiandu stared at Ye Feng at this time, his eyes were extremely cold, and said: "

Little brat, I really don't know where you got the courage to come to my door and kill so many of my disciples. You really deserve to die. None of you will leave today. You will all die at my door. In hand! "

boom!

The Sky Poison Ancestor was speaking harshly when suddenly, at this moment, a huge golden dragon claw appeared in the sky.

The golden dragon claws were extremely majestic, like an ancient heavenly dragon that had been captured across endless time and space.

"Boom!!!"

The terrifying force shattered the entire kilometer of land in one fell swoop.

"impossible!!!"

The Sky Poison Ancestor let out a shrill roar, and his whole body was torn apart by the golden dragon claws, and his body was suppressed into a pool of flesh and blood.

The ancestor of Tiandu died!

"What?!"

At this moment, the entire field suddenly fell into a dead silence.

Even before the ancestor of Sky Poison took action, such a taboo figure was instantly obliterated?

"It's the mysterious and supreme Senior Long in the Sword Sect!"

Someone finally guessed the truth, with a tone of deep amazement.

At this time, Ye Feng looked at the golden dragon claws reaching up to the sky, grabbing the sky and suppressing the world. It was simply powerful to another level.

Just like the great power of ancient times, it reaches the heaven and the earth, and lasts for eternity!

"Is this the true strength of Senior Bai?"

Ye Feng was shocked in his heart.

"Ye Feng, I'm leaving. I'll see you again when I have the chance. By the way, remember to join Poseidon Academy after the Hundred Dynasties War. If you go to Poseidon Academy, you can see me again and I will give you a great blessing."

Suddenly at this time, a voice came from Ye Feng's ear, and it was Bai Yuchen's voice.

He helped Ye Fengzhen kill the Sky Poison Ancestor and then left directly.

Ye Feng knew that Senior Bai had really left this time and left the Great Yan Dynasty.

From now on, everything will depend on yourself.

"This time, we must use all the wealth and treasures of the Sky Poison Sect to crazily improve our cultivation and strengthen our strength!"

Ye Feng secretly thought in his heart, he led a group of core disciples of the Sword Sect and instantly killed towards the deepest part of the Sky Poison Sect. "There are people protecting us too!"

Ye Feng said at this time, and suddenly the eyes of everyone on the field became extremely determined.

The core disciples of Jianzong all vaguely knew that this time Ye Feng set out, the mysterious and powerful Senior Long also came out with them.

Ye Feng secretly thought in his heart, he led a group of core disciples of the Sword Sect and instantly killed towards the deepest part of the Sky Poison Sect.

Chapter 264: Innate Dao Fetus

Without the intimidation of the Sky Poison Ancestor, Ye Feng and the core disciples of the Sword Sect were without any threats or obstacles.

They killed all the way, blood flowed like a river, and directly penetrated the entire Tiandu Sect.

The people from all the major forces who were secretly watching the battle couldn't help but gasp when they saw the tragic situation in the Sky Poison Sect.

They never expected that Ye Feng would come with such force today that he would really destroy the Sky Poison Sect.

You know, the Sky Poison Sect is a super power within the Great Yan Dynasty that can rival the Great Yan Royal Family and the Sword Sect.

But now, it was destroyed in front of everyone's eyes.

"One general's success will cause thousands of bones to wither. Alas, this is the world of cultivation..."

An old man sighed and left, as if he didn't want to read any more.

But there were also many people in the force who stayed put with greed in their eyes.

They knew that when the Sky Poison Sect was destroyed, the entire Sky Poison Sect's treasures and all the accumulation over the past few hundred years would be exposed to the eyes of the world in an instant.

Although no one dares to snatch the wealth of Ye Feng and other Sword Sect disciples now.

But after Ye Feng and the others leave, they can always eat some leftovers from the Sky Poison Sect.

Although it is leftovers, for the top power of a dynasty, even if it is leftovers, it is definitely delicious to ordinary practitioners.

At this time, Ye Feng didn't care what the people around him thought.

The ancestors of Sky Poison have all been killed, and no one will dare to take action in a short time.

So at this time, Ye Feng directly called Flame Girl.

The flame girl, with a graceful figure and a fiery red dress, came from a distance.

Although she has no feelings or sense of belonging to Tiandu Sect.

But now she saw the entire huge Sky Poison Sect destroyed in one day, with everyone killed, she was still a little sad.

"Let's sigh later."

Ye Feng's voice sounded and asked: "Take me to the treasure house that Tiandu Sect has accumulated for hundreds of years."

"Yes, Master."

Naturally, the flame girl did not dare to disobey in any way.

To be honest, the sudden destruction of the Sky Poison Sect made the Flame Girl feel a lot more relaxed.

After all, she betrayed the entire Sky Poison Sect. If the Sky Poison Sect was not destroyed, she would be endlessly hunted by the powerful men of the Sky Poison Sect.

But now it's better, Ye Feng has killed everyone in the Sky Poison Sect, completely solving the Flame Girl's worries.

As soon as she thought about this, the flame girl stared at Ye Feng with her beautiful eyes. She never thought that this young man in black had really created a miracle.

Previously in the ancient ruins, when Ye Feng said that he wanted to destroy the entire Sky Poison Sect, everyone thought it was ridiculous.

But who could have imagined that in just a few days, Ye Feng would actually destroy the Sky Poison Sect after walking out of the ancient ruins.

At this time, Flame Girl finally understood the difference between the Sky Poison Sect, the Great Yan Dynasty and the Sword Sect.

That is the top most powerful one!

That Senior Long from the Sword Sect instantly killed the Sky Poison Ancestor with one move.

The towering and majestic golden dragon claws from before really shocked the flame girl beyond measure.

The kind of power that belongs to the strongest is really frightening and suffocating.

While the Flame Girl was thinking secretly, she and Ye Feng had arrived deep into the Sky Poison Sect.

At this time, everyone was standing in front of a majestic mountain.

This mountain looks no different from an ordinary mountain.

But at this moment, the flame girl waved her hand fiercely, and a powerful force immediately shattered the mountain wall in front of her, revealing a huge hollowed-out space inside, with boxes of weapons stacked up. Stones, armor, treasures from heaven and earth, etc.

The most eye-catching thing is that in the center of this hollowed-out mountain, there is a human-shaped stone tire.

This human-shaped stone body exudes a sacred colorful light anytime and anywhere.

"Innate Dao Fetus!"

Shang's startling voice suddenly sounded in Ye Feng's mind. Without the intimidation of the Sky Poison Ancestor, Ye Feng and the core disciples of the Sword Sect were without any threats or obstacles.

They killed all the way, blood flowed like a river, and they directly penetrated the entire Sky Poison Sect.

This human-shaped stone body exudes a sacred colorful light anytime and anywhere.

"Innate Dao Fetus!"

Shang's alarming voice suddenly sounded in Ye Feng's mind.

Chapter 265 Majesty

"Innate Dao embryo?"

There was a hint of doubt in Ye Feng's eyes.

But seeing the old demon dragon being so excited, he immediately understood that the humanoid stone body exuding colorful divine light must be an extremely precious thing.

You have to know that this old demon dragon has lived for endless years and his vision is extremely high.

Since Ye Feng met Shang until now, he has rarely seen such an expression on the old demon dragon.

It's not a particularly precious thing. There's no movement at all from this old demon dragon.

But now listening to the extremely surprised voice in his mind, Ye Feng suddenly rushed into the mountain.

The first thing he did was to put the human-shaped stone body that exuded colorful divine light into his storage spirit ring.

When everyone saw this scene, they did not show any jealous expression.

Because they knew very well that the victory over the Sky Poison Sect was almost entirely due to Ye Feng alone.

They were able to follow Ye Feng, and with Ye Feng achieving such great achievements, they were already very satisfied. This was a big move that could leave a name for eternity.

So even if Ye Feng took away all the treasures from the Zhongtian Poison Sect in the entire mountain, they would not say anything more. Instead, they felt that this should be the loot that Ye Feng deserved.

However, Ye Feng spoke up at this time: "Leave all the spiritual stones, heavenly materials, and earthly treasures to me. I will accumulate cultivation and refine breakthroughs. As for other weapons, armors, etc., all the brothers and sisters Let's split it evenly!"

Ye Feng's voice was very loud. After hearing it, everyone on the scene showed deep excitement and excitement in their eyes.

They knew that following Ye Feng through life and death, Ye Feng would not treat them badly.

Ye Feng also smiled slightly at this, because he was not

We need these low-level weapons, armors, martial arts secrets and so on.

It's just right to distribute these things to everyone and win people's hearts.

Although the Sky Poison Sect was destroyed.

But Bai Yuchen also left.

Ye Feng's great enemies now have to deal with them on their own.

His biggest concern is Long Zhetian, who doesn't know where to recover from his injuries.

Ye Feng still attaches great importance to this person.

So now he only needs to win over the hearts and minds of the countless core disciples of the Sword Sect. When the time comes that everyone is united, Long Zhetian's power in the Sword Sect will be destroyed by him step by step.

Thinking of this, Ye Feng's lips suddenly revealed a confident smile.

He looked at the entire mountain treasure house, and two black swallowing whirlpools appeared in his hands.

Wherever he passed, all the spiritual stones and heavenly materials and earthly treasures were immediately devoured by all their spiritual energy and turned into a ball of powder.

At this moment, Ye Feng has achieved a strong level of cultivation, and he has become a trend in the three-acre land of the Great Yan Dynasty.

Therefore, Ye Feng didn't even bother to hide his devouring ability in front of everyone at this time, and directly began to absorb energy and strengthen his cultivation.

Although many disciples were talking slightly when they saw this scene.

But Ye Feng's current majesty is like a god in the eyes of everyone. Everyone just talks about it and does not dare to have negative emotions such as suspicion or accusation in their hearts.

At this time, the flame girl's beautiful face was already filled with deep awe.

She now completely regards herself as Ye Feng's most loyal servant.

Even Flame Girl felt that if she continued to follow a terrifying figure like Ye Feng, she might achieve achievements that she could not even imagine before. "Innate Dao Fetus?"

There was a hint of doubt in Ye Feng's eyes.

But seeing the old demon dragon being so excited, he immediately understood that the humanoid stone body exuding colorful divine light must be an extremely precious thing.

You have to know that this old demon dragon has lived for endless years and his vision is extremely high.

Since Ye Feng met Shang until now, he has rarely seen such an expression on the old demon dragon.

It's not a particularly precious thing. There's no movement at all from this old demon dragon.

But now listening to the extremely surprised voice in his mind, Ye Feng suddenly rushed into the mountain.

The first thing he did was to put the human-shaped stone body that exuded colorful divine light into his storage spirit ring.

When everyone saw this scene, they did not show any jealous expression.

Because they knew very well that the victory over the Sky Poison Sect was almost entirely due to Ye Feng alone.

They were able to follow Ye Feng, and with Ye Feng achieving such great achievements, they were already very satisfied. This was a big move that could leave a name for eternity.

So even if Ye Feng took away all the treasures from the Zhongtian Poison Sect in the entire mountain, they would not say anything more. Instead, they felt that this should be the loot that Ye Feng deserved.

However, Ye Feng spoke up at this time: "Leave all the spiritual stones, heavenly materials, and earthly treasures to me. I will accumulate cultivation and refine breakthroughs. As for other weapons, armors, etc., all the brothers and sisters Let's split it evenly!"

Ye Feng's voice was very loud. After hearing it, everyone on the scene showed deep excitement and excitement in their eyes.

They knew that following Ye Feng through life and death, Ye Feng would not treat them badly.

Ye Feng also smiled slightly at this, because he was not

These low-level weapons, armors, martial arts secrets, etc. are needed.

It's just right to distribute these things to everyone and win people's hearts.

Although the Sky Poison Sect was destroyed.

But Bai Yuchen also left.

Ye Feng's great enemies now have to deal with them on their own.

His biggest concern is Long Zhetian, who doesn't know where to recover from his injuries.

Ye Feng still attaches great importance to this person.

So now he only needs to win over the hearts and minds of the countless core disciples of the Sword Sect. When the time comes that everyone is united, Long Zhetian's power in the Sword Sect will be destroyed by him step by step.

Chapter 266 Shouldn't exist in the world

At this moment, Ye Feng was devouring heavenly materials, earthly treasures, spiritual stones, etc. with all his strength, all of which turned into a long river of energy and rushed into Ye Feng's body.

Ye Feng immediately felt the huge energy filling his body, flowing through his limbs and bones, roaring!

"The Sky Poison Sect has accumulated over hundreds of years, I will swallow it all today!"

There were crazy thoughts in Ye Feng's eyes.

He increased his devouring power.

Bang!

The Creation Oven suddenly appeared behind him, and black swallowing vortices began to appear, like a dozen engines, running crazily.

At this moment, Ye Feng felt that his cultivation was growing rapidly and terrifyingly.

"boom!"

"Four Steps of Martial Lord!"

"boom!"

"Five-step Martial Master!"

"boom!"

"Six-step Martial Lord!"

...

At this moment, Ye Feng's cultivation level continued to make breakthroughs.

Every breakthrough is accompanied by an extremely terrifying energy fluctuation that spreads to the surroundings.

Click, click, click!

The surrounding mountains, rocks, and earth were all cracked with cracks.

This terrifying scene shocked many of the core disciples of the Sword Sect around them.

But the most shocking thing is Ye Feng's terrifying breakthrough speed.

This is equivalent to continuous breakthroughs in an instant.

You know, it is extremely difficult for Ye Feng to break through to the martial master level.

Many so-called geniuses, at the martial master level, may not be able to break through to the first level even if they stay in seclusion for several months, or even half a year or several years.

But now, Ye Feng has continued to suddenly

He has broken several levels, and his momentum is still growing.

"Senior Brother Feng is practicing a legendary forbidden technique?"

At this time, many Sword Sect disciples had shock in their eyes and couldn't help but speak out.

But at this time, the most shocking thing was Jian Wushuang.

Because he is the only martial master in the audience besides Ye Feng.

He is in the Martial Master Realm and knows very well how difficult every breakthrough in the Martial Master Realm is.

But Ye Feng still broke through so quickly.

"He is transforming all the hundreds of years of accumulation of the Sky Poison Sect into his own cultivation."

At this time, the flame girl's beautiful eyes were full of horror.

At this time, she finally understood why Ye Feng had been asking her where the Tiandu Sect's treasure house accumulated over hundreds of years was.

It seems that what Ye Feng wants most from destroying the Sky Poison Sect is the accumulation of the Sky Poison Sect over the past few hundred years.

But it's different from others.

If someone else destroyed the Sky Poison Sect, they would definitely take all the huge accumulated wealth of the Sky Poison Sect over the past few hundred years back and store it away.

But Ye Feng was able to refine it all on the spot and swallow it all.

His body is like a big oven of heaven and earth, able to accommodate thousands of forces and integrate all the energy into his body to become his own strength and cultivation.

"This kind of skill should not exist in the world."

At this time, Jian Wushuang and Flame Girl couldn't help but look at each other, and both could see the shock in each other's hearts.

"boom!"

At this moment, Ye Feng suddenly roared.

His cultivation level, at this moment, entered the realm of Seven-Step Martial Master!

"horrible."

Everyone was shocked by the final result. At this moment, Ye Feng was devouring heavenly materials, earthly treasures, spiritual stones, etc. with all his strength, all of which turned into a long river of energy and rushed into Ye Feng's body.

Ye Feng immediately felt the huge energy filling his body, flowing through his limbs and bones, roaring!

He is in the Martial Master Realm and knows very well how difficult every breakthrough in the Martial Master Realm is.

Chapter 267 Small Place

Although everyone was shocked by Ye Feng's cultivation talent and breakthrough speed.

But thinking of Ye Feng's previous brilliant achievements, everyone has become somewhat accustomed to it.

If Ye Feng hadn't shown such a monster's cultivation talent, maybe they would have felt that everything was abnormal.

At this time, Ye Feng made continuous breakthroughs and stepped into the Seven-Step Martial Master.

He could feel that the power in his body at this time had increased many times compared to before.

"Boom!"

Ye Feng punched into the distance, and a golden fist wind suddenly appeared in his fist. The fist wind blew into the sky and instantly turned into a strong wind like a tornado, blowing away a large area of mountains in the distance. All the mountain peaks were shattered by the bombardment.

Boom!

Boom!

The mountains collapsed, the earth shattered, and the scene was extremely horrifying.

"What a terrifying power."

Everyone around looked at the terrifying and destructive scene in the distance and couldn't help but gasp.

Ye Feng's current destructive power is really terrifying.

Moreover, the most shocking thing is that this is just a random punch from Ye Feng.

If Ye Feng were at full strength now, how powerful he would be.

It is estimated that even the top old monster cultivators of the Great Yan Dynasty would be stifled.

At this time, Jian Wushuang was still a little worried about the threat Long Zhetian posed to them.

But now, this sense of threat disappeared in Jian Wushuang's heart in an instant.

Now Jian Wushuang's only worry is the forces behind Long Zhetian.

Jian Wushuang is the disciple of the sect leader. He knows that Long Zhetian's identity is very unusual. He comes from a high position in the Southern Territory.

An overlord and a transcendent force at the top of the pyramid, the Holy Ancestor Dynasty!

In the southern land, there are four major overlord forces, namely Poseidon Academy, Saint Ancestor Dynasty, Taixuan Sword Sect, and Nether Demon Sect.

Among them, Poseidon Academy is uncontested and can be regarded as the holy land of martial arts in the Southern Region. It has disciples all over the world. Many strong men from other major overlord forces have studied at Poseidon Academy.

The Holy Ancestor Dynasty has always been ambitious and the most majestic among the four major forces. It has always attempted to dominate the entire Southern Territory.

Taixuan Sword Sect and Nether Demon Sect are super large sects. The power in the sects is not as centralized as that of the Holy Ancestor Dynasty, but both sects are powerful forces with tens of thousands of years of history inherited from ancient times. , has a profound foundation, and ordinary forces dare not provoke it at all.

Although Jianzong is a branch of Taixuan Jianzong in the Great Yan Dynasty.

But Long Zhetian's status in the Holy Ancestor Dynasty seemed to be very unusual.

Although he did not dare to really use all the power of the Holy Ancestor Dynasty behind him.

But it is still very possible to find a few masters from the Holy Ancestor Dynasty to suppress the situation.

So this is what Jian Wushuang has been worried about.

Although Ye Feng's current combat power is indeed terrifying, he is still respected in the Great Yan Dynasty.

The outside world is too big, and the entire Southern Territory is too big, with countless super strong people.

After all, their Great Yan Dynasty is just a small place on this land.

Jian Wushuang looked at the peerless Ye Feng, and a deep fighting spirit began to burn in his heart.

After he returns to the sect this time, he will prepare to enter the overlord force Taixuan Sword Sect.

Because the Sword Sect, as a branch of the Taixuan Sword Sect, has an opportunity to recommend new members of the sect to join the sect every five years, there is no need to participate in the Hundred Dynasties War. Although everyone was shocked by Ye Feng's cultivation talent and breakthrough speed.

Chapter 268 The eternal pain in my heart

After Ye Feng completed his training, his strength increased greatly.

At this time, the core disciples of the surrounding Sword Sect were quickly snatching away the hundreds of years of accumulation of the Sky Poison Sect.

"Huh? Boy Ye Feng, you are walking towards the deepest part of this mountain. I feel some unusual atmosphere there."

At this time, Shang's voice suddenly sounded in his mind.

Ye Feng nodded and walked in the direction Shang said.

When Ye Feng reached the deepest space inside the mountain, it was already empty.

At this time, an ancient sculpture of a god appeared in front of Ye Feng.

The face of this god sculpture has been blurred, but standing there, although it is a sculpture, it gives people a sense of mystery and vicissitudes of life.

"Owner."

The flame girl's voice suddenly sounded, and she followed Ye Feng's back and arrived here unknowingly.

The flame girl stared at the ancient sculpture of the gods at this time, with awe in her tone, and said: "Master, this is the forbidden area of Sky Poison Sect. Master, it is better not to take risks. It is said that there are strong men at the level of Martial Lord in Sky Poison Sect who do not believe in evil. , wanted to forcefully break into the forbidden area behind the god sculpture, but an unknown thing happened on the spot in an instant. In the witness of countless people, the powerful Martial Master was directly covered with dense black hair, and the black hair was like a vicious demon. Like a snake, it sucked out all the life force of a strong martial artist in half an hour, causing him to die instantly."

At this time, the flame girl was speaking, and a hint of terrifying chill could not help but appear in the air.

But at this time, Ye Feng's eyes had a hint of indifference.

"What gods, what unknowns, these so-called curses are all broken! I'm not afraid!"

Ye Feng's eyes were extremely cold, and he punched the so-called god sculpture instantly with brute force.

Shattered!

Boom!

Click!

The statue of the god suddenly shattered into pieces and shattered into pieces all over the sky.

"This is disrespectful, Master..." When the flame girl saw this scene, she couldn't help but show fear in her beautiful eyes.

Ye Feng's eyes had an eternal loneliness at this time.

In his last life three thousand years ago, he suffered miserably from the body cursed by God.

If he hadn't been cursed, his father wouldn't have risked going to the sky to find the magic elixir to extend his life.

If the father had not been seriously injured from the sky because of himself, then Prime Minister Gu Tongtian would not have dared to commit such a crime.

The great reason for the collapse of the Creation Dynasty was because of this weak crown prince!

Therefore, this is the eternal pain in Ye Feng's heart!

He worked so hard, fought so hard, and was so cruel to himself in this life just to make up for the huge regrets in his previous life.

So when Ye Feng heard what kind of curse or ominous thing the Flame Girl said, he was immediately furious.

"In this life, my fate is up to me!"

"What bullshit gods, what bullshit curses and omens, as long as I am strong enough, I can crush everything!"

Ye Feng spoke word by word, and every word and every sentence sounded treasonous to the Flame Girl.

But the unparalleled and powerful martial arts will revealed in Ye Feng's tone at this moment was like killing a god, making the flame girl feel hesitant again.

She suddenly felt that the Ye Feng in her eyes at this moment was disrespectful to God and Buddha, and his words were overbearing and could kill gods. Although he was rebellious, he was so fascinating.

For a moment, the flame girl was a little crazy... After Ye Feng completed his training, his strength increased greatly.

At this time, the core disciples of the surrounding Sword Sect were quickly snatching away the hundreds of years of accumulation of the Sky Poison Sect.

"Huh? Boy Ye Feng, you are walking towards the deepest part of this mountain. I feel some unusual atmosphere there."

She suddenly felt that the Ye Feng in her eyes at this moment was disrespectful to God and Buddha, and his words were overbearing and could kill gods. Although he was rebellious, he was so fascinating.

For a moment, the flame girl was a little crazy...

Chapter 269 Vigorous

What Ye Feng said at this time was not pretending to be profound, but he really spoke from the bottom of his heart.

Three thousand years ago, because of his cursed body, his family and country were destroyed, and his father was imprisoned for three thousand years. He may still be suppressed by the Tongtian Divine Dynasty today.

That's why Ye Feng tried his best to improve his cultivation and strength.

Only those who are powerful enough to rival those real gods, or even surpass them, can they end all the grudges and grudges from three thousand years ago.

As soon as he thought about this, Ye Feng looked at the forbidden area at the end of the god's sculpture that he had smashed, and immediately walked towards it.

Although the flame girl's eyes were full of fear, she finally gritted her teeth and followed.

Because now is the time to show your loyalty.

Moreover, in addition to yielding to Ye Feng's powerful power, as the time she spent in contact with Ye Feng became longer and longer, Flame Girl felt more and more that this young man in black had a subtle personality charm that made people around him unbearable. I want to follow him.

In the forbidden area of Tiandu Sect, the air was so cold that it made people's blood freeze.

Layers of ice appeared on the surrounding ground.

In this forbidden area, there is a huge underground world. The rock walls above are extremely towering, like the unreachable sky.

Ye Feng was walking at this time, and he suddenly saw huge ice sculptures appearing at the end of the distance.

"Um?"

Ye Feng's eyes lit up and he immediately flew away into the distance, and the Flame Girl immediately followed.

When they got closer, both Ye Feng and Flame Girl showed a trace of shock in their eyes.

Because the ice sculpture is not an ordinary ice sculpture, but a strange ancient creature frozen in the ice.

There are huge humanoid creatures with black wings growing on their backs, majestic dragons with green scales all over their bodies, and nine-headed phoenix birds that look like the sun is burning in the ice...

The creatures that could compete for hegemony over the earth in ancient times are now frozen in the ice area of this forbidden land.

"Did a huge crisis, a natural or man-made disaster, happen here? It actually froze all these powerful and terrifying ancient evil beasts in an instant, and I don't know if any of them died?"

Ye Feng murmured and asked in his mind: "Shang, what do you think?"

Shang was silent for a moment, and said in a heavy tone: "There is indeed something strange and terrifying in this forbidden area, but Ye Feng, your martial arts heart is as strong as steel, so you don't need to be too afraid of these ethereal things, and since you have already entered, Then you don't have to leave empty-handed. Even if you, Ye Feng, are in trouble, you still have to gain something, otherwise it will be a huge loss."

When Ye Feng heard what Shang said, he said speechlessly: "Look at what you said, it seems like you are deliberately cursing me, but you are right about one thing, that is, you have come, but you can't leave empty-handed."

After saying that, Ye Feng smiled and immediately stretched out his hand and grabbed the nearest ice sculpture beside him.

"boom!"

A big golden hand appeared and suddenly held a huge ice sculpture.

In the ice sculpture, there is a black humanoid creature with four wings frozen in the ice.

"Crack!"

Ye Feng's current power is so terrifying that even he himself doesn't quite know what kind of terrifying brute force he has now.

So almost at this moment, the ice sculpture was pulled out of the ground by Ye Feng.

Then, Ye Feng directly put the ice sculpture into his storage ring.

"It's too fierce!"

When the flame girl saw this scene, the corners of her mouth twitched slightly.

Back then, many of the sect leaders and elders of their Tiandu Sect regarded these frozen creatures in this forbidden land as gods, and were in awe of them, even burning incense and paying homage.

But now, Ye Feng is like pulling out a carrot, putting each ice sculpture into his storage ring, as if he is plundering his own trophies.

"I finally understand why the master keeps making such great progress. Sometimes it's really because of his mentality."

The flame girl murmured with a wry smile. What Ye Feng said at this time was not pretending to be profound, but he really spoke from the bottom of his heart.

Three thousand years ago, because of his cursed body, his family and country were destroyed, and his father was imprisoned for three thousand years. He may still be suppressed by the Tongtian Divine Dynasty today.

"Crack!"

Ye Feng's current power is so terrifying, even he himself doesn't quite know what kind of terrifying brute force he has now.

So almost at this moment, the ice sculpture was pulled out of the ground by Ye Feng.

Then, Ye Feng directly put the ice sculpture into his storage ring.

"It's too fierce!"

When the flame girl saw this scene, the corners of her mouth twitched slightly.

Back then, many of the sect leaders and elders of their Tiandu Sect regarded these frozen creatures in this forbidden land as gods, and were in awe of them, even burning incense and paying homage.

But now, Ye Feng is like pulling out a carrot, putting each ice sculpture into his storage ring, as if he is plundering his own trophies.

"I finally understand why the master keeps making such great progress. Sometimes it's really because of his mentality."

The flame girl murmured with a wry smile.

Chapter 270 Nine-Headed Phoenix Bird

Boom!

Boom!

Along with bursts of roaring sounds, the ice sculptures containing ancient creatures were all captured by Ye Feng.

Now he is willing to risk everything, and he doesn't care about taboos and unknowns. He wants to get some benefits first.

As Ye Feng put all the ice sculptures into his storage ring, the flame girl discovered that the cold atmosphere in the Tiandu Gate was getting weaker and weaker.

At this time, Ye Feng also discovered this.

But he had no time to care about anything now. He just frantically put the ice sculptures into the storage ring one by one.

These frozen ancient creatures, whether dead or alive, contain extremely huge life breath, ancient demonic essence, and various powers.

Ye Feng knew very well that he had just devoured the hundreds of years of accumulation of the Sky Poison Sect and had only allowed himself to break through the fourth level in the realm of Martial Lord. .??.

This speed is simply too slow!

You must know that if all the spiritual stones and elixirs accumulated by the Sky Poison Sect for hundreds of years were used by an ordinary warrior, it might be possible to accumulate that warrior directly to the powerful level of the magical power realm on the realm of the Martial Lord.

But after Ye Feng devoured them all, he only broke through to the Seven-Step Martial Lord.

Ye Feng knew that the consequence of having a combat power that far exceeded that of warriors of the same level was that a breakthrough required a huge accumulation of energy.

And this need will become more and more terrifying as his cultivation becomes stronger and stronger.

That's why Ye Feng decided to install all these ice sculptures regardless of taboos and unknowns.

In each of these ice sculptures, there is an ancient powerful creature sealed in ice.

If the power of the ancient creatures in this ice sculpture could be stolen, then for Ye Feng, he would suddenly have no worries.

Ye Feng did the math. Just a moment ago, he had already collected nearly dozens of ice sculptures.

This is like dozens of great tonic medicines. It is a huge treasure for Ye Feng.

At this time, Ye Feng collected the last ice sculpture.

What is frozen in this ice sculpture is the mysterious nine-headed phoenix bird that Ye Feng saw for the first time before.

The feathers all over the body of this nine-headed phoenix bird were all red, and each one seemed to be burning with flames.

Although it is covered in ice, when you get closer, it gives people an extremely hot feeling, like being baked by divine fire.

At this time, the flame girl looked at the nine-headed phoenix bird and walked forward with some fascination. She stretched out a jade-like hand and pressed it on the ice sculpture.

Buzz!

Almost at this moment, streams of crimson energy flowed out of the ice sculpture and merged into the palm of the flame woman.

"Master, I feel that my cultivation power is getting stronger quickly. The red energy flowing out of this ice sculpture feels very advanced. I have never felt such advanced energy before."

At this time, the flame girl couldn't help but speak out.

Her body began to glow with layers of crimson light.

Ye Feng's eyes were a little strange. Seeing this scene, he didn't do anything, he just watched.

Because Ye Feng knew that this was probably a great opportunity for the Flame Girl.

The flame girl was hesitant and couldn't help but look at Ye Feng beside her with her beautiful eyes, and said with awe: "Master, can I accept this inheritance?"

In Flame Girl's heart, all the wealth in these forbidden areas should belong to Ye Feng.

Moreover, the flame girl had seen before that Ye Feng was very fascinated by these ice sculptures. These ice sculptures must be of great help to Ye Feng.

Seeing the obedient look of the flame girl, Ye Feng couldn't help but smile and said: "Just accept the inheritance with peace of mind. You are my subordinate and my person. When you become stronger, it is also good for me." "

Is it my person?

When the Flame Girl heard Ye Feng speaking so affectionately, her pretty face turned slightly red.

But the next moment she nodded vigorously and said: "Master, I understand, I will accept the inheritance well!" Boom!
