Chapter 2611 Princess Huo Linger

This guarding task against the beast tide was almost tailor-made for Ye Feng.

After Suzaku saw this mission in the mission hall, he chose it almost instantly.

Because Suzaku now knows Ye Feng very well.

Ye Feng wanted to improve his cultivation strength as soon as possible, so he naturally had to continuously devour all kinds of blood energy and skills.

Among the beast tide, there are countless powerful evil beasts, which can bring huge blood energy supplement to Ye Feng.

At this time, Ye Feng's eyes suddenly lit up when he looked at the mission content on the mission banner in his hand.

Whether it is millions of top-quality divine crystals or the essence of faith from a dynasty like the Red Flame Dynasty, they are all good things.

And Ye Feng knew that the beast tide was of great benefit to him.

At this time, Ye Feng looked in a certain direction not far away, and his speed suddenly accelerated.

Because according to the time stipulated in the mission, countless evil beasts and monsters in the wild lands outside the Red Flame Dynasty are beginning to get ready to move.

It is estimated that there will be a wave of beasts coming soon.

So Ye Feng needs to speed up his speed.

On the way, in order to make it safer for him to resist the beast tide in the Scarlet Flame Dynasty, Ye Feng was cruel and devoured all the one million divine crystals he had earned from that city, absorbing the pure energy of heaven and earth from all the divine crystals.

This allowed Ye Feng's cultivation to break through two heavens in a row, and he suddenly reached the tenth heavenly perfection state of the unity of all things.

At this time, Ye Feng broke through to the tenth heavenly perfection state of the unity of all things, and immediately felt much safer.

Because Ye Feng knew very well that he would definitely encounter various dangers when he went to resist the beast tide this time. After all, the reward was so generous, and the risk must be extremely high.

Moreover, this time Ye Feng was invited by the Scarlet Flame Dynasty as a master to protect the entire dynasty.

Feng could no longer fish in troubled waters among countless strong men. He had to guard the border city of the Red Flame Dynasty.

Therefore, Ye Feng needs to improve his cultivation strength as much as possible to avoid trouble when he overturns.

Ye Feng's speed was very fast, but in just a few days, Ye Feng had reached the first mission point, which was the Scarlet Flame Dynasty, while rushing with all his strength.

The Red Flame Dynasty is not a mortal dynasty, but a spiritual dynasty with many powerful warriors in it.

When Ye Feng arrived at the Red Flame Dynasty, he did not deliberately hide his cultivation aura.

Because this time Ye Feng came specifically to complete the task in an honest manner, not to do some sneaky things.

At this moment, Ye Feng exuded a powerful aura, appearing like a majestic mountain in the sky above the Scarlet Flame Dynasty.

That powerful aura suddenly arrived, making everyone in the entire Red Flame Dynasty nervous.

Many residents of the Scarlet Flame Dynasty looked up at Ye Feng high in the sky, with deep horror in their eyes.

They didn't understand why the suddenly calm Scarlet Flame Dynasty suddenly had such a powerful existence descending upon them. It was like a young god standing high in the sky, giving people a terrifying feeling.

at this time.

Uh-huh! Uh-huh! Uh-huh!

Suddenly, soldiers wearing golden armor flew out of the entire imperial city of the Scarlet Flame Dynasty. They were all fully armed and rushed to the sky, surrounding Ye Feng. There was a look in his eyes. They are all full of vigilance.

The leader, an armored middle-aged man, drew out the long knife from his waist and spoke with murderous intent.

Soaring to the sky, he stared at Ye Feng who was not far away, and said loudly: "The imperial city of the Scarlet Flame Dynasty does not tolerate idlers and others. Please leave as soon as possible, otherwise you will not be able to bear the consequences."

Ye Feng heard this, his face was still very calm, he just smiled slightly, took out the mission banner of the Scarlet Flame Dynasty from the storage ring, and said aloud: "I am a disciple of Tiandao Sect, and I am here to help your Scarlet Flame Dynasty resist the beasts. tide."

"Disciple of Tiandao Sect?"

After Ye Feng finished speaking, many Red Flame Dynasty guards stared at the mission banner in Ye Feng's hand. It was indeed issued by their Red Flame Dynasty.

Everyone looked relieved.

It turned out to be a disciple of Tiandao Sect!

No wonder it's so powerful. .??.

At this moment, the armored middle-aged man who was the leader immediately flew in front of Ye Feng. He couldn't help but clasped his fists and said: "It turns out that you are a high disciple of Tiandao Sect! Please atone for your sins. I was a little rude just now."

Ye Feng waved his hand and said casually: "No problem, take me to see the emperor of your Scarlet Flame Dynasty now. I need to know the specific details of this beast wave."

"good!"

The armored middle-aged man immediately clasped his fists respectfully, and then flew directly with Ye Feng towards the imperial city not far away.

"Roar!!"

But suddenly at this moment, an earth-shattering roar suddenly sounded outside the city wall.

This loud roar was an extremely ferocious orcish roar.

"What's going on? Has the beast tide already begun?"

At this moment, the armored middle-aged man couldn't help but show a look of shock in his eyes.

"Follow me and take a look!"

The middle-aged man in armor immediately led a large group of red flames

The imperial guards flew towards the outside of the imperial city.

Ye Feng's eyes moved at this time and he followed him to see what was going on.

"Uh-huh!"

When everyone flew to the tall city wall, they immediately saw that on the desolate land in the distance, a terrifying eight-armed evil beast covered with black scales was roaring crazily, chasing and killing a man covered in black scales. A beautiful girl burning with the divine light of flames.

The beautiful girl looked a little flustered and was speeding towards the direction of the Scarlet Flame Dynasty.

"It's Her Royal Highness the Princess!"

At this moment, the armored middle-aged man suddenly showed a trace of surprise in his eyes.

Unexpectedly, Her Royal Highness the Princess of the Scarlet Flame Dynasty encountered such a powerful black-scaled eight-armed evil beast in the desolate land outside.

"Everyone, follow me and take action to rescue Her Royal Highness the Princess!"

The armored middle-aged man immediately shouted loudly.

At this time, he looked at Ye Feng beside him and said loudly: "Master Ye Feng, I'm sorry, this is my Princess Huo Ling'er of the Red Flame Dynasty, your majesty's most beloved daughter. We need to send troops immediately, and we need to send troops immediately." Lord Ye Feng, please wait a little longer, and after rescuing Her Royal Highness, I will take Lord Ye Feng to see Your Majesty immediately."

Ye Feng nodded slightly and said, "Okay, since I have arrived at your Scarlet Flame Dynasty, I am not in a hurry."

"Thank you for your understanding!"

The armored middle-aged man clasped his fists and immediately led a group of soldiers towards the outside of the city.

At this time, Ye Feng's eyes were a little solemn, because the eight-armed evil beast was covered with dense black scales. It seemed to be a demonized evil beast. It was very powerful and terrifying. It is estimated that this group of Scarlet Flame Dynasty's The imperial guards may not be able to resist.

Chapter 2612 Full of Admiration

At this time, a group of guards from the Scarlet Flame Dynasty, led by the armored middle-aged man, instantly rushed out of the tall walls of the imperial city and charged towards the black-scaled eight-armed evil beast.

"when!"

"when!"

But when the long sword weapons in the hands of this group of guards slashed at the eight-armed evil beast with black scales, they were unable to break through the scale defense on the surface of the eight-armed evil beast.

Instead, there were sounds like metal collisions, like chopping on a copper wall and an iron wall, unable to cut at all.

"What?!"

Seeing this scene, a group of guards from the Red Flame Dynasty suddenly showed deep shock in their eyes.

Because of their attacks, even the scales on this eight-armed evil beast were unable to break through.

How to fight this?

When Princess Huo Ling'er of the Scarlet Flame Dynasty saw a group of imperial guards coming to the rescue, she originally thought she was saved, but she had no time to rejoice. As a result, a group of imperial guards could not even break the scales of this black-scaled eight-armed evil beast. open.

This suddenly made Huo Ling'er's heart sink to the bottom.

"Roar!!"

And suddenly at this moment, the black-scaled eight-armed evil beast roared violently, and suddenly it opened its mouth and spit out a huge black wave of evil energy.

"Rumble..."

Almost at the next moment, this black demonic light wave was full of terrifying and huge impact, and all of a sudden it blew away all the surrounding imperial guards of the Scarlet Flame Dynasty.

"ah!"

"ah!"

"ah!"

Along with the screams, all the imperial guards of the Scarlet Flame Dynasty were blown away.

At this moment, Huo Ling'er, the princess of the Scarlet Flame Dynasty, suddenly showed deep fear in her beautiful eyes.

Because she never thought of it

, the eight-armed evil beast that he accidentally provoked in the depths of the wild land was actually different from the ordinary eight-armed evil beast, and was actually so powerful.

Even the most elite imperial guards of their Red Flame Dynasty were unable to resist this eight-armed evil beast.

At this time, Huo Ling'er saw the eight-armed evil beast as majestic as a mountain, wielding a terrifying beast fist, and bombarded her. It was so terrifying that it seemed that no force could withstand it.

"Am I going to die here today?"

At this time, Huo Ling'er's beautiful eyes were suddenly filled with deep despair.

"boom!"

But just when the Princess of the Scarlet Flame Dynasty felt that she was certain to die, there was suddenly a huge roar, and a boy who looked extremely young appeared directly in front of her, with a punch that contained boundless power. , and actually blasted away the demonized eight-armed evil beast in one fell swoop.

"Boom!!"

At this time, the entire huge body of the eight-armed evil beast was suddenly blown away and hit a mountain in the distance.

Rumble...

The entire mountain was shattered in an instant and turned into rolling gravel, scattered all over the ground.

"So strong!!"

At this moment, Huo Ling'er's eyes widened immediately, filled with deep shock.

Because this demonized eight-armed evil beast, even the many imperial guards of their Red Flame Dynasty could not resist. In an instant, countless imperial guards were knocked away by this eight-armed evil beast.

But this young man who looks delicate and handsome, with his slightly thin body, seems to contain the power of the gods, and he suddenly kills this terrifying head.

The extremely terrifying eight-armed evil beast was blown away into the distance. It was really terrifying to the extreme.

The one who took action at this time was naturally Ye Feng.

Seeing that a group of imperial guards from the Scarlet Flame Dynasty could not resist, Ye Feng naturally wanted to take action.

Moreover, this demonized eight-armed evil beast has extremely strong demonic energy. If it can be swallowed, it should be able to add a lot of power reserves to itself.

Uh-huh! Uh-huh! Uh-huh!

At this time, a group of Imperial City guards who had been knocked away by the eight-armed evil beast not far away flew around Ye Feng and Huo Ling'er in a rather embarrassed state.

At this time, the middle-aged armored man in the lead showed deep respect in his eyes, clasped his fists and said: "Thank you Lord Ye Feng for taking action this time, otherwise I am afraid that something unexpected has happened to Her Royal Highness the Princess."

"Lord Ye Feng?"

At this time, Huo Ling'er, the princess of the Scarlet Flame Dynasty, showed deep curiosity in her eyes.

Huo Ling'er immediately walked up to Ye Feng very politely, with shyness on her beautiful little face, and said loudly: "Master Ye Feng, thank you for your help this time, otherwise I might really be buried in this world. fell into the clutches of that evil beast."

Ye Feng looked at the beautiful figure in front of him and just smiled and said: "It doesn't matter, it should be. This time I came to your Scarlet Flame Dynasty from Tiandaozong to help your Scarlet Flame Dynasty deal with the evil in this entire wild land." The beast threatens."

"It turns out that Master Ye Feng is from Tiandao Sect!"

When Huo Ling'er heard what Ye Feng said, a look of deep admiration immediately appeared on her beautiful face.

Because Huo Ling'er has known since he was a child that although their Chiyan Dynasty is a powerful dynasty, they only dominate one-third of an acre of land nearby.

The super powerful force affiliated with the Scarlet Flame Dynasty is Tiandao Sect!

So when I heard Ye Feng

She was from Tiandao Sect. Even though Huo Ling'er was the princess of the Scarlet Flame Dynasty, her beautiful eyes showed deep excitement and admiration for a moment.

"Roar!!"

Suddenly at this moment, an earth-shattering roar suddenly sounded from the ruins of the earth not far away.

It was the eight-armed evil beast just now!

Although it was blown away by Ye Feng's iron fist and crashed into a large area of ruins.

But this eight-armed evil beast was still very powerful. It was not injured. Instead, it still roared angrily. Even the surface of the evil beast's body emitted streams of terrifying black energy, as if it was completely angry. It's time to fight hard.

"I'm going to play with it."

Ye Feng smiled at the people present.

Uh-huh!

Then Ye Feng's figure moved and flew to a place not far away in an instant.

"Nine-nine supreme realms!"

At this moment, Ye Feng directly released the extremely powerful Nine-Nine Supreme Domain.

boom! boom! boom.....

Almost at the next moment, powerful and boundless supreme shadows rushed out of Ye Feng's body.

Every supreme shadow is filled with overwhelming momentum and boundless fighting power.

"Rumble..."

The next moment, Ye Feng didn't even take action himself. The eight-armed evil beast was directly beaten by a group of eighty-one supreme phantoms. It was beaten to pieces, blood spattered, and the huge body lay on the ground wailing.

At this time, everyone watching this shocking scene behind them suddenly widened their eyes with very shocked expressions.

Huo Ling'er, the princess of the Scarlet Flame Dynasty, was staring at Ye Feng's god-like figure not far away with her beautiful big eyes at this moment, full of admiration!

Chapter 2613 Little Prince

Boom!

Boom!

At this time, the supreme shadow released by Ye Feng was full of powerful power.

A total of eighty-one supreme phantoms beat the majestic eight-armed evil beast very miserably.

"howl....."

Amidst the bursts of screams of the eight-armed evil beast, the eight-armed evil beast was directly beaten to death on the spot by countless supreme phantoms.

Uh-huh!

At this time, Ye Feng instantly dodged over and flew onto the body of this eight-armed evil beast.

"boom!"

At this moment, Ye Feng directly released the Devouring Domain, covering the entire body of this eight-armed evil beast.

"Rumble..."

Suddenly, huge amounts of blood energy were directly absorbed and then injected into Ye Feng's body.

Ye Feng's skill and cultivation immediately began to improve and grow.

"boom!"

Finally, under the accumulation of powerful demonic energy of this eight-armed evil beast, Ye Feng's cultivation level suddenly broke through.

Directly from the tenth heavenly perfection of the state of unity of all things, I broke through to the half-step of the eternal state of true self.

The eternal realm of true self is an extremely powerful realm.

Once one breaks through from the realm of unity of all things to the realm of true self eternity, the warrior will be able to maintain true self eternity throughout the entire world, and his defense power is extremely powerful.

At this time, after Ye Feng swallowed the entire eight-armed evil beast, he achieved a breakthrough in cultivation and became very powerful.

A group of Imperial City guards not far away sensed the terrifying and huge aura on Ye Feng at this moment, and their eyes showed deep fear.

Because the cultivation aura on Ye Feng's body was so vast and majestic that it made people feel very depressed.

at this time

, Ye Feng flew in front of everyone in an instant, smiled and said: "The danger has been completely resolved. I thought the beast tide was ahead of schedule."

At this time, Huo Ling'er's eyes showed deep admiration, and he said loudly: "Master Ye Feng is really awesome, and he is worthy of being a high disciple from Tiandao Sect."

In response, Ye Feng just smiled slightly and didn't say much. Instead, he looked at the Imperial City Guard Chief and said, "Take me to see your Majesty."

"Yes, Lord Ye Feng."

At this moment, the Imperial City Guard Chief immediately clasped his fists respectfully and said, "Master Ye Feng, please follow me."

At this time, Ye Feng immediately followed the imperial city guard chief and flew towards the center of the imperial city.

Soon Ye Feng arrived at the center of the imperial city.

A huge palace was built here.

When Ye Feng followed the imperial city guard to the palace, he immediately saw a middle-aged man wearing royal robes standing at the door of the palace.

At this time, Ye Feng descended directly.

This middle-aged man wearing imperial robes must be the emperor of the Red Flame Dynasty.

At this time, the Emperor of the Scarlet Flame Dynasty stared at Ye Feng, a smile appeared on his face, and with the attitude of a warrior, he clasped his fists and said: "Senior disciple of Tiandao Sect, I have been waiting for you for a long time."

Ye Feng also smiled, clasped his fists, and said, "I'm Ye Feng, an outer disciple of Tiandao Sect."

The emperor of the Scarlet Flame Dynasty immediately nodded and said with a smile: "Recently, our guards of the Scarlet Flame Dynasty have been exploring the movements of the group of terrifying monsters in the wild land outside.

quiet. "

Ye Feng nodded and said aloud: "If there is any movement, please tell me at any time. By the way, I think the Emperor should not just invite me alone, right?"

When the Emperor of the Scarlet Flame Dynasty heard what Ye Feng said, he immediately couldn't help but said: "I did find other strong men and masters from other sects, but the Tiandao Sect from which Mr. Ye Feng comes is the largest and most powerful. of."

Ye Feng nodded, and then said: "Then I will live in the imperial city of your Scarlet Flame Dynasty for a while. When the beast tide is ready to move, I will take action directly."

Ye Feng does not dare to go directly into the wild land now, because there is great danger in the wild land.

At this time, the Emperor of the Scarlet Flame Dynasty saw Huo Ling'er who was watching here not far away, and immediately said with a smile: "Ling'er, take Mr. Ye Feng to the area where the distinguished guests live in our imperial city, and choose a selection for him. If you live in a high-class house, this task will be left to you."

At this time, Huo Ling'er immediately said happily: "Okay, father, don't worry, I will definitely make arrangements."

After Huo Ling'er finished speaking, he immediately looked at Ye Feng beside him and said with a smile: "Master Ye Feng, follow me, and I will choose the best house for you to live in."

Ye Feng smiled and said, "Thank you so much, Princess Ling'er."

"It should."

Seeing Ye Feng's eyes, Huo Ling'er immediately said happily.

At this time, Ye Feng followed Huo Ling'er and flew toward an area inside the imperial city.

Soon Ye Feng came to a house in the northwest area of the imperial city.

Large houses have been built here, surrounded by winding water, beautiful mountains and clear waters, and the environment looks very good.

At this time the fire spirit

Er brought Ye Feng here and was about to introduce Ye Feng to everything around him.

"Ling'er! Who is this next to you?"

But suddenly at this moment, a very cold voice suddenly came from not far away.

Ye Feng immediately saw a group of people coming towards him not far away.

The leaders were two young men.

The young man who spoke out at this time, wearing noble clothing, should be the noble son of the Red Flame Dynasty.

But what Ye Feng was interested in was the young man wearing a black robe next to the noble prince.

The demonic aura exuding from this young man in black robes is very rich and powerful. He is definitely a super genius in the magic world.

Moreover, Ye Feng was very familiar with the cultivation aura of this demon genius. He should be a disciple of the Ever-Hateful Demon Sect, a powerful force that could rival the Tiandao Sect.

At this moment, Huo Ling'er stared at the aristocratic young man not far away with a very unkind look in his eyes, and said loudly: "Lin Xufei, what is your attitude when you speak? And please call me Your Highness Princess, don't call me by my name directly. , we are not that familiar yet!"

After Huo Ling'er finished speaking, he whispered to Ye Feng beside him: "This Lin Xufei is the young prince of Zhenbei Palace of our Red Flame Dynasty. He is usually very arrogant and domineering. You don't want to be like him."

Ye Feng nodded slightly, not even bothering to look at Lin Xufei, because Ye Feng didn't even bother to care about such an ordinary aristocratic son of a cultivating dynasty.

But at this moment, Lin Xufei, the young prince of Zhenbei Palace, stared at Ye Feng, and said with a deep threat in his tone: "Boy, if you don't want to die, hurry up and follow Ling'er Get away from me! Don't force me to do it myself, or you will end up badly."

Chapter 2614 The best earth spirit bead

At this time, the young prince Lin Xufei's eyes showed deep threats and murderous intent.

It was obvious that this young prince Lin Xufei was deeply hostile to Ye Feng at this moment.

At this time, Ye Feng's eyes suddenly turned cold.

Although he was too lazy to pay attention to the noble sons of ordinary dynasties, but they all came to visit him, so Ye Feng naturally would not just sit idly by. .??.

But at this time, Huo Ling'er, who was standing next to Ye Feng, couldn't help but said: "Lin Xufei! You are too courageous. This Lord Ye Feng is a high disciple from Tiandao Sect. How dare you attack him?" rude?"

"Tiandao Sect?"

When he heard the name of Tiandao Sect, Lin Xufei's eyes immediately revealed a look of deep horror.

But at this moment, the young man in black robe next to Lin Xufei said: "Little prince, don't be afraid. The clothes this boy is wearing are just the clothes of the outer disciples of Tiandao Sect. They are just the clothes of Tiandao Sect's inner disciples. The weakest existence is nothing to be afraid of."

Hearing what the young man in black robe next to him said, Lin Xufei, the young prince of Zhenbei, immediately showed deep joy in his eyes, and couldn't help but sarcastically said: "It turns out he is just an outer disciple. I thought he was some kind of genius."

At this moment, Ye Feng showed a cold smile in his eyes, stared at the young man in black robe next to Lin Xufei, and said loudly: "You are a disciple of the Demon Sect of Everlasting Hatred, right?"

"snort."

At this time, the young man in black robe from the Everlasting Hatred Demon Sect suddenly said: "Yes, I am an inner disciple of the Everlasting Hatred Demon Sect, and you are just an outer disciple of the Tiandao Sect. If we really want to count, my level Higher than you, you should obey my orders this time to participate in the Scarlet Flame Dynasty's mission to resist the beast tide."

"Follow your orders?"

A cold smile suddenly appeared in Ye Feng's eyes, and he said aloud: "How dare a weak person in the unity of all things realm dare to be presumptuous in front of me?"

boom!

Almost at this moment, Ye Feng suddenly erupted with a terrifying and powerful aura.

Boom!

The moment Ye Feng's aura burst out, he seemed to have transformed from an ordinary boy into an awakened ferocious beast, full of endless majesty and terrifying aura.

"puff!"

At this moment, the inner disciple of the Everlasting Hatred Demon Sect opposite who was still sneering with disdain was suddenly bombarded by the sudden burst of terrifying aura from Ye Feng and spurted out a mouthful of blood. He couldn't help but retreat. After taking several steps, his face suddenly turned extremely pale.

"What? How is it possible..."

At this time, the inner disciple of the Ever-Hateful Demon Sect suddenly revealed a look of deep horror in his eyes.

He never expected that Ye Feng, a seemingly ordinary outer disciple of the Tiandao Sect, would have such terrifying cultivation.

The inner disciple of the Everlasting Hatred Demon Sect couldn't help but exclaimed: "Half-step to the eternal realm of true self! This is impossible! You are just an outer disciple of Tiandao Sect, how can you have such a powerful cultivation level?"

Ye Feng smiled indifferently. His current cultivation strength was absolutely comparable to the core disciples of the inner sect in Tiandao Sect.

At this time, Lin Xufei, the young prince, also had deep shock and fear on his face.

Because he is proud of

The inner disciple of the Everlasting Hatred Demon Sect, in front of Ye Feng, could not even resist the aura of Ye Feng.

This is really terrible!

At this moment, Lin Xufei couldn't help but knelt on the ground with a "pop", and immediately kowtowed and begged for mercy: "Spare my life! Sir, please forgive me! I was really wrong!"

Lin Xufei, a playboy, had no intention of resisting at all.

Because he knows very well that even the inner disciple of the Everlasting Hatred Demon Sect beside him cannot resist Ye Feng, so the Zhenbei Palace behind him has no effect, and must be like scum in front of Ye Feng. exist.

So at this moment, Lin Xufei was so frightened that he knelt on the ground, looking full of fear.

Ye Feng smiled indifferently and said: "Grow some eyes in the future."

At this moment, Huo Ling'er was also stunned.

Because she never expected that Ye Feng actually possesses such terrifying strength. Even the inner disciples of the Everlasting Hatred Demon Sect, which is a powerful force like Tiandao Sect, are unable to withstand Ye Feng's momentum.

At this moment, Huo Ling'er seemed to have thought of something and couldn't help but look at Lin Xufei and said aloud: "Lin Xufei, I remember that you got a top-grade earth spirit bead from the depths of the wilderness half a year ago, which contains a very powerful power. You should use the power of the earth to apologize to Master Ye Feng now."

Hearing what Huo Ling'er said at this time, Lin Xufei, the young prince's face suddenly became extremely ugly.

But at this time, Lin Xufei had no intention of disobeying him, because Lin Xufei knew that if he dared to refuse, Ye Feng might kill him directly.

Lin Xufei knew very well that even if he was the young prince of the Zhenbei Palace, if a peerless genius like Ye Feng killed him, the Zhenbei King would not dare to trouble Ye Feng, because Ye Feng's strength was enough to destroy the entire Zhenbei. The palace was directly destroyed.

So thinking of this, Lin Xufei immediately showed fear in his eyes, and quickly took out an earth spirit bead from his storage ring, which exuded a very strong power of the earth.

At this time, Lin Xufei honestly handed over this top-grade earth spirit bead to Huo Ling'er.

Huo Ling'er got this top-quality earth spirit bead at this moment and handed it to Ye Feng. He smiled sweetly and said, "Master Ye Feng, this top-quality earth spirit bead must have a great effect on you."

At this time, Ye Feng smiled slightly and said aloud: "It does have a big effect. This is indeed a very precious earth spirit bead."

Ye Feng took the top-quality earth spirit bead from Huo Ling'er's hand, felt it slightly, and his eyes showed a trace of surprise.

Because he sensed that this top-quality earth spirit bead indeed contained very terrifying energy.

At this moment, Ye Feng immediately smiled and said, "Thank you so much, Princess Ling'er."

Huo Ling'er smiled sweetly and said, "You're welcome, as long as Master Ye Feng is happy."

Next, Ye Feng followed Huo Ling'er to a large mansion inside the imperial city and lived in it directly.

After chatting with Huo Ling'er for a while, Ye Feng entered his mansion alone and began to grab the top-grade earth spirit bead in his hand and began to devour it.

"Crash..."

Suddenly, waves of majestic power of the earth began to pour into Ye Feng's body skills.

Ye Feng wanted to rely on this unexpectedly obtained top-grade earth spirit bead to see if he could overcome the current half-step bottleneck. At this time, the young prince Lin Xufei's eyes showed deep threats and murderous intent.

It was obvious that this young prince Lin Xufei was deeply hostile to Ye Feng at this moment.

At this time, Ye Feng's eyes suddenly turned cold.

Although he was too lazy to pay attention to the noble sons of ordinary dynasties, but they all came to visit him, so Ye Feng naturally would not just sit idly by.

After walking several steps, his face suddenly turned extremely pale.

"What? How is it possible..."

At this time, the inner disciple of the Ever-Hateful Demon Sect suddenly revealed a look of deep horror in his eyes.

He never expected that Ye Feng, a seemingly ordinary outer disciple of the Tiandao Sect, would have such terrifying cultivation.

Hearing what Huo Ling'er said at this time, Lin Xufei, the young prince's face suddenly became extremely ugly.

But at this time, Lin Xufei had no intention of disobeying him, because Lin Xufei knew that if he dared to refuse, Ye Feng might kill him directly.

Lin Xufei knew very well that even if he was the young prince of the Zhenbei Palace, if a peerless genius like Ye Feng killed him, the Zhenbei King would not dare to trouble Ye Feng, because Ye Feng's strength was enough to destroy the entire Zhenbei. The palace was directly destroyed.

So thinking of this, Lin Xufei immediately showed fear in his eyes, and quickly took out an earth spirit bead from his storage ring, which exuded a very strong power of the earth.

At this time, Lin Xufei honestly handed over this top-grade earth spirit bead to Huo Ling'er.

At this moment, Huo Ling'er got this top-quality earth spirit bead and handed it to Ye Feng. He smiled sweetly and said, "Master Ye Feng, this top-quality earth spirit bead must have a great effect on you."

At this time, Ye Feng smiled slightly and said aloud: "It does have a big effect. This is indeed a very precious earth spirit bead."

Ye Feng took the top-quality earth spirit bead from Huo Ling'er's hand, felt it slightly, and his eyes showed a trace of surprise.

Because he sensed that this top-quality earth spirit bead indeed contained very terrifying energy.

At this moment, Ye Feng immediately smiled and said, "Thank you so much, Princess Ling'er."

Huo Ling'er smiled sweetly and said, "You're welcome, as long as Master Ye Feng is happy."

Next, Ye Feng followed Huo Ling'er to a large mansion inside the imperial city and lived in it directly.

After chatting with Huo Ling'er for a while, Ye Feng entered his mansion alone and began to grab the top-grade earth spirit bead in his hand and began to devour it.

"Crash..."

Suddenly, waves of majestic power of the earth began to pour into Ye Feng's body skills.

Ye Feng wanted to rely on this unexpectedly obtained top-grade earth spirit bead to see if he could overcome the current half-step bottleneck.

Chapter 2615 Demonized Evil Beast

"Rumble..."

At this time, as waves of earth energy were injected into Ye Feng's body, Ye Feng could clearly feel that his skill cultivation was rapidly increasing.

It must be said that the energy contained in this top-quality earth spirit bead is still very powerful.

And it is also extremely powerful earth energy.

Therefore, even though Ye Feng's body was like a bottomless pit, he still felt a feeling of swollen meridians all over his body at this moment.

It was as if the whole body was about to burst.

Suddenly at some point.

"boom!!!"

Ye Feng's body suddenly burst out with a powerful and boundless cultivation aura, which was very huge and majestic.

That is a breakthrough in cultivation momentum!

Ye Feng's cultivation aura at this moment has suddenly broken through to the first level of the True Self Eternal Realm!

When Ye Feng's cultivation truly broke through to the first level of the Zhenwu Eternal Realm, Ye Feng immediately felt that his entire body and the entire world were integrated into one.

As long as others attack you, it's like you are against the entire world.

This is the mystery of the eternal state of the Self.

That is, the warriors in the True Self Eternal Realm are as if they are integrated into the entire universe.

It truly became like eternity.

At this moment, Ye Feng felt the mystery of having just broken through to the eternal realm of his true self, with deep excitement in his eyes.

For Ye Feng, his cultivation has now broken through a whole realm, and his combat power has also been greatly improved.

In other words, Ye Feng's safety factor will be greatly improved in the coming beast wave.

Ye Feng feels that his current cultivation strength is probably comparable to some core disciples in the inner sect of Tiandao Sect.

"The beast tide in the wilderness is beginning to move!"

"All the masters with strong cultivation base must gather on the city wall!"

Suddenly at this moment, a majestic voice sounded throughout the imperial city.

When Ye Feng heard this voice, he immediately showed a trace of surprise in his eyes.

This voice is the voice of the Emperor of the Red Flame Dynasty.

Apparently the beast tide has begun.

At this time, Ye Feng immediately flew out from the big house where he lived, and then flew high into the sky, towards the tall walls surrounding the imperial city.

Uh-huh!

When Ye Feng descended on the city wall, he saw many masters gathered on the city wall.

Obviously, all these masters were invited by the emperor of the Scarlet Flame Dynasty from around to help out, and they all came from various sects.

But Ye Feng didn't even look down on it.

Nothing noteworthy.

After all, the Tiandao Sect from which Ye Feng came was the most powerful.

Of course, Ye Feng also saw the inner disciple from the Demon Sect of Everlasting Hatred.

But at this time, this inner disciple from the Everlasting Hatred Demon Sect saw Ye Feng's eyes full of fear, and was obviously frightened by the momentum Ye Feng had exploded before.

Uh-huh!

At this moment, a tall middle-aged man suddenly appeared next to Ye Feng, wearing a golden armor engraved with dragon patterns.

This middle-aged man is the emperor of the Red Flame Dynasty.

At this moment, the emperor of the Scarlet Flame Dynasty sensed the powerful aura of Ye Feng after the breakthrough. He couldn't help but show a look of surprise on his face, and couldn't help but said: "I didn't expect that Mr. Ye Feng, you actually have Before such a powerful cultivation level, I didn't know that I still listened to what Ling'er said. Young Master Ye Feng was able to

directly repel the super genius of the Everlasting Hatred Demon Sect in one go, and just with his momentum, it was really... It's amazing, I was really blind before."

Obviously, the emperor of the Scarlet Flame Dynasty thought that Ye Feng was just an ordinary outer disciple of Tiandao Sect, but he did not expect that Ye Feng also had such a powerful power, it was like a crouching tiger, hidden dragon.

Ye Feng just smiled slightly at this time and said loudly: "Emperor Chiyan, you are ridiculous. Let's see how to repel this wave of beasts first."

The emperor of the Scarlet Flame Dynasty nodded and looked in the direction of the wild land outside the city wall, and said loudly: "This wave of beasts should be very terrifying."

At this time, in the direction of the wild land in the distance, great shaking had begun to occur in the forest.

Rumble...

One after another, extremely terrifying evil beasts all rushed out crazily.

Among these evil beasts, there are monster beasts that are as huge as mountains, and there are also small evil beasts that are as big as humans.

But no matter what kind of evil beast it is, the aura exuding from its body is extremely evil, and it is different from ordinary beasts.

Ye Feng saw this scene at this time, and couldn't help but show a trace of doubt in his eyes, and said loudly: "The eight-armed evil beast I met before that chased Princess Ling'er seemed to be the same as an ordinary evil beast. It's different. These evil beasts from the wild land seem to have been infected by evil spirits and turned into demonic beasts in hell. I feel that something very terrible may have happened deep in the wild land. So these monsters were turned into terrifying demonized beasts."

"Demonized evil beast?"

When the Emperor of the Scarlet Flame Dynasty heard what Ye Feng said, his face suddenly became gloomy, and he couldn't help but said: "Some soldiers I sent out to explore the beast tide in the wilderness, but after they came back, All of them were infected with demonic energy and died directly. I feel that something terrible happened in this wild land like Ye Feng said, and all these monsters were transformed into demons. They have become very evil and crazy, so this kind of beast wave has emerged, desperately trying to attack the city built by our human race. "

When Ye Feng heard what the Emperor of the Scarlet Flame Dynasty said, he immediately nodded and said: "First successfully resist the beast tide in front of you. If there is a chance, go into the depths of the wild land and explore it carefully. Something special happened."

At this time, Ye Feng's eyes also showed a trace of solemnity. He could feel a very evil demonic energy from the evil beasts rushing madly from the distance, just like the energy of hell.

This made Ye Feng very curious.

What happened in the wilderness?

Is there a gap in the ancient hell?

If this is really the case, then Ye Feng's own strength cannot compete at all.

But the most important thing at the moment is to successfully resist the coming tide of beasts.

"Fire the arrow!"

While Ye Feng was thinking, the Emperor of the Scarlet Flame Dynasty had already commanded countless imperial soldiers of the Scarlet Flame Dynasty on the city wall. In an instant, they drew their bows and fired arrows, shooting directly at the evil beasts rushing towards the ground in front of them. "Rumble..."

At this time, as waves of earth energy were injected into Ye Feng's body, Ye Feng could clearly feel that his skill cultivation was rapidly increasing.

Chapter 2616 The mysterious figure in black robe

boom!

boom!

boom.....

Almost at this moment, countless arrows were shot out from the city wall, bombarding the countless demonized evil beasts rushing towards the ground.

These arrows were all specially forged by the Red Flame Dynasty to hunt down such terrifying beasts, so they were extremely terrifying and had very powerful tearing and penetrating capabilities.

So almost at the next moment, all the evil beasts that rushed over in the first wave were instantly penetrated by such arrows, and then died on the ground. Their blood immediately dyed the entire desolate land red, looking extremely... Shocking.

"Roar!"

"Roar!!" .??.

But at this time, more and more evil beasts rushed out from the depths of the wild land. As if they were desperate for their lives, they rushed towards the imperial city of the Scarlet Flame Dynasty, making everyone I felt a majestic feeling.

Because all these evil beasts are added together, I am afraid there are hundreds of thousands of evil beasts. At this moment, each body is impacting like a mountain. They are all united together, giving people the feeling of a torrent of steel. Same, simply impossible to resist.

At this time, the emperor of the Scarlet Flame Dynasty immediately looked at all the masters on the city wall and couldn't help but said: "The next step is to rely on everyone's help. We can only kill all the first wave of evil beasts now." clean."

The moment the Emperor of the Scarlet Flame Dynasty finished speaking, all the masters nodded, jumped off the city wall in an instant, and then charged towards the countless beasts below.

At this time, Ye Feng also flew from the city wall to high altitude, and then looked in the direction not far away, because from the high altitude of the wild land, evil beasts with wings also flew over one after another, all of them were covered with shrouds. The demonic aura is also shrouded in a very special demonic aura, and his eyes are all red, as if he is possessed by a demon, giving people a very cruel and savage feeling.

"Nine-Nine Supreme Domain!!"

Almost at this moment, Ye Feng directly released his supreme domain.

boom! boom! boom!

boom! boom! boom!

Suddenly, a total of eighty-one supreme phantoms appeared on Ye Feng's body, and each supreme phantom possessed the aura of Ye Feng's current cultivation level.

Although these supreme phantoms only possess Ye Feng's cultivation, their power cannot unleash Ye Feng's own powerful combat power.

But Ye Feng's current cultivation level has broken through to the first level of the True Self Eternal Realm, which is already a very superb cultivation level.

So at this moment, Ye Feng alone has a total of eighty-one teams with the first-level cultivation of the True Self Eternal Realm, which can help him madly attack all the evil beasts around him.

"Boom!"

Almost at this moment, a total of eighty-one supreme shadows surrounded Ye Feng, forming a super powerful supreme realm, making Ye Feng become a meat grinder on the battlefield, extremely terrifying. , frantically harvesting the lives of evil beasts.

No matter how powerful the evil beast was, under the attack of Ye Feng's countless terrifying supreme shadows, all of them were shattered in an instant.

Because the Supreme Domain released by Ye Feng at this moment is so powerful and the destructive power is astonishing. This is a group attack, and it is simply not afraid of any human sea tactics.

Uh-huh!

At this moment,

Ye Feng rushed into the beast tide below. There were so many supreme shadows around him that were attacking crazily, causing the whole beast tide to be disrupted.

Many people around saw this scene, with deep shock in their eyes.

Because they never thought that Ye Feng could cause such terrible damage alone. He was like a war machine, causing almost irreparable wounds to this group of beasts.

"This master disciple from Tiandao Sect is really awesome!"

At this moment, even the Emperor of the Scarlet Flame Dynasty, who was commanding the entire battlefield on the city wall, couldn't help but exclaim in deep amazement.

At this moment, the inner disciple of the Everlasting Hatred Demon Sect who was blown away by Ye Feng's momentum instantly gave up all thoughts of continuing to fight against Ye Feng.

Because the power and destructive power displayed by Ye Feng at this moment is really too terrifying and cannot be resisted by ordinary people.

At this time, Ye Feng suddenly felt a very powerful spiritual thought, which immediately locked onto him.

"This seems to be the spiritual thought of a special creature!"

Suddenly at this moment, Ye Feng immediately followed this spiritual thought and looked in a certain direction not far away.

He immediately discovered that above the head of a dragon covered with jet black scales, stood a very mysterious figure wrapped in a black robe.

Ye Feng immediately showed deep surprise in his eyes.

He just felt that the countless evil beasts that had been demonized must be related to this mysterious figure.

Because Ye Feng felt a very pure and vast hellish demonic energy from this mysterious figure.

This figure definitely came from the terrifying ancient hell, and had demonized all the evil beasts, so it launched this terrifying wave of beasts to attack the human city.

After Ye Feng thought of this, he immediately felt that the beast tide this time was definitely not as simple as everyone imagined.

Deep in this wild land, something terrible must have happened.

Maybe there really are terrible beings from hell that have come to the human world.

Ye Feng thought in his mind at this time, and immediately rushed in that direction.

Ye Feng now knows very well that no one on the field can help him, and no one can fight against such a terrifying existence from hell.

Only you can fight against this terrifying existence.

"boom!"

So at this time, Ye Feng's whole body erupted with divine light. He was like a young human god. He rushed in front of the dragon and stared at the man standing above the dragon's head, wrapped in The figure in black robe couldn't help but said: "You should be the one who started this beast wave, right? Are you from hell?"

The black-robed figure didn't speak at this time. He just raised the black scepter in his hand and pointed it in the direction of Ye Feng.

Boom!

Almost at this moment, the scepter in the hand of the black-robed figure burst out into a dark light, instantly covering Ye Feng.

Ye Feng suddenly felt that his entire spiritual soul was being pulled into an endless dark hell. There were countless demon gods roaring and roaring around him, charging towards him. It felt very terrifying, like It's like the whole person has fallen into hell! boom!

Ye Feng suddenly felt that his entire spiritual soul was being pulled into an endless dark hell. There were countless demon gods roaring and roaring around him, charging towards him. It felt very terrifying, like It's like the whole person has fallen into hell!

Chapter 2617 Shadow Demon

At this time, Ye Feng's spiritual soul suddenly fell into an endless dark hell.

This is really terrible for Ye Feng.

Because Ye Feng could feel that his soul was about to be permanently corrupted, and about to be locked in an endless hell.

Ye Feng immediately understood that this was a very terrifying soul attack technique.

In other words, the mysterious black-robed figure in front of him is a terrifying existence that can specifically attack other people's souls. It may be a special existence from hell.

At this moment, Suzaku in Ye Feng's storage ring suddenly said: "Ye Feng should be the shadow demon from hell."

"Shadow Demon?" ??

Ye Feng's eyes showed a trace of doubt at this time, and then he couldn't help but nodded, and said loudly: "This seems to be a very scary special demon that can attack other people's souls, Shadow Demon, I still This is the first time I've heard of it, but now I've seen the horror of this shadow demon."

At this moment, Ye Feng could feel that the soul power of this shadow demon was almost as powerful as his own, so the power released instantly could plunge him into a boundless hell.

"Boom!!"

At this moment, Ye Feng did not hesitate at all, and instantly burst out his extremely powerful soul power.

You must know that Ye Feng's soul power has now reached level 40,000. Once it explodes, terrifying soul storms suddenly appear around Ye Feng, full of infinite and terrifying destructive power. All the illusions of endless hell around him were shattered.

Uh-huh!

Then Ye Feng instantly jumped out of this darkness and returned to the outside world.

In fact, Ye Feng's body has always been in the outside world, but his soul has entered the endless hell.

At this moment, when he saw Ye Feng, his eyes suddenly became

When it became clear, the hell shadow demon shrouded in black robes suddenly showed deep surprise in his eyes, and couldn't help but said: "Who are you, this human boy? How can you jump in an instant? It is impossible to escape the soul illusion of endless hell that I cast! You are obviously a warrior in the human race, but your soul power is so powerful that you can release all the endless hell at once. It's broken, how is this possible!"

Obviously, what Ye Feng did at this moment made this mysterious shadow demon from hell feel deeply surprised.

Obviously, he did not expect Ye Feng to be so powerful, nor did he expect that such a powerful figure would exist in the small mortal dynasty of the Red Flame Dynasty.

At this time, Ye Feng just smiled coldly and said, "You are the shadow demon from hell, right?"

Hearing what Ye Feng said, the mysterious black-robed figure immediately couldn't help but said: "How do you know that I am a shadow demon from hell? Who are you, a human boy? How do you know so much?"

Ye Feng just smiled coldly at Shadow Demon's reaction and didn't say much. Instead, he kept an inscrutable expression and said loudly: "Today you launched so many beasts, trying to destroy our human city. To be destroyed instantly is something I cannot allow. Although I don't know what your real purpose is, since you met me today, you will die completely!"

Boom!

Almost at the moment Ye Feng finished speaking, Ye Feng suddenly burst out with a terrifying soul storm, and instantly bombarded the shadow demon not far away crazily.

This shadow demon from hell was not to be outdone at this time. He laughed and said loudly: "Even if you, a human boy, are gifted with extremely powerful soul power, you can't even think of giving me to him."

After killing him, we are only half as good as each other. "

"Endless hell!"

Almost at this moment, the shadow demon of hell released the terrifying soul attack technique just now, called endless hell, which can make other people's souls fall into the deep and boundless dark hell. , died of endless fear and pain.

But at the moment when Ye Feng's soul storm collided with the soul attack technique released by the shadow demon from hell, Ye Feng suddenly activated the space gem, teleporting to the back of the shadow demon, and then directly One hand struck hard at the shadow demon.

Ye Feng directly released his own flame during the bombardment.

Boom! ??

In an instant, Ye Feng's palms burned with endless flames, instantly burning the shadow demon.

"ah!!"

Almost at this moment, the shadow demon from hell was burned by Ye Feng's natal flame, and he immediately let out a terrifying scream.

Ye Feng knew very well that such a creature with a powerful soul, whether it came from hell or wherever it came from, must be very fragile.

So the moment Ye Feng used his soul storm to collide with the soul attack issued by the shadow demon, taking advantage of the chaos, Ye Feng immediately wanted to get close to the shadow demon's body, and then release his powerful power. It will definitely be able to completely destroy this shadow demon in an instant.

Sure enough, Ye Feng's plan succeeded.

At this moment, Ye Feng instantly used the space gem to come behind the shadow demon. The shadow demon did not notice Ye Feng's movement.

So when the shadow demon discovered that Ye Feng was behind it, it was already too late. Ye Feng's endless flames had completely engulfed the shadow demon.

"Crash la la la..."

At this time, Shadow Demon Hun

His whole body was burning with endless flames, but he had no way to extinguish the flames.

Because Ye Feng's natal flame is formed by merging many powerful flames, the power of burning is extremely powerful.

Almost at this moment, Shadow Demon's entire body was completely reduced to countless ashes amidst bursts of screams, and he died completely.

However, Ye Feng suddenly discovered that at the moment of the shadow demon's death, pieces of soul fragments appeared in the space before the shadow demon.

All these soul fragments were left behind after the death of the shadow demon from hell.

Ye Feng felt very pure soul power from these soul fragments.

His eyes immediately revealed a look of deep joy, and then he immediately released the Devouring Domain, swallowing up all these soul fragments.

You know, since Ye Feng has been practicing, he has rarely encountered creatures that turn into such pure soul fragments after death. This kind of shadow demon from hell is very magical, and this is the first time Ye Feng has encountered it.

Wow!

At this moment, after Ye Feng swallowed these soul fragments, his soul power immediately received a huge improvement.

Boom!

Forty thousand and one level!

Boom!

Forty thousand and two!

Boom!

Level 40,03!

...

At this time, Ye Feng's soul power was continuously increasing.

In the end, Ye Feng's soul power directly increased from level 40,000 to level 41,000 before finally stopping.

This made Ye Feng very happy and also very surprised.

Because it was just a shadow demon, and his soul power was directly increased by a full thousand levels, which was really powerful.

Chapter 2618 Victory was achieved

At this moment, Ye Feng swallowed the soul fragments that the shadow demon turned into after his death, and his soul power immediately received a huge improvement.

It has to be said that although this shadow demon from hell is very terrifying and can attack other people's souls, the benefits Ye Feng gets after killing it are also very generous.

Moreover, after Ye Feng devoured this shadow demon, he actually obtained the extremely powerful soul inheritance technique, endless hell, which was displayed by this shadow demon. It was very powerful.

At this time, Ye Feng couldn't help but said: "Fortunately, the soul power of this shadow demon is not very powerful, otherwise my soul may really fall into the endless hell forever."

Suzaku said aloud in the storage ring at this time: "It is estimated that there is more than one shadow demon, and there may be other dangers deep in this wild land. It is impossible for just one shadow demon to demonize so many evil beasts, or even It's to launch such a huge beast tide."

When Ye Feng heard what Suzaku said, he immediately nodded and said: "First deal with the beast tide in front of you, and then go to the depths of this wild land to see what happened. No matter what, I still have to find out the reason, otherwise, the Red Flame Dynasty may still be destroyed in the future."

Since he took over this task at this time, Ye Feng naturally wanted to get to the bottom of it. This is Ye Feng's responsibility and Ye Feng's professional ethics.

At this moment, Ye Feng suddenly released the Devouring Domain crazily, and then released the Supreme Domain. A total of eighty-one Supreme Shadows, all with the same cultivation level as Ye Feng, had terrifying combat power. The surrounding people were killing those evil beasts crazily.

Without the commander of Shadow Demon at this moment, the entire beast tide suddenly went from the very orderly attack before to a state of extreme chaos.

All the evil beasts seemed to have lost their backbone all of a sudden, running around crazily.

Some evil beasts are attacking the city of the Red Flame Dynasty, but some evil beasts seem to have suddenly lost their minds and are moving quickly towards the surroundings of the wilderness.

Rushing away like crazy.

Many people around saw this situation, and their eyes suddenly showed deep surprise.

They didn't understand why it suddenly became like this.

At this moment, the emperor of the Scarlet Flame Dynasty looked in the direction of Ye Feng not far away, and couldn't help but said: "It was Lord Ye Feng who solved a very mysterious existence, so the entire beast tide suddenly became chaotic. Get up, everyone must take advantage of the current chaotic state to kill all these evil beasts. In this case, our Red Flame Dynasty will be completely safe from now on."

Hearing what the emperor of the Scarlet Flame Dynasty said, everyone looked at Ye Feng.

They immediately saw the scene where Ye Feng killed the Shadow Demon. Everyone realized that the mastermind behind this wave of beasts was probably the mysterious man in black robe whom Ye Feng killed.

At this moment, everyone was extremely amazed and shocked by Ye Feng. They did not expect that Ye Feng would seize the mastermind behind the endless beast tide so quickly, and also directly kill the terrifying mastermind. Lost.

Because everyone knows very well that if this extremely terrifying beast wave is launched, the mastermind behind it will definitely need to be very powerful to be able to do all this.

But Ye Feng has now completely killed the mastermind behind the scenes, and everyone is shocked by Ye Feng's powerful strength.

The inner disciple from the Demon Sect of Everlasting Hatred had almost faced off with Ye Feng before. At this moment, he was in an extremely frightened mood. He decided that after completing this mission, he would leave the Scarlet Flame Dynasty immediately, otherwise if Ye Feng accidentally killed him, it would be a big loss.

And while everyone was frantically slaughtering the entire beast wave, Ye Feng was on the entire battlefield at this moment, and he had to

To the accumulation and devouring of infinite energy.

Although the evil beasts in these beast tides are not very powerful, this beast tide has mobilized nearly hundreds of thousands of evil beasts.

And they are all demonized evil beasts that have been transformed by the demonic energy of hell.

Therefore, the energy provided to Ye Feng is still very majestic.

At this moment, Ye Feng's cultivation aura suddenly made a rapid breakthrough in the battlefield.

Ye Feng's body immediately burst out with a momentum of breakthrough.

Boom!

The second level of the eternal realm of my true self!

Boom!

The third level of the eternal realm of my true self!

Boom!

The fourth level of the eternal realm of true self!

At this moment, Ye Feng's cultivation level suddenly broke through the third level of heaven, from the first level of True Self Eternal Realm to the fourth level of True Self Eternal Realm.

I have to say that this is already a very powerful improvement.

Because you must know that these evil beasts are all of ordinary cultivation. Ye Feng can easily kill them. It is good to be able to break through so many.

Ye Feng himself felt very satisfied.

As Ye Feng's cultivation broke through to the fourth level of the True Self Eternal Realm, Ye Feng suddenly felt that the power in his body was endless, and he was many times stronger than before.

Ye Feng's eyes were extremely excited. This time, he really gained too much from this crowd of beasts.

At this time, Ye Feng couldn't help but look at Suzaku sleeping in the storage ring, and said loudly: "Suzaku, the first task you chose for me this time is very suitable for me. You are worthy of being my confidant."

Suzaku smiled slightly at this time and said aloud: "You have become stronger, and I also have this benefit. I will naturally help you wholeheartedly. I am still waiting for you to help me unlock the seal on my body after you become stronger, so that I can help you."

I was able to regain the power of the mythical beast. "

When Ye Feng heard what Suzaku said, he immediately said with assurance: "Don't worry, as long as I am strong enough to help you unlock the seal, I will definitely help you unlock the seal instantly and let you regain the ancient Suzaku beast. With his power, he once again transformed into an ancient divine beast that made the entire God Realm tremble."

At this moment, after Ye Feng finished speaking, he immediately looked around.

At this time, the entire battlefield had completely fallen into silence.

Because all the evil beasts were killed.

All the blood energy was swallowed up by Ye Feng.

This vast beast tide battle finally came to a complete halt.

In the end, the Red Flame Dynasty won.

Killed all the evil beasts!

Of course, the biggest credit this time goes to Ye Feng.

Because if it weren't for Ye Feng who was the first to find out the mastermind, if these evil beasts attacked the imperial city of the Scarlet Flame Dynasty in an orderly manner, they would definitely suffer huge losses.

At this moment, the emperor of the Scarlet Flame Dynasty immediately stood on the tall city wall, laughing loudly: "We have finally withstood this beast tide. Our Scarlet Flame Dynasty is safe!"

"Very good!"

"I didn't expect that the beast tide this time could be resisted so easily."

"Don't think it's easy, that's because the master disciple from Tiandao Sect solved the mastermind behind this beast wave in advance, otherwise we might all suffer huge losses!"

"Yes, that high disciple from Tiandao Sect is so awesome! He is simply a role model for our generation!"

...

At this moment, everyone in the Scarlet Flame Dynasty, including the masters from other small sects invited by the Emperor of the Scarlet Flame Dynasty, looked at Ye Feng with eyes full of deep admiration and awe.

Chapter 2619 The guess is correct

Ye Feng's eyes showed a hint of thinking at this time, and he walked towards the crowd.

Although everyone said that he was very powerful, Ye Feng had no pride in his heart.

Because Ye Feng knew very well that the biggest threat might not be completely eliminated yet.

The real mastermind may still be hiding deep in the wilderness.

The shadow demon he killed was just an ordinary hell demon.

At this moment, Ye Feng flew to the tall wall of the Imperial City of the Chiyan Dynasty.

The Emperor of the Scarlet Flame Dynasty immediately welcomed him very happily, and couldn't help but said: "Thanks to Lord Ye Feng this time, otherwise I am afraid that this wave of beasts will destroy the entire imperial city of the Scarlet Flame Dynasty."

Ye Feng nodded slightly, and then said aloud: "Emperor Chiyan, I have something private that I want to tell you."

When the Emperor of the Scarlet Flame Dynasty heard what Ye Feng said, he seemed to see the solemn look in Ye Feng's eyes. He was slightly shocked in his heart, and then nodded and asked the people around him to retreat.

Then the emperor of the Scarlet Flame Dynasty spoke up and said: "Master Ye Feng, now you can tell me directly what's going on."

Ye Feng nodded slightly, staring at the Emperor of the Scarlet Flame Dynasty in front of him at this moment, and said loudly: "I think the real mastermind behind this beast tide has not been completely eradicated, and the real reason may still be hidden in the wilderness. Deep areas of the land."

When the Emperor of the Scarlet Flame Dynasty heard what Ye Feng said, he couldn't help being a little surprised and said: "Master Ye Feng, what you mean is that you suspect that there are so many demonized evil beasts in this wave of beasts. The real reason behind the masterpiece of the mysterious black-robed man you killed before is very likely still deep in the wilderness."

Ye Feng nodded, and then said aloud: "My guess is this, because the mysterious black-robed man I killed was actually just a rather ordinary hell shadow demon; It is impossible to transform so many evil beasts at once and transform them all into demonized evil beasts. This is a very huge project.

Maybe it can be accomplished with an ordinary Hell Shadow Demon, so I guess there is a greater threat deep in the wilderness. "

Hearing what Ye Feng said, the emperor of the Scarlet Flame Dynasty couldn't help but said in horror: "That mysterious man in black robe turned out to be a demon from hell? And what kind of special shadow demon? I seem to have never heard of it before. Said."

Ye Feng nodded and said: "I have never heard of the Shadow Demon before. It was told to me by a friend who always follows me, so the real threat has not been completely eliminated. There are still security issues for your Red Flame Dynasty. Huge hidden danger."

Hearing what Ye Feng said, the emperor of the Red Flame Dynasty also hesitated.

He now wants to go to the depths of the wilderness to check, but he is afraid that there is a huge danger that may cause the entire Red Flame Dynasty to be annihilated.

Finally, the emperor of the Scarlet Flame Dynasty couldn't help but said: "Let's do this. I will personally lead a team of the most loyal imperial guards and follow you, Lord Ye Feng, into the depths of the wilderness to investigate the situation."

Ye Feng nodded and said aloud: "That's what I mean too."

Hearing what Ye Feng said, the emperor of the Scarlet Flame Dynasty immediately bowed his hands respectfully and said very sincerely: "If it were other people, they would definitely not care about such troublesome matters in our Scarlet Flame Dynasty, but Lord Ye Feng is so responsible that he actually wants to help our Red Flame Dynasty solve the real danger. As the emperor of the Scarlet Flame Dynasty, I must now bow respectfully to Lord Ye Feng to express my gratitude. "

When Ye Feng saw that the Emperor of the Scarlet Flame Dynasty was so sincere, he smiled and patted the other party on the shoulder, and said loudly: "You don't have to worry too much, maybe there is nothing terrible deep in this wild land. But no matter what, we need to go in and take a look, and we can't tell other people about this matter, otherwise it may cause panic in the entire Red Flame Dynasty.

, or even attract the attention of various surrounding forces and sects, which would not be good. "

The reason why Ye Feng helped the Emperor of the Scarlet Flame Dynasty go into the depths of the wilderness to explore the situation was that, in addition to being responsible for his own professionalism, there was another important reason why Ye Feng wanted to see the depths of this wilderness. There is no hell treasure everywhere.

Because Ye Feng knows very well that the interface barriers of the God Realm are very strong. If other interfaces want to enter the God Realm, they must rely on very powerful treasures to open up interface channels.

Therefore, the reason why Ye Feng chose to go into the depths of the wilderness alone with the Emperor of the Red Flame Dynasty to explore the secrets still contained some selfish motives of his own.

At this moment, after Ye Feng finished speaking, the emperor of the Scarlet Flame Dynasty immediately selected many imperial guards who were loyal to the Scarlet Flame Dynasty without any hesitation or wasting any time, and immediately followed Ye Feng towards the wilderness. Go deep into the earth.

Many people saw this scene with strange looks in their eyes. They didn't understand why the emperor of the Scarlet Flame Dynasty brought a group of elites and Lord Ye Feng from Tiandao Sect into the depths of the wilderness.

But everyone didn't think much about it because they felt that all real threats had been eliminated.

At this time, while other masters of the Scarlet Flame Dynasty were cleaning the battlefield, Ye Feng, the Emperor of the Scarlet Flame Dynasty, and a group of elite imperial guards had arrived in the wilderness.

The Savage Land is a rather desolate place. There are no plants growing around it, but there are very powerful evil beasts from ancient times.

But when Ye Feng and his group entered the wilderness area, they were shocked by the sight in front of them.

Because they saw that all the evil beasts in the entire wild land were dead, and the state of death of these evil beasts was very strange. They were all reduced to skin and bones, as if they had been killed by some strange existence. Absorbed all the blood energy and became a skeleton.

This state of death is very similar to the state after being swallowed by Ye Feng.

This made Ye Feng secretly murmur in his heart. Could it be that a strange existence with the same devouring ability as himself was born in the depths of this wild land?

At this moment, the emperor of the Scarlet Flame Dynasty saw the scene of dead beasts all over the ground, and his eyes could not help but reveal a look of deep fear.

Including the elite guards who were loyal to the Red Flame Dynasty, everyone had experienced the blood of the battlefield, but at this moment they were also frightened by the strange and shocking scene in front of them.

But since everyone has entered the wilderness at this time, they will not retreat.

Everyone moved on.

At this moment, including the Emperor of the Scarlet Flame Dynasty, they couldn't help but move closer to Ye Feng, getting closer.

Because everyone felt at this time that the closer they stood to Ye Feng, the safer they would be.

After all, everyone had seen Ye Feng's powerful combat power when he resisted the beast tide before.

Uh-huh!

And just as everyone continued to advance towards the depths of the wild land, suddenly accompanied by an extremely fast sound breaking through the air, a humanoid creature covered with black scales instantly rushed out of the surrounding wild grassland. All of a sudden, he rushed in front of everyone, rushed towards an imperial city guard, and instantly scratched the imperial city guard into pieces with one claw.

"Enemy attack!"

Almost at this moment, many imperial guards of the Red Flame Dynasty immediately shouted loudly and pulled out the steel swords at their waists.

At this moment, the emperor of the Scarlet Flame Dynasty saw the humanoid creature covered with black scales, and immediately couldn't help but said to Ye Feng beside him: "Master Ye Feng, your

guess is right. This The depths of the wilderness are indeed inescapably connected to the ancient hell. This humanoid creature covered in black scales is very similar to the evil spirits from the ancient hell recorded in our ancestral books!"

Chapter 2620 Super Magic Weapon

Ye Feng nodded at this time, looked at the Emperor of the Scarlet Flame Dynasty beside him, and said loudly: "It seems that my guess is indeed correct. There is something related to hell deep in this barbaric land."

At this moment, after Ye Feng finished speaking, he immediately looked at the hell demon covered with black scales, and suddenly grabbed the hell demon with one hand.

When this hell demon saw Ye Feng taking action, he immediately began to roar horribly, and even took the initiative to rush towards Ye Feng.

Because this hell demon thinks that Ye Feng is just an ordinary human boy and is nothing to be afraid of.

Boom!

But the moment Ye Feng's palm collided with the hell demon, the hell demon's eyes suddenly changed.

And at the next moment, Ye Feng's palm was like an extremely sharp sword, piercing the body of this hell demon at once, and then instantly activated his devouring ability, directly in the horrified eyes of everyone around him, "Crash!" "Drained all the blood from this hell demon.

Although Ye Feng's cultivation level has not achieved a breakthrough, he can feel that his skill has been greatly improved.

Obviously, the level of this hell demon is very good, and its bloodline should be very pure, so the energy it provides is very majestic and pure.

Boom boom boom...

But suddenly at this moment, at the moment when this hell demon died, suddenly a bunch of terrifying hell demons rushed out from the desolate jungle around the desolate ground where

everyone was at this moment, all of them were the same as before. Just like that demon, his whole body was covered with pitch black scales, and his body exuded a very rich and pure demonic aura.

Obviously, this place is just like a lair where demons from hell live. There are so many demons!

The emperor of the Scarlet Flame Dynasty immediately couldn't help but exclaimed: "It seems that many evil beasts living in this barbaric land have either been demonized and turned into monsters, or they have all had their blood sucked dry by these demons. "

Ye Feng nodded and said aloud: "I'm afraid that the beings in hell have taken control of this wild land and turned this wild land into their own lair to cultivate various hell demons. They seem to want to conquer The entire human land."

When the Emperor of the Scarlet Flame Dynasty heard what Ye Feng said, he nodded solemnly, and then said: "This matter is too involved. Should we notify those super sects to come and investigate."

Ye Feng immediately shook his head and said, "Let's go deep inside and take a look. I'll open the way. You just follow me."

"Supreme Realm!"

Almost at this moment, a series of extremely powerful supreme shadows rushed out of Ye Feng's body. They were full of infinite power and quickly impacted directly in the space around Ye Feng.

Boom!

Boom!

Boom!

The hell demons that jumped out around them were shattered into countless pieces by groups of supreme shadows.

Ye Feng immediately released the Devouring Domain, swallowing up all the broken fragments of these hell demons.

Rumble...

Suddenly, streams of very majestic blood energy were directly injected into Ye Feng's body, rapidly increasing Ye Feng's power.

Boom boom boom...

No matter how many hell demons rushed out around him, they were all bombarded and shattered by the supreme shadow in Ye Feng's supreme realm. Then all the blood energy was swallowed up and turned into nourishment for Ye Feng's cultivation and power.

To Ye Feng, these hellish demons that seemed to have just been born were not powerful at all.

In Ye Feng's eyes now, it is nothing.

Even Ye Feng didn't need to take action. He was able to smash all these hell demons just by relying on his supreme domain.

The group of guards from the Scarlet Flame Dynasty who followed Ye Feng, as well as the emperor of the Scarlet Flame Dynasty, all had deep excitement in their eyes.

They didn't expect Ye Feng to be so powerful.

At this moment, Ye Feng was like a young god, his whole body exuding bright light, surrounded by terrifying shadows of the Supreme, constantly clearing the way for everyone. This scene was really shocking.

In this process, Ye Feng's cultivation finally devoured and accumulated a breakthrough, and he directly stepped into the fifth level of the True Self Eternal Realm.

At this time, Ye Feng and everyone finally arrived at the deepest area in this wild land.

Almost at the next moment, everyone saw a huge black altar standing in front of everyone, appearing in their field of vision, looking full of endless shock.

This black altar is extremely towering and majestic. It is like a black mountain. It stands at the end of the earth in the distance. It looks full of vastness and majesty. It is just like an altar passed down from the ancient mythological era. Contains ancient hell power and dark evil energy.

At this moment, there are even many shadow demons floating around the black altar, praying for something, seemingly communicating with the great and ancient super interface of ancient hell.

At this time, the emperor of the Red Flame Dynasty was trembling all over.

He stared at the towering dark altar in the distance, like an ancient sacred mountain, and couldn't help but said: "This is the devil's altar leading to hell. It is recorded in the ancient books of our Red Flame Dynasty. I once saw it in the library and was very frightened. I didn't expect it.

Today I saw with my own eyes the legendary demon altar that can lead to hell. "

Hearing the emperor of the Scarlet Flame Dynasty say this at this moment, Ye Feng's eyes showed a hint of surprise.

Ye Feng originally thought that there might be some very terrifying demon strongman from hell living in the depths of this wild land, but he didn't expect that it turned out to be a huge demon altar.

Ye Feng guessed that this demon altar should be a passage that can connect the ancient hell and the divine world.

At this time, Suzaku suddenly said in the storage ring: "Ye Feng, this demon altar is definitely a super magic weapon in hell. It is very powerful and contains very great power, because only very precious treasures can open it. The interface barrier between ancient hell and the divine world."

Ye Feng immediately nodded and said: "I think so too. This demon altar is definitely a treasure that must be obtained. Moreover, after seizing this demon altar, it can be regarded as eliminating the destruction of the Red Flame Dynasty by the hell demon. Crisis really kills two birds with one stone."

At this moment, Ye Feng immediately looked at the Emperor of the Scarlet Flame Dynasty beside him, and was about to say something.

Boom!

But suddenly, the emperor of the Scarlet Flame Dynasty rushed towards the demon altar in front of him, and streaks of golden dragon energy bloomed all over his body.

The emperor of the Chiyang Dynasty shouted: "This demon altar must be destroyed. This is the biggest threat!"

Boom!

However, just when the emperor of the Scarlet Flame Dynasty had just rushed to the demon altar, he was instantly blown away by a huge dark energy, and then he spurted out a mouthful of blood in mid-air and fell hard on the ground.

Ye Feng immediately said: "Emperor Chi Yan, this demon altar should be a super magic weapon from ancient hell. It is not something you can compete with. Let me give it a try."
