

## Ancient 2641

Chapter 2641 Ruined City

quiet!

Deadly quiet!

No one expected that Ye Feng, an inner disciple who looked extremely ordinary, could defeat Gu Yunxiao, the tenth ranked core disciple, so badly. It really shocked everyone's hearts.

At this time, Ye Feng slowly walked up to Gu Yunxiao, stretched out his hand, smiled and said: "Same as before, you are defeated in my hands, then give me your storage ring, As a price, otherwise you will be like the core disciple just now, and I will step on your head."

Hearing what Ye Feng said, Gu Yunxiao's eyes suddenly became extremely ugly.

You know, Gu Yunxiao is the tenth-ranked existence among the core disciples.

The strength is extremely powerful, and the status is also very noble.

Now that he was stepped on by Ye Feng, he felt extremely humiliated.

But Gu Yunxiao also understood very well at this time that Ye Feng's strength was too powerful.

This seemingly ordinary inner sect disciple, once his true fighting power breaks out, he is like an ancient giant, with majestic power in every move and every move, which is impossible to resist.

The punch that Ye Feng just fired was so terrifying that even Gu Yunxiao himself had to admit that he was no match for Ye Feng.

At this time, Gu Yunxiao looked at the strange looks from the people around him and could only hand his storage ring to Ye Feng in shame.

Ye Feng got Gu Yunxiao's storage ring and was extremely happy because this Gu Yunxiao was the tenth-ranked existence among the core disciples of Tiandao Sect.

His wealth must be huge.

He is many times richer than the ordinary core disciple that Ye Feng snatched away before.

At this time, after Ye Feng got Gu Yunxiao's storage ring, he gave Gu Yunxiao a cold look, then turned and left.

After returning to a certain corner, Ye Feng directly emitted his spiritual thoughts and began to explore the contents of Gu Yunxiao's storage ring.

At the next moment of the investigation, Ye Feng's eyes suddenly lit up.

There is a very precious treasure in Gu Yunxiao's storage ring, which contains a lot of cultivation resources and wealth. If it is refined, it will definitely improve a lot of cultivation.

However, Ye Feng did not refine it on the spot at this moment, because after he defeated Gu Yunxiao, he immediately became the focus of the entire field, and everyone was secretly paying attention to him.

Therefore, Ye Feng did not take out the wealth in the storage ring on the spot at this time, so as not to attract some malicious eyes.

At this time, a young man suddenly walked beside Ye Feng, it was Zhu Qingshan.

Zhu Qingshan witnessed everything on the field with his own eyes and was extremely shocked.

At this moment, Zhu Qingshan, the second-ranked disciple in the inner sect, was truly impressed by Ye Feng.

Zhu Qingshan came to Ye Feng and couldn't help but said: "Ye Feng, you are so amazing, beyond everyone's expectations. My admiration for you now is like a torrent of rivers, endless. Absolutely."

When Ye Feng heard what Zhu Qingshan said, he immediately smiled, shook his head, and said, "My true strength has not been fully unleashed yet."

The true strength has not been fully unleashed? ?

When Zhu Qingshan heard what Ye Feng said, his eyes immediately showed an even more shocked look.

He never expected that Ye Feng had defeated Gu Yunxiao, the tenth most powerful being among the core disciples, but still failed to use his truly powerful cards and power.

Zhu Qingshan couldn't help but think in shock, if Ye Feng really used all his trump cards and all his methods, what kind of powerful existence would he be able to compete with?

Is it comparable to the top five existences among the core disciples?

At this moment, Zhu Qingshan thought for a while and then reminded him: "Ye Feng, this time in the ruins of the ancient giant city, you have such a powerful strength. It seems that

You can get a good chance, but you have to be careful. This time, not only the masters of our Tiandao Sect will enter the ruins of the ancient giant city, but also the masters and strong men of the Demon Sect of Everlasting Hatred will enter. The last time you killed the super genius Mo Wushuang of the Everlasting Hatred Demon Sect on the spot in the inner sect, it has aroused the killing intent of many masters and strong men in the Everlasting Hatred Demon Sect, so if you encounter the Everlasting Hatred Demon Sect next time, Be careful with the people who come to the door, they may attack and kill you at any time. "

Hearing what Zhu Qingshan said, Ye Feng immediately smiled secretly.

In fact, the Everlasting Hatred Demon Sect had already sent a killer to assassinate him.

But these killers were very unlucky. They happened to encounter themselves and Leng Qingxue, an extremely powerful true disciple of the Tiandao Sect. As a result, they all ended up being pinched to death by Leng Qingxue casually.

However, Ye Feng did not tell the secret to Zhu Qingshan at this time. After all, it was better not to pass on the news, otherwise it might cause a lot of trouble.

While Ye Feng and Zhu Qingshan were chatting, the entire steel warship had flown across thousands of miles of land and landed in a deep mountain and old forest.

At this moment, all the disciples of Tiandao Sect on the entire warship were looking forward.

In a certain direction ahead, there is a huge and towering mountain. .??.

In the middle of this mountain, a huge steel gate was cast.

In the middle of this steel gate, there is a huge space vortex, which is slowly rotating and emitting very strong space fluctuations.

At this moment, a stern woman wearing a black robe flew out from the highest area of the steel warship.

This stern woman is an inner elder of the Tiandao Sect and is responsible for driving the steel warship this time.

At this moment, this stern woman in black robe looked at the space vortex in the middle of the steel gate not far away, and said loudly: "Everyone, listen up, this space vortex is the passage leading to the ruins of the ancient giant city. At the entrance, extremely powerful true disciples have already entered, opening the door for you.

Road, so when you first enter the ruins of the ancient giant city, there shouldn't be much danger, so don't worry too much. Now you can start entering them one by one. "

"Yes, elder!"

At this time, many Tiandao Sect disciples on the entire steel battleship all clasped their fists and shouted.

Swish, swish, swish!

Then a group of disciples flew toward the space vortex in the middle of the steel gate one by one, and disappeared into the huge space vortex.

At this moment, Ye Feng and Zhu Qingshan also flew out one after another, disappearing into the space vortex in a flash.

Buzz!

Along with a burst of violent space fluctuations, the two figures have arrived in a strange and vast world of different dimensions.

Ye Feng and Zhu Qingshan opened their eyes at this time, and immediately saw that they had landed in an ancient dilapidated city.

Zhu Qingshan couldn't help but said: "This should be inside the ruins of the ancient giant city. It is such a huge small world."

At this moment, the two of them looked outside the ruined city and discovered that there was no end in sight at all, and the land was vast.

But just when the two of them were looking around.

suddenly.

Swish, swish, swish!

Swish, swish, swish!

In this dilapidated city, more than a dozen masters of the Everlasting Hatred Demon Sect wearing demonic costumes suddenly jumped out.

They were filled with fierce aura and murderous intent, and they suddenly surrounded Ye Feng and Zhu Qingshan who had just teleported into this ruined city.

A master of the Everlasting Hatred Demon Sect with a scar on his face immediately couldn't help but smile and said to the others around him: "It seems that we are quite lucky. This ruined city turned out to be a space teleportation point, and suddenly teleportation Two Tiandao Sect disciples are here. Judging from their clothes, they should be inner disciples of Tiandao Sect. They must be extremely rich. Let's kill these two Tiandao Sect disciples as soon as possible."

Chapter 2642 Taishang Xuanjian Gang

Almost at the moment when the master of the Everlasting Hatred Demon Sect finished speaking, Ye Feng and Zhu Qingshan beside him immediately looked at each other, and they both saw a hint of surprise in each other's eyes.

They never thought that the masters of the Everlasting Hatred Demon Sect would be ambushing in this ruined city, waiting for the disciples of the Tiandao Sect to teleport here, and then kill them and plunder their wealth.

At this time, when they saw Ye Feng and Zhu Qingshan standing still, the masters of the Everlasting Hatred Demon Sect thought that they were both scared to death, and suddenly there was a deep look of ridicule in their eyes. He said aloud: "Look, these two disciples of Tiandao Sect were probably frightened by us. They stood motionless. Let's not waste any more time and attack them directly."

At this moment, the master of the Everlasting Hatred Demon Sect said, and rushed directly towards Ye Feng and Zhu Qingshan alone.

He didn't even sense the aura of cultivation on the two of them, so he took action directly, because he felt that the two of them looked ordinary and didn't look like masters at all.

But this master of the Ever-hateful Demon Sect is always wrong.

Because both Ye Feng and Zhu Qingshan are the best among the inner sect of Tiandao Sect.

Although Zhu Qingshan is much weaker than Ye Feng, Zhu Qingshan is the second-ranked genius disciple of the inner sect after all, and is much stronger than the ordinary people of the Everhateful Demon Sect.

Zhu Qingshan laughed loudly at this time and said to Ye Feng: "Ye Feng, you don't need to take action this time, let me teach these ignorant warriors of the Everlasting Hate Demon Sect a lesson.

At this moment, after Zhu Qingshan finished speaking, he immediately took out a long sword made of white jade from his storage ring and slashed straight ahead.

Boom!

Almost at the moment when Zhu Qingshan killed with his sword, an extremely terrifying sword light burst out from the long sword in his hand, tearing through the void in an instant, and suddenly the one who rushed over first was The Demon Gate of Everlasting Hate is High

The hand split into two halves with a "pop" from the beginning to the end, exploded instantly, and turned into a blood mist in the void.

"What? So powerful?"

Seeing Zhu Qingshan take action, the masters of the Everlasting Hatred Demon Sect couldn't help but look deeply shocked in their eyes.

Only then did they suddenly realize that they seemed to have offended the wrong person.

These two Tiandao Sect disciples teleported to this dilapidated city are definitely powerful geniuses in Tiandao Sect and are not ordinary inner disciples.

At this time, a dozen masters from the Everlasting Hatred Demon Sect immediately fled around quickly, wanting to stay away from here.

Zhu Qingshan wanted to chase him.

But at this time, Ye Feng used his bloodline talent and directly said to a dozen weak disciples of the Everhate Demon Sect: "Explode."

Boom, boom, boom, boom...

Almost at the moment Ye Feng finished speaking, the bodies of the dozen or so masters of the Everlasting Hatred Demon Sect who were about to escape exploded without any warning. The scene looked extremely bloody, but also extremely shocking.

Seeing this scene, Zhu Qingshan immediately showed a look of deep astonishment on his face, then his eyes widened, and he couldn't help but look at Ye Feng, and said loudly: "Ye Feng, this move of yours is really too powerful. It's windy, it's so strong!"

Ye Feng smiled and said, "It's just a trivial matter."

At this moment, after Ye Feng finished speaking, he directly released the Devouring Domain, swallowing up all the blood and energy of the dozen dead masters of the Everlasting Hatred Demon Sect.

Ye Feng's skill increased a bit and became stronger, but there was no obvious breakthrough in his cultivation.

However, Ye Feng didn't care. After all, his current breakthrough required a huge accumulation of energy. As long as he slowly accumulated energy, it would be fine.

Seeing the Devouring Domain released by Ye Feng, Zhu Qingshan felt the terrifying and dark energy of the Devouring Domain, and immediately felt a feeling of palpitations.

This made Zhu Qingshan couldn't help but tremble involuntarily.

He was getting more and more shocked. What kind of terrifying trump card did Ye Feng possess?

Some trump cards are displayed in front of me, but I can't even see them through. This is really terrifying!

At this moment, Ye Feng looked at the dilapidated city around him and said, "Zhu Qingshan, are you going to walk with me next, or are you going to experience the ruins of this ancient giant city alone?" .?? .

Zhu Qingshan thought for a while and said with a wry smile: "I'd better set off alone. After all, with you Ye Feng, you are too powerful. You will definitely go to a place where the ruins of the ancient giant city are very deep and dangerous. That kind of place I'm afraid I don't dare to go there, otherwise my life may be in danger if I'm not careful, and I don't want to delay Ye Feng's cultivation process. After all, you might be carrying a drag bottle with you. "

It has to be said that although Zhu Qingshan is not very strong, he still has a very clear understanding of himself and does not want to drag Ye Feng down.

Ye Feng heard what Zhu Qingshan said, nodded slightly, and then said: "Okay, I hope that we can all be well improved in the ruins of this ancient giant city."

Zhu Qingshan nodded, then clasped his fists at Ye Feng, turned around and left the ruined city.

Because there was nothing in this dilapidated city, Zhu Qingshan chose to leave directly and flew in a certain direction to find his chance.

And Ye Feng did not leave at this moment.

Instead of opening this dilapidated city, he took out the storage ring that he had snatched from Gu Yunxiao, the tenth core disciple of the inner sect, and then took out all the resources in it.

There are piles of radiant crystals, some energy amethysts, and some quite ancient elixirs...

Ye Feng took out all these things, piled them around himself, and then began to release his devouring power to devour them.

"Rumble..."

Ye Feng's skill suddenly continued to improve at this time.

Suddenly at some point.

Boom!

Ye Feng's body suddenly burst out with a new and powerful aura of cultivation.

Ye Feng's cultivation level finally broke through again at this time and was directly promoted to the third level of the Holy Embryo Realm of Heaven and Earth!

Ye Feng was very satisfied with this and continued to explore Gu Yunxiao's storage ring.

Suddenly, he found an ancient book made of animal skin from a corner of Gu Yunxiao's storage ring.

Buzz!

With a thought, Ye Feng immediately took the ancient animal skin book in his hand and opened the first page.

It says: "Tai Shang Xuan Jian Gang!"

This is a very powerful and advanced inheritance in Tiandao Sect. Only the top ten core disciples are qualified to practice it.

Ye Feng's eyes lit up, and he immediately began to understand this powerful inheritance on the spot. He needed to continuously condense the Gang Yuan before he could kill the Taishang Xuan Jian Gang.

This is a magical martial arts inheritance that can condense the Xuanjian Gangyuan in advance, store it in one's body, and then release it instantly at a critical moment.

When you release it, you no longer need to consume your own skills. It is a bit like the martial arts inheritance of concealed weapons.

Chapter 2643 The huge secret

In the next few days, Ye Feng was meditating on this set of Supreme Mysterious Sword Gang, constantly condensing the Gang Yuan in his body, and then accumulated each Xuan Sword Gang Yuan, so that he could deal with the enemy. It is released instantly without consuming any skill. It is equivalent to a hidden weapon that can be stored in the body.

Ye Feng finally reserved nine extremely sharp Taishang Xuanjian Gang in his body. Once released, it will definitely be like a magical weapon, extremely terrifying, able to penetrate everything, and like a hidden weapon, it is impossible to guard against.

Ye Feng wanted to continue concentrating, but he discovered that he could only reserve nine Supreme Mysterious Sword Gang at present.

After knowing this, Ye Feng did not waste any more time and immediately turned around and left the dilapidated city he was first teleported to.

Because Ye Feng Shen Nian has already explored it, there are no treasures and wealth in the surrounding dilapidated city, and they should have been plundered by those who arrived in advance.

At this moment, Ye Feng walked out of the ruined city and walked towards the desolate land outside.

At this time, Ye Feng didn't have any specific sense of direction. He just moved quickly in a certain direction based on his vague sense, hoping to encounter something unusual.

However, after walking for a long time, Ye Feng didn't find anything special.

The surrounding area is all barren land, with some dilapidated buildings and nothing else.

Regarding this, Ye Feng's eyes were a little ugly. Is he just wandering around like a headless fly?

Uh-huh!

At this moment, Ye Feng immediately flew up into the sky, and then instantly released his Divine Eye of Creation, looking towards the distant land, hoping to find unusual areas.

Sure enough, after Ye Feng turned around, he suddenly saw a large area of ancient buildings somewhere in the north.

Although most of the buildings have collapsed, Ye Feng can see that there must be good luck among the ancient buildings.

Ye Feng immediately identified this direction at this moment and quickly rushed towards the ancient building area.

Ye Feng's speed was very fast, and he arrived at the edge of this ancient building complex in a blink of an eye.

At this time, in Ye Feng's field of vision, countless ancient buildings had collapsed, and there were broken arms and ruins everywhere, looking extremely desolate and deserted.

But Ye Feng was exuding his soul power at this time, and he could feel that there were a lot of energy fluctuations stored in these ancient buildings. Obviously, there were still many good things hidden in these ruins.

Ye Feng possesses powerful soul power and can easily sense the good things hidden in these ruins, such as some elixirs and fruits that have grown for many years, as well as some magic weapon fragments left by ancient civilizations, etc. wait.

These are all good things for Ye Feng.

Even if you don't use it yourself, you can take it out and sell it in a shop.

In the next few days, Ye Feng searched for various remaining resources in this large ruined area and gained a lot.

And Ye Feng didn't meet anyone else.

Ye Feng has never encountered any masters from Tiandao Sect or Everlasting Hatred Demon Sect.

This made Ye Feng a little surprised.

After all, there must be many people entering the ruins of this ancient giant city this time.

Nearly tens of thousands of people have entered the Tiandao Sect, and there must be many people in the Everlasting Hatred Demon Sect.

But so far, Ye Feng hasn't encountered them yet. He just encountered a few miscellaneous fish from the Everlasting Hatred Demon Sect when he was just teleported in, and they were easily dealt with.

Ye Feng immediately understood. It seemed that the ruins of this ancient giant city were a very vast small world. The area must be extremely large, otherwise it would be impossible for him to not encounter anyone until now.

"Buzz!"

And on the third night when Ye Feng came to the ruins of this ancient city.

Ye Feng was resting that night, but he suddenly sensed a rather mysterious energy fluctuation.

Buzz!

Ye Feng immediately became alert and looked through the ruins in the distance.

Ye Feng immediately saw a figure radiating light, which seemed to be an ancient heroic spirit. It flew out from the cracks in the ruins and wandered around, seeming to be looking for something.

Ye Feng felt very curious. He didn't expect that there was still such a thing among the ruins.

An ancient soul.

Ye Feng secretly followed this ancient soul and quickly lurked towards a certain area deep in the ruins.

Soon the soul stopped on the ruins of a huge palace, then stretched out his hand and grabbed it fiercely.

Boom! !

The ruins in front of this soul suddenly exploded.

Buzz!

A huge long sword made of pure gold slowly flew out from the explosion of the ruins in front of him in an instant, and then floated in front of the soul.

"What a powerful magic weapon fluctuation!" .??.

"This pure gold sword is definitely a very precious treasure! It has mysterious power!"

Ye Feng, who was lurking in the dark at this moment, saw this scene, his eyes suddenly lit up, and he flew quickly in the direction of the soul.

"who?"

When this tall soul saw Ye Feng's appearance, his eyes immediately showed deep shock. Apparently, he didn't expect that someone was following him secretly.

But the next moment the soul saw Ye Feng's young appearance, he couldn't help but sneered: "It turns out that he is a young man who doesn't know how to live or die, and he dares to follow this king, even though now this king only has one soul left. His body is enough to completely kill you, a young man who doesn't know how to live or die."

At this moment, after the soul who claimed to be the king finished speaking, he immediately stretched out a hand towards Ye Feng.

In an instant, Ye Feng felt that his entire soul was about to be shattered by this hand.

Boom!

But Ye Feng suddenly burst out with his extremely powerful soul power at this moment.

You must know that Ye Feng's current soul power has been upgraded to a full 70,000 level, which is extremely powerful.

Then Ye Feng also broke out the soul inheritance technique, endless hell, this extremely terrifying soul attack technique.

Boom!

Almost at the next moment, a scene of endless hell rushed out of Ye Feng's mind, and instantly enveloped the king's soul.

When this king was born, he

I feel that I am trapped in an endless hell, and it seems that the next moment I will sink into endless pain and be completely obliterated.

Feeling Ye Feng's terror, the king's soul immediately couldn't help shouting in horror: "It turns out to be the extremely noble Soul Master! Please spare my life, Soul Master! As long as the Soul Master is willing to spare my life." , I will tell the soul master the secret of this great emperor sword!"

When Ye Feng heard what the king's soul said, his eyes suddenly showed a look of surprise, and he couldn't help but said: "Is this sword called the Great Emperor Sword?"

The king's soul immediately nodded in horror, and then said respectfully: "Master Soul Master, this Great Emperor Sword itself is an extremely powerful magic weapon, but many people only know one and not the other. In fact, Within the body of this Great Emperor Sword, there is a huge secret about the Celestial Clan that has disappeared for countless years in the ruins of this ancient giant city!"

"The Celestial Clan?"

When Ye Feng heard this, his eyes suddenly showed a hint of shock.

Because Ye Feng once accidentally saw a few words about the Celestial Clan in the ancient books of Tiandao Sect.

In the Tiandao Sect's newcomer's manual, there is some basic historical knowledge at the end.

Among these historical records, only a few words are described about the Celestial Clan.

But even though they were just a few words, they left a deep impression on Ye Feng.

Because in the manual for newcomers to the Tiandao Sect, there are only a few words that read: "The Celestial Clan, an ancient race that once unified the entire land in the center of the God Realm, is one of the ten major Celestial Clans that has disappeared in history."

These short words showed the endless glory of the Celestial Clan, a powerful race that has disappeared in the long river of history.

Ye Feng never thought that the ruins of the ancient giant city he came to were related to the legendary Celestial Clan.

Ye Feng stared at the ancient soul in front of him who claimed to be a king, and said slowly: "If you dare to lie to me, you will end up in a miserable place."

The king's soul immediately spoke in horror: "As long as Master Soul Master lets me go, I will take you to find the last traces of the lost Celestial Clan in the ruins of this ancient giant city. No one knows this huge secret. I don't know, I'm afraid I'm the only one left in the world who knows!"

Chapter 2644 Human Emperor Sword

I have to say that Ye Feng was indeed a little curious and a little moved by what the king's soul said.

Because the things the Celestial Clan is concerned with are really too big.

Ye Feng once read a few words about the Celestial Clan in the Tiandao Sect's newcomer's manual, and knew that this race was very terrifying.

In ancient times, it even almost unified the entire central land of the God Realm.

It can be said that he is a super overlord, an ancient protoss.

At this moment, Ye Feng's eyes showed a flicker of color, and then he stared at the king's soul in front of him and said loudly: "I believe for the moment that what you said is true, then I won't do it first." I'll kill you, but you have to tell me the secrets of this great emperor's sword, and where are the final remains of the Celestial Clan?"

At this moment, Ye Feng said, he immediately reached out and grabbed the great emperor sword that exuded golden light in his hand.

when!

Ye Feng flicked his finger at this time, and the Emperor's sword suddenly made a metallic clang sound, which sounded very crisp and strong.

Uh-huh! ??

At this moment, the king's soul flew in front of Ye Feng, and then said respectfully: "Master Soul Master, this Great Emperor Sword itself is a very powerful weapon, but according to ancient legends, according to what we just translated The message passed down from the kingdom's final ancestral teachings, the Great Emperor Sword is just a key to finding the final remains of the Celestial Clan."

When Ye Feng heard this, his eyes suddenly moved, and he couldn't help but said: "Why do you say this Great Emperor Sword is a key?"

The king's soul couldn't help but speak out at this time: "Because the map that leads to the last trace of the Celestial Clan is hidden in this Emperor Sword."

"What?"

When Ye Feng heard what the king's soul said, there was a hint of surprise in his eyes.

Ye Feng couldn't help but asked:

"Then how to find the map from this Great Emperor Sword?"

The king's soul shook his head at this moment and said loudly: "What is hidden in the Great Emperor Sword is only half of the map, not the complete map."

Ye Feng looked a little surprised and couldn't help but ask: "What about the other half of the map?"

The king's soul slowly spoke out: "The other half of the map is hidden in another weapon that is comparable to the Great Emperor Sword. That weapon is called the 'Human Emperor Sword'. It is a powerful magic weapon used by the ancient Human Emperor. Only the The Great Emperor Sword and the Human Emperor Sword were all gathered together, and then they were refined into two treasures. Only then could a complete map be revealed and the traces of the Celestial Clan's final disappearance be revealed. "

"Great Emperor Sword?"

"Human Emperor Sword?"

Ye Feng heard the king's soul say this at this moment, and immediately nodded slightly, and then said loudly: "Where is the human emperor's sword?"

At this moment, the king's soul also smiled bitterly, shook his head, and said aloud: "I searched for many years before finally finding the Great Emperor Sword, which was hidden in the surrounding ruins. That's why I found it, but the Human Emperor Sword I don't know where it is yet."

When Ye Feng heard what the king's soul said, there was a trace of disappointment in his eyes, but he still nodded slightly and said: "Then let's do this for now, follow me first, and wait until the human emperor's sword is found. "

The king's soul immediately nodded, and then disappeared into the void, but it kept following Ye Feng.

At this moment, Ye Feng took the Great Emperor Sword in his hand, refined it, and then carried it behind his back.

Although the Great Emperor Sword is only a key that leads to the final trace of the Celestial Clan,

But whether it is the Great Emperor Sword or the Human Emperor Sword, these two magic weapons are extremely powerful. They are both extremely ancient ancient treasures, so they have terrifying power in themselves, which just makes Ye Feng now have a handy weapon. arms.

At this moment, Ye Feng continued to wander among the surrounding ruins.

In the next few days, under the reminder of the king's soul, Ye Feng got a lot of good things in this endless ruins.

There are ancient elixirs, elixirs that have been growing for tens of millions of years, and some damaged armors with ancient divine inscriptions engraved on them, which are very precious.

Ye Feng finally refined all the obtained resources, and his cultivation level immediately reached the second level.

Directly from the third heaven of the Holy Embryo Realm of Heaven and Earth, he broke through to the fifth heaven of the Holy Embryo Realm of Heaven and Earth.

This breakthrough speed makes Ye Feng quite satisfied.

Because Ye Feng's entire body is now like a bottomless pit. As his cultivation continues to improve, the energy he needs to break through is getting larger and larger.

After sweeping through this endless ruins for so many days, Ye Feng was very happy to be able to directly break through two levels of the sky.

Ye Feng's combat power has been greatly improved.

As for the soul of the king who has been following Ye Feng, he has also witnessed Ye Feng's terrifying devouring power in the past few days, and the fear in his heart has become even more profound.

It seemed as if Ye Feng was afraid that one day he would use this terrifying devouring power and swallow his entire soul.

After some time, Ye Feng left this endless ruins and walked deeper into the ruins of this ancient giant city.

For Ye Feng, in addition to searching for the possible last relics of the Celestial Clan, he also has an important task, which is to search as much as possible for all the resources and treasures in the surrounding ruins of the ancient giant city.

Grow your strength as quickly as possible.

On this day, Ye Feng left this endless ruins and came to a place full of vibrant oasis.

However, in this oasis, Ye Feng suddenly sensed a very evil spirit of magical beasts, which was surging in the distance.

The aura of that magical beast was not just one, it was like thousands of magical beasts gathered together, surging.

The king's soul looked a little surprised at this time, and couldn't help but said: "Master Soul Master, it is impossible for a magical beast to be born in the ruins of our ancient giant city. How could there be so much magical beast energy suddenly?"

Ye Feng thought for a moment at this moment, and then he suddenly understood something and said aloud: "It is very likely that the masters of the Everlasting Hatred Demon Sect who came in with our Tiandao Sect turned many ordinary monsters into monsters. , that's why there is so much magical beast energy."

Uh-huh!

After Ye Feng finished speaking, he immediately jumped up and flew quickly in that direction, wanting to see what was going on.

Ye Feng's speed was very fast, and in a blink of an eye he came to the place where the aura of the monsters was pulsating.

Suddenly, a shocking scene appeared in Ye Feng's field of vision.

In a huge valley not far away, countless towering monsters, all exuding terrifying demonic aura, were besieging several Tiandao Sect disciples.

And the people who control these monsters are indeed masters of the Demon Sect of Everlasting Hatred!

It was a mysterious man wearing a black robe with a skeleton. He didn't look like an ordinary person. There were many magic patterns on his face, and he looked extremely cold and evil.

"This is a long-lost magic beast master!"

At this moment, the king's soul couldn't help but make a sound of surprise beside Ye Feng.

Chapter 2645 Is this really an inner disciple?

Demonic beast master?

When Ye Feng heard the king's soul next to him say this, his eyes suddenly showed surprise again and again.

He never thought that among the disciples of the Everlasting Hatred Demon Sect who participated in the exploration of the ruins of the ancient giant city, there would be such a magical being.

Although beast control masters are not that rare, they are absolutely extremely rare. It is difficult to see such an existence because the beast control process is very complex and magical.

At this time, Ye Feng saw that the extremely powerful monsters not far away were frantically besieging several Tiandao Sect disciples.

Ye Feng could see at this time that the clothes worn by these Tiandao Sect disciples were all the clothes of the core disciples.

Obviously, this group of several Tiandao Sect disciples are all core disciples.

Although the core disciples are extremely powerful, they are simply unable to withstand the attacks of so many terrifying monsters.

Because you must know that a beast master is equivalent to an army.

You can command countless monsters to attack at any time.

Ordinary people simply cannot resist this human wave tactic.

Although Ye Feng has also encountered the human sea tactic before, he dealt with it easily.

But you must know that he is a monster like Ye Feng.

Ordinary Tiandao Sect disciples, even core disciples, would find it difficult to deal with such a human sea tactic of countless warcraft.

But at this time, Ye Feng showed a hint of excitement in his eyes.

Because in his eyes, these magical beasts refined by the masters of the Everlasting Hatred Demon Sect are all full of energy for Ye Feng.

And Ye Feng now lacks sufficient energy to devour.

"Saves me searching everywhere."

At this moment, Ye Feng laughed and jumped out of the surrounding jungle in an instant.

In a moment, he flew into the mid-air of the canyon below.

"who is it?"

The moment Ye Feng appeared, he immediately attracted the attention of everyone present.

Whether it was a disciple of the Tiandao Sect or the master of the Everlasting Hatred Demon Sect who could control the attack of countless monsters, all eyes were focused on Ye Feng, the uninvited guest, at this moment.

At this moment, those Tiandao Sect disciples saw Ye Feng wearing the clothes of an inner disciple, and their eyes suddenly showed a hint of joy.

"Turns out they are brothers from the same sect!"

But they immediately thought that Ye Feng, wearing the clothes of an inner disciple, must be very weak.

Even these core disciples could not resist this craze of Warcraft, let alone a small inner disciple.

In the valley, the few core disciples of Yiqun Tiandao Sect who were besieged by countless monsters immediately looked into the air and said loudly: "Junior brother, we admire your courage to take action in such a dangerous situation. But this wave of monsters is extremely terrifying. It is a countless number of monsters specially refined by the masters of the Everlasting Hatred Demon Sect. Their combat power is very amazing. Our core disciples cannot resist it, let alone you, an inner sect disciple. So you are now Don't let your eggs touch the rocks, hurry up and escape from here, and go find other strong men from the Tiandao Sect to save us."

At this time, the group of core disciples of Tiandao Sect were all emitting light, and they held up a huge light shield to resist the attacks of countless monsters.

But at this time, they are all trapped in the final prisoner's dilemma and there is no way to escape.

When these core disciples saw that Ye Feng still had the possibility of escaping in mid-air, they immediately raised their voices.

Xing said.

But at this moment, the master of the Everlasting Hatred Demon Sect not far away who controlled countless magical beasts saw that Ye Feng was just an inner disciple of the Tiandao Sect. He immediately breathed a sigh of relief, and then said with a cold smile: "I thought some super master came here, huh, it turns out that he is just an extremely weak inner disciple of Tiandao Sect. Even the core disciples together are no match for my army of warcraft, let alone you, a small inner disciple of Tiandao Sect. Disciple, you are weak and pitiful, but don't think about running away now, because you have been exposed in my eyes."

Boom!

Almost as soon as the master of the Everlasting Hatred Demon Sect finished his words, he immediately waved his hand, and suddenly a dozen majestic black goshawks flew out of the jungle behind him.

These are all powerful monsters that have been transformed into monsters, extremely ferocious and terrifying.

Uh-huh! Uh-huh! Uh-huh!

At this moment, more than a dozen demonized black goshawks immediately surrounded Ye Feng in mid-air.

"Oops!"

Seeing this scene at this moment, the few core disciples of Tiandao Sect who were besieged at the bottom of the valley couldn't help but sigh deeply in their eyes, and they couldn't help but say: "This inner disciple He was too impulsive and rushed out. Now he is surrounded by a dozen extremely powerful monsters, and he can't escape! "

At this moment, the eyes of these core disciples of Tiandao Sect were full of despair.

Because they all felt that they might really be buried in this unknown valley today and disappear from this world.

But at this moment, Ye Feng's face did not show any panic.

He looked at the dozen monsters around him, with a faint smile in his eyes, and said aloud: "A mere dozen or so of them are at the sixth level of the Holy Embryo Realm of Heaven and Earth."

The monster in the sky also wants to kill me? It's so naive. "

"What?"

Hearing Ye Feng say these words, not to mention the master of the Ever-Hateful Demon Sect, even the core disciples of the Tiandao Sect at the bottom of the valley couldn't help but have deep astonishment in their eyes.

Because they can all feel that the cultivation aura on Ye Feng's body is only the fifth level of the Holy Embryo Realm of Heaven and Earth.

But now those who are besieging Ye Feng are more than a dozen monsters from the sixth level of the Holy Embryo Realm of Heaven and Earth.

Not to mention that these dozen monsters are stronger than Ye Feng's cultivation.

Even monsters with the same level of cultivation as Ye Feng are inherently much stronger than human warriors of the same level, and are more ferocious and powerful.

At this moment, everyone felt that Ye Feng was just bragging.

"Boom!"

But at the next moment, Ye Feng suddenly burst out with extremely sharp sword lights.

That is the Taishang Xuanjian Gang condensed by Ye Feng!

At this time, Ye Feng was released all of a sudden. In an instant, it was like a divine sword, piercing the void directly. In an instant, "Puff", "Puff" and "Puff" swept away the black goshawks surrounding Ye Feng. , this terrifying demonized evil beast was instantly pierced through the body, blood spattered, and killed instantly.

"What?!"

"So powerful??"

"Is this really an inner disciple?"

"Is our inner sect of Tiandao Sect so strong now?"

Seeing Ye Feng's sudden killing power, the desperate core disciples of Tiandao Sect in the valley below suddenly opened their eyes wide and opened their mouths.

These core disciples were simply shocked to the extreme, their eyes full of disbelief and dullness.

Chapter 2646 Shocked to the point of numbness

At this moment, I saw Ye Feng releasing a large piece of sword light, killing all the dozens of extremely powerful monsters around him in an instant.

The master of the Everlasting Hatred Demon Sect who was sneering not far away suddenly showed a trace of gloominess in his eyes. He couldn't help but said loudly: "You are wearing the clothes of an inner disciple of the Tiandao Sect, how can you have such a powerful force? Even more powerful than the core disciples in the valley below. How is this possible? "

When Ye Feng heard what the master of the Everlasting Hatred Demon Sect said, he immediately smiled and said, "Nothing is impossible in this world."

The master of the Everlasting Hatred Demon Sect immediately became extremely frightened and furious, and couldn't help shouting: "Send all the flying monsters to me, and consume this hateful boy until he dies!!" .??.

At this moment, this master of the Everlasting Hatred Demon Sect obviously wants to use the same crowd tactics to directly kill Ye Feng, a powerful disciple of the Tiandao Sect, just like he did against the core disciples of the Tiandao Sect in the valley below.

"Boom, boom, boom..."

Almost at this moment, extremely powerful towering monsters, all with wings, flew out of the jungle behind the master of the Everlasting Hatred Demon Sect.

Hundreds of flying monsters gathered together and surrounded Ye Feng, making it look completely dark.

Like dark clouds in the sky, covering the entire sky, it looked full of deep depression.

At this time, when several core disciples of Tiandao Sect in the valley below saw this scene, their faces suddenly showed expressions of horror.

They never thought that this master of the Everlasting Hatred Demon Sect would refine so many magical beasts in this jungle without even knowing it. It was as if one person could rival an army of magical beasts. His combat power was so great. terrible.

At this time, these core disciples could only stare at Ye Feng high in the sky, hoping for a miracle to happen.

At this moment, Ye Feng looked at the hundreds of flying monsters rushing towards him. There was no fear in his eyes. Instead, he showed a trace of excitement and said loudly: "I

All I want is for you to summon more monsters to attack me. "

Boom!

Almost at this moment, Ye Feng immediately rushed to the sky, exuding a divine light all over his body, like a young god, and in an instant he punched forward.

boom! !

With this fist, Ye Feng used the secret of Six Paths of Reincarnation Fist. In his fist, a long river of Six Paths of Reincarnation suddenly burst out. The energy was terrifying and vast, as if it could break everything and break through the sky.

"Boom!"

Almost at the next moment, accompanied by a terrifying roar, it suddenly felt like a big earthquake had occurred in the entire sky.

Ye Feng's punch was really terrifying. The energy was boiling, and it was as if the entire sky was shattered.

The hundreds of powerful flying monsters that rushed in front of Ye Feng were all destroyed by the light of Ye Feng's punch, turned into countless fragments, and fell from the sky.

"What?!"

Seeing Ye Feng's terrifying fist, the master of the Everlasting Hatred Demon Sect not far away suddenly widened his eyes.

He seemed unable to believe that Ye Feng, an inner disciple of Tiandao Sect, actually possessed such powerful and terrifying strength.

"It's so powerful and terrifying!"

"That punch just now was like a punch from a god! It could destroy all living beings!"

At this moment, the core disciples of Tiandao Sect in the valley below suddenly showed deep astonishment in their eyes.

They never expected that in this deep mountain and old forest, they would accidentally meet such a powerful and tough fellow disciple. They were really lucky.

At this time, Ye Feng instantly

He released the Devouring Domain in a moment, and then rushed directly towards the master of the Everlasting Hatred Demon Sect.

"Catch the thief first and capture the king first!"

Ye Feng knows this truth very well.

If you want to solve all the troubles on the field as soon as possible, you must kill this master of the Everlasting Hatred Demon Sect.

Boom! !

At this time, Ye Feng burst out with boundless divine light, like a young god, charging from the void and flying towards the master of the Everlasting Hatred Demon Sect who was far away. It was simply unstoppable. It is full of terrifying momentum, capable of punching through the sky and swallowing mountains and rivers.

At this time, the master of the Ever-Hateful Demon Sect also felt a threat to his life. He suddenly shouted in fright and anger: "All the monsters gathered around me and resisted this human boy with all their strength!"

At this moment, the tens of thousands of monsters in the entire valley that were besieging the core disciples of the Tiandao Sect all retreated in an instant, and then surrounded the masters of the Everlasting Hatred Demon Sect, forming a thick wall of monsters. , to resist Ye Feng.

"boom!!"

But when Ye Feng came, the master of the Everlasting Hatred Demon Sect realized how terrifying Ye Feng was.

Almost at this moment, with an earth-shattering roar, Ye Feng rushed directly into the thick wall composed of tens of thousands of monsters, and in an instant, he penetrated the wall composed of monsters.

Wow!

The body was broken, blood spattered, and countless monsters were turned into pieces under Ye Feng's impact.

Then Ye Feng rushed directly in front of the master of the Everlasting Hatred Demon Sect, and directly punched the master of the Everlasting Hatred Demon Sect in the chest.

"Pfft!"

Almost at this moment, Ye Feng's fist was like the sharpest weapon in the world. It penetrated the chest of the master of the Everlasting Hatred Demon Sect, and blood spattered, which was extremely terrifying.

"ah!!"

Almost at the next moment, the master of the Everlasting Hatred Demon Sect immediately let out an earth-shattering scream.

He stared at his body that had been penetrated in disbelief. He couldn't help but scream in horror. He stared at Ye Feng and said, "You are so powerful? This is impossible!!"

Boom!

But Ye Feng only responded with a slap.

A big hand of vitality suddenly appeared in the void, covering the sky and the sun. In an instant, the master of the Everlasting Hatred Demon Sect, who had reached the end of his life, was sent flying down from the sky, directly smashing into the entire earth and buried in a piece of land. Among the ruins, he died instantly.

"Too strong!"

"It's just crushing!"

The few core disciples of Tiandao Sect who saw the whole process took a deep breath of cold air at this moment.

Their eyes were extremely shocked.

I'm so shocked that I'm numb!

"boom!"

At this time, Ye Feng instantly expanded the scope of his devouring domain and included all the tens of thousands of monsters present into his devouring vortex.

"Rumble..."

Suddenly, the extremely abundant blood energy was absorbed by Ye Feng's swallowing vortex, and then all was injected into Ye Feng's own body, quickly strengthening Ye Feng's power.

"What a powerful blood energy!"

Ye Feng could feel at this moment that his skill reserve was rapidly improving and growing!

Several core disciples of Tiandao Sect not far away saw this scene, although they were all shocked by Ye Feng's strange and terrifying inheritance.

But no one dared to say anything. These core disciples just stood quietly not far away, carefully waiting for Ye Feng to finish practicing.

Obviously, although Ye Feng is wearing the clothes of an inner disciple of Tiandao Sect, in the minds of these core disciples, Ye Feng has become a mysterious and terrifying unknown existence that needs to be respected.

Chapter 2647 Legendary

Boom!

At this time, Ye Feng was constantly devouring all the blood energy on the entire field.

All the skills in his entire body were rapidly improving.

Ye Feng knew very well that these monsters were specially modified by the master of the Everlasting Hatred Demon Sect, so the energy in their bodies was more powerful than ordinary monsters.

At this time, Ye Feng suddenly burst out with powerful aura of cultivation.

boom!

The sixth level of the Holy Embryo Realm of Heaven and Earth!

boom!

The seventh level of the Holy Embryo Realm of Heaven and Earth!

boom!

The eighth level of the Holy Embryo Realm of Heaven and Earth!

At this time, Ye Feng's cultivation finally stopped.

At this moment, Ye Feng could feel that his power was many times stronger than before.

And Ye Feng could feel that when he punched out with his fist, he could burst out a more terrifying river of energy, capable of crushing everything.

"This time I broke through the third level in a row. My combat power has definitely increased several times compared to before!"

Ye Feng couldn't help but murmur at this moment, very happy.

After Ye Feng finished practicing, he turned around and looked at the core disciples of the Tiandao Sect not far away.

At this moment, seeing that Ye Feng had finally completed his training, the core disciples stepped forward with some trepidation, clasped their fists and said, "Thank you for your help this time, senior brother."

These core disciples are actually older than Ye Feng in terms of seniority and age.

However, Ye Feng has such terrifying and powerful strength that these core disciples do not dare to call the young man Ye Feng junior brother at all, but directly call him senior brother in awe.

At this time, when Ye Feng saw these core disciples of Tiandao Sect looking so fearful, he couldn't help but smiled, shook his head, and said loudly: "We all

We are brothers from the same sect, and we have no grudges, so there is no need to be so cautious and awe-inspiring. I have always been clear about grudges, and I don't interact with people based on their status. No matter who they are, even if they are just ordinary mortals, their attitude towards me Okay, I have a good attitude towards him, but if he has a bad attitude towards me, even if he is a high-ranking figure, then I will naturally not give him a good look. "

Hearing what Ye Feng said, these core disciples of Tiandao Sect immediately breathed a sigh of relief. It seemed that Ye Feng was not the kind of aloof and super genius with quirks, but a generous person.

At this moment, after Ye Feng finished speaking, he immediately walked not far away, wanting to continue to experience the depths of the ruins of this ancient giant city.

But at this time, among these core disciples, a beautiful disciple wearing a plain white dress suddenly said: "Brother, don't leave here in a hurry. We are willing to tell senior brother about a secret in this valley."

When Ye Feng heard the core disciple behind him say this, he immediately turned around and said with some surprise: "What secrets can there be in this small valley?"

Among the several core disciples, this beautiful disciple seems to be the leader.

This beautiful disciple spoke up and said: "Let me introduce myself first. My name is Bai Susu. I came here with a few friends to practice these few times because I once obtained an ancient map inadvertently. The map was spread from this world of ancient giant city ruins."

When Ye Feng heard what Bai Susu said, curiosity suddenly appeared in his eyes, and he couldn't help but ask: "What is the guide on the map?"

Bai Susu shook her head and said aloud: "I don't know what is hidden in the places pointed out on the map, but that map is very ancient and must have a different value. That's why we came here. We were beaten by senior brother just now.

The master of the Everlasting Hatred Demon Sect that you killed also besieged us because he knew that we had an ancient map that guided us to an ancient place. "

Ye Feng nodded slightly and said loudly: "This time I came to the ruins of the ancient giant city to find various ancient and precious opportunities. Since you have an ancient map in your hand, it seems that the direction it leads to The place must be very extraordinary, and it may contain very precious fortune, so I will take a trip with you to see what it is, it may be a valuable treasure."

When Bai Susu heard what Ye Feng said, a happy expression appeared on her face.

And several of her companions around her also had joy in their eyes.

Because they had just seen Ye Feng's powerful and terrifying combat power.

If Ye Feng is willing to join them and find the final place based on the map, then their success rate will definitely be greatly improved.

At this time, Ye Feng smiled and said: "Let me introduce myself. My name is Ye Feng. You can just call me by my name from now on."

"So you are the legendary Senior Brother Ye Feng!"

Just when Ye Feng finished speaking, several core disciples present, including Bai Susu, had deep surprises in their eyes, as if they did not expect that the young man in front of them was the legendary Ye Feng.

When Ye Feng saw the stunned expressions of several people, he couldn't help but smile and asked: "The legendary Senior Brother Ye Feng? When did I become the legendary one?"

Ye Feng was very curious, because he didn't seem to have done anything particularly shocking so far.

However, at this time, several core disciples present were staring at Ye Feng with extremely excited eyes.

Bai Susu's beautiful big eyes also revealed a look of deep surprise.

She came directly in front of Ye Feng, stared at Ye Feng, and couldn't help but said in admiration: "We have heard of Senior Brother Ye Feng's name a long time ago. He killed the elder on the spot in the inner gate before. Mo Wushuang, the super genius of the Hate Demon Sect, became famous in one battle and has always been talked about. After that, the tenth-ranked super genius in our core disciple group was not even a one-punch enemy of Senior Brother Ye Feng, which was even more shocking. He has killed countless people, this is really amazing. Now many people in our entire Tiandao Sect know that there is a peerless evildoer in the inner sect, and that is you, Senior Brother Ye Feng!"

When Ye Feng heard Bai Susu in front of him say this, he immediately showed a rather shocked expression on his face. He didn't expect that he was already so famous now?

Ye Feng couldn't help but smile and said: "Those are just trivial things. Just because of these trivial things, I have become a legendary monster? It's really an exaggeration."

no big deal?

Hearing what Ye Feng said, several core disciples present immediately had bitter smiles on their faces.

In their eyes, all Ye Feng's actions were earth-shattering and very shocking.

But in Ye Feng's case, it turned out to be just some small things.

However, thinking of Ye Feng's terrifying and boundless combat power just now, which simply swept the entire field, several core disciples felt very normal in their hearts.

Perhaps in the eyes of a super genius like Ye Feng, those things that make people talk about and shock people are indeed just ordinary little things.

But no matter what, they were really lucky to meet Ye Feng by such a coincidence this time.

Uh-huh!

At this time, Bai Susu took out the ancient map from her storage ring and said loudly: "With the help of Senior Brother Ye Feng, it seems that we will definitely be able to find the final place guided by this map this time. I hope all of us can They can all get good opportunities."

Chapter 2648 Deciphering Ancient Texts

After Bai Susu took out the map, Ye Feng immediately nodded, and then said loudly: "Since there is nothing else to do now, let's just follow the area guided by the map to search."

Bai Susu also nodded at this moment, and then said aloud: "Senior Brother Ye Feng, this valley is the area ultimately guided by the map."

When Ye Feng heard this, a look of surprise suddenly appeared in his eyes, and he said loudly: "So, we are already in the final guidance area of this map?"

Bai Susu nodded slightly, and then said with a wry smile: "But we have been searching near and in the valley for several days without finding any special place. There are some ancient characters on the map, but we can't understand them. "

Ancient writing? .??.

At this moment, Ye Feng had a look of surprise in his eyes, then he stretched out his hand and said, "Give me that map to look at."

Bai Susu nodded and handed the ancient map in his hand to Ye Feng.

At this moment, after Ye Feng received the map, he saw a very complicated text written next to the valley where the map finally guided him.

These characters are very ancient. They are neither human characters nor monster characters. They don't look like demon characters. Ye Feng doesn't recognize any of them.

But at this time, Ye Feng used his spiritual thoughts to communicate with the soul of the king hidden in the void and said: "This ancient map was spread from the ruins of the ancient giant city. You are the native of this world of ruins of the ancient giant city." Strong man, you should know these words."

The king's soul immediately spoke out at this moment: "I do know these words. They are the words of the human emperor lineage of our ancient giant city ruins. They have been lost for a long time even in our ancient giant city ruins world, but I once I have studied this kind of writing, so I know them all."

When Ye Feng heard what the king's soul said, he immediately couldn't help but show a look of joy on his face, and quickly said: "Since you are all

If you know them all, then translate them all. "

The king's soul nodded, stared at the map for a while, and then said aloud: "This text records a special area in this valley. It should be an entrance area, but it is recorded in text. It is not directly drawn on the map. It is probably to prevent people from other worlds from coming here and snatching the treasures left behind. "

After the king's soul finished speaking, it immediately flew towards a certain place in this valley.

The king's soul is a soul body, so the few core disciples around Ye Feng are just warriors and cannot see the existence of the king's soul at all. Only Ye Feng, a powerful soul master, can see it.

Uh-huh!

At this moment, Ye Feng followed the king's soul and walked towards a certain area of the valley, and then said to several core disciples behind him: "I have deciphered the complex characters in this ancient map. This This text records a certain entrance area in the valley, please follow me."

Already deciphered?

Hearing what Ye Feng said at this moment, several core disciples present could not help but have deep horror in their eyes.

They never expected that Ye Feng would translate so many ancient texts so quickly and understand them all.

Especially Bai Susu, whose beautiful big eyes were filled with deep shock.

Because before she came to the ruins of this ancient giant city, she had consulted the old antiques from the Tiandao Sect who specialized in studying ancient characters.

But even those old antiques don't know them and can't decipher these ancient words.

Because this ancient writing has been lost in history

In the long history, I am afraid that no one in this world knows about it.

But now Ye Feng just looked at it casually and instantly deciphered the information recorded in these ancient texts.

This really shocked the beautiful core female disciple Bai Susu to the extreme.

Because these ancient texts are something that even the old antiques of Tiandao Sect cannot study.

But Ye Feng is so young, but he knows everything. He is really an all-round talent!

"Senior Brother Ye Feng is really amazing. Not only is his strength and cultivation so strong, but his knowledge in all aspects is also so majestic. He is simply a role model for all of us to learn from."

At this moment, several core disciples couldn't help but exclaimed in surprise.

Bai Susu also looked at the back of Ye Feng leading the way in front of her. Her beautiful big eyes showed an inexplicable admiration and a kind of longing. In the end, she even developed a kind of ignorant love for her idol.

At this moment, Ye Feng followed the king's soul and quickly arrived at a certain area of the valley.

This is a barren mountain area behind the valley.

Everything around is deserted.

Nothing at all.

Bai Susu's core disciples behind him also followed.

They looked at the desolate area around them and couldn't help but say: "Senior Brother Ye Feng, this is a desolate mountain. We have specially explored it before, and even after digging three feet into the ground, we found nothing special."

At this moment, Ye Feng smiled slightly and said, "Because a specific key is needed to open the entrance here."

A specific key?

When several core disciples heard what Ye Feng said, their eyes suddenly showed doubts.

But at this time, Ye Feng didn't explain much.

He just stretched out his hand and released his own natal flame, instantly burning the map in his hand.

"Burn the map?"

Seeing Ye Feng do this, several core disciples present showed shock in their eyes for a moment.

But at the next moment, before they could question anything, after the map in Ye Feng's hand burned to ashes, a golden key appeared among the ashes, which could not be burned by flames and exuded a bright light.

Seeing this scene, several core disciples present suddenly showed deep surprise in their eyes, and couldn't help but said: "It turns out that the key is hidden in the map, but it only needs flames to burn it. Manifest this golden key! Who would have thought of this?"

Ye Feng smiled slightly and said aloud: "Yes, this golden key is the key to opening the entrance here. This is also the message recorded in that ancient text. Therefore, if you cannot decipher those

ancient texts, there is no way. The entrance to the final place pointed to by the map cannot be found.”

At this moment, Ye Feng also had a trace of wonder in his eyes, and said loudly: "The person who drew this ancient map actually made things so complicated. It seems that the place where this map ultimately leads must be..." It's very extraordinary, and it may actually contain treasures that make us all feel incredible. Now I am more and more curious about what is hidden in the final place.”

Uh-huh!

At this moment, after Ye Feng finished speaking, he immediately threw out the golden key in his hand.

And at the moment Ye Feng just threw the golden key.

boom!

In the entire surrounding barren mountains, a ray of emerald green light suddenly rushed out, and it was instantly connected to the golden key, and then a space gate composed of light was formed in front of everyone.

At this time, Ye Feng smiled slightly and said: "The entrance has appeared, let's go in directly."

Chapter 2649 Extremely Dangerous

At this time, everyone looked at the space portal that appeared in front of them, nodded one after another, and then jumped directly into the space gate composed of light in front of them.

Buzz!

Accompanied by an extremely violent spatial fluctuation, several people felt their heads were dizzy.

And just after the severe dizziness, several people immediately discovered that they had arrived in a special small space.

This space seems to be underground. The top of the head is not the sky, but a wall, blocking the entire top.

At this moment, Bai Susu couldn't help but said: "This should be a very deep underground space."

Several other core disciples were observing the surrounding environment at this moment, their eyes full of vigilance, obviously to guard against possible dangers.

Buzz!

Ye Feng had already released his powerful soul power at this time, covering all the surrounding space and positions.

However, he did not find any danger, and then said aloud: "Let's continue moving forward along this road. I have already explored this place, and there is no big danger."

After Ye Feng finished speaking, he immediately walked towards the depths of the stone path.

Seeing Ye Feng clearing the way in front, several core disciples of Tiandao Sect behind him followed him one after another.

Because Ye Feng was extremely powerful, with Ye Feng leading from the front, these core disciples naturally did not have any worries and felt very safe.

When they reached the end of this road, they suddenly saw a huge abyss.

In this abyss, there are waves of dark evil energy emanating, giving people the feeling of leading to a dark hell.

"I feel like my soul is being pulled into an endless abyss!"

At this moment, a core disciple looked at the endless darkness under the abyss and endured

He couldn't help but said out loud with some fear.

At this time, Bai Susu's face also showed a trace of surprise, and she said aloud: "There is a very strong demonic energy under this abyss. Could it be that the final place guided by this ancient map is where a big demon lived?" Ancient ruins?"

Ye Feng's eyes flickered slightly at this moment, and he was thinking slowly.

Suddenly at this time, the king's soul in the void spoke to Ye Feng: "This abyss, I have seen paintings in our family's ancient books, is the final battle between the ancient human emperor and the ancient demon. place."

Hearing this, Ye Feng couldn't help but show a trace of surprise in his eyes at this moment, and immediately said to the king's soul: "You mean, the last human emperor from ancient times died here?"

The king's soul nodded and said aloud: "The reason why the Human Emperor Sword disappeared in the long river of history is because the last generation of Human Emperors held the Human Emperor Sword and had a terrible battle with the ancient demon, and finally disappeared in In the world, no one knows where they finally fell. Only an ancestor of our family saw it accidentally and painted the last scene in the family inheritance book, and I happened to see this painting. This is an abyss."

When Ye Feng heard the king's soul say so definitely, his eyes suddenly revealed a look of deep surprise.

Originally, Ye Feng was still thinking about how to get the Renhuang Sword, another magic weapon of the Great Emperor Sword, but now he has no way to find it, and it takes no effort to get it.

However, Ye Feng also knew very well that there might be huge dangers under this abyss.

The king's soul couldn't help but remind him at this time: "Master Soul Master, under this endless abyss is the lair of a terrible demon clan. Back then, the Ancient Human Emperor held the Human Emperor Sword and fought with the most powerful Ancient One. The big devil fought for tens of thousands of years and finally fell here

In the Demon Nest, there may be unknown and terrifying dangers. "

Ye Feng thought for a moment at this time, and then his eyes became extremely firm, and he said loudly: "I must get the Human Emperor Sword, because only by gathering together the Great Emperor Sword and the Human Emperor Sword can I find the unification of the past. The Celestial Clan, one of the ten major divine clans in the entire God Realm, has the inheritance, so no matter what dangers lie ahead, I must go and take a look, otherwise I won't give in."

At this time, after Ye Feng finished talking to the king's soul, he immediately looked at the core disciples around him and said: "Under this abyss, there may be great dangers, but I am definitely going there, you guys If you don't want to move on, you can leave first."

Hearing what Ye Feng said, several core disciples showed hesitation on their faces.

They also want to continue to follow Ye Feng into the abyss to find the legendary treasure.

However, the strong demonic energy emanating from the abyss made several core disciples feel fear in their hearts.

They thought this might be a demon clan's lair rather than a treasure trove.

If they followed Ye Feng into the endless abyss and encountered some terrible crisis, no matter how powerful Ye Feng was, he might not be able to save them, so everyone would be in danger of falling.

So it is precisely because of this that the eyes of several core disciples are extremely hesitant.

However, in the end, the eyes of several core disciples showed a firm look. They looked at Ye Feng and said loudly: "We are willing to go with Senior Brother Ye Feng. Man will die for wealth and birds will die for food. If you are always afraid, there is no chance of great fortune at all, let alone improvement."

Hearing these core disciples say this, Ye Feng immediately smiled and said: "Okay! If you are ambitious! Then let's go down together! You are right, the reason why I can become so powerful and improve so much Kuai, he only grew up after taking many adventures and surviving disasters."

At this moment, Ye

After Feng finished speaking, he encouraged a lot of the core disciples present. They all felt confident that they would be able to get good luck in the dangerous situation.

Uh-huh! Uh-huh! Uh-huh!

At this time, several core disciples, Ye Feng and Bai Susu, jumped from the top of the abyss into the bottom of the abyss in an instant.

He quickly descended towards the endless darkness below.

Boom!

Boom!

Boom!

But just when they had just landed halfway into the abyss, dark spears suddenly flew over from the surrounding abyss walls.

These spears are all made of ancient steel. At this moment, it's like black lightning flying over. They can't be seen at all in the dark. In an instant, several "puff" and "puff"... The body of the core disciple was pierced.

"ah!"

"ah!"

Accompanied by screams, these core disciples immediately fell from mid-air and fell directly to death under the abyss.

when!

However, these steel spears bombarded Ye Feng's body, but they were unable to penetrate Ye Feng's body.

Ye Feng's body is like the strongest steel wall in the world, which cannot be destroyed at all. Those spears bombarding the surface of the body only make sounds like the collision of steel.

"What?"

At this moment, Ye Feng's eyes suddenly became a little frightened and angry. He never thought that these core disciples would have died on the way before they even landed under the abyss with him.

Sure enough, this abyss is extremely dangerous!

At this time, Ye Feng looked towards the surrounding abyss walls and found that those black steel spears were thrown by the demons hiding in the darkness. They were extremely fast, like lightning piercing the sky, and he couldn't react at all. Come.

Chapter 2650 Big Devil

Ye Feng never thought at this time that these demons hiding in the abyss would be so skillful in sneak attacks.

The steel spears they threw were like extremely terrifying hidden weapons, capable of instantly killing people's lives and making them impossible to guard against.
