

Ancient 2651

Chapter 2651 World Map

At this moment, Ye Feng's cultivation level has been greatly improved, which makes Ye Feng quite pleasantly surprised.

Unexpectedly, before he entered the abyss, he had already killed a big demon and other demons, which greatly improved his cultivation level.

It has to be said that the energy contained in the body of this big demon is still very majestic, allowing Ye Feng to break through two heavens in a row, directly from the eighth heaven of the Holy Embryo Realm of Heaven and Earth to the tenth heaven of the Holy Embryo Realm of Heaven and Earth. That's pretty good progress.

At this time, Ye Feng looked around and found that there were no demons around the abyss wall, and they had all been killed by him.

Uh-huh!

At this time, Ye Feng jumped downwards in an instant and came directly to the space under the abyss.

When Ye Feng arrived under the abyss, he immediately saw that the deepest part of the abyss was a small stone room.

In this stone room, there are two very ancient corpses.

Both corpses had turned into skeletons, even covered with spider webs.

A corpse is the size of a normal human race. Although it has been turned into a skeleton, the energy fluctuations emanating from the bones still have the aura of an emperor. It is obvious that this is the fallen body of the ancient human emperor.

The other skeleton was extremely huge, just like the skeleton of a giant. The entire surface of the bones was pitch black, with black magic patterns. It was obviously the corpse of the ancient great demon. .

What makes Ye Feng feel quite regretful is that the corpses of these two strong men have completely lost all their blood energy. Endless years must have passed, otherwise it would not be possible to corrode to this extent.

Buzz!

At this time, the king's soul emerged from the surrounding void, then walked not far away, and pulled out a long knife that was already covered with dust from the corpse of the ancient demon. \u003c

The king's soul was a little excited and couldn't help but said: "Master Soul Master, this long sword is the Human Emperor Sword. It is the weapon used by the ancient Human Emperor. As expected, it is here and has been sealed for so many years. "

At this moment, Ye Feng looked at the long knife that was already covered with dust, and immediately reached out and grabbed it directly into his own hand.

At this moment, Ye Feng instantly outputted his magic power.

There was a "boom"!

This long knife covered with dust suddenly burst out with a brilliant golden light. It was majestic and beautiful, full of majesty and the splendor of the human emperor.

At this moment, the Great Emperor Sword that Ye Feng had refined flew out of Ye Feng's body subconsciously at this moment, and was combined with the Human Emperor Sword.

At this time, the king's soul immediately spoke to Ye Feng and said: "Master Soul Master, hurry up and refine the Human Emperor Sword, and then merge it with the Great Emperor Sword, and you will be able to discover what the Celestial Clan finally existed back then. Where is the location?"

Ye Feng nodded, and immediately began to use his magic power to refine the Human Emperor Sword.

During this period of time, Ye Feng has almost refined the Great Emperor Sword, and now he just needs to refine the Human Emperor Sword.

So in the next few days, Ye Feng did not get out of the abyss, but continued to refine the Human Emperor Sword under the abyss.

Just when the Human Emperor Sword was almost refined, Ye Feng put the Human Emperor Sword and the Great Emperor Sword together, and then simultaneously output his own mana into these two treasures.

Boom!

Almost at this moment, there was a huge roar

With the sound of the sound, the Human Emperor Sword and the Great Emperor Sword rushed out from their respective bodies at this moment, and then combined together to form a huge map in the void.

The king's soul stood beside Ye Feng and stared at the huge map. He suddenly said with some excitement: "This map is exactly the world map of our ancient giant city ruins world! The location pointed out should be The place where the Celestial Clan finally disappeared."

Ye Feng also saw at this moment that there was a symbol of crossed swords on this world map, specifically marking a place.

This place should be the area where the Celestial Clan finally stayed.

At this moment, Ye Feng immediately recorded this world map in his mind, then collected the Human Emperor Sword and the Great Emperor Sword into his body, and said, "Let's go find it directly."

The king's soul couldn't help but nodded excitedly at this time.

Because for the king's soul, his lifelong dream is to find the final remaining place of the Celestial Clan and see if he can find the treasures left by the Celestial Clan.

At this moment, Ye Feng and the king's soul wasted no time and flew directly upward from under the abyss, and then returned to the ruins of the ancient giant city through the gate of space.

According to the map manifested by the Great Emperor Sword and the Human Emperor Sword, Ye Feng rushed towards that location instantly.

On the way, Ye Feng said to the king's soul next to him with some worry: "That location is the area where the Celestial Clan will eventually exist. If there are super strong people from the Celestial Clan staying in that place, then wouldn't I be committing suicide if I went there?" .??.

The king's soul shook his head and said aloud: "The Celestial Clan has disappeared in the long river of history for endless years. Now there are no Celestial Clan members in the entire world. This is an extinct Celestial Clan.

, there should not be any super strong people from the Celestial Clan still existing in the world, otherwise they would have been discovered by strong people from other major forces. "

Ye Feng could only nod his head when he heard what the king's soul said.

Although he knows that there may be huge dangers in the future, Ye Feng will naturally not miss this huge opportunity.

The Celestial Clan is definitely the biggest treasure in the entire ancient giant ruins.

Because that was one of the super gods that once unified the entire central land of the God Realm.

If he could get the things left by the Celestial Clan, Ye Feng would definitely be able to soar into the sky, and his strength would be greatly improved in an instant.

Therefore, Ye Feng has no intention of retreating from this opportunity, but must bravely search and discover.

Ye Feng's speed was very fast. In less than a few days, he had crossed hundreds of thousands of miles of vast land and arrived at the area marked on the world map where the final Celestial Clan existed.

This is a stretch of continuous mountains, with seemingly endless mountains. It is a very ancient primeval forest area.

At this time, Ye Feng took out the Great Emperor Sword and the Human Emperor Sword.

The Great Emperor Sword and the Human Emperor Sword both emitted faint fluctuations at this moment.

When the king's soul saw this scene, his eyes suddenly lit up and he said loudly: "Master Soul Master, the Great Emperor Sword and the Human Emperor Sword can sense the area where the Celestial Clan finally exists at close range, because the Great Emperor Sword and the Human Emperor Sword can sense The knives are all powerful treasures forged by the Celestial Clan back then."

Hearing this, Ye Feng couldn't help but nodded in surprise, and then said aloud: "If that's the case, that's great. Otherwise, searching for the relics of the Celestial Clan in this primitive forest would really be like finding a needle in a haystack. Now let the emperor The sword and the Human Emperor Sword point out the specific direction, so let's start looking."

Chapter 2652 Dark Whirlpool

For Ye Feng, finding the final remains of the Celestial Clan this time is very crucial.

Because Ye Feng knew very well that the Celestial Clan was definitely the most precious existence in the ruins of this ancient giant city.

There must be many other disciples of the Tiandao Sect or disciples of the Everlasting Hatred Demon Sect, who are looking for various opportunities.

But Ye Feng knew very well that no matter how great the luck was, it would not be able to match the final relics of the Celestial Clan.

Because if he could find the inheritance of the ancient Celestial Clan or some treasures left behind, then Ye Feng would definitely become rich overnight.

So at this time, Ye Feng followed the guidance of the Great Emperor Sword and the Human Emperor Sword in his hands and entered the endless primeval forest in front of him.

In this primitive forest, Ye Feng did not sense any powerful aura.

Even some relatively low-level evil beasts do not exist.

This made Ye Feng's eyes a little surprised.

Because this obviously looks like a very ordinary mortal forest.

There are only some beasts that mortals fear, and the rest are not even monsters.

Ye Feng couldn't help but look at the king's soul next to him, and said aloud: "Is there really a legacy of the legendary Celestial Clan in this place?"

At this time, the king's soul also sensed that this primitive forest was just a very ordinary mortal forest.

He was a little unconfident at this moment, and couldn't help but say: "I don't know much about this. Anyway, according to the ancient legends of our family, the Great Emperor Sword and the Human Emperor Sword are magic weapons forged by the Celestial Clan. It can guide the location of the final ruins of the Celestial Clan."

When Ye Feng heard what the king's soul said, he could only nod slightly, and then continued to search according to the guidance of the Great Emperor Sword and the Human Emperor Sword.

Soon Ye Feng discovered that the Great Emperor Sword and the Human Emperor Sword had the strongest vibrations in the center of the primeval forest.

This made Ye Feng's heart suddenly move, and he headed directly towards the center of the primeval forest.

Rush over quickly.

And when Ye Feng arrived at the center of the primeval forest, both Ye Feng himself and the king's soul following him were immediately shocked by the sight in front of him.

Because in the center of this seemingly ordinary primeval forest, there is actually a huge dark vortex.

The dark vortex, which looked like a black hole, was pulled down from the sky and suspended in the center of the primeval forest.

If they hadn't come here in person, no one would have imagined that such an ordinary and mundane primitive forest would have a dark vortex like a black hole in the middle area.

There was no spatial fluctuation in this dark vortex. Ye Feng suddenly showed a look of surprise in his eyes and couldn't help but said: "This dark vortex is not a space portal, it is a place containing darkness." The dark vortex."

The king's soul stared at the dark whirlpool and said slowly: "This may be an innate barrier to protect the final relics of the Celestial Clan. This is a black hole. It should be that a big shot of the Celestial Clan escaped from the Nine Heavens." Pulled off."

Ye Feng nodded slightly, his eyes shaking.

But Ye Feng didn't have any fear at this time, because his body was now strong enough to traverse a dark vortex like a black hole.

Boom!

Almost at this moment, Ye Feng and the king's soul rushed into the dark whirlpool.

"Rumble..."

But the moment Ye Feng and the king's souls entered the dark vortex, they immediately felt that their souls were undergoing huge tremors, and there was a terrifying tearing feeling that was about to tear their souls into pieces.

This made Ye Feng couldn't help but show a trace of horror in his eyes, and couldn't help but say: "This is a terrifying dark whirlpool that can tear the human soul into pieces. It not only causes terrible damage to the body, It also has a terrifying impact on the soul."

Almost at this moment, Ye Feng immediately released the Soul Emperor Seal, protecting his entire soul.

Ye Feng's soul power was very strong, so he was able to resist the tearing of this dark vortex at this moment.

But the king's soul did not have such good luck.

Because the soul strength of the king's soul is not as powerful as Ye Feng's, and the king's soul is just a soul body and does not have the first layer of protection of Ye Feng's powerful body.

So at this moment, the soul body of the king's soul suddenly "crash" and was shattered into the dark whirlpool, instantly turning into countless fragments and disappearing.

When Ye Feng saw this scene, his eyes suddenly darkened slightly.

Unexpectedly, just after entering the area where the Celestial Clan existed, I encountered such a terrifying dark whirlpool, which shattered a powerful soul like the king's soul into pieces. ??

But now the arrow is on the string and has to be fired.

Ye Feng naturally had no plans to retreat now. He instantly exploded with his powerful power and charged directly towards the deepest part of the dark vortex.

Boom!

At this moment, Ye Feng's body suddenly burst out with divine light.

At this moment, Ye Feng was like a cannonball, rushing madly towards the deepest part of the dark vortex.

During the whole process, Ye Feng felt as if his soul was about to be broken, and his entire body was about to be torn into countless pieces.

But in the end, Ye Feng relied on his powerful chaotic body and high-intensity soul power to finally succeed.

He dangerously broke through the entire dark vortex's guard and rushed out from the other end of the dark vortex.

And when Ye Feng rushed out from the other side of the dark vortex.

Uh-huh!

He suddenly seemed to have lost his ability to levitate and fell directly from the sky into a bottomless underground space.

Boom!

Almost at this moment, Ye Feng lost his ability to fly.

In this underground space under the dark vortex, there seemed to be an ancient and terrifying forbidden air formation. Ye Feng's entire body fell directly from mid-air, and then hit the ground hard.

The entire ground is not soil, but a steel ground poured with steel water, which is very solid.

Ye Feng fell hard on the steel ground and was completely thrown to pieces.

Fortunately, Ye Feng's current chaotic body is very powerful and very resistant to falling, so he did not suffer too much trauma.

Of course, if an ordinary warrior with the same cultivation level as Ye Feng, or some other practitioner with a relatively ordinary physique, suddenly loses the ability to fly and falls from a high altitude to such a solid steel ground, I am afraid he will be directly killed. Shattered into a pile of minced meat.

But Ye Feng only took a breath of air at this time, then stood up from the ground and looked around.

I saw that under this dark vortex was a very vast underground space. The dark vortex high in the sky was still slowly rotating, like a large dark cloud, forming the sky.

At this moment, Ye Feng looked not far away, and immediately saw a huge steel sculpture, standing on the ground in the distance.

And at the bottom of this steel sculpture, there are actually thousands of coffins made of steel!

The environment was deathly silent and looked very strange!

Chapter 2653 Mysterious Iron Box

At this time, Ye Feng walked toward the deepest point with a hint of vigilance in his eyes.

This underground space seemed very dead, as if there was an invisible aura of death emitting.

Ye Feng looked a little confused at this time, because there were so many steel coffins not far away all put together and spread on the ground, which looked really weird and shocking.

At this time, Ye Feng suddenly showed a trace of surprise in his eyes.

Because he saw that cracks were slowly appearing in the coffin not far away.

The lid of every coffin is moving slowly at this moment.

"No! Something's coming out of these coffins!"

At this moment, Ye Feng suddenly showed surprise in his eyes and rushed forward not far away.

Because Ye Feng knew that if the Celestial Clan left something behind, it must be in that huge steel sculpture. .??.

"Boom!"

At this moment, Ye Feng suddenly punched out fiercely, and a bright divine light burst out from his fist, smashing the huge steel sculpture into pieces in an instant.

"Crash..."

Among the countless rubbles, an iron box fell down.

Ye Feng's eyes suddenly lit up. Sure enough, he guessed correctly. This steel sculpture contained an iron box left by the Celestial Clan.

Uh-huh!

At this moment, Ye Feng reached out his hand in an instant and grabbed the iron box directly in his hand.

Ye Feng didn't even have time to check what was inside the iron box, and just ran away.

"Boom!"

"Boom!"

But at this moment, all the lids of those coffins burst open. Skeleton warriors wearing tattered armor, full of boundless and terrifying aura, roared in an instant and moved towards Ye. The wind chased him away.

Because Ye Feng robbed the most precious thing left by their Celestial Clan.

At this moment, a skeleton warrior immediately rushed in front of Ye Feng, and instantly waved the long knife in his hand to slash at Ye Feng.

"Boom!"

At this moment, Ye Feng immediately burst out with his strongest power and punched it with a fist, but the power that burst out next made Ye Feng's whole body fly backwards, unable to resist this skeleton at all. The warrior's slash.

"So powerful!!"

The fighting power of the skeleton warrior made Ye Feng's eyes filled with deep surprise.

At this time, Ye Feng suddenly understood that the skeleton warriors in these coffins were probably the strong men of the Celestial Clan back then.

Even if he has been dead for countless years and is now transformed into a skeleton, he can still burst out with terrifying and boundless power.

"Boom!"

Almost at this moment, Ye Feng immediately burst out with his most powerful power. However, he did not attack the skeleton warriors. Instead, he used crazy strength on his legs and ran quickly towards the distance. .

When Ye Feng arrived at the place where he landed before, his legs suddenly kicked the ground hard, and then his whole body made a "boom" sound, and suddenly rushed to the sky, directly re-entering the dark vortex. middle.

But what surprised Ye Feng was that the skeleton warriors below actually pursued them into the dark vortex.

Suddenly at this moment, those skeleton warriors all lost their mobility and were suspended in the dark vortex.

At this moment, Ye Feng saw this scene, and there was a trace of surprise in his eyes.

He could see that the soul fire of those skeleton warriors was suddenly shredded by the terrifying tearing ability in the dark vortex.

In other words, the skeleton warriors have now lost their lives and turned into skeletons without any mobility or threat.

When Ye Feng saw this scene, his eyes immediately showed deep surprise.

He also understood that these dark whirlpools were probably to prevent these mutated skeleton warriors from leaving this underground space.

At this moment, Ye Feng immediately stopped moving forward. Instead, he returned to the previous place and saw those skeleton warriors entering the dark whirlpool. All of them lost their ability to move and turned into bones without any thoughts. shelf.

At this moment, Ye Feng was very excited to release the space power of his storage ring, and put all these skeleton warriors who had lost their soul fire into his storage ring.

For Ye Feng, he had just witnessed the terror of these skeleton warriors.

Therefore, each of these skeleton warriors is very powerful. If you can control them all, and then divide part of your soul power into the bodies of these skeleton warriors, and control these skeleton warriors, then you can be equivalent to There is a very scary skeleton army!

There were thousands of skeleton warriors entering the dark vortex, all of which became Ye Feng's wealth.

After Ye Feng collected so many skeleton warriors, he immediately left the dark vortex happily and returned to the primitive forest on the ground.

Ye Feng's heart was still beating loudly at this time. He didn't expect to get so many powerful skeleton warriors this time.

But what Ye Feng is interested in now is not the skeleton warrior, but the only mysterious iron box left by the Celestial Clan that he got from the huge steel sculpture.

At this moment, Ye Feng was not in a hurry to leave this primitive forest. Instead, he found a very remote place in a nearby area and settled down temporarily.

Ye Feng found a cave and lived in it.

Then Ye Feng's eyes showed a hint of anticipation as he took out the iron box he had obtained from the steel sculpture before.

"boom!"

But no matter how Ye Feng bombarded the iron box, he could not open it.

Even when Ye Feng used his divine gloves, he was unable to extract the attribute power from the iron box.

This made Ye Feng's eyes show a trace of surprise, and he couldn't help but sigh: "It is indeed a thing left by the Celestial Clan. It is indeed very extraordinary and magical, and even the Celestial Clan's gloves cannot extract its attribute power. "

At this time, Ye Feng thought for a moment, and then took out the Great Emperor Sword and the Human Emperor Sword.

Buzz!

Sure enough, the moment the Great Emperor Sword and the Human Emperor Sword appeared, the iron box suddenly reacted.

Symbols composed of golden light appeared on the surface of the iron box, and then it opened with a "click". At this time, Ye Feng walked toward the deepest point with a hint of vigilance in his eyes.

This underground space seemed very dead, as if there was an invisible aura of death emitting.

Symbols composed of golden light appeared on the surface of the iron box, and then it opened with a "click".

Chapter 2654 Emperor Chu wakes up

At this time, Ye Feng's eyes were extremely curious and he looked into the open iron box.

Because this is the only thing left by the Celestial Clan, it must be very precious and contain incredible treasures.

Buzz!

The moment the iron box was opened, accompanied by an extremely terrifying life fluctuation, a very full blood, like a vast ocean, like a red flame, was suddenly released from the iron box. , almost knocked Ye Feng to the point where he was a little unsteady on his feet.

"This is.....!"

At this moment, Ye Feng immediately stared at the contents of the iron box, with a look of deep surprise in his eyes.

I saw that inside this iron box, there was a beating heart. .??.

However, this heart looks like it is made of blood-colored jade. It looks extremely precious and is filled with an extremely terrifying life energy, just like the heart of an ancient mythical beast.

At this moment, Ye Feng immediately understood something: "This must be the heart of a super powerful person from the Celestial Clan, and it is still beating after endless years. This shows that this heart contains boundless power!"

Ye Feng wanted to release the Devouring Domain at this moment and refine the heart of this super strong man.

But suddenly at this moment, a weak voice suddenly sounded in Ye Feng's mind: "Ye Feng, don't be impulsive. This is the heart of the god king of the Celestial Clan back then. It is the heart of a god king. Qian Feng, don't be impulsive. Don't just swallow and refine it stupidly, that would be a big loss."

The moment this voice sounded in his mind, Ye Feng immediately showed a hint of surprise in his eyes.

Because this voice is the very familiar voice of Emperor Chu!

Ye Feng immediately couldn't help but said in his mind: "Emperor Chu! You finally woke up!"

Emperor Chu's voice was a little tired at this time: "I just woke up a little bit of thoughts, and I couldn't stay awake for a long time. It was the breath of the heart of the God King of the Celestial Clan that stimulated me to wake up for a while, but the soul gem was still confused. The power of the Lord is sealed and you cannot use the power of the soul gem, so I still can't be of much help to you. "

"Not that much help."

Ye Feng immediately spoke out at this time: "As long as you wake up, Emperor Chu, everything else is not important."

As long as you wake up, nothing else matters...

Hearing what Ye Feng said, Emperor Chu felt quite touched for a moment.

But at this time, Emperor Chu still got down to business: "Ye Feng, this is the heart of an ancient lost Celestial Clan. By directly devouring the blood energy in it, your cultivation may be greatly improved. , but it's such a waste."

When Ye Feng heard what Emperor Chu said, he couldn't help but ask: "Then what should I do?"

Emperor Chu said in his mind: "If you can use some special methods to integrate this God's heart into your body and become your own heart, then you will have a God's heart, which will be beneficial to you in all aspects." Your martial arts ability and quality will be greatly improved, and you can even subtly obtain the blood of the ancient Celestial Clan, and gradually transform your physique into the immortal body of the Celestial God."

When Ye Feng heard this, his eyes suddenly lit up: "

Immortal body of gods? What kind of physique is that? "

Emperor Chu said aloud: "The Immortal Body of the Gods of the Celestials is to some extent more advanced and powerful than your Chaos Body. The Celestials were a very powerful race even in the great world of origin, but they have already disappeared. In history, now that you can get a heart of the God King of the Celestial Clan, it is definitely a great opportunity. It can transform you from an ant-like human race into a great god. If an ordinary person gets it, Without the heart of the Celestial Gods, it may not be possible to fuse, because the hearts of the Celestial Gods contain extremely majestic energy, which ordinary people cannot bear. But fortunately, Ye Feng, you are a chaotic body, so you can carry the power of the gods."

"Carrying the power of the gods?"

Ye Feng felt a faint excitement in his heart when he heard that Emperor Chu valued it so much.

According to what Emperor Chu said, the Immortal Body of the Gods of the Celestial Clan was able to faintly surpass his currently most powerful Chaos Physique.

However, Ye Feng also knows that the Chaos Body can contain the power of thousands of attributes in the world. This trait alone is enough to defeat all other physiques.

However, the Immortal Body of the Celestial God of the Celestial Clan must have its own special features because it was rated so highly by Emperor Chu.

Along the way, Ye Feng knew that Emperor Chu was still very reliable, much more reliable than the old demon dragon "Shang" who liked to brag.

At this moment, Ye Feng thought of his first partner, the old demon dragon Shang who liked to brag, and felt an inexplicable feeling in his heart.

"I parted ways with Shang back then in the demon world. I wonder how this old demon dragon is doing now. With Shang's ability, he may have become the master of the demon world..."

Ye Feng couldn't help but murmur in his heart.

At this time, Emperor Chu suddenly conveyed a special idea in Ye Feng's mind.

This idea is a very mysterious message.

Emperor Chu said very weakly: "I will continue to fall into a deep sleep. This idea contains the method of merging the heart of the gods. You should study it carefully. If you succeed, you can refine the heart of the gods as soon as possible. The heart of the gods is unique. You must grasp this gift that God has given you."

Emperor Chu praised the heart of the gods as "a gift given to you by God", which shows that Emperor Chu admired the gods to the extreme.

Emperor Chu's attention also made Ye Feng immediately realize that the God's heart he obtained from the dark vortex this time was really a priceless treasure!

At this time, Ye Feng asked aloud: "What changes will happen after I fuse with the heart of the God?"

But then, Ye Feng waited for a while, but Emperor Chu didn't make a sound and seemed to have fallen into a deep sleep again.

At this time, Ye Feng did not disturb the newly awakened Emperor Chu, allowing him to rest for a while.

Even if the soul gem has not awakened, as long as Emperor Chu wakes up, that would be great, and Ye Feng seems to feel relieved.

At this moment, Ye Feng did not waste any more time, and quickly understood the meaning of the message that Emperor Chu sent to him, and tried to quickly integrate this priceless heart of the gods into his body and become his own heart. .

"If I fused with the heart of a god, how powerful would it be..."

Ye Feng is already looking forward to it more and more. At this time, Ye Feng's eyes were extremely curious and he looked into the open iron box.

Because this is the only thing left by the Celestial Clan, it must be very precious and contain incredible treasures.

Buzz!

The moment the iron box was opened, accompanied by an extremely terrifying life fluctuation, a very full blood, like a vast ocean, like a red flame, was suddenly released from the iron box. , almost knocked Ye Feng to the point where he was a little unsteady on his feet.

The moment this voice sounded in his mind, Ye Feng immediately showed a hint of surprise in his eyes.

Because this voice is the very familiar voice of Emperor Chu!

Ye Feng immediately couldn't help but said in his mind: "Emperor Chu! You finally woke up!"

Emperor Chu's voice was a little tired at this time: "I just woke up a little bit of thoughts, and I couldn't stay awake for a long time. It was the breath of the heart of the God King of the Celestial Clan that stimulated me to wake up for a while, but the soul gem was still confused. The power of the Lord is sealed and you cannot use the power of the soul gem, so I still can't be of much help to you. "

"Not that much help."

Ye Feng immediately said out loud at this time: "As long as you wake up, Emperor Chu, everything else is not important."

As long as you wake up, nothing else matters...

Hearing what Ye Feng said, Emperor Chu felt quite touched for a moment.

But at this time, Emperor Chu still got down to business: "Ye Feng, this is the heart of an ancient lost Celestial Clan. By directly devouring the blood energy in it, your cultivation may be greatly improved. , but it's such a waste."

When Ye Feng heard what Emperor Chu said, he couldn't help but ask: "Then what should I do?"

Emperor Chu said in his mind: "If you can use some special methods to integrate this God's heart into your body and become your own heart, then you will have a God's heart, which will be beneficial to you in all aspects." Your martial arts ability and quality will be greatly improved, and you can even subtly obtain the blood of the ancient Celestial Clan, and gradually transform your physique into the immortal body of the Celestial God."

When Ye Feng heard this, his eyes suddenly lit up: "

Immortal body of gods? What kind of physique is that? "

Emperor Chu said aloud: "The Immortal Body of the Gods of the Celestials is to some extent more advanced and powerful than your Chaos Body. The Celestials were a very powerful race even in the great world of origin, but they have already disappeared. In history, now that you can get a heart of the God King of the Celestial Clan, it is definitely a great opportunity. It can transform you from an ant-like human race into a great god. If an ordinary person gets it, Without the heart of the Celestial Gods, it may not be possible to fuse, because the hearts of the Celestial Gods contain extremely majestic energy, which ordinary people cannot bear. But fortunately, Ye Feng, you are a chaotic body, so you can carry the power of the gods."

"Carrying the power of the gods?"

When Ye Feng heard that Emperor Chu valued it so much, he felt a faint excitement in his heart.

According to what Emperor Chu said, the Immortal Body of the Gods of the Celestial Clan was able to faintly surpass his currently most powerful Chaos Physique.

However, Ye Feng also knows that the Chaos Body can contain the power of thousands of attributes in the world. This trait alone is enough to defeat all other physiques.

However, the Immortal Body of the Gods of the Celestial Clan, which was rated so highly by Emperor Chu, must have its own special features.

Along the way, Ye Feng knew that Emperor Chu was still very reliable, much more reliable than the old demon dragon "Shang" who liked to brag.

At this moment, Ye Feng thought of his first partner, the old demon dragon Shang who liked to brag, and felt an inexplicable feeling in his heart.

"I parted ways with Shang back then in the demon world. I wonder how this old demon dragon is doing now. With Shang's ability, he may have become the master of the demon world..."

Ye Feng couldn't help but murmur in his heart.

At this time, Emperor Chu suddenly conveyed a special idea in Ye Feng's mind.

This idea is a very mysterious message.

Emperor Chu said very weakly: "I will continue to fall into a deep sleep. This idea contains the method of merging the heart of the gods. You should study it carefully. If you succeed, you can refine the heart of the gods as soon as possible. The heart of the gods is unique. You must grasp this gift that God has given you."

Emperor Chu praised the heart of the gods as "a gift given to you by God", which shows that Emperor Chu admired the gods to the extreme.

Emperor Chu's attention also made Ye Feng immediately realize that the God's heart he obtained from the dark vortex this time was really a priceless treasure!

At this time, Ye Feng asked aloud: "What changes will happen after I fuse with the heart of the God?"

But then, Ye Feng waited for a while, but Emperor Chu didn't make a sound, and seemed to have fallen into a deep sleep again.

At this time, Ye Feng did not disturb the newly awakened Emperor Chu, allowing him to rest for a while.

Even if the soul gem has not awakened, as long as Emperor Chu wakes up, that would be great, and Ye Feng seems to feel relieved.

At this moment, Ye Feng did not waste any more time, and quickly understood the meaning of the message that Emperor Chu sent to him, and tried to quickly integrate this priceless heart of the gods into his body and become his own heart. .

"If I fused with the heart of a god, how powerful would it be..."

Ye Feng is already looking forward to it more and more.

Chapter 2655 The evolution of the essence of life

In the next few days, Ye Feng continued to understand the inheritance information imparted to him by Emperor Chu.

Ye Feng's comprehension ability has been modified, so he is very evil. In just a few days, Ye Feng has successfully comprehended all the inherited information taught to him by Emperor Chu.

At this time, Ye Feng felt a little excited and immediately took out the extremely precious and unique heart of the God.

"Bang, bang, bang..."

At this moment, the heart of this god is beating continuously, exuding a terrifying life fluctuation like an ancient beast.

At this time, Ye Feng immediately began to use the inheritance taught to him by Emperor Chu, and then quickly, rays of life appeared on his body, flying out directly from Ye Feng's body, and then wrapped around him. The god's heart was pulled towards the inside of Ye Feng's body. .??.

Buzz!

At this moment, the God's heart immediately began to merge into Ye Feng's body, merging with Ye Feng's heart.

During the entire fusion process, Ye Feng suddenly felt a terrifying and boundless life force contained in the heart of the god.

The heart of the God and Ye Feng's heart were completely merged into one. Ye Feng was equivalent to having an extremely powerful heart of the God all of a sudden.

"Bang, bang, bang..."

At this time, Ye Feng's heart was beating like the heartache of an ancient behemoth. It was full of boundless fluctuations of life and terrifying, just like the fluctuations of ancient battlefield drums, terrifying and boundless.

Almost at the next moment, Ye Feng roared loudly, and boundless terrifying blood energy burst out from his whole body.

Every inch of Ye Feng's body was supplied with blood and strength by the God's heart at this moment.

Ye Feng could feel that his whole body was covered with

Filled with a high-level energy, I felt that every inch of my body and flesh was filled with terrifying energy, as if I had suddenly transformed from a mortal to a god.

"Buzz..."

But at the next moment, all the energy in Ye Feng's body suddenly returned to his heart, and he regained his calm.

At this time, Ye Feng felt his body and chest for a moment, and could feel that his God's heart was beating rapidly. Every beat seemed to be able to generate huge energy, supplying every inch of his body.

It feels like a low-end car is suddenly equipped with the powerful engine of a super luxury car, and instantly it is filled with new vitality and power from the inside out.

At this moment, Ye Feng felt that his whole body was glowing with new momentum and energy from the inside out.

Ye Feng could feel that his bloodline, even at this moment, was constantly being reshaped and upgraded by the God's blood flowing out of the God's heart.

At this time, Ye Feng could indeed feel that his whole being was being constantly and subtly changed by the God's heart.

Although Ye Feng's cultivation level has not broken through, Ye Feng's life essence is constantly evolving.

"boom!"

Suddenly at this moment, a signal bomb exploded at a high altitude not far away.

Ye Feng looked in that direction, with a hint of surprise in his eyes.

Because this signal flare is the Tiandao Sect's distress signal flare.

"It seems like there was some fighting going on in that area."

At this time, Ye Feng saw someone from the same sect asking for help. Naturally, he would not sit idly by and quickly flew in that direction.

When Ye Feng arrived at the area where the signal flare was calling for help, he immediately saw a large group of masters from the Everlasting Hatred Demon Sect besieging more than a dozen Tiandao Sect disciples.

These masters of the Everlasting Hatred Demon Sect have extremely powerful cultivation auras, and their cultivation levels are similar to Ye Feng.

In the hands of these dozen Tiandao Sect disciples, they all held a fruit that glowed red.

These fruits that emit deep red light must be a very special kind of fruit, containing energy that makes Ye Feng feel very attracted.

And at this moment, Ye Feng saw that among the dozen Tiandao Sect disciples, the female disciple at the center was holding a red sapling in her hand.

What this group of masters from the Everhateful Demon Sect want to rob is the crimson fruit and the crimson sapling in the hands of these Tiandao Sect disciples.

At this moment, a group of masters from the Everlasting Hatred Demon Sect immediately spoke up and said: "We don't want to kill all of you Tiandao Sect disciples. After all, there will be casualties in our desperate attacks. If you are more sensible, just hand over all the Phoenix Fruits in your hands." Come out, and the most precious saplings of the Phoenix Tree are of infinite value, and they must be handed over, otherwise don't blame us for killing them all."

At this time, after the master of the Everlasting Hatred Demon Sect finished speaking, the dozen or so surrounded Tiandao Sect disciples suddenly showed deep fear in their eyes.

They accidentally came across the precious sapling of the Phoenix Sacred Tree, and wanted to take it back to the sect and present it to the upper echelons of the sect in order to receive generous rewards.

Can

Unexpectedly, he was discovered by a master from the Everlasting Hatred Demon Sect.

Now all the masters of the Everlasting Hatred Demon Sect have rushed over and surrounded them, making it impossible to escape.

A Tiandao Sect disciple couldn't help but said: "We just sent out a distress signal. We hope that our Tiandao Sect's super masters will find it and come to rescue us."

However, another disciple of the Tiandao Sect immediately said very frustrated: "All the strong men of our Tiandao Sect, as well as those super genius masters, have probably rushed to the center of the ancient ruins of the giant city and entered that giant city. In the temple, we are looking for the most precious chance to create something. I am afraid there are not many masters here, and we will probably end up miserable. "

Several other Tiandao Sect disciples showed very desperate expressions on their faces, because they knew very well that now there were dozens of masters from the Everlasting Hatred Demon Sect surrounding this place, and they could not escape at all.

At this moment, a Tiandao Sect disciple couldn't help but said: "How about we hand over these phoenix fruits and the precious phoenix tree sapling in our hands, otherwise we may really die without a burial." In this land, these masters of the Demon Sect of Everlasting Hatred are all ruthless people."

Just when these Tiandao Sect disciples were preparing to surrender.

"Uh-huh!"

Suddenly, Ye Feng's figure suddenly flew into the air from a short distance away, and said with a smile: "The masters of the Everlasting Hatred Demon Sect are really shameless. They actually gathered fifty or sixty masters at once and besieged more than a dozen of our Tiandao Sect. Personally, I want to take care of this matter today."

After finishing speaking, Ye Feng immediately looked at the group of Tiandao Sect disciples behind him and said loudly: "Give me all the fruits and saplings of the Phoenix Tree for safekeeping. You run away quickly, and I will stop this group of Everlasting Hate Demons." Door master."

Chapter 2656 Saplings of the Phoenix Sacred Tree

Hearing what Ye Feng said, these disciples of Tiandao Sect suddenly showed a trace of surprise in their eyes.

They never thought that Ye Feng would speak so directly.

At this moment, these Tiandao Sect disciples immediately said: "Junior brother, your cultivation level is almost the same as mine. Why should I give you the sapling of the Phoenix Divine Tree in our hands?"

Ye Feng smiled slightly at this time and said loudly: "If you don't give it to me, then these masters from the Hate Demon Sect will pursue you, and you won't be able to escape even if you want to."

Hearing what Ye Feng said, these disciples of the Tiandao Sect all said out loud: "We are not sure yet that your cultivation strength is worthy of the sapling of this Phoenix Divine Tree."

Boom!

But at this moment, Ye Feng suddenly appeared in the sky above the Tiandao Sect disciples, and then instantly burst out with his extremely powerful momentum.

Once that terrifying momentum broke out, Ye Feng's whole body suddenly felt like he had turned into an ancient giant, filled with boundless vastness.

Moreover, Ye Feng has now merged with the heart of the God, so once his cultivation momentum explodes, it becomes more and more terrifying, as if the ancient God has come again.

At this moment, Ye Feng burst out with boundless momentum, which immediately made these Tiandao Sect disciples feel deeply frightened. ??

They seemed to feel that they were no match for Ye Feng's hand.

So at this moment, these Tiandao Sect disciples immediately understood that Ye Feng was definitely the super powerful all-round genius of their Tiandao Sect.

At this moment, these Tiandao Sect disciples immediately handed the saplings of the Phoenix Sacred Tree to Ye Feng, and then said, "Then let's escape first. Junior brother, be careful."

Uh-huh! Uh-huh! Uh-huh!

Almost at this moment, these Tiandao Sect disciples immediately flew quickly in a certain direction in the distance.

Sure enough, after the saplings of the Phoenix Divine Tree in their hands were handed over to Ye Feng, the masters of the Everhate Demon Sect did not track down these Tiandao Sect disciples.

Because the most precious thing is the sapling of the Phoenix Sacred Tree in Ye Feng's hand.

At this moment, after Ye Feng got the sapling of the Phoenix Sacred Tree, he immediately felt a very abundant life energy contained in this small sapling.

This small sapling looked very small and seemed to have very weak vitality, but Ye Feng felt the source of life from it like a vast ocean.

"This is definitely a very magical tree."

Ye Feng did not directly swallow the sapling of the Phoenix Sacred Tree at this time.

Because Ye Feng felt that if he could cultivate this sapling, he would definitely get more generous rewards.

At this time, dozens of masters from the Everlasting Hatred Demon Sect not far away had all their eyes fixed on Ye Feng.

A master from the Everlasting Hate Demon Sect burst out laughing: "If we really had a bloody battle with those dozen Tiandao Sect disciples just now, we might still have a lot of casualties among our brothers, but if it's just you, We can kill you without any effort at all, and then snatch the sapling of the Phoenix Tree."

When Ye Feng heard what the master of the Everlasting Hatred Demon Sect said, a hint of sneer appeared in his eyes, and then he said aloud: "If you have the ability,

Just take action directly. "

At this moment, when he heard what Ye Feng said, this master of the Everlasting Hatred Demon Sect couldn't help but burst out with an extremely powerful aura, and rushed towards Ye Feng.

The master of the Demon Sect of Everlasting Hatred spoke out: "You and I have the same cultivation level, but I have cultivated a very powerful inheritance in the Demonic Gate of Everlasting Hatred. There is no way you can be my opponent."

"The Devil's Finger of Everlasting Hate!"

At this moment, after the master of the Everlasting Hatred Demon Sect finished speaking, he immediately displayed a very powerful inheritance in the Everlasting Hatred Demon Sect.

His palms blasted out in an instant, and each finger seemed to turn into a huge, towering finger, a piece of pitch black, as if it could shatter the entire sky with a snap of his fingers.

Boom!

At this moment, a terrifying divine light erupted from Ye Feng's body, and in an instant he struck forward with a fist.

Boom!

Accompanied by a terrifying roar, Ye Feng's fist directly shattered all the black fingers used by the master of the Everlasting Hatred Demon Sect.

Then in an instant, Ye Feng punched the chest of the master of the Everlasting Hatred Demon Sect.

Just listen to "puff".

Ye Feng's fist suddenly shattered the chest of this master of the Everlasting Hatred Demon Sect into pieces.

It penetrated directly, and a bloody wound appeared instantly.

"ah!!"

This master of the Everlasting Hatred Demon Sect couldn't help but show deep horror in his eyes.

But now he has no time or opportunity to regret it.

Because Ye Feng's punch had broken his heart and completely killed him.

At this time, Ye Feng's eyes showed a hint of surprise.

Unexpectedly this time, his heart was transformed into the heart of a god. As expected, every punch could explode with terrifying power.

At this moment, everything that happened on the field immediately made the other masters of the Everlasting Hatred Demon Sect unable to help but have huge changes in their expressions.

"What? This kid is so powerful? How is it possible? He looks like just an ordinary inner disciple of Tiandao Sect."

"There is no other way now. Let's work together to completely eliminate this hateful boy. I don't believe that we, dozens of geniuses who have always hated the Demon Sect, can't defeat an inner disciple of the Tiandao Sect, even if he joins forces." No matter how strong your strength and cultivation are, it is impossible to be strong enough to resist the joint attack of so many of our masters."

At this moment, all the other masters of the Everlasting Hatred Demon Sect gathered together, and then instantly activated all the powerful forces on their bodies, displaying their respective martial arts inheritance and unique skills, and directly aimed at Ye Feng fiercely. Kill.

"The Devil's Long Sword Technique!"

"Eternal Demonic Qigong!"

"Zhutian Shattering Eyes!"

...

At this moment, all the masters of the Everlasting Hatred Demon Sect displayed their powerful inheritance.

All the attacks were combined together, and then hit hard in front of Ye Feng, trying to completely destroy Ye Feng.

At this time, Ye Feng faced the terrifying attack, his aura became more and more intense, and there was no fear on his face. Hearing what Ye Feng said, these disciples of Tiandao Sect suddenly showed a trace of surprise in their eyes.

They never expected that Ye Feng would speak so directly.

Chapter 2657 One person contends

Boom!

At this moment, all the masters of the Everlasting Hatred Demon Sect used their most powerful methods.

The terrifying power formed is simply terrifying to the extreme.

Countless moves came together, emitting a towering black divine light.

Countless attacks, all gathered together, formed an attack frenzy, rumbling like a terrifying river of energy, capable of destroying and shattering everything.

At this time, this terrifying river of destructive energy bombarded directly in front of Ye Feng.

You know, this is a method used by dozens of masters of the Everlasting Hatred Demon Sect, so it is very terrifying.

Even Ye Feng felt a sense of threat at this moment.

But at this moment, Ye Feng could feel that the more terrifying the impact he encountered, the faster his heart beat.

And every time the God's heart beats, there is a kind of God's power emanating from the heart, and then it is poured into every inch of Ye Feng's body, making Ye Feng's entire body full of powerful power. .

The heart of God gave Ye Feng extremely powerful vitality.

boom!

At this moment, Ye Feng's entire body surface was emitting bright light, and his whole body was like a young god, full of sacred and grand feeling.

"Six Paths of Reincarnation Fist!"

At this moment, Ye Feng didn't hesitate at all, and directly unleashed his most terrifying attack method, the Six-Path Reincarnation Fist.

Almost at this moment, a terrifying divine light burst out from Ye Feng's fist, which was as bright as a thousand feet of light.

This punch was truly terrifying to the extreme, incorporating the terrifying destructive punch intent of the Six Paths of Reincarnation Fist.

And there is also a god's heart to provide

With god-like power.

Therefore, the moment Ye Feng's punch came out, the inheritance displayed by a strong man with the same cultivation level as the dozens of masters of the Everlasting Hatred Demon Sect in front of him, all crashed together.

If anyone else were watching here, they would definitely think that Ye Feng would die in an instant.

Because what Ye Feng faced was a joint attack from dozens of masters of the Everlasting Hatred Demon Sect who had the same cultivation level as him.

But at this moment, the boundless light emanating from Ye Feng's fist suddenly destroyed the inherited power exerted by dozens of Everlasting Hatred Demon Sect masters together.

Wow!

The power exerted by the masters of the Everlasting Hatred Demon Sect is actually disintegrating inch by inch at this moment.

Just like Ye Feng's punch, it was like a god blasting out the power of the god, capable of breaking everything.

"What?!"

"This is impossible!!"

At this moment, after seeing this scene, the faces of those masters who had always hated the Demon Sect suddenly showed a look of deep horror.

Their eyes were full of disbelief, and they couldn't help but stare at Ye Feng, who was radiating light. They said angrily: "How can you, an inner disciple of Tiandao Sect, have such a powerful power? This kind of power The aura seems to contain the majestic and sacred aura of an ancient god. How is this possible? Are you a descendant of an ancient god or a descendant of an ancient god?"

At this moment, all the masters of the Everlasting Hatred Demon Sect had incredible expressions in their eyes.

Because they never thought that a seemingly ordinary inner disciple of Tiandao Sect could actually

Such terrifying power erupted.

He actually resisted the joint attack of dozens of them from the Everlasting Hatred Demon Sect masters by himself.

It's so incredible!

At this time, Ye Feng just smiled coldly and said: "I have already said that I got the saplings of the Phoenix Divine Tree because I have strong strength as a basis, otherwise do you think I will die for no reason? "

Almost at the moment Ye Feng finished speaking, Ye Feng once again burst out with extremely powerful power.

Rumble...

Boundless and vast divine light surged out of his body.

These divine lights even formed a giant shadow of an ancient god around Ye Feng, giving Ye Feng all of a sudden the power of a god.

Boom! !

Almost at this moment, Ye Feng immediately rushed over the heads of the dozens of Everlasting Hatred Demon Sect masters, and then instantly swung one punch after another.

At this moment, every punch of Ye Feng contained tremendous power and terrifying destructive power. Every punch struck out seemed to shatter the entire space.

Those masters of the Everhate Demon Sect simply cannot resist the power of Ye Feng's terrifying fist.

Every master of the Everlasting Hatred Demon Sect tried to resist, but all of them were directly smashed by Ye Feng's fist.

The entire body turned into countless blood mist, floating in the sky, and died instantly.

"ah!"

"ah!"

"ah!"

Almost at this moment, screams suddenly rang out from high in the sky.

Those were all masters from the Demon Sect of Everlasting Hatred, screaming in agony.

They want to flee the scene like crazy

, but it has no effect.

Because Ye Feng has released his own devouring domain.

Buzz...

The realm of boundless darkness enveloped the entire field and high in the sky. All the masters of the Everlasting Hatred Demon Sect were enveloped in the devouring realm, and they were all locked and trapped in a small space.

These masters of the Ever-Hateful Demon Sect cannot escape from this dark and boundless space.

Moreover, these masters of the Everlasting Hatred Demon Sect feel that the power in their entire bodies, including the blood and energy contained in their bodies, is rapidly passing away.

Seeing Ye Feng's terrifying method of devouring the realm, these dozens of masters from the Everlasting Hate Demon Sect couldn't help but look deeply horrified.

They couldn't help but said in shock: "You are not a disciple of the Tiandao Sect at all! How can a disciple of the Tiandao Sect practice such a terrifying and evil technique? Your inheritance is longer than ours and some of the taboos in the Demon Sect are hated. The techniques are even more evil and weird."

However, after these masters from the Everlasting Hatred Demon Sect finished speaking, Ye Feng just smiled coldly and said: "There is never a distinction between good and evil in the cultivation techniques. Only people can distinguish between good and evil."

At this moment, after Ye Feng finished speaking, he continued to explode with his most powerful means and power, and blasted out fiercely.

Every time Ye Feng punched out, he reaped the life of a master from the Everlasting Hate Demon Sect.

It wasn't until half an hour later that all the masters of the Everlasting Hatred Demon Sect were shattered by Ye Feng's fists.

All of them fell high in the sky, staining the sky with blood.

Buzz!

At this moment, Ye Feng took back his power, and then his eyes were filled with excitement. He immediately activated the Devouring Domain crazily and began to devour these majestic blood energy!

Chapter 2658 Planted in the body

Rumble...

At this moment, the Devouring Domain released by Ye Feng absorbed all the blood energy into his body.

You must know that the masters of the Everlasting Hatred Demon Sect that Ye Feng killed at this time were all very powerful in cultivation, the same as Ye Feng, or even surpassed Ye Feng.

So at this time, Ye Feng could feel that the blood energy he had swallowed up at this time was so huge that it was like a vast ocean.

"Boom!"

At this time, Ye Feng's body felt like an ocean was rushing and roaring.

Ye Feng could feel that his cultivation strength at the tenth level of the Holy Embryo Realm of Heaven and Earth was rapidly and continuously improving, and he was transforming towards a more powerful level.

boom!

Finally, a terrifying and boundless aura erupted from Ye Feng's body.

Ye Feng's cultivation finally broke through from the tenth level of the Holy Embryo Realm of Heaven and Earth to the Half-Step Cause and Effect Realm.

Buzz!

At this time, Ye Feng's eyes were shining with divine light, and he looked extremely excited.

Unexpectedly, this group of masters who had always hated the Demon Sect would transform themselves all of a sudden.

He was directly promoted to the Half-Step Cause and Effect Realm, and stepped into the extremely powerful new realm of the Cause and Effect Realm.

This is already a very good improvement.

At this moment, Ye Feng stretched out his hand and grabbed all the storage rings left behind by the masters of the Everlasting Hatred Demon Sect after their death. They became his wealth.

At this time, Ye Feng began to take a good look at the precious sapling of the Phoenix Tree that he had obtained before.

This sapling of the Phoenix Divine Tree is the young body of a very precious divine tree.

If it can be cultivated and allowed to continue to grow and eventually become a mature Phoenix Tree, it will definitely be able to play an incredible role.

Ye Feng asked in his mind at this time: "Emperor Chu, how are you resting?"

Emperor Chu's voice suddenly sounded: "I'm resting well. During this period of time, I have been recovering my soul power."

At this moment, Emperor Chu's voice still sounded a little tired, but it was many times better than when he woke up for the first time.

When Ye Feng heard what Emperor Chu said at this time, he couldn't help but nodded happily, and then said loudly: "Emperor Chu, I want to ask you a question. I now have a tree that seems to be called the Phoenix Sacred Tree. What is the function of the seedlings?"

"Phoenix Sacred Tree?"

At this time, Emperor Chu couldn't help but said in surprise: "I didn't expect you to get the sapling of the Phoenix Divine Tree. The Phoenix Divine Tree is a very rare ancient tree. Although the sapling has no effect, if you can plant it into your own body, and constantly use your blood and energy to irrigate and cultivate it. If it matures, then the Phoenix Tree will continue to bear fruits one after another. These crimson fruits can make a person An ordinary person's entire body will transform in an instant, and then continue to produce Phoenix blood. If you can get a lot of the fruits of this Phoenix tree and sell them to others, you will definitely be able to sell them for sky-high prices. Besides, Ye Feng, you There is a Phoenix tree planted in his body.

Later, your physical fitness will continue to improve until you become as terrifying and powerful as the true god of the ancient Phoenix clan. "

When Ye Feng heard what Emperor Chu said, his face suddenly showed deep excitement.

He couldn't help but stare at the sapling of the Phoenix Tree in his hand, and said aloud: "I didn't expect this sapling of the Phoenix Tree to have such terrifying potential. This time I really found a treasure. It is estimated that those Tiandao Sect disciples do not know that this sapling of the Phoenix Sacred Tree possesses such wonderful abilities."

Emperor Chu spoke out at this time: "But don't be too happy too early. It is a very long process for the saplings of the Phoenix Tree to grow into mature bodies. It can take thousands or even tens of thousands of years. possible."

"Thousands of years or tens of thousands of years?"

When Ye Feng heard what Emperor Chu said, there was a hint of astonishment in his eyes, and he couldn't help but said: "That's too far away, there's no end in sight."

When Emperor Chu saw Ye Feng's anxious look, he couldn't help but shook his head and said with a smile: "Of course, it would take tens of thousands, or even hundreds of thousands, years for ordinary people to grow the saplings of the Phoenix Sacred Tree. To induce maturity, but for you, Ye Feng, this process will be greatly shortened, because Ye Feng, you are a rare and incomparable chaotic body, and you have now transformed your heart into the heart of the gods, possessing the blood of the gods. , so under the infusion of blood energy from these two powerful physiques, the seedlings of the Phoenix Tree will grow very fast, and it may take hundreds or even decades to mature. "

Hearing Emperor Chu say this, Ye Feng immediately breathed a sigh of relief.

If it really is thousands or tens of thousands of years, it is really too long, and I can't wait at all.

But after decades or hundreds of years, there is still some hope that Ye Feng can see the end.

At this time, Emperor Chu continued to speak: "Ye Feng, if the Phoenix Divine Tree can be cultivated to the final ultimate body, it will be able to ignite a ball of eternal fire of the Phoenix True God at the top of the Divine Tree. If you can one day If you cultivate the eternal fire, you will have extremely terrifying power, possessing the power of the divine fire of the true god of the Phoenix clan. The eternal fire is known as one of the ten most powerful flames in the world. "

When Ye Feng heard what Emperor Chu said, he immediately nodded vigorously and said loudly: "I will definitely cultivate this seedling of the Phoenix Sacred Tree as soon as possible."

At this moment, Ye Feng's face was full of joy.

This time, I entered the ruins of this ancient giant city, and not only got the heart of the gods from the Celestial Clan, but I also got a sapling of the Phoenix Divine Tree, both of which have unlimited potential.

Because whether it is the Heart of the God or the sapling of the Phoenix Divine Tree, one's comprehensive martial arts abilities can be greatly improved, and one's own qualifications and life level can be subtly transformed in the future.

At this time, Ye Feng asked in his mind: "Emperor Chu, how should I plant this seedling of the Phoenix Sacred Tree into my body?"

Emperor Chu said aloud: "Use your soul power directly to fuse it with the ignorant will contained in this Phoenix Divine Tree sapling, and then it will automatically become a part of your body. You can directly use this Phoenix Divine Tree to The seedling is planted in your own body."

Ye Feng immediately nodded and said: "Okay, then I will plant it in my body." Boom...

At this moment, the Devouring Domain released by Ye Feng absorbed all the blood energy into his body.

You must know that the masters of the Everlasting Hatred Demon Sect that Ye Feng killed at this time were all very powerful in cultivation. They were the same as Ye Feng, or even surpassed Ye Feng.

So at this time, Ye Feng could feel that the blood energy he had swallowed up at this time was so huge that it was like a vast ocean.

"Boom!"

At this time, Ye Feng's body felt like an ocean was rushing and roaring.

Ye Feng could feel that his cultivation strength at the tenth level of the Holy Embryo Realm of Heaven and Earth was rapidly and continuously improving, and he was transforming towards a more powerful level.

boom!

Finally, a terrifying and boundless aura erupted from Ye Feng's body.

Ye Feng's cultivation finally broke through from the tenth level of the Holy Embryo Realm of Heaven and Earth to the Half-Step Cause and Effect Realm.

Buzz!

At this time, Ye Feng's eyes were shining with divine light, and he looked extremely excited.

Unexpectedly, this group of masters who had always hated the Demon Sect would transform themselves all of a sudden.

He was directly promoted to the Half-Step Cause and Effect Realm, and stepped into the extremely powerful new realm of the Cause and Effect Realm.

This is already a very good improvement.

At this moment, Ye Feng stretched out his hand and grabbed all the storage rings left behind by the masters of the Everlasting Hatred Demon Sect after their death. They became his wealth.

At this time, Ye Feng began to take a good look at the precious sapling of the Phoenix Tree that he had obtained before.

This sapling of the Phoenix Divine Tree is the young body of a very precious divine tree.

If it can be cultivated and allowed to continue to grow and eventually become a mature Phoenix Tree, it will definitely be able to play an incredible role.

Ye Feng asked in his mind at this time: "Emperor Chu, how are you resting?"

Emperor Chu's voice suddenly sounded: "I'm resting well. During this period of time, I have been recovering my soul power."

At this moment, Emperor Chu's voice still sounded a little tired, but it was many times better than when he woke up for the first time.

Chapter 2659 Giant City Temple

Buzz!

At this moment, Ye Feng exuded his soul power, and suddenly surged towards the sapling of the Phoenix Tree in his hand.

Soon Ye Feng's soul power discovered that there was a soul body without any consciousness among the saplings of this small Phoenix Tree.

"This little soul body must be the most primitive soul will of the Phoenix Divine Tree seedling!"

At this moment, Ye Feng did not hesitate at all, and immediately burst out his soul power, directly merging with the most primitive soul will of this little Phoenix Tree seedling.

Buzz!

The whole integration process was very smooth.

Because the most primitive soul will of this Phoenix Divine Tree seedling has no ability to resist at all, it was directly forcibly fused by Ye Feng.

At the moment of fusion, Ye Feng immediately felt that he had complete control over the entire Phoenix Tree seedlings.

At this time, Emperor Chu immediately said: "Now! Pull the seedling of the Phoenix Tree into your own body immediately!"

Hearing Emperor Chu's voice in his mind, Ye Feng immediately nodded, and in an instant he controlled the sapling of the Phoenix Tree and merged it directly into his body.

Uh-huh!

The sapling of the Phoenix Sacred Tree turned into a green light and disappeared directly into Ye Feng's body.

Almost at the next moment, if you can look inside, you can find a small sapling appearing in Ye Feng's entire body.

That was the sapling of the Phoenix Sacred Tree.

At this moment, it took root in Ye Feng's body.

Almost at this moment, Ye Feng immediately felt a very majestic vitality, which was being transmitted from the saplings of the Phoenix Tree, feeding back to his entire body, making Ye Feng's vitality extremely strong. .

This discovery made Ye Feng's eyes show a trace of surprise, and he couldn't help but said: "I didn't expect that such a small sapling contains a very rich life force, and this kind of life force It is the life force of plants that can continuously restore my injuries, and it can also protect my soul and purify my heart."

Hearing what Ye Feng said, Emperor Chu immediately smiled and said: "Yes, the sapling of the Phoenix Tree is a sapling of an ancient tree, so it has many functions, including the two functions I just mentioned. It is just the ultimate effect. As for other effects, you will gradually be able to experience it in the future, and the green plant vitality exuded by the saplings of this ancient tree also has a nourishing effect on my soul. "

At this moment, Emperor Chu said that his soul power was constantly recovering.

Ye Feng could discover that Emperor Chu's exhausted soul power was constantly recovering and growing under the nourishment of the green energy of the saplings of the Phoenix Divine Tree.

This made Ye Feng's eyes show joy.

In fact, for Ye Feng now, Emperor Chu can continue to recover, which is something Ye Feng is very happy about, even happier than Ye Feng himself getting the treasure.

Because along the way, Ye Feng knew very well that Emperor Chu had a great influence on him, and he and Emperor Chu had become an inseparable brother and friend.

If Emperor Chu can continuously restore his soul power, it will definitely play a huge role in unlocking the soul gem in the future.

At this moment, after Ye Feng successfully refined the sapling of the Phoenix Sacred Tree into his body, he slightly sensed the effect of the phoenix sapling, and then Ye Feng quickly flew towards a certain direction in the distance. .

Because Ye Feng had never grown up before

During the conversation between the masters of the Hateful Demon Sect and the disciples of the Tiandao Sect, they learned that there is a giant city temple in the center of the world of ancient giant city ruins.

In this giant city temple, there are very rich opportunities and fortunes among the ruins of the ancient giant city. It can be said to be the most prosperous place.

So now many masters from the Tiandao Sect or masters from the Heavenly Hatred Demon Sect are all rushing towards the Giant City Temple in the center of the world of ancient giant city ruins.

Ye Feng has not encountered any powerful existence in the recent period. This is all because there are no strong people around here. Almost all of them swarmed to the center of the giant city temple.

Therefore, Ye Feng has always been very smooth and has not encountered any major risks.

However, Ye Feng knew very well that although he had been traveling on the edge of this world of ancient giant city ruins, what he was looking for were very powerful treasures.

Such as the heart of the gods.

For example, this time I accidentally obtained the sapling of the Phoenix Sacred Tree.

It is estimated to be even more powerful than the chance creation contained in the giant city temple in the center.

However, although Ye Feng got a lot of good things, there was no reason for Ye Feng to give up the good fortune in the giant city temple.

If given the chance, Ye Feng would naturally want more treasures and wealth.

At this moment, Ye Feng immediately flew towards the center of the ancient giant city ruins world.

Along the way, Ye Feng saw many other disciples of Tiandao Sect or disciples of Everlasting Hatred Demon Sect, all of them rushing towards the central area.

However, when they encountered each other on the road, they did not directly attack each other.

Because now they feel that the most important thing is to go to the Giant City Temple instead of wasting time fighting on the road.

So Ye Feng didn't encounter anything along the way.

People come to challenge themselves, and the journey is very smooth.

In the early morning of the seventh day, Ye Feng finally arrived at the most central area in the ruins of this ancient giant city.

At this moment, Ye Feng was walking on a large grassland.

He looked into the distance and found that the center of the prairie was an area like a doomsday wasteland.

In this doomsday wasteland, a dilapidated city towering into the sky appeared in the field of vision. It looked full of endless shock and gave people a very depressing feeling.

Because even such a glorious ancient city that towers into the sky has experienced terrible changes in history, and finally turned into the dilapidated city it is today, allowing others to loot treasures.

At this moment, Ye Feng sighed and immediately flew towards the giant city temple in the distance.

Ye Feng felt that this dilapidated city towering into the sky should be the giant city temple that the disciples of Tiandao Sect and the masters of Everlasting Hatred Demon Sect mentioned before.

At this moment, Ye Feng arrived at the edge of the Giant City Temple and immediately discovered that other Tiandao Sect disciples and masters from the Everlasting Hatred Demon Sect had gathered here.

In addition, Ye Feng also discovered some strong men wearing special clothes. They were not the disciples of the Tiandao Sect and the disciples of the Everlasting Hatred Demon Sect who entered the ruins of this ancient giant city for a trial this time.

Ye Feng felt that these people should be local strong men in the world of ancient giant city ruins, and they also came here.

"Ye Feng! I didn't expect us to meet again!"

At this time, a familiar voice suddenly came from not far away.

Ye Feng immediately looked in that direction, and immediately saw Zhu Qingshan, the second disciple of the inner sect, walking over from a short distance away.

There was a hint of surprise on Zhu Qingshan's face, as if he didn't expect to meet such a powerful friend as Ye Feng so soon.

Chapter 2660 Weighing the pros and cons

Zhu Qingshan's face was full of joy at this time. He immediately came to Ye Feng and couldn't help but said: "Ye Feng, I didn't expect to see you again so soon. I originally thought that the two of us might be together here." We won't meet in the ruins of the ancient giant city. After all, the world of the ruins of the ancient giant city is too big. I didn't expect you to come to the temple area of the giant city."

At this moment, Ye Feng stared at Zhu Qingshan who was walking in front of him. He couldn't help but smile and said: "I didn't expect such a coincidence. I just came to the Giant City Temple area and met you, Zhu Qingshan. By the way, you How about exploring the world of ancient giant city ruins during this time?"

Zhu Qingshan smiled and said: "I have gained a little bit, but it is definitely not as good as Ye Feng, a peerless monster like you. I still have this bit of self-awareness, haha."

At this moment, Ye Feng could feel that Zhu Qingshan's cultivation aura was much stronger than before, but for Ye Feng, it was indeed not as good as his own improvement during this period.

At this moment, Ye Feng immediately said: "This giant city temple should be very dangerous. I didn't expect that Zhu Qingshan, you were not afraid of danger and came directly."

When Zhu Qingshan heard what Ye Feng said, he immediately smiled bitterly, shook his head and said: "I joined a team of core disciples, so relying on the strength of the team, I dared to come to this extremely dangerous giant city temple area. , If I were alone, I would definitely not dare to come here."

At this moment, Zhu Qingshan said, pointing in a certain direction not far away.

As expected, Ye Feng saw several core disciples of Tiandao Sect gathered together not far away, seemingly discussing something at this moment.

At this time, Zhu Qingshan said: "This time I will not invite you, Ye Feng, to enter this giant city temple with our team to find opportunities. After all, you were looked down upon by the core disciples before, which made me very embarrassed."

Ye Feng smiled and said: "Okay, then let's each wish everyone good luck in this giant city temple."

After finishing speaking, Zhu Qingshan nodded, then patted Ye Feng on the shoulder,

He walked towards the core disciple team not far away.

Ye Feng also retracted his gaze at this time and walked towards the inner area of the Giant City Temple.

While walking, Ye Feng saw many disciples of the Tiandao Sect or the Everlasting Hatred Demon Sect, all gathered together in twos and threes to form small teams.

Obviously, even the powerful disciples of big forces such as Tiandao Sect and Everlasting Hatred Demon Sect feel that there must be very dangerous situations in such giant city temples, and they dare not enter alone.

They are all grouped together to form small teams, because the power of unity is very powerful.

Ye Feng has no plans to join any small group, because Ye Feng feels that his current strength is comparable to the top core disciples.

Therefore, there shouldn't be much risk on your own. There is no need to join those so-called small sect teams. On the contrary, you will be tied up.

But just when Ye Feng reached the edge of the core area of the Giant City Temple, suddenly several men in black walked over not far away.

These men in black all wore black hats on their heads, making it difficult to see their true faces.

Ye Feng immediately showed a trace of surprise in his eyes at this moment, because he had seen these men in black before, and they should be the strong men from the ancient ruins of the giant city, and they also came here.

At this moment, these men in black walked up to Ye Feng.

A man in black immediately spoke out: "This young hero, I can feel that the fluctuations in your cultivation are very powerful. I wonder if the young hero is interested in joining us and entering the temple of this giant city. , looking for opportunities, we are the natives of this world with the ruins of the ancient giant city, and we have information about the giant city temple in our hands.

secret map. "

At this moment, Ye Feng heard the man in black in front of him say this, and his eyes suddenly showed a look of surprise.

He never thought that these local strong men in the ancient giant city world would come to him and want to form a team with them, and even told them that they had a secret map in the giant city temple.

Ye Feng naturally wouldn't think that these strong men would be so kind as to take him with them.

At this moment, Ye Feng immediately said: "I don't want to form a team with anyone for the time being. I just want to see the situation alone." .??.

Hearing what Ye Feng said, the man in black immediately spoke out: "Young hero, you don't know. This giant city temple is like a huge maze, with twists and turns inside. If we don't have it in our hands, If you don't have a good map, it's hard to find good opportunities, and you'll probably just wander around in it, wasting time."

After the man in black finished speaking, he seemed to know what Ye Feng was thinking at this time, and continued to say: "We know that the young hero will definitely feel that we have some bad intentions towards the young hero. In fact, the young hero thinks too much. The reason why we are so kind and want to share the map in our hands with you, Young Hero, is actually because we have noticed the extremely powerful power fluctuations in you, Young Hero. You are a strong man worthy of our admiration, so we are willing to share the map with you, Young Hero. Xia, let's be honest, the treasures and wealth in the giant city temple pointed by the map in our hands must be very dangerous along the way, so we want to invite more powerful beings to enter with us. "

When Ye Feng heard what the man in black said, there was a hint of surprise in his eyes.

Unexpectedly, these men in black actually wanted to cooperate with him.

However, Ye Feng still asked: "My half-step Karma Realm cultivation is not considered top-notch among the other sect disciples around me. Why did you choose me?"

The man in black at the head immediately smiled.

He said aloud: "Young Xia's cultivation is not considered top-notch among other sect disciples, but Young Xia's true combat power is definitely the most terrifying in the surrounding area, because

there is a person in our family. This innate talent can sense a person's strength or weakness from the most essential level of combat power. Many people judge whether a person is strong or weak based on their cultivation aura, but the talent in our family allows us to Judging a person's strength from the deepest level of essential combat power, Shaoxia is definitely the most powerful one in this area, so we found you Shaoxia and wanted to cooperate with you, Shaoxia."

Hearing what the man in black said, Ye Feng showed a thoughtful look on his face. He didn't expect that this group of men in black had such a magical talent and could sense that their true combat power was the most powerful nearby.

Although Ye Feng was still hesitant at this moment, he was a little tempted by what the man in black said.

Because Ye Feng knew that these men in black were the native residents of this gathering world.

The maps in their hands are definitely more realistic and detailed.

If you can join them, you will have a high probability of obtaining the most abundant treasures and wealth in the giant city temple.

After all, what these men in black said before was right. If he were alone, he would be like a headless fly, running around in this strange giant city temple, which was a waste of time.

At this moment, since everyone has come to the door and said so much, Ye Feng will naturally not refuse.

After all, Ye Feng could sense that although these men in black were very powerful, they were still not as good as himself.

If these men in black really had any bad intentions towards him, Ye Feng asked himself, he would be able to deal with it calmly.

At this time, after weighing the pros and cons, Ye Feng immediately said: "Okay, then I will believe you for once and work with you to find the treasure recorded on the map in your hands."
