

Ancient 2671

Chapter 2671 Full of disdain

At this time, Ye Feng's eyes showed a trace of curiosity, and he immediately walked towards the broken ruins of the central hall.

When Ye Feng came to the ruins, he immediately saw that in the middle of the ruins, a piece of ground had been completely broken, and then an underground darkroom passage appeared inside.

Boom!

Ye Feng directly punched out, shattering the iron door blocking the entrance to the underground chamber.

Uh-huh!

Next, Ye Feng jumped into the underground darkroom instantly, and he was immediately dazzled by the scene in front of him.

I saw that this underground dark room was a huge underground space, filled with piles of crystals, armors, weapons, etc., as well as all kinds of wealth and treasures.

Although these crystals are not the high-end crystals from the world of origin that Ye Feng got from the Ice God King's storage ring before, the ordinary crystals in front of him are piled together, and they are like a pile of crystals. Like mountains.

It's like an underground mineral vein, very huge and numerous.

At this time, Ye Feng's expression immediately showed deep joy. He did not expect that he had gained so much wealth unintentionally.

"Crash!"

At this moment, Ye Feng directly released the space power of his storage ring, and instantly put all the crystal stones, armor and other wealth in front of him into his storage ring.

Ye Feng did not swallow these crystals immediately, because these crystals were ordinary crystals. After he swallowed them, they would not have much effect for the time being.

But with so many crystal stones, if brought back to Tiandao Sect, enough contribution points can be obtained from the upper echelons of the sect.

Ye Feng has gained enough contribution points, and may be able to obtain a very advanced inheritance from the Tiandao Sect's martial arts hall.

At this moment, Ye Feng quickly collected all the wealth in this underground dark room.

But at this time.

"boom!!"

Suddenly, the darkroom where Ye Feng was located was grabbed and shattered by a terrifying force from the outside.

The top layer of the darkroom above Ye Feng's head was lifted directly.

Ye Feng immediately saw several old men wearing the clothes of the Demon Sect of Everlasting Sorrow appearing in mid-air.

These old men are obviously not the trial disciples of the Demon Sect of Everlasting Hatred who entered the ruins of this ancient giant city, but the elders of the Demon Sect of Everlasting Hatred.

Because these old men are very old, and their cultivation levels are all in the ninth level of the other side realm!

At this time, several elders of the Everlasting Hatred Demon Sect showed surprise in their eyes, as if they did not expect such a big chaos to occur here, and there was actually a young man here.

It seems that he is looking for some treasure.

At this moment, the elder of the Everlasting Hatred Demon Sect discovered that there was a very strong spiritual energy in this underground dark room, and there were also traces of various wealth being taken away.

After seeing this scene, an elder from the Everlasting Hatred Demon Sect immediately stood in mid-air, stared at Ye Feng, and said loudly: "Looking at the clothes you are wearing, you should be an inner disciple of Tiandao Sect. Now tell me What were you doing just now? Is there something hidden in the underground room?"

Ye Feng smiled slightly and said aloud: "Whatever is inside should have nothing to do with the elders."

"presumptuous!"

\u003e

The elder of the Everlasting Hatred Demon Sect immediately shouted coldly with great dignity: "A few of our elders received a notice that a riot broke out here, so we came here to save all the disciples of our Everlasting Hatred Demon Sect and the Tiandao Sect. Disciple, not only do you, a small inner disciple of the Tiandao Sect, not be grateful to us, you actually dare to be so rude to me. You are really arrogant to the extreme. I want to arrest you and interrogate you. This elder feels that you This kid is very suspicious, and he is probably a spy for the powerful native of this ancient giant city ruins world."

"Hahaha!"

The moment after the elder of the Everlasting Hatred Demon Sect finished speaking, Ye Feng burst out laughing, then with a cold look in his eyes, he said loudly: "If you want the treasure from me, just say it directly, and also said What kind of spy am I? Why do I act so grandly? Isn't it because I want to get the wealth I just got from this underground chamber? "

"you.....!"

Hearing what Ye Feng said, the elder of the Ever-Hateful Demon Sect couldn't help but turn pale. When Ye Feng told the truth, he didn't know what to say for a moment.

"What nonsense are you talking to a little disciple?"

Suddenly at this moment, another elder from the Ever-Hateful Demon Sect smiled and said: "There is no one else here, just a small inner disciple of Tiandao Sect. If he dies, he will die. No one will pay attention to it. We can just suppress him directly. There is no need to waste time arguing with this kid. In this world, the strong have always dominated everything."

It has to be said that these elders of the Ever-Hateful Demon Sect are very cruel.

Ye Feng suddenly spoke up at this time: "What a high-sounding word to save all the disciples. Now that he sees the wealth in me, he wants to kill me and plunder my wealth. As expected, he has always hated the Demon Sect." All the elders are ruthless people, so if that's the case, then I don't have to show mercy."

boom! !

Almost at this moment, Ye Feng suddenly burst out with his extremely powerful cultivation aura.

Originally, Ye Feng didn't want to take action against these elders of the Demon Sect who had always hated themselves. After all, they were here to save the various disciples in the chaos.

But now it was just the wealth in a dark room that allowed Ye Feng to see clearly the true faces of these elders of the Ever-Hateful Demon Sect, so there was no need to be merciful anymore.

boom!

Almost at this moment, Ye Feng suddenly burst out his most powerful cultivation power.

An extremely terrifying aura surged out of Ye Feng's body in an instant, roaring high in the sky, looking filled with a deep sense of majesty.

"Hmm? The tenth level of Karma Realm?"

At this time, sensing the true cultivation level emanating from Ye Feng, the elders of the Hate Demon Sect suddenly showed a trace of surprise in their eyes.

An elder of the Everlasting Hatred Demon Sect said: "A small disciple of the inner sect of Tiandao Sect actually possesses the cultivation level of the tenth level of cause and effect. This kind of cultivation is not found in Tiandao Sect or in our Everlasting Hatred Demon Sect. , are comparable to the top existences among the core disciples. I didn't expect that you, a kid, could hide so deeply. But even if you hide so deeply, it won't have any effect, because after all, you are only a practitioner of the causal realm, and we These are all powerful beings from the Ninth Level of the Other Realm. After all, ants cannot compete with top-notch beings like us, hahaha!"

At this moment, the elders of the Ever-Hateful Demon Sect all laughed sarcastically, their voices full of disdain, and their laughter was very unrestrained. At this time, Ye Feng's eyes showed a trace of curiosity, and he immediately walked towards the broken ruins of the central hall.

When Ye Feng came to the ruins, he immediately saw that in the middle of the ruins, a piece of ground had been completely broken, and then an underground darkroom passage appeared inside.

After all, ants cannot compete with top-notch beings like us, hahaha!"

At this moment, the elders of the Ever-Hateful Demon Sect all laughed sarcastically, their voices full of disdain, and their laughter was very unrestrained.

Chapter 2672 Encirclement

At this moment, the eyes of these inner sect elders who had always hated the Demon Sect were filled with deep sarcasm.

Because they felt that it was extremely ridiculous for Ye Feng to dare to use his own cultivation to confront them at this moment.

Because for these elders who have always hated the Demon Sect, in their eyes, Ye Feng is just a weak disciple of the Tiandao Sect.

Although the cultivation level is a bit stronger than they imagined, ants are just ants.

"If you don't bother me, brothers, let me deal with this kid."

At this moment, an elder of the Everlasting Hatred Demon Sect wearing a black robe was walking high in the sky with his hands behind his back. His posture was extremely domineering, and he walked directly towards Ye Feng, and then casually stretched out a hand.

Boom!

In the entire void, vitality rioted in an instant, and a huge black hand appeared high in the sky, full of endless pressure. .??.

Just like a mountain, it was pressed down hard in an instant, full of terrifying and incomparable pressure.

At this moment, Ye Feng immediately felt huge pressure coming on him.

It has to be said that these elders of the Everlasting Hatred Demon Sect are indeed very powerful in their cultivation. They are worthy of being powerful beings in the Ninth Level of the Beyond Realm. Once they take action, it will be earth-shattering and very powerful.

However, Ye Feng's current cultivation level is many times stronger than before.

He has now entered the realm of Dzogchen, the tenth heavenly realm of cause and effect.

At this moment, Ye Feng suddenly exploded with all his strength, and then directly bombarded the Six-Path Reincarnation Fist.

Moreover, in this punch, Ye Feng also incorporated the power of the brute force gem.

In an instant, Ye Feng's punch burst out with a terrifying light, shattering the void and directly hitting the elder of the Everlasting Hatred Demon Sect who took action.

Boom!

Almost at this moment

, Ye Feng's punch actually shattered the big black hand of the elder of the Everlasting Hatred Demon Sect, and then the fist turned into an eternal light in an instant, and in the same instant, it bombarded the Everlasting Hatred Demon. On the chest of the elder.

Poof!

Almost at the next moment, the body of the elder from the Everlasting Hatred Demon Sect was unable to withstand the terrifying impact of Ye Feng's punch. His chest was shattered by the blow, and a huge bloody hole appeared directly.

"ah!!"

Almost at that moment, the elder of the Ever-Hateful Demon Sect felt the heartbreaking pain, and immediately let out an earth-shattering scream.

However, this elder of the Ever-Hateful Demon Sect did not die immediately because his cultivation was too powerful and he was a powerful being in the ninth level of the other side realm.

At this moment, the elder of the Everlasting Hatred Demon Sect was seriously injured by Ye Feng in an instant, and he quickly fell backward in an instant.

"What?!"

At this moment, seeing Ye Feng's terrifying fist, the surrounding elders of the Everhate Demon Sect all had deep surprises in their eyes.

They never thought that Ye Feng could burst out with such terrifying power in an instant. The momentum and impact of that punch were too terrifying.

At this moment, the black-robed elder from the Hatred Demon Sect who was the first to take action immediately said: "This boy is too cunning. His cultivation and combat power are so powerful, but he has always been so secretive. , I underestimated him, so I was successfully attacked by him."

At this moment, looking at the shouting black-robed elder of the Ever-Hateful Demon Sect, Ye Feng's eyes showed a hint of gloominess.

Originally, Ye Feng thought that his peak punch could instantly kill a black-robed elder from the Hateful Demon Sect. In this dark world,

When Elder Pao is not paying attention, he can kill him in an instant.

But what I didn't expect was that the powerful existence of the ninth level of the other side realm was indeed beyond Ye Feng's ability to guess for the time being. His heart was shattered by Ye Feng's punch, and it seemed as if he had not suffered a huge trauma, but only suffered some. Minor injuries.

At this moment, Ye Feng did not retreat or escape, but instead used all his strength crazily, and even directly released a series of ancient divine rings, which greatly improved his cultivation strength.

boom! !

At this moment, Ye Feng's whole body was exuding divine light, and every inch of his body was filled with infinite power.

His eyes were like stars in the sky, shining brightly, and he looked like a young god who had come to life again.

At this moment, several elders of the Everlasting Hatred Demon Sect not far away looked at Ye Feng's terrifying aura, and their expressions finally showed a solemn look. .??.

An elder from the Demon Sect who has always hated the Demon Sect said, "This kid seems to be really extraordinary. He must be a super genius secretly cultivated by Tiandao Sect. Now that we have offended him, we will join hands to kill this super genius." Kill him secretly, so that no one can trace us, and you can also eliminate a powerful enemy for our Everlasting Hatred Demon Sect."

For this elder of the Everlasting Hate Demon Sect, they have always been very afraid of the development of Tiandao Sect.

So at this moment, even if Ye Feng has no treasures and wealth, they see Ye Feng's powerful strength and talent, as well as the terrifying potential that may exist in the future, and they need to nip the genius of Ye Feng in the cradle.

Almost at this moment.

boom! boom! boom.....

The elders of the Everlasting Hatred Demon Sect suddenly unleashed their extremely powerful terrifying cultivation of the Ninth Level of the Other Shore Realm, and instantly rushed towards Ye Feng from all directions, forming an encirclement.

Ye Feng discovered this scene in an instant, and his heart suddenly sank. It seemed that these elders of the Hateful Demon Sect were really afraid of him, and they were probably going to kill him completely here today.

However, Ye Feng did not choose to escape because he felt that his potential had not been fully explored and that he could fight against these elders of the Hateful Demon Sect.

Boom!

Almost at this moment, Ye Feng immediately released the power of the space gem.

Uh-huh!

In an instant, Ye Feng's whole body traveled through a large space and came directly in front of the black-robed elder who was the first to take action.

Because the black-robed elder was recovering from his injuries in the rear at this moment, he never thought that Ye Feng had the ability to travel through the void and suddenly came to him.

And Ye Feng's purpose is also very simple, that is to take advantage of his illness to kill him.

This black-robed elder had already suffered heavy injuries from his fist just now. The first person to deal with now should be this traumatized black-robed elder.

"boom!"

Ye Feng instantly arrived in front of the black-robed elder and punched him hard.

This time when Ye Feng blasted out, the direction he aimed at was not the body of the black-robed elder, but the head of the black-robed elder.

Ye Feng's instant appearance through the space gem did not give the black-robed elder any time to react.

So the black-robed elder didn't even react. Ye Feng's fist had already hit the black-robed elder's head.

"Pfft" sound.

The head of this black-robed elder was shattered by Ye Feng's punch, and he was instantly killed by a sneak attack!

"hateful!!"

Several other elders from the Ever-Hateful Demon Sect were furious when they saw this scene.

Chapter 2673 A desperate move

"Damn boy!"

At this moment, these elders of the Everhate Demon Sect never thought that Ye Feng would teleport in front of the black-robed elder in a short period of time, and in an instant, the black-robed elder could Killed in one fell swoop.

Devour!

boom!

At this moment, Ye Feng immediately burst out his Devouring Domain, swallowing up all the blood energy and skills of the black-robed elder who had just been killed.

Boom!

Almost at the next moment, Ye Feng relied on the powerful skills of the black-robed elder to reach the ninth level of the other side realm, and directly accumulated and broke through. Suddenly he broke through the current realm, directly from the tenth level of the cause and effect realm, and stepped into the half-step to the other side realm. !

Not only was Ye Feng's skill not consumed at this moment, but with the breakthrough, his skill suddenly surged to its peak state again. After stepping directly into the half-step to the other side, Ye Feng's combat power was much stronger than before. .??.

"What?"

At this time, I saw that Ye Feng's cultivation level had actually broken through during the battle, and he had directly reached the half-step to the other side realm. The elders of the Everhate Demon Sect not far away suddenly showed deep horror in their eyes. color.

They never thought that Ye Feng would be so weird, possessing such a terrifying and weird inheritance, that he would swallow up and refine all the skills and blood of their partners throughout their lives, becoming the nourishment to strengthen themselves.

"This kind of inheritance is really terrifying. Even our Everlasting Hatred Demon Sect has never recorded such terrifying methods."

At this moment, the elders of the Everhate Demon Sect had deep horror in their eyes.

But the next moment, their eyes showed cold murderous intent.

Because they knew that this boy Ye Feng must die.

Otherwise, if Ye Feng is allowed to grow like this, then in the future

The entire Tiandao Sect will become extremely glorious because of Ye Feng, and when the time comes, they will definitely die without a burial place.

After realizing this at this moment, these elders of the Everlasting Hatred Demon Sect burned their blood energy crazily, and then burst out with extremely powerful dark divine light, rushing directly towards Ye Feng crazily.

At this time, these elders of the Ever-Hateful Demon Sect did not hide their methods at all, but madly exploded all their strength, even burning their own life force, to kill Ye Feng all at once, so Only then can Ye Feng's hidden danger be completely solved.

At this moment, Ye Feng looked at the elders of the Ever-Hateful Demon Sect who were rushing over, with a crazy look in his eyes, and said loudly: "Since you are forcing me so much, then I will give it all."

Boom!

Almost at this moment, Ye Feng immediately took out the powerful magic weapon of the Ice God King, the Ice Scepter, and then poured all his skills into the Ice Scepter in his hand. middle.

Boom! !

Almost at this moment, Ye Feng's power was completely exhausted, and his whole body became weak instantly.

But after the ice scepter in Ye Feng's hand received the input of all Ye Feng's skills, it suddenly burst out with boundless terrifying ice light.

Rumble...

Almost at the next moment, the infinite terrifying and majestic frost energy rushed out of the ice scepter in an instant, turning into a rolling frenzy, filled with endless destructive power and freezing power. In an instant, They surged towards the elders of the Everlasting Hatred Demon Sect who were rushing forward.

Buzz...

Almost at the next moment, there was no terrifying collision sound on the field, but everything was directly frozen by the ice scepter in Ye Feng's hand, turning into a white kingdom of ice.

The elders of the Everlasting Hatred Demon Sect didn't even let out a loud roar. Everyone was sealed by ice and turned into ice sculptures.

At this moment, Ye Feng used all his strength to activate the ice scepter in his hand. The burst of ice power was really terrifying. It was so terrifying that all the elders of the Everlasting Hatred Demon Sect were frozen in the ice. In the endless ice.

At this moment, Ye Feng immediately became extremely weak and his face turned extremely pale.

Because he just made a desperate move and put all his skills into the ice scepter in order to kill these elders of the Everlasting Hatred Demon Sect instantly.

Now seeing the scene in front of him, Ye Feng had a smile on his face because he made the right bet. ??

At this moment, Ye Feng was very weak and walked tremblingly towards the elders of the Everlasting Hatred Demon Sect that were sealed by ice, preparing to reap the fruits of his victory.

Uh-huh!

But suddenly at this moment, a disciple of the Everlasting Hatred Demon Sect wearing a black robe, a core disciple of the Everlasting Hatred Demon Sect, with a cultivation level in the Karma Realm, suddenly flew out of the surrounding void with a look in his eyes. With a sneer, he stared at Ye Feng and said loudly: "Haha, I didn't expect it. In the end, I am the fisherman who will benefit. I didn't expect that even the elders of our Everhate Demon Sect can't kill you, a disciple of Tiandao Sect. As a disciple of the Tiandao Sect, you must have an extremely terrifying inheritance. If I can obtain your devouring inheritance, then the entire God Realm will be my world in the future."

Uh-huh!

At this moment, a long sword instantly appeared in the hands of this disciple of the Everlasting Hatred Demon Sect, and it was directed towards Ye Feng to kill him.

go.

At this moment, Ye Feng never expected that there would be a disciple of the Everlasting Hatred Demon Sect hiding around, waiting to reap the final fruits of victory.

In the past, Ye Feng secretly observed the battle between the two strong men, and then finally harvested the fruits of victory, but he did not expect that this time Ye Feng would be harvested.

At this moment, Ye Feng was trying to escape.

when!

However, the moment the long sword in the hands of the black-robed disciple of the Ever-Hateful Demon Sect struck Ye Feng, the entire sword shattered with a "click".

This black-robed disciple who always hated the Demon Sect was unable to destroy Ye Feng's body.

"What?!"

Seeing this scene, the black-robed disciple of the Ever-Hateful Demon Sect immediately showed deep horror in his eyes, and couldn't help but said: "You... what kind of physique do you have? You can't even use my green blood sword." Can't break your body?"

Ye Feng's eyes also showed a look of astonishment at this time. He did not expect that this black-robed disciple could not even break through his own body.

"It's really too shameful!"

Ye Feng grinned at this time and said: "Even if the fisherman gets the benefit, it won't work if he is too weak."

Uh-huh!

Although all the energy in his body was exhausted, just relying on his powerful body strength, Ye Feng reached out his hand in an instant and grabbed the neck of the black-robed disciple of the Ever-Hateful Demon Sect.

The eyes of this black-robed disciple who had always hated the Demon Sect suddenly showed deep fear, and he quickly said: "My lord, please forgive me, my lord, please forgive me, I didn't mean it... ah!"

However, before the core disciple of the Everlasting Hatred Demon Sect could finish his words, Ye Feng exerted a slight force on his palm and directly crushed the black-robed disciple's neck, killing him instantly.

Chapter 2674 It's too outrageous

boom!

At this time, after Ye Feng killed the core disciple of the Everlasting Hatred Demon Sect, he immediately released his Devouring Domain, covering everyone on the field in his Devouring Domain.

The core disciple of the Everlasting Hatred Demon Sect who attacked from behind was relatively weak in cultivation and did not have much effect on Ye Feng.

However, the elders of the Everlasting Hatred Demon Sect who were frozen by the ice not far away were all super strong men from the Ninth Level of the Beyond Realm.

So at this moment, Ye Feng released the Devouring Domain. After devouring it, he immediately felt a huge amount of energy. It was injected into his body in an instant, flowing through his limbs and bones, allowing him to His entire skill is growing rapidly.

Ye Feng's cultivation momentum is also constantly accumulated and broken through in this process.

boom!

The other side of the world is on the first level!

boom!

The other side of the second heaven!

Finally at this time, Ye Feng's cultivation aura stopped.

This time, the energy provided by several elders from the Ever-Hateful Demon Sect allowed Ye Feng's cultivation to suddenly reach the second level of the Other Side Realm. It must be said that this was a very huge breakthrough.

Because Ye Feng now wants to break through very difficult times, he needs very powerful strength, but the skills in the bodies of these elders of the Everlasting Hatred Demon Sect are so powerful that Ye Feng breaks through several layers of the sky.

At this moment, after Ye Feng's Devouring cultivation level was broken through, he immediately plundered all the storage rings in the hands of the elders of the Everlasting Hatred Demon Sect.

Because these elders of the Ever-Hateful Demon Sect, as super strong men in the Ninth Level of the Other Realm, must have extremely rich wealth.

So after Ye Feng got the storage ring, he immediately started to explore it, and his eyes suddenly lit up with joy.

Because the wealth contained in these storage rings is very huge, enough for you to use for a long time, and it can also

Exchange huge contribution points in Tiandao Sect.

boom!

At this time, Ye Feng suddenly released his extremely powerful natal flame, burning all traces on the entire field, which was equivalent to destroying the corpses and exterminating all traces.

In this case, no one would know that he was the one who killed the elders of the Everlasting Hate Demon Sect.

Although Ye Feng's current cultivation level has reached a very powerful level, Ye Feng is not yet able to fight against the huge sect like the entire Everlasting Hatred Demon Sect.

At this moment, after Ye Feng destroyed the corpse and eliminated all traces, he immediately left here and flew towards the end of the ruins of this ancient giant city.

Uh-huh!

When Ye Feng arrived at the end of the ruins of the ancient giant city, he immediately saw a large teleportation array standing on the ground.

This large teleportation array is the same teleportation array that Ye Feng came in before.

At this moment, Ye Feng flew directly into this large teleportation array, and then disappeared into the world of ancient giant city ruins in an instant.

Buzz!

Following a burst of violent space fluctuations, when Ye Feng opened his eyes again, he found that he had left the world of ancient giant city ruins and returned to the land of the gods.

At this time, the surrounding area was a virgin forest, which was very deserted, and Ye Feng did not find anyone.

There was a hint of surprise in Ye Feng's eyes.

It seems that those who return to the God Realm through the teleportation array from the ruins of ancient giant cities are almost always teleported randomly, and they do not return from the place where they originally entered.

Uh-huh!

At this moment, Ye Feng picked up the ring from the storage ring

He took out the map he had obtained from Tiandaozong before, and after identifying the direction, he quickly rushed towards Tiandaozong in an instant.

Three days later, when Ye Feng returned to Tiandao Sect, he also discovered many other inner disciples and core disciples who participated in the trial, all of whom had returned from different directions.

Everyone's eyes showed fear, because this time in the world of ancient giant city ruins, there were local superpowers arresting them. This was something that had never happened before, but this time it was strange. It happened, leaving many Tiandao Sect disciples in shock.

Ye Feng didn't say much at this time, because he didn't want others to know that he had finally obtained the powerful inheritance of the Ice God King, and he didn't want to have anything to do with the chaos that occurred in the ruins of the ancient giant city.

At this moment, after Ye Feng walked into Tiandao Sect, he walked directly towards the central hall of Tiandao Sect.

Because Ye Feng got a lot of good things in the world of ancient giant city ruins this time, if all of them were exchanged for contribution points, he would definitely be able to exchange for a lot of contribution points.

When Ye Feng came to the central hall, he directly took out the wealth that he could not use, such as some ordinary crystal stones, some armors, weapons, ordinary inheritance, etc., and piled them all up. The whole counter.

"Wow! This inner disciple is too rich!"

"Yes, he has gained much more wealth than many core disciples! He is like a mobile treasure house!"

At this moment, Ye Feng poured out so much wealth at once, which immediately attracted the attention of many other disciples in the surrounding central hall.

Because at this moment, there are many Tiandao Sect disciples in the central hall, all of whom are participating in the trial, and then come to the central hall to redeem contribution points.

But even some powerful cores

Even though he is a disciple of the heart, his wealth is not as much as one-tenth of Ye Feng's.

It's really outrageous!

That's why everyone couldn't help but have deep horror in their eyes.

Unexpectedly, Ye Feng, a young man wearing the attire of an inner disciple, had so much wealth.

At this time, the elder who was counting the wealth behind the counter also had a hint of astonishment in his eyes.

He seemed to have never thought that the ordinary-looking young man in front of him could actually bring out so much wealth at once, which was really amazing.

At this moment, Ye Feng reminded: "Elder, hurry up and count my wealth. I am pressed for time."

After hearing Ye Feng's reminder, the elder behind the counter quickly reacted and said quickly: "Okay, okay, I'll count them right now."

At this time, the counter-acquisition elder no longer dared to look down upon Ye Feng, who seemed to be an inner disciple in front of him, because he felt that this might be a hidden super genius.

Next, under the envious eyes of countless disciples around him, the elder behind the counter finally counted Ye Feng's wealth, which was worth nearly 200,000 contribution points in total.

"Oh my God! Two hundred thousand contribution points! It's so outrageous!"

"Two hundred thousand contribution points!! I don't know if I can earn it by doing a lifetime of tasks? Who is this senior brother? He looks so young!"

"It's so irritating to see people compare to each other. There really are monsters in this world!"

At this moment, many Tiandao Sect disciples around the central hall could not help but feel horrified and sigh.

Seeing that Ye Feng had suddenly earned the wealth that they might have earned in a lifetime, many other Tiandao Sect disciples felt quite complicated in their hearts, feeling envious, longing, and uncomfortable.

Chapter 2675 The Prince of Tianhe Dynasty

At this moment, after Ye Feng got a total of 200,000 contribution points, he immediately left the central hall and walked towards the Tiandao Sect inheritance hall.

Because Ye Feng now has such sect contribution points, the most important thing is to go to the inheritance hall and exchange for some very advanced and powerful inheritance.

When Ye Feng arrived at the Tiandao Sect's inheritance hall, he immediately discovered that there were many disciples at this moment. They were all surrounding the Tiandao Sect's inheritance hall, and they didn't know what they were doing.

Ye Feng saw this scene and was a little curious. He quickly stepped forward and squeezed into the crowd.

Ye Feng walked toward the crowd and immediately saw the central area surrounded by people. There was a group of guards in silver armor, guarding the entire inheritance hall and preventing other disciples from entering.

When Ye Feng saw this scene, there was a trace of surprise in his eyes. He never thought that there would be such an arrogant existence in a sect like Tiandao Sect.

At this time, Ye Feng immediately looked at a young man next to him and asked aloud: "Senior brother, may I ask, who are these guards in silver armor? How do they guard the inheritance hall of our Tiandao Sect? Don't let others in?"

Hearing Ye Feng's question, the young man next to him immediately couldn't help but said angrily: "These guards wearing silver armor are powerful beings from the Tianhe Dynasty, and each of them is one of the most elite. They are fierce warriors on the battlefield. They are very powerful. These guards are all personal guards who follow the prince of the Tianhe Dynasty. "

When Ye Feng heard what the young man said, he couldn't help but look even more surprised in his eyes, and asked aloud: "The prince of the Tianhe Dynasty? Why haven't I heard of this person? Is he so powerful? He was actually able to let his guards guard the entire Tiandao Sect's inheritance hall."

At this time, the young man beside him couldn't help but sigh and said aloud: "This Tianhe Dynasty is the most powerful dynasty in the area under the jurisdiction of our Tiandao Sect. It pays tribute to Tiandao Sect a lot of wealth every year, so the prince of this Tianhe Dynasty is very He was arrogant and domineering, and felt that he had privileges. This time, the crown prince of the Tianhe Dynasty chose to inherit the skills in this inheritance hall. In order to prevent other disciples from selecting powerful inheritances in advance, he asked his personal bodyguards to guard the entrance and not let him. When other disciples enter, he is the only one choosing various inheritances in the inheritance hall, which is really bullying. "

When he said this, the young man pointed to a place not far away, where some wailing people were lying on the ground. He said aloud: "Just now, some brothers wanted to rush in, but they were all killed. The silver-armored guards of the Tianhe Dynasty were all blown away, because the cultivation base of these silver-armored guards all possess the cultivation base of the other side realm, and they are all in the sixth level of the other side realm, almost comparable to the core of our Tiandao Sect. They are the top among the disciples, so no one can beat them, and the reason why those powerful true disciples did not take action is because they did not want to offend the crown prince of the Tianhe Dynasty. "

At this moment, when he heard the young man next to him say this, Ye Feng immediately nodded slightly, knowing the whole story of what happened.

It has to be said that this prince of the Tianhe Dynasty is so arrogant that for his own selfish desires, he even prevents other disciples from entering the inheritance hall.

However, Ye Feng is not afraid of the guards of these so-called powerful dynasties at this time, because Ye Feng's current cultivation level has broken through to the second level of the other side realm, and there is no need to worry about it at all.

Afraid of these people.

Moreover, Ye Feng now has 200,000 contribution points, and he is eager to exchange for a more powerful inheritance, so Ye Feng will not back down now.

Tap tap tap...

Almost at the next moment, Ye Feng immediately walked towards the entrance of the Heritage Hall.

At this moment, the disciple who was talking to Ye Feng saw Ye Feng and walked directly towards the group of silver-armored guards in the inheritance hall. His expression immediately showed deep surprise, and he couldn't help blurting out: "Junior brother, please don't be impulsive. Don't waste your life because of your passion and impulsiveness. These iron-blooded guards will either die or be injured if they take action. Don't confront them head-on. We already have disciples to invite you." The other elders have come to do justice."

But Ye Feng just turned around slightly at this time, looked at the young disciple who was helping him answer the question, and said with a smile: "They are just a group of ordinary dynasty guards, nothing to be afraid of."

Almost at the moment Ye Feng finished speaking, Ye Feng immediately walked to the door of the Heritage Hall and walked directly inside.

At this moment, there were more than a dozen powerful Tianhe Dynasty silver armors from the sixth level of the other side realm guarding the door. When the guards saw that Ye Feng was going to enter the inheritance hall directly, their faces immediately showed a look of surprise.

They seemed not to have expected that such a courageous young man would dare to break into the main hall where their crown prince was selecting his inheritance.

"presumptuous!"

At this moment, a group of silver-armored guards immediately surrounded Ye Feng, pulled out the long knife in their hands, their tone was filled with deep murderous intent, they stared at Ye Feng, and said loudly: "Those who know better can Hurry back, otherwise don't blame the sword for being blind."

At this moment, seeing what was happening on the field, the surrounding group of Tiandao Sect disciples who were watching the excitement immediately showed deep surprise in their eyes.

They didn't seem to expect that a seemingly ordinary young man would dare to force his way into the inheritance hall chosen by the crown prince of the Tianhe Dynasty, because this was tantamount to seeking death.

There were already extremely powerful core disciples who were not afraid of power and wanted to enter, but they were beaten to death by a group of more than a dozen extremely powerful silver armored guards, and the end was very miserable.

Now there is another young man who is not afraid of death and wants to enter it, which immediately attracts everyone's attention.

And everyone saw that the clothes Ye Feng was wearing were the clothes of ordinary inner disciples, which was even more shocking.

A small inner sect disciple dared to confront such powerful figures as the Tianhe Dynasty. It was really courageous, but it also seemed very stupid.

At this moment, Ye Feng ignored the thoughts of the people around him. He just stared at the dozen silver armored guards blocking the way in front of him and said indifferently: "The inheritance hall of Tiandao Sect is originally a free choice. Regarding martial arts inheritance, I am a disciple of Tiandao Sect. Naturally, I can enter the inheritance hall at any time to choose martial arts inheritance. You are really powerful in blocking me like this. Don't blame me for being rude. "

Almost at the moment Ye Feng finished speaking, the dozen or so silver-armored guards immediately laughed out loud, their eyes filled with deep sarcasm, they stared at Ye Feng and said loudly: "You, a weak inner disciple, dare to say such arrogant words in front of us. So what if we admit that we are the powerful one? If you dare to be so arrogant in front of us again, then don't blame us for putting you on the spot. Kill!" At this moment, after Ye Feng got a total of 200,000 contribution points, he immediately left the central hall and walked towards the Tiandao Sect inheritance hall.

Because Ye Feng now has such sect contribution points, the most important thing is to go to the inheritance hall and exchange for some very advanced and powerful inheritance.

Chapter 2676 It's really awesome

At this time, the eyes of more than a dozen silver armored guards were full of cold expressions.

Because they felt that Ye Feng, a young man who dared to confront them openly, was simply seeking death.

At this moment, Ye Feng stared at the dozen or so silver-armored guards of the Tianhe Dynasty. There was no fear in his eyes. He just smiled coldly and said: "In the territory of Tiandao Sect, you actually dare to give me any privileges. , in my eyes, you are just a bunch of fish."

What? !

Almost at the moment Ye Feng finished speaking, there was an uproar on the entire field.

Because everyone can sense the cultivation level of Ye Feng, which is not comparable to the dozen or so silver armored guards.

So at this time, everyone looked at Ye Feng with deep surprise.

Because they felt that Ye Feng might have lost his mind and dared to confront these extremely powerful silver armored guards of the Tianhe Dynasty.

At this moment, when he heard what Ye Feng said, a silver armored guard came out immediately, staring at Ye Feng with a hint of teasing in his eyes, and said loudly: "Just let me teach you a lesson." This guy doesn't know how high the sky is. Although we can't kill people openly in the Tiandao Sect, I still have no problem severely injuring him. I want everyone to know that fighting against our Tianhe Dynasty is a dead end."

boom! !

Almost as soon as the silver armored guard finished speaking, an extremely powerful aura suddenly erupted from his body.

That is clearly a powerful cultivation level from the sixth level of the other side realm!

At this moment, the silver armored guard rushed towards Ye Feng, and a steel glove appeared in his hand.

There are also metal thorns on the surface of this steel glove.

It is obviously a very powerful and special glove magic weapon and weapon.

Once caught, it is very likely that the flesh, blood and bones of the entire body will be crushed and torn instantly by this steel glove.

.

At this moment, everyone felt that Ye Feng was definitely dead.

But at this time, Ye Feng's eyes did not show any fear. Instead, he said with a faint smile: "If you dare to attack me, you will know how miserable the end will be later."

boom!

Almost at the moment Ye Feng's words fell, Ye Feng's body suddenly burst out with an extremely powerful aura of cultivation. It was the powerful cultivation of the second level of the other shore realm.

The silver armored guard saw the aura of Ye Feng's cultivation and immediately couldn't help laughing and said: "I thought a small second-level cultivation of the other shore realm was so powerful. You are like this How dare you, a weakling, confront me, a super master from the sixth level of the other side of the world? You are so naive! Do you really think that we are just ordinary guards of the Tianhe Dynasty? The guardian of the crown prince."

Boom!

Almost at this moment, the silver armored guard immediately burst out with his extremely powerful power.

The steel glove in his hand suddenly appeared with long sharp thorns, like metal sharp thorns, tearing towards Ye Feng in an instant, trying to tear away Ye Feng's entire body. Pierce, very cruel.

It has to be said that the designer of this steel glove is definitely a very ruthless weapon refiner.

Boom!

But at this moment, Ye Feng just punched out with a simple, ordinary punch.

A terrifying divine light suddenly burst out from Ye Feng's fist.

The moment Ye Feng's fist collided with the steel glove in the hand of the silver armored guard, a powerful roar erupted from the entire field.

Boom! !

Almost the next moment.

Click click click...

Accompanied by a series of shattering sounds, the steel gloves in the hands of the silver armored guard were shattered inch by inch by Ye Feng's fist.

Then the silver armored guard's palms, including the silver armored guard's arms, were directly blasted into pieces by Ye Feng's punch, turning into blood mist.

ah!

Almost at this moment, the silver armored guard didn't even react. His entire arm was shattered by Ye Feng's fist.

He couldn't help but let out a heart-rending scream, and then his expression became extremely frightened, and he shouted in disbelief: "How can a kid like you have such a powerful power? This is impossible! You What are your fists made of? You can actually break my super magic weapon

steel gloves. This is impossible! I don't believe you are so powerful. You are just a weakling from the other side of the world!"? ?

hiss!

At this moment, everyone around them who saw this scene on the field showed deep horror and disbelief in their eyes.

Because they never thought that Ye Feng could actually smash the entire arm of an extremely powerful silver armored guard of the Tianhe Dynasty.

It's really awesome!

"What?!"

"How can this be!"

At this time, the expressions of a dozen other silver-armored guards who were not far away and wanted to watch the show all changed dramatically.

Boom boom boom boom...

In an instant, they all burst out with extremely powerful cultivation aura, and immediately surrounded Ye Feng, shouting: "You are so impudent, you dare to hurt the royal guards of our Tianhe Dynasty, today We're going to work together to kill you

This guy was killed instantly! ! "

Almost at this moment, these dozen silver-armored guards immediately burst out with their extremely powerful cultivation aura.

Then they all pulled out the long knives from their waists and slashed wildly at Ye Feng, trying to kill Ye Feng directly.

At this time, they could no longer care so much and wanted to kill Ye Feng on the spot.

But at this moment, Ye Feng laughed loudly: "In a large sect like our Tiandao Sect, do you want to exercise the so-called privileges of the royal nobles? This is impossible! Today I will Let everyone know that I will crush all the powerful!"

Rumble...

Almost at this moment, Ye Feng suddenly burst out with an even more terrifying and powerful aura, full of endless destructive power.

Boom! !

At this moment, Ye Feng's body directly released terrifying destructive power.

At this time, Ye Feng didn't even need to use any of his inheritance or trump cards. He just used his powerful chaotic power crazily.

Moreover, the core of the body, the God's Heart, also provides Ye Feng with extremely powerful destructive power.

At this moment, a terrifying energy storm suddenly appeared around Ye Feng, and all the dozen or so silver-armored guards who rushed over were swept into this storm.

Then there was a "crash" sound, and the dozen or so silver-armored guards, their entire bodies, the silver armors they wore, and the weapons in their hands were all crushed to pieces in an instant.

A large piece of blood mist formed around Ye Feng, dyeing the entire ground red.

"hiss!!"

Seeing this scene, all the Tiandao Sect disciples around were shocked at this moment. They couldn't help but take a breath of cold air, and their eyes were extremely dull.

The entire venue suddenly fell into a deathly silence!

Chapter 2677 Do as one pleases

quiet!

Deadly quiet!

At this moment, the entire field suddenly fell into a deep silence. Everyone's eyes were filled with disbelief. Looking at this scene on the field, it was really shocking.

Because those dozen royal guards wearing silver armor were the elite of the powerful Tianhe Dynasty.

However, more than a dozen powerful beings from the sixth level of the other shore realm were killed by Ye Feng in an instant.

Even Ye Feng didn't really take action. He just released the aura around him and formed a vitality storm, which crushed all these dozen strong men.

It's really terrible!

This method is simply shocking!

All the surrounding Tiandao Sect disciples, even some of the top core disciples, couldn't help but have deep horror in their eyes.

They felt that Ye Feng, an ordinary-looking young man, was probably as powerful as some ordinary true disciples. He was really powerful.

It is simply unbelievable that such a person is hiding in the inner door.

"There are indeed hidden dragons and crouching tigers in the inner gate."

Many people sigh like this.

At this time, when everyone was horrified, Ye Feng had silently released the Devouring Domain, swallowing up all the blood energy in the surrounding blood mist.

You know, this is the blood energy of more than a dozen royal guards at the sixth level of the other side realm.

For Ye Feng, it was quite majestic.

So after Ye Feng devoured it at this time, his cultivation level immediately experienced a breakthrough.

boom!

His cultivation level directly broke through from the second level of the other side realm to the third level of the other side realm.

More than a dozen royal guards from the sixth heaven of the other shore realm were able to allow Ye Feng to directly break through to the first heaven, which was already quite good for Ye Feng.

At this moment, Ye Feng was about to walk into the inheritance hall in front of him to find the

Find powerful inherited martial arts.

But suddenly at this time.

A "swish" sound.

In the inheritance hall, a young man wearing a golden robe suddenly flew out.

This young man looked very majestic, with a royal air that was calm and majestic.

Obviously this young man wearing a golden robe is the prince of the Tianhe Dynasty!

At this moment, the prince of the Tianhe Dynasty looked at the empty space outside, obviously not realizing what happened. He couldn't help but show a trace of surprise in his eyes, and said loudly: "What on earth happened?" ? Why is it so noisy outside? Are you disturbing this prince's martial arts inheritance?"

I have to say that the prince of the Tianhe Dynasty was a little too arrogant. Not only did he have all the guards outside to stop all the Tiandao Sect disciples who wanted to enter the inheritance hall, he actually started practicing in the inheritance hall alone. Taking up public resources is too much and it's infuriating.

At this time, many Tiandao Sect disciples secretly thought that Ye Feng could kill all those dozen silver armored guards, which was really a relief.

At this moment, Ye Feng smiled slightly and said to the prince of Tianhe Dynasty not far away: "I'm sorry, your dozen or so guards provoked me, so I killed them all."

"What? Killed them all?"

The moment he heard Ye Feng say this, the prince of the Tianhe Dynasty couldn't help but show deep astonishment in his eyes.

He stared at Ye Feng in disbelief, and then said slowly: "Are you sure there is something wrong with your brain to say such a thing?"

Ye Feng laughed at this moment and said aloud: "Prince of the Tianhe Dynasty, your arrogance will not work in our Tiandao Sect.

, there will always be someone who is better than you, who can hit the iron plate, and I am the iron plate. "

Hearing what Ye Feng said at this moment, many Tiandao Sect disciples around him couldn't help but feel shocked in their hearts.

I didn't expect that Ye Feng would have such a domineering attitude.

At this time, the crown prince of the Tianhe Dynasty sensed his dozen or so guards around him, and found that they could no longer sense him. Looking at the blood on the ground, he immediately understood that perhaps his dozen or so powerful royal guards were really They were all killed by Ye Feng in front of him.

Buzz!

At this moment, the prince of the Tianhe Dynasty stared at Ye Feng, his eyes full of deep gloom, and said loudly: "Good boy, I didn't expect you to be so presumptuous, knowing that all the guards were... He is a subordinate of this prince, and he dared to kill them in public, which is extremely audacious. Don't you know my identity?"

Ye Feng's eyes suddenly turned cold at this moment, and he smiled slowly and said: "Your identity? Isn't your identity just that of the prince of a small ordinary dynasty? What's wrong with this? You are practicing In this world, the strong are respected, no matter what kind of prince or prince you are, if you are not stronger than me, you are destined to be stepped on by me!"

Ye Feng did not have any good attitude towards this extremely arrogant prince of Tianhe Dynasty, but his tone was extremely domineering.

Because Ye Feng has always behaved like this, anyone who treats him well will be respected by Ye Feng.

But if anyone dares to be domineering in front of Ye Feng, then Ye Feng will be even more domineering than him!

This is Ye Feng's consistent behavior style.

That is an eye for an eye, a tooth for a tooth!

Treat others in their own way!

That's how happy it is.

When a warrior practices, his blood is boiling and he naturally wants to do what he wants.

Although Ye Feng has always been unable to do everything perfectly,

Perfect, but also with a clear conscience.

At this moment, after Ye Feng finished speaking, the prince of Tianhe Dynasty immediately showed a deep gloomy look in his eyes. He understood that the young man in front of him could not be oppressed by his identity.

Boom!

Almost at this moment, the prince of the Tianhe Dynasty burst out with a terrifying and boundless cultivation aura.

That kind of cultivation momentum is impressively at the level of Dzogchen, the tenth heavenly realm of the other side!

It was simply terrifying to the extreme!

"hiss!"

"So powerful?!"

At this moment, countless Tiandao Sect disciples around could not help but gasp.

They didn't expect that the crown prince of the Tianhe Dynasty would be so powerful.

Originally, they all thought that the crown prince of the Tianhe Dynasty was so arrogant and domineering simply because his identity was very precious, but they did not expect that the crown prince of the Tianhe Dynasty was also a super genius himself.

At this moment, the Crown Prince of the Tianhe Dynasty looked at the horrified look in the eyes of many other disciples around him, and said with a cold smile: "You always thought I was just a dude, right? I'm showing off, in fact, I am the most powerful person in the Tiandao Sect. That group of noble beings are the true disciples!"

Almost at the moment when the crown prince of the Tianhe Dynasty finished speaking, Ye Feng suddenly spoke up: "There is so much nonsense, please show me the truth!"

Boom!

Almost at this moment, Ye Feng immediately rushed towards the crown prince of Tianhe Dynasty, his whole body filled with huge killing momentum.

The prince of the Tianhe Dynasty sensed Ye Feng's cold murderous intent at this moment, and immediately his eyes were filled with shock and anger, and he said loudly: "I have already shown my powerful cultivation, but I didn't expect you to dare to take action against me. It's really stupid." ! So today I will suppress you, this hateful boy, under the spotlight, and I will let everyone know that anyone who dares to disobey this prince will be killed on the spot! "

Chapter 2678 Trampled underfoot

At this moment, no one thought that the prince of the Tianhe Dynasty was not the playboy that everyone imagined, but a super genius with extremely powerful cultivation, and even a secret true disciple of the Tiandao Sect.

Buzz!

At this time, the terrifying cultivation level of the tenth level of the other shore realm exuded from the crown prince of Tianhe Dynasty made everyone feel a deep suffocation feeling.

Boom boom boom boom...

At this moment, golden dragon souls suddenly appeared on the crown prince of Tianhe Dynasty, and they roared towards Ye Feng in an instant.

"Ten thousand dragons roar!"

At this moment, the prince of the Tianhe Dynasty displayed a terrifying royal inheritance, thousands of dragons roared, and the power in his body suddenly evolved into golden dragon souls.

Every dragon soul is full of terrifying impact, exuding terrifying and boundless power, capable of crushing everything.

At this moment, Ye Feng's eyes immediately showed a hint of surprise. .??.

Because even he felt a rather threatening feeling from the prince of the Tianhe Dynasty. The prince of the Tianhe Dynasty was indeed a good master.

But Ye Feng naturally doesn't have any fear, because Ye Feng's current cultivation strength, coupled with Ye Feng's current trump card, the terrifying power that can burst out in an instant is also very terrifying.

Boom! !

Almost at this moment, Ye Feng's body suddenly burst out with the powerful aura of the third level of the other side realm, and then Ye Feng instantly fully stimulated the heart of the God in his body.

"Buzz buzz..."

Almost at the next moment, streams of extremely powerful divine power surged out from Ye Feng's heart in an instant, and then covered Ye Feng's entire body.

For Ye Feng, now he has an extremely powerful heart of God, which can give him a whole new life.

The individual provides a very powerful motivation.

So at this time, Ye Feng burst out with god-like power in an instant. He rushed in front of the prince of Tianhe Dynasty and punched him hard in an instant.

Ye Feng didn't hold back at all with this punch. Not only did he directly blast out the Six Paths of Reincarnation Fist, but he also directly melted the power of a brute force gem.

Therefore, Ye Feng's punch is definitely his peak punch now, unleashing a terrifying attack without reservation.

Almost at this moment, Ye Feng's fist shattered the golden dragon souls released by the Tianhe Dynasty Crown Prince.

Seeing this scene, the prince of the Tianhe Dynasty immediately showed deep surprise in his eyes, and couldn't help but said: "How is it possible? How can your fist be so powerful, able to condense the golden dragon that I have condensed for many years? Are all the souls shattered?"

Uh-huh!

Ye Feng did not pay attention to the prince of Tianhe Dynasty at this time, but his eyes were extremely cold. He rushed in front of the prince of Tianhe Dynasty in an instant and kicked the prince of Tianhe Dynasty hard.

Boom! !

The prince of the Tianhe Dynasty was unable to resist the power of Ye Feng's body, which was as strong as an ancient sacred mountain. He was kicked to the ground by Ye Feng's kick.

Snap!

Then Ye Feng stepped on the face of the Tianhe Dynasty Crown Prince with his soles, and said loudly: "I hate pretentious people like you the most, who think that your status is superior to others. Now that you are stepped on under my feet, I see you How can you be superior to others?"

Hearing what Ye Feng said, the prince of Tianhe Dynasty was stepped on

Underfoot, a look of deep anger immediately appeared on his face.

But he didn't have any way to resist Ye Feng, because Ye Feng's strength was too terrifying.

At this time, the countless Tiandao Sect disciples watching around them all had deep horror in their eyes.

They never expected that Ye Feng could really defeat a true disciple. They were shocked to the extreme!

At this moment, countless disciples around them couldn't help but gasped. Ye Feng, an inner disciple who suddenly appeared, was so terrifying and powerful that no one had thought of their Tiandao Sect. There is such a powerful being among them.

At this time, the crown prince of Tianhe Dynasty immediately showed deep fear in his eyes.

Because he knew that Ye Feng could not be defeated at all. This Ye Feng was too powerful.

Even the prince of Tianhe Dynasty is still guessing what kind of special identity Ye Feng has, otherwise he would not be so powerful.

The Prince of Tianhe Dynasty became more and more horrified as he thought about it, and he imagined all kinds of terrifying identities of Ye Feng.

Then under the gaze of everyone, the prince of the Tianhe Dynasty suddenly begged for mercy in pain and said loudly: "Senior brother, please forgive me, senior brother, please forgive me, I realize my mistake!"

Seeing that the prince of the Tianhe Dynasty begged for mercy directly in front of everyone, Ye Feng also showed a look of surprise in his eyes. He did not expect that the prince of the Tianhe Dynasty would be so cowardly.

At this moment, Ye Feng really wanted to crush and kill the prince of Tianhe Dynasty with one kick.

But suddenly at this moment, an ancient breath came out of the inheritance hall, and an old voice said: "You must be merciful and merciful. You are all brothers in the same sect. This time, the prince of Tianhe Dynasty did something wrong." , you have killed him

All the silver armored guards, please spare this dynasty prince now, otherwise things may be more troublesome. "

Ye Feng looked at the direction inside the inheritance hall at this moment and knew that this ancient voice should be the guardian elder in the inheritance hall.

Ye Feng has a good relationship with the guardian elders of the inheritance hall. After all, before Ye Feng came to Tiandao Sect, the guardian elders of the inheritance hall gave Ye Feng a lot of free inheritance.

At this moment, Ye Feng looked at the prince of Tianhe Dynasty under his feet and said coldly: "If you dare to provoke me next time, then don't blame me for killing you directly!"

Hearing what Ye Feng said, the prince of the Tianhe Dynasty was really scared. He immediately knelt in front of Ye Feng, kowtowed and said loudly: "Senior brother, don't worry, senior brother, don't worry! I will definitely avoid him when I see him in the future. Go on the road and never dare to cause trouble again."

And just when the crown prince of the Tianhe Dynasty was kowtowing, Ye Feng had already walked into the inheritance hall alone.

When Ye Feng came to the inheritance hall, he immediately saw a familiar old figure standing in the inner space of the inheritance hall.

This old figure is the guardian elder of the hall.

At this moment, Ye Feng clasped his fists slightly and said, "This disciple has seen the guardian elder."

The guardian elder of the Heritage Hall smiled slightly and said aloud: "It seems that you have gained a lot of contribution points this time. You are so anxious to enter the Heritage Hall. It seems that you have gained a lot of benefits from the trial of the ruins of the ancient giant city. I didn't expect that that little new disciple back then would have grown to this point, which really makes me a little impressed."

At this moment, the guardian elder suddenly turned around and walked towards the top floor of the inheritance hall, and then said to Ye Feng behind him: "You are a rare good seedling. Come with me, and I will give you a show." Great fortune."

Chapter 2679 Nine Heavens Star Array

"Give me a great blessing?"

At this moment, hearing what the guardian elder of the inheritance hall said, Ye Feng suddenly showed a trace of surprise in his eyes.

He never thought that this guardian elder would suddenly give him a great blessing?

What will that be?

Ye Feng's eyes were a little curious at this time, and he quickly followed the guardian elder towards the top floor of the inheritance hall.

When they arrived at the top floor of the inheritance hall, Ye Feng was immediately shocked by the scene in front of him.

I saw that the top floor of the inheritance hall was not a pavilion, but a vast starry sky and universe, which gave people a very broad and vast feeling. .??.

Ye Feng's eyes showed surprise, and he couldn't help but ask: "Elder, is the top floor of this inheritance hall connected to the starry sky and universe outside?"

The guardian elder smiled and shook his head, and said aloud: "This is formed by a formation. The uppermost floor of the inheritance hall was a nine-day star formation arranged by the ancestor of our Tiandao Sect. It contains The most powerful inheritance of our Tiandao Sect, the great blessing I give you, is to allow you to enter this nine-day star formation to understand the inheritance left by the founder of our Tiandao Sect, and if Ye Feng you If you have the ability, you can understand the secrets of the Nine Heavens Stars Formation itself in this great formation. In the future, when you face the enemy, you can use the power of the formation to fight against the enemy. In our warrior practice , in addition to the most basic martial arts inheritance, formations are also a very terrifying and powerful attack method. Once the formations are deployed, they can automatically absorb the power of heaven and earth and explode with terrifying destructive power without consuming their own strength. , very cost-effective."

"That's right."

Ye Feng also nodded at this time. Regarding the formation, Ye Feng had also studied it before, and it was indeed very powerful.

However, if it is just a low-level formation, it will not have any effect. It can only slightly prevent the enemy's mobility, but it will not have any effective aggression.

However, if you encounter a very advanced and powerful formation, then deploying it in an instant can indeed cause a devastating blow to the enemy.

At this moment, Ye Feng looked at the vast and endless starry sky in front of him, his eyes slightly shocked.

Because if this is the world formed by a formation, then this formation is too advanced and powerful.

The guardian elder has told Ye Feng that this formation is called the Nine Heavens Star Formation. It was set up by the founder of Tiandao Sect and it is very powerful.

If he could enter it and comprehend the Nine Heavens Star Formation, then Ye Feng would have a super powerful trump card.

However, Ye Feng also knows very well that the most important thing he realizes when entering the starry sky of this universe is naturally the core creation contained in this nine-day star formation, which is the powerful inheritance of the founder of the Tiandao Sect. It's very mysterious, hidden in the formation.

At this time, Ye Feng looked at the guardian elder beside him and said: "Elder, please give me some advice on how to understand the secret of inheritance?"

The guardian elder smiled slightly at this time and said aloud: "If you want to understand the core creation and inheritance of this nine-day star formation, you need to enter the deepest part of the starry sky evolved by this formation, and then look for this formation The original power before the formation of Fa Tian and Earth. If you can find that power, you can understand the secrets contained in the entire formation. "

Ye Feng heard that the guardian

What he said was so mysterious and mysterious. Although he didn't understand it, Ye Feng didn't ask any more questions because Ye Feng felt that the guardian elder probably didn't understand the mystery of the Nine Heavens Star Formation, so he probably also said There is no reason why.

Uh-huh!

At this time, Ye Feng no longer hesitated and rushed directly into the starry sky in front of him.

Buzz!

The moment Ye Feng entered the cosmic starry sky evolved from the nine-day star formation, Emperor Chu immediately spoke in his mind: "Ye Feng, where have you come? Why do I feel a sense of vastness?" Incomparable cosmic power is surging around, very dangerous! "

Ye Feng smiled slightly at this moment and said aloud in his mind: "Emperor Chu, you don't have to worry, this formation will not attack me actively. I entered this nine-day star formation to understand our way of heaven back then. The core inheritance left by the ancestor of Zongkai Sect."

"Nine Heavens Star Formation?"

When Emperor Chu heard what Ye Feng said at this time, he suddenly showed a trace of surprise in his eyes, and couldn't help but said: "The Nine Heavens Star Array, that is not the Holy Land of Heaven, this extremely powerful Holy Land in the God Realm. One of the core formations? How come it appears in the small Tiandao Sect where you are now? "

"Holy Land of Heaven?"

When Ye Feng heard what Emperor Chu said, there was a look of surprise in his eyes, and he couldn't help but said: "Is it possible that this small Tiandao Sect where I am at this time is different from the extremely powerful Tiandao Holy Land in the center of the God Realm? What's the point of not being able to connect with the overlord forces at the same level?"

When Emperor Chu heard what Ye Feng said, he nodded slightly and said: "Maybe the Tiandao Sect you are in now is just a branch of Tiandao Holy Land. This situation is very common.

."

Ye Feng shook his head and said aloud: "I will know this kind of thing in the future. The most important thing now is to feel the initial power in this nine-day star formation, and then understand the founder of Tiandao Sect. The core inheritance left by Master."

When Emperor Chu heard what Ye Feng said, he immediately nodded, and then said instantly: "It's a pity that the soul gem is still asleep. I can't use the powerful power of the soul gem to help you find this Nine Heavens Star Palace." The secret hidden in the formation."

Ye Feng smiled and shook his head at this time, and said aloud: "This kind of thing can be done by myself. Emperor Chu, you don't have to blame yourself too much. Moreover, the soul gem fell into a deep sleep because of me. The chaos in the Holy Land of Chaos Lord, sooner or later I will come to take revenge!"

At this moment, after Ye Feng finished speaking, he immediately exuded his huge soul power and began to cover the surroundings.

Buzz!

With powerful soul power, Ye Feng is more sensitive than any ordinary warrior and can detect secrets that others cannot.

At this moment, Ye Feng was wandering in the endless starry sky and was shocked by the vastness of this world.

Because the starry sky evolved from this nine-day star formation is almost as if it were real, giving people a very vast and vast feeling, making people feel very small, like an ant.

At this time, Ye Feng also had a strong interest in the Nine Heavens Star Formation itself.

If you can learn to arrange this extremely advanced nine-day star formation, then you will be like a world lord, able to create a vast starry sky at any time to attack the enemy, which can definitely cause devastating blows.

Chapter 2680 Earth-shaking inheritance

Buzz!

Ye Feng was floating in the starry sky at this time. He was exuding his soul power and searching for the secrets of the entire nine-day star formation.

Because for Ye Feng, this formation is very advanced and very powerful.

Even if Ye Feng couldn't find the inheritance of the founder of the sect hidden in this formation, he still needed to successfully comprehend the formation itself.

Because both the formation itself and the inheritance of the founder of the sect hidden in the formation are priceless treasures. Ye Feng is very interested in it and eager to get it.

At this time, Emperor Chu seemed to have thought of something, and couldn't help but said aloud in his mind: "Ye Feng, by the way, I thought that I seemed to have fought with the existence of the Nine Heavens Star Array, and I was trapped After spending hundreds of years in the Nine Heavens Star Array, I understood the mysteries of the entire Nine Heavens Star Array and escaped. However, I have almost forgotten that memory. Among the fragments of my memory, I recall it carefully now. We should be able to discover where the real secret is hidden in this Nine Heavens Star Formation."

When Ye Feng heard what Emperor Chu said, he immediately showed a hint of surprise in his eyes and said quickly: "That's great! Emperor Chu, think about it carefully!"

"good."

Emperor Chu nodded, and after a moment, he suddenly said: "I remembered it! I found the secret of the Nine Heavens Star Formation from my memory fragments. I will transmit it to you now, so you can understand it yourself."

Buzz!

Almost at this moment, Emperor Chu immediately transmitted a very mysterious message to Ye Feng's mind.

"boom....."

At this moment, Ye Feng immediately sensed a very huge spiritual thought and poured it into his spirit.

This divine thought was exactly what Emperor Chu had realized about the Nine Heavens Star Formation.

At this moment, Ye Feng was equivalent to experiencing hundreds of years in the Nine Heavens Star Formation.

So at this moment, Ye Feng immediately sensed the stars in the sky

The key to the mystery hidden in the formation.

Uh-huh!

Almost at the next moment, Ye Feng immediately jumped up and flew quickly towards a certain area in the nine-day star array.

When Ye Feng arrived at this key area, he directly released his Devouring Domain, and suddenly began to absorb the special power hidden in this area.

Buzz, buzz, buzz...

Almost at this moment, the moment Ye Feng released the Devouring Domain, very mysterious divine light symbols suddenly appeared in the starry sky around him.

The moment these divine light symbols appeared, they were directly absorbed by Ye Feng's Devouring Domain.

As Ye Feng continued to devour and absorb these mysterious symbols, Ye Feng's understanding of the entire Nine Heavens Star Formation became more and more intense.

Ye Feng gradually began to control the entire Nine Heavens Star Formation.

And while Ye Feng continued to control the secrets of the entire Nine Heavens Star Formation, the guardian elder of the Heritage Hall who was guarding the highest level outside the Heritage Hall seemed to have discovered the abnormal movement of the entire Nine Heavens Stars Formation.

Buzz!

Suddenly, two dazzling lights burst out from his eyes, looking through the starry sky in front of him.

The guardian elder immediately discovered that the entire Nine Heavens Star Formation was losing its core power, and that core power was all concentrated on Ye Feng.

"What? This is..."

Seeing this scene, the guardian elder immediately showed a look of disbelief in his eyes.

Even a super ancient existence like him was shocked by the scene in front of him at this moment. He couldn't help but murmured: "This young man Ye Feng is too scary. In just a few hours, he has already... Will

The core area of the Nine Heavens Stars Formation has been found, and it is still absorbing the core power of the Nine Heavens Stars Formation. In other words, after a while, Ye Feng will be able to completely control the entire Nine Heavens Stars Formation, and After taking control of the Nine Heavens Stars Formation, it will be easy to find the ancestor's inheritance contained in the Nine Heavens Stars Formation. This is incredible! "

Even the guardian elder couldn't help but be shocked by Ye Feng's speed at this moment.

This speed of comprehending the Nine Heavens Star Formation is really too fast.

Even this guardian elder has found it difficult to understand the Nine Heavens Star Formation for so many years, and he has only gained a little understanding.

But now Ye Feng only spent a few short hours to completely control the entire Nine Heavens Star Formation. It is really unbelievable and simply unbelievable.

What the guardian elders didn't know was that the reason why Ye Feng was so fast was because Emperor Chu passed on his hundreds of years of understanding to Ye Feng, so Ye Feng was able to comprehend the Nine Heavens Star Array so quickly. secret.

Uh-huh!

At this time, Ye Feng, who was in the center of the starry sky, suddenly opened his eyes, and his whole body was exuding the bright light of stars.

Ye Feng stood up at this moment, and then grabbed the entire surrounding with his palms.

Rumble...

Almost at this moment, the stars in the entire universe shrank rapidly, and then they were all in the palm of Ye Feng's hand.

The Nine Heavens Star Formation suddenly disappeared, and the surrounding scene turned into the highest level of the Heritage Hall.

This also means that Ye Feng has absorbed all the mysteries of the entire Nine Heavens Star Formation.

At this moment, a ball of light suddenly floated in front of Ye Feng.

This light group is the core inheritance left by the founder of Tiandao Sect.

\u003c

br\u003e That is the core of the Nine Heavens Star Formation.

At this moment, Ye Feng looked at the dumbfounded guardian elder not far away, and immediately smiled and said: "Elder, I have thoroughly understood the entire Nine Heavens Star Formation, and at this moment, what is contained in the light group in front of me It should be the inheritance left by the founder of the Tiandao Sect. Let's learn about it together, guardian elder."

"Meditate together?"

Hearing what Ye Feng said, the guardian elder was stunned for a moment, and then couldn't help but smile bitterly and said: "You have understood all this. Only those who are destined to inherit the inheritance of the founder of the sect can get it, and you are the one I am not qualified to learn the inheritance left by the founder of the sect."

When Ye Feng heard what the guardian elder said, he immediately smiled and grabbed the light ball in his hand, then walked up to the guardian elder, handed it to the guardian elder directly, and said loudly: "Elder, don't be polite. Let's understand together. This great blessing was given to me by you, the guardian elder. Now that I have gained something, I naturally want to repay you. And I think you, the guardian elder, also really want to cultivate and open the sect. From the inheritance passed down, I can feel that you, the guardian elder, are very loyal to the entire Tiandao Sect. If the founder of the sect was still alive, he would definitely agree to let me give this inheritance to you to understand together. "

When the guardian elder heard what Ye Feng said, his emotions that had not been touched for many years were suddenly moved. He couldn't help but said: "Okay, okay, I didn't expect that one day I would be able to cultivate a super genius, and he would also be so considerate. , it's really great!"

Next, Ye Feng and the guardian elder did not waste any more time. They both probed their spiritual thoughts into the inheritance light group in front of them and began to understand the core inheritance left by the founder of Tiandao Sect.

Almost at the moment when the two began to comprehend, they immediately saw a vast sea of inheritance information from the light group.

"The Ancient Star Technique!"

This is an earth-shattering inheritance!
