

Ancient 2681

Chapter 2681 Main Gate

Ancient Star Technique!

At this moment, both Ye Feng and the guardian elder couldn't help but have deep shock in their eyes when they looked at the powerful inheritance contained in this inheritance light group.

Because they did not expect that the founding master of Tiandao Sect would successfully comprehend the entire starry sky in the universe, and then create a very powerful inheritance about the starry sky, called the Ancient Star Art.

Once practiced, the whole person will be connected to the entire universe and starry sky, and can explode with earth-shaking power.

Even every attack can echo the power of the stars above the nine heavens and add to his own strength.

At this time, the guardian elder couldn't help but said: "Ye Feng, this is a very terrifying and ancient inheritance. Even in the Tiandao Holy Land, the main sect of our Tiandao Sect, it is probably an extremely powerful existence. If After you have practiced the Ancient Star Art, if you want to enter the Holy Land of Heaven, be sure not to reveal it easily, otherwise it is likely to arouse the jealousy and jealousy of others, and there may be unexpected disasters. "

Hearing what the guardian elder said, Ye Feng immediately showed a trace of surprise in his eyes, and couldn't help but said: "Tiandao Holy Land? Is it really the main gate of Tiandao Sect?"

The guardian elder nodded at this moment, smiled and said aloud: "Our Tiandao Sect is not a very powerful sect in the center of the God Realm, but it is a top force in this three-acre land, whether it is Tiandao The sect and the Everlasting Hatred Demon Sect are just branches of the giant force in the center of the God Realm. The main sect of our Tiandao Sect is the Heavenly Dao Holy Land, and the main sect affiliated with the Everlasting Hatred Demon Sect is called the Eternal Demon Sect. "

"Tiandao Holy Land and Eternal Demon Sect?"

When Ye Feng heard what the guardian elder said at this time, he immediately nodded with a shocked expression.

I didn't expect that the major forces in the center of the God Realm would be so complicated and huge.

Tiandao Sect and Everlasting Hatred Demon Sect are actually just vassal forces of the two real top forces in the God Realm.

At this time, Ye Feng suddenly thought of his current number one enemy, the Lord of Chaos in the Chaos Holy Land.

At this moment, Ye Feng asked tentatively: "Elder Guardian, there is a problem that has been bothering me for a long time."

When the guardian elder heard what Ye Feng said, he immediately smiled and said: "Just tell me directly, what is your question? I will definitely answer it for you if I know it."

Ye Feng nodded, and then said aloud: "I once practiced in a small place, and accidentally met the avatar of a super powerful big man. That big man seemed to be called the Lord of Chaos. He came from the Holy Land of Chaos. I didn't know where the Holy Land of Chaos was. What level is the earth at the center of the God Realm at?"

When the guardian elder heard what Ye Feng said, he immediately showed a hint of surprise in his eyes, as if he didn't expect Ye Feng to know about the Lord of Chaos.

At this moment, the guardian elder said: "The Holy Land of Chaos is on the same level as the Holy Land of Tiandao, the main gate of our Tiandao Sect. In the center of the God Realm, there are overlord forces belonging to all parties, controlling a very large area. The Lord of Chaos He is also the owner of the Holy Land of Chaos. His cultivation level is very terrifying. In the center of the God Realm, all the people in the land belong to super big figures. They are the existences of the top level. They are very powerful. You were lucky enough to see such a big man descend into a clone. , it can be said that you are very lucky, ordinary people can't see such a super big man who never sees the beginning or end of the dragon. "

Hearing what the guardian elder said at this moment, Ye Feng couldn't help but show a trace of surprise in his eyes.

As expected, the Lord of Chaos and the Holy Land of Chaos are in the center of the God Realm.

The earth is at the top level, and the current self cannot compete at all. Only by continuously improving oneself can one finally defeat such the most powerful enemy.

At this time, Ye Feng learned that Tiandao Holy Land, a vassal of Tiandao Sect, was actually a major force on the same level as Chaos Holy Land, which gave Ye Feng a sense of security in his heart.

At this time, the guardian elder suddenly said: "Ye Feng, with your current cultivation qualifications, as long as you are certified as a true disciple of our Tiandao Sect, you will be qualified to enter the Holy Land of Tiandao. Although our Tiandao Sect is only the Holy Land of Tiandao, A small vassal sect, but as long as you can become a true disciple of our Tiandao Sect, the upper echelons of our Tiandao Sect can guarantee that you will enter the Holy Land of Tiandao to practice and pursue more powerful cultivation and levels. "

When Ye Feng heard what the guardian elder said, he immediately nodded and said: "If there is a chance, I also want to enter and practice in such a huge force as the Holy Land of Heaven."

At this moment, the guardian elder smiled and nodded, seeming to be very satisfied with Ye Feng's growth, and said loudly: "Your growth is indeed beyond my expectation, and now you have gained the founder of our Tiandao Sect. The inheritance of karma, this kind of inheritance is very powerful even in the Holy Land of Heaven, because the founder of our sect was also a super powerful genius in the Holy Land of Heaven. Only because he encountered some unfair things, he After leaving the Holy Land of Tiandao, he finally founded a sect like our Tiandao Sect. Therefore, the Ancient Star Art left behind by the founder of the sect was one of the top inheritances in the Holy Land of Tiandao.

At this moment, after the guardian elder finished speaking, he immediately walked outside and said loudly: "Ye Feng, I will take you to certify the true disciples now. Your current strength is comparable to the true disciples of our Tiandao Sect. If you can be certified as a true disciple, you can even leave for the Holy Land of Heaven in an instant

, there is nothing worthy of your pursuit here in Tiandao Sect, because your talent should be fully released on a larger stage, and Tiandao Sect cannot keep you. "

When Ye Feng heard what the guardian elder said, he immediately nodded and said, "Thank you, the guardian elder, for your careful care."

Ye Feng knew that the guardian elder of the inheritance hall was really for his own good, otherwise he would not have said such words to let him leave Tiandao Sect and go to Tiandao Holy Land.

At this moment, Ye Feng immediately followed the guardian elder and left the inheritance hall and walked towards the central hall of Tiandao Sect.

Because all disciples with special identities need to be authenticated in the central hall.

But just when Ye Feng and the guardian elders arrived at the central hall, they immediately saw a group of people urgently surrounding the inner space of the central hall, seeming to be discussing something very important.

Ye Feng and the guardian elder both had a look of surprise in their eyes, and then walked into the crowd.

They immediately heard an old man wearing a white robe in the crowd, who turned out to be the Great Elder of the Inner Sect. At this moment, his face showed an anxious look, and he said loudly: "All the true disciples are trapped in the Demon God." In the pool, we have to summon a group of elite disciples to rescue them. The sect leader and the others are confronting the terrifying existence in the devil pool in the endless void, but the specific rescue needs to be solved by ourselves! "

"Are all the true disciples trapped in the Demon Pond?"

When Ye Feng heard these words, his eyes suddenly showed a hint of anxiety, because Leng Qingxue was also a true disciple. Could it be that he was also trapped in the Demonic Pond now?

You know, the Demonic Pond is the most bizarre and terrifying restricted area of life in this area!

Chapter 2682 Early Rescue

The Demonic Pond is a very scary area.

It is an extremely terrifying restricted area of life.

At this time, Ye Feng's eyes were a little anxious.

Because Leng Qingxue is very likely to be trapped in the team of true disciples in the Demon God Pond.

To today's Ye Feng, Leng Qingxue is not only the master of the past, nor the senior sister of today, but also an inseparable good friend.

Because of Leng Qingxue, Ye Feng was able to come to the center of the God Realm so smoothly.

Leng Qingxue was kind to Ye Feng.

Now that Leng Qingxue was in danger, Ye Feng naturally would not refuse and would take the initiative to rescue him.

Uh-huh!

At this moment, Ye Feng immediately passed through the crowd and came directly to the spot where the great elder of the inner sect stood in the middle, and said aloud: "Where exactly is the team of true disciples trapped in the Demon God Pond?"

The great elder of the inner sect was very familiar with Ye Feng who suddenly appeared in front of him.

After all, Ye Feng's previous performance in the inner sect, killing the demon genius who came to provoke the Everlasting Hatred Demon Sect on the spot, left a deep impression on the inner sect elder.

So at this time, after Ye Fengwen spoke up, the great elder of the inner sect immediately responded: "That team of true disciples was trapped in the middle area of the Demonic Pond, trapped in a mountain called the Mountain of Death. The Mountain of Death is very terrifying. We need to make a plan and gather all the elites of our Tiandao Sect to go to the rescue. "

The great elder of the inner sect spoke very firmly at this moment, because the true disciples are definitely the mainstay of Tiandao Sect.

If this team of true disciples really perished in the Demon God Pond, then the entire Tiandao Sect would be severely damaged.

So at this time, the great elder of the inner sect, as the commander of the inner sect in Tiandao Sect, naturally wants to do everything he can to

Go and save this team of true disciples.

At this moment, after the great elder of the inner sect finished speaking, Ye Feng immediately showed a trace of thinking in his eyes, and then said: "Great elder, tell me first where this team of true disciples is trapped. , mark it on the map, I will go to the rescue first."

"You want to go to the rescue first?"

Hearing what Ye Feng said, the inner sect elder suddenly showed deep surprise in his eyes and said loudly: "You are going to die alone if you go alone, absolutely not!"

Ye Feng spoke up at this time: "The Great Elder of the Inner Sect, my cultivation is different from the past. My strength is very strong now. I will go there alone, and I can also explore the situation in advance for the next rescue team." "

The great elder of the inner sect shook his head vigorously and said loudly: "This is too risky. You are a rare super genius in our inner sect. We cannot let you fall into danger like this."

Uh-huh!

Suddenly at this time, the guardian elder who followed Ye Feng also came to Ye Feng, then looked at the inner sect elder, and said loudly: "I will take Ye Feng with me. The team of true disciples is against us. Zong Lai is indeed a precious person who cannot be lost. This time, Ye Feng and I went to the rescue together as a vanguard team. "

Seeing what the guardian elder, a powerful elder with a distinguished status, said so, the great elder of the inner sect immediately nodded and said: "Okay, if you have the guardian elder to protect Ye Feng, then I can rest assured."

After the great elder of the inner sect finished speaking, he immediately took out a map from his storage ring and handed it to Ye Feng, and then said: "You must be careful, I will gather other elite teams next, after doing it for you

aid. "

Ye Feng didn't have time to say anything at this moment. After getting the map, he left Tiandao Sect and hurried towards the direction of Tianmo Shentan.

Uh-huh!

The guardian elder immediately came to Ye Feng's side at this moment, and then with a trace of surprise in his eyes, he said loudly: "I have never seen you in such a hurry. There must be some special reason for you to do this." Go to the rescue in advance."

Ye Feng nodded at this moment, with a firm look in his eyes, and said loudly: "There is a very important friend of mine in the team of true disciples, so I must go to rescue him. That person is very important to me. It's very important, it's a blessing to me."

When the guardian elder heard what Ye Feng said, Lao Huai immediately nodded happily and said: "Your cultivation qualifications are very evil, and your conduct is also extremely upright. You repay kindness with kindness and hate evil with hatred. You are really a good person." Seedlings."

Just as the guardian elder was sighing, the two of them had already passed through the endless jungle and arrived at the outer area of the Demonic Pond.

Although the Heavenly Demon God's Pond is very far away from Tiandao Sect, with the extremely powerful cultivation of Ye Feng and the guardian elders, they soon arrived at the Heavenly Demon God's Pond area. ??

At this moment, Ye Feng took out the map he took from the inner sect elder. After determining the direction, he was about to enter the Demonic Pond.

But at this moment, the guardian elder suddenly blocked Ye Feng's way, and then said loudly: "Don't be so impulsive. The Demonic Pond has been a restricted area of life since ancient times. It is very scary, and that team of true disciples Trapped in the Mountain of Death, the Mountain of Death is a very dangerous area in the Demonic Pond, so we must be prepared before entering. "

The moment the guardian elder's words fell, the guardian elder suddenly pulled out his storage ring.

He took out two sets of armor that looked like they were made of stone.

He took a set to Ye Feng, and then said aloud: "Put on this set of life armor. This set of life armor was cast by me with the life essence stone. It can resist the power of death in the Demonic Pond. "

Ye Feng nodded immediately, then put on this set of life armor made of life essence stones, and then walked directly into the Demon God Pond area with the guardian elder.

Buzz!

Sure enough, the moment the two of them walked into the Demonic Pond, they immediately felt a very strong power of death, rushing towards them, trying to swallow up all their life force.

Ye Feng also felt his own vitality at this moment and was threatened by the violent power of death.

Buzz!

But at this time, the Life Armor instantly emitted a green energy, a life energy, which could help Ye Feng resist this power of death.

Ye Feng's eyes were a little lucky. Fortunately, the guardian elder came with him, otherwise he would not know these secrets if he were alone.

Although these powers of death cannot completely kill Ye Feng, they can also greatly weaken Ye Feng's combat effectiveness, which is definitely not good.

But now wearing the life armor given by the guardian elder, Ye Feng's combat effectiveness can be maintained at a peak state, and there is no need to separate his mind to fight against the power of death contained in the world.

At this moment, Ye Feng also gradually felt that this Heavenly Demon God's Pond was indeed a restricted area of life. The power of death in it was so strong and terrifying to the extreme. No wonder even the elite true disciples of Tiandao Sect were killed. Trapped in it.

And you must know that this is only the peripheral area of Tianmo Shentan. The deeper you go, the more dangerous it becomes.

Chapter 2683 Paving the way for your future

Buzz...

At this moment, a very strong power of death shrouded the entire Heavenly Demon God Pond, making Ye Feng and the guardian elders' eyes full of fear.

However, the guardian elder's expression is quite relaxed, because the guardian elder's cultivation level is unfathomable, and he has just comprehended the ancient star art left by the founder of Tiandao Sect, and the guardian elder's strength is even stronger than before. Stronger.

At this time, Ye Feng exuded his soul power and covered the area around him, hoping to detect possible upcoming dangers.

At this moment, Ye Feng was also looking at the map in his hand.

Because the map marked the area of the Mountain of Death where the team of true disciples was trapped.

While walking, the guardian elder spoke out: "The Mountain of Death is a very scary area in the Demon God's Pond. When we are about to approach the Mountain of Death, we must be careful, even if it is my current With your cultivation strength, you may encounter unexpected events in the Mountain of Death."

When Ye Feng heard this, he immediately nodded and said: "I will definitely be careful, and this time we are just rescuing, not fighting against the powerful and strange creatures in the Demonic Pond. As long as we can defeat a group of true disciples, It's a success if they all are rescued."

When the guardian elder heard what Ye Feng said, he nodded slightly, then shook his head and said solemnly: "If any terrible danger really happens in the Mountain of Death, you must escape first and risk your own life first. Only by keeping it alive can we rescue others, and the elite team assembled

by the Inner Sect Elder will arrive soon. We don't need to risk our lives, we just need to explore the situation. "

The guardian elder was naturally worried about Ye Feng's safety at this time. After all, Ye Feng was a rare super genius and had been inherited by the founder of the sect. If Ye Feng died, the guardian elder would definitely blame himself.

At this moment, the two of them were walking cautiously in the outer area of the Demonic Pond.

r\u003e

Uh-huh!

Suddenly at this moment, a strange figure that looked like an evil spirit sprang out from the surrounding jungle and flew directly towards Ye Feng, the weakest among the two.

"careful!"

At this time, the guardian elder couldn't help but said: "That is an evil spirit! It is an evil spirit transformed into an evil spirit after the death of some ancient beings in the Demon Pond. It is very terrifying. Get out of the way!"

Uh-huh!

Almost at this moment, the guardian elder suddenly appeared in front of Ye Feng, and then instantly released his extremely powerful cultivation power.

His whole body suddenly burst out with a very strong divine light, instantly protecting Ye Feng.

Boom!

Almost at this moment, the evil spirit that rushed towards Ye Feng suddenly hit the light shield released by the guardian elder, and a huge roar suddenly broke out.

However, after the evil spirit was knocked away, it still rushed towards Ye Feng unyieldingly, intending to devour Ye Feng, the weakest living being.

"Evil beast!"

But at this time, the guardian elder roared, and then a crack appeared between his eyebrows.

The next moment, a purple eye burst out with a purple divine light, which directly bombarded the evil spirit. In an instant, it shattered the evil spirit and turned it into pieces of soul fragments.

Ye Feng's eyes showed a trace of surprise at this time, and he instantly stared at the purple eye guarding the elder's eyebrows.

Ye Feng instantly understood that the guardian elder was also born with a third pupil and had the power to hunt souls.

Uh-huh!

At this time, Ye Feng rushed directly to the area where the evil spirit was crushed, and then instantly released the Devouring Domain, absorbing all the soul fragments of the evil spirit.

Buzz!

Ye Feng's soul power immediately received a huge improvement at this moment, rising by dozens of levels in an instant.

At this time, the guardian elder who saw this scene showed a look of surprise in his eyes, and couldn't help but said: "Ye Feng, I didn't expect that your devouring ability can also swallow soul fragments and strengthen your soul power. It's really It's incredible."

The guardian elders obviously knew for a long time that Ye Feng had the ability to swallow other people's skills and blood energy to improve himself, but they never said it out loud.

Now that he saw that Ye Feng could even swallow his soul, he couldn't help but be very surprised.

Ye Feng looked at the guardian elder behind him at this time, nodded and said: "Yes, my devouring ability can now devour soul fragments, which can strengthen my soul power."

When the guardian elder heard what Ye Feng said, he immediately showed an inexplicable look in his eyes, and then said: "Then I will help you today to greatly increase your soul power and pave the way for your future."

Almost at this moment, the guardian elder released an extremely powerful vitality.

Boom!

Although the guardian elder looked very old, at this moment, the blood energy all over his body was stimulated, and a blood energy like beacon fire suddenly surged out of his body. Half of the sky was red, and he looked very surging. .

Blood energy is simply like

Like a vast ocean of blood, it is very vast and boundless!

At this time, Ye Feng saw this scene, and his eyes suddenly showed a trace of surprise. He couldn't help but said: "Elder Guardian, what are you doing? You have released so much blood energy. Do you want to attract the evil spirits in the Demonic Pond?"

The guardian elder nodded, and then said with a smile: "You are about to leave Tiandao Sect and go to Tiandao Holy Land. Before that, I hope that my old bones can still help you, and it can be considered as a gift for you. The Ancient Star Art in return."

Boom boom boom...

And almost at the moment when the guardian elder released his majestic blood energy, evil spirits suddenly appeared in the outer area of the Tianmo Shentan, all of which were exuding the aura of death and surged crazily towards the guardian elder. go.

Because the blood energy of the guardian elder was so powerful, many evil spirits could not help but emerge from the soil and graves and rush towards the direction of the guardian elder.

Even if Ye Feng is a soul master, facing the overwhelming evil spirits at this moment, he still feels like his soul is about to be broken.

"Purple Divine Eyes!"

"Kill the evil spirits!"

boom! !

But at this moment, the guardian elder suddenly released the powerful power of his third pupil crazily.

The purple eye in the middle of his eyebrows directly erupted with terrifying soul light waves and purple energy at this moment.

In an instant, the overwhelming evil spirits rushing around were shattered by rumbling impacts and turned into countless soul fragments.

At this moment, the guardian elder immediately said to Ye Feng beside him: "Now! Hurry and devour these soul fragments!"

Chapter 2684 One Hundred Thousand Level

Devour the realm!

boom!

Almost at this moment, Ye Feng immediately released his Devouring Domain.

Suddenly, a dark and boundless realm spread directly from Ye Feng's body, covering all the soul fragments of the evil spirits that were blasted to pieces by the guardian elder not far away.

Wow!

Almost at the next moment, Ye Feng's Devouring Domain immediately swallowed all these soul fragments into his body.

Buzz!

Then Ye Feng could feel that the strength of his soul power was increasing rapidly.

For Ye Feng, this growth rate is extremely fast, faster than any soul he has devoured before.

Because these evil spirits are all evil spirits bred from the terrifying life restricted area of the Demonic Pond, and they are all evil spirits that evolved after the death of some super powerful beings.

Therefore, the soul power contained in the bodies of these evil spirits is still very rich and powerful.

At this moment, Ye Feng was devouring a steady stream of soul fragments of evil spirits, and his soul power suddenly began to surge dramatically.

boom!

Seventy-one thousand levels!

boom!

Level 72,000!

boom!

Level 73,000!

...

At this moment, Ye Feng's soul power grew by a thousand levels.

You know, Ye Feng's previous growth in soul power was basically a one-level increase.

But now, the soul fragments produced by the broken evil spirits contain too much soul power.

So at this time, Ye Feng's soul power was growing at an extremely fast rate, faster than Ye Feng's soul growth rate in the past.

In the end, Ye Feng's soul power directly increased to a full 90,000 level.

And this hasn't stopped yet.

Because the evil spirits surging around have not been completely killed.

Now the guardian elder is still stimulating the powerful power in his third eye, and is constantly killing these evil spirits coming from all directions.

Wow...

At this time, Ye Feng was still releasing the Devouring Domain, and was constantly devouring these huge soul fragments.

In the end, Ye Feng's soul power directly broke through to level 100,000 before finally stopping.

At this time, Ye Feng could feel that after his soul power broke through to the 100,000 level, it was like a qualitative change had occurred.

Quantitative changes lead to qualitative changes!

At this moment, Ye Feng could feel that his soul power was as if it was turning into substance and becoming very solid.

Although Ye Feng cannot yet find out the specific magical effect, Ye Feng can clearly feel that his soul power has broken through to the 100,000 level, which is many times more magical than before.

At this moment, Emperor Chu said aloud in his mind: "After the soul power breaks through the 100,000 level, it is a completely new level. Your current soul power has undergone a qualitative change compared to before."

Hearing what Emperor Chu said, Ye Feng nodded slightly, then looked at the guardian elder not far away, and immediately clasped his fists and said: "Thank you very much, the guardian elder, for helping me this time, and raising my soul power to ten." At the 10,000 level, I feel like my soul has undergone a qualitative change. If it weren't for the help of the guardian elders, I would never know how long it would take for me to be able to break through to the current level."

At this time, the guardian elder also felt the surging soul power in Ye Feng, which made him feel a little frightened.

At this time, the guardian elder immediately sighed and patted Ye Feng on the shoulder.

He said aloud: "You are a peerless talent. You must continue to work hard in the future. I hope I am not wrong about you."

At this time, all the surrounding evil spirits had been killed, and the aura of death in the entire peripheral area of the Demonic Pond had dissipated a lot.

It seems that most of these death auras are emanating from the bodies of these evil spirits.

At this time, Ye Feng looked in a certain direction not far away and said, "Let's go directly to the Mountain of Death now."

Hearing what Ye Feng said, the guardian elder immediately nodded and said: "Now we go directly to the Mountain of Death to see what is going on. We have wiped out all the evil spirits around here. There shouldn't be anything big. It's dangerous."

Uh-huh! Uh-huh!

Next, Ye Feng and the guardian elders instantly exploded with their most powerful movements and flew towards the Mountain of Death as fast as possible.

When they came to the edge of the Mountain of Death, they immediately saw a continuous stretch of pitch-black mountains standing on the earth. They looked very majestic and magnificent, giving people a very shocking feeling.

The entire mountain range exudes a dark and boundless aura of death, making people feel as if their life force is being drained out in an instant.

At this moment, Ye Feng immediately felt the entire mountain of death, which seemed to be enveloped in a devouring field of his own. As long as a living body entered it, it would lose its vitality in an instant.

At this time, the guardian elder said: "We must be careful later. Although we are wearing the life armor that I cast, it may not be able to withstand the power of death in the Mountain of Death, because the power of death in the mountain is much stronger and stronger than the power of death in other areas of the Demon God Pond, so be careful."

At this moment, even a super powerful person like the guardian elder

Everyone felt a deep fear and couldn't help but remind them.

"good."

Ye Feng naturally nodded immediately at this time and said aloud: "We really have to be careful, but my soul power has now exceeded 100,000 levels. I feel that my soul has undergone a qualitative change. I can't detect the specific changes yet. I need to continue to investigate in the future, but I can guarantee that if I encounter another powerful evil spirit, my 100,000-level soul power will definitely kill it instantly."

Hearing what Ye Feng said, the guardian elder immediately smiled and nodded and said: "It seems that I was right to help you. Your soul power has now undergone a qualitative transformation."

And while the two of them were talking, the two of them also began to walk into the area where the Mountain of Death was located.

After entering the Death Mountain, the two of them immediately felt that the life armor on their bodies was decaying rapidly.

The stone used to cast the armor was being corroded rapidly as it was being exposed to concentrated sulfuric acid when it came into contact with the dark air of death in the surrounding Death Mountains.

When the guardian elder saw this scene, his eyes suddenly changed slightly, and then he said loudly: "We have to act quickly and find the true disciple team quickly. The life armor on us may not be able to protect us for long."

Ye Feng nodded immediately. Just now he also tried to use the Devouring Domain to devour the death aura emitting around him, but found that these death auras could not be swallowed at all.

Even his own chaotic body cannot be accommodated.

However, it is also possible that the Chaos Body has not evolved to the extent that it can accommodate this advanced death energy. After all, the potential of the Chaos Body has not been fully developed, and it has not yet reached the most advanced state of the Chaos Body.

Uh-huh!

At this time, Ye Feng followed the guardian elder, quickly looked at the map in his hand, and flew towards a certain area of the Mountain of Death.

Chapter 2685 Team of True Disciples

With the map instructions in their hands from the great elder of the inner sect, Ye Feng and the guardian elder quickly found the area where the group of true disciples were located in the Mountain of Death.

At this moment, Ye Feng and the guardian elders came to a northwest area in the Death Mountain Mountain Range.

They looked into the distance and immediately saw that in the dark demonic light, a group of Tiandao Sect's true disciples were struggling to resist the attacks of evil spirits exuding the aura of death.

Ye Feng saw this group of true disciples and did not find Leng Qingxue's figure. His eyes suddenly changed slightly. Could it be that Leng Qingxue had died in the mountain of death?

But now that they are all here, Ye Feng naturally will not stand idly by.

He immediately looked at the guardian elder beside him and said loudly: "Elder, let's take action now to save this group of true disciples."

Although the cultivation of this group of true disciples is extremely powerful, some may be even stronger than Ye Feng.

But facing the strange existence of evil spirits in the Mountain of Death, they were unable to fight against it.

After all, there are specialties in the art industry.

Even though Ye Feng's cultivation is not as strong as this group of true disciples, Ye Feng is an extremely powerful soul master, so he is still better at dealing with the evil spirits in the Mountain of Death than this group of true disciples.

The guardian elder also nodded immediately at this time and said: "Okay, let's take action together."

boom!

Almost at this moment, a purple eye once again appeared between the guardian elder's brows, and a purple divine light burst out instantly, rushing towards the group of true disciples trapped in the Death Mountain not far away.

Click, click...

The moment those purple divine lights scanned the evil spirits that were attacking the true disciples, all those evil spirits were immediately shattered.

Come on.

"boom!"

At this time, Ye Feng also instantly released his huge soul power.

Now Ye Feng's soul power has been greatly improved, directly upgraded to level 100,000, entering a new special level.

So at this time, after Ye Feng released his soul power, he only felt that his soul power could transform into any state according to his thoughts.

For example, at this moment, Ye Feng released his soul power, thinking that his soul power would turn into countless soul warriors.

Wow!

Almost at the next moment, Ye Feng's soul power ocean suddenly condensed warriors wearing soul armor, holding long swords in soul state in their hands, roaring, like thousands of troops, instantly It is to kill all those evil spirits.

Ye Feng's killing speed at this moment was even faster than the speed of the guardian elder. !

"What?!"

"What an amazing young man! He is wearing the clothes of an inner disciple of our Tiandao Sect!"

"Who is this young man? Is he here to rescue us? This is so amazing. I have never heard of such a person!"

At this moment, the surrounded group of true disciples of Tiandao Sect saw Ye Feng's terrifying soul power and his magical use of soul power, which actually evolved into thousands of troops and defeated countless evil spirits. They were all killed. This scene was so shocking that all the true disciples could not help showing deep horror in their eyes.

Although the guardian elder is also

It released extremely powerful power and killed many evil spirits.

But these true disciples all know the guardian elder and know that he is a very mysterious and unpredictable super senior powerhouse in Tiandao Sect.

But they had never seen Ye Feng, a young man.

Moreover, Ye Feng was still wearing the clothes of an inner disciple.

Therefore, the power Ye Feng unleashed at this moment to kill evil spirits made all the true disciples feel a deep shock.

Uh-huh!

Uh-huh!

At this time, Ye Feng and the guardian elders immediately entered the area where the true disciple team was.

A group of true disciples immediately spoke to the guardian elder and said, "Thank you very much, guardian elder, for coming to the rescue!"

After saying that, everyone's eyes turned to Ye Feng.

They also clasped their fists and said gratefully: "Thank you to this fellow disciple for helping me!"

Ye Feng nodded slightly at this moment, and then asked anxiously: "Are all the true disciples here?"

Hearing Ye Feng's question, a true disciple immediately shook his head and said, "There are still several top true disciples trapped in the deepest part of the Death Mountain."

Ye Feng secretly thought to himself, and then asked: "Is Senior Sister Leng Qingxue among those top true disciples?"

A group of true disciples immediately nodded, and then said loudly: "Senior Sister Leng is indeed among them. Now she is trapped in the deepest part of the Death Mountain. Anyway, there is no news so far, and I don't know if she is dead."

Hearing what this true disciple said, Ye Feng immediately nodded, and then

Then he said out loud: "I know."

At this moment, Ye Feng looked at the guardian elder beside him and said: "Elder, you are here to rescue this group of true disciples and resist those evil spirits. I want to enter the deepest part of the death mountain to find Leng Qingxue."

The guardian elder knew that the relationship between Ye Feng and Leng Qingxue was very unusual. He immediately nodded and said loudly: "Be careful, I will wait for you outside. If there is really danger, don't do anything stupid." "

Ye Feng immediately nodded and said with a smile: "Elder Guardian, don't worry, I will not be impulsive. I have always been very rational."

Uh-huh!

At this moment, after Ye Feng finished speaking, he immediately flew towards the deepest part of the Death Mountain.

At this moment, the group of true disciples looking at Ye Feng's retreating back showed deep doubts and curiosity in their eyes.

A group of true disciples immediately looked at the guardian elder in front of them and couldn't help but ask: "Guardian elder, who is this young junior brother? He is so powerful and has such a wonderful use of soul power. He should be a hidden person. The soul master!"

The guardian elder nodded slightly and said aloud: "He is a super genius, a peerless evildoer secretly cultivated by our Tiandao Sect."

"A peerless monster?"

Hearing the guardian elder's evaluation of Ye Feng, a group of true disciples couldn't help but take a breath of air, and they became more and more respectful and awe-inspiring towards Ye Feng's attitude.

At this time, many female disciples among the true disciples had deep envy in their eyes, and they couldn't help but murmured: "I didn't expect that Senior Sister Leng would have such a powerful junior brother who cares so much. She is so enviable! I also want to have such a charming and powerful blue-faced confidant!"

Chapter 2686 Ancient Beast Soul

Uh-huh! Uh-huh! Uh-huh!

At this moment, Ye Feng's figure is advancing rapidly deep in the mountains of Death Mountain.

For Ye Feng, the most important thing now is to find Leng Qingxue himself, his most important friend.

Because Leng Qingxue knew Ye Feng well and had a relationship for so many years, Ye Feng had long regarded Leng Qingxue as an extraordinary relative.

Now that Leng Qingxue was trapped deep in the mountains of Death Mountain, Ye Feng naturally wanted to rescue him.

Since Ye Feng has been practicing, he has focused on having a clear conscience and clear thoughts.

So at this time, Ye Feng released all his power, exuding divine light all over his body, and the life armor on the surface of his body resisted the extremely rich aura of death, and flew towards the deepest part of the Death Mountain.

When Ye Feng reached the deepest part of the Death Mountain, he was immediately shocked by the scene in front of him.

Because deep in the Death Mountains, there are huge ancient buildings.

In this seemingly barren mountain range, there are actually towering and huge buildings from ancient times.

It looks really visually shocking, and it is very likely that it was left behind by ancient civilizations.

But Ye Feng's eyes were a little confused at this moment.

After all, this Demon Pond is a restricted area of life. How could there be such a large area of ancient buildings deep in the mountains of the Mountain of Death?

Who had the guts back then to build so many buildings in such a restricted area of life as the Demonic Pond?

It's really shocking.

After all, it is very difficult for Ye Feng and a group of strong men from Tiandao Sect to stay in this mountain of death for a while.

Because the air of death erodes their vitality at any time.

But I didn't expect that in ancient times, someone would be able to build so many ancient buildings deep in the mountains of Death Mountain, in this forbidden area of life, which is really surprising.

"It is very likely that it is a super power from ancient times."

Ye Feng secretly murmured in his heart at this time, and then walked directly into this ancient building.

Buzz!

At this moment, Ye Feng exuded his huge soul power, trying to capture the fluctuations of life.

Because deep in the mountains of the Mountain of Death, if there is a life fluctuation, there is no doubt that it must be Leng Qingxue and several of the top true disciples of Tiandao Sect.

However, after Ye Feng emitted his huge soul power at this moment, he did not notice any life fluctuations.

The entire ancient building was completely silent, as if there was no life at all.

This made Ye Feng's eyes suddenly become a little downcast.

Could it be that Leng Qingxue and several other top true disciples had died in this ancient building deep in the Death Mountain?

After all, Ye Feng's current soul power is extremely powerful. If Leng Qingxue and the others had not died, it would be impossible for them to be able to detect even the slightest fluctuation in life.

Buzz...

But just when Ye Feng was about to give up, a very weak breath of life suddenly came from a certain direction.

Although this kind of life breath is extremely weak, Ye Feng's powerful soul power is aware of it in an instant.

"Yes!"

Ye Feng's eyes suddenly lit up.

Since the breath of life has been detected, it means that Leng Qingxue and a group of top true disciples must be in that direction.

So almost at this moment, Ye Feng immediately released all his power and moved quickly in the direction where the breath of life came from.

Ye Feng passed through a series of

The ancient building did not encounter any particularly huge dangers.

However, occasionally some powerful evil spirits came to attack Ye Feng, but they were easily dealt with by Ye Feng.

After all, Ye Feng's soul power has now broken through to the 100,000 level, entering a new level. His attack power is very terrifying, and he has a natural suppression of soul enemies.

Half an hour later, Ye Feng finally arrived at his destination.

The breath of life captured by Ye Feng just now came from this destination.

At this moment, Ye Feng saw the surroundings, which looked like an ancient Colosseum.

At this moment, in the middle area of the circular Colosseum, there were several corpses full of cracks lying on the ground. ??

All of these corpses have lost their life energy and have turned into mummies.

At this moment, there was only an extremely beautiful woman, sitting cross-legged in the middle of the ancient Colosseum.

There is a small sword suspended above her head. This sword emits powerful energy fluctuations and is resisting a terrifying and strange force around the Colosseum.

But it can be seen that this extremely beautiful woman is very pale, and she is obviously at the end of her life.

This woman is none other than the Leng Qingxue Ye Feng is looking for!

At this moment, Leng Qingxue was obviously reaching her limit.

At this time, Leng Qingxue's eyes were full of despair.

But suddenly at this moment, Leng Qingxue seemed to notice something, and immediately couldn't help but look towards the area outside the Colosseum.

The next moment, Leng Qingxue's beautiful eyes trembled.

She immediately saw a familiar young figure standing there with a look of joy in his eyes.

"real

It's Ye Feng! "

Leng Qingxue's heart immediately became extremely complicated at this moment. She never thought that at her most desperate moment, Ye Feng actually appeared not far from her.

But at this time, Leng Qingxue couldn't help but showed a look of deep worry on her face, and quickly shouted to Ye Feng outside: "Ye Feng, don't get close to this ancient Colosseum where I am, there are people inside. The very terrifying ancient beast soul has extremely terrifying soul attack power. If you, Ye Feng, come to save me, you will most likely end up with the same fate as the three top true disciples who have fallen around me. They Their cultivation is stronger than yours, but they are all dead. You must not risk your life, and don't risk your life in vain for me!"

At this time, Ye Feng heard Leng Qingxue's worried words about him, and felt a trace of warmth in his heart.

Uh-huh!

But the next moment, Ye Feng rushed towards the middle area of the ancient Colosseum and flew in the direction of Leng Qingxue.

"you....."

When Leng Qingxue saw this scene, her face was immediately covered with tears, and she couldn't help but said, "Why are you so stupid?"

"Here comes another kid who wants to die!"

"Just one more blood food."

And just when Ye Feng entered the middle area of the ancient Colosseum, sarcastic voices suddenly sounded around him.

Buzz!

Almost at this moment, very majestic and tall ancient beast souls appeared around the ancient Colosseum.

Every ancient beast soul exudes a strong aura of death, is filled with endless soul pressure, and looks very terrifying.

At this time, Ye Feng had already come to Leng Qingxue, helped the weak Leng Qingxue up, and then said slowly: "You protected me back then, now it's time for me to protect you again. "

Chapter 2687 Very incredible

At this moment, Ye Feng stood in front of Leng Qingxue, looking at the extremely powerful ancient beast souls manifested around the ancient Colosseum, with a cold look in his eyes.

At this moment, more than a dozen ancient beast souls have all manifested into their bodies. Each ancient beast soul is tall and majestic, like ancient sacred mountains, standing in the void, giving people an oppressive force. It was really terrifying to the extreme.

At this time, Ye Feng looked at Leng Qingxue beside him and said: "Senior Sister Leng, you can rest for a while and leave everything on the field to me."

After Ye Feng finished speaking, Leng Qingxue's beautiful eyes suddenly showed a trace of worry, and she couldn't help but said: "These dozen ancient beast souls are very terrifying, Ye Feng, you must be careful, Don't be impulsive."

Ye Feng nodded slightly, then gave Leng Qingxue a reassuring look, smiled and said, "It's just a bunch of fish, nothing to be afraid of."

"A bunch of fish?"

“Not something to be afraid of??”

Hearing what Ye Feng said at this moment, the faces of the dozen ancient beast souls suddenly showed expressions of deep anger. ??

They immediately yelled: "How dare a little human boy speak such arrogant words? Before you were born, we had already dominated the entire center of the God Realm. I didn't expect that after so many years, we would actually If you encounter such an arrogant boy, I will teach you a lesson."

Almost at the moment when the ancient beast soul finished speaking, he rushed towards Ye Feng.

boom!

The ancient beast soul that was the first to take action seemed to be the beast soul of an ancient nine-headed lion. At this moment, it roared, and a soul-trembling light wave was produced in the void that could shatter a person's soul. , shrouded crazily towards Ye Feng, as if it was going to crush Ye Feng's entire soul.

At this moment, Ye Feng immediately shouted: "Thousands of troops!"

Rumble...

Almost at this moment, Ye Feng's soul power was released crazily, and then soul soldiers wearing armor condensed directly in the void around Ye Feng's body. They all held extremely powerful weapons in their hands. The weapon in the state of his soul was slashing wildly forward.

This is exactly the powerful method that Ye Feng evolved after his soul power broke through to the 100,000 level, which is to be able to materialize his soul power and condense his soul power into various powerful beings to use to attack the enemy. .

Boom! !

Almost at this moment, the thousands of troops gathered by Ye Feng instantly looked like a group of terrifying iron-blooded soldiers charging into battle. They all rushed into the void, and in an

instant they bombarded the first one. In front of the ancient beast soul of the nine-headed lion who took action.

Boom!

The entire field suddenly erupted with an extremely terrifying roar.

But this roar is at the soul level.

Ordinary people can't see it at all.

At this time, Ye Feng immediately gathered more and more troops, surrounded all the ancient beast souls of the nine-headed lions in the middle, and then slashed wildly.

Although the nine-headed lion ancient beast soul is also very powerful, each attack can instantly eliminate hundreds of soul soldiers.

But Ye Feng's soul power at this moment seemed to never be exhausted. He continuously produced soul soldiers one after another, forming thousands of troops and horses, constantly attacking the ancient beast soul of the nine-headed lion.

No matter how powerful this nine-headed lion ancient beast soul is, under this human sea tactic, it gradually feels that the power in its entire body is being consumed, and finally dries up.

Boom! !

And just

At this moment, Ye Feng seized the opportunity and burst out his most powerful soul power, directly forming a soul storm and giving the extremely weak nine-headed lion ancient beast soul all of a sudden. shattered.

Then Ye Feng released the Devouring Domain, and an extremely dark domain suddenly appeared behind Ye Feng. It was like the bloody mouth of an ancient giant beast, and it instantly swallowed up the dead nine-headed lion ancient beast soul. .

Boom!

Almost at this moment, Ye Feng's soul power suddenly surged, directly breaking through from level 100,000 to level 110,000.

Ye Feng felt his soul power increase directly to the 10,000 level, and his face suddenly showed a deep look of excitement.

Unexpectedly, the soul power of these ancient beast souls was so powerful. After swallowing one, it directly increased the soul power by a full 10,000 levels!

It's so scary!

Very incredible!

At this time, Ye Feng actually killed the nine-headed lion ancient beast soul in an instant, causing the other dozen ancient beast souls to show deep horror in their eyes.

They never thought that this ordinary-looking human race boy would possess such terrifying strength and be able to wipe out ancient beast souls like them that had survived for hundreds of thousands of years.

At this moment, even Leng Qingxue, who was meditating and adjusting her breath behind Ye Feng, opened her beautiful eyes wide and stared at Ye Feng in disbelief.

Because even she didn't expect Ye Feng to practice such powerful soul-level methods.

At this moment, the dozen ancient beast souls not far away immediately roared angrily: "Let's take action together to completely kill this hateful human boy! Revenge for the nine-headed lion!"

Rumble...

Almost at this moment, a dozen ancient beast souls burst out their most powerful soul power and headed towards Ye Feng.

and rushed away in the direction.

For these ancient beast souls, although Ye Feng killed the nine-headed lion directly, the nine-headed lion was just one person.

They now have more than a dozen ancient beast souls attacking together. No matter how powerful Ye Feng is, they still think they can kill Ye Feng in an instant.

But at this moment, Ye Feng burst out laughing: "Now that I'm here, it means I'm not afraid of you at all. I originally thought there were some terrifying dangers deep in the Death Mountain, but it turned out to be just some ancient It's just an ancient beast soul."

The power of the Dark Emperor!

Almost at this moment, Ye Feng immediately displayed an extremely powerful trump card at the soul level, which was the eyes of the Dark Emperor, the Eye of Sin!

Boom!

Almost at this moment, a crack opened between Ye Feng's eyebrows, and a dark and boundless eye appeared inside.

Those are the eyes of the Dark Emperor!

Full of endless evil power!

"Boom!!"

In an instant, infinite dark light burst out from Ye Feng's eyebrows.

Now that Ye Feng's powerful soul power activates the Eye of Sin, the soul-destroying power that explodes is very terrifying.

Almost at this moment, more than a dozen ancient beast souls on the field were bombarded by the power of the Dark Emperor inspired by Ye Feng.

"Ah! What a powerful dark force!"

"Why can't even our ancient beast souls resist this dark power?"

"This seems to be a very great energy!"

...

At this moment, a dozen ancient beast souls were roaring in pain, their eyes full of fear, as if they never thought that a little human boy would have such a terrifying trump card.

Chapter 2688 Ancestor Ruins

Rumble...

At this time, the entire bodies of a dozen ancient beast souls were rapidly shattering.

Because they simply couldn't resist the power of the Dark Emperor released by Ye Feng at this moment.

You know, when Ye Feng's soul power was not particularly strong in the past, after stimulating the Eye of Sin and releasing the power of the Dark Emperor, he was extremely tyrannical.

Not to mention that Ye Feng's soul power has now reached level 110,000, which is definitely even more terrifying.

Wow...

At this moment, a dozen extremely powerful ancient beast souls had no resistance at all, and their entire bodies were shattered inch by inch, turning into countless soul fragments.

"Swallow!"

Ye Feng would naturally not waste the soul fragments of these powerful beast souls at this time, as they would be of great benefit.

boom!

Ye Feng directly released his extremely powerful devouring ability.

Immediately, the endless darkness swallowed the field, spreading directly from his body and turning into a large dark world, covering the entire field.

"Crash..."

The soul fragments formed after the ancient beast souls were broken were immediately devoured by Ye Feng's Devouring Domain at this moment, and then turned into huge soul power and injected into Ye Feng's body.

At this moment, Ye Feng immediately felt a very abundant soul energy, which was rapidly nourishing and strengthening his soul power.

At this moment, Ye Feng's soul power strength immediately began to skyrocket.

And the surge at this time was extremely fast.

"boom!"

Level 115,000!

"boom!"

Level 120,000!

"boom!"

Level 125,000!

"boom!"

Level 130,000!

\u003e

...

"boom!"

Level 190,000!

In the end, Ye Feng's soul power directly broke through to level 190,000 before stopping.

It has to be said that this is a huge improvement for Ye Feng's soul power.

At this moment, Ye Feng looked at Leng Qingxue behind him and found that the other party was staring at him with a very incredible look.

Those beautiful eyes were full of shock.

Leng Qingxue couldn't help but said: "Ye Feng, you really shocked me. You are such an extremely powerful soul master. You can kill even ancient beast souls in an instant. It's really amazing. !"

For Leng Qingxue, Leng Qingxue was very impressed by the fact that Ye Feng's cultivation level could be promoted to the third level of the other side realm, comparable to the core disciples of Tiandao Sect.

But I didn't expect that Ye Feng actually had such a big move hidden.

It is really unbelievable that he possesses such a powerful soul power and has incredible power to kill all the dozens of extremely powerful ancient beast souls in this ancient colosseum.

At this time, Ye Feng smiled slightly and said, "Senior Sister Qingxue, there are still many secrets hidden in me that you don't know."

When Leng Qingxue heard what Ye Feng said, she immediately smiled and said, "Then I will slowly get to know you in the future and explore your secrets."

At this moment, Ye Feng said aloud: "Now that the danger has been eliminated, let's just leave the depths of the Death Mountain. After all, there may be other dangers here."

Hearing this, Leng Qingxue's eyes flashed, and then she said aloud: "Actually, I came here to find the remains of an ancient strong man. That ancient strong man and

My ancestors are related, so I came here, but I didn't expect to be trapped in this ancient Colosseum."
"

When Ye Feng heard what Leng Qingxue said, his eyes suddenly showed surprise, and he couldn't help but said: "What relics did your ancestors leave here?"

Leng Qingxue nodded, and then said aloud: "That's right, since I was born, my parents have given me an ancient map. That map points to the depths of the Death Mountains in the Demonic Pond. , so I have to explore the traces of my ancestors, otherwise I may regret it all my life."

Ye Feng nodded slightly at this time and said aloud: "I understand your mood. After all, you must explore the ruins of your ancestors. How about this? Senior Sister Qingxue and I will continue to explore this death mountain range. The deepest secret, maybe I can get some chance."

Leng Qingxue was immediately moved when she heard what Ye Feng said, because she understood that what Ye Feng said about being able to get good fortune was probably just a rhetoric, and the purpose was to accompany her to explore the remains of her ancestors.

At this moment, Leng Qingxue immediately stood up and stood beside Ye Feng. Suddenly she stretched out a pair of small jade hands, grabbed Ye Feng's palm, and said loudly: "Let's go together, we can each other." There is a care."

At this moment, Ye Feng's eyes showed a look of surprise, then he smiled slightly and said: "Okay."

The next two people left the Ancient Colosseum. They did not leave this dangerous place directly, but continued to walk towards the deepest part of the Death Mountain.

When they arrived at the deepest part of the Death Mountain, they immediately saw a huge castle standing on the mountains in the distance.

The entire castle is made of pitch black metal. Under the sunlight, it shines with a cold and biting metallic luster, giving people a very shocking feeling.

At this time, deserted

Xue said aloud: "This is the place recorded on the map!"

At this moment, Leng Qingxue seemed a little excited, because she would soon be able to find the remains of her ancestors.

This is very important for Leng Qingxue.

Because in the world of martial arts practice, what a warrior or a descendant of a family values most is his or her roots, that is, tracing back to one's origins.

At this moment, Ye Feng exuded his huge soul power and moved towards the metal castle covering the mountains.

Buzz!

But when Ye Feng's soul power just arrived around the metal castle, it was immediately blocked by the metal castle.

His soul power could not penetrate through the surface of the metal castle.

This seems to be a very special metal castle that can isolate people's spiritual thoughts and soul power from exploration.

Ye Feng's eyes showed a trace of surprise at this time. It seems that this place is really extraordinary. Now his huge soul power cannot penetrate the walls of this metal castle. It is obviously a very ancient and special place. place.

At this time, Ye Feng looked at Leng Qingxue beside him and said loudly: "Even if the remains of your ancestors are hidden in this metal castle, we cannot take it lightly. We must be careful and cautious."

Leng Qingxue nodded and said aloud: "I understand, you must be careful. After all, this is the deepest part of the Death Mountain. There must be unforeseen dangers. Ye Feng is really thanks to you this time, otherwise I might not be able to do it at all." When you reach this metal castle, you will fall into the ancient Colosseum."

Ye Feng smiled slightly at this time, and then said aloud: "Let's not waste time saying these words, let's go directly into this metal castle."

Leng Qingxue nodded, followed Ye Feng, and immediately jumped towards the metal castle on the mountain not far away.

Chapter 2689 What exactly is it?

Both of them had very high cultivation levels. In less than a moment, Ye Feng and Leng Qingxue had climbed up the mountain and arrived in front of the metal castle.

At this time, Ye Feng exuded his soul power and spread it around to prevent dangerous situations that might come at any time.

At this moment, Leng Qingxue walked in front of the metal castle and suddenly seemed to notice something. She couldn't help but said: "Junior brother Ye Feng, I noticed a very familiar feeling wave inside this metal castle. , It should be something inherited from the blood of our ancestors."

When Ye Feng heard Leng Qingxue say this, he immediately nodded, and then led Leng Qingxue into the metal castle.

When they entered the metal castle, they immediately saw a shocking scene.

I saw two extremely huge sculptures of strange beasts, standing in the center of the castle.

In the middle area of these two giant beast sculptures, there is a crystal coffin.

Inside the crystal coffin, there lay an ancient corpse. The corpse was covered in decay, but its bones were emitting a crystal-colored light, which looked quite fantastic.

When Leng Qingxue saw this scene, she couldn't help but her eyes showed deep excitement, and she quickly said: "This is the crystal skeleton. It is a skeletal phenomenon that can only be produced after cultivating to the extreme in our family inheritance. This crystal The corpse in the coffin must be the ancestor of our Leng family!"

Ye Feng nodded, and then said: "We have to be careful no matter what, because this body has been dead for many years, and it is difficult to be sure that it has not turned into a zombie and pose a threat to us."

Leng Qingxue also nodded, and in an instant he took out a jade pendant that exuded green light from his storage ring, and said loudly: "Ye Feng, don't worry too much, this jade pendant was passed down by our ancestors. The jade pendant contains magical powers

The power to communicate with the souls of our ancestors. "

Buzz!

And almost at the moment Leng Qingxue took out the jade pendant, in the crystal coffin not far away, a shadow of a majestic soul suddenly stood up from the corpse.

This soul shadow is the shadow of the ancestor of the Leng Qingxue family!

At this moment, this soul ghost stared at the jade pendant in Leng Qingxue's hand, with a complicated look in his eyes, and said loudly: "It seems that you are the descendant of our family. I didn't expect that I actually found it." Here, in order to find the most precious and mysterious things in the Death Mountains, I was trapped here by a terrifying and ominous force, so I died. My descendants, since you have come here, then I will I will give you all my inheritance. I hope you

will not go further into this mountain of death, otherwise you will encounter bad luck. Remember to continue the inheritance of our family."

Boom!

Almost at the moment when the soul shadow's words fell, he suddenly turned into a ray of light, directly covering Leng Qingxue's whole person.

Ye Feng's eyes were slightly startled and he was about to take action.

But Leng Qingxue said in surprise at this time: "Ye Feng, you don't have to worry, this is our ancestor who passed down all his insights and experiences on cultivation, as well as the most powerful inheritance of our family, to Me, I'm not in any danger now, I'm accepting the inheritance of the soul."

When Ye Feng heard what Leng Qingxue said, there was a hint of surprise in his eyes, and then he smiled happily and said, "That's great."

At this time, Ye Feng was thinking about what the ancestor Leng Qingxue said before.

About something ominous.

Because Ye Feng had also encountered the intrusion of the ominous power, and finally fused with a death spine, Ye Feng was able to escape the entanglement of the ominous power.

It has been a long time now, and the unknown feeling in Ye Feng's body has not occurred.

All because Ye Feng's current spine is a death spine.

Unexpectedly, the depths of this mountain of death still contain very terrifying and unknown power.

It seems that there must be some secrets hidden in the deepest part of the Death Mountains, otherwise Leng Qingxue's extremely powerful ancestor would not have entered the depths of the Death Mountains on his own will and died so miserably.

At this time, Ye Feng thought that he had the backbone of the god of death, and he still had a certain degree of restraint against the ominous power.

At this moment, Ye Feng suddenly looked at Leng Qingxue beside him and said: "Senior Sister Qingxue, just accept the inheritance left by your ancestors here. I want to continue to enter the deepest part of this metal castle. , see what is hidden in the innermost area of the Death Mountain."

When Leng Qingxue heard what Ye Feng said, she immediately showed a worried look on her face. She couldn't help but persuaded: "Ye Feng, even my ancestor who had the cultivation of the sky can't enter the deepest part of the Death Mountain." You must not go there. The ominous power there is absolutely terrifying. Even my ancestors couldn't get rid of it and died tragically here. "

At this time, Ye Feng showed a determined look on his face and said: "There is a backbone of death in my body, which can restrain the ominous power. Back then, I was also entangled by the ominous power, and strange black hair grew all over my body. , fortunately, I fused with the backbone of a death god from the kingdom of death, and finally restrained the ominous power. It has not relapsed until now, so I want to go into the deepest part of the death mountain to see the situation and see the ancestors of your family. I wanted to find that year

What exactly is it that I'm looking for? I need a lot of power. "

Ye Feng knew very well that when he went to the Holy Land of Heaven, he would most likely face the Holy Land of Chaos and the Lord of Chaos. He must seize every opportunity he encountered.

Leng Qingxue heard what Ye Feng said at this time and saw Ye Feng's determined expression. She could only nod her head, and then said: "Then I will wait here for Ye Feng to return. Ye Feng, you must be safe." If you don't come back, I won't leave. I will always be here waiting for you."

Hearing Leng Qingxue's firm words, Ye Feng immediately nodded heavily and said, "Senior sister, don't worry. If I really encounter any unstoppable danger, I will retreat immediately. Senior sister, you are now The most important thing is to understand and refine the inheritance left by your ancestors."

At this moment, after Ye Feng finished speaking, he immediately stopped hesitating, turned around and walked into the deepest area of the metal castle.

And looking at Ye Feng's retreating back, Leng Qingxue, who was receiving the inheritance in the metal castle, immediately couldn't help but murmured in a low voice: "Ye Feng, you must come back safely, I will always wait for you, are you right?" It's too important to me..."

At this moment, Ye Feng had passed through the entire metal castle alone and reached the back of the metal castle.

At the very back of the metal castle, there is a huge ancient portal. The entire portal is engraved with countless complicated magic patterns.

On the surface of these magic lines, there is a liquid like bright red blood flowing, which looks very shocking and evil.

At this moment, Ye Feng felt a little shocked. When Leng Qingxue's ancestors entered this mountain of death, what were they looking for in the deepest part?

Is it an extremely evil force?

Chapter 2690 Ancient Battlefield

at this time.

Buzz...

The extremely evil aura of power exudes from the entire huge door, giving people a very strange feeling.

At this moment, after Ye Feng thought for a while, he immediately walked forward.

For Ye Feng, now that he is here, he naturally has no intention of retreating.

Uh-huh!

At this moment, Ye Feng instantly walked towards the door in front of him that looked like the door to hell.

When Ye Feng passed through this strange gate, he immediately saw that the back of the metal castle was connected to the back of the entire Death Mountain.

At the very back of this mountain of death, there is an ancient battlefield like a Shura field.

On this ancient battlefield like a Shura field, corpses were lying on the ground. They were all covered with black hair and died on the ground. They looked very strange.

"This is....."

Ye Feng knew that this way of death was very special. His whole body was covered with black hair. It was because he was contaminated with ominous power that he died like this.

At this moment, Ye Feng felt a little creepy, because there were hundreds of thousands of creatures on the entire ancient battlefield, all of them covered with black hair. After dying like this, there was no trace of blood on their bodies, and it seemed that they were all killed by this. The black hair was sucked dry.

Ye Feng knew that this kind of black hair was not real hair, but a kind of death vein, which grew out of the body of the living creature and sucked the host's vitality crazily.

At this time, Ye Feng wanted to retreat for a moment.

Boom!

But suddenly at this moment, Ye Feng felt that a terrifying dark force burst out from his spine, full of the breath of death.

"It's the Death's backbone that has revived on its own!"

Ye Feng's eyes were slightly startled at this time.

But before Ye Feng could react, Ye Feng's body suddenly exploded behind him.

Snap!

The Death Backbone that he had fused into his own back then seemed to have become a living body at this moment. It instantly transformed into a black bone dragon, suddenly covering the ancient battlefield in the deepest part of the Death Mountain in front of him. Hundreds of thousands of creatures who died because of being contaminated by the ominous place were all swallowed up.

"boom!"

Then the Death's backbone, which transformed into a black bone dragon, instantly returned to its original size and reintegrated into Ye Feng's body.

It all happened so fast.

Ye Feng himself didn't even react yet.

The whole process is convenient

It's over.

At this moment, before Ye Feng had time to be shocked by the scene in front of him, there was another "boom" suddenly.

Ye Feng could feel that an extremely tyrannical power burst out from his spine, causing Ye Feng's entire cultivation level to surge rapidly.

boom!

The fourth level of the other shore realm!

boom!

The fifth level of the other shore realm!

boom!

The sixth level of the other shore realm!

Boom boom boom...

Ye Feng's cultivation base is constantly making rapid breakthroughs.

In the end, he broke through directly to the tenth heavenly perfection of the other shore realm!

Only then did it finally stop!

This sudden scene made Ye Feng himself unable to react.

The whole process was completed by the Death Backbone itself. First, it transformed into a very scary and ferocious black bone dragon, and then instantly devoured all the creatures that died from unknown power on the ancient battlefield in front of it, and finally returned to the It seemed that a very huge energy was fed back from his body, allowing his cultivation to break through the seventh heaven in a row, directly from the third heaven of the other shore realm, to the tenth heaven of the other shore realm, the Great Perfection.

It's really incredible!

Even Ye Feng himself was wide-eyed at this moment, as if he didn't expect that things would develop in this direction.

At this time, the entire ancient battlefield was empty.

At this time, Ye Feng sensed the Death spine in his body, but found that the Death spine was just like an ordinary human spine, very stable and without any fluctuations at all.

It seemed that everything that happened just now was just Ye Feng's own hallucination.

But Ye Feng now clenched his fists and found that his strength had indeed increased to the tenth level of the other side realm.

Buzz!

Power as powerful as the vast ocean surged through Ye Feng's limbs, which was very terrifying.

At this time, Ye Feng suddenly realized something. It seemed that the backbone of the God of Death had not changed in all these years. It must be because he had not encountered any ominous force.

At this moment, Ye Feng was a little confused and asked in his mind: "Emperor Chu, did you see what happened just now?"

At this time, Emperor Chu said aloud in his mind: "Well, I saw it all.

"

Ye Feng couldn't help but asked: "Is the backbone of the god of death in danger?"

When Emperor Chu heard Ye Feng's question, he immediately gave a helpless smile and said in his mind: "The backbone of the God of Death that can contain the ominous power, the backbone of the Lord of Death known as the Kingdom of Death, do you think it is dangerous or not? "

Hearing what Emperor Chu said, Ye Feng immediately understood that the backbone of the god of death was a very dangerous thing, probably comparable to the evil eye of the Dark Emperor.

It may even be more dangerous and terrifying than the Evil Eye of the Dark Emperor!

However, Ye Feng could not remove the backbone of the God of Death.

Not to mention that Ye Feng couldn't find a way to pull the Death God's spine out of his body.

Not to mention that Ye Feng now really needs the backbone of the god of death to continue to suppress the ominous power that was in his body back then.

At this time, Ye Feng could only sigh.

Problems that even Emperor Chu cannot solve may have to wait until he can solve them in the future.

At this time, Ye Feng's attitude towards the backbone of the god of death and its ominous power could only be a broken one.

"let it go."

Ye Feng sighed and immediately walked towards this ancient battlefield.

After countless creatures were swallowed by the backbone of the god of death, what was left on the entire ancient battlefield were some broken arms and ruins, as well as some broken soldiers and broken armor left by the ancient creatures.

At this time, Ye Feng scanned the entire ancient battlefield and put away any ancient things that might be valuable.

After all, you don't want it for nothing.

After Ye Feng searched the entire ancient battlefield, Ye Feng's storage ring was almost full.

It has to be said that Ye Feng gained a lot of wealth this time, and his cultivation level suddenly broke through the seventh level, which really frightened Ye Feng himself.

At this time, Emperor Chu suddenly said in his mind: "Ye Feng, don't be too nervous now. Even if the backbone of death or ominous power breaks out in your body, the heart of the gods of the gods that you fused before will It should also be able to protect your safety, because the Celestial Clan has always been one of the extremely powerful overlord Clan. The Celestial Heart has infinite potential, and Ye Feng, your own body and blood is the Chaos Body, so you have the Celestial Heart and Chaos. The combination of your body, even if you have a series of unstable factors such as the ominous power, the backbone of death, the sinful eyes of the dark emperor, etc., you don't have to worry too much. At worst, you can use the heart of the god to keep a drop of you. blood

, and then rebirth with a drop of blood, transforming into a brand new body of the Celestial Clan, is not a method that cannot be considered. "

When Ye Feng heard what Emperor Chu said, the corners of his mouth twitched slightly.

Until the last moment, I probably wouldn't do what Emperor Chu said. It was really scary.

At this time, Ye Feng was ready to leave this ancient battlefield directly after searching the entire ancient battlefield.

However, Ye Feng has not yet discovered what Leng Qingxue's ancestor wanted.

Is it just to enter this ancient battlefield to search for loot?

Leng Qingxue's ancestors probably didn't have such a small structure.

And at this moment, Ye Feng turned around.

Rumble...

Suddenly, the entire ancient battlefield shook violently, and the whole world seemed to be shaking.

"what's the situation?"

At this time, Ye Feng looked behind him and saw a shocking scene.

At the end of the ancient battlefield, under the endless dark sky, a huge skeleton giant suddenly stood up.

This giant skeleton exuded a strong aura of death, holding a steel sword tens of thousands of meters long in his hand. He stood up from a distance, towering under the sky, looking full of endless visual shock. .

In Ye Feng's mind, Emperor Chu couldn't help but said: "Run! This is the breath of the Lord of Death! This giant skeleton is definitely a clone of the legendary Lord of Death in the human world. Showed up!"

But the moment Emperor Chu finished speaking, the tall skeleton giant not far away suddenly looked in the direction of Ye Feng, and then slowly said four heavy ancient Chinese characters: "Big, death, death, technique."

Great death spell!

boom.....

Almost at the moment when the giant skeleton said these four heavy words, Ye Feng suddenly felt that his whole body was enveloped by the infinite power of death.

There was an endless aura of death in the air, spurting out from the void, covering Ye Feng's entire body, and pulling Ye Feng into the infinite and terrifying kingdom of death, never to see the light of day again.

Emperor Chu immediately shouted in horror in his mind: "It is the ninth great death spell among the three thousand avenues in the world! Ye Feng! Hold on! You can't die! Don't be pulled into the kingdom of death, otherwise You will never come back to this world! Run!"
