

Ancient 2691

Chapter 2691 A bold idea

Buzz!

At this moment, Ye Feng's entire body was shrouded in a terrifying power of death.

This power of death is not simply the air of death between heaven and earth, but the most original power of death surging out of the legendary Kingdom of Death through the use of the Great Death Technique by the Skeleton Giant.

At this time, even though Ye Feng possesses an extremely powerful Chaos Body, the Chaos Body is rapidly losing its vitality at this moment.

Ye Feng's entire body felt like it was about to dry up at this moment.

"Bang, bang, bang..."

At this time, the God's heart seemed to be aware of the crisis and began to beat rapidly, providing Ye Feng with huge life energy and maintaining Ye Feng's current life state.

At this time, Ye Feng's eyes showed a look of deep horror, and he couldn't help but said: "I didn't expect that in the deepest part of this ancient battlefield, such an incredible skeleton giant would still survive, and it could also be used. The ancient Great Death Technique, the Great Death Technique is really terrifying, it is the ninth most powerful existence among the three thousand avenues in the universe."

boom!

At this time, Ye Feng immediately released his Devouring Domain, surrounding himself.

The Devouring Domain contains the secret of the Great Devouring Technique, which can be used to slightly resist the attack of the Great Death Technique.

After all, the Great Death Technique's attack on ordinary creatures is definitely a dimension-reducing blow.

However, Ye Feng also obtained a lot of mysteries of the Three Thousand Avenues of the Heavens, such as the Great Devouring Technique evolved from the Devouring Domain, and the Small Fate Technique that Ye Feng had learned before, which can withstand this great Death Technique. Dimensionality reduction attack.

At this time, Ye Feng struggled to escape quickly in the death realm, trying desperately to escape.

Boom! !

But suddenly at this moment, the giant skeleton not far away suddenly grasped the tens of thousands of meters long steel sword in his hand, and instantly chopped it down from high in the sky, and suddenly hit Ye Feng's body. .

Boom!

Ye Feng had no time to resist at this time, because he was struggling against Death

The effects of death spells.

Therefore, his entire body was chopped directly above his head by a steel sword tens of thousands of meters long.

However, Ye Feng's Tianling Cap is very strong. After all, his entire body is a chaotic body, and his bones are also evolving in the direction of chaotic bones.

So at this time, Ye Feng was slashed to the ground, smashing a large area of land into pieces in an instant.

However, Ye Feng did not suffer any devastating blow. His skull was very strong, like a hard shield, which could resist the tens of thousands of meters long steel sword.

Rumble...

But at this time, the ruins after the entire earth was shattered shrouded Ye Feng's entire body, making it impossible for Ye Feng to escape.

After all, the Great Death Technique has always been shrouding him, rapidly devouring Ye Feng's vitality.

At this moment, Ye Feng was simply in a prisoner's dilemma, unable to get out at all.

Boom!

But suddenly at this moment, a sword glowing with emerald green light struck down from the dim sky in an instant, blasting the giant skeleton not far away and sending him back several times. step.

Uh-huh!

At this time, Ye Feng suddenly looked up to the sky and saw a familiar figure, that was Leng Qingxue.

At this moment, Leng Qingxue had obviously received all the inheritance from his ancestors. His whole body was emitting a strong light and he flew towards Ye Feng.

Ye Feng immediately spoke out and said: "Senior Sister Qingxue, hurry up and get away from me. This area of space is shrouded in the mystery of the Great Death Technique, and even I can't escape."

Leng Qingxue immediately shouted coldly at this time: "Great Destiny Technique!"

boom!

At this moment, Leng Qingxue's body suddenly burst out with runes of fate, exuding strong light, and instantly bombarded Ye Feng's surroundings, unexpectedly in the kingdom of death formed by the great death spell, a small entrance was opened.

Uh-huh!

Then Leng Qingxue rushed forward and pulled Ye Feng out in one fell swoop, pulling him back to the human world from the endless darkness of the kingdom of death.

Buzz...

At this moment, Ye Feng's entire body began to recover from the injuries he suffered.

Because Ye Feng was in the kingdom of death, it was difficult to recover from his injuries.

Now that he has returned to the human world, he has naturally returned to his peak state in an instant.

After all, Ye Feng's vitality is still very strong. You must know that he is a chaotic body, and he is also fused with a god's heart.

At this time, Ye Feng's eyes showed a look of surprise, and he couldn't help but said: "Senior Sister Qingxue, I didn't expect you to have comprehended the Great Destiny Technique!" .??.

Leng Qingxue couldn't help but shook her head at this time and said aloud: "After I understood the Little Fate Technique to perfection, I returned to Tiandao Sect and only understood a little bit of the Great Fate Technique. Then we will practice together, I will teach you the initial secret of the Great Destiny Technique. Ye Feng, you also practiced the Small Destiny Technique back then, so you will definitely master the Great Destiny Technique, the number one technique in the three thousand avenues of the heavens, very quickly. "

Ye Feng nodded immediately at this time, "Let's talk about it then. Let's get out of this dangerous situation first!"

Uh-huh!

Ye Feng instantly pulled Leng Qingxue and ran towards the distance, wanting to leave here.

Boom!

But at this time, the giant skeleton not far away once again launched the Great Death Technique, and holding the tens of thousands of meters long steel sword in his hand, he slashed at him in an instant.

"Swordsmanship!"

At this moment, Leng Qingxue immediately gave a cold shout, and then a series of horrible waves suddenly burst out from his body.

The extremely sharp sword light condensed into countless sword rains in an instant, protecting Ye Feng and himself.

Swish, swish, swish!

Swish, swish, swish!

Countless sword lights collided with the steel sword tens of thousands of meters long, and an earth-shattering roar suddenly erupted.

The entire ancient battlefield was shaking tremendously at this moment.

But Leng Qingxue's sword control skills successfully blocked the skeleton giant's tens of thousands of meters long steel sword.

In fact, Leng Qingxue's combat power is also very terrifying.

After all, she is the top true disciple of Tiandao Sect.

The reason why I was trapped in the ancient Colosseum before was because I was attacked by more than a dozen ancient beast souls.

After all, Leng Qingxue was not a soul master, so when he was attacked at the soul level, he naturally could not escape the siege of more than a dozen ancient beast souls.

So in total comparison, Ye Feng's soul skills are more powerful than Leng Qingxue, but in actual martial arts combat, Leng Qingxue's martial arts power is a little more powerful than Ye Feng.

At this time, the two can be said to learn from each other's strengths.

Ye Feng had previously helped Leng Qingxue get out of the predicament of the ancient beast soul.

Now Leng Qingxue helped Ye Feng get out of this skeleton giant's predicament.

It can be said that they saved each other.

Uh-huh!

At this moment, Ye Feng suddenly stopped, looked at the giant skeleton not far away and said: "Senior Sister Qingxue, it seems that your martial arts strength is very powerful. Maybe the two of us can work together to defeat this skeleton. If you kill the giant, you might be able to obtain the great death technique bred in this giant skeleton."

Hearing Ye Feng's bold idea, Leng Qingxue couldn't help but reveal a trace of surprise in her beautiful eyes.

But seeing Ye Feng's seemingly confident eyes, Leng Qingxue did not refuse, but nodded and said: "Okay, we won't run away, I trust your judgment!"

Chapter 2692 We succeeded

At this moment, after the two people had discussed it, they immediately stopped and turned around to look at the giant skeleton chasing him from the depths of the ancient battlefield.

Ye Feng glanced slightly at Leng Qingxue beside him, and said loudly: "Senior Sister Qingxue, you will use your martial arts power to attack this giant skeleton later, and I will use my powerful soul power to attack this giant skeleton. The soul fire in the skeleton giant's body. This skeleton giant is not a real creature, but an evil spirit-like existence. It is just a ball of soul fire attached to this huge skeleton, so it became such a person. A powerful existence, but we must be careful when this giant skeleton launches the Great Death Technique again."

Leng Qingxue nodded immediately, and then suddenly stretched out a white finger and instantly touched Ye Feng's eyebrows.

Buzz!

A very mysterious spiritual imprint immediately appeared in Ye Feng's mind.

Leng Qingxue immediately said aloud: "This very mysterious spiritual mark contains my understanding of the Great Destiny Technique. Ye Feng, you have practiced the Small Destiny Technique before, so you should be able to comprehend it quickly. The initial use of the Great Destiny Technique will play a huge role in the subsequent use of the Great Death Technique against this skeletal giant."

When Ye Feng heard this, he immediately nodded, and then said: "Okay! I will understand while fighting."

At this moment, Ye Feng was still quite happy in his heart. He did not expect to get the secret of the Great Destiny Technique, which ranked first among the three thousand avenues in the world.

Although it is only the original secret of the Great Destiny Technique, it is also extremely precious.

Uh-huh!

At this time, Ye Feng rushed to the sky in an instant, and then began to exude his extremely powerful soul power, attacking the giant skeleton not far away.

"Ten Thousand Swords Domain!"

At this time, Leng Qingxue also burst out all over her body in an instant.

He caught countless sword rays, rushed directly into the air, and released a series of very terrifying sword rays towards the skeleton giant not far away, which was able to trap the skeleton giant in place and prevent him from running around.

"Thousands of troops!"

At this time, Ye Feng released his soul power. The majestic soul power instantly condensed into armored soul warriors high in the sky, all holding soul-state weapons in their hands. , like thousands of troops, they charged towards the skeleton giant.

"The Great Death Technique!"

At this moment, the skeleton giant immediately released a huge death spell.

In an instant, a kingdom of death appeared around the giant skeleton, resisting all the thousands of troops and soul soldiers gathered by Ye Feng.

It has to be said that the Great Death Technique, a top-ranked Taoist technique among the heavens, is very miraculous and can actually withstand attacks at the soul level of Ye Feng.

Boom! !

At this moment, the skeleton giant held the steel sword tens of thousands of meters long in his hand and slashed towards Leng Qingxue.

Because he could feel that Leng Qingxue's threat to him was much greater than Ye Feng's.

Leng Qingxue now has the inherited cultivation from his ancestors, and his strength and martial arts skills are many times stronger than before. Therefore, Leng Qingxue has become the main combat force at this time.

At this moment, Leng Qingxue's body suddenly erupted with extremely powerful divine light. He actually condensed nine giant swords of light that were several kilometers long behind his back, and then instantly moved towards It rushed forward, as if it could split the whole world into pieces.

Killed in half.

At this moment, Ye Feng instantly began to understand the initial meaning of the Great Destiny Technique that Leng Qingxue in his mind sent to his soul.

Although this is only a very initial power of the Great Destiny Technique, as long as Ye Feng understands it and uses the Great Destiny Technique a little, he can resist the Great Death Technique.

Because the Great Destiny Technique is so powerful, it is the number one existence among the three thousand avenues in the world, and is very terrifying, while the Great Death Technique only ranks ninth.

At this time, Ye Feng, through his demonic comprehension, quickly understood all the spiritual marks sent to him by Leng Qingxue.

Buzz!

At this moment, coupled with the foundation of the Little Fate Technique that Ye Feng had practiced before, Ye Feng suddenly felt that his understanding of the Great Fate Technique had gradually become clearer.

At this moment, Ye Feng instantly activated the Great Destiny Technique and stretched out a hand towards the front.

boom! !

Almost at this moment, Ye Feng used the Great Destiny Technique, and an ancient rune mark came out directly from his palm. The power of fate was running, and he instantly bombarded those who used the Great Death Technique around the skeleton giant. Above the condensed kingdom of death.

Click click click...

The kingdom of death condensed by the Great Death Technique guarding the skeleton giant was suddenly blasted with a crack by the rune mark of Ye Feng's Great Destiny Technique.

Then with a "rumbling" sound, all the soul soldiers, thousands of troops, all rushed through this gap and rushed in front of the skeleton giant.

"ah!!"

Countless soul soldiers, full of terrifying killing attacks, rushed into the soul fire in the skeleton giant's body at the first moment, and then went crazy.

Chopping wildly.

Earth-shattering screams suddenly came from the ball of soul fire inside the skeleton giant's body.

At this moment, Ye Feng's soul attack made the skeleton giant panic instantly.

When the skeleton giant panicked, the battle between him and Leng Qingxue became unstable in an instant.

"good chance!"

At this moment, Leng Qingxue caught the skeleton giant inadvertently, and instantly displayed the powerful inheritance of her ancestors that she had just obtained.

"Sword of Heaven and Earth!"

"The sword will destroy the world!"

Boom!

At this moment, Leng Qingxue's body suddenly erupted with a terrifying sword light.

Countless sword lights condensed together and turned into a lightsaber that was hundreds of thousands of meters long, emitting thousands of rays of light. Then it bombarded down from high in the sky and was directly inserted into the skull giant's head.

Rumble...

With a terrifying roar, Leng Qingxue's huge lightsaber suddenly split the skeleton giant's entire body into two halves.

Uh-huh!

As the skeleton giant's entire body split into two halves, the soul fire hidden in it immediately panicked and wanted to escape into the distance.

"Soul bound!"

But at this time, Ye Feng instantly activated his soul power and formed a huge soul prison, trapping the soul fire in the skeleton giant's body directly in this soul prison. .

Ye Feng burst out laughing at this moment: "Senior Sister Qingxue, we succeeded. As long as we refine this ball of soul fire, we will be able to obtain the extremely precious Great Death Technique!"

Chapter 2693 The Light of the Inner Sect

At this time, Ye Feng reached out and grabbed the trapped soul fire in his palm.

At this moment, the voice of the skeleton giant came from the soul fire: "Sir, please have mercy, sir, please have mercy! I really didn't mean it, please let me go!"

But Ye Feng was too lazy to talk nonsense at this time. He directly grabbed it with his hand, and then exerted force with his palm, instantly crushing the ball of soul fire and turning it into pieces of soul fragments.

Among these soul fragments, Ye Feng extracted the soul fragments containing the original death attribute, and then absorbed them directly.

Among these soul fragments that contain the original death attribute, there is definitely the secret of the Great Death Technique.

Buzz! .??.

Almost at this moment, Ye Feng immediately sensed the secret of the Great Death Technique, appeared in his spiritual soul, and then merged into his body.

At this moment, Ye Feng had naturally understood the ninth great death technique among the three thousand avenues in the world.

At this time, Ye Feng suddenly stretched out his hand, grabbed it in a certain direction in the distance, and then said loudly: "Great Death Technique! Activate!"

Buzz! .??.

In that direction, a very terrifying aura of death suddenly appeared in the void.

In the area covered by Ye Feng's palm, all the trees, flowers and plants withered in an instant, and life was assimilated by death in an instant.

"This is....."

At this time, after seeing this scene, Leng Qingxue, who was standing next to him, couldn't help but show deep shock in his beautiful eyes, and then couldn't help but said in surprise: "Ye Feng, you have now understood How could it be so fast?"

Ye Feng looked at Leng Qingxue beside him at this time, smiled slightly and said: "It's actually very simple. I swallowed and fused all the soul fragments that contained the secret of the great death spell in the soul fire of this skeleton giant. I realized it naturally, because my Devouring Domain allows my soul to interact with other people.

The message contained in his soul assimilates. "

Hearing what Ye Feng said, Leng Qingxue was a little stunned because she couldn't understand what Ye Feng was talking about at all. She only felt that what Ye Feng said was a bit mysterious. Also mysterious.

However, Ye Feng did not intend to waste any more time explaining anything at this time. He directly stretched out his hand and pressed it on Leng Qingxue's forehead.

Buzz!

Then Ye Feng instantly passed on the secret of the Great Death Technique that he had just comprehended to Leng Qingxue.

The Great Death Technique is a very powerful Taoist technique, ranking ninth among the three thousand avenues.

When fighting enemies, it has a very terrifying effect, being able to pull living creatures into the legendary and terrifying kingdom of death.

So this is a very powerful method. At this moment, Ye Feng taught it directly to Leng Qingxue without any hesitation.

After Leng Qingxue received the secret of the Great Death Technique, her eyes suddenly showed surprise, and she couldn't help but said: "Ye Feng, you directly taught me the Great Death Technique?"

At this moment, Leng Qingxue's eyes were a little unbelievable. After all, she didn't expect Ye Feng to teach him such a precious thing as the Great Death Technique without hesitation.

Ye Feng looked at Leng Qingxue in front of him at this moment, smiled slightly and said: "Senior Sister Qingxue is willing to teach me even the number one secret of the Great Destiny Technique, so how could I be reluctant to teach it the Great Death Technique? It's for you, Senior Sister Qingxue."

Leng Qingxue shook his head and said loudly: "The Great Death Technique is the entire secret that you have taught me, and the Great Destiny Technique that I taught you is only the initial secret. You still need to continue to understand it yourself. The value are different."

Ye Feng laughed at this time, and then said aloud: "I'm not such a stingy person.

, and Senior Sister Qingxue has already had a very close relationship with me. "

Hearing Ye Feng say that the relationship is very close, Leng Qingxue's originally cold face suddenly showed an inexplicable look.

At this time, Ye Feng did not notice this special scene.

He just turned around, looked at the entire ancient battlefield, and said aloud: "When your ancestor, Senior Sister Qingxue, came here, he was probably looking for the secret of the Great Death Technique, but he was struck by a strange and unknown power. It is a pity to be trapped in a metal castle and die. "

Leng Qingxue also sighed slightly at this time, and then said aloud: "No matter what, this is an individual's fate. It may have been destined somewhere, and we have no control over it."

Hearing what Leng Qingxue said, Ye Feng immediately looked at the other party in surprise, and then couldn't help but smile and said: "We as warriors practice, we don't believe in heaven, we don't believe in fate, we only believe in ourselves, otherwise we would still be practicing the great destiny technique. ? What's the point? The purpose of our hard work is to change our destiny, to transcend everything, to fulfill our dreams and realize our ambitions."

Hearing what Ye Feng said, Leng Qingxue immediately showed a beautiful smile on her face, and then said loudly: "Ye Feng, you are right. Man can conquer nature, which is the belief of us warriors."

And just as the two people were talking, they also left this ancient battlefield and returned to the metal castle.

Then the two of them continued to leave the metal castle and walked towards the outer area of the Mountain of Death.

When Ye Feng and Leng Qingxue left the Mountain of Death, they returned to the Demonic Pond outside.

They immediately saw a group of elite teams from the Tiandao Sect not far away, seemingly discussing how to enter the Mountain of Death to rescue them.

"It's Senior Sister Leng Qingxue!"

"And Senior Brother Ye Feng! They are all out!"

At this time, someone in the team not far away knew Ye Feng and Leng Qingxue, and they couldn't help but exclaimed in surprise.

And the moment the voice fell, everyone's eyes were focused on the two of them, with shock in their eyes.

They are still discussing here how to safely enter the Mountain of Death and rescue Ye Feng and Leng Qingxue.

Unexpectedly, Ye Feng and Leng Qingxue had already come out.

Uh-huh!

At this moment, the great elder of the inner sect immediately came to the two of them, looked at Leng Qingxue, and couldn't help but ask: "Where are the other top true disciples?"

Leng Qingxue sighed and said aloud: "They have died in the deepest part of the Death Mountain, killed by the ancient beast soul."

Hearing what Leng Qingxue said, a group of other Tiandao Sect elites, including the inner sect elders, couldn't help but sigh.

Because this is really a huge loss for Tiandao Sect.

After all, he was the top true disciple.

But at this time, the guardian elder in the crowd suddenly smiled and said: "No matter what, it is enough for you two, Ye Feng and Leng Qingxue, to come out safely, and you will definitely get something inside." A huge opportunity, this is also a huge improvement for our Tiandao Sect. "

Hearing what the guardian elder said, the great elder of the inner sect nodded vigorously. He couldn't help but patted Ye Feng's shoulder and said loudly: "Good boy! Well done! So awesome! Even I can't help it." I don't admire you! You are simply the light of our inner sect!"

Ye Feng smiled slightly at this time, and then said aloud: "In any case, let's leave this Demon God Pond as soon as possible. After all, this is a restricted area of life, and danger may occur at any time."

When the guardian elders and inner sect elders heard what Ye Feng said, they all nodded, and then led everyone towards the outside of the Demonic Pond.

Chapter 2694 Summoned by the Sect Leader

The speed of the crowd was very fast. In less than half a day, they had left the forbidden area of the Heavenly Demon Pond.

After leaving the Heavenly Demon Pond, all the Tiandao Sect masters showed a trace of relief on their faces.

Because they knew very well that if they did not leave the Heavenly Demon God Pond for a day, they would most likely be swallowed up by the dangers in the Heavenly Demon God Pond at some point and fall into it.

So when they left the Demonic Pond at this time, everyone's faces showed a look of joy.

Although several top true disciples died this time, most of the true disciples were rescued.

In particular, two extremely powerful true disciples, Ye Feng and Leng Qingxue, were born. It can be said that this is the luck of Tiandao Sect.

After everyone returned to Tiandao Sect, the elder of the inner sect took a group of other disciples back to their respective residences to rest, and he also wanted to ask about their encounter in the Tianmo Shentan Pond this time.

At this moment, the guardian elder suddenly looked at Ye Feng and Leng Qingxue beside him, and said loudly: "You guys come with me, the sect leader just sent a message to me, asking me to take you to the center. In the secret room of the main hall, the master should have something to tell you."

Hearing what the guardian elder said, both Ye Feng and Leng Qingxue had a hint of surprise in their eyes.

Because they did not expect that the most mysterious and powerful leader of Tiandao Sect would actually want to meet the two of them alone.

Although the two of them had some doubts in their hearts, they both nodded at this moment and followed the guardian elder honestly towards the central hall of Tiandao Sect.

When they came to the central hall, they found that many Tiandao Sect disciples were selecting various sect tasks in the central hall, preparing to complete and earn contribution points.

When Ye Feng and Leng Qingxue saw this scene, they both looked at each other and saw a trace of smile in each other's eyes.

Because they once practiced diligently in the sect just like this group of new disciples.

\u003c

br\u003e But they have now reached the peak state of Tiandao Sect disciples. If they are unwilling to leave, they can become elders in Tiandao Sect.

However, Ye Feng and Leng Qingxue have very high ambitions. They do not want to stay in Tiandao Sect all the time, but want to go to the Holy Land of Tiandao that the guardian elder mentioned before.

Because the Holy Land of Tiandao is the extremely powerful giant force in the center of the God Realm, and it is the headquarters of Tiandao Sect, just like the headquarters of the Everlasting Hatred Demon Sect is the Eternal Demon Sect.

If the disciples of the Everlasting Hatred Demon Sect reach a peak state of cultivation, they will definitely go to the Eternal Demon Sect in order to pursue more powerful power.

At this time, Ye Feng and Leng Qingxue both guessed that the sect leader wanted to chat with them, probably to ask them if they wanted to go to the Holy Land of Heaven.

Because Tiandao Sect, as a branch of Tiandao Holy Land, has a certain quota every year, which can send outstanding disciples to Tiandao Sect disciples.

Then, based on Tiandao Sect's contribution, Tiandao Holy Land will also reward the Tiandao Sect with huge resources to support each other.

At this time, when the guardian elder brought Ye Feng and Leng Qingxue to the central hall, they did not stay too long.

Instead, he took the two of them and continued walking towards the deepest part of the central hall.

Ye Feng and Leng Qingxue walked through the long corridors and finally arrived at the deepest part of the central hall.

In the deepest part of the central hall, there is a rockery, flowing water, and a very classical-looking pavilion.

In this classical pavilion, a young man wearing a white robe is standing there at this moment, looking very delicate, just like an ancient scholar.

But this young man exudes

The aura of his cultivation is extremely unfathomable, making it impossible for anyone to guess his true strength.

Obviously this young man is the leader of Tiandao Sect.

At this time, when the guardian elder arrived, he immediately clasped his fists slightly and said, "Sir, lord."

The leader of the Tiandao Sect raised his head slightly at this moment, looked at the three people approaching, and then said with a smile: "Thank you for your hard work, guardian elder."

Obviously, the guardian elder has a very high seniority in Tiandao Sect. Even the head of Tiandao Sect has a very kind attitude in front of the guardian elder of Tiandao Sect at this moment.

At this time, Ye Feng and Leng Qingxue both stepped forward, clasped their fists, and said loudly: "Disciple, see the sect master."

"No gift."

The leader of the Tiandao Sect immediately smiled and said: "You two are both good, and both are super geniuses that our Tiandao Sect rarely encounters in a hundred years. In the Mountain of Death, I witnessed with my own eyes how you overcame various difficulties and attacked. Killing ancient beast souls, joining forces to deal with skeleton giants, etc., your qualifications are very powerful, and you are already qualified for our Tiandao Sect to spend our quota to send you to the headquarters of Tiandao Holy Land."

Hearing what the Tiandao Sect leader said, Ye Feng and Leng Qingxue showed a trace of surprise on their faces.

Obviously they never thought that everything they did deep in the Mountain of Death would be seen by the leader of Tiandao Sect.

At this time, the guardian elder smiled and said to the two of them: "The reason why we were able to come out of the death mountain of the Demon God Pond so smoothly is all because the sect leader secretly communicated with the people in the deepest part of the Demon God Pond. We are facing off against that weird and terrifying existence, otherwise none of us would be able to leave."

When Ye Feng and Leng Qingxue heard what the guardian elder said, they both nodded and felt a little enlightened.

No wonder they think that the Demonic Pool is

The restricted area of life does not seem to be as dangerous as imagined. It turns out that the greatest contribution is that the sect leader secretly fought against a strange and terrifying existence in the Devil's Pond.

That weird and terrifying existence might be the owner of the Demon Pond.

At this moment, the leader of the Tiandao Sect looked at Ye Feng and Leng Qingxue and said: "With your peerless talents, it is enough to go to the Holy Land of Tiandao to practice. Are you willing to leave for the Holy Land of Tiandao immediately?"

Ye Feng said without any hesitation: "This disciple is willing to go to the Holy Land of Heaven to practice."

For Ye Feng, his real goal is the big stage in the center of the entire God Realm.

Because he still has his number one enemy, the Lord of Chaos in the Chaos Holy Land, who has not yet been killed.

There is also the Chaos God Clan where my mother belongs, a super powerful God Clan that ranks among the top 100 in the God Realm.

So for Ye Feng, he naturally has to step into the real big stage at the center of the God Realm, so that he can continue to experience himself and become more powerful.

At this time, Leng Qingxue suddenly said: "I don't want to enter the Holy Land of Tiandao for the time being, because I have just received the inheritance from my ancestors. I need to practice in seclusion in a safe place like Tiandao Sect for a while before going to the Holy Land of Tiandao."

When Ye Feng heard what Leng Qingxue said, he nodded slightly and said, "This is the right choice."

For Leng Qingxue, the most important thing for her now is to fully understand the ancestral inheritance she just received from the depths of the Death Mountain.

There is really no rush to go to the Holy Land of Heaven, because you can go at any time.

The leader of Tiandao Sect also nodded at this moment, stared at Ye Feng, and said loudly: "Since you are willing to go to Tiandao Holy Land, then I will make arrangements for you. This time, other true disciples of our Tiandao Sect may also come. Let's go to the Holy Land of Heaven together. When the time comes, you can form a team and I will ask the guardian elder to escort you."

Chapter 2695 Going alone

"With other true disciples?"

Hearing this, Ye Feng showed a hint of thinking in his eyes, and then said aloud: "I am going to the Holy Land of Heaven alone."

When the leader of the Tiandao Sect heard what Ye Feng said, there was a trace of surprise in his eyes, and he couldn't help but said: "You want to go to the Holy Land of Tiandao alone? You must know that the Holy Land of Tiandao is very far away from our Tiandao Sect. The distance is so long that you have to cross almost half of the central land of the God Realm. The road is very dangerous and you may encounter various accidents. Are you really sure that you want to go alone? You have to know that there is a guardian elder with you? If you go, you will arrive at the Holy Land of Heaven very safely."

After the leader of the Tiandao Sect finished speaking, the guardian elder standing beside him nodded and said, "Ye Feng, don't be impulsive. I'll take you to the Holy Land of Tiandao."

Ye Feng smiled and shook his head at this time, and said aloud: "I want to take this opportunity to practice myself. I still have several powerful inheritances in my body, but I have not fully understood them. Maybe here Through actual battles and experiences along the way, I have been able to realize all the inheritance in my body to a perfect state, and I am also used to walking alone."

Hearing what Ye Feng said, the leader of the Tiandao Sect could only nod his head, then smiled and patted Ye Feng's shoulder, and said loudly: "Even those top true disciples may not have such courage as you. I'm very optimistic about you."

At this time, after the leader of Tiandao Sect finished speaking, he immediately took out a golden token from his storage ring, handed it into Ye Feng's hand, and said loudly: "Take this golden token and wait. When you arrive at the Holy Land of Heaven, show them directly and they will let you enter directly."

Ye Feng took the golden token and immediately nodded heavily and said, "Thank you, Lord!"

At this time, Leng Qingxue beside Ye Feng couldn't help but said: "Ye Feng, do you really want to go to the Holy Land of Heaven alone? This is not a joke."

Ye Feng smiled and said: "Don't worry, I have been practicing alone all this time, and I have long developed the habit of being cautious. Nothing will happen to me."

At this moment, seeing Ye Feng's firm gaze, Leng Qingxue could only nod, then smiled sweetly and said: "Ye Feng, after I successfully comprehend all the inheritance of my ancestors in Tiandao Sect, I will also go to the Holy Land of Tiandao, and I hope we can meet again soon in the Holy Land of Tiandao."

Ye Feng smiled and said, "I will definitely do it."

Next, Leng Qingxue left the central hall and returned to her residence, entering a profound retreat. This retreat may take half a year or even a few years.

And Ye Feng also said goodbye to the Tiandao Sect leader and guardian elders, and secretly left the Tiandao Sect.

Uh-huh!

In the jungle outside Tiandao Sect, Ye Feng took out a very huge map given to him by the leader of Tiandao Sect.

On this map, it is recorded in detail how to get to the Holy Land of Heaven.

After Ye Feng carefully observed the map in his hand, he immediately identified a direction and rushed towards that direction quickly.

Ye Feng is not in a hurry for his current journey, because he is not in a hurry to go to the Holy Land of Heaven.

So Ye Feng moved forward with a playful attitude at this time.

Ye Feng would definitely be very happy if he could encounter some good fortune on the road. \

br\u003e

It just so happens that Ye Feng can also go to the Holy Land of Heaven through this time and have a good tour of the entire central area of the God Realm.

Because since Ye Feng came to the center of the God Realm, he has not had such a good look at the entire center of the God Realm.

At this time, after Ye Feng left Tiandao Sect, he directly entered a stretch of mountains.

This stretch of mountains is called the Hundred Thousand Mountains, and there are one hundred thousand mountains in it. It has been inaccessible since ancient times, and there are many terrifying demons and evil beasts living in it.

There are also all kinds of terrible dangers, natural swamps, some poisonous gas miasma, etc., which are very terrifying.

At this time, Ye Feng did not flinch, but relied on his extremely powerful body to directly cross the entire Shiwan Mountain.

In the process of crossing, Ye Feng naturally encountered many extremely powerful demons, but they were all beaten to death by Ye Feng's iron fists.

After all, you must know that Ye Feng's current cultivation strength is extremely terrifying. His cultivation level has been greatly improved in the Death Mountain, and he has transformed directly on the basis of the perfection of the tenth level of the other shore realm.

When Ye Feng left Tiandao Sect, he asked the Tiandao Sect master in detail about his next level of cultivation.

What shocked Ye Feng was that Bianjing was not considered a true master of the land at the center of the God Realm.

There is still a long way to go before the realm of domination that Ye Feng has been looking forward to, that is, becoming an eternal dominator.

At present, the leader of Tiandao Sect told Ye Feng about the realms above the other shore realm. There are a few like this:

The realm above the Other Shore Realm is called the Taoist Realm. At this time, warriors begin to pursue the way of heaven in the entire universe.

Above the realm of Taoism, there is the realm of heavenly veins. When a warrior is in the realm of heavenly veins, he needs to use the power of the great avenue to open up ninety-nine heavenly veins in his body in order to achieve the great success of the realm of heavenly veins.

Above the Heavenly Dao Realm is the Divine Picture Realm, and the Divine Picture represents the totem of the gods! The ninety-nine heavenly veins can allow a warrior to evolve a divine totem unique to the warrior, which has incredible power.

Therefore, the realms above the Other Shore Realm are: Taoist Realm, Tianmai Realm, and Divine Map Realm.

These three realms are very special and serve as a link between the past and the next.

As for the realm after the Divine Map Realm, the leader of the Tiandao Sect said that he himself did not know, and he needed Ye Feng to go to the headquarters of the Tiandao Holy Land to understand it himself.

Next, it took Ye Feng three full days to cross the entire Shiwan Mountain.

And fighting countless monsters in the Hundred Thousand Mountains and devouring the blood energy of the monsters also allowed Ye Feng's cultivation to finally transform from the tenth level of the other side realm to the half-step realm!

At this time, Ye Feng suddenly showed deep excitement in his eyes, "Sure enough, practicing outside is much better than going directly to the Holy Land of Heaven."

Because Ye Feng knew very well that if he went to Tiandao Holy Land with his current cultivation level, he might only be at the bottom of Tiandao Holy Land.

But if he had adventured and experienced all the way to the Holy Land of Heaven, then his cultivation level would have definitely increased tremendously.

After arriving at the Holy Land of Heaven, I will not be at the bottom of the Holy Land.

It is precisely because of this consideration that Ye Feng refused to go to the Holy Land of Tiandao with a group of true disciples of the Tiandao Sect. Instead, he wanted to travel across most of the center of the God Realm to the headquarters of the Holy Land of Tiandao! "With other true disciples?"

Hearing this, Ye Feng showed a hint of thinking in his eyes, and then said aloud: "I am going to the Holy Land of Heaven alone."

When the leader of the Tiandao Sect heard what Ye Feng said, there was a trace of surprise in his eyes, and he couldn't help but said: "You want to go to the Holy Land of Tiandao alone? You must know that the Holy Land of Tiandao is very far away from our Tiandao Sect. The distance is so long that you have to cross almost half of the central land of the God Realm. The road is very dangerous and you may encounter various accidents. Are you really sure that you want to go alone? You have to know that there is a guardian elder with you? If you go, you will arrive at the Holy Land of Heaven very safely."

After the leader of the Tiandao Sect finished speaking, the guardian elder standing beside him nodded and said, "Ye Feng, don't be impulsive. I'll take you to the Holy Land of Tiandao."

Ye Feng smiled and shook his head at this time, and said aloud: "I want to take this opportunity to practice myself. I still have several powerful inheritances in my body, but I have not fully understood them. Maybe here Through actual battles and experiences along the way, I have been able to realize all the inheritance in my body to a perfect state, and I am also used to walking alone."

Hearing what Ye Feng said, the leader of the Tiandao Sect could only nod his head, then smiled and patted Ye Feng's shoulder, and said loudly: "Even those top true disciples may not have such courage as you. I'm very optimistic about you."

At this time, after the leader of Tiandao Sect finished speaking, he immediately took out a golden token from his storage ring, handed it into Ye Feng's hand, and said loudly: "Take this golden token and wait. When you arrive at the Holy Land of Heaven, show them directly and they will let you enter directly."

Ye Feng took the golden token and immediately nodded heavily and said, "Thank you, Lord!"

At this time, Leng Qingxue beside Ye Feng couldn't help but said: "Ye Feng, do you really want to go to the Holy Land of Heaven alone? This is not a joke."

Ye Feng smiled and said: "Don't worry, I have been practicing alone all this time, and I have long developed the habit of being cautious. Nothing will happen to me."

At this moment, seeing Ye Feng's firm gaze, Leng Qingxue could only nod, then smiled sweetly and said: "Ye Feng, after I successfully comprehend all the inheritance of my ancestors in Tiandao Sect, I will also go to the Holy Land of Tiandao, and I hope we can meet again soon in the Holy Land of Tiandao."

Ye Feng smiled and said, "I will definitely do it."

Next, Leng Qingxue left the central hall and returned to her residence, entering into a profound retreat. This retreat may take half a year or even a few years.

And Ye Feng also said goodbye to the Tiandao Sect leader and guardian elders, and secretly left the Tiandao Sect.

Uh-huh!

In the jungle outside Tiandao Sect, Ye Feng took out a very huge map given to him by the leader of Tiandao Sect.

On this map, it is recorded in detail how to get to the Holy Land of Heaven.

After Ye Feng carefully observed the map in his hand, he immediately identified a direction and rushed towards that direction quickly.

Ye Feng is not in a hurry for his current journey, because he is not in a hurry to go to the Holy Land of Heaven.

So Ye Feng moved forward with a playful attitude at this time.

Ye Feng would definitely be very happy if he could encounter some good fortune on the road. \u003c

Chapter 2696 Punch

At this moment, Ye Feng was walking in the endless forest.

Buzz!

Huge soul power was emitted, and Ye Feng was exploring the various surrounding environments as he hurried on.

In addition to detecting some powerful demons that can be used to devour blood energy, Ye Feng is very likely to find some rare treasures in this primitive forest, various medicinal materials that have grown for many years, and so on. ??

"boom!"

Suddenly at this moment, Ye Feng suddenly felt a very strong wave coming from a certain direction not far away.

At this moment, Ye Feng's eyes moved and he immediately galloped towards the direction of the wave transmission not far away.

At this time, Ye Feng's eyes showed a hint of curiosity.

How could such violent fluctuations suddenly occur in such deep mountains and old forests? It seems that there is a very powerful existence resisting.

Uh-huh!

Half an hour later, when Ye Feng arrived at his destination, he immediately saw a dozen monsters with very tall bodies, which seemed to be humanoid monsters. At this moment, they were holding soldiers exuding black energy in their hands and besieging them. A group of young people who look very young.

This group of young people exudes very strong cultivation fluctuations, and the cultivation of each one is quite superb.

But these demons are too powerful.

Therefore, many young people died under the blades of these demons. Their corpses were lying on the spot, stained with blood on the ground, and they looked very bloody.

At this time, Ye Feng saw that all these young people were human beings and were besieged by this group of demons, so Ye Feng almost did not hesitate and rushed forward in an instant.

boom!

When Ye Feng's figure appeared on the field, everyone's eyes were instantly attracted to him.

Including those demons who are besieging these young people, all of them have eyes emitting a strange red light, staring at them.

Ye Feng.

Because the aura of cultivation that burst out from Ye Feng was very powerful, he was already halfway to the realm of enlightenment.

So it attracted everyone's attention in an instant.

Including those powerful demons, there was a trace of surprise in their eyes.

It seems that he did not expect that such a master of the human race would appear in such deep mountains and forests.

And he looks very young.

"Half step to ask about the cultivation level of the realm?"

At this time, a tall demon, exuding an extremely strong demonic aura, immediately stared at Ye Feng, with a deep cold murderous intent in his eyes, and said loudly: "Your Excellency, you want to mind your own business? I advise you. Your Majesty, you better get out of here quickly, otherwise you will end up being miserable later."

Ye Feng just smiled faintly at this time and said: "You ferocious monsters have actually killed so many of our human race. Since I encountered this, I naturally want to help, and besides, you dozen The demon's energy is very strong, and it works very well for me."

"good results?"

Hearing Ye Feng say this at this moment, the dozen demons suddenly showed a trace of doubt in their eyes, and couldn't help but said: "What do you mean?"

Ye Feng smiled slightly and said, "What do you mean, you will know later."

boom!

At this moment, Ye Feng was the first to take action.

A huge aura of cultivation suddenly erupted from his body.

This is the first time Ye Feng has exploded with his extremely powerful momentum after breaking through to the halfway realm.

At this time, Ye Feng burst out

After half-stepping to the realm of enlightenment, a group of more than a dozen monsters around them burst out laughing: "I thought you were so powerful, but I didn't expect that your cultivation level is only half-step to the realm of enlightenment!"

boom! boom! boom.....

Almost at this moment, the dozens of monsters around them all burst out with their own powerful cultivation aura.

Astonishingly, they are all true Taoist realms!

And he still wants to reach the third level of the realm!

Ye Feng's eyes were a little surprised. Sure enough, he came to the middle area of the earth in the center of the God Realm, and the creatures were getting stronger and stronger.

The cultivation strength of these demons is indeed extremely powerful.

But there was no fear in Ye Feng's eyes.

Because during this period of time, Ye Feng not only achieved a breakthrough in his cultivation to the half-step realm of Taoism, but also improved his understanding of various spiritual secrets and martial arts inheritance to a rather advanced level.

So at this time, Ye Feng's face was still extremely calm. ??

At this moment, the eyes of several young people not far away showed deep fear.

They originally thought that a super master from their own human race had really arrived.

But I didn't expect that although Ye Feng's cultivation level was not low, it didn't seem to be as powerful as imagined.

At this time, these young people immediately said: "Brother, run away quickly. You are a peerless genius of our human race. Don't risk your life for us weaklings!"

At this moment, hearing what these young people said, Ye Feng immediately smiled and said: "Don't worry, these monsters are nothing, watch me slay them!"

At this time, after Ye Feng finished speaking, extremely powerful skill energy burst out instantly.

Six Paths of Samsara Fist!

At this time, Ye Feng

In an instant, all his power and energy burst out and poured into his fist.

boom! !

Then Ye Feng's fist suddenly burst out with a terrifying light of destruction, full of the charm of six reincarnations. In an instant, all the space in front was covered, and then all the dozen monsters were He was hit by Ye Feng's punch.

"Boom! Click!"

"Boom! Click!"

"Boom! Click!"

"..."

At this moment, the destructive light of Ye Feng's punch was truly terrifying to the extreme, possessing a destructive power that could destroy the world.

Almost at the next moment, more than a dozen demons did not even react, and their entire bodies were shattered inch by inch.

At this time, Ye Feng's eyes showed satisfaction. His combat power had indeed improved a lot during this period.

"boom!"

The next moment, Ye Feng instantly released the Devouring Domain, shrouding the dozens of monsters that had been smashed into the Devouring Domain, and quickly absorbed the huge remaining blood energy of these demons.

"What?!"

"One punch... Kill them all?!"

"Hiss! This person's strength... is so terrifying!"

At this time, several young people not far away suddenly widened their eyes, filled with deep shock.

Because they know very well how powerful a dozen demons can be if they join forces.

But Ye Feng smashed all the dozen demons into pieces in an instant, which was really terrifying to the extreme!

"This is definitely a super genius who has been trained by a super power outside!"

Several young people couldn't help but speak out one after another at this moment.

Chapter 2697 Waiting for opportunity

quiet!

Deadly quiet!

At this moment, the entire primeval forest, which was originally boiling, once again returned to deathly silence.

At this time, Ye Feng also released the Devouring Domain, swallowing up all the blood and energy of more than a dozen demons.

And with the help of the powerful blood energy of these dozen monsters, Ye Feng's cultivation finally underwent a qualitative transformation, directly from the half-step Dao Realm to the first level of Dao Realm.

At this time, Ye Feng's eyes showed a hint of surprise.

Because he didn't expect that the skills of these dozen demons were quite good, and he didn't expect that he would directly break through the final level and reach the real first level of the Dao Realm.

This is a fortunate thing for Ye Feng.

Because this time he not only saved several people of the same clan, but also broke through his own cultivation level and reached the realm of Taoism.

At this moment, Ye Feng turned around and looked at the young people not far away, and couldn't help but ask: "How did you provoke these powerful demons?"

Among these young people, the leader is a young man wearing a green robe.

The young man in green robes immediately clasped his fists and said: "On behalf of all of us, I would like to thank you for your rescue, brother. As for how we provoked these powerful demons, it was because we accidentally saw two of them in the nearby forest. The demon tribes are confronting each other in a very special area. That special area is a vast quagmire, in which a very special kind of heavenly material and earthly treasure seems to be growing, which is extremely precious and exudes a dazzling divine light. "

When Ye Feng heard what the young man in green robe said, his eyes suddenly showed a trace of surprise, and then he said loudly: "Then now, the treasure of heaven and earth must have been robbed by these two demon tribes. Come on, it's really a pity."

"uncertain."

The man in the green robe shook his head at this moment, and then said aloud: "We accidentally walked into the quagmire of the wilderness before, and discovered the treasures of heaven and earth in it. It seems to be called the 'Heart of the Forest', which is a very special kind of thing." A rare genius treasure, which contains the green energy of the entire primeval forest and contains very majestic vitality. If it can be obtained, it will have an incredible effect on us warriors, and it is likely to improve our skills and cultivation. , even tempering our physique, making our vitality more powerful, and consolidating our martial arts origins. However, at that time, we saw that the heart of the forest was not fully mature, and the two demon tribes were confronting each other. , you should wait for the heart of the forest to be fully mature before starting to snatch it, because the heart of the forest that is not fully mature will not have much effect. It will only be effective if it is fully grown. "

At this time, Ye Feng's eyes suddenly lit up when he heard the man in green robe say this.

The heart of the forest seems to be a kind of natural treasure that I have never heard of.

The heart of the forest grown by gathering the green energy of the entire primitive forest must contain very rich life energy. For Ye Feng, it is indeed a good opportunity.

There was a trace of interest in Ye Feng's eyes, and he said to the young people in front of him: "Then will you go with me?"

"No."

The young man in green robe gave a wry smile and said: "If we go to this level of cultivation, it is tantamount to seeking death. We have no regard for this extremely precious thing."

We don't dare to covet the treasures of heaven and earth. It's just that we were so unlucky that we happened to encounter the vast quagmire where the Heart of the Forest grew up. As a result, we were hunted down for no reason. It was really an unnecessary disaster. But brother, you must be careful when you go there. , these monsters chasing us are just ordinary monsters, there are more powerful ones, you must be careful. "

At this moment, Ye Feng heard this and immediately smiled and said: "Okay."

Next, these young men immediately started to take action, putting the bodies of all their dead companions into their own storage rings and taking them back for burial.

When Ye Feng saw this scene, he didn't say anything more and left the scene directly, rushing towards the vast quagmire of the primitive forest.

...

Buzz!

In the next few days, Ye Feng exuded his huge soul power and began to explore the surroundings.

Finally on the seventh day, Ye Feng found this vast quagmire in the primeval forest.

At this moment, Ye Feng was hiding in a bush and observing outside.

Ye Feng saw that in the vast quagmire of this primeval forest, there was indeed an emerald green tree growing.

On the crown of this emerald green tree, grows a huge heart-shaped fruit.

The surface of this fruit exudes a bright emerald green light, surging with a very terrifying vitality.

It feels like the heart of an ancient behemoth is beating.

At this time, Ye Feng suddenly understood that the emerald green fruit growing on the tree crown should be the heart of the forest.

At this moment, Ye Feng could feel that the life fluctuations in the heart of the forest were getting stronger and stronger.

"It seems like it's about to mature."

Ye Feng guessed in his heart.

Now Ye Feng's soul power is very huge, so he is very sensitive to subtle changes in everything.

At this time, Ye Feng looked around and found that there were two teams confronting each other around this vast quagmire.

These two teams are the demon tribes living around the wilderness quagmire.

In the first team, there were hundreds of monsters that were about the same size as normal humans.

The second team has only five members in total.

But these five monsters are a kind of majestic troll family with a height of several hundred meters.

At this time, the two teams were confronting each other around this vast quagmire.

Both sides have not taken action for the time being, because they are waiting for the final maturity of the heart of the forest.

Because this heart of the forest can only play a huge role when it truly matures.

If early snatching destroys the growth of the heart of the forest, it will be a huge loss for both parties.

So at this time, the demons on both sides were standing still, just staring at the heart of the forest in the center of the quagmire.

"It seems we need to wait a while."

Ye Feng, the third party, was hiding in the surrounding jungle at this moment, standing still, waiting for the opportunity to take action at any time.

Because Ye Feng is also very interested in this very rare forest heart, so naturally he will not leave just like that. quiet!

Deadly quiet!

At this moment, the entire primeval forest, which was originally boiling, once again returned to deathly silence.

Chapter 2698 Snatching the Heart of the Forest

At this moment, Ye Feng was secretly lurking in the jungle, waiting for the final moment of maturity of this forest heart.

Because Ye Feng knows very well that once the heart of the forest matures, the demons on both sides will start to snatch it, and then he can take advantage of the chaos to snatch it.

If there was only one demon team, it would be difficult for Ye Feng to observe secretly, but with two demon teams confronting each other, it would give Ye Feng the opportunity to fish easily.

Buzz!

At this time, Ye Feng secretly exuded his huge soul power, always sensing the growth state of the heart of the forest growing in the middle of the wild quagmire.

Because Ye Feng knows very well that when the heart of the forest grows to be almost fully mature, the demons on both sides will definitely take action in an instant. At that time, Ye Feng will need to take action in an instant.

At this moment, when Ye Feng was secretly paying attention, in the middle of the wild quagmire not far away, the heart of the forest, which was exuding emerald green light, finally experienced a slight change.

I saw that the light above the Heart of the Forest was getting stronger and stronger, as if the fruit was about to be fully ripe.

Seeing this scene, Ye Feng's eyes suddenly moved. It seemed that the Heart of the Forest was about to fully mature.

Buzz...

At this moment, the two teams of demons standing around the Heart of the Forest were instantly aware of this change.

Then every powerful demon in the team exuded a very strong demonic energy.

boom!

But before the two teams could take action, a huge roar suddenly erupted in this vast quagmire.

Along with this roar, Ye Feng's eyes showed a hint of surprise.

Under the mud of this quagmire, a powerful evil beast with a very strange shape emerged from the ground.

This evil beast is a kind of monster that Ye Feng has never seen before.

The beast looks very majestic and huge, like a hill.

"This seems to be an earth dragon."

At this moment, Emperor Chu said aloud in Ye Feng's mind.

Ye Feng's eyes showed a trace of surprise, and then he said aloud: "It seems that things are getting more and more interesting."

This time, not only were the demon and demon teams from both sides fighting for the heart of the forest, but unexpectedly, an earth dragon came as an uninvited guest.

At this time, the appearance of the powerful evil beast Earth Dragon completely broke all the peace on the field.

"Snatch the heart of the forest!"

I saw two demon teams, all of a sudden taking action, rushing towards the heart of the forest quickly.

"Roar!!"

But at this time, the majestic earth dragon roared instantly, and then rushed directly to the sky. It opened its mouth and spit out a large fire, which burned towards the two demon teams.

These two demon teams are not ordinary demons, they are both strong among demons, so these flames cannot harm the two demon teams at this time.

Instead, the two demon teams all turned around and rushed towards the earth dragon at this moment, as if they wanted to get rid of the troublesome earth dragon first, and then snatch the heart of the forest.

Boom! !

Almost at the next moment, the entire field suddenly erupted with a huge roar.

Even if this earth dragon is very powerful, it cannot withstand the joint attack of all the strong men of the two demon teams at this moment.

The majestic and boundless earth dragon let out a cry at this moment, and was seriously injured from a high altitude in an instant, and then

Then it fell down instantly.

"good chance!"

At this moment, Ye Feng suddenly seized the best opportunity and rushed out of the surrounding jungle.

Buzz!

Then Ye Feng used the space gem to open up a space channel, instantly transferred to the heart of the forest, and then stretched out his hand to instantly grab the heart of the forest into his hands.

This scene happened very quickly.

Even though Ye Feng had captured the Heart of the Forest, the other two demon teams didn't even react.

When they saw that a human boy suddenly appeared and snatched the heart of the forest, an extremely precious treasure of heaven and earth, in an instant, a group of monsters roared angrily.

"Kid, don't run!"

"Damn the cunning humans, they took advantage of us to deal with the earth dragon and snatched away the heart of the forest!"

Boom boom boom boom...

Almost at this moment, the two demon teams burst out with extremely powerful cultivation aura.

Among those cultivation auras, there are powerful beings with the level of the sixth heaven, seventh heaven, and even the tenth heaven of the Tao Realm, and even the Tianmai Realm level beyond the Tao Realm.

Faced with so many terrifying strong men, Ye Feng did not waste any time and quickly fled towards the distance in an instant.

Because he has now got the heart of the forest he wants, he is not very interested in the next battle.

Ye Feng now wants to find a safe place to refine this forest heart, which will definitely greatly improve his cultivation and life essence.

Buzz!

Almost at this moment, Ye Feng immediately used the power of the space gem again, and then instantly

He teleported to a distant direction.

No matter how fast the two demon teams react at this moment, they will not be able to catch up with Ye Feng at this time.

Because the Space Stone is so amazing.

At this moment, the leader of a demon team suddenly said angrily: "Seal the entire primeval forest, and we must find this hateful and cunning human boy. I will cut him into pieces!"

Almost at the moment when the leader of the demon team finished speaking, Ye Feng's back had completely disappeared from the sight of all the demons.

...

Swish, swish, swish!

Swish, swish, swish!

At this moment, after Ye Feng left the wild quagmire, holding the mature heart of the forest that exuded emerald green light in his hand, he quickly rushed towards a certain direction of the primitive forest.

When Ye Feng stopped, he found that there was no more demonic energy chasing him behind.

Obviously, Ye Feng was finally out of danger at this time.

At this moment, Ye Feng's eyes were filled with excitement, staring at the heart of the forest in his hand, obviously extremely happy.

Unexpectedly, this time he actually snatched the heart of the forest. It was like snatching food from the tiger's mouth, and it was extremely dangerous.

But the harvest was also huge. Ye Feng got the heart of the forest, an extremely precious treasure of heaven and earth.

At this moment, Emperor Chu said aloud in his mind: "Ye Feng, don't hesitate any more, hurry up and refine this heart of the forest. The heart of the forest, a natural and earthly treasure, possesses the power at the moment of maturity. It has the greatest effect, so refining it now is the most appropriate. If it is refined later, the green life energy in the heart of the forest will continue to flow away. "

When Ye Feng heard what Emperor Chu said, he immediately nodded vigorously, then said "Gulu" and swallowed the heart of the forest in one mouthful.

Chapter 2699 Demonic Formation

"boom!"

At this moment, the moment Ye Feng swallowed the Heart of the Forest, he suddenly felt a very terrifying and abundant energy exploding in his body.

That feeling was like a vast ocean, suddenly surging through Ye Feng's body, giving Ye Feng the feeling that his whole body was about to explode.

Ye Feng instantly felt that this energy was a very terrifying life energy, which was very different from the blood energy and skills of other creatures that Ye Feng had devoured before.

The green energy contained in the heart of the forest is very special. It brings together the original power of the entire primitive forest and can greatly improve Ye Feng's own life source.

Devour the realm!

Almost at this moment, Ye Feng did not hesitate at all, and instantly released the devouring domain that he was most proud of inside his body.

Buzz...

Then the Devouring Domain directly turned into a group of terrifying whirlpools in the inner space of Ye Feng's body, absorbing all the green energy of the primitive forest contained in the Heart of the Forest into the Devouring Domain, and then quickly absorbed it. Strengthen Ye Feng's power.

It has to be said that the energy of the Heart of the Forest is simply surging to the extreme.

At this moment, with Ye Feng's devouring, Ye Feng's cultivation momentum immediately began to improve very quickly.

boom!

Ask about the second level of realm!

boom!

Ask about the third level of realm!

boom!

Ask about the fourth level of the realm!

Finally at this time, the cultivation aura on Ye Feng finally stopped.

At this moment, Ye Feng directly broke through from the first level of the Taoist Realm to the fourth level of the Taoist Realm.

I have to say, this is a huge improvement!

of this forest

The energy contained in the heart is really terrifying!

Moreover, Ye Feng could feel that every inch of flesh and blood in his body contained a kind of green energy.

Even the top of Ye Feng's head was glowing with green light at this moment!

It gives people a very sacred feeling, as if they are becoming the god of the forest.

Ye Feng could feel at this time that after swallowing the Heart of the Forest this time, not only his cultivation level was improved, but his overall martial arts quality was also greatly improved.

There are also some invisible effects that Ye Feng cannot feel now.

At this moment, Emperor Chu also said aloud in Ye Feng's mind: "The effect of the Heart of the Forest is very huge. Ye Feng, although you have only made a breakthrough in cultivation now, you still have other effects. Wait for you in the future." You will realize it gradually."

Ye Feng nodded at this time and said aloud: "I can feel that my whole body is different from before."

At this time, Ye Feng was ready to leave the primitive forest after completely devouring and refining the entire heart of the forest.

Because there is nothing else in this primeval forest worthy of Ye Feng's nostalgia.

As for confronting those powerful demon teams, Ye Feng didn't want to fight tooth and nail.

Because that's not necessary.

Ye Feng has been spending a long time in this primitive forest. He is ready to move on to the Holy Land of Heaven.

After all, Ye Feng's final destination is the Holy Land of Heaven, and practicing outside is just a matter of convenience.

But just when Ye Feng was about to leave.

Boom! !

On the ground around him, suddenly a big light

piece of black light.

These black rays of light instantly formed a huge formation, surrounding Ye Feng's entire body.

At this moment, Ye Feng's eyes were alert. He raised his head and saw that the entire sky had turned into darkness.

Obviously, the area around Ye Feng has been completely arranged with a huge black formation.

This is a demonic formation!

At this moment, Ye Feng immediately understood. It seemed that the momentum generated by his breakthrough during his cultivation attracted some dark demons from the primitive forest.

At this time, Ye Feng immediately looked not far away. He immediately saw a group of monsters around him, sneaking around and observing him.

However, Ye Feng was a little strange at this time, why this group of monsters did not attack him directly.

After all, when Ye Feng was in the Great Wilderness Quagmire area, the two demon warriors in the demon team he encountered were very powerful, and their cultivation levels were extremely terrifying.

Why did he break through here for a long time, but it turned out that they just secretly arranged this demon formation around him, seemingly just to trap him.

Buzz!

At this moment, Ye Feng suddenly exuded his huge soul power, spreading towards the surroundings. The soul power could even penetrate the surrounding demon formations.

So when Ye Feng's soul power was released outside the demon formation, he immediately sensed that the sneaky demons outside the demon formation were not that powerful in their cultivation aura.

Most of them are just ordinary monsters, with some cultivation base in the other shore realm, or some cultivation base in the first and second heavens of the Dao Realm.

These demons with cultivation level are obviously quite weak demons. They were in the forest with Ye Feng before.

The two powerful demons in the demon team encountered in the heart growing area are very different.

At this moment, Ye Feng suddenly had some guesses. Maybe these monsters were just some other ordinary monsters in the primitive forest, and were not monsters from the two extremely powerful monster tribes.

At this time, after Ye Feng figured this out, he immediately breathed a sigh of relief.

It seemed that he was not in any great danger.

As for the huge demon formation surrounding him, Ye Feng just showed a cold smile on his face, and then instantly released his extremely powerful power.

Boom! !

Terrifying energy burst out from Ye Feng's body in an instant.

Ye Feng's current cultivation level has directly broken through to the fourth level of Dao Realm, so the power released by Ye Feng at this time is unknown how powerful it is.

At this moment, the energy fluctuations that burst out from Ye Feng's body actually shattered all the formations that surrounded Ye Feng.

Outside the demon formation, the ordinary demons who were secretly observing Ye Feng saw that Ye Feng had shattered all the surrounding formations in one fell swoop. Their eyes suddenly showed deep expressions. A deep look of horror.

Because the demon formation they set up is a very powerful formation.

But I didn't expect that it would be destroyed by Ye Feng in an instant. It was really an exaggeration.

"No! The young human race we met is a peerless genius with terrifying and boundless combat power. He is not something we can deal with. Send a signal quickly to ask the extremely powerful demon tribe behind us to come for support!"

Almost at this moment, a group of ordinary monsters around them immediately began to release flares into the sky above the primeval forest, wanting to ask for help.

Chapter 2700 Arrangement of Formation

boom! !

The signals released by these ordinary monsters exploded all over the sky in an instant.

Then a brilliant light appeared, which could be seen from a long distance away.

Ye Feng saw this scene and did not stop him. Instead, there was a hint of sneer in his eyes.

The moment these signal bombs were released, Ye Feng also took action.

Boom!

He instantly burst out with his extremely powerful energy, covering the surrounding area all of a sudden.

And those ordinary monsters couldn't escape at this moment, they were all smashed to pieces by Ye Feng's punches.

These ordinary demons immediately roared angrily: "Young man from the human race, the flares have been sent out. Next, you will be chased by the strong men of the endless demon tribes in our primeval forest. You are dead, you There's no way to escape this primeval forest!"

Boom!

But the moment the ordinary demon finished speaking, Ye Feng had already killed the ordinary demon.

At this moment, all the monsters on the field were dead.

Because these ordinary monsters are very weak in cultivation, and most of them are at the same level as Ye Feng, they are naturally not Ye Feng's opponents. After all, Ye Feng's current strength and trump cards are enough to make Ye Feng invincible at the same level.

So within the next half hour, Ye Feng quickly killed all the monsters.

At this moment, Ye Feng released his Devouring Domain and devoured these dozen ordinary monsters.

However, Ye Feng's cultivation level has not increased significantly, but his skill has become slightly stronger.

This made Ye Feng couldn't help but shake his head, and murmured helplessly: "Sure enough, as my cultivation level becomes stronger and stronger, the improvement effect brought about by devouring these ordinary monsters in the same realm as me, They are getting weaker and weaker, even the first level

There was no breakthrough. "

Almost at the moment when Ye Feng's words fell, Ye Feng did not leave here. Instead, he looked at the light of the flare exploding in the sky with a trace of madness in his eyes.

Ye Feng just had a chance to prevent the signal bomb from exploding at high altitude.

But Ye Feng didn't stop him.

Because Ye Feng had a crazy idea in his heart.

That is, he is right here, waiting for the arrival of those powerful demons who are assisting him.

Although Ye Feng's current individual strength cannot defeat so many powerful demons, you must know that when Ye Feng left Tiandao Sect, he received the inheritance from the Tiandao Sect's ancestor, as well as the kind of power mastered by the Tiandao Sect's ancestor. An extremely powerful formation, the Nine Heavens Star Formation.

Therefore, Ye Feng's next plan is very simple, that is, to set up the Nine Heavens Star Array and wait here.

No matter how many powerful demons come by then, Ye Feng will kill them all to use as energy for his own breakthrough.

After having this crazy idea, Ye Feng immediately put it into action.

At this moment, Ye Feng is running the inheritance left by the Tiandao Sect's ancestor, the Ancient Star Art, which is running his own cultivation.

Then he took out pieces of materials from his storage ring, and used these materials to secretly arrange the Nine Heavens Star Array on the spot.

The Nine Heavens Star Formation is very mysterious and complicated, and Ye Feng has only just begun to understand it.

But even if Ye Feng can only lay out the initial version of the Nine Heavens Star Formation, it will definitely be able to explode with terrifying and boundless power.

After all, such a vast and powerful formation as the Nine Heavens Star Formation, even in the Heavenly Dao

There are extremely powerful formations in the Holy Land. This is what Emperor Chu himself said.

At this moment, Ye Feng was arranging the Nine Heavens Star Array in place. After the arrangement was completed, Ye Feng did not leave directly. Instead, he stayed in place and began to wait and wait for the arrival of the powerful monsters in the primitive forest.

After Ye Feng waited for nearly half an hour, suddenly a terrifying demonic aura surged around not far away.

Buzz...

The dark atmosphere covered the entire sky, making it look very vast and terrifying.

However, Ye Feng remained indifferent at this time, just waiting quietly on the spot.

When a group of powerful demons came around Ye Feng, they immediately saw Ye Feng, who was still standing there and did not leave directly.

And these powerful demons who arrived were clearly the two demon teams that Ye Feng had faced off against when they snatched the heart of the forest.

The moment these powerful monsters saw Ye Feng, their eyes immediately showed deep anger: "It turned out to be this kid. I didn't expect that this kid hasn't escaped from the forest and is still doing evil here. So today we will I must completely kill this human boy like you!"

At this moment, a powerful demon man said: "Let's all surround this kid first. He can't escape. Wait for all the more powerful demon men to arrive. This kid won't be able to escape even if he has wings."

At this time, Ye Feng looked at the growing number of powerful demons gathering around him, and suddenly a cold smile appeared in his eyes, and he said loudly: "You are the ones I've been waiting for."

Boom! !

Almost at this moment, Ye Feng instantly activated the secret formation he had arranged around him, the Nine Heavens Star Formation.

Rumble...

With endless stars

Light fell from high in the sky, and Ye Feng's nine-day star array rose from the ground in an instant, covering the entire surrounding area.

The hundreds of powerful demons in front of Ye Feng were all shrouded in the Nine Heavens Star Formation.

"What?"

"This human boy actually arranged such a powerful formation?"

Almost at this moment, a group of powerful demons around them showed a hint of surprise in their eyes.

However, they did not panic too much. They just looked coldly at Ye Feng not far away and said loudly: "Boy, do you think that with just one formation, you can wipe out so many powerful demons in one fell swoop? You really It's too naive, as expected, humans are all stupid!"

Ye Feng's expression did not change at this time, he just smiled indifferently and said: "This is not an ordinary formation, this is a formation that is enough to kill ancient gods! Although I can only lay out the initial version, but I can't kill you guys." A group of little monsters is enough!"

Boom! !

Almost at the moment when Ye Feng finished speaking, Ye Feng disappeared into the Nine Heavens Stars Formation, and then fully activated the power of the Nine Heavens Stars Formation.

Buzz...

At this moment, the entire field was suddenly enveloped by the infinite power of stars.

Hundreds of extremely powerful monsters and monsters discovered at this moment that all the environment around them had changed, from the primitive forest to the vast starry sky, which looked full of splendor and brilliance. , but full of depth and darkness.

Buzz buzz...

There was no destructive power at this time, but the boundless starry sky and universe were like an endless abyss, completely covering and engulfing hundreds of extremely powerful monsters.
