Chapter 2701 The powerful power of the formation

Buzz...

At this time, the infinite starry sky enveloped all the powerful monsters in the vast starry sky.

All the powerful monsters can't find a way out at this moment. They are all shrouded in the universe, and their expressions look very frightened.

Because they had never entered the starry sky before, when they encountered such a terrifying formation, they all panicked for a moment.

"Don't be afraid, everyone! Let's use our full strength to smash this formation into pieces!"

Almost at this moment, the several extremely powerful demons led by them roared loudly, and then led all the other demons to attack together, and bombarded the surroundings crazily.

Rumble...

At this moment, the power they released was all dark in color, and it was obviously the power of extremely terrifying demons. All of them formed an extremely terrifying wave of energy-destroying light, bombarding the surroundings crazily.

But the moment they bombarded the surroundings, they found that they had hit nothing.

Because they couldn't touch the formation at all, all they bombarded was void.

It's as if all the stars in the universe in this formation are real, so vast and endless that you can't touch the edge at all.

A strong demon man immediately showed an ugly look on his face, and then shouted: "It's impossible, all this must be an illusion! The vast starry sky around here was all arranged by that

human boy. It evolved from the formation, so there must be a boundary. If we rush in a certain direction quickly, we can touch the boundary."

boom! boom! boom.....

Almost at this moment, a group of powerful demons immediately targeted a direction and charged madly in that direction, hoping to touch the boundary of the formation and break through the constraints of the edge.

But no matter how far they go

, all found that they were still lost in the starry sky, like a ship lost in the endless blue ocean.

"How can it be?"

"How could this kid arrange such an advanced formation?"

At this moment, even the leader, the powerful demon from the Heavenly Vein Realm, had a look of deep horror in his eyes.

Because he never imagined that a small human boy from the fourth level of the Dao Realm could actually arrange such a magical formation, allowing a group of them to achieve perfection at the tenth level of the Dao Realm, and even the Tianmai Realm level. Powerful demons are all on the edge where they cannot find formations.

"This is definitely a very terrifying and advanced formation!"

At this moment, a group of demons were panicking and didn't know what to do.

Rumble...

But suddenly at this moment, what's even more terrible is that in the starry sky of the universe inside the boundless formation, suddenly the stars are like turning into terrifying arrows, exuding the terrifying light of stars, crazy. Bombarded towards this group of monsters.

This is the power of Ye Feng to secretly activate the entire Nine Heavens Star Formation!

All the stars in the universe that evolved from the Nine Heavens Star Formation were turned into weapons, and they were bombarded crazily towards this group of powerful demons.

"All the strong men take action together to resist this bombardment of stars!"

At this moment, the several powerful demons headed by them immediately put up energy shields, trying to resist the attacks of the stars inside these formations.

Boom! !

The infinite stars of the universe bombarded these powerful demons

On the energy shield, a terrifying roar suddenly erupted, resounding throughout the entire formation's internal space.

But at this moment, the Nine Heavens Stars Formation arranged by Ye Feng is a very advanced formation. It does not require Ye Feng's energy to maintain the entire Nine Heavens Stars Formation. It can be directly obtained from the stars in the universe above the Nine Heavens. Absorb power and continuously strengthen the attack power of the entire formation.

So at this time, the stars in the universe bombarding this group of monsters are endless, as if they will never dry up.

No matter how powerful these demons are in cultivation and how powerful their skills are, they are gradually defeated in the face of the constant bombardment of the stars in the universe, and the power in their bodies is exhausted.

"ah!" .??.

"ah!" .??.

A group of demons were immediately attacked by the evolved cosmic stars, and then their entire bodies were torn apart, and painful screams suddenly rang out from inside the formation.

If among this group of demons there is a strong person in the Divine Diagram Realm who transcends the Taoist Realm and the Heavenly Vein Realm, he may be able to break through the constraints of this Nine Heavens Star Formation.

However, the most powerful one among this group of demons was only an existence in the sixth level of the Heavenly Meridian Realm, so he was unable to break through the siege of the Nine Heavens Star Formation, and could only be crushed to death in the formation while still alive.

At this time, Ye Feng didn't make any move at all. He just hid himself in the Nine Heavens Star Formation and watched everything happening on the field. The battle was completely over.

When the last powerful demon was smashed to pieces by the power of the Nine Heavens Star Array, Ye Feng manifested his body, and then appeared in front of the corpses of hundreds of powerful demons.

At this moment, Ye Feng's eyes were filled with deep surprise, and he seemed to be attracted by the great stars of Jiutian.

I was shocked by the powerful power of the formation.

Because it was also the first time for him to deploy the Nine Heavens Stars Formation, an extremely powerful formation, but he did not expect that just the initial version of the Nine Heavens Stars Formation would have such terrifying destructive power.

And the most important thing is that the Nine Heavens Stars Formation does not need to consume Ye Feng's own power at all. He can continuously absorb the power of the stars from the universe from the sky and the earth, from the Nine Heavens to strengthen the formation. This is so powerful. .

At this moment, Emperor Chu said aloud in his mind: "Ye Feng, I was right to ask you to comprehend the Nine Heavens Star Array. Look how much it has helped you now."

Ye Feng nodded, smiled and said: "If used to ambush, this Nine Heavens Star Formation is indeed an extremely powerful killing weapon."

boom!

At this time, Ye Feng did not waste any more time. In an instant, he burst out his special devouring domain, covering all the corpses of the powerful demons on the field in the dark devouring domain.

Rumble...

Immediately, the infinite majestic blood energy and demonic power were directly absorbed by the Devouring Domain, and then all injected into Ye Feng's own body, rapidly increasing Ye Feng's skill and cultivation.

Ye Feng could immediately feel that his entire cultivation bottleneck was rapidly breaking through. The power contained in his body was getting stronger and stronger, and the speed of power increase was terrifying to the extreme.

After all, that is the energy of hundreds of extremely powerful demons!

And among them there are many demons who have reached the tenth level of the Dao Realm, and even demons who have reached the Heavenly Meridian Realm.

For Ye Feng, the supplementary effect is naturally very great. This is a terrifying and vast energy!

Chapter 2702 Arriving at the Destination

At this moment, the majestic energy was instantly injected into Ye Feng's body, causing Ye Feng's cultivation to make huge and rapid breakthroughs.

At this moment, Ye Feng's body suddenly burst out with auras of breakthroughs in cultivation.

boom!

Ask about the fifth level of heaven!

boom!

Ask about the sixth level of realm!

boom!

Asking about the Seventh Heaven Realm!

Finally, at this time, Ye Feng's cultivation finally stopped completely after breaking through to the seventh level of the Tao Realm.

At this moment, Ye Feng looked at the corpses of all the monsters on the ground that had completely shriveled up, and had obviously been drained of all their life energy and skills.

At this time, Ye Feng's eyes showed a hint of joy.

I didn't expect that after devouring all the demons in this wave, I would be able to break through the third heaven in a row.

I am extremely lucky.

At this time, Ye Feng also felt that his decision to sit back and wait, setting up a nine-day star array to hunt down the demons in these primeval forests, was a very correct one.

At this moment, after Ye Feng broke through to the seventh level of the Dao Realm, he clenched his fists and felt the surging majestic energy roaring rapidly in his body.

Every time Ye Feng makes a breakthrough, his strength will be greatly improved.

This time, he broke through the third level of the sky at once, which naturally made Ye Feng's true combat power more and more powerful.

Ye Feng felt that if he was alone and unleashed all his power, he should be able to fight against the powerful people in the Heavenly Meridian Realm who were above the Dao Realm.

At this moment, after Ye Feng cleaned up the battlefield, he collected all the storage rings and resources from these monsters into his own storage ring.

Wait until we arrive at the Holy Land of Heaven

Afterwards, you can use it to exchange for other training resources you need.

Because these demons are all powerful members of the very powerful demon tribe in the primitive forest, their wealth is quite rich.

Uh-huh!

Next, Ye Feng quickly left the virgin forest and continued flying towards the Holy Land of Heaven.

On the way, Ye Feng looked at the map in his hand and found that he was getting closer to the Holy Land of Heaven.

Finally, half a month after Ye Feng came out of the virgin forest, he finally arrived at the destination of his trip, which was the headquarters of Tiandao Sect, the Holy Land of Tiandao.

At this moment, Ye Feng stood in front of a majestic ancient city.

On the top plaque of this majestic ancient city, there are four characters "Holy Land of Heaven" written on it. Every stroke and every painting is vigorous and powerful, exuding a vast and vast momentum.

This is the Holy Land of Heaven.

And this huge ancient city is the headquarters of Tiandao Holy Land.

In Ye Feng's original impression, he felt that the Holy Land of Heaven should be surrounded by immortal energy and built in the jungles of thousands of mountains or among the mountains.

But when he actually arrived here, Ye Feng discovered an aura of iron-blooded killing.

The majestic and boundless ancient city in front of you feels like a guard city on the frontier, able to withstand countless dangers.

Ye Feng's eyes showed a trace of excitement at this time, finally arriving at the Holy Land of Heaven.

At this time, Emperor Chu said aloud in Ye Feng's mind: "Tiandao Holy Land is in the center of the God Realm. It is definitely a super power. After you come to Tiandao Holy Land, you must not be exposed.

The power of the gems of the gods, as well as the great destiny technique you have learned, if these things are exposed at will, it is likely to arouse the greed of some super strong people, and then there may be a lot of trouble. "

When Ye Feng heard what Emperor Chu said, he immediately nodded and said: "I have always been relatively low-key. I came to the Holy Land of Heaven not for fame and fortune, but for the improvement of my true strength. Unless it is a matter of life and death, I will not be exposed easily. The one with the biggest trump card."

At this moment, after Ye Feng finished speaking, he immediately took out a golden token from the storage ring.

This golden token was given to Ye Feng by the leader of Tiandao Sect when he left Tiandao Sect.

As long as you take out this golden token, you can enter the Holy Land of Heaven to practice. You don't need to pass some tests like ordinary newcomers to the Holy Land of Heaven.

As a super genius recommended by Tiandao Sect, Ye Feng can directly enter Tiandao Holy Land and become a member of Tiandao Holy Land.

At this moment, Ye Feng was thinking in his mind and immediately walked into the majestic ancient city in front of him.

At this time, Ye Feng looked at the majestic and majestic ancient city in front of him, thinking that Leng Qingxue didn't know if he had come to the Holy Land of Heaven. After all, he had been practicing outside for a long time.

Ye Feng, who was thinking secretly in his heart, took the golden token in his hand and was about to walk into the headquarters of the Holy Land of Heaven.

But just when Ye Feng came to the door, suddenly there was a group of people riding tall demon wildebeests behind him, and they rushed over from a distance in an instant.

This team of tall men and horses is a powerful cavalry team. They are all wearing thick golden armor, and their status seems to be extremely precious.

Even if Ye Feng blocked their way, they didn't ask Ye Feng to get out of the way.

Instead, he rushed over directly, not caring about the life or death of Ye Feng, a young boy who looked ordinary.

It was obvious that this group of tall cavalry in armor were all of noble status and did not care at all about the death of some civilians.

Ye Feng saw those powerful cavalry on horseback rushing over, and felt the contempt these people had for his life. Suddenly there was a hint of coldness in his eyes, and then he instantly burst out with his huge aura. .

Boom! !

Like a violent storm, Ye Feng's aura rushed out instantly, sending all the seemingly ferocious cavalry flying backwards.

These ferocious cavalry could not withstand Ye Feng's momentum at all. They were all blown away and fell to the ground in a mess, looking very embarrassed.

"Who is so bold? You dare to block the route of the Imperial Guards! It's so presumptuous!"

Almost at this moment, among the dispersed team, a tall guard wearing golden armor stood up immediately, staring at Ye Feng in front of him with extremely fierce eyes.

Ye Feng just smiled indifferently at this time and said: "I have never heard of Prince Splitting the Sky. I only know that you want to rush me to death, so I will naturally fight back."

Ye Feng immediately understood in his heart that this mysterious Prince Splitting the Sky should be a guy with a precious identity, and he was actually able to recruit his own personal guard in the Holy Land of Heaven.

But Ye Feng is not scared.

Ever since he started practicing cultivation, Ye Feng has experienced many great scenes and hardships.

For this kind of so-called aristocrat who has a high position and likes to look down on ordinary people, Ye Feng has always responded to violence with violence and has no fear at all!

Chapter 2703 Who is this guy?

At this moment, there was no fear in Ye Feng's eyes, he just stared coldly at the tall guard wearing golden armor.

The status of this tall guard is very extraordinary. He is the captain of the cavalry guard under Prince Ritian.

He stared at Ye Feng at this moment and couldn't help but said: "You are too brave, kid. Although the aura of cultivation in your body is very powerful, you must know that our noble Prince Split Heaven is The Split Heaven Dynasty, one of the ten dynasties under the Holy Land of Heaven, has an extremely strong foundation. Are you sure you want to be our enemy?"

When Ye Feng heard what the captain of the guard in golden armor said, he immediately showed a faint smile on his face and said loudly: "Don't bring your royal nobles to the sect world. In the Holy Land of Heaven, In this sect world, strong strength represents dignity and everything. The so-called noble status has no effect in front of me. Now hurry up and make all your subordinates apologize to me and admit their mistakes. Maybe I can forgive you. Your life."

Hearing what Ye Feng said, the captain of the guard team wearing golden armor suddenly showed deep anger in his eyes, and immediately yelled: "Boy, you are too arrogant, today I will kill you well." Teach me a lesson!"

Uh-huh!

Almost at that moment, the captain of the guard, who was wearing golden armor, took out a golden elixir from his storage ring and swallowed it directly.

Boom!

Almost as soon as the captain of the guard in golden armor swallowed the elixir, an extremely powerful aura of cultivation burst out from his body.

Originally, the captain of the golden-armored guard only had a cultivation level of the first level of the Dao Realm, which was much lower than Ye Feng's cultivation level.

But the moment he swallowed this pill, the captain of the guard team's cultivation aura immediately improved a lot.

It actually went directly from the first level of the Taoist Realm to the tenth level of the Taoist Realm, Great Perfection!

"Hahaha!"

At this time, the captain of the guard team burst into laughter, stared at Ye Feng, and said loudly: "A country boy from a remote place, you never know what the background of our big power is." How powerful, this magical elixir has made my cultivation surpass yours many times, and now you will die miserably!"

When Ye Feng heard what the captain of the guard said, he immediately smiled coldly and said, "Who is going to be miserable? We'll find out later."

"presumptuous!"

The captain of the guard, who was wearing golden armor, shouted loudly at this moment, and an extremely powerful inheritance burst out in an instant.

"The whole city is covered with golden armor!"

Boom!

Almost at this moment, a brilliant golden light burst out from the captain of the guard.

These golden rays of light suddenly condensed around the body of the guard captain, forming a golden giant, full of boundless power.

This golden giant was like an ancient golden god. He was holding a golden axe, several hundred meters long, in his hand. He roared instantly, like an ancient war spirit. The child was slashing crazily towards Ye Feng, as if it could break everything, shattering the world, full of unparalleled destructive power and terrifying visual impact.

It has to be said that this guard captain from the Split Heaven Dynasty is actually

The strength cultivation level is still very terrifying.

Moreover, the method is very powerful, and the inheritance is also extremely powerful.

The moment this method was used at this moment, a group of disciples from the Heavenly Dao Holy Land passing by suddenly felt a deep sense of panic.

They seemed not to have expected that a guard captain of the Split Heaven Dynasty would possess such great strength.

If you put it this way, the Prince of the Split Heaven Dynasty must be a powerful super genius.

"It seems that this young man in a white gown will die young just after arriving at our Holy Land of Heaven."

"Yes, today's young people are too impulsive and don't know how to hide their clumsiness, so the consequences are extremely miserable."

"You must know that this is the Holy Land of Heaven, not some remote place. The people you encounter at any time may be very noble and terrifying beings with strong strength and status. You need to walk on thin ice every day."

...

At this moment, many of the disciples from the Tiandao Holy Land around looked at Ye Feng, and their eyes were full of pity and helplessness, because they knew that this boy was definitely dead.

However, facing the attack of the incomparably tall golden God of War, Ye Feng did not show the slightest fear on his face at this moment, but said indifferently: "It's a small trick."

Ye Feng could clearly feel that although the guard captain's attacks looked very grand and powerful, they were actually just fancy and the power was not as terrifying as everyone imagined.

"Six Paths of Reincarnation Fist!"

Almost at this moment, Ye Feng instantly displayed the Six Paths of Samsara Fist.

Immediately, a terrifying divine light burst out from Ye Feng's fist, like a white sun, impacting out of Ye Feng's fist, capable of breaking through the sky and shattering all directions.

"Boom!"

Accompanied by a terrifying roar, Ye Feng's fist was simply devastating, like the strongest and sharpest war spear in the world, instantly shattering the golden war god of the captain of the royal guard.

"Die!"

Ye Feng smiled coldly, and then struck in front of the captain of the guard team in an instant.

"Pfft!"

Under the horrified gazes of countless people, a bloody hole was directly blasted out of the chest of the guard captain.

"Ah! Impossible!!!"

At this moment, the captain of the Royal Guards suddenly burst out with an earth-shaking scream, and then the whole person was instantly blasted to the ground by Ye Feng from a high altitude. He was buried in the ruins and died instantly.

"What? So powerful?!"

At this moment, many of the disciples who were traveling to and from the Heavenly Dao Holy Land could not help but have deep shock in their eyes.

Because they could all feel that the cultivation aura on Ye Feng was not as strong as the cultivation of the captain of the guard team.

Moreover, the captain of the guard team came from one of the top ten dynasties, the Split Heaven Dynasty, and the inheritance methods he displayed were extremely terrifying and extremely advanced.

But I didn't expect that Ye Feng, an unknown young man, would be instantly smashed to pieces and killed with one punch. It was really shocking!

"What a terrifying power!"

"Who is this kid??"

Everyone fell into a dead silence. At this moment, there was no fear in Ye Feng's eyes, he just stared coldly at the tall guard wearing golden armor.

Everyone fell into a dead silence.

Chapter 2704 Spirit Gathering Tower

quiet!

Deadly quiet!

At this moment, the surrounding disciples of the Holy Land of Heaven were all stunned, staring at the young man Ye Feng in disbelief.

Obviously, no one expected that this ordinary-looking young man, who seemed to be a new disciple who had just arrived in the Holy Land of Heaven, could actually have such a powerful cultivation level.

This kind of cultivation strength is more powerful than some old disciples from the outer sects in the Holy Land of Heaven!

At this time, many disciples of Tiandao Holy Land were speculating on Ye Feng's identity. .??.

To have such terrifying strength, he must be a descendant of some super powerful force to possess such terrifying power even before he has worshiped in the Holy Land of Heaven.

At this time, a group of other guards from the Splitting Heaven Dynasty, and the captain of the guard team who was watching them all died in the hands of Ye Feng, and was killed by Ye Feng with one punch.

This terrifying power made the remaining golden armored guards of the Split Heaven Dynasty show deep fear in their eyes.

They arrived in front of Ye Feng in an instant, and knelt down on the ground one after another, and said in horror: "Sir, please spare my life, my lord, please spare my life."

At this time, they felt that Ye Feng's cultivation strength might be stronger than their Prince Splitting the Sky.

In other words, the super power that Ye Feng comes from is definitely not much weaker than their Split Heaven Dynasty.

After all, those who can enter the Holy Land of Heaven are either rich or noble, and their status is very extraordinary.

Ye Feng's identity was obviously not something that a group of guards could offend.

At this moment, Ye Feng stared coldly at the group of guards and said loudly: "Don't be too arrogant in the sect world, and be more careful in the future."

At this moment, after Ye Feng put down these words, he immediately walked towards the interior of the Holy Land of Heaven, leaving only a bunch of scared people behind.

At this moment, when Ye Feng walked to the door of the Tiandao Holy Land headquarters, he immediately took out his golden token and handed it to the gatekeeper of the huge city in front of him.

That disciple of the Holy Land of Heaven who guards the gate, this

At this moment, he glanced at the golden token in Ye Feng's hand and said immediately: "You can go in. With this golden token, you can directly become an outer disciple of our Heavenly Dao Holy Land. After you enter, you can directly Just go to the central area of our Tiandao Holy Land and receive the identity tokens of Tiandao Holy Land members."

When Ye Feng heard what the gatekeeper disciple said, he immediately clasped his fists and walked directly into the huge city in front of him.

At this time, a group of disciples from the Holy Land of Heaven outside were all talking about it at this moment.

"This kid killed the captain of the guard of the Splitting Heaven Dynasty on the spot. I guess the Splitting Heaven Prince will never give up."

"Even if Prince Splitting the Sky won't give up, what's the use? This young man wearing a white gown is too powerful. The power he released at that moment may not be able to be resisted by many of our old outer sect disciples in the Holy Land of Heaven. "Prince Split Sky probably won't provoke such a terrifying existence. A so-called noble heir like Prince Split Sky will only bully the weak and fear the strong."

"That's right. A dandy like Prince Split Sky will probably not take the initiative to provoke the young man in white just now. He will definitely stay away from him."

"The strong are angry and draw their swords against the stronger; the weak are angry and draw their swords against the weaker."

...

While a group of disciples were talking about it outside the door, Ye Feng, alone with the golden token in his hand, had arrived at the inner area of the Holy Land of Heaven.

Ye Feng soon arrived at the center of the Holy Land of Heaven.

He immediately saw a fairy island surrounded by immortal energy, suspended in the middle of this huge steel city.

Moreover, on this fairy island, there are masters from the Holy Land of Heaven coming and going, and their whole bodies are exuding a faint divine light.

Obviously this fairy island is the most prosperous center of the Holy Land of Heaven.

Uh-huh!

here and now

At this moment, Ye Feng flew to the fairy island in an instant, and then found an ancient pavilion in the middle of the fairy island.

This ancient pavilion is the place where disciples of members of the Holy Land of Heaven are certified.

With the golden token in his hand, Ye Feng successfully obtained the identity of a disciple of the Holy Land of Heaven.

Although he is only an outer disciple of Tiandao Holy Land, Ye Feng believes that as long as he works hard, he will soon become an elite talent in Tiandao Holy Land.

For Ye Feng, as long as he can get ahead in the Holy Land of Heaven, it will be of great help to him in dealing with the Holy Land of Chaos and the Lord of Chaos.

Including contacting the Chaos God Emperor in the future to save his mother, it will also be of great help. .???.??

Ye Feng is ready to develop well in the Holy Land of Heaven, because this is a very large super power in the center of the God Realm. The big sect is not the kind of small sect that needs to leave after improving its strength.

At this moment, after Ye Feng got the identity token of the outer disciple of Tiandao Holy Land, he immediately walked towards the northwest area of Tiandao Holy Land.

That is the residential area for new disciples.

Ye Feng holds the Tiandao Holy Land Outer Disciple Token in his hand and can choose a residential area in that place.

"This is....."

When Ye Feng arrived at the living area, he immediately saw huge ancient towers standing on the ground.

The bottom of each ancient tower is engraved with a formation that gathers the spiritual energy of heaven and earth, which can continuously provide abundant energy to the outer disciples living in the giant tower, and can help increase the speed of their daily cultivation.

"These are all spirit-gathering towers!"

Ye Feng's eyes were a little excited. The Holy Land of Heaven was really a big deal, and it was able to cast so many spiritual gathering pagodas for the outer disciples.

At this moment, Ye Feng immediately came to these ancient towers.

There are some figures wearing armor around these ancient towers.

But these

People are not soldiers, but members of the law enforcement team within Tiandao Holy Land, and they also have a management role.

Ye Feng walked up to a member of the law enforcement team of Tiandao Holy Land and said, "I am a new outer disciple who entered Tiandao Holy Land. Can I choose an ancient pagoda as my training area?"

The member of the law enforcement team looked at the token in Ye Feng's hand, nodded immediately, and said with a smile: "It turns out that he is the junior brother who has newly joined our Tiandao Holy Land. Then come with me, and I will take you to a party." Lingta, choose a good place to live."

When Ye Feng heard this, he immediately smiled and clasped his fists and said, "Thank you so much, senior brother."

boom! !

But just when the two of them entered the area where the outer disciples lived, a very loud roar suddenly came from not far away.

The member of the law enforcement team couldn't help but his face changed slightly, and he said to Ye Feng: "There should be a fight between fellow disciples not far away. I want to go over and take

a look. Junior brother, you can wait where you are and wait for me to deal with it. I'll be back when I'm done."

Ye Feng said aloud at this time: "Senior brother and I will go together, just in time to take a look at the environment of the entire area where our outer disciples live."

When the member of the law enforcement team heard what Ye Feng said, he did not refuse, but nodded and said: "Okay, many of our Tiandao Holy Land disciples are brave and fierce. After all, everyone who can join our Tiandao Holy Land headquarters must be They have extraordinary status and talents, and each of them refuses to accept the other, and fights often occur. Since you have gone with me, just stand next to me and don't cause trouble, so as not to be in danger. "

When Ye Feng heard this, he immediately nodded and said with a smile: "Okay, I will listen to my senior brother in everything."

Ye Feng is not very afraid of this, after all, Ye Feng is now extremely powerful.

When Ye Feng and the law enforcement team members arrived at the fighting area, Ye Feng suddenly had a look of surprise in his eyes.

Because the party that was fighting turned out to be a group of true disciples from the same Tiandao Sect as Ye Feng, among whom stood Leng Qingxue.

Chapter 2705 No need to suffer hardship

"Senior Sister Leng is here so quickly."

Ye Feng's eyes showed a hint of joy at this moment.

Because he didn't expect that he would meet Leng Qingxue and a group of true disciples from Tiandao Sect like him by such a coincidence.

At this moment, Ye Feng followed the law enforcement team members beside him and immediately walked quickly in that direction.

When they arrived at the scene, Ye Feng saw that several true disciples of the Tiandao Sect were already lying on the ground. They were all beaten with black noses and swollen eyes.

Leng Qingxue and a group of top Tiandao Sect true disciples stood at the front, staring at the group of people opposite with extremely fearful eyes.

At this moment, the moment Ye Feng and the members of the law enforcement team arrived, everyone's eyes were immediately attracted.

When Leng Qingxue saw Ye Feng's appearance, her beautiful eyes immediately showed a hint of brightness, and she couldn't help but said in surprise: "Ye Feng, have you just arrived at the Holy Land of Heaven?" ??

Ye Feng immediately smiled and nodded, walked over, and said aloud: "I have been practicing all the way here, and it took a lot of time. I have indeed just arrived at the Holy Land of Heaven, and I have just received the token of the outer disciple. But what's going on on the field right now?"

At this moment, Ye Feng looked at the group of Tiandao Sect true disciples who were beaten with bruises and swollen faces, and his eyes were a little downcast.

Because Ye Feng was a member of the Tiandao Sect after all, and now that the true disciples of the Tiandao Sect were beaten so brutally by a group of other people, Ye Feng was naturally in a bad mood.

At this moment, Leng Qingxue immediately looked at a group of people not far away on the other side in front, and said in a cold tone: "This group of people are from another branch of Tiandao Holy Land, but the background of that branch is better than our Tiandao Sect. Their background is much stronger, so the cultivation of this group of people is extremely powerful and powerful. The reason why they beat our true disciples till their noses and faces are swollen is because they want to rob us of the living area assigned to us. Because there are two Spirit Gathering Arrays in the living area we are assigned, and there is only one Spirit Gathering Array in the living area they are assigned. They want to snatch our living area and occupy a good cultivation environment.

"

When Ye Feng heard what Leng Qingxue said, his eyes suddenly showed a hint of coldness.

It turns out that all this was due to the overbearing behavior of confrontation.

At this moment, Ye Feng looked at the member of the law enforcement team not far away and said loudly: "Senior brother, you have heard what happened. What should we do about this matter?"

The member of the law enforcement team also looked a little embarrassed at this moment.

Because on the one hand he wants to make a fair verdict.

But on the other hand, the group of people who attacked the true disciples of Tiandao Sect came from a powerful branch, and that branch also had backers in the headquarters of Tiandao Holy Land.

This member of the law enforcement team felt that he could not afford to offend.

So he didn't know what to do for a while.

And suddenly at this moment, a young man wearing a green robe walked out of the branch door of the Heavenly Dao Holy Land on the other side.

The young man in green robe smiled coldly, stared at a group of people from Tiandao Sect on Ye Feng's side, and said loudly: "Let me tell you personally what to do about this matter, that is, you must obey us. If so, hurry up and get out of your living area and let us occupy your living area."

When Ye Feng heard what the young man in green robe said, his eyes suddenly showed a hint of coldness, and he said loudly: "The allocation of living areas is decided by the upper levels of the sect, and you have been assigned to a bad environment. , Don't you think it's too overbearing to just forcefully take over the good place we've been assigned?"

"overbearing?"

The young man in green robe suddenly laughed, and then said loudly: "We are overbearing, what can you do to us?"

Buzz!

When Ye Feng heard what the young man in green robe said, he immediately

There was a cold murderous intention on his body.

At this moment, the member of the law enforcement team standing next to him suddenly seemed to recognize the identity of the young man in green robe, and couldn't help but exclaimed: "You are the young sect leader from the Qingshan branch. ! Lu Qingshan!"

When the young man in green robe heard what the member of the law enforcement team said, he immediately laughed out loud: "That's right, I am the young sect leader from the Qingshan branch. My father came from the branch twenty years ago. After being promoted to the current Tiandao Holy Land, within twenty years, my father is now the outer elder of the Tiandao Holy Land. He has a distinguished status and a high position. Among the outer sects of the Tiandao Holy Land, who dares to go against me? It will make him die miserably."

Hearing what the young man in green robe said, the group of Tiandao Sect disciples around Ye Feng couldn't help but have a trace of ugliness and fear in their eyes.

They may be extremely noble true disciples among the Tiandao Sect.

But now that they have come to a huge headquarters like the Holy Land of Heaven, they are just the humblest and most ordinary outer disciples.

If you confront the son of an outer sect elder, the outcome may indeed be very miserable.

Leng Qingxue also had a trace of ugliness in her beautiful eyes at this time, and couldn't help but whisper: "Ye Feng, why don't we endure it for a while first? We have just arrived at the Holy Land of Heaven, so we shouldn't be impulsive. After becoming stronger, take back the training area."

Ye Feng heard what Leng Qingxue said. He was silent for a while, and then suddenly chuckled and said, "There's no need to be so aggrieved. We don't need to endure hardships. I can solve the big trouble in front of me now."

Boom!

Almost at the moment Ye Feng finished speaking, he immediately burst out with the terrifying cultivation aura of the seventh level of Dao Realm.

With cultivation in the seventh heaven of the Dao Realm, he is definitely considered a master among the outer sects of the Holy Land of Heaven, and is even more powerful than some old disciples.

At this moment, Ye Feng explodes

The moment he released his cultivation, the surrounding Leng Qingxue, including the other Tiandao Sect disciples, showed deep surprise in their eyes.

"What? Ye Feng, you have already broken through to the seventh level of Dao Realm! This breakthrough speed is really too fast!"

At this moment, even Leng Qingxue, who knew Ye Feng best, couldn't help but show a trace of shock on his face.

Because she never expected that Ye Feng would improve so much in a short period of experience.

At this time, Ye Feng smiled faintly and said: "On the way to the Holy Land of Heaven, I accidentally encountered countless demons in the primitive forest, so I got a lot of opportunities and made so many breakthroughs in my cultivation. "

At this moment, feeling Ye Feng's incomparably powerful seventh-level Dao Realm cultivation, the young man in green robe opposite him suddenly showed a trace of ugly look on his face.

Because he himself is only at the fourth level of Dao Realm.

There is no way he can be Ye Feng's opponent.

However, the young man in green robe suddenly showed a ruthless look in his eyes. He stared at Ye Feng and said loudly: "Boy, don't be too proud. After my father comes back from completing the mission, I will let him You know what happens if you offend me."

After finishing speaking, the young man in green robes and a group of young men around him immediately prepared to leave.

"You threatened me in public, and now you want to leave so easily? That's really looking down on me."

But suddenly at this moment, Ye Feng's cold voice suddenly sounded throughout the open space.

boom!

And at the next moment, Ye Feng's figure suddenly appeared in front of the young man in green robe, stretched out his feet directly, and in an instant there were two "puff" and "puff" sounds, and the legs of the young man in green robe were thrown away. Broken.

Staring at the young man in green robe with cold eyes, Ye Feng slowly said, "Do you still dare to threaten me now?"

Chapter 2706 Enemies meet on a narrow road

quiet!

Deadly quiet!

No one thought that Ye Feng, a seemingly ordinary new disciple, would actually possess such powerful cultivation strength.

In just an instant, the young man in green robe was defeated.

He even trampled his legs off on the spot. His methods were iron-blooded and cruel, which made people fearful.

"ah....."

At this time, the young man in green robe suddenly let out a series of shrill screams. .??.

Because his legs were crushed by force, the pain was really terrifying.

The terrible pain crazily stimulated the nerves of the young man in green robe.

Even though he was the young master of the Qingshan branch, he immediately couldn't help but beg for mercy in pain: "I was wrong! I was wrong! Spare my life!"

Uh-huh!

At this moment, the members of the law enforcement team came to Ye Feng's side and whispered in Ye Feng's ear: "Ye Feng, this Lu Qingshan is the young sect leader of the Qingshan branch after all. His father is the outsider of our Tiandao Holy Land. The elder of the sect has a high position, so it's better not to kill them all."

At this time, hearing what the member of the law enforcement team said, Ye Feng nodded slightly and said, "I don't have to kill him, I just want to give him a lesson in this kind of arrogance."

Uh-huh!

As he spoke, Ye Feng stared at Lu Qingshan, who was begging for mercy in pain, and said, "Your name is Lu Qingshan, right?"

Lu Qingshan immediately said: "Yes, yes, I am Lu Qingshan."

Ye Feng grinned and said, "You have to pay a price for messing with me."

"Pay the price?"

At this time, Lu Qingshan's face was extremely ugly, and he roared in his heart: Doesn't it count as a price to have my legs broken by you?

Ye Feng seemed to see what Lu Qingshan was thinking, and immediately smiled lightly and said: "For warriors like us, if our legs are broken, it's just a little painful. We can regain our normal legs in a few days. Rebirth of limbs is nothing."

Lu Qingshan seemed to hear the hidden meaning of Ye Feng's words, and he immediately endured the pain in his body and handed a purple-gold storage ring on his finger to Ye Feng, and said humbly: "I use all my wealth, Atonement."

Ye Feng took the storage ring, then smiled with satisfaction and said: "That's right. It seems that you are not stupid. You can get out now."

Uh-huh!

At this time, Ye Feng took the storage ring and immediately let go of his feet.

At this moment, out of Ye Feng's control, Lu Qingshan immediately crawled not far away in a very embarrassed manner, and was helped up by several younger brothers.

The eyes of these younger brothers were very panicked, and they whispered: "Brother, is this all?"

Although Lu Qingshan looked extremely painful at this moment, his eyes were very gloomy, and he said slowly and quietly: "Anyway, let's go first and leave here. When the injuries on my legs recover, we can settle the score with this kid." !"

At this moment, Lu Qingshan said this, and soon left here with a group of his subordinates in despair.

At this time, Leng Qingxue, who was standing not far away, suddenly looked at Ye Feng and said loudly: "This Lu Qingshan will never change his mind. He will definitely target you when the time comes. You must be careful."

When Ye Feng heard what Leng Qingxue said, he just smiled and said, "Don't worry.

, this Lu Qingshan is not a big shot, he just has the father of an outer sect elder. After a while, my cultivation will continue to improve. Even if I am an outer sect elder in the Holy Land of Heaven, I have nothing to be afraid of. This Lu Qingshan has to cultivate his legs in a short period of time and will never bother me. This is why I broke his legs and let him calm down for a while. "

Ye Feng would naturally not directly kill Lu Qingshan at this moment. After all, Ye Feng had just arrived at the Holy Land of Heaven.

As for the Holy Land of Heaven, the super powerful force at the center of the God Realm, there are still many super powerful people, so Ye Feng cannot be too high-profile now. He must first stabilize and improve his cultivation.

"I didn't expect that although this junior brother is just a newcomer, his cultivation strength is so strong that I have to look at him with admiration. It's really amazing."

At this moment, the member of the law enforcement team who brought Ye Feng to the residential area couldn't help but sigh in admiration.

Ye Feng looked at the member of the law enforcement team and said with a smile: "This senior brother is so complimentary."

Next, Ye Feng, Leng Qingxue, and a group of disciples from Tiandao Sect all lived in the same area.

The spirit gathering towers in this area all have two formations, so the gathered spiritual energy is very rich and majestic, making it a very good cultivation environment.

Ye Feng only practiced for half a month and found that his skills had improved a lot.

However, what troubles Ye Feng is that although his physique is powerful, it is also very special, so he is destined to be unable to practice quietly in seclusion.

Because just by absorbing these spiritual energy, Ye Feng would not be able to quickly break through his own cultivation level.

And Ye Feng simply couldn't stand such a slow improvement.

So after practicing for half a month, while Leng Qingxue and a group of other Tiandao Sect disciples were still practicing in seclusion, Ye Feng left his living area.

But just when Ye Feng left the living area, suddenly a group of people came menacingly not far away.

This group of people were all wearing heavy armor and had murderous intent.

The leader was a young man wearing golden armor. He was handsome and handsome, with eyebrows like swords. He looked very imposing.

When Ye Feng saw this group of people, there was a hint of surprise in his eyes.

Because this group of people turned out to be the same group of guards from the Tiantian Dynasty who had been taught a lesson by Ye Feng before.

At this moment, when this group of people saw Ye Feng, their eyes immediately showed deep surprise, and then the group of people immediately reported to the young man in golden armor at the front of them: "His Royal Highness, The boy in white in front was the culprit who killed the captain of our guard!"

Hearing this report from his subordinates, the young man in golden armor who was leading his face suddenly showed a look of surprise, and then his eyes revealed a cold smile. He looked at Ye Feng not far away and said, "Seriously. Enemies meet on a narrow road. It's really impudent for you to kill the captain of this prince's bodyguard."

Ye Feng took a look at the young man in golden armor, and there was no trace of emotion on his face. He just said, "It seems that you are the Prince of the Split Sky Dynasty. Your guard captain walks without eyesight. He actually wants to collide with me directly, so I naturally have to teach him a lesson, otherwise anyone can bully the disciples of the Holy Land of Heaven in the future. In this kind of sect world, the so-called aristocratic power of the mortal dynasty does not exist, who Whoever has a big fist is the king. "Jing!

Deadly quiet!

No one thought that Ye Feng, a seemingly ordinary newcomer disciple, would actually possess such powerful cultivation strength.

In just an instant, the young man in green robe was defeated.

In this kind of sect world, the so-called aristocratic power of the mortal dynasty does not exist, who Whoever has a big fist is king."

Chapter 2707 Confrontation with Prince Split Sky

"Whoever has the biggest fist is the king?"

Hearing what Ye Feng said, Prince Splittian immediately showed a hint of coldness in his eyes.

He stared at Ye Feng, his face filled with a very cold and murderous intention, and then slowly said: "You are so arrogant as a newcomer, you dare to say such a thing in front of this prince. If you are arrogant, aren't you afraid that this prince will punish you on the spot? You must know that this prince has a noble status and has been in the Holy Land of Heaven for a long time. He is an old disciple of the outer sect and is very powerful. Are you sure you want to? Be my enemy?"

When Ye Feng heard what Prince Split Day said, he just smiled coldly, and then said: "It doesn't matter if I am your enemy, I will beat down anyone who dares to mess with me."

Hearing what Ye Feng said, Prince Split Heaven immediately laughed out loud and said: "You are quite interesting, and you were able to kill the captain of my guard team with one punch before, which shows that your cultivation strength is pretty good. , let's do this, I will give you a chance now. As long as you surrender to me, I will not care about the mistakes you have made. You will become my subordinate honestly and be loyal to me. How about this proposal? Yes. It's good for both of us."

At this moment, Ye Feng smiled coldly and said: "If you want to kill me, just take action directly. Now you still want me to be your subordinate? Prince Split Sky, you think too highly of yourself, you really Do you think you are a noble? In my eyes, you are just an ordinary disciple."

"presumptuous!"

Almost at the moment Ye Feng finished speaking, Prince Split couldn't help but roared, and then said, "Since you are so ungrateful, don't blame me for being cruel."

Boom!

Almost at the moment when Prince Splittian finished speaking, an extremely powerful aura of cultivation suddenly erupted from Prince Splittian's body.

\u003e That kind of terrifying cultivation momentum made the disciples of the Heavenly Dao Holy Land passing by couldn't help but stop and watch.

"That's Prince Split Sky!"

At this time, everyone had incredible looks in their eyes.

Because Prince Splitting the Sky has a pretty good reputation among the outer gates of the Holy Land of Heaven.

So at this time, when they saw Prince Splitting the Sky, he actually wanted to take action against an ordinary young man. Many disciples from the Heavenly Dao Holy Land who were passing by around him immediately stared at Ye Feng with a surprised look in their eyes.

"Who is this boy in white? He is so bold and dares to provoke an established outer disciple like Prince Split Heaven. He is really out of his mind, right?"

"This young man in white seems to have had a conflict with the captain of the bodyguards of Prince Splittian outside the gate of our Holy Land before. He also killed the captain of the bodyguards of Prince Splittian with one punch. His cultivation is very strong. This must be a person. Unparalleled genius."

"Haha, even if he is a peerless prodigy, he is just a new disciple who has just entered our Holy Land of Heaven. He has not yet fully grown up. He only has the cultivation level of the seventh heaven in the Dao Realm. He dares to fight against Prince Split Heaven. , I am really too impulsive. You must know that Prince Splitting Heaven is a veteran disciple in our outer sect. His cultivation has surpassed the Taoist Realm a year ago. Now I am afraid that he is a profound existence in the Tianmai Realm, not at all. This rookie kid can fight."

...

At this time, many disciples of the Tiandao Sect around them couldn't help but talk. They felt that if Ye Feng and Prince Split Day faced each other, the end would definitely be very miserable.

"

boom....."

At this moment, the cultivation aura of Prince Split Sky was extremely powerful, and the pressure he released made everyone feel a sense of psychological depression.

At this time, many outer disciples could not help but feel deep panic in their hearts, because they could sense a frightening aura of death from the body of Prince Split Sky.

The aura of cultivation that broke out from the body of Prince Splitting Heaven at this moment was a powerful cultivation level that had already surpassed the sixth level of Heavenly Meridian Realm in Taoist Realm!

It has to be said that the cultivation of Prince Splitting Heaven is indeed extremely powerful. He is worthy of being a veteran outer sect disciple in the outer sect of the Holy Land of Heaven. He actually possesses the terrifying cultivation of the sixth level of Tianmai Realm. He is really powerful and majestic to the extreme.

So at this time, Prince Split's eyes were full of confidence, and he walked slowly towards Ye Feng, with a sarcastic smile on his face, and said loudly: "You, a little newcomer, how dare you compete with me?" The prince's antagonism is really unbridled to the extreme. Today, I will kill you completely to let everyone know that this prince not only has a noble status, but also has terrifying strength and cultivation. Who dares to go against this prince? , there is only one end, and that is death!"

Boom!

Almost as soon as Prince Split the Sky finished speaking, he took action instantly.

I saw Prince Split Sky's body suddenly emitting an extremely bright golden light.

These golden lights directly condensed into a huge golden dragon around Prince Splitting the Sky. It roared and roared like an ancient evil beast reborn. It rushed towards Ye Feng in an instant, as if it could kill Ye Feng in an instant. Feng swallowed it whole.

At this moment, Ye Feng saw this scene without any fear on his face.

Although this crack

The Celestial Prince's cultivation is extremely powerful and he is a super master at the sixth level of Tianmai Realm, but Ye Feng is not weak either.

Dzogchen future body!

At this moment, Ye Feng immediately burst out with the cultivation of Dzogchen's future body.

Buzz! !

Ye Feng's cultivation momentum rose steadily in an instant, rising directly from the seventh heaven of the Taoist Realm to the tenth heaven of the Taoist Realm of Great Perfection!

Then Ye Feng instantly inspired the power of his God's heart, causing his whole body to burst out with the light of the God clan.

Six Paths of Samsara Fist!

At this moment, Ye Feng clenched his fist, and even used the power of the Brute Force Gem, all integrated into his punch, and then blasted forward in an instant.

Boom!

Almost at the next moment, a terrifying roar erupted across the entire sky.

Ye Feng's fist hit the golden dragon condensed by Prince Splitting the Sky, and then shattered the golden dragon inch by inch.

"What?!"

"You actually shattered the Golden Dragon Yuan that this prince has trained hard for thirty years?"

Seeing this scene, Prince Split's eyes widened immediately, as if he never expected that Ye Feng could burst out with such a strong power at such a low level of cultivation.

The surrounding group of disciples from Tiandao Holy Land who were watching also had deep horror in their eyes at this moment.

They couldn't help but exclaimed: "Who is this young man in white? Which branch does he come from? He has just entered our Holy Land of Heaven, and he is able to compete with the veteran disciples? This is so amazing! It's incredible!"

Chapter 2708 The Legend of Endless Wilderness

quiet!

Deadly quiet!

At this time, everyone's eyes were filled with shock.

Because no one thought that such a little boy in white could possess such powerful power.

Just after entering the Holy Land of Heavenly Dao, he was able to compete with veteran outer disciples like Prince Split Sky. .???.??

Of course, at this time, the person with the ugliest eyes was naturally Prince Split.

Because in the eyes of Prince Split Sky, if a new disciple like Ye Feng dares to jump in front of him, he will be killed instantly by Prince Split Sky.

But what Prince Split Day never expected was that Ye Feng, a newcomer, would be so powerful and so powerful.

Even the inherited power that he had worked hard for many years was shattered by Ye Feng's fist, which really shocked Prince Splitting the Sky deeply.

At this time, Ye Feng was exuding dazzling divine light, floating high in the sky, with a trace of pride in his eyes, and said loudly: "Prince Splitting the Sky, didn't you say you want me to die without a burial place? Why can't it work now?"

"you.....!"

Hearing Ye Feng's unabashed sarcastic words in front of everyone's attention, Prince Splitian suddenly showed an extremely ugly look on his face.

Because he couldn't refute it now. After all, the most powerful methods Prince Split Day had used were unable to deal with Ye Feng.

It can be said that the current Prince Split Sky has nothing to do against Ye Feng.

At this time, Prince Splitting the Sky suddenly looked very ugly and said loudly: "Ye Feng, don't be too happy too early. Although you can compete with my strength, you have to know that in a huge sect like the Holy Land of Tiandao, In this sect, the relationships between all the people are very complicated. Although I can't cure you, I have other helpers. One day, I will let you know what the consequences will be if you go against me. miserable."

"Walk!"

After Prince Split the Sky finished speaking, he snorted coldly and immediately

He led a group of guards from the Split Heaven Dynasty around him and walked towards the distance, not daring to fight Ye Feng again.

At this time, Ye Feng did not continue to take action against Prince Split Sky.

Because Ye Feng had just unleashed his most powerful punch, and was able to draw a tie with Prince Split Sky.

So now Ye Feng's cultivation strength has not been improved rapidly, and he does not want to continue to be entangled with Prince Split Sky for the time being, so as not to waste his time.

At this time, Ye Feng left the scene amidst the shocked eyes of everyone.

After this battle, many of the surrounding outer disciples of the Holy Land of Heaven were shocked by Ye Feng's powerful strength.

After everyone's discussion, Ye Feng's name gradually gained some fame among the outer sects.

After all, Ye Feng's ability to use his cultivation level in the seventh level of Dao Realm to fight against veteran masters like Prince Splitting Heaven in the sixth level of Tianmai Realm naturally shocked many other outer disciples of the Holy Land of Heavenly Dao.

"It seems that another peerless monster is about to emerge from our outer sect."

At this time, many outer disciples of Tiandao Holy Land could not help but exclaim in surprise.

And just when the entire outer gate area was agitated by the battle between Ye Feng and Prince Split Sky.

Ye Feng was alone and had left Tiandao Holy Land and walked towards the outside of Tiandao Holy Land.

When Ye Feng arrived outside Tiandao Holy Land, he did not leave too far.

Because Ye Feng knew that if he went further, he would no longer be in an area controlled by Tiandao Holy Land, and it would be very dangerous.

You know, this is the truly glorious place in the center of the God Realm.

If you rashly leave the area under the jurisdiction of Tiandao Holy Land, you will most likely be harassed by some exiles.

The super strong among the Lang warriors were killed.

After all, many wandering warriors are very greedy for disciples of such large sects.

Because they know that these disciples from super sects are extremely rich, and if they are killed, they can get huge wealth.

Ye Feng's current cultivation level has not yet reached the stage where he can wander around the world, so after Ye Feng left the headquarters of Tiandao Holy Land, he did not leave too far, but practiced in the wilderness around the headquarters of Tiandao Holy Land.

According to the map that Ye Feng obtained from the Holy Land of Tiandao, Ye Feng came to an area around the Holy Land of Tiandao specially designed for the training of disciples of the Holy Land of Tiandao. .??.

This trial area is called the Endless Wilderness, and it was once the base of many ancient cultivation civilizations.

However, countless years have passed, and many ancient cultivation civilizations have declined and perished.

Therefore, in this endless wilderness, there are countless ruins of ancient civilizations.

Of course, it has now grown over with countless weeds and turned into an endless wilderness.

But if you are lucky, you can find some special treasures and wealth in this endless wilderness.

According to the legend of the outer sect, there are ordinary disciples of the outer sect who entered the endless wilderness, and then mistakenly entered the inheritance base of an ancient civilization. Finally, they received the inheritance of a powerful ancient civilization, and then were promoted to become the Holy Land of Heaven. The core disciple eventually grew into a giant in the entire Holy Land of Heaven, and was a top figure in the center of the entire God Realm.

These legends are true.

And it is precisely because of these exciting legends that many new disciples of Tiandao Holy Land, after entering Tiandao Holy Land, the first place they want to test and explore is this endless wilderness.

It was because of this that Ye Feng came to this endless wilderness, hoping to find some opportunities to improve his cultivation.

When Ye Feng entered Wu

After leaving the wilderness, he met several young people wearing the uniforms of Tiandao Holy Land disciples on the road.

These young people are obviously disciples in the Holy Land of Heaven.

However, after everyone met, they all smiled slightly, hugged their fists, and then separated and headed in the direction they wanted to go, and began to look for opportunities.

Of course, there were also some outer disciples from the Holy Land of Heaven on the road who wanted to team up with Ye Feng, because they felt that Ye Feng looked very extraordinary, his cultivation and aura were extremely unfathomable, and they felt that Ye Feng was a master.

But Ye Feng refused them all.

Because Ye Feng has always been alone.

Moreover, these people are strangers, and Ye Feng does not trust them either.

So in the end, Ye Feng was alone in the endless wilderness looking for opportunities.

In the next few days, Ye Feng walked a lot of distance in the endless wilderness.

However, Ye Feng did not find any particularly good opportunities, nor did he obtain any powerful weapons, treasures or inheritance.

However, in this endless wilderness, there are some powerful monsters and monsters surviving after all.

For Ye Feng, fighting against such demonic beasts is also a good way for Ye Feng to improve.

Not only can it train Ye Feng's actual combat experience, but after killing these monsters and monsters, Ye Feng can also swallow the huge life energy of these monsters and monsters to improve his own cultivation.

So in just half a month, Ye Feng was almost addicted to fighting monsters and beasts in the endless wilderness.

In the end, Ye Feng's cultivation level was directly promoted to the ninth level of the Dao Realm in just half a month.

I have to say, this is a quick improvement.

And Ye Feng also felt that it was much better for him to experience in the endless wilderness than to absorb the thin spiritual energy of heaven and earth in the sect.

Chapter 2709 Green Dragon

That night, Ye Feng was taking a short rest in a dilapidated and collapsed palace in the endless wilderness.

But just late at night.

Buzz...

Suddenly, Ye Feng sensed a strange energy fluctuation and opened his eyes instantly.

Uh-huh!

Ye Feng jumped up and came directly to the outside of the ruined palace, looking in a certain direction in the dark night.

Under the endless dark sky, Ye Feng used the Divine Eye of Creation and immediately saw a piece of green light emanating from the depths of the earth in a ruins not far away.

Most people can't see this green light, but Ye Feng has the Divine Eye of Creation, so he instantly sensed this strange fluctuation and saw the light.

"Is it possible that some kind of precious ancient treasure is about to be unearthed?"

At this time, Ye Feng's eyes showed a hint of surprise.

Because Ye Feng knew that in this endless wilderness, many ancient cultivation civilizations were born.

Therefore, in the depths of this endless wilderness, many inheritances and fragments of ancient civilizations remain.

Swish, swish, swish...

Ye Feng didn't hesitate at this moment. He directly used his body skills and quickly lurked towards the area where the green light was emitting.

When Ye Feng came to the edge of the ruins, he immediately saw a rather surprising scene.

On top of this ruin, a long green dragon, only one person tall, was sitting there. It was continuously absorbing the green light emanating from the ground in the same way that people meditate and practice.

When Ye Feng saw this scene, he was immediately surprised.

Because this was the first time he saw such a green dragon.

Moreover, he also learned how human warriors practice, meditating and practicing, which looked quite funny.

"Who is spying on me?"

Suddenly at this moment, the long green dragon who was meditating was very

Extraordinary, he suddenly discovered Ye Feng, who was lurking around and observing him in the darkness.

The green dragon immediately looked in the direction of Ye Feng, and then stretched out a dragon claw in an instant.

Buzz!

The moment he stretched out this dragon claw, he saw that a small spiritual energy formation was quickly outlined in the entire void on the dragon claw.

Then it turned into a huge formation in an instant and shrouded directly in the direction of Ye Feng.

The moment this formation was condensed and formed, countless flames suddenly appeared in the inner space of the formation, trying to burn Ye Feng's entire body.

Boom!

However, Ye Feng just jumped out at this time, and then punched the formation into pieces.

"Huh? A young human, but his body strength is quite powerful. He was able to smash the spiritual energy formation that I randomly drew up."

At this time, the green dragon suddenly showed a trace of surprise in his eyes.

At this time, Ye Feng no longer hid himself, walked out directly, stared at the green dragon, and said loudly: "Brother Green Dragon, I don't have any ill intentions towards you, it's just that I was absorbed by you. I was attracted by the green light. "

"Brother Green Dragon? What are you talking about? I am the most noble and rare jade dragon in the dragon clan! Green... green dragon? This is too tacky!"

The green dragon, who was as tall as a person, immediately screamed, then stared at Ye Feng unkindly, and said loudly: "Do you want to rob me of the jade veins under the ruins?"

When Ye Feng heard this green dragon say this, he immediately understood. It turned out that this green light was emanating from an emerald vein.

However, Ye Feng was not interested in the jadeite vein because it was not as valuable as an ordinary spirit stone vein.

However, the power of jade in this jade vein seems to be of great benefit to this green dragon who calls himself the jade dragon clan.

Ye Feng immediately lost interest, then waved his hand and said loudly: "It turned out to be just an ordinary emerald vein. It's really boring. I thought I had encountered some treasure. I'll leave first. I won't disturb Brother Green Dragon's practice. "

Ye Feng knew that this green dragon was definitely not simple. It was most likely a powerful creature bred by the ancient civilizations in this endless wilderness.

Although this green dragon does not look majestic or majestic, it is just a very small dragon.

But Ye Feng could feel that this green dragon was a huge threat, and it must have other methods that he didn't know about. Ye Feng didn't want to have too much contact with this mysterious existence.

So Ye Feng left here directly at this time and continued to look for other opportunities.

"Human boy, wait a minute."

But suddenly at this moment, the green dragon behind him suddenly said: "You can see the light emanating from this jade mine from all the way away. It seems that you have practiced a very powerful pupil technique."

Ye Feng stopped slightly, turned around and looked at the green dragon, and said aloud: "It is true that I have practiced a special pupil technique that can see through illusions, but so what? Brother Green Dragon, what is this? Any comments?"

When Green Dragon heard what Ye Feng said, he immediately shook his head, and then said with a trace of inexplicable expectation in his eyes: "Brother, since you have such a powerful eye skill, if you and I cooperate, we will be prosperous in the endless wilderness."

When Ye Feng heard what Green Dragon said, a look of doubt appeared on his face and he said, "Developed? Why? During this period, I have been observing the entire endless wilderness with my Divine Eye of Creation, but the effect is mediocre. No surprise, no special luck was found."

green dragon hears

After Ye Feng said this, he walked directly in front of Ye Feng, stretched out a dragon claw, put his arms around his shoulders, and said loudly: "That's because brother, you are looking in the wrong direction. This endless wilderness is really huge." It's too big. If you look for it casually, it's like looking for a needle in a haystack. Few people know where the real treasure is hidden. Brother, I'm an old customer here. Follow me and I'll take you to this endless wilderness. Wherever treasures may be buried, we can work together to find the treasures and opportunities left behind after the demise of ancient civilizations."

When Ye Feng heard what Green Dragon said, a look of surprise suddenly appeared on his face.

It seems that the identity of this green dragon is indeed not simple.

It is very likely that it survived from ancient times, otherwise it would be impossible to know so many secrets.

Ye Feng stared at the smiling green dragon in front of him with a slightly suspicious look at this time, and said loudly: "Why do I feel that you are a little unreliable?"

"How could it be unreliable?"

When the Green Dragon heard what Ye Feng said, he immediately shouted angrily: "I have witnessed with my own eyes the rise and fall of many ancient civilizations in the endless wilderness. Although I am not a big shot in the ancient times, I am a witness. , I swallowed an elixir of immortality and have lived to this day, even resisting the five declines of heaven and man, the decay of the interface, and even escaping the origin world's civilization clearing plan for the lower worlds..."

When he said this, Green Dragon seemed to have thought of some horrible memories. He did not continue talking, but changed the topic and said: "Although my strength is not very good, the news I know is that you are now There is no way this group of people can detect it. Apart from being recorded in history books, I know the most about many ancient secrets.

When Ye Feng heard what the Green Dragon said, he thought for a moment, and then said aloud: "Seeing that what you said is correct, okay, then I will believe you for the time being. You will first take me to find the first opportunity. If you dare to lie to me, then I will never cooperate with you again, and I will beat you up, you lying green dragon."

Chapter 2710 The Court of Light

Hearing what Ye Feng said, Green Dragon immediately glanced at Ye Feng angrily and said: "You kid... I treat you as a brother who made a fortune together, but you suspect me of being a liar. This makes Long very sad. "

The green dragon spoke at this time and spit out a yellowed ancient map directly from his stomach. He smiled mischievously and said, "I'll show you something good, kid. This map is a map I got from the endless wilderness." Found in the ruins of the ancient divine court, it contains all the details of the buildings of the ancient divine court. Ye Feng, you can use your special eye skills and the map in my hand to definitely collect all the treasures in the ruins of the ancient divine court. Search clean."

Ye Feng glanced at the green dragon in front of him in surprise, and then looked at the map in his hand, which had the four ancient characters "Guangming Shenting" written on it.

"The Court of Light?"

Ye Feng's eyes were a little surprised.

Because he has almost never heard of a big force named after "Shenting".

Basically, various sects, holy places, demon sects, etc. are named by themselves.

At this time, Green Dragon spoke up and said: "This is the ancient Western cultivation civilization, the Holy Court of Light. The inheritance is very special. You will know it when you see it."

At this time, the green dragon said and immediately walked towards a certain direction in the endless wilderness.

Ye Feng quickly followed and said, "Show me the map in your hand."

"No."

The green dragon seemed to be a little wary and said, "What if I gave you the map in my hand and you ran away with the map? It would be a big loss for me to go hunting for treasure alone."

Ye Feng looked at the green dragon's vigilant look and couldn't help but smile and said, "It's really stingy."

The green dragon snorted: "The provoking method is useless. Anyway, you and I cooperate and hunt for treasure together, and all the wealth will be 50-50."

Ye Feng didn't say anything else. No matter whether the Green Dragon gave him a map or not, he would not break the rules of cooperation. Ye Feng was not such a dishonest person.

On the way, Ye Feng suddenly asked: "Green Dragon, have you been living in the endless wilderness?"

The Green Dragon glanced at Ye Feng and said: "Of course not. I went out many years ago and traveled around for many years. Finally I got tired of the outside world. Twenty thousand years ago, I returned to this endless wilderness. Or Searching for treasures is more suitable for me, but the world outside is not suitable for me. "

Ye Feng glanced at Green Dragon in surprise and said, "Jianghu is not suitable for you? Don't you like fighting and killing?"

Green Dragon curled his lips and said: "Young man, Jianghu is not about fighting and killing, Jianghu is about human relations."

When Ye Feng heard this, his eyes froze, then he smiled and shook his head, saying: "In my understanding, the world of martial arts is about fighting and killing, and the world's sophistication is not suitable for the world of cultivation."

The green dragon grinned and said: "That's because you, kid, are not yet strong enough to reach a certain level. When you reach the highest level of cultivation, you will no longer be able to become stronger. When a group of people with the same strength are together, you will know when the time comes. , The problem cannot be solved by just beating and killing."

When Ye Feng heard what Green Dragon said, he couldn't help showing a trace of confusion in his eyes, and asked: "Is there really an end to practice?"

When the Green Dragon heard this, he immediately said: "Of course there is. The supreme master realm is the most powerful realm. The master is an existence at the level of immortality."

Ye Feng continued to ask: "Is there really no existence more powerful than the Lord?"

This time the green dragon did not speak immediately;

After thinking for a while, he said: "It should be gone. The Lord is the most powerful. The Lord is immortal."

Ye Feng heard the words and sensed the domination gem integrated into his body.

If the Overlord is really the most powerful, then why did the Overlord fall?

Even if the master is tired of living and wants to liberate himself.

That still means that the Overlord can die.

Dominant level beings can still kill each other.

So how can it be regarded as immortality?

Therefore, Ye Feng feels that dominating the realm does not count as true immortality.

Is there really an end to spiritual practice?

But after Ye Feng thought for a while, he stopped thinking.

Because for him now, it doesn't make much sense to think about this kind of thing.

It will only waste your own time and cause mental exhaustion.

Three days later, Ye Feng followed Green Dragon and finally arrived at the ruins of the ancient divine court guided by the map.

This ancient divine court is a very special western cultivation civilization, called the divine court of light. In the ancient times, its power was very huge and its inheritance was extremely special. It once commanded the endless wilderness for an era.

However, no matter how powerful the cultivation civilization is, it will eventually perish, just like people are born, old, sick and die, and immortality in the true sense cannot be achieved.

The Divine Court of Light, which was so glorious back then, has now become a barren ancient ruins.

At this moment, the Green Dragon looked at the vast ruins in front of him and said immediately: "How should we get in?"

"It's not simple yet."

Ye Feng immediately jumped up and punched the entire ruins hard.

"when!!"

But Ye Feng's fist burst out with divine light and hit the surface of the ruins, but it made a huge metallic roar without causing any damage to the surface of the ruins.

When the Green Dragon saw Ye Feng doing this, he immediately laughed and said: "Ye Feng, these are the ruins of the ancient Light Divine Court. The surface of the ruins is made of the ancient light-attribute divine iron. It is extremely strong. It is said that the surface of the ruins is These materials have been blessed by the divine power of the God of Light. Even the terrifying super magic weapon cannot destroy the buildings on the surface of the ruins. This is why I have been unable to enter the Court of Light to search for treasures. Ye Feng, you It's better to use your Divine Eye of Creation to scan carefully to see if there are any fragile entrances on the surface of this ruin, so we can enter it."

Hearing what the green dragon said, Ye Feng's eyes showed a hint of interest, and he couldn't help but say: "You said that the materials on the surface of the ruins have been blessed by the ancient God of Light?"

The Green Dragon nodded and said: "That's right, let alone you and me. Even if some big shots from the Holy Land of Heaven where you are are coming, they can't do anything with the 'protective shell' of the Holy Court of Light. It can't be destroyed at all. It's too strong, and it's blessed by the divine power of the ancient God of Light."

Ye Feng didn't listen to what the green dragon said at this time. Instead, he walked directly to the surface edge of the ruins of the Holy Court of Light, and then directly released his natural talent, the God Clan Gloves.

Buzz!

The God Clan gloves appeared in Ye Feng's hands, and then with a hint of expectation in Ye Feng's eyes, he put on the God Clan gloves and touched the surface of the ruins of the Light Temple. Hearing what Ye Feng said, Green Dragon immediately glanced at Ye Feng angrily and said: "You kid... I treat you as a brother who made a fortune together, but you suspect me of being a liar. This makes Long very sad. "
