

Ancient 2721

Chapter 2721 The core secret

After the green dragon finished speaking at this time, Ye Feng's eyes suddenly showed a hint of excitement.

They didn't expect that they would find the powerful treasure left by the three leaders of the ancient Thunder clan so quickly.

They are the Storm Cloak, the Belt of Power, and the Thor's Hammer.

At this moment, Ye Feng looked at the green dragon beside him and couldn't help but said: "Among these three treasures, which one is the most powerful?"

The green dragon looked at the third crystal coffin and said slowly: "The most powerful one is of course the Thor's Hammer. Legend has it that this Thor's Hammer was cast from silver meteorite iron from the sky. It belongs to a group of people." A special material from the outside that does not exist in this world, and it is said that this Thor's Hammer has been blessed by the ancient God of Thunder, so it has incredible thunder power. If you can hold this Thor's Hammer, you can The power of the ancient thunder god exploded with incredible destructive power. The thunder giant we just encountered outside this hall should be the condensed power of thunder in Thor's hammer. "

When Ye Feng heard what Green Dragon said, he immediately nodded, and then said loudly: "Before, in the ruins of the Holy Court of Light, you got an offensive treasure like the Sword of Light, so this time I will choose the God of Thunder. Hammer it,"

The green dragon nodded and said with a smile: "I have no objection, but the other two treasures are mine."

Ye Feng smiled slightly and said, "Okay."

For Ye Feng, neither the storm cloak nor the power belt has much appeal.

At most, it can only enhance your overall combat power.

Ye Feng himself was originally a chaotic body, and now he still had an innate heart as his core power. The storm cloak and power belt were not that important.

It is better to choose a super magic weapon with terrifying attack power like Thor's Hammer.

And you know, Ye

Feng also has the Thunder Ancestral Talisman on his body. If he can research and use the power in the Thunder Ancestral Talisman to activate Thor's Hammer, it is estimated that even more terrifying and incredible power and destructive power can be unleashed.

At this time, Ye Feng and Green Dragon immediately walked to the three crystal coffins, and then immediately reached out to take their treasures.

But at this time.

"Boom!"

"Boom!"

"Boom!"

Suddenly three crystal coffins exploded. The three ancient skeletons lying in the crystal coffins suddenly stood up, and then rushed towards Ye Feng and Green Dragon in an instant.

"Stormcloak!"

The first ancient corpse instantly activated the power of his storm cloak, and waves of extremely powerful hurricanes and storms burst out from his body, as if they could sweep the entire world into pieces, and then all of a sudden The child was tearing apart crazily towards the green dragon.

"Absolutely freezing air!"

This sudden change immediately shocked the green dragon.

Then, with almost no hesitation, he spurted out a kind of ice-attributed freezing air, which suddenly collided with the hurricane wind erupting from the storm cloak.

"Rumble..."

A terrifying and boundless collision sound suddenly erupted in the entire hall.

At this time, Ye Feng was on the side and punched the first ancient skeleton that was the first to strike.

"Crack!"

The moment Ye Feng's fist struck the ancient skeleton, the entire skeleton of the ancient skeleton was scattered to the ground.

There was a crash.

At this time, the storm cloak fell to the ground along with the owner's shattering.

Boom!

Boom!

At this moment, two other ancient skeletons also attacked.

One of them was wearing a power belt, and the other was holding a Thor's hammer in his hand. They both burst out with extremely powerful destructive power, and instantly bombarded Ye Feng and Green Dragon, as if they were going to blast all two outsiders. Kill to stop attacking.

"Earth Shield!"

"Great ice sealing technique!"

At this moment, Ye Feng and Green Dragon each condensed huge earth attribute power shields as defense.

The other one released the great ice sealing technique, and then erupted into a terrifying frenzy of freezing cold air. In an instant, the two ancient skeletons in front of him were frozen in the endless ice. They were unable to move, and even the treasures in their hands were frozen for an instant.

It has to be said that the power of ice seems to be naturally suppressive to the ancient Thunder clan. When Ye Feng released the great ice technique, these two ancient skeletons were instantly frozen in the ice. I couldn't move at all.

boom!

Almost at the next moment, Ye Feng rushed in front of the two ancient skeletons sealed by ice, and then punched them hard with two punches.

Click click click...

Along with a burst of shattering sounds, these two ancient skeletons sealed by ice were suddenly beaten to an inch by Ye Feng.

It shattered into pieces, and then all the treasures in their hands fell to the ground.

Uh-huh!

Ye Feng rushed directly in front of him at this moment and took the silver-white Thor's Hammer in his hand.

Buzz!

When Ye Feng held the Thor's Hammer in his hand, he instantly felt the power of thunder like a vast ocean contained in this small hammer.

At this moment, Ye Feng had an illusion. If he used this Thor's Hammer to blast it, it would even trigger the Nine Heavens Thunder above the entire Nine Heavens, creating a vast ocean of thunder and causing a devastating blow to the enemy. , covering tens of millions of miles.

Uh-huh! Uh-huh!

At this time, the green dragon did not waste any time and came immediately, taking the other two treasures into his dragon claws, which were the storm cloak and the belt of strength.

And at the next moment, the green dragon directly put the crimson storm cloak on himself, and wrapped the power belt around his waist.

Buzz!

At this moment, the cloak behind the green dragon released an endless storm hurricane, surging in the void.

The power belt wrapped around his waist also filled the green dragon's entire body with surging power, making his body even stronger.

Green Dragon laughed loudly and said: "Not bad, not bad! It is indeed the three greatest treasures of the ancient Thunder clan!"

Ye Feng said aloud at this moment: "Let's get out of here as soon as possible. I always feel that there is still a strange atmosphere everywhere."

The Green Dragon shook his head and said loudly: "Don't leave yet, we haven't found the core secret of the ancient Thunder clan, the Great Thunder Technique."

Chapter 2722 Thunder God Pill

When Ye Feng heard what Green Dragon said, there was a trace of surprise in his eyes, and he said loudly: "There is nothing else here, how should we find the Great Thunder Technique."

For Ye Feng, searching for this extremely precious Taoist Technique depends entirely on his own luck, because it is difficult to search for this kind of thing purposefully.

Because this kind of thing is not like actual treasures, magic weapons, etc., which can be seen and touched.

Each of the three thousand Taoist techniques is very precious and difficult to find.

The Great Ice-Sealing Technique that Ye Feng obtained was not a deliberate search for Ye Feng, but an inadvertent understanding of the original meaning of the Great Ice-Sealing Technique.

At this moment, Green Dragon thought for a while, and then said aloud: "No matter what, we must find the Great Thunder Technique. This is the key to us coming to the ancient Thunder Clan."

Seeing the green dragon's determination, Ye Feng nodded slightly and said, "Then let me use my huge soul power to investigate."

Buzz!

At this moment, after Ye Feng finished speaking, he immediately emitted his huge soul power, and then covered all areas of the surrounding palace.

At this time, the green dragon's eyes were also staring at Ye Feng beside him with a trace of nervousness and expectation.

Because the Green Dragon knows very well that if he wants to find the extremely powerful Thunder Technique of the ancient Thunder clan, he can only rely on Ye Feng to use his powerful soul power to explore it.

Because for the Green Dragon, he has no way to find the Big Thunder Technique now and must rely on Ye Feng.

The reason why Green Dragon brought Ye Feng to explore the treasures before was because he took a fancy to Ye Feng's ability to hunt for treasures.

At this moment, Ye Feng was using his huge soul power and the Divine Eye of Creation to carefully explore every inch of the entire hall.

"Um?"

Suddenly at this moment, Ye Feng saw a very huge energy fluctuation at the bottom of the palace.

This huge energy fluctuation seems to be hidden under this hall by a mysterious material.

Ben can't sense it.

Not even the green dragon can sense it.

But Ye Feng used his Divine Eye of Creation to see through the ground of the entire hall and observed the energy hidden deep underground.

At this moment, Green Dragon saw the look of surprise in Ye Feng's eyes, and immediately couldn't help but asked anxiously: "Ye Feng, what's going on? Did you discover something?"

Ye Feng nodded, pointed to the ground of the entire hall, and said slowly: "I saw a very huge energy from the depths of the hall, and in my field of vision was a very bright ball of energy. "

When the green dragon heard what Ye Feng said, he immediately stretched out his dragon claws without wasting time and started digging into the soil.

"Crash la la la..."

Almost at this moment, the green dragon's claws were so strong that the entire ground of the hall was immediately emptied.

And at the next moment, the green dragon's claws suddenly touched something underground, making a "dang" sound, which was very clear.

At this moment, the green dragon's face couldn't help showing an expression of pain, and he shouted: "What a solid thing! It hurts me to death!"

At this time, Ye Feng slowly said: "That mass of energy is hidden in this special container."

At this moment, the green dragon emptied all the surrounding ground and soil underground.

What was revealed in front of Ye Feng and Green Dragon was a huge ancient tripod.

There is also a thick bronze cover on the ancient tripod, which seals the entire ancient tripod.

"What exactly is in here..."

Whether it was Ye Feng or Green Dragon, they couldn't help but walk to this place buried underground at this time.

In front of the ancient tripod.

The green dragon stretched out a dragon claw and instantly slapped it on the bronze cover of the ancient tripod.

Click!

The bronze lid of the ancient tripod was instantly blown away by the green dragon's claws.

"Boom!"

Along with a bright beam of thunder light erupted from the cauldron, a pill the size of a human head, whose surface should be engraved with ancient thunder runes, instantly flew out of the ancient cauldron and headed outside. Fly over quickly.

"This is the Thunder God Pill of the ancient Thunder clan!"

The green dragon seemed to have discovered something incredible at this time, and immediately shouted: "Ye Feng! Hurry up and catch this Thunder God Pill! This is the most precious pill of the Thunder Alien Race! If you can swallow it, not only can you Comprehend the Great Thunder Technique, and be able to slowly evolve your physique into the body of a thunder god!"

"Big Thunder Technique!"

"Thunder God's Body!"

When Ye Feng heard what Green Dragon said, his eyes suddenly lit up.

Uh-huh!

At this moment, one person and one dragon showed deep anxiety and excitement on their faces, and they instantly chased the huge Thunder God Pill that flew far away.

"Devouring the Realm!"

Rumble...

Almost at this moment, Ye Feng released his Devouring Domain without any hesitation.

Suddenly the realm of infinite darkness covered the entire world of ice and snow.

The Thunder God Pill that had fled far away was suddenly plunged into an infinite realm of darkness, with no way out at all.

"Roar!!"

Almost at this moment, the Thunder God Pill suddenly transformed from the pill into a giant thunder dragon. It instantly burst out with terrifying and boundless thunder power, and suddenly hit Ye Feng fiercely and swallowed it. above the field.

Boom! !

A terrifying roar instantly echoed across the entire field.

The Devouring Domain released by Ye Feng was almost shattered by the thunder dragon at this moment.

"What a powerful collision force!"

At this time, Ye Feng couldn't help but a trace of blood spilled from the corner of his mouth, and his eyes were a little shaken.

Just now, Ye Feng suffered internal injuries from using the Devouring Domain to withstand the attack of the thunder dragon.

You know, Ye Feng's current cultivation level has broken through to the sixth level of Tianmai Realm, but it is many times stronger than before.

But even so, the destructive power of the thunder dragon evolved from that small pill was still so terrifying that Ye Feng was injured for a moment.

This shows how precious and powerful this Thunder God Pill is. The energy contained in the pill must be terrifying to the extreme. It is indeed the core pill of the ancient Thunder Clan.

At this time, the devouring domain released by Ye Feng finally bought the green dragon time.

"Uh-huh!"

At this time, the green dragon opened its mouth and spat out a steel net that exuded bright light. In an instant, the thunder dragon transformed from the pill was instantly enveloped in this steel net, and it was directly This giant thunder dragon entangled him, making it impossible for him to escape.

"Roar....."

This giant thunder dragon roared and let out a terrifying roar, trying to escape.

"Boom!"

But at this moment, the green dragon stretched out a dragon claw, which suddenly turned into a dragon claw, as if made of steel, and instantly turned into a bombardment on the trapped thunder dragon.

"Boom!!"

Along with a terrifying roar, the thunder dragon was immediately beaten to the ground by the green dragon, and then transformed into a pill form again.

Chapter 2723 The Body of the God of Thunder

The green dragon flew in front of the Thunder God Pill at this time, grinned and said: "You won't call out now, will you?"

At this moment, Thunder God Pill seemed to have been completely beaten to death and was motionless.

Uh-huh!

Ye Feng came over in an instant, stared at the motionless Thunder God Pill in front of him, and couldn't help but said: "The power of this Thunder God Pill is really powerful, even my Devouring Domain is barely there." It was smashed!"

Green Dragon smiled faintly at this moment and said: "Ye Feng, that was the power of the pill spirit in the Thunder God Pill just now. Now that the pill spirit has been destroyed by me, there is no longer any threat." ??

Ye Feng nodded and said aloud: "What should I do with this Thunder God Pill now? You take it, or I take it."

The green dragon stretched out its claws, gave the Thunder God Pill to Ye Feng, and said loudly: "I already have the body of the most noble jade dragon, I don't need the Thunder God's body, it won't have much effect on me. , Ye Feng, just swallow this Thunder God Pill, and after you get the Thunder God's body, just share the secret of the Thunder God with me."

"good."

Ye Feng didn't show any pretense, he just swallowed the Thunder God Pill in front of him directly into his stomach.

Boom! !

Almost at this moment, Ye Feng suddenly felt a terrifying thunder power exploding in his body.

You know, this kind of power is different from the blood energy that Ye Feng usually swallows.

This is the very pure thunder power in the Thunder God Pill, and it is very terrifying and destructive.

At this moment, Ye Feng felt that his entire body, every inch of flesh and blood was being destroyed by the terrifying thunder, and then continued to be reborn.

It was as if his entire body was about to transform, completely transformed.

At this moment, Ye Feng endured this horrific pain, and then frantically refined the energy in the Thunder God Pill.

Because Ye Feng knows very well that once he can completely devour and refine the Thunder God Pill, his cultivation strength will be greatly increased.

Moreover, the power of his body will also undergo an instant transformation.

After all, according to Green Dragon, the power of thunder in this Thunder God Pill can transform his body into the body of a Thunder God.

Although Ye Feng is now in a chaotic body, if he can add one more physical attribute, Ye Feng will not refuse.

After all, the Chaos Body can accommodate various attributes of physique and strength, so Ye Feng's current physique can be said to be a hodgepodge.

It would also be a good improvement if you have an extra thunder god's body in your physical attributes.

"Rumble..."

At this moment, the green dragon standing next to Ye Feng watched Ye Feng swallow the Thunder God Pill directly, with a trace of surprise and expectation in his eyes.

He saw streaks of blue-purple thunder power appearing on the entire surface of Ye Feng's body.

Like streaks of thunder and lightning, they surged through Ye Feng's body, looking very magical.

At this moment, Green Dragon couldn't help but murmur to himself: "This kid is really powerful. This kind of powerful physique is really rare. It can actually contain the destruction of the thunder in the entire Thunder God Pill. It is really powerful." No, even I don't dare to do that."

Obviously, the reason why Green Dragon gave the Thunder God Pill to Ye Feng to swallow just now was not because he did not need the Thunder God Pill, but because his body simply could not withstand the destruction of the thunder power in the Thunder God Pill.

After all, you must know that the power of thunder is the most violent and destructive power in the world.

Place

Ordinary creatures simply cannot withstand the power of the God of Thunder in the Thunder God Pill.

But Ye Feng can bear all this.

Because the Chaos Body gave Ye Feng an extremely powerful body, and the God's Heart could provide Ye Feng with a steady stream of vigorous vitality, making Ye Feng's life very tenacious.

"boom!"

Suddenly at this moment, Ye Feng's body suddenly burst out with an extremely powerful aura of cultivation.

That is the momentum of breakthrough.

At this moment, Ye Feng's cultivation suddenly experienced a breakthrough.

Directly from the sixth level of Tianmai Realm, he broke through to the seventh level of Tianmai Realm. .???.??

And in addition, Ye Feng's cultivation momentum has not stopped yet, and he continues to make breakthroughs.

"boom!"

The eighth level of Tianmai Realm!

"boom!"

The ninth level of Tianmai Realm!

"boom!"

The tenth level of Heavenly Meridian Realm is complete!

Finally at this moment, Ye Feng suddenly opened his eyes.

Buzz!

His eyes were filled with the power of thunder and lightning, giving people the impression that a thunder god had resurrected.

Uh-huh!

At this time, Ye Feng instantly picked up the Thor's Hammer in his hand, and then wildly bombarded it in the distance.

Boom! !

Accompanied by a terrifying roar, Ye Feng's hammer instantly triggered countless thunders from above the nine heavens to attack, echoing the power of Thor's hammer, instantly forming a huge thunder. The light of the giant hammer is full of unparalleled destructive power.

In an instant, the area not far away with a radius of several kilometers

The whole earth was shattered into pieces and turned into countless dust.

Everything was wiped out and shattered by Ye Feng's hammer.

When Ye Feng saw this scene, his eyes suddenly showed deep excitement, and he couldn't help but said: "My cultivation has broken through to the tenth level of Tianmai Realm, and my combat power is better than before. How much more powerful, and my biggest gain now is that I have obtained the secret of the Great Thunder Technique from this Thunder God Pill. As long as I use the secret of the Great Thunder Technique, I can trigger the thunder above the nine heavens, and cooperate with the Thor Hammer in my hand. , I estimate that I can now fight against a strong person in the Divine Map Realm who has surpassed the Heavenly Vein Realm!"

At this moment, Ye Feng's tone was full of deep confidence.

Of course, Ye Feng is not arrogant, but he truly has such power.

At this time, Ye Feng only felt that his whole body was filled with violent fighting power, capable of roaring into the sky and shattering everything.

At this moment, Green Dragon was standing not far away, looking at the power exerted by Ye Feng, his eyes suddenly lit up, and he couldn't help but said: "Ye Feng, you should have understood the Great Thunder Technique by now. It's a secret, it's really unbelievable. In such a short period of time, you have understood the Thunder God Pill's Great Thunder Technique. It is so powerful that I

can't help but admire your evil talent. You are among the human race. You are definitely a super genius. Anyway, I have never seen a guy as scary as you, which is incredible. "

When Ye Feng heard the green dragon's praise, he just smiled lightly and said, "I will now share the Great Thunder Technique with you."

Uh-huh!

Almost as soon as Ye Feng finished speaking, he stretched out a finger and instantly touched the green dragon's eyebrows.

Wow...

At this moment, a very bright light of thunder and lightning struck directly from Ye Feng's fingertips, and then covered the green dragon's entire body.

Chapter 2724 Return to the Holy Land of Heaven

At this moment, as the light of thunder and lightning in Ye Feng's fingers covered the green dragon's entire body, the green dragon immediately felt the secret of the big thunder technique.

You know, the Big Thunder Technique has been understood by Ye Feng, so at this time, Ye Feng directly teaches it to Green Dragon, and there will be no obstacles at all.

The Green Dragon was able to get the true core secret of the Great Thunder Technique in an instant, and could learn it in one go.

At this time, Green Dragon suddenly shouted: "Big Thunder Technique!"

Boom! !

Almost at this moment, the Green Dragon activated the core secret of the Great Thunder Technique, and a large amount of thunderous light suddenly erupted from his entire body.

Then the green dragon's entire body expanded rapidly, and finally turned into a majestic thunder dragon that was several kilometers long, appearing on the entire field, looking like it had a terrifying and violent aura.

"Hahaha!"

At this time, Green Dragon laughed loudly: "The Big Thunder Technique is indeed the core secret of the ancient Thunder Clan. After practicing it, it can really bless me with extremely powerful destructive power. You know, this is the most powerful force in the world." The fierce and domineering power of thunder is so exciting, I feel like I have become a thunder dragon now!"

At this time, Ye Feng looked at the green dragon full of thunder and lightning in the sky, and couldn't help but smile and said: "I didn't expect that your life source, Green Dragon, is also very special, able to accommodate such a powerful thunder attribute." He even used the power of thunder to transform his original dragon power and became a dragon with the attribute of thunder." ??

Uh-huh!

At this time, the green dragon flew down from the sky, returned to its original state, and said loudly: "I am not as evil as you, you kid. You can really change your own life source attributes, and I just used the Big Thunder Technique. It only allowed me to possess some of the abilities of the Thunder Dragon Clan in a short period of time. After all, I am still Jade.

The source of life of the Jade Dragon. "

At this time, the green dragon was talking and couldn't help but stare at Ye Feng and said, "Is your chaotic body natural?"

Ye Feng shook his head slightly and said: "In the beginning, I was just an ordinary human physique. I cultivated into a chaotic body step by step."

When Green Dragon heard what Ye Feng said, his eyes widened slightly, and then he said loudly: "You are really good at it. You have transformed yourself into a chaotic body through cultivation. It seems that you have suffered a lot since you started practicing. "

At this moment, one person and one dragon were talking, leaving the ruins of the ancient Thunder clan.

This time they came outside the ruins and didn't encounter any troublemakers.

At this time, Ye Feng looked at the green dragon in front of him and said, "It's almost time. It's time for me to leave the endless wilderness. Green Dragon, do you want to leave the endless wilderness with me?"

The green dragon thought for a moment, looked at the endless wilderness around him, nodded and said: "I have thought about it before, I have been here for too long, it is time to go out and see the outside world, and Ancient Thunder The relics of the clan are the last map in my hand. There is nothing good left to search for in this endless wilderness."

When Ye Feng heard what Green Dragon said, his eyes suddenly lit up and he said, "So, have you decided to return to the Holy Land of Heaven with me?"

The green dragon nodded and said: "Yes, your talent is too high, and your luck is also very good. It is as if you have been favored by God. If you follow you, you may have something to eat."

When Ye Feng heard what Green Dragon said, he immediately laughed and then said aloud

Said: "Then let's just leave this endless wilderness. Counting the time, I have been away from the Holy Land of Heaven for nearly a month now, and it's time to go back."

Next, Ye Feng and Green Dragon didn't waste any time, and rushed directly towards the outer area of the endless wilderness, towards the direction of Tiandao's body.

For Ye Feng, this time he came to the endless wilderness. With the help and guidance of the green dragon, he received a huge opportunity, and his strength and means were greatly improved.

Ye Feng knew that if he returned to the Holy Land of Heaven this time, no one in the outer gate would be able to stop him.

Half a month later, Ye Feng and Green Dragon finally arrived at the headquarters of Tiandao Holy Land. ??

At this moment, looking at the headquarters of the entire Tiandao Holy Land, the majestic and boundless ancient city, Green Dragon suddenly showed a look of surprise in his eyes, and couldn't help but say: "It seems that the Tiandao where your kid is... Holy Land's strength is pretty good."

Ye Feng also nodded and said: "Our Holy Land of Heaven is a very powerful force in the center of the entire God Realm, otherwise it would not be named after the 'Holy Land'."

At this moment, Ye Feng and Green Dragon were talking as they walked into the headquarters of Tiandao Holy Land.

Ye Feng took Green Dragon and walked directly towards the outer disciple area where he lived. Soon they came to an area where the Spirit Gathering Tower stood.

The green dragon looked at the Spirit Gathering Towers one by one with a hint of interest in his eyes.

At this time, Ye Feng said to the green dragon: "There are many disciples of the Tiandao Sect that I was in when I entered the Tiandao Holy Land with me. I will introduce them to you one by one when the time comes. We all live together. ,

They can take care of each other. "

Ye Feng still values the green dragon quite a lot.

After all, the Green Dragon's methods are very powerful, and its origin is also very mysterious.

If there is a green dragon following him, he will have an extra trump card in this Holy Land of Heaven.

After all, although the green dragon looks ordinary, it is also very terrifying once its power breaks out.

But just when Ye Feng and Green Dragon arrived at the living area of their Tiandao Sect disciples.

Ye Feng immediately saw that several Tiandao Sect disciples were instantly knocked away by a middle-aged man wearing the clothes of an outer sect elder, and fell to the ground hard, spitting out a mouthful of blood.

The few disciples of Tiandao Sect standing at the front were all familiar to Ye Feng.

"This outer sect elder actually took action directly against the disciples of our Tiandao Sect branch. Could this outer sect elder be the father of Lu Qingshan, the young sect leader of the Qingshan branch that I taught before?"

When Ye Feng saw this scene at this moment, his eyes suddenly showed a hint of coldness, and then he walked over directly.

The moment Ye Feng appeared, the disciples from the Tiandao Sect branches all showed excitement in their eyes, and they hurriedly said: "Senior Brother Ye Feng, you are finally here! This outer sect elder is too deceptive. , actually want to drive us out."

At this moment, the moment these disciples finished speaking, the outer sect elder immediately stared at Ye Feng with cold eyes and said loudly: "Are you the Ye Feng who bullied my son Lu Qingshan? You are such a small one. Outer disciple, you know my son's identity and you still dare to be so arrogant. Today I will teach you a lesson for this ignorant boy!"

Chapter 2725 Fearful eyes

I have to say that the outer elders of Tiandao Holy Land are still very powerful.

The cultivation aura emanating from the outer sect elder who was looking for trouble at this moment has clearly surpassed that of the Heavenly Vein Realm and is a powerful existence at the first level of the Divine Map Realm.

At this moment, a group of disciples from the Tiandao Sect came to Ye Feng and could not help but whisper: "Senior Brother Ye Feng, this outer sect elder has a powerful cultivation level in the first level of the Divine Map Realm. He is very powerful." That's awesome, let's avoid the danger for now and give up our living space first."

"unnecessary."

Ye Feng shook his head at this time, with a confident smile in his eyes, and said loudly: "It's just a cultivation level of the first level of the Divine Map Realm, it's nothing."

"A piece of cake?"

Several disciples from the Tiandao Sect around them had deep astonishment in their eyes when they heard what Ye Feng said.

Because in their eyes, strong men at the level of the Divine Map are already extremely terrifying big shots, extremely powerful super masters.

But they didn't expect that Ye Feng now said that a strong man in the Divine Figure Realm was nothing, which made everyone feel deeply worried because they felt that Ye Feng might be too arrogant this time. .

But at this time, the green dragon standing next to Ye Feng couldn't help but said: "Ye Feng, stop talking nonsense, hurry up and fight with this old boy who is in the first level of the Divine Map Realm, look at you How has it been progressing over time?"

Hearing what Green Dragon said, the surrounding disciples of the Tiandao Sect's branches had deep doubts in their hearts.

Could it be that their senior brother Ye Feng has really received some huge opportunity during this period, and is already comparable to the cultivation masters at the divine map level?

Buzz...

At this moment, Ye Feng didn't hesitate at all and just walked slowly towards the outer sect elder.

When the elder of the outer sect saw Ye Feng, he actually dared to confront him head-on. His eyes immediately revealed a deep sarcasm, and then there was a cold murderous intent, and he said: "Good boy, I didn't expect you." You are so courageous and dare to stand opposite this elder. Well, I will kill you today to see who dares to bully my son outside the gate in the future."

boom!

Almost at the moment when the outer sect elder finished speaking, the powerful cultivation of the first level of the Divine Map Realm suddenly burst out from his body.

A strong person at the level of the God Totem can evolve his own God Totem to add powerful power to his own force.

"Roar!"

At this moment, the divine totem released by the outer sect elder was a huge black snake. It looked very ferocious. In an instant, it merged with the outer sect elder and blasted towards Ye Feng. Kill away, full of unparalleled destructive power.

"This kid is dead!"

At this moment, there were some outer sect disciples following the outer sect elders. Their eyes looking at Ye Feng were full of cold smiles.

Because among the outer sects of the Holy Land of Heaven, the elders of the outer sect are definitely the most powerful ones.

"Ice!"

boom!

Almost at this moment, Ye Feng immediately released the great ice sealing technique that he had just learned before.

Ye Feng released

The moment he unleashed the Great Ice-Sealing Technique, an extremely terrifying freezing cold wave suddenly erupted from his body, filled with unparalleled ice-sealing power. In an instant, it covered the outer sect elder who was charging forward. .

Almost at the moment of contact, the outer elder didn't even make a sound. His whole person, including the totem power he released, was frozen by Ye Feng's cold air and turned into an ice sculpture. , and then froze in the void.

Boom!

And at the next moment, Ye Feng immediately jumped to high in the sky, and then punched out fiercely. In an instant, the ice sculpture that was sealed by the ice of the outer sect elders fell into pieces, and the outer sect elders also fell apart with the ice sculpture. Death turned into countless fragments and fell from the sky, shocking everyone in the audience.

"What?!"

At this moment, seeing this shocking scene, the group of outer sect disciples who had followed the outer sect elders, including the outer sect elder's son Lu Qingshan, had deep shock in their eyes for a moment, and then And full of deep fear.

Because they never thought that such a powerful person as the elder of the outer sect, a super master of the first level of the Divine Map Realm, would be killed instantly by Ye Feng, a new disciple who had just entered the Holy Land of Heaven.

Everyone on the field was shocked.

Including the disciples of the Tiandao Sect on Ye Feng's side, their eyes were filled with deep consternation and horror at this moment.

Because they never thought that Ye Feng had really improved so much in a short period of time.

This kind of strength and cultivation is simply terrifying to the extreme.

An outer sect elder was killed by Ye Feng in an instant. This was really shocking!

quiet!

Deadly quiet!

The entire field instantly fell into a dead silence, and no one dared to make a sound.

Everyone stared at Ye Feng with eyes full of shock and fear.

At this time, Ye Feng directly stretched out his hand and put the outer elder who was killed by him into his storage ring, and then looked at the group of followers of the outer elder not far away, and slowly "Who else wants to find trouble with me?"

Plop!

Plop!

Almost at the moment Ye Feng finished speaking, all the outer disciples on the field turned pale with fright. They knelt on the ground, kowtowed quickly and said, "It's wrong, we are wrong." All wrong."

At this time, the eyes of Lu Qingshan, the son of the outer sect elder, were filled with deep sorrow, because his father died in Ye Feng's hands, but at this time, Lu Qingshan's eyes were filled with deep fear, because Ye Feng, a young man, was so powerful that he was simply unstoppable.

At this time, Ye Feng immediately stared at Lu Qingshan not far away, and then with just a flick of his finger, a divine light blasted out from Ye Feng's fingers, and instantly penetrated Lu Qingshan not far away. head.

"ah!"

When the surrounding group of outer disciples saw this scene, they all howled in fear and ran away quickly.

At this moment, a group of Tiandao Sect disciples around them all looked extremely excited and said loudly: "Senior Brother Ye Feng, you are really amazing!" It must be said that the outer sect elders of Tiandao Holy Land are still very excited. awesome.

The cultivation aura emanating from the outer sect elder who was looking for trouble at this moment has clearly surpassed that of the Heavenly Vein Realm and is a powerful existence at the first level of the Divine Map Realm.

At this moment, a group of disciples from the Tiandao Sect came to Ye Feng and couldn't help but whisper: "Senior Brother Ye Feng, this outer sect elder has a powerful cultivation level in the first level of the Divine Map Realm. That's awesome, let's avoid the danger for now and give up our living space first."

"unnecessary."

Ye Feng shook his head at this time, with a confident smile in his eyes, and said loudly: "It's just a cultivation level of the first level of the Divine Map Realm, it's nothing."

"A piece of cake?"

When the surrounding disciples of the Tiandao Sect branch heard what Ye Feng said, their eyes showed deep astonishment.

Because in their eyes, strong men at the level of the Divine Map are already extremely terrifying big shots, extremely powerful super masters.

But they didn't expect that Ye Feng now said that a strong man in the Divine Figure Realm was nothing, which made everyone feel deeply worried because they felt that Ye Feng might be too arrogant this time. .

But at this time, the green dragon standing next to Ye Feng couldn't help but said: "Ye Feng, stop talking nonsense, hurry up and fight with this old boy who is in the first level of the Divine Map Realm, look at you How has it been progressing over time?"

Hearing what Green Dragon said, several disciples from the Tiandao Sect around him had deep doubts in their hearts.

Could it be that their senior brother Ye Feng has really received some huge opportunity during this period, and is already comparable to the cultivation masters at the Divine Map level?

Buzz...

At this moment, Ye Feng didn't hesitate at all and just walked slowly towards the outer sect elder.

When the elder of the outer sect saw Ye Feng, he actually dared to confront him head-on. His eyes immediately revealed a deep sarcasm, and then there was a cold murderous intent, and he said: "Good boy, I didn't expect you." You are so courageous and dare to stand opposite this elder. Well, I will kill you today to see who dares to bully my son outside the gate in the future."

boom!

Almost at the moment when the outer sect elder finished speaking, the powerful cultivation of the first level of the Divine Map Realm suddenly burst out from his body.

A strong person at the level of the God Totem can evolve his own God Totem to add powerful power to his own force.

"Roar!"

At this moment, the divine totem released by the outer sect elder was a huge black snake. It looked very ferocious. In an instant, it merged with the outer sect elder and blasted towards Ye Feng. Kill away, full of unparalleled destructive power.

"This kid is dead!"

At this moment, there were some outer sect disciples following the outer sect elders. Their eyes looking at Ye Feng were full of cold smiles.

Because among the outer sects of the Holy Land of Heaven, the elders of the outer sect are definitely the most powerful ones.

"Ice!"

boom!

Almost at this moment, Ye Feng immediately released the great ice sealing technique that he had just learned before.

Ye Feng Release

The moment he unleashed the Great Ice-Sealing Technique, an extremely terrifying freezing cold wave suddenly erupted from his body, filled with unparalleled ice-sealing power. In an instant, it covered the outer sect elder who was charging forward. .

Almost at the moment of contact, the outer elder didn't even make a sound. His whole person, including the totem power he released, was frozen by Ye Feng's cold air and turned into an ice sculpture. , and then froze in the void.

Boom!

And at the next moment, Ye Feng immediately jumped to the high altitude, and then punched out with a fierce punch. In an instant, the ice sculpture that was sealed by the ice of the entire outer sect elders fell into pieces, and the outer sect elders also fell apart with the ice sculptures. Death turned into countless fragments and fell from the sky, shocking everyone in the audience.

"What?!"

At this moment, seeing this shocking scene, the group of outer sect disciples who had followed the outer sect elders, including the outer sect elder's son Lu Qingshan, had deep shock in their eyes for a moment, and then And full of deep fear.

Because they never expected that such a powerful person as the elder of the outer sect, a super master of the first level of the Divine Map Realm, would be killed instantly by Ye Feng, a new disciple who had just entered the Holy Land of Heaven.

Everyone on the field was shocked.

Including the disciples of the Tiandao Sect on Ye Feng's side, their eyes were filled with deep consternation and horror at this moment.

Because they never thought that Ye Feng had really improved so much in a short period of time.

This kind of strength and cultivation is simply terrifying to the extreme.

An outer sect elder was killed by Ye Feng in an instant. This was really shocking!

quiet!

Deadly quiet!

The entire field instantly fell into a dead silence, and no one dared to make a sound.

Everyone stared at Ye Feng with eyes full of shock and fear.

At this time, Ye Feng directly stretched out his hand and put the outer elder who was killed by him into his storage ring, and then looked at the group of followers of the outer elder not far away, and slowly "Who else wants to find trouble with me?"

Plop!

Plop!

Almost at the moment Ye Feng finished speaking, all the outer disciples on the field turned pale with fright. They knelt on the ground, kowtowed quickly and said, "It's wrong, we are wrong." All wrong."

At this time, the eyes of Lu Qingshan, the son of the outer sect elder, were filled with deep sorrow, because his father died in Ye Feng's hands, but at this time, Lu Qingshan's eyes were filled with deep fear, because Ye Feng, a young man, was so powerful that he was simply unstoppable.

At this time, Ye Feng immediately stared at Lu Qingshan not far away, and then with just a flick of his finger, a divine light blasted out from Ye Feng's fingers, and instantly penetrated Lu Qingshan not far away. head.

"ah!"

When the surrounding group of outer disciples saw this scene, they all howled in fear and ran away quickly.

At this moment, a group of Tiandao Sect disciples around them all looked extremely excited and said loudly: "Senior Brother Ye Feng, you are really amazing!"

Chapter 2726 The Dominance of Emerald Valley

For Ye Feng, defeating an ordinary outer sect elder is not something to be proud of.

Because Ye Feng's current strength and cultivation are very strong, and at this moment Ye Feng looked at the people in the crowd and did not see Leng Qingxue, he couldn't help but asked: "By the way, where is Leng Qingxue going?" Why didn't you see her? "

Hearing what Ye Feng said, several inner disciples of Tiandao Sect around him immediately spoke up and said: "Senior Sister Leng also went out to practice for a period of time recently. It is said that she gained a lot. She should be in the central area of the outer sect of our Tiandao Holy Land now. Redeem contribution points."

"Oh no!"

Suddenly at this moment, a disciple from the Tiandao Sect branch not far away hurriedly ran over. Then seeing everyone here, he couldn't help but said: "Everyone, go to the center area of the outer sect quickly. , Senior Sister Leng and several other senior brothers and sisters were all surrounded by people from Emerald Valley."

"People from Emerald Valley?"

There was some doubt in Ye Feng's eyes. .??.

A disciple of the Tiandao Sect next to him immediately spoke out: "Senior Brother Ye Feng doesn't know something. In the past month or so since you have been out, our place of residence has been provoked by many other masters of the branch. However, Senior Sister Leng Qingxue has achieved a breakthrough in her cultivation, so she took it down one by one and beat away all the provocative opponents from other branches. However, this Emerald Valley is a very powerful branch, more powerful than Lu. The Qingshan branch where Qingshan is located has a much deeper foundation, so the people in Emerald Valley have always been very domineering, collecting protection fees

everywhere, and want us ordinary branch disciples to hand over the daily cultivation resources given to us by the Holy Land. It's really abominable.”

Hearing what the Tiandao Sect disciple next to him said, Ye Feng suddenly showed a look of surprise in his eyes.

Unexpectedly, competition among the outer gates of the Holy Land of Heaven would be so fierce.

People from different sects with so many powerful backgrounds are very powerful, and

He also has a very domineering personality, and wanting to plunder the training resources of other ordinary disciples is extremely abominable.

At this time, even Ye Feng felt that this master of Emerald Valley was really breaking the rules.

Because cultivation resources are very important to every disciple.

But these masters of Emerald Valley actually want to plunder all the cultivation resources from ordinary disciples, really cutting off others' escape route.

Ye Feng's eyes showed a hint of coldness at this time. He immediately stared at the Tiandao Sect disciple in front of him and said loudly: "Take us to the central area of the outer gate quickly. I want to see what's going on." Who dares to provoke Leng Qingxue and a group of disciples from our Tiandao Sect branch? It seems that simply being patient is not the answer. Today, I want to let people know that our Tiandao Sect branch is not something to be trifled with under the spotlight!"

Hearing what Ye Feng said, the surrounding group of Tiandao Sect disciples showed excitement in their eyes.

Because they have all seen Ye Feng's extremely powerful cultivation just now, and his strength is definitely considered a super master among the outer sects.

If Ye Feng takes action, it is really possible that he can fight against the super geniuses of Emerald Valley.

After the disciples of Tiandao Sect came to the headquarters of Tiandao Holy Land, they basically suffered all kinds of bullying.

Because indeed, Tiandao Sect is a relatively weak branch.

But now this group of Tiandao Sect disciples are full of excitement.

Because among their weak branch, Ye Feng, a peerless evildoer, might be able to lead their branch to glory in the headquarters of the Holy Land of Heaven, and never suffer any abuse again.

Who was bullied and completely risen.

Wow...

At this moment, a group of Tiandao Sect disciples immediately followed Ye Feng towards the central area of the outer gate.

"Now there's something good to watch."

Green Dragon also had an expression on his face that he was afraid of chaos in the world, and followed everyone towards the central area of the outer door.

When everyone arrived at the central area of the outer gate, they immediately saw Leng Qingxue and several other Tiandao Sect branch disciples surrounded by a group of experts.

Leng Qingxue and a group of inner disciples of Tiandao Sect all held a lot of cultivation resources in their hands, which were obviously resources they had just redeemed.

But at this time, they were surrounded by a group of experts from the Emerald Valley.

An expert from the Emerald Valley immediately sneered and said: "Tiandao Sect branch, your weak branch does not deserve to have such rich training resources, hurry up and give us half of the resources in your hands, it will be regarded as protection money. Otherwise, don't blame us for attacking you directly. In that case, our weapons may be stained with blood."

overbearing!

Extremely domineering!

At this moment, the words of this Emerald Valley master were really filled with deep domineering and a kind of shamelessness.

Because all of these cultivation resources were earned by Leng Qingxue and a group of disciples of Tiandao Sect through their own efforts, but now they want to sit back and enjoy the gains and forcefully snatch half of the cultivation resources from their hands. It is really shameless in the extreme.

"It's really shameless."

Leng Qingxue's eyes suddenly showed deep anger at this time, and then said loudly: "You people from Emerald Valley are really bullying others. All these resources were obtained through our own experience during this period. You You're actually waiting for me, trying to rob me here

The cultivation resources in our hands, even if I die today, there is no way I can hand over the resources in my hands to you. "

Boom!

Almost at this moment, Leng Qingxue burst out with his powerful cultivation.

She had received the inheritance from her ancestors before, and at this moment she suddenly released her powerful inheritance.

"Ten thousand swords return to the clan!"

In an instant, thousands of sword lights appeared in Leng Qingxue's hand, and then spread towards the surroundings, forcing all the masters of the Emerald Valley back.

It has to be said that Leng Qingxue's current cultivation strength is still very strong, so that the masters of the Emerald Valley do not dare to take action rashly.

Boom! !

But suddenly at this moment, a huge sword light came from a short distance and instantly shattered the countless sword lights around Leng Qingxue.

Kick, kick, kick!

Even though Leng Qingxue was extremely powerful, he was killed by this huge sword light and couldn't help but take several steps back, and his face became a little pale.

Uh-huh!

At this time, a young man wearing a golden robe appeared in everyone's sight.

The moment this young man appeared, he immediately caused a sensation among the countless watching disciples on the field.

"It's Senior Brother Wu Xiangyang!"

"This is the top genius in the Emerald Valley! It is said that his sword skills are simply superb!"

"That's right! This Wu Xiangyang is known as the Little Sword King. He is very famous among the outer sects of our Tiandao Holy Land. Many outer sect elders are no match for this super genius."

...

At this moment, many disciples watching around the entire field were talking about it.

Chapter 2727 Leave everything to me

At this moment, everyone's eyes were full of reverence and awe, staring at Wu Xiangyang, the number one genius in Emerald Valley.

At this time, Wu Xiangyang was wearing a golden robe, his eyebrows were majestic, and he looked like he had a special temperament.

His eyes were filled with a deep majesty at this time, staring at Leng Qingxue and a group of inner disciples of Tiandao Sect not far away, and his eyes suddenly showed a look of contempt, and he said loudly: " You disciples from the weak branches dare to disobey the orders of our Emerald Valley. You are so bold. Do you know that you can survive safely in the outer sect only because of the protection of our Emerald Valley? Turn it in now? If you are not willing to use half of your resources as protection fees, then I can only teach you a lesson."

boom!

At this moment, Wu Xiangyang suddenly burst out with a terrifying cultivation aura.

That kind of cultivation momentum is a powerful aura that has surpassed the third level of the Divine Map Realm of the Tianmai Realm.

"What? It's actually a powerful existence at the third level of the Divine Map Realm!"

"Is Wu Xiangyang, the first genius from Emerald Valley, really just an outer disciple? How can he have such a powerful cultivation level?"

"I heard that Wu Xiangyang's strength is comparable to that of some inner sect disciples, but he has never been promoted to the inner sect and has been staying outside just to squeeze out various disciples from other branches in the outer sect, so it is very It's disgusting, but there's nothing anyone can do."

At this moment, many of the disciples watching around were talking about it.

There was disgust in their eyes for Wu Xiangyang's oppression, but they also had awe and fear for Wu Xiangyang's terrifying strength, and they did not dare to resist at all.

Therefore, in the minds of many disciples around him, if these weak new disciples from the Tiandao Sect's branch dare to resist Wu Xiangyang, they will definitely end up in a very miserable way.

Kick, kick, kick...

At this moment, even an extremely powerful female prodigy like Leng Qingxue could not help but take several steps back. Several disciples of the Tiandao Sect around them had fear in their eyes.

Because they all felt an irresistible sense of depression and the shadow of death from Wu Xiangyang.

At this time, an inner disciple of Tiandao Sect immediately looked at Leng Qingxue beside him, and couldn't help but said with some fear: "Senior Sister Leng, how about we hand over the resources in our hands, and the remaining Qingshan is here, We are not afraid of not having firewood, so we can only endure the humiliation for the time being."

"Geniuses of Emerald Valley, you are really bullying me too much."

But suddenly at this critical moment, a young boy's voice suddenly sounded throughout the entire field.

Swish, swish, swish!

Swish, swish, swish!

Almost at this moment, countless disciples on the field couldn't help but look in the direction where the voice came from.

"Who is so bold?"

There was surprise in their eyes, as if they didn't expect that at this time, someone would dare to stand up and resist Wu Xiangyang. Wouldn't that be asking for death?

And in the midst of everyone's curious gazes, Ye Feng, dressed in white as Sheng Xue, slowly walked out from the surrounding crowd, with a cold look in his eyes.

"It's Senior Brother Ye Feng!"

"Ye Feng is back

!"

It almost seemed that at this moment, not far away, Leng Qingxue and several disciples of Tiandao Sect had surprise in their eyes.

They never thought that at such a critical moment, Ye Feng would actually come back from training outside.

Swish, swish, swish...

They came to Ye Feng one after another, with a sense of security in their eyes.

Because Ye Feng has shown extremely powerful strength before, very powerful.

But at this time, Leng Qingxue still whispered in front of Ye Feng: "This Wu Xiangyang is the top genius in Emerald Valley. His sword skills are earth-shattering, and his cultivation is very powerful. He is a divine figure level existence. Ye Feng, if you are not sure, we don't have to fight head-on."

Ye Feng knew that Leng Qingxue was worried about him. At this moment, he smiled slightly and said, "Don't worry, leave everything to me."

Seeing Ye Feng's confident eyes, Leng Qingxue could only nod her head, and then said, "Okay, everything is up to you."

At this time, Wu Xiangyang, the first genius of Emerald Valley, who was standing not far away, had a gloomy look in his eyes. He immediately stared at Ye Feng and said slowly: "Boy, who are you? How dare you talk to me like this?"

At this time, Ye Feng suddenly turned slightly and looked in the direction of Wu Xiangyang, and said loudly: "You people from Jade Valley are bullying others too much. I am a new disciple of Tiandao Sect's branch. Naturally, I need to protect our branch. Interest, if you are willing to leave directly now, then I will not pursue your domineering behavior just now. If you are still unyielding, then I will have to teach you a lesson. "

"You, a little new disciple, dare to say such things as teaching me a lesson. You are extremely naive and it is a big joke!"

boom!

At this moment, Wu Xiangyang grasped the silver sword in his hand, and directly burst out with the extremely powerful third-level cultivation of the Divine Map Realm. He immediately rushed towards Ye Feng crazily, and then said loudly: " I don't know how many innocent boys like you die in my hands every year. Today I will kill you in front of everyone's eyes to see who dares to resist our Emerald Valley in the future!"

boom!

The terrifying light of the sword, filled with unparalleled destructive power, struck in front of Ye Feng in an instant, and was about to kill Ye Feng's entire body.

"Boom!"

But at this moment, an extremely terrifying cold wave burst out from Ye Feng's body.

This was an extremely cold air, which instantly froze the sword light that Wu Xiangyang struck into the void.

It was Ye Feng who launched the great ice sealing technique.

When Wu Xiangyang saw this scene, his eyes suddenly showed deep surprise, and he couldn't help but said: "Are you an ice attribute warrior? But how can your ice attribute aura be so powerful, even mine?" The light of the sword can be frozen, this is impossible!"

Wu Xiangyang spoke at this time, with a deep gloomy look in his eyes.

Because for a strong man like him, it was really an insult to him to kill Ye Feng without a single blow.

So almost at this moment, Wu Xiangyang suddenly unleashed his most powerful method, trying to kill Ye Feng instantly.

"Endless Sword Domain!" At this moment, everyone's eyes were full of reverence and awe, staring at Wu Xiangyang, the number one genius in the Emerald Valley.

At this time, Wu Xiangyang was wearing a golden robe, his eyebrows were majestic, and he looked like he had a special temperament.

Because for a strong man like him, it was really an insult to him to kill Ye Feng without a single blow.

So almost at this moment, Wu Xiangyang suddenly unleashed his most powerful method, trying to kill Ye Feng instantly.

"Endless Sword Domain!"

Chapter 2728 Rising

Endless knife field!

Almost at this moment, Wu Xiangyang suddenly displayed an extremely powerful method.

The long knife in his hand at this moment suddenly erupted with terrifying blade rays, and then transformed into thousands of blade rays, instantly covering Ye Feng's entire body.

Moreover, Ye Feng was enveloped from all directions, and now he couldn't escape even if he wanted to.

"It turned out to be this move!"

Seeing this scene at this moment, everyone around them had deep shock in their eyes.

Because they never expected that Wu Xiangyang, the number one genius in Emerald Valley, would actually use this trick on Ye Feng, a new disciple.

You must know that this move is Wu Xiangyang's most powerful move. Once used, it can even kill powerful beings that are several levels higher than him.

There was once an inner disciple who provoked Wu Xiangyang, but Wu Xiangyang killed him instantly with this move.

So at this moment, after Wu Xiangyang displayed the Endless Sword Domain, everyone around him couldn't help but take a breath of air.

They felt that Ye Feng, a new disciple, was bound to die.

"Senior Brother Ye Feng, you must hold on!"

At this time, the surrounding group of Tiandao Sect disciples showed deep nervousness in their eyes.

Because their future is all in Ye Feng's hands, now only Ye Feng can fight against a powerful existence like Wu Xiangyang, the first genius of Emerald Valley.

At this moment, facing the countless sword lights that filled the sky, Ye Feng's eyes did not show any fear at this moment, but were filled with a deep fighting spirit.

Boom!

An extremely terrifying aura suddenly erupted from his body.

Then Ye Feng instantly activated the cultivation aura of his entire tenth level of Heavenly Meridian Realm.

At this moment, Ye Feng also activated the powerful energy of the God's heart to help him release

Come to a more terrifying power.

Uh-huh!

At this moment, a silver hammer appeared in Ye Feng's hand. The surface of this silver hammer was flashing with light of thunder and lightning.

It's Thor's hammer!

The super magic weapon of the ancient Thunder clan!

"boom!"

At this moment, Ye Feng instantly activated the power of Thor's Hammer, then jumped directly to the high altitude and launched the Big Thunder Technique, directly triggering the entire Thor's Hammer attack.

"Thunder comes!"

Ye Feng held Thor's Hammer in his hand and roared high into the sky.

Boom! !

Almost at this moment, terrifying lightning pillars appeared all over the sky.

The power of thunder above the sky was pulled down by Ye Feng's Thor's Hammer at this moment, and a terrifying and boundless thunder craze broke out in an instant, which suddenly struck from the Thor's Hammer in Ye Feng's hand. go out.

The endless light of thunder instantly bombarded the area where countless sword lights burst out from Wu Xiangyang in front.

Rumble...

At this moment, the endless light of thunder and lightning collided with the endless sword field released by Wu Xiangyang, and a terrifying roar suddenly broke out.

Ye Feng was holding the Thor's Hammer at this moment, with the light of thunder shining all over his body. His whole body was like an ancient thunder god resurrected, full of unparalleled destructive power.

Uh-huh!

He immediately rushed in front of Wu Xiangyang, then waved the Thor's Hammer in his hand and struck Wu Xiangyang fiercely.

Along with Ye Feng's bombardment, countless thunderous lights also erupted from the void, exploding.

It released a terrifying and boundless force and struck in front of Wu Xiangyang.

Wow! !

The endless sword domain released by Wu Xiangyang was immediately shattered.

Then Ye Feng held the Thor's Hammer in his hand and directly hit Wu Xiangyang's chest.

In an instant, Thor's hammer erupted into thunderous light and slammed into Wu Xiangyang's body.

"ah!!"

Almost at this moment, Wu Xiangyang, the number one genius in Emerald Valley, let out an earth-shattering scream.

His whole body was directly blown backwards by Ye Feng's Thor's Hammer. Then his whole chest collapsed and a mouthful of blood spurted out. There was a "bang" and a hard impact on his body. The ground in the distance has lost its combat effectiveness.

"What?!"

Seeing this sudden scene on the field, everyone's eyes widened, as if they couldn't believe their eyes.

Because Wu Xiangyang has always been a veteran disciple of the outer sect. He is the number one super genius in Emerald Valley and possesses very terrifying strength.

But in the end, everyone never expected that it was Ye Feng who used his overwhelming power to defeat Wu Xiangyang in an instant.

This is really incredible!

Because Ye Feng's cultivation strength is only at the tenth level of the Heavenly Meridian Realm, while Wu Xiangyang is at the third level of the Divine Map Realm, which is a whole level higher than Ye Feng.

And Wu Xiangyang himself is a super genius.

Wu Xiangyang's own strength is estimated to be comparable to ordinary warriors at advanced levels in the Divine Map Realm.

But he was still severely defeated by Ye Feng.

The thunder god that Ye Feng transformed into just now made everyone feel a sense of spiritual shock at this moment.

Because that kind of power is really

It's so awesome, so scary.

At this moment, everyone in the entire field was stunned, standing quietly on the spot, as if they were still in the shocking scene just now, and had not yet recovered.

"Senior Brother Ye Feng is so awesome!"

At this time, many inner disciples of Tiandao Sect were so shocked that their eyes were straight.

Leng Qingxue's beautiful eyes showed a look of surprise at this time. She stared at Ye Feng and couldn't help but said: "Ye Feng, you are growing up too fast."

The green dragon on the side showed a natural expression at this time, "This kid's true strength has not been fully displayed yet. The attack just now was just a small test."

"What?!"

"The true strength hasn't been fully unleashed yet?"

After hearing the green dragon's casual tone, the people around him could not help but tremble in shock.

Many people think that this green dragon should be Ye Feng's pet. Even Ye Feng's pet says so. It seems that Ye Feng really has a more powerful trump card that has not been revealed.

"Who is this Ye Feng? Is he really from a weak branch of the Tiandao Sect? How could he have such a powerful combat power, and such a terrifying magic weapon and inheritance? It is really incomprehensible. "

"If Ye Feng didn't really know each other from those people from the Tiandao Sect, I would even think that this Ye Feng might be a super powerful inner sect disciple who just came to the outer sect for fun."

"After this battle, I'm afraid no one will dare to bully Tiandao Sect's branch, and Ye Feng's name will probably spread throughout the outer sect area."

"Another new generation of peerless genius is rising."

...

At this moment, the surrounding group of disciples from Tiandao Holy Land who were watching the battle could not help but exclaim in amazement.

Chapter 2729 The inheritance of Lafeng

quiet!

Deadly quiet!

At this moment, all the disciples of the Holy Land of Heaven on the field were staring at the figure of a young man in white clothes not far away, with deep shock and amazement in their eyes.

At this time, Ye Feng held the Thor's Hammer in his hand with a look of surprise in his eyes.

He also didn't expect that the Thunderbolt Technique combined with Thor's Hammer would be able to explode with such terrifying power.

Super geniuses like Wu Xiangyang, who was on the third level of the Divine Map Realm, were all defeated in an instant.

At this time, the green dragon came to Ye Feng and said with a smile: "Now you have seen the power of Thor's hammer, and the big thunder technique, which is very powerful. Do you want to thank me for taking you to the ancient thunder?" A family."

When Ye Feng heard what Green Dragon said, he immediately smiled and said: "It is indeed powerful. The power of thunder is indeed the most violent force in the world."

Green Dragon couldn't help but said: "Should I be given some reward? Just give me the storage ring on Wu Xiangyang, hehe." ??

"You can grab it yourself if you can."

When Ye Feng heard what Green Dragon said, he couldn't help but roll his eyes at him. Then he walked up to Wu Xiangyang and snatched the storage ring from Wu Xiangyang.

Wu Xiangyang didn't dare to show his anger during the whole process, for fear that Ye Feng would kill him directly.

Although Wu Xiangyang knew that he had a noble status, Ye Feng might not dare to kill him, lest it cause huge consequences.

But Wu Xiangyang also knew very well that a super genius like Ye Feng sometimes had no taboos and might kill him in pursuit of enlightenment.

However, Wu Xiangyang breathed a sigh of relief that Ye Feng did not kill him on the spot, but only snatched the storage ring from him.

But at the next moment, Ye Feng suddenly looked and said to Wu Xiangyang: "Within three days, I want you to raise 30 million divine crystals for me and send them to the residence of our branch of Tiandao Sect as compensation. "

"What?!"

Hearing what Ye Feng said, Wu Xiangyang's eyes suddenly showed deep shock and anger. He never thought that the reason why Ye Feng did not kill him was to gain more wealth from him.

Wu Xiangyang couldn't help but said: "Thirty million divine crystals is a huge sum of money for me. I can't raise it within three days, and your request is really too much." "

"Too much bullying?"

When Ye Feng heard what Wu Xiangyang said, he immediately smiled coldly and said, "When you tried to rob the resources of our inner disciples of Tiandao Sect, didn't you go too far? I'm just using others as my own. The way is to heal the body, and can't these 30 million divine crystals buy your life? If you can't raise it, then I will chop off your head without hesitation."

Buzz!

At this moment, after Ye Feng finished speaking, he immediately released a very cold killing intention.

Feeling this deep and piercing murderous intention, Wu Xiangyang immediately trembled with fear, and then his face turned extremely frightened, and he said loudly: "Okay, I will raise 30 million divine crystals."

After Wu Xiangyang finished speaking, he immediately left the scene in despair, looking very embarrassed. At this moment, the Green Dragon was beside Ye Feng, and couldn't help but say, why didn't he just kill the Wu Xiangyang? Sunny.

Feng Ze said with a smile: "Even if I kill Wu Xiangyang, I can't break through the last critical bottleneck of my current tenth level of Tianmai Realm by devouring Wu Xiangyang's blood energy and skills, so I might as well fully Give full play to Wu Xiangyang's role and let him raise 30 million divine crystals, because for Wu Xiangyang, the number one genius in the Emerald Valley, 30 million divine crystals is a lot, but he should be able to raise it. I want to use it These 30 million

divine crystals will hit my final bottleneck and see if I can completely transform from the tenth level of the Heavenly Vein Realm to the Divine Diagram Realm. As long as I break through to the Divine Diagram Realm, in the outer sect, I really have nothing to be afraid of.”

Hearing what Ye Feng said at this time, Green Dragon nodded and said with a smile: "What you have considered is very correct. This is a very reasonable arrangement. By the way, hurry up and take a look at what is in Wu Xiangyang's storage ring." There is no inheritance of the Endless Sword Domain that he just displayed. That inheritance is not bad. If possible, I would also like to practice it. The main reason is that this set of inheritance is so cool. The moment it is used, it can be used in my own body. Thousands of sword lights condensed around it, just like the emperor of swords, which is very suitable for a domineering being like me. "

When Ye Feng heard what Green Dragon said, he couldn't help but show a trace of surprise in his eyes.

I didn't expect that the green dragon was such a face-saving dragon, and would practice some kind of inheritance just for the sake of attracting attention.

However, when Ye Feng fought Wu Xiangyang just now, he could also feel that the endless sword domain displayed by Wu Xiangyang was indeed a very powerful inheritance.

If you can find it, it would be good to practice it yourself.

At this time, Ye Feng nodded immediately and started looking for Wu Xiangyang's storage ring.

Then I found a yellowed book.

What is recorded in this book is the kind of endless sword realm released by Wu Xiangyang.

Ye Feng made a copy and gave it to Green Dragon.

The Green Dragon suddenly became extremely happy, and couldn't help but say: "When I have time, I have to refine a powerful sword weapon, which can give the Endless Sword Realm a main sword soul. In this case, the Endless Sword Realm's The power will be even more powerful.”

I have to say that Green Dragon knows a lot.

After finishing speaking at this moment, Ye Feng couldn't help but show a trace of surprise in his eyes, and then said: "If you have time, help me refine a powerful knife weapon."

Green Dragon patted his chest and said, "No problem, I'll cover it."

At this moment, Ye Feng looked at the group of Tiandao Sect disciples behind him and said loudly: "Let's go back to where we live first. After Wu Xiangyang's 30 million divine crystals are sent over, I will I need to retreat for a period of time and concentrate on attacking the divine realm."

"Yes, Senior Brother Ye Feng."

At this moment, hearing that Ye Feng was about to attack the cultivation level of the Divine Figure above the Tianmai Realm, many disciples of the Tiandao Sect were in awe and excitement.

Because the stronger Ye Feng is, the more stable and secure their position in the Holy Land of Heaven will be.

At this time, many disciples of Tiandao Sect seemed to have subconsciously regarded Ye Feng as their leader and completely obeyed Ye Feng's arrangements.

Leng Qingxue's beautiful eyes also showed a trace of sigh at this time, staring at Ye Feng, because she had witnessed Ye Feng grow from a weak and remote boy to the current level, and he has a bright future. , it was so shocking that Leng Qingxue could not help but feel a complex and emotional emotion in her heart. quiet!

Chapter 2730 Gathering God Totem

In the next three days, Wu Xiangyang was still sensible and honestly sent 30 million divine crystals to the living area of the disciples of the Tiandao Sect.

Ye Feng was still a little surprised. He didn't expect Wu Xiangyang to send it so quickly. It seemed that asking for 30 million divine crystals was a bit petty.

But Ye Feng has no time to worry about this now. The most important thing for him now is to use the energy contained in these 30 million divine crystals to see if he can break through to the divine map realm above the heavenly vein realm in one fell swoop!

The warrior has broken through to the divine totem realm and needs to condense his own divine totem.

Therefore, Ye Feng knows very well that as long as he can condense his own divine totem, it means that he has entered the divine totem realm.

At this time, Ye Feng asked Green Dragon to protect the law outside, while he entered the uppermost level of the Spirit Gathering Tower where the disciples of the Tiandao Sect lived.

Ye Feng felt that although he had fought with Wu Xiangyang before, he had completely established the name of Tiandao Sect's branch.

But sometimes, it is actually not good for a tree to attract the wind. .???.??

In this case, more and more powerful branches will pay attention to the Tiandao Sect branch.

It is very likely that in the future, there will be other powerful branches to provoke.

Therefore, Ye Feng feels that if he really wants to gain a foothold in the Holy Land of Heaven, he needs to break through to a more powerful cultivation level to be able to cope with all crises that may come in the future.

Because Ye Feng knows very well that in the headquarters of Tiandao Holy Land, the only one who is stronger is his own strength, and his fist is strong enough to be able to stand firm, so that no one dares to bully you.

At this moment, in the room on the highest floor of Juling Tower.

Ye Feng no longer hesitated, took a deep breath, and in an instant took out all 30 million divine crystals, placed them directly around him, and began to release the Devouring Domain.

"boom!"

Suddenly, a dark swallowing field erupted directly from Ye Feng's body, covering all the surrounding divine crystals.

"Crash..."

Ye Feng immediately sensed the huge waves of energy.

The amount was directly injected into his body.

You must know that although divine crystals are the basic currency in the world of cultivation, in addition to the attribute of currency, the energy contained in divine crystals is also extremely rich.

Divine crystals, just like food in the mortal world, can be used as the most basic currency for transactions, and can also be used for one's own consumption.

"Boom!"

At this moment, along with the Devouring Divine Crystals, a total of 30 million Divine Crystals were all absorbed by the Devouring Domain with huge spiritual energy, and then roared rapidly in Ye Feng's body.

Ye Feng's body at this moment contained a full 30 million divine crystals in an instant, which was really huge to the extreme.

At this moment, Ye Feng immediately felt that his whole body was shaking rapidly.

Because it was really crazy to absorb the energy of thirty million divine crystals all at once.

If it were an ordinary person, he would probably explode and die in an instant.

But now Ye Feng relied on his powerful Chaos Body to withstand the energy impact of 30 million divine crystals.

Ye Feng just wanted to use such a huge energy to hit his last bottleneck.

"boom!"

Finally, at a certain moment, Ye Feng suddenly burst out with an extremely powerful cultivation aura.

That's the momentum of a breakthrough!

At this moment, Ye Feng's cultivation finally broke through from the tenth level of the Heavenly Vein Realm to the Great Perfection state, to the Half-Step Divine Diagram Realm!

"Buzz..."

At this moment, you can see that a mysterious pattern slowly appears in the void behind Ye Feng.

This pattern is obviously Ye Feng's divine totem!

But Ye Feng

The current god totem has not yet been fully formed and is still being condensed.

But at this time, Ye Feng's eyes were a little downcast.

Because he discovered that the energy of the 30 million divine crystals was almost exhausted.

But the divine totem has not yet been completely condensed.

In this case, my own cultivation may stop at the Half-Step Divine Figure Realm.

But this is not what Ye Feng wants.

Because Ye Feng's goal this time is to completely break through to the true divine map realm!

"I still need more powerful energy!"

At this moment, Ye Feng immediately activated the entire Spirit Gathering Formation of the Spirit Gathering Tower.

There are two spirit gathering arrays in the Spirit Gathering Tower in the area assigned to the Tiandao Sect branch.

At this moment, with Ye Feng's full stimulation, the two spirit gathering formations in the Spirit Gathering Tower started to operate quickly.

"Crash!"

All the vitality of heaven and earth around the entire Spirit Juling Tower was forcibly absorbed, and then injected into the highest level room of Ye Feng's Juling Tower.

With such a huge injection of heaven and earth energy, Ye Feng opened his mouth and inhaled, swallowed all the heaven and earth energy, and then began to refine it.

Buzz...

Suddenly, the divine totem behind Ye Feng began to condense again, becoming increasingly clear.

But half an hour later, Ye Feng discovered that the divine totem was still not completely condensed.

"No! The energy is still not enough!"

At this moment, Ye Feng's eyes were a little anxious.

The opportunity for breakthrough is now. If you give up now, you still don't know when you will be able to break through to the divine map realm.

Thinking of this, Ye Feng immediately released his spiritual thoughts and communicated with the people outside the Spirit Gathering Tower.

Green Dragon, the voice transmission said: "Green Dragon, don't lie down, hurry up and find a way for me to break through to the real divine totem realm. Now the energy I need is getting bigger and bigger, and I can't completely condense the divine totem. Hurry up." Try to find a way to find more powerful energy for me."

Green Dragon was lying on the ground outside to bask in the sun at this time. When he heard Ye Feng's voice transmission, he immediately jumped up.

The Green Dragon thought for a moment and said aloud: "A larger spirit gathering array must be arranged to allow you to break through to the true divine realm."

When Ye Feng heard what Green Dragon said, a look of surprise appeared in his eyes and he said, "Will you arrange a larger spirit gathering formation?"

Green Dragon smiled and said: "Of course I can arrange it, but the materials are not enough. How about you go and notify all the disciples of Tiandao Sect in your area and ask them to help me arrange a larger spirit gathering formation."

When Ye Feng heard what Green Dragon said, he immediately nodded and said: "Okay, I will inform Leng Qingxue about this now. Green Dragon, you communicate with Leng Qingxue, what materials you need, and ask her to activate it directly." Other Tiandao Sect disciples contributed materials."

Ye Feng has protected the entire Tiandao Sect branch, and now there will be no problem if the disciples in these branches help him.

Ye Feng quickly sent a message to Leng Qingxue and told him about the arrangements for this matter.

Leng Qingxue did not think or hesitate, but said to all the disciples of Tiandao Sect: "Now Ye Feng needs a huge amount of energy, and his friend Green Dragon needs to immediately arrange a larger one around the entire Spirit Gathering Tower. The spirit gathering formation, but the materials are very scarce, so you need to donate the materials you may need."

Hearing what Leng Qingxue said, a group of disciples from the Tiandao Sect suddenly showed solemn expressions on their faces, and then said loudly: "Senior Sister Leng, don't worry, as long as Senior Brother Ye Feng needs it, we will spend all our money to help him! Ye Feng Senior Brother

has been guarding our living area and protecting our safety. Whatever Senior Brother Ye Feng needs now, we will definitely contribute!"
