Chapter 2731 The wind will destroy it

At this moment, a group of Tiandao Sect's inner disciples all promised to speak out and would definitely contribute any materials the Green Dragon wanted.

This scene made Leng Qingxue immediately nod with great satisfaction. Sure enough, Ye Feng did not protect the wrong people, and these people still knew how to be grateful.

At this time, Leng Qingxue looked at the green dragon not far away and said, "Ye Feng has already told me that we will contribute all the materials you need."

The green dragon nodded slightly, then took out a book from the storage space on his body and said: "This book is the catalog for laying out the large-scale spirit gathering formation. It records all the required materials. Take it and take a look. , if there is any, just leave it to me."

At this moment, a group of Tiandao Sect disciples nodded and opened the book.

As long as there were materials needed to set up the formation, a group of Tiandao Sect disciples took out all the materials without hiding anything.

Regardless of whether they wanted to give or didn't want to give, they all took out the materials they had on them.

Because they know very well that if Ye Feng's cultivation level is greatly improved, then their position in the outer sect will become more and more stable and secure.

"Spiritual Reserve Stone, one thousand yuan..."

"Sunset meteorite, ten tons..."

"Natural talismans, ten..."

...

At this moment, with the help of everyone, Green Dragon finally got all the materials.

He immediately began to arrange a super large spirit gathering formation around the Spirit Gathering Tower where Ye Feng was in retreat.

The whole process took nearly half a day.

Finally, Green Dragon successfully arranged it at night, and then instantly activated the entire super-large spirit gathering formation.

"boom!!"

Almost at the moment when the green dragon activated the entire super large spirit gathering formation, all the vitality of heaven and earth within a radius of several hundred meters was extracted and then injected into it instantly.

The highest level area of the Juling Tower where Ye Feng is located.

And almost at this moment, Ye Feng immediately felt the extremely surging vitality of heaven and earth coming from all directions.

"Very good!"

In an instant, he opened his mouth and swallowed all the majestic energy into his stomach, and then began to use his devouring ability to digest the huge energy, rapidly increasing his power.

At this moment, visible to the naked eye, the god totem in the void behind Ye Feng began to condense again and gradually took shape.

At this time, outside the Spirit Gathering Tower, Green Dragon looked at the people around him, grinned, and said loudly: "Don't worry now, such a huge energy is definitely enough for Ye Feng to break through to the true divine map realm. ”

Hearing what Green Dragon said, many disciples of Tiandao Sect around him felt relieved.

Because if Ye Feng's cultivation really breaks through to the divine map realm, it will be of huge benefit to them.

Boom!

But suddenly at this moment, a huge steel sword suddenly struck down from high in the sky and stabbed into the ground in an instant.

And at the top of this giant steel sword stood a young man wearing a black robe.

This young man in black robe exudes extremely huge sword intent, giving the impression that his entire body is a sharp sword, as if it can pierce the strongest thing in the world in an instant.

Moreover, this person's cultivation aura is also extremely powerful, and he is a powerful being in the sixth level of the Divine Map Realm!

He was much stronger than the Wu Xiangyang who was defeated by Ye Feng before.

At this moment, this young man in black robe

The moment the young man appeared, the entire living area immediately attracted many watching outer disciples.

"Another super powerful genius has arrived in the living area of the Tiandao Sect branch. Why is this Tiandao Sect branch so unlucky?"

"We have never seen this young man in black robe, but his cultivation is unfathomable. It is very likely that he is a genius secretly cultivated by our Holy Land of Heaven."

"Now we have another good show. I wonder if Ye Feng, who is part of the Tiandao Sect this time, can withstand such a powerful genius."

...

At this moment, many of the outer disciples around them couldn't help but make a sound and looked towards the living area of the Tiandao Sect branch.

At this moment, around the Spirit Gathering Tower, a group of Tiandao Sect disciples, led by Leng Qingxue, were directly guarding the door of the Spirit Gathering Tower where Ye Feng was practicing in retreat.

Because now is the most critical moment for Ye Feng to break through, and he must not be disturbed by anyone.

"Get away!"

But at this moment, the young man in black robe suddenly shouted loudly, and the terrifying sound wave formed a powerful wave of power, which suddenly dispersed Leng Qingxue and a group of Tiandao Sect disciples.

"What a powerful strength!"

A group of Tiandao Sect disciples could not help but show a trace of horror in their eyes.

Because the cultivation strength of this young man in black robe is really great.

Just a loud roar was enough to scatter a group of them. How powerful this must be.

Uh-huh!

At this time, the green dragon's eyes also showed a trace of solemnity. He stood at the door of the training tower where Ye Feng was retreating, blocking the young man in black robe.

Green Dragon could feel that this young man in black robe

The man's cultivation level is at the sixth level of the Divine Map Realm, which is very powerful.

Moreover, this young man in black robe should also belong to the category of super geniuses. His real combat power is definitely much stronger than the aura of cultivation exuding from him.

So at this time, even the Green Dragon couldn't help but show a trace of solemnity on his face.

But he didn't back down.

Because Green Dragon also knows very well that Ye Feng is at the critical moment of breakthrough now. It is very critical and cannot be disturbed by anyone, otherwise he may fall short of his achievements or even go crazy.

Uh-huh!

Leng Qingxue's beautiful figure also flashed to the side of the green dragon in an instant, and then emitted bright sword lights in an instant, defending the entire Giant Spirit Tower.

Leng Qingxue stared at the young man in black robe who suddenly arrived not far away, with a cold look in his eyes, and said loudly: "Who are you? You are so shameless. At the most critical moment of Ye Feng's breakthrough, come Destroy Ye Feng's practice."

"Shameless? Humph, as long as the goal is achieved!"

The young man in black robe smiled coldly at this moment, with a gloomy look in his eyes, and said loudly: "We must not let another super genius rise in the outer sect, otherwise we, Black Wind Cliff, will definitely be divided into the outer sect. If the status is threatened, it is your branch of Tiandao Sect that is to blame. Ye Feng's qualifications are really too evil. You have to know that if a tree is as beautiful as a tree, the wind will destroy it. I must destroy this peerless genius and take advantage of those people inside. The elder of the sect has not accepted this Ye Feng as his disciple, so I must kill this Ye Feng as soon as possible!"

Upon hearing the murderous words of this powerful young man in black robes, a group of inner disciples of the Tiandao Sect present showed traces of ugliness and anger in their eyes.

As expected, this young man in black robe came with bad intentions, and there was no concealed murderous intent in his tone. He was simply cruel and domineering to the extreme.

Chapter 2732 Breakthrough Successful

boom!

At this time, after the young man in black robe from the Black Wind Cliff branch finished speaking, a huge aura of cultivation suddenly erupted from his body.

As soon as he thought about it, the giant steel sword he was stepping on instantly "clicked" and turned into small iron swords, forming thousands of iron swords, which instantly moved towards the gathering place where Ye Feng was in retreat. The spiritual tower rushed away.

It turns out that this giant steel sword is composed of countless iron swords. At this moment, there are thousands of iron swords, full of the edge of the sword.

"Earth Shield!"

At this moment, the green dragon directly burst out with extremely powerful earth attribute power.

These earth attribute powers immediately condensed in front of the green dragon into a huge earth attribute shield that was several hundred meters tall and majestic.

Like a majestic mountain, it stands at the front of the Juling Pagoda.

"Rumble..."

The countless iron swords released by the young man in black robes all hit the huge earth-attribute shield, and huge roars suddenly erupted.

Although the attack of this young man in black robe is very sharp and terrifying, the green dragon is not someone to be trifled with.

At this moment, the earth attribute shield released by the green dragon blocked all the countless iron swords.

Although there were some cracks on the huge shield, it was not completely broken, and it successfully withstood the first round of attacks by the young man in black robes.

"Um?"

Seeing this scene, the young man in black robe suddenly showed a trace of surprise in his eyes.

He seemed not to have thought that this inconspicuous green-skinned dragon, which was as tall as a person, could be so powerful.

The young man in black robe immediately said loudly: "Well you

If you, a little green-skinned dragon, dare to go against me, then I will kill you on the spot and make a pot of dragon meat soup, which is pretty good. "

"Shut up!"

When the green dragon heard the sarcastic words of the young man in black robes, his eyes suddenly became angry: "If you don't show me any color, you really think of me as an ordinary low-level dragon. I am a great jade dragon." !"

Boom!

Almost at this moment, the green dragon became angry, and immediately burst out with a terrifying momentum, and powerful power surged through his entire body.

The next moment, the green dragon directly released the big thunder technique.

Then his entire dragon body, which was as tall as a person, expanded rapidly on the spot, and then turned into a thunder dragon with a length of tens of thousands of meters, and instantly bombarded the young man in black robe.

"Boom!"

Amidst the terrifying roar, the green dragon turned into a giant thunder dragon, stretched out an incomparable dragon claw, entangled with extremely terrifying lightning, and suddenly bombarded the young man in black robes from the sky. He fell directly to the ground and shattered a large area of land.

"Amazing!"

"This Ye Feng is so powerful, he actually has such a powerful pet!"

...

At this moment, the countless outer disciples of Tiandao Holy Land who were watching around them all had deep shock and surprise in their eyes.

They never thought that Ye Feng himself was extremely powerful, and that a pet under his command could also burst out such terrifying and boundless power. It was really shocking.

"Ahem!"

At this time, the young man in black robe crawled out from the ruins of the earth, looking a little embarrassed.

However, he did not suffer serious trauma, but was caught off guard by the green dragon's sudden attack.

At this moment, the young man in black robe stared at the green dragon that had turned into a giant thunder dragon, with a deep gloomy look in his eyes, and said loudly: "I didn't expect you to know the ancient art of thunder transformation. You underestimated the enemy, but you won't be so lucky next time, because I will explode with all my strength."

Boom!

Almost at this moment, the young man in black robe finally became serious.

A powerful and powerful aura surged out of his body, and his entire body expanded several times in an instant, turning into a little giant.

In an instant, he rushed high into the sky, and then a black iron giant sword with a length of several kilometers appeared in his hand, and instantly struck towards the thunder dragon that the green dragon had turned into.

Boom!

A terrifying roar sounded instantly.

The huge steel sword directly slashed hard on the Thunder Dragon's body.

This giant steel sword seemed to be a very powerful magic weapon. The moment it struck down, it was full of unparalleled destructive power and impact.

Bang!

Even though the Green Dragon used the Thunder Technique to transform into a thunder dragon that was extremely powerful, it was still caught off guard when this young man in black robe slashed him with this giant steel sword.

The green dragon's entire body was suddenly bombarded to the ground and fell heavily.

"Ye Feng boy! If you don't break through, I won't be able to bear it anymore!"

At this moment, Green Dragon immediately shouted quickly to the Spirit Gathering Tower behind him.

"I can't save you, a weak dragon. Even if Ye Feng really breaks through, it won't have any effect. He will still be trampled under my feet!"

The young man in black robe sneered at this time, his tone full of contempt. It was obvious that he was extremely confident in his own strength.

"Oh, is it so?"

But suddenly at this moment, a cold voice came from the top level of the Spirit Gathering Tower.

Buzz!

Almost at the next moment, Ye Feng's figure flew out from the upper level of Juling Tower, exuding an extremely powerful and terrifying aura.

That was clearly the powerful cultivation aura of the first level of the Divine Map Realm!

At this moment, Ye Feng really succeeded and broke through to the true divine realm!

Buzz...

At this moment, the power and aura exuded by Ye Feng was simply terrifying to the extreme.

Although Ye Feng had just broken through to the first level of the Divine Map Realm, the majestic aura exuding from his body gave people the feeling that he had reached the Great Perfection of the Divine Map Realm, which made everyone present feel deeply moved in their hearts. Feeling of depression.

At this moment, Ye Feng stared at the young man in black robe opposite him for a moment, with a deep cold look in his eyes, and said loudly: "You are the one who is so audacious that you dare to speak arrogant words and want to destroy me? No. Let me break through?"

The young man in black robe smiled coldly and said: "Ye Feng, don't think that you are invincible just because you have broken through to the first level of the Divine Map Realm. I am at the sixth level of the Divine Map Realm, and I can also leapfrog. You are a genius! Even if you break through today, you will not be my opponent!"

Chapter 2733 Sweeping opponents at the same level

At this moment, the young man in black robe finished speaking.

"boom!"

The body of the young man in black robes suddenly erupted with a terrifying and powerful aura of cultivation from the sixth level of the Divine Map Realm.

Buzz!

And at this moment, in the hands of the young man in black robes, a black iron giant sword with a length of several kilometers appeared, which looked extremely terrifying and intimidating.

Just now, the green dragon turned into a thunder dragon, but it was chopped into its original shape by the black iron giant sword in the hands of the young man in black robe.

Uh-huh!

At this moment, Ye Feng flew from the Spirit Gathering Tower to high altitude with his hands behind his back. He stared at the young man in black robe opposite and said slowly: "I'll give you a chance to take action. Take action quickly, otherwise you will." "No chance." ??

"Arrogant!"

When the young man in black robe heard what Ye Feng said, his eyes suddenly showed a look of deep anger, and he immediately shouted: "The giant sword cuts the sky!"

Boom!

Almost at this moment, a jet-black demonic energy burst out from the body of the young man in black robe.

The steel giant sword in his hand was suddenly held in his hand, and then he waved it directly and bombarded Ye Feng, as if it could chop countless mountains into pieces in an instant.

It has to be said that the black iron giant sword that is several kilometers long in the hands of the young man in black robe is so intimidating, and the attack power is so terrifying that everyone present can't help but hold their breath. Take a breath.

They wanted to know whether Ye Feng could withstand this terrifying attack from the young man in black robe.

"Six Paths of Reincarnation Fist!!"

Almost at this moment, Ye Feng did not hesitate and directly attacked with his most powerful punch.

Moreover, at this moment, Ye Feng also incorporated the brute force gem into his fist.

This is almost Ye Feng's most powerful attack!

"Boom!!"

At this moment, Ye Feng's fist burst out with divine light, full of terrifying impact and destructive power, and instantly hit the black iron giant sword swung by the young man in black robe.

And seeing Ye Feng actually clashing with his steel giant sword with his fist, the young man in black robe suddenly laughed sarcastically: "Boy, I didn't expect that you have a broken mind and dare to directly use your body to fight with me. The super magic weapons in your hands collide, you are too naive, your fist will be instantly chopped into pieces by my steel giant sword!"

Click click click! !

But at the next moment, a terrifying shattering sound suddenly sounded.

"This is impossible!"

What made the black-robed young man's eyes widen was that Ye Feng's fist actually shattered the giant steel sword in his hand into pieces.

Then Ye Feng's fist continued to bombard, shattering the entire steel giant sword into pieces.

Rumble...

It still didn't stop. Ye Feng's fist had unparalleled impact and destructive power. It directly hit the chest of the young man in black robe, and then with a "pop", the chest of the young man in black robe exploded.

He was severely injured by Ye Feng in an instant!

Uh-huh!

The young man in black robe immediately retreated crazily towards the rear, with fear in his eyes.

The look of fear.

Because of the terrifying power unleashed by Ye Feng's punch just now, this young man in black robe felt a kind of fear coming from the depths of his soul at this moment.

There was simply a shadow of death hanging over him.

At this moment, the young man in black robe immediately retreated crazily, wanting to evacuate this place.

But Ye Feng's eyes showed a cold smile at this time, and he said loudly: "It's too late to retreat now!"

Great ice sealing technique!

Wow...

At this moment, Ye Feng released the Great Ice-Sealing Technique, and a terrifying wave of cold air suddenly erupted from his body, directly freezing the entire void.

The seriously injured young man in black robe who was escaping not far away had his chest shattered by Ye Feng at this moment, and his strength was not as strong as it was at his peak. Therefore, at this moment, he was suddenly blocked by Ye Feng's big ice technique. It was sealed by ice and turned into an ice sculpture. It just stopped high in the sky, motionless.

After seeing the scene on the entire field, the countless outer disciples watching below all had deep horror in their eyes.

Their entire bodies were trembling, trembling with shock and trembling with fear.

"This Ye Feng is really powerful. How could he have such a powerful power? He has just broken through to the first level of the Divine Map Realm. How could he be able to kill this super genius from the Black Wind Cliff branch in an instant? "

"He is truly a peerless genius. This is the real super monster who can defeat opponents at the same level!"

"I have seen the entire battle. It is really amazing. This Ye Feng will probably become the most shining star in our Holy Land of Heaven in the future."

"We are witnessing the birth of a legend with our own eyes!"

...

At this moment, the surrounding group of outer sect disciples from the Holy Land of Heavenly Dao showed deep amazement and excitement in their eyes, and they couldn't help but speak out one after another.

Green Dragon came to Ye Feng's side at this time, couldn't help grinning, and said loudly: "You kid really did not disappoint me. You have broken through to the real first level of the Divine Map Realm, and you can actually explode with such terrifying strength. It's really I have lived up to my hard work in setting up a super large spirit gathering array for you to break through."

Ye Feng also smiled slightly at this time, and then flew not far away in an instant, stretched out his hand directly, and put the young man in black robe into his storage. in the ring.

For Ye Feng, the storage ring on this young man in black robe must contain a lot of wealth.

Moreover, this young man in black robe is himself a super genius at the sixth level of the Divine Map Realm. He should be able to provide himself with a considerable energy bonus, which is quite good training nourishment.

At this time, the entire field fell into a dead silence.

Ye Feng himself was a little happy.

Because this time he not only successfully broke through to the first level of the Divine Map Realm, but also suppressed a super genius from another branch.

If this is the case, no one will dare to make trouble next time.

However, Ye Feng hopes that someone will come to make trouble. In this case, he can justifiably kill them, and then plunder their wealth to improve his own strength.

This seems to be a good way to improve. At this moment, the young man in black robe finished speaking.

"boom!"

The body of the young man in black robes suddenly erupted with a terrifying and powerful aura of cultivation from the sixth level of the Divine Map Realm.

Buzz!

And at this moment, in the hands of the young man in black robes, a black iron giant sword with a length of several kilometers appeared, which looked extremely terrifying and intimidating.

This seems to be a good way to improve.

Chapter 2734 Judgment of the Palace Master

Next, Ye Feng wasted no time and entered the Spirit Gathering Tower directly. Then he took out the black-robed man who was killed from the storage ring, then released the Devouring Domain and began to devour the black-robed young man. Men's powerful skills.

Wow!

Suddenly a large amount of energy was injected into Ye Feng's body.

boom!

Ye Feng's cultivation aura suddenly broke through.

He broke through directly from the first level of the Divine Map Realm to the second level of the Divine Map Realm.

A small young man in black robe actually allowed Ye Feng to break through to the next level, which made Ye Feng quite happy.

Ye Feng will also be in seclusion for the next few days to stabilize his cultivation.

He had fantasized about other people provoking him.

But after waiting for half a month, no one came to challenge me again.

This made Ye Feng feel quite disappointed.

Because he couldn't kill those powerful geniuses, he swallowed the breakthrough.

If Ye Feng's idea of letting other super geniuses from other branches come to trouble him was spread, many people would probably be shocked.

Ye Feng spent a full half a month to finally stabilize his cultivation level in the second level of the Divine Map Realm.

Moreover, Ye Feng's use of various martial arts inheritance and magic weapons has also been greatly improved.

Especially in the divine totem condensed by Ye Feng, there are all kinds of mysteries of power, which are intricate and have incredible power.

It can be said to be a synthesis of the various martial arts inheritance and mysteries that Ye Feng has practiced so far.

The moment Ye Feng's divine totem was released, even the green dragon felt a deep sense of depression.

This made the green dragon couldn't help but praise: "You are really a genius."

Buzz!

But suddenly at this moment, an extremely terrifying cultivation aura, like a vast ocean, instantly appeared in the living area of the entire Tiandao Sect disciples.

"What's going on? This aura feels so terrifying!"

"It's such a huge pressure, I feel like my spirit is going to be crushed."

At this moment, all the disciples in the entire Tiandao Sect branch were awakened and ran out of the training room one after another.

At this moment, the eyes of Ye Feng and Green Dragon, who were staying at the top of the Spirit Gathering Tower, suddenly changed.

Sensing this terrifying aura, Green Dragon, a guy who has lived for countless years, couldn't help but change his face at this moment, and blurted out: "This aura is definitely a terrifying existence that surpasses the Divine Map Realm countless times. ! "

Beyond the realm of divine images?

Countless times?

At this moment, after hearing the Green Dragon's description, Ye Feng's eyes suddenly showed deep shock.

What a terrifying existence that must be?

Uh-huh!

At this moment, Ye Feng immediately flew outside the Spirit Gathering Tower.

He immediately saw that the entire sky outside suddenly became dark.

A middle-aged man shrouded in black robes, surrounded by countless halos of red and black light behind him, appeared under the dark sky.

This person is definitely a very terrifying super figure. As soon as he appears, the whole world turns black.

At this time, Ye Feng's eyes showed deep shock.

Because

Under the aura of this middle-aged man in black robe, Ye Feng felt that his God's heart began to beat slowly.

"This is... the Lord of the Judgment Hall of the 'Judgement Hall', one of the six major temples of our Holy Land of Heaven!"

At this moment, the terrifying vision of heaven and earth immediately attracted the attention of countless Heavenly Dao Holy Land disciples around him. Immediately, some people couldn't help but exclaimed, recognizing the identity of this super big man.

There are six major temples in the Holy Land of Heaven.

It is the strongest support for the Holy Land of Heaven. .??.

And this middle-aged man in black robe who suddenly appeared is the Lord of the Judgment Hall of the Judgment Temple!

His cultivation is unfathomable, and no one knows how powerful he is.

But he is definitely a big shot at the top level!

In the entire center of the God Realm, there are probably super strong people standing on the first step.

Ye Feng's eyes were also very confused at this time. Could it be that the Lord of the Judgment Hall was standing behind a certain disciple he killed.

Otherwise, how could such a super big shot take action personally?

And just when everyone was talking, the middle-aged man in black robes standing high in the sky, surrounded by countless black halos, suddenly stared at Ye Feng, and then said loudly: "You, follow me now. "

This is a tone that cannot be refused, and there is also a terrifying and depressing feeling.

At this moment, Ye Feng did not refuse directly. After all, he wanted to see what was going on.

And Ye Feng also knew very well that if a super big man like the Lord of the Judgment Palace really wanted to kill him, then a single thought could kill him instantly, and there was no need to talk nonsense with him.

At this time, Ye Feng

As it was flying high into the sky, the green dragon couldn't help but said, "Do you really want to go?"

Ye Feng spread his hands and couldn't help but said: "Do you think I have the strength to refuse now?"

The Green Dragon shook his head: "No, even when I was at my peak, I probably couldn't beat this Lord of the Judgment Hall. This Lord of the Judgment Hall is probably a super strong man standing on the first step in the center of the God Realm."

Ye Feng immediately smiled helplessly, and then followed the Lord of the Judgment Hall who suddenly arrived in the sky for some unknown reason, left everyone's sight, and flew towards the center of the Holy Land of Heaven.

A group of disciples from the Holy Land of Heaven's Path suddenly showed deep horror in their eyes.

"Is that Ye Feng too unscrupulous in killing various disciples? He was actually targeted by the Lord of the Judgment Hall, and now he is taken away. I'm afraid the end will be miserable."

"Yes, among the six major temples in our Holy Land of Heaven, the Judgment Temple is the most cruel place. It is specially used to punish those disciples who violate the sect's rules. The methods are very cruel. This Ye Feng will probably escape even if he does not die. Layers of skin."

"It's very possible that the people behind the super geniuses of the sects whom Ye Feng killed found the Judgment Temple in the upper echelons of the sect and asked for the trial of Ye Feng, a brat who was running rampant among the outer sects."

"As expected, the trees are as beautiful as the trees, and the wind will destroy them. This Ye Feng has indeed been too unrestrained outside during this period. He is simply audacious and doesn't know how to hide his clumsiness."

...

At this moment, the entire outer sect of Tiandao Holy Land, including some disciples in the inner sect, were all shocked by what happened today.

They were all speculating that if Ye Feng followed the Lord of the Judgment Hall into the Judgment Hall, a place with a punishment function, he would most likely be convicted and end in tragedy.

Chapter 2735: Hold on for half an hour

At this time, Ye Feng followed the Lord of the Judgment Hall and soon arrived at the center of the Holy Land of Heaven.

In the center area of the Tiandao Sect disciples, there is an island floating in mid-air.

This island is called Immortal Island, and it is where many core figures in the Holy Land of Heaven live.

It is said that the masters of the six major temples in the Holy Land of Heaven all live on this fairy island.

At this moment, Ye Feng followed the Lord of the Judgment Hall to the cold and dark hall of the Judgment Hall.

At this time, the Lord of the Judgment Hall immediately turned around, looked at Ye Feng behind him, and then said slowly: "To be honest, you have killed so many geniuses in the outer sect, and you are not interested in our Heavenly Dao Holy Land." It is said to be a huge loss. You were originally going to be judged by the upper echelons of the sect, but your cultivation strength is very powerful and you are an extremely talented monster. So under the attention of our Holy Lord, he asked me to give it to you. Test your ability. If you can persist under my pressure for half an hour, then I will not judge your crime and let you go, but you may have to suffer a little. "

When Ye Feng heard the Lord of the Judgment Hall say this, his eyes suddenly showed a look of surprise.

Unexpectedly, the Lord of the Judgment Hall brought him here not to condemn himself, but to make him suffer some hardships, probably to teach him a lesson.

"boom!"

Almost at the moment when the Lord of the Judgment Hall finished speaking, Ye Feng didn't even react. A huge and boundless momentum suddenly burst out from the Lord of the Judgment Hall, and

then formed a field of momentum, directly covering Ye Feng's entire body. Everyone is enveloped in it.

Boom!

At this moment, Ye Feng suddenly felt that a huge mountain was pressing down on his entire body, full of endless power, and it was about to crush Ye Feng's entire body.

"Click, click..."

At this moment, the ground under Ye Feng's feet was shattered, which showed what kind of terrifying pressure Ye Feng was under.

You must know that the ground of Immortal Island is made of special magical iron, which is extremely strong and can withstand the power of super strong people.

But now the ground under Ye Feng's feet is shattered.

It's hard to imagine the terrible pressure Ye Feng is under now.

and

At this time, Ye Feng also understood that the Lord of the Judgment Hall did not hold back, but really released all the terrifying momentum that belonged to his super powerful realm.

"Buzz!"

At this time, Ye Feng immediately gritted his teeth and frantically stimulated the power of the Chaos Body, and the God's heart was also outputting some extremely powerful divine power to help Ye Feng's low-level and terrifying pressure.

Ye Feng was also extremely shocked at this time. The Lord of the Judgment Hall is indeed one of the leaders of the six major temples of the Holy Land of Heaven. He has extremely terrifying cultivation and is a super strong person standing on the first step in the center of the God Realm. exist.

Second only to the controller of the superpower.

Ye Feng can't even guess how terrifying the cultivation realm of the Lord of the Judgment Palace is.

Anyway, it is definitely higher than Ye Feng's current level of cultivation in the Divine Map Realm.

At this time, he saw that Ye Feng was able to withstand the powerful momentum he released instantly. He did not directly spit out blood or fly backwards, but still stood in place.

The Lord of the Judgment Palace showed a look of surprise in his eyes, and then said slowly: "Now if you can persist under my terrifying momentum for half an hour, then I will not convict you. , you can leave safely."

Hearing what the Lord of the Judgment Hall said, Ye Feng gritted his teeth, with an unyielding will in his eyes, and said loudly: "I will definitely be able to hold on for half an hour!"

boom!

At this moment, an extremely powerful fighting spirit burst out from Ye Feng's body, continuously resisting the terrifying and powerful aura erupted from the Lord of the Judgment Hall.

After half an hour actually passed, Ye Feng's body was soaked with sweat, but Ye Feng did not flinch at this moment, but still stood there with blood overflowing from his feet, but he resisted after all. The Lord of the Judgment Hall was restrained, and his momentum was oppressive for half an hour.

Ye Feng was able to withstand this pressure for half an hour, and the Lord of the Judgment Hall also showed a trace of surprise in his eyes.

It seems that he didn't expect that this young man with a small cultivation level could really resist his momentum for such a long time.

At this moment, the eyes of the Lord of the Judgment Palace were still extremely cold, and then he said aloud: "Since you have withstood the test, according to what the Holy Lord said, I will not

condemn you. You can just leave. Remember this in the future. Don't be too presumptuous in the outer sect, don't kill other geniuses easily, that will be a huge loss to our Holy Land of Heaven. If the Holy Lord hadn't paid attention to you this time, if it were me, I would definitely kill you. If you are convicted, you will at least be imprisoned in the heavenly prison of our Heavenly Dao Holy Land for three years to atone for your sins.”

At this moment, the Lord of the Judgment Hall was not polite at all. After he finished speaking, he immediately took back his momentum.

Since it was ordered by the Holy Lord, the Lord of the Judgment Hall did not embarrass Ye Feng anymore at this time, but asked Ye Feng to leave directly.

Ye Feng's whole body was filled with pain at this time, because the terrifying momentum just now was so oppressive.

But at this time, Ye Feng's eyes were still extremely bright, full of deep fighting spirit, and he secretly murmured in his heart, "As long as you give me time, I will definitely be able to surpass this Lord of the Judgment Hall in the future!"

Ye Feng didn't have any hatred towards the Lord of the Judgment Hall.

After all, the Lord of the Judgment Palace also acts according to the rules.

He had indeed killed many geniuses from the outer sect of Tiandao Sect.

In fact, when Ye Feng killed those geniuses, he had already thought of this consequence.

So at this time, Ye Feng's heart was full of fighting spirit, not hatred towards the Lord of the Judgment Hall.

He has an even greater sense of urgency to become stronger.

After Ye Feng left, the Lord of the Judgment Hall in the main hall showed a trace of smile, "This boy is quite brave, and his talent is indeed very evil. No wonder even the Holy Lord has a special feeling for him. It seems that when this kid entered our Holy Land of Heaven, the Holy Lord had already begun to pay attention to him, and this boy's body is indeed as the Holy Lord sensed,

exuding the noble chaos energy, I am afraid that it is not the same as that The super protoss 'Chaos Protoss' has some connections and has an extraordinary origin. "

Just when the Lord of the Judgment Palace was thinking secretly,

Suddenly he seemed to sense something. He looked suddenly in a certain direction outside the hall and shouted coldly: "Who is spying here? Come out!"

boom!

The Lord of the Judgment Hall suddenly burst out with an extremely powerful cultivation aura, and then rushed out of the hall in an instant, flying towards the jungle on the edge of the fairy island outside the hall.

Uh-huh!

When the figure of the Lord of the Judgment Hall came to the jungle, he immediately looked around, and then said coldly: "Your Excellency's hiding ability is quite good, and he was able to avoid my pursuit, but now I have sensed You are around, hurry up and show up, dare to be so arrogant in our Holy Land of Heaven, I am afraid no one in the center of the God Realm dares to be so arrogant."

"boom!"

But at the moment when the Lord of the Judgment Hall finished speaking, an invisible big hand suddenly grabbed it from the sky, and instantly pressed the Lord of the Judgment Hall to the ground. Unable to move.

"What?!"

Feeling the terrifying pressure from the invisible big hand, the Lord of the Judgment Palace knelt on the ground, his eyes suddenly filled with deep shock and anger.

Because since he entered the high-level realm of cultivation in the center of the God Realm, he has hardly encountered any strong opponents.

But this time, facing this invisible hand, the Lord of the Judgment Palace simply felt an irresistible feeling of powerlessness in his heart.

This feeling has disappeared for a long time, but now it has reappeared.

At this moment, the Lord of the Judgment Hall immediately looked in a certain direction high in the sky. He immediately saw a pair of huge eyes appearing in the sky, just like the eyes of a god!

The Lord of the Judgment Hall immediately couldn't help but exclaimed: "This is the Eye of Heaven! When did I offend the supreme being at the level of Heaven!"

At this moment, a majestic voice sounded from the sky: "You bullied a junior just now. Didn't you have a lot of fun bullying him? Now let me bully you too and see if you are still that happy. "

If Ye Feng were present, he would definitely be able to hear this majestic voice. It was the voice of his father, Emperor Ye Qing!

Chapter 2736 It's so dreamy

Ye Feng did not know that the Lord of the Judgment Hall was taught a lesson by his father, Emperor Ye Qing, who manifested the power of heaven.

At this moment, Ye Feng returned directly to the area where he lived after leaving Fairy Island.

After seeing Ye Feng's safe return, a group of disciples from the Tiandao Sect breathed a long sigh of relief.

Because for them, Ye Feng has now become their spiritual support.

If something unexpected happens to Ye Feng, the next days for the disciples of their Tiandao Sect branch will definitely not be easy.

So at this time, everyone was very happy to see Ye Feng return intact.

When the other outer disciples saw that Ye Feng had returned without any punishment, their eyes showed deep surprise.

Because they felt that the Lord of the Judgment Palace took Ye Feng away in person, and would definitely convict Ye Feng and then put him in the sky prison, but they did not expect Ye Feng to come back so soon.

Nothing seems to happen.

This made all the outer disciples, and even some inner disciples, couldn't help but secretly guess what kind of identity Ye Feng was. .??.

Even the Lord of the Judgment Hall, a big shot with the power of punishment in the Holy Land, didn't do anything to him.

"No matter what, this Ye Feng's future will definitely be limitless!"

Many outer disciples were murmuring secretly in their hearts, their eyes full of envy and awe.

Green Dragon also came to Ye Feng at this moment. Looking at the intact Ye Feng, his eyes had an incredible expression and said loudly: "You kid came back without any trouble. It's really amazing."

Ye Feng was about to say something.

Uh-huh!

Suddenly at this moment, a middle-aged man in black robe suddenly flashed over from a certain direction not far away.

"Judge the Lord of the Hall?"

r\u003e

Feeling the aura of this middle-aged man in black robe, Ye Feng suddenly showed a trace of surprise in his eyes, as if he didn't expect that the Lord of the Judgment Hall came again so soon?

Isn't it enough to suppress my momentum for half an hour before?

Need to add other hardships?

"this....."

But at the next moment, when the middle-aged man in black robe came to Ye Feng, Ye Feng immediately saw that the Lord of the Judgment Hall was wearing a bamboo hat on his head, covering his face.

But at a very close distance, Ye Feng could see the Lord of the Judgment Hall under the bamboo hat. His majestic face was actually a little bruised and swollen at this moment, as if he had been beaten.

Ye Feng was very surprised by this.

Who is so powerful that he can beat a top figure like the Lord of the Judgment Hall to a black face.

Before Ye Feng could speak, the Lord of the Judgment Hall immediately left a storage ring in Ye Feng's hand, and then quickly said: "I have been oppressing you for half an hour just now. As a senior, I, I was a bit of a bully. The wealth in this storage ring is your compensation. It's best that we don't meet again in the future."

Uh-huh!

After the Lord of the Judgment Palace finished speaking, before Ye Feng could say anything, he disappeared in an instant and hurried away.

"What's happening here?"

At this moment, Ye Feng looked at the storage ring in his hand, and his eyes suddenly showed deep doubts.

Why did the Lord of the Judgment Hall suddenly become so good and even give himself compensation?

really

It's a bit incredible.

Moreover, Ye Feng vaguely saw that the Lord of the Judgment Hall had a bruised nose and face, as if he had been beaten up, which was really strange.

However, Ye Feng stopped thinking about the things that he couldn't figure out. Instead, he looked at the storage ring in his hand with joy, and then released his spiritual mind to explore it, and his face suddenly showed deep ecstasy.

Because the first thing Ye Feng saw in this storage ring was a mountain-like pile of divine crystals.

I'm afraid there are tens of millions of divine crystals!

And all of them are exuding colorful light and are high-grade divine crystals with various attributes!

In addition, Ye Feng also saw a yellowed book in the storage ring.

This yellowed book has the four characters "Wheel of Judgment" written on it.

"Wheel of Judgment?"

When Ye Feng saw these four words written on the cover of this book, he couldn't help but twitch the corners of his eyes slightly.

Could this book be the inheritance of this super important person, the Lord of the Judgment Hall, and it was given to me?

Everything that happened was so dreamy that it made Ye Feng feel unreal.

Green Dragon stood beside Ye Feng and was shocked when he saw this scene.

After a long time, he opened his mouth wide and said slowly: "Ye Feng, after you went to the Immortal Island, what did you do to the Lord of the Judgment Hall? Why do you feel that he worships you like an ancestor?"

Ye Feng couldn't help but spread his hands, and said helplessly: "I don't know, this makes me a little flattered."

Ye Feng's first thought was that the Holy Lord of Tiandao Holy Land had taken action.

But even the Holy Lord of the Holy Land of Heaven should not be able to let the Lord of the Judgment Hall meet

He was so groveling that he even gave his own inheritance to himself.

It's really a bit exaggerated.

The Holy Lord of Tiandao Holy Land is not so kind to a new disciple like himself.

Although his talent is very powerful, he still hasn't grown up after all.

In the eyes of super powerful figures such as the Holy Lord of the Holy Land of Heaven and the Lord of the Judgment Hall, he is just a young boy with a little talent.

At most, pay attention to it, so as not to do such an exaggerated thing.

But Ye Feng couldn't imagine what was going on even if he wanted to die.

Fortunately, Ye Feng no longer thought about it, but looked at the inheritance of the Wheel of Judgment in his hand, and then said to the green dragon beside him: "This time I really made a fortune!"

Next, Ye Feng didn't hesitate at all, and instantly entered his retreat.

He entered the top level of the Spirit Gathering Tower, and then began to take out a steady stream of divine crystals, released the Devouring Domain, and began to absorb and strengthen his own skills.

At the same time, Ye Feng also used this huge energy to begin to understand the amazing super inheritance of the Wheel of Judgment.

You must know that this is the inheritance of the Lord of the Judgment Hall. It is absolutely very advanced and terrifying. If you can understand it, it will definitely increase Ye Feng's combat effectiveness to a new level.

Moreover, this level of inheritance can be used by Ye Feng for a long time without being eliminated.

"Buzz!"

At this moment, Ye Feng suddenly fell into deep cultivation and seclusion.

The Green Dragon stood outside the Spirit Gathering Tower, looking at Ye Feng who was practicing inside, and touched his chin, with a thoughtful look in his eyes, "What other identities does this boy Ye Feng have that he is hiding from me... "

Chapter 2737 Raw Stone

At this moment, in the highest room of Juling Tower.

Ye Feng was sitting cross-legged at this time, surrounded by high-level divine crystals emitting colorful light.

These high-level divine crystals were all given to him by the Lord of the Judgment Hall who left Ye Fengzhang Er scratching his head.

Ye Feng didn't understand why the Lord of the Judgment Hall suddenly gave him so many compensation items.

But don't give it up for free.

Ye Feng directly released the Devouring Domain at this moment, covering the many high-level divine crystals piled around him in an instant. .??.

"Crash..."

Almost at this moment, the energy stored in these high-level divine crystals immediately caused Ye Feng's cultivation to increase tremendously.

Ye Feng's cultivation aura began to undergo a huge transformation.

"boom!"

The third level of the Divine Picture Realm!

"boom!"

The fourth level of the Divine Picture Realm!

Finally, the aura of cultivation on Ye Feng stopped.

At this time, although Ye Feng's cultivation had achieved two consecutive breakthroughs, there was not much joy in Ye Feng's eyes.

Because Ye Feng discovered that he had swallowed tens of millions of divine crystals before, which allowed him to directly break through a large realm.

But now that he has devoured the same number of divine crystals, and they are all high-level divine crystals, Ye Feng's cultivation has only broken through the most basic two levels.

Originally, Ye Feng thought that he should be able to break through the fourth or fifth heaven in a row.

But the result was that he only broke through two realms.

This gave Ye Feng a sense of crisis in his heart.

Because Ye Feng discovered that these resources, which many people regarded as indispensable, were of less and less use to him.

Ye Feng needs more advanced energy to break through quickly.

At this moment, Ye Feng immediately asked aloud in his mind: "Emperor Chu, wake up, I want to ask

What is a more advanced material than divine crystal? "

At this time, Emperor Chu suddenly said in his mind: "The basic resource that is more advanced than the divine crystal is called the original stone. It comes from the origin world and represents the most eye-catching source power, the advanced energy contained in a rough stone. It's definitely comparable to hundreds of thousands of divine crystals."

Hearing what Emperor Chu said, Ye Feng's eyes suddenly showed a deep and bright look.

In this way, raw stones are very precious cultivation resources.

Emperor Chu continued to speak at this time: "But raw stones are not so easy to obtain. Only the vast and endless world of origin can breed raw stone veins and mine raw stones."

When Ye Feng heard what Emperor Chu said, his eyes immediately showed a hint of disappointment, and then he said aloud: "In other words, the low-level god world we live in now cannot breed raw stones."

Emperor Chu nodded, and then said aloud: "However, in the God Realm, there are also many things that fell from the Great World of Origin. For example, the Supreme Lord of the Rings you obtained before, in the ancient times, there were parts of the Great World of Origin. Resources dropped from the resources, but the high-grade rough stones now are probably controlled by the top forces in the God Realm, and ordinary people cannot get them. The Holy Land of Heaven should have rough stones in reserve, but the value of the rough stones It is huge, and it is a non-renewable resource in the God Realm, so it is extremely valuable. Don't think about it for now. When you become a big shot in the Holy Land of Heaven, you may be able to get some raw stones from the upper levels of the sect to devour and practice."

When Ye Feng heard what Emperor Chu said, he immediately nodded.

Next, Ye Feng took out the powerful inheritance given to him by the previous master of the Judgment Hall, the training book of the Wheel of Judgment.

At this moment, Ye Feng held the book in his hand and began to read it carefully, and then used his strong comprehension to understand the relevant review records recorded in the book.

All the secrets of cultivation in the Wheel of Judgment.

I have to say that although this book looks like a very ordinary yellowed book, the secrets of the cultivation of the Wheel of Judgment recorded in it are actually extremely complex and profound.

If it weren't for Ye Feng's powerful comprehension and majestic soul power, he would have fallen into an endless mental whirlpool and had a splitting headache just by watching and reading this book.

However, Ye Feng successfully understood the initial meaning of the Wheel of Judgment by relying on his extremely powerful soul power and the demonic understanding after being transformed by the soul gem.

At this time, Ye Feng instantly began to release the secret of the Wheel of Judgment in the training room, wanting to test the power of the Wheel of Judgment.

Buzz!

Almost at this moment, behind Ye Feng, patches of black light condensed into a rapidly rotating wheel of judgment.

Every rotation of the wheel of judgment gives people a very palpating feeling, just like the wheel of history, passing through the long river of time, capable of taking everything away.

At this time, Ye Feng could feel that once he released the Wheel of Judgment, it was as if he had control over the entire world. .??.

And while Ye Feng was silently testing the power of the Wheel of Judgment.

Uh-huh!

Suddenly, Leng Qingxue's beautiful figure appeared at the door of the secret room where Ye Feng practiced.

However, Leng Qingxue did not disturb Ye Feng's practice, but quietly waited at the door of Ye Feng's practice room, waiting for Ye Feng to come out on his own.

Ye Feng discovered Leng Qingxue's aura the moment Leng Qingxue approached.

At this moment, Ye Feng knew that Leng Qingxue had something to inform him, otherwise he would not have come to the door of his secret practice room.

Uh-huh!

At this moment,

Ye Feng immediately stopped his practice, stood up, and walked towards the secret room of the practice.

When Ye Feng opened the door, Leng Qingxue saw Ye Feng and said anxiously: "Ye Feng, you are finally out of seclusion!"

Seeing Leng Qingxue's anxious look, Ye Feng had a look of surprise in his eyes, and couldn't help but ask: "What happened? Is there something urgent? Is there another super genius who is provoking us?"

Logically speaking, now that Ye Feng has killed several extremely powerful outer sect disciples, and there are no consequences for being approached by the Lord of the Judgment Hall, no one should dare to provoke him.

At this moment, while Ye Feng was secretly guessing, Leng Qingxue shook his head and said loudly: "It's not that someone is provoking us, but that our outer sect's assessment task is coming soon. It is said that this time The assessment is very important. If you can pass the assessment, you will receive a very generous reward. If you do not participate in the assessment, you will be kicked out of the Holy Land of Heaven and you will no longer be qualified to stay outside the Holy Land of Heaven. This assessment task is three. It will be conducted once a year, specifically to eliminate those outer disciples who do not seek to improve, because the Holy Land of Heaven does not need waste to practice here. "

When Ye Feng heard what Leng Qingxue said, there was a look of surprise in his eyes. Then he nodded slightly and said, "Then let's go take part in the assessment task together. It shouldn't be that difficult."

Leng Qingxue nodded immediately, and then said with a hint of expectation in her eyes: "I heard from other disciples that if you can rank among the top in this assessment task, you can get very generous training resources. , which contains powerful inheritance, precious magic weapons, and even advanced cultivation resources that our God Realm cannot produce, which are said to be called raw stones."

"Rough stone?"

When Ye Feng heard what Leng Qingxue said, his eyes suddenly lit up, and then he said with a smile: "In that case, I must try to get into the top few in this assessment task of Tiandao Holy Land. "

Chapter 2738 Rich natural resources

What Ye Feng didn't expect was that a simple trial for the outer disciples would actually make the upper echelons of the sect willing to take out the original stone as a reward.

It seems that the upper echelons of the sect attach great importance to this trial, otherwise they would not be able to use such precious resources as rewards.

At this moment, Ye Feng followed Leng Qingxue towards the central area of the Holy Land of Heaven, because as long as there are assessment tasks, they will usually be released in the central area of the Holy Land.

When Ye Feng and Leng Qingxue arrived at the central area of the Tiandao Sect disciples, they immediately saw that the entire field was filled with densely packed people.

These are all outer disciples of the Holy Land of Heaven.

There are still many powerful auras among these outer disciples.

Because many outer sect disciples who have been practicing outside and are very powerful rushed back before this assessment task and wanted to participate in this assessment.

After all, the rewards for this assessment are too generous. .??.

At this moment, Ye Feng and Leng Qingxue looked towards the middle of the crowd, and immediately saw an old man in black robes standing on the high platform in the middle, seeming to be saying something.

This old man in black robes has an extremely powerful cultivation aura. He should be an outer sect elder.

At this moment, the outer sect elder spoke slowly: "Next, we are going to the outer sect assessment place. That place is a very dangerous place and is part of the hell interface."

"Part of the hell interface?"

When many people around heard what the outer sect elder said, their eyes suddenly showed a trace of horror.

Obviously, they never thought that this time the outer sect assessment would be to go to the hell interface.

At this time, the elder of the outer sect said: "This assessment trial is a training for you. You will still have many challenges in the future, so this time the upper levels of our Holy Land will not hesitate to use a lot of reward resources. This is to encourage you to achieve good results in the trial, improve your own strength, and contribute to the growth of our Holy Land of Heaven."

"Yes, elder!"

Hearing what the outer sect elder said, a group of outer sect disciples immediately nodded and shouted loudly, with high fighting spirit in their tone.

Seeing that the fighting spirit of many outer sect disciples was aroused, the outer sect elder was very satisfied.

He then stretched out his hand to grab it, and suddenly a huge spiritual boat flew out of his cuffs.

Then the outer sect elder spoke slowly: "Everyone, please get on the spirit boat. I will take you to the starting point of this assessment."

"Yes, elder!"

Swish, swish, swish!

Swish, swish, swish!

At this moment, all the outer sect disciples jumped directly onto the spirit boat released by the outer sect elders.

Ye Feng and Leng Qingxue also flew up at this time, and then stood firm on the spirit boat, waiting to go to the hell interface where the assessment was next.

For many outer disciples, going to a terrifying interface like hell is a very dangerous thing, and they are very likely to die in this assessment mission.

But for Ye Feng, no matter where he goes, it is not a big deal.

Because Ye Feng's current strength and cultivation level has been improved to a level

At a very high level, the assessment trials for outer sects should not be that difficult.

boom.....

When all the outer sect disciples boarded the spirit boat, the outer sect elder immediately took control of the spirit boat under his feet and rushed towards the distance in an instant.

Soon the huge spirit boat had left the area controlled by the Holy Land of Heaven and arrived somewhere in the wild jungle.

Half an hour later, the spirit boat landed in a deep area in the wilderness jungle.

At this moment, the elder of the outer sect looked not far away, and then said aloud: "There is a node leading to the hell interface. After you enter, you will be tested for a total of one month, and you will pass this after one month." When the node returns, you must remember to come back when the time is up. If you miss the time, you may not be able to come back. "

Hearing what the outer sect elders said, each of the outer sect disciples nodded solemnly, then jumped down from the spirit boat and walked into the space node leading to the hell interface.

Ye Feng also entered this space node with Leng Qingxue at this time.

Buzz!

Following a burst of violent space fluctuations, Ye Feng and Leng Qingxue had disappeared into the space nodes.

At this moment, the moment Ye Feng entered the space node, he immediately felt a severe dizziness.

Even though Ye Feng had a space gem on his body, he was still unable to stop this violent dizziness at this moment.

But after all, Ye Feng controls the power of space, so after a brief dizziness, Ye Feng has become sober.

At this time, Ye Feng opened his eyes and immediately saw that he had arrived in a dark and boundless world.

In this world, the spirit of hell is everywhere.

Moreover, the sky was always pitch black, with only seven silver moons hanging high in the sky, shedding patches of silver light, allowing Ye Feng to see the entire world clearly.

The entire land is red and black, with continuous black mountains in the distance, and even the plants are pitch black.

Of course, there are also some red stones buried in the soil, which should be some kind of special ore.

Uh-huh!

Ye Feng immediately came to the edge of the soil where the crimson stone was buried, then stretched out his hand and pressed it on the crimson stone to start sensing.

Immediately, Ye Feng sensed a very strong violent flame energy, hidden in this red stone.

"This seems to be a vein of flame stone, which will greatly improve my natal flame, and the violent energy in it may be able to swallow and refine it."

There was some joy in Ye Feng's eyes. Unexpectedly, he encountered a good mineral vein just after arriving at the hell interface.

At this moment, Emperor Chu also said aloud in his mind: "Although there are huge dangers in the hell interface, and there are very terrible hell creatures, but because there are no powerful creatures who dare to come here all year round, naturally Resources have not been over-exploited, and there are many rich natural resources. Ye Feng, since you have entered the hell interface, then take a good look at the various rich natural resources in this hell interface, which can give you great help. It is still cost-effective for you to hunt those hell creatures, because to hunt hell creatures, you have to spend time looking for them, and then fighting to kill them, which is a waste of time and energy. However, if you can find some precious mineral resources, as long as you continue to Just go and mine." What Ye Feng didn't expect was that a simple trial for the outer disciples would actually make the upper echelons of the sect willing to take out the raw stones as a reward.

It seems that the upper echelons of the sect attach great importance to this trial, otherwise they would not be able to use such precious resources as rewards.

After you enter, you will be tested for a total of one month, and you will pass this after one month." When the node returns, you must remember to come back when the time is up. If you miss the time, you may not be able to come back. "

Hearing what the outer sect elders said, each of the outer sect disciples nodded solemnly, then jumped off the spirit boat and walked into the space node leading to the hell interface.

Ye Feng also entered this space node with Leng Qingxue at this time.

Buzz!

Following a burst of violent space fluctuations, Ye Feng and Leng Qingxue had disappeared into the space nodes.

At this moment, the moment Ye Feng entered the space node, he immediately felt a severe dizziness.

Even though Ye Feng had a space gem on his body, he was still unable to stop this violent dizziness at this moment.

But after all, Ye Feng controls the power of space, so after a brief dizziness, Ye Feng has become sober.

At this time, Ye Feng opened his eyes and immediately saw that he had arrived in a dark and boundless world.

In this world, the spirit of hell is everywhere.

Moreover, it was always pitch black in the sky. There were only seven silver moons hanging in the sky, shedding patches of silver light, allowing Ye Feng to see clearly the entire world.

The entire land is red and black, with continuous black mountains in the distance, and even the plants are pitch black.

Of course, there are also some red stones buried in the soil, which should be some kind of special ore.

Uh-huh!

Ye Feng immediately came to the edge of the soil where the crimson stone was buried, then stretched out his hand and pressed it on the crimson stone to start sensing.

Immediately, Ye Feng sensed a very strong violent flame energy, hidden in this red stone.

"This seems to be a vein of flame stone, which will greatly improve my natal flame, and the violent energy in it may be able to swallow and refine it."

There was some joy in Ye Feng's eyes. Unexpectedly, he encountered a good mineral vein just after he arrived at the hell interface.

At this moment, Emperor Chu also said aloud in his mind: "Although there are huge dangers in the hell interface, and there are very terrible hell creatures, but because there are no powerful creatures who dare to come here all year round, naturally Resources have not been over-exploited, and there are many rich natural resources. Ye Feng, since you have entered the hell interface, then take a good look at the various rich natural resources in this hell interface, which can give you great help. It is still cost-effective for you to hunt those hell creatures, because to hunt hell creatures, you have to

spend time looking for them, and then fighting to kill them, which is a waste of time and energy. However, if you can find some precious mineral resources, as long as you continue to Just go mining.”

Chapter 2739 Mining

At this moment, after Emperor Chu finished speaking, Ye Feng nodded immediately.

Then with a hint of expectation in his eyes, he started digging directly.

The mineral vein that Ye Feng encountered now is called the Flame Stone Mine.

Although the flame contained in it is an ordinary flame.

But it can't hold the huge amount of an entire mine.

The value is also huge.

Such a huge mine contains an estimated several hundred tons of flame stone.

If you can swallow them all. ??

Ye Feng felt that his natal flame could be greatly improved.

And it should also be able to strengthen one's own cultivation power.

After all, the power of fire contained in the flame stone veins, through the Devouring Domain, should have a chance of extracting very pure energy, which can strengthen Ye Feng's skills.

Bang!

Bang!

At this time, Ye Feng directly replaced the manuscript with his own hands and began to dig out the flame stone vein under his feet.

Ye Feng's current body strength is extremely powerful.

His hands looked as if they were made of divine iron.

Every time you dig with your hands, you can directly crack the entire vein.

Uh-huh!

Then Ye Feng went directly into the depths of the mineral vein.

Ye Feng had no intention of digging out the entire flame stone vein piece by piece.

Because that's such a waste of time.

As long as Ye Feng can enter the center of the entire flame stone vein.

Then the Devouring Domain is released at the very center of this vein.

It can cover the entire flame stone vein and swallow up all the ore energy in the entire flame stone vein.

Then inject it into your body!

Uh-huh!

At this moment, when Ye Feng came to the depths of the flame stone veins.

He immediately saw that the center of the entire flame stone vein was filled with densely packed flame stones.

some

The flame stone was even red enough to turn purple.

This shows that this flame stone vein is very rich in reserves.

"Devouring the Realm!"

"boom!"

Almost at this moment, Ye Feng directly released the Devouring Domain without any hesitation.

Suddenly, the boundless darkness of the devouring realm enveloped the entire flame stone vein.

"Crash..."

At this moment, Ye Feng suddenly felt a huge amount of flame essence, which was directly absorbed by himself and then injected into his body.

As Ye Feng devoured it, the red light originally emitted by the entire flame stone vein was gradually dimming.

Because all the flame energy in the flame stones was sucked and devoured by Ye Feng.

So at this moment, the entire mineral vein is being depleted rapidly.

And all the energy accompanying the entire mineral vein was injected into Ye Feng's body.

Ye Feng could feel at this moment that his skill level was growing rapidly.

"boom!"

The fifth level of the Divine Picture Realm!

Finally, half an hour later, Ye Feng's cultivation momentum suddenly broke through, and he was promoted to the fifth level of the Divine Map Realm.

And at this moment, Ye Feng could feel that the quality level of his natal flame had also been improved.

Directly promoted from the fourth-grade high-level to the fourth-grade Dacheng.

At this time, Ye Feng's eyes were filled with excitement.

"Sure enough, devouring this kind of natural resource vein is more direct and convenient than hunting those creatures in hell!"

Because it is very difficult for Ye Feng to improve his current cultivation level.

Each upgrade requires a huge amount of energy.

If Ye Feng wanted to break through to the first level, he would probably have to hunt down hundreds of people equal to himself.

Realm of hellish creatures.

Or it may be dangerous to take risks and hunt hell creatures that are much higher than your own realm.

But Ye Feng directly searched for various mineral veins on the land in the hell interface, mined them, and then directly devoured the energy of the entire mineral vein.

Not only is there no danger, but the energy is also very abundant.

At this time, Ye Feng suddenly said aloud in his mind: "Emperor Chu, how should we continue to search for mineral veins?"

Because at this moment, Ye Feng opened his eyes, and he discovered that after he broke through, the entire flame stone vein had been completely exhausted, and he needed to find the next vein.

At this time, Emperor Chu said aloud in his mind: "It is very simple to find mineral veins in the hell interface. That is to first find the hell creature family living near the hell interface, and then let them lead you to find the mineral veins. Only local creatures, and become very familiar with the surrounding environment."

When Ye Feng heard what Emperor Chu said, he immediately nodded.

Buzz!

At this moment, Ye Feng directly exuded his majestic soul power and began to explore the surrounding area.

Ye Feng wants to find the surrounding areas where hell creatures live, so as to find various rich mineral veins nearby.

After devouring the flame stone veins, Ye Feng received huge benefits.

The quality of the flames has been improved, and the cultivation level has also achieved a breakthrough.

This made Ye Feng very interested in these rich natural mineral veins in the hell interface.

So now Ye Feng is not that interested in finding any treasures or hunting any powerful hell creatures.

The only thing he is interested in now is frantically searching for the natural resource veins bred on this earth.

Because this matter is impossible for other outer disciples of the Holy Land of Heaven.

Only Ye Feng, who possesses the Devouring Domain, can quickly absorb the energy from this mineral vein and strengthen his own cultivation strength.

Maybe some other day

The outer disciples of Tao Holy Land are still struggling to find some ancient relics in various hell interfaces. They may die at any time.

But Ye Feng was extremely relaxed, he just needed to find veins of minerals and keep mining.

Uh-huh! Uh-huh! Uh-huh...

At this moment, Ye Feng galloped forward, quickly searching various life fluctuations around him, trying to find the local tribe of hell creatures.

Soon, Ye Feng came to a continuous black mountainous area.

In this black mountain, all the plants growing are extremely dark.

It's like a dark forest.

When Ye Feng first came to this dark forest.

"Roar!!"

Suddenly, a very terrifying roar suddenly sounded in the depths of the dark forest.

Rumble...

Almost at the next moment, accompanied by a very violent earth shaking sound, Ye Feng immediately saw a dark hell creature that was several kilometers tall and majestic running directly from the depths of the dark forest.

This hell creature is a humanoid dark giant, but its body is covered with dense tentacles, which looks very disgusting.

But the aura of this hell monster covered with dense black tentacles was extremely powerful, making Ye Feng feel threatened at this moment.

This is definitely a very powerful hell creature, a very special race.

Ye Feng's eyes were a little downcast. What he wanted to find were some ordinary hell tribes, not such terrifying hell monsters.

But now that this hell monster has been discovered, Ye Feng naturally has no intention of backing down.

boom!

Almost at this moment, Ye Feng immediately activated his power, powerful fighting spirit burst out from his body, and his eyes were full of divine light.

Ye Feng stared at the majestic hell monster opposite, covered with tentacles, and his fighting spirit was boiling, not empty at all.

Chapter 2740 Hammered to pieces

"Roar!!"

At this moment, the hell monster roared, and endless hell energy suddenly burst out from his body.

The dark air of hell is like a magical mist that can cover everything and bring the entire world into the endless darkness of hell.

The terrifying air of hell, full of corrosiveness and darkness, rushed towards Ye Feng in an instant.

Like a vast ocean, it was dark and looked very depressing.

If it were an ordinary person, seeing this scene, he would have been scared to the point of weakness in his calves.

But Ye Feng didn't have the slightest fear at this time. Instead, he was filled with unparalleled fighting spirit.

Boom! !

Ye Feng's body suddenly erupted with an incomparably bright divine light, and then the whole person was like a god rising from the darkness. In an instant, he punched forward fiercely.

"Six Paths of Reincarnation Fist!"

Boom! !

The terrifying six-path reincarnation power burst out from Ye Feng's fist in an instant, blasting directly towards the dark aura of hell covering the front.

Wow!

Accompanied by a terrifying roar and boiling sound, the fist in Ye Feng's hand was like the sharpest spear in the world. It suddenly passed through the dark air of hell and directly bombarded this tall and majestic body of hell monsters.

Boom! !

But the next moment, what surprised Ye Feng's eyes was that his fist did not penetrate the body of this hell monster.

And it was like a fist hitting a steel mountain, without any damage.

Moreover, Ye Feng's whole body was suddenly shaken back by a huge counter-shock force at this moment.

Uh-huh!

Ye Feng stayed in mid-air at this time, with a look of surprise in his eyes.

Sure enough, the bodies of monsters born in hell are extremely strong, and they can actually withstand one of their own fists without much damage.

At this moment, Ye Feng immediately understood that his current body strength was very powerful among the human race and the divine world.

But in this hell interface, compared with this terrifying hell monster, there is not much advantage in terms of physical strength.

So at this time, Ye Feng immediately changed his battle strategy.

"Great ice sealing technique!"

He directly released the great ice sealing technique, and wanted to use Taoism to deal with this hellish monster.

Wow! !

Almost at the next moment, a large amount of ice energy rushed out from Ye Feng's body, instantly blowing away the hell energy in the distance and the hell monster covered with tentacles. The child is frozen in a thick layer of ice.

"Boom!"

But suddenly at this moment, the dense black tentacles on the hell monster's body began to attack the surroundings crazily.

In less than a moment, the black tentacles on this hell monster had shattered the thick ice layer formed by the ice energy released by Ye Feng, turning it into fragments all over the sky.

"It's pretty awesome."

Even Ye Feng couldn't help but admire him at this time.

Because this guy is covered in black hair

The hell monster in his hand is indeed very powerful.

Even Ye Feng has been fighting until now and has not killed him.

You know, Ye Feng's current combat power is extremely terrifying.

But this hell monster was able to compete with Ye Feng.

But Ye Feng had no intention of holding on any longer.

"Big Thunder Technique!"

At this moment, Ye Feng immediately took out the super magic weapon Thor's Hammer that he had obtained before, and then instantly bombarded the hell monster ahead.

Wow! !

The moment Ye Feng held the Thor's Hammer and blasted it out, the entire thunder above the sky was also driven by the Thor's Hammer in Ye Feng's hand.

Countless thunder and lightning lights, like a downpour, fell from the dark sky in an instant, just like a thunder catastrophe, echoing with the Thor's Hammer in Ye Feng's hand for an instant.

The vast light of thunder and lightning struck the hell monster in an instant, covering the entire body of the hell monster at once.

"ah....."

The most powerful and powerful thunder power in the world seems to be naturally destructive and suppressive to this kind of dark monster from hell.

At this moment, Ye Feng used the Thor's Hammer to pull down countless thunder and lightning lights, and bombarded the hell monster, causing the hell monster to roar in extreme pain.

Uh-huh!

Then at this moment, Ye Feng did not hesitate or waste any time. He stepped directly in front of this hell monster. In an instant, he took the Thor's Hammer in his hand and struck hard on the head of this hell monster. superior.

There was a "pop" sound!

This hell monster was shocked by the light of lightning at this moment and could not move at all. At this time, it could not block Ye Feng's fatal blow. The entire head was directly crushed by Ye Feng's Thor's Hammer.

Rumble...

The huge monster body suddenly fell to the ground, smashing a large piece of soil.

At this time, Ye Feng showed a smile of victory on his face.

Sure enough, after he learned the Thunderbolt Technique, he was naturally able to deal with such dark monsters.

After all, the power of thunder from heaven and earth is the most powerful force in the world, and it is terrifyingly destructive.

"Swallow!"

Almost at the next moment, Ye Feng wasted no time and directly released the Devouring Domain.

This hell monster covered with tentacles was shrouded in the dark devouring realm.

Although this hell monster is covered with dense black tentacles, it looks very disgusting.

But the hell energy contained in the body of this hell monster is very powerful.

After Ye Feng devoured the energy of the entire hell monster, his cultivation level suddenly broke through to the next level.

Directly from the fifth level of the Divine Map Realm, he broke through to the sixth level of the Divine Map Realm!

It must be said that this is a very rapid breakthrough.

Because swallowing this hell monster is equivalent to Ye Feng swallowing an entire mineral vein, the rate of return is still very good.

At this moment, after Ye Feng finished devouring this hell monster, he was trying to move forward, looking for the local tribe.

But suddenly at this moment, Ye Feng suddenly sensed something, looked sharply in a certain direction behind him, and then shouted coldly: "Who is peeping in the dark? Come out!"
