Chapter 2741 Amethyst Clan

Uh-huh!

Almost at the moment Ye Feng finished speaking, Ye Feng stretched out a hand.

Suddenly, a big hand of vitality appeared in the void and quickly grabbed it in the direction Ye Feng was aware of.

For Ye Feng, his current perception is very terrifying.

At this moment, after killing this hell monster, he immediately sensed that someone was watching him secretly.

Although Ye Feng could not capture the life fluctuations of the person he was observing secretly, Ye Feng could feel the look in that person's eyes. .??.

It can be said that this is a very scary intuition.

Only Ye Feng's powerful soul power could subtly evolve such prophetic intuition.

Boom!

Almost at the moment Ye Feng's big hand appeared and fell, a bright purple light burst out in the jungle in that direction.

Those purple rays condensed into a purple-gold shield, which directly blocked Ye Feng's vitality hand.

Then Ye Fengzheng wanted to continue taking action to see who was secretly observing him.

But at this time, a beautiful woman wearing purple animal skin suddenly appeared in the jungle.

This woman wearing purple animal skin is very tall, beautiful and graceful, and has an extraordinary temperament.

But this woman's arms and neck were covered with dense purple scales. In addition to being extremely beautiful, she also looked full of the wildness of an orc.

"It doesn't seem like a pure human race."

At this moment, there was a trace of surprise in Ye Feng's eyes. He immediately stared at the woman wearing purple animal skin and asked, "Who are you? Why are you observing me in secret?"

This woman wearing purple animal skin immediately said in awe.

Said: "My name is Zi Ling. I am a member of the Amethyst clan living nearby. This time I came to the dangerous dark forest outside to find some food for my clansmen to eat, because the cold winter is coming soon. Unexpectedly, I happened to encounter the terrifying hell monster that senior was hunting. Senior is so powerful that he can easily kill even the taboo monsters that live in this dark forest. "

"Amethyst clan?"

When Ye Feng heard the beast-skin woman who called herself Zi Ling say this, a trace of surprise suddenly appeared in her eyes.

Unexpectedly, there are still human beings existing in this hell interface.

However, Ye Feng knew that this Amethyst family was definitely not a pure human race, but a mixed race that might be mixed with other races in the hell interface.

At this time, Ye Feng nodded, and then said aloud: "As long as you have no ill intentions towards me, I am not a person who wants to kill everyone. By the way, I can sense that the cultivation aura on your body is very weak, but just now you resisted one of my attacks. It seems that you also have good skills."

Ye Feng said these words not out of pride, because Ye Feng's current strength is indeed very powerful.

Being able to withstand Ye Feng's normal attacks is already considered very powerful.

At this moment, hearing what Ye Feng said, this purple spirit from the Amethyst clan immediately smiled bitterly and shook his head.

The woman took out an amethyst necklace from her neck and said aloud: "This is the magic weapon given to me by the patriarch. It was this magic weapon that withstood the attack just now, but the energy in this amethyst magic weapon has been exhausted. It ran out at the last minute and now I've lost my biggest talisman."

Feng walked up to the purple spirit, looked at the amethyst necklace, then pointed slightly and clicked directly on the amethyst necklace.

"Buzz!"

Almost at the next moment, the amethyst necklace immediately emitted a brilliant purple light, which was even more powerful than the previous light.

Seeing this scene, Zi Ling immediately revealed a look of deep surprise in her beautiful eyes, and couldn't help but said loudly: "The energy in this amethyst necklace has been fully charged. I can use it for a long time in the future." For a while, even the patriarch has been unable to do this. The patriarch said that after the energy in this amethyst is exhausted, it loses its effect and no one can recover it. I didn't expect that it was all restored at once. Thank you, sir. Zi Ling really doesn't know how to repay this gift!"

Looking at the tall and beautiful woman in front of him with her hands slightly clasped in awe, Ye Feng just smiled and said, "It doesn't matter, it's just a little effort."

At this time, for some reason, Ye Feng thought of the second young lady of the Ye clan where he belonged back then, also named Zi Ling.

At this moment, Ye Feng was silent for a moment.

At this time, the young boy in front of him was silent, seeming to be thinking about something.

Zi Ling, a tall and beautiful woman from the Amethyst clan, was also secretly sizing up the powerful young man in front of her.

She was very shocked in her heart, because this was the first time she had encountered such a powerful human race warrior, and he was still so young. He was many times more powerful than the most powerful warrior in their Amethyst clan.

The hell monster with tentacles all over its body just now was the most terrifying enemy of the Amethyst clan in the dark forest.

But he was killed casually by the young adult in front of him.

\u003c

br\u003e It's hard to imagine how terrifying this young adult's true strength would be when he unleashes it!

At this moment, Zi Ling felt a deep admiration and fascination for Ye Feng.

After all, Ye Feng is extremely young, handsome, and so powerful. Naturally, the hearts of the most beautiful woman in the Amethyst clan are fluttering in an instant.

At this time, when Zi Ling was secretly infatuated, Ye Feng suddenly looked at the beautiful woman in front of him and said loudly: "You said that your Amethyst clan lives around here, so you should be concerned about all the surrounding environment. Very familiar, right?"

When Zi Ling heard what Ye Feng said, he immediately nodded, and then said loudly: "We, the Amethyst clan, have been living on the edge of this dark forest for generations, and we are indeed very familiar with everything around us. Don't you think so?" Are you lost? I can be your guide!"

It has to be said that Zi Ling is very enthusiastic about Ye Feng.

If Zi Ling's active act were seen by other men of the Amethyst clan, they would definitely stare out in shock.

Because Zi Ling is naturally very beautiful and tall, she is the number one beauty of the younger generation among the Amethyst clan, a goddess-like existence.

Zi Ling has always been very indifferent to all the men of the Amethyst clan. Even the most powerful warrior of the Amethyst clan cannot make Zi Ling fall in love with Zi Ling.

But now Zi Ling is extremely enthusiastic about Ye Feng.

I have to say that strong strength can indeed bring some privileges.

At this time, Ye Feng looked at Zi Ling in front of him, smiled slightly and said: "I'm not lost, I just need to find some mineral veins around here. I wonder if your Amethyst clan has any knowledge of the surrounding mineral veins?" What do you know?"

Chapter 2742 Pretty Boy

"The surrounding mineral veins?"

Zi Ling heard what Ye Feng said, thought for a moment, then shook his head and said loudly: "I don't know much about the surrounding mineral veins, because I spend most of my time hunting some monsters outside, and then bring back the monster meat and feed it to my people. But if you need to know the situation of the surrounding mineral veins, sir, you can follow me back to the Amethyst Clan. Maybe some of the old people of our Amethyst Clan, and our Amethyst Clan. The omniscient patriarch can help you."

For Zi Ling, it would be a very happy thing if Ye Feng could continue to go with him.

Because the feeling Ye Feng gave to Zi Ling was so precious, Zi Ling felt that she must seize the opportunity.

Ye Feng heard what Zi Ling said at this time. After thinking for a moment, he nodded slightly, and then said with a smile: "Okay, then I will go with you. Since you Zi Ling clan is living around here, having been a race for many years, you should have a very good understanding of the surrounding

environment. Perhaps the leader of your Amethyst clan will really know the distribution of the surrounding mineral veins, and may be able to help me."

When Zi Ling heard that Ye Feng was willing to go with her, she immediately became very happy. She couldn't help but stretched out her white hand and took Ye Feng's arm. Like a little girl, she said happily: " Great, you can go home with me!"

Seeing the enthusiasm of the purple spirit of the Amethyst clan next to him, Ye Feng couldn't help but said: "You don't need to call me Lord, just call me Young Master. By the way, my name is Ye Feng."

When Zi Ling heard what Ye Feng said, she immediately nodded vigorously, and then a bright smile appeared in her beautiful eyes. She smiled sweetly and said, "Then I will call you Mr. Ye Feng from now on." "

Zi Ling was very happy at this time. She seemed to think that Mr. Ye Feng was her exclusive title, and she was very proud of it.

Ye Feng smiled and nodded and said, "Okay, now you can take me directly to your Amethyst Clan."

Zi Ling nodded immediately at this moment, and then led the way directly from the front, leading Ye Feng towards the edge of the dark forest.

After half a day, Ye Feng followed Zi Ling and finally arrived outside the Amethyst clan. \u003c

br\u003e

Ye Feng looked over from a distance and immediately saw a small tribe standing on a black mountain, looking very peaceful.

The surrounding terrain is steep and precipitous, making it a natural place to live. It is easy to defend and difficult to attack. Some powerful monsters cannot enter the tribe's area at all.

At this moment, Zi Ling led Ye Feng into the center of the black mountain from a small road.

Small castles appeared in front of them.

The people living in these castles are all from the Amethyst family.

Like the Purple Spirits, these Amethyst clan have more or less purple scales growing on their bodies.

However, Zi Ling can indeed be said to be the most beautiful member of the Amethyst clan.

Because the other members of the Amethyst clan were so good-looking that Ye Feng was a little afraid of complimenting them.

At this time, Zi Ling smiled and said to Ye Feng: "Master Ye Feng, please go with me to see the clan leader directly."

Ye Feng nodded, and then followed Zi Ling into the tribe of the Amethyst clan.

But the moment Ye Feng entered the tribal area, he immediately attracted the attention of many people.

Everyone was staring at Ye Feng.

Especially the men in the Amethyst tribe. They are all very tall and burly. They are also wearing animal skins. They are holding either black swords or some exaggerated maces in their hands. They look like Like a savage.

These male warriors of the Amethyst clan were staring at Ye Feng at this moment, their eyes full of deep hostility.

Because they saw that the most beautiful woman in their Amethyst clan was standing next to this young man who looked very thin, and she was very enthusiastic.

This made the burly warriors of the Amethyst clan feel very dissatisfied, feeling that Ye Feng had robbed him.

We are the most beautiful women of the Amethyst clan.

At this time, several of the most burly warriors of the Amethyst clan suddenly came to Ye Feng, and then said in a bad tone: "You little pretty boy, what qualifications do you have to let us be the number one of the Amethyst clan?" The beauty pleases you so much. In our Amethyst clan, only true strength is everything."

Hearing what the burly warrior of the Amethyst clan said, Zi Ling immediately said angrily: "Young Master Ye Feng is very powerful and is not someone you can provoke. Leave immediately."

Hearing what Zi Ling said, the burly warrior of the Amethyst clan became even more angry.

He immediately stared at Ye Feng who was standing next to Zi Ling, and then said aloud: "If you are a man, come and fight with me. Don't think that just because you are handsome, you can do whatever you want. You are just a pretty boy after all." , What's the point of relying on your face to make a living?"

boom!

But suddenly at this moment, Ye Feng's body suddenly burst out with a terrifying and violent momentum.

This momentum is as vast and boundless as the vast ocean.

At this moment, in the eyes of everyone, Ye Feng seemed to have suddenly grown from a skinny boy to an extremely tall and majestic man, full of terrifying majesty and power.

Snap!

Snap!

Almost at this moment, the burly warriors of the Purple Crystal Clan who stood in front of Ye Feng and Zi Ling, at this moment, felt the mighty aura of Ye Feng, as if they had touched the mighty power of heaven.

All of a sudden, several burly warriors of the Purple Crystal Clan were so scared that their legs and feet softened and they lay directly on the ground.

"What a terrifying power and momentum!"

At this moment, all the members of the Purple Crystal Clan showed deep shock in their eyes.

And the burly warriors of the Purple Crystal Clan who wanted to find trouble just now were full of fear in their eyes.

The palms holding their weapons were shaking violently.

At this time, they finally understood why Ye Feng, a boy who looked like a pretty boy, could be flattered by the most beautiful woman of their Purple Crystal Clan.

It turned out that this boy was a terrifying super young strong man!

"Young Master Ye Feng is really amazing!"

And seeing that Ye Feng just released his aura, a group of the most powerful burly warriors of the Purple Crystal Clan fell to the ground in fear.

Zi Ling stood beside Ye Feng, her beautiful eyes fascinated, and she felt as if her soul was about to be attracted by Ye Feng.

"Who disturbs the tranquility of my Amethyst clan?"

Suddenly at this moment, an old man in a green robe flew over from the depths of the Amethyst clan.

The old man held a small scepter in his hand, looking mysterious and unfathomable.

The moment the green-robed old man appeared, Zi Ling, who was standing beside Ye Feng, immediately showed a happy look on her face, and then said aloud: "Master, this person beside me

is called Master Ye Feng. He is a benefactor I accidentally met outside. Not only did he restore all the power of my magic weapon Amethyst Necklace, but he also eliminated the biggest enemy of our Amethyst clan in the Dark Forest. The hell monster covered with tentacles has been completely killed by Master Ye Feng."

At this moment, after Zi Ling finished speaking, she immediately took out the body of the hell monster covered with tentacles from her storage ring.

"What?! This forbidden hell monster was actually killed!"

"Was it this young boy who killed it? Such fighting power is too terrifying!"

"Zi Ling is so lucky. She just went out and brought back such a powerful man!"

"When did my girl become as good as Zi Ling!"

At this moment, a group of Zijing clan members were shocked and talked about it.

At this time, when they looked at Ye Feng again, they no longer looked down on him, but were filled with deep awe.

Chapter 2743 Drawing Maps

At this moment, the leader of the Amethyst clan stared at the hell monster on the ground covered with tentacles, his eyes filled with deep shock.

He couldn't help but said aloud: "It turned out to be that forbidden monster, and it died here. Was it really killed by this young man?"

For the leader of the Amethyst clan, this hell monster covered in tentacles is very terrifying and has been the most dangerous enemy of their Amethyst clan for generations.

But now the biggest threat died in front of them, which was really shocking.

Zi Ling's beautiful eyes were filled with deep excitement at this time, and then she said aloud: "Clan Chief, the amethyst necklace you mentioned before is a treasure that cannot be restored, but Mr. Ye

Feng just used his fingers casually With just one click, the energy in this amethyst necklace is completely recharged. It's really amazing and incredible."

The leader of the Amethyst clan was staring at the necklace in Zi Ling's hand that was emitting strong divine light at this moment, and couldn't help but said: "This young master is indeed a genius. He is actually able to use this powerful damaged magic weapon again." The energy of the heyday has been restored again, which really makes me feel a little incredible. It seems that this young master is not a human race living near our hell interface, but a super genius from outside. "

When Ye Feng heard the leader of the Amethyst clan say this, a look of surprise suddenly appeared in his eyes.

Sure enough, Jiang was still very old, and he casually guessed that he came from the world outside the hell interface.

Ye Feng immediately nodded and said with a smile: "The old patriarch's guess is correct. I do come from the outside world. This time I came to the hell interface mainly to test and improve my cultivation."

When the leader of the Amethyst Clan heard what Ye Feng said, he couldn't help but said with a wry smile: "But our Amethyst Clan is just a small tribe, and I'm afraid we won't be able to provide abundant training resources for a super genius like the Young Master."

Ye Feng smiled and said: "I didn't say what cultivation resources I wanted to get from your Amethyst Clan. That's so embarrassing. I followed Zi Ling to your Amethyst Clan this time, mainly to meet people like you, the clan leader. Elders who have lived here for generations should ask about the situation of various mineral veins around."

"The various mineral veins around?"

Hearing what Ye Feng said, the leader of the Amethyst Clan immediately spoke up and said: "I understand this, because we, the Amethyst Clan, have lived here for generations. In addition to the basic needs of food and the like, there are Sometimes we need to dig some mineral veins for cultivation, but the mineral veins that the master needs should be very large mineral veins, and our Amethyst clan only mines small mineral veins that no one pays attention to. "

When Ye Feng heard what the leader of the Amethyst Clan said, he couldn't help but said: "If you put it this way, the leader should also know the distribution of other large mineral veins, but he just didn't explore it. What's the reason?"

The leader of the Amethyst clan couldn't help but smile bitterly and said: "Because those large mineral veins with very rich resources are basically controlled by some powerful tribes, and many very precious and rare mineral veins are It is controlled by some hell races in the hell interface, so we don't dare to explore it at all.

, let alone mining, because it is very likely to be catastrophic, because our Amethyst clan is just a small tribe and cannot withstand the suppression of those superpowers. If a very terrifying one comes As for hell creatures, we are afraid that the entire tribe will be destroyed because of this, just like the hell monster covered with black tentacles that the young master easily killed. Perhaps in the eyes of the young master, the hell monster is a very weak existence, but for us For the Amethyst clan, they have been a huge enemy for generations, and the threat is very great. "

Hearing what the leader of the Amethyst Clan said, Ye Feng immediately nodded and said: "It is indeed true. It is indeed very difficult to survive in the hell interface, but I don't need you, leader, to take me to those mineral veins in person. , you just need to give me a picture of where the various mineral veins are located in the past few days, and I will look for them myself."

Hearing what Ye Feng said, the leader of the Amethyst clan did not stop him because he knew that Ye Feng, a super genius whose combat power was so terrifying that he could not predict, so he did not want to persuade Ye Feng not to go because it was very scary. Danger.

At this time, the leader of the Amethyst clan nodded, and then said aloud: "I'm afraid it will take me about half a month to draw all the mineral veins around me. During this time, if you don't mind, you can Stay among our Amethyst clan for a while."

When Ye Feng heard what the leader of the Amethyst clan said, he immediately nodded happily, and then said loudly: "Thank you very much, leader, for drawing a map of the surrounding mineral veins for me."

When the leader of the Amethyst clan heard what Ye Feng said, he immediately smiled bitterly and shook his head.

Then he hugged his fists towards Ye Feng and said loudly: "It should be our Amethyst clan who thanks you, Mr. Ye Feng. It was you who killed that terrifying hell monster covered with tentacles. If it weren't for Mr. Ye Feng, , I am afraid that our Amethyst clan will be in disaster in the future,

but now that Master Ye Feng has killed the most terrifying hell monster covered with black tentacles in the nearby dark forest, then in the next few hundred years Even within a few thousand years, the survival of our Amethyst clan may not be a problem. "

Next, Ye Feng lived directly among the Amethyst clan, and the patriarch of the Amethyst clan put down everything he was doing and concentrated on painting the geographical locations of various mineral veins around him for Ye Feng.

During this half month, Ye Feng was led by Zi Ling to wander around in various ways.

Because Zi Ling knew that Ye Feng would eventually leave, so she cherished the last time they had together.

In fact, there is one thing that has been in Zi Ling's heart for a long time, that is, Zi Ling wants to leave the Amethyst clan with Ye Feng.

Because she also yearns for the outside world, but she is too embarrassed to speak.

After all, Zi Ling knew that if she followed Young Master Ye Feng, she would most likely become a drag on Young Master Ye Feng.

But half a month is almost here.

As the date of Ye Feng's departure got closer and closer, Zi Ling's inner sense of urgency became stronger and stronger.

But this night, she finally mustered up the courage, came to the door of the house where Ye Feng lived, knocked gently, and then said aloud: "Master Ye Feng, I have something very important to think about tonight. I want to tell you." At this moment, the leader of the Amethyst clan stared at the hell monster on the ground covered with tentacles, his eyes filled with deep shock.

But this night, she finally mustered up the courage, came to the door of the house where Ye Feng lived, knocked gently, and then said aloud: "Master Ye Feng, I have something very important to think about tonight. I want to tell you."

Chapter 2744 The first mineral vein

Hearing Zi Ling's voice, Ye Feng immediately opened his eyes from the state of cultivation in the house, then stood up and walked towards the door.

When Ye Feng opened the door, he saw Zi Ling's beautiful figure standing outside, with her head slightly lowered, as if she had an unspeakable feeling.

Ye Feng's eyes were a little surprised and he couldn't help but ask: "It's so late, Zi Ling, is there anything particularly important for you to come to my place?"

When Zi Ling heard what Ye Feng said, she didn't know how to express her inner thoughts.

But Zi Ling really wanted to leave the Amethyst clan with Ye Feng.

Because she yearns for the outside world very much.

And she also felt that she felt very safe when she was with Ye Feng.

This feeling was something that no one in the Amethyst clan could give her.

Very special.

And it's essential.

At this moment, Zi Ling finally mustered up the courage, raised his head suddenly, and said loudly: "Master Ye Feng, I want to go with you."

"Come with me?"

Ye Feng's eyes looked a little stunned, and then he said loudly: "You mean you want to leave the Amethyst Clan with me?"

Zi Ling nodded vigorously, and then said aloud: "Master Ye Feng, I have been yearning for the outside world since I was a child, and I especially hope that someone can take me out of this small mountain nest. Now that I have met you, Master Ye Feng, I feel like I've met Mr. Right."

When Ye Feng heard the most beautiful woman of the Amethyst clan in front of him say this, he couldn't help but smiled bitterly, shook his head, and said loudly: "It's also very dangerous outside, not as beautiful as you think."

Zi Ling immediately shook his head, and then said aloud: "I don't regret it. I know that in your eyes, Mr. Ye Feng, I may be just an irrelevant person."

Important person, but I really want to go with you, Mr. Ye Feng. I don't expect to be someone like Mr. Ye Feng. I just hope to be able to stay by Mr. Ye Feng's side and serve you tea, Mr. Ye Feng. Water, I can accept that. "

When Ye Feng heard Zi Ling in front of him speak so firmly, he couldn't help but said: "But if you leave, it is very likely that you will never come back in the future. Don't you miss your tribe at all?" ?"

When Zi Ling heard what Ye Feng said, she was finally stunned for a moment, because she hadn't thought clearly yet. If she really left, she might never be able to return to her hometown again in her life. This made Zi Ling feel confused for a moment. A feeling of being unable to make a choice.

So at this time, seeing Zi Ling being silent, Ye Feng immediately smiled and said: "You can go back and think about it for a while. Before I leave, if you really want to go with me, I can satisfy you." Your wish."

Hearing what Ye Feng said, Zi Ling immediately nodded, and then a smile appeared in her beautiful eyes, and she said, "Thank you, Mr. Ye Feng, for the reminder. I'll think about it when I get back."

Ye Feng nodded, smiled, stretched out his hand, touched Zi Ling's black hair, and then said loudly: "Go back."

"Uh-huh."

Zi Ling nodded vigorously, and her graceful and beautiful figure turned and left, disappearing into the night.

In the next few days, Ye Feng lived quietly among the Amethyst clan.

However, Ye Feng is not idle either. He is constantly studying the various martial arts inheritances he has practiced, striving to reach the highest level.

Three days later, someone came to the place where Ye Feng lived.

An old man wearing a green robe.

This green-robed old man is the leader of the Amethyst clan.

The leader of the Amethyst clan came over at this time, holding an ancient map in his hand, and then said loudly: "Master Ye Feng, this map took me half a month. All large mineral veins are painted on it. The specific positions and directions are very accurate. In addition, there are dozens of small mineral veins. I have also marked them. If Mr. Ye Feng is interested, you can also Go take a look."

When Ye Feng heard what the leader of the Amethyst clan said, he immediately clasped his fists in gratitude and said, "Anyway, thank you to the leader for working so hard to draw such a precious map for me."

When the patriarch of the Amethyst Clan heard what Ye Feng said, he immediately smiled and shook his head, and then said loudly: "This is what it should be. Mr. Ye Feng saved our entire Amethyst Clan from danger. I just drew a A small map is nothing."

Ye Feng smiled and said, "Okay, then I'll take this map and prepare to leave."

The leader of the Amethyst Clan immediately nodded, and then he suddenly seemed to have thought of something, and said loudly: "By the way, that girl Zi Ling entered the ancestral land of our Amethyst Clan. She said she would wait for her later. After she succeeded in cultivation, she left the hell interface and went to the main interface God Realm to look for Mr. Ye Feng. However, this girl is too thin-skinned. She was embarrassed to tell Mr. Ye Feng in person, so the old man asked me to talk to Mr. Ye Feng. Say these words."

When Ye Feng heard what the leader of the Amethyst clan said, he immediately smiled and said, "Okay, I will wait for her in the God Realm and let her practice well."

Ye Feng naturally respects everyone's choice, so he didn't force anything at this time.

Ye Feng and the leader of the Amethyst clan continued chatting for a while.

, bid farewell to the leader of the Amethyst Clan, and left the mountain nest where the Amethyst Clan is located.

When Ye Feng left the nest, he looked at the map in his hand and flew directly towards the nearest mineral vein recorded in it.

Along the way, Ye Feng passed through most of the dark forest and finally came to the first mineral vein depicted on the map.

This first mineral vein is called the "Ice Crystal Mine", and all the minerals contained in it are ice-attributed ores.

There are extremely powerful ice-attribute hell beasts living here.

Because this huge ice crystal vein contains very majestic ice energy.

Therefore, there are naturally many ice-attribute hell beasts gathered around, and ordinary people simply do not dare to come here.

Because it is very likely that he will be killed directly by the ice attribute hell beast.

However, Ye Feng really needed to dig at this time, so he came to the first ice crystal vein without hesitation.

When Ye Feng approached the ice crystal vein, he suddenly saw several familiar figures.

Those familiar figures turned out to be from the Holy Land of Tiandao like Ye Feng. They were wearing the same clothes as Ye Feng. They were all outer disciples of the Holy Land of Tiandao, and they were all geniuses who participated in this outer sect assessment trial.

Ye Feng's eyes were a little surprised. This was the first time in so many days that he met a fellow disciple who was also undergoing trials from outside.

However, Ye Feng did not step forward to say hello, but hid in the dark.

Because in this hellish interface of trials, even disciples of the same sect may confront each other for benefit, or even poison each other.

So Ye Feng planned to observe secretly for a while to see what this group of disciples wanted to do.

Chapter 2745 The Lair of the Ice Crystal Ancient Demon

At this moment, Ye Feng was observing in secret.

He saw that the outer disciples of the Holy Land of Heaven were secretly lurking towards the ice crystal veins.

Ye Feng didn't think much at this time, but followed directly.

Soon Ye Feng saw that these outer disciples of the Holy Land of Heaven were holding something like a magic weapon in their hands and flying quickly towards a certain direction deep in the ice crystal veins.

Ye Feng's eyes were a little curious. He didn't understand what the magic weapons in the hands of these outer disciples of the Holy Land of Heaven were. Could they be the magic weapons that guided some treasure?

Driven by curiosity, Ye Feng quickly followed these outer disciples to the northwest area of the ice crystal veins.

This is not the inner area of the ice crystal vein, but a grassy land outside.

Soon Ye Feng saw that the magic weapons in the hands of these outer disciples of the Holy Land of Heaven suddenly glowed brightly.

Then the few outer disciples who heard about the Holy Land saw the magic weapon in their hands shining brightly, but their eyes showed joy.

An outer disciple couldn't help but said: "Senior Brother Xiao, the lair of that ice crystal ancient demon should be nearby."

An outer disciple beside him immediately nodded and said loudly: "The magic weapon in our hands is the magic weapon of the ancient ice crystal demon back then. Although this magic weapon was forged by the Hell Demon Clan, we human warriors cannot release its power. , but it can be used to sense the lair of the ancient ice crystal demon after its death. If we can find the lair, we can find the wealth left by the extremely powerful ancient ice crystal demon, then we will make a lot of money. "

When the few outer disciples beside him heard what Senior Brother Xiao said, their eyes suddenly showed deep excitement.

It seems that they have seen that the wealth is right in front of them and will soon be theirs.

.

At this moment, Senior Brother Xiao suddenly said: "Don't speak too loudly. You must know that there is an ice crystal vein near the lair of this ancient ice crystal demon. Many terrifying and powerful hell interfaces have been born in this ice crystal vein. The hell beasts are all extremely terrifying in strength. If they discover our whereabouts, it is very likely that we will not be able to eat and walk around, so everyone must keep quiet during the next journey. Be careful not to be discovered by these evil beasts of hell."

When several outer disciples heard what Senior Brother Xiao said, they immediately nodded and did not speak any more, but continued to search the area around the ice crystal veins.

At this time, Ye Feng secretly captured the voices and content of these people's words through his powerful soul power.

Ye Feng suddenly showed a trace of surprise in his eyes, and couldn't help but murmured: "The lair of the Ice Crystal Ancient Demon? It seems to be the place where a very powerful hell demon fell. I didn't expect the first place I came to find. There is actually a powerful ice crystal ancient demon's lair hidden around a mineral vein. It seems that I have good luck. Let's follow it and take a look. "

At this moment, Ye Feng hid his figure in an instant, followed these outer disciples, and quickly lurked towards the area to the left of the ice crystal veins.

Soon Ye Feng followed these outer disciples to the place where the ancient ice crystal demon fell.

At this moment, Ye Feng saw that the outer disciples had picked up a lot of shovels and were quickly digging into the ground not far away.

"Crash..."

"Crash..."

In just half an hour, these outer disciples had dug a huge hole in the ground not far away.

Ye Feng circulated the Divine Eye of Creation, and his vision stretched infinitely.

He immediately saw that a huge bronze door appeared in the big pit dug by the outer disciples not far away.

There are many hell symbols carved on this bronze door.

Each of these regional symbols is very complex and seems to contain very ancient power.

"The lair of the Ice Crystal Ancient Demon should be hidden at the bottom of this bronze door."

At this time, several outer disciples not far away were discussing with each other.

The leader, Senior Brother Xiao, immediately spoke out at this moment: "You set up a formation around here to isolate the outside sound. I will use my most powerful martial arts inheritance to smash this bronze door."

"Yes, Senior Brother Xiao!"

Several outer disciples nodded immediately at this moment, and then immediately began to arrange a formation around them.

This formation has no special defensive or offensive power, but this formation can isolate all sounds outside the formation.

Therefore, as long as this formation exists, no matter what kind of noise the outer disciples inside make, they will not attract the attention of the ice-attributed beasts in the ice crystal vein area.

At this moment, after the entire isolation formation was arranged, these outer disciples immediately walked up to Senior Brother Xiao, and then said aloud: "Brother, all the isolation formations have been arranged successfully. Senior Brother can now Take action directly."

Senior Brother Xiao nodded at this moment, and then shouted loudly: "Taixu Sky Slash!"

Boom! ! \u003c

br\u003e

Almost at this moment, a terrifying sword light erupted from Senior Brother Xiao's hand, which instantly bombarded the bronze door in front of him, and then erupted with a terrifying roar.

It was like the entire ground was shaken, and the bronze door was torn to pieces by this terrifying sword light.

"Success!"

"Let's go in and take a look!"

Several outer disciples were very happy and immediately jumped towards the bronze gate.

But just when they were about to take action.

Rumble...

Suddenly, from the bottomless underground space under the bronze gate, a huge hand was grabbed out.

This palm is definitely a demonic palm. It is very huge and covered with green hair. It looks very cold and scary.

"What kind of hand is this?"

Almost at this moment, the faces of the group of outer disciples present changed.

But at the next moment, these outer disciples immediately burst out with their powerful power and attacked the big hand covered with green hair.

"Rumble..."

However, this weird big cyan hand is full of unparalleled attack power and solidity. These outer disciples have no effect on the attack of the big cyan hand and cannot cause any damage.

Several outer disciples were all broken into pieces by the strange big blue hand.

"ah!"

"ah!"

...

The entire field suddenly erupted with screams.

Chapter 2746 Broken with one fist

At this moment, that big hand covered with green hair was simply terrifying to the extreme.

Suddenly it stretched out from the depths of the ground behind the bronze door, and all the disciples from the outer sect of the Holy Land of Heaven who were present were crushed to pieces by big hands.

"ah!"

"ah....."

The screams on the field suddenly started one after another.

At this time, many of the outer disciples of the Holy Land of Heaven were unable to stop the attack of this big blue hand, and all of them were shattered.

At this time, only the leader, Senior Brother Xiao, was left on the field.

Buzz! .??.??

But at this moment, the big green hand suddenly stopped in front of Senior Brother Xiao and stopped moving.

At this time, Senior Brother Xiao's eyes revealed an extremely terrifying cyan light.

Senior Brother Xiao stared at the tragically dead outer disciples of the Holy Land of Heaven around him, and suddenly a strange smile appeared on his face. He faced the big green hand in front of him and said loudly: "Ice Crystal Ancient Demon, I brought you these blood foods. Are you satisfied with your food?"

at this time.

All the blood of the dead outer disciples on the ground was seen flowing towards the hole under the bronze door.

Almost the next moment.

"Roar....."

Accompanied by a very deep roar, a troll whose body was covered with dense ice crystal scales appeared in the pit.

That big hand covered with green hair was the palm of this ancient ice crystal demon.

The moment this ice crystal ancient demon appeared, his eyes as big as lanterns were fixed on Senior Brother Xiao in front of him, and a deep voice suddenly came out from his big mouth: "I didn't expect that you actually entered the God Realm from the hell interface, and He also successfully blended into the human race's powerful forces."

At this moment, Senior Brother Xiao's eyes were glowing green, like a demon, and he said with a strange smile: "Yes, in the last trial of Tiandao Holy Land, I successfully took away the body of Xiao Yan, the current outer disciple of Tiandao Holy Land. Body, this time I came to you and resurrected you, just so that you can return to the God Realm with me, lurk among the human race, and open up a new battlefield for me in the hell interface."

The Ice Crystal Ancient Demon said aloud: "Okay, I have been waiting for this day for a long time. The blood food you brought this time is very good. Their blood essence is very high-level. It seems that they are all geniuses in the human race."

At this moment, when the Ice Crystal Ancient Demon was talking to Senior Brother Xiao.

Isolate the outside of the formation.

Ye Feng looked at the formation and was unable to see through this isolation formation.

Ye Feng was guessing, not knowing what was happening inside at this moment.

Because just now Ye Feng sensed a rather violent fluctuation, which was transmitted from the isolation formation.

But Ye Feng was afraid of alerting the enemy, so he didn't use the Divine Eye of Creation to spy on him.

"They should have entered the lair of the ice crystal ancient demon now."

Ye Feng calculated the time and felt it was almost time.

Uh-huh!

Ye Feng jumped instantly and jumped directly to the outside area of the isolation formation.

At this moment, Ye Feng lurked directly into the isolation formation and stuck his head out, wanting to see what was going on inside.

"This is....."

But the next moment, Ye Feng saw the scene inside the isolation formation and couldn't help but stare blankly.

Because at this moment, the moment Ye Feng entered the isolation formation, he immediately saw Senior Brother Xiao's eyes glowing green, chatting with an ancient ice crystal demon.

And all around them were the corpses of the outer disciples of the Holy Land of Heaven. Moreover, the blood of these corpses had flowed cleanly and they had become extremely shriveled.

At this moment, Ye Feng looked at the evil-minded Senior Brother Xiao and immediately understood something.

Ye Feng couldn't help but said: "You were taken away by a demon!"

Senior Brother Xiao's eyes were also a little stunned at this time, as if he did not expect that another human warrior suddenly appeared.

However, when Senior Brother Xiao saw the clothes of an outer disciple of the Holy Land of Tiandao that Ye Feng was wearing, his eyes immediately showed deep disdain, and he said loudly: "It turns out that he is just an ordinary outer disciple of the Holy Land of Tiandao, so Bingjing Gu Demon, just take action and crush this kid to death."

"good."

The Ice Crystal Ancient Demon nodded, and like a big fool, he immediately stretched out a hand towards Ye Feng.

This big hand covered with green hair was very strong, as if it was made of divine iron. It immediately covered Ye Feng, like a majestic mountain, and was oppressed in an instant. , as if it could crush everything.

At this time, Senior Brother Xiao said coldly: "Boy, you are dead."

But at this time, Ye Feng showed a deep sneer in his eyes, and said loudly: "It's just an ancient demon that has just been resurrected. The power in his body has not been fully restored. At most, he has some physical strength, which is nothing. ”

At this moment, Ye Feng didn't make any other move at all. He just stretched out one hand instantly, then clenched it into a fist, and suddenly struck forward fiercely.

When Senior Brother Xiao saw this scene, he immediately burst out laughing sarcastically: "You, a small human race, dare to go head-to-head with the body of an ancient demon race like the Ice Crystal Ancient Demon? You are so stupid! You will be killed next. The ice crystal ancient demon was crushed instantly with one hand!"

boom!

But at the next moment, when Ye Feng's fist struck the palm of the Ice Crystal Ancient Demon, a huge roar suddenly erupted.

"Rumble..."

At this moment, Ye Feng's fist suddenly burst out with a terrifying energy light, which directly blasted the ice crystal ancient demon's palm into pieces.

"howl!!"

The palm of his hand was shattered, and the Ice Crystal Ancient Demon immediately let out an extremely shrill scream.

At this time, Ye Feng laughed loudly: "The so-called ice crystal ancient demon is nothing more than that!"

"What?!"

At this moment, he saw Ye Feng actually punching the ice crystal ancient demon's hand into pieces.

Senior Brother Xiao, who was still very proud, suddenly froze the sarcastic smile on his face at this moment, and his eyes showed deep astonishment.

Senior Brother Xiao's eyes were glowing green, and he couldn't help shouting: "Impossible! The body of the Ice Crystal Ancient Demon is very strong, as if it is made of the strongest divine iron in the world, you are so little How can a human boy have such terrifying physical strength? Do you...do you have a special physique among human beings? Are you a human saint?"

Ye Feng didn't bother to talk nonsense at this time. He just walked towards the Ice Crystal Ancient Demon and Senior Brother Xiao step by step. His tone was extremely cold and he said loudly: "You happened to be bumped into by me today, then I will bring trouble to you two." Complete obliteration!" At this moment, that big hand covered with green hair was simply terrifying to the extreme.

Suddenly it stretched out from the depths of the ground behind the bronze door, and all the disciples from the outer sect of the Holy Land of Heaven who were present were crushed to pieces by big hands.

The Ice Crystal Ancient Demon nodded, and like a big fool, he stretched out a hand towards Ye Feng.

This big hand covered with green hair was very solid, as if it was made of divine iron. It covered Ye Feng all of a sudden, like a towering mountain, pressing down in an instant, as if it could crush everything.

At this time, Senior Brother Xiao said coldly: "Boy, you are dead."

But at this time, Ye Feng showed a deep sneer in his eyes, and said: "It's just a resurrected ancient demon. The power in his body has not been fully restored. At most, he has a little physical strength, which is nothing."

At this moment, Ye Feng did not make any other moves at all, but stretched out one hand instantly, then clenched it into a fist, and suddenly blasted fiercely towards the front.

Senior Brother Xiao saw this scene and laughed out loud with sarcasm: "You, a small human, dare to fight against the ancient demon body of the Ice Crystal Ancient Demon? It's really stupid! Next, you will be crushed by the Ice Crystal Ancient Demon in one hand!"

Boom!

But in the next moment, when Ye Feng's fist hit the palm of the Ice Crystal Ancient Demon, a huge roar suddenly broke out.

"Boom boom..."

At this moment, a terrifying energy light suddenly burst out from Ye Feng's fist, directly smashing the palm of the Ice Crystal Ancient Demon into pieces.

"Howl!!!"

The palm was broken, and the Ice Crystal Ancient Demon immediately let out an extremely shrill scream.

At this time, Ye Feng laughed out loud: "What so-called Ice Crystal Ancient Demon, it's just like this!"

"What?!"

At this moment, seeing Ye Feng actually smashed the Ice Crystal Ancient Demon's palm with one fist.

Senior Brother Xiao, who was originally smug, suddenly froze his sarcastic smile at this moment, and his eyes showed deep astonishment.

Senior Brother Xiao's eyes glowed green, and he couldn't help but yelled: "Impossible! The body of the Ice Crystal Ancient Demon is very strong, just like it is made of the strongest divine iron in the world. How can you, a little human boy, have such a terrible body strength? You... Do you have a special physique among the human race? Are you a human race holy body?!"

Ye Feng was too lazy to talk nonsense at this time, just walked towards the Ice Crystal Ancient Demon and Senior Brother Xiao step by step, and said in an extremely cold tone: "I happened to meet you today, so I will completely wipe out the two troubles of you!"

Chapter 2747 Terrifying background and methods

"Good boy, you are so arrogant! You dare to say such arrogant words to two of us strong men, so today we will join forces to kill you!"

At this time, Senior Brother Xiao's eyes were glowing green, and he couldn't help shouting angrily: "Endless hell!"

Boom!

Almost at this moment, a majestic spiritual power burst out from Senior Brother Xiao's head.

In an instant, the illusion of hell was formed, rushing towards Ye Feng, covering Ye Feng's whole person.

To pull Ye Feng's entire soul into the endless hell!

This is a very powerful soul attack technique!

Obviously, this Senior Brother Xiao is not very powerful physically, not as strong as the Ice Crystal Ancient Demon, but he specializes in mental attacks.

However, when Ye Feng saw Senior Brother Xiao performing this spiritual technique, he immediately smiled coldly and said: "I have learned the soul attack technique of Endless Hell a long time ago. You want to harm me at all." impossible."

boom!

Almost at the next moment, Ye Feng also burst out his extremely powerful soul power.

Ye Feng's soul power level now reaches level 190,000!

So the moment it was released, an extremely terrifying soul storm immediately formed.

Even Senior Brother Xiao, a demon from hell who specialized in cultivating spiritual power, could not withstand the huge impact of soul power released by Ye Feng at this moment.

At this moment, Senior Brother Xiao's face suddenly turned pale, and the green light in his eyes dimmed a lot.

Apparently, he was somewhat defeated by the impact of Ye Feng's soul storm.

At this time, Ye Feng's eyes showed deep surprise, and he couldn't help but said: "Senior Brother Xiao, I thought you

How powerful it is, I didn't expect that you fell down before I even exerted any force. "

You fell down before I even exerted any force?

Hearing Ye Feng's words, Senior Brother Xiao immediately felt deeply ashamed.

Uh-huh!

At this moment, Ye Feng didn't hesitate at all and rushed towards Senior Brother Xiao in an instant, hoping to get rid of this cunning demon of the spiritual power system.

"Roar!!"

But suddenly at this moment, the majestic ice crystal ancient demon rushed towards Ye Feng, trying to tear Ye Feng into pieces.

At this time, Senior Brother Xiao continued to release his powerful mental power not far away, transforming into a hellish and terrifying scene.

The Ice Crystal Ancient Demon provided an extremely powerful body attack, while Senior Brother Xiao provided an extremely terrifying soul attack.

Combining the two, if ordinary warriors were present, even some super masters from the human race, I am afraid that they would be killed by these two hell demons at this moment.

After all, it is an attack and oppression from both mental and physical aspects, which is really too harmful.

But Ye Feng is really too evil.

Because he not only possesses an extremely powerful Chaos Body, but also has an extremely powerful soul power. It can be said that with both soul and martial arts, he is invincible in the world.

"boom!!"

So at this time, Ye Feng burst out his extremely powerful body strength.

On the other hand, his own majestic soul power surged out.

Then both of them collided with the ice crystal ancient demon rushing over from the opposite side, and with Senior Brother Xiao.

Crash together.

Whether it was the power of his body or his soul, Ye Feng almost crushed his opponent at this time.

The terrifying power of this monster made the Ice Crystal Ancient Demon and Senior Brother Xiao on the opposite side look extremely horrified.

They originally thought that Ye Feng was just an ordinary outer disciple of the Holy Land of Heaven, but what they never expected was that Ye Feng actually had such terrifying background and methods. His physical strength was simply terrifying to the extreme, and his soul power was also terrifying. It is also huge and boundless, like a vast ocean, it is really terrifying.

"impossible!"

"A little human boy actually has a body made of divine iron and a soul as powerful as the vast ocean. How is this possible?!"

At this moment, Senior Brother Xiao's eyes were filled with deep horror.

Even the large ancient demon, the Ice Crystal Ancient Demon, had a look of fear in his eyes.

Because the Ice Crystal Ancient Demon has always been able to use the power of his body to crush enemies of the same level, let alone a small human race like Ye Feng.

But now the Ice Crystal Ancient Demon has discovered that Ye Feng, a small human race, can actually erupt with earth-shaking power from his small body.

It's really amazing!

"run!"

At this moment, Senior Brother Xiao knew that they would not be Ye Feng's opponent at all. He immediately shouted and followed the Ice Crystal Ancient Demon and ran towards the underground cave of the Ice Crystal Ancient Demon.

It seems that there are other ways to get rid of Ye Feng's pursuit.

But at this moment, Ye Feng suddenly shouted: "Great Ice Sealing Technique!"

Wow...

Almost at the next moment, Ye Feng's whole body suddenly burst out.

An extremely terrifying wave of cold air came, covering the front in an instant. In an instant, all the areas in front were covered with ice.

Almost at this moment, Senior Brother Xiao's eyes showed a fierce look, and he immediately slapped the Ice Crystal Ancient Demon who was fleeing beside him and flew him away, and then resisted the big ice released by Ye Feng. Sealing technique.

And at this moment of slight pause, Senior Brother Xiao instantly disappeared into the space beneath the ground.

Apparently, in order to save his own life, Senior Brother Xiao successfully sacrificed his teammate Ice Crystal Ancient Demon.

"Roar!!"

The Ice Crystal Ancient Demon roared in pain at this time.

But it is of no use at this moment.

Because his huge body had been completely frozen in the thick ice by Ye Feng using the Great Ice-Sealing Technique, there was no way he could escape.

"Uh-huh!"

At this moment, Ye Feng suddenly jumped in front of the Ice Crystal Ancient Demon, and then directly inserted one hand into the Ice Crystal Ancient Demon's head.

He instantly released the Devouring Domain and directly began to absorb all the skills of the Ice Crystal Ancient Demon.

You must know that the power contained in the body of the Ice Crystal Ancient Demon is a very pure and evil hellish demonic energy.

If ordinary human warriors were even a little bit contaminated, they might become possessed instantly and become demons.

But for Ye Feng, none of this exists.

At this moment, he was devouring and absorbing the huge power of the Ice Crystal Ancient Demon.

The power in Ye Feng's body immediately began to grow rapidly.

At this moment, Ye Feng's cultivation aura suddenly began to continuously break through and climb!

Chapter 2748 The Emperor of Evil Spirits

At this time, as Ye Feng devoured and absorbed the huge skill of the Ice Crystal Ancient Demon, his cultivation aura was also rapidly and continuously making breakthroughs.

"boom!"

The seventh heaven of the Divine Picture Realm!

"boom!"

The eighth level of the Divine Picture Realm!

Finally, Ye Feng's cultivation aura stopped fluctuating.

At this moment, Ye Feng broke through directly from the sixth level of the Divine Map Realm to the eighth level of the Divine Map Realm.

It has to be said that the skill contained in the body of this ice crystal ancient demon is still very profound, and it is worthy of being an ancient demon.

It is really commendable that Ye Feng can directly break through two levels of the sky.

You know, Ye Feng's current cultivation level is already very high.

Each breakthrough requires more and more energy.

Even so, this ancient ice crystal demon was still able to help Ye Feng's cultivation reach two levels.

So, this is already a huge gain.

Uh-huh!

Ye Feng opened his eyes at this time, with joy in his eyes.

At this moment, the entire body of the ancient ice crystal demon that he had completely shriveled up and fell to the ground with a "thud".

At this moment, Ye Feng looked at the huge pothole ahead, with a hint of sneer in his eyes.

Although Senior Brother Xiao escaped, Ye Feng had already attached a trace of his soul power to Senior Brother Xiao.

Therefore, no matter how far Senior Brother Xiao escapes in the underground space, Ye Feng can catch him.

For Ye Feng, if Senior Brother Xiao can be caught and devoured, his soul power will be greatly improved.

After all, this Senior Brother Xiao is an ancient demon who specializes in cultivating spiritual power. He must have a great tonic effect on soul power, and Ye Feng will naturally not miss it.

Swish, swish, swish...

At this moment, Ye Feng no longer wasted any time and immediately activated his soul power to capture the whereabouts of Senior Brother Xiao.

But the moment Ye Feng sensed it, a look of surprise suddenly appeared in his eyes.

Because he sensed that Senior Brother Xiao no longer had any life fluctuations.

It seems that he died in a certain area of underground space.

After Ye Feng sensed all this, there was doubt in his eyes.

After this Senior Brother Xiao escaped, he died underground inexplicably.

Could it be that there is some inexplicable danger beneath the ground where this ancient ice demon lives?

But Ye Feng will not back down now.

Because Ye Feng really wants the wealth in this ice crystal ancient demon's lair.

So at this time, after Ye Feng thought for a while, he no longer hesitated and jumped directly into the pit.

He instantly lurked toward the lair of the ice crystal ancient demon beneath the ground.

Swish, swish, swish!

Swish, swish, swish!

Soon Ye Feng came to the lair space beneath the ground where the Ice Crystal Ancient Demon lived.

The moment Ye Feng arrived underground, he immediately felt a sense of evil spirits peeping around.

"Buzz..."

At this moment, Ye Feng immediately activated the Divine Eye of Creation and looked around. He immediately saw a shocking scene.

I saw that in the entire underground space, there were evil spirits floating on the surrounding walls that seemed to be exuding a green light.

These evil spirits are here

In the darkness, everyone was staring at Ye Feng with eager eyes, as if they wanted to attack Ye Feng while Ye Feng was not paying attention, and devour Ye Feng's whole body directly.

But at this moment, the Divine Eye of Creation released by Ye Feng saw this scene in advance.

At this time, Ye Feng suddenly saw that somewhere not far ahead, the body of Senior Brother Xiao was lying on the ground, bleeding to death from all his orifices.

Moreover, all the mental power and soul power of Senior Brother Xiao have been dissipated, which means that Senior Brother Xiao has been completely devoured by countless evil spirits around him.

At this moment, Ye Feng immediately understood something.

He suddenly thought that in the lair where the Ancient Ice Crystal Demon lived, these evil spirits were probably all arranged by the Ancient Ice Crystal Demon.

If Ye Feng hadn't come out to intervene today, then if the Ice Crystal Ancient Demon invited Senior Brother Xiao into his lair, it was very likely that he would have used these evil spirits to kill Senior Brother Xiao instantly.

At that time, all the wealth will only belong to the Ice Crystal Ancient Demon.

It is very possible that the Ice Crystal Ancient Demon just wants to use Senior Brother Xiao to help him resurrect, and it is not for cooperation at all.

Thinking of this, Ye Feng immediately showed a cold look in his eyes.

As expected, the demons in these hell interfaces are all cunning, treacherous, and ruthless.

at this time.

Wow!

Wow!

Suddenly, all the evil spirits floating on the surrounding walls roared and roared, and then charged towards Ye Feng.

Obviously these evil spirits have been noticed. Ye Feng is using a special pupil technique to observe them and is aware of their existence.

So at this moment, there are tens of thousands of evil spirits, all of them

Everyone was very frightened, and they rushed towards Ye Feng, trying to devour Ye Feng's entire spirit and soul.

These ancient evil spirits are so terrifying that if ordinary people saw them, they would be so frightened that they would collapse on the ground.

But Ye Feng's eyes were extremely cold at this time, and he instantly released his soul power.

Then there was a "crash" sound, and a large and terrifying soul storm suddenly appeared in the void around Ye Feng.

These soul storms swept all the evil spirits rushing over into countless hurricanes.

"Click, click..."

"Boom!"

The next moment, all these evil spirits were directly crushed by the soul storm released by Ye Feng and turned into countless soul fragments.

It has to be said that although these evil spirits can devour Senior Brother Xiao, they do not pose much of a threat to Ye Feng.

But at the moment when Ye Feng crushed all the evil spirits around him.

Boom! !

Before Ye Feng could start to devour these soul fragments, suddenly from the depths of the underground space lair where the ice crystal ancient demon lived, a huge evil spirit exuding pitch black color rushed out.

This evil spirit exudes a dark light, and the darkness is deep, like an ancient demon god coming out of the endless abyss. It is just like the emperor among evil spirits. It is full of huge soul majesty, giving people Feeling very scared.

Even at this time, Ye Feng felt a huge sense of depression in his heart, feeling that his soul was shrouded in endless darkness.

"This is... a king of evil spirits!"

Ye Feng's eyes were a little shocked. He didn't expect such a terrifying existence to be born in this underground space.

Chapter 2749 The Power of the Dark Emperor

"Buzz..."

At this moment, the soul pressure emanating from this evil spirit king was simply terrifying to the extreme, like endless darkness covering the entire world.

At this moment, Ye Feng's eyes showed deep fear.

Buzz!

Ye Feng instantly activated the Soul Emperor Seal at this moment.

In the void behind him, a dark soul giant thousands of meters tall and majestic was condensed in an instant.

This soul giant is the manifestation of the combination of Ye Feng's mental power and soul body.

"Great Thunder Emperor Seal!"

At this moment, Ye Feng faced this terrifying King of Evil Spirits and immediately released the Great Thunder Emperor Seal.

Wow!

Almost at the next moment, the soul giant behind Ye Feng suddenly exuded endless soul thunder.

The entire soul giant directly turned into a thunder emperor.

His whole body was filled with light of thunder and lightning, exuding terrifying destructive power.

At this time, Ye Feng suddenly floated to the sky, and suddenly rose to the sky, becoming one with the Thunder Soul Giant behind him.

"boom!"

The lightning power all over Ye Feng's body was condensed into pieces of lightning armor, covering the surface of his body. A huge thunder spear was also condensed in his hand, and it was blasted directly towards the King of Evil Spirits in front.

"Crash!!"

At this moment, the thunder spear in Ye Feng's hand burst out with brilliant thunder power, instantly covering the entire body of the Emperor of Evil Spirits.

The power of thunder and lightning is the most terrifying power of heaven and earth. Its destructive power is astonishing. At this moment, it enveloped the emperor of evil spirits and immediately made him

The King of Evil Spirits howled extremely fiercely.

"Hell goes to hell!"

Boom...

But at this moment, the King of Evil Spirits immediately activated his extremely powerful soul power.

Endless hell energy suddenly rushed out of his body, forming a very terrifying hell illusion, shrouding Ye Feng's entire body in it.

Ye Feng instantly felt that his entire soul was falling into endless darkness, as if he was about to die completely.

It has to be said that this evil spirit king is very terrifying, and the soul attacks released are also extremely terrifying, many times more powerful than the ordinary evil spirits before.

Even though Ye Feng has now become the Thunder Emperor, he still feels a little irresistible at this time. His entire soul is disintegrating inch by inch.

At this time, Ye Feng's eyes were a little shocked. He didn't expect that the King of Evil Spirits would be so difficult to deal with. Even the Thunder Emperor couldn't compete with this King of Evil Spirits.

But at this moment, Ye Feng directly manifested the evil eyes of the Dark Emperor.

"Buzz!"

Almost the next moment, a dark eyeball appeared between Ye Feng's eyebrows, filled with the majesty of the Dark Emperor.

boom! !

Ye Feng's sinful eyes suddenly erupted into a large area of dark light, which suddenly bombarded the King of Evil Spirits not far away.

boom.....

Now, with the improvement of Ye Feng's cultivation and the strength of Ye Feng's own soul power,

Ye Feng's fused Eye of Sin of the Dark Emperor can now not only release the majesty of the Dark Emperor, but also the dark power of the Dark Emperor.

"Boom!"

When Ye Feng turned the Eye of Sin and bombarded the Dark Emperor's dark power onto the Evil Spirit Emperor, the Evil Spirit Emperor suddenly began to tremble all over.

The King of Evil Spirits was originally very majestic, but at this time, the King of Evil Spirits stared at Ye Feng, who had manifested the Eye of Sin across from him. His eyes suddenly revealed a look of deep horror, and he couldn't help but say: "How is it possible? How can you, a small human being, have the power of the ancient dark emperor! This is impossible!"

Ye Feng saw the Emperor of Evil Spirits trembling, and his eyes suddenly showed deep joy.

Because Ye Feng now understands that the sinful eyes of the Dark Emperor are indeed an extremely terrifying deterrent to the Emperor of Evil Spirits.

At this moment, Ye Feng immediately walked towards the Emperor of Evil Spirits step by step, and said with a cold smile: "Going against me will definitely be the choice you will regret the most."

boom!

Almost at this moment, Ye Feng once again used all his soul power, instantly stimulating the power of the Dark Emperor's evil eye.

"Rumble..."

At this time, a large area of dark light suddenly burst out from Ye Feng's sinful eyes.

These dark lights, filled with the power and majesty of the Dark Emperor, were released all at once and bombarded the Emperor of Evil Spirits.

No matter how powerful the Emperor of Evil Spirits is, he cannot withstand the power of the Dark Emperor bursting out from Ye Feng's sinful eyes at this time.

So at this moment

, the entire body of the Evil Spirit Emperor was being shattered rapidly.

"ah....."

The Emperor of Evil Spirits immediately let out a scream of agony.

His entire body was rapidly disintegrating.

Originally, the Emperor of Evil Spirits thought that he would be able to wipe out Ye Feng, a small human being, instantly.

But what the Emperor of Evil Spirits never expected was that Ye Feng actually had the eyes of the ancient Dark Emperor, and could also release the power of the Dark Emperor, which was simply terrifying to the extreme.

At this moment, Ye Feng rushed in front of the Emperor of Evil Spirits in an instant and directly released the Devouring Domain, directly covering the Emperor of Evil Spirits in the Devouring Domain.

At this time, the Emperor of Evil Spirits had been bombarded by the dark power of the Dark Emperor, making his entire body extremely weak and entering a very weak state.

So at this moment, after Ye Feng released the Devouring Domain, the Emperor of Evil Spirits no longer had any extra power to resist the terrifying devouring ability in the Devouring Domain.

You know, Ye Feng's cultivation has now reached a whole new level, so his devouring ability in the Devouring Domain has become even more powerful.

Even living creatures cannot resist the terrifying absorbing and devouring power of the Devouring Domain.

"Crash!"

At this moment, amidst the terrifying screams of the Emperor of Evil Spirits, his entire dark body of evil spirits was directly swallowed up by the Devouring Domain.

Then it turned into countless soul powers and was injected into Ye Feng's body.

At this moment, Ye Feng expanded the Devouring Domain, contained all the evil spirits that he had killed before, and began to quickly absorb the soul power!

Chapter 2750 King Han

"Rumble..."

At this moment, Ye Feng's soul power suddenly received a huge improvement.

At this moment, Ye Feng could feel that the strength of the soul power in his mind was rapidly increasing.

boom!

One hundred and ninety-one thousand levels!

boom!

Level 192,000!

boom!

Level 193,000!

...

In the end, Ye Feng's soul power strength increased directly to level 250,000 before finally stopping.

At this time, Ye Feng opened his eyes, and his eyes were filled with bright divine light.

For Ye Feng, his soul power has been greatly improved this time.

A total improvement of 60,000 levels!

Ye Feng's soul power has been improved, and his various martial arts abilities and perceptions have all received huge bonuses.

At this time, Ye Feng's eyes showed excitement. He did not expect that this time he would come to the underground lair of this ice crystal ancient demon, and accidentally kill so many evil spirits, providing himself with an extremely terrifying increase in soul power. .

After a full 250,000-level soul power upgrade, Ye Feng felt that his combat power would be greatly improved.

The next time he encounters a powerful enemy, Ye Feng may not even need to use his martial arts heritage. He can easily defeat it by directly using his huge soul power.

However, Ye Feng would not easily reveal his huge soul power in the sect.

After all, Ye Feng must hide the soul master's trump card well and use it at critical moments, which will have a huge effect.

At this time, Ye Feng looked around and continued to move deeper into the underground space.

There was no longer any danger, and Ye Feng reached the deepest part of the Ice Crystal Ancient Demon's lair very smoothly.

At this moment, Ye Feng stood at the door of a huge cave.

In this cave, Ye Feng saw shining treasures stacked together.

\u003e

These are all extremely rare divine crystals, all of high quality, and the energy they contain is also very rich.

However, Ye Feng searched for a moment and could not find a rough stone that was a level higher than the divine crystal.

This made Ye Feng a little disappointed, but it was already pretty good to get so many high-level divine crystals.

In addition, Ye Feng also found a golden armor suit from this cave, and the magic weapon radiating from it fluctuated very strongly.

This shows that the grade of this golden armor set is very high. Once used, the power that can be unleashed is absolutely terrifying.

At this moment, Ye Feng did not directly refine it, because this golden armor set was just an ordinary magic weapon armor to Ye Feng.

Ye Feng's own body strength is already very powerful, it is a chaotic body.

However, if this kind of golden suit is taken out and sold in the black market of Tiandao Holy Land, it should be sold for a lot of money.

At this time, Ye Feng continued to search for various treasures and wealth contained in this cave.

"Huh? This is it?"

Suddenly Ye Feng saw the deepest part of the cave. On an exquisite table, there was a large bow covered with dust.

Although this bow was covered with dust, it looked ordinary.

But Ye Feng's extremely powerful soul power at this moment immediately sensed a very strong energy fluctuation from above.

"This is definitely a very precious and powerful treasure."

Ye Feng couldn't help but murmured.

Uh-huh!

The next moment, Ye Feng walked directly in front of the dusty big bow without any hesitation, and then stretched out his hand to grab the bow.

"Buzz!"

At this moment, Ye Feng immediately exerted his power

, entered this big bow

Almost at the next moment, there was a "boom", and all the dust on the big bow instantly scattered to the surroundings.

Then, an extremely bright ice-blue light burst out from the entire bow body in an instant.

Buzz...

This kind of light made Ye Feng feel as if all his energy and blood were being frozen at this moment, and the surface of his body even began to freeze.

You know, Ye Feng's current chaotic body is powerful to a whole new level.

However, this big bow was just released casually, and even a little bit of power could freeze Ye Feng's entire body. ??

This shows that this big bow is absolutely terrifying and contains extremely terrifying ice power.

At this time, Emperor Chu said in his mind: "Ye Feng, take this big bow over and see if there is an ancient word 'Han' on the back of this big bow?"

Ye Feng heard Emperor Chu speak in his mind, and immediately realized that the large bow he found this time, which seemed to have ice properties, might be a very precious treasure, not an ordinary magic weapon.

He immediately nodded and turned the big bow over. Sure enough, he saw an ancient word "Han" engraved on the back of the big bow.

Ye Feng couldn't help but asked: "Emperor Chu, is this some very special treasure?"

Emperor Chu nodded in the soul gem space in Ye Feng's mind, then thought for a while, and said aloud: "This should be the commander of the ancient spiritual tribe who entered the hell interface and fought countless hell monsters for three hundred years. The natal magic weapon of the 'Han King' is called the Ice Holy Bow. It is estimated that the Ice Crystal Ancient Demon was also a creature born from this big bow. It is very likely that the Ice Crystal Ancient Demon was just an ordinary demon back then, but it has been in this ice all year round. The people living around the

Holy Bow were eventually nurtured by the powerful power of the Ice Holy Bow, and evolved into advanced demons like the Ice Crystal Ancient Demon."

"The ancient spirit tribe's

Commander? "

"King Han?"

"Ice Holy Bow?"

Hearing what Emperor Chu said at this moment, Ye Feng's eyes suddenly showed deep excitement.

Unexpectedly, the bow I encountered accidentally turned out to be the legendary magic weapon of a powerful race commander.

No wonder it was so powerful that even his own Chaos Body was almost frozen.

But at this time, Ye Feng's eyes suddenly showed a trace of doubt, and he couldn't help but ask: "By the way, Emperor Chu, if this Ice Holy Bow is really so powerful and an extremely terrifying and powerful magic weapon, why?" That Ice Crystal Ancient Demon doesn't use this Ice Holy Bow. If that Ice Crystal Ancient Demon holds this Ice Crystal Holy Bow in his hand, I might not be the opponent of that Ice Crystal Ancient Demon."

"hehe."

Emperor Chu laughed coldly in Ye Feng's mind, and then said aloud: "Do you think anyone can pick up and use this Ice Holy Bow? The reason why you can pick it up is because of your The Chaos Body is unique and extremely strong, and you also have the heart of the God in your body, which can continuously supply you with very abundant heat. If you are a divine map realm warrior with the same cultivation level as you, you can even surpass your current realm divine map. If a master of the Consecration Realm who is above the realm comes here and takes the risk of picking up this Ice Holy Bow, he may be frozen into an ice sculpture and die instantly. "

When Ye Feng heard what Emperor Chu said, his eyes suddenly showed deep surprise.

Emperor Chu continued to speak at this time: "But this is not too difficult for you, Ye Feng, because your body is extremely powerful, and you have learned the secret of the great ice sealing technique, and this weapon There is a vague connection between the Ice Holy Bow, which is why you can pick up this Ice Holy Bow so easily, and even refine and use it. Ye Feng, you have to know that sometimes you feel that you can easily What can be accomplished may be full of great dangers in the eyes of others. Not everyone is as evil as you, with so many backgrounds and methods. "
