

## Ancient 2751

Chapter 2751 So easy

Hearing what Emperor Chu said, Ye Feng immediately nodded, then looked at the huge ice holy bow in his hand and said: "In any case, the magic weapon I got this time is probably comparable to mine." I got Thor's Hammer before."

When Emperor Chu heard what Ye Feng said, he immediately nodded and said: "That's right, the quality of this Ice Holy Bow is definitely no less than the Thor's Hammer of the ancient Thunder clan that you got before. Both of them are the same." They are very terrifying ancient magic weapons, full of incredible power. You have not even exerted their true power now. When your cultivation continues to become stronger and you mature in using these two super magic weapons, you will definitely get more. A powerful blessing."

Ye Feng nodded, and then immediately began to refine the Ice Holy Bow in his hand.

Ye Feng's chaotic magic power was extremely powerful, and he had already refined the Ice Holy Bow in his hand in just a few moments. .??.

Buzz!

At this moment, the Holy Ice Bow was emitting a hazy blue-purple light in Ye Feng's hand, as if it was emitting the ultimate cold air.

But now the Holy Ice Bow has been completely refined by Ye Feng and has become Ye Feng's own treasure.

So at this moment, the extremely cold air released by the Ice Holy Bow can no longer hurt Ye Feng.

Instead, it can naturally integrate into Ye Feng's body, and form a large cycle that echoes with the magic power in Ye Feng's body, allowing Ye Feng to fully utilize the power of the Ice Holy Bow in his hand.

At this moment, Ye Feng held the Ice Holy Bow in his hand, and then suddenly pulled the transparent bow string.

Buzz!

There was no actual arrow on the bow string, but at this moment, as Ye Feng opened the bow string, all the energy from all directions in the world gathered on the bow string in Ye Feng's hand, and in an instant, a cold arrow was condensed. The radiant divine light arrows are full of terrifying ice power and impact.

Boom! !

Next, Ye Feng suddenly let go of his hand, and the arrows of ice light condensed on the bow string were instantaneous.

He rushed out.

It cut through the void like a bolt of lightning, and suddenly froze a large area in the distance into ice, which looked very powerful.

Ye Feng's eyes were filled with joy. The Ice Holy Bow he got this time should be regarded as the most powerful treasure.

At this moment, Ye Feng continued to search for other treasures in the entire cave.

But compared to the Ice Holy Bow that Ye Feng obtained, other treasures seemed mediocre.

However, Ye Feng collected all of it into his storage ring, without any waste.

After all, mosquito legs are still meat no matter how small they are.

If these things are taken back and sold in the Holy Land of Heaven, they will definitely be sold for a lot of money, which can be regarded as a small fortune.

When Ye Feng finished searching for all the treasures, he left the cave of ice crystal veins in an instant.

Because Ye Feng has nothing to gain here.

When Ye Feng returned to the ground, the isolation formation was still around.

All the hellish beasts in the entire ice crystal mine have not noticed any movement happening here.

At this moment, Ye Feng left this place and walked towards the direction of the ice crystal veins.

After all, Ye Feng came here mainly to find mineral veins and swallow the energy in the mineral veins to improve his cultivation.

When Ye Feng came to the ice crystal veins, he immediately saw extremely tall hell monsters, all exuding very strong hellish demonic energy, all breathing and breathing around the ice crystal veins. .

Every time these hell monsters breathe out, they can absorb a stream of very pure ice crystal mineral energy from the entire ice crystal mineral vein, and they can grow rapidly.

The power of these hellish monsters

But when Ye Feng saw this scene, he took action without any hesitation.

Boom!

Almost at this moment, Ye Feng didn't say anything nonsense, he just took out the Ice Holy Bow he had obtained before, and then instantly pulled the bow string.

Boom! !

Almost at this moment, all the energy from all over the world converged on the bowstring in Ye Feng's hand, condensing arrows that exuded the light of ice, and shot them out in an instant. Several hell monsters that had no time to react were all shot.

At this moment, the entire bodies of these hell monsters were immediately wrapped in countless ice, turned into ice sculptures, and died completely.

You must know that almost all of the monsters around the ice crystal veins have the same level of cultivation as Ye Feng.

Some even have the cultivation level of half-step enlightenment realm that surpasses the divine map realm.

But at this moment, they were all unable to withstand the power of the Ice Holy Bow released by Ye Feng. They were all shot and their whole bodies were frozen, unable to resist at all.

And almost at this moment, the next moment after Ye Feng took action, he finally attracted the attention of many hell monsters around him.

These hell monsters cultivating around the ice crystal veins all stared at Ye Feng on the opposite side for an instant.

"Roar!!"

They roared wildly and charged towards Ye Feng.

Because they felt that Ye Feng, a human boy, was so bold that he dared to go to the hell interface to provoke these ancient hell monsters.

Rumble...

At this moment, these hell monsters erupted with terrifying dark demonic energy, and then it was overwhelming, like a black ocean, rushing towards Ye Feng.

\u00e It seems that in an instant, Ye Feng, a small human race, can be crushed to death.

"kill!"

But at this moment, Ye Feng's whole body suddenly burst out with divine light.

In the darkness, it was like a young god appeared.

A super magic weapon once again appeared in his right hand, which was Thor's hammer!

At this moment, Ye Feng drew the bow with one hand and held Thor's hammer with the other, using both hands to blast forward crazily.

Wow! !

Boom! !

The terrifying light of thunder and lightning burst out from Thor's hammer, capable of destroying everything and full of terrifying electric shock capabilities.

The ice arrows fired by Ye Feng with his other hand made countless hell monsters rush towards him in an instant. All of them were frozen in the ice. Even if they were not frozen to death, their mobility has also been greatly slowed down.

So at this time, Ye Feng used the Holy Ice Bow to slow down the movement of these hell monsters, and then used the violent thunder and lightning power of Thor's Hammer to smash all of these monsters into pieces.

It can be said that the Ice Holy Bow that Ye Feng just got and the Thor's Hammer that he got before are two super magic weapons that work very well together.

In less than a moment, almost all the hell monsters around this ice crystal vein were killed.

"Amazing!"

When Ye Feng saw this scene, his eyes showed joy.

Unexpectedly, the Ice Holy Bow and Thor's Hammer working together would be so powerful.

Ye Feng originally thought there would be a hard battle, but he didn't expect the battle to be so easy.

But it's not that these hell monsters are too weak, but that Ye Feng's comprehensive combat power at this moment is too powerful. With two ancient super magic weapons in his hands, his combat power and destructive power are simply astonishing!

Chapter 2752 Devouring Mineral Veins

"Roar....."

At this moment, seeing Ye Feng's incomparable fighting power, the remaining monsters around the ice crystal veins all had eyes full of deep fear at this moment.

Because they never thought that this small human race might look ordinary, but once it burst out with extremely powerful power, it would be extremely ferocious.

It was so brutal that these hell monsters felt a death threat.

"Rumble..."

Almost at this moment, the group of hell monsters that were originally prepared to serve as backup all ran wildly towards the distance, trying to escape from here.

Because Ye Feng gave them the feeling that he was just like a young god from the human race, and it was so depressing and terrifying.

But at this time, Ye Feng's eyes showed deep excitement, and then he yelled: "Want to run away now? It's too late! Stay all of them and become the nourishment for my evolution!"

boom!

At this moment, after Ye Feng finished speaking, he immediately flew to the high altitude, his whole body was filled with endless thunder and lightning, and then he held the Thor's Hammer in his hand and flew towards the underground in a crazy bombardment.

Boom! !

Accompanied by a terrifying roar, it was as if an earthquake had occurred on the entire earth. Countless thunders spread in all directions from the area where Ye Feng was bombarded, and in an instant, all the fleeing hells around them were destroyed. The monsters were all enveloped, and then they were shocked with electric shocks like crazy. Their entire bodies were scorched by electric shocks, and they died instantly and fell to the ground.

"So powerful!"

Ye Feng was holding Thor's Hammer in his hand at this time, and his whole body was filled with lightning. Looking at his victory, his eyes were full of deep satisfaction.

Now with the improvement of his own cultivation, the destructive power of Thor's Hammer has become more and more astonishing and terrifying.

These have the same cultivation level as Ye Feng, and are even stronger than Ye Feng's cultivation level.

Several levels of hell monsters were simply vulnerable to Ye Feng's lightning form holding Thor's Hammer.

"Swallow!"

At this moment, Ye Feng did not hesitate and directly released his Devouring Domain.

Rumble...

Suddenly, the extremely dark Devouring Domain suddenly spread towards the surroundings, covering all the hell monsters that Ye Feng had killed, and then quickly absorbed the core of the bodies of these hell monsters. Contained energy.

At this time, Ye Feng suddenly felt a huge amount of skill injected into his body, rapidly increasing the mana in Ye Feng's body.

You must know that there are quite a few hell monsters killed by Ye Feng in a short time at this moment, hundreds of them, and all of them are similar to Ye Feng in cultivation level, or even several levels higher than Ye Feng.

Therefore, the energy provided by these hell monsters is still very huge.

At this time, with Ye Feng's devouring, Ye Feng's cultivation aura suddenly began to rise steadily, and a qualitative transformation occurred.

"boom!"

The ninth level of the divine map realm!

At this moment, Ye Feng's cultivation suddenly experienced a breakthrough.

Directly from the eighth level of the Divine Map Realm, he broke through to the ninth level of the Divine Map Realm.

Although he only broke through the first level, Ye Feng was already very satisfied.

Because the strength of these hell monsters is not very strong, the energy provided can allow them to directly break through the first level of the sky, which is already very good.

Ye Feng knew that the most important thing now was the extremely rich ice crystal mineral vein.

At this moment, in front of Ye Feng,

The entire bodies of all the hell monsters surrounding him were completely shriveled up, and all the energy in their bodies was sucked dry.

Uh-huh!

At this time, Ye Feng did not hesitate and flew directly towards the entrance of the ice crystal vein.

When Ye Feng arrived at the entrance of the ice crystal mineral vein, he immediately felt an extremely cold breath, emanating from the depths of the mineral vein, making Ye Feng tremble with the cold.

Ye Feng immediately sensed this ice crystal mineral vein at that moment. The absolute reserves were very rich, absolutely rich to the extreme, otherwise it would be impossible to produce such a majestic cold air.

Uh-huh!

At this moment, Ye Feng instantly took out the Ice Holy Bow and carried it behind his back.

At this moment, Ye Feng immediately felt that the cold air in the entire ice crystal veins had eased a lot.

It seems that the Holy Ice Bow can not only be used as an offensive magic weapon, but also can be used as a defensive magic weapon against the extreme cold air.

"Tap tap tap..."

At this moment, Ye Feng, carrying the Holy Ice Bow on his back, was no longer afraid of this extreme cold, and walked directly into the deepest part of the ice crystal veins. .

You know, the deepest part of the ice crystal veins is something that not even the monsters from hell dare to enter.

But now Ye Feng has walked into it.

When Ye Feng came to the ice crystal veins, he immediately saw the surrounding walls, all of which were ice crystal ores bred by nature.

This kind of ice crystal mineral vein is very rare and probably does not exist in the center of the God Realm.

But it can be bred in an ancient interface like the hell interface.

At this moment, Ye Feng directly began to release the Devouring Domain, and then quickly devoured the energy contained in the entire ice crystal vein.

"Boom boom boom..."

Almost at this moment, a huge amount of energy from the ice crystal veins was injected into Ye Feng's body.

The aura of Ye Feng's cultivation rose rapidly again.

"Boom!"

The tenth level of the Divine Picture Realm!

"Boom!"

The half-step Kaiguang Realm!

Finally, Ye Feng's cultivation successfully transformed from the Divine Picture Realm and directly upgraded to the new realm above the Divine Picture Realm, the Kaiguang Realm!

Although it was only the half-step Kaiguang Realm, it also meant that Ye Feng's cultivation had undergone the most essential transformation.

So at this time, Ye Feng could feel that his entire strength had suddenly increased and grown by many times compared to before.

At this moment, around the area where Ye Feng was standing, the ores of the ice crystal veins that originally flashed with ice-blue light had all turned into ordinary stones at this moment.

The pure ice crystal power in it had been completely swallowed up by Ye Feng.

But Ye Feng could feel that there was still a lot of energy in the depths of the ice crystal veins that had not been swallowed by him.

"Keep going!"

At this moment, Ye Feng's eyes showed deep excitement, and he wanted to completely break through his cultivation to the real Kaiguang realm.

So at this moment, Ye Feng did not hesitate at all and continued to fly towards the depths of the ice crystal vein.

Buzz!

But just when Ye Feng had just arrived at the deepest part of the ice crystal vein, he suddenly felt a very dangerous breath, which descended on him all of a sudden.

And in the next moment.

Boom! !

In the darkness at the deepest part of the ice crystal vein, a huge ice crystal hand composed of countless ice crystal ores suddenly stretched out, full of monstrous power, and instantly grabbed Ye Feng, as if to crush Ye Feng in an instant!

Chapter 2753 Mountain God

"Boom!"

No one expected that from the deepest darkness of this ice crystal mineral vein, such a large ore hand composed of countless ice crystal ores would be captured.

Moreover, the destructive power was so terrifying that Ye Feng felt suffocated at this moment.

It shows that the power of this hand is absolutely terrifying!

"what's the situation?"

At this moment, Ye Feng did not expect that such a change would suddenly occur.

boom!

He instantly burst out with his extremely powerful cultivation power, and then fully stimulated the power of the Chaos Body, directly colliding with the big hand of ice crystal ore.

Boom! !

A terrifying roar instantly resounded throughout the entire space inside the mine, causing the entire mountains and earth to shake.

Bang!

Almost at the next moment, Ye Feng flew backwards and was blown away by the big ore hand.

But at that moment when Ye Feng hit this unparalleled hand, cracks appeared on the surface.

Ye Feng was not injured at this moment, he was just blown away.

"boom!"

At this moment, Ye Feng suddenly took out Thor's Hammer, and then instantly bombarded the big ore hand.

Boom! !

Click! !

With a terrifying roar, Ye Feng used the Thor's Hammer in his hand to smash the big ore hand into pieces.

At this moment, Ye Feng immediately stared at the darkness deep in the entire ice crystal vein, and then shouted coldly: "Who is living in it? Show it to me quickly, don't pretend to be a ghost there!"

But the moment Ye Feng finished speaking, there was no response in the darkness.

But suddenly the entire mineral vein is "

There was a "rumbling" vibration.

The next moment, the countless ice crystal ores around him all condensed into a humanoid warrior.

Like the ore puppets, they formed thousands of troops and charged towards Ye Feng, like an attacking steel torrent.

When Ye Feng saw this scene, his eyes suddenly showed surprise, and he couldn't help but said: "This seems to be a use of the power of heaven and earth. Is there anyone who can control the power of heaven and earth in the entire ice crystal vein? All these ores are transformed into puppets full of fighting power."

At this time, Emperor Chu suddenly spoke in Ye Feng's mind: "Ye Feng can control the power of heaven and earth of an entire huge ice crystal mine, and can also condense these countless ores into ore puppets. , or condensed into big hands of ice crystal ore, filled with monstrous power. I feel that the being behind the scenes should not be a living being, but the spirit of heaven and earth. "

"The spirit of heaven and earth?"

When Ye Feng heard what Emperor Chu said, three question marks suddenly appeared on his head, and then he said loudly: "Emperor Chu, do you mean that the spirit of the mineral vein was born in this ice crystal mine?"

Emperor Chu nodded and said: "Yes, it should be this ice crystal mineral vein that gave birth to the mineral spirit in the endless years, which is the mountain god that some mortals like to worship in the mortal world. The mineral spirit is a kind of mountain god. You can control all the forces of heaven and earth in the entire mineral vein, and use the energy in all the ores to form various powerful attacks, such as the big hand of the mineral vein that bombarded you before, or the puppet army composed of countless ores now formed. A means only a mountain god can possess."

When Ye Feng heard what Emperor Chu said, he immediately nodded, and then looked at the batches of soldiers composed of ice crystal ore that were continuously generated not far away, charging toward him.

"Rumble..."

Even though Ye Feng possesses incomparable strength, it is quite uncomfortable to be beaten by a group of puppets composed of countless ores in the entire ice crystal mine at this moment.

At this moment, Ye Feng immediately asked in his mind: "Emperor Chu, what should I do now?"

Emperor Chu thought for a moment, and then said aloud: "The entire ice crystal mineral vein is too huge. If you just deal with the puppets or big hands made of these minerals, it will be endless, so your only way now is to as soon as possible In the area of this mine, find the area where the spirit of the mineral vein is located, and then find the spirit of the mineral vein, so that you can take the initiative. "

When Ye Feng heard what Emperor Chu said, he immediately nodded and said: "That's right, capture the thief first and capture the king first. We must uncover the spirit of the mineral vein behind the scenes that controls the entire mine ore!"

The Divine Eye of Creation!

Almost at this moment, Ye Feng immediately activated his Divine Eye of Creation.

Buzz!

Suddenly, Ye Feng's eyes were able to see through any illusion in the world.

At this moment, Ye Feng looked towards the depths of the entire mineral vein, and immediately saw a mountain-shaped entity like a soul floating in the southwest corner of the mineral vein, among a piece of ice crystal ore.

"This should be the spirit of the mineral vein, what mortals call a mountain god!"

Uh-huh!

At this moment, Ye Feng immediately rushed in that direction.

And as if aware that Ye Feng had discovered him, the spirit of the mineral vein immediately flew towards other places quickly in the dark.

And this spirit of mineral veins constantly gathers various mineral puppets or large mineral hands to attack Ye Feng crazily.

\u003e

Rumble...

The terrifying roar instantly resounded throughout the entire underground space.

Even though Ye Feng possessed a Chaos Body, he was hit hard by countless stones during the battle. There were cracks on his body and blood flowed out.

But at this time, Ye Feng's eyes were extremely firm and decisive, and he rushed straight in the direction of the mineral spirit, hoping to catch the mineral spirit.

"Anyone who stands in my way will die!"

At this moment, Ye Feng stretched out his big hand, holding Thor's Hammer, and then released the inheritance of the Wheel of Judgment that he had learned before.

Boom!

Almost at this moment, dark wheels of judgment immediately appeared around Ye Feng. They circled around Ye Feng and rotated rapidly, throwing all the ore puppets and ore hands rushing towards him. The "click-click" of the bombardment shattered.

Then Ye Feng himself held Thor's hammer and attacked forward crazily.

Anything that blocks the way will be blasted to pieces by Thor's hammer.

Uh-huh!

Finally, Ye Feng dodged and rushed in front of the Mine Spirit.

Looking at the soul body in front of him, Ye Feng smiled coldly, and the power of the Eye of Sin burst out from the center of his eyebrows, condensing a big soul hand of the Dark Emperor, and directly grabbed the spirit of the mineral vein in the darkness in big hands.

"Spare my life!!"

The moment the spirit of the mineral vein was caught by Ye Feng, he immediately gave in and shouted directly: "Exalted Master, have mercy on me! Master, have mercy on me! As long as the master is willing to let me go, I am willing to do my best for you, master." Be a horse! I am proficient in all the surrounding mineral veins. If the master needs it, I can channel all the energy of the surrounding mineral veins into this ice crystal mine for the master to swallow up!"

Chapter 2754 The Lord of Mines

Seeing that the mountain god in front of him suddenly gave in, Ye Feng's eyes showed a trace of surprise.

I didn't expect that such a powerful mineral spirit condensed from heaven and earth could be as timid as a mouse!

Ye Feng stared at the mountain god in front of him at this time, and then said aloud: "You actually have such an ability, so hurry up and use it. If you can really gather the energy of all the surrounding mineral veins into this ice crystal in the veins, let me absorb and devour it, then I will spare your life."

"Yes Yes Yes!"

At this moment, the mountain god immediately nodded quickly and bowed, and then began to cast a very ancient spell on the spot.

Rumble...

Almost at this moment, Ye Feng could feel that all the energy of the mineral veins in the surrounding ten directions was really converging towards the ice crystal mineral vein where he was.

When Ye Feng saw this scene, his eyes immediately showed joy.

In this case, you don't have to search for mineral veins one by one, which can save a lot of time.

After all, this assessment task only lasts for one month.

Ye Feng has spent a lot of time so far.

If we continue to look for them one by one, it may not be possible in time.

But at this moment, with the help of this mountain god, Ye Feng can quickly absorb and devour it.

"Who is plundering our mineral resources?"

"It seems to be an area with ice crystal mineral veins! Damn it, what is that mountain god doing?"

"Hurry up and see what happened?"

...

At this moment, as all the energy in the surrounding mineral veins was absorbed, many hell creatures living in the surrounding mineral veins all sensed this change.

The strong men from hell all made angry noises one after another, and they all rushed towards the ice crystal veins.

When he heard that these hell monsters were coming to investigate the situation, the mountain god standing next to Ye Feng immediately showed an ugly look on his face, and then said in a panic: "Master, what should I do? ? There are many powerful creatures coming!"

"It's just a small matter, why are you panicking?"

Ye Feng just smiled coldly at this time, and then said aloud: "You continue to gather the energy of all the surrounding mineral veins, and leave everything else to me. You don't have to worry so much."

Boom!

Almost at the moment Ye Feng finished speaking, a terrifying and boundless aura suddenly erupted from his body, as surging as the vast ocean.

Uh-huh!

At this moment, Ye Feng immediately came to the top of the ice crystal veins, and then started to alert the surroundings. Anyone who dared to block his way of making money must die!

Seeing Ye Feng releasing such a huge amount of cultivation aura, the mountain god of this ice crystal mineral vein was relieved and continued to gather the energy of more than a dozen surrounding mineral veins, trying to gather them as soon as possible.

Because as long as his mission is completed, Ye Feng will let him go.

For the mountain god of this ice crystal mine, he left this mine and looked for another mine. He could just be the mountain god and there was no nostalgia for it.

Buzz!

At this moment, Ye Feng was suspended in the middle of the huge ice crystal vein.

He immediately saw it, around him

Many powerful beings came rushing through the dark jungle.

But so far, Ye Feng has not noticed any aura that is more powerful than himself.

Obviously, there is no particularly powerful being born in this land of mineral veins.

This made Ye Feng feel a little relieved.

Uh-huh!

At this time, a large ice blue bow appeared in Ye Feng's hand.

It is the Holy Ice Bow! .??.

At this moment, Ye Feng spotted the hell monsters rushing around him and directly opened the Ice Holy Bow in his hand.

He stretched his bowstring to the full moon.

Buzz!

Suddenly, all the energy of heaven and earth gathered from all directions, forming ice crystal arrows that exuded cold light, and shot wildly towards the surroundings.

Those hell monsters that rushed over to investigate the situation did not even react. They were directly hit by the ice crystal arrows shot by Ye Feng, and then their entire bodies instantly turned into ice sculptures.

Some hell monsters with weak cultivation were directly frozen into ice sculptures and died instantly.

And some hell monsters with relatively strong cultivation levels, even if they can instantly break through the ice layer condensed by ice crystal arrows, have suffered huge trauma and cannot move at all.

"Devouring the Realm!"

Boom!

At this moment, Ye Feng immediately released his Devouring Domain, shrouding the entire surroundings in an endless dark domain.

The terrifying devouring power was immediately released in the devouring field.

Then remove those hell monsters that rushed over to investigate the situation.

All the things were swallowed up.

For Ye Feng, he has no mercy at all when facing the creatures in this hell interface.

As long as they dare to provoke themselves and block their way to make a fortune, it can only be said that they are too unlucky, and they are all killed by Ye Feng.

Wow...

At this moment, Ye Feng was immediately devoured by a lot of energy.

But just when Ye Feng was enjoying the refreshing feeling of growing power.

Suddenly a very majestic and ancient voice sounded.

"Damn human race! How dare you wantonly kill the native creatures in our hell interface here? It's so outrageous! Today, as the recognized master of more than a dozen mines around me, I must give you, a human race, a hard blow. Kill!"

Suddenly at this moment, an angry roar suddenly sounded, and with this roar, the entire ground shook rapidly.

Rumble...

Amidst the endless vibrations, a hell demon was covered with black scales, with huge black wings on its back, and a dark steel fork in its hand. It was huge and towering, several kilometers tall. Suddenly crawling out from the depths of the ground, it appeared in Ye Feng's field of vision with great visual impact.

This huge two-winged demon is obviously the guy who just claimed to be the Lord of the Mineral Lode.

The cultivation aura on his body is indeed extremely powerful, much more powerful than Ye Feng.

Ye Feng's current cultivation is at the half-step enlightenment realm, and the cultivation of the owner of the mineral vein is a powerful existence in the sixth level of the enlightenment realm. He is still very strong. His whole body exudes a monstrous dark demonic energy. Every time he breathes, The whole world seemed to be thundering, giving people a very depressing and terrifying feeling!

Chapter 2755 Start working hard

The owner of the mine is standing on the earth at this moment, his whole body is covered with pitch black scales, and the wings on his back are spread out, as if he can block out the sky and the sun, giving people a very terrifying feeling. The momentum is very majestic and terrifying.

At this time, Ye Feng's eyes showed a look of surprise. He didn't expect that there was such a powerful hell demon in this mine.

However, the cultivation level of this mine owner is only the sixth level of the Open Light Realm.

Although Ye Feng's current cultivation level is half-step to the Consecrated Light Realm, he can still be regarded as having one foot in the Consecrated Light Realm. ??

Therefore, Ye Feng did not escape at this time. Instead, he suddenly burst out with extremely powerful strength and momentum, and he immediately confronted the master of the mineral vein.

"Buzz!"

At this moment, the aura exuding from Ye Feng's body was extremely powerful and majestic.

You know, Ye Feng is a combination of the chaotic body and the heart of the god.

Therefore, for Ye Feng, even enemies who are several levels higher than him are not that afraid.

Moreover, Ye Feng's body is extremely strong, and he also has huge soul power.

Even if this opponent was a very terrifying hell demon, Ye Feng was not afraid at all. He directly burst out with powerful momentum and rushed towards the owner of the mineral vein.

"What? This human kid actually dares to attack me directly? He really doesn't know what the heavens and the earth are!"

When the owner of the mine saw Ye Feng taking the initiative to attack him, he immediately smiled instead of being angry and said: "Good boy, I didn't expect you to be so courageous, but sometimes courage means stupidity!"

boom!

Almost at the moment when the owner of the mine finished speaking, a monstrous amount of dark evil energy erupted from the owner of the mine.

These dark demonic energies were like a vast ocean, surging rapidly in the void, directly attacking Ye Feng.

The owner of the mine laughed loudly: "My dark demonic energy is full of poison. As long as you, a human boy, are exposed to my dark demonic energy, you will be instantly corroded into a pile of bones!"

Hearing what the owner of the mine said, Ye Feng just smiled coldly and said: "It's not yet certain who will become a pile of bones in the end. Your dark demonic energy is full of poison, which is very harmful to others." It's scary, but it's nothing to me!"

boom! !

An extremely powerful divine light burst out from Ye Feng's body, wildly stimulating the power of the Chaos Body.

The God's heart also surged with extremely powerful vitality, spreading towards Ye Feng's entire body, providing Ye Feng with very terrifying vitality.

So at this moment, when Ye Feng entered the dark demonic energy, he would not be poisoned at all.

Because those poisons would only poison ordinary living beings, and Ye Feng's body could completely withstand these poisons.

At this moment, Ye Feng didn't even need to release the poison-eating insects he had raised for many years. Now, he could withstand these violent dark toxins just by relying on his body.

At this moment, Ye Feng rushed into the dark demonic energy, but these dark demonic energy could not resist Ye Feng's pace. Ye Feng's whole body burst out with a divine light, and he rushed in front of the master of the mineral veins.

"Devil's Claw

!"

boom!!

At this moment, the owner of the mine stretched out a huge dark claw, and instantly grabbed it in front of Ye Feng, trying to catch Ye Feng to death.

This claw of darkness is very terrifying, exuding strong demonic energy and demonic light, and seems to be able to break even the strongest things in the world.

At this moment, Ye Feng shouted directly: "Six Paths of Reincarnation Fist!"

At this moment, Ye Feng's fist suddenly burst out with a monstrous divine light, which suddenly collided with the demonic claws of the mine owner.

Boom! !

A terrifying roar suddenly erupted across the entire field.

Ye Feng's fist surged out with boundless power at this time, and it also had the artistic conception of the Six Paths of Samsara Fist. It actually shattered the dark claws inch by inch and turned into countless fragments scattered high in the sky.

"What?!"

Seeing this scene, the owner of the mine couldn't help but look deeply shocked in his eyes. He couldn't help blurting out and exclaimed: "You are just an ordinary human boy. How could you use your body? Fight against my Demon God's claws? My body has been tempered for countless years, and I still have the blood of the ancient Demon God in my body. I can't resist the body of a human boy like you. Is there something on your fist? What special weapon materials have been refined? Or does your kid have a special physique among the human race? But the human race's special physique cannot resist the dark claws of my ancient demon! This is not true! possible!"

At this moment, Ye Feng used the power of his powerful body to completely frighten the owner of the mine.

If Ye Feng used other means, such as the martial arts inheritance among the human race, to defeat the owner of the mine, maybe the owner of the mine would feel better.

However, Ye Feng used the strength of the body that the Mine Lord was most proud of to suppress him, which made the Mine Lord feel extremely depressed all of a sudden.

"No matter what, you hateful boy from the human race, even if I can't kill you today, I will give you a complete and severe injury!!"

boom!

At this moment, the owner of the mine immediately burst out his most powerful and profound power.

I saw a dark light surging out of his entire body, and then the entire huge demonic body of the Lord of Mines suddenly began to expand rapidly and became extremely majestic.

In the end, it turned into a majestic and tall monster with a height of tens of thousands of feet!

This majestic monster tens of thousands of feet tall and majestic suddenly issued a majestic voice from its mouth: "Young boy of the human race, I have now completely inspired the blood of the ancient demon god in my body and turned into the greatest demon beast. Next, You are dead!"

This monster, which is tens of thousands of feet tall and majestic, is really shocking and has an extremely strong visual impact.

Obviously, the owner of the mine is really starting to work hard now, and he has actually inspired the most primitive demon bloodline!

"The Demon God's Spell—The World-Destroying Demonic Flame!"

Boom! !

The owner of the mineral vein turned into a monster tens of thousands of meters tall. At this moment, he opened his mouth wide, and immediately spurted out a piece of black and boundless demonic flames, which seemed to be able to burn everything, melting the entire world! The owner of the mine is standing on the earth at this moment, his whole body is covered with pitch black scales, and the wings on his back are spread out, as if he can block out the sky and the sun, giving people a very terrifying feeling. The momentum is very majestic and terrifying.

At this time, Ye Feng's eyes showed a look of surprise. He didn't expect that there was such a powerful hell demon in this mine.

However, the cultivation level of this mine owner is only the sixth level of the Open Light Realm.

Although Ye Feng's current cultivation level is half-step to the Consecrated Light Realm, he can still be regarded as having one foot in the Consecrated Light Realm.

Therefore, Ye Feng did not escape at this time. Instead, he suddenly burst out with extremely powerful strength and momentum, and he immediately confronted the master of the mineral vein.

"Buzz!"

At this moment, the aura exuding from Ye Feng's body was extremely powerful and majestic.

You know, Ye Feng is a combination of the chaotic body and the heart of the god.

Therefore, for Ye Feng, even enemies who are several levels higher than him are not that afraid.

Moreover, Ye Feng's body is extremely strong, and he also has huge soul power.

Even if this opponent is a very terrifying hell demon, Ye Feng is not afraid at all. He directly bursts out with powerful momentum and rushes towards the owner of the mineral vein.

"What? This human kid actually dares to attack me directly? He really doesn't know what the heavens and the earth are!"

When the owner of the mine saw Ye Feng taking the initiative to attack him, he immediately smiled instead of being angry and said: "Good boy, I didn't expect you to be so courageous, but sometimes courage means stupidity!"

boom!

Almost at the moment when the owner of the mine finished speaking, a monstrous amount of dark evil energy erupted from the owner of the mine.

These dark demonic energies were like a vast ocean, surging rapidly in the void, directly attacking Ye Feng.

The owner of the mine laughed loudly: "My dark demonic energy is full of poison. As long as you, a human boy, are exposed to my dark demonic energy, you will be instantly corroded into a pile of bones!"

Hearing what the owner of the mine said, Ye Feng just smiled coldly and said: "It's not yet certain who will become a pile of bones in the end. Your dark demonic energy is full of poison, which is very harmful to others." It's scary, but it's nothing to me!"

boom! !

An extremely powerful divine light burst out from Ye Feng's body, wildly stimulating the power of the Chaos Body.

The God's heart also surged with extremely powerful vitality, spreading towards Ye Feng's entire body, providing Ye Feng with very terrifying vitality.

So at this moment, when Ye Feng entered the dark demonic energy, he would not be poisoned at all.

Because those poisons would only poison ordinary living beings, and Ye Feng's body could completely withstand these poisons.

At this moment, Ye Feng didn't even need to release the poison-eating insects he had raised for many years. Now, he could withstand these violent dark toxins just by relying on his body.

At this moment, Ye Feng rushed into the dark demonic energy, but these dark demonic energy could not resist Ye Feng's pace. Ye Feng's whole body burst out with a divine light, and he rushed in front of the master of the mineral veins.

"Devil's Claw

! "

boom! !

At this moment, the owner of the mine stretched out a huge dark claw, and instantly grabbed it in front of Ye Feng, trying to catch Ye Feng to death.

This claw of darkness is very terrifying, exuding strong demonic energy and demonic light, and seems to be able to break even the strongest things in the world.

At this moment, Ye Feng shouted directly: "Six Paths of Reincarnation Fist!"

At this moment, Ye Feng's fist suddenly burst out with a monstrous divine light, which suddenly collided with the demonic claws of the mine owner.

Boom! !

A terrifying roar suddenly erupted across the entire field.

Ye Feng's fist surged out with boundless power at this time, and it also had the artistic conception of the Six Paths of Samsara Fist. It actually shattered the dark claws inch by inch and turned into countless fragments scattered high in the sky.

"What?!"

Seeing this scene, the owner of the mine couldn't help but look deeply shocked in his eyes. He couldn't help blurting out and exclaimed: "You are just an ordinary human boy. How could you use your body? Fight against my Demon God's claws? My body has been tempered for countless years, and I still have the blood of the ancient Demon God in my body. I can't resist the body of a human boy like you. Is there something on your fist? What special weapon materials have been refined? Or does your kid have a special physique among the human race? But the human race's special physique cannot resist the dark claws of my ancient demon! This is not true! possible!"

At this moment, Ye Feng used the power of his powerful body to completely frighten the owner of the mine.

If Ye Feng used other means, such as the martial arts inheritance among the human race, to defeat the owner of the mine, maybe the owner of the mine would feel better.

However, Ye Feng used the strength of the body that the Mine Lord was most proud of to suppress him, which made the Mine Lord feel extremely depressed all of a sudden.

"No matter what, you hateful boy from the human race, even if I can't kill you today, I will give you a complete and severe injury!!"

boom!

At this moment, the owner of the mine immediately burst out his most powerful and profound power.

I saw a dark light surging out of his entire body, and then the entire huge demonic body of the Lord of Mines suddenly began to expand rapidly and became extremely majestic.

In the end, it turned into a majestic and tall monster with a height of tens of thousands of feet!

This majestic monster tens of thousands of feet tall and majestic suddenly issued a majestic voice from its mouth: "Young boy of the human race, I have now completely inspired the blood of the ancient demon god in my body and turned into the greatest demon beast. Next, You are dead!"

This monster, which is tens of thousands of feet tall and majestic, is really shocking and has an extremely strong visual impact.

Obviously, the owner of the mine is really starting to work hard now, and he has actually inspired the most primitive demon bloodline!

"The Demon God's Spell—The World-Destroying Demonic Flame!"

Boom! !

The owner of the mineral vein turned into a monster tens of thousands of meters tall. At this moment, he opened his mouth wide, and immediately spurted out a piece of black and boundless demonic flames, which seemed to be able to burn everything, melting the entire world!

Chapter 2756 It's impossible to resist

It has to be said that the owner of the mine has inspired the most primitive demon bloodline at this moment, and the monster tens of thousands of meters it has turned into is still very terrifying.

The world-destroying demonic flames he sprayed out at this moment were full of terrifying power, as if they could set the entire world on fire.

Wow...

At this moment, the entire earth was burning with black flames, as if entering the burning hell on the eighteenth level of hell.

At this moment, Ye Feng felt that his body was completely burning, and even his flesh and blood were about to evaporate.

At this moment, Ye Feng immediately felt a sense of depression.

It has to be said that the owner of the mine is really starting to work hard, and the power he unleashes is really terrifying.

But Ye Feng would not back down at all at this time.

After all, the more powerful the master of the mineral vein is, the more terrifying and majestic the energy gained after killing him and devouring him is.

Moreover, there are more than a dozen ore veins of energy behind Ye Feng. These are huge wealth for Ye Feng, and he cannot give up so easily.

It would be a shame if we just gave up.

boom!

So at this moment, Ye Feng didn't hesitate at all, and immediately activated all his energy crazily, and then Ye Feng's body burst out with divine light.

Infinite blood energy burst out from Ye Feng's body, providing Ye Feng with a steady stream of power.

Wow! !

He directly released his own flame at this moment.

You know, Ye Feng's current natal flame is also extremely advanced and powerful. Ye Feng swallowed many different types of flames before, raising the quality and level of his flames to a very high level.

At this moment, after Ye Feng released his natal flame, several color combinations suddenly appeared.

The formed flames burned directly around Ye Feng's entire body, quickly resisting the hell flames spewed out by the tens of thousands of feet of monster that the master of the mine had transformed into.

At this moment, when he saw that Ye Feng's whole body was not burned into nothingness by his own hell flames, and that the master of the mine had transformed into a tens of thousands of meters tall monster, he couldn't help but look surprised in his eyes. , said aloud: "Not only is your body so powerful, but you also control such a domineering power of fire. Even my world-destroying demonic flames cannot burn you to ashes in an instant. This is really unbelievable." It's incredible!"

When Ye Feng heard what this tens of thousands of meters tall monster said, his eyes immediately showed a sneer, and then he said slowly: "You don't know about the many tricks I have on my body."

"kill!"

At this moment, after Ye Feng finished speaking, he used his own natal flame to resist the hell-burning flames released by the master of the mineral veins, and on the other hand, he instantly released the secret of the Great Freezing Technique.

Wow!

In front of Ye Feng, the entire world was frozen in an instant, and the burning hell flames were also frozen in the thick layer of ice.

The owner of the mineral vein turned into a monster tens of thousands of feet tall. Even if it sprayed out demonic flames that could destroy the world, it could not stop Ye Feng's progress at this moment.

Thor's hammer!

At this moment, Ye Feng also took out his extremely powerful magic weapon, Thor's Hammer, and then thousands of thunder and lightning lights burst out from his whole body, bombarding him from high in the sky in an instant, and then fiercely aimed at the man in front of him. The monsters tens of thousands of feet tall bombarded away.

Wow...

Infinite light of thunder and lightning struck down from the entire sky in an instant, and

The Thor's Hammer in Ye Feng's hand echoed together, and instantly a sea of thunder appeared, surging towards the tens of thousands of feet tall monster in front.

At this moment, Ye Feng immediately held the Thor's Hammer in his hand and struck hard on the head of the tens of thousands of feet tall monster transformed by the Lord of the Mine Lode.

Boom!

Accompanied by a terrifying roar, endless light of thunder and lightning instantly poured onto this tens of thousands of feet tall monster, destroying everything on the surface of this tens of thousands of feet tall monster's body. dilapidated.

"ah....."

This monster, which was tens of thousands of feet tall, immediately let out a scream of agony.

However, these thunder and lightning lights did not destroy the life source of this tens of thousands of meters tall monster. They only damaged some of the surface of his body, causing him to suffer considerable trauma. .??.

"The source of evil!"

"Virulent plague!"

At this moment, the master of the mineral vein transformed into a monster tens of thousands of feet tall, and once again unleashed a very terrifying method.

The entire surface of his monster body suddenly emitted a more poisonous black energy, like the source of plague, which suddenly enveloped Ye Feng's entire body.

At this moment, Ye Feng inadvertently inhaled some highly toxic gas, and his entire body turned black and decayed rapidly.

"What?"

This made Ye Feng's eyes look horrified.

Unexpectedly, this monster, which is tens of thousands of feet tall, has such terrible poison.

At this moment, Ye Feng had almost no hesitation and directly released the poison-eating insects he had raised.

Wow!

Suddenly, a large number of poison-eating insects emerged directly from Ye Feng's body.

It flew out and covered Ye Feng's entire body surface.

It's like Ye Feng has an extra armor composed of poison-eating insects, which is completely black.

These poison-eating insects quickly devoured the highly toxic black energy around them, preventing Ye Feng from being harmed by the highly toxic black energy.

At this moment, the poison-eating insects were almost full, and Ye Feng was suddenly out of danger of the poisonous black energy.

"What?"

Seeing this scene, the monster that was tens of thousands of feet tall couldn't help but exclaimed: "You boy from the human race! What kind of bug are you releasing at this time? It can actually turn my demon source into a monster." Can poisonous energy be swallowed up by me? Even the ancient true dragon can be poisoned by this poisonous energy. What kind of insect are you?"

At this moment, Ye Feng did not respond at all to this monster that was tens of thousands of feet tall. His eyes were filled with endless light of thunder and lightning, and he once again waved Thor's hammer and blasted away at this huge monster.

Rumble...

Under Ye Feng's countless bombardments, this poisonous monster tens of thousands of feet tall was finally unable to resist the thunder attack of Thor's hammer.

After all, the power of thunder is naturally suppressive to the dark-attributed monsters in the hell interface.

So at this time, after Ye Feng wielded the Thor Hammer countless times, this monster, which was tens of thousands of feet tall, no matter how powerful it was, no matter how tenacious its vitality was, was beaten to the ground by Ye Feng at this moment. He couldn't resist at all, he was just dying.

"The Lord of the Mineral Veins actually fell..."

At this moment, the eyes of countless other hell creatures watching this terrifying battle were filled with deep horror.

They never thought that a little human boy would have such terrifying cultivation, and he would be unable to resist killing people in the hell interface!

Chapter 2757 The breakthrough was too fast

"Run!"

At this moment, a group of hell creatures who came around to look for trouble were all running away frantically in all directions.

Because even the most powerful mine owner among them, who activated the bloodline of the ancient demon god, was defeated by Ye Feng, which was really terrible.

At this time, Ye Feng, a seemingly ordinary human boy, had become as big a demon king in the eyes of these hell creatures.

But at this time, Ye Feng looked at the hell creatures running around, with a deep cold look in his eyes.

boom!

Then at this moment, Ye Feng directly released the Devouring Domain.

Rumble...

The terrifying, dark devouring realm suddenly erupted from Ye Feng's body, quickly spreading towards the surroundings, and then covering everything around him.

Those escaping hell creatures could not escape the devouring domain released by Ye Feng at this moment. They were all enveloped in it, and then their skills and blood energy were sucked away alive, and they turned into shriveled bodies in an instant. The body fell to the ground.

At this time, Ye Feng's Devouring Domain also enveloped the tens of thousands of feet tall ancient monster that had been transformed by the previously deceased mine lord, and then quickly devoured the energy within it.

For Ye Feng, the ordinary hell creatures around him cannot provide much energy to Ye Feng at all.

However, the owner of this mineral vein is a powerful being in the sixth level of the Kaiguang Realm, and he also possesses the blood of the ancient demon god. For Ye Feng, the energy is naturally extremely powerful.

So at this time, Ye Feng suddenly received a huge injection of power.

The aura of cultivation on his entire body suddenly increased steadily, filling him with a very terrifying aura.

At this moment, Ye Feng's cultivation level is also making rapid breakthroughs.

Even though Ye Feng is now at the final level of cultivation, the half-step enlightenment state, under the injection of such terrifying energy, Ye Feng's cultivation is also undergoing rapid transformation.

Finally at some point.

There was a "boom"!

A terrifying cultivation aura erupted from Ye Feng's body.

That is the momentum of breakthrough!

At this moment, Ye Feng's cultivation successfully broke through the final bottleneck, and he directly broke through from the half-step enlightenment realm to the first level of enlightenment realm!

However, at this time, Ye Feng's cultivation was far from stopping, and his cultivation was still making rapid breakthroughs.

"boom!"

Consecrated Light Realm Second Heaven!

When Ye Feng's cultivation reached the second level of the Open Light Realm, his aura slowly stopped.

But at this time, the voice of the mountain god suddenly came from the ice crystal mineral vein: "Sir, I have gathered all the energy of a dozen ore veins around me. Now if you want to devour it, you can directly enter the mineral vein and devour it."

When Ye Feng heard what the mountain god said, his eyes immediately showed deep joy.

This time Ye Feng decided to play a big game.

That is to swallow up all the energy of the mineral veins in an instant!

So almost at this moment, Ye Feng immediately stretched out his hand and grabbed the ice crystal veins underneath.

Boom! !

Almost at that moment, a pillar of ice-blue light suddenly burst out from the ice crystal veins below and was directly injected into Ye Feng's body high in the sky.

Then Ye Feng instantly felt the huge energy of the mineral veins, which was directly connected to his body, making his skills rapidly improve and grow.

For Ye Feng, the energy of these mineral veins is very huge, even more powerful than the master of the mineral veins he swallowed before.

After all, that is the energy of a dozen ore veins. It is the resource energy bred by nature. It is naturally extremely rich and majestic.

Boom!

At this moment, Ye Feng's body was suddenly filled with an infinite wave of energy, just like a vast ocean. It was surging rapidly in Ye Feng's flesh, flesh and meridians, making Ye Feng's whole body feel numb. It was a feeling of expansion.

At this moment, the Xiu on Ye Feng

Because of the breath, an extremely terrifying improvement suddenly occurred.

boom!

Consecrated Light Realm Third Heaven!

boom!

Consecrated to the fourth level of the Light Realm!

boom!

Consecrated Light Realm Fifth Heaven!

At this moment, Ye Feng's cultivation level was rising steadily, and he directly broke through to the fifth level of the Open Light Realm.

At this time, I saw a gap opening in the void above Ye Feng's head, and endless light burst out from it.

This is the "sky light" in Ye Feng's head, which means that Ye Feng has entered the very profound level of enlightenment.

boom!

Suddenly at this moment, Ye Feng's body once again burst out with an extremely powerful aura of cultivation.

He broke through again!

Directly from the fifth level of the Consecrated Light Realm, he broke through to the sixth level of the Consecrated Light Realm.

Finally at this time, all the mineral veins were sucked dry by Ye Feng.

More than a dozen surrounding mineral veins were all in ruins, and all of them became nourishment for Ye Feng's cultivation.

At this moment, Ye Feng felt the terrifying cultivation aura of the sixth level of the Light Realm on his body, and his eyes suddenly showed deep excitement.

At this moment, Ye Feng's entire body is exuding divine light, giving people the feeling that a young human god has been born, very noble and supreme.

The cultivation aura and life fluctuations are simply huge to the extreme, just like an ancient beast hidden in Ye Feng's body, giving people a very powerful and majestic feeling.

At this time, there was uncontrollable joy in Ye Feng's eyes.

This cultivation breakthrough was really too fast.

It is really terrifying to go directly from the half-step enlightenment realm to the sixth level of the entire enlightenment realm!

And you must know that even if Ye Feng only breaks through the first level of the sky, his combat power will increase more than ten times, which is much higher than that of ordinary warriors.

So at this time, Ye Feng broke through so many times in a row, and his combat power was improved by an unknown amount compared to before.

At this time, Ye Feng was thinking in his heart that if he returned to the Holy Land of Heaven now, I am afraid that no one in the entire outer sect would be his opponent again.

Even among the inner disciples, I am afraid that most of them will not be my opponents.

At this time, Ye Feng felt that this time he came to the hell interface and searching for mineral veins was a very correct choice. It improved his cultivation too quickly.

At this moment, Ye Feng stabilized his cultivation of the sixth level of the Open Light Realm that he had just broken through, and then looked around.

He found that not far away, the mountain god in the ice crystal veins was kneeling on the ground and trembling, as if waiting for his judgment.

At this time, Ye Feng suddenly showed a faint smile in his eyes, and said loudly: "This time, you, the little mountain god, did a good job, which greatly improved my cultivation. I am a person who keeps my promises, so I won't kill you next."

When the mountain god heard what Ye Feng said, he immediately beamed with joy, kowtowed and said, "Thank you, sir, for sparing me!"

At this time, Ye Feng stared at the mountain god in front of him, and then asked aloud: "But I have one thing to ask you."

When the mountain god heard what Ye Feng said, he immediately said: "Whatever you want to ask, I will tell you everything."

Ye Feng nodded, and then said aloud: "I have devoured the dozens of mineral veins nearby, and I don't have much time to stay in the hell interface. Finally, I hope you can use the power of your mountain god. Help me find the whereabouts of a friend of mine. My friend's name is Leng Qingxue. He and I entered this hell interface together more than half a month ago, but the teleportation array randomly separated us. See if you can find it. "

Ye Feng knew very well that the spirit of heaven and earth like the mountain god was just like the earth god worshiped by some mortals in the mortal world. He knew everything about an area very well and could find everything around him through the pulse of the earth.

After finishing speaking at this moment, Ye Feng stretched out his hand and directly used divine light to condense Leng Qingxue's virtual figure to let the mountain god know him.

When the mountain god heard what Ye Feng said at this moment, he immediately nodded and bowed and said: "Don't worry, sir, I will immediately connect with the pulse of the entire earth to see if I can find your friends."

Chapter 2758 Hell Race

Buzz!

At this time, with the connection between the mountain god and the pulse of the entire earth, the mountain god soon noticed something, and suddenly said: "Sir, I have found your friend."

When Ye Feng heard this, his eyes suddenly lit up, and then he quickly asked: "Where is Leng Qingxue now?"

At this time, the mountain god immediately released a piece of divine light, which formed a virtual scene.

And in this scene, Leng Qingxue's figure stood out clearly.

But at this moment, Leng Qingxue and a group of other outer disciples who came here for the trial from the Holy Land of Heaven were trapped by many powerful creatures of the hell race.

When Ye Feng saw this scene, he immediately flew quickly in that direction without any hesitation.

When the mountain god saw this scene at this moment, he immediately broke into a cold sweat and finally sent away this terrifying guy Ye Feng.

Swish, swish, swish!

At this time, Ye Feng was galloping quickly on the road, heading towards the impact in the direction sensed by the mountain god.

Through the virtual scene simulated by the Mountain God, Ye Feng immediately saw Leng Qingxue and a group of other outer disciples of the Holy Land of Heaven. They must have been in danger and encountered many strong men from the hell race. At this moment, they were surrounded by Trapped in a valley, unable to get out.

So after seeing this scene, Ye Feng naturally rushed in that direction very quickly, trying to rescue Leng Qingxue and a group of fellow disciples.

You know, Ye Feng's current cultivation strength is extremely powerful and has improved a lot.

Therefore, Ye Feng is no longer afraid of those powerful men from the Hell Clan.

At this time, he did not deliberately hide his cultivation aura, and rushed in that direction overwhelmingly, just to rush over as much as possible.

...

And just when Ye Feng was on his way.

Not far away, in the valley, Leng Qingxue and a group of outer disciples from the Holy Land of Heaven were indeed surrounded by many powerful men from the Hell Clan.

"Rumble..."

These powerful men from hell

They released terrifying demonic attacks one after another, bombarding towards the valley.

At this moment, Leng Qingxue and a group of outer disciples from Tiandao Holy Land worked together to raise a huge golden umbrella.

This big golden umbrella seems to be a very powerful magic weapon.

At this moment, under the combined efforts of many Heavenly Dao Holy Land disciples to input mana, the golden umbrella erupted into a pure golden light shield, which was extremely strong and could withstand the attacks of these powerful men from the hell clan.

But these hell tribe strongmen are gathering more and more around the valley.

Terrifying attacks continued to pour down, bombing wildly.

This put a group of disciples of Tiandao Holy Land into a prisoner's dilemma, unable to escape at all, and could only resist with difficulty.

"If this continues, sooner or later our mana will be exhausted by these powerful men from hell. By then we will be lambs to be slaughtered. It's over now."

At this moment, many outer disciples of Tiandao Holy Land could not help but talk in despair.

It was obvious that deep down they had lost hope for survival.

Because there is no way to escape from the surrounding valleys.

Moreover, this is the interface of hell. More and more powerful people from the hell tribe are gathering around. There is no possibility for them to survive.

There is a kind of despair in everyone's heart.

The shadow of death spreads in everyone's heart.

At this moment, the strong men of the hell race who were besieging this group of outer disciples of the Holy Land of Heaven around the valley were very organized and not a chaotic race of hell.

It is estimated that a certain powerful racial tribe in the hell interface is able to be so cohesive and all join forces to attack these outer disciples of the Holy Land of Heaven.

At this time, a group of strong men from the hell race around the valley stared at the group of outer disciples from the Holy Land of Heaven who were trapped in the valley, with expressions in their eyes.

A deep sense of cruelty.

"I didn't expect that this group of young people from the human race would dare to come to our hell interface to hunt down our hell race, and also rob the resources in our hell interface. They are so audacious. Today, we finally killed all this hateful human race. Trapped."

"That's right, although they are protected by powerful treasures, under our constant attacks, sooner or later, their mana will be completely exhausted, and then they will become our lambs to be slaughtered. We must kill all this group of hateful humans. Fall and become our blood food."

"Yes, I haven't encountered such a fresh human monk for a long time. It must taste very delicious, hehe."

...

At this time, a group of strong men from the Hell Clan around the valley were laughing and talking cruelly, their tone full of bloodthirsty.

For this group of powerful men from the hell race, humans are obviously their most delicious food.

"We have to rush out!"

At this time, among the outer disciples inside the valley, Leng Qingxue suddenly spoke up.

Leng Qingxue's cultivation can be said to be the most outstanding among a group of outer disciples.

boom!

She instantly burst out with a very terrifying sword light, which was the inheritance of her ancestors.

She output all her magic power in an instant, and then condensed a lightsaber emitting divine light above her head, which seemed to be able to cut the sky and split the earth, and bombarded forward in an instant.

"Boom!"

This lightsaber condensed all the energy of Leng Qingxue, and its destructive power was astonishing. It actually penetrated all the mountains in one direction of the valley at once, and a passage appeared.

"Very good!"

Many outer disciples of the Holy Land of Heaven instantly followed Leng Qingxue and ran out towards the tunnel.

"Huh? This young woman from the human race has such a powerful attack power! It's interesting!"

At this moment, among a group of strong men from the surrounding hell race,

, a young man from the Hell Tribe wearing a golden robe, saw the power of the lightsaber erupted by Leng Qingxue, and his eyes suddenly showed a trace of interest.

This young man from the Hell race, wearing a golden robe, obviously had an extraordinary status. At this moment, he immediately faced a group of powerful Hell race men around him and said with an order: "Capture this human race woman. She is so beautiful and so powerful. , I am quite interested in making her my slave!"

Boom!

Almost at this moment, all the powerful men from the hell tribe flew towards the passage, directly blocking the passage that Leng Qingxue penetrated.

Many powerful men from the hell clan attacked together, and immediately sent Leng Qingxue and a group of outer disciples from the Holy Land of Heaven flying backwards, their faces turning extremely pale.

The young man from the Hell Clan in the golden robe was staring at Leng Qingxue's beautiful figure in the crowd. Then he showed a greedy and evil smile and stretched out a magic hand towards Leng Qingxue. Xue grabbed it and said loudly: "Become my slave!"

boom!

But suddenly at this critical moment, a fist exuding the light of chaos burst out from the void in an instant, and directly bombarded the demonic hand of this young man from the hell tribe in golden robe, with a "click" sound. In an instant, the demonic hand of this young man from the hell race was shattered into pieces.

"ah!"

This young man from the Hell Clan suddenly let out a painful scream, and then his eyes were filled with monstrous anger. He looked into the void and yelled: "Who is so bold? Dare to attack me! "

Buzz!

And at the next moment, a young figure dressed in white came out of the void.

It's Ye Feng!

At this moment, he stood in front of Leng Qingxue, protecting everyone behind him, and then looked at the young man from the Hell clan wearing a golden robe, his eyes were extremely cold, and he said indifferently: "You guys There's no need for the hell clan to leave, just stay."

Chapter 2759: Blow away with a hammer

At this moment, Ye Feng's eyes were extremely cold.

"Ye Feng, it's really you!"

At this moment, Leng Qingxue, who was standing behind Ye Feng, suddenly showed deep surprise in her beautiful eyes.

Leng Qingxue did not expect that at such a critical moment, Ye Feng would actually appear in front of her and save her.

"Is this Senior Brother Ye Feng?"

At this moment, when Leng Qingxue's words fell, a group of other outer disciples from the Holy Land of Heaven behind them stared at Ye Feng's back with deep surprise in their eyes.

Because Ye Feng is still very popular among the outer gates of Tiandao Holy Land.

You must know that Ye Feng killed several super top geniuses in powerful branches before, and even the Lord of the Judgment Palace, who was in charge of punishment rights, was unable to judge Ye Feng.

Therefore, Ye Feng's name is still very loud among the outer gates of Tiandao Holy Land.

But few people know exactly what Ye Feng looks like.

However, at this moment, when Leng Qingxue directly said Ye Feng's name, a group of outer disciples from the Tiandao Holy Land around them couldn't help but show deep surprise and awe in their eyes.

Because they all know that Ye Feng, a new super genius in the outer sect of the Holy Land of Heaven, is extremely powerful and no one in the outer sect dares to mess with him.

Therefore, Ye Feng has actually become the number one person in the outer sect of the Holy Land of Heaven.

Therefore, the appearance of Ye Feng at this moment made this group of outer disciples of the Holy Land of Heaven feel a lot safer.

Leng Qingxue was standing next to Ye Feng at this time, and couldn't help but whisper: "Ye Feng, do you want to fight head-on? The cultivation of this group of hell races is very terrifying. We can directly break a hole in this encirclement, and then directly escape."

When Ye Feng heard what Leng Qingxue said, he immediately shook his head and said, "Don't bother me. I haven't taken this group of hell races seriously yet."

Hearing what Ye Feng said, Leng Qingxue did not persuade her, but nodded vigorously. Her beautiful eyes stared at Ye Feng beside her, with a deep sense of security in her eyes, and then she said aloud: "No matter what Anyway, I believe you."

At this time, a group of strong men from the hell race on the opposite side were staring at Ye Feng.

Then a strong man from the Hell clan wearing black armor spoke up and said: "Your cultivation is very powerful, and the life fluctuations in your body are also very strong. It seems that you are the top genius among the human race. We admire you very much. With this kind of powerful strength, now we can make a deal. If you don't protect this group of weak human beings behind you and offer them to us as food, then we can consider letting you, a human genius, join our Abyss Demon Clan.

The Abyss Dynasty, you have to know that the young man next to me wearing a golden robe is the demon prince of our Abyss Dynasty. If you can be loyal to him, you will gain dark power that is countless times greater than your human race. How about being able to command a party in our hell interface and become a master?"

At this moment, after this strong man from the Abyss Demon Clan in black armor said these words, a group of outer disciples from the Holy Land of Heaven present could not help but change their expressions.

They never thought that Ye Feng would be powerful enough to allow this group of abyssal demons to negotiate with him.

At this time, everyone looked at Ye Feng, fearing that Ye Feng would join the Abyss Demon Clan. After all, the temptation was too great.

\u003c

br\u003e However, Ye Feng only had an indifferent smile on his face at this time, and then stared at the strong Abyss Demon Clan wearing black armor, and said slowly: "Our human race is the most powerful. , In my eyes, your so-called abyss demons are just a bunch of inferior races, bloodthirsty, cruel, and so backward. "

"presumptuous!"

Hearing what Ye Feng said, the strong man from the Abyss Demon Clan in black armor immediately yelled angrily: "Young boy from the human race, you are so presumptuous and so arrogant. Do you really think it depends on you?" Can one person fight against so many of our elites from the Abyss Demon Dynasty? You are too naive!"

At this time, the young man in golden robes, His Highness the Demon Prince of the Abyss Demon Dynasty, said coldly: "Stop talking nonsense to this kid. Although this human kid is indeed somewhat powerful, he wants to It is really a foolish dream to confront all the elites of our Abyss Demon Clan. Just take action and imprison this human kid. I will torture this arrogant and ignorant human ant!"

"Yes, Your Highness the Crown Prince!"

The dozen or so strong men from the Abyss Demon Clan who were wearing black armor immediately clasped their fists and made a sound, and then a terrifying aura of cultivation erupted from their bodies.

boom!

These strong men of the Abyss Demon Clan, who are wearing black armor, have impressive cultivation aura and are at the level of the Tenth Heavenly Perfection of the Open Light Realm.

I have to say that the cultivation strength is indeed extremely powerful!

"The tenth level of enlightenment?"

Ye Feng's eyes also showed a trace of surprise at this moment. He did not expect that this group of strong men from the Abyss Demon Clan were so highly cultivated.

However, Ye Feng's own cultivation has now entered the sixth level of the Consecrated Light Realm.

Devouring the energy of more than a dozen mineral veins has improved Ye Feng's cultivation level a lot.

So at this time, Ye Feng was not afraid of these so-called elites of the Abyss Demon Dynasty at all.

Seeing those dozen strong men from the Abyss Demon Clan rushing over, Ye Feng suddenly burst out with terrifying fighting spirit.

"kill!"

At this time, Ye Feng's Thor's Hammer suddenly appeared in his hand, and then his whole body was filled with endless thunder and lightning, and he directly bombarded the dozen or so powerful Abyss Demons who rushed over.

"Thunder comes!"

Rumble...

At this moment, Ye Feng held Thor's Hammer in his hand, and he looked like the young Thor from ancient times had come to life.

The Thor's Hammer in his hand blasted out wildly, and bucket-thick thunder struck down from the nine heavens, instantly hitting the dozens of powerful Abyss Demons who rushed over.

Boom! !

Accompanied by an incomparably terrifying roar, at this moment, a dozen extremely powerful Abyss Demon Clan experts who had reached the tenth level of the Open Light Realm and reached the Great Perfection, all of them made the sound of bones breaking.

Bang!

Bang!

Then all the dozen strong men flew out and fell hard to the ground. Smoke was coming from their bodies and they were already dying.

"What?!"

"Defeat them all with one hammer?"

At this moment, the entire field suddenly erupted with gasps and exclamations.

quiet!

The entire field was deathly quiet! At this moment, Ye Feng's eyes were extremely cold.

"Ye Feng, it's really you!"

At this moment, Leng Qingxue, who was standing behind Ye Feng, suddenly showed deep surprise in her beautiful eyes.

Leng Qingxue did not expect that at such a critical moment, Ye Feng would actually appear in front of her and save her. ??

"Is this Senior Brother Ye Feng?"

At this moment, when Leng Qingxue's words fell, a group of other outer disciples from the Holy Land of Heaven behind them stared at Ye Feng's back with deep surprise in their eyes.

Because Ye Feng is still very popular among the outer gates of Tiandao Holy Land.

You must know that Ye Feng killed several super top geniuses in powerful branches before, and even the Lord of the Judgment Palace, who was in charge of punishment rights, was unable to judge Ye Feng.

Therefore, Ye Feng's name is still very loud among the outer gates of Tiandao Holy Land.

But few people know exactly what Ye Feng looks like.

However, at this moment, when Leng Qingxue directly said Ye Feng's name, the surrounding group of outer disciples of the Holy Land of Heaven couldn't help but have deep surprise and awe in their eyes.

Because they all know that Ye Feng, a new super genius in the outer sect of the Holy Land of Heaven, is extremely powerful and no one in the outer sect dares to mess with him.

Therefore, Ye Feng has actually become the number one person in the outer sect of the Holy Land of Heaven.

Therefore, the appearance of Ye Feng at this moment made this group of outer disciples of the Holy Land of Heaven feel a lot safer.

Leng Qingxue was standing next to Ye Feng at this time, and couldn't help but whisper: "Ye Feng, do you want to fight head-on? The cultivation of this group of hell races is very terrifying. We can directly break a hole in this encirclement, and then directly escape."

When Ye Feng heard what Leng Qingxue said, he immediately shook his head and said, "Don't bother me. I haven't taken this group of hell races seriously yet."

Hearing what Ye Feng said, Leng Qingxue did not persuade him any more, but nodded vigorously, staring at Ye Feng beside him with his beautiful eyes, with a deep sense of security in his eyes, and then said loudly: "No matter what Anyway, I believe you."

At this time, a group of strong men from the hell race on the opposite side were staring at Ye Feng.

Then a strong man from the Hell clan wearing black armor spoke up and said: "Your cultivation is very powerful, and the life fluctuations in your body are also very strong. It seems that you are the top genius among the human race. We admire you very much. With this kind of powerful strength, now we can make a deal. If you don't protect this group of weak human beings behind you and offer them to us as food, then we can consider letting you, a human genius, join our Abyss Demon Clan. The Abyss Dynasty, you have to know that the young man next to me wearing a golden robe is the demon prince of our Abyss Dynasty. If you can be loyal to him, you will gain dark power that is countless times greater than your human race. How about being able to command a party in our hell interface and become a master?"

At this moment, after this strong man from the Abyss Demon Clan in black armor said these words, a group of outer disciples from the Holy Land of Heaven present could not help but change their expressions.

They never thought that Ye Feng would be powerful enough to allow this group of abyssal demons to negotiate with him.

At this time, everyone looked at Ye Feng, fearing that Ye Feng would join the Abyss Demon Clan. After all, the temptation was too great.

powerful. , In my eyes, your so-called abyss demons are just a bunch of inferior races, bloodthirsty and cruel, and so backward. "

"presumptuous!"

Hearing what Ye Feng said, the strong man from the Abyss Demon Clan in black armor immediately yelled angrily: "Young boy from the human race, you are so presumptuous and so arrogant. Chapter 2760 King of the Abyss

At this moment, countless people's eyes were filled with deep shock.

Whether it was the outer disciples of the Heavenly Dao Holy Land on Ye Feng's side or the strong men on the Abyss Demon Clan's side, their eyes were filled with incredulity as they stared at Ye Feng on the field.

"Senior Brother Ye Feng, this is too powerful!"

"The cultivation of the sixth level of the Open Light Realm can defeat more than a dozen powerful demons who have reached the Great Perfection of the Open Light Realm. This kind of strength is definitely comparable to the masters of the inner sect in our Heavenly Dao Holy Land!"

At this moment, all the outer disciples of the Holy Land of Heaven could not help but speak out excitedly.

"This human boy is a bit interesting."

At this moment, the demon prince in golden robes had a gloomy look in his eyes, staring at Ye Feng opposite him, and said loudly: "Boy, if you dare to hurt my bodyguard, then my prince will also Just give you some lessons."

At this time, the demon prince did not attack Ye Feng directly, because he had realized just now that the power of Ye Feng's body was extremely powerful, and even his demon body could not compete with it.

boom!

So at this time, an extremely dark halberd suddenly appeared in the hands of the demon prince.

The surface of this halberd is covered with golden lines, exuding a faint golden light, and a dark magic light, which seems to have extremely terrifying energy.

This black halberd is definitely a very terrifying demonic weapon, exuding extremely strong fluctuations.

"Hell Demon Halberd!"

boom!

The demon prince roared loudly, holding the hell demon halberd in his hand, and burst out with a monstrous black demon energy. In an instant, it bombarded Ye Feng, and the entire sky turned into pitch black.

"Thor's Hammer!"

Ye Feng held the Thor's Hammer in his hand, and violent and boundless thunder and lightning suddenly surged out.

"Rumble..."

The endless dark magic, and the thunder and lightning of Thor's hammer in Ye Feng's hand

The thunders collided directly, erupting into a terrifying roar that resounded throughout the sky.

"Deng Deng Deng!"

At this moment, the demon prince felt the hell demon halberd in his hand vibrate violently, and a very terrifying and huge power was transmitted from the hell demon halberd, which made the demon prince couldn't help but retreat. A few steps.

"What?!"

The demon prince's eyes were extremely gloomy at this moment, and he couldn't help but said: "Boy, what kind of magic weapon is the silver hammer in your hand? It can actually repel the imperial treasure of the Abyss Demon Dynasty in my hand. This impossible!"

Ye Feng just smiled coldly at this time and said aloud: "The so-called treasure of suppressing the dynasty is just a slightly more advanced demon magic weapon. How can it be comparable to the Thor's Hammer in my hand!"

boom! !

Almost at the moment Ye Feng finished speaking, Ye Feng held Thor's Hammer in his hand, once again stimulating the power of Thor's Hammer, and at this moment Ye Feng also displayed the secret of the Great Thunder Technique.

"Crash!"

At this moment, the surface of Ye Feng's body suddenly erupted with terrifying thunderous lights.

"Boom!!"

At this moment, Ye Feng was suspended high in the sky, and his whole body was filled with thousands of blue-purple thunder lights. It was like a supreme thunder god descending, and he suddenly rushed in front of the demon prince, and then Countless thunder and lightning rays were blasted out fiercely.

"I don't believe you are stronger than me!"

"Hell Demon Halberd!"

"Forbidden spell!"

At this moment, the demon prince yelled crazily, and the hell magic halberd in his hand suddenly burst out with blood-black spells, all of which were impacted, and instantly

Suddenly he collided with the thunder and lightning all over Ye Feng's body!

"Boom!"

Suddenly, a terrifying collision of divine light emitted chaotic aftermath, flooding the entire combat area in an instant.

Ye Feng and the demon prince were both submerged in the endless light of destruction.

"Who loses and who wins?"

At this moment, everyone present had deep expectations in their eyes, staring at the chaotic divine light area.

Because the success or failure of Ye Feng and the Demon Prince will be related to the fate of both parties.

"ah!"

And suddenly at this moment, an extremely shrill scream suddenly came out from the chaotic divine light.

"Bang!"

And at the next moment, the tall figure of the demon prince fell directly from the sky and fell hard to the ground.

Moreover, the demon prince's right arm, which originally held the Hell Demon Halberd, was completely broken at this moment.

Buzz!

At this moment, Ye Feng's figure suddenly appeared on the field.

At this time, Ye Feng was holding Thor's Hammer in one hand and the Demon Prince's Hell Demon Halberd in the other hand.

"Senior Brother Ye Feng won!"

"They also took away all the weapons and magic weapons from this demon prince!"

At this moment, a group of outer disciples from the Holy Land of Heaven around them all couldn't help but burst out in surprise.

At this time, a group of strong men from the Abyss Demon Clan dynasty on the opposite side quickly ran to the place where the Demon Clan Prince fell and directly helped the Demon Clan Prince up.

"Your Highness, are you okay?"

A group of strong men from the Abyss Dynasty couldn't help but exclaimed.

"hateful!"

The demon prince's eyes revealed a look of deep shock and anger.

.

Surprisingly, Ye Feng, a young human race boy, was so powerful.

Angry, Ye Feng snatched the Hell Demon Halberd from his hand.

Uh-huh!

At this moment, a group of outer disciples from the Holy Land of Heaven flew around Ye Feng, and they all said loudly: "Senior Brother Ye Feng, you are so powerful, strike while the iron is hot and kill this demon prince!"

Of course, Ye Feng wanted to kill and devour the demon prince at this moment. Although the demon prince was not very powerful, he could always provide himself with some energy.

But at this time, Ye Feng did not move, but suddenly looked in a certain direction not far away, and said loudly: "Your Excellency, you have been watching for so long, you should have come out, right? What is your relationship with this demon prince?"

"What? Are there other top experts?"

At this moment, hearing what Ye Feng said, a group of people present couldn't help but show horror in their eyes.

The person who could make Ye Feng so solemn must be a top powerhouse.

"Yes, yes, I didn't expect that a genius like you could be born among the human race."

At this time, accompanied by a majestic and deep voice, a middle-aged man wearing a black dragon robe, full of boundless dark aura, walked out of the void in the direction where Ye Feng was looking.

The aura of cultivation on this middle-aged man wearing a black dragon robe was unfathomable, and he had obviously surpassed the Consecration Realm.

This is a super strong man at the level of Guixu Realm, which is above the Consecrated Light Realm! !

"His Royal Highness the King of the Abyss!"

At this moment, a group of powerful demons from the Abyss Dynasty couldn't help but kneel on the ground when they saw this majestic middle-aged man wearing a black dragon robe.

At this time, the demon prince shouted in surprise: "Father! Why are you here? Quickly take action and kill this hateful human boy who took away my hell demon halberd!"
