Chapter 2761 Ancient Flame Dragon

At this moment, the atmosphere on the entire field was somewhat depressing.

After all, no one expected that the emperor of the Abyss Dynasty, the King of the Abyss, would arrive.

Moreover, the aura of cultivation exuded by this King of the Abyss is extremely terrifying.

That kind of cultivation has far surpassed the Consecrated Light Realm, and is definitely a super master at the level of Returning to the Void Realm above the Consecrated Light Realm.

At this time, even Ye Feng's eyes showed a trace of fear.

Because of this King of the Abyss, Ye Feng can feel that the cultivation aura of this King of the Abyss is definitely not just someone who has just stepped into the Return to the Void Realm, but must be a very advanced existence in the Return to the Void Realm.

So at this time, even if Ye Feng had a strong trump card, he felt that he might not be able to defeat this King of the Abyss.

But Ye Feng is not afraid of this King of the Abyss.

Because if this King of the Abyss was determined to kill him, this King of the Abyss would have definitely taken action long ago.

Ye Feng guessed that the King of the Abyss had just seen the scene of his battle in secret, and he must be quite afraid of him.

At this time, Ye Feng looked at the King of the Abyss and said calmly: "It was your son who provoked me. I didn't kill him directly just now because I was giving you face."

The reason why Ye Feng didn't kill the demon prince just now was because he was aware of the terrifying and powerful King of the Abyss lurking in the dark.

At this time, the demon prince immediately shouted: "Father! What are you still hesitating about? Hurry and kill this human kid!"

"Shut up!"

The King of the Abyss looked at the Demon Prince, and immediately shouted coldly: "This young man from the human race didn't kill you, so he has already given face to this king. You are still shouting here, and you are really giving us the abyss." Shame on the demons! Shut up!"

Hearing what the King of the Abyss said, the Demon Prince immediately showed a hint of fear in his eyes and quickly closed his mouth.

, dare not anger his father.

At this time, the demon prince looked at Ye Feng, who was not far away, with deep horror in his eyes. Could it be that even his father couldn't kill this human boy?

At this moment, the King of the Abyss looked at Ye Feng, who was not far away, and said slowly: "Your Excellency is indeed a genius of the human race, with strong combat power. Even I have to admire you, but you have already taught us a lesson because The prince of the dynasty, have you calmed down? The hell magic halberd you snatched from the past is the magic weapon of our Abyss Dynasty. It is very precious and has symbolic significance to our abyss dynasty. So, can you return this hell magic halberd? Give us?"

Ye Feng just smiled faintly at this time, and then said aloud: "This Hell Demon Halberd is my trophy, and it is impossible to return it to you like this, but this Hell Demon Halberd has no great effect on me. , It's just a mediocre magic weapon, you can exchange it for other things."

"you.....!"

Hearing what Ye Feng said, the demon prince immediately showed deep anger in his eyes.

However, the King of the Abyss still looked extremely calm and said: "If you want anything, you can just ask it. If I can accept it, I can pay the price and exchange it with you for the Hell Demon Halberd in my hand."

Ye Feng's eyes showed a look of surprise. He didn't expect that the King of the Abyss was so easy to talk to. This was not in line with the behavior of a demon emperor.

Ye Feng secretly guessed in his heart, and then said slowly: "You can exchange this hell magic halberd for some energy-filled ores."

"Ore full of energy?"

The King of the Abyss glanced at Ye Feng in surprise, and then said aloud: "But all the ores on my body are demonic ores bred in the hell interface, and they contain

It contains very terrifying demonic energy. I think this will have no effect on you. After all, you are a human race and cannot absorb the dark power in the ore in our hell interface. "

Ye Feng just smiled slightly when he heard this, and then said aloud: "You don't need to worry about this. As long as you have enough ore bred in the hell interface, you can exchange it for the hell magic halberd in my hand."

Hearing what Ye Feng said, the King of the Abyss said nothing more, but nodded and took out dozens of tons of ore from his storage ring.

These ores are all dark in color and exude a very strong demonic energy. They are probably of a higher grade than the ores in the ice crystal veins that Ye Feng mined before.

And it contains dozens of tons, which is estimated to be equivalent to the reserves of several mineral veins.

When Ye Feng saw this, his eyes immediately lit up, and then he collected all these dozens of tons of ore into his storage ring.

Uh-huh!

At this time, Ye Feng threw the Hell Demon Halberd in his hand to the King of the Abyss on the opposite side, and then said with a smile: "Happy cooperation."

The King of the Abyss got the Hell Demon Halberd at this time, and then glanced at Ye Feng, with an inexplicable meaning in his eyes.

However, he didn't say much. Instead, he looked at the demon prince and a group of strong men from the Abyss Dynasty beside him and said, "Let's go."

At this moment, after the King of the Abyss finished speaking, he took the lead and walked in a certain direction around this valley.

A group of strong men from the Abyss Dynasty also quickly followed.

At this time, the demon prince gave Ye Feng a hard look, seemingly unwilling to do so.

But he didn't say anything more. After all, his most powerful father didn't take action against Ye Feng, so at this time, the demon prince could only snort and follow his father out of the valley.

.

After this group of strong men from the Abyss Dynasty left the valley and walked far away.

The demon prince looked at the King of the Abyss beside him, and finally couldn't help but said: "Father, why don't you take action against that human boy? Although that human boy does have some strength, if father takes action, he should be able to take action." That boy was seriously injured."

The King of the Abyss glanced at the demon prince next to him, and said slowly: "That human boy is extraordinary. Although his cultivation is a level lower than mine, the aura of cultivation exuding from him makes me... Some people remember that if I fight him, I probably won't be able to kill this human kid, I can only severely injure him. He can escape at any time if he wants to."

The Demon Lord Prince couldn't help but said: "Even if you just severely injure that human boy, it's still a bad breath. There is no need to pay so many ore resources in exchange for the Hell Demon Halberd in your hand."

The King of the Abyss shook his head and said loudly: "I came out this time not just to save you, but also to save the ancient flame dragon that is about to be born in the endless volcanic area nearby. If I can tame the newly born The ancient flame dragon in its infancy will become the guardian beast of our entire Abyss Dynasty in the future. By then, our Abyss Dynasty will be able to expand infinitely to the surrounding territories, so I must keep my state at its peak. I cannot To fight that human boy, you must know that this time it is not only our Abyss Dynasty who plots against the Ancient Flame Dragon, but also the weird Nightmare Dynasty near us who specializes in cultivating spiritual power."

Hearing what the King of the Abyss said, the Demon Prince nodded suddenly.

At this time, the King of the Abyss spoke with a cold meaning in his tone: "But that human boy dares to be so rude and arrogant to me. After I conquer the Ancient Flame Dragon, I will Go find that human kid and kill him completely!"

Chapter 2762 What are you planning?

At this time, in the valley, many outer disciples of the Heavenly Dao Holy Land breathed a sigh of relief.

Because the King of the Abyss did not take action in the end, but left the valley area with a group of powerful demons from the Abyss Dynasty.

At this moment, Leng Qingxue came to Ye Feng's side, and couldn't help but said: "Ye Feng, I think this King of the Abyss is a bit suspicious. He is obviously very powerful in cultivation, but he didn't do anything to you. He even It's really weird to spend so much ore resources in exchange for the Hell Demon Halberd in your hand."

When Ye Feng heard what Leng Qingxue said, he nodded, and then said: "I also feel a little strange. I was ready to have a fierce battle with this King of the Abyss just now, but I didn't expect that this King of the Abyss would surrender." He also agreed to my somewhat unreasonable request in exchange for the Hell Demon Halberd, which is indeed a bit strange. "

Leng Qingxue said aloud at this time: "In any case, it is a good thing that no fierce battle broke out. Although Ye Feng, you are also very powerful, this King of the Abyss is also very terrifying. If you two fight, maybe both sides will Both sides suffer."

Ye Feng nodded and said loudly: "Yes, I didn't take action just now because this King of the Abyss made me feel so scared, but I am a little curious about what the King of the Abyss is planning. , I'm going to follow him."

"Following the King of the Abyss?"

When Leng Qingxue heard what Ye Feng said, she couldn't help but her face changed slightly, and then she said loudly: "Ye Feng, actually there is no need to take such a risk, we have successfully escaped from the danger, then there is no problem. "

Ye Feng shook his head at this time and said aloud: "This assessment trial and entering this hell interface is a good opportunity for me to practice and improve, so I can't just give up this time. opportunity, this King of the Abyss must be hiding something from me and not telling me, that's why he doesn't fight me. I guess that he will probably have another fierce battle, so he won't fight me.

I fight first, causing both sides to suffer losses, which is very bad for him, so I think I should follow him, maybe it will be of some benefit. Now that you are safe, you can just wait for the end of the assessment trial and return. go outside. "

Hearing what Ye Feng said, Leng Qingxue didn't give any more advice, because she knew that it was difficult to change Ye Feng's decision.

At this time, Leng Qingxue just nodded, then fixed her beautiful eyes on Ye Feng, and said seriously: "Then you must be careful."

"Do not worry."

Ye Feng nodded, then jumped instantly and left the valley, following the direction where the King of the Abyss left with a group of strong men from the Abyss Dynasty.

Ye Feng had a strong hunch that the King of the Abyss must have other very important things to do, so he would not conflict with him.

Ye Feng felt that by following the King of the Abyss, he might be able to get some huge opportunities.

At this moment, a group of outer disciples from the Heavenly Dao Holy Land on the spot saw Ye Feng following directly in the direction where the King of the Abyss left, and their eyes suddenly showed deep amazement.

"Senior Brother Ye Feng is really powerful. He even dares to follow the King of the Abyss. It seems that Senior Brother Ye Feng is not without reason. It is because he practices too hard and takes great risks to do some things. Things that ordinary people would never dare to do."

...

Amid everyone's murmurs, Ye Feng had already left the valley.

Buzz!

At this moment, Ye Feng released layers of soul power, covering his entire body to shield the King of the Abyss and a group of powerful demons.

The exploration of their spiritual thoughts.

For Ye Feng, lurking in the dark is his specialty. Most people cannot detect that Ye Feng is lurking in the dark because Ye Feng is a master soul master.

While lurking, Ye Feng was also thinking about the gap between his own strength and the King of the Abyss.

When Ye Feng had a face-to-face conversation with the King of the Abyss before, he had already secretly explored the details of the King of the Abyss.

Ye Feng can feel that the cultivation aura of this King of the Abyss is that of a super master at the level of the Returning Void Realm that has surpassed the Kaiguang Realm. Moreover, he may not only have just stepped into the Returning Void Realm, but may also be someone who is in the Returning Void Realm. A profound existence.

It is very likely that he is at the fifth level of Guixu Realm, or even the sixth level of Guixu Realm.

Although Ye Feng is not afraid of a super master of this level, it is quite difficult to defeat him.

After all, the King of the Abyss is not an ordinary warrior with sixth-level cultivation in the Return to the Void Realm, but the emperor of the Abyss Dynasty in the hell interface. His background and trump cards must be very terrifying and profound.

So at this time, Ye Feng felt that he should quickly strengthen his cultivation strength during the process of lurking, so that he could face everything calmly in the next series of changes.

So at this time, Ye Feng no longer hesitated and directly took out the dozens of tons of ore resources that the King of the Abyss had given him in exchange for the Hell Demon Halberd.

Then Ye Feng instantly activated the Devouring Domain and swallowed all these ore resources into his body.

Ye Feng was now as if he had become an iron-eating beast. He swallowed all the ores, and then instantly began to digest and absorb the abundant hell energy contained in the ores.

If the King of the Abyss knew that Ye Feng, a human boy, could contain the power of hell, he would definitely not easily use so many ore resources.

Leave it to Ye Feng, because it will definitely help Ye Feng improve his cultivation.

But what the King of the Abyss never imagined was that Ye Feng possessed a chaotic body that could contain any power under the sun.

Even if it is an ore vein bred by the hell interface, Ye Feng can absorb the power of hell in it, strengthen his cultivation, improve his strength, and become more and more powerful.

"Rumble..."

At this moment, dozens of tons of ore resources were all swallowed by Ye Feng, and then huge infernal energy surged out, quickly making Ye Feng's cultivation level rise steadily, and he continued to make breakthroughs and transformations.

"Boom!"

Consecrated Light Realm Seventh Heaven!

"Boom!"

Consecrated Light Realm Eighth Heaven!

"Boom!"

Consecrated Light Realm Ninth Heaven!

Finally at this time, Ye Feng's cultivation aura stopped.

"I broke through three heavens in a row. The mineral resources that the King of the Abyss gave me were very high-end, but he probably thought that I couldn't use these mineral resources in the hell interface. It's even possible that he gave me so much, because he would want to kill me and take me back in the future, but what he never expected was that I would swallow them all and become my own strength. "

Ye Feng smiled coldly at this time, because after breaking through to the ninth level of the Open Light Realm, Ye Feng became more confident in his own strength.

At this moment, Ye Feng discovered that a very violent energy fluctuation suddenly occurred not far from the direction he was following.

That's the wave of battle!

"It seems that the Abyss Dynasty has arrived at its destination. I don't know what they are planning. Go and have a look."

Ye Feng's eyes moved, and he immediately jumped up and flew quickly in that direction.

Chapter 2763 Endless Volcano

For Ye Feng, this time his cultivation level suddenly broke through two levels in a row, directly reaching the ninth level of the Open Light Realm. Ye Feng's true combat power has increased many times compared to before.

So at this time, Ye Feng was not so afraid of the Abyss King of the Abyss Dynasty.

However, Ye Feng also knew very well that the reason why the King of the Abyss of the Abyss Dynasty did not fight him was to keep himself at his peak. In other words, this King of the Abyss must have other powerful opponents.

So at this time, Ye Feng was not impulsive and just revealed his aura.

Instead, he still runs the space gem and hides his body in the void.

In this case, no matter what situation Ye Feng encounters not far away, he will not be discovered by others immediately.

Buzz...

When Ye Feng arrived at the destination not far away from the battle wave, he immediately saw a rather surprising scene.

I saw that the place not far away at this time turned out to be an endless volcanic zone where the entire land was burning with flames. The air was very hot and completely incompatible with the primitive forest environment where Ye Feng was. It looked very of magic.

At this time, high in the sky of this endless volcano, there were actually two groups of people confronting each other.

The team on the left is very familiar to Ye Feng. It is a group of strong abyss demons from the Abyss Dynasty who had conflicts with Ye Feng before. The leader of the team is the King of the Abyss, the extremely powerful demon king of the sixth level of the Return to the Void Realm.

The team on the right made Ye Feng a little surprised, because every figure on the team on the right was blurry, like dark souls, floating in the sky, as if they had no entity, but gave people a sense of It felt extremely terrifying, exuding a strong aura of hell.

"Turns out to be a rare nightmare clan."

Suddenly at this moment, Emperor Chu spoke in Ye Feng's mind.

"Nightmare clan?"

When Ye Feng heard what Emperor Chu said, he immediately showed surprise in his eyes and looked at the group of dark soul figures in the sky who were confronting a group of strong men from the Abyss Dynasty.

Emperor Chu continued to speak aloud in his mind at this moment: "The Nightmare Clan is a very rare demon race. It is very rare in the hell interface and does not exist in the God Realm. It is said that the Nightmare Clan has no actual demons. The body is all a soul body, and the soul power and mental power are cultivated. It is very similar to Ye Feng and your soul master profession, but it is not as large as your soul master system. If an ordinary warrior encounters the nightmare clan, You will definitely find these nightmares without real bodies very difficult to deal with, but this is nothing to Ye Feng, a soul master like you."

When Ye Feng heard what Emperor Chu said, he immediately breathed a sigh of relief.

This nightmare family originally only cultivated soul power.

That being said, there shouldn't be much of a threat.

However, Ye Feng did not reveal his aura rashly now.

Because he knew that the two teams were quietly confronting each other at high altitude and did not directly attack each other. They should be waiting for something.

"Um?"

"Such a strong flame wave and life wave?"

At this time, Ye Feng's eyes were directly focused on the middle area of the endless volcano.

The area felt a very majestic and terrifying power of flames, which seemed to be gestating. It should be a very terrifying flame-attributed vitality.

"Could it be that what these two demonic teams want to compete for is some kind of fire-attributed life that was bred in this endless volcano? The fire-attributed life that can make the two powerful dynasties in the hell interface compete for each other should be the children of some ancient races. cub."

Ye Feng was thinking secretly in his heart at this moment, continuing to lurk in the void, using space gems to hide his aura from others, and quietly observing the development of the situation.

And while Ye Feng was secretly observing in the void, suddenly in the middle area of the endless volcano not far away, the whole earth suddenly shook with a "click-click".

Huge cracks appeared, as if the earth was broken.

Then streams of crimson lava flowed out from those cracks.

The surging molten lava even suddenly formed a sea of flames, which was very shocking.

"Be prepared, the Ancient Flame Dragon is about to be completely born!"

Suddenly at this moment, the King of the Abyss from the Abyss Dynasty in the sky could not help but shout to the people around him: "The moment the Ancient Flame Dragon appears, all of you directly block the attack of the Nightmare Clan. Wang Hui will personally capture the immature ancient flame dragon."

The words of the King of the Abyss were very small, and his voice was obviously deliberately lowered. Only a group of strong Abyss Demons from the Abyss Dynasty could hear it.

The Nightmare clan on the other side couldn't hear the King of the Abyss's plan at all.

However, Ye Feng's perception is extremely powerful. After all, his soul power is very powerful, giving Ye Feng a hearing beyond ordinary people.

So at this time, Ye Feng was hiding in the surrounding void and instantly heard the words of the King of the Abyss.

Ye Feng's eyes suddenly showed a trace of surprise, and he couldn't help but murmured: "I didn't expect that what they were fighting for was a newly conceived ancient flame dragon. This endless volcanic area is so vast and... Cang Mang, the ancient flame dragon bred in the center of the entire earth is definitely a very precious ancient beast. It has boundless potential. If it can be cultivated properly, it will even be comparable to the gods in the future. In this way, I also believe that this ancient flame dragon I'm very interested. It seems I have to take action and fight for it."

At this moment, Ye Feng was thinking in his heart while still hiding in the surrounding void, secretly accumulating strength, thinking of finding the right opportunity at the last moment and taking action like thunder.

And while Ye Feng was secretly accumulating strength, the two demon teams in the hell interface that were fighting high above flew towards the center of the earth.

Although the entire endless volcano shattered at this time, endless lava surged out.

But these demons who came to fight for the ancient flame dragon, whether they were the abyss demons or the nightmare clan, were very powerful, and they were not afraid of the burning power of the molten metal at all.

"Roar....."

And at this moment, a weak but majestic dragon roar suddenly came from the depths of the earth at the center of the endless volcanic area.

boom!

And at the next moment, as a large piece of lava exploded, a small red juvenile dragon slowly emerged from the endless flaming lava. For Ye Feng, this time his cultivation level suddenly broke

through two levels in a row, directly reaching the ninth level of the Open Light Realm. Ye Feng's true combat power has increased many times compared to before.

Although the entire endless volcano shattered at this time, endless lava surged out.

But these demons who came to fight for the ancient flame dragon, whether they were the abyss demons or the nightmare clan, were very powerful and were not afraid of the burning power of these molten magma.

"Roar....."

And at this moment, a weak but majestic dragon roar suddenly came from the depths of the earth at the center of the endless volcanic area.

boom!

And at the next moment, as a large piece of lava exploded, a small red juvenile dragon slowly emerged from the endless flaming lava.

Chapter 2764 Lurking in the Void

Buzz!

At this moment, the ancient flame dragon that was bred from the magma was very small, only a dozen meters long.

However, the dragon power emanating from this immature ancient flame dragon is extremely huge and terrifying.

It has to be said that the life origin of this ancient flame dragon must be very noble, otherwise it would not be possible for him to exude such strong dragon majesty right after he was born.

"The Ancient Flame Dragon has finally been conceived!"

At this moment, the two demon teams present saw this scene, and their faces suddenly showed expressions of excitement.

They have been waiting here for a long, long time, and finally waited until this immature ancient flame dragon was conceived.

For the Abyss Dynasty and the Nightmare Dynasty, if one of them can snatch this ancient flame dragon in its infancy and take it back, after cultivating it properly, it will definitely become the patron saint of their dynasty in the future.

Because this ancient flame dragon has the bloodline of ancient mythical beasts, if it can be cultivated to maturity, its strength will be almost comparable to the ancient gods, which is very terrifying.

So at this time, whether it is the Abyss Dynasty or the Nightmare Dynasty, the two teams are bursting out with powerful power at this moment, and they are rushing towards the ancient flame dragon in the middle of the endless volcanic area, both thinking of killing them. Grab this ancient flame dragon quickly. ??

Because this small ancient flame dragon is simply a huge treasure to them, with unlimited potential.

But at this time, the ancient flame dragon seemed to feel severe danger.

Even if it has just been conceived by nature, it is just an immature ancient flame dragon, maybe just a child.

But at this moment, an earth-shaking roar came out instantly.

Along with this terrifying dragon roar, all the ground in the surrounding endless volcanic area cracked, and then endless lava spewed out, condensing into a huge lava barrier.

This huge magma barrier had extremely powerful power, and it blocked all the teams of the two demon dynasties, hoping to use this to resist their robbery.

"Boom!"

Almost at the next moment, the strong men of the two demon dynasties all attacked with terrifying power, and they all bombarded the huge molten barrier.

"Click, click..."

It has to be said that these two demon dynasties are very powerful, so their attacks are astonishingly destructive.

Even if this ancient flame dragon used the power of nature's magma to form a barrier, it could not withstand the attacks of these two demon dynasties at this moment.

The magma barrier instantly shattered into countless magma fragments.

"The Ancient Flame Dragon is mine!"

The King of the Abyss roared loudly at this time and instantly grabbed the Ancient Flame Dragon.

The surrounding group of other strong men from the Abyss Dynasty all formed a human wall to resist the robbery of the Nightmare Dynasty.

"Get out of my way!"

The commander of the Nightmare Dynasty, the Lord of Nightmares, roared violently at this moment, and a red light burst out from his eyes.

This is a mental attack!

Released all at once!

The group of strong Abyss Demons who were resisting the Nightmare Dynasty all felt a splitting headache in an instant, and they all covered their heads in pain and screamed.

Then the Lord of Nightmares suddenly flew behind the King of the Abyss, stretched out a hand directly, and also emitted a red light. It was an attack of soul power. He wanted to directly attack the spirit and soul of the King of the Abyss.

"Hell's Shield!"

This King of the Abyss obviously seems to have researched on spiritual power. At this moment, he cast a soul-level demon spell.

Buzz!

Instantly, a black barrier appeared around his head, blocking all the red light.

At this moment, the Lord of Nightmares flew to the left side of the King of the Abyss, holding a magic weapon that seemed to be a soul weapon in his hand.

It was a golden triangular fork, thrust directly towards the King of the Abyss.

At this time, the Hell Demon Halberd appeared in the hand of the King of the Abyss, and a terrifying wave of magic light instantly erupted, directly colliding with the Golden Triangle of the Lord of Nightmares.

"Boom!!"

Immediately, an extremely violent roar erupted across the entire field, creating an extremely violent collision aftermath that spread in all directions.

Obviously, the commanders of these two demon dynasties knew at this moment that there was no huge threat to the Ancient Flame Dragon, and the biggest threat came from each other.

So at this time, they killed each other and wanted to eradicate each other. In this case, the Ancient Flame Dragon would be the winner.

"Rumble..."

The two demon commanders were both very powerful. They were fighting together in the entire sky at this moment. They immediately erupted with terrifying destructive power, causing a group of followers around them to retreat one after another, not daring to approach them. The middlemost area where they fight each other.

Buzz...

But at this time, no one expected that Ye Feng was using the power of the space gem to walk quickly in the void, lurking towards the center of the endless volcano where the ancient flame dragon was born. Go, no one noticed the whole process at all. After all, the effect of the space gem is so magical that ordinary people cannot detect the movement in the void.

Rumble...

At this moment, the two demon commanders who were fighting high in the sky, although their cultivation levels were very strong, they were all using real fire at this time.

At this moment, it is simply a life and death struggle.

So at this time, they didn't have time to notice anyone else approaching.

After all, the place where the ancient flame dragon was born is very confidential. Only the Abyss Dynasty and the Nightmare Dynasty know about this place.

So they never thought that Ye Feng would secretly follow him.

Moreover, the commanders of these two demon dynasties knew that they were so powerful. Even if there were other people lurking around, they probably would not dare to take action.

But what they don't understand is that Ye Feng's cultivation has improved a lot now and he is no longer afraid of them.

So at this time, Ye Feng didn't hesitate at all. He lurked around the Ancient Flame Dragon, and then with a "swish" sound, he rushed out of the void in an instant and stretched out his hand to grab the Ancient Flame Dragon. past. Buzz!

At this moment, the ancient flame dragon that was bred from the magma was very small, only a dozen meters long.

However, the dragon power emanating from this immature ancient flame dragon is extremely huge and terrifying.

It has to be said that the life origin of this ancient flame dragon must be very noble, otherwise it would not be possible for him to exude such strong dragon majesty right after he was born.

"The Ancient Flame Dragon has finally been conceived!"

At this moment, the two demon teams present saw this scene, and their faces suddenly showed expressions of excitement.

They have been waiting here for a long, long time, and finally waited until this immature ancient flame dragon was conceived. .??.

For the Abyss Dynasty and the Nightmare Dynasty, if one of them can snatch this ancient ancient flame dragon in its infancy and take it back, after cultivating it properly, it will definitely become the patron saint of their dynasty in the future.

Because this ancient flame dragon has the bloodline of ancient mythical beasts, if it can be cultivated to maturity, its strength will be almost comparable to the ancient gods, which is very terrifying.

So at this time, whether it is the Abyss Dynasty or the Nightmare Dynasty, the two teams are bursting out with powerful power at this moment, and they are rushing towards the ancient flame dragon in the middle of the endless volcanic area, both thinking of killing them. Grab this ancient flame dragon quickly.

Because this small ancient flame dragon is simply a huge treasure to them, with unlimited potential.

But at this time, the ancient flame dragon seemed to feel severe danger.

Even if it has just been conceived by nature, it is just an immature ancient flame dragon, maybe just a child.

But at this moment, an earth-shaking roar came out instantly.

Along with this terrifying dragon roar, all the ground in the surrounding endless volcanic area cracked, and then spewed out endless lava, condensing into a huge lava barrier.

This huge magma barrier had extremely powerful power, and it blocked all the teams of the two demon dynasties, hoping to use this to resist their robbery.

"Boom!"

Almost at the next moment, the strong men of the two demon dynasties all attacked with terrifying power, and they all bombarded the huge molten barrier.

"Click, click..."

It has to be said that these two demon dynasties are very powerful, so their attacks are astonishingly destructive.

Even if this ancient flame dragon used the power of nature's magma to form a barrier, it could not withstand the attacks of these two demon dynasties at this moment.

The magma barrier instantly shattered into countless magma fragments.

"The Ancient Flame Dragon is mine!"

The King of the Abyss roared loudly at this time and instantly grabbed the Ancient Flame Dragon.

The surrounding group of other strong men from the Abyss Dynasty all formed a human wall to resist the robbery of the Nightmare Dynasty.

"Get out of my way!"

The commander of the Nightmare Dynasty, the Lord of Nightmares, roared violently at this moment, and a red light burst out from his eyes.

This is a mental attack!

Released all at once!

The group of strong Abyss Demons who were resisting the Nightmare Dynasty all felt a splitting headache in an instant, and they all covered their heads in pain and screamed.

Then the Lord of Nightmares suddenly flew behind the King of the Abyss, stretched out a hand directly, and also emitted a red light. It was an attack of soul power. He wanted to directly attack the spirit and soul of the King of the Abyss.

"Hell's Shield!"

This King of the Abyss obviously seems to have researched on spiritual power. At this moment, he cast a soul-level demon spell.

Buzz!

Instantly, a black barrier appeared around his head, blocking all the red light.

At this moment, the Lord of Nightmares flew to the left side of the King of the Abyss, holding a magic weapon that seemed to be a soul weapon in his hand.

It was a golden triangular fork, thrust directly towards the King of the Abyss.

At this time, the Hell Demon Halberd appeared in the hand of the King of the Abyss, and a terrifying wave of magic light instantly erupted, directly colliding with the Golden Triangle of the Lord of Nightmares.

"Boom!!"

Immediately, an extremely violent roar erupted across the entire field, creating an extremely violent collision aftermath that spread in all directions.

Obviously, the commanders of these two demon dynasties knew at this moment that there was no huge threat to the Ancient Flame Dragon, and the biggest threat came from each other.

So at this time, they killed each other and wanted to eradicate each other. In this case, the Ancient Flame Dragon would be the winner.

"Rumble..."

The two demon commanders were both very powerful. They were fighting together in the entire sky at this moment. They immediately erupted with terrifying destructive power, causing a group of followers around them to retreat one after another, not daring to approach them. The middlemost area where they fight each other.

Buzz...

But at this time, no one expected that Ye Feng was using the power of the space gem to walk quickly in the void, lurking towards the center of the endless volcano where the ancient flame

dragon was born. Go, no one noticed the whole process at all. After all, the effect of the space gem is so magical that ordinary people cannot detect the movement in the void.

Rumble...

At this moment, the two demon commanders who were fighting high in the sky, although their cultivation levels were very strong, they were all using real fire at this time.

At this moment, it is simply a life and death struggle.

So at this time, they didn't have time to notice anyone else approaching.

After all, the place where the ancient flame dragon was born is very confidential. Only the Abyss Dynasty and the Nightmare Dynasty know about this place.

So they never thought that Ye Feng would secretly follow him.

Moreover, the commanders of these two demon dynasties knew that they were so powerful, and even if there were other people lurking around, they probably would not dare to take action.

But what they don't understand is that Ye Feng's cultivation has improved a lot now and he is no longer afraid of them.

So at this time, Ye Feng didn't hesitate at all. He lurked around the Ancient Flame Dragon, and then with a "swish" sound, he rushed out of the void in an instant, and stretched out his hand to grab the Ancient Flame Dragon. past.

Chapter 2765 A last-ditch battle is necessary

Buzz!

Ye Feng suddenly flew out of the void and grabbed the ancient flame dragon.

This movement immediately attracted the attention of all the powerful demons in the sky.

The two King of the Abyss and the Lord of Nightmares, who were desperately killing each other, stopped fighting for an instant and looked down.

When they saw a little human boy trying to rob the Ancient Flame Dragon, their eyes suddenly showed deep anger.

"Damn it! There is actually a hateful human kid lurking around, waiting for us to take advantage of the fiercest battle. It is really treacherous!"

At this moment, the Lord of Nightmares couldn't help but roared angrily.

At this time, the King of the Abyss also saw Ye Feng's face clearly, and he couldn't help but said in shock and anger: "It turns out to be that human boy, he has been following me behind, it is really disgusting! "

The King of the Abyss has never had a conflict with Ye Feng before, the purpose is to prevent Ye Feng from coming here to cause destruction.

But what he never expected was that Ye Feng would secretly follow him and discover his plan here. .??.

This made the King of the Abyss suddenly feel filled with deep rage.

"Damnable human boy, you must die!!"

The King of the Abyss's eyes were filled with black light. In an instant, he held the Hell Demon Halberd in his hand and frantically bombarded Ye Feng below.

At this time, the Nightmare Lord's eyes also emitted a red light, and he shouted directly: "Soul Curse!"

boom!

boom!

The demon power of two terrifying hell interfaces surged down from high altitude in an instant, seemingly able to destroy everything tangible and intangible.

However, Ye Feng did not do so at this time.

There was a conflict with the two extremely angry commanders of the demon dynasty.

Uh-huh!

Ye Feng collected the ancient flame dragon directly into the storage ring, and instantly got into the void, using the space gem to quickly run towards the distance.

"Gate to the Void!"

boom!

Suddenly at this moment, a crimson door of light rushed out of the Nightmare Lord's body.

This light gate is a very special space treasure that blocks the entire void at once.

Bang!

Ye Feng advanced in the void and directly hit the red light door, which was bounced back.

"Space crack!"

At this moment, Ye Feng did not hesitate and directly activated the power of the space gem and swiped his hand in front.

"Bah" sound!

The crimson light door was instantly torn open by Ye Feng, creating a spatial crack.

Uh-huh!

The next moment, Ye Feng rushed out of the red light door.

But at this time, the attack of the King of the Abyss has also arrived.

The Hell Demon Halberd in the King of the Abyss's hand turned directly into a black steel demon dragon at this moment, and instantly bombarded Ye Feng's body.

Rumble...

This is a very horrific attack.

Ye Feng's entire body was blown away and hit the ground.

The entire ground immediately shattered and turned into ruins.

But Ye Feng's body is very strong.

At this moment, Ye Feng withstood the attack of the King of the Abyss without any damage to his body.

Although it hit the ground, Ye Feng immediately flew out of the ruins and continued running towards the distance.

Ye Feng knew that there was no way that he could be an opponent of the two demon dynasty commanders joining forces.

If he were just a demon commander, then Ye Feng could still fight with his current level of cultivation.

But when the two demon commanders joined forces, Ye Feng was no match at all.

So at this time, what Ye Feng wanted was to escape quickly.

Anyway, this time Ye Feng has obtained the biggest treasure, the small ancient flame dragon, which is already contained in Ye Feng's storage ring at this moment.

However, although this little ancient flame dragon had just been conceived and had no specific consciousness, he was aware of the danger. ??

At this moment, the Ancient Flame Dragon was in Ye Feng's storage ring space, quickly hitting the space barrier of Ye Feng's storage ring, trying to escape from this storage ring space.

Ye Feng could see that there were even cracks on the surface of his storage ring.

"What a powerful force. Is this really just a newly conceived dragon cub?"

This surprised Ye Feng.

I didn't expect that this little ancient flame dragon would be so powerful, making such a high-end storage ring almost break into pieces.

However, the more powerful the Ancient Flame Dragon is, the happier Ye Feng is, indicating that the potential of this little dragon is greater.

Swish, swish, swish!

At this time, Ye Feng quickened his pace,

You must hurry up and get away from the joint attack of the two hell demon commanders behind you, and then find a quiet place to tame the ancient flame dragon that has been messing around in the storage ring.

Rumble...

However, the attack power behind them is really terrifying. After all, the attack power of the King of the Abyss and the Lord of Nightmares is extremely terrifying. They are extremely angry at this moment. For Ye Feng, an uninvited guest who came out halfway, they are naturally The relentless pursuit will not give up so easily.

Even if Ye Feng uses the space gem to escape quickly, at this moment, he will not be able to escape the pursuit range of the King of the Abyss and the Lord of Nightmares behind him.

In the end, as more and more scars appeared on Ye Feng's body, Ye Feng gradually became exhausted.

At this time, Ye Feng's eyes finally showed a hint of determination.

Because he knew that escaping had no effect and that there was no way to get rid of the two super powerful demon commanders.

At this moment, Ye Feng must fight with his back to the wall!

"Uh-huh!"

Finally, Ye Feng stopped at the top of a dark forest, then turned around and looked at the two commanders of the demon dynasty chasing behind him, the King of the Abyss and the Lord of Nightmares.

At this moment, seeing Ye Feng actually stop and turn to look at them, the King of the Abyss suddenly showed a deep cruel look in his eyes.

Then the King of the Abyss smiled cruelly and said: "Young boy from the human race, I didn't expect you to be so cunning and treacherous. You have been secretly following our team of the Abyss Dynasty, discovered our secret, and actually took action at the most critical moment. I have snatched the Ancient Flame Dragon away, and now I will give you a chance. If you can hand over the Ancient Flame Dragon cub in your hand to me, then I will let you live, how about it?"

Chapter 2766 His face turned pale with fear

At this moment, when Ye Feng heard what the King of the Abyss said, a hint of sneer appeared on his face, and then he said loudly: "Once the cub of the Ancient Flame Dragon is in my hands, it will be impossible to let it go." You're out, so just give up on this idea."

"presumptuous!"

Hearing Ye Feng say such firm words, the majestic face of the King of the Abyss suddenly became gloomy.

His eyes were full of terrifying murderous intent, he stared at Ye Feng, and said slowly: "Good boy, you really want to drink wine as a penalty!"

At this moment, the Nightmare Lord next to him also looked at the King of the Abyss, and then said aloud: "Stop talking nonsense with this hateful boy from the human race. Let's just join forces and kill this boy directly. This boy has His cultivation aura is only that of the ninth level of enlightenment. He is too far behind us and cannot be our opponent."

At this moment, after the Lord of Nightmares finished speaking, a crimson light burst out from his eyes.

These crimson rays of light directly turned into a very terrifying spiritual and soul-corrosive power, covering Ye Feng.

Ye Feng immediately felt that he was enveloped in a crimson light, and his spirit and soul were rapidly disintegrating and decaying.

This is a very terrifying soul attack!

I have to say that this Lord of Nightmares is worthy of being the commander of a dynasty, very powerful.

At this moment, of course Ye Feng would not be killed by the Lord of Nightmares just like that.

boom!

At this moment, Ye Feng immediately burst out with his extremely powerful soul power.

You know, Ye Feng's current soul power is truly at level 250,000.

So at this moment, the moment Ye Feng burst out his soul power, a soul storm suddenly swept out from Ye Feng's head.

This kind of soul storm is full of extremely terrifying destructiveness, instantly sweeping away and shattering all the crimson rays of light around it.

Even if the Lord of Nightmares was standing not far away, at this moment he felt a very terrifying soul power sweeping towards him, as if it was about to sweep his entire body into pieces.

The Nightmare Lord's eyes were immediately filled with deep horror, and he couldn't help but make a sound

Exclaimed: "This human kid is actually a legendary soul master! And his soul power level is extremely powerful. He must have hundreds of thousands of levels of soul power. Even I feel a feeling of the shadow of death! The abyss Wang, hurry up and take action, I can't deal with this hateful boy by myself!"

At this moment, the King of the Abyss's eyes were filled with deep shock and anger.

Because he discovered that Ye Feng's cultivation had reached the ninth level of the Consecrated Light Realm.

You know, just a few hours ago, when the conflict broke out between the King of the Abyss and Ye Feng, the King of the Abyss sensed the cultivation aura of Ye Feng, who was in the sixth level of the Open Light Realm.

But in just a few short hours, Ye Feng was subtly promoted to the ninth level of the Consecrated Light Realm?

This is really incredible!

No matter how evil the genius is, it is impossible to break through the third level of heaven in just a few hours.

This is really weird!

At this moment, the King of the Abyss immediately understood that Ye Feng was definitely a very terrifying human monster!

It cannot be measured according to common sense!

At this moment, the King of the Abyss no longer hesitated, and immediately burst out with his most powerful power and attacked Ye Feng.

Because the King of the Abyss knows very well that if Ye Feng is not killed today, Ye Feng may pose a huge threat to their entire dynasty in the future.

At this moment, the Abyss Hell Demonic Halberd held by the King of the Abyss suddenly grew in size rapidly, and finally turned into a long steel dragon, charging towards Ye Feng with surging demonic energy.

"kill!"

At this moment, Ye Feng didn't hesitate at all, and directly burst out his extremely powerful chaotic body power, and then punched out hard.

Moreover, Ye Feng's punch also incorporated the power of the Brute Force Gem, so this punch was Ye Feng's most peak punch, full of terrifying impact.

Boom! !

When Ye Feng's fist struck the Hell Demon Halberd in the hands of the King of the Abyss, it became

The moment the steel dragon climbed up, a terrifying roar resounded throughout the world.

The surrounding mountains and earth shattered into pieces, and were completely destroyed by the sound waves of the collision.

At this moment, with a "click, click, click" sound, Ye Feng's fist suddenly burst out with incredible power, instantly shattering the entire body of the long steel dragon transformed into a hell magic halberd.

"What?!"

Seeing this scene, the King of the Abyss immediately showed deep horror in his eyes.

He couldn't help but widen his eyes and yelled: "What kind of body do you have? How can you have such terrifying power? Even the hell magic halberd that I have carefully refined for countless years was shattered. It's made of magic iron!"

At this moment, Ye Feng's fist was shining with the light of the brute force gem, but the two demon kings in front of him naturally didn't understand that there was also a legendary gem of the gods integrated into Ye Feng's fist.

Wow! !

Suddenly, at this moment, red silk threads pierced through from not far away, trying to tear Ye Feng's entire body apart.

This is exactly how the Nightmare Lord launched a sneak attack!

He wanted to penetrate Ye Feng's entire soul while Ye Feng was not paying attention, and then control Ye Feng.

However, Ye Feng's powerful perception had already detected this movement.

Swish!

So at this moment, Ye Feng immediately burst out his soul power, forming a soul light shield around himself, successfully blocking all those red silk threads.

"Nightmare Lord, perhaps other ordinary human warriors will have terrible nightmares when they encounter you, but for me, you are not a big threat at all."

At this moment, Ye Feng instantly burst out all his soul power, and then a huge dark soul giant condensed directly behind Ye Feng.

The dark soul giant rushed directly in front of the Nightmare Lord, and then fiercely bombarded the Nightmare Lord with one hand.

At the moment of the bombardment, Ye Feng also burst out the Thunder Emperor Seal

.

So the hands of this dark soul giant suddenly burst out with brilliant lightning light, and instantly bombarded the Nightmare Lord.

"Ah!"

The Lord of Nightmares knew that he was the purest demon from the hell interface, and he was also a soul in the demon.

So at this moment, he could not resist the power of the strongest and most yang soul thunder between heaven and earth.

At this moment, after the thunder in the Thunder Emperor Seal of the Lord of Nightmares hit him, he screamed and his whole body was broken quickly.

The King of the Abyss saw this scene and was immediately frightened and his face turned pale.

He never thought that Ye Feng's fighting power would be so fierce.

Swish!

So at this moment, the King of the Abyss actually fled quickly to the back, and seemed not to intend to fight with Ye Feng.

When Ye Feng saw this scene, he smiled coldly, rushed to the King of the Abyss in an instant, and said: "King of the Abyss, the emperor of the demon clan, didn't you want to kill me? Why are you running away now? You can't leave, stay and be my nourishment!"

Boom!

At this moment, Ye Feng stretched out a hand and immediately grabbed the King of the Abyss. Then, a dark swallowing field burst out from his body, quickly absorbing the power from the King of the Abyss and integrating it into his own body, with a very enjoyable expression on his face.

Seeing Ye Feng's expression full of evil and enjoyment, the King of the Abyss, even though he was the emperor of the demon clan, instantly showed deep fear on his face at this moment, and couldn't help but say: "I finally understand why your cultivation level has improved so quickly. You have swallowed up all the hell vein resources I gave you. You are not a human at all. You are a terrifying demon, a weird evil spirit, ah..."

Accompanied by a shrill scream, the King of the Abyss was completely swallowed up by Ye Feng, turned into a mummy, and fell from the sky.

Boom!

At this time, Ye Feng's cultivation level was transformed, and he suddenly burst out with the momentum of breakthrough.

Directly broke through to the state of great perfection of the tenth level of Kaiguang Realm!

Chapter 2767 Domestication Successful

At this moment, with Ye Feng's breakthrough in cultivation, the huge aura released from his body caused the entire surrounding land to shatter.

At this time, the Nightmare Lord not far away was still screaming miserably.

At this moment, the Soul Giant is still releasing the power of thunder and lightning, shocking the Nightmare Lord crazily, making it impossible for the Nightmare Lord to escape from the power grid.

"Sir, spare me, spare me!"

Under Thunder's crazy electric shock, the Nightmare Lord was in extreme pain at this time.

At this moment, he immediately knelt down in the direction of Ye Feng and quickly begged for mercy.

Because the Lord of Nightmares knows that the King of the Abyss is dead, and now they have no chance to make a comeback.

At this time, the life and death of the Nightmare Lord was in Ye Feng's hands.

Uh-huh!

Ye Feng flew in front of the Lord of Nightmares, looked at the Lord of Nightmares who was trapped by lightning, and said slowly: "There is no use in keeping you alive, so you should become my nourishment, hahaha."

At this moment, Ye Feng laughed loudly, and then instantly activated his huge soul power. Suddenly, a soul storm appeared, which instantly impacted the Lord of Nightmares, and completely destroyed the Lord of Nightmares. The body was crushed into pieces and turned into countless soul fragments.

"Swallow!"

At this moment, Ye Feng immediately released the Devouring Domain, absorbing all the soul fragments that the Nightmare Lord had shattered into into his own sea of souls.

Buzz!

The next moment, Ye Feng immediately felt that his soul power had been greatly improved.

"boom!"

At this moment, Ye Feng's soul power immediately began to rise, from level 250,000 to level 300,000!

"The soul power has been increased by 50,000 levels. It's really a great supplement."

At this time, Ye Feng sensed the benefits brought by the improvement of soul power, and he couldn't help laughing.

Ye Feng could feel that his soul power had suddenly improved so much, which made his perception, reaction, and some subtle powers all stronger.

Uh-huh!

After dealing with the two powerful enemies, the Lord of Nightmares and the King of the Abyss, Ye Feng immediately took out the fussy Ancient Flame Dragon cub from the storage ring.

boom!

Then Ye Feng instantly released his powerful chaos body power and began to suppress the cub of the ancient flame dragon.

For Ye Feng, the potential of this ancient flame dragon cub is still very huge.

Therefore, Ye Feng must completely tame the Ancient Flame Dragon at this moment.

In this case, the Ancient Flame Dragon will not resist him in the future and will become his most loyal helper.

Although the cub of the Ancient Flame Dragon is the descendant of the ancient mythical beast, even in its infancy, it is extremely powerful and its fire power is terrifying.

But in an unconscious state, he naturally couldn't resist Ye Feng's suppression.

You know, Ye Feng's own natal flame is also very powerful.

Therefore, the Ancient Flame Dragon could not cause much harm to Ye Feng.

In less than half an hour, Ye Feng had completely suppressed the Ancient Flame Dragon.

At this time, Ye Feng released

A soul mark of his came and entered the soul of the ancient flame dragon, making the ancient flame dragon completely become Ye Feng's most loyal assistant.

Ye Feng's domestication is different from other people's domestication.

The domestication of others is to slowly make the cubs of this ancient beast trust themselves. They have experienced many hardships together, and then have a series of love and hate, and then let the cubs of the ancient beasts become their closest partners.

But Ye Feng's domestication does not require such routines and complexity.

Because that's such a waste of time and energy.

Ye Feng is a human soul master. As long as he puts his soul mark into the initial soul of the ancient beast cub before it has formed a specific consciousness, he can let the ancient beast cub get close to him. , will never betray myself, so perfect.

Buzz!

At this time, a dark soul mark rushed out of Ye Feng's head, and then entered the mind of the ancient flame dragon cub in front of him.

At this moment, Ye Feng immediately saw that there was an initial soul space in the mind of this ancient flame dragon cub.

In the very middle of this soul space, there is a small crimson light.

"This crimson light should be the original spirit and soul light of the Ancient Flame Dragon at this moment."

Ye Feng murmured at this time, and then instantly imprinted his soul imprint directly on this small group of soul light.

The moment the branding was successful, Ye Feng immediately felt that he had an extremely strong sense of control over this ancient flame dragon cub.

Sure enough, at the next moment, the ancient flame dragon cub no longer resisted and made trouble, but opened its eyes, staring at Ye Feng with flaming red eyes. It no longer had the previous hostility, but was filled with a deep feeling. A deep sense of closeness, as if seeing one's own relatives.

"Yes, successfully domesticated."

Ye Feng nodded with satisfaction at this time, then stretched out his finger and injected a piece of his chaotic power into the body of the ancient rock dragon cub.

Ye Feng's current chaotic power is extremely advanced and can help this ancient flame dragon cub continue to develop.

In fact, the fact that the cub of the ancient flame dragon was obtained by Ye Feng was also the creation of the cub of the ancient flame dragon.

Because whether it is the King of the Abyss or the Lord of Nightmares, if he catches the Ancient Flame Dragon, he will definitely not give the Ancient Flame Dragon freedom. He will treat the Ancient Flame Dragon like a slave, and he will definitely not train the Ancient Flame Dragon like Ye Feng. of dedicated efforts.

At this time, the ancient flame dragon cub was injected with Ye Feng's chaotic power, and the fire all over its body instantly became much more intense.

Obviously Ye Feng's extremely advanced chaotic power has a huge effect on this ancient flame dragon's cub.

Uh-huh!

At this moment, the ancient flame dragon cub flew directly onto Ye Feng's shoulder and lay down, very close to him.

"The little guy is so cute."

Ye Feng also smiled slightly at this time, touched the ancient flame dragon's little head with a small dragon horn, and then flew away in a certain direction in the distance.

After calculating the time, it was almost time for Ye Feng to enter this hellish interface for assessment.

A month has almost passed.

So at this time, Ye Feng immediately flew towards the direction of the previous entrance, preparing to leave this hell interface. At this moment, with Ye Feng's breakthrough in cultivation, the huge aura released from his body caused the entire surrounding land to shatter.

At this time, the Nightmare Lord not far away was still screaming miserably.

At this moment, the Soul Giant is still releasing the power of thunder and lightning, shocking the Nightmare Lord crazily, making it impossible for the Nightmare Lord to escape from the coverage of the power grid.

"Sir, spare me, spare me!"

Under Thunder's crazy electric shock, the Nightmare Lord was in extreme pain at this time.

At this moment, he immediately knelt down in the direction of Ye Feng and quickly begged for mercy.

Because the Lord of Nightmares knows that the King of the Abyss is dead, and now they have no chance to make a comeback.

So at this time, Ye Feng immediately flew towards the direction of the previous entrance, preparing to leave this hell interface.

Chapter 2768 An unprecedented disaster

After spending half a day, Ye Feng finally found the previous entrance, stepped directly into the space vortex, and disappeared.

Buzz!

Following a violent space fluctuation, Ye Feng successfully left the hell interface and returned to the center of the God Realm.

But just when Ye Feng came out, he saw a very shocking scene.

I saw bodies everywhere outside.

These corpses are basically human corpses, and most of them are wearing the clothes of the outer disciples of the Holy Land of Heaven.

Ye Feng immediately realized that they must be the outer disciples of Tiandao Holy Land who had come out in advance and were waiting to assemble outside. In the end, they were all killed by mysterious beings.

Uh-huh!

Ye Feng's eyes were a little shaken, and he flew directly to the body of an outer disciple of the Holy Land of Heaven.

He didn't understand who was so bold as to kill all the outer disciples of the Holy Land of Heaven.

You must know that the Holy Land of Heaven is located in the center of the God Realm. It can be said to be a first-class sect. It has a very profound strength and a prestigious reputation. Most people or forces would not dare to kill the outer disciples of the Holy Land of Heaven like this.

At this moment, Ye Feng squatted down and inspected the wounds of the outer disciples of the Holy Land of Heaven.

He immediately saw that the wounds on the dead disciples of the Holy Land of Heaven were basically five deep claw marks, all of which were pierced into the body. The flesh and blood became pitch black, and some dark traces remained in the wounds. gas.

"This is...the dark race!"

Ye Feng's eyes were suddenly startled.

This dark gas is the remnant of the pure and incomparable power of the dark race. It is darker than the hell gas that Ye Feng encountered in the hell interface.

In other words, all the outer disciples of the Holy Land of Heaven at the scene were killed by an extremely powerful dark race.

But in the center of the God Realm, there are protective shields arranged by countless superpowers in the God Realm.

Whether it is the sky or the earth, they can protect the extremely evil dark race from the protective shield.

But why did such a powerful dark race suddenly appear here and kill all the outer disciples of the Holy Land of Heaven?

In the wilderness, Ye Feng could see that there were many corpses that had turned black. They were obviously killed by the dark race. They were very miserable.

Ye Feng immediately fell into deep thinking at this time.

Could it be that the ancient defensive barrier in the center of the God Realm was broken, allowing the dark race to invade the land in the center of the God Realm?

If that's the case, it could be very troublesome.

There will be a huge crisis in the entire center of the God Realm.

You must know that the reason why the ancient gods in the center of the God Realm disappeared from history is because a dark turmoil occurred every other era, causing the entire center of the God Realm to fall into endless disputes, leading to The ancient gods will all fall.

"Could it be that the dark turmoil of this era has arrived early?"

Ye Feng couldn't help but murmured.

This is the most likely guess.

But to confirm this guess, Ye Feng must rush back to the headquarters of Tiandao Holy Land to see what is going on?

"boom!

"

And just when Ye Feng was about to leave here, a huge sound suddenly came from the jungle not far away.

Uh-huh!

Ye Feng sensed the sound and immediately galloped away in that direction.

Wow!

When Ye Feng rushed into the jungle, he immediately saw an old monk wearing a red cassock. He was using the golden scepter in his hand to blow away a humanoid monster covered with pitch black scales. It hit the ground not far away and turned into ruins.

"who?"

The old monk wearing a red cassock sensed Ye Feng's breath behind him at this moment, and immediately turned around to prepare for an attack.

But the next moment, the old monk saw Ye Feng's appearance, and immediately couldn't help but said with surprise: "It turns out that you are a young man from the human race. Why are you still here? This area has been completely destroyed and turned into darkness. This is the place where the race lives, it's too dangerous, please leave as soon as possible!"

Ye Feng was a little confused when the old monk said this, because this area is controlled by the Holy Land of Heaven. Why did it suddenly fall and become the survival place of the dark race?

At this moment, Ye Feng did not leave immediately. Instead, he walked up to the old monk and couldn't help but ask: "This Buddhist senior, what is all this going on? I have just completed the assessment task of our Heavenly Dao Holy Land. , after coming out, I found corpses all over the place, and there were also signs of the survival of the dark race. "

"It turns out you are a disciple of the Holy Land of Heaven."

The old monk nodded, and then said aloud: "You are right in your guess. The ones who killed those disciples of your Holy Land of Heaven must be the dark race. Now the entire land in the center of the God Realm is in chaos, and there are many super powers. All the territories were conquered by the dark race."

"What?"

Hearing what the old monk said, Ye Feng's eyes suddenly showed deep shock.

Unexpectedly, the number of dark races this time was greater than he thought.

Ye Feng originally guessed that it might just be a powerful dark race that escaped the seal and then came out to do evil.

What I didn't expect was that the entire center of the God Realm was in chaos.

This is tantamount to a full-scale attack by the dark race.

The old monk's face was extremely solemn at this time, and he said loudly: "This time is an unprecedented disaster. Only the major super powers can protect themselves. Even our Buddhist practitioners who have been lurking for thousands of years have come out to save the world. Young man, I advise you to leave here as soon as possible and return to your headquarters in the Holy Land of Heaven, which may make you safer."

"Now the entire central land of God Realm has been completely invaded by the dark interface. Among them, the three top dark interfaces of 'Hell Realm', 'Demon Realm' and 'Demon Realm' are leading the comprehensive attack on the central land of God Realm. I don't know the specific reasons. I don't know why, but it is rumored to be related to the 'Origin World', the supreme interface that has been rumored for generations."

boom!

When the old monk said this, suddenly from the ruins not far away, the humanoid creature covered with black scales that had been blasted away rushed out in an instant.

Obviously, this dark creature was not killed by the old monk, but only suffered a few injuries. It was still extremely cruel and ferocious. At this moment, it continued to attack the old monk, its eyes were red, and its body exuded a strong energy. The dark energy is very terrifying. After spending half a day, Ye Feng finally found the previous entrance, stepped directly into the space vortex, and disappeared.

Buzz!

Following a violent spatial fluctuation, Ye Feng successfully left the hell interface and returned to the center of the God Realm.

But just when Ye Feng came out, he saw a very shocking scene.

I saw bodies everywhere outside.

These corpses are basically human corpses, and most of them are wearing the clothes of the outer disciples of the Holy Land of Heaven.

Uh-huh!

Ye Feng's eyes were a little shaken, and he flew directly in front of the corpse of an outer disciple of the Holy Land of Heaven.

He didn't understand who was so bold as to kill all the outer disciples of the Holy Land of Heaven.

You must know that Tiandao Holy Land is located in the center of the God Realm. It can be said to be a first-class large sect. It has a very profound strength and a prestigious reputation. Most people or forces would not dare to kill the outer sect disciples of Tiandao Holy Land like this.

At this moment, Ye Feng squatted down and inspected the wounds of the outer disciples of the Holy Land of Heaven.

He immediately saw that the wounds on the dead disciples of the Holy Land of Heaven were basically five deep claw marks, all of which were pierced into the body. The flesh and blood became pitch black, and some dark traces remained in the wounds. gas.

Chapter 2769 Fighting to support war

Uh-huh!

At this moment, this dark creature roared and roared, extremely cruel, and charged towards the old monk.

Ye Feng suddenly felt a very terrifying evil spirit, surging in his direction.

Obviously, although this dark creature seemed to be very ordinary, its strength was extremely terrifying, making Ye Feng feel frightened at this moment.

Ye Feng immediately understood that this time the land at the center of the God Realm might really be in danger.

Because the dark races that have invaded the land at the center of the God Realm are all very terrifying.

I have just encountered one, and he already possesses such terrifying strength.

"Evil beast!"

At this moment, the old monk roared loudly, and the golden Buddha staff in his hand instantly burst out with extremely bright golden Buddha light, forming a large golden mask in an instant, and directly blasted the dark creature away.

At this time, the old monk looked at Ye Feng beside him and said loudly: "Young man, you'd better leave here as soon as possible. It's too dangerous for you right now."

Ye Feng nodded immediately and said: "Okay, this junior will leave here soon."

Because he also felt that just when a dark creature appeared, he felt frightened.

It is indeed very dangerous for me to be here now.

This dark turmoil specifically aimed at the entire center of the God Realm is not something that the outer disciples of this small Holy Land of Heaven can temporarily resist.

So at this moment, Ye Feng immediately hugged the old monk and flew towards the distance quickly.

Swish, swish, swish...

Ye Feng's speed was very fast and he left this primitive forest area in a blink of an eye.

Along the way, Ye Feng used the space treasure to

Shi hid his body movement fluctuations.

So even if he encountered some very scary dark creatures, no one would find Ye Feng's traces.

Along the way, Ye Feng became more and more shocked. Unexpectedly, in this originally peaceful and peaceful virgin forest, dark creatures lurking appeared, all of which were constantly eating away at the center of the God Realm.

At this time, Ye Feng did not hesitate any more, did not waste time at all, and flew straight towards the direction of the Holy Land of Heaven.

Ye Feng was very fast, and within half a month, he had returned to the headquarters of Tiandao Holy Land.

When Ye Feng saw the familiar towering city, he immediately breathed a sigh of relief.

Fortunately, the headquarters of Tiandao Holy Land has not fallen yet.

Uh-huh!

At this moment, Ye Feng instantly flew into the Holy Land of Heaven.

He immediately felt that the entire headquarters of Tiandao Holy Land was completely different from the usual environment.

At this moment, in the inner area of the Holy Land of Heaven, all the disciples, including the outer disciples and even the inner disciples, were all in a hurry, as if they had very important things to complete.

In the surrounding cultivation towers, few disciples were seen meditating and practicing. It was estimated that all of them had left the headquarters of Tiandao Holy Land and went out to slay demons.

After all, this comprehensive invasion of the dark race would be a huge disaster for the entire center of the God Realm.

Therefore, every super power in the center of the God Realm has the responsibility to resist the invasion of this terrifying dark race.

Ye Feng didn't waste time

, returned directly to his living area.

He immediately saw that all the disciples of the Tiandao Sect branch in the area where he lived had disappeared. It seemed that they had all left here.

At this time, Ye Feng saw a note in his residence.

On the note, there was a line of beautiful words written on it.

It was the words left by Leng Qingxue.

Apparently Leng Qingxue left the hell interface one step ahead of schedule and returned safely to the headquarters of the Holy Land of Heaven.

This made Ye Feng breathe a sigh of relief.

At this moment, I saw one sentence written on the note: "Ye Feng, the dark race has fully invaded the center of the God Realm. The entire Heavenly Holy Land is on alert. All disciples must participate in this battle to resist the darkness. In the race war, we all went out to complete our respective tasks. Ye Feng, you must be careful. I hope we can successfully withstand this dark crisis and meet again. "

When Ye Feng saw the note left by Leng Qingxue, a warm smile appeared at the corner of his mouth.

Ye Feng put this note into his storage ring.

At this time, Ye Feng communicated with Emperor Chu in his mind and asked aloud: "The dark turmoil of this era has appeared again. Emperor Chu, what do you think?"

Emperor Chu was silent for a moment, and then said: "What do I think? Of course I can only see it in your mind."

Ye Feng: "..."

"just kidding."

Emperor Chu continued to speak: "The dark turmoil this time is completely different from the past. The previous dark turmoil was just a certain interface invading the center of the God Realm. Although it caused chaos in the center of the God Realm, it only lasted for a short time. for a while, but

This time, according to the old monk you met before, all the interfaces for the survival of the dark races have been mobilized to fully invade the God Realm, especially the three top dark interfaces, the Hell Realm and the Demon Realm. In the Demon World, this problem is huge, but for you, Ye Feng, this may not be a particularly big opportunity, because for you, you can absorb and devour the advanced members of the dark races from the advanced interface. Energy feeds war with war, and the full-scale invasion of the dark race into the center of the God Realm can completely change the pattern of the center of the God Realm. Perhaps Ye Feng, you can get huge opportunities from this dark turmoil. , became the new controller of the earth at the center of the God Realm. "

When Ye Feng heard Emperor Chu's analysis, he immediately nodded in agreement and said: "Yes, I can fight this dark turmoil with war, and this dark race is fully invading the God Realm. The war in the center of the earth can change the inherent pattern of the entire center of the God Realm. If it is quiet and ordinary, it may take me a long time to stand at the peak level of the center of the God Realm. Only then can I defeat my enemies, but now that the dark race has fully invaded the land at the center of the God Realm, it can greatly shorten my growth time. Whether it is the Chaos Holy Land or the Chaos Gods, it is absolutely inevitable to be involved in this. This war between dark races has huge benefits for me."

Ye Feng said at this time, his eyes getting brighter and brighter.

Because he knew very well that if the land in the center of the God Realm remained as peaceful as before, then it would be very difficult for him to face the two great enemies of the Chaos Holy Land and the Chaos God Clan.

But now that the dark race is fully invading, the more powerful the force, the more confused it will be.

Therefore, if Ye Feng seizes the opportunity and takes advantage of the situation, there is a high possibility that he will be able to defeat his two major enemies in a very short period of time!

Chapter 2770 Excited Disciples

At this time, Ye Feng left his living area and walked towards the central hall of the Holy Land of Heaven.

When Ye Feng arrived at the central hall of Tiandao Holy Land, he immediately saw many disciples from Tiandao Holy Land gathered here.

What surprised Ye Feng was that the expressions on the faces of these disciples of the Holy Land of Heaven, whether they were outer sect disciples or inner sect disciples, were not only not fearful, but full of excitement, which made Ye Feng very excited. Doubt and confusion.

Because now the entire dark race has fully invaded the central land of the God Realm. The central land of the God Realm is very dangerous. I don't know why these disciples are still so excited?

This was something Ye Feng couldn't figure out.

So at this time, Ye Feng immediately walked up to an inner disciple with an excited look on his face, and couldn't help but asked: "This senior brother, I want to ask, why do I see so many senior brothers and sisters?" Are you all happy? Isn't it true that the dark race is fully invading the center of the God Realm? "

Seeing Ye Feng's puzzled face, the inner disciple immediately smiled and explained: "Although the dark race fully invaded the center of the God Realm, making everyone feel threatened, this time our Heavenly Dao Holy Land The upper echelons of the sect, in order to do their part for the land at the center of the divine world, to eradicate all the dark races within the jurisdiction of our Tiandao Holy Land, and to restore a peaceful world to the world, the upper echelons of our Tiandao Holy Land spent a lot of money this time and promulgated An incentive was created that made everyone crazy."

When Ye Feng heard what this inner disciple said, his eyes suddenly showed a trace of surprise, and he couldn't help but ask: "What kind of incentives make everyone crazy about it?"

The inner disciple smiled slightly, and then said aloud: "This reward measure is that all disciples, no matter who they are, as long as they can kill the dark race, can use the corpse of the dark race in exchange for various rewards given by the upper levels of the Holy Land. A variety of cultivation resources and wealth, such as magic weapons, elixirs, powerful inheritances, and even legendary treasures. In normal life, the upper echelons of the sect would never come up with these things, but now because the entire dark race is comprehensively Invading the central land of the God Realm, in order to inspire people, the upper echelons of our sect in the Holy Land of Heaven took out these resources and wealth that have been dusted for countless years to reward all disciples to kill those dark races with all their strength and inspire everyone's fighting will. That's why we're so excited."

When Ye Feng heard what this inner disciple said, a look of surprise appeared on his face. He couldn't help but sigh and said, "No wonder everyone is so happy and excited."

The inner disciple nodded and said with a slight sigh: "Because under normal circumstances, we would never be rewarded with such huge resources and wealth, but now we have a chance."

After Ye Feng heard this, he immediately clasped his fists at the inner disciple and said, "Thank you, senior brother, for clearing up my doubts."

The inner disciple patted Ye Feng on the shoulder and said with a careless smile: "It doesn't matter, this is something everyone knows, and it doesn't matter if I tell you. This time, everyone must work together, not only It is to obtain generous rewards from the upper echelons of the sect, and also to

regain stability in the center of our God Realm and eliminate those dark races who only know bloodthirsty and killing.”

When Ye Feng heard what this inner disciple said, he immediately nodded vigorously.

Ye Feng's eyes also showed a trace of happiness and excitement at this moment.

Because this time, Ye Feng was not only able to kill the dark race and devour the energy of the dark race, he could also use the remaining corpses of the dark race to exchange for various wealth from the upper echelon of the sect, such as some powerful inheritances and precious ancient magic weapons. Ye Feng coveted it very much.

This is literally killing two birds with one stone.

You can also kill the dark race and devour the power to improve your cultivation level, and you can also obtain various training rewards from the upper levels of the sect.

At this moment, the inner disciple next to him immediately said to Ye Feng: "Look in the direction of the upper level of the central hall, there is a huge light group there. In the light group, you only need to penetrate it with your spiritual mind. , you can view the specific rewards.”

Ye Feng immediately nodded and looked towards the top floor of the central hall.

Sure enough, there was a huge light group floating on the top floor of the central hall.

There are tiny words inside the light group.

Ye Feng released his spiritual thoughts and connected the light group.

He immediately saw it, and there were dense records in it.

These recorded texts describe various types of dark races, as well as the rewards represented by each dark race.

It is equivalent to saying that this light group contains all the encyclopedias about the entire dark race.

And by killing various rare dark races, the more rewards you will get.

Of course, the stronger the dark race is, the more wealth they can gain after killing them.

Ye Feng's soul power was very powerful, and he quickly imprinted all the knowledge recorded in the light ball into his mind.

What is recorded in this light group not only lets people know which dark races have which rewards, but also allows everyone to know in advance that there are countless different dark races in the dark race, their living habits and various killing methods. What are the methods? It can be used as a good preliminary knowledge before hunting the dark race.

Ye Feng's memory speed is very fast, so for Ye Feng, it only took him half an hour to memorize all the vast knowledge in the entire light group in his mind.

It has to be said that the upper echelons of the sect have put in a lot of effort to compile so many encyclopedias about the dark race.

This is a very precious wealth for Ye Feng.

Because this will be of great help to Ye Feng in hunting down various dark races.

After Ye Feng memorized all the knowledge, he immediately left the central hall and walked outside the headquarters of Tiandao Holy Land.

This time, the crisis of the dark race invading the central land of the entire God Realm was suddenly discovered, and the rewards for the outer trial and assessment tasks that Ye Feng participated in also disappeared.

After all, no one now has the heart to manage the matter of assessing the competency of outer disciples, which made Ye Feng feel a little regretful.

But Ye Feng also knows that if he can hunt various dark races outside, the wealth he will obtain will definitely be much more than the wealth rewarded by the outer sect trial assessment! At this time, Ye Feng left his living area and walked towards the central hall of the Holy Land of Heaven.

When Ye Feng arrived at the central hall of Tiandao Holy Land, he immediately saw many disciples from Tiandao Holy Land gathered here.

What surprised Ye Feng was that the expressions on the faces of these disciples of the Holy Land of Heaven, whether they were outer sect disciples or inner sect disciples, were not only not fearful, but full of excitement, which made Ye Feng very excited. Doubt and confusion.
