### Chapter 2771 Purple Scale Demon Wing Clan

After Ye Feng left the headquarters of Tiandao Holy Land, he did not stray far from the area under the jurisdiction of Tiandao Holy Land.

After all, the territory governed by the Holy Land of Heaven is also extremely vast, enough for Ye Feng to hunt some dark races for the time being.

Ye Feng does not want to completely leave the area under the jurisdiction of Tiandao Holy Land now, because Ye Feng is not clear about the situation outside.

Anyway, it should be a good choice to hunt in the territories governed by Tiandao Holy Land first. At least there won't be too much danger.

After all, in this area, there are also big figures from the Heavenly Dao Holy Land sect, so there should not be too powerful dark races. .??.

Nowadays, the dark race has fully invaded the central land of the God Realm. God knows whether the areas under the jurisdiction of other major forces have completely fallen.

If you go out rashly, you may be in great danger and fall into the deepest quagmire of the dark race war, and it will be difficult to escape.

Therefore, Ye Feng's current choice is to first practice in the Tiandao Holy Land, a territory under the jurisdiction of the sect, and see how the situation goes.

Maybe it's not too late to go out after the strength reaches a certain level.

Swish, swish, swish...

At this time, Ye Feng flew out of the headquarters of Tiandao Holy Land and came to the wilderness outside.

He could see that in the headquarters of Tiandao Holy Land, the sky was bright and the sun was very warm.

But when he came to the endless wilderness outside, Ye Feng saw that the entire sky was dim. It seemed that a dark air enveloped the entire sky, which made people feel very depressed. There was also a deep feeling in the air. The biting cold.

This shows that the dark race's full-scale invasion of the entire central land of the God Realm is really menacing and has changed the entire pattern of heaven and earth.

Uh-huh!

At this moment, Ye Feng stretched out a hand and grabbed the air in front of him, and then

After careful analysis, I immediately extracted a trace of dark energy from the air in front of me.

This dark energy is very pure and is obviously the aura of the dark race.

This made Ye Feng's heart sink slightly.

You know, the endless wilderness area he is now in is not too far from the headquarters of Tiandao Holy Land.

But the world and environment here have been faintly changed by the dark race.

This shows that this crisis may really sweep across the entire center of the God Realm. Any super power, including all ordinary forces, no one, mortal or monk, can escape the huge whirlpool of this dark racial war. !

Ye Feng thought to himself, although he was a little heavy, he was also a little excited. After all, this was a huge opportunity for him.

You know, Ye Feng still has two mountains crushing him, the Lord of Chaos and the Chaos Gods!

At this moment, Ye Feng sensed the power of cultivation in his body, which was the Great Perfection of the Tenth Level of Open Light Realm.

If it were a normal state, with Ye Feng's cultivation level returning to the Holy Land of Heaven, he would definitely be a super master, and would definitely be comparable to the powerful disciples of the inner sect.

But now Ye Feng feels that his cultivation of Dzogchen, the tenth level of enlightenment, is simply not enough.

After all, now that the entire dark race is fully invading the center of the God Realm, there will definitely be many super strong people appearing.

And the dark races are also very scary.

For example, the dark creature that the old monk Ye Feng met before was very scary.

Ye Feng simply couldn't resist.

So at this time, Ye Feng felt that his most important task first was to improve his cultivation level.

Buzz!

At this time, Ye Feng was thinking, but suddenly, a large amount of demonic energy surged from a certain direction not far away.

Ye Feng sensed this kind of demonic energy, which was the extremely pure aura of the dark race.

His eyes suddenly lit up and he rushed in that direction quickly.

Because Ye Feng currently lacks powerful energy to swallow.

When Ye Feng came to the place where the demonic energy surged, he immediately saw a scene like purgatory on earth.

I saw a huge city where everyone had been killed and corpses were scattered everywhere.

You know, this is an ordinary city, there are no warriors, and it is still slaughtered.

This shows how cruel these dark races are!

The dark race is predatory, aggressive, and bloodthirsty at heart, and they must all be eliminated!

Ye Feng is becoming more and more determined at this time. This war is not only for the improvement of his own cultivation, but also for the stability of the entire human race!

Because this kind of dark race is so cruel, we must eliminate the demons and defend the law, and get rid of them all!

At this moment, Ye Feng walked into the city that was already littered with corpses.

Uh-huh!

Suddenly at this moment, a humanoid dark creature that exuded a dark aura suddenly rushed out from a certain direction nearby.

This dark race is covered with purple scales, has a pair of black feather wings on its back, and has diamond-like eyes. It looks very strange, and is very different from ordinary demons.

"This is.....

The 'Purple Scale Demon Wing Clan' among the dark races! "

Ye Feng's eyes suddenly showed a look of surprise.

This is a very rare dark race, and I didn't expect it to appear here.

The reason why Ye Feng was able to instantly recognize the specific type of this dark race was because he had previously accepted the popularization of encyclopedic knowledge about the dark race in the light group in the central hall of the Holy Land of Heaven.

After Ye Feng recognized the type of this dark race, he immediately remembered the weaknesses of this dark race in his mind.

"The weakness of this dark race is the black wings on its back. The black wings are the source of its magic power."

At this moment, Ye Feng was thinking, and immediately looked at the pair of black wings behind this dark race.

"Humans, and they are also warriors. They are full of vitality and will definitely taste better than mortals!"

At this moment, the dark demon clan not far away suddenly emitted black light from its eyes and charged directly towards Ye Feng. The aura on his body was extremely bloodthirsty.

"Soul Storm!"

When this dark race rushed over, Ye Feng instantly activated his soul power, and then directly formed a soul storm, covering this dark race.

Although this dark race is extremely ferocious, with extremely strong scales and invulnerability, its soul power does not seem to be strong.

At this moment, Ye Feng was enveloped by the soul storm. He suddenly felt a splitting headache and fell from the air with a scream.

"It's now!"

Uh-huh!

Ye Feng immediately seized the opportunity at this moment and dodged directly behind the dark race. He immediately stretched out his hands and used all his strength to tear off the black wings behind the dark race with a "Zila" sound.

Chapter 2772 The Dark Three-Eyed Clan

"howl!!"

The moment Ye Feng tore off his wings, the dark race suddenly let out an extremely painful and shrill scream.

Although this dark race is very powerful, it is a pure dark demon race.

But facing a young master as powerful as Ye Feng, he couldn't resist.

In an instant, Ye Feng found his weakness and tore off his wings instantly, losing his source of power.

At this moment, it could only lie on the ground, roaring in anger and pain, but it had no effect.

Ye Feng looked at the dark demon who was roaring in pain in front of him, without any sympathy in his eyes.

Because this dark demon had just killed all the mortals in the entire city, and it was really cruel to the extreme.

"Swallow!"

At this time, Ye Feng didn't hesitate at all. He directly stretched out his hands and released the devouring power, swallowing up this dark race in an instant.

Just now, Ye Feng quickly eliminated this dark race. This does not mean how weak this dark race is, but because Ye Feng mastered the weaknesses of this dark race, he was able to kill this dark race so quickly. .

The dark energy contained in the body of this special dark race is still very majestic.

After Ye Feng swallowed up all the dark energy at this moment, a huge aura of cultivation suddenly burst out from his body.

"boom!"

Half step back to the virtual realm!

At this moment, Ye Feng's cultivation directly transformed from the tenth level of the Open Light Realm, and the transformation broke through to the Half-Step Return to the Void Realm.

At this time, Ye Feng was very satisfied.

Unexpectedly, a dark race would make his cultivation reach a new level.

These special dark races are indeed advanced beings from the dark interface, possessing very advanced dark abilities.

quantity.

If the scene of Ye Feng devouring the dark energy of this dark race were spread, it would probably shock the entire world.

Because even the controllers of the super powerful forces in the center of the God Realm do not dare to be contaminated with this pure and terrifying high-level dark energy.

Because once it is contaminated, it will instantly sink into the endless darkness and become a monster that is neither human nor demonic.

But Ye Feng simply ignored all of this.

At this moment, after Ye Feng's cultivation reached the Half-Step Return to the Void Realm, he continued to move towards the outer area of the Endless Wilderness.

The territory governed by the Holy Land of Heaven is very vast, and the endless wilderness is only a part of it.

On this night, Ye Feng passed by a small or large dynasty on his way.

This dynasty is called the Bright Dynasty.

But when Ye Feng came to the Light Dynasty at this time, he discovered that the entire territory of the Light Dynasty was full of demonic energy and darkness.

Ye Feng saw that the flags planted on the city walls of this light dynasty had changed from light flags to dark flags with skulls at this moment.

"Even such a huge dynasty was captured by the dark race..."

Ye Feng's eyes were a little shocked.

It seems that many areas in the center of the God Realm have fallen into the hands of the dark race.

Uh-huh!

Ye Feng did not have any fear at this moment and stepped directly into the lost territory of this bright dynasty.

But just at the moment Ye Feng stepped into the territory of the Bright Dynasty.

"

boom! "

"boom!"

"boom!"

Suddenly, dark pillars of demonic energy burst out around Ye Feng.

These demonic light beams immediately surrounded Ye Feng.

"Demon formation?"

Ye Feng's eyes moved and he immediately looked around.

He immediately saw a group of humans exuding black energy coming from all directions. Their eyes were red and they lost their minds. They just roared like wild beasts and rushed towards Ye Feng.

"These are all dark humans infected by the energy of darkness! They have completely transformed into dark beast-like existences."

Ye Feng murmured secretly, and immediately burst out with an extremely powerful cultivation momentum.

"Boom!!"

An extremely violent momentum burst out from Ye Feng's body in an instant and spread directly towards the surroundings.

It was like a tornado appeared on Ye Feng's body, sweeping towards the surroundings. It was very terrifying and its power was amazing.

At this moment, the infected dark humans who rushed over were all swept away and shattered.

For these ordinary infected dark humans, Ye Feng was simply inaccessible.

At this time, Ye Feng suddenly looked at the central area of the Light Dynasty and said slowly:  
"These ordinary infected humans can't get close to me at all. I have already felt your powerful dark energy fluctuations. You Just stop hiding and just come out."

Buzz!

Almost at the moment Ye Feng finished speaking, a dark golden palace appeared in the center of the Bright Dynasty.

In the hall, a middle-aged man wearing black armor suddenly flew out.

However, this middle-aged man is obviously not a human race, but a dark race. There is a third eye between his eyebrows. This third eye emits a dark light and looks very mysterious.

"If I guess correctly, you should be the dark three-eyed clan of the dark race."

At this moment, Ye Feng stared at the middle-aged man in black armor who flew out of the palace hall, and immediately spoke out.

"Human boy, it seems that you know the types of our dark race very well."

This middle-aged man from the Dark Three-Eyed Tribe wearing black armor was exuding a terrifying dark demonic energy at this moment.

He immediately stared at Ye Feng, his tone seemed to be a joke, and he said slowly: "It seems that you are a disciple of Tiandao Holy Land. Tiandao Holy Land is the only super power in this area, and your disciples incomparably powerful, your cultivation is very good, but you are unlucky when you meet me today."

When he said this, the middle-aged man from the Dark Three-Eyed Clan suddenly flashed his eyes and said loudly: "But I can give you a chance. Now you can accept the infusion of my dark demonic energy and surrender. Under my command, how about taking control of this light dynasty and establishing a survival base for the dark race that belongs to me? I can grant you the position of dark leader and enjoy all kinds of rights, one person is inferior to ten thousand people."

Ye Feng just smiled coldly at this time and said: "Are you too confident in your strength?"

When the middle-aged man from the Dark Three-Eyed Clan heard what Ye Feng said, a cruel smile suddenly appeared in his eyes, and he said loudly: "If you don't drink a toast, you will be punished with a fine drink. You kid from the human race, since you don't obey my order." , then I will suppress you first and directly forcibly refine you into my dark slave!"

Chapter 2773 Dark Slave

boom!

Almost as soon as the middle-aged man from the dark three-eyed tribe finished speaking, a very strong dark demonic energy suddenly burst out from his body, covering the entire surrounding area.

Buzz!

Almost at this moment, the middle-aged man from the Dark Three-Eyed Clan condensed a huge dark palm directly in the sky, and then struck hard at Ye Feng.

You know, the cultivation level of this middle-aged man from the Dark Three-Eyed Clan is extremely powerful, several levels higher than Ye Feng.

Ye Feng's current cultivation level is half-step to the Return to the Void Realm, while the cultivation level of this middle-aged man from the Dark Three-Eyed Clan is to the ninth level of the Return to the Void Realm, which is very terrifying.

At this moment, the dark palm he condensed was like an ancient magic mountain, full of unparalleled coercion and destructive power, and suddenly bombarded Ye Feng.

It seems like it can smash the entire earth to pieces. It seems that everything is under the control of this dark hand.

"Six Paths of Reincarnation Fist!" ??

boom!

At this time, looking at the monstrous dark palm, Ye Feng also had a solemn look in his eyes.

He immediately waved his fist and burst out the secret of the Six Paths of Samsara Fist.

For Ye Feng, Six Paths of Samsara Fist is now his most powerful inherited martial art.

Boom!

At this moment, Ye Feng punched out directly, and a terrifying divine light suddenly burst out from his palm, shining brightly, and suddenly collided with the big dark hand that smashed down from the sky.

Rumble...

Suddenly, a very terrifying roar erupted from the entire field, resounding throughout the entire world, causing the surrounding mountains and earth to shake rapidly.

"Click, click..."

And at the next moment, what shocked the middle-aged man from the Dark Three-Eyed Clan was that Ye Feng's punch actually shattered the dark hand he had condensed into pieces.

Then the big hand of darkness turned into countless fragments and disappeared completely.

"kill!"

Ye Feng immediately rushed in front of the man from the Dark Three-Eyed Clan and punched the middle-aged man's chest hard.

"Bang" sound!

The armor of this middle-aged man from the Dark Three-Eyed Clan was instantly hit by Ye Feng's punch, leaving a groove mark.

Then the whole body of the middle-aged man from the Dark Three-Eyed Clan was directly blown away, and he retreated thousands of steps before finally stopping.

The middle-aged man from the Dark Three-Eyed Clan touched his armor at this time and felt the dented marks on the armor. Suddenly, his eyes showed deep surprise.

He couldn't help but said aloud: "You, a human boy, are different from other human beings. How can your body be so strong? It is almost as hard as some ancient magic weapons! This is simply unbelievable! The human race's Boy, who are you? Are you a descendant of some ancient god? This is the first time I have encountered a human boy with a body as strong as yours! Although many people are stronger than you, yours is the best.

The power of your body is really extremely powerful. It really opened my eyes. No wonder you are so brave and dare to fight against me. But I want to tell you that just relying on the power of your body is There is no way you can win this seat. "

"The power of darkness!"

"Listen to my orders!"

"Dark slaves, wake up all!"

At this moment, this middle-aged man from the Dark Three-Eyed Clan suddenly roared loudly, and then muttered some demonic spells that Ye Feng could not understand.

Almost at this moment, the third eye between the eyebrows of this middle-aged man from the dark three-eyed tribe emitted a terrifying black light.

Buzz...

And as this kind of black light enveloped the entire earth, dark creatures that seemed to be roaring rushed out of all the buildings in the entire Bright Dynasty.

These dark creatures are all human race, but they were refined into dark slaves by this middle-aged man from the dark three-eyed tribe and became slaves of the dark tribe. It is really terrifying to the extreme.

When Ye Feng saw this scene, his eyes suddenly became extremely cold and he said loudly: "I didn't expect that the entire Bright Dynasty, such a large dynasty, all of them would be refined into

dark slaves by you. It's really true. It's too cruel. Today I will act on behalf of Heaven and completely wipe out this dark race of yours!"

"Hahaha!"

But at this moment, the middle-aged man from the Dark Three-Eyed Clan suddenly laughed out loud, with deep sarcasm in his tone, and then said loudly: "Young boy from the human race, no matter how powerful your body is, I have There are so many dark slaves, they all swarm up, you can't touch me at all, how can you completely wipe me out? You can slowly enjoy the attacks of these carefully refined dark slaves now, you know. , these are all the people in the entire Light Dynasty, all of them have been refined by me. The endless flow of dark slaves will completely engulf you, a human kid. Enjoy it all slowly, and enjoy dying. The fear and endless darkness ahead!"

Rumble...

At this moment, there were indeed countless dark slaves, all charging towards Ye Feng.

These dark slaves were all human warriors from the Light Dynasty before, but now they are all refined into extremely evil dark slaves by this middle-aged man from the dark three-eyed clan using a very evil method.

Each one of them was filled with huge demonic energy, their eyes were red, and they were roaring like wild beasts, charging towards Ye Feng, as if they were going to tear Ye Feng apart completely.

When Ye Feng saw this scene, not only was he not afraid, but his eyes showed deep surprise, and he said loudly: "Then I would like to thank you, a strong man from the Dark Three-Eyed Clan, for helping me refine so many Dark slaves, these dark slaves are a great source of nourishment to me."

Ye Feng discovered that these dark slaves may have been just ordinary warriors before, but after being refined by this middle-aged man from the dark three-eyed clan, each of their bodies was filled with abundant dark demonic energy.

This kind of dark demonic energy is very pure. If Ye Feng swallows it, it will be a huge nourishment.

So at this time, Ye Feng saw a steady stream of dark slaves rushing towards him. Instead of feeling any despair, his eyes showed deep excitement and expectation. He immediately rushed forward and directly talked to these dark slaves. Head-to-head. boom!

Almost as soon as the middle-aged man from the dark three-eyed tribe finished speaking, a very strong dark demonic energy suddenly burst out from his body, covering the entire surrounding area.

Ye Feng discovered that these dark slaves may have been just ordinary warriors before, but after being refined by this middle-aged man from the dark three-eyed tribe, each of their bodies was filled with abundant dark devilish energy.

This kind of dark demonic energy is very pure. If Ye Feng swallows it, it will be a huge nourishment.

So at this time, Ye Feng saw a steady stream of dark slaves rushing towards him. Instead of feeling any despair, his eyes showed deep excitement and expectation. He immediately rushed forward and directly talked to these dark slaves. Head-to-head.

Chapter 2774 The calamity of the dark race

Wow...

At this moment, countless dark slaves who had been awakened by the power of darkness by the middle-aged man from the Dark Three-Eyed Clan were all rushing toward Ye Feng.

Like a dark ocean, Ye Feng was suddenly submerged in the endless dark craze.

Seeing this scene, the middle-aged man from the Dark Three-Eyed Tribe standing high in the sky suddenly showed a deep sneer on his face, and couldn't help but said: "Damnable human boy, how dare you fight with me?" Go against me and be torn apart by countless slaves of darkness, this is your fate."

But at this time.

Suddenly there was a "boom".

The dark frenzy below suddenly exploded.

Then Ye Feng's whole body exuded a divine light, and he quickly swung one punch after another in the dark frenzy, smashing all the dark slaves rushing around him.

Seeing this scene, the middle-aged man from the Dark Three-Eyed Clan suddenly showed a trace of surprise in his eyes, and couldn't help but said: "This human boy's physical strength is indeed extremely powerful. If he is given to After killing it, you can consider using it to refine the most powerful dark slave for my use."

At this moment, it was obvious that the middle-aged man from the Dark Three-Eyed Clan had not realized the seriousness of the matter. He just felt that Ye Feng could only be strong for a while and would soon be completely torn apart by countless dark slaves.

Because in the mind of the middle-aged man from the Dark Three-Eyed Clan, no one can escape the crazy attacks of thousands of dark slaves.

Because the strength of human warriors is limited, they only have so much skill.

Maybe I can persist for a while at the beginning,

After more and more are consumed, it will no longer be able to withstand the attacks of the continuous dark slaves.

After all, dark slaves never tire, and they are not afraid of death.

Can

After half an hour passed, the middle-aged man from the Dark Three-Eyed Clan suddenly discovered with horror that Ye Feng was still exuding divine light and was constantly attacking those dark slaves, killing all the countless dark slaves. shredded.

This made the middle-aged man from the Dark Three-Eyed Clan look deeply shocked in his eyes.

What makes this middle-aged man from the Dark Three-Eyed Clan even more horrified is that after Ye Feng has been fighting for so long and fighting countless dark slaves for so long, the light on his body is getting stronger and stronger, and his aura is getting bigger and bigger. , without any feeling of depletion or weakness.

"How is this going?"

The middle-aged man from the Dark Three-Eyed Tribe was immediately in deep shock at this moment.

Because until now, Ye Feng's cultivation aura has not only not weakened, but has become stronger and stronger.

Even at this time, Ye Feng suddenly burst out with an extremely powerful cultivation aura.

That turned out to be a breakthrough momentum!

When the middle-aged man from the Dark Three-Eyed Clan saw this scene, his eyes suddenly showed deep horror, and he couldn't help but said: "This kid was not only not dead nor injured in

the terrible battle, , but he has broken through and become stronger and stronger? How is this possible!"

At this moment, the middle-aged man from the Dark Three-Eyed Clan showed deep horror in his eyes.

He felt that he might have encountered a monster among the human race, which was not something that human sea tactics could defeat.

Boom!

At this time, Ye Feng's cultivation aura suddenly broke through.

The cultivation aura of the first level of the Return to the Void Realm after half a step to the Return to the Void Realm.

At this moment, Ye Feng devoured hundreds of thousands of dark slaves, and finally accumulated enough energy to successfully step from the half-step to the Return to the Void Realm to the real first level of the Return to the Void Realm.

Ye Feng's cultivation strength increased by an unknown amount at this moment.

Although each of these dark slaves were refined by ordinary people.

However, the middle-aged man from the Dark Three-Eyed Clan was infused with a lot of dark demonic energy, which was a great tonic for Ye Feng.

So at this moment, Ye Feng devoured hundreds of thousands of ordinary dark slaves, and finally accumulated enough energy to completely break his own cultivation bottleneck.

Directly from the half-step to the Return to the Void Realm, he stepped into the first level of the Return to the Void Realm.

And this huge level of improvement made Ye Feng's true combat power increase by an unknown number of times at this moment.

"The Dark Three-Eyed Clan! You are dead today!"

At this time, Ye Feng was instantly radiant. He rushed in front of the middle-aged man from the Dark Three-Eyed Clan and punched him hard.

"Pfft!"

The middle-aged man from the Dark Three-Eyed Clan didn't even react at this time. Ye Feng, who had stepped into the first level of the Return to the Void Realm, smashed one of his arms with a fist.

"ah!!"

The middle-aged man from the Dark Three-Eyed Clan immediately screamed in agony.

He never thought that Ye Feng would suddenly become so powerful.

The human sea tactic he used not only did not cause harm to Ye Feng, but also allowed Ye Feng to grow up in the endless darkness and completely enter the first level of the Return to the Void Realm. His cultivation strength has improved so much that even Black three eyes

The middle-aged man himself was unable to resist.

At this moment, the eyes of the middle-aged man from the Dark Three-Eyed Tribe were full of fear. He stared at Ye Feng in front of him and couldn't help shouting: "This is impossible! You are a pure human race, how could you possibly be able to take advantage of it?" It's absolutely impossible to use the pure dark demonic energy of our dark race to improve our cultivation!"

There was a deep cold look in Ye Feng's eyes, and then he said loudly: "There is nothing absolutely impossible in this world. If there is, it will definitely not happen to me. I am you." The calamity of the dark race!"

Boom!

Almost at this moment, Ye Feng suddenly burst out with a more powerful cultivation aura.

He directly grabbed the shoulders of this middle-aged man from the Dark Three-Eyed Clan with both hands, and then violently tore them to both sides.

"Pfft"!

Ye Feng directly tore this middle-aged man from the Dark Three-Eyed Tribe into two halves, completely falling.

At this moment, this extremely powerful man from the dark three-eyed tribe died miserably, being torn in half by Ye Feng and died.

boom!

At this moment, Ye Feng immediately released the devouring domain and directly devoured this middle-aged man from the dark three-eyed clan.

Wow...

The terrifying majestic energy rushed into Ye Feng's body in an instant. This middle-aged man from the Dark Three-Eyed Clan was a person in the ninth level of the Return to the Void Realm.

Therefore, the skill contained in his body is still very rich.

After being swallowed by Ye Feng at this moment, Ye Feng immediately broke through the sky twice.

Directly breaking through from the first level of Guixu Realm to the third level of Guixu Realm!

This speed of improvement in cultivation makes Ye Feng extremely happy!

Chapter 2775 The descendants of the Dark Emperor

At this time, after Ye Feng stabilized his cultivation of the third level of Guixu Realm that he had just broken through, he immediately reached the deep area of the Kingdom of Light.

He was going to investigate again to see if there were any other evil creatures of the dark race hiding in this light dynasty.

If there was, Ye Feng would definitely kill it.

Not only to restore a peaceful world to the world, but also to swallow the breakthrough, Ye Feng needs to kill all these dark races.

What Ye Feng said to the middle-aged man from the Dark Three-Eyed Clan before was correct, that is, no human warrior can integrate the dark demonic energy, but Ye Feng can, so Ye Feng knows that he will be in the future. The calamity of the entire dark race!

Next, when Ye Feng had just arrived inside the Guangming Dynasty, he saw a huge prison built in the entire interior space of the Guangming Dynasty.

In these prisons, many human warriors are imprisoned.

These human warriors are all sleeping at this moment, seemingly waiting to be refined into dark slaves by the man from the dark three-eyed clan.

Ye Feng immediately understood that these human warriors were probably strong human beings captured by middle-aged men from the Dark Three-Eyed Clan from all over the Bright Dynasty.

If Ye Feng hadn't come to the Light Dynasty today and killed the middle-aged man from the Dark Three-Eyed Clan, I'm afraid that all the warriors from the clan in these prisons would have been refined into dark slaves in the future, and their end would be very miserable. .

But now that Ye Feng is here, he will naturally solve all the troubles of these human warriors.

boom!

Click!

At this moment, Ye Feng directly punched out, shattering the huge prison into pieces.

Buzz...

Then Ye Feng released his soul power and directly began to awaken these sleeping human warriors.

Wow!

Almost at this moment, all the sleeping human warriors woke up.

Come over.

Their eyes were filled with deep doubts as they stared around, then looked at Ye Feng at the front.

Everyone seemed to realize something, and they immediately clasped their fists respectfully and said, "Thank you, senior, for your rescue. It seems that we are all saved."

At this moment, all the human warriors showed deep gratitude in their eyes.

Because if it weren't for Ye Feng, they would probably become slaves of darkness who are neither human nor demons in the future. It would be extremely miserable, but now Ye Feng has brought light to them.

At this moment, Ye Feng looked at this group of human warriors, smiled slightly and said: "Everyone, please leave here quickly and move toward the center of the area governed by the Holy Land of Tiandao. There are strongholds of our human warriors there. Base, you can be safe in those fortresses."

Hearing what Ye Feng said, this group of human warriors from the Bright Dynasty all clasped their fists and walked quickly in a certain direction in the distance.

Because they now know that their cultivation is very weak, and if they stay here, it will probably be very dangerous. It is better to hide in the fortresses of those super large sects, and still be safe.

At this moment, suddenly a girl in a black dress came to Ye Feng and said timidly: "Senior, I want senior to teach me how to practice. No matter what I have to pay, as long as senior is willing "

Hearing what the girl in black skirt said, Ye Feng suddenly had a look of surprise in his eyes.

He stared at the girl in the black dress carefully and saw that she had a delicate appearance, but her beautiful cheeks were stained with a trace of blood. Ye Feng couldn't help but ask: "Why do you want to practice? "

The girl in the black dress immediately said: "Because it is extremely evil.

The dark race killed my parents and my whole family, so I have to become very powerful to kill all those hateful and evil dark races. "

This girl in a long black dress would usually have a very docile personality, but at this moment when she mentioned the dark race, her tone was filled with a deep meaning of killing.

Obviously, the dark race destroyed the girl in the black dress and brought the seeds of hatred to the girl in the black dress.

Ye Feng nodded slightly at this moment, and then said aloud: "I am going out this time to practice alone. Bringing you with me is, to be honest, a big burden, so you can go to the Holy Land of Tiandao first to get the basics." If you can continue to practice there after I finish this trial and return to the Holy Land of Heaven, I will teach you to become stronger, how about it?"

Hearing what Ye Feng said, the girl in the black dress immediately nodded vigorously, staring at Ye Feng with her beautiful and bright eyes, and said in surprise: "Okay, I will definitely wait for you, senior!"

Ye Feng smiled slightly at this time, handed his identity token to the girl in the black dress, and said loudly: "When the time comes, you can take my identity token and enter the Holy Land of Heaven directly." .?? .

At this moment, seeing Ye Feng hand over all the identity tokens to him, the girl in the black dress was immediately moved and her eyes were red.

She held Ye Feng's identity token in her white little hands. At this moment, she immediately raised her head, and then stared at Ye Feng. Her beautiful big eyes were full of gratitude, and she said aloud: "Thank you, senior, for taking care of me." , my name is Xiao Ning."

After saying that, the girl in the black dress immediately walked towards the distance and disappeared from Ye Feng's sight in the blink of an eye.

At this moment, Emperor Chu in his mind suddenly said in surprise: "Ye Feng, you seem to have special attention to this little girl wearing a black dress?"

Ye Feng nodded at this time, and then said aloud: "Because I am called Xiao Ning from this time.

In the aura of the girl in black dress, she could feel the bloodline aura of the Dark Emperor. "

"What? The bloodline aura of the Dark Emperor? Do you mean that the girl in the black dress that you accidentally encountered is the bloodline heir of the Dark Emperor?"

At this moment, Emperor Chu couldn't help but exclaimed in surprise.

To be able to make Emperor Chu exclaim like this shows that Emperor Chu was very shaken at this time.

Because the Dark Emperor is a very terrifying existence.

Back then, the Dark Emperor was the emperor of the Botian Clan who almost unified the entire God Realm.

At this moment, Ye Feng nodded slightly and said aloud: "I have fused the sinful eye of the Dark Emperor, so I am very sensitive to the Dark Emperor's blood aura. There should be nothing wrong with this person wearing a black dress. The girl, named Xiao Ning, should be a descendant of the Dark Emperor, and her future is immeasurable. "

When Emperor Chu heard what Ye Feng said, he immediately nodded, and then said: "But you have to treat it with caution, because the Dark Emperor was the enemy of our human race back then, and the Botian Clan was also a very terrifying existence among the dark races. You did not directly Kill that girl, it seems that you are still thinking of drawing this girl to your camp."

Ye Feng nodded slightly, then shook his head and said loudly: "I don't want to kill an innocent person directly, and this girl has extremely huge potential. She is a good seedling. If she can be like this Dark Emperor's It should be a very good thing to raise an heir. Anyway, let's take a look at the next development of this girl named Xiao Ning."

At this moment, Ye Feng was talking and suddenly looked in a certain direction.

Because at this moment, he felt a very powerful aura, speeding towards him.

However, Ye Feng's eyes did not show hostility, because the aura that was approaching quickly not far away was an extremely pure human aura. It should be a strong human being from a powerful sect, not a dark race.

Chapter 2776 Ancient Secrets

Uh-huh!

As Ye Feng watched, a young woman wearing a red warrior uniform descended from a high altitude not far away.

This young woman in red looks very heroic, exuding an aura of youth, and looks like a young girl just starting out.

However, the aura of cultivation on her body was extremely powerful. Ye Feng could feel that this young woman's cultivation was definitely not lower than his own.

It is very likely that it is a profound existence in the Guixu Realm!

He is so young, but has such a high level of cultivation, and Ye Feng has never seen him before, so he should not be a warrior from the Holy Land of Heaven.

At this moment, Ye Feng immediately said: "I don't know which big force you come from? I am an outer disciple of the Holy Land of Heaven."

"An outer disciple of the Holy Land of Heaven?"

The heroic young woman in red was standing in the air at this moment, looking at Ye Feng below. She couldn't help but smile slightly, her beautiful eyes flashed, and she said aloud: "Now the Holy Land of Heaven has developed so much. Is it amazing? An outer disciple actually has such a powerful cultivation level. He is actually at the third level of the Guixu Realm. This kind of cultivation should be comparable to the inner disciples in the Holy Land of Heaven. It seems that you are not an ordinary outer disciple. The disciple of the outer sect is probably a peerless genius, otherwise it would be impossible for him to have such a strong cultivation level and dare to invade such a dangerous place of survival captured by the dark race. "

When Ye Feng heard what the woman in red said, he immediately smiled and said: "I'm not a peerless genius, but I am indeed the number one among the outer sect."

Ye Feng said this at this moment, not to brag.

Because Ye Feng does have the confidence to claim to be the number one in the outer sect.

Moreover, Ye Feng could see that this woman in red should also be a peerless genius among some big forces. If he didn't talk about himself more powerfully, I'm afraid this woman in red wouldn't take him seriously at all.

Because sometimes, if you want to be respected by others, you cannot be too modest. Being too modest means you have low self-esteem.

So at this time, Ye Feng revealed that he was the number one in the outer sect of the Holy Land of Heaven, which made the woman in red immediately take him seriously.

Sure enough, the woman in red showed a solemn look in her eyes, then she landed from high in the sky and walked in front of Ye Feng. Her beautiful eyes stared at Ye Feng, seemingly curious, and then she said aloud: "I used to I often go to Tiandao Holy Land to exchange martial arts training, but I have never seen you. You must be the number one in the outer sect who has risen recently, right?"

Ye Feng smiled and said, "Your Majesty, you haven't told me yet, where are you from?"

"Oh yes, sorry."

The woman in red immediately smiled generously, clasped her fists and said loudly: "My name is Zhan Hongling, and I am a disciple of the inner courtyard of Dragon God College."

When Ye Feng heard this, his eyes suddenly showed a trace of surprise, and then he smiled and said: "I learned in the newcomer's manual that Dragon God College is a super powerful force close to our Holy Land of Heaven. They are all gods. The first-class power in the center of the world is very powerful, and its foundation is also very profound. It even vaguely surpasses the foundation of our Heavenly Dao Holy Land. It turns out that you are a disciple of the inner court of Longshen Academy. No wonder you have such a strong cultivation base. and breath."

When Zhan Hongling heard Ye Feng's compliment, a smile appeared on her face and she said, "By the way, I've already introduced myself, but I still don't know your name?"

"Ye Feng." Ye Feng said.

"Ye Feng?"

Zhan Hongling murmured, then seemed to think for a moment, shook her head, and said loudly: "I have never heard of someone like you, but your cultivation aura makes me feel a little afraid, you must be a peerless genius in the Holy Land of Heaven. I am afraid you may be a young disciple secretly cultivated in the Holy Land of Heaven. This time, the dark race invades the entire God Realm, and many super powers are secretly cultivated super geniuses. It was released, allowing them to fight on the battlefield and make achievements. It is said that this time the dark race invaded the center of the God Realm in an all-round way because there is an ancient secret hidden in the center of the God Realm. But I don't know about that ancient secret. I know what it is, I just heard it from my uncle."

When Ye Feng heard what Zhan Hongling said, there was a trace of surprise in his eyes, and he couldn't help but asked: "There is an ancient secret in the center of the God Realm that is about to surface? This is what caused the The core reason for the full-scale invasion of the dark race into the center of the God Realm! No wonder this time the full-scale invasion of the dark race into the center of the God Realm came so suddenly. I was just in the middle of the outer examination and trial, and I encountered the invasion of the dark race. It was so sudden. Now, I haven't received the resource reward that allowed me to rank first in the outer sect examination, which disrupted my previous cultivation rhythm."

Hearing what Ye Feng said, Zhan Hongling immediately smiled and said: "This time it's not just you, everyone is disrupted. The sudden full-scale invasion of the dark race really makes everyone, including all the super The major forces were caught off guard, because according to the time of the

dark turmoil calculated by the old antiques in Tianji Pavilion, the time of the dark turmoil in our era is far from coming. There are still hundreds of thousands of years left, but the dark race is ahead of schedule! So much for a full-scale invasion, even at a huge cost, so that all the dark interfaces for the survival of all dark races have interfaces with the God Realm. After paying such a high price and consuming so much of the dark race's heritage, Entering the center of the God Realm, fighting and killing, I don't know why. My uncle said that there is an ancient secret in the center of the God Realm, but I don't know what it is. It's really frustrating. People are curious, is it the secret of eternal life? Since ancient times, only the eternal master can make all the dark races so crazy."

When Ye Feng heard what Zhan Hongling said, he immediately started thinking.

I didn't expect that this dark race's invasion of the entire central land of the God Realm would involve so many things.

It seems that the truth of everything is far from being as simple as I imagined, and there must be a big secret.

At this time, Ye Feng thought of his father, Emperor Ye Qing.

His father is still integrated into the heavenly path of the earth at the center of the divine world.

If the dark race successfully invades the center of the God Realm this time, then the entire heaven in the center of the God Realm will probably be completely shrouded in darkness.

Then it is very likely that his father will fall!

When he thought of this, Ye Feng immediately felt that the turmoil launched by the dark race in advance was probably his greatest opportunity. However, if he was not careful, it might also become his greatest crisis, so he must treat it with caution. Uh-huh!

As Ye Feng watched, a young woman wearing a red warrior uniform descended from a high altitude not far away.

Ye Feng said this at this moment, not to brag.

#### Chapter 2777 Demonic Dragon Cavalry

At this time, Ye Feng looked at Zhan Hongling in front of him and couldn't help but asked: "By the way, I still don't know what your purpose is in coming to the jurisdiction of our Tiandao Holy Land this time?"

When Zhan Hongling heard what Ye Feng said, she immediately smiled and said: "Because I received a message that there is a secret lair and base of the dark race nearby, so I came over to take a look. I thought that I encountered a scene where the Bright Dynasty was killed by the dark race and the corpses were everywhere. Fortunately, Ye Feng, you came early this time and rescued all these ordinary human warriors. Otherwise, it is very likely that they would all die. In this way The loss is too great. In this dark war, too many of our strong human race have fallen. Fighting against the terrifying existences of the dark race, casualties are common, so we must save some human race. Although those ordinary human warriors are very weak and of little use for the time being, they are likely to grow into the backbone of our human race in the future. "

When Ye Feng heard what Zhan Hongling said, there was a trace of surprise in his eyes, and he couldn't help but said: "I didn't expect you to think so much and also consider the future situation, but I don't think so. That's an exaggeration. Could it be that the dark race has fully invaded the land at the center of the God Realm, and so many superpowers unite to resist it? "

"This time is different."

When Zhan Hongling saw Ye Feng's seemingly indifferent eyes, a wry smile suddenly appeared on her face, and she said loudly: "The full-scale invasion of the dark race is not as simple as you think, and this This time seems to be related to an ancient super secret. All the interfaces of the dark race have opened up the passage into the central earth of the God Realm. There is a steady stream of dark races fully invading. This is a very terrifying thing, and this time The all-out invasion of the dark race may be more terrifying than the dark turmoil in every era. The dark race has been dormant for so long and endless years. This time, it is fully mobilized with the determination to die, so this is destined to be an extremely difficult battle. "

When talking about this, Zhan Hongling seemed to feel that this topic was too heavy, too huge and far away, so she changed the topic,

He said aloud: "Ye Feng, since you are a peerless genius in the outer sect of the Holy Land of Heaven, I happened to meet you this time. I am very lucky, because I want to invite you to work together. Let's work together to get rid of a hidden person nearby. The lair bases of the dark races have been destroyed. Although we cannot fight against the truly powerful taboo top existences of the dark races, if we can destroy some of the lair bases of the dark races, it can be regarded as a contribution to the survival of the human race in the center of the entire God Realm. "

When Ye Feng heard what Zhan Hongling said, he immediately nodded and said: "Okay, anyway, I came out this time to practice everywhere, and it is a good choice to go with you to eradicate the lair of a dark race. "

Ye Feng knew very well that the dark race's lair and base should contain a lot of dark race resources and wealth.

After all, this is a protracted war. If the dark race establishes a base, it will definitely store a lot of resources to use as supplies for the war.

After all, before the soldiers and horses move, food and grass go first.

In war, resources are important.

If Ye Feng can find a base of the dark race and destroy it, he will definitely gain a huge harvest.

Perhaps for ordinary people, the training resources in these dark race bases are of no use at all, because they are prepared for the soldiers of the dark race.

But Ye Feng can accommodate the power of any attribute in the world. Ye Feng can use the resources of all races to strengthen his own skills.

Hearing Ye Feng's agreement at this moment, Zhan Hongling immediately showed a hint of joy on her face, and then said loudly: "It's great that you are willing to come with me. Originally, I could do it alone." I don't have much self-confidence. It will definitely be very dangerous to break into the base of the dark race alone. But if Ye Feng and I come together, the two of us will

If two talented experts go to destroy the dark race base together, the possibility of success will be much greater. "

Ye Feng nodded slightly, and then asked aloud: "Do you have a map with you? I'm not very familiar with this area."

Zhan Hongling nodded and said aloud: "I brought the map before I came, so you can just follow me."

When Ye Feng heard what Zhan Hongling said, his eyes revealed a look of surprise. He couldn't help but smile and asked: "Logically speaking, as an inner disciple of Dragon God College, you should be in the area under the jurisdiction of Dragon God College." Why did he go to the territory under the jurisdiction of our Tiandao Holy Land?"

Zhan Hongling immediately gave a bitter smile and said aloud: "Now the entire dark race has fully invaded the center of the God Realm. Chaos is everywhere. It is no longer as orderly as before to distinguish which area belongs to which super power. As long as it is the human race, now we are all standing in a unified alliance to fight against the invasion of the dark race."

Hearing what Zhan Hongling said, Ye Feng immediately nodded and said: "What you said is also correct. Now, as long as it is a human race force, it is an alliance."

In the past, the major superpowers might have been wary of each other's entry into the territories under their jurisdiction.

But now, all the major forces are definitely welcoming others to their territories to deal with those terrifying dark races.

At this moment, the two of them were talking and immediately walked quickly in a certain direction according to the map in Zhan Hongling's hand.

But just when they reached the door of the Guangming Dynasty, a large dark cloud suddenly appeared in the sky, directly covering the sky above the two people.

"That's not a dark cloud, that's a dark race with densely packed wings!"

At this moment, Zhan Hongling looked up into the sky, and she couldn't help but show a hint of surprise in her eyes.

Ye Feng also looked up at the sky at this time, and he saw among the dark clouds

Hidden are all dragon-like dark races covered with pitch-black scales.

And on the back of each dark dragon, there is a humanoid dark creature wrapped in pitch black armor. It is tall and has legs on its head.

Ye Feng couldn't help but said: "These seem to be the magic dragon cavalry of the dark race. They are different from the ordinary dark races. These are well-trained legions of the dark race, and they are very powerful."

When Zhan Hongling heard what Ye Feng said, she couldn't help but look at Ye Feng in surprise and said: "I didn't expect you to recognize it. It seems that you have done enough work during this time out. You know all the dark race's arms, even I don't know much about them."

Ye Feng smiled and said: "Before I left the Holy Land of Heaven, I naturally did enough homework and memorized all the knowledge about the dark race in my mind, so that I could encounter some troublesome dark things in the future. race, can quickly find their weaknesses."

Zhan Hongling heard what Ye Feng said at this moment, and immediately nodded, then looked solemnly at the densely packed magic dragon cavalry high in the sky, and said loudly: "It seems that we are very unlucky, encountering so many training people." There are so many dark race legions. Let's hide and leave here. Don't confront so many dark race legions yet."

When Ye Feng heard what Zhan Hongling said, he shook his head and said loudly: "So many demonic dragon cavalry from the dark race suddenly passed by this high sky. I thought they might be specifically attacking our Holy Land of Heaven. The hinterland of the Holy Land, so now that I have encountered it, I must stop this group of demonic dragon cavalry, otherwise it is very likely that many mortal dynasties in the hinterland of the Holy Land of Heaven will suffer disaster. "

When Zhan Hongling heard Ye Feng's decisive words, she was also impressed by Ye Feng's courage.

This beautiful female student from Dragon God College immediately pulled out the silver sword from her waist and couldn't help but said: "Okay, then I will accompany Ye Feng to eradicate this group of demonic dragon cavalry. Lose!"

Chapter 2778 Unparalleled Genius

boom!

boom!

At this moment, Ye Feng and Zhan Hongling suddenly burst out with an extremely powerful cultivation aura.

And as the two of them released their cultivation aura, they instantly attracted the attention of the densely packed group of demonic dragon cavalry high in the sky.

This group of demonic dragon cavalry should be, as Ye Feng guessed, specially used to raid the hinterland of the area under the jurisdiction of Tiandao Holy Land, specifically to cause various disturbances to Tiandao Holy Land.

But now they happened to be encountered by Ye Feng and Zhan Hongling. Naturally, Ye Feng would not let this group of demonic dragon cavalry go, and would not let them destroy the human area under the jurisdiction of the Holy Land of Heaven.

"There seem to be two human masters below. They seem to be young people, one male and one female."

At this time, among the group of demonic dragon cavalry high in the sky, a dark race wearing armor suddenly spoke out.

The leader of this group of Demonic Dragon Cavalry should be the captain of the Demonic Dragon Cavalry. At this moment, he slowly said: "Our plan to raid the belly of the Holy Land of Heaven this time must not let the news get out, so this time The two young masters of the human race must kill them completely." ??

A deputy general next to him immediately said: "Captain, these two young masters seem to have extremely powerful auras. Should we take the risk and fight them?"

Hearing what the deputy general next to him said, the captain of the Demonic Dragon Cavalry immediately showed a hint of sneer on his face and said loudly: "They are just two young people who don't know the heights of the sky. They are not a threat. Even if they The aura of cultivation on the body seems to be quite powerful, but you must know that we have thousands of elite demon dragon cavalry. Even the human sea tactic can completely consume these two young masters of the human race. "

At this moment, the captain of the Demon Dragon Cavalry seemed to be very confident, and he immediately spoke to a group of elite Demon Dragon Cavalry behind him: "All the cavalrymen dispersed to both sides, and the two young people from the human race who did not know the heights of the sky and the earth below were thrown away. Surround them all and kill them all!"

Wow...

Almost at this moment, groups of demon dragon cavalry were riding on the demons under them.

The dragon instantly rushed towards the area where Ye Feng and Zhan Hongling were located below, and immediately surrounded the two people in a small space, making it impossible to escape.

At this moment, the captain of the Demonic Dragon Cavalry at the front suddenly stared at Ye Feng and Zhan Hongling, with a cruel smile in his eyes, and said loudly: "I didn't expect that just after sending troops this time, I encountered two human beings. The young master just killed two of you to sacrifice the flag."

Uh-huh!

Almost at that moment, the captain of the Demonic Dragon Cavalry pulled out a black sword that was more than ten meters long from his waist, and then slashed at Ye Feng in an instant.

Because he could feel that among the two people in front of him, Ye Feng seemed to be more of a threat.

This was a kind of intuition, so he took action against Ye Feng first and wanted to deal with Ye Feng in advance.

when!

However, Ye Feng did not dodge. When the ten-meter-long black sword in the hands of the captain of the Demonic Dragon Cavalry struck Ye Feng's head, it made a sound like a metal collision.

There was no damage to Ye Feng's head at all. Instead, the whole body of this black sword was shattered inch by inch.

"What?!"

Seeing this scene, all the demon dragon cavalry present couldn't help but look deeply shocked in their eyes.

"Why is this human boy's head so hard??"

"Is this kid's head made of iron??"

At this moment, a group of demonic dragon cavalry couldn't help but look surprised in their eyes.

Because the black sword in the hands of their captain is a dark weapon brought by the dark race from their native interface. It is very special and powerful.

Ordinary humans would die instantly even if they were close to such a dark weapon, let alone a direct chop on the human's head.

Can

It was this boy in white who withstood the attack of the black sword with his head.

At this moment, Zhan Hongling, who was standing next to Ye Feng, secretly breathed a sigh of relief.

When the black sword that was more than ten meters long was slashed down, Zhan Hongling didn't even have time to take action. The black sword had already struck Ye Feng's head very quickly.

Zhan Hongling thought Ye Feng was dead, but she didn't expect that Ye Feng's head was so strong and could withstand the attack of the black sword.

At this time, Ye Feng suddenly stared at the captain of the Demonic Dragon Cavalry who had an incredible look on his face. He suddenly grinned and said loudly: "It seems that your strength is not that good. It is not as good as I imagined." So powerful."

boom!

Almost at the moment Ye Feng finished speaking, Ye Feng stretched out a hand and instantly grabbed the captain of the Demonic Dragon Cavalry on the chest. .???.??

Poof!

The black armor worn by the captain of the Demonic Dragon Cavalry was unable to withstand the impact of Ye Feng's hand. He was directly scratched to pieces, and then his entire heart was pulled out by Ye Feng.

"ah!"

The captain of the Demonic Dragon Cavalry immediately burst out with an earth-shattering scream, because his heart was suddenly grabbed out by Ye Feng.

At this moment, Ye Feng rushed in front of the Demon Dragon Cavalry Captain, and then smashed the Demon Dragon Cavalry Captain's head into pieces with a fist.

The captain of the Demonic Dragon Cavalry didn't even react. He was completely killed by Ye Feng in three or two blows and fell directly.

The whole process was very fast. Everyone around, including all the dragon cavalry, did not react. Their captain had been killed by Ye Feng.

"It's too powerful..."

At this time, Zhan Hongling beside her looked a little dazed, as if she didn't expect Ye Feng to be countless times more powerful than she imagined.

This captain of the Demon Dragon Cavalry is very powerful.

, the cultivation level is at the ninth level of Guixu Realm, which is the same cultivation level as Zhan Hongling.

Zhan Hongling, an inner disciple from Dragon God College, was even preparing for a very brutal battle and fight.

But what he never expected was that Ye Feng actually killed the captain of the opponent's Demonic Dragon Cavalry in a few strokes.

As the saying goes, to capture the thief first capture the king.

At this moment, after Ye Feng killed the captain of the Demon Dragon Cavalry, the thousands of elite Demon Dragon Cavalry around him were suddenly frightened and panicked, and they quickly fled in all directions.

"Run!"

All the demon dragon cavalry suddenly screamed as if they had seen a ghost.

Because the feeling Ye Feng gave them was so terrifying that they couldn't resist it at all.

At this time, all the magic dragon cavalry were running away quickly towards the surroundings.

At this time, Ye Feng looked at Zhan Hongling beside him, smiled slightly and said, "Miss Hongling, you can take action now."

Uh-huh!

After Ye Feng finished speaking, he immediately charged towards the surroundings and began to kill the fleeing magic dragon cavalry.

After Zhan Hongling was slightly stunned at this time, he immediately grasped the silver sword in his hand. A silver dragon soul burst out from his body, and then quickly attacked the surroundings, killing all the demon dragon cavalry. A quick kill.

At this time, Zhan Hongling's eyes were full of incredulity, as if she didn't expect that this battle would be so simple, and they would win.

At this time, Zhan Hongling looked at Ye Feng, who was chasing the demon dragon cavalry not far away. Looking at the young man in white clothes and snow, she immediately understood in her heart that this outer disciple of the Heavenly Dao Holy Land whom she had just met would definitely have hidden identity to himself.

"He is definitely an unparalleled genius secretly cultivated in the Holy Land of Heaven..."

Zhan Hongling couldn't help but murmur in her heart, her cold and beautiful eyes could not help but reveal a hint of awe and admiration at this moment.

Chapter 2779 Even more curious

At this moment, it is very easy for Zhan Hongling to kill these remaining ordinary magic dragon cavalry.

After all, Zhan Hongling is not an ordinary person, she is an inner disciple of Dragon God Academy.

So in less than half an hour, under the joint attack of Ye Feng and Zhan Hongling, all these demon dragon cavalry were killed, and they all died on the scene.

With a hint of surprise in her eyes, Zhan Hongling stared at Ye Feng, who was not far away, and said loudly: "Ye Feng, I didn't expect your strength to be so amazing. I thought you were better than I am inferior, so you are not as powerful as me, but now it seems that your true combat power is definitely beyond imagination."

When Ye Feng heard what Zhan Hongling said, he just smiled slightly and said: "Miss Hongling comes from the super power of Dragon God College, and her cards and methods must be very

incredible, but I haven't seen it yet. If true power breaks out, Miss Hong Ling will definitely not be much weaker than me."

Zhan Hongling couldn't help but smile and said: "Ye Feng, we are so familiar with each other, so don't call me one girl at a time. Just call me Hongling."

Hearing what Zhan Hongling said, Ye Feng was stunned for a moment, then nodded and said with a smile: "Okay, then I will call you Hongling from now on."

At this time, Ye Feng directly released the Devouring Domain, shrouding all the dead Demonic Dragon Cavalry in the dark and endless Devouring Domain, and then directly and quickly devoured the huge skills of these Demonic Dragon Cavalry. .

"Crash..."

Almost at this moment, a stream of very abundant demonic energy was absorbed from the Devouring Domain of the Demonic Dragon Cavalry in an instant, and then all was injected into Ye Feng's own body.

Ye Feng's skill was greatly improved immediately. At this moment, Ye Feng could feel that his cultivation strength was rapidly increasing.

On the rise.

boom!

The fourth level of Guixu Realm!

boom!

The fifth level of Guixu Realm!

At this moment, Ye Feng's cultivation level directly broke through two heavens in a row, from the third heaven of Guixu Realm to the fifth heaven of Guixu Realm.

This made Ye Feng's face reveal a trace of joyful smile.

I have to say that this breakthrough was simply too easy.

Because each of these magic dragon cavalry is not particularly powerful, but after all, they are thousands of elite magic dragon cavalry.

The energy they provided to Ye Feng was quite good, allowing Ye Feng to directly break through the two heavens without wasting half an hour's hard work of Ye Feng and Zhan Hongling.

And when he saw Ye Feng's cultivation aura, he suddenly broke through two levels in a row.

Zhan Hongling's eyes showed deep surprise, and she couldn't help but stare at Ye Feng with deep curiosity in her eyes.

Because she didn't understand how Ye Feng broke through.

Although Zhan Hongling saw an extremely dark energy frenzy released from Ye Feng, she didn't know what it was.

At this moment, Zhan Hongling, a beautiful female disciple from the inner court of Dragon God College, became more and more curious about Ye Feng, an outer disciple of the Holy Land of Heaven.

After solving all the hidden dangers at this time, Ye Feng looked at Zhan Hongling not far away, smiled and said: "We can now go directly to the base of the dark race you know, and try to get it as soon as possible. That base is destroyed, as long as it can destroy a dark race

base, it will make a huge contribution to the security of the entire surrounding area. "

Of course, there is one thing that Ye Feng did not say, that is, if a dark race base can be destroyed, then Ye Feng himself will be able to obtain a lot of training resources. These training resources will be of great help to Ye Feng.

Ye Feng will naturally not tell Zhan Hongling that he can devour and utilize the resources of the dark race, because Zhan Hongling is not very familiar with it yet. If he tells her directly, he will most likely be regarded as a dark race by Zhan Hongling. monster.

So at this time, Ye Feng could only pretend and not explain.

Zhan Hongling didn't ask Ye Feng any further questions. After all, she thought it was very impolite.

After all, everyone has their own secrets, and Zhan Hongling also has her own secrets. .??.

So at this time Zhan Hongling didn't ask any more questions, but smiled slightly, with a hint of brightness in her beautiful eyes, and said loudly: "With such a powerful being like Ye Feng, you can go forward with me." If I go to the base of the dark race, I will feel much safer."

Ye Feng smiled slightly at this time, then walked up to Zhan Hongling, looked at the map in Zhan Hongling's hand, and said loudly: "We are still quite far away from the base of the dark race. Let's stop talking nonsense and move forward."

Zhan Hongling nodded at this time and said nothing more. Instead, she looked at the map in her hand and walked quickly in a certain direction with Ye Feng.

In the next few days, the two saw many deserted areas along the way.

These desolate areas have all become very dilapidated due to the comprehensive invasion of the dark races.

The entire land was infected with the dark aura of the dark race and became very gloomy.

If you stay away from the areas governed by some super powers of the human race, it will be like coming to the interface of hell and darkness, which makes people feel very scary.

When Ye Feng and Zhan Hongling saw this scene, they felt heavy in their hearts.

After all, they feel that this invasion of the dark race will make the entire land in the center of the God Realm about to be assimilated by the entire dark interface.

Even many superpowers are overwhelmed.

This time may be a huge crisis for the land at the center of the God Realm.

It is also a huge crisis for the entire human race.

However, the two of them knew that their current cultivation level could not change anything. They could only work hard to improve their cultivation level first, and if they were able, destroy some ordinary dark race bases, which could be regarded as a benefit to the entire human race and the entire The Divinity Center has made a great contribution.

Along the way, they also encountered obstacles from some dark races.

However, most of these dark races are very weak, and Ye Feng and Zhan Hongling are both genius disciples in their respective major forces, so their strength is extremely powerful, and they will soon defeat all the dark races blocking their way. Beheaded.

While Ye Feng was on his way, he devoured many dark races, and his cultivation level continued to improve, breaking through to the sixth level of the Return to the Void Realm.

And Ye Feng's rapid breakthrough speed made Zhan Hongling feel frightened, and at the same time she became even more curious about Ye Feng.

Because she couldn't figure out how Ye Feng practiced. He could break through so fast and break through during the battle. It was really unbelievable.

Chapter 2780 Dark Race Base

For Zhan Hongling, Ye Feng is a man worthy of curiosity and attention.

Because of the methods Ye Feng used, Zhan Hongling's knowledge was refreshed again and again.

Although Zhan Hongling came from the super power of Dragon God College, and she had met many peerless geniuses, those so-called peerless geniuses seemed so mediocre in front of Ye Feng.

Although Ye Feng's current cultivation level is not considered unparalleled, even in the center of the God Realm, it can only be regarded as the starting stage.

But Zhan Hongling saw unlimited potential in Ye Feng.

Ye Feng gave her the feeling of a young dragon waiting for food. Once it fully grows up, it will roar for nine days and shock the world!

And on the night of the sixth day.

Ye Feng and Zhan Hongling finally arrived at their destination.

At this moment, in front of them was a very dilapidated ancient ruins. .??.

This ancient ruins are full of collapsed city walls and various collapsed buildings. It looks very desolate.

Apparently it had been raided by many people before, and it was a desolate ancient ruin.

However, such an empty ancient ruin is filled with a dark atmosphere at this moment.

This dark aura is the pure demonic aura of the dark race!

At this moment, Zhan Hongling looked at the dark ancient ruins in the distance, lowered her voice, and said: "This ancient ruins is at the junction of our Dragon God College and the Holy Land of Heaven where you, Ye Feng, are. I once went in to experience this ancient ruins when I was still a disciple of the outer court at Dragon God College, but now it has been used by the Black Flame race as their base, and it has been constructed and transformed again. Now we are here. , lurk a little, don't let the dark races inside discover our aura, we need to discuss first to see how to completely eradicate this base."

When Ye Feng heard what Zhan Hongling said, he nodded solemnly and said, "I used my strong sense of perception to find out that the base established by the dark race in the ancient ruins does contain many things. The powerful aura makes me a little scared. It seems that there are many powerful beings living in this dark race base. If we go straight into this dark race base, we are likely to be attacked by countless powerful dark race bases. Besieged and eventually fell to death, so we

really need to discuss it in advance. It is best to come up with an excellent way to wipe out all the dark races in this dark base, so that we can completely solve the hidden dangers here. "

You must know that the base of this dark race is established at the junction of Tiandao Holy Land and Dragon God Academy, which poses a huge threat to both forces.

If this base of the dark race is allowed to grow, it is likely to become a serious problem for the two superpowers.

Taking advantage of the fact that this base has just been established and has not yet reached a mature stage, destroying it will be of huge benefit to both the Holy Land of Heaven and Dragon God College.

At this moment, Zhan Hongling nodded and said loudly: "If we want to wipe out all the existences in this dark race base, we must rely on the strength of the two of us.

It's not possible, but we can use external forces. "

"External power?"

When Ye Feng heard what Zhan Hongling said, his eyes suddenly showed a trace of light, and he said loudly: "You mean, with the help of the power of the formation?"

Zhan Hongling glanced at Ye Feng approvingly, and then said aloud: "Yes, only with the help of the power of the formation and gathering the power of the surrounding heaven and earth, can the entire dark race base be wiped out in one fell swoop, but although I have learned a lesson before I am not proficient in time formations. The formations I have set up are probably not very practical, but now I can only set up a basic formation."

"You don't have to worry about this."

Ye Feng looked at Zhan Hongling at this time and said with a smile: "I have specialized in studying formations, and I was very lucky before. I got the powerful skills left by the founder of my previous sect. The formation is called the Nine Heavens Star Formation. It is a very powerful formation. If it can be set up and used at night, it can gather the power of the stars above the nine heavens and exert great power! "

"Nine Heavens Star Formation?"

Zhan Hongling seemed to have heard of this formation. When she heard Ye Feng say this, her eyes immediately showed deep shock, and she couldn't help but said: "I didn't expect Ye Feng's own combat power." It is so powerful to be able to create a very ancient formation like the Nine Heavens Star Formation. I heard my uncle say that this formation is very ancient and powerful. The formation can echo with the countless stars in the nine heavens and can deal with thousands of armies. "

At this moment, Zhan Hongling was talking, her beautiful eyes staring at Ye Feng in front of her, with a look of unstoppable joy and surprise.

Because the surprise that Ye Feng brought to her was really too big!

Originally, Zhan Hongling thought that Ye Feng was just a very ordinary outer disciple of the Holy Land of Heaven whom she met.

Unexpectedly, Ye Feng's trump cards and tricks time and time again refreshed Zhan Hongling's view of Ye Feng.

At this time, in Zhan Hongling's mind, Ye Feng had simply become an omnipotent being.

At this time, Ye Feng suddenly said: "But setting up the Nine Heavens Star Array requires a lot of array materials. The array materials in my storage ring are no longer enough. Hong Ling, look at your storage ring." "Do you have the materials I need?"

Zhan Hongling nodded immediately, then took out all the materials from her storage ring and placed them in front of Ye Feng.

When Ye Feng saw that there were so many formation materials in Zhan Hongling's storage ring, he couldn't help but his eyes showed a look of surprise immediately, and then he said aloud: "Fortunately, you carry so many formation materials with you." Materials, otherwise the Nine Heavens Star Array would definitely not be set up. Great, you've been a big help."

At this moment, when Zhan Hongling heard Ye Feng's compliments, she immediately said with some embarrassment: "I carry these materials with me. In fact, they were all given by my uncle because she wanted me to do well." Comprehension of formations, it is said that I have talent for formations, but because I am lazy, I have not been able to comprehend formations all the time, so these materials have not been consumed and have always been in my storage ring. I didn't expect it to come in handy this time. It's true that lazy people are lucky." For Zhan Hongling, Ye Feng is a man worthy of curiosity and attention.

Because of the methods Ye Feng used, Zhan Hongling's knowledge was refreshed again and again.

Comprehending the Formation One, it is said that I have talent for the Formation One, but because I am lazy, I have not been able to comprehend the Formation One, so these materials have not been consumed and have always been in my storage ring. I didn't expect it to come in handy this time. It's really a blessing to be lazy."
