

## Ancient 2781

Chapter 2781 Senior Brother and Sister

Next, with so many formation materials in Zhan Hongling's storage ring, Ye Feng quickly refining all the formation disks needed for the Nine Heavens Stars Formation, and then refined a A brand new formation.

At this time, Ye Feng said aloud: "As long as these array disks are placed around this dark base, I can instantly activate the entire nine-day star array. However, we need to wait for a favorable time and place to activate this array. Because the Nine Heavens Star Array will become more and more powerful as there are more and more bright moons and stars in the sky. If there are always dark clouds in the dark night, the power will become much weaker. "

When Zhan Hongling heard what Ye Feng said, she immediately nodded seriously and said, "Then let's place these formation disks around this dark race base first, and then activate them directly when the time is right."

"good."

Ye Feng nodded and directly handed part of the refined formation disk to Zhan Hongling.

Uh-huh!

Uh-huh!

The two of them acted separately at this time, walking around the ancient ruins area where the entire dark race base was located, and placed all the formation disks around it.

When Ye Feng and Zhan Hongling met again, all the formation disks in their hands had been successfully placed.

At this time, Ye Feng immediately released his soul power. After sensing it, a trace of joy appeared on his face and he said loudly: "All the array disks have been placed in place. I can sense it. Now As long as I think about it, I can activate all the nine-day star formations in an instant, and the powerful star power will burst out in an instant."

Hearing what Ye Feng said, Zhan Hongling also showed a happy smile on her beautiful face, and said loudly: "Ye Feng, you are so amazing, you can actually arrange such an ancient and powerful nine-day star formation." Formation, and I heard from my uncle that an outstanding formation master must have extremely powerful spirits.

Divine power and soul power. It seems that Ye Feng's innate soul power is very outstanding. This is a very strong talent. "

Ye Feng smiled slightly at this moment and said: "My strong mental and soul power is not an innate talent, but something I have cultivated myself. To tell you the truth, I am a soul master."

"Are you a soul master?!"

"The legendary soul master?!"

At this time, Zhan Hongling's beautiful face suddenly revealed a look of deep horror.

She seemed to have never imagined that Ye Feng turned out to be a legendary soul master.

You must know that soul masters are talents in all aspects, because the soul power of soul masters is very powerful, and they can be continuously cultivated to make their soul power continuously stronger.

Therefore, soul masters can change jobs and become various powerful beings.

For example, a soul master can be trained to become an array master, an alchemist, a puppet master, a weapon refiner, etc. He is an all-round talent!

At this time, Zhan Hongling stared at Ye Feng in front of her, with a look of obsession in her beautiful eyes, and said loudly: "Ye Feng, Ye Feng, how many secrets do you still hide from me? "

When Ye Feng saw Zhan Hongling's expression, he couldn't help but gave a bitter smile and said, "I don't have any other secrets. Almost all the methods I should have have been used in front of you. You don't need to think that I am so mysterious. I have accumulated these methods and trump cards

after practicing for so many years. I no longer use many of them, but there are still some powerful methods that I can still follow so far. It depends on my practice and use.”

listen

When Ye Feng said this, Zhan Hongling immediately nodded and said: "Your life must be very exciting, otherwise it would be impossible to accumulate so much knowledge and methods. It is impossible to learn all these things in the Holy Land of Heaven." I'm here. I really want to hear your story since you started practicing cultivation when you have time. It must be very exciting and magnificent.”

When Ye Feng heard what Zhan Hongling said, he was stunned for a moment, and then sighed and said: "I have indeed experienced a lot since I started practicing cultivation, and everything I have experienced can be considered magnificent and wonderful. Well, if you really want to hear it, Hong Ling, I will tell you when I have time after this dark race base is eradicated."

"Really? That's great!"

At this moment, Zhan Hongling's eyes suddenly showed deep joy.

Perhaps for Zhan Hongling, she spent her whole life in the Dragon God Academy, practicing from childhood to adulthood.

She was naturally very curious about a wandering warrior-like practitioner like Ye Feng, because she felt that Ye Feng had experienced many wonderful things.

Buzz!

But suddenly at this moment, a golden token on Zhan Hongling's waist suddenly flashed with a hazy golden light.

When Ye Feng saw this scene, his eyes suddenly showed a hint of surprise, and he asked aloud: "The token around your waist is glowing, what's going on?"

"Um?"

Zhan Hongling was also stunned at this time. Looking at the glowing token on her waist, she suddenly said with some joy: "This is the original token of our Dragon God Academy. If it shines, it means that there are our Dragon Gods around." If we can invite other disciples from the academy, they will definitely be of great help to us in eradicating the entire dark race base."

leaf

When Feng heard what Zhan Hongling said, he nodded slightly and said, "Then you can invite them over directly through this token. There are indeed very powerful beings in this dark race base. If a few more people help, It is indeed of great benefit to us."

"Since you agreed, Ye Feng, I will invite them over."

At this time, Zhan Hongling nodded, and immediately used her identity token to directly contact the disciples of Dragon God Academy who suddenly appeared around her using a method that Ye Feng could not understand.

Less than half an hour later, two figures flashed over from the darkness not far away.

They were two young people, a man and a woman.

The man is extremely handsome.

The woman is tall and beautiful.

The clothes they were wearing were all student uniforms from Dragon God College, and their auras were powerful. They were all at the level of Dzogchen, the tenth level of Guixu Realm, which was higher than the cultivation levels of Ye Feng and Zhan Hongling.

At this moment when the two students from Dragon God College came over, Zhan Hongling immediately clasped her fists and said: "I have seen my senior brother and sister. I am here to prepare to eradicate the dark race base. My identity token sensed my senior brother and sister's." Aura, so I invite senior brothers and sisters to work together to eradicate this dark race base. "

The two senior brothers and sisters from Dragon God College nodded slightly at this moment, and then suddenly their eyes fell on Ye Feng next to Zhan Hongling.

The senior fellow from Dragon God College showed a hint of contempt in his eyes, and said loudly: "Junior sister, the young man next to you is wearing the clothes of an outer disciple of the Holy Land of Heaven, and he is actually just a weak outer disciple. Disciple, if he comes here to act with us, he may become a burden to us, so let him leave as soon as possible. The eradication of this dark race base should be our credit, and we should not let outsiders get involved to share the credit. "

Chapter 2782 Convinced

At this moment, the senior brothers from Longshen Academy seemed to be very contemptuous of Ye Feng.

Obviously, the aura of cultivation exuding from Ye Feng made this senior fellow from Dragon God College quite disdainful.

After all, Ye Feng's cultivation level is indeed not that superb. What is really great about Ye Feng is his true combat power.

At this moment, after hearing this senior fellow from Dragon God College say this, Zhan Hongling, who was standing next to Ye Feng, immediately turned down. There was a hint of coldness in her beautiful eyes, and she couldn't help but say... He said in a loud voice: "Senior brother, I invited you here to slay demons and defend the Tao with my companions, not to ridicule my companions." ??

Although the other party was a senior from Dragon God College, Zhan Hongling was very tough for Ye Feng at this time.

Hearing what Zhan Hongling said, the senior fellow from Dragon God College couldn't help but reveal a cold smile in his eyes, and said loudly: "Outer disciples of Tiandao Holy Land, if you are a man, don't let me A woman speaking for you makes you look too weak."

"Brother! You have gone too far!"

Zhan Hongling suddenly spoke out at this time.

"Stop arguing."

At this time, the senior sister from Dragon God College suddenly said: "Actually, what senior brother said is reasonable. If there is a burden in eradicating the dark race base this time, it will indeed be a disadvantage for us."

Ye Feng suddenly spoke up at this time: "This senior brother of Dragon God College, if you think I am a burden to you, then we can have a competition on the spot now. Let's do this, in order to avoid too many battles that will attract the dark race. The base is vigilant. We will only use one move. As long as I can defeat you in one move, then you should stop making trouble unreasonably, okay?"

"Defeat me with one move?"

When the senior fellow from Longshen College heard what Ye Feng said, his face immediately revealed a deep expression of emotion.

With a look of anger on her face, she couldn't help but said to Zhan Hongling: "Junior sister, look at your partner, you are so arrogant. With such a low cultivation level, you dare to say such arrogant words to me. , It's too presumptuous. Today, I don't care whether he is your closest friend, junior sister, or your boyfriend. I must teach this young boy a lesson, otherwise others will definitely say that our Dragon God College has no temper."

Boy friend?

Hearing this senior fellow from Dragon God College say this, Zhan Hongling's beautiful face suddenly showed a hint of blush.

It seems that this senior fellow from Dragon God College has misunderstood.

However, Zhan Hongling did not refute anything and just said: "Okay, since senior brother agrees to fight Ye Feng, then I have nothing to disagree with."

"good."

The senior fellow from Dragon God College nodded immediately, and then walked towards Ye Feng in an instant.

He did not emit any powerful aura, as if he was afraid of attracting the attention of the dark races in the dark race base.

Ye Feng didn't release any powerful momentum at this time, just punched out with an ordinary punch.

It was just this ordinary punch. The moment it rushed out, the power of the whole world seemed to be condensed in the momentum of this punch.

Buzz!

Almost at the next moment, the senior fellow from Dragon God College, who was still full of anger, suddenly showed deep shock in his eyes when faced with Ye Feng's ordinary punch.

He felt that what was bombarding him at this moment was not a

The fist, but the vast pressure of the entire world!

"I do not believe!"

"This kid can't be so powerful!"

"The power of the Dragon God!"

"Dragon God Armor!"

"Guardian of Dragon God!"

Almost at this moment.

Boom!

The senior brother from Dragon God College roared, and waves of terrifying Dragon God energy suddenly erupted from his body. These Dragon God energy condensed into layers of golden barriers, and then condensed into a huge The incomparable golden armor directly protected the body of this senior fellow from Dragon God Academy.

"Boom!"

And at this moment, Ye Feng's punch also struck.

Suddenly, a terrifying impact and surging power erupted directly from Ye Feng's fist, all pouring onto the golden armor surrounding the senior fellow from Dragon God College.

"Crack, click, click..."

Almost at this moment, Ye Feng's fist burst out with terrifying power, instantly shattering all the golden armor condensed by this senior fellow from Dragon God College.

For Ye Feng, although this senior from Dragon God College has reached the tenth level of the Return to the Void Realm, Ye Feng is not afraid.

Because Ye Feng's current strength and cultivation have also been upgraded to the powerful level of the sixth level of Guixu Realm.

So if it was just a few levels higher than Ye Feng, it would not be a big threat to Ye Feng at all.

He didn't need to use any trump cards at all to suppress them instantly.

"Boom!"

\u003e At this moment, as the Dragon God's armor was broken, Ye Feng's fist opened instantly, and his five fingers were like pillars of heaven, pressing the senior brother of Dragon God Academy to the ground.

This senior fellow from Dragon God College could not withstand Ye Feng's power at this moment. He fell to the ground, looking extremely embarrassed. He was suddenly pressed to the ground by Ye Feng's hand. Unable to move an inch.

Because Ye Feng's hand at this moment was like an ancient mountain, full of endless weight and pressure, and he could not resist at all.

"This is impossible! Your kid's cultivation level is only the sixth level of Guixu Realm! I am nearly four levels higher than you! How could you suppress me in an instant! My Dragon God Armor is unable to resist your power! Because my Dragon God armor was given by the Dragon God in legend, but your body is ordinary and you don't have any special physique at all. Why? Will the power become so strong?"

At this moment, this senior fellow from Longshen Academy was simply doubting his life to the extreme.

Because he felt that even if he couldn't defeat Ye Feng, he could still resist it for a while.

But Ye Feng defeated him in one fell swoop, which was really shocking and incredible.

At this time, this senior fellow from Dragon God College suddenly felt that if Ye Feng wanted to kill him, he might be able to completely obliterate him in an instant.

So at this time, the senior fellow from Dragon God College figured this out and immediately became extremely awed. He couldn't help but stand up straight, then faced Ye Feng, clasped his fists respectfully and said, "It's me. Yelang is so arrogant that he looks down on this super genius. Now I am convinced. From today on, I will obey all your orders!"

Chapter 2783 The formation is activated

At this moment, seeing that this senior fellow from Longshen Academy was so sensible, I was instantly convinced, and even showed an attitude of incomparable awe.

Ye Feng also smiled slightly and said: "It doesn't matter, this senior brother shouldn't act so exaggerated. I'm just an ordinary outer disciple of the Holy Land of Heaven. As long as we all work together in the future, we can turn this dark race base into a new one." It would be the best thing to eradicate it completely."

Hearing what Ye Feng said, the senior fellow from Dragon God College nodded immediately, and then said loudly: "That's right, we must cooperate well next to eradicate all the dark race bases and All the dark races have been killed, and the hidden dangers in this area have completely disappeared."

At this moment, the eyes of Zhan Hongling and the senior sister from Dragon God College around them were full of shock, as if they were still recalling the fact that Ye Feng had defeated the senior brother from Dragon God College with just one fist. among the scenes.

Because they all know that this senior fellow from Dragon God College is one of the top ten disciples in the inner sect of Dragon God College, and he has practiced the inheritance of Dragon God and is very powerful.

But he still couldn't resist Ye Feng's fist.

This made Zhan Hongling and the senior fellows at Longshen Academy unable to bear the question: Is this ordinary-looking young man in white really just an ordinary outer disciple of the Holy Land of Heaven?

This kind of strength is really too powerful!

It is simply comparable to the top existence among the inner gates!

At this moment, the senior sister from Dragon God College looked at Ye Feng with eyes full of deep curiosity and shock.

At this time, Ye Feng looked up at the sky and suddenly said: "It's almost time now. Many bright moons and stars in the sky have been revealed. Today is a good night. Maybe it can be very good." The big one unleashes the power of the Nine Heavens Star Formation."

"Nine Heavens Star Formation?"

Hearing what Ye Feng said, the surrounding senior brothers and sisters from Dragon God College had doubts in their eyes.

At this time, Zhan Hongling proudly introduced: "My partner is called Ye Feng. In addition to being powerful, he is also a powerful formation master. Just now, he and I arranged the layout together." A Nine-Heaven Star Formation has emerged. As long as Ye Feng makes a thought, he can instantly activate the entire Nine-Heaven Star Formation and burst out with extremely powerful power."

"This brother Ye Feng is actually a powerful formation master?"

At this time, the senior brothers and sisters of Longshen Academy all looked deeply shocked.

Because the methods Ye Feng constantly displayed were really shocking.

Even though these two people are both super geniuses in Dragon God College, and one of them is even one of the top ten disciples in the inner court, they were all deeply shocked by Ye Feng's potential at this time.

The senior sister from Dragon God College couldn't help but said: "Is the Nine Heavens Stars Formation the legendary Nine Heavens Stars Formation? It can absorb the power of all the stars in the sky and burst out the terrifying power of thousands of stars and heaven and earth!"

Zhan Hongling nodded and said very proudly: "That's right, it's the legendary Nine Heavens Star Formation!"

"so amazing!"

At this time, the senior fellow from Dragon God College couldn't help but stare at Ye Feng, and said in admiration: "I didn't expect that this junior fellow would not only have extremely terrifying combat power, but also understand the art of formation, and seemed to have studied it deeply. , can actually

Being able to set up the legendary ancient formation, the Nine Heavens Star Formation, really makes me amazed. Even in the inner courtyard of our Dragon God College, there is no such all-around genius. "

When Zhan Hongling heard her senior brother praising Ye Feng, it was as if she was praising herself, and her beautiful face suddenly showed a very happy look.

At this time, she even wanted to shock her senior brothers and sisters by revealing Ye Feng's identity as a soul master.

But after thinking about it, Zhan Hongling felt that Ye Feng definitely didn't want others to know that he was a soul master.

So at this time, Zhan Hongling didn't say anything more. She felt that it was enough for her to know Ye Feng's secret. This was her exclusive secret and no one else knew it.

"Now that the time has come, let's get started."

Ye Feng spoke up at this time.

"good."

Several people present nodded.

Now they all have great trust in Ye Feng, and naturally they believe in Ye Feng's judgment.

"Well, I will first activate the Nine Heavens Star Formation to completely cover this base of the dark race."

At this moment, Ye Feng flew to high altitude in an instant, and then his soul moved in an instant, directly responding to the nine-day star formation he had arranged.

Rumble...

Almost at this moment, a large area of starry light suddenly lit up around the extremely peaceful dark race base.

Buzz!

Along with an extremely violent formation space fluctuation, the Nine Heavens Star Formation was activated instantly.

At this moment, several people present saw a very beautiful scene.

Above the dark sky, a large area of bright star light was shed, directly condensing into a huge formation, covering the entire dark race base.

Then Ye Feng's whole body was covered with the light of the stars, and he felt like the King of Stars, suspended high in the sky, looking very sacred and noble.

At this moment, Zhan Hongling's eyes changed when she looked at Ye Feng.

Because Ye Feng at this moment feels so sacred and noble that people can't help but feel like they are worshipping him.

At this moment, Ye Feng immediately shouted loudly: "The power of the stars! Use it for me! Nine-day star formation! Get up!"

Boom! !

Almost at the next moment, the entire Nine Heavens Star Formation suddenly condensed countless starlight meteorites, and all of a sudden they smashed crazily towards the dark race base below.

"Rumble..."

Almost at this moment, the entire dark race base was smashed into many areas.

"What a terrifying power!"

"Is this the power of the Nine Heavens Star Array!"

At this time, several people from Longshen Academy standing below had deep shock and horror in their eyes.

At this moment, Zhan Hongling immediately said: "Ye Feng controls the formation, now it's our turn to take action!"

The senior brothers and sisters from Dragon God College nodded one after another and said loudly: "Okay! This time we must kill all these cruel dark race brats!" At this moment, seeing this Dragon God College The senior fellow apprentice was so understanding that he was instantly convinced and even showed an attitude of incomparable awe.

Ye Feng also smiled slightly and said: "It doesn't matter, this senior brother shouldn't act so exaggerated. I'm just an ordinary outer disciple of the Holy Land of Heaven. As long as we all work together in the future, we can turn this dark race base into a new one." It would be the best thing to eradicate it completely."

The senior brothers and sisters of Dragon God College nodded one after another and said loudly: "Okay! This time we must kill all these cruel dark race brats!"

Chapter 2784 It's impossible to get close at all

boom!

boom!

At this moment, after the senior brothers and sisters from Longshen Academy finished speaking, their extremely powerful cultivation suddenly burst out.

They immediately rushed towards the dark race base.

Ye Feng controls the entire Nine Heavens Star Formation.

The power of the Nine Heavens Star Formation cannot harm senior brothers and sisters at all.

They just need to keep killing the dark races that are running wildly in the darkness.

At this time, the entire dark race base was in chaos.

Obviously, Ye Feng suddenly activated the entire Nine Heavens Star Formation, and brought down so many powerful and destructive forces, which naturally caused these dark races to panic for a moment, not knowing what was going on.

Even some dark races were directly killed by the star meteorites condensed by the Nine Heavens Star Array in their sleep.

"Enemy attack! Enemy attack!"

"The strong men of the human race are attacking our base. All soldiers come out quickly and enter combat mode."

...

At this moment, shouts suddenly rang out throughout the base of the dark race.

Obviously all the dark races are awakened at this moment.

They rushed out of the place where they lived in an instant and quickly attacked the surroundings.

But in the darkness, it was difficult for them to tell where the enemy was.

Because there were very few people attacking them, only three.

Uh-huh!

At this time, Zhan Hongling also joined the battlefield.

She held a silver long sword in her hand, and every time she struck it down, a silver sword light burst out instantly, full of terrifying tearing power, and instantly destroyed dozens of dark races.

It was killed and torn to pieces.

It has to be said that although there are only three people on the human race, each one is a master and genius, the best among the best, and their combat effectiveness is very strong.

In particular, the Nine Heavens Star Formation now controlled by Ye Feng condenses the power of the stars above the entire Nine Heavens, and the terrifying and destructive power it unleashes is even more astonishing. It can be compared to thousands of troops, which is very terrifying.

"There is a powerful formation master of the human race who is controlling the entire powerful formation to attack us. This formation master must be killed, otherwise our entire dark race base will be completely destroyed!"

At this moment, in the base of the dark race, a master of the dark race couldn't help but speak out.

Naturally, they discovered Ye Feng, who was at the top of the formation. His whole body was radiating bright starlight. He looked like a young god, very noble and noble.

So at this time, all the dark races understood that the most powerful one was actually the human race's formation master.

"Although the formation master can control the heaven and earth formations and release terrifying destructive power, the formation master's own power is generally extremely weak, so we only need to get close to the formation master to kill him instantly."

At this moment, the masters from several dark race bases all united and charged towards Ye Feng high in the sky.

But they underestimated Ye Feng's strength.

Although Ye Feng is an array mage, Ye Feng's own combat power is also extremely terrifying.

At this moment, Ye Feng immediately used the Wheel of Judgment he had learned.

Rumble...

Almost at this moment, black wheels of judgment suddenly appeared around Ye Feng, exuding the power of judgment.

All the dark races that rushed towards Ye Feng were instantly disintegrated.

In addition, two magic weapons appeared in Ye Feng's hands, namely the Ice Holy Bow and Thor's Hammer.

Ye Feng held the Thor's Hammer in his right hand and blasted it wildly. The lightning bolts from the Nine Heavens were drawn down. In an instant, they were able to electrocute those dark races until they were all scorched black. They fell directly from the sky and died instantly.

And the Ice Holy Bow in Ye Feng's hand, every arrow shot can release an extremely powerful ice frenzy, which can freeze the dark races who rush in front of Ye Feng in the thick ice. , it was impossible to cause any harm to Ye Feng.

In addition, an ancient flame dragon also came out of Ye Feng's storage ring.

It was the immature ancient flame dragon that Ye Feng had tamed before!

Although the Ancient Flame Dragon is still in its infancy, it is the bloodline heir of the ancient divine beast after all, so even in its infancy, its strength is extremely terrifying.

"Boom!!"

The Ancient Flame Dragon was lying on Ye Feng's shoulder at this time, and every time it could spray out the terrifying power of flames, it could burn everything clean in an instant.

The masters of the dark race were under attack from this terrifying force at this moment and could not get close to Ye Feng.

At this time, several senior brothers and sisters from Dragon God College wanted to support Ye Feng, but in the end, they discovered that the formations controlled by Ye Feng released more destructive power than the attacks they released with all their concentration. Be scary.

The two senior brothers and sisters from Dragon God College looked at each other.

They all had wry smiles in their eyes.

It seemed that Ye Feng didn't need their help.

Because Ye Feng has too many and powerful methods.

At this time, I saw Nian Taigu Yanlong lying on Ye Feng's shoulders as Ye Feng's pet.

Zhan Hongling immediately revealed a look of deep surprise in her beautiful eyes. She didn't expect Ye Feng to be so powerful. Even the ancient beasts were willing to serve Ye Feng as their master!

Sure enough, Ye Feng still has many secrets!

"Devouring the Realm!"

And in this endless killing, Ye Feng released his own devouring domain in the dark night.

Suddenly, a large area of darkness enveloped the entire dark race base, absorbing all the blood energy of the killed dark races, and then injected it into Ye Feng's body.

Moreover, the Devouring Domain enveloped the entire dark race base, just like a huge formation enveloped the base, causing the combat effectiveness of all dark races to drop a lot.

Because the Devouring Domain can now not only absorb the blood energy of dead creatures, but also reduce the overall power of living creatures.

"Why has my power become weaker?"

"I feel like my life force is rapidly draining into the darkness!"

"What happened? Why am I still alive? Why am I still young and vigorous? Why do I start to lose my vitality and blood?"

At this moment, the dark race creatures in the entire dark race base had deep horror in their eyes, and they had no idea what was happening.

Because the Devouring Domain released by Ye Feng was pitch black, it had merged with the night and no one could detect it.

Chapter 2785 See you later

"Rumble..."

At this moment, as huge amounts of energy are injected into Ye Feng's body, Ye Feng's skill is rapidly growing.

For Ye Feng, the blood and energy of these pure dark races are very abundant and are very precious cultivation nutrients.

At this time, Ye Feng's cultivation aura suddenly began to make rapid and continuous breakthroughs.

boom!

The seventh heaven of Guixu Realm!

boom!

The eighth level of Guixu Realm!

boom!

The ninth level of Guixu Realm!

At this moment, during the whole process, Ye Feng devoured a lot of blood energy, and finally broke through to the ninth level of Guixu Realm.

Breaking through three heavens in a row!

It has to be said that the blood energy of these dark races in this dark race base is very huge. After all the dark races were swallowed up, Ye Feng's skill suddenly increased so much that he broke through the three heavens in a row. It was simply Extremely fast.

At this time, Ye Feng was standing high in the sky, and the aura of cultivation on his body was getting bigger and bigger, causing the surviving dark races in the dark race base below to show deep fear in their eyes.

Because they discovered that not only was their enemy's power not consumed, but their aura became increasingly larger and more terrifying.

This simply frightened all the dark races to the extreme.

The three Dragon God School disciples, including Zhan Hongling, all had deep surprises in their eyes.

They never thought that during the battle, Ye Feng not only did not consume any energy, but also became stronger and stronger. This is really incredible.

You must know that after they have been killing for so long, all the power in their bodies has been exhausted.

But Ye Feng is not only fighting, but also controlling a huge formation, which is also consuming power.

But even so, Ye Feng's aura and power not only did not become smaller, but became stronger and stronger.

This is really incredible!

At this time, Zhan Hongling thought that Ye Feng had also made a breakthrough in the battle before. She suddenly showed a more curious look in her beautiful eyes, and couldn't help but

murmured, "Ye Feng, what are you practicing?" What kind of inheritance is it? It is so miraculous that it can continuously break through in battle. It is really an inheritance that I have never heard of. If it is spread, I am afraid it will shock the whole world, but I won't say it, because until then At that time, Ye Feng, you will definitely become the target of public criticism in the whole world, and I must keep it a secret."

At this moment, Ye Feng controlled the huge Nine Heavens Star Formation and continued to condense more and more stars and meteorites, bombarding them crazily below.

Rumble...

With the final roar, the entire dark race base was completely destroyed.

All buildings and dark races collapsed and died.

Uh-huh!

At this time, Ye Feng landed from high in the sky and looked at the dilapidated surroundings with a look of satisfaction in his eyes.

The nine-day star formation deployed this time really had a huge effect, preventing all the dark races from escaping and all died in the formation.

Uh-huh! Uh-huh! Uh-huh!

At this moment, Ye Feng saw three figures flying over not far away. They were Zhan Hongling and three senior brothers and sisters from Dragon God College.

They also made great achievements this time. They continued to kill the masters of the dark race in the darkness, sharing a lot of pressure for Ye Feng, allowing Ye Feng to devour blood and energy safely in the darkness.

At this moment, Ye Feng immediately looked at the three people in front of him, couldn't help but clasped his fists and said, "You three have worked hard this time."

"Where is it?"

The senior brothers and sisters from Longshen Academy immediately waved their hands, and then said with a wry smile: "The main force in this battle is Ye Feng. Ye Feng, you are really too powerful. Being able to unleash such terrifying destructive power really makes us admire you. Ye Feng, you are truly a peerless genius, a rare super genius in the Holy Land of Heaven."

Hearing the compliments from the senior brothers and sisters from Dragon God College, Ye Feng suddenly showed a slight smile in his eyes and said loudly: "You two are so complimentary, I'm just an ordinary person."

At this time, Zhan Hongling walked up to Ye Feng and said, "Ye Feng, where are you going next? The dark race base here has been completely eradicated."

Ye Feng thought for a moment and said aloud: "Next, I estimate that I may go to other places to continue the trial, and will not return to the Holy Land of Heaven for the time being, because my goal this time is to break through as much as possible. Cultivate yourself and become stronger, so that you can protect yourself in the chaos of the future."

"That's right."

At this moment, the senior fellow from Dragon God College also nodded solemnly, looked at the ruins of the entire dark race base around him, sighed, and said slowly: "This time, the dark race has fully invaded the divine world. The central land is simply menacing. It is different from the dark turmoil in previous eras. This time it may really be unstoppable, so the entire central land of the God Realm will fall into endless chaos in the future. We are all in this We are an insignificant part of the vortex of the regiment war, so we must try our best to improve our strength and try our best to protect ourselves from this vortex of war or get out. "

When she said this, Zhan Hongling knew that Ye Feng was definitely leaving, and she was a little reluctant to leave.

But she won't stop Ye Feng, because she knows that Ye Feng also has his own mission, his own goals, and his own path.

Zhan Hongling also needs to return to Dragon God College, because her mission this time has been completed and she needs to return to Dragon God College to report.

So at this time, Zhan Hongling glanced at Ye Feng reluctantly, and then said loudly: "Senior Brother Ye Feng, let's say goodbye for now. If we are destined, I hope we can meet again."

Ye Feng looked at the beautiful Zhan Hongling from Dragon God College in front of him, smiled and said, "We will definitely meet again if we have the chance, don't worry."

Next, the senior brother and sister from Dragon God College also hugged their fists towards Ye Feng and said loudly: "Brother Ye, see you later."

After saying that, the two of them left the dark race base together with Zhan Hongling.

When Ye Feng watched the three people completely leave the dark race base, Ye Feng did not leave. Instead, he suddenly turned around and looked at the extremely dilapidated dark race base. He couldn't help but look excited. He said loudly: "All human races may not need the countless training resources in the dark race base, but I do need them very much. This time, I can devour them to my heart's content." "Rumble..."

At this moment, as huge amounts of energy are injected into Ye Feng's body, Ye Feng's skill is rapidly growing.

For Ye Feng, the blood and energy of these pure dark races are very abundant and are very precious cultivation nutrients.

At this time, Ye Feng's cultivation aura suddenly began to make rapid and continuous breakthroughs.

boom!

The seventh heaven of Guixu Realm!

boom!

The eighth level of Guixu Realm!

boom!

The ninth level of Guixu Realm!

At this moment, during the whole process, Ye Feng devoured a lot of blood energy, and finally broke through to the ninth level of Guixu Realm.

Breaking through three heavens in a row!

It has to be said that the blood energy of these dark races in this dark race base is very huge. After all the dark races were swallowed up, Ye Feng's skill suddenly increased so much that he broke through the three heavens in a row. It was simply Extremely fast.

At this time, Ye Feng was standing high in the sky, and the aura of cultivation on his body was getting bigger and bigger, causing the surviving dark races in the dark race base below to show deep fear in their eyes.

Because they discovered that not only was their enemy's power not consumed, but their aura became increasingly larger and more terrifying.

The nine-day star array deployed this time really had a huge effect, preventing all the dark races from escaping, and all died in the array.

Uh-huh! Uh-huh! Uh-huh!

At this moment, Ye Feng saw three figures flying over not far away. They were Zhan Hongling and three senior brothers and sisters from Dragon God College.

He couldn't help but look excited. He said loudly: "All human races may not need the countless training resources in the dark race base, but I do need them very much. This time, I can devour them to my heart's content."

Chapter 2786 A very dangerous enemy

At this time, Ye Feng flew towards the deepest part of the dark race base without any hesitation.

For Ye Feng, although this dark race base has been completely shattered, the remaining dark demon race resources are also very precious.

Ordinary people cannot use the cultivation resources of this dark race at all, because this kind of cultivation resources of the dark race is like poison to ordinary people and cannot be touched.

But for Ye Feng, these cultivation resources are his greatest cultivation nourishment.

Ye Feng's body is like a big melting pot, able to smelt the training resources of these dark demons into pure energy, swallow them up, and then strengthen his own skills.

Uh-huh!

Ye Feng quickly reached the deepest area of this dark race base.

He saw that there were many fortresses in the deepest part of this dark race base.

Most of these fortresses have now collapsed, but many still stand.

These fortresses are where the dark race bases store resources.

As the saying goes, before the soldiers and horses move, food and grass go first.

Although this dark race base is not very powerful, it can be handled by Ye Feng and a few masters from Dragon God Academy.

But the resources of the dark race stored in their base are very majestic.

"Boom!"

Ye Feng smashed a fortress with a fist, and black stones suddenly flowed out like water.

Blah blah blah...

These black stones flowing from the fortress contain very majestic dark energy.

If an ordinary warrior encounters this black stone here, he will definitely be assimilated by the dark energy in it, and will be completely sunk and corrupted.

But at this moment, Ye Feng seemed to have seen the most delicious food. He rushed forward and stretched out his hand to take a black stone in his hand.

Buzz...

At this time, Ye Feng could sense that very strong dark energy was surging rapidly from this black stone.

This dark energy not only did not scare Ye Feng, but made him very excited.

"Swallow!"

Almost at this moment, Ye Feng immediately released the Devouring Domain, covering all the thousands of dark energy stones contained in the fortress within the Devouring Domain.

Rumble...

Immediately, the majestic dark energy was absorbed, and then all injected into Ye Feng's body, rapidly increasing Ye Feng's power.

If anyone in the dark race base saw this scene now, they would definitely be shocked.

Because the energy stones that the dark race needed for their cultivation, Ye Feng, a human race, was able to quickly devour them, which was really unbelievable.

"It's really strange that you, a human race, can actually swallow the energy crystals of our dark race! Strengthen your own strength!"

But just when Ye Feng had just swallowed it, a cold ancient voice suddenly sounded in this dilapidated dark race base.

"who is it?"

Ye Feng's eyes were suddenly startled and he immediately looked around him.

Because he had just sensed it with his soul power, it was certain that there was no life left in this dark race base, and all of them had been killed.

But why is there a sound all of a sudden?

Buzz!

And at this moment, Ye Feng suddenly noticed that in a broken hall not far away, in a bottomless pit, an ancient troll with a majestic body slowly crawled out. .

"This is the troll clan among the dark races!"

Ye Feng's eyes were a little shocked. He didn't expect that this troll could escape the detection of his soul power. It must be a very powerful existence.

Rumble...

At this moment, this ancient troll climbed out of the abyss. Its huge body almost blocked the sky. Every time it walked, the whole earth shook. It was covered with pitch-black scales, and every scale They are all about the size of a bowl and look very visually impactful.

At this moment, the ancient troll's eyes, which exuded scarlet light, stared at Ye Feng below, and said slowly: "What kind of physique do you, a young man from the human race, have? Devouring the power of our dark race, you are a great threat to our dark race! You must die today!" ??

This ancient troll had a very high opinion of Ye Feng, believing that Ye Feng's threat had simply risen to the level of the entire dark race.

Because this ancient troll has never seen any human race, or other races, be able to use the power of their dark race.

Even some of the top beings in the human race cannot assimilate with the entire dark energy.

Therefore, the biggest advantage of the dark race invading the central land of the God Realm is that the dark race can continuously replenish dark energy from the dark interface, allowing the human race to continuously consume their own power.

But Ye Feng can use it

The energy of the dark race simply violates the core taboo of the dark race!

Therefore, this ancient troll feels that Ye Feng's future threat may be more terrifying than those superpowers in the human race.

Even though Ye Feng's current cultivation level is still very low, the ancient trolls believe that Ye Feng's threat is very high.

At this moment, the ancient troll's eyes were filled with a deep desire to kill, and he stretched out a big hand that covered the sky and grabbed Ye Feng.

"Thor's Hammer!"

At this moment, Ye Feng immediately held the hammer in his hand and struck hard at the big black hand in the sky.

"Boom!!"

Almost at the next moment, there was a huge roar in the entire sky.

This roar was so terrifying that the entire surrounding land for several kilometers shook and cracked, and the surrounding mountains began to collapse in response.

"sensation!"

And at the next moment, Ye Feng, holding the Thor's Hammer in his hand, couldn't help but stepped back dozens of steps and stopped on the ground.

At this time, the big hand was still grabbing Ye Feng.

It's like a dark magic mountain, full of endless heaviness, as if it can suppress everything.

At this time, Ye Feng immediately understood that the power of this ancient troll's body was truly terrifying to the extreme.

Even if he holds Mjolnir in his hand, he cannot compete with the power of this ancient troll's body.

This is a very dangerous enemy!

But there is no way Ye Feng can escape now. After all, the resources of countless dark races in the dark base have not been collected yet!

Chapter 2787 Success or failure depends on this move

At this time, Ye Feng stared at the ancient troll in the distance with a thoughtful look in his eyes.

He was thinking about how to deal with this ancient troll.

Because of the physical power of this ancient troll, Ye Feng also saw it just now, and it was very terrifying.

Even if Ye Feng held Thor's Hammer, he was no match for this ancient troll. He was bombarded directly from high in the sky by one hand of this ancient troll. It was really terrifying to the extreme.

Boom!

Just as Ye Feng was thinking about it, the ancient troll once again stretched out a hand, grabbed it towards Ye Feng, made a sarcastic voice, and said: "Young man from the human race, don't think about it anymore. You have to fight me, because you can't be my opponent at all. I have been sleeping in this endless darkness for so many years, and I have long cultivated the power of my body to the extreme. It is difficult to have power in the world. , can destroy my body, and now that I have revived, how can I not defeat you, a little human boy? Even if you are a powerful formation master, you cannot be my opponent."

Boom!

At this time, Ye Feng attracted the power of the Nine Heavens Star Array and struggled against this ancient troll.

During the whole process, Ye Feng continued to think quickly about how to deal with this ancient troll.

Suddenly at this moment, Emperor Chu said aloud in his mind: "Ye Feng, you can try to use your soul power attack method to deal with this ancient troll. Although this ancient troll's body is very powerful, It's strong and strong, like it's made of divine iron, but its soul seems to be very weak, you can give it a try."

"Attack the soul of this ancient troll?"

When Ye Feng heard what Emperor Chu said in his mind, he immediately nodded and said, "This is a way, let me give it a try."

Buzz!

Almost at this moment, Ye Feng immediately released his huge soul power and surged directly towards the ancient troll.

But when Ye Feng's soul power came into contact with the ancient troll's head, suddenly a crack opened between the ancient troll's eyebrows.

In this crack, there is a purple eye.

The next moment, purple eyes emitted purple divine light, which suddenly blocked Ye Feng's soul power.

Ye Feng's soul power could not invade the head of this ancient troll.

When Ye Feng saw this scene, his eyes suddenly showed a trace of surprise, and he couldn't help but said: "This ancient troll actually has a rare treasure that protects the soul."

"Hahaha!"

At this time, the ancient troll suddenly burst into laughter, and then said coldly: "Young man from the human race, you are indeed a talent, and you are actually a powerful soul master, but you didn't expect it, right? With this purple eye, I can protect my soul, so you can't even think of using soul-level attacks against me, it's of no use at all."

Hearing what this ancient troll said, Ye Feng's eyes suddenly darkened.

He also didn't expect that this ancient troll had such powerful means and even possessed a treasure that could protect his soul.

"Those purple eyes must be very special."

At this moment, Ye Feng secretly thought in his heart: "But if I have a chance to destroy his purple eye, then I can instantly invade the soul of this ancient giant. The devil will no longer be my opponent. In this way, I have now discovered the weakness of this ancient troll, that is, this ancient troll needs that purple eye to protect his soul, which shows that this ancient troll The power of his soul must be very weak, which is inversely proportional to the power of his body. If I can destroy his purple eyes, then I will win."

At this moment, thinking secretly in his heart, Ye Feng immediately activated the power of the space gem, jumped directly into the sky, and then came to the front of the ancient troll.

He held Mjolnir in his hand and struck directly in the direction of the ancient troll's eyebrows, hoping to smash his purple eye directly.

The ancient troll seemed to be aware of Ye Feng's plan at this time, so he naturally quickly guarded his eyebrows.

Then the troll roared, and a huge steel sword appeared in his hand, and then slashed hard towards Ye Feng, directly hitting the Thor's hammer in Ye Feng's hand.

Boom!

The entire field immediately erupted with an earth-shattering roar.

Ye Feng was immediately shaken by the terrifying force and flew backwards, then smashed into a large piece of land and was buried in the ruins.

Ye Feng rushed out from the ruins at this moment, looking a little embarrassed and his body was dirty.

Seeing Ye Feng's appearance, the ancient troll immediately laughed and said sarcastically: "Boy, you want to destroy my purple eyes. This is impossible, no matter what you use." Using space means, you flashed in front of me and you failed."

But at this time, Ye Feng smiled coldly and said, "Are you sure, I really failed?"

"what does it mean!"

There was doubt in the eyes of this ancient troll, and he was about to say something, but suddenly he felt that the next moment, he screamed in pain.

Because at this moment, a small dragon covered with crimson scales actually lay on the shoulders of this ancient troll, and then directly sprayed out a large area of terrifying fire power, instantly engulfing this ancient troll's eyebrows. The purple eye burned and melted.

This little dragon with red scales all over its body is the cub of the ancient flame dragon!

It turned out that Ye Feng had just used the space gem to dodge in front of the ancient troll. It seemed that he was attacking by himself, but in fact he was pretending to attack.

The real purpose of Ye Feng is to send the ancient flame dragon to the shoulders of this ancient troll, and then when the ancient troll is not paying attention, he directly sprays out terrible flames and directly kills the ancient troll's purple eye. Burned to pieces!

Ye Feng's series of plans were naturally successful.

"ah.....!"

At this moment, the ancient troll screamed in pain, covering his eyebrows with both hands, and rolling rapidly on the ground.

At this moment, Ye Feng did not hesitate and immediately flew directly in front of the ancient troll. He instantly released his soul power and frantically attacked the ancient troll's head.

Success or failure depends on this! At this time, Ye Feng stared at the ancient troll in the distance with a thoughtful look in his eyes.

Ye Feng's series of plans were naturally successful.

"ah.....!"

At this moment, the ancient troll screamed in pain, covering his eyebrows with both hands, and rolling rapidly on the ground.

At this moment, Ye Feng did not hesitate and immediately flew directly in front of the ancient troll. He instantly released his soul power and frantically attacked the ancient troll's head.

Success or failure depends on this!

Chapter 2788 Occupying the Sea of Souls

For Ye Feng, this is his last chance to kill this ancient troll.

Because Ye Feng now knows very well that if he can't kill this ancient troll this time, then he really has to escape directly.

After all, the strength of this ancient troll is so terrifying that even his own Chaos Body and Thor's Hammer can't compete with it.

Uh-huh!

So at this moment, Ye Feng immediately came to the front of the ancient troll. While the ancient troll was rolling on the ground in pain, he instantly exploded all his soul power and directly bombarded the ancient troll's head. middle.

At this moment, all of Ye Feng's soul power condensed into a soul body and entered the troll's head.

This troll's headspace is a sea of souls.

Ye Feng immediately saw that in the soul sea space of the troll's head, there was a soul body in the form of a troll with a red light all over its body.

This should be the soul core of the ancient troll!

boom!

At this moment, Ye Feng immediately released his soul master method, the Great Soul Emperor Seal, and then Ye Feng directly displayed the Great Thunder Emperor Seal.

Wow!

Almost at this moment, the soul emperor released by Ye Feng suddenly emitted thousands of thunderous lights, and then turned into a thunder god, directly heading towards the sea of souls in the head of this ancient troll. The soul body attacks directly.

Rumble...

Almost at the next moment, with a huge roar, the soul body in the ancient troll's head was shattered without any resistance at all.

As expected by Emperor Chu, although this ancient troll's body was extremely powerful, its soul was very weak. At this moment, it was bombarded by Ye Feng.

completely shattered.

"ah!!"

And almost at the moment when the ancient troll's soul was shattered by Ye Feng, the troll outside suddenly burst out with an earth-shattering scream.

Boom!

Then the ancient troll suddenly lay on the ground without moving at all.

Obviously after the soul was destroyed, this ancient troll was only an empty shell.

At this time, Ye Feng's soul body returned to his original body, and then Ye Feng opened his eyes.

He looked at the completely dead ancient troll in front of him, with a trace of satisfaction in his eyes.

At this time, Ye Feng suddenly thought that the ancient troll's body was extremely strong, as if it was made of divine iron.

If he could possess the body of this ancient troll, he would undoubtedly have an extremely powerful clone.

You know, the body of this ancient troll cannot be broken even by the hammer in his hand. It can be seen that its body is extremely strong, which is simply terrifying to the extreme.

So at this time, Ye Feng directly released a mark of his soul, which entered directly into the head of the ancient troll, and then occupied the sea of soul in the head of the ancient troll.

Now that Ye Feng's soul power has been greatly improved, the soul master's methods are even more powerful.

At this moment, after the soul body in the ancient troll's head was destroyed, Ye Feng's soul mark instantly occupied the sea of souls in the ancient troll's head.

Buzz!

At this moment, Ye Feng had a slight thought, and the soul master in the ancient troll's head, which was suddenly occupied by the soul mark, issued an order.

next moment.

Rumble... ??.

I saw the entire ancient troll's huge and towering body, suddenly getting up from the ground, and then standing in front of Ye Feng, which was several kilometers tall and looked like a towering mountain.

The ancient troll stood motionless in front of Ye Feng at this time, like the most loyal slave, waiting for Ye Feng's instructions.

Ye Feng saw this scene and immediately laughed out loud: "Great, not only did I kill this ancient troll this time, but I was also able to take the body of this ancient troll as my own and become my most loyal The slaves and puppets are really good."

Uh-huh!

Suddenly at this moment, a small ancient flame dragon flew over from not far away, lay on Ye Feng's shoulder, and screamed slightly, seeming to promote his achievements.

At this time, Ye Feng touched the ancient flame dragon's little head slightly, and then said with a smile: "I know your contribution, so I will reward you with a few divine crystals."

Almost at this moment, Ye Feng immediately took out a few shining divine crystals from his storage ring and handed them to the Ancient Flame Dragon.

The ancient flame dragon's little eyes immediately showed a happy look, and in an instant he stretched out his little claws, took these divine crystals and started to chew them off one by one.

At this moment, Ye Feng looked at the entire dark race base.

All threats in this dark race base were finally completely eliminated.

At this moment, Ye Feng was directly facing the ancient giant in front of him.

The devil ordered: "You stand around to protect me. As long as anyone comes close, block them out. Now I want to devour all the resources of the entire dark race. No one can disturb me."

At this time, the ancient troll did not speak, but nodded, strictly followed Ye Feng's orders, and walked around.

The tall and majestic body of the ancient troll stood directly on the edge of the dark race base. It looked like an immortal monument standing there that could never collapse.

boom!

Ye Feng was very satisfied with this, and immediately began to release the devouring domain, covering all the resource storage fortresses in the entire dark race base.

Each of these fortresses is filled with black stones full of dark race energy.

These black stones are black crystal veins that can only be bred in various dark interfaces, and they store very pure dark energy.

For the dark races, it is a great tonic that can continuously replenish the energy of these dark race legions that invade the center of the God Realm.

But what those dark races probably never expected was that Ye Feng, a human race, could also absorb the dark energy in this dark stone to increase his own strength.

If this news spreads and is known by some dark races, it will definitely shock the entire dark race.

After all, this is incredible.

At this moment, Ye Feng had experienced being chased by ancient trolls before, and he also understood how taboo the dark race was against his ability.

Therefore, Ye Feng knew in his heart that he must not let anyone know about his Devouring Domain and swallow the energy of the dark race in the future, otherwise it would very likely cause a big disaster.

Chapter 2789 Dark City

"Rumble..."

At this moment, with the Devouring Domain released by Ye Feng, all the dark energy from the dark stones in dozens of fortresses was absorbed. Suddenly, a steady stream of energy was injected into Ye Feng's body, allowing Ye Feng to The power of the wind has grown rapidly.

boom!

At this moment, Ye Feng immediately roared, and a terrifying aura of cultivation suddenly erupted from his body.

At this moment, he broke through again, from the ninth level of Guixu Realm to the tenth level of Guixu Realm, Great Perfection!

Finally at this time, Ye Feng's cultivation aura stagnated.

At this moment, Ye Feng immediately showed deep excitement in his eyes.

Because this time he came here to destroy the entire dark race base, and gained too much.

Not only did he obtain the powerful body puppet of an infinitely powerful ancient troll, but he also achieved a breakthrough in cultivation to the tenth level of the Return to the Void Realm, the Great Perfection.

There is only one level left before you can step into the psychic realm above Guixu Realm.

You know, the psychic realm is a very powerful realm of cultivation.

If he could enter the psychic realm, then Ye Feng would probably be comparable to the top ten disciples of the inner sect in the Holy Land of Heaven.

For the next period of time, Ye Feng spent his time hunting various dark races in this endless wilderness.

However, what disappointed Ye Feng was that in the next few months, Ye Feng did not encounter such a large dark race base.

What Ye Feng hunted were basically some wandering dark races, as well as some small teams of dark race soldiers.

However, Ye Feng has gained a lot in the past few months. After devouring a lot of dark races, Ye Feng's cultivation has successfully broken through the tenth level of Guixu Realm and entered the Half-Step Psychic Realm.

It has to be said that the psychic realm is a very

Powerful layers.

When Ye Feng stepped into the psychic realm, even though he only stepped into the psychic realm with one foot, Ye Feng could feel that his combat power had increased significantly compared to before.

If the dark race had not fully invaded the central land of the God Realm, with Ye Feng's current cultivation and strength, he would definitely have a transcendent status in the Holy Land of Heaven.

After all, Ye Feng has strong cultivation and unlimited potential.

But now that the entire dark race has fully invaded the central land of the God Realm, not to mention young disciples like Ye Feng, even some older people have to go out to face the war of the dark race, and they have no so-called status and rights.

The most important thing now is to survive in the dark turmoil.

On this day, Ye Feng hunted various lone dark races in the wilderness as usual.

But at this moment, Ye Feng seemed to suddenly notice something. He suddenly passed through a jungle and saw a huge black city built in the distance.

This black city exuded soaring demonic energy, giving Ye Feng the feeling of a dark hell.

"This must be the city of the dark race!"

Ye Feng suddenly murmured in his heart.

This city is entirely pitch black, and it should not be made of materials from the earth at the center of the God Realm.

It must be a dark race, a dark city forged from special materials brought from the dark interface.

Moreover, this city is extremely majestic and vast, covering a very vast area and seemingly endless. This is much bigger than the dark race base that Ye Feng encountered before.

I know how much bigger it is.

If we say that the dark race base that Ye Feng and a group of Dragon God College disciples eradicated before was only a base in its initial stage.

Then this boundless dark city is the mature base of the dark race.

Even though Ye Feng was very far away from that dark city, he still felt frightened.

This shows that in this dark city, there must be very terrifying superpowers of the dark race, who are not something that Ye Feng can covet with his current cultivation level.

You know, although Ye Feng's current cultivation level has improved a lot compared to before, in the eyes of the upper class in the center of the entire God Realm, his cultivation level is probably still insignificant.

It's just that Ye Feng's current cultivation level may be considered very powerful among the younger generation, but there is still something even more powerful, much stronger than Ye Feng's current strength. .???.??

As the saying goes, each mountain is higher than the other.

Ye Feng may only be regarded as a third-rate master in the center of the God Realm, but this is already very good.

You know, when Ye Feng first came to the center of the God Realm, he was just an ant.

Now he has grown into a third-rate master, which is already a very good improvement.

At the very least, he can shine with his own brilliance on the big stage in the center of the God Realm.

Encountering such a heavily guarded and terrifying dark city, Ye Feng knew that even if his current cultivation level had been greatly improved compared to before, he would never be able to covet the training resources in this dark city.

So at this time, Ye Feng planned to leave directly.

"Boy, stop!"

But at this moment, a group of people wearing black armor suddenly jumped out of the surrounding jungle.

soldiers.

The leader was a young man wearing a black robe, exuding a strong black aura. The young man immediately ordered his soldiers to surround Ye Feng, and said coldly: "It turns out to be a human boy, no?" Thinking that around our dark city, there are still humans here secretly observing. It seems that you are the vanguard sentry among the human allies, and you are here to investigate the situation. However, if you meet me, you are unlucky. This young master will capture you, return you to the Dark City, and present it to the Dark City Lord to receive a reward."

Swish, swish, swish!

Almost at this moment, a group of dark race soldiers around him immediately charged towards Ye Feng.

They were holding black soldiers in their hands, and they were slashing at Ye Feng crazily, intending to chop Ye Feng directly into cripples and then take him back.

"A small team of dark races also want to capture me? How naive!"

Ye Feng just snorted coldly at this time, and a powerful and boundless aura suddenly burst out from his body.

That kind of terrifying momentum instantly formed a huge impact, sending all the surrounding soldiers of the dark race flying out.

"Huh? Your cultivation is quite strong!"

The young man in the black robe immediately snorted and released a very mysterious energy.

Buzz!

I saw a black soul appearing behind him, with a very terrifying soul pressure, attacking Ye Feng.

"It turns out to be the Black Soul Clan."

At this time, Ye Feng's eyes showed a look of surprise.

The Black Soul Clan is a very special race among the dark races. They are innately able to use the power of the soul, which is very magical.

Chapter 2790 Disguising the Black Soul Clan

The Black Soul Clan and the Nightmare Clan are quite similar. They are both dark races that cultivate soul power.

However, the Nightmare clan itself does not have an actual body, it is a soul body.

However, the Black Soul Clan itself has an actual body, but they can also cultivate their own souls.

In other words, the Black Soul Clan's abilities are more comprehensive and more powerful than those of the Nightmare Clan.

At this moment, Ye Feng did not expect that he would accidentally encounter a member of the Black Soul Clan.

At this time, the black soul released by the young master of the Black Soul Clan immediately landed on Ye Feng's head.

The young master of the Black Soul Clan immediately laughed out loud: "Young man from the human race, you have never seen the methods of my Black Soul Clan, right? Your soul will become my slave in no time."

But at this moment, Ye Feng smiled indifferently and said: "The Black Soul Clan is indeed extremely powerful, but you are not a strong one, you are just a weak Black Soul Clan, and you do not pose any threat to me. ." ??

Boom! !

Almost at the moment Ye Feng finished speaking, a very terrifying and powerful soul wave erupted from Ye Feng's body.

In an instant, a dark soul giant jumped out of Ye Feng's body.

Ye Feng's dark soul giant is many times larger than the black soul of the young master of the Black Soul Clan.

Ye Feng's dark soul giant is tens of thousands of feet tall.

The moment this moment appeared, it instantly overpowered the entire world, making the young master of the Black Soul Clan turn pale with fear.

Wow!

The black soul he released just now was shattered all of a sudden.

He immediately knelt on the ground with a thud and shouted loudly: "Sir, please spare my life, please spare my life!"

At this time, the young master of the Black Soul Tribe immediately understood that the ordinary-looking human boy in front of him was actually a very terrifying and powerful being. Especially the Black Soul Tribe was more afraid of the soul than the normal dark race. of intensity.

So at this time, Ye Feng released

The dark soul giant released was so terrifying that the young master of the black soul tribe was immediately frightened out of his courage.

At this time, Ye Feng looked at the Black Soul Clan young master kneeling on the ground, and suddenly an interesting idea came to his mind.

He immediately smiled coldly, then walked up to the Black Soul Clan young man and said loudly: "Originally, I was planning to leave the area where this dark city is located, but your arrival gave me new ideas. Maybe I can disguise myself as you and sneak into this dark city to see if I can get some of your dark race's precious training resources."

"What do you mean?"

Hearing what Ye Feng said, the young master of the Black Soul Clan immediately showed deep horror in his eyes.

He couldn't figure out what Ye Feng meant by speaking at this moment.

Because Ye Feng is an actual human race, how could he pretend to be a black soul race like himself?

But this Black Soul Clan young man has no time to think.

Because at this time, Ye Feng had already stretched out his palm and inserted his five fingers into the head of the Black Soul Clan young master.

boom!

The next moment, Ye Feng used the soul-absorbing technique, and instantly absorbed the soul of the Black Soul Clan's young master into his own soul.

Buzz!

In an instant, Ye Feng's soul power increased a lot.

And besides that, the most important thing is that Ye Feng wanted to absorb the memory of this Black Soul Clan young master.

Almost at this moment, Ye Feng immediately got the memory of this Black Soul Clan young master.

He immediately knew that this young master of the Black Soul Clan turned out to be the second young master of the Black Soul Clan in the Dark City.

This time, the second son of the Black Soul clan came out to complete the family's mission, which was to patrol the area around the dark city to see if there was anything unusual.

Didn't think about it

But he was unlucky enough to meet Ye Feng, a human soul master.

Because if he encounters not Ye Feng, a soul master, but other human warriors who have the same cultivation level as Ye Feng, maybe this young master of the Black Soul Clan can use the Black Soul Clan's natal inheritance, the black soul, to make ordinary human beings. The warrior died completely.

But this kind of black soul is of no use in front of Ye Feng, because Ye Feng's soul power is much stronger than the second son of the Black Soul Clan.

At this moment, Ye Feng immediately began to use the power of the Chaos Body, and began to change his cultivation aura, becoming the energy of the Black Soul Clan.

Buzz...

The next moment, Ye Feng's whole person suddenly became full of demonic aura, and his body exuded a dark aura. ??

Moreover, the dark soul giant behind Ye Feng is majestic and boundless, and the energy of darkness is diffuse. He looks more like the Black Soul Clan than the second son of the Black Soul Clan.

At this time, the surrounding group of Black Soul soldiers who had been blown away by Ye Feng suddenly showed deep horror in their eyes.

They never imagined that they would see a human boy turn into a black soul boy before their eyes!

This was simply unbelievable, beyond the imagination of these Black Soul Clan soldiers, and completely shattered their outlook on life.

"Run!"

At this time, a group of soldiers from the Black Soul Clan immediately fled around in a panic, trying to get away from this weird guy Ye Feng.

But Ye Feng couldn't let these Black Soul Clan soldiers escape at this time.

Uh-huh!

He instantly stretched out his hand and attracted more than a dozen Black Soul Clan soldiers to his surroundings. Then he instantly released his soul power and directly hypnotized these Black Soul Clan soldiers, making them completely A slave to one's own soul.

The next moment, these Black Soul Clan soldiers were successfully hypnotized.

They all knelt on the ground, clasped their fists at Ye Feng and said, "I pay my respects to you, sir."

Ye Feng was satisfied at this time

He nodded, and then used some disguise techniques to disguise himself into the face of the second young master of the Black Soul Clan, and then said aloud: "From now on, I will be the second young master of the Black Soul Clan, and you will follow me back to the Dark City. Bar."

A group of Black Soul Clan soldiers immediately said respectfully: "Yes, Second Young Master."

Next, Ye Feng led a group of Black Soul Clan soldiers to the edge of the Dark City.

At this time, Ye Feng saw this dark city. It was indeed extremely majestic and vast. It was surrounded by traffic in all directions, and there were armies and soldiers of other dark races coming in and out.

Ye Feng immediately understood that this dark city was probably a very large base camp for the surrounding dark races.

There are not only the Black Soul Clan, but also various dark races, all gathered here, like a very huge war base.

This war base was filled with the auras of various powerful dark races, which made Ye Feng a little frightened and did not dare to reveal his true identity, otherwise he would probably be wiped out instantly.

At this time, Ye Feng did not hesitate at all, because he had now completely become the second son of the Black Soul Tribe, so he would definitely not expose his secrets at all. He led a group of Black Soul Tribe soldiers to the gate of this dark city. Prepare to go right in.

But suddenly at this moment, a sarcastic voice suddenly sounded from around him: "Hey, isn't this the good-for-nothing second son of the Black Soul Clan? Relying on the convenience of the family and holding a patrol position, it is really despising. A waste like you can only patrol around the dark city, and there is no future. The Black Soul Clan is a race with extraordinary talents, ranking among the top among our dark races, but I don't know why a black soul like you was born. The soul clan's trash, hahaha."

The moment this sarcastic voice sounded, Ye Feng immediately looked not far away.

He immediately saw a group of young people wearing precious clothes, both men and women. They were probably the noble sons and eldest ladies in the dark city. They were laughing at him, the "second son of the Black Soul Clan", not far away.
