Chapter 2801 Heading to the Dark Forbidden Land

At this moment, hearing Ye Feng's question, the head of the Black Soul Clan immediately showed a look of astonishment on his face, and then couldn't help but smile bitterly and said: "This war treasure house stores all the resources of our Black Soul Clan. Really. There's not a single bit left."

Hearing what the head of the Black Soul Clan said, Ye Feng immediately nodded slightly.

The head of the Black Soul Clan has completely become his soul slave, so Ye Feng knows that the head of the Black Soul Clan will not lie to him.

Because once he deceives himself, it means that the head of the Black Soul Clan will die suddenly.

At this time, Ye Feng thought for a while, and then said aloud: "By the way, what kind of dark forbidden land is the dark forbidden land that I am going to next with Luo Li, the eldest lady of the Demon Feather Tribe?" .??.

Ye Feng had realized before that the eldest lady Luo Li, who claimed to be from the Demon Feather Clan, was actually just like Ye Feng, a dark race disguised as a human race.

Ye Feng, I know very well that a cold and charming girl like Luo Li must have a very extraordinary identity to be able to pretend to be so like a dark race. Even a soul master like myself almost didn't recognize him. He must have lurked into this dark city. It also has an ulterior purpose.

And Ye Feng now also understands that Luo Li's purpose is to enter the dark forbidden area at the deepest part of the dark city and obtain some kind of opportunity.

However, the chance creation in the dark forbidden land is basically the inheritance of the dark race. The human race cannot practice it, even the demon cultivators in the human race cannot practice it.

Ye Feng didn't believe that this Luo Li was a unique chaotic body like himself.

Because even the members of the Chaos God Clan, even if they are all chaotic bodies, as long as they do not practice the Chaos Heavenly Emperor Art, they cannot convert their power into the power of the dark race.

Only Ye Feng, who has awakened the unique Chaos Heavenly Emperor's bloodline, can transform the cultivation of various attributes.

Therefore, Ye Feng felt that there must be secrets hidden in the deepest dark forbidden area of this dark city that he didn't even know about.

That's why Luo Li wanted to enter the dark forbidden land so strongly. There must be other opportunities and great secrets in it.

After Ye Feng finished speaking, the head of the Black Soul clan in front of him immediately said: "Actually, although I am the head of a family in the dark race, I don't know much about the dark forbidden land. I only know, The commander of the dark city has established a dark forbidden area in the deepest part of the dark city. The purpose is to cultivate all kinds of excellent super geniuses and to cultivate the future new generation power of our dark race. There are many opportunities in it. Specifically, I don't know what it is, I'm afraid I won't know until you personally enter it and investigate."

When Ye Feng heard the head of the Black Soul Clan in front of him say this, he immediately became more curious about the dark forbidden land.

This dark forbidden place is really a mysterious place that even the head of the Black Soul Clan has never understood.

You know, the status of the head of the Black Soul Clan in Dark City is not low. After all, he is the head of a family, and he is definitely considered a high-level person in Dark City.

But even so, the head of the Black Soul Clan still doesn't know anything about the Dark Forbidden Land. It can be seen how deep secrets this Dark Forbidden Land hides, and Ye Feng is looking forward to it more and more.

At this moment, Ye Feng and the head of the Black Soul clan walked out of the war treasure house and then came to the central hall of the Black Soul clan's mansion.

At this time, Ye Feng

Just stay in this central hall, waiting for Luo Li, the mysterious and glamorous girl in black dress, to arrive again.

At night, the night is dark.

Ye Feng finally waited for Luo Li's arrival in the central hall.

Luo Li was wearing a long black dress at this time, looking very cool and beautiful.

The moment Luo Li walked over, she immediately showed surprise in her eyes. She stared at Ye Feng and couldn't help but said: "Although I can't see through the second master's true cultivation, I can feel it." Look, the aura on the second young master's body is now many times stronger than before. It seems that the second young master has made some huge improvements in these few days. "

At this moment, Luo Li was speaking with undisguised surprise in her tone.

Because she was becoming more and more impressed by the second son of the Black Soul Clan.

I originally thought that the second son of the Black Soul Clan was just a trash that everyone looked down upon, a dandy second generation ancestor.

But now it seems that this second son of the Black Soul Clan may be the most mysterious and powerful among all the younger generations in the entire Dark City.

Thinking of this, Luo Li suddenly felt a trace of vigilance in her heart.

Because this time she comes to the dark city, if her identity is exposed, she may be hunted down by all the dark races.

Therefore, Luo Li was naturally very afraid of Ye Feng, a super genius of the dark race.

Originally, Luo Li thought that she could easily control a young man from the dark race like Ye Feng.

But now Luo Li felt that she couldn't control Ye Feng.

At this time, Ye Feng seemed to see the fear in Luo Li's eyes.

In response, Ye Feng just smiled secretly in his heart.

Ye Feng naturally understood why Luo Li was afraid of him.

Because Ye Feng knew that the so-called eldest lady of the Demon Feather Tribe in front of him was not a true descendant of the dark race, but a disguised dark race, who was actually a human race's demonic practitioner.

At this time, the old man in black robes behind Luo Li appeared again. He looked at the head of the Black Soul Tribe standing next to Ye Feng and said with a smile: "Then let's go directly to the dark forbidden land now. With us If the upper echelons of the two families join forces, they will definitely be able to send the best geniuses in our race to the dark forbidden land for training."

The head of the Black Soul clan naturally did not refuse at this time, but said with a smile: "Okay, let's set off directly."

Next, several people walked towards the deepest area of the dark city.

Soon they arrived at the entrance to the dark forbidden land.

The entire dark forbidden area is guarded by a huge black steel door.

On both sides of the black steel gate, stood a strong man of the dark race who looked like a demon and a giant spirit god.

These two strong men of the dark race all have humanoid bodies, but their heads are those of demons. They hold black swords in their hands, and they look full of fierce aura.

At this moment, the head of the Black Soul Clan and the old man in black robe next to Luo Li stepped forward one after another, and then said loudly: "We have brought the most amazing young geniuses from our two families. I want to If you want to apply to enter the Dark Forbidden Land to experience, please ask two guardians to open the door to the Dark Forbidden Land." At this moment, hearing Ye Feng ask this, the head of the Black Soul Tribe immediately showed a look of astonishment on his face, and then endured it. He couldn't help but smile bitterly and said: "This war treasure house stores all the resources of our Black Soul Clan, and there is really nothing left."

Hearing what the head of the Black Soul Clan said, Ye Feng immediately nodded slightly.

The head of the Black Soul Clan has completely become his soul slave, so Ye Feng knows that the head of the Black Soul Clan will not lie to him.

At this moment, the head of the Black Soul Clan and the old man in black robe next to Luo Li stepped forward one after another, and then said loudly: "We have brought the most amazing young

geniuses from our two families. I want to To apply to enter the Dark Forbidden Land and experience it, two guardians must be able to open the door to the Dark Forbidden Land.”

Chapter 2802 Identity exposed

At this moment, after the head of the Black Soul Clan and the old man in black robe finished speaking, the two guardians of the dark race guarding the gate of the dark forbidden land immediately nodded and said loudly: "The leaders of the two major families have testified, The Dark Forbidden Land can be opened immediately."

After finishing speaking, the two guardians directly held the tokens in their hands and pressed them on the grooves of the black steel gate in front of them.

Rumble...

Almost at the moment when these two tokens were pressed on the groove of the black steel gate, the entire black iron gate opened at once.

An icy cold demonic energy surged out of it instantly, making people tremble with fear.

This dark forbidden area gives people a very scary and dark feeling even before entering.

If you take one wrong step, you will fall into a place of eternal destruction.

At this time, Ye Feng looked at Luo Li beside him, and then said with a smile: "Miss Luo Li, let's go in directly."

"good."

Luo Li seemed much more nervous than Ye Feng at this time.

She took a deep breath, and then she and Ye Feng walked into the dark forbidden area in front of them.

At this moment, the head of the Black Soul Clan and the old man in black robe were standing outside the dark forbidden area, waiting for the two of them to return.

Boom...

After Ye Feng and Luo Li entered the dark forbidden area, the steel gate of the entire dark forbidden area was closed again, as if they were isolated from the world.

At this time, the two of them were walking in the dark forbidden area, and they immediately felt a very deep demonic energy, which was surging rapidly in the surrounding air.

Ye Feng could feel at this time that this dark forbidden area was probably connected to the real dark interface.

Because Ye Feng had previously used the Demon Soul Mask to let his soul body enter the dark interface.

He had personally felt that the intensity of the dark energy in the real dark interface was similar to the intensity of the dark energy in this dark forbidden place.

No wonder this darkness

The forbidden area is known as a special area dedicated to cultivating future geniuses of the dark race.

Because this dark forbidden place was probably specially created by the city lord of this dark city to simulate the real dark interface.

It allows the young people of the dark race to absorb the dark demonic energy and practice happily.

At this moment, Ye Feng could feel that Luo Li beside him was resisting the dark evil energy emanating from the surrounding air intentionally or unintentionally.

This means that although Luo Li disguised himself as a dark race, he was not able to truly absorb the dark evil energy.

At this time, Ye Feng didn't have any taboos. He just opened his mouth and swallowed all the dark demonic energy within a hundred miles around him, and then refined it in an instant.

Suddenly, a huge amount of energy exploded in Ye Feng's body, rapidly increasing Ye Feng's power.

Although Ye Feng's cultivation is still at the eighth level of the psychic realm and has not yet broken through, the majestic demonic energy that Ye Feng just swallowed has improved Ye Feng's skills a lot.

As long as he continues to swallow some energy, Ye Feng can easily break through again.

Seeing Ye Feng's move, Luo Li next to her suddenly showed shock in her beautiful eyes.

Obviously, she never thought that this second son of the Black Soul Clan, who was usually a secretive person, would possess such earth-shattering abilities.

Just by casually showing some actions of swallowing the dark demonic energy, it can cause such a violent and huge movement that the whole world is shaking. It is really amazing.

"It seems that this time when I enter this dark forbidden land, I have to hurry up and find what I need. This second son of the Black Soul Clan is too unfathomable and cannot be controlled by me."

At this moment, Luo Li whispered secretly in her heart.

What Ye Feng didn't know was that his casual actions caused deep fear in the heart of the cold and charming girl next to him.

At this time, Ye Feng just exuded his soul power and moved towards the surrounding area, trying to find opportunities in this dark forbidden land.

Because this dark forbidden area seems to be the most core trial place in the dark city.

Only the young generation of the dark race who are the most amazing and talented in the dark city can enter this dark forbidden place to experience.

"Second Young Master."

But just when Ye Feng used his soul power to search the surroundings carefully, Luo Li suddenly spoke up and said: "Second Young Master, I have an ancient map in my hand, which leads to a very mysterious place. The chance and creation contained in this place is more precious than any area in the dark forbidden land. Second Young Master, we can join forces to see if we can break into that mysterious place and find the ancient inheritance."

When Ye Feng heard the cool girl in black dress saying this, a look of surprise flashed deep in his eyes.

Sure enough, this Luo Li came prepared.

In order to enter this dark situation, you must be fully prepared.

I don't know what this mysterious girl Luo Li is looking for.

But Ye Feng knew very well that Luo Li should know that he was stronger than her.

So at this time, Ye Feng guessed that Luo Li wanted to use his own strength to join forces to enter that mysterious place to find some special ancient opportunities.

Otherwise, Luo Li would not take the initiative to tell herself that she had a special map in her hand, and the cold girl would definitely find an excuse to leave him and go there alone.

So at this time, Ye Feng would not refuse.

Since there is a very mysterious chance, Ye Feng is naturally very interested.

Moreover, Ye Feng was also very curious about Luo Li's true identity.

What exactly is a share.

At this time, Ye Feng did not expose Luo Li's identity directly, but followed the trend and said with a smile: "Okay, since Miss Luo Li invited me to explore the most mysterious place in this dark

place, then naturally I will I won't refuse Miss Luo Li's invitation. Let's go and take a look. I also need all kinds of opportunities to improve my strength."

What Ye Feng said at this moment was naturally true.

But when Luo Li heard Ye Feng say this, she felt that Ye Feng must be speaking modestly.

Because she felt that Ye Feng was already very powerful and was definitely one of the best among the young generation of the dark race in the dark city.

But in fact, Ye Feng has already raised his level of strength from a younger generation to one among all the people in the center of the God Realm.

Ye Feng even wants to compare with those old monsters who have been practicing for countless years, so Ye Feng has a very strong desire to improve his strength.

Swish, swish, swish!

But suddenly at this moment, around the area where Ye Feng and Luo Li were standing, several strong young men from the dark race suddenly flashed over from not far away.

Their eyes were immediately fixed on Luo Li, who was standing next to Ye Feng. With deep coldness and murderous intent, they spoke out: "Second Young Master of the Black Soul Tribe, we have already investigated clearly. There is someone standing next to you." This beautiful lady is our common enemy, the human race, so now please cooperate with our dark race law enforcement team to suppress and capture this Luo Li, and hand it over to the Dark City Lord for trial!"

"What?!"

Almost at this moment, a look of deep panic appeared on Luo Li's beautiful face.

She never thought that her identity would be exposed!

And the most frightening thing is that beside her stands the second son of the Black Soul Clan, a terrifying super genius of the dark race.

What should I do? ?

Chapter 2803 Why do I need to explain to you?

At this time, Luo Li was extremely panicked, because she never expected that her identity would be discovered so quickly.

And he also encountered so many extremely powerful members of the law enforcement team from the dark race on the spot.

In addition, the most terrifying thing is that there is a mysterious and unfathomable second son of the Black Soul Clan standing next to her.

Luo Li didn't think that the second son of the Black Soul Clan would help him, because he was from the human race, and the second son of the Black Soul Clan was from the dark race, and they were old enemies.

So at this moment, Luo Li flew quickly towards the distance, trying to escape from here.

Uh-huh!

But suddenly at the next moment, a strong hand suddenly grabbed her arm and stopped her in place.

The person who took action was Ye Feng.

At this moment, Ye Feng stared at the cool girl in a black dress in front of him, smiled and said, "No need to leave so fast."

Luo Li thought that Ye Feng was trying to catch her, so at that moment, Luo Li suddenly burst out with extremely powerful demonic energy, and instantly attacked Ye Feng.

But at this moment, Ye Feng casually blocked Luo Li's attack with one hand.

Luo Li may be very powerful among the younger generation, but she cannot be Ye Feng's opponent.

Because you must know that Ye Feng's current cultivation strength has risen to a very terrifying level in the dark city.

Ye Feng's current cultivation level is at the eighth level of the Spiritual Realm, which is definitely comparable to some of the elders.

So at this moment, Ye Feng caught Luo Li in his hands, and Luo Li couldn't escape.

"It's over..."

At this moment, Luo Li's heart immediately sank to the bottom, feeling that she might fall into the dark forbidden land of this dark city.

And right here

At this moment, the dozen or so law enforcement team members of the dark race around them burst out laughing: "Thank you to the second young master of the black soul clan for taking action. Now, second young master, please hand over the human spy in your hands to us." "

Boom!

But suddenly at this moment, Ye Feng's body suddenly burst out with a terrifying wave of power, which swept towards the surroundings in an instant, sweeping all the dozen members of the law enforcement team who came over. There is no way to escape from the frenzy of own power.

Seeing Ye Feng actually attacking them, Luo Li's eyes suddenly showed deep surprise.

Because she never thought that the second son of the Black Soul Clan would actually fight against the members of the law enforcement team of the Dark Race for her.

At this moment, these dark race law enforcement team members immediately stared at Ye Feng, with deep shock and anger in their eyes, and said loudly: "Second Young Master of the Black Soul Race, what are you going to do? You are actually Are you going to help this human spy? Are you going to betray our dark race?"

Ye Feng just smiled faintly at this time and said loudly: "I have done what I have done all my life, why do I need to explain to you!"

Boom!

Almost at this moment, Ye Feng immediately stretched out his hand and pressed it, and the surrounding power began to shrink rapidly.

Boom boom boom...

More than a dozen members of the law enforcement team of the dark race, their bodies exploded and they were killed instantly.

Seeing this scene, Luo Li's eyes immediately revealed a look of deep horror.

She never thought that the second son of the Black Soul Clan would directly kill the law enforcement officers of these dark races.

Team members.

Luo Li couldn't figure out what the second son of the Black Soul Clan was thinking in his heart.

At this time, Ye Feng released the Devouring Domain and swallowed up all the blood and energy of the dozen dark race law enforcement team members.

With such a huge energy, coupled with the dark demonic energy within a radius of a hundred miles that Ye Feng had swallowed before, Ye Feng's cultivation finally made a breakthrough again.

Transformed directly from the eighth level of the psychic realm to the ninth level of the psychic realm!

At this moment, Ye Feng's eyes suddenly lit up brightly.

Ye Feng could feel that his strength had improved a lot again.

It has to be said that these strong men of the dark race are really a great tonic. The dark skills and blood energy contained in their bodies are extremely majestic, allowing Ye Feng to grow tremendously.

At this moment, Ye Feng looked at Luo Li, who had a look of disbelief on his face.

In this regard, Ye Feng did not explain anything, but just smiled slightly and said: "Let's go, continue to follow the map in your hand, and go to the mysterious area of this dark forbidden land. I want to see what is what you are looking for." What."

Luo Li could only nod her head at this time and did not dare to say anything more.

Because she couldn't figure out what kind of existence this second son of the Black Soul Pearl was, he simply did whatever he wanted to the extreme.

Luo Li didn't know that Ye Feng was actually a human being in disguise, so at this time Luo Li could only follow Ye Feng fearfully.

While she was guessing what Ye Feng wanted to do and why he wanted to save her life, Luo Li also felt a deep respect for Ye Feng.

Because of the extremely powerful strength Ye Feng showed just now,

The power made Luo Li, the most talented female genius among the demonic forces of the human race, feel a terrifying feeling that she could not resist at all.

At this moment, Ye Feng and Luo Li were walking in the dark forbidden area.

According to the ancient map in Luo Li's hand, they quickly arrived at their destination.

This is already a very deep place in the dark forbidden area.

There is a deserted area everywhere around, without any trace of life.

If it were an ordinary genius of the dark race who came to the dark forbidden land to experience, he would never come to such a desolate place.

Because nothing seems to exist here, and there is no opportunity to explore.

But at this time, Ye Feng could see that the last and most mysterious area pointed to by the map in Luo Li's hand was in this deserted area.

At this moment, Ye Feng looked at Luo Li beside him and said aloud: "This is the final area guided by the map. How to open that mysterious place?"

Luo Li immediately took out a small, tortoise-shell-like token from her storage ring, and then she dropped a drop of her own blood on the tortoise-shell black token.

Buzz!

Almost at the moment when the blood dripped on the black token, the token turned into a black dragon and rushed towards the barren land in front of him.

Rumble...

Accompanied by a huge roar, this giant dragon crashed out of a huge deep pit in the entire barren ground.

At this moment, Luo Li looked at Ye Feng beside her and said, "Second Young Master, the final mysterious area guided by this map is in the abyss under this pit."

Chapter 2804 Book of Darkness

At this time, Ye Feng looked at the deep pit not far away, nodded and said, "Then let's go down together."

Ye Feng knew that keeping Luo Li by his side had a purpose.

Otherwise, even if he snatches the map from Luo Li's hand and comes here, he still won't be able to open the entrance to this mysterious area.

It seems that this Luo Li's identity is very unusual, and his bloodline must be very special.

Because the entrance to this mysterious area requires a drop of Luo Li's blood to open, which is really magical to the extreme.

At this time, Ye Feng took Luo Li into the abyss under the pit, and soon they landed at the bottom of the abyss.

When Ye Feng and Luo Li stepped at the bottom of the abyss, they were shocked by the scene in front of them.

Because at this moment, there is a vast underground world under the abyss, with broken walls and ruins everywhere.

Moreover, there are many bones and many broken weapons buried in the surrounding soil. It looks like an ancient dark battlefield, giving people a very tragic atmosphere.

At this time, Ye Feng couldn't help but look at Luo Li beside him, and asked aloud: "What kind of area is this place? What is your identity?"

At this time, Luo Li knew that she could not resist Ye Feng, the extremely powerful second son of the Black Soul Clan, so she could only speak out calmly: "Tell me the truth, second son, I am actually not a dark race, I am disguised as a human race I am a disciple of the "Eternal Demon Sect", a super sect nearby. This time I lurked into the dark city to find the mysterious area deep in the dark forbidden land. This mysterious area is said to be There is a dark book hidden in an ancient dark battlefield. This dark book was left behind by one of our human race's demonic ancestors."

When Ye Feng heard what Luo Li said at this moment, there was a trace of surprise in his eyes, and he couldn't help but said: "Why is the demon ancestor of your human race in the depths of this dark city? "

Luo Li smiled bitterly and said: "Because the founder of the Demonic Way also participated in this dark war, but he died here. He had a book of darkness on his body. This book of darkness recorded countless The ancient secrets of our human race's demonic ways, so if I can find this book of darkness and take it back to my sect, then I will have made a huge contribution to our eternal demonic sect, and I may be rewarded. Becoming a saint of the eternal demon sect has been my goal

all along, so I tried my best to enter the depths of this dark forbidden land and open this mysterious area, just to find the ancestor of our demon sect. The book of darkness that remains.”

When Ye Feng heard what Luo Li said, he suddenly felt a little enlightened.

No wonder Luo Li tried every means to enter the dark forbidden area in the deepest part of this dark city.

It turned out that she was not looking for the resources of the dark race. After all, the resources of the dark race were not of much use to Luo Li, a human race.

She is looking for the book of darkness left by the founder of the demonic path who fell during the dark war of the previous era.

At this time, I saw Ye Feng became slightly silent.

, Luo Li couldn't help but said quickly: "Actually, you and I have no conflict at all. In this mysterious area, in addition to the book of darkness of our human race's demon ancestor, there are also many other dark races. Resources and inheritance, I think you, Second Young Master, must be very interested in these, and we can help each other."

Ye Feng smiled slightly at this time, and then said aloud: "I am also very interested in the dark book of your human race's demon ancestor."

"What?"

Hearing what Ye Feng said, Luo Li's beautiful face suddenly showed a pale look, and she couldn't help but said: "Is the Second Young Master going to kill me now?"

Ye Feng couldn't help laughing when he saw Luo Li's pale expression, and said loudly: "I'm just teasing you. Of course I won't kill you, but I do feel very sorry for the Book of Darkness." Interested, I will need to copy the Book of Darkness when the time comes. After all, it is the supreme treasure left by the ancestor of the human race's demonic path, and it is very precious.”

When Luo Li heard what Ye Feng said, she immediately breathed a sigh of relief, and then said aloud: "If the Second Young Master is really interested in the Book of Darkness left by our human

race's Demonic Patriarch, the Second Young Master can come back to you when the time comes. There is no problem in engraving a copy, but I am very curious as to why the second young master, who is a dark demon, is so interested in the things of our human race. After all, these things are not interoperable between our human race and the dark race. "

Ye Feng just smiled slightly and said, "Guess."

After saying that, Ye Feng walked directly forward, exuding his soul power, and began to look for various opportunities around him.

After all, this mysterious area is a dark battlefield left over from an ancient dark war.

If you can really find some chance, it will definitely be extraordinary.

After all, those who were able to participate in the Dark War must have been very powerful beings.

Whether it is the dark race, the human race, or other races, they must all be extremely powerful top experts.

Everything they left behind after their fall was naturally a treasure and a priceless wealth.

So Ye Feng was lucky this time when he met Luo Li, a cool girl who could open the mysterious area deep in the dark forbidden land.

The wealth left behind in this ancient dark battlefield is definitely much more advanced and precious than the wealth in ordinary areas of the dark forbidden land.

So at this time, Ye Feng was still very interested in the chance creation contained in this mysterious area.

Ye Feng looked at Luo Li beside him and asked: "Can you have the means to sense the darkness left by your demon ancestor?"

When Luo Li heard what Ye Feng said, she immediately nodded slightly and said: "I am the descendant of that Demonic Patriarch, so I can sense our ancestor, that Demonic Patriarch, through the power of blood. The place where he fell."

When Ye Feng heard this, a look of surprise suddenly appeared in his eyes, and he couldn't help but said: "So you are the descendant of the demon ancestor? No wonder your bloodline can open this mysterious area. That would be great. Then let's find your ancestors first." At this time, Ye Feng looked at the deep pit not far away, nodded and said, "Then let's go down together."

Ye Feng knew that keeping Luo Li by his side had a purpose.

Otherwise, even if he snatches the map from Luo Li's hand and comes here, he still won't be able to open the entrance to this mysterious area.

It seems that this Luo Li's identity is very unusual, and his bloodline must be very special.

Because the entrance to this mysterious area requires a drop of Luo Li's blood to open, which is really magical to the extreme.

At this time, Ye Feng took Luo Li into the abyss under the pit, and soon they landed at the bottom of the abyss.

When Ye Feng and Luo Li stepped at the bottom of the abyss, they were shocked by the scene in front of them.

Because at this moment, there is a vast underground world under the abyss, with broken walls and ruins everywhere.

Moreover, there are many bones and many broken weapons buried in the surrounding soil. It looks like an ancient dark battlefield, giving people a very tragic atmosphere.

At this time, Ye Feng couldn't help but look at Luo Li beside him, and asked aloud: "What kind of area is this place? What is your identity?"

At this time, Luo Li knew that she could not resist Ye Feng, the extremely powerful second son of the Black Soul Clan, so she could only speak out calmly: "Tell me the truth, second son, I am

actually not a dark race, I am disguised as a human race I am a disciple of the "Eternal Demon Sect", a super sect nearby. This time I lurked into the dark city to find the mysterious area deep in the dark forbidden land. This mysterious area is said to be There is a dark book hidden in an ancient dark battlefield. This dark book was left behind by one of our human race's demonic ancestors."

When Ye Feng heard what Luo Li said at this moment, there was a trace of surprise in his eyes, and he couldn't help but said: "Why is the demon ancestor of your human race in the depths of this dark city? "

Luo Li smiled bitterly and said: "Because the founder of the Demonic Way also participated in this dark war, but he died here. He had a book of darkness on his body. This book of darkness recorded countless The ancient secrets of our human race's demonic ways, so if I can find this book of darkness and take it back to my sect, then I will have made a huge contribution to our eternal demonic sect, and I may be rewarded. Becoming a saint of the eternal demon sect has been my goal all along, so I tried my best to enter the depths of this dark forbidden land and open this mysterious area, just to find the ancestor of our demon sect. The book of darkness that remains."

When Ye Feng heard what Luo Li said, he suddenly felt a little enlightened.

No wonder Luo Li tried every means to enter the dark forbidden area in the deepest part of this dark city.

It turned out that she was not looking for the resources of the dark race. After all, the resources of the dark race were not of much use to Luo Li, a human race.

She is looking for the book of darkness left by the founder of the demonic path who fell during the dark war of the previous era.

At this time, I saw Ye Feng became slightly silent.

, Luo Li couldn't help but said quickly: "Actually, you and I have no conflict at all. In this mysterious area, in addition to the book of darkness of our human race's demon ancestor, there are also many other dark races. Resources and inheritance, I think you, Second Young Master, must be very interested in these, and we can help each other."

Ye Feng smiled slightly at this time, and then said aloud: "I am also very interested in the dark book of your human race's demon ancestor."

"What?"

Hearing what Ye Feng said, Luo Li's beautiful face suddenly showed a pale look, and she couldn't help but said: "Is the Second Young Master going to kill me now?"

Ye Feng couldn't help laughing when he saw Luo Li's pale expression, and said loudly: "I'm just teasing you. Of course I won't kill you, but I do feel very sorry for the Book of Darkness." Interested, I will need to copy the Book of Darkness when the time comes. After all, it is the supreme treasure left by the ancestor of the human race's demonic path, and it is very precious."

When Luo Li heard what Ye Feng said, she immediately breathed a sigh of relief, and then said aloud: "If the Second Young Master is really interested in the Book of Darkness left by our human race's Demonic Patriarch, the Second Young Master can come back to you when the time comes. There is no problem in engraving a copy, but I am very curious as to why the second young master, who is a dark demon, is so interested in the things of our human race. After all, these things are not interoperable between our human race and the dark race. "

Ye Feng just smiled slightly and said, "Guess."

After saying that, Ye Feng walked directly forward, exuding his soul power, and began to look for various opportunities around him.

After all, this mysterious area is a dark battlefield left over from an ancient dark war.

If you can really find some chance, it will definitely be extraordinary.

After all, those who were able to participate in the Dark War must have been very powerful beings.

Whether it is the dark race, the human race, or other races, they must all be extremely powerful top experts.

Everything they left behind after their fall was naturally a treasure and a priceless wealth.

So Ye Feng was lucky this time when he met Luo Li, a cool girl who could open the mysterious area deep in the dark forbidden land.

The wealth left behind in this ancient dark battlefield is definitely much more advanced and precious than the wealth in ordinary areas of the dark forbidden land.

So at this time, Ye Feng was still very interested in the chance creation contained in this mysterious area.

Ye Feng looked at Luo Li beside him and asked: "Can you have the means to sense the darkness left by your demon ancestor?"

When Luo Li heard what Ye Feng said, she immediately nodded slightly and said: "I am the descendant of the Demonic Patriarch, so I can sense our ancestor, the Demonic Patriarch, through the power of blood. The place where he fell."

When Ye Feng heard this, a look of surprise suddenly appeared in his eyes, and he couldn't help but said: "So you are the descendant of the demonic master? No wonder your bloodline can open this mysterious area. That would be great. Then let's find your ancestors first."

Chapter 2805 A little thought

At this moment, hearing what Ye Feng said, Luo Li nodded happily and said, "If the second son is willing to go with me to find the dark book left by our demon ancestor, that would be great." Luo Li herself knew very well that in this ancient dark battlefield, although many strong men had died, no one could say whether there were still some very terrible dangers in the ruined area of this dark battlefield. Luo Li had also witnessed Ye Feng's incomparable strength before. If Ye Feng was willing to accompany her to find the dark book inherited by their demon ancestor, then it would be great. Luo Li also had a little curiosity in her heart at this time, why the attitude of the second son of the black soul clan towards her has not changed much. .??. Even if he knew that she was a dark race disguised as a human race, he did not get angry, which was different from ordinary dark races. After all, as long as ordinary dark races knew that the other party was a human race, they would definitely fight to the death. But the attitude of the second son of the Black Soul Clan was so strange, which was totally inconsistent with Luo Li's previous understanding of the dark race.

At this time, Luo Li had a little doubt about Ye Feng's identity for the first time.

But Luo Li could feel that the breath on Ye Feng was the pure breath of the dark race, and it was impossible for the human race to disguise it.

This made Luo Li deeply confused again.

But in any case, as long as Ye Feng helps Luo Li to find the Dark Book inherited by their Demonic Founder, this is enough.

Luo Li's attitude towards Ye Feng, the second son of the Black Soul Clan, is to keep a certain distance, but also maintain basic awe, try not to anger the second son of the Black Soul Clan, and find the Dark Book he needs first.

At this moment, Luo Li thought in his heart, and immediately took out a golden token from his storage ring.

r\u003e

Click!

Next, Luo Li dripped a drop of his blood on the golden token.

Swish!

Suddenly, a small golden dragon soul flew out from the golden token, and then flew quickly in a certain direction.

Seeing this, Luo Li immediately said, "Second Young Master, this token is the identity token left by our ancestors. Now, through my blood power, I let a piece of the ancestor's remnant fly out of this identity token, and we can find the final place where our ancestors fell."

Hearing Luo Li say this, Ye Feng immediately nodded, and then smiled and said, "Then let's follow the golden dragon soul that flew out of this token."

"Okay."

Luo Li also nodded, and then followed the golden dragon soul that flew out of the token not far away with Ye Feng, and flew quickly in a certain direction.

But when they were halfway there.

Suddenly.

"Boom!"

A ruined palace not far away suddenly exploded.

A tall demon with three heads and six arms, several thousand meters tall, crawled out of the ruins all of a sudden, and then rushed towards Ye Feng and Luo Li frantically.

The tall demon was still muttering: "What fresh blood energy, if I swallow it, I can escape the shackles of this dark battlefield."

At this time, after saying this, Ye Feng and Luo Li both showed deep surprise in their eyes.

I didn't expect that in this dark battlefield that had been silent for countless years, there was still such a powerful three-headed and six-armed demon.

At this time, Luo Li suddenly had a silver sword in his hand, and he directly bombarded the three-headed and six-armed tall demon.

Dang!

But when the silver sword chopped the tall demon, it made a sound like metal collision.

It didn't cause any damage to the three-headed and six-armed demon at all!

This made Luo Li's eyes suddenly reveal a deep horror, and he couldn't help but say: "This silver sword in my hand is of extremely high grade and is an extremely powerful magic weapon. It can't destroy the scales on this tall demon. This is really incredible. He is worthy of being a super strong man back then. After all, those who can enter this dark battlefield and participate in the dark war back then are all very powerful. Even the weakest one among them is not something I can resist now." At this time, Luo Li looked at Ye Feng beside him and immediately said: "Second Young Master, let's hurry up and escape from here." But Ye Feng was staring at the three-headed and six-

armed demon not far away at this time, and his eyes showed a trace of interest. Because he felt a very strong blood energy from this three-headed and six-armed demon. .??. This ancient creature is a huge energy supplement for Ye Feng. The main reason why Ye Feng came to this dark city, and even entered this dark forbidden land, was to devour external resources at all costs to improve his own strength and cultivation, and to grow himself as quickly as possible into the top powerhouse in the entire God Realm. In this way, he would be able to deal with the Chaos Holy Land and the Lord of Chaos, and go to the Chaos God Clan to save his mother.

In addition, the current dark race's full-scale invasion of the land of God has also put tremendous pressure on Ye Feng. He must make his cultivation as strong as possible to cope with this terrible dark turmoil.

So at this time, Ye Feng did not leave directly, but said loudly: "Let me fight this three-headed and six-armed demon to see if he is as powerful as I imagined."

At this moment, after Ye Feng finished speaking, an extremely powerful aura suddenly burst out from his body.

At this moment, Ye Feng directly displayed the powerful inheritance of the dark race that he had learned before, in order not to reveal his identity.

"Dark Magic Light Wave!"

This is a powerful inheritance of the dark race practiced by Ye Feng.

Almost at the moment Ye Feng cast it, the countless dark energy in Ye Feng's body suddenly condensed into a large and terrifying wave of dark magic light, which instantly rushed forward and even produced a sonic boom. All of a sudden, it was the three-headed and six-armed demon that was bombarded.

After seeing the pure inheritance of the dark race displayed by Ye Feng, Luo Li's doubts about Ye Feng's identity were immediately dissipated.

Because the aura of cultivation in Ye Feng's body is pure dark demonic aura, and the inheritance displayed is also the authentic inheritance of the dark race and cannot be disguised by the human race.

So at this time, Luo Li's doubts about Ye Feng's identity were immediately dispelled.

And she was still a little disappointed in her heart, because it would be great if Ye Feng was a human race like him. They could become very good friends, and even become martial arts partners. This is Luo Li. A little thought from the cool girl.

Chapter 2806 What kind of existence

Rumble...

At this time, the powerful inheritance released by Ye Feng, the dark magic light wave, suddenly bombarded the tall demon with three heads and six arms.

Suddenly there was a huge roar!

This made the tall demon with three heads and six arms couldn't help but take a few steps back.

It has to be said that this tall demon with three heads and six arms is still very powerful, and the scales on his body are extremely strong. He is worthy of being a super strong man who survived the dark ancient battlefield.

Even though a lot of power has been lost over the endless years, this tall demon with three heads and six arms is still able to withstand the powerful attacks released by Ye Feng.

You know, Ye Feng's current level of cultivation is already extremely high.

His current cultivation level is at the ninth level of the psychic realm.

Even in the center of the God Realm, he is still considered a second-rate master.

But even so, the inheritance of the dark race that Ye Feng is unleashing with all his strength is still unable to cause any harm to this tall demon with three heads and six arms. ??

At this moment, this tall demon with three heads and six arms immediately stared at Ye Feng. His red eyes were full of deep killing intent. He immediately said loudly: "Damn the dark race boy, you and I are the same race." , you actually want to attack me now, damn it, even if I lose a lot of

strength in infinite years today, I will kill you completely. There is no way that you, a young boy, can be my opponent. ”

Boom! !

Almost at the moment when this tall demon with three heads and six arms finished speaking, all of his three heads and six arms suddenly expanded rapidly, and then turned into unparalleled huge palms.

A total of six huge arms, all with a majestic aura, quickly grabbed Ye Feng and wanted to tear Ye Feng into pieces.

But at this time, Ye Feng once again displayed a very powerful dark race inheritance, which was also one of his

What I learned before.

"Hand of Annihilation!"

At this moment, the moment Ye Feng used it, one of Ye Feng's palms instantly turned into a big black hand. It was filled with unparalleled pressure and blasted forward, directly facing the three-headed and six-armed man on the opposite side. The six arms of the tall demon collided together.

Boom! !

An extremely powerful roar suddenly erupted in the entire void, and the terrifying vibration caused the surrounding earth to crack and shatter. The mountains collapsed and the earth fell apart, causing the entire dark battlefield to move rapidly. in the midst of shock.

At this moment, Ye Feng's big dark hand was on par with the six arms of the tall demon with three heads and six arms, and they were in a stalemate high in the air.

You know, although this tall demon with three heads and six arms is extremely powerful and an ancient strongman, Ye Feng's chaotic body is not weak either.

Moreover, the inheritance of the dark race that Ye Feng displayed at this time is also a very powerful inheritance. Coupled with Ye Feng's chaotic body, it is naturally able to explode with unparalleled power.

"This is impossible!"

And sure enough, at the next moment, this tall demon with three heads and six arms found that his six arms were in a stalemate with Ye Feng's dark hand high in the air, unable to break Ye Feng's body. This made this tall demon with three heads and six arms suddenly reveal his eyes. A deep expression of disbelief.

The tall demon roared loudly and said: "What kind of race are you, a boy from the dark race? How can the body be so powerful? My body is a demon body that has grown for countless years. It has become mature. Although in the endless A lot of strength has passed over the years, but you, a boy from the dark race, can never be my opponent.

It's your hand, but how could your palm have such powerful power? Can you compete with my great demon body? This is impossible! "

This tall demon with three heads and six arms would never have thought that Ye Feng was not an ordinary young man from the dark race at all, but a chaotic body from the human race. His body was so powerful that it could compete with the ancient demon body.

At this time, Ye Feng didn't say much, but showed a hint of killing in his eyes, and then instantly activated the beating heart of the God inside his body.

Moreover, at this moment, Ye Feng also fused the brute force gem in his big black hand.

Almost at the moment Ye Feng finished this series of operations, his big black hand suddenly burst out with an even more violent terrifying power, and all of a sudden, all six arms of the tall demon were thrown away. Broken. .??.

Rumble...

Then Ye Feng's big black hand, like the ancient magic mountain, instantly bombarded the tall demon with three heads and six arms. The three-headed and six-armed demon was suppressed in an instant and fell to his knees on the ground, unable to move at all.

"No!!"

At this moment, the young man Ye Feng was forced to kneel on the ground, unable to move. This tall demon with three heads and six arms immediately let out a painful and humiliating roar.

But at this time, Ye Feng showed no mercy in his eyes. He walked step by step directly in front of the three-headed and six-armed demon. Then he stretched out his hand and inserted his five fingers directly into the head of this tall demon like steel bars.

"Swallow!"

At this moment, Ye Feng didn't hesitate at all. A swallowing vortex appeared in his palm, and in an instant, he began to quickly absorb and devour this tall demon with three heads and six arms.

"Ahhhhh..."

This tall demon with three heads and six arms immediately let out a howl of extreme pain.

And along with the screams of this tall demon, the tall demon's several-kilometer-long body was quickly shriveled up by Ye Feng's devouring and absorption, and was finally completely absorbed by Ye Feng. Turned into a mummy.

"Boom..."

At this moment, huge waves of demonic energy surged rapidly in Ye Feng's body.

This huge demonic energy is exactly all the skill and blood energy of this tall demon with three heads and six arms that Ye Feng absorbed.

It has to be said that although this tall demon was defeated by Ye Feng, you must know that Ye Feng also occupied the right time and place.

After all, this tall demon has lost too much power in endless years.

That's why he was defeated by Ye Feng so easily.

The origin of this tall devil is still very large.

At this moment, after being swallowed by Ye Feng, Ye Feng's strength immediately increased a lot, and then he began to transform rapidly.

boom!

Suddenly at this moment, Ye Feng suddenly burst out with a new and powerful aura of cultivation.

That is the momentum of breakthrough!

At this moment, Ye Feng's cultivation has once again transformed, and he has successfully stepped from the ninth level of the psychic realm to the tenth level of the psychic realm, the Great Perfection!

Sensing the changes in Ye Feng's cultivation aura and the entire process of Ye Feng killing and devouring this tall demon, Luo Li beside him was already stunned.

The beautiful little face of the cold and charming girl was becoming more and more frightened and curious about Ye Feng at this moment.

What kind of existence is this second son of the Black Soul Clan, who has actually practiced such a terrifying and evil method of absorbing energy!

Chapter 2807 We will meet each other if we are destined

After Ye Feng swallowed a tall demon at this time, his cultivation level once again broke through.

He actually broke through directly to the tenth level of the psychic realm, Great Perfection!

This made Ye Feng very satisfied.

This time I came to this dark city and gained a lot.

At this time, Luo Li walked over slowly and said softly: "Second Young Master's strength is really unfathomable. Before, I thought that Second Young Master was just an ordinary genius of the dark race, but I didn't expect that... It's so awesome, it's really amazing."

Luo Li naturally made no secret of her words of appreciation at this time, because she felt that this could please Ye Feng, the second son of the Black Soul Clan, and make Ye Feng have a good impression of her.

Ye Feng naturally understood Luo Li's thoughts, but Ye Feng did not directly tell his true identity. ??

Because he felt that continuing to hide his identity now was the best choice. After all, Ye Feng would probably need to continue to hang out in the dark city for a while.

Now Ye Feng has tasted the benefits of hanging out in the dark city. Fishing in troubled waters and improving his cultivation level is really a huge gain.

At this time, Ye Feng looked in a certain direction not far away and said loudly: "Let's continue to follow the golden dragon soul flying out of the token."

Luo Li also nodded, and the two of them moved quickly in the distance.

Along the way, they still encountered many resurrected ancient powerhouses.

However, because these ancient powerful men have lost too much power in the endless years, their combat power is not as strong as it was at their peak. They can even be said to be very weak. Ye Feng and Luo Li teamed up to defeat them in just a few clicks. Beheaded.

Ye Feng has also devoured a lot of ancient power along the way. Although his cultivation has not transformed again, he has reached a peak level of the tenth level of the psychic realm.

As long as you continue to swallow another powerful energy, you can completely break through the psychic realm and step into the true destiny realm above the psychic realm!

The True Fate Realm is a more powerful level of cultivation.

Just like the real emperor among the mortal emperors.

Real life represents real destiny!

The Real Life Realm is a very powerful and advanced level of cultivation for warriors.

As the level, it means that warriors begin to control their true destiny.

At this time, Ye Feng also sensed the cultivation aura of Luo Li next to him. This Luo Li, who came from the Eternal Demon Sect, the super power of the human race, had a cultivation level of the first level of the psychic realm.

The younger generation with this kind of cultivation in the center of the God Realm can definitely be considered a delicate person, but compared with Ye Feng, it does seem a bit mediocre.

But there is nothing that can be done about it, after all, Ye Feng's potential is too powerful.

And now, as the Devouring Domain continues to be devoured at a rapid pace, Ye Feng's cultivation strength is also far ahead of all the younger generations, almost equal to those of the older generations.

At this time, Ye Feng and Luo Li spent several days and finally traveled through the vast and endless dark battlefield and arrived at the core area of the dark battlefield.

This is the final area guided by the token Luo Li took out, and it is also the place where the founder of the demonic path finally died.

At this moment, Ye Feng and Luo Li both saw an extremely tall corpse lying on the dilapidated ground in front of them.

This corpse looks like a human race, but its skin is pitch black and has purple magic lines, making it look very mysterious.

When Luo Li saw this corpse, his eyes suddenly showed a deep light, and he couldn't help but said: "Second Young Master, this is the corpse of our ancestor, the founder of the Demonic Way."

At this time, Ye Feng stepped forward and sensed that all the blood energy in this corpse had been completely dissipated, and it had completely turned into a rotten corpse.

This made Ye Feng quite disappointed. Originally, Ye Feng wanted to devour the power of this demonic master, but now there is no power left at all.

At this time, Ye Feng said aloud: "Then you should look for where the book of darkness carried by this demonic master is."

Luo Li smiled slightly at this time and said aloud: "The Book of Darkness is not an actual book, but an inherited secret hidden in the blood."

At this time, Luo Li said, and immediately recited a string of spells

.

As Luo Li recited this string of incantations, a golden light suddenly burst out from the corpse of the Demonic Patriarch in front of him.

These golden rays of light immediately formed a golden chapter in front of the two people.

What is recorded in this golden chapter is the entire content of the Book of Darkness.

When Ye Feng saw this scene, his eyes suddenly showed deep surprise.

He never imagined that the so-called Book of Darkness would actually be a golden chapter recorded in the bloodline. It was truly magical to the extreme.

If someone else came to look for it, they might not be able to find where the Book of Darkness is.

At this time, Luo Li began to absorb this book of darkness into his mind.

However, she suddenly seemed to have thought of something at this time, and immediately stopped absorbing the golden chapter. Instead, she looked at Ye Feng beside her and said loudly: "Second Young Master, didn't you say that you are very interested in this book of darkness?" Are you interested? Before I absorb this golden chapter into my blood, please imprint it first."

Ye Feng nodded, then released his powerful soul power and began to imprint the dark book in front of him into his mind.

In any case, let's make a copy of this Book of Darkness first, and then we can slowly understand and develop it.

And just after Ye Feng finished branding, Luo Li's eyes showed deep surprise, and she couldn't help but said: "The second young master is a black soul tribe among the dark races, and his use of soul power is really impressive. It's amazing. He can instantly imprint all the vast knowledge recorded in the Book of Darkness into his own soul. This is simply an incredible ability."

After Luo Li finished speaking at this time, he immediately absorbed all the golden chapters in front of him into his own blood.

And as Luo Li integrated the golden chapter in front of her into her own blood, a bright golden light suddenly erupted from her body.

It seemed that the bloodline was beginning to awaken.

At this moment, Luo Li received the inheritance from her ancestors, and the aura of cultivation on her body suddenly increased steadily. In an instant, she went from the first level of the psychic realm to the highest level.

The state of great perfection in the tenth level of the psychic realm!

Moreover, the improvement of the aura has not stopped at this moment, and the cultivation aura on Luo Li's body is still increasing continuously.

In the end, Luo Li suddenly broke through the psychic realm and stepped directly into the true destiny realm!

This sudden huge change made Ye Fengdu reveal a look of deep surprise in his eyes.

Is this the repayment of the bloodline of the super strong to his heirs?

It's really magical.

At this moment, Luo Li opened her eyes, and her beautiful eyes were emitting golden light at this moment, looking extremely sacred.

She stared at Ye Feng and said loudly: "Thank you, Second Young Master, for helping me find the inheritance of my ancestors. My cultivation and life origin have been greatly improved. Although I am stronger now, naturally I will not Take action against the Second Young Master, if we are destined to meet you, Second Young Master, I really hope that you are not from the dark race, hey."

Luo Li, who was extremely powerful at this moment, did not attack Ye Feng directly. Instead, he thanked Ye Feng, and then left the scene with a look of pity on his face and disappeared into the distance.

After all, Luo Li and Ye Feng came here this time to find the Book of Darkness. Now that their goal was achieved, Luo Li's cultivation level had also been greatly improved, so she naturally chose to leave directly.

Originally, Luo Li's initial plan was to use the second son of the Black Soul Clan to obtain the Book of Darkness, which would increase his bloodline cultivation, and then kill the second son of the dark race.

But she had received a lot of care from Ye Feng along the way, and Luo Li had already developed an ignorant girlish feeling for Ye Feng.

When Ye Feng saw Luo Li leaving, his eyes flashed slightly, but he didn't do much.

Emperor Chu in his mind suddenly said: "Ye Feng, even if you are pretending to be from the dark race, this little beauty with unlimited potential seems to be very ambiguous towards you. Why don't you just say that you are from the human race?" Identity? A beautiful marriage is simply lost."

When Ye Feng heard what Emperor Chu said, he just smiled slightly and said: "We will meet each other if we are destined, there is no need to rush, and I don't want to directly expose my human identity now. After all, I still need to continue in the dark city. Hang out for a while."

Chapter 2808 True Disciple of Chaos Holy Land

After Luo Li left, Ye Feng did not stay in the dark forbidden land for too long.

Because Ye Feng has already obtained the most precious thing here, the Book of Darkness.

Ye Feng was going to go out in this dark forbidden area to see what else could be looted in the dark city.

After all, Ye Feng is still the second son of the Black Soul Clan. Using the Black Soul Clan's family power, he should be able to plunder a lot of precious training resources.

But just when Ye Feng left the dark forbidden area and walked out.

The head of the Black Soul Clan standing outside had a trace of panic in his eyes. When he saw Ye Feng, he immediately ran over and said quickly: "Sir, something serious is going wrong! Something serious is going on!"

When Ye Feng heard what the head of the Black Soul Clan said, his eyes suddenly showed a trace of surprise, and he couldn't help but ask: "What happened? Why is a strong man like you so panicked?"

The head of the Black Soul Clan immediately spoke up and said: "Our dark city has been attacked by the super strong humans. Now the entire dark city is in chaos, and the two strong men are confronting each other at high altitude. You should hurry up and get out of here."

When Ye Feng heard the head of the Black Soul Clan say this, his eyes suddenly showed surprise.

He never thought that just a few days after he had been practicing in the dark forbidden land, this heavily guarded dark city would be attacked by powerful human beings.

Boom!

And just as Ye Feng was thinking about it, huge roars suddenly came from a high altitude not far away.

Ye Feng immediately saw a super strong man of the dark race rising from the ground in the depths of the dark city, tens of thousands of feet tall.

Like a demon god, standing in the void, standing tall against the sky and the earth, full of boundless pressure, making Ye Feng feel a sense of suffocation at this time.

Even though Ye Feng's current cultivation level has reached the tenth level of the psychic realm, at this moment, he can feel a deep shadow of death from this super strong man of the dark race.

Ye Feng immediately understood that this super strong man who stood tens of thousands of feet tall and indomitable was definitely the most powerful dark city lord in this dark city!

But at this moment, Ye Feng suddenly saw a certain direction not far away. There was a terrifying and boundless aura that could compete with this extremely powerful dark city lord.

Ye Feng turned his Divine Eyes of Creation and looked towards the sky not far away. He immediately saw a young man wearing a golden robe with a proud face, standing high in the sky, surrounded by golden dragon souls. Standing up, it looks like a human emperor, giving people a very powerful and majestic feeling.

This young man wearing a golden robe is obviously a super powerful human being. The dragon soul energy exuding from his body makes people feel like a god.

At this time, the head of the Black Soul Clan standing next to Ye Feng immediately couldn't help but said: "This strong man from the human race is called Duan Jingtian. He seems to come from an extremely powerful super force of the human race called the Holy Land of Chaos. The true disciple in the Holy Land of Chaos! His strength has reached an extreme level, which is comparable to that of the Dark City Lord of our Dark City. This time, he forcibly led many human masters to attack our Dark City. The entire Dark City is in danger. "

"Holy Land of Chaos?"

"True disciple?"

"Duan Jingtian

? "

When Ye Feng heard the head of the Black Soul Clan say this, there was a trace of surprise in his eyes.

I didn't expect that I would meet people from the Chaos Holy Land so quickly.

You know, the Holy Lord of Chaos in the Holy Land of Chaos is currently the number one enemy for Ye Feng.

The Chaos Gods are still relatively far away. In the most central area of the God Realm, they are the top super power of the Gods in the God Realm.

At this time, Ye Feng stared at Duan Jingtian, who was covered in golden dragon soul in the sky not far away, with an inexplicable look in his eyes.

But Ye Feng also knew that he was no match for Duan Jingtian now.

This Duan Jingtian is indeed a true disciple in the Holy Land of Chaos. He is a super genius. His cultivation aura is extremely powerful and terrifying to the extreme.

At this moment, Ye Feng immediately looked at the head of the Black Soul Clan in front of him, and then said aloud: "What is the reason for this war? This dark city is very remote, and it is impossible for ordinary people to find it. Even if they find it, there must be some reason why he wouldn't fight tooth and nail to attack such a big city."

"Sir, you are indeed smart. There is indeed a reason for this sudden battle."

At this moment, the head of the Black Soul Clan immediately spoke out: "Because our Dark City Lord, the Dark City Lord, is refining a very powerful treasure. This powerful treasure is called the 'Dark Nine Dragon Cauldron'. Once the refining is successful, it will cause huge damage. The Dark Nine-Dragon Cauldron is about to be refined. However, in the past few days, the Dark Nine-

Dragon Cauldron has naturally emitted very violent dark fluctuations, so it attracted Duan Jingtian, that Duan Jingtian. The reason for being so tough and forcibly attacking our dark city is to capture the extremely powerful dark magic weapon, the Dark Nine Dragon Cauldron."

"Dark Nine Dragon Cauldron?"

There was a hint of surprise in Ye Feng's eyes at this moment.

The extremely powerful true disciples who can bring chaos to the holy land like Duan Jingtian are so eager to snatch it.

This shows that this Dark Nine Dragon Cauldron must be a very powerful magic weapon.

It may be even more powerful than the Thor's Hammer, the Supreme Lord of the Rings, the Ice Holy Bow, etc. that he got before.

As soon as he thought of this, Ye Feng's eyes immediately revealed a deep bright light.

Ye Feng became very interested in this Dark Nine Dragon Cauldron in an instant.

At this time, it seems that he saw the very interested look on Ye Feng's face. The head of the Black Soul Clan immediately couldn't help but trembled and asked: "Sir, you don't want to covet him?" That Dark Nine-Dragon Cauldron, this is definitely not possible. It is really too dangerous. You should put your own safety first and should not compete with superpowers like Duan Jingtian and Dark City Lord for that Dark Nine-Dragon Cauldron. It is really too dangerous. Too dangerous."

Hearing what the head of the Black Soul Clan said, Ye Feng immediately patted the opponent's shoulder quite easily, smiled and said: "Don't forget, we are in the dark now, and the two super strong men are in the open. , now the Dark City Lord and Duan Jingtian are confronting each other in front of everyone. They have no time to pay attention to the Dark Nine Dragon Cauldron. We only need to sneak into the place where the Dark Nine Dragon Cauldron is and plunder the Dark Nine Dragon Cauldron directly. You know , I am now a member of the dark race, and I should not be blocked from entering the refining area where the Dark Nine Dragon Cauldron is located. This is my greatest convenience, so head of the Black Soul Race, don't be afraid, let's go directly to find the Dark Nine Dragon Cauldron. "After Luo Li left, Ye Feng did not stay in the dark forbidden land for too long.

Because Ye Feng has already obtained the most precious thing here, the Book of Darkness.

Ye Feng was going to go out in this dark forbidden area to see what else could be looted in the dark city.

After all, Ye Feng is still the second son of the Black Soul Clan. Using the Black Soul Clan's family power, he should be able to plunder a lot of precious training resources.

But just when Ye Feng left the dark forbidden area and walked out.

The head of the Black Soul Clan standing outside had a trace of panic in his eyes. When he saw Ye Feng, he immediately ran over and said quickly: "Sir, something serious is going wrong! Something serious is going on!"

When Ye Feng heard what the head of the Black Soul Clan said, his eyes suddenly showed a trace of surprise, and he couldn't help but ask: "What happened? Why is a strong man like you so panicked?"

The head of the Black Soul Clan immediately spoke up and said: "Our dark city has been attacked by the super strong humans. Now the entire dark city is in chaos, and the two strong men are confronting each other at high altitude. You should hurry up and get out of here."

When Ye Feng heard the head of the Black Soul Clan say this, his eyes suddenly showed surprise.

He never thought that just a few days after he had been practicing in the dark forbidden land, this heavily guarded dark city would be attacked by powerful human beings.

Boom!

And just as Ye Feng was thinking about it, huge roars suddenly came from a high altitude not far away.

Ye Feng immediately saw a super strong man of the dark race rising from the ground in the depths of the dark city, tens of thousands of feet tall.

Like a demon god, standing in the void, standing tall against the sky and the earth, full of boundless pressure, making Ye Feng feel a sense of suffocation at this time.

Even though Ye Feng's current cultivation level has reached the tenth level of the psychic realm, at this moment, he can feel a deep shadow of death from this super strong man of the dark race.

Ye Feng immediately understood that this super strong man who stood tens of thousands of feet tall and indomitable was definitely the most powerful dark city lord in this dark city!

But at this moment, Ye Feng suddenly saw a certain direction not far away. There was a terrifying and boundless aura that could compete with this extremely powerful dark city lord.

Ye Feng turned his Divine Eyes of Creation and looked towards the sky not far away. He immediately saw a young man wearing a golden robe with a proud face, standing high in the sky, surrounded by golden dragon souls. Standing up, it looks like a human emperor, giving people a very powerful and majestic feeling.

This young man wearing a golden robe is obviously a super powerful human being. The dragon soul energy exuding from his body makes people feel like a god.

At this time, the head of the Black Soul Clan standing next to Ye Feng immediately couldn't help but said: "This strong man from the human race is called Duan Jingtian. He seems to come from an extremely powerful super force of the human race called the Holy Land of Chaos. The true disciple in the Holy Land of Chaos! His strength has reached an extreme level, which is comparable to that of the Dark City Lord of our Dark City. This time, he forcibly led many human masters to attack our Dark City. The entire Dark City is in danger. "

"Holy Land of Chaos?"

"True disciple?"

"Duan Jingtian

? "

When Ye Feng heard the head of the Black Soul Clan say this, there was a trace of surprise in his eyes.

I didn't expect that I would meet people from the Chaos Holy Land so quickly.

You know, the Holy Lord of Chaos in the Holy Land of Chaos is currently the number one enemy for Ye Feng.

The Chaos Gods are still relatively far away. In the most central area of the God Realm, they are the top super power of the Gods in the God Realm.

At this time, Ye Feng stared at Duan Jingtian, who was covered in golden dragon soul in the sky not far away, with an inexplicable look in his eyes.

But Ye Feng also knew that he was no match for Duan Jingtian now.

This Duan Jingtian is indeed a true disciple in the Holy Land of Chaos. He is a super genius. His cultivation aura is extremely powerful and terrifying to the extreme.

At this moment, Ye Feng immediately looked at the head of the Black Soul Clan in front of him, and then said aloud: "What is the reason for this war? This dark city is very remote, and it is impossible for ordinary people to find it. Even if they find it, there must be some reason why he wouldn't fight tooth and nail to attack such a big city."

"Sir, you are indeed smart. There is indeed a reason for this sudden battle."

At this moment, the head of the Black Soul Clan immediately said: "Because our Dark City Lord, the Dark City Lord, is refining a very powerful treasure. The reason for being so tough and forcibly attacking our dark city is to capture the extremely powerful dark magic weapon, the Dark Nine Dragon Cauldron."

"Dark Nine Dragon Cauldron?"

There was a hint of surprise in Ye Feng's eyes at this moment.

The extremely powerful true disciples who can bring chaos to the Holy Land like Duan Jingtian are so eager to snatch it.

Chapter 2809 Nine-story Magic Tower

After Ye Feng finished speaking at this time, he immediately led the head of the Black Soul Clan towards the deepest area of the dark city.

For Ye Feng, the dark city has become so chaotic now, which Ye Feng does not want to see.

But everything is not up to Ye Feng, because neither the Dark City Lord nor Duan Jingtian, the true disciple from the Holy Land of Chaos, can fight against Ye Feng now.

These are really super strong men standing at the top, and they may be able to kill the current Ye Feng with one move.

So at this time, Ye Feng felt that if he could take advantage of this final chaos to plunder the extremely powerful dark magic weapon, the Dark Nine Dragon Cauldron, that would be the biggest gain.

At this time, Ye Feng looked at the head of the Black Soul Clan next to him and said loudly: "You are also the head of a powerful family in this dark city. You should be very clear and familiar with the distribution of various regions in the dark city. You know In what specific area is the Dark Nine Dragon Cauldron refined?"

Hearing Ye Feng's question, the head of the Black Soul Clan immediately nodded and said, "I am indeed a prominent figure in the Dark City. Although the Dark Nine Dragon Cauldron is made by other families who specialize in the refining of magic weapons. Responsible, but I also know some basic information. For example, the Dark Nine Dragon Cauldron is actually refined in a place called the Nine-story Magic Tower in the deepest part of this dark city. Because there is a space formation in the Nine-story Magic Tower, then A space formation can connect to the dark interface, and can continuously absorb the dark magic energy from the dark interface, and continuously infuse the dark nine-dragon cauldron, allowing the dark nine-dragon cauldron to mature quickly. Now the dark nine-dragon cauldron is estimated to be refined soon. That's why the extremely strong fluctuations were released, attracting powerful figures like Duan Jingtian, the true disciple of the Holy Land of Chaos, to plunder."

Hearing what the head of the Black Soul Clan said, Ye Feng immediately nodded, and then said with a smile: "It would be great if you know the specific area where the Dark Nine Dragon Cauldron is, then we will go directly to the Nine-layer Demon

Tower bar. "

The head of the Black Soul Clan could not disobey Ye Feng's order at this moment. He nodded immediately and said loudly: "If you can really snatch the Dark Nine Dragon Cauldron, it would be great. The Dark Nine Dragon Cauldron It is a powerful dark magic weapon that our Dark City Lord has worked hard to refine. It is even a terrifying mass-damage war weapon. It is many times more powerful than ordinary magic weapons and has many wonderful uses. So if you, sir, Being able to refine the Dark Nine Dragon Cauldron will definitely be of great help to the improvement of your strength."

Hearing what the head of the Black Soul clan said, Ye Feng immediately smiled and nodded, and then said loudly: "But with our current status, can we enter the nine-story magic tower where the Dark Nine Dragon Cauldron is refined?"

The head of the Black Soul Clan thought about it at this moment, then shook his head and said loudly: "It shouldn't be possible. Even if I am the head of the Black Soul Clan and you are pretending to be the second son of the Black Soul Clan, we are not qualified to enter the ninth level of demons." In the tower, any other family is strictly prohibited from intervening in the refining of the Dark Nine Dragon Cauldron, even if we are the dark race itself."

When Ye Feng heard what the head of the Black Soul Clan said, he immediately said: "It doesn't matter, anyway, when we arrive at the nine-story magic tower area, if they don't let us in, they will just use violence to fight violence and attack directly." Go in, since the Dark City is already in such chaos, you don't have to worry too much about it, just grab it."

When the head of the Black Soul Clan heard Ye Feng's fierce words, he could only nod with a wry smile and said: "You are a master of arts and a bold man. Don't worry. With your current strength, there should be no problem. After all, Now the main members of the entire Dark City are almost all outside fighting against the strong human beings who are attacking the Dark City.

There are not too many strong men of the dark race in the rear. Although my current cultivation strength cannot fight against the true disciples of the Chaos Holy Land like the Dark City Lord and Duan Jingtian, it can still deal with some of our dark race who guard the nine-story magic tower. The guards should not be a problem. "

At this moment, after the head of the Black Soul clan finished speaking, he and Ye Feng immediately walked towards the area where the nine-story magic tower was located.

Soon they came to the area where the nine-story magic tower stood.

This is already the rear area of the Dark City.

There are various buildings everywhere.

However, there are not many figures of the dark race here, and it seems a bit empty.

Obviously, many of the defensive forces in the dark city went to the gate of the dark city to fight against the attacking human warriors.

At this moment, the entire rear area can be said to be very empty.

Seeing this scene, Ye Feng's eyes were slightly happy. It seemed that God was really helping me.

At this time, Ye Feng and the head of the Black Soul Clan quickly arrived at the door of the nine-story magic tower.

The nine-story magic tower is a very huge dark magic tower that looks very majestic and vast.

The moment Ye Feng approached the nine-story magic tower, he immediately sensed a very strong fluctuation of the magic weapon.

There is also a deep dark power in the fluctuations of the magic weapon, which makes people feel very attracted and want to snatch this treasure.

It seems that this Dark Nine Dragon Cauldron is really a treasure, otherwise it would be impossible for Ye Feng to have a subconscious desire to snatch it.

At this time, standing at the door of the magic tower were two tall guards wearing black armor.

These two guards are elites from the dark race and stay here to guard them.

At this moment, they all looked extremely excited

Be vigilant, for fear that the strong men of the human race will come to snatch it. They can issue orders at any time and let the Dark City Lord come here to guard the Dark Nine Dragon Cauldron.

But at this time, these two powerful guards saw the head and second son of the Black Soul Clan coming over. A trace of doubt appeared in their eyes, and their expressions became a little relaxed.

After all, it is not the human masters who come here, but the dark race of their own race.

At this moment, the two dark race masters guarding the nine-story magic tower immediately asked: "Master of the Black Soul Clan, why are you here? A powerful man like you should go to the gate of the dark city now. , to resist the attacking human masters."

At this time, the head of the Black Soul Tribe and Ye Feng walked up to the two guards of the dark race, smiled slightly, and then said loudly: "I came here naturally to rob the Dark Nine Dragon Cauldron!"

"What??"

Almost at the moment when the Black Soul Clan Patriarch finished speaking, the two tall guards standing at the door of the nine-story magic tower suddenly showed deep horror in their expressions, as if they did not understand why the Black Soul Clan Patriarch would say Such treacherous words were said.

But before they could react, Ye Feng and the head of the Black Soul clan had already launched a full-strength attack, killing the two extremely powerful dark race guards in front of them in an instant.

The guards of these two dark races are also extremely powerful, but they are not wary of Ye Feng and the head of the Black Soul Race.

Under the sudden attack of Ye Feng and the head of the Black Soul Tribe, they had no time to react. They were instantly killed by Ye Feng and the head of the Black Soul Tribe and fell to the ground.

Seeing this scene, Ye Feng immediately flashed a joyful smile on his lips, and then said loudly: "Enter the nine-story magic tower quickly, I want to see how extraordinary that dark nine-dragon cauldron is!"

Chapter 2810 Dark Will

When Ye Feng and the head of the Black Soul Clan entered the nine-story magic tower, they immediately saw that the first floor of the nine-story magic tower was completely empty.

However, the ground on the first floor of this nine-story magic tower reflects a very complex space formation.

This space formation should be able to continuously absorb dark magic energy from the dark interface, infuse power into the Dark Nine Dragon Cauldron, and allow the Dark Nine Dragon Cauldron to grow as quickly as possible.

At this moment, the head of the Black Soul clan immediately said: "The Dark Nine Dragon Cauldron should be on the ninth floor, the highest level of this nine-story magic tower. Sir, we'd better hurry up."

When Ye Feng heard what the head of the Black Soul Clan said, he immediately nodded, and then the two of them walked towards the top of the nine-story magic tower.

When they arrived at the ninth floor, they immediately saw a huge black cauldron suspended in the void.

Nine dragon heads are carved around this black cauldron, which looks very majestic and domineering. Moreover, the entire black cauldron exudes a very mysterious and powerful dark atmosphere, giving people the feeling that a large cauldron can include the entire world, mountains and rivers.

At this moment, Ye Feng was able to sense the Dark Nine Dragon Cauldron. It was definitely a super powerful dark magic weapon, perhaps even more powerful than the Supreme Lord of the Rings and Thor's Hammer that he owned.

Thinking of this, Ye Feng immediately showed deep excitement in his eyes. He stepped forward and grabbed the Dark Nine Dragon Cauldron into his hands.

Boom!

But just when Ye Feng's palm touched the Dark Nine-Dragon Cauldron, a burst of dark power suddenly burst out from the Dark Nine-Dragon Cauldron, and the palm that Ye Feng stretched out was directly shaken backwards. .

Ye Feng's palms felt a slight pain at this moment.

This made Ye Feng's eyes reveal a look of deep surprise.

You know, Ye Feng's current body constitution is an extremely powerful chaotic body.

But even with such a strong physique, in front of such a dark Nine Dragon Cauldron, he was still shocked to the point of extreme pain.

Obviously, this Dark Nine Dragon Cauldron is very powerful and is definitely a super magic weapon.

At this time, Ye Feng looked at the head of the Black Soul Tribe beside him and said, "This Dark Nine Dragon Cauldron seems to be resisting me. Logically speaking, this Dark Nine Dragon Cauldron has just been successfully refined and has not been refined by anyone. How could you resist me?"

At this moment, the head of the Black Soul Tribe also had a trace of doubt in his eyes. He immediately stepped forward and said, "Is it true that only the purest dark race can refine this Dark Nine Dragon Cauldron? Let me do it. Check it out for your lordship."

Uh-huh!

Almost at the moment when the head of the Black Soul clan finished speaking, he stretched out a hand and slowly approached the Dark Nine Dragon Cauldron.

But the moment the head of the Black Soul Clan touched the Dark Nine Dragon Cauldron, he suddenly let out a scream.

Wow...

Almost at this moment, Ye Feng was shocked and angry when he saw that the head of the Black Soul Clan was all absorbed into the Dark Nine-Dragon Cauldron. The Dark Nine-Dragon Cauldron seemed to have turned into a darkness. The incomparable monster opened its mouth and swallowed the head of the Black Soul clan, killing him instantly.

When Ye Feng saw this scene, his eyes suddenly showed a look of surprise, and then he rushed in front of the Black Rock Nine-Dragon Cauldron, and in an instant he pressed his hands forcefully on the Dark Nine-Dragon Cauldron.

Buzz!

Almost at this moment, Ye Feng immediately sensed that there seemed to be a very powerful dark will contained in the dark Nine Dragon Cauldron.

Ye Feng felt very curious and immediately put his soul body into the Dark Nine Dragon Cauldron.

He immediately saw that there was a dark and boundless powerful will in the inner space of the Dark Nine Dragon Cauldron.

Ye Feng immediately noticed this powerful will. It should be a thought left by the Dark City Lord to suppress the Dark Nine Dragon Cauldron. No wonder the Dark Nine Dragon Cauldron would resist his refining.

"Who are you? How dare you snatch the Dark Nine Dragon Cauldron?"

Almost at this moment, the will in the dark Nine Dragon Cauldron suddenly spoke majestically.

Ye Feng naturally would not talk nonsense with this dark will at this time, because Ye Feng knew that now he had entered the inner space of the Dark Nine Dragon Cauldron and was discovered by this dark will. The one so far away at the gate of the dark city The Dark City Lord may have noticed the movement here.

Therefore, he must hurry up and take away the Dark Nine Dragon Cauldron, otherwise, if a super powerful person like the Dark City Lord comes, he will not be able to escape.

boom!

So at this moment, Ye Feng didn't respond at all. He directly released his extremely powerful soul power, then released the Soul Emperor Seal, and attacked directly towards this dark will.

This dark will is also extremely powerful. At this moment, he was shaken hard by the soul giant released by Ye Feng, but he did not suffer any damage.

This dark will immediately laughed out loud: "Damn boy, you dare to take advantage of it and want to rob this dark Nine Dragon Cauldron. This is impossible. With my dark will here to suppress it, no one can Don't even think about getting involved with the Dark Nine Dragon Cauldron. The body outside of you kid seems to be extremely majestic and has a special physique. If I let the Dark Nine Dragon Cauldron swallow you, then the Dark Nine Dragon Cauldron will become even more advanced. , the grade will also be greatly improved."

Hearing what the Dark Will said, Ye Feng immediately understood that the head of the Black Soul Clan was swallowed up by the Dark Nine Dragon Cauldron. It turned out that the Dark Nine Dragon Cauldron's own ability could continuously devour the creatures outside, thereby strengthening his own quality.

This Dark Nine Dragon Cauldron seems to be a magic weapon that can be continuously upgraded.

At this moment, Ye Feng didn't say any nonsense and directly released the sinful eyes of the Dark Emperor.

Buzz!

At this moment, Ye Feng's eyebrows immediately split open, and a dark eye appeared.

Then the power of the Dark Emperor burst out instantly, directly covering the entire Dark Nine Dragon Cauldron.

The Dark Nine Dragon Cauldron suddenly trembled rapidly, as if it was shaking.

At this moment, the dark will in the inner space of the Dark Nine Dragon Cauldron felt the power of the Dark Emperor. His face that was originally laughing suddenly turned extremely white, and he suddenly said in horror: "What? This is The power of the Dark Emperor? How could the sinful eyes of the ancient Dark Emperor be integrated into the head of a small human like you!" When Ye Feng and the head of the Black Soul Clan entered the nine-story magic tower, they immediately saw this. The first floor of the nine-story magic tower was completely empty.

However, the ground on the first floor of this nine-story magic tower reflects a very complex space formation.

This space formation should be able to continuously absorb dark magic energy from the dark interface, inject power into the Dark Nine Dragon Cauldron, and allow the Dark Nine Dragon Cauldron to grow as quickly as possible.
