Chapter 2811 The anger of the two powerful men

Boom!

At this time, Ye Feng didn't waste any time at all and directly released the power of the Dark Emperor's Sinful Eye.

In an instant, a very powerful energy of the Dark Emperor directly impacted the dark will in the inner space of the dark Nine Dragon Cauldron. In an instant, it was like a long river of time, and the dark will was shattered by the impact.

Almost at this moment, Ye Feng immediately gained control of the Dark Nine Dragon Cauldron. .???.??

Because the Dark Nine Dragon Cauldron had always been controlled by this dark will before, and now this dark will was killed by Ye Feng, naturally the Dark Nine Dragon Cauldron instantly became Ye Feng's possession.

After Ye Feng took control of the Dark Nine-Dragon Cauldron, he was able to deeply understand how powerful the Dark Nine-Dragon Cauldron was.

This is definitely a priceless and powerful treasure.

Almost at this moment, Ye Feng immediately collected the Dark Nine Dragon Cauldron into his body's dantian, and used his own magic power to continuously warm it up.

In this case, the Dark Nine Dragon Cauldron can be quickly controlled by oneself and truly become a part of one's body, allowing one to use it as he wishes.

But suddenly at this moment, a very terrifying pressure suddenly fell over the entire nine-story magic tower.

It was an extremely powerful dark cultivation aura, many times more powerful than Ye Feng's current cultivation aura.

Almost at this moment, Ye Feng immediately understood. He was afraid that he had shattered the dark will in the Dark Nine Dragon Cauldron and made the Dark City Lord completely aware of the movement here. Now the Dark City Lord himself has arrived.

Uh-huh!

At this moment, Ye Feng rushed out of the nine-story magic tower without any hesitation.

And just when Ye Feng rushed out of the nine-story magic tower, the entire nine-story magic tower was suddenly pinched by a big black hand.

Broken.

That big black hand covered the sky and the sun. It was majestic and vast, and its momentum was shocking. It gave people a very depressing and terrifying feeling.

The owner of this big black hand is the Lord of Dark City!

At this moment, Ye Feng could feel that the Dark City Lord's cultivation strength definitely far surpassed his level of the tenth level of the Spiritual Realm.

And it goes far beyond that!

The cultivation strength of this Dark City Lord may have surpassed the True Fate Realm above the Psychic Realm.

It is a transcendent existence at the level of the God of Education above the True Destiny Realm!

The Yushen Realm is a very powerful and magical martial arts realm, much more powerful than the True Destiny Realm warriors.

If we talk about the true destiny realm, it is when warriors begin to gradually control their own destiny.

Then the realm of cultivating gods means that warriors begin to give birth to their own "gods" in their bodies.

At this time, Ye Feng noticed the extremely powerful cultivation strength of the Dark City Lord, and immediately fled quickly in a certain direction in the distance.

Now Ye Feng cannot stay in this dark city, because this dark city is full of dangers, and he is also being watched by the dark city lord.

Now Ye Feng naturally used all his strength at all costs and quickly fled towards the distance.

After seeing this scene, the Dark City Lord became extremely angry and couldn't help shouting: "I didn't expect that the rear area would be attacked by this hateful boy from the human race!"

At this moment, the Dark City Lord was too lazy to take care of Duan Jingtian on the other side. He immediately turned into a dark mist and quickly chased in the direction of Ye Feng's escape.

Because the Dark Nine Dragon Cauldron is the most important weapon of war, it must not be thrown away, otherwise the Dark City Lord's long-term efforts will be in vain.

The main purpose of the Dark City Lord building such a huge Dark City in this place was to refine the Dark Nine Dragon Cauldron.

Because the Dark Nine-Dragon Cauldron is an extremely powerful war weapon that he refined at a huge cost. If the Dark Nine-Dragon Cauldron is snatched away, the Dark City Lord's overall strength will be greatly reduced.

So at this time, the Dark City Lord didn't bother to care about the chaos in the Dark City. He directly chased Ye Feng in the direction where he escaped. He was very determined to kill Ye Feng, the human thief who stole the Dark Nine Dragon Cauldron. Obliterated.

At this moment, when he saw the Dark City Lord chasing Ye Feng and fleeing, Duan Jingtian, a true disciple of the Chaos Holy Land on the other side, also had doubts in his eyes. He didn't understand why the Dark City Lord suddenly went after a small human warrior. .

But at the next moment, Duan Jingtian seemed to have thought of something, his expression suddenly changed, and he couldn't help but murmur to himself: "Could someone be lurking in the dark, taking advantage of me and the Dark City Lord? During the battle, he entered the rear of the dark city and stole the dark race's super magic weapon, right? Otherwise, it would be impossible for the dark city lord to suddenly become so furious that he would even abandon the entire dark city to hunt down that human kid. "

Thinking of this, Duan Jingtian's eyes suddenly became extremely frightened and angry.

This time he spent a huge price and led many human masters, suffering heavy casualties, to attack this dark city in order to seize the super magic weapon refined by the dark race.

But now the super magic weapon seemed to have been secretly stolen by a human boy, which made Duan Jingtian extremely angry.

"The hateful boy dared to use my power to lurk in secret and steal the dark magic weapon. It is really hateful. Whether it is you, the hateful human boy, or the Dark City Lord, they must die in my hands today. "

Duan Jingtian said something domineering at this time, and then he jumped up in an instant, directly in the sky, his whole body turned into a golden dragon soul, and instantly moved in the direction of the dark city lord and Ye Feng in the distance, quickly chased him away.

At this moment, on the vast land, Ye Feng was at the front, escaping quickly.

Behind the scenes, the Dark City Lord turned into a black and boundless magic mist and was chasing after him.

And at the end, Duan Jingtian, the true disciple of Chaos Holy Land, turned into a golden dragon soul and chased them.

Ye Feng was exuding majestic soul power at this moment. He felt that the two super powerful men behind him were chasing him, and his face suddenly darkened.

Ye Feng did not expect that these two super strong men would pursue him so determinedly and continue to chase him for such a long time.

If it weren't for the space gem that Ye Feng carried, he would have been chased by the two powerful men by now.

Ye Feng knew that he was no match for these two super powerful men now.

After all, whether it is the Dark City Lord or Duan Jingtian, a true disciple of the Chaos Holy Land, it is very likely that they are cultivating beings in the God Realm that have surpassed the Spiritual Realm and the True Fate Realm.

The superpowers who have cultivated in the God of Education realm are extremely powerful and cannot be resisted by Ye Feng now.

Even though Ye Feng's fighting power is extremely powerful and he has many trump cards, his cultivation in the God of Education realm is two levels higher than that of Ye Feng. It is too high and Ye Feng cannot fight against it.

So at this time, Ye Feng could only quickly think of ways to escape!

Chapter 2812 The territory of the Eternal Demon Cult

Swish, swish, swish!

At this moment, Ye Feng was running away quickly on the desolate land.

Because there are two super strong men chasing him behind him.

Whether it is the Dark City Lord or Duan Jingtian, a true disciple of the Chaos Holy Land, their cultivation levels are extremely powerful, a full two levels higher than Ye Feng's current cultivation level.

So now Ye Feng can't fight against these two powerful men at all, he can only run away quickly to find a way to escape.

However, for the next few days, these two super powerful men were still chasing Ye Feng without stopping.

Even if Ye Feng's cultivation skills are extremely profound, he still feels like he can't bear it at this time.

After all, the person who was chasing him was no ordinary being, but a powerful monk at the level of the God of Education.

At this time, Ye Feng asked aloud in his mind: "Emperor Chu, is there any way you can help me escape now?"

Emperor Chu thought for a while, then couldn't help but shook his head and said aloud: "With the methods and trump cards you have now, you can't fight against either of the two super strong men, unless you can break through the current psychic realm. In the Tenth Heaven, if you step into the realm of true destiny, you may be able to compete with them."

When Ye Feng heard what Emperor Chu said, he immediately shook his head with a wry smile and said: "It is simply impossible for me to break through to the True Fate Realm now, because my current cultivation level is at the tenth level of the Psychic Realm. God, if I want to break through to the true realm of true destiny, I need an extremely huge amount of energy to allow me to break through this final level in an instant. My body is like a bottomless pit. Normally, every breakthrough in the sky has been exhausted. It is very strenuous, and it requires a huge amount of energy to allow me to break through, not to mention the final bottleneck of transforming from the tenth level of the psychic realm to the true destiny realm. It will definitely be more difficult and require more terrifying and majestic energy. energy."

At this time, Ye Feng said, rejecting the breakthrough plan mentioned by Emperor Chu, because it is impossible for him to break through to the True Fate Realm now.

Boom! !

\u003e

Suddenly at this moment, a big black hand covering the sky appeared in the sky, full of endless pressure, and bombarded down from the sky in an instant, directly bombarding Ye Feng's body.

boom!

Suddenly, Ye Feng felt a terrifying impact, rushing into his body, making Ye Feng almost spit out a mouthful of blood.

If it weren't for Ye Feng's extremely strong physique and the God's Heart that provided Ye Feng with a steady stream of powerful vitality, I'm afraid Ye Feng would have died of exhaustion in the past few days of pursuit.

This big black hand was naturally the palm of the Dark City Lord. It was filled with extremely powerful power, causing Ye Feng's entire body to fly backwards.

However, Ye Feng climbed up from the ground again the next moment, and then quickly continued to flee towards the distance.

Seeing this scene, the majestic Dark City Lord high in the sky suddenly showed a look of shock and anger in his eyes.

Because he was tired of chasing him these past few days.

But Ye Feng was able to escape every time.

Even if he withstood his attack, Ye Feng seemed to be fine.

This simply shocked the Dark City Lord.

Because Ye Feng's cultivation level is not high, it is two levels lower than him.

However, the Dark City Lord's attack still failed to cause damage to Ye Feng, which made the Dark City Lord very distressed.

Because Ye Feng, an ordinary-looking human boy, was like an invincible little strongman who could not be killed at all.

At this time, Duan Jingtian, who was being chased by the last rear area, this

At this time, he sneered sarcastically and said: "Dark City Lord, it is in vain that you are a transcendent existence at the level of the God of Education, but you can't even hunt down a boy who is not in the psychic realm. You are simply too embarrassing for the monks in our realm. "

Hearing Duan Jingtian's sarcasm, the Dark City Lord suddenly became extremely angry and shouted: "This boy is different from ordinary boys. His body is extremely strong and cannot be killed casually. If Duan Jingtian thinks you are capable, then go after him and see if you can catch him?"

When Duan Jingtian heard what the Dark City Lord said, he immediately smiled coldly and said: "This kid must have a magic weapon with space attributes. He can actually cross the void and run so fast. Even we are two taller than him. The realm cannot be caught up within a few days, but this kid's speed has obviously slowed down a lot in the past two days. It seems that his strength is about to be exhausted. After I catch this kid, I must kill him completely. Kill him, and all the treasures on him belong to me."

At this moment, Duan Jingtian and the Dark City Lord were chasing Ye Feng from behind without taking action against each other.

Obviously, they seem to have reached an agreement now, that is, first catch Ye Feng, the "thief" who stole the Dark Nine Dragon Cauldron, and then they will decide the outcome.

Regarding this situation, Ye Feng felt a little depressed.

Because he originally wanted to cause these two super strong men to fight each other, and then take advantage of the fight between these two people to escape quickly.

But what Ye Feng didn't expect was that the Dark City Lord and Duan Jingtian, the true disciple of the Chaos Holy Land, seemed to have reached some kind of agreement. They didn't attack each other at all, but they joined forces to hunt down Ye Feng. It seemed that they wanted to kill Ye Feng first. Let's get rid of Ye Feng first.

Regarding this situation, Ye Feng could passively accept it and run away like crazy.

\u003c

In the early morning of this day, Ye Feng suddenly saw a continuous building in front of him.

This continuous building looks very majestic and tall.

Ye Feng's eyes suddenly brightened, maybe the building in front of him was his turning point.

At this moment, Ye Feng immediately activated the Divine Eye of Creation and looked towards the building in front of him.

He immediately saw a huge stone tablet at the front of the building in front of him. On this stone tablet were written four characters: Eternal Demonic Cult.

"I unexpectedly ended up in the territory of the Eternal Demon Cult?"

When Ye Feng saw this scene, his eyes suddenly showed deep surprise.

The Eternal Demon Sect and the Holy Land of Heaven are both super powerful forces near the center of the God Realm. Like the Holy Land of Chaos, they are the first-class forces in the center of the God Realm, second only to those overlord forces standing at the top of the pyramid, such as the Chaos Gods. The power of the gods that has been inherited for hundreds of thousands of years.

At this time, Ye Feng saw the stone tablet of the Eternal Demon Cult, and immediately thought of the mysterious and powerful cold girl Luo Li from the Eternal Demon Cult that he had met before.

At this moment, Ye Feng held a trace of luck and immediately exuded his soul power, heading directly towards the territory of the Eternal Demon Sect and quickly covering it, wanting to find out if Luo Li was here.

There is a high possibility that Luo Li is here, because Luo Li left the Dark City directly after finding the Book of Darkness in the dark forbidden area of the Dark City. Her first thing must be to return to the Eternal Demon Cult.

Ye Feng knows very well that if he is really lucky enough to be able to contact Luo Li, with the help of the power of the Eternal Demon Cult, he should be able to stop the Dark City Lord and Duan Jingtian who are chasing him from behind, and they will not dare to chase him anymore. .

## Chapter 2813 The master in charge

After thinking about this clearly, Ye Feng immediately ran quickly towards the territory of the Eternal Demon Cult.

Ye Feng knew that this was probably not the headquarters of the Eternal Demon Cult. After all, the headquarters of the Eternal Demon Cult could not be so shabby. It was just a stone tablet standing at the front with the words Eternal Demon Cult written on it. It should be a frontier city.

But no matter what, as long as this is the territory of the Eternal Demon Sect, the two super strong men chasing behind him should not be so presumptuous.

Buzz!

At this moment, Ye Feng's huge soul power is searching quickly in the territory of the Eternal Demon Sect.

Suddenly Ye Feng sensed a familiar aura, and Ye Feng's expression immediately showed joy.

Because he discovered that the familiar aura was none other than the beautiful and cold girl Luo Li from the Eternal Demon Sect whom he had known before.

At this moment, Ye Feng immediately spoke out through soul power: "Miss Luo Li, you should still remember me. I rescued you in the dark forbidden area of the dark city before."

At this moment, Luo Li, who was in the border city of the Eternal Demon Sect and was about to use the teleportation formation to teleport to the headquarters of the Eternal Demon Sect, heard a familiar man's voice suddenly ringing in his mind, and his eyes suddenly showed deep surprise. color.

The next moment, she couldn't help but look outside this border city.

Luo Li immediately saw the rather embarrassed Ye Feng, speeding towards him from a distance.

Seeing Ye Feng's appearance, Luo Li couldn't help but stepped forward, and then said loudly: "You are not the second young master of the Black Soul Clan I know, but your voice is exactly the same as his. ? And you also know about the Dark City?"

Ye Feng smiled slightly at this time and said aloud: "Now I can tell you the truth. Before, I was disguised as the second son of the Black Soul Clan. The real second master of the Black Soul Clan was killed by me a long time ago. I entered In the dark city, we are also looking for various cultivation resources."

Hearing what Ye Feng said, Luo Li suddenly realized, and her beautiful little face was full of surprise.

She never thought that the second son of the Black Soul Clan, whose behavior was unpredictable, was actually the young man in front of her who was from the same human race as herself.

"No wonder you didn't kill me then, but instead helped me kill those dark race law enforcement team members."

At this moment, Luo Li completely understood why the second son of the Black Soul Clan was so friendly to him when he knew that he was a human being.

It turns out that the second son of the Black Soul Clan is also a human being in disguise!

After knowing Ye Feng's true identity, Luo Li's eyes suddenly showed deep surprise.

Originally, she was very disappointed. She met such a good partner in Ye Feng, but it turned out that he was from the dark race and could be said to be an old enemy.

But now she didn't expect that the other party was from the same human race as her, which made Luo Li very happy.

At this time, Ye Feng didn't notice Luo Li's happiness. He just said quickly: "The Dark City has undergone tremendous changes. There are super strong men from our human race attacking the Dark City, so I took advantage of the chaos and ran out. But I have been targeted by two powerful men, and now they are chasing me from behind, and they will probably be here soon. "

Hearing what Ye Feng said, Luo Li immediately understood what Ye Feng said.

Meaning, it turns out that Ye Feng was chased all the way here.

Ye Feng had helped Luo Li so much in the dark forbidden area of the dark city before. At this moment, this cold and charming girl who valued friendship immediately reached out and grabbed Ye Feng's arm, her beautiful and cold eyes full of confidence, he said aloud: "Now that you have met me, you are safe. There are super masters in our frontier city of Eternal Demon Sect."

And almost when the two people in the city were talking.

boom! boom!

Suddenly, in the sky above this border city, two very terrifying auras descended. They were the Dark City Lord and Duan Jingtian, the true disciple of the Holy Land of Chaos.

At this moment, the Dark City Lord and Duan Jingtian, the true disciple of the Holy Land of Chaos, both had deep surprises in their eyes.

They never thought that Ye Feng, this hateful boy, would actually know someone from the Eternal Demon Cult.

However, these two super strong men are extremely powerful in cultivation. At this moment, they have no scruples at all and just want to attack this city.

"presumptuous!"

But suddenly at this moment, a majestic and boundless voice suddenly sounded in this frontier city of the Eternal Demon Sect.

And almost at that moment, an old man wrapped in a black robe slowly floated from the depths of the city to high in the sky.

He stared at the Dark City Lord and Duan Jingtian opposite, and said loudly: "This is the territory of my Eternal Demon Sect. You two should leave quickly and don't act recklessly here, otherwise don't blame me for being rude."

This old man in black robe is obviously a super powerful being. After all, this is the frontier city of the Eternal Demon Sect, so naturally there will be extremely powerful masters here.

When the black-robed old man said this, the Dark City Lord immediately said: "The human boy who just entered your Eternal Demon Sect's city has robbed the super dark magic weapon that I have worked so hard to refine. If he If you don't want to be my enemy, then just hand over that human boy, otherwise don't blame me for being rude."

Hearing what the Dark City Lord said, the black-robed old man from the Eternal Demon Sect who was stationed in the border city immediately smiled coldly: "Are you teaching me how to do things?"

"roll!"

Almost at this moment, the black-robed old man of the Eternal Demon Sect immediately roared, and then a dark dragon soul with nine heads appeared behind him, and in an instant it bombarded forward. It sent the Dark City Lord flying far away and directly smashed several mountains.

The Dark City Lord was extremely embarrassed. He immediately understood that he was no match for the black-robed old man and ran away in a hurry.

The old man in black robe did not pursue the Dark City Lord. After all, the Dark City Lord's cultivation was also extremely powerful. Although the old man in black robe could defeat the Dark City Lord, he was not able to kill the Dark City Lord.

So at this time, the old man in black robe ignored the Dark City Lord's escape.

He just looked at the other pursuer, and then said loudly: "Why don't you get out?"

Duan Jingtian, a true disciple from the Holy Land of Chaos, looked a little ugly at this time. He never thought that Ye Feng, a seemingly ordinary boy, was actually connected with people from the Eternal Demon Sect.

However, Duan Jingtian did not leave, because he coveted the Dark Nine Dragon Cauldron stolen by Ye Feng, and he was thinking of a way at this moment. After thinking about this clearly, Ye Feng immediately ran quickly towards the territory of the Eternal Demon Cult.

However, Duan Jingtian did not leave because he coveted the Dark Nine Dragon Cauldron stolen by Ye Feng, and he was thinking of a way at this moment.

#### Chapter 2814 Eternal Demon Cult Headquarters

Although Duan Jingtian is a true disciple from the Holy Land of Chaos, he also knows very well that he is no match for this black-robed old man.

Because even the extremely powerful Dark City Lord was blown away by this black-robed old man and fled here in a hurry.

Therefore, Duan Jingtian did not directly use violence at this time and directly forced his way into the city.

The look on his face changed at this moment, and then he said aloud: "Duan Jingtian is the true disciple from the Holy Land of Chaos. This senior of the Eternal Demon Sect, this boy you protected, robbed what originally belonged to My magic weapon, please give me some face, as well as our Chaos Holy Land, so that I can get this kid's magic weapon back."

At this moment, Duan Jingtian's plan is to use the Chaos Holy Land behind him to threaten the black-robed old man of the Eternal Demon Sect.

Because Duan Jingtian is very confident in the Holy Land of Chaos behind him. The Holy Land of Chaos is an extremely powerful super force in the center of the God Realm.

But Duan Jingtian was wrong, because what the black-robed old man of the Eternal Demon Cult hated most in his life was others threatening him.

So at this time, after hearing the threat in Duan Jingtian's tone, the black-robed old man from the Eternal Demon Sect was immediately filled with extremely huge murderous aura, which enveloped Duan Jingtian in an instant, and slowly spit out one word: "roll!"

"you.....!"

Hearing that the black-robed old man from the Eternal Demon Sect actually said the word "go", Duan Jingtian's face immediately became livid with anger.

But at this time, he felt the huge murderous aura emanating from the black-robed old man, which was simply terrifying and oppressive to the extreme.

This made Duan Jingtian immediately realize that this old man in black robe was a super master in the Eternal Demon Cult, and he was no match for him.

So at this time, Duan Jingtian could only look at Ye Feng in the city with hatred, and then said loudly: "Good boy, I will remember your appearance."

Well, if you are touched by me next time, you will definitely die without a burial place. "

At this moment, Duan Jingtian couldn't do anything. He could only say a harsh word threateningly, and then left the scene directly.

At this time, the black-robed old man saw that the two powerful men had all left here, and instantly disappeared into the sky, lurking again in the frontier city of the Eternal Demon Sect.

At this moment, Ye Feng, who saw the whole process in the city, had extremely excited eyes.

Unexpectedly, in this frontier city of the Eternal Demon Sect, there was such an extremely powerful old man hiding, who scared away the two powerful men who were chasing him.

At this moment, Ye Feng immediately looked at Luo Li in front of him and couldn't help but said, "Thank you, Miss Luo Li, for saving my life today."

Ye Feng knew very well and was sure that the cold and charming girl in front of him secretly informed the old man in black robe who was guarding the city.

Otherwise, it would be impossible for this black-robed old man to drive away the Lord of Darkness and Duan Jingtian, the true disciples of the noble Chaos Holy Land, just for a stranger like him.

At this moment, seeing Ye Feng being grateful to her, Luo Li immediately smiled generously, and then said loudly: "Brother, you also saved my life in the dark forbidden land before. If it weren't for you, brother, I would have been killed." I died in the hands of the law enforcement team members of the dark race in the dark forbidden land. And if it weren't for your help, brother, I wouldn't have been able to obtain the final book of darkness, let alone my bloodline transformation, and my

cultivation would also have grown tremendously. , If I want to express gratitude, I should be grateful to you, brother.”

When Ye Feng heard what Luo Li said, he nodded slightly, smiled and said: "Anyway, thank you Miss Luo Li for your help this time, but next time

I'm afraid I'll have to live in this border city for a while longer, because if I go out now, I think the Dark City Lord and Duan Jingtian, the true disciple of the Chaos Holy Land, might be ambushing them outside. "

Luo Li immediately smiled and said: "Brother, why don't you come back to the headquarters of the Eternal Demon Cult with me? I have a separate dormitory in the headquarters of the Eternal Demon Cult. You can live with me there. The environment and living conditions are much better than this border city. "

When Ye Feng heard what Luo Li said, he immediately showed a trace of surprise in his eyes, and couldn't help but said: "Can I go directly to the headquarters of the Eternal Demon Sect? After all, I am not a disciple of the Eternal Demon Sect. ”

Luo Li smiled and said, "Of course, you are my best friend now and my savior. Of course you can go to the headquarters of the Eternal Demon Cult with me."

Ye Feng saw the smile on Luo Li's face, and no longer hesitated, but nodded with a slight smile and said: "Okay, the Eternal Demon Sect is also a powerful force comparable to the Holy Land of Heaven behind me, and this time I happened to be with Miss Luo Li. It's also a good choice to go and take a look.”

Ye Feng knew very well that he could not leave this border city now, but staying in this deserted border city was not the same thing.

It would be better to go to the headquarters of the Eternal Demon Cult with Luo Li and take a look, maybe you can get some luck.

At this time, Luo Li nodded immediately, and then led Ye Feng to the central hall of this border city.

In this central hall, a space formation is engraved.

Luo Li immediately introduced: "Through this space formation, you can be directly transported to the headquarters of our Eternal Demon Sect. This time I got the Book of Darkness. If I can give it to the upper level of our Eternal Demon Sect, then my My status will also rise steadily, and now my bloodline has awakened, and my cultivation is also through my ancestors.

The power left behind has skyrocketed. After returning to the Eternal Demon Sect this time, my status will be greatly improved. It is not impossible to even become a saint of the Eternal Demon Sect. Brother, you will never let me down if you follow me. You will suffer a loss, and no one in the Eternal Demon Cult will dare to bully you. "

Seeing Luo Li, a cold and charming girl, acting like a big sister protecting her shortcomings, Ye Feng couldn't help but smile and said, "Okay, thank you Miss Luo Li."

Luo Li glanced at Ye Feng at this moment and couldn't help but said: "Don't call me Miss Luo Li from now on. It sounds too foreign. Just call me by my name."

Ye Feng immediately nodded and said, "Okay."

Luo Li suddenly asked: "By the way, you still don't know your brother's real name?"

After all, Luo Li had always been in contact with the second son of the Black Soul Clan before, so she didn't know Ye Feng's true identity and name.

Ye Feng immediately said: "My name is Ye Feng. I come from Tiandao Holy Land and am an outer disciple of Tiandao Holy Land."

"Outer disciple?"

A look of surprise appeared on Luo Li's cold face, and then she couldn't help but smile and said: "Ye Feng, I have seen your strength and methods. I am afraid that none of the top ten disciples of the inner sect in the Holy Land of Heaven are like this." You are awesome."

Obviously Luo Li didn't believe what Ye Feng said about his identity as an outer disciple. She felt that Ye Feng must be a super genius secretly cultivated by Tiandao Holy Land. His identity was like a hidden dragon, but he needed to keep it secret, so Ye Feng would not tell it.

Regarding Luo Li's guess, Ye Feng just smiled slightly and did not explain anything, because he did tell the truth, and he was still an outer disciple of the Holy Land of Heaven.

Fortunately, Luo Li did not dwell on Ye Feng's identity, but took Ye Feng directly and disappeared in the teleportation formation in the central hall, teleporting directly towards the headquarters of the Eternal Demon Cult.

Chapter 2815 Chu Haoyue

Buzz!

Accompanied by a burst of severe dizziness, when Ye Feng opened his eyes again, he found that he was already standing on a very majestic mountain.

In this mountainous area, there are densely packed tall buildings. These buildings should be the buildings of the Eternal Demon Sect.

At this moment, Ye Feng looked towards his side and found Luo Li, a cold and charming girl, standing next to him.

Ye Feng couldn't help but asked: "Is this the headquarters of the Eternal Demon Cult?"

Luo Li nodded and said with a smile: "This is the headquarters of our Eternal Demon Sect. This is the core area of our Eternal Demon Sect. Even the top masters of some super powerful forces are not qualified to come here. , but Ye Feng, you are my benefactor and my most trusted friend now, so there will be no problem for you and me to come here. "

Ye Feng nodded, smiled and said: "Then I really want to thank you. I have heard about the Eternal Demon Sect for a long time, but I have never come to see it. This time I can open my eyes. , and see how it is different from our Heavenly Dao Holy Land."

Although the Eternal Demon Sect is a demonic force, in peacetime it is an enemy of righteous forces like the Holy Land of Heaven.

But now, with the entire dark race invading the central land of the God Realm, whether it is the forces of the righteous path or the demonic path, as long as they are human forces, they are all in an alliance.

Therefore, at this time, Ye Feng did not have any special hostility toward the demonic force of the Eternal Demon Sect, because after all, it was the human race's own force. ??

At this moment, Luo Li said to Ye Feng: "I will take you to my palace first. You will stay there first, and then I will probably go to the most central area of our Eternal Demon Sect headquarters to bring the Darkness to the center. I will dedicate the book to the higher-ups, and then I will get my own rewards. I will rate these rewards with you, Ye Feng, because you, Ye Feng, have been of great help to me in completing this mission. I will definitely not treat you badly and will share them with you. A reward given to me by the superiors of the sect."

When Ye Feng heard what Luo Li said, he was about to politely refuse. After all, these things originally belonged to Luo Li. If Ye Feng took half of them, he would be a little embarrassed. After all, he himself also got all the things in the Book of Darkness. Knowledge can be regarded as a huge reward. Now if he wants something from a little girl like Luo Li, Ye Feng will really lose his dignity.

After all, although Ye Feng likes all kinds of cultivation resources, he doesn't want to take advantage of others for no reason. That is not Ye Feng's character.

But just when Ye Feng was about to say something, a man's voice that sounded a bit cold suddenly sounded not far away: "Junior sister Luo Li, who is this young man next to you? Look at the clothes on him It seems that you are not a disciple of our Eternal Demon Cult. How could you bring a strange man you don't know back to our Eternal Demon Cult?"

Hearing this cold voice, Ye Feng and Luo Li looked not far away.

Ye Feng immediately saw a young man wearing a purple robe standing not far away, staring at Ye Feng coldly.

Ye Feng didn't know this young man in purple robe at all, but he felt the man's deep hostility.

Ye Feng was not a fool. He understood immediately. It seemed that this young man in purple robes was so hostile to him because of Luo Li beside him.

After Ye Feng understood this, he

Wanting to explain something, Luo Li suddenly said: "Chu Haoyue, you should stay out of my business. Whoever I bring back has nothing to do with you."

At this moment, Luo Li's tone was very cold, with a kind of indifference that could repel people thousands of miles away. It was obviously completely different from the kind tone in front of Ye Feng.

At this time, Luo Li seemed to have turned into the cold and charming girl Ye Feng had met for the first time. She was very aloof and kept others away from her.

When Luo Li said this, the young man in purple robe who seemed to be named Chu Haoyue immediately turned pale. He wanted to say something, but Luo Li had already stretched out his white hand. , directly pulled Ye Feng away from the place and walked in a certain direction.

"hateful....."

Seeing this scene, Chu Haoyue immediately showed a deep cold look in his eyes.

And at the next moment, Chu Haoyue suddenly saw that the direction Luo Li was taking Ye Feng to was actually the palace where Luo Li lived.

"You actually let that strange young boy in!"

This made Chu Haoyue's heart suddenly burst into flames of jealousy. His eyes at this time were full of deep murderous intent and anger, as if he wished he could kill a strange young boy like Ye Feng in an instant. .

But at this time, Chu Haoyue seemed to be very wary of Luo Li's strength. Instead of forcing him to do anything, he left angrily.

At this time, Ye Feng had been led by Luo Li and walked into Luo Li's palace.

I have to say that Luo Li's palace is very beautiful. The entire palace is made of a special kind of purple wood. It smells of a light wood fragrance, which makes people feel relaxed and happy.

This should be a very special kind of wood, which has the function of centering the mind of warriors during their practice.

At this time, there were many young and beautiful maids around Luo Li's palace. These maids immediately stepped forward and said respectfully: "Welcome Miss Luo Li back to the palace."

Ye Feng saw this scene and couldn't help but click his tongue. It seemed that Luo Li's status in the Eternal Demon Cult was quite high, just like a noble princess in a mortal dynasty.

At this time, Luo Li looked at the group of beautiful maids in front of her, and then said aloud: "The young master next to me is called Ye Feng. He is my best friend. He will live in my palace for a while. , when you see him, it's like seeing me, do you understand?"

A group of young and beautiful maids immediately saluted Ye Feng respectfully and said in unison: "I understand."

At this time, Luo Li nodded with satisfaction and pulled Ye Feng into the palace.

Luo Li said aloud: "Ye Feng, the young man in the purple robe just now is called Chu Haoyue. He is the grandson of a Supreme Elder of our Eternal Demon Sect. He has always been annoyed and wants to propose marriage to me. I, Luo Li, My future husband must be an indomitable hero with unlimited potential. How could I fall in love with a sinister villain like Chu Haoyue? But this guy does have a distinguished status. His grandfather is the most powerful Tai of our Eternal Demon Sect. Elder, I can't just beat him to death..."

When she said this, Luo Li's beautiful and cold eyes suddenly stared at Ye Feng in front of her. She seemed to have thought of some plan. A trace of solemnity appeared on her pretty face and she said loudly: "Ye Feng , can you do me a favor? "Buzz!"

Accompanied by a burst of severe dizziness, when Ye Feng opened his eyes again, he found that he was already standing on a very majestic mountain.

In this mountainous area, there are densely packed tall buildings. These buildings should be the buildings of the Eternal Demon Sect.

Chapter 2816 An unexpected gain

Ye Feng stared at Luo Li in front of him and couldn't help but asked: "What do you want me to do for you?"

Luo Li hesitated for a moment, with a blushing look on her face, and then said loudly: "I hope Ye Feng can play my fiancé."

"What?"

"fiancé?"

Hearing what Luo Li said, Ye Feng immediately showed deep surprise in his eyes.

He never thought that Luo Li would come up with such a bad idea in order to make Chu Haoyue give up.

However, Luo Li has a huge kindness to Ye Feng after all, so Ye Feng did not hesitate for too long at this time, but nodded and said: "Anyway, I am not a disciple of your Eternal Demon Sect, I just live here temporarily. Forget it, you will have to leave sooner or later. I will be happy to help you by pretending to be your fiancé and letting you get rid of the people you hate. "

Ye Feng was also quite unhappy with Chu Haoyue, who showed murderous intent towards him as soon as they met, so Ye Feng also found it quite interesting to be able to treat the grandson of the so-called Supreme Elder at this time.

When he heard Ye Feng agreed to Luo Li, a look of joy immediately appeared on his beautiful little face. He couldn't help but stretched out his snow-white hand, grabbed Ye Feng's palm, and said happily: "Ye Feng, Did you agree? That would be great!"

Next, Luo Li left her palace and walked towards the central area of the Eternal Demon Cult, offering the Book of Darkness she had obtained this time to see what kind of rewards the upper levels of the sect could bring.

After Luo Li left, Ye Feng also lived in the palace and did not move around. After all, this is the headquarters of the Eternal Demon Cult, and everything is heavily guarded. It is better to stay in Luo Li's palace.

However, Ye Feng did not waste time. Instead, in Luo Li's palace, he immediately took out the Dark Nine Dragon Cauldron that he had stolen before, and then quickly used his power to enter the Dark Nine Dragon Cauldron, hoping to refine it. This powerful magic weapon that the Dark City Lord worked so hard to refine.

For Ye Feng, refining this super powerful magic weapon is not particularly difficult.

Of course, if an ordinary human warrior were to refine it, they would probably be counterattacked by the huge dark energy in the Dark Nine Dragon Cauldron.

But this does not exist for Ye Feng.

Because Ye Feng's power can contain energy of thousands of attributes in the world, and Ye Feng's power of chaos is very huge, he can quickly refine this super magic weapon.

But just when Ye Feng pressed his palm on the Dark Nine-Dragon Cauldron, he suddenly felt a powerful dark energy, which suddenly rushed out from the Dark Nine-Dragon Cauldron, trying to send his palm flying out with shock. .

"Suppression!"

boom!

But at the next moment, Ye Feng forcibly input his huge chaos power and successfully suppressed the dark energy in the Dark Nine Dragon Cauldron.

The dark will in this dark Nine Dragon Cauldron had been obliterated by Ye Feng before with the sinful eyes of the Dark Emperor.

So now the Dark Nine Dragon Cauldron is naturally unable to resist Ye Feng's refining, and it will soon be completely controlled by Ye Feng.

And just when Ye Feng took control of the Dark Nine-Dragon Cauldron, he suddenly opened a secret space in the Dark Nine-Dragon Cauldron.

It turns out that the Dark Nine Dragon Cauldron is not only an offensive magic weapon, but also an ability

It is enough to hold space magic weapons as big as heaven, earth, mountains and rivers.

After the Dark Nine-Dragon Cauldron was completely controlled by Ye Feng, the secret space inside the Dark Nine-Dragon Cauldron was instantly opened.

And the moment Ye Feng looked towards the hidden space inside the dark Nine Dragon Cauldron, his eyes suddenly revealed a look of deep surprise.

Because he saw that in the secret space inside this dark Nine Dragon Cauldron, there were actually blood-red pills.

These blood-red elixirs are all round and very huge, about the size of a human head, and appear to be filled with huge blood energy.

Ye Feng immediately understood that these blood-red elixirs the size of a human head should have been refined by the Dark City Lord and stored in the secret space inside the Dark Nine Dragon Cauldron.

No wonder the Dark City Lord pursued him for days and nights without giving up, probably not only for the magic weapon of the Dark Nine-Dragon Cauldron itself, but also for the many blood-red pills in the secret space inside the Dark Nine-Dragon Cauldron.

At this moment, Emperor Chu couldn't help but said aloud in his mind: "This seems to be a very high-quality blood elixir. Only a very huge blood energy can refine such a high-quality blood elixir. It must be The Dark City Lord killed many powerful creatures to refine so many precious elixirs."

Ye Feng nodded and saw that the inner space of the dark Nine Dragon Cauldron was filled with this kind of blood-colored elixir, with tens of thousands of them. This made Ye Feng's eyes suddenly filled with joy.

Gulu!

At this moment, Ye Feng didn't hesitate at all. He opened his mouth and swallowed all the thousands of blood pills the size of a human head hidden in the inner space of the dark Nine Dragon Cauldron.

And at the next moment, along with a "booming" sound, a very terrifying and majestic blood energy exploded in Ye Feng's entire body.

Then Ye Feng's entire body, limbs and bones were all filled with this terrifying energy, rapidly increasing Ye Feng's power.

Ye Feng immediately felt that his whole body was filled with countless terrifying energies, and his skills were growing rapidly.

When Emperor Chu saw this scene, he couldn't help but clicked his tongue and said loudly: "These tens of thousands of high-quality blood pills have as much energy as the vast ocean. If you swallow it directly, aren't you afraid of bursting it?" Lost your body?"

However, Emperor Chu also knew that Ye Feng's body was a chaotic body, extremely strong, and should be able to withstand such pressure.

At this moment, Ye Feng suddenly burst out with huge momentum.

Under the impact of tens of thousands of these high-quality blood pills, Ye Feng's cultivation level suddenly broke through the tenth level of the psychic realm and stepped into the half-step true destiny realm.

And it goes far beyond that.

You know, the energy of these tens of thousands of blood pills is really terrifying. At this moment, Ye Feng's skills continue to rapidly improve and transform.

In the end, there was a "boom", causing Ye Feng's cultivation to directly break through to the first level of True Destiny Realm, and then finally stopped.

"The first level of True Life Realm, such a powerful realm and power!"

At this time, Ye Feng murmured, with a deep light shining in his eyes.

He looked extremely happy. This time he got tens of thousands of high-quality blood pills from the inner space of the Dark Nine Dragon Cauldron, which was really an unexpected gain. Ye Feng stared at Luo Li in front of him and couldn't help but ask: "What do you want me to do for you?"

He looked extremely happy. This time he got tens of thousands of high-quality blood pills from the inner space of the Dark Nine Dragon Cauldron, which was really an unexpected gain.

Chapter 2817 I have an idea

After Ye Feng broke through, he felt that his power was infinitely stronger than before.

At this time, Ye Feng felt that if he faced the two super strong men who were chasing him before and fought against a super strong man alone, he should be able to defeat them.

But now it is naturally impossible for Ye Feng to return to the previous area and find trouble with those two super powerful men.

Because now Ye Feng has arrived at the headquarters of the Eternal Demon Cult, it will probably take a long time to go to the previous border city, which is not worth it.

Moreover, with Ye Feng's current level of cultivation, even if he could fight against those two super strong men, he might not be able to completely kill them.

Therefore, Ye Feng felt that it would be better for him to stay in the Yonghe Demon Sect, and he also agreed to the request of Luo Li, a cold and charming girl, to help her get rid of people she didn't like.

Next, Ye Feng took out the very magical magic weapon he had obtained before, the Demonic Soul Mask, from his storage ring.

This demon soul mask is very magical. As long as a dark race wears this demon soul mask, it can connect its soul body to the real darkness interface.

For Ye Feng, there is no danger for him now in Luo Li's palace, so at this time Ye Feng is ready to experience this Demonic Soul Mask.

Before, Ye Feng just casually tested the function of this demon soul mask. This time, Ye Feng planned to explore it carefully and wait for Luo Li to return from the central area of the demon sect.

Buzz!

At this time, after Ye Feng put on the Demon Soul Mask, he immediately felt that his soul was connected to a very vast dark interface using the Demon Soul Mask as a medium.

Almost at the next moment, accompanied by a very violent soul fluctuation, Ye Feng's soul body successfully passed through the demon soul mask and descended into the dark interface.

This time, the dark interface area where Ye Feng came was a very deserted area.

The last time Ye Feng came to a dark forest, this time it seemed that what came to him was a very strange place in the dark interface.

Barren desert.

At this moment, although Ye Feng is a soul body, he feels as if he has a physical body and can walk freely in the dark interface.

However, Ye Feng still has to wear a devil mask on his face, because the head of the Black Soul clan once said that if he took down the devil soul mask in the dark interface, or the devil soul mask was shattered by an external force, then he would My soul may be wandering around in the dark interface forever.

This is a rather serious consequence.

Therefore, Ye Feng was wearing the demon soul mask on his face at this time and was very careful about other people's attacks on his mask.

However, Ye Feng also knew very well that others did not know the weakness of his mask. Even if he encountered some powerful enemies in the dark interface, he could leave the dark interface and escape in an instant.

Moreover, even if someone suddenly attacks you, it is impossible for them to attack your mask. They should attack your heart.

At this time, Ye Feng secretly thought about wearing a demon soul mask and wandering in this dark interface.

Ye Feng first found a relatively uninhabited place, sat down cross-legged, and then released the Devouring Domain to absorb the entire surrounding dark evil energy.

This is a real dark interface, so the dark magic is extremely strong.

At this moment, with Ye Feng's devouring, all the demonic energy within hundreds or even thousands of miles around were attracted and entered the devouring field released by Ye Feng.

Then it was transformed into a steady stream of dark power, which was injected into Ye Feng's body, rapidly increasing Ye Feng's power.

Although Ye Feng's soul body is in the dark interface at this moment, the absorbed dark demonic energy can be transmitted to the eternal demon sect in the center of the God Realm through the demon soul mask on Ye Feng's face. Ye Feng's body.

So at this time, in the palace of Eternal Demon Cult Luo Li, Ye Feng sat there quietly, but his body was filled with extremely terrifying demonic energy.

The terrifying pressure of demonic energy made some of the guards and maids guarding around Luo Li's palace tremble all over.

These guards and maids all had deep horror in their eyes, staring towards the depths of the palace.

They all know that their master, Miss Luo Li, has left the palace, and now there is only one person left in the palace, and that is a strange young man that their Miss Luo Li suddenly brought back. .??.

Originally, this group of guards and maids thought that Miss Luo Li might have brought back a pretty boy.

After all, Ye Feng seems to have very weak cultivation and no majesty. He seems to be useless except for being handsome.

But now they have discovered that the pretty boy is simply a powerful hidden presence.

Moreover, the demonic energy emanating from the practice was simply earth-shattering, making them all feel deep fear in their hearts, as if their souls were about to fall into endless darkness.

It seemed that in the palace, the person who was cultivating at this moment was not a human boy, but an ancient demon god who had been sleeping for thousands of years.

It's simply terrifying to the extreme!

Ye Feng didn't know this. At this time, he was just calmly absorbing the demonic energy between heaven and earth in the dark interface to increase his strength.

Soon, Ye Feng's skills were greatly improved as a steady stream of demonic energy passed through his soul body and transmitted from the dark interface.

The cultivation level that had just broken through to the first level of True Destiny Realm was not particularly stable at first, but now after the injection of such a huge and pure demonic energy, Ye Feng's skills were completely stable.

In addition, Ye Feng's skill is vaguely heading towards the breakthrough to the second level of True Life Realm.

But just when Ye Feng was about to absorb enough demonic energy to break through to the second level of True Fate Realm.

\u003e

Suddenly, with a huge roar, a towering ancient troll appeared in the deserted area of the dark interface where Ye Feng was at this moment.

The terrifying mace he wielded in his hand was made of a very strong black iron. It struck down hard in an instant, almost beating Ye Feng to death while absorbing the dark magic energy.

Ye Feng immediately sensed this ancient troll holding a mace in his hand. His cultivation level was simply terrifying and unfathomable to the extreme. Ye Feng was not aware of the specific cultivation level at all. He was probably worse than the one who was chasing him before. The Lord of Darkness is countless times more powerful.

At this moment, Ye Feng no longer absorbed the demonic energy, but immediately stood up and ran away quickly in a certain direction in the distance.

Ye Feng gave up when he saw the opportunity, and was not greedy.

Attracting such an unfathomable ancient troll at this moment, Ye Feng naturally left this desolate area immediately.

It seems that the movement of himself absorbing the demonic energy from the surrounding world has aroused the hostility of this ancient troll.

However, Ye Feng did not directly activate the power of the demon soul mask to return to his own body, but still controlled his soul body to run and escape quickly in the dark interface.

Because Ye Feng has just arrived in the dark interface, he hasn't had enough fun yet.

He still needed to take another look around to see if there was anything interesting.

Maybe I encountered some special opportunity.

Moreover, Ye Feng has always been very curious about such a huge interface as the dark interface. At this moment, he naturally has to explore it carefully to make sure that his trip is not in vain.

The dark interface is endless. Ye Feng, a human boy from the God Realm, has a unique demon soul mask and can come here at any time.

Ye Feng even has an idea, that is, in this vast and endless dark interface, he can establish a dark force of his own that can be used by himself. On the one hand, it can help him search for various resources in the dark interface. On the other hand, he can Disrupt the dark race's ambition to invade the divine world from within.

Chapter 2818 The hegemony begins from now on

Rumble...

At this time, the ancient troll behind him was running on the ground, chasing Ye Feng crazily.

But he couldn't catch up with Ye Feng.

Because Ye Feng now descends into this dark interface, he descends in the form of a soul body.

So Ye Feng's speed is very fast.

Because the soul does not have much weight, Ye Feng can quickly shuttle through the void.

Even if he can't use the power of the space gem, his current speed is extremely fast.

Although the ancient troll was very powerful and looked extremely terrifying, it was unable to catch up with Ye Feng and could not cause any harm to Ye Feng.

Soon Ye Feng was far away from this desolate area.

The ancient troll also disappeared from the sight behind Ye Feng.

At this moment, Ye Feng looked around and found that there was a primitive forest here.

Ye Feng did not find too many creatures in this primitive forest. It seemed that the area where Ye Feng came at this moment was a very deserted area in the dark interface.

However, this discovery surprised Ye Feng.

After all, if the area you are in is a very wealthy area, then there will definitely be many super strong people of the dark race.

This is not good for Ye Feng.

Therefore, what Ye Feng is looking for now is a very deserted area that can be developed from the grassroots level.

Soon Ye Feng passed through the primeval forest, and a medium-sized city finally appeared in his field of vision.

The entire city is made of very barren stones and looks very dilapidated and withered.

When Ye Feng walked into the city, he immediately saw a lot of dark races living normally in the city.

However, the cultivation strength of these dark races is extremely weak.

Even though Ye Feng is only a soul now, he has not sensed anything that could threaten him from this city.

Ye Feng has long had an idea in his mind, that is, to establish an attribute in the dark interface.

to one's own power.

Because Ye Feng knew very well that the land in the center of the God Realm was now caught in disputes, and it was very difficult for him to establish a new force.

Moreover, there are various super powers of the human race in the center of the God Realm. If you establish your own power, you will soon be annexed by those powers.

But the dark interface is different. The dark interface is very vast. According to Ye Feng's recent observation, there are no unified forces in this dark interface. Most of them are various dark monarchs fighting against each other.

So at this time, Ye Feng felt that he might be able to use the identity of the Demon Soul Mask to establish a huge dark force of his own in the dark interface.

In this case, this dark force can continuously collect various precious resources for itself.

You know, the dark interface is a vast and endless interface, which is said to be larger than the God Realm.

Therefore, if he can establish a force of his own in the dark interface, then Ye Feng will have a rear with countless resources to support him.

The bridge connecting Ye Feng to the rear is the extremely magical magic weapon of the Demonic Soul Mask.

At this moment, after Ye Feng had this idea, he walked into this seemingly dilapidated city and decided to start his first battle here.

At this moment, Ye Feng directly released his huge momentum, which instantly enveloped the entire ruined city.

Suddenly, the eyes of the dark races in the entire city showed deep horror.

Because the power and aura exuded by Ye Feng was simply terrifying to the extreme, making them all feel an irresistible sense of confusion.

At this moment, Ye Feng immediately looked at the dark city, and then said loudly: "The city lord of this city will come out directly."

The moment Ye Feng's words fell, a man wearing tattered armor

The tall demon A, holding a big knife in his hand, walked out of the city in horror, and then came to Ye Feng.

This tall demon wearing tattered armor looked at Ye Feng wearing a ferocious mask, his eyes filled with fear.

Because he thought Ye Feng was a very noble and powerful dark race, how could he suddenly descend on such a desolate city like theirs?

Are you going to massacre the city?

This kind of thing is very common in dark interfaces.

There are killings everywhere in the dark interface. A powerful demon descends on a certain city, kills the other weak dark races, and swallows them all. These are very common things.

Because the "dark race" in the dark interface is just a general term, there are still many different types of races.

At this moment, Ye Feng stared at the tall demon wearing tattered armor in front of him, and immediately couldn't help but said: "Are you the city lord of this city?"

The tall demon immediately nodded, quickly inserted the long knife in his hand on the ground, then knelt down on one knee in front of Ye Feng, and said respectfully: "Reporting to your noble lord, this is indeed the city. The city lord, I'm just very curious, why would such a powerful being like you come to such a dilapidated small frontier city like ours?"

When Ye Feng heard what this tall devil said, he immediately smiled and said, "Because I am ready to establish my dominance here."

What?

Establish hegemony here?

Hearing what Ye Feng said, the tall demon was immediately stunned. It seemed that he did not expect that this mysterious and noble-looking adult would actually say such a thing.

If it weren't for Ye Yefeng's cultivation aura being extremely powerful, this tall demon would even think that there was something wrong with Ye Feng's brain.

After all, if others want to establish their own hegemony, they will start to establish their own power in the richest place in the dark interface, and then slowly develop.

But this one brings

Why did the mysterious man with the ferocious mask choose such a deserted area?

Seemingly seeing the doubts of this tall demon, Ye Feng immediately smiled and said: "This place is actually not deserted. I have been exploring the situation around here in the past few days, and I found that this deserted area does not seem to be deserted. There are no wild beasts that can be used, and no food can be grown, but these desolate areas seem to contain a lot of mineral veins. If they can be mined, they will definitely be very precious resources, which can greatly strengthen their own power. "

Hearing what Ye Feng said, the city lord couldn't help but smile bitterly and said, "You don't know something, this desolate area is so poor that we can't even eat, let alone have the strength to mine the veins. , and those veins are buried very deep underground, so they are difficult to mine, and the crust of our dark interface is extremely solid. Ordinary mining tools cannot dig through the crust, let alone mine the veins. "

Hearing the city lord say such a series of questions, Ye Feng immediately smiled and said: "You don't have to worry about these, just leave it to me. All I need to do now is that you surrender to me."

Uh-huh!

At this moment, Ye Feng said, directly stretched out his hand, pressed the head of the city lord, and then said loudly: "Don't resist next."

Hearing what Ye Feng said, the city lord immediately nodded.

Naturally, this tall demon did not dare to resist Ye Feng's behavior, because the feeling Ye Feng gave him was so terrifying that he could kill it with just a thought.

Therefore, the city lord of this dilapidated small city would naturally not resist Ye Feng.

At this moment, what Ye Feng wants to do is to completely control the city lord and let him do things for him.

Buzz!

At this moment, Ye Feng immediately released a huge amount of soul power, directly entering the head of the city lord, to completely hypnotize and control him.

"Hegemony begins from now on..."

Ye Feng couldn't help but murmured at this moment.

Chapter 2819 Ye Hei

For Ye Feng, subduing the city lord of the dilapidated small city in front of him was only his first step.

His wish is to establish a huge dark force of his own in this dark interface.

Ye Feng established this huge dark force not to dominate the world, but to continuously plunder resources in the vast and endless dark interface to provide himself with sufficient training support.

Because Ye Feng knows very well that the pattern of the major forces in the center of the God Realm has been completely formed, and it is difficult to carve up any benefits among them.

But the dark interface is vast and endless, with countless forces, and various powerful forces change every day.

Therefore, in the dark interface, Ye Feng has the opportunity to establish his own exclusive dark force.

And you must know that Ye Feng's methods can be used unscrupulously in the dark interface.

But in the center of the God Realm, the earth cannot be fully used.

Because Ye Feng knew very well that if he used his various means and abilities excessively, if some super strong people discovered it, they would most likely come to kill him without any taboos and rob him of his fortune.

Not to mention that Ye Feng still has two powerful enemies in the center of the God Realm, the Lord of Chaos and the Chaos Gods.

But in the dark interface, Ye Feng doesn't have to worry so much.

Because the dark interface is vast and endless, no one knows who Ye Feng is wearing the mask.

And no one knows how huge the dark interface is.

Many people even believe that the dark interface is the opposite of the origin world.

In other words, dark interface is synonymous with darkness.

The great world of origin is synonymous with light.

In fact, the God Realm is just a slightly larger interface in front of these two super large interfaces.

Got hacked this time

The dark race invaded the central land of the God Realm. In fact, not all the races in the dark interface participated in the invasion. It was only the three dark interfaces in the dark interface, the Hell Realm, the Demon Realm and the Heavenly Demon Realm, that invaded the central land of the God Realm.

If all the dark interfaces invade the earth at the center of the God Realm, the God Realm will not be able to resist it.

At this moment, Ye Feng was thinking secretly, and then increased the output of his soul power.

Soon the city lord of the dilapidated small city in front of Ye Feng, this tall demon, completely became Ye Feng's soul slave.

Now this tall demon is absolutely completely obedient to Ye Feng.

So at this time, after the tall demon was completely hypnotized by Ye Feng, he immediately knelt on one knee in front of Ye Feng and said respectfully: "From now on, this subordinate will be your Lord's most loyal slave."

These words were spoken from the heart of the tall devil.

At this moment, he was completely controlled by Ye Feng.

Ye Feng was very satisfied when he saw this scene, because he couldn't come to the dark interface every day.

In the center of the God Realm, Ye Feng still has his own affairs.

Therefore, Ye Feng prepares to cultivate this tall demon and become his spokesperson in the dark interface. He will fight for himself in the north and south, build up his power and plunder resources.

At this time, Ye Feng stared at the tall demon in front of him and said slowly: "Your bloodline is very ordinary, and there should be no growth potential. You may be the lord of this dilapidated

small city for the rest of your life, and then die of old age, but now If you meet me, your destiny will change, and I will cultivate you into a very powerful dark race."

Hearing what Ye Feng said, this tall demon immediately

There was deep excitement in his eyes, and he couldn't help but said: "Thank you for your love, sir. I will definitely work hard for you."

Hearing this, Ye Feng nodded slightly, and then said, "By the way, I still don't know what your name is?"

The tall demon in front of him immediately said: "I am an ordinary demon with a very low level, so I don't have a name yet."

Ye Feng thought for a while and said: "Then I will give you a name. If you are from the dark race, then you can take my surname and call it Ye Hei."

"Ye Hei?"

When the tall demon heard what Ye Feng said, his eyes immediately showed deep excitement, and he said loudly: "Thank you for the name, sir. From now on, I will be called Ye Hei."

Ye Hei knew very well that Ye Feng was an extremely powerful being. If he could follow Ye Feng, his future would be infinitely brilliant and would change the fate of this ordinary devil.

At this moment, Ye Feng nodded, and then said aloud: "Next, I will transform your body and blood to make your talent and potential stronger. Only in this way can you do things for me."

After Ye Feng finished speaking, he took out the Dark Nine Dragon Cauldron.

During this period of time, Ye Feng also explored other functions of the Dark Nine Dragon Cauldron.

Not only can it be used as an attack weapon, but it can also be used as a cauldron for alchemy.

In addition, the Dark Nine Dragon Cauldron can also transform the bloodline talents of the dark race.

At this moment, Ye Feng directly asked the tall demon Ye Hei in front of him to jump behind the dark Nine Dragon Cauldron.

Then Ye Feng released the sixth talent awakened by his Chaos Heavenly Emperor Technique, the Fountain of Evolution.

In Ye Feng's soul mind, a spring of water surged out all of a sudden. These springs were called Jin.

Spring water can help all kinds of beings evolve, including living things and inanimate things.

At this moment, after Ye Hei, a tall demon, was soaked in the evolutionary spring water and infused with the dark power of the Dark Nine Dragon Cauldron, his entire body immediately began to change.

The scales on his body became darker and darker, and finally transformed into dark golden scales.

Moreover, Ye Hei's bloodline seemed to have undergone a special mutation. Two huge devil horns grew on his head, and his body became much taller and more majestic than before. He looked full of huge momentum, and his body was full of cultivation. Because the aura is also much stronger.

The first transformation was very successful.

After Ye Feng completed all the transformations, Ye Hei jumped out of the dark Nine Dragon Cauldron.

His current demon body is majestic and boundless, with two huge demon horns on his head, and the scales on his body have turned a noble dark gold color. It seems that he can smash a mountain with one punch, and he looks full of majesty. and domineering.

Ye Feng couldn't help but nodded with satisfaction and said: "Not bad, not bad. It seems that this first transformation is very successful."

At this moment, Ye Hei himself also sensed the change in his power.

He seemed to have truly evolved from an ordinary demon, becoming much more advanced than before.

At this moment, Ye Hei immediately knelt respectfully in front of Ye Feng and said, "Thank you, sir, for the reward."

At this time, Ye Feng said aloud: "Call all your subordinates in this city to me. I will transform them all. In this way, I can initially gather a group of people. You are an elite demon. You will develop on your own. I don't have anything to worry about. I will give you a second transformation when I come here again."

#### Chapter 2820 Transformation

After hearing Ye Feng's order, Ye Hei immediately nodded and called all the dark races in the entire city over.

This dilapidated small city is indeed a very inconspicuous small city. There are only a dozen scattered people in it, and they are all old, weak, sick and disabled.

This made Ye Feng's eyes show deep surprise. He didn't expect that the small city he chose was really dilapidated and withered to the extreme.

There were only a dozen people in all the cities together. Ye Hei looked a little embarrassed, and then said: "Sir, there is actually no way around this. Our small city is really too poor. There were people before. Many powerful masters have left here and gone to work outside, and those who remain in this city are basically the old, weak, sick and disabled."

Hearing what Ye Hei said, Ye Feng immediately nodded and said: "It doesn't matter, anyway, I will transform all of you now, and you will become much stronger than before, and your bloodline will also be obtained. After upgrading, you will have to develop on your own, and I can't stay in this dark city forever."

Ye Hei immediately nodded, and then said aloud: "Don't worry, sir. As long as you transform and upgrade all of us demons, our strength will be greatly enhanced. When the time comes, we will take the initiative to open up for you." territory, and continue to grow their own power."

Ye Feng said aloud: "In addition to strengthening your strength, you also need to find and collect various resources to strengthen yourself. And if you encounter any very precious resources, you must remember to stay and contribute to me."

Ye Hei immediately clasped his fists respectfully and said, "I am now your most loyal servant, and I will definitely contribute to your service wholeheartedly."

Ye Feng immediately nodded with satisfaction, and then enlarged the Dark Nine Dragon Cauldron to the size of a small mountain.

Then Ye Feng asked the old, weak, sick and disabled people in the dozen or so cities to

Then jumped into the inner space of the dark Nine Dragon Cauldron.

Buzz...

At this moment, Ye Feng continued to use the dark energy in the Dark Nine Dragon Cauldron to transform the old, weak, sick and disabled.

In addition, Ye Feng also used his own evolutionary spring water to continuously transform these old, weak, sick and disabled people.

Soon, the old, weak, sick and disabled in more than a dozen cities suddenly became more powerful, and their life sources were also greatly improved.

They all jumped out from the dark Nine Dragon Cauldron, and then their bodies became extremely towering. At this moment, these old, weak, sick and disabled suddenly became extremely powerful elite teachers.

Ye Feng said with great satisfaction: "The transformation is completely completed. Next, I want to see how you develop."

Ye Feng did not leave this dark city for the time being, but asked Ye Hei to tell him his development strategy.

Ye Hei immediately spoke out at this moment: "Although our place is very dilapidated and the surroundings are very desolate, the biggest advantage of our place is that the terrain is steep, easy to defend and difficult to attack. It is very suitable for building your own main city, sir. We definitely want to have a very large exclusive force in the future, and even establishing a dark empire is not impossible, as long as we can make good use of the mineral resources around us. "

Speaking of mineral resources, Ye Feng immediately nodded and took out many powerful weapons from his storage ring.

Among them were weapons from the devil's path, as well as weapons from his own human warriors. Ye Feng had no use for these weapons, but they were very powerful weapons for the demons in the dark city.

Because they are real

We are so poor now that we can't even afford food, let alone weapons.

So Ye Feng took out these resources, which immediately made these dozen demons very happy.

Ye Hei also obtained Ye Feng's exclusive treasure, the Supreme Lord of the Rings.

The Supreme Lord of the Rings is no longer of much use to Ye Feng. Ye Feng's own power is now superior to the Supreme Lord of the Rings.

So Ye Feng gave the Supreme Lord of the Rings to Ye Hei.

After Ye Hei put on the Supreme Lord of the Rings, he immediately felt a very powerful dark energy surging in the Supreme Lord of the Rings.

Ye Hei immediately said happily: "Thank you sir for rewarding me with such a powerful magic weapon."

Ye Hei could feel at this moment that the grade of this Supreme Lord Ring was absolutely extremely high.

Ye Feng nodded slightly at this time, and then said loudly: "After you have these weapons, it will be much better if you go to the surrounding cities to fight and kill."

Ye Hei immediately nodded and said: "There are indeed many other small cities around us. If these small cities can all be captured, they can be developed into our territory and expand our territory."

At this moment, Ye Hei was talking, a little eager to try. It was obvious that he couldn't help but want to fight.

It has to be said that the genes of war and killing are hidden in the bones of the dark race.

Ye Feng immediately nodded at this time and said: "Okay, then you will have the first battle. I will not leave here for the time being. I just happened to watch your first battle, and by the way, in case you are All destroyed."

Ye Feng knew very well that there were only a dozen of these demons. Although they had been transformed by him, they were still relatively weak.

If they were allowed to fight freely on their own, they would most likely be wiped out by the group.

So Ye Feng is now preparing to follow them and watch in secret. If there is really a risk of the group being wiped out, Ye Feng will take the initiative.

With the support of the master Ye Feng, Ye Hei immediately gathered together more than a dozen demon soldiers in the dark city, and then said: "We will directly attack the one closest to us. That city, Your Excellency will protect us this time, so we don't have to be too afraid. This time we must win glory for Your Excellency and capture that city directly. There are hundreds of soldiers from the Black Scale tribe in that city. And there are thousands of demon people. If we can attack that city, we will expand our territory several times in an instant. "

The dozen demon soldiers are very familiar with the city closest to here.

Because they were all very envious of the prosperity of that city, and now they were going to attack that city directly, so naturally they were all extremely excited.

Ye Feng saw this scene and didn't say much, but he discovered the essence of the dark race, which was indeed plundering and killing.

However, Ye Feng did not stop this, because the dark interface had nothing to do with Ye Feng. He came here just to establish his own dominance, and then provide himself with a steady stream of various training resources.

Therefore, Ye Feng has no sympathy for the killings in the dark interface at all, because constant killings in the dark interface are just commonplace and there is nothing surprising.

When Ye Feng put on the Demon Soul Mask, Ye Feng seemed to regard himself as another dark personality, the dark Ye Feng who belongs to the dark interface, because there is no benevolence and morality in the dark interface, only battles and battles. Kill.
