Chapter 2831 I feel like I'm done

quiet!

Deadly quiet!

At this moment, everyone in the audience had deep horror in their eyes.

Because they never expected that this young man from the human race who suddenly arrived would have such terrifying strength, which was simply crushing.

At this moment, the dozen or so female disciples from Tiandao Holy Land standing behind Ye Feng all had deep surprises in their eyes.

Because they originally thought that the fate of all of them might stay here and become extremely miserable.

But now the arrival of Ye Feng, a powerful senior brother, immediately changed the situation on the field. All the dark races were killed by Ye Feng, which really shocked them.

More than a dozen of the most powerful dark race masters have been killed by Ye Feng.

Therefore, the remaining dark races were naturally wiped out easily, just like chopping melons and vegetables.

"Swallow!"

boom!

At this moment, Ye Feng did not hesitate and directly released the Devouring Domain, covering all the dark races in the entire dark city in his Devouring Domain.

Rumble...

Suddenly, huge amounts of blood, skill, and dark energy were all swallowed up by Ye Feng, and then injected into Ye Feng's body.

At this moment, Ye Feng's cultivation aura immediately began to increase, directly rising from the fourth level of True Destiny Realm to the fifth level of True Destiny Realm!

Although he broke through to the first level, Ye Feng's eyes did not show much joy.

Because Ye Feng knew very well that he was devouring all the dark races in the entire dark city.

But in the end it was just a level up.

This made Ye Feng's eyes a little sad.

It seems that ordinary masters and strong men no longer have much effect on him.

Now you need to hunt down existences that are more powerful than your own cultivation level in order to make your own cultivation level grow rapidly.

At this moment, Ye Feng suddenly felt that it was a pity that the Dark City Lord was not in the Dark City.

Otherwise, if he devours a powerful person like the Dark City Lord, his cultivation level will definitely increase a lot.

While Ye Feng was thinking, the beautiful eyes of a dozen female disciples of the inner sect of the Holy Land of Heaven standing behind Ye Feng were filled with deep excitement.

They hurriedly came to Ye Feng and couldn't help but said in surprise: "Dare you ask what your senior brother's name is? Your senior brother's strength is really great!"

The person speaking at this time was Senior Sister Zhong, who was the leader among the dozen female disciples.

Ye Feng looked at Senior Sister Zhong in front of him, smiled slightly and said, "My name is Ye Feng, and I am an outer disciple in the Holy Land of Heaven."

"Outer disciple?"

Hearing Ye Feng say this, the entire field immediately went into a frenzy.

Because they all saw that the clothes Ye Feng was wearing were those of an outer disciple, but they didn't expect that Ye Feng was actually an outer disciple.

But how could an outer disciple possess such great strength?

The true disciple who led them before, Senior Brother Xiao, Ye Feng was countless times more powerful than him.

At this time, there were many female disciples of Tiandao Zongji who seemed to have very cheerful personalities. They immediately came to Ye Feng and said with a smile: "Then Senior Brother Ye Feng must be a super secretly cultivated by our Tiandao Holy Land. Genius is only temporarily hidden in the outer sect. In fact, it is to hide his identity and keep a low profile, otherwise Senior Brother Ye Feng would not be so powerful. "

At this time, after the female disciple finished speaking, she seemed to have opened a chat box,

Immediately, other female disciples could not help but chirp.

"Yes, yes, senior brother Ye Feng killed more than a dozen masters of the ninth level of the True Life Realm of the dark race in an instant. It was really shocking."

"What was Senior Brother Ye Feng's move just now? The power that burst out from that punch was so brilliant."

"Also, Senior Brother Ye Feng killed the numerous guards of the dark race and released the black wheel. It feels like it is the secret skill of the Judgment Temple in our Holy Land of Heaven. It is breathtaking!"

...

At this moment, a group of young female disciples were chattering.

Each pair of beautiful eyes is full of deep admiration and twinkling with little stars.

Because Ye Feng has already become an unfathomable existence in their hearts.

They felt that Ye Feng must be the kind of super genius secretly cultivated by the sect.

While a group of beautiful female disciples from the Holy Land of Heaven were chattering around Ye Feng, Senior Brother Xiao's eyes not far away suddenly became extremely gloomy.

Because originally the center of this group of more than a dozen young female disciples was himself.

But now Ye Feng has become the center of attention.

But Senior Brother Xiao also knows that this Ye Feng is extremely powerful, and he has just seen it.

So at this time, he didn't dare to say anything, but his face was a little gloomy.

But suddenly at this moment, he seemed to think of something, his eyes suddenly lit up, and then he walked towards the crowd.

When they saw Senior Brother Xiao coming over, the eyes of more than a dozen inner sect female disciples of Tiandao Holy Land immediately showed deep disgust.

Because before, Senior Brother Xiao surrendered to the masters of the dark race, which really made them feel ashamed.

Extremely humiliating.

Because the human race and the dark race are inherently incompatible, the human race and the dark race are old enemies, and they basically fight to the death.

But this Senior Brother Xiao did not dare to fight to the death because he was greedy for life and afraid of death, and ended up succumbing to the dark race.

This is a huge shame for humanity.

However, this group of female disciples from the Holy Land of Heaven didn't say much.

Because Senior Brother Xiao is a true disciple, and his status is very extraordinary. There is a grandpa at the level of Supreme Elder in the Holy Land of Heaven.

So at this time, a group of inner sect female disciples just had cold faces and didn't want to pay attention to Senior Brother Xiao at all.

Ye Feng didn't say much at this time. After all, this matter had nothing to do with him.

But sometimes trouble comes looking for you.

Ye Feng didn't say much, but Senior Brother Xiao walked up to Ye Feng at this time without any fear.

Because although Ye Feng is very strong in cultivation, he is still a human race like him, a disciple of the same sect, and his identity is still an outer disciple.

Therefore, Senior Brother Xiao feels that Ye Feng must be an easy person to bully.

So at this moment, Senior Brother Xiao immediately became a little condescending, stared at Ye Feng, and said loudly: "Junior Brother Ye Feng, just now I saw that you used that very evil devouring ability to absorb all the power of the dark races. It has been swallowed into your body. I

think this evil method is too dark. I think you should return to the sect with me immediately for investigation. "

After Senior Brother Xiao finished speaking, his face was arrogant and his eyes were very proud, as if he felt that he had defeated Ye Feng.

Because Senior Brother Xiao feels that Ye Feng is an ordinary disciple of Tiandao Holy Land, and he is a true disciple of Tiandao Holy Land, and he has a grandfather who is a Supreme Elder, so he feels that Ye Feng will definitely not dare to offend him, even if Ye Feng is very powerful powerful.

Chapter 2832 Mysterious Ancient Place

At this time, Senior Brother Xiao felt that he was sure to defeat Ye Feng, because he felt that Ye Feng was not from a dark race, so he did not dare to resist his fellow senior brother who had a distinguished status in the Holy Land of Heaven.

So at this time, Senior Brother Xiao's eyes were full of pride, and Ye Feng must be very afraid of him next.

Snapped!

But suddenly at the next moment, he was greeted by Ye Feng's hard slap.

And you must know that Ye Feng's body is extremely powerful and is a chaotic body, so this slap is absolutely powerful.

"Click, click!" ??

Sure enough, the effect was remarkable. Ye Feng's slap immediately broke several of Senior Brother Xiao's teeth, and directly beat his face into a pig's head, and then his body fell hard to the ground not far away.

Ye Feng had an indifferent look in his eyes at this time, and then said aloud: "Want to use your identity to threaten me? I'm afraid you are too naive. You think I am your fellow disciple, so you think I am easy to bully. "I want to tell you, don't mess with me again, I am more cruel than the dark race."

After finishing speaking, Senior Brother Xiao immediately showed a deep and incredible look in his eyes on the ground.

Because he never thought that Ye Feng would really dare to be so rude to him, and actually beat his face into a pig's head directly in front of everyone's attention, and even fell to the ground with blood spurting from his mouth. , it was extremely embarrassing.

"You... are presumptuous!"

At this time, Senior Brother Xiao struggled to get up from the ground.

He stared at Ye Feng, his eyes filled with an extremely cruel look, and said aloud: "Do you know my true identity? Not only am I a true disciple of Tiandao Holy Land, but my grandfather is the Tai Dao of Tiandao Holy Land." Elder, you dare to do this to me, you are so presumptuous! I will torture you severely when you return to the Holy Land of Heaven."

At this moment, Senior Brother Xiao said a harsh word and was about to turn around and leave.

Poof!

But suddenly the moment he turned around, a hand as strong as steel pierced through his back, and then stretched out from his front, his hand stained with blood.

Looking at this blood-stained palm, Senior Brother Xiao immediately showed deep shock and anger in his eyes.

Because at this moment his body and chest were penetrated, he could feel that his life force was passing quickly.

Moreover, the terrifying penetrating pain crazily stimulated the nerves in his body, making Senior Brother Xiao turn extremely pale at that moment.

At this moment, Senior Brother Xiao slowly turned his head and stared in disbelief at Ye Feng who had killed him behind him. His eyes widened and he spoke slowly and with great difficulty: "How dare you really kill him?" I....."

However, after Senior Brother Xiao said these words, he instantly tilted his head and died on the spot.

"Vulnerable."

After Ye Feng killed Senior Brother Xiao, he felt like he had trampled an ant to death, without any mood swings.

Because for Ye Feng, he can easily kill a waste like Senior Brother Xiao.

After all, this Senior Brother Xiao had already had the intention to kill him, and finally he said such cruel words.

So Ye Feng naturally wanted to cut the grass and root out the roots. He couldn't

Let such a scourge go away, otherwise the consequences will be endless.

At this time, Ye Feng looked around but didn't say anything.

But a group of female disciples from the inner sect of Tiandao Holy Land quickly spoke up and said: "This senior brother Xiao is too hateful. We will not say that it was senior brother Ye Feng who killed senior brother Xiao. We will all say that senior brother Xiao died at the hands of the dark race. "

When Ye Feng heard what these female disciples said, a look of surprise appeared in his eyes.

It seems that these female disciples are all very smart.

In response, Ye Feng just smiled slightly, and then said aloud: "Now that you are all safe, let's leave separately and return to the sect as soon as possible. It is really chaotic outside now, and there are traces of the dark race everywhere. It's safer to stay in the sect."

But at this time, Senior Sister Zhong, who was the leader among the dozen female disciples, suddenly said: "Senior Brother Ye Feng, in fact, we did not come out casually this time, but to go to

a very special place with Senior Brother Xiao. A mysterious place, looking for an ancient and incomparable chance. "

Senior Sister Zhong said this with a hint of hesitation in her tone, but she finally said it.

Obviously this matter was a secret among them, but now that Ye Feng saved their lives, they naturally told it directly.

Because they believe that Ye Feng is not that kind of selfish person. It is impossible for him to go to find that mysterious place alone after knowing this secret, enjoy all the opportunities and creations to himself, and leave them behind.

At this time, when he heard Senior Sister Zhong say this, Ye Feng immediately showed a look of interest in his eyes, and then said aloud: "Oh? I didn't know that you Junior Sisters took such a big risk to come to this place. In this chaotic place of war, what kind of opportunity are you looking for? Is there anything special about that mysterious place? "

"We don't know this either."

At this moment, Senior Sister Zhong had a wry smile on her beautiful face.

But at this time, among the dozen or so female disciples standing next to Ye Feng, a pretty and cute young female disciple jumped out immediately and said with a smile: "Senior Brother Ye Feng is so powerful. , is countless times more powerful than Senior Brother Xiao. If Senior Brother Ye Feng can take us to that place, we will definitely succeed without any problems or danger. "

Hearing what this lovely female disciple said, Senior Sister Zhong also nodded and said: "Senior Brother Ye Feng, don't worry, that ancient place was given to us by chance by the president of our Jialan Society, and we will definitely reap the rewards. It's huge. The president asked us to search for it. By the way, it was to train us. The president assigned Senior Brother Xiao to protect us. But what I didn't expect was that Senior Brother Xiao would be so weak. Encountering a dark race was like encountering a natural enemy. I was so scared that I surrendered directly, which is very disgusting, but now that Senior Brother Xiao has been killed by Senior Brother Ye Feng, it is really great, and it can be regarded as eliminating a huge disaster for our human race. "

At this time, after Senior Sister Zhong finished speaking, Ye Feng nodded immediately, and then said aloud: "Actually, I came out this time to look for various opportunities to improve my own

strength, so since all the Junior Sisters have a It's a very mysterious and ancient place, so I'll go and take a look with you junior sisters."

"Very good!"

Upon hearing Ye Feng's agreement, the dozen or so female disciples of the inner sect of Tiandao Holy Land who were present couldn't help but express their joy. At this time, Senior Brother Xiao felt that he was sure to defeat Ye Feng, because he felt that Ye Feng was not from a dark race, so he did not dare to resist his fellow senior brother who had a distinguished status in the Holy Land of Heaven.

Because he never thought that Ye Feng would really dare to be so rude to him, and actually beat his face into a pig's head directly in front of everyone's attention, and even fell to the ground with blood spurting from his mouth. , it was extremely embarrassing.

Chapter 2833 The Big Buddha raises his hand to the sky

At this time, Ye Feng and the dozen or so female disciples from the inner sect of the Holy Land of Heaven who were present were preparing to walk in a certain direction.

Following the instructions on the map, they headed to the ancient temple, but just when they reached the gate of the dark city, suddenly several terrifying cultivation auras descended from high in the sky.

These several terrifying cultivation auras are all existences at the level of the God of Education that have surpassed the True Fate Realm. They are very powerful, and the pressure of the aura is simply terrifying.

"It seems to be a powerful existence at the level of the God of Education."

At this moment, a group of female disciples from the inner sect of the Holy Land of Heaven present could not help but speak out.

For them, the cultivation level of True Destiny Realm is already very powerful, let alone the existence of Yushen Realm level.

You must know that a powerful existence at the level of the God of Education, even in the Holy Land of Heaven, is definitely the core existence among the true disciples. ??

The previous Senior Brother Xiao was just an ordinary true disciple, so his cultivation was relatively weak.

However, warriors with cultivation levels at the level of the God of Education are quite powerful beings, not to mention in the Holy Land of Heaven, even in the center of the entire God Realm, and can be regarded as the overlord of one party.

But at this time, Ye Feng's eyes suddenly became sharp.

Because he sensed that several extremely powerful cultivation auras at the level of the God of Education were evil and filled with cold murderous intent.

Sure enough, almost at this moment, several young men and women wearing noble clothes appeared in the sight of Ye Feng and others.

They were suspended high in the sky, like young gods aloof, staring down at Ye Feng.

The leader, a young man wearing a golden robe, said slowly: "You are the thief who killed our Junior Brother Duan Jingtian. You are exactly the same as the portrait that Junior Brother Duan Jingtian left for us. Your courage is really great." It's too big. We are all true disciples of the Holy Land of Chaos. When we came to the Dark City today, we just saw the line you left. I didn't expect you to be waiting for us in the Dark City. You are really audacious. Today we join forces. I must kill you, this hateful boy, and snatch the extremely precious dark magic weapon from you."

It turned out to be a true disciple of Chaos Holy Land!

At this time, Ye Feng's eyes suddenly moved. He didn't expect Duan Jingtian's senior brothers and sisters to actually find him.

At this moment, a group of female disciples from the Holy Land of Heaven standing behind Ye Feng had their eyes filled with deep doubts and fear.

Because they never expected that Ye Feng would actually kill the true disciple of Chaos Holy Land.

Although the Chaos Holy Land and the Tiandao Holy Land are both super powerful forces in the center of the God Realm, the Chaos Holy Land has always been much stronger than the Tiandao Holy Land, with a much deeper foundation and much greater overall strength.

Therefore, many disciples of the Holy Land of Heaven are full of awe for the Holy Land of Chaos.

But they never expected that Ye Feng would dare to openly confront the Holy Land of Chaos.

At this moment, Ye Feng didn't explain much. He just looked at the group of female disciples from the inner sect of Tiandao Holy Land behind him and said slowly: "Junior sisters, you first

Back off, these true disciples from the Holy Land of Chaos are my enemies, leave them to me. "

Hearing what Ye Feng said, more than a dozen inner sect female disciples of the Holy Land of Heaven nodded their heads and retreated towards the rear.

Because they all knew very well that with their meager cultivation, they could not help Ye Feng fight against the enemy.

So it would be better to just follow what Ye Feng said and retreat further, so as not to affect Ye Feng's subsequent performance.

At this moment, Ye Feng nodded slightly, and then walked directly forward.

He looked at the several true disciples from the Chaos Holy Land in the air, and then said slowly: "I have been waiting for you for so long, and you are finally here."

"presumptuous!"

Hearing what Ye Feng said, several true disciples of the Chaos Holy Land suspended in the air couldn't help shouting angrily: "The cultivation aura of this boy is only the fifth level of True Fate Realm, how dare you It's too presumptuous to talk to a group of such powerful super geniuses like us! Now that we are here and meet you, you will not be able to escape today, and there will be those who are behind you in the Holy Land of Heaven. All the disciples will be buried with him."

Hearing these true disciples from the Chaos Holy Land say this, Ye Feng immediately sneered and said slowly: "It's not certain who will be able to escape today."

boom!

Almost at the moment Ye Feng finished speaking, a very powerful cultivation aura erupted from his body, and then he instantly rushed into the air and attacked the true disciples of the Chaos Holy Land.

At this moment, seeing Ye Feng taking the initiative to attack, among the true disciples of the Chaos Holy Land, the young man wearing a golden robe, who was the leader, immediately said coldly: "You don't need to take action, junior brothers and sisters. This kid is so weak and arrogant, so let me deal with him and teach him how to behave."

The cultivation level of this young man in a golden robe is impressively beyond the True Destiny Realm and the sixth level of the God of Education Realm. He is very powerful, much more powerful than the previous Duan Jingtian.

At this moment, he casually stretched out a hand, and a heavy and boundless golden hand suddenly appeared in the entire void. It was like the palm of a Buddha, full of endless pressure, and it suddenly moved towards Ye Feng bombarded away.

"The Buddha raises his hands to the sky."

This is a very powerful inheritance. When it is released at this moment, that big golden hand is like the palm of a god, wrapped with an extremely bright golden halo, full of unparalleled power, bombarding Ye Feng And go.

Before this big golden hand reached Ye Feng, the void around Ye Feng had already collapsed, the surrounding mountains and earth were shattered, and the dark city behind was reduced to ruins. The scene was incomparable. Horrible.

Ye Feng's whole body was suddenly submerged in the collapsing void, and seemed to be covered by the turbulent flow of the void.

Seeing this scene, several other true disciples from the Chaos Holy Land around couldn't help laughing and said: "Senior Brother Wan used the Buddha's Heavenly Hand as soon as he came up, stimulating the bloodline power of the ancient Buddha in his body. This Buddha's hand can suppress everything in the world, and this kid will probably be completely killed in the next moment." At this time, Ye Feng and the dozen or so female disciples of the inner sect of the Holy Land of Heaven who were present were preparing to move in a certain direction. Go.

Chapter 2834 Can't be beaten by one

Buzz!

It has to be said that this young man in golden robes is worthy of being a true disciple in the Holy Land of Chaos, and his strength and cultivation are still very terrifying.

The hand of the Buddha facing the sky that he released at this time contained the extremely terrifying power of the ancient Buddha and was full of unparalleled coercion. It was like the ancient Buddha had descended. One hand could subjugate demons and suppress the world.

So at this moment, even Ye Feng felt a deep sense of depression, as if that big hand could crush his entire body.

Ye Feng sensed this suffocating feeling, and his expression suddenly became serious.

Then without any hesitation, he directly integrated his strongest means, the brute force gem and the space gem, into his fist.

In an instant, his fist exploded with divine light, and it suddenly struck high in the sky.

Boom! !

There was an earth-shattering roar all of a sudden, and the surrounding sky and earth were shaking violently, as if the whole world was about to collapse.

It has to be said that both Ye Feng and the true disciples of the Chaos Holy Land are extremely powerful in their cultivation.

The collision between the two of them was like a comet hitting the earth, full of unparalleled chaos and shaking.

At this moment, Ye Feng stood proudly in the sky and did not even step back. The golden Buddha's hand had been shattered by Ye Feng's punch.

Ye Feng was very satisfied with this move.

As his cultivation level continued to improve, he found that he was becoming more and more comfortable in using the brute force gems, and the brute force he unleashed became more and more powerful.

This made Ye Feng understand that every God's Gem has unlimited potential, and he can continue to develop it, so that the God's Gem will continue to become more powerful and exert more terrifying power.

strength.

At this time, Ye Feng thought of the Chaos Lord in the Chaos Holy Land, who also had a Chaos Gem in his hand. Ye Feng naturally hoped to get it.

At this time, Ye Feng looked at several true disciples of Chaos Holy Land not far away, and suddenly he had some plans in his heart.

Because Ye Feng's power can be transformed into the power of various attributes, at this time, Ye Feng suddenly had the idea of disguising.

That is, maybe I can disguise myself as one of these true disciples, sneak into the Holy Land of Chaos, and see if I can attempt to sneak attack the Lord of Chaos and obtain the Chaos Gem.

Because Ye Feng knows very well that if he relies on his own normal growth and improvement, he still doesn't know that it will take until the year of the monkey to reach the level of the Lord of Chaos.

But Ye Feng can sneak into the Holy Land of Chaos. Not only can he use various resources in the Holy Land of Chaos to strengthen himself, but he can also secretly plan a sneak attack on the Lord of Chaos.

For a powerful enemy like the Lord of Chaos, Ye Feng would naturally use all possible means to kill him.

Ye Feng does not think that he is such a noble person. He must confront his opponents head-on, fight fairly, and fight to the death.

That's what fools do.

If there are other better options, such as sneak attacks with hidden arrows, Ye Feng is not ashamed.

He felt that as long as he could kill his mortal enemy no matter what method he used, that would be enough.

So at this time, Ye Feng had such an idea in his heart.

However, Ye Feng also knows that this idea is just a thought that comes out of nowhere and may not necessarily lead to action.

After all, Ye Feng is not interested in Chaos Holy Land yet.

It's so familiar, maybe we need to think about it in the long run.

And just when Ye Feng was thinking about the feasibility of this plan, the young man in golden robe opposite who took action had his eyes filled with deep shock.

Because he never thought that Ye Feng, a boy with a level lower than his cultivation level, could actually compete with the giant Buddha's hand he used to face the sky, which seemed to be more than enough.

This really shocked the young man in golden robe.

After all, Ye Feng's cultivation is very weak in the eyes of a group of Chaos Holy Land true disciples.

They felt that if Ye Feng was able to kill their junior brother Duan Jingtian, he must have used some despicable means to successfully attack him.

But now they suddenly discovered that Ye Feng had the strength to rival their true disciples.

"What? How is it possible? This weak existence from the Holy Land of Heaven is just an outer disciple. How can it be possible that he can fight against you, Senior Brother Chu?"

"This is simply unbelievable. You must know that this boy's cultivation is only at the fifth level of the True Life Realm, and we are all powerful beings at the level of the God of Education."

"It seems that this boy is a genius. It is probably not unreasonable for Junior Brother Duan Jingtian to die in his hands."

Although it was just a simple punch, Ye Feng's punch really left a deep impression on everyone present.

Because they felt a very terrible feeling.

Such a weak existence can actually burst out with such a powerful force. It really gives people a very strong sense of contrast and is shocking.

"Senior brother Ye Feng is really powerful. He can actually fight against the true disciples in the Holy Land of Chaos without falling behind."

At this moment, a group of ten people watching not far away

Several female disciples from the inner sect of Tiandao Holy Land saw the scene on the field at this time, and their eyes showed deep excitement.

Because the Holy Land of Heaven's Way is weaker than the Holy Land of Chaos, its overall strength is much lower than that of the Holy Land of Chaos.

Therefore, when disciples from Tiandao Holy Land meet disciples from Chaos Holy Land, they subconsciously feel that they are a head shorter.

But now Ye Feng can single-handedly fight against the true disciples of the Chaos Holy Land opposite.

This made a group of female disciples of the inner sect of the Holy Land of Heaven feel deeply excited.

At this time, the young man in golden robe who took action just now stared at Ye Feng with extremely gloomy eyes.

Because he originally thought that he could crush Ye Feng to death in an instant.

But what he never expected was that Ye Feng could actually confront him face to face without losing.

This made the young man in golden robe feel a sense of shame for his identity.

At this moment, the young man in golden robe immediately stared at Ye Feng and said slowly: "I didn't expect that this kid like you really has two brushes. It seems that Junior Brother Duan Jingtian died unjustly, but today we have several A true disciple, come together to surround you. You are destined to die here. It is better for a genius like you to die as soon as possible, otherwise sooner or later you will become an unstable factor that changes the structure of the surrounding forces. "

At this moment, after the young man in golden robes finished speaking, several other true disciples from the Chaos Holy Land standing around him also realized something one after another, and all of them immediately began to release their cultivation auras, and then surrounded Ye Feng. live.

Unable to defeat him alone, now several true disciples from the Chaos Holy Land are preparing to join forces to surround and kill Ye Feng!

Because they know that they must not let a genius like Ye Feng grow up, otherwise no one can stop him and must kill him!

Chapter 2835 The means to keep the bottom of the box under control

Buzz! Buzz! Buzz...

At this time, six true disciples from the Chaos Holy Land, all of whom had powerful cultivations at the fifth or sixth level of the God-Education Realm, surrounded Ye Feng, who was standing in the middle, at high altitude.

At this time, Ye Feng suddenly felt six very powerful auras, locking himself, like a hexagonal prison, imprisoning himself.

At this moment, Ye Feng felt that he could not escape from any direction.

At the next moment, Ye Feng did not hesitate and rushed quickly in a certain direction around him.

The true disciple of the Holy Land of Chaos stationed in this direction has the weakest cultivation. She is a young woman with the cultivation of the fifth level of the God of Education.

However, the methods of these true disciples of the Chaos Holy Land were very extraordinary. When the young woman saw Ye Feng rushing over, a small purple gourd suddenly appeared in her hand.

"Purple and golden gourd!"

"receive!"

Almost at that moment, the young woman shouted coldly, and the purple gourd in her hand suddenly grew larger, and then a large violent hurricane rushed out of the bottle mouth, directly sucking Ye Feng's entire body into the purple gourd.

"Buzz!"

The next moment, the purple gold gourd became the size of a palm again and fell into the young woman's palm.

When the young woman saw this scene, she immediately chuckled and said: "A boy with no treasures on his body dared to rush towards me arrogantly, and he ended up being taken away by my treasure gourd."

"Hahaha."

At this time, the surrounding true disciples of the Chaos Holy Land laughed loudly, then walked to the young woman's side, looked at the small purple gold gourd in the young woman's hand, and said aloud: "This The boy was so retarded that he was taken in by this purple gourd without even resisting.

There is resistance, but there is highly poisonous water in this purple gold gourd. It is estimated that during the time we are talking, this kid has completely turned into a puddle of pus. "

At this moment, several true disciples from the Chaos Holy Land were speaking with deep sarcasm in their tone.

Obviously, he felt that Ye Feng was not as powerful as he thought. After encountering this magical weapon, he was still subdued instantly.

"Dong dong dong..."

But at this moment, the originally peaceful purple gourd suddenly began to vibrate rapidly.

As the vibrations became more and more intense, cracks suddenly appeared on the surface of the purple gourd, as if it would be completely broken in the next moment.

"What?"

Seeing this scene, several true disciples from the Chaos Holy Land present could not help but stiffen, with incredible expressions on their faces.

Especially the owner of the purple gourd, the young woman. At this moment, she couldn't help but said: "I, the poisonous water in the gourd, let alone a boy in the True Destiny Realm, even at the level of the God of Education. The existence of existence, even the super masters of the Immortal Traveling Realm above the Yushen Realm, once they are included in this purple gourd, they will be extremely painful, and will eventually be corroded by the poisonous water into a puddle of pus, but this kid It's just that the True Fate Realm was not melted by my poisonous water, and it was still struggling quickly in the purple gourd. This is really incredible. Has this kid practiced some very ancient body refining techniques? It's impossible to resist my poisonous water!"

At this moment, another true disciple beside him said anxiously: "It doesn't make any sense to say this now.

The most important thing is to suppress this purple gourd quickly. We take action together and use all our strength to activate the power of the purple gourd. We must not let that kid escape, otherwise no one will be able to cure him. "

Hearing what this true disciple said, several true disciples from the Chaos Holy Land present nodded nervously, then quickly inspired their own power and poured it into the purple gourd.

They wanted to fully stimulate the power of the purple gourd's magic weapon and completely suppress Ye Feng in the gourd.

But the next moment.

Boom! !

Suddenly a very terrifying roar erupted on the field.

The purple gourd exploded completely. Ye Feng was shocked out of it, and then directly crushed the head of the young woman closest to the purple gourd with one hand. The method was very cruel and decisive. Any hesitation.

"ah!"

The young woman didn't even let out a scream. In an instant, her whole head was shattered by Ye Feng, and she fell directly.

"Attack quickly!"

At this moment, the other group of true disciples from the Chaos Holy Land around them looked horrified when they saw this scene, and they all released their most powerful attack methods in an instant.

"Nine Heavens Blue Dragon Hands!"

A true disciple stretched out a hand, and that hand immediately turned into a golden dragon, full of unparalleled impact and destructive power.

"The Elephant Suppresses the Demon Prison!"

Another true disciple of the Chaos Holy Land roared, and a white divine elephant that was tens of thousands of feet tall rushed out from his body. It was wrapped with a golden halo, just like the dragon elephant in ancient legends. It could Suppressing the ancient hell is full of sacred and magnificent power.

"The body of the ancient overlord!"

Another true disciple performed a very powerful body refining technique. His whole body expanded rapidly, directly expanding into the body of a giant several thousand meters tall. It was the body of an ancient overlord, full of energy. With a powerful and unparalleled power, he tore it with both hands, and the entire sky seemed to be torn in half.

...

At this moment, all the true disciples of the Chaos Holy Land used their own methods to suppress the situation at this critical moment.

All the attack power they released was directed towards Ye Feng with crazy bombardment.

Under the bombardment of such terrifying power, not to mention Ye Feng's current True Life Realm cultivation, I am afraid that even a super strong man at the Tenth Heavenly Perfection Level of the Yushen Realm needs to temporarily avoid the edge, otherwise he will suffer heavy losses.

After all, you must know that these are all true disciples of the Chaos Holy Land. They are all top-notch geniuses, and their combat prowess and cultivation are among the best.

But at this moment, Ye Feng did not retreat, but his eyes were filled with bright light, and a terrifying and boundless energy aura suddenly burst out from his body.

At this moment, Ye Feng took out the dark super magic weapon that he had been refining before, the Dark Nine Dragon Cauldron, and then frantically exported his power into it.

During this period, Ye Feng has been continuously refining the Dark Nine Dragon Cauldron, and now it can finally be used perfectly.

Rumble...

Almost at this moment, the Dark Nine Dragon Cauldron burst out with terrifying dark energy.

I saw in the dark Nine Dragon Cauldron, along with the dragon roars that shook the heavens, nine dark dragons rushed out at once. The dragon bodies were majestic and vast, and the dark dragon energy shook the whole world, directly attacking those in front. All the true disciples of the Chaos Holy Land suddenly collided together!

Chapter 2836 Breaking the Shield of Chaos

This is an unimaginable collision.

The destructive force generated by the collision was about to shatter the entire world.

At this moment, the nine black dragons evolved by Ye Feng using the Dark Nine Dragon Cauldron are full of the unparalleled majesty of the Dark King and the overwhelming dark power.

The nine black giant dragons fully released the powerful power of the dark magic weapon of the Dark Nine Dragon Cauldron, and the attacks released by the true disciples of the Chaos Holy Land collided horribly, causing devastating damage to the surrounding environment. blow.

"Rumble..."

At this time, the surrounding mountains, rivers, land, and countless buildings in the dark city were all shattered inch by inch.

The entire ground collapsed, and the scene looked extremely terrifying.

It's like the end of the world is coming!

Even the dozen female disciples of the inner sect of the Holy Land of Heaven who were watching not far away could not help but look in horror at this time.

Swish, swish, swish!

They quickly retreated towards the rear.

Because even the slightest aftermath of the battle can instantly destroy masters like them. The collision of this kind of battle is really terrifying.

A female disciple from the Holy Land of Heaven couldn't help but said in shock: "Is Senior Brother Ye Feng really just a warrior at the fifth level of True Destiny Realm? The power he has exploded at this time has probably far exceeded The True Destiny Realm even surpasses the Yushen Realm, and is comparable to the superpowers of the Immortal Movement Realm above the Yushen Realm!"

After the female disciple from the Holy Land of Heaven finished speaking, the other female disciples around him couldn't help but nodded.

A pair of beautiful eyes were staring at the young man in white clothes not far away, with excited looks of shock, surprise and admiration.

Because what Ye Feng brought to them at this moment

The shock was so great that they couldn't accept it for a while.

They never thought that in the Holy Land of Heaven where they were, there would be such a powerful young senior brother, who could be called a peerless genius and a genius!

"Boom!"

At this moment, a huge roar sounded throughout the sky.

Along with this huge roar, more than a dozen female disciples of the inner sect of the Holy Land of Heaven suddenly saw it.

High in the sky, all the destructive light waves disappeared.

But Ye Feng still stood proudly high in the sky, his whole body exuding bright light, looking like a young god with extraordinary momentum.

In front of him, those true disciples from the Chaos Holy Land looked extremely embarrassed.

The clothes on their bodies were all in tatters, and they seemed to have suffered a lot of injuries in the collision just now.

But Ye Feng was still in high spirits, his momentum was at its peak, and he didn't suffer any damage at all.

"How can this be??"

"This boy, the magic weapon he used just now is so powerful!"

At this moment, seeing that Ye Feng actually possessed such a powerful power, all the true disciples of the Chaos Holy Land looked extremely horrified.

Because they never expected that even if they joined forces, they would not be able to completely defeat Ye Feng. On the contrary, they would even be unable to withstand the attack and power that Ye Feng had just released.

In the collision just now, Ye Feng was at the upper hand, letting

This group of true disciples in the Chaos Holy Land couldn't help but feel shocked and horrified.

Because they never thought that this ordinary-looking young man from the Holy Land of Heaven would actually hide such a powerful strength, which was simply terrifying to the extreme.

"kill!"

While this group of Chaos Holy Land True Disciples were stunned, Ye Feng did not hesitate at all, and instantly released his extremely powerful power, directly bombarding the sky with one hand.

boom! boom! boom.....

At this time, Ye Feng punched out one punch after another, all of which were combined with the power of the brute force gem. Rays of divine light burst out from Ye Feng's fists, like sword rays, penetrating the entire sky and earth. , the scene is horrifying.

"Shield of Chaos!"

At this moment, several true disciples from the Chaos Holy Land released their exclusive powers and jointly released a huge shield.

This shield is filled with the power of chaos. .??.

Ye Feng's punch after punch, although with terrifying brute force, was unable to penetrate the shield of chaos.

This shield of chaos seems to be mixed with a very terrifying power of chaos, and it can actually withstand Ye Feng's terrifying punch after punch.

"This is the power of the Chaos Stone..."

Ye Feng's eyes showed slight surprise at this moment.

It seems that these true disciples of Chaos Holy Land are all extremely noble.

I'm afraid I got the power blessed by the Lord of Chaos using the Chaos Gem.

Sure enough, at the next moment, these true disciples of Chaos Holy Land laughed loudly and said: "Boy, although your strength is incomparable,

It is powerful, but your brute force alone has no effect. The shield of chaos that we have condensed using our own original power at this time is the power that our Holy Lord has blessed with the legendary chaos gems. Yours Brute force cannot break through the protection of this shield of chaos. We will say goodbye today. Next time we will call more experts to come and kill you completely. Boy, just wait for us. "

At this moment, these true disciples of the Chaos Holy Land had the intention to retreat. After saying a harsh word, they immediately flew away into the distance.

Seeing that these people were about to escape from here, but at this moment, Ye Feng suddenly smiled coldly and said: "The chaos power of the Chaos Shield is indeed extremely powerful, but I can also control some chaos powers. force."

Buzz!

Almost at the moment Ye Feng finished speaking, Ye Feng turned his palm over, and suddenly a white stone appeared in Ye Feng's palm.

There is a very original power of chaos surging on this stone, which has the same source as the power of chaos of the chaos gem.

This stone is a replica of the chaos gem that Ye Feng obtained before.

But even though it is a replica, it is also forged through the power of the Chaos Gem, and it has almost one-tenth of the power of the Chaos Gem itself.

Therefore, this copy of the Chaos Gem is enough to deal with the Chaos Shield released by these true disciples.

Boom!

Almost at the next moment, Ye Feng activated the power of chaos in the replica of the chaos gem in his hand, breaking the huge shield of chaos in an instant.

"What?!"

Seeing this scene, the group of true disciples from the Chaos Holy Land who were escaping suddenly showed deep astonishment and fear in their eyes.

Chapter 2837 A huge breakthrough

"Please let me go!"

At this moment, Ye Feng was seen breaking the shield of chaos and charging toward them.

The true disciples of the Chaos Holy Land suddenly showed deep astonishment in their eyes, and they immediately began to surrender.

But at this time, Ye Feng had no intention of sparing them.

Because for Ye Feng, once it is confirmed that the other party is an enemy, and an enemy that will never stop fighting, it must be eradicated.

If we let them go, they will definitely be a huge disaster in the future.

Moreover, Ye Feng does not want to directly become an enemy of the behemoth of Chaos Holy Land.

Therefore, he must kill these true disciples of the Chaos Holy Land so that he will not be targeted by the Chaos Holy Land.

After all, although Ye Feng now knows that his cultivation strength is quite strong, he still looks a little weak in front of the behemoth in the center of the God Realm like Chaos Holy Land.

Therefore, it is not a wise choice to directly confront the behemoth of Chaos Holy Land.

Boom.

At this time, Ye Feng didn't hesitate any more and directly stretched out a hand to attack forward.

Ye Feng's hand suddenly burst out with monstrous brute force.

The power exerted by the brute force gem was simply terrifying to the extreme. At this moment, the escaped true disciples of the Chaos Holy Land were all beaten to pieces.

"ah!"

"ah!"

"..."

Screams suddenly sounded from high in the sky.

The true disciples of the Chaos Holy Land were originally of noble status, but they provoked Ye Feng without the foresight, so at this time, they could only be smashed to pieces by Ye Feng with one punch, and they died completely in the sky. middle.

And seeing this shocking scene, the ten people not far away

Several female disciples from the inner sect of the Holy Land of Heaven were all stunned.

Because they never thought that this senior brother Ye Feng who suddenly appeared would have such terrifying cultivation, it was really amazing.

Not only can it wipe out all the dark race masters in the dark city, but it can also beat these noble true disciples from the Holy Land of Chaos.

This kind of strength is simply terrifying to the extreme.

They have never seen such a powerful young generation.

At this time, Ye Feng did not hesitate and directly released his Devouring Domain, covering all the killed true disciples of Chaos Holy Land in his Devouring Domain.

Rumble...

Suddenly, waves of majestic energy were absorbed and then injected into Ye Feng's body.

Ye Feng's cultivation aura and skill immediately began to grow rapidly.

boom!

The sixth level of True Destiny Realm!

boom!

The seventh level of True Destiny Realm!

boom!

The eighth level of the True Destiny Realm!

boom!

The ninth level of True Destiny Realm!

Finally at this time, the fluctuations in Ye Feng's cultivation aura stopped.

This time, he devoured the true disciples of these Chaos Holy Lands, and even broke through the fourth heaven in a row.

Directly from the fifth level of True Destiny Realm, he broke through to the ninth level of True Destiny Realm.

It is truly a huge breakthrough!

There was joy in Ye Feng's eyes at this moment.

As expected, these true disciples from the Holy Land of Chaos all have extremely profound cultivation, which has brought them huge benefits.

Uh-huh!

At this moment, Ye Feng reached out and grabbed all the storage rings of the true disciples of the Chaos Holy Land in his hands.

Ye Feng had just seen that these true disciples from the Holy Land of Chaos were not only powerful in their cultivation methods, but the inherited martial arts they practiced were also quite powerful.

Ye Feng got these storage rings, and maybe he could get the inheritance of these true disciples from them, which was a big gain.

After all, these advanced martial arts must be extremely valuable in the Holy Land of Chaos. If you are not a true disciple, you will definitely not be able to practice them.

Ye Feng has now picked up so many powerful inheritances for nothing.

You must know that these inheritances can exert such powerful power in the hands of the true disciples of the Chaos Holy Land.

Then once it is in Ye Feng's hands, the power it exerts will definitely be even more terrifying.

After this battle, Ye Feng also discovered that the Dark Nine Dragon Cauldron, a super magic weapon, was very powerful.

Now that he has been completely refined and controlled by himself, the energy that bursts out is really terrifying and powerful.

The Dark Nine Dragon Cauldron is indeed a treasure that the Dark City Lord worked hard to refine using the power of the Dark Interface. It is really ferocious to the extreme.

At this moment, Ye Feng felt that the Dark Nine Dragon Cauldron might be more powerful than all the treasures he had obtained before.

At this time, Ye Feng looked at the dozen female disciples of the inner sect of the Holy Land of Heaven behind him, and said slowly: "Since these enemies have been completely eliminated by me, let's continue to go to you. That mysterious place you want to go to, see what it has to offer

What a chance. "

"good."

"Everything must be obeyed by Senior Brother Ye Feng."

Hearing what Ye Feng said, more than a dozen inner sect female disciples of Tiandao Holy Land nodded excitedly.

Because they have now seen Ye Feng's more terrifying strength, they are more confident about the opportunity to find that mysterious place next.

Because Ye Feng's strength is so powerful, if he can take them to find opportunities and fortune, it will definitely go smoothly.

Even if you encounter some extremely powerful beings, I'm afraid there won't be any danger.

At this time, Ye Feng led a dozen female disciples and walked directly in a certain direction in the distance.

That mysterious place, according to the maps in the hands of these dozen female disciples, was hidden not far from the dark city.

If Ye Feng hadn't come here this time, I'm afraid these dozen female disciples would have died in the dark city, killed by the dark race.

But now, all the more than a dozen female disciples are out of danger, and they have such a powerful backer as Ye Feng, so they are naturally very happy.

On the way there, Ye Feng remained taciturn and didn't say much to the dozen or so female disciples.

He just took out all the inheritances of the storage rings in the hands of the true disciples of the Chaos Holy Land, and then selected a few very good inheritances.

For example, the Nine Heavens Blue Dragon Hands and the Ancient Overlord Body are both very powerful inheritances.

If Ye Feng succeeds in his cultivation, it should be able to become a quite powerful means for him.

After all, Ye Feng's only powerful methods now are the Wheel of Judgment and the Six Paths of Samsara Fist. Other martial arts inheritances can no longer keep up with Ye Feng's increasingly powerful use.

Chapter 2838 Blood Fluctuation

Boom!

On the way to that mysterious place, Ye Feng was practicing the Nine Heavens Canglong Hands and the Ancient Overlord Body while constantly testing the powerful abilities of these two inheritances.

At this moment, Ye Feng suddenly stretched out a hand and grabbed a mountain in the distance.

boom!

Almost at this moment, Ye Feng's palm suddenly turned into a golden dragon, full of unparalleled pressure and impact. It suddenly appeared in the entire sky, and in an instant it was not far away. The mountain was smashed into pieces.

Seeing this extremely shocking scene, the dozen or so female disciples from the Tiandao Holy Land who were following Ye Feng showed deep shock in their eyes.

They did not expect that Ye Feng would suddenly learn the inheritance of the previous true disciples of the Chaos Holy Land. This was something they could not imagine.

However, everyone did not ask any more questions. Instead, they all exclaimed in amazement: "Senior Brother Ye Feng's understanding is really amazing. After just one battle with the enemy, he was able to learn all the enemy's inherited martial arts. in one's own hands."

"Moreover, he has unleashed a power that is even more powerful than the enemy's. Senior Brother Ye Feng is really a genius!"

The person speaking at this moment is Senior Sister Zhong, the mature disciple who is the leader among more than a dozen female disciples.

At this moment, Senior Sister Zhong admired Ye Feng, this mysterious fellow disciple, to the extreme.

Because Ye Feng not only saved her life, but also showed such powerful fighting power, he won the heartfelt admiration and admiration of Senior Sister Zhong.

Senior Sister Zhong didn't even have any love for Ye Feng, only admiration, because she didn't dare to have love and felt that she was not worthy of a super genius like Ye Feng.

Senior Sister Zhong felt that she was very satisfied that she could stay with Ye Feng for so long.

At this moment, when Ye Feng heard Senior Sister Zhong say this, he immediately smiled and said: "I am not a super genius. Everything is achieved through my own efforts."

Ye Feng was telling the truth, because everything he got was achieved step by step by himself and was not obtained casually.

After hearing what Ye Feng said, Senior Sister Zhong immediately nodded solemnly, then looked at the dozen female disciples behind her, and said loudly: "We must all learn from Senior Brother Ye Feng, practice hard, and strive to become the sect." Contribute to the door."

Hearing Senior Sister Zhong say this, Ye Feng immediately smiled dumbly.

It seems that Senior Sister Zhong regards herself as an excellent person to educate others.

And just as the two of them were talking, they suddenly felt a very cold breath coming from a certain direction in the distance.

"Are there any enemies?"

At this moment, a group of female disciples from the Holy Land of Heaven suddenly became wary, because this place was almost close to the mysterious place indicated on their map.

But at this time, Ye Feng suddenly said: "It's not an enemy. This cold air seems to be the power of nature."

At this moment, after Ye Feng finished speaking, he immediately walked forward with a dozen female disciples from the Holy Land of Heavenly Dao.

The next moment they saw a very shocking scene.

I saw a large area of land in front of me, all covered by thick ice.

Cover, there are towering snow-capped mountains and glaciers everywhere, looking very vast and magnificent.

At this time, Senior Sister Zhong couldn't help but said: "Senior Brother Ye Feng, is it possible that the map is pointing to this piece of glacier and snow?"

Ye Feng nodded slightly and said, "It should be here. The place indicated on the map is here."

At this moment, Ye Feng looked at Senior Sister Zhong in front of him, and then said aloud: "Is there any specific indication on the map of the place that contains the mysterious destiny? Where is it specifically?"

When Senior Sister Zhong heard what Ye Feng said, she immediately smiled bitterly, shook her head and said, "Not really."

At this time, a young female disciple standing behind Senior Sister Zhong suddenly seemed to remember something and said aloud: "Senior Sister Zhong, Senior Brother Ye Feng, I suddenly remembered that before we set off from the Holy Land of Heavenly Dao, Mr. President He once told us that if we reach the area indicated on the map, we can sense the chance creation through our respective bloodlines, because the president once told us that the place containing the chance creation has a deep connection with our bloodline. "

Hearing what this young female disciple said, Ye Feng's eyes suddenly revealed a look of deep surprise, and he couldn't help but said, "Are all the dozen of you biological sisters?"

When Senior Sister Zhong saw Ye Feng's confused expression, she immediately couldn't help laughing and said: "We are not biological sisters, but we are all from the same family, and most of them are cousins, so We have the same origin and blood, and the place that the president told us contains destiny is related to the ancestors of the family we came with. "

When Ye Feng heard what Senior Sister Zhong said, he immediately nodded in realization: "No wonder the president of the Jialan Society asked a dozen of you female disciples to come here at once. It turns out that you all come from the same big family. "

At this moment, Ye Feng nodded slightly, and then said aloud: "Then junior sisters, please take a good look and see if you can sense where the mysterious place is."

"good."

Hearing what Ye Feng said, more than a dozen female disciples nodded one after another, and then instantly activated their bloodline power, wanting to specifically sense the location.

If it's just one person, it feels very weak.

But now a dozen or so people are sensing together, and the power of the sensing suddenly becomes extremely strong.

At this moment, Ye Feng could feel that these dozen female disciples had a very similar bloodline fluctuation among each other.

Along with this bloodline fluctuation, somewhere deep in this glacier and snowfield, there is also a very violent fluctuation, which corresponds to the fluctuation of their bloodline, as if it is echoing from a distance.

Ye Feng sensed this change and immediately captured the origin of the fluctuation in the deepest part of the glacier and snow, and then said aloud: "You don't need to continue sensing, I have captured the specific details of that mysterious place. I've got my bearings, just follow me."

It has to be said that Ye Feng has cultivated his soul power and his perception is indeed extremely powerful. At this moment, he can react faster than these dozen female disciples.

Uh-huh!

Ye Feng flew forward quickly in an instant, and the dozen or so female disciples on the spot quickly followed.

They looked at each other, their eyes full of deep shock and horror: "Senior brother Ye Feng is really a monster, he can sense it faster than we can." Boom!

On the way to that mysterious place, Ye Feng was practicing the Nine Heavens Canglong Hands and the Ancient Overlord Body while constantly testing the powerful abilities of these two inheritances.

At this moment, Ye Feng suddenly stretched out a hand and grabbed a mountain in the distance.

boom!

Almost at this moment, Ye Feng's palm suddenly turned into a golden dragon, full of unparalleled pressure and impact. It suddenly appeared in the entire sky, and in an instant it was not far away. The mountain was smashed into pieces.

Seeing this extremely shocking scene, the dozen or so female disciples from the Tiandao Holy Land who were following Ye Feng showed deep shock in their eyes.

They did not expect that Ye Feng would suddenly learn the inheritance of the previous true disciples of the Chaos Holy Land. This was something they could not imagine.

However, everyone did not ask any more questions. Instead, they all exclaimed in amazement: "Senior Brother Ye Feng's understanding is really powerful. After just one battle with the enemy, he was able to learn all the enemy's inherited martial arts. in one's own hands."

"Moreover, he has unleashed a power that is even more powerful than the enemy's. Senior Brother Ye Feng is really a genius!"

The person speaking at this moment is Senior Sister Zhong, the mature disciple who is the leader among more than a dozen female disciples.

At this moment, Senior Sister Zhong admired Ye Feng, this mysterious fellow disciple, to the extreme.

Because Ye Feng not only saved her life, but also showed such powerful fighting power, he won the heartfelt admiration and admiration of Senior Sister Zhong.

Senior Sister Zhong didn't even have any love for Ye Feng, only admiration, because she didn't dare to have love and felt that she was not worthy of a super genius like Ye Feng.

Senior Sister Zhong felt that she was very satisfied that she could stay with Ye Feng for so long.

At this moment, when Ye Feng heard Senior Sister Zhong say this, he immediately smiled and said: "I am not a super genius. Everything is achieved through my own efforts."

Ye Feng was telling the truth, because everything he got was achieved step by step by himself and was not obtained casually.

After hearing what Ye Feng said, Senior Sister Zhong immediately nodded solemnly, then looked at the dozen female disciples behind her, and said loudly: "We must all learn from Senior Brother Ye Feng, practice hard, and strive to become the sect." Contribute to the door."

Hearing Senior Sister Zhong say this, Ye Feng immediately smiled dumbly.

It seems that Senior Sister Zhong regards herself as an excellent person to educate others.

And just as the two of them were talking, they suddenly felt a very cold breath coming from a certain direction in the distance.

"Are there any enemies?"

At this moment, a group of female disciples from the Holy Land of Heaven suddenly became wary, because this place was almost close to the mysterious place indicated on their map.

But at this time, Ye Feng suddenly said: "It's not an enemy. This cold air seems to be the power of nature."

At this moment, after Ye Feng finished speaking, he immediately walked forward with a dozen female disciples from the Holy Land of Heavenly Dao.

The next moment they saw a very shocking scene.

I saw a large area of land in front of me, all covered by thick ice.

Cover, there are towering snow-capped mountains and glaciers everywhere, looking very vast and magnificent.

At this time, Senior Sister Zhong couldn't help but said: "Senior Brother Ye Feng, is it possible that the map is pointing to this piece of glacier and snow?"

Ye Feng nodded slightly and said, "It should be here. The place indicated on the map is here."

At this moment, Ye Feng looked at Senior Sister Zhong in front of him, and then said aloud: "Is there any specific indication on the map of the place that contains the mysterious destiny? Where is it specifically?"

When Senior Sister Zhong heard what Ye Feng said, she immediately smiled bitterly, shook her head and said, "Not really."

At this time, a young female disciple standing behind Senior Sister Zhong suddenly seemed to remember something and said aloud: "Senior Sister Zhong, Senior Brother Ye Feng, I suddenly remembered that before we set off from the Holy Land of Heavenly Dao, Mr. President He once told us that if we reach the area indicated on the map, we can sense the chance creation through our respective bloodlines, because the president once told us that the place containing the chance creation has a deep connection with our bloodline. "

Hearing what this young female disciple said, Ye Feng's eyes suddenly revealed a look of deep surprise, and he couldn't help but said, "Are all the dozen of you biological sisters?"

When Senior Sister Zhong saw Ye Feng's confused expression, she immediately couldn't help laughing and said: "We are not biological sisters, but we are all from the same family, and most of them are cousins, so We have the same origin and blood, and the place that the president told us contains destiny is related to the ancestors of the family we came with. "

When Ye Feng heard what Senior Sister Zhong said, he immediately nodded in realization: "No wonder the president of the Jialan Society asked a dozen of you female disciples to come here at once. It turns out that you all come from the same big family. "

At this moment, Ye Feng nodded slightly, and then said aloud: "Then junior sisters, please take a good look and see if you can sense where the mysterious place is."

"good."

Hearing what Ye Feng said, more than a dozen female disciples nodded one after another, and then instantly activated their bloodline power to specifically sense the location.

If it's just one person, it feels very weak.

But now a dozen or so people are sensing together, and the power of the sensing suddenly becomes extremely strong.

At this moment, Ye Feng could feel that these dozen female disciples had a very similar bloodline fluctuation among each other.

Along with this bloodline fluctuation, somewhere deep in this glacier and snowfield, there is also a very violent fluctuation, which corresponds to the fluctuation of their bloodline, as if it is echoing from a distance.

Ye Feng sensed this change and immediately captured the origin of the fluctuation in the deepest part of the glacier and snow, and then said aloud: "You don't need to continue sensing, I have captured the specific details of that mysterious place. I've got my bearings, just follow me."

It has to be said that Ye Feng has cultivated his soul power and his perception is indeed extremely powerful. At this moment, he can react faster than these dozen female disciples.

Uh-huh!

Ye Feng flew forward quickly in an instant, and the dozen or so female disciples on the spot quickly followed.

They looked at each other, their eyes full of deep shock and horror: "Senior brother Ye Feng is really a monster, he can sense it faster than we can."

Chapter 2839 Overlord Evil Beast

At this time, Ye Feng was flying quickly high in the sky with a dozen female disciples from the Holy Land of Heaven.

This glacier and snowfield was very huge and majestic. At this moment, they were flying at high altitude and felt extremely cold.

You know, at their level of cultivation, the power of nature can actually make them cold.

It can be seen how terrifying this piece of glacier and snow is, and it may hide huge dangers.

Ye Feng looked at the dozen or so female disciples from the Holy Land of Heaven behind him, and said aloud: "Everyone, please stay vigilant. This piece of glacier and snow is definitely not an ordinary place. It is very likely that a very terrible crisis is hidden. Once you encounter it, In dangerous situations, you must remember to respond promptly."

"Yes, Senior Brother Ye Feng!"

At this moment, a group of female disciples nodded their heads one after another, with alert looks in their eyes.

In fact, there was no need for Ye Feng to remind them. When they went deep into this glacier and snowfield, they already felt an inexplicable threat.

Perhaps, it has something to do with their bloodline.

The president of the Jialan Society had also told them before that this was a chance opportunity for them, but it might also involve huge risks.

At first, everyone was very worried, but when they thought of Ye Feng's extremely powerful cultivation, the group of female disciples felt relieved at the same time and breathed a sigh of relief.

In the minds of this group of female disciples in the Holy Land of Heaven, Ye Feng may have become a patron saint-like existence.

As long as Ye Feng was around, they felt a deep sense of security.

"boom!"

Suddenly at this moment, a glacier underneath suddenly burst open, and an ice crystal dragon covered with ice crystal scales rushed out of the exploding glacier in an instant, roaring and roaring towards it. A group of people rushed towards Ye Feng.

The dragon seemed to want to swallow them all. \u003c

Obviously, this is an evil dragon that lives in this glacier and snow, and the evil beast's aura is very rich and powerful.

"Sword array!"

More than a dozen female disciples from the Holy Land of Heaven seemed to have been specially trained. At this moment, they reacted in an instant, pulled out the long swords at their waists, and then formed a huge sword formation together.

Each sword was emitting a very bright sword light at this moment, and then turned into a huge sword array, directly bombarding the ice crystal dragon.

"Click, click..."

The cultivation strength of these female disciples is quite good. The sword formation they jointly launched at this moment was extremely destructive. In an instant, they crushed the ice crystal evil dragon to pieces.

When Ye Feng saw this scene, a look of surprise suddenly appeared in his eyes.

Originally, he wanted to take action on his own, but he didn't expect that when these dozen female disciples joined forces, the attack power released would be so powerful.

This ice crystal evil dragon was killed directly in one go.

Ye Feng did not expect that these female disciples actually had combined skills, and the power they unleashed was extremely powerful.

Ye Feng didn't say anything at this moment, but opened his mouth and swallowed all the blood and energy of the killed ice crystal dragon.

Ye Feng's skill immediately improved a lot.

However, an ice crystal evil dragon did not have much effect on Ye Feng's cultivation breakthrough. It only made Ye Feng's skills deeper.

However, Ye Feng could feel that in this glacier and snow

There are also many other evil beast scents hidden inside.

Ye Feng's soul power is extremely huge. With a little induction at this time, he can sense a very vicious aura lurking in the entire seemingly calm glacier and snow.

At this time, Ye Feng continued to move forward with more than a dozen female disciples from Tiandao Holy Land.

But just before they had advanced, suddenly all the icebergs around them exploded.

Boom boom boom...

In an instant, more than a dozen majestic evil beasts rushed out, all roaring and roaring, and charged towards Ye Feng's group of uninvited guests, intending to devour all these uninvited guests.

"This place is indeed very vicious!"

A group of female disciples from the Holy Land of Heaven looked at a dozen ferocious-looking evil beasts, each of them filled with evil spirits, and they couldn't help but change their expressions slightly.

If it were just an evil beast, a dozen of them would join forces and release the sword formation technique taught to them by the president, and they could kill it.

But now there are more than a dozen evil beasts attacking together, leaving a group of female disciples overwhelmed.

At this time, they all looked at Ye Feng, who was leading the way.

In fact, when this group of female disciples were about to ask Ye Feng for help, Ye Feng had already reacted, and in an instant he struck forward with one hand.

"Nine Heavens Blue Dragon Hands!"

The inherited martial arts that Ye Feng released at this moment was exactly what he had snatched from the group of true disciples from the Holy Land of Chaos.

At this moment, it was also the first time that Ye Feng used this powerful martial arts inheritance in actual combat.

boom!

"hold head high!"

Almost at this moment, accompanied by a thundering dragon roar, Ye Feng's hand had completely turned into a golden dragon, full of terrifying impact, and it was like a dozen people at once. The evil beasts collided together.

Rumble...

Suddenly, a terrifying roar resounded throughout the sky.

At this moment, Ye Feng's hand turned into a golden dragon, and all of a sudden the dozens of evil beasts that rushed towards him were sent flying backwards, and then they fell hard to the ground. on the ground, smashing a large area of glaciers and snow.

"So powerful!"

Seeing this scene, the dozen or so female disciples around them couldn't help showing wonder in their beautiful eyes.

"not bad."

At this moment, Ye Feng was quite satisfied with his attack.

His own Chaos Body was already very powerful and solid, and coupled with the extremely powerful martial arts inheritance of Jiutian Canglong Hand, the golden dragon he transformed into was naturally full of terrifying impact and destructive power.

"What? This is impossible!"

At this moment, the dozen or so evil beasts that were blasted to the ground by Ye Feng all made incredible sounds: "How can this little human boy have a body that can rival a thousand-year-old evil beast like us?" The power? I can feel that the palm he just held contained tremendous power, which was really terrifying. "

These dozen evil beasts have obviously activated their intelligence. They have lived in this glacier and snowfield for many years, and they are almost like overlords.

But now this group of overlord beasts were all beaten to the point of vomiting blood by Ye Feng, a young human race. They were all in disbelief and unwilling to believe that the human race could possess such terrifying brute force.

Chapter 2840 Magical Lake

"escape!"

"This human boy is so weird!"

At this moment, more than a dozen majestic and domineering overlord beasts were all panicking at this moment.

Because together they are unable to resist Ye Feng's power.

This made them feel a fear they had never felt before.

At this moment, they all fled in all directions, trying to stay away from Ye Feng, this terrifying human boy.

But at this moment, Ye Feng smiled slightly and said aloud: "Since you are here, don't even think about leaving, stay here."

"The body of the ancient overlord!"

At this time, Ye Feng once again released another powerful inheritance that he had cultivated before.

The secret books stored in the storage rings of the true disciples who also came from the Holy Land of Chaos are the Ancient Overlord's Body.

At this moment, Ye Feng's whole body expanded rapidly, and finally expanded directly on the spot to become a giant several thousand meters tall.

And this is not just a simple increase in body size. At this moment, Ye Feng's whole body is full of the power of the ancient overlord, full of terrifying domineering aura.

At this moment, Ye Feng immediately transformed into an ancient overlord, and every punch and every blow was full of terrifying and boundless destructive power.

boom!

In an instant, he rushed towards a group of more than a dozen overlord evil beasts around him, and tore them all into pieces in just a few strokes.

The entire land of glaciers and snowfields was dyed red.

The scene looks very shocking!

Seeing this scene, the more than a dozen female disciples from the Heavenly Dao Holy Land present showed deep amazement in their eyes.

As expected, Senior Brother Ye Feng did not disappoint them. The power that burst out in an instant was simply terrifying to the extreme.

Even a dozen tyrants in the glaciers and snowfields

The main evil beast was unable to withstand Ye Feng's burst of power at this moment, and was all deeply torn into pieces by Ye Feng's powerful brute force.

The ancient overlord Ye Feng turned into, coupled with the strength of the Chaos Body, and the blessing of the Brute Force Gem, was simply the most terrifying war machine in the world, full of endless brutality and power.

After killing all the dozen overlord evil beasts, Ye Feng immediately released the Devouring Domain, swallowing all the blood energy and evil beast demon essence emitted after the death of more than a dozen overlord evil beasts. , injected into Ye Feng's own body.

Buzz!

At this moment, Ye Feng immediately felt a huge amount of energy, causing his skills to rapidly transform.

Boom! !

Almost at this moment, Ye Feng suddenly burst out with a new and powerful aura.

That's the momentum of a breakthrough!

At this moment, Ye Feng made another successful breakthrough in cultivation, from the ninth level of the True Destiny Realm to the tenth level of the True Destiny Realm, reaching the Great Perfection.

There is only one last step left before the Yushen Realm, which is above the True Destiny Realm.

At this time, seeing Ye Feng's cultivation breakthrough once again, the dozen or so female disciples from the Holy Land of Heaven around him all had deep surprises in their eyes.

The inheritance practiced by their senior brother Ye Feng is really terrifying. If it can be devoured endlessly, then all martial arts realms will not be a challenge to Ye Feng, and they can all be achieved.

At this time, after killing all the overlord beasts, Ye Feng was quite satisfied with this breakthrough.

In an instant, he faced the dozens of days behind him

The female disciple of the Dao Holy Land said: "There should be no evil beasts coming to disturb us again. This time we have killed more than a dozen evil beasts at once. It is estimated that no evil beasts will dare to provoke us."

Half an hour later, Ye Feng and a dozen female disciples from the Holy Land of Heaven finally arrived at the area where the bloodline fluctuations were.

This is the center of this glacier and snowfield, and there is nothing around it.

There is only a huge lake located in the center of this glacier and snowfield.

Senior Sister Zhong's beautiful eyes showed a look of surprise at this time, and she couldn't help but say: "I didn't expect that there would be such a beautiful lake in the center of such a cold glacier and snowfield, and the water in this lake was not frozen. It's really magical."

Ye Feng nodded slightly, and then walked towards the edge of the lake.

At this moment, Ye Feng seemed to sense something, and suddenly squatted down, stretched out his hand and touched the lake in front of him.

"It's actually hot..."

Ye Feng's eyes were a little surprised and he said aloud: "In the center of such a cold glacier and snowfield, there is a hot lake. There is definitely something hidden in this lake."

At this time, the dozen or so female disciples from the inner sect of the Holy Land of Heaven standing beside them also said instantly: "In this lake, there are fluctuations that echo the fluctuations of our bloodline."

Ye Feng nodded slightly. The specific location he sensed before was right here.

At this time, Ye Feng looked at the dozen female disciples beside him and said, "Then let's go into this lake and explore it."

At this time, after Ye Feng finished speaking, he took the lead and flew directly into the lake.

Buzz!

The moment he entered the lake, a guardian angel suddenly appeared around Ye Feng.

Light, blocking the water from the outside world.

At this moment, more than a dozen female disciples followed Ye Feng into the lake.

Buzz!

The moment everyone entered the lake, they immediately sensed very violent spatial fluctuations.

Along with this violent space fluctuation, Ye Feng and a dozen inner sect female disciples immediately felt that they seemed to have entered another space.

At this moment, Ye Feng possessed the space gem and immediately understood that the lake was a door to space. When they entered the lake, they were equivalent to passing through a door to space and entering another world.

Ye Feng said aloud: "Everyone, please pay attention. This lake seems to be a door to space. It means that when we enter the lake, we enter a teleportation array and are teleported to another space."

"What?"

Hearing what Ye Feng said, the dozen or so female disciples of the inner sect around them all had a hint of surprise in their eyes.

Senior Sister Zhong couldn't help but said: "This lake is indeed very magical. It is actually a teleportation formation. So we should be in a special space now. This special space is probably left by the ancestors of our family. It's a land of opportunity."

Ye Feng nodded slightly, they were still in the water at this moment.

Soon they continued to dive, and finally got out of the water and entered an underground world.

The environment here is extremely dark, and it is almost impossible to see the surrounding geography. You can only vaguely see many broken buildings around it.

"This seems to be an ancient underground ruin lost in the long river of time. There may have been a very extraordinary civilization that existed under this underground."

At this time, Ye Feng and a group of female disciples couldn't help but sigh.
