

## Ancient 2841

### Chapter 2841 Throne of Gods

At this time, after everyone sighed, they immediately went to explore the depths of this underground ruins.

Soon, according to the bloodline fluctuations of these female disciples, Ye Feng and them arrived at the center of the underground ruins.

In the center of this underground ruins, there is a huge ancient statue.

On the ground at the bottom of this ancient statue, there is a bronze coffin.

This coffin is very wide, more than ten meters long and five to six meters wide.

At this time, a group of female disciples from the inner sect of Tiandao Holy Land felt a little strange when they saw this scene.

They couldn't help but get closer to Ye Feng, and couldn't help but speak out: "Brother Ye Feng, this bronze coffin is so huge, and the people buried in it cannot be our ancestors, but the source of the bloodline fluctuations is here. In this bronze coffin."

Ye Feng thought for a moment, and then said aloud: "The only way is to directly open the bronze coffin and verify it."

After saying that, Ye Feng walked forward directly and walked in front of the bronze coffin.

At this moment, the group of female disciples behind them were all very scared. Senior Sister Zhong, the oldest, calmed down a little and said slowly: "Don't be afraid, everyone. We are all martial arts practitioners with strong blood. We are really capable." All monsters can be suppressed in an instant, not to mention that we have a powerful peerless genius like Senior Brother Ye Feng to protect us."

"Yes, with Senior Brother Ye Feng protecting us, we are all relieved."

"Senior Brother Ye Feng, I want to get closer to you. This will make me feel safer and more reliable."

...

At this moment, a group of female disciples were chattering, like little quails, surrounding Ye Feng, wanting to stick to Ye Feng's body.

When Ye Feng saw this scene, he couldn't help but smile.

These female disciples in the Holy Land of Heaven are really the flowers in the greenhouse.

However, Ye Feng didn't say much about this. He just took a deep breath, then stretched out his hands to hold the lid of the bronze coffin in front of him, and then used force to directly lift the lid of the bronze coffin.

"Rumble..."

As Ye Feng opened it, the scene inside the bronze coffin was also revealed to a group of people.

There were no corpses in this bronze coffin, only the entrance to a passage, which was pitch black.

"Go down and have a look."

Without any hesitation, Ye Feng was very bold and led Senior Sister Zhong and a group of female disciples directly into the passage inside the bronze coffin.

When they jumped into this passage, they immediately entered a basement.

"Ah! There's a skeleton!"

Suddenly at this moment, a younger female disciple screamed in surprise.

Everyone looked inside the basement, and sure enough they saw a skeleton in a corner of the basement, sitting on an ice crystal-colored throne.

Although this is a skeleton, it feels very elegant at this time.

That's right!

That's elegance!

It's an eerie feeling.

After all, the other party is a skeleton!

At this time, Senior Sister Zhong's eyes suddenly revealed

There was a feeling of confusion.

She was seen taking steps involuntarily, walking towards the elegant skeleton sitting on the ice crystal chair in front of her.

"Something's wrong."

Ye Feng immediately noticed something at this moment, and his eyes suddenly showed a deep vigilance, and then he shouted to Senior Sister Zhong who was walking towards the elegant skeleton: "Be careful, come back! "

boom!

Almost at this moment, Ye Feng did not hesitate and directly released his huge soul power and rushed towards Senior Sister Zhong.

Because Ye Feng immediately noticed that there should be a very powerful spiritual thought among the elegant skeleton, attracting Senior Sister Zhong to come over.

It seems that he wants to seize Senior Sister Zhong and live a new life.

Ye Feng has seen too many situations like this.

So at this moment, he reacted immediately, with almost no pause, and his soul body immediately flew above Senior Sister Zhong's head.

Almost at the next moment, Ye Feng's soul body immediately saw a scene that ordinary people could not see.

I saw that the soul of an elegant woman was attached to that elegant skeleton.

This woman's soul looks stunning and extremely beautiful. At this moment, she is waving to Senior Sister Zhong, instructing her to come over.

But at this time, the woman's soul saw Ye Feng's soul body appearing above Senior Sister Zhong's head.

The female soul attached to this elegant skeleton immediately smiled and said loudly: "I don't have any ill intentions towards my descendants, and I don't want to be reborn. I just want to take a look at my descendants." "

Hearing this woman's soul say this, the vigilance in Ye Feng's eyes did not disappear, but he slowly said: "No matter what, I want to protect my fellow junior sister. Whatever you want to do, you can continue to do it." , If you dare to have any malicious intent, I will take action directly."

Ye Feng could feel that this woman's soul was very unfathomable, and she might be the spiritual body left behind by an ancient powerful man.

However, Ye Feng's current soul power level has reached a full 300,000 levels, so Ye Feng's current soul power is also extremely powerful.

His soul body can control all directions even in the dark interface, let alone the God Realm.

So Ye Feng is not afraid of the woman's soul on this elegant skeleton at this time.

At this moment, after hearing what Ye Feng said, the woman's soul was not angry. Instead, she sighed and said: "My descendants can meet such a responsible senior brother like you, and he is also so powerful. It is their blessing that they are powerful beings of fellow Hunwu practitioners."

Ye Feng was a little curious at this time and said aloud: "You seem to have a special love for Junior Sister Zhong. You only let her come here alone."

"Um."

The female soul on the elegant skeleton nodded slightly at this time and said loudly: "Because the blood in her body is the purest, I will pass on all my inheritance to her. By the way, this ice crystal under my seat right now The seat, called the 'Ice and Snow Throne', is one of the top ten divine thrones in the world. It was the powerful magic weapon of the Ice and Snow Queen back then. I give it to you now because my descendants are temporarily unable to inherit this Ice and Snow Throne and will be harmed by others. Jealousy, young man, your cultivation is very strong and you can control this divine throne, but you have to promise me to remember to protect my heirs." After sighing at this time, everyone immediately headed towards this underground ruins. Explore the depths.

Soon, according to the bloodline fluctuations of these female disciples, Ye Feng and them arrived at the central area of this underground ruins.

In the center of this underground ruins, there is a huge ancient statue.

On the ground at the bottom of this ancient statue, there is a bronze coffin.

This coffin is very wide, more than ten meters long and five or six meters wide.

Chapter 2842 A trustworthy senior brother

At this time, hearing this woman's soul say this, Ye Feng's eyes suddenly showed a hint of surprise.

At this moment, Ye Feng stared at the ice crystal throne where the skeleton was sitting in front of him. It looked ordinary, but he didn't expect it to be the Ice and Snow Throne, one of the top ten divine thrones in the world.

At this moment, Ye Feng immediately clasped his fists and said loudly: "Since the senior thinks so highly of the junior, then the junior will accept the gift from the senior."

At this moment, Ye Feng walked directly in front of the skeleton without any hesitation and threw the skeleton aside.

Then Ye Feng directly pressed his hands on the Ice and Snow Throne in front of him.

Buzz!

At this moment, Ye Feng quickly input his power and entered the ice and snow throne in front of him.

Almost at the next moment, Ye Feng immediately sensed that there was a very majestic ice energy on this ice and snow throne.

Moreover, there is a very advanced divine power of ice and snow flowing and contained in it.

Once the divine power of ice and snow in the Ice and Snow Throne is activated, overwhelming power will be unleashed.

At this time, Ye Feng's eyes showed deep joy.

I got another extremely powerful ancient magic weapon.

This Ice and Snow Throne is one of the ten legendary thrones of gods. It is definitely more powerful than the Dark Nine Dragon Cauldron that Ye Feng obtained before.

However, Ye Feng knew very well that it would probably take a long time before he could fully control a divine throne like the Ice and Snow Throne.

At this time, Ye Feng refined the Ice and Snow Throne into his body.

He saw, not far away from him, Senior Sister Zhong with her eyes closed, her whole body exuding a faint aura, and she looked quite sacred.

At this time, many young female disciples came over, looked at Ye Feng, and couldn't help but ask: "Senior Brother Ye Feng, what happened to Senior Sister Zhong?"

This group of female disciples did not know what had just happened, nor did they know the exchange between Ye Feng and the female soul in the skeleton.

Ye Feng looked at the group of confused female disciples in front of him and explained with a smile: "Your Senior Sister Zhong is accepting the inheritance from her ancestors at this moment."

"Huh? Really?"

When a group of young female disciples heard what Ye Feng said, their eyes suddenly showed deep surprise.

Obviously, this group of female disciples are really happy for Senior Sister Zhong.

Because Senior Sister Zhong is like a recognized big sister to them, and she has always been duty-bound to greet their group of young cousins.

So at this time, when they learned from Ye Feng that Senior Sister Zhong was receiving the powerful inheritance from their ancestors, a group of female disciples were naturally very happy.

Even if they themselves didn't get the inheritance, as long as Senior Sister Zhong got it, that would be enough, and everyone would be very satisfied.

At this time, when Senior Sister Zhong was accepting the inheritance from her ancestors, Ye Feng continued to release his huge soul power and began to search the basement inch by inch.

Because Ye Feng felt that this mysterious basement might hide other secrets.

Sure enough, within a few minutes of Ye Feng's exploration, he suddenly discovered something abnormal.

In the left corner of this basement, on the stone wall, there is a very small button.

Ye Feng stepped forward and pressed slightly.

"Rumble..."

Along with a huge roar, this wall turned out to be like a door, opening from both sides.

The moment after it was opened, there was countless wealth on the other side of the wall.

All the boxes contained divine crystals, and there were also many boxes containing rough stones.

All these stones were emitting bright light, almost blinding everyone in the dark basement.

"Wow! So many divine crystals!"

"Are these the wealth left to us by our ancestors?"

Almost at this moment, more than a dozen female disciples from the Holy Land of Heaven could not help but make excited noises, obviously very excited.

Unexpectedly, there is such a place where wealth is hidden in this small basement.

If Ye Feng hadn't been careful to observe, he probably wouldn't have been able to discover it.

At this time, Ye Feng's eyes also revealed a look of surprise.

Unexpectedly, the ancestors of this group of female disciples were quite wealthy and left behind so much wealth.

However, thinking that this ancestor actually owns the Ice and Snow Throne, one of the top ten divine thrones, Ye Feng also somewhat understood that the ancestors of these female disciples must

have been a very remarkable existence in that ancient era, otherwise it would not be possible. Possibly possessing so much treasure and wealth.

"Buzz!"

At this moment, Senior Sister Zhong who was not far away suddenly opened her eyes.

At this time, her whole body's temperament was different, she looked more noble than before.

Obviously, Senior Sister Zhong has fully accepted all the inheritance power from that woman's soul at this moment.

At this time, Senior Sister Zhong first walked up to Ye Feng, clasped her fists respectfully and said: "Thank you, Senior Brother Ye Feng, for bringing us here safely this time, allowing me to receive the inheritance of my ancestors and get huge benefits. "

Ye Feng just smiled slightly and said: "It doesn't matter, this is what I should do, and your ancestor has already thanked me. She gave me her powerful treasure Ice and Snow Throne."

Senior Sister Zhong immediately nodded when she heard this, then looked at a group of more than a dozen female disciples present, and said loudly: "This time I have obtained the powerful inheritance left by my ancestors. When I return to the Holy Land of Heaven, I will use these The inheritance is all passed on to you. We came together and experienced this place together, so I will share everything with you."

Hearing what Senior Sister Zhong said, a group of young female disciples immediately nodded happily and said loudly: "Thank you, Senior Sister Zhong!"

At this time, a female disciple couldn't help but said: "Senior Sister Zhong, Senior Brother Ye Feng discovered an entire secret room of treasures and wealth, how should we distribute it?"

When Senior Sister Zhong heard this, she immediately looked at Ye Feng beside her and said, "Everything is up to Senior Brother Ye Feng. Senior Brother Ye Feng can just take it all."

At this moment, Ye Feng shook his head and said with a smile: "I have received the favor from your ancestors, and it is the most precious and powerful magic weapon. We can share this wealth equally."

When a group of female disciples heard what Ye Feng said, they immediately nodded with admiration in their eyes.

Because Ye Feng did not use his powerful strength to occupy their wealth, but chose to share it equally with them. I have to say that Senior Brother Ye Feng is really a senior brother worthy of trust! At this time, hearing this woman's soul say this, Ye Feng's eyes suddenly revealed a hint of surprise.

At this moment, Ye Feng stared at the ice crystal throne where the skeleton was sitting in front of him. It looked ordinary, but he didn't expect it to be the Ice and Snow Throne, one of the top ten divine thrones in the world.

Chapter 2843 Naihe Bridge

Next, everyone equally divided all the wealth in the entire secret room.

Ye Feng took all the rough stones.

Because now for Ye Feng, ordinary divine crystals no longer have much effect.

Only rough stones produced in the great world of origin can have a huge improvement effect.

Because the energy contained in the original stone is very high-level and powerful, and is much more precious than the divine crystals in the God Realm.

However, rough stones are very rare in the God Realm. During the ancient battles, some rough stones were spread from the Great World of Origin to the central land of the God Realm.

Therefore, raw stones are simply rare things in the God Realm.

Ye Feng got three boxes of rough stones.

Next, Senior Sister Zhong looked at Ye Feng and said aloud: "Senior Brother Ye Feng, are you going to return to the Holy Land of Heaven with us? I think the president of our Jialan Association will definitely thank you very much."

Ye Feng smiled slightly and said aloud: "I don't want to go back yet, I want to continue exploring this underground ancient ruins. I always feel that there is something very extraordinary in the deepest part of this ancient ruins. "

Hearing what Ye Feng said, a group of inner female disciples immediately nodded slightly.

For them, as long as they find the place of inheritance of their ancestors, it is enough.

But for Senior Brother Ye Feng, he is definitely not satisfied with this, because Ye Feng is very powerful and will definitely continue to explore this ancient underground ruins.

At this time, Senior Sister Zhong and others nodded, looked at Ye Feng, hugged their fists deeply once again, and said gratefully: "This time, I really want to thank Senior Brother Ye Feng for escorting us here. It is a huge help to us." meaning, when we return to the Holy Land of Tiandao, we will tell the truth to the President about this matter. The President will definitely thank him personally at that time. Our President, Senior Sister Jialan, is the peerless female genius of the Holy Land of Heavenly Dao. I will definitely hit it off with Senior Brother Ye Feng."

Ye Feng smiled slightly and said aloud: "When I have the opportunity, I will definitely visit you after I return to the Holy Land of Heaven."

After Ye Feng finished speaking, he immediately said goodbye to a group of female disciples from the Holy Land of Heaven and continued to move towards the depths of this underground ancient ruins.

Soon Ye Feng reached the deepest part of this ancient ruins.

Ye Feng was immediately shocked by the scene in front of him.

I saw that in the deepest part of this ancient ruins, there was a huge river of the underworld.

And in the middle of this long river in the underworld, there is a huge bridge, connecting the two sides, just like the legendary Naihe Bridge in the underworld.

"Could the deepest part of this underground ruins lead to the underworld?"

There was a hint of surprise in Ye Feng's eyes.

However, Ye Feng is now considered to be a very brave man. At this moment, without any hesitation, he flew directly to the Naihe Bridge in front, and then started walking towards the other side of the long river in the underworld.

Buzz!

But just when Ye Feng reached the middle of the Naihe Bridge, a very strange energy fluctuation suddenly appeared in an instant.

In the long river of the underworld under Ye Feng's feet, pairs of palms emitting green light suddenly stretched out, and instantly grabbed Ye Feng's legs.

Buzz!

At this moment, countless pairs of green hands grabbed Ye Feng's feet and legs, and suddenly there was a very ferocious force that wanted to pull Ye Feng into the underworld under the Naihe Bridge.

In the river.

This kind of power is very strange, as if there are countless innocent souls grabbing Ye Feng's legs.

"Wow!"

Almost at this moment, Ye Feng was pulled into the long river of the underworld below.

Wow!

In an instant, the entire river in the underworld began to boil.

Countless ghosts around him all rushed towards Ye Feng, trying to swallow up Ye Feng, a living creature.

"Soul Emperor Seal!"

boom!

Feeling that countless ghosts were quickly infiltrating his entire body, Ye Feng immediately roared and directly released his most powerful soul master method.

Boom!

Almost at this moment, accompanied by a huge roar, Ye Feng's soul suddenly burst out with a brilliant light of thunder and lightning, full of terrifying and boundless destructive power, directly blasting countless people around him. All the ghosts that came over were shattered by the electric shock.

"ah!"

"ah!"

...

Almost at this moment, screams suddenly rang out throughout the underworld.

Those were all the screams of ghosts being shattered by electric shock.

But at this time, Ye Feng's eyes were extremely cold and majestic, and he suddenly released his soul giant.

This soul giant suddenly turned into a thunder emperor, full of unparalleled majesty. He stood on top of Ye Feng's head and looked around, making all the ghosts in the surrounding underworld dare not approach Ye Feng.

At this time, Ye Feng discovered that the ghosts that were shattered by the electric shock had all turned into pieces of soul fragments.

Moreover, the soul power contained in these soul fragments was so majestic and powerful that Ye Feng's eyes suddenly lit up.

If you swallow these soul fragments, your soul power will increase tremendously.

And you must know that this is a ghost with an entire river of underworld!

How wide is this entire river in the underworld?

There is no end as far as the eye can see!

It is simply majestic and wide to the extreme.

If he could swallow all the souls in this entire river of underworld, then Ye Feng wouldn't even dare to imagine how far his soul power could grow.

However, Ye Feng has always been very courageous and has very strong execution ability. At this time, he just did what he said and immediately began to control his soul Thunder Emperor and began to attack the surroundings.

"Thunder's Fury!"

At this moment, in the hands of the Thunder Emperor condensed by Ye Feng, a series of terrifying thunder rays appeared in an instant, and then they bombarded the surroundings crazily, like a thunder craze, all of a sudden. All the surrounding ghosts were shattered into pieces and turned into soul fragments.

These ghosts in the long river of the underworld are very scary things to living creatures.

But these ghosts were unlucky to meet Ye Feng, an extremely powerful soul master with a soul power of 300,000 levels, which was even more terrifying.

So at this moment, all the ghosts in the entire underworld were screaming in agony, and they were all shattered and turned into soul fragments. Next, everyone equally divided all the wealth in the entire secret room.

Ye Feng took all the rough stones.

Because now for Ye Feng, ordinary divine crystals no longer have much effect.

Only rough stones produced in the great world of origin can have a huge improvement effect.

The President will definitely thank him personally at that time. Our President, Senior Sister Jialan, is a peerless female genius of the Holy Land of Heavenly Dao. I will definitely hit it off with Senior Brother Ye Feng."

Ye Feng smiled slightly and said aloud: "When I have the opportunity, I will definitely visit you after I return to the Holy Land of Heaven."

After Ye Feng finished speaking, he immediately said goodbye to a group of female disciples from the Holy Land of Heaven and continued to move towards the depths of this underground ancient ruins.

Soon Ye Feng reached the deepest part of this ancient ruins.

Ye Feng was immediately shocked by the scene in front of him.

I saw that in the deepest part of this ancient ruins, there was a huge river of the underworld.

And in the middle of this long river in the underworld, there is a huge bridge, connecting the two sides, just like the legendary Naihe Bridge in the underworld.

"Could the deepest part of this underground ruins lead to the underworld?"

There was a hint of surprise in Ye Feng's eyes.

However, Ye Feng is now considered to be a very brave man. At this moment, without any hesitation, he flew directly to the Naihe Bridge in front, and then started walking towards the other side of the long river in the underworld.

Buzz!

But just when Ye Feng reached the middle of the Naihe Bridge, a very strange energy fluctuation suddenly appeared in an instant.

In the long river of the underworld under Ye Feng's feet, pairs of palms emitting green light suddenly stretched out, and instantly grabbed Ye Feng's legs.

Buzz!

At this moment, countless pairs of green hands grabbed Ye Feng's feet and legs, and suddenly there was a very ferocious force that wanted to pull Ye Feng into the underworld under the Naihe Bridge.

In the river.

This kind of power is very strange, as if there are countless innocent souls grabbing Ye Feng's legs.

"Wow!"

Almost at this moment, Ye Feng was pulled into the long river of the underworld below.

Wow!

In an instant, the entire river in the underworld began to boil.

Countless ghosts around him all rushed towards Ye Feng, trying to swallow up Ye Feng, a living creature.

"Soul Emperor Seal!"

boom!

Feeling that countless ghosts were quickly infiltrating his entire body, Ye Feng immediately roared and directly released his most powerful soul master method.

Boom!

Almost at this moment, accompanied by a huge roar, Ye Feng's soul suddenly burst out with a brilliant light of thunder and lightning, full of terrifying and boundless destructive power, directly blasting countless people around him. All the ghosts that came over were shattered by the electric shock.

"ah!"

"ah!"

...

Almost at this moment, screams suddenly rang out throughout the underworld.

Those were all the screams of ghosts being shattered by electric shock.

But at this time, Ye Feng's eyes were extremely cold and majestic, and he suddenly released his soul giant.

This soul giant suddenly turned into a thunder emperor, full of unparalleled majesty. He stood on top of Ye Feng's head and looked around, making all the ghosts in the surrounding underworld dare not approach Ye Feng.

At this time, Ye Feng discovered that the ghosts that were shattered by the electric shock had all turned into pieces of soul fragments.

Moreover, the soul power contained in these soul fragments was so majestic and powerful that Ye Feng's eyes suddenly lit up.

If you swallow these soul fragments, your soul power will increase tremendously.

And you must know that this is a ghost with an entire river of underworld!

How wide is this entire river in the underworld?

There is no end in sight!

It is simply majestic and wide to the extreme.

If he could swallow all the souls in this entire river of underworld, then Ye Feng wouldn't even dare to imagine how far his soul power could grow.

However, Ye Feng has always been very courageous and has very strong execution ability. At this time, he just did what he said and immediately began to control his soul Thunder Emperor and began to attack the surroundings.

"Thunder's Fury!"

At this moment, in the hands of the Thunder Emperor condensed by Ye Feng, a series of terrifying thunder rays appeared in an instant, and then they bombarded the surroundings crazily, like a thunder frenzy, all of a sudden All the surrounding ghosts were shattered into pieces and turned into soul fragments.

These ghosts in the long river of the underworld are very scary things to living creatures.

But these ghosts were unlucky to meet Ye Feng, an extremely powerful soul master with a soul power of 300,000 levels, which was even more terrifying.

So at this moment, all the ghosts in the entire underworld screamed in agony, and were all shattered into soul fragments.

## Chapter 2844 Counterattack Material

At this time, the entire river in the underworld was boiling.

Because the soul giant that Ye Feng had condensed at this time turned into the power of thunder released by the Thunder Emperor, which was simply terrifying to the extreme.

All the ghosts in the underworld feel deep fear.

At this moment, all the ghosts retreated towards the surroundings, wanting to stay away from the terrifying existence of Ye Feng.

"Don't even think about running away! All of them become nourishment for my soul!"

But Ye Feng took advantage of the victory and pursued it at this time.

Because he plans to destroy all the ghosts in the entire river of the underworld, and then turn them into countless soul fragments. After he swallows them, his soul power will definitely increase tremendously!

And now Ye Feng is doing this, because Ye Feng is not only controlling the Thunder Soul Emperor to attack and obliterate those ghosts, he also exudes a dark devouring realm, shrouding all those soul fragments. Among them.

Almost at this moment, the entire underworld was suddenly shrouded in endless darkness.

Originally, this long river of the underworld was a place in the underworld that any living person was very afraid of, but now it has simply become a paradise for Ye Feng.

Because after Ye Feng killed these ghosts, the soul fragments he obtained could greatly increase his soul power.

At this moment, Ye Feng could feel that with the devouring, his soul power was increasing rapidly.

You must know that these ghosts in the underworld seem to be the remnants left by some ancient strong men, so the soul power they contain is extremely powerful, many times more powerful than those ghosts transformed into by ordinary people.

So at this time, Ye Feng felt that this long river in the underworld should be the place of death left in an ancient battlefield, so it slowly evolved into such a long river.

At this time, Ye Feng accompanied him to chase and kill the

Some ghosts also saw that there were countless withered bones under the long river of the underworld.

It seems that my guess is correct. This long river of the underworld should have been a very tragic battle area in ancient times. Countless strong men died, and finally this long river of the underworld was formed, with so much power of ghosts.

At this moment, Ye Feng's soul power is rapidly and continuously improving.

Ye Feng could feel that his soul power had broken through a lot through the continuous devouring, slowly growing from level 300,000 to level 350,000.

And at this moment, Ye Feng is still killing those ghosts, greatly improving his soul power.

In the end, Ye Feng's soul was raised to a full level of 400,000!

When Ye Feng's soul power increased to level 400,000, Ye Feng suddenly looked around and found that it was completely empty.

It turns out that all the ghosts in the entire river of the underworld have been killed by him, and there is no breath of the underworld here.

Ye Feng flew towards the previous Naihe Bridge at this moment, and then walked towards the other side of the Naihe Bridge.

He immediately saw a huge ancient city.

At this moment, Ye Feng saw this scene, and his eyes suddenly showed deep surprise.

It seems that the long river of the underworld where he was just now is the moat of an ancient city. It surrounds this city and has experienced tragic wars in ancient times.

At this moment, Ye Feng killed and devoured all the ghosts left by the strong men in the entire moat, and then Ye Feng came to this ancient city.

He saw it instantly,

This ancient city is full of tall buildings, like a city of giants.

However, many buildings have collapsed and look dilapidated.

But at this moment, Ye Feng suddenly saw that there were several figures coming from other directions in this city of giants, walking towards this side.

These figures seemed to have entered this underground ancient ruins from another entrance.

So Ye Feng didn't say much at this time, but stood quietly in this ancient city, exploring something.

Other masters came here and saw surprise in their eyes when they saw Ye Feng.

They didn't seem to expect that there would be other people arriving in such a secret place.

However, they all knew that those who could come here must have extraordinary skills, so they did not attack Ye Feng in an instant, but remained vigilant.

Just half an hour later, a group of people arrived again from another direction in the city of giants. ??

There are now three waves of forces on the entire field, and Ye Feng alone is a force.

However, no one dared to provoke Ye Feng, because everyone seemed to know very well that for a young man like Ye Feng to come here, he must have very terrifying skills and should not be easily provoked.

However, what made Ye Feng a little disappointed was that he had been exploring the city of giants for more than half an hour, but he found nothing.

The other two groups of people didn't seem to detect anything, and everyone's eyes showed some disappointment.

Originally, they thought that there must be very precious treasures in the deepest ancient ruins, but now it seems that there is nothing, just a dilapidated ancient city.

at

When everyone was about to leave here directly, a very strong wave suddenly came from the middle area of the city of giants.

"There's a situation!"

Everyone sensed this fluctuation, their eyes lit up, and they flew towards the center of the city of giants.

Ye Feng naturally noticed the strong fluctuation at this moment and rushed towards the central area.

When everyone arrived at the center of the city of giants, they immediately saw a giant sculpture tens of thousands of feet tall, standing in the center of the city.

The giant sculpture holds a huge battle ax in its hand. It looks very tall and majestic, giving people a deep sense of suffocation.

However, this is just a sculpture, but it can make Ye Feng and others feel such a strong sense of suffocation, indicating that this sculpture must be very extraordinary and may have hidden secrets.

"Let me see what secrets there are in this ancient sculpture."

Suddenly, at this moment, among the people around him, a swordsman holding a long sword spoke slowly, with extremely confident eyes.

He held the long knife in his hand and instantly slashed towards the giant sculpture in the center of the city of giants.

"boom!"

However, the moment the swordsman just struck the giant sculpture, the sculpture did not suffer any damage at all. Instead, a very violent vibration came from the sculpture, and the swordsman's hand was suddenly knocked out. The long knife was shattered by the shock.

"What a weird material! It seems to be an anti-injury material!"

The swordsman couldn't help but exclaimed: "I have seen this kind of material. It is very special. It is an anti-injury material. As long as it is within a certain limit, it can rebound almost any damage!"

Chapter 2845 Counter-injury to the Thorn Armor

Anti-injury material?

When everyone heard what the swordsman said, their eyes showed deep surprise.

Because this is the first time everyone has heard of this material.

But this material is amazing.

It can actually rebound damage from the outside world.

As long as it is within the tolerance of this material.

It can rebound all damage from the outside world.

This is really magical.

At this time, many people had bright eyes.

Because this kind of anti-wound material sounds very magical, it must be a very precious and special material.

If it can be obtained, it will definitely have a huge effect.

But at this time, everyone's eyes showed hesitation.

Because this kind of anti-damage material is difficult to obtain.

The swordsman who took action before was also a very powerful being.

Moreover, the long sword in the hands of this swordsman seems to be an extremely powerful magic weapon.

But even so, the swordsman was still unable to cut through the giant sculpture.

Even the extremely high-end magic sword in the hands of this swordsman was instantly shattered by the damage caused by the giant sculpture.

I have to say that the anti-injury material contained in this giant sculpture is really amazing and powerful.

For a moment, everyone around him did not take action, seeming to be thinking about how to obtain the anti-injury materials in this giant sculpture.

At this time, Ye Feng also stopped and watched.

Because he is also very curious about this kind of anti-injury material.

If it could be obtained, it might have a huge effect.

At this time, Emperor Chu suddenly

He said in his mind: "Ye Feng, you must get the anti-injury material in this giant sculpture, it will have a huge effect."

At this moment, Ye Feng heard the Emperor Chu, who had been very silent all this time, suddenly speak out, and couldn't help but reveal a trace of surprise in his eyes.

Because Emperor Chu has always been very silent, it is difficult for anything to make Emperor Chu feel mood swings.

Something that could attract the attention of Emperor Chu must be very extraordinary.

Emperor Chu is now equivalent to a gold medal certification with Ye Feng.

At this time, Ye Feng couldn't help but said: "According to what the swordsman said, although this anti-injury material can rebound damage, it must have a limit. If the upper limit of this anti-injury material is exceeded, then it will not be able to reflect damage. I feel that this anti-damage material will not be able to reflect stronger power. Otherwise, if you have a set of anti-damage armor, you will be invincible. "

When Emperor Chu heard what Ye Feng said, he couldn't help but said: "The anti-injury materials are very precious and rare. Ordinary warriors may not encounter them in their lifetime, and even some powerful overlords of big forces cannot encounter them. Really, only in such ancient underground ancient ruins can such rare anti-injury materials exist, and Ye Feng, don't forget, your awakened talent, the evolutionary spring, may be able to continuously upgrade various materials. If you get the anti-injury material in this giant sculpture, use the evolutionary spring to continuously water and upgrade it, and when it reaches a certain powerful level, then you, the kid, will really have nothing to fear when wearing the anti-injury armor."

When Ye Feng heard what Emperor Chu said, his eyes suddenly lit up.

yes!

He has the spring water of evolution.

If you can obtain anti-damage armor and use evolutionary spring water to continuously evolve and upgrade the anti-damage armor, then the rebound damage ability of the anti-damage armor can be quickly and continuously upgraded in power, and it will become more and more powerful. The upper limit of rebound damage will be It will also get higher and higher.

After thinking about this, Ye Feng suddenly showed a look of deep surprise in his eyes.

At this moment, Ye Feng walked directly towards the giant sculpture without any hesitation.

"Um?"

At this time, everyone saw Ye Feng walking directly towards the giant sculpture. Many people around the scene showed surprise in their eyes.

Because Ye Feng's cultivation is at the tenth level of True Fate Realm, he is the weakest among everyone.

The young swordsman who took action just now has a cultivation level that has surpassed the True Destiny Realm and is a powerful being in the sixth level of the God of Education Realm.

Even this powerful young swordsman couldn't break the surface of the giant sculpture, let alone Ye Feng, a young man who looked ordinary.

"Young man, the material of this giant sculpture is very special and can rebound all damage."

Suddenly at this time, the swordsman who had just taken action spoke to Ye Feng and said: "Young man, don't be arrogant and don't be too confident. Even my holy sword can't cut through this anti-injury material, let alone you. , you may be directly seriously injured by the rebound damage from the anti-injury material."??

At this moment, although the swordsman's words were admonishing Ye Feng, in fact, there was sarcasm in his tone.

Because the swordsman felt that even a strong man like himself could not cut off the giant sculpture, and Ye Feng, a boy with a weaker cultivation level, certainly couldn't do it.

At this moment, many people around him nodded. They all agreed with the swordsman's opinion and felt that Ye Feng, the weakest person in the room,

Boy, there's no way it's going to work.

But Ye Feng didn't bother to pay attention to the opinions of the people around him at this time, because Ye Feng was very interested in the anti-injury material in this giant sculpture.

Uh-huh!

At this moment, Ye Feng flew in front of the giant sculpture, then stretched out his hand and pressed it on the surface of the giant sculpture.

Ye Feng did not attack the giant sculpture directly, but sensed it first.

Sure enough, at this moment, Ye Feng followed the induction and immediately discovered that this giant sculpture indeed had a very strong power to retaliate.

However, Ye Feng possesses huge soul power and can detect deeply that the material on the surface of this giant sculpture is not the real anti-injury material, but is contaminated with the anti-injury power of the anti-injury material.

The real anti-injury material is actually contained in the deepest part of this giant sculpture.

Ye Feng used his soul power to scan it, and his eyes suddenly showed surprise.

Because Ye Feng discovered at this time that there was a mysterious set of armor hidden in the deepest space of this giant sculpture.

Under the penetrating observation of Ye Feng's soul power, the surface of this armor has ferocious steel spikes, which looks extremely violent.

"This is the legendary anti-injury stab armor!"

Emperor Chu suddenly spoke in Ye Feng's mind, with a hint of surprise in his tone, and said: "This is a very powerful armor. Anti-injury thorn armor is a very rare armor. It is very rare in the world. Cast anti-injury thorns." The manufacturing process of armor has long been lost in ancient history. I didn't expect that there is a set in this giant sculpture. Ye Feng, you are rich. Hurry up and find a way to get out this anti-injury spike armor. You can use your Use the evolutionary spring water to evolve it into the ultimate anti-damage holy armor, then it will be invincible!"

Chapter 2846 Shameless people

Hearing Emperor Chu's excited words at this time, Ye Feng nodded immediately, feeling that he must get the set of anti-injury spike armor in this giant sculpture.

If you get this anti-injury spike armor, it will definitely be of great help to you in the future.

At this moment, Ye Feng ignored the sarcastic looks from the people around him and just thought quickly to see how he could take out the anti-injury spikes in this giant sculpture.

In the end, Ye Feng felt that there was only one way, and that was to crush the giant sculpture.

If the entire giant sculpture is made of anti-injury materials, then Ye Feng must feel that he cannot break the giant sculpture at the moment.

But now after careful scanning and exploration of Ye Feng's soul power, he discovered that the real anti-injury spike armor is at the innermost part, and the material on the outside of the giant sculpture is just an ordinary material, just contaminated with the anti-injury spike armor in the deepest part. The power of injury has the ability to rebound damage.

The swordsman couldn't smash the giant sculpture before, but it didn't mean that Ye Feng couldn't do it.

You know, Ye Feng possesses a very powerful Chaos Body, which is frighteningly powerful.

Moreover, this time Ye Feng also decided to use the brute force that dominates the brute force gem.

At this time, Ye Feng's eyes showed determination, and he directly integrated the brute force gem into his fist, and then punched it out in an instant.

After seeing this scene, everyone present's eyes widened.

"This kid, doesn't he know that this giant sculpture is a legendary and special anti-injury material?"

"The swordsman's holy sword just now was shattered by the rebound. Now this kid wants to hammer it directly with his fist? Is he so reckless?"

"I think this kid is too naive. It is estimated that his fist will be directly bounced into pieces in the next moment, and even his entire body will be broken at once."

...

here and now

At this moment, everyone present could not help but speak out.

At this time, Ye Feng took a deep breath and without any hesitation, he punched out hard in an instant.

"boom!"

The moment Ye Feng's fist hit the giant sculpture, a terrifying roar suddenly sounded on the field.

At this time, everyone's eyes widened.

Because of this moment.

"Click, click..."

The giant sculpture, which was originally extremely solid, actually had cracks on its surface at this moment.

"What?!"

"Really broken?"

At this moment, everyone couldn't help but scream in surprise.

At this moment, Ye Feng felt a very strong counter-shock force, which was transmitted to his fist.

There is a heart-wrenching pain!

Fortunately, Ye Feng's chaotic body is powerful, and Ye Feng's fists are protected by brute force gems.

So at this moment, Ye Feng's fist did not suffer any damage.

"boom!"

He punched hard again.

The entire giant sculpture immediately began to collapse and break quickly.

Wow!

Pieces of broken stones fell from the sky and hit the ground with a loud vibration.

"Amazing!"

I saw that Ye Feng could really use his fists to smash and collapse the entire giant sculpture.

.

Everyone's eyes showed deep horror.

This young man is really awesome.

He actually smashed the entire giant sculpture into pieces with just one fist of his own.

"How did this kid cultivate his body? No matter how powerful the body refiner is, I'm afraid he can't do this, right? He actually destroyed all the anti-injury materials!"

At this time, everyone couldn't help but exclaimed.

But at this moment, the young swordsman's eyes suddenly became extremely frightened, angry and gloomy.

Because he had threatened before in the public eye that Ye Feng was just a stupid boy and there was no way he could break the giant sculpture.

But now Ye Feng used specific performance to slap the young swordsman in the face.

At this time, the young swordsman couldn't help but said: "Impossible! This guy's cultivation level is a whole level lower than mine. How is it possible that he can smash the giant sculpture to pieces with his fists? This is simply ridiculous. "

After finishing speaking, Ye Feng stood high in the sky, staring coldly at the young swordsman below, and said loudly: "Facts speak louder than words."

"impossible!"

The young swordsman was a little angry, and he couldn't help but said: "I understand! I understand! It must have been my first knife that almost shattered the internal material of this giant sculpture, so you kid You were able to smash the giant sculpture so easily just because you took advantage of me."

At this time, when the young swordsman said this, many people around him showed a hint of thinking in their eyes.

What this young swordsman said seemed to make sense.

Otherwise, it is unexplainable that Ye Feng can use his fists to smash the giant

The human sculpture was shattered.

This is really incredible.

Some are unbelievable.

At this moment, hearing what the young swordsman said, Ye Feng just smiled indifferently and said, "I have never seen such a shameless person!"

"you.....!"

Hearing what Ye Feng said, the young swordsman couldn't help but show deep shock and anger in his eyes.

He didn't seem to expect that Ye Feng, a boy whose cultivation level was much lower than his own, would dare to talk to him like this.

Does this kid not want to live?

"presumptuous!"

At this moment, the young swordsman immediately released a huge aura of cultivation, accompanied by countless sword lights, appearing around the young swordsman.

At this moment, the young swordsman seemed to have released a very huge sword light field. He suddenly became the king of swords and soared directly into the sky.

The young swordsman stared at Ye Feng, his tone was extremely cold, full of boiling murderous intent, and said loudly: "Boy, how dare you speak to me like this, now, you kneel in front of me immediately and beg me for mercy. Otherwise, I will activate my Ten Thousand Swords Domain at

the next moment and cut this arrogant boy into pieces with a thousand cuts, causing you to die in a very painful way."

At this moment, the young swordsman was talking, with another look of pride in his eyes.

Obviously, he is extremely confident in his own strength.

The young swordsman felt that killing a boy who was a level below him was not something he could even think about?

"Fight! Fight!"

At this time, everyone around them looked excited and shouted, ready to watch the show.

Chapter 2847 One punch and he's gone

Everyone's eyes at this moment were full of expectation.

Because this was the first time a head-on conflict broke out among their group.

However, everyone is very optimistic about Ye Feng.

Because although Ye Feng makes people feel very mysterious, after all, the cultivation aura on his body is only the tenth level of True Fate Realm.

The young swordsman was a master who had been famous for a long time. Some people recognized that this young swordsman seemed to be a talented disciple of the super power "Ba Sword Sect" in the center of the God Realm.

Not only is his cultivation a powerful being in the sixth level of the Yushen Realm, but he also comes from a super powerful force and must have countless means.

For example, the countless sword lights surrounding this young swordsman are sharp and terrifying, giving the impression that he is very powerful.

But at this time, everyone saw that Ye Feng ignored the young swordsman's challenge.

At this moment, he was actually looking for something in the pile of rocks after the giant sculpture collapsed.

"What?"

"Is this kid so arrogant?"

Everyone around them couldn't help but exclaimed, feeling that Ye Feng's current attitude of ignoring the young swordsman was really stretched to the extreme.

"hateful!"

The young swordsman didn't expect that the other party would ignore his challenge.

This made the young swordsman extremely angry.

How dare this humble boy ignore him?

The young swordsman rushed towards Ye Feng in an instant, with overwhelming murderous intent and a bright sword. He shouted, "Young man, look directly at me!"

Thousands of lights!

Infinite killing!

At this moment, the young swordsman burst out with a terrifying attack.

The thousands of lights around him all surged together in an instant, turning into a long river filled with countless lights, directly attacking Ye Feng below.

"That kid is still looking for something?"

At this moment, many people around had expressions of deep astonishment in their eyes.

Because they never expected that Ye Feng would be in danger here

At the critical moment, he was still looking for something in the surrounding rubble of the giant sculpture.

"Facing the thousands of sword attacks from this overbearing sect genius, even a strong man like me has to retreat."

At this time, a young man in a black robe in the crowd spoke solemnly.

"That boy is dead."

Everyone felt at this moment that Ye Feng, who was still looking for something in the rubble, was dead!

"Buzz!"

But just when the young swordsman was about to attack Ye Feng's position with his thousands of swords.

Ye Feng finally seemed to sense the threat of external attack.

Uh-huh!

Ye Feng suddenly turned around and punched high in the sky.

It was just a mediocre punch.

But the moment Ye Feng stretched out his fist.

boom! !

An extremely terrifying energy aura suddenly burst out from his fist.

That kind of energy momentum seemed to be able to penetrate the entire sky in an instant.

Poof!

Almost at the next moment, the energy and momentum of Ye Feng's punch instantly shattered the long river of sword light that rushed towards him.

Wow!

Then the energy momentum of Ye Feng's punch did not disappear, and continued to explode, covering the young swordsman.

next moment.

"Pfft!"

This talented swordsman from the Tyrant Sword Sect didn't even let out a scream, and was directly shattered by Ye Feng's punch.

Completely killed!

Turned into nothingness!

Then Ye Feng, as if he had trampled an ant to death, continued to lower his head and look for it in a pile of rubble.

Looking for something.

"What?!"

"One punch... seconds?"

At this moment, countless people around who happened to be watching the show saw this shocking scene on the field. Their eyes widened, their mouths grew wide, and their expressions were extremely shocked.

Because they never imagined that Ye Feng, a seemingly ordinary young man, could possess such terrifying strength.

Even this extremely powerful young swordsman from the Overbearing Sect was no match for Ye Feng.

Even, he is not worthy to be Ye Feng's opponent. .??.

Because Ye Feng killed the young swordsman instantly with one punch.

It really shocked everyone present.

At this time, no one dared to underestimate Ye Feng, a young man.

Because this young man's strength is truly terrifying to the extreme.

At this moment, everyone looked at Ye Feng, who was still looking for something in the rubble not far away.

Everyone originally thought that Ye Feng was a silly boy who wanted to find some treasure from the ruins of the giant sculpture, but how could it be possible? After all, it was just a sculpture.

But now, everyone feels that Ye Feng is naturally constantly searching, so there must be a reason for his search.

"found it!"

And at this time, in the ruins of the giant sculpture not far away, Ye Feng finally found the anti-injury spike armor buried in the rubble!

Wow!

At this time, Ye Feng instantly pulled the anti-injury spiked armor out of the rubble.

Wow...

Along with a burst of gravel rolling down, the legendary armor of anti-injury spikes appeared in the sight of Ye Feng and everyone else.

"This is... a mysterious set of armor?"

At this moment, everyone saw this scene with deep surprise in their eyes.

Strange color.

They didn't expect that Ye Feng actually found a mysterious set of armor from the rubble.

At this time, Ye Feng's eyes showed a hint of joy.

The set of anti-injury spike armor in front of me is very domineering. The entire armor is silvery white, and every inch of the armor's surface is filled with steel spikes. It looks very ferocious and domineering.

At this time, Ye Feng could feel that this set of anti-injury spike armor was very strong and had a very terrifying anti-injury power.

This is really armor made entirely of anti-injury materials.

At this moment, Ye Feng didn't hesitate at all, and directly used his magic power to enter the anti-injury spike armor in front of him.

Buzz!

The anti-injury spike armor did not show any special resistance, but was quickly refined by Ye Feng.

Wow!

Almost at the next moment, after Ye Feng refined the anti-injury spike armor, with a thought, the anti-injury spike armor suddenly turned into pieces of metal fragments, and then all attached to the surface of Ye Feng's body, and reorganized into a complete set of armor.

At this moment, the anti-injury spike armor on Ye Feng's entire equipment immediately became extremely ferocious, because the surface of the armor was covered with metal spikes everywhere, making it look very ferocious and domineering.

"Is this the legendary anti-injury stab armor?"

Among the crowd around him, an older middle-aged man suddenly spoke up. He was obviously very knowledgeable and realized that the set of ferocious-looking armor that Ye Feng had obtained at this time was actually the legendary anti-injury thorn. First!

Swish, swish, swish!

Swish, swish, swish!

Almost at this moment, countless experts around them all fixed their greedy eyes on Ye Feng, who was not far away.

Because the anti-injury spike armor, an extremely rare and special armor, is like a divine object, which naturally arouses everyone's greed in an instant!

Chapter 2848 Lord Black Dragon

It has to be said that the attraction of the anti-injury thorn armor is really too great.

So at this time, the middle-aged man said the identity of the anti-injury thorn armor worn by Ye Feng, which immediately aroused the greed of many masters around.

However, no one took the initiative to attack first at this time. After all, the strength shown by Ye Feng just now was still very strong. He killed the young swordsman from the Tyrant Sword Sect with one punch.

So many people around suppressed their greed and did not act rashly for the time being.

"Young man, this anti-injury thorn armor is a divine existence, very precious. If you take it, it may cause a fatal disaster. It is better to let me take it, so that you can keep you safe."

Suddenly at this time, an old voice sounded.

Buzz!

I saw an old man in a black robe suddenly walked out of the crowd, flew into the air, and came not far from Ye Feng, staring at the anti-injury thorn armor on Ye Feng with extremely greedy eyes.

At this time, someone finally couldn't help it and wanted to threaten Ye Feng.

At this moment, everyone around was slightly surprised when they saw the old man in black robe.

"It's Venerable Black Dragon!"

"I didn't expect that Venerable Black Dragon, this old monster, would come here."

"Although this old monster is a casual cultivator, he is extremely powerful and his methods are very scary. It is said that he specializes in magic and demon ways, and the two ways are combined into one, which is very scary."

...

At this moment, many people around recognized the identity of this old man in black robe, Venerable Black Dragon, and they couldn't help but exclaimed.

Buzz!

At this time, Venerable Black Dragon exuded a very huge cultivation aura.

This cultivation aura contains a majestic demonic aura and a terrible demonic aura, which gives people a very scary feeling.

At this time, Venerable Black Dragon's old eyes stared at Ye Feng below, with a cold smile in his eyes.

Seeing Ye Feng silent, he smiled faintly and said, "I dare not say that my strength is the first in the whole field, but I can definitely rank second. Young man, I will give you another chance. As long as you obediently give me the anti-injury thorn armor in your hand, I will protect your safety. How about it?"

Ye Feng finally raised his head slightly at this time and said, "If you want my anti-injury thorn armor, come and fight directly. Don't do these fake things. They have no effect on me."

"You...!"

Hearing Ye Feng say this, the Black Dragon Venerable immediately showed deep anger in his eyes.

Because he never thought that Ye Feng, a young man, would dare to say such arrogant words.

At this moment, the Black Dragon Venerable immediately said angrily, "Young man, since you dare to be so presumptuous in front of me, don't blame me for being ruthless."

Boom!

Almost at the moment when the Black Dragon Venerable's voice fell, a monstrous and terrifying dark momentum suddenly burst out from his body.

There was demonic energy and devilish energy in that kind of momentum, which gave people a very depressing feeling.

And at this time, after the Black Dragon Venerable released his momentum, the entire sky suddenly became dark.

At this moment, the Black Dragon Venerable stretched out a hand and grabbed Ye Feng directly.

Boom!

As the Black Dragon Venerable stretched out a hand, a very strong dark devilish energy suddenly appeared between the whole world, and it suddenly turned into an extremely huge black palm, full of overwhelming pressure, and suppressed Ye Feng in front of it.

Even before this dark hand completely fell.

"Crack, crack..."

The surrounding ground was completely broken.

In addition, countless masters around felt a deep fear at this moment.

Because the Black Dragon Venerable's cultivation level was actually the level of the tenth level of the Nurturing God Realm!

The tenth level of the Nurturing God Realm is an extremely terrifying level of cultivation, which is absolutely comparable to the elders of the major forces.

"I didn't expect that this Black Dragon Venerable, a casual cultivator, could actually cultivate to such a terrifying level!"

At this time, many people around couldn't help but exclaim.

Because casual cultivators don't have the resources and information help of big forces, it is difficult to cultivate to a powerful level.

But now the Black Dragon Venerable, the cultivation aura released is extremely terrifying and thrilling.

At this time, an informed master couldn't help but say: "It is said that this Black Dragon Venerable was originally just a very ordinary black dragon, but he was very lucky. In an accident, he fell into a thousand dragons' nest in ancient times and got the blood of the ancient black dragon emperor, so he finally transformed into an ancient black dragon, which is very powerful. Of course, I heard it from hearsay, I don't know if it's true, but it should be about the same."

At this moment, hearing this master say this, many people around showed envy.

I didn't think that Ye Feng, this kid, could beat the Black Dragon Venerable.

So at this time, everyone felt that the anti-injury thorn armor was estimated to finally fall into the hands of the Black Dragon Venerable.

"Boom!"

But at this moment, Ye Feng did not hesitate at all, and instantly burst out his chaotic body power, and then fiercely punched towards the sky.

"Boom!"

Suddenly, Ye Feng's punch collided directly with the Black Dragon Venerable's big black hand, and a huge roar broke out.

At this moment, the terrifying aftermath of the collision caused the surrounding earth and ground to shatter.

"Quickly retreat!"

At this moment, all the experts who were watching the battle couldn't help but quickly retreated, as if they were afraid of harming Chi Yu.

At this time, Ye Feng's punch successfully resisted the black dragon master's dark hand.

After all, the cultivation strength of this Black Dragon Venerable is so powerful that he is almost the most powerful existence among everyone present.

Of course, it is not certain whether the combat power is the most powerful.

"Um?"

At this moment, when he saw Ye Feng blocking his dark hand with a fist, the Black Dragon Lord immediately couldn't help but look surprised in his eyes, and said loudly: "With the body of a young man like you? The power is indeed very powerful. It has two brushes. No wonder it can kill the little guy from the Ba Dao Sect with one punch. But if you want to fight against me, your strength is not enough. I will let you see it. Show me my true strength!"

boom!

Almost at this moment, accompanied by an earth-shattering dragon roar, the Black Dragon Master suddenly transformed into his true form, into a black dragon with a chest of tens of thousands of meters, full of overwhelming pressure, and all of a sudden he was like a black dragon. Attack towards Ye Feng!

Chapter 2849 I won't let you get what you want

At this time, the Black Dragon Master transformed into a tens of thousands of meters long black dragon, which looked full of infinite majesty. The black dragon body covered the sky and the sun, bringing an ultimate sense of depression to everyone present.

At this moment, Ye Feng's eyes also showed a deep solemn look.

This Black Dragon Venerable has strong cultivation and the body of an ancient black dragon. He is very terrifying and indeed very powerful.

At this time, Ye Feng also took a deep breath, and then the Dark Nine Dragon Cauldron appeared in his hand. He directly used the Dark Nine Dragon Cauldron as a huge hammer, holding the big cauldron in his hand, and pointed directly towards the black dragon high in the sky. The Venerable smashed it down.

"Boom!"

The Dark Nine Dragon Cauldron hit the Black Dragon Venerable hard, and immediately made a huge roar.

Even if the Black Dragon Venerable was very powerful, he still felt huge pain when he endured Ye Feng's violent bombardment.

"boom!"

But at this moment, the black dragon master's dragon tail swept across Ye Feng's body in an instant.

bump!

Ye Feng was swept away directly.

It hit the ground hard and shattered a large area of land.

But Ye Feng climbed up from the ruins without suffering any harm.

On the contrary, the tail of the black dragon that the Black Dragon Master turned into suddenly swelled up.

In the attack just now, almost all the damage caused by the dragon's tail to Ye Feng was rebounded by the back-injury spikes, causing the black dragon master's tail to suddenly swell up.

At this moment, Ye Feng couldn't help but show deep surprise in his eyes.

This set of anti-injury thorn armor is really magical.

Even the power of an ancient dragon like the Black Dragon Venerable can be rebounded.

"hateful!"

At this time, the Black Dragon Lord became furious and said: "Boy, I didn't expect you to refine this set of anti-injury spike armor so quickly. However, the more powerful this anti-injury spike armor is, the more powerful I got it." The happier I am, I will definitely kill you, a brat who doesn't know the heights of heaven and earth!"

"The Black Dragon's World-Destroying Flame!"

boom!

At this moment, the Black Dragon Lord transformed into a giant black dragon. He immediately opened his mouth and spat out a large piece of black flame lava, filled with terrifying burning flames that were about to burn Ye Feng. Burned to ashes instantly.

Because the Black Dragon Master now knows that there is no way to fight against Ye Feng in a head-to-head confrontation, because Ye Feng wears a magical anti-injury spike armor that will rebound damage, which is very weird.

So at this time, the Black Dragon Lord directly used his dragon breath flame to completely burn Ye Feng into nothingness and ashes.

At this moment, Ye Feng immediately shouted: "Life Flame!"

Boom! !

Almost at the next moment, Ye Feng's body suddenly surged with a large amount of flame power composed of various colors, making Ye Feng's whole body seem to have turned into a fire god, and instantly sprayed out the Black Dragon Lord. The black dragon flame was shattered.

"What?!"

Seeing this scene at this moment, the Black Dragon Master immediately widened his eyes and couldn't help but said: "You kid is actually a fire attribute warrior with a native flame, but even a fire attribute warrior cannot. It may be against my own dragon breath fire from the ancient black dragon, but why is your flame so advanced?"

boom!

However, Ye Feng was too lazy to talk nonsense at this time. He rushed directly in front of the black dragon with his own life flames burning all over his body, and then used the Dark Nine Dragon Cauldron in his hand to smash the black dragon's head crazily.

"Crack!"

Even the dragon horns were smashed by Ye Feng, spilling a large amount of dragon blood.

It has to be said that the Dark Nine Dragon Cauldron is indeed a powerful weapon in war, and its destructive power is truly astonishing.

"ah!"

At this time, the black dragon was hit by Ye Feng and screamed in pain.

"this....."

At this moment, everyone present was stunned when they saw the battle scene at high altitude.

Because the true strength that Ye Feng unleashed was really terrifying.

It turned out that even the powerful elders like the Black Dragon Master were unable to fight against Ye Feng.

Some experts couldn't help but trembled and said: "Is this young man really just a warrior at the tenth level of the True Destiny Realm? Why do I feel that his strength has surpassed the Yushen Realm and can compete with the Divine Movement Realm above the Yushen Realm? Comparable to the strong!"

At this time, everyone couldn't help but exclaimed in surprise.

"This young man must be a super genius secretly cultivated by a super power. Otherwise, he would not have such terrifying combat power, and he has endless means and cards."

"Yes, whether it is the big black cauldron or the natal flame he has cultivated, they are incomparable to ordinary geniuses. This is definitely the Qilinzi of a super powerful force in the center of our God Realm!"

At this moment, everyone around them couldn't help but exclaimed in surprise, their voices full of deep shock.

Because they have been practicing for such a long time, this is the first time they have encountered such a monster.

At this time, Ye Feng's eyes revealed a deep look of confidence.

He also didn't expect that with his full strength now, he would be able to fight against a powerful elder like the Black Dragon Venerable, who is at the tenth level of the Divine Education Realm and the Great Perfection!

"Damn it!"

At this moment, the Black Dragon Lord roared loudly, because the black dragon he transformed into was not only of no help, but was beaten with scars by Ye Feng.

At this moment, even the Black Dragon Venerable looked a little frightened. This young man who looked delicate and handsome turned out to be as powerful as an ancient dragon!

Uh-huh!

At this moment, the Black Dragon Master suddenly turned around and rushed quickly in a certain direction in the distance.

"Venerable Black Dragon, are you running away?"

Everyone around looked shocked when they saw this scene.

You know, the Black Dragon Lord is the most powerful person among everyone present.

But he still couldn't beat the boy in white.

"How powerful is this boy in white really?"

At this moment, everyone was left with endless shock.

At this time, when Ye Feng saw that the Black Dragon Master was about to run away, he immediately smiled coldly and said: "When you threatened me just now, did you ever think that you would be so embarrassed? If you can't beat me now, you have to run away. , I won't let you get what you want!"

Space blockade!

At this moment, Ye Feng directly released the power of the space gem, and suddenly he was in front, sealing off the entire world in all directions.

"Rumble..."

At this moment, the Black Dragon Lord suddenly seemed to have hit a wall of air and was bounced back, unable to escape.

Chapter 2850 Peace Agreement

Buzz!

At this time, Ye Feng did not hesitate and flew directly in the direction of the Black Dragon Lord.

Because Ye Feng knew very well that the cultivation of the Black Dragon Master was very powerful. If he could kill the Black Dragon Master and swallow up the blood and energy of the Black Dragon Master, his own cultivation skills would be improved a lot.

Because the cultivation of this Black Dragon Venerable is at the tenth level of the Yushen Realm, the Dzogchen Realm, and he is stronger than almost everyone present.

If you can kill it, not only will you gain a lot, but you will also be able to scare others away from provoking you.

"Don't come over!" ??

At this time, the Black Dragon Lord saw Ye Feng flying directly towards him, and he couldn't help but yell in fear.

He tried desperately to escape at this time, but every time he hit an invisible wall of air, he could not escape from this small world.

This small world seemed to be blocked, completely becoming a space prison.

The power of the space gems used by Ye Feng at this time was naturally extremely magical, turning all the space gems around the Black Dragon Venerable into prisons.

No matter how powerful the Black Dragon Lord is, he cannot escape.

This is the power of the Dominion Gem.

Now, as Ye Feng's cultivation becomes stronger and stronger, he becomes more and more skillful in using the Dominion Gem, and his energy becomes more and more terrifying.

The Black Dragon Lord's eyes were full of fear at this time. He knelt down in front of Ye Feng and couldn't help but kowtowed and begged for mercy: "My lord, have mercy on me. My lord, have mercy on me. I really know that I was wrong and I shouldn't provoke him." Such a mysterious and terrifying existence."

At this time, everyone present saw the scene of the Black Dragon Lord begging for mercy, with deep sighs in their eyes.

Unexpectedly, no one dared to provoke the extremely powerful Black Dragon Lord, but now he surrendered in front of a young man. It really made people lament the impermanence of life.

At this moment, Ye Feng stared at the Black Dragon Lord kneeling in front of him, with a cold smile in his eyes, and said: "What's the use of keeping you alive? I might as well kill you." Kill me, you, this ancient black dragon, are full of treasures."

At this moment, Ye Feng looked at the Black Dragon Venerable like a fat sheep.

That slightly greedy look made the Black Dragon Venerable shudder.

He just felt that the young man in front of him was not a human race at all, but a very terrifying monster, as if it wanted to choose people to devour at any time.

At this moment, the Black Dragon Lord immediately spoke out: "Sir, sparing my life will definitely have a huge effect."

Buzz!

When he said this, the Black Dragon Lord seemed to be afraid that others would hear it. At this moment, he immediately transmitted his spiritual message to Ye Feng and said: "Sir, when you come down to this ancient ancient ruins, is it... Specifically to find the place where the ancient dragon lives. If you can spare my life, I will take you with me to the place where the ancient dragon lives. There must be huge opportunities. If you kill me, it will be forever. I can't find the place where the ancient dragon lives, because I found the way to find the place where the ancient dragon lives in the Ten Thousand Dragons' Lair that I fell into."

"The habitat of the ancient dragon?"

At this time, Ye Feng heard that the Black Dragon Venerable

Saying this, a look of surprise suddenly appeared in his eyes.

He didn't expect that the Black Dragon Lord actually knew such a magical place, because the ancient dragon was not a simple dragon, but a very powerful ancient dragon.

Being able to use the word "god" in front of the title is enough to show the specialness of the ancient dragon.

At this moment, Ye Feng stared at the Black Dragon Lord in front of him and said slowly: "Are you sure you didn't lie? If you dare to lie, then I will make your soul fly away."

The Black Dragon Master immediately couldn't help but said: "Don't worry, sir, I will definitely not lie. You are so powerful that you can kill me at any time. How dare I lie to you, sir."

Hearing what the Black Dragon Master said, Ye Feng nodded slightly. If he had the chance, he would directly use the soul master's method to directly hypnotize the Black Dragon Master.

But it's not possible now, because the Black Dragon Lord is very powerful. If he is forced to be hypnotized, the Black Dragon Lord will definitely not be willing, and will even directly resist with all his strength, or even self-destruct.

Ye Feng is still quite afraid of the Black Dragon Master who has attained the tenth level of the Divine Education Realm.

At this moment, Ye Feng had reached a peace agreement with the Black Dragon Venerable.

As long as the Black Dragon Master takes him to the place where the ancient dragon lives, Ye Feng will not kill the Black Dragon Master now.

After all, Ye Feng now knows very well that if he really wants to kill the Black Dragon Venerable, a powerful man who has attained the tenth level of the Divine Education Realm, he may also suffer heavy losses.

It is equivalent to losing both sides, and it is not conducive to continuing to explore other opportunities in this ancient ruins.

After all, there are many other masters and strong men around here who are eyeing him.

Therefore, you must maintain your state at a relatively peak state, so that you can prevent others from missing it.

And sure enough, at this time, many people around saw Ye Feng and the Black Dragon Master actually stopped attacking and even walked together. It seemed that they had reached some kind of agreement. Many experts in the crowd couldn't help it. Sighed.

Because they originally wanted to wait until the two tigers fought, both sides would suffer, and they wanted to reap the benefits of the fisherman.

But now it's no longer possible.

Because Ye Feng and the Black Dragon Master seemed to have reached an agreement and ceased fire with each other.

In this case, some people want to take advantage of their fight, and in the end both losers will be injured. If they try to snatch the counter-injury stab armor, they will have no chance.

"Let's go. I guess there won't be any chance to snatch the Anti-Injury Spike Armor."

At this moment, many of the experts watching the battle couldn't help but sighed, shook their heads, and then left the scene.

Because they knew that Ye Feng and the Black Dragon Master came together, which was an invincible and powerful combination.

No one dared to provoke these two extremely powerful and brave beings, so everyone left the scene one after another.

At this time, Ye Feng looked at the Black Dragon Lord in front of him and said slowly: "Then let's go directly to the habitat of the ancient dragon now, don't try to play any tricks."

The Black Dragon Lord just smiled slightly at this time and said aloud: "The place where the ancient dragon lives may be in great danger. Sir, we should first look for some other opportunities in this ancient ruins to improve our strength before going there. The habitat of the ancient dragon. "Buzz!"

At this time, Ye Feng did not hesitate and flew directly in the direction of the Black Dragon Lord.
