

## Ancient 2871

Chapter 2871 Chief Coach

Buzz!

Almost at the moment when Ye Feng brought the Thunder Ancestral Talisman close to the silver lightning, the silver lightning seemed to automatically sense something, and it instantly turned into a ray of light and disappeared directly into the Thunder Ancestral Talisman.

"So simple?"

When Ye Feng saw this scene, there was a trace of surprise in his eyes.

Obviously Ye Feng did not expect that the silver lightning would take the initiative to enter the inner space of the Thunder Ancestral Talisman, and seemed to be very honest.

However, Ye Feng was also happy to see this and did not dwell on anything. He collected the Thunder Ancestral Talisman into his body and prepared to leave.

But just when Ye Feng walked out of this ancient ruins.

At the entrance to the ancient ruins, a group of war soldiers wearing armor and with extremely terrifying cultivation auras had surrounded the entrance to the ancient ruins.

At this moment, Ye Feng immediately realized something.

Because he saw that the armors worn by this group of extremely powerful war soldiers were all engraved with golden dragon patterns.

Obviously they all come from the Dragon King Holy Land!

Ye Feng realized something immediately, and couldn't help but murmured: "Could it be that the death of the little Dragon Emperor and the guardian led to the investigation of the Dragon Emperor's Holy Land?"

Ye Feng pretended not to know anything and prepared to leave the ancient ruins directly.

But just when Ye Feng reached the entrance of this ancient ruins.

Suddenly, in the hands of the group of war soldiers guarding the entrance, tokens suddenly lit up.

"It's the death aura of the Little Dragon Emperor and the Guardian!"

"This boy has the death aura of the Little Dragon Emperor and the Guardian! Even if he is not the culprit, he is definitely inseparable from the death of the Little Dragon Emperor."

"Hurry up and control this kid!"

almost there

In an instant, a group of war soldiers around the entrance all shouted loudly.

After hearing the words of these war soldiers, Ye Feng suddenly showed surprise in his eyes.

Unexpectedly, the tokens in the hands of this group of war soldiers from the Dragon King's Holy Land could actually sense the aura of death on their bodies.

It's really kind of magical.

But Ye Feng didn't have much fear towards these soldiers from the Dragon King Holy Land.

Because Ye Feng's cultivation level has been greatly improved this time in the Dragon Burial Land, and his combat power is very terrifying.

At this time, Ye Feng saw a group of soldiers from the Dragon King Holy Land rushing over. He just smiled indifferently and said, "You are no match for me. It's best not to mess with me."

boom!

Almost at the moment Ye Feng finished speaking, a huge and boundless aura suddenly erupted from Ye Feng's body.

"Bang!"

"Bang!"

Almost at this moment, Ye Feng didn't even take action. He just released his momentum and blew away dozens of soldiers from the Dragon King Holy Land who were rushing forward.

"What?!"

"How can this seemingly ordinary boy, so young, have such powerful power?"

At this moment, more than a dozen soldiers from the Dragon King Holy Land couldn't help but exclaimed in surprise.

Because the power Ye Feng released just now was too powerful.

These well-trained soldiers from the Dragon King Holy Land were fully armed, but they could not withstand the momentum Ye Feng released casually.

This is incredible!

"Who is this person? Why is he so qualified as a monster?"

At this moment, a group of soldiers from the Dragon King's Holy Land couldn't help but widen their eyes, feeling extremely frightened in their hearts.

At this time, Ye Feng walked towards everyone step by step, making all the soldiers present in the Dragon King Holy Land feel a deep sense of depression and suffocation.

"I wonder who dares to disobey the majesty of my Dragon King Holy Land!"

Suddenly at this moment, a powerful voice suddenly sounded throughout the entire field.

Along with this powerful voice, a tall middle-aged man wearing golden armor appeared in everyone's sight. .???.??

The moment this tall, middle-aged man wearing golden armor appeared, all the soldiers from the Dragon Emperor's Holy Land were shocked.

Then everyone's expressions became extremely respectful, and they quickly clasped their fists at the middle-aged man in gold armor and said, "See the chief instructor!"

It turns out that this middle-aged man wearing golden armor is the chief instructor of the soldiers of the Dragon Emperor's Holy Land Guard.

This head coach's cultivation is very strong.

It was much more powerful than the protector of the Little Dragon Emperor whom Ye Feng met before.

The cultivation aura of this chief instructor is astonishingly that of the tenth level of the Immortal Movement Realm, Great Perfection!

Even at this moment, Ye Feng felt a palpitating feeling from the head coach who was wearing golden armor.

However, now Ye Feng's cultivation level has been greatly improved.

Although he felt a deep palpitating feeling, Ye Feng was not afraid of the chief coach.

Because Ye Feng's current cultivation strength and methods are enough for Ye Feng to confront this kind of cultivation at the tenth level of the Immortal Movement Realm head-on.

He is a super strong person at the head coach level.

Buzz!

At this time, Ye Feng naturally released a very powerful fighting aura.

Obviously Ye Feng did not plan to escape directly at this time, but wanted to confront the head coach head-on.

These masters from the Dragon King Holy Land always want to hunt him down, which makes Ye Feng very troubled.

So at this time, Ye Feng made up his mind that as long as anyone dared to chase and deal with him, he would kill them all.

Now that Ye Feng has formed such a big grudge against the Dragon King Holy Land, he will probably fight to the death.

So Ye Feng simply let himself go at this time and didn't want to be merciful anymore.

Whoever dares to offend him will be killed by him!

Even if the Dragon King Holy Land is a very powerful super force, Ye Feng doesn't want to think about it that much now.

Instead of constantly running away and taking into account the so-called serious consequences, it is better to fight to the death and kill until others are afraid, ensuring that no one dares to provoke you.

Moreover, Ye Feng's current cultivation strength also gives Ye Feng great confidence in being able to fight against the older masters of these super powerful forces.

At this moment, Ye Feng's fighting spirit boiled, and his eyes were extremely cold and full of challenges.

At this time, seeing Ye Feng's appearance, the head coach wearing golden armor suddenly smiled coldly and said loudly: "You kid, how dare you show your fighting spirit to me? You are really audacious."

boom!

After the head coach said these words, a violent and boundless momentum suddenly burst out from his body, and he rushed towards Ye Feng. Obviously, if he disagreed, he would fight!

Chapter 2872 Directly admitted

Obviously, this head coach was a person with a very hot temper. Before he could finish a few words with Ye Feng, he rushed towards Ye Feng.

It has to be said that the cultivation strength of this chief instructor is still very terrifying. After releasing all his cultivation at this time, all the aura behind him suddenly condensed into a huge golden giant.

Buzz!

As the head coach grabbed Ye Feng with one hand, the golden giant condensed like a martial spirit behind him also grabbed Ye Feng.

When they saw the head coach taking action, the other soldiers from the Dragon Emperor Holy Land who were present all roared in excitement.

"The chief instructor actually released his martial arts holy soul 'Golden Giant Spirit God' at this moment. It seems that the chief instructor attaches great importance to this kid, but this kid will definitely die miserably."

"Of course, this kid will definitely die miserably if he meets a super strong man like the Chief Coach. I can only say that this kid is very unlucky. He happens to be contaminated with the death aura of the Little Dragon Emperor and the Guardian. I don't know. How did he get it?"

...

At this moment, a group of soldiers from the Dragon King's Holy Land were all talking loudly.

Obviously at this time, they did not believe that Ye Feng was the culprit who killed the Little Dragon Emperor and the Guardian.

They just thought that Ye Feng might have accidentally been contaminated with the death aura on the Little Dragon Emperor and the Guardian before they discovered it.

After all, in the eyes of everyone, Ye Feng looks too young, like a fledgling boy.

Even if this young man's cultivation is indeed quite powerful, and he may be a super genius, it is impossible for him to kill a peerless genius like Xiao Longhuang and an elder strongman like the Guardian with one person's power.

Therefore, a group of soldiers from the Dragon King Holy Land would never believe that Ye Feng was the culprit. They just felt that Ye Feng was very unlucky.

A soldier couldn't help but said: "We'd better wait for the chief instructor to defeat this kid and imprison him, and then ask about the specific situation."

Obviously, these soldiers in the Holy Land of the Dragon King feel that it is only a matter of time before a super strong man like the Chief Instructor wants to defeat a young man like Ye Feng.

"boom!!"

However, at the next moment, everyone suddenly saw in horror that after Ye Feng's fist collided with the fist of the golden giant of the martial arts holy soul of the chief instructor, they were evenly matched, and both of them took several steps back.

"What?!"

Seeing this scene not far away, all the soldiers present had deep shock in their eyes.

This is because they originally thought that the head coach could directly suppress a young man like Ye Feng with one hand.

After all, the head coach directly released a powerful trump card like the Golden Giant, so it must be very simple to suppress Ye Feng, and it can be done in a few minutes.

But now they never thought that the young man in white was actually as good as their head coach.

This is really shocking!

Because they know very well how powerful the chief coach of their Dragon Emperor Holy Land is, and he is an elder and strong man in the Dragon Emperor Holy Land.

But I didn't expect that young man to be able to fight him evenly. He was really powerful.

This made all the soldiers of the Dragon King Holy Land present feel deeply shocked and felt a little incredible, because this young man was too powerful, so powerful that they were ridiculously powerful. They had never seen such a powerful young man. One generation, as ferocious as the descendants of the ancient true god!

"very nice."

Suddenly at this moment, the head coach who took several steps back suddenly spoke up.

He stared at Ye Feng in front of him, with a hint of curiosity in his eyes, and then said aloud: "With your strength, I'm afraid you are not inadvertently contaminated with the death aura of the Little Dragon Emperor and the Guardian. You He must be the culprit who killed both of them!"

"What?!"

Hearing what their chief instructor said, a group of soldiers from the Dragon King's Holy Land who were watching suddenly showed deep shock in their eyes.

Originally, they thought that Ye Feng, a young man, was simply an unlucky man.

But now it seems that this young man may really be the culprit!

This is really shocking.

Because Ye Feng does look extremely young.

Moreover, Ye Feng's cultivation level is at the tenth level of the God of Education realm.

Although the cultivation of the tenth level of Yushen Realm is already very powerful.

But it's not strong enough to kill the Little Dragon Emperor and the Guardian.

At this moment, Ye Feng just smiled indifferently and said: "Yes, it was the Little Dragon Emperor and his protector that I killed, because they all deserve to be killed."

"you.....!"

Hearing Ye Feng admit it directly without even bothering to defend himself, the head coach of the Dragon King Holy Land suddenly became a little shocked and angry.

Because Ye Feng's attitude shows that the other party is not afraid of their Dragon King Holy Land at all, and has no awe at all.

At this moment, the head coach's eyes were a little gloomy. He stared at Ye Feng and said loudly: "Since you, a boy, have directly admitted your sins under the spotlight today, you will not be able to escape today. You must I will completely suppress and imprison you, this kid, and then take you back to our Dragon King Holy Land to accept the final trial!"

"No one can judge me!"

Ye Feng immediately laughed out loud at this moment, and then directly burst out with powerful and boundless power, charging forward.

The place where he rushed directly was exactly where the head coach was standing at this time.

At this time, Ye Feng didn't want to escape at all, but wanted to directly kill the extremely powerful head coach in front of him.

At this moment, the head coach was also completely angry.

Because Ye Fengtai didn't pay attention to him, a strong older man.

"I must give this ignorant boy like you a taste of color!"

The head coach shouted: "The body of the golden giant spirit god!"

boom!

Almost at this moment, the chief instructor and the martial arts holy soul released from behind him merged with the golden giant spirit god, and instantly transformed into a majestic golden giant tens of thousands of meters tall, full of energy. of boundless power.

The golden giant spirit god bombarded Ye Feng directly, like ancient gods fighting, erupting with earth-shaking terrifying destructive power, which seemed to be able to shatter the entire earth, and the sky was shaking at this moment. and tremors! The golden giant spirit god bombarded Ye Feng directly, like ancient gods fighting, erupting with earth-shaking terrifying destructive power, which seemed to be able to shatter the entire earth, and the sky was shaking at this moment. and tremors!

Chapter 2873 Evenly matched

Boom!

At this moment, the chief instructor who was fused with the martial arts holy soul was extremely ferocious.

He turned into a majestic golden giant spirit god with a height of tens of thousands of meters. He possessed the majestic power of the ancient gods. Every move he made seemed to be capable of destroying the world and was extremely terrifying.

"boom!"

At this moment, the head coach stretched out a golden hand that covered the sky and struck directly in front of Ye Feng.

This big golden hand is full of terrifying power, giving people a very terrifying coercion and depression.

Chaos body!

Brute force gem!

At this moment, Ye Feng didn't hesitate at all, and directly activated the power of the chaotic body crazily.

In addition, Ye Feng also integrated the brute force gem into his punch.

"boom!!!"

Ye Feng's punch instantly erupted into an earth-shattering energy wave.

In an instant, he collided with that big golden hand.

Boom! !

The entire field suddenly erupted into a terrifying roar that resounded throughout the sky.

"Kick! Kick! Kick!"

And at the next moment, Ye Feng took dozens of steps backward.

The head coach, who had transformed into a golden giant spirit god, stood majestic and motionless.

"Sure enough, it contains the power of the ancient gods. It is very powerful."

Ye Feng couldn't help but murmur at this moment.

At this time, the most shocked person was of course the head coach himself.

Because he transformed into the most powerful golden giant spirit god, he should have been able to crush Ye Feng in an instant.

But what the head coach never expected was that Ye Feng also broke out and could rival him.

The brute force of the Djinn's power.

"This is impossible!"

The head coach's eyes were extremely ugly at this time. He stared at the tiny Ye Feng not far away and said loudly: "Who are you? How can you burst out with power comparable to the gods? It is impossible for a boy as young as you to have such power. With such a profound background, where do you come from and where do you learn from?"

When Ye Feng heard what the head coach said, he immediately smiled lightly and said, "Are you scared?"

The head coach immediately sneered and said: "Just now it was just my ordinary attack. I have not fully exerted the true power of my ancient giant spirit god's body. Since you are so ignorant, then today I will let you know how miserable the consequences will be if you go against me."

"The Ax of the Giant Spirit God!"

boom!

Almost as soon as the head coach finished speaking, countless golden lights suddenly appeared in his hand, forming a huge golden axe.

This golden ax is several kilometers long, just like the God of War's ax gifted by heaven, and is full of terrifying power fluctuations.

"Die!"

The head coach held this golden ax and burst out with tremendous power in an instant, slashing fiercely in the direction of Ye Feng.

As a huge golden ax thousands of meters long chopped down from high in the sky, the entire sky was shaking violently, and the earth was shattered inch by inch.

The terrifying golden ax blade raged in all directions, slashing down like a mark in the sky, seemingly capable of splitting the entire Eight Wastelands in half.

No matter how powerful the existence is, under this axe,

No one can resist, they will be chopped to death and turned into dust.

Buzz!

At this moment, Ye Feng looked at the huge golden ax falling from the sky and felt as if his entire body was about to be broken.

At this moment, Ye Feng immediately understood that this was probably the full blow of the head coach.

Uh-huh!

Ye Feng suddenly thought and put on the anti-injury spike armor, and then directly held the Dragon Song Sword in his hand.

The Dragon Song Sword was obtained by Ye Feng from the palace of the ancient divine dragon clan before. It is very mysterious and contains the power of the ancient divine dragon. It is the sword of an extremely noble royal member of the ancient divine dragon clan. It is very extraordinary.

At this moment, Ye Feng used the anti-injury spike armor to protect his body, and held the Dragon Song Sword tightly with both hands, and then used all his strength to stimulate the power of the Dragon Song Sword.

"I know that your power has not been fully unleashed yet. This time, explode with all your strength!"

Ye Feng stared at the Dragon Song Sword in his hand at this moment, and then frantically poured all his mana into the Dragon Song Sword in his hand.

"kill!"

Ye Feng roared loudly, and the Dragon chanting sword in his hand suddenly bloomed with a bright golden sword light.

hold head high!

Accompanied by an earth-shattering dragon roar, the long sword in Ye Feng's hand immediately inspired a golden sword light that was several kilometers long. It was vast and boundless, and its sharpness was sharp as it slashed forward fiercely. Hit away.

"Boom!!"

The monstrous sword light and the giant spirit battle ax collided together, and the entire world seemed to be caught in the endless aftermath of the collision at this moment.

Nothing can be seen and nothing can be heard. It seems that the whole world has turned into nothing at this moment.

It shattered into pieces, turned into fly ash, and ceased to exist.

"What a terrifying battle..."

At this moment, many soldiers from the Dragon King Holy Land who were watching around, as well as many other masters from various forces who were attracted here, were all deeply shocked by this moment.

Countless people are speculating, who is that young man wearing white clothes and wearing snow?

He was actually able to compete with the long-famous head coach of the Dragon King Holy Land.

He even forced the head coach to display the true form of the Giant Spirit God.

It's really shocking and amazing!

"boom!!"

And at this moment, accompanied by a huge roar, two figures in the sky finally emerged from the aftermath of the collision.

At this moment, everyone saw in horror that one of the head coach's hands had been severed by Ye Feng.

However, Ye Feng's face was quite pale at this moment. It was obvious that he had consumed a huge amount of energy in the sword strike just now, otherwise it would not have been able to cause such great destructive power.

At this time, the eyes of the head coach of the Dragon King Holy Land were extremely gloomy, because he obviously never expected that Ye Feng's sword could burst out with such powerful destructive power, killing one of his giant spirit gods. The hands were all cut off.

The head coach was feeling a little depressed at this moment.

Because he was originally full of confidence and threatened in front of the world that he would soon be able to suppress and capture this boy Ye Feng.

But the result was a slap in the face.

Even now, after fighting for such a long time, Ye Feng still has not been suppressed.

On the contrary, Ye Feng was evenly matched with him.

This naturally made the head coach of the Dragon King Holy Land feel embarrassed.

Chapter 2874 I don't allow it

Just when the entire field fell into silence.

The head coach of the Dragon King Holy Land seems to want to continue the attack.

"Chief Coach, you can't beat this kid, save your strength."

Suddenly a chuckle sounded throughout the entire field.

"Who dares to despise me?"

At this moment, the head coach's eyes suddenly became angry and he looked directly in the direction where the chuckle came from.

Buzz!

At this time, the void in that direction fluctuated.

A mysterious figure wrapped in a black robe suddenly appeared.

The moment this mysterious figure in black robe appeared, the head coach, who was still quite angry, suddenly turned stiff, and seemed to be extremely afraid of this mysterious figure in black robe.

There was a look of fear in the head coach's eyes, and he said loudly: "It turns out to be Lord Ghost."

Lord Ghost?

At this moment, when the head coach said this title, there was a sudden gasp in the entire field.

"Master Ghost? Is he the most mysterious executioner in the Dragon King Holy Land?"

"That's right! It is said that there is a very mysterious executioner in the Dragon King Holy Land. Anyone caught by him will basically die, and the death will be very miserable."

"I have also heard that Master Ghost seems to be a soul master among our human race, and he is also a dark soul master among soul masters. His methods are very evil and terrifying."

...

At this time, the entire field suddenly seemed to be filled with noisy discussions.

At this moment, Ye Feng, who was standing not far away, his eyes suddenly became serious.

He actually sensed right away that the so-called 'Master Ghost' wrapped in black robes was indeed an extremely powerful soul master.

Moreover, Ye Feng was still unable to sense the specific level of this ghost master's aura at this moment.

In other words, the soul power strength of this ghost master may be higher than Ye Feng!

This was the first time Ye Feng encountered such a powerful soul master.

After all, soul masters are very rare to begin with.

Not to mention a powerful soul master who could rival Ye Feng's soul power strength was extremely rare.

But now, someone appeared on the field.

Even Ye Feng had to sigh at this time, the Dragon Emperor Holy Land was indeed a super power with a very solid foundation.

Ye Feng didn't know much about Dragon King Holy Land, and it was far away from Tiandao Holy Land.

But now it seems that the foundation of this Dragon King Holy Land is probably similar to that of the Tiandao Holy Land where Ye Feng is located.

At this time, Ye Feng's eyes were also a little downcast.

Originally, he was neck and neck with the head coach.

Now here comes another mysterious and powerful soul master, Lord Ghost.

Moreover, listening to the comments from people around him, he seemed to be the most terrifying executioner in the Dragon King Holy Land.

Ye Feng guessed that this Master Ghost was definitely not an ordinary soul master, but a being who had mastered many powerful soul attack techniques.

At this moment, Ye Feng had the intention of retreating.

Because there is no need for him to fight head-on with this group of masters from the Dragon King Holy Land.

Ye Feng was ready to stop as soon as he was ready.

After all, I have gained a lot of benefits from coming to this ancient ruins this time.

Ye Feng returned to the sect and digested this period of time.

Everything you get from practicing outside.

As for breaking up with the Dragon Emperor Holy Land?

Ye Feng felt that if he returned to Tiandao Holy Land, Dragon King Holy Land would not come knocking on his door.

After all, the entire land in the center of the God Realm is now fully invaded by the dark race. All the major superpowers have no time to take care of themselves. It is impossible to arbitrarily start a war against the major forces of the same level. ??

"This kid wants to run!"

Suddenly, at this moment, Lord Ghost, who was also a soul master, seemed to sense Ye Feng's intention to retreat. Suddenly, a black scepter appeared in his hand and pointed directly towards Ye Feng's direction.

"The void locks the enemy!"

Buzz!

And at this moment, Ye Feng suddenly discovered that the space around him, including the void, suddenly became as solid as iron. It was like he was imprisoned in a steel prison and could not leave. .

When Ye Feng saw this scene, there was a trace of surprise in his eyes.

I really didn't expect that this Lord Ghost's methods were indeed extraordinary.

Not only does he have the strength of a soul master, but the scepter in his hand seems to be a very powerful space magic weapon, allowing this ghost master to control the power of space.

Being able to turn a void into a prison in an instant is a very powerful method.

Lord Ghost seemed to see the surprise in Ye Feng's eyes at this time, and he immediately let out a faint sneer: "Young man, don't try to resist. A strong man like me has come today. You I definitely can't get away, so I'd better just surrender and capture him."

When Ye Feng heard this, he did not respond and just remained silent.

Although the scepter in the hands of this ghost master is like

It seems to be some kind of powerful space magic weapon. It is very magical, but it cannot be compared with the space gem controlled by Ye Feng.

With Ye Feng's current strength and trump cards, even if he can't defeat him, he can always escape.

But just when Ye Feng was about to use the space gem, he was about to break the shackles of the void prison around him and stay away from here completely.

"Who dares to bully the young disciples of my Heavenly Dao Holy Land?"

Suddenly, an arrogant woman's shout suddenly came from a certain direction not far away.

Buzz!

And almost at the moment when this voice fell, the figure of a heroic young woman descended from high in the sky.

She was wearing a lavender gown, holding an emerald green sword in her hand, with a diamond between her eyebrows, her skin was as white as snow, her posture was graceful, her whole body exuded a faint light, and she looked divine and cold.

Ye Feng's eyes were a little surprised, as if he didn't expect that at this critical moment, a master from the same sect would come to help him.

boom!

At this time, the senior sister from the mysterious Holy Land of Heaven flew towards Ye Feng. Her delicate jade hand grabbed Ye Feng's direction, crushing the space prison around Ye Feng in an instant.

"Very powerful!"

Ye Feng's eyes were suddenly startled.

This mysterious senior sister possesses super strength in every move she makes, and her cultivation must be extraordinary.

Uh-huh!

At this moment, this sacred and aloof young and beautiful senior sister came to Ye Feng's side, glanced at Ye Feng, and said loudly: "Yes, it seems that our Holy Land of Heaven has produced another peerless genius. By the way, My name is Zi Han, and I am the top ten true disciples of our Heavenly Dao Holy Land. I don't allow others to bully our Heavenly Dao Holy Land!"

Chapter 2875 Confrontation at the Soul Level

Zi Han?

The top ten true disciples?

That is, the number one true disciple in the Holy Land of Heaven!

When Ye Feng heard this, his eyes suddenly showed a trace of surprise.

He never expected that such a powerful true disciple-level senior sister would suddenly fall from the sky to save him.

Ye Feng quickly hugged the beautiful and generous senior sister next to him and said loudly: "It turns out to be Senior Sister Zihan. Junior Brother, I have long admired her name. I didn't expect to see her in person today. She is really Junior Brother's." What a blessing."

Zi Han glanced at Ye Feng with a pair of cold beautiful eyes, and said with a smile: "I didn't expect you, junior brother, to be so good at talking, which makes me very happy. Today you and I will join forces to defeat these two people from the Holy Land of the Dragon King who bully the young. All the so-called masters were slaughtered."

Zi Han looked very cold and holy, but when he spoke, he was boiling with evil energy and extremely fierce.

Ye Feng's eyes were a little surprised. He didn't expect that this beautiful senior sister who looked cold and noble had a completely different personality and appearance.

However, this senior sister's character is simple and direct, with a boiling evil spirit, which suits her very well.

Ye Feng immediately nodded and said: "The chief instructor of the Dragon King Holy Land is handed over to you, Senior Sister Zihan. That Lord Ghost is a mysterious dark soul master, and I will deal with it."

Buzz!

At this time, Ye Feng said, and a huge soul power suddenly surged out of his body.

Sensing the soul power in Ye Feng, Zi Han, who was standing next to him, suddenly had a look of surprise in his beautiful eyes, and couldn't help but said: "So, junior brother, you are still a soul master, a fellow soul martial practitioner, you are awesome. "

"I'm going to kill the enemy first!"

After Zi Han finished speaking, his cold beautiful eyes suddenly became boiling with murderous intent, and the emerald war sword in his hand suddenly erupted with streaks of tearing heaven and earth.

The terrifying sword light, like a female sword goddess, rushed directly towards the head coach of the Dragon King Holy Land not far away.

Ye Feng's eyes suddenly lit up when he saw that Senior Sister Zihan would kill as she said without any hesitation.

This fellow senior sister is very to my liking!

"hateful!"

"Why is there such a powerful genius disciple of the Heavenly Dao Holy Land nearby?"

At this time, the faces of the head coach and Lord Ghost of the Dragon King Holy Land opposite became very ugly.

It would have been difficult to deal with Ye Feng alone.

But now, another senior sister who seems to be even more powerful than Ye Feng has appeared.

It was really unexpected by a group of experts from the Dragon King Holy Land.

At this time, Lord Ghost immediately rushed towards the female swordsman Zi Han, preparing to deal with this pure warrior first.

"Your opponent is me."

But suddenly at the next moment, Ye Feng's voice with a faint smile suddenly sounded in Lord Ghost's ears.

Uh-huh!

Ye Feng blocked Lord Ghost's way in an instant, with a hint of joking in his eyes, and said loudly: "Not only do you have helpers, I also have helpers."

Master Ghost said coldly: "Boy, you have almost exhausted your strength in the battle with the chief instructor just now. Now you dare to block my way, you are really going to die."

"Hahaha!"

But Ye Feng laughed loudly at this moment: "You underestimate me too much, and I will fight with you."

At the soul level, my soul power is very sufficient. "

boom!

Almost at the moment Ye Feng finished speaking, Ye Feng instantly burst out with an extremely huge wave of soul power.

Buzz!

At this moment, the battle between the two people is a confrontation at the soul level. It is not as gorgeous as the battle between warriors, but it is full of life and death crises.

Because a normal person can easily recover if his body is injured.

But if the soul is severely damaged, there will be huge sequelae and it will be difficult to completely recover.

At this time, Lord Ghost also instantly released his extremely powerful soul power. ??

"Thorn of the Void!"

Lord Ghost used a powerful soul skill at this time, and all his soul power immediately condensed countless soul thorns.

These soul thorns all appeared around Ye Feng in an instant, and seemed to be about to pierce into Ye Feng's head the next moment.

"Soul Emperor Seal!"

boom!

Ye Feng directly released his soul body at this moment.

Buzz!

A dark soul giant rushed out of Ye Feng's mind, smashing all the soul thorns flying around him.

"Um?"

When Lord Ghost saw this scene, his eyes suddenly showed a trace of surprise, and he couldn't help but said: "Oh? I didn't expect that the soul power of a young man like you is quite powerful, and you can actually defeat me. All the soul thorns released were resisted, which surprised me a little, but then you didn't do that.

Good luck, I will completely obliterate your soul next. "

"Dark Harvest!"

At this moment, the ghost master once again displayed a very ancient dark soul method.

His soul suddenly turned into a dark cloud, instantly covering Ye Feng's entire body.

Then almost at that moment, a very strong soul-corrosive power was about to corrode Ye Feng's soul into a puddle of mud.

At this moment, Ye Feng could feel that his entire soul seemed to be trapped in a soul quagmire full of corrosive power. He was unable to extricate himself and was about to be completely obliterated by the corrosive power in this quagmire.

"Thunder Emperor!"

Faced with this dark soul attack method, Ye Feng had almost no hesitation and directly called out the Thunder Emperor in the Soul Emperor Seal.

At this moment, the dark soul giant on Ye Feng's body suddenly burst into brilliant light of thunder, and instantly bombarded the surroundings.

Wow!

Countless soul thunders shattered all the corrosive soul quagmire covering Ye Feng's soul in an instant.

At this moment, the quagmire of darkness shattered, and Ye Feng suddenly felt that his soul had suddenly entered the light from darkness again, becoming suddenly enlightened.

"ah!"

But at this moment, the screams of Lord Ghost came from all around.

Ye Feng immediately looked not far away, and immediately saw the power of soul thunder he had released. As expected, it has a natural suppressive effect on dark souls. It directly shocked the dark soul body of the ghost master. He screamed endlessly.

Chapter 2876 Martial Arts Holy Soul

Uh-huh!

At this moment, Ye Feng flew in front of Lord Ghost in an instant.

At this time, Lord Ghost's entire body was enveloped by the power of thunder released by Ye Feng.

No matter how many tricks Mr. Ghost has, he still cannot escape from the soul-level thunder grid released by Ye Feng using Thunder Emperor at this moment.

At this time, Ye Feng suddenly smiled lightly and said, "Aren't you going to kill me? Keep killing me now!"

Master Ghost was trapped in a thunder grid at this moment. At this moment, he was staring at Ye Feng outside, his eyes suddenly became extremely difficult to see.

Because he never thought that Ye Feng, this seemingly young boy, was not only a soul master, but also a soul master with the rare thunder attribute!

At this time, Master Ghost seemed to have thought of something, and he couldn't help but said: "A soul master with the thunder attribute, are you the descendant of a big shot in the Thunder God Soul Palace? Are you practicing in the Holy Land of Heaven? I and the Thunder God Soul Palace I have some connections with the Great Protector, and we have a very good relationship. Please don't kill me!"

When Ye Feng heard what the ghost master said, he immediately showed a faint smile on his face and said: "I don't understand what you are talking about at all, and I have never heard of the Thunder God Soul Temple, so next, Just die in peace!"

boom!

Almost at this moment, Ye Feng did not hesitate and fully activated all the power of thunder.

"ah!"

Accompanied by a shrill scream, Lord Ghost was finally electrocuted to death by Ye Feng's thunder power, and his soul was wiped out.

"Swallow!"

At this moment, Ye Feng stretched out his hand, and a dark vortex suddenly appeared in the center of his palm.

"Crash..."

hidden in this secluded

All the soul power in Lord Soul's head was absorbed by Ye Feng at this moment, and then swallowed directly.

Buzz!

Ye Feng's soul power strength suddenly began to increase rapidly at this time.

boom!

Level 440,000!

boom!

Level 450,000!

boom!

...

boom!

Five hundred thousand level!

After digesting all the soul energy of Lord Ghost, Ye Feng's soul power successfully increased to a full five hundred thousand levels!

At this time, Ye Feng collected Master Ghost's storage ring. After exploring it with his spiritual sense, he found that there were many inheritances of dark soul masters in it. For Ye Feng, it was a big gain.

"ah!"

And suddenly at this moment, a huge scream suddenly sounded from a certain direction not far away.

Ye Feng immediately looked in that direction and found that the head coach of Dragon King Holy Land had been severely injured by Senior Sister Zihan and had fled the scene.

Uh-huh!

Zihan's graceful and beautiful figure flew over and stood in front of Ye Feng. Her eyes were filled with murderous intent and she said loudly: "Unexpectedly, the chief coach of the Dragon King Holy Land is quite powerful and has very tenacious vitality. I couldn't bring him down." He was completely killed, but he was severely injured. In a few decades, he could not recover from his injuries and was considered useless. "

Ye Feng nodded slightly and said aloud: "Senior Sister Zihan, you are already very powerful."

What Ye Feng said at this time was not a compliment, but the truth.

.

Because Ye Feng was on par with the head coach before.

Now that Senior Sister Zihan was able to severely injure the head coach of Dragon King Holy Land and escape, she was already very powerful.

Uh-huh!

At this time, Zi Han suddenly turned over her hand, and an ancient book stained with a few drops of blood was suddenly thrown out by her and thrown into Ye Feng's hand.

Zi Han said aloud: "This is what I got by cutting off the finger of the Dragon Emperor Holy Land's chief instructor wearing the storage ring. It is the cultivation method of the Golden Giant Spirit God, the martial arts holy soul. I am not interested in this. , this is specially practiced by strong-blooded men, and it should be quite suitable for you, Junior Brother Ye Feng."

When Ye Feng heard this, his eyes immediately lit up with joy. He didn't expect that Senior Sister Zi Han would be so generous.

Ye Feng had seen before how powerful and ferocious the martial arts holy soul, the golden giant spirit god, displayed by the head coach of the Dragon King Holy Land was.

This is an extremely precious inheritance. It is a rare method of cultivating the holy spirit of martial arts. It may be the inheritance of the Zongzong in the Holy Land of the Dragon Emperor.

At this time, Ye Feng immediately clasped his fists and said loudly: "Thank you so much, Senior Sister Zihan! No reward will be given for no merit. If Senior Sister Zihan needs me to do anything next, I will do it without any hesitation."

Ye Feng has always been a person who knows how to repay kindness.

If others are kind to you, you will also be kind to others.

At this time, Zi Han seemed to have thought of something. She looked around with her beautiful and cold eyes, and suddenly asked: "Where is the ghost master who is fighting against you? Is he lurking? He is known as the most powerful in the Dragon King Holy Land. The executioner is very terrifying and his methods are dark and cruel."

When Ye Feng heard this, he immediately smiled and said, "Sister Zihan, don't worry, then

This ghost master has been completely obliterated by me. "

After finishing speaking, Ye Feng pointed to this place in the air.

Zihan looked down and found a body on the ground.

It's Lord Ghost's body!

"this.....!"

Zi Han was a little shocked. He didn't expect that the mysterious and terrifying Lord Ghost would die here, in the hands of Ye Feng, a young junior brother who looked extremely young.

This made Zi Han couldn't help but look at Ye Feng for a while with her beautiful and cold eyes.

Ye Feng was not embarrassed by being stared at. He just smiled generously and said: "Senior Sister Zihan, no matter what, thank you for your help this time, otherwise I might really have to run away in embarrassment."

"It doesn't matter."

Zi Han stretched out a pair of fair and slender hands like an elder sister, patted Ye Feng's shoulders, and said loudly: "You and I are the same disciples, and we should help each other outside. These elders in the Dragon King Holy Land are strong. They really don't know any sense of shame, and they actually bully the smaller ones, and join forces to bully a junior like you, Junior Brother Ye Feng. It's really abominable. I've taught them a lesson this time, just to teach them how to behave outside."

When Ye Feng heard what Zi Han said was so wild, he immediately smiled and said, "Senior sister is amazing. By the way, what are your next plans? Senior sister is also looking for opportunities near this ancient ruins."

Zi Han nodded slightly and said aloud: "This time I came here not only to find some opportunities, but also to complete a secret mission assigned to me by the upper level of the sect."

When Ye Feng heard this, his eyes immediately moved and he couldn't help but ask: "What secret mission? If Senior Sister Zihan needs it, I can help. After all, I owe Senior Sister Zihan a favor to you."

Chapter 2877 Ruined Land

At this moment, hearing what Ye Feng said, Zi Han smiled slightly and said: "If you, Junior Brother Ye Feng, are willing to help, that would be great. Originally, I didn't plan to bring others with me to complete this secret mission. Because it is more dangerous, I want to undertake it alone, but after seeing Junior Brother Ye Feng's incomparable strength, I don't worry anymore. With Junior Brother Ye Feng's help, this secret mission should be completed safely. "

Hearing this, Ye Feng became more and more curious about the secret mission that Senior Sister Zi Han had taken over.

However, Zi Han didn't seem to plan to tell Ye Feng immediately, as if he was afraid that Ye Feng would choose to retreat out of fear if he knew about it in advance.

Of course, this was Ye Feng's guess. He felt that this senior sister could not trust his courage.

Next, Ye Feng did not ask for details, but followed Zi Han, a powerful senior sister, and quickly moved towards the other direction of this ancient ruins.

Along the way, Ye Feng saw many dilapidated buildings.

Most of them are ruins left behind by the ancient cultivation civilization.

The entire surrounding environment exudes a very withered atmosphere, which makes people feel very depressed inside.

Soon, Zi Han in front stopped.

At this moment, Zi Han, a beautiful and cold figure, was standing on the top of a mountain in front, looking forward.

Uh-huh!

Ye Feng ducked over and stood beside Zi Han.

Zi Han pointed forward and said loudly: "Look, that's where the secret mission I want to complete is."

Ye Feng looked not far away, and immediately saw that at the front of the mountain under his feet, he saw an extremely desolate and ruined land.

This ruined land is extremely vast and desolate, and looks like a doomsday ruins-like scene.

At this time, Ye Feng had some surprise in his eyes.

Because in the vast and endless ruined land ahead, there is actually a very strong dark aura, surging in the entire air, very strong.

Even though Ye Feng was standing on the top of this mountain, which was still quite far away from the ruined land, he still felt a very terrifying feeling of darkness at this moment.

At this moment, Ye Feng couldn't help but look at Zi Han beside him, and asked aloud: "Senior Sister Zi Han, this is the place where the dark race lived in the past, and it still has such a strong dark atmosphere. , it still feels extremely eerie and terrifying."

Hearing what Ye Feng said, Zi Han glanced at Ye Feng beside him in surprise, couldn't help but nodded slightly, and said loudly: "Junior brother Ye Feng, you are right, this ruined place was indeed a powerful place in the past. The place where the incomparable dark race lives is now ruined and turned into a vast and endless ruins. However, there is still a huge danger in it. The crisis from the dark race is always present, so we are about to enter this place soon. This is a ruined land of dark races. If Junior Brother Ye Feng is unwilling to go into this darkness, you still have a chance to regret it. "

After Zi Han finished speaking, a pair of cold and beautiful eyes immediately stared at Ye Feng.

Ye Feng grinned at this time and said: "I entered the darkness

The territory of the race is equivalent to coming to paradise. What do I have to be afraid of? I will go with my senior sister! "

Hearing what Ye Feng said, Zi Han seemed to be relieved, and a beautiful smile suddenly appeared in his beautiful eyes, and he said loudly: "Okay, I really saw you right, Junior Brother Ye Feng."

After Zi Han finished speaking, he immediately jumped up and flew directly towards the ruined land of the dark race in front of him.

Uh-huh!

At this time, Ye Feng quickly followed behind and couldn't help but ask: "Senior Sister Zihan, can you tell me now what your secret mission is this time?"

Zi Han nodded slightly and said aloud: "This time, the superiors of the sect sent me here secretly to find something very special from this ruined land of dark races."

Ye Feng's eyes moved and he said, "What special thing?"

Zihan said slowly: "This ruined land was the home of a very powerful and glorious dark race. Among that dark race, there was born an emperor recognized by all the dark races, called 'Dark Demon Emperor', this time the upper echelons of the sect received secret news that an eye of that Dark Demon Emperor still existed in this ruined land. Therefore, what I came to look for was that Dark Demon Emperor's eye. The eyes of the emperor."

When Ye Feng heard this, there was a trace of surprise and confusion in his eyes, and he couldn't help but ask: "Looking for an eye of the Dark Demon Emperor? Or is it that the upper echelons of the sect specially secretly sent a peerless talent like Senior Sister Zi Han? Come and find out, do the eyes of the Dark Demon Emperor have any special function that deserves the caution of the upper echelons of the sect?"

Zi Han shook his head slightly and said aloud: "I don't know much about this. Anyway, my mission is to find the eyes of the Dark Demon Emperor. Before I left, I overheard several seniors from the sect. We have mentioned a few words, and it seems that if we find the eye of the Dark Demon Emperor and take it back, the upper echelon of the sect will be able to observe the latest developments of the entire dark race through the eyes of the Dark Demon Emperor. Dynamic, because the eyes of the Dark Demon Emperor are invisibly linked to all the dark races. If our Holy Land of Heaven can grasp the dynamic pattern of the entire dark race through the eyes of the Dark Demon Emperor, it will be of huge benefit to the next dark war. Our Holy Land of Heaven will control the latest dynamic news of the dark race to avoid various war risks or obtain huge war opportunities. "

When Ye Feng heard Zi Han's explanation, he immediately understood that the function of the Dark Demon King's eyes was like a war detector.

This is indeed a very important thing for the Holy Land of Heaven.

Because it has huge strategic significance.

At this time, after Ye Feng basically understood everything, he didn't ask any more questions.

Ye Feng is not very interested in the eyes of this Dark Demon Emperor.

Because Ye Feng has no interest in observing the movements of the major dark races.

This time when I come to this ruined place of the dark race, I should help this senior sister Zi Han.

Of course, Ye Feng is also looking forward to other wealth that may be left by the dark race in this ruined land. At this moment, hearing what Ye Feng said, Zi Han smiled slightly and said: "If you, Junior Brother Ye Feng, are willing to help, that would be great. Originally, I didn't plan to bring others with me to complete this secret mission. This ruined land is extremely vast and desolate, and looks like a doomsday ruins-like scene.

At this time, Ye Feng had some surprise in his eyes.

Because in the vast and endless ruined land ahead, there is actually a very rich dark aura, surging in the entire air, very rich.

Even though Ye Feng was standing on the top of this mountain, which was still quite far away from the ruined land, he still felt a very terrifying feeling of darkness at this moment.

At this moment, Ye Feng couldn't help but look at Zi Han beside him, and asked aloud: "Senior Sister Zi Han, this is the place where the dark race lived in the past, and it still has such a strong dark atmosphere. , it still feels extremely eerie and terrifying."

Chapter 2878 Ancient Altar

Swish, swish, swish!

At this time, Ye Feng and Zi Han were quickly traveling through this dilapidated land left by the dark race.

For them, the most important task now is to find the eyes of the Dark Demon King back then.

Ye Feng couldn't help but asked: "How to find the Eye of the Demon King? Does Senior Sister Zihan have any special method?"

Zi Han nodded slightly, turned his white plain hand, and a golden eyeball suddenly appeared in his palm, and said loudly: "This is the left eye of the Demon King's Eye. It was temporarily given to me by the upper class of the sect. It can sense the demon." The right eye of the Emperor's Eye, only when two Demon Emperor's Eyes merge into one, can it help the upper levels of the sect detect the dynamics of the dark race. "

When Ye Feng heard this, he immediately understood.

Zi Han's eyes were a little helpless at this time, and he said aloud: "But so far, we have walked such a long distance in this ruined land, and the Demon Emperor's left eye in my hand has not shown any fluctuations. It is still there for the time being. I can't sense the exact location of the Demon King's right eye."

Ye Feng immediately smiled and said: "It won't happen so soon. This ruined land of the dark race is so vast. The Demon Emperor's right eye may be buried very deep in this ruined land. Let's continue. Go forward."

"good."

Zi Han nodded immediately, and then said nothing more, but continued to move towards the deepest part of this ruined land.

But just when the two of them arrived at the center of this ruined land.

Buzz!

Suddenly, a very violent fluctuation suddenly attracted the two of them.

"It seems like a very magical wave?"

Ye Feng sensed it and couldn't help but said: "It is very likely that it is the whereabouts of the dark race."

Zihan nodded slightly and said aloud: "Since we have encountered the dark species,

tribe, then just go take a look, maybe you can catch a few dark races, and find out where the Dark Demon Emperor fell. "

When Ye Feng heard what Zi Han said, he immediately showed a look of approval in his eyes and said loudly: "Senior Sister Zi Han, your plan is very good. Maybe you can really catch the dark race who know the Eye of the Demon King. After all, This area is the place where the dark races have survived since ancient times. The dark races that are still surviving today must know what happened here in the ancient times. "

Zi Han nodded slightly, then led Ye Feng to fly quickly in a certain direction not far away.

Ye Feng possesses powerful soul power and quickly discovered the source of the demonic fluctuation just now.

This is a broken palace area.

In a splendid and tall hall in the middle, more than a dozen tall dark races were spinning rapidly around a huge ancient altar, not knowing what they were doing.

"It looks like they are offering sacrifices to something."

When Zi Han saw this scene from high in the sky, a trace of surprise suddenly appeared in his eyes.

Ye Feng said aloud: "Let's take action directly."

"good."

Zi Han didn't hesitate or hesitate, and immediately flew towards the palace below.

"Xuantian Spiritual Hand!"

boom!

Zi Han displayed a powerful martial arts inheritance.

Her palm suddenly expanded into a huge palm made of white jade, exuding a bright light, and in an instant

It was bombarded.

"Boom!"

Along with a huge roar, seven or eight of the dozen dark races surrounding the altar were killed by Zihan in one fell swoop.

Uh-huh!

At this time, Ye Feng also took action instantly, releasing a punch directly, and a light wave of punch power blasted out, instantly shattering several dark races.

Both of them are extremely talented, and the combat power they unleash is naturally very powerful, and few opponents can resist it.

So at this moment, the group of dark races below didn't even react, and they were almost killed.

Only one dark race was left alive, lying on the spot, shivering.

Uh-huh! Uh-huh!

Zi Han and Ye Feng came down instantly and stood in front of this dark race.

This dark race is the living creature they left behind, specially used to ask for news.

At this time, Zi Han asked aloud: "Tell me the truth about the Dark Demon Emperor, and I can spare your life."

"boom!"

But the next moment, the only surviving dark race suddenly stood up and crashed to death on the altar in the middle of the hall.

Even Ye Feng and Zi Han didn't react and didn't have time to stop them.

"..."

Both of them were silent.

I didn't expect this dark race to be so unafraid of death.

But the next moment, Ye Feng said out loud: "Next time I find other dark races, I can use the soul master method to control these dark races first and prevent them from committing suicide."

"Um.

"

Zi Han nodded, with a hint of tiredness in his beautiful eyes, and said loudly: "We have been looking for the Eye of the Demon Emperor in this ruined place for the past few days. We are also a little tired. Let's rest here. Just give it a try."

Ye Feng glanced at Zihan in surprise. He didn't expect that the other person would get tired so quickly.

I never seem to feel tired or fatigued.

It has always been a struggle.

However, Ye Feng thought about it. His physique was different from ordinary people and he was full of energy, which was normal.

Not everyone is as active and lively as I am all the time.

At this time, Ye Feng nodded, sat down in the hall, and said: "Since senior sister is tired, let's rest in this hall for a while."

At this moment, Zi Han also sat down, clasped his hands, and a faint spiritual light emanated from his whole body. He seemed to be using a cultivation method to quickly restore his energy, making Zi Han instantly It seems to have a hazy sense of sanctity and beauty.

Buzz!

At this time, Ye Feng's powerful perception suddenly seemed to sense something, and he suddenly looked towards the altar in the middle of the hall.

I saw that this ancient altar was rapidly absorbing the blood of the dark races that had died before.

Then, jet-black light began to emit from the ancient altar, which was extremely evil.

"There should be some evil presence reviving in this ancient altar."

Zi Han also sensed this evil fluctuation at this moment, and immediately opened his eyes, his beautiful eyes staring at the ancient altar.

Ye Feng nodded slightly, and Zi Han stood up one after another, ready to prepare.

Chapter 2879 Two-Winged Demon

Buzz!

At this moment, a very evil wave suddenly emitted from the ancient altar.

Ye Feng and Zi Han were both standing there at this moment, staring closely at the ancient altar.

"Buzz!"

Suddenly at this moment, a pitch-black aura surged out of the ancient altar.

This pitch-black darkness condensed directly into a door of darkness in the next moment.

Uh-huh!

Almost at this moment, a blood-red palm, as red as if stained with blood, stretched out from the door of darkness.

"boom!"

At this moment, accompanied by a surge of black energy, a tall, two-winged demon covered in blood-colored scales flew out of the Dark Door, filled with a terrifying aura.

The moment this blood-red scaled winged demon came out, he immediately smiled coldly and said loudly: "I finally revived again. I didn't expect that there are two human races here. It just so happens that I will bring you two together." If everyone swallows them all, it will help me recover a lot of my skills."

boom!

After the two-winged demon finished speaking, he immediately charged away in the direction of Ye Feng and Zi Han.

"Let's take action together!"

The two looked at each other and both felt the power of this two-winged demon.

This two-winged demon was filled with demonic aura, as if he had just crawled out of hell. He was very terrifying.

At this moment, the two-winged demon waved two huge wings. These two dark wings suddenly became extremely huge, covering the sky and the sun, and shrouded Ye Feng and Zihan.

"Six Paths of Reincarnation Fist!"

Ye Feng roared and punched out with a fierce punch. Immediately, an extremely powerful light wave burst out from his fist, which directly hit

On one of this demon's wings.

boom! !

Accompanied by a huge roar, Ye Feng's fist did not knock back the demon's wings. Instead, Ye Feng felt a very strong counter-shock force, which hit his own fist, causing Ye Feng's fist hurt a little.

"This two-winged demon is definitely a very terrifying ancient demon. The demon's body is too powerful."

Ye Feng couldn't help but murmured.

At this time, Ye Feng suddenly thought that the strength of his Chaos Body had not been improved for a long time.

Now, as Ye Feng's cultivation continues to improve, the opponents he encounters are becoming more and more powerful.

The current strength of the Chaos Body made Ye Feng feel a little useless.

"It seems that after completing the mission this time, I still have to find a way to improve my Chaos Body."

Ye Feng secretly thought in his heart that after returning to the Holy Land of Heaven this time, he would definitely sell all the wealth he did not need, and then buy all kinds of special and incomparable solid materials, and extract them with God Clan gloves to strengthen and improve his Chaos body strength.

And just when Ye Feng was thinking.

"Wanjian Chaozong!"

Not far away, Senior Sister Zi Han gave a fierce shout and displayed a very powerful swordsmanship.

"boom!"

The emerald sword she held in her hand instantly burst out with thousands of turquoise sword lights, like a flood in the sky, instantly stabbing the other wing of the two-winged demon.

"Click, click!"

But what made Senior Sister Zi Han's eyes change slightly?

However, the thousands of sword lights she released at this moment did not cause any damage to this demon's wings.

Instead, the sword light, which was enough to penetrate gold and crack iron, pierced the demon's wings, and all of them were shattered inch by inch.

The layers of crimson scales covering this demon's wings are as if they are made of the strongest divine iron in the world, and are indestructible.

At this moment, the double-winged demon immediately showed a deep sarcasm on his face, and said loudly: "I am not an ordinary demon, I come from the Gate of Darkness and have the noble blood of Asura." Demon, the power of you two little humans can't hurt me at all! You will soon become the food of this demon!"

Boom!

At this time, the two-winged demon quickly waved its wings. The huge wings covered the sky and the sun, and continued to sweep towards Ye Feng and Zi Han. It was very depressing and suffocating.

It was as if the whole world was oppressed, it was very terrifying.

At this time, Ye Feng no longer hid, he directly integrated the brute force gem and the space gem into his fist, and then punched it out with a fierce fist.

"boom!!"

At this moment, the fists that merged with the two domination gems suddenly burst out with a monstrous brute force and spatial fluctuations.

A punch that contained infinite brute force and terrifying spatial power instantly erupted from Ye Feng's punch, and suddenly hit one of the demon's wings.

This time, Ye Feng's fist was not repulsed, but was so powerful that he punched through the demon's wings with a "puff" in an instant!

"ah!"

Originally proud

Yang Yang, the two-winged demon, suddenly looked extremely painful at this moment.

His wings were like human fingers, and the fingers were connected to the heart. At this moment, the demon's wings were punched through by Ye Feng, and naturally he felt huge pain instantly.

At this time, Ye Feng showed a cold smile in his eyes.

The skill of this punch has been accumulated for decades.

No joke!

"What a strong punch!"

"The impact and destructive power are terrible!"

"More destructive than the sword in my hand!"

At this moment, Senior Sister Zi Han, who was standing next to Ye Feng, suddenly had a look of surprise in her eyes.

Because of the grace of Ye Feng's punch, Zi Han felt a shock. It can really be described as "the punch can break the sky", the power is amazing.

Zi Han couldn't help but said: "Junior brother Ye Feng, the punch you just made didn't seem to have any martial arts inheritance. I didn't expect that such a terrifying power could burst out in an instant. It is really powerful."

Ye Feng smiled slightly, looked at the beautiful senior sister beside him, and said loudly: "My punching power has always been very powerful, and ordinary people can't resist it."

"you....."

At this time, seeing Ye Feng and Zi Han seeming to be chatting, the two-winged demon suddenly showed deep shock and anger in his eyes, and couldn't help shouting: "I'm so angry with you! You and I are so angry!" Damn it, you still have time to flirt with me during a battle with demons!"

When Ye Feng heard what the two-winged demon said, he immediately laughed out loud: "I look down on you, what's wrong?"

The two-winged demon's face turned purple with anger, and he shouted: "I'm terrible! I'm a devil! Don't laugh!"

Chapter 2880 I am really the Dark Demon King

When Ye Feng heard the two-winged demon say such words, a trace of surprise suddenly appeared in his eyes.

I didn't expect this two-winged demon to have such a strong self-esteem.

"boom!"

At this time, Zi Han suddenly appeared in front of the two-winged demon.

"Heaven Locking Ring!"

A silver ring-shaped magic weapon like a diamond flew out of Zi Han's hand, instantly trapping the two-winged demon.

The power source of this two-winged demon seemed to come from two huge wings. Now that Ye Feng used his master to penetrate one of the wings, a lot of his power was immediately consumed.

At this moment, the two-winged demon was locked by Zi Han's sky-locking ring, and he could not escape the restraint no matter how hard he struggled.

Zi Han spoke slowly and said: "Don't waste your efforts. This sky-locking ring of mine is cast from meteorite iron. Even super strong men at the creation level who have surpassed the Immortal Ascension Realm cannot destroy it. You can lose this kind of material, let alone a demon from the sixth level of the Immortal Ascension Realm."

"I'm no ordinary devil!"

The two-winged demon shouted, very angry: "I am a noble demon with the blood of the noble Asura!"

Snapped!

At this time, Ye Feng slapped the two-winged demon directly on the head, almost breaking the devil's horns on the two-winged demon's head.

Ye Feng said directly: "Stop talking nonsense and listen to our questions quietly."

"hateful."

The two-winged demon covered his head, feeling that his horns were about to break. He glanced at Ye Feng and said with some surprise: "How come you, a boy from the human race, have such an outrageous body strength?"

When Ye Feng heard this, he just smiled slightly and didn't say much.

At this time, Zi Han said aloud: "Answer my question immediately, and I can spare your life."

The two-winged demon glanced at Zihan and couldn't help but said: "Why do you humans have so much trouble talking? If you have any questions, just say it directly, no matter what nonsense you say."

Zi Han glanced at the two-winged demon coldly, and then said aloud: "Let me ask you, in this ruined land, a very powerful Dark Demon Emperor was born. Where did that Dark Demon Emperor die? Where in this ruined land?"

"Dark Demon Emperor..."

The two-winged demon suddenly fell into silence.

Ye Feng couldn't help but ask: "Speak!"

The two-winged demon glanced at the two people in front of him and said loudly: "I am the Dark Demon King."

"??"

Hearing what the two-winged demon said, Ye Feng and Zi Han both had deep astonishment in their eyes.

Ye Feng glanced at the two-winged demon and said, "It doesn't look like it. Are you deliberately deceiving us?"

"I really didn't fool you."

The two-winged demon said aloud: "I am really the Dark Demon Emperor, it's up to you to believe it or not."

Seeing the appearance of this two-winged demon, Ye Feng looked at Zi Han beside him and said, "Senior Sister Zi Han, do you think this two-winged demon is the Dark Demon Emperor?"

"What double-winged demon? Please call me Lord Demon Emperor!" The double-winged demon immediately shouted angrily.

Zi Han stared at the two-winged demon in front of him at this moment, and couldn't help but said: "Believe him for the moment."

Once, as long as he can lead us to find the other eye of the Dark Demon King. "

The two-winged demon spoke out at this time: "I know where my body fell. I have come back to life in this life. You just need to let me go, listen to my words, and wait until I grow up again and have the magic power I had back then." With the strength of the emperor at his peak, I will reward you with great rights, so that you can eat well and drink spicy food every day."

Zi Han was obviously speechless at this time. He didn't expect that the two-winged demon in front of him would talk so wildly, and he also looked nonsensical, giving the impression of being very unreliable.

At this time, Ye Feng said aloud: "This Demon Emperor, we now believe that you are the Demon Emperor back then. Now stop talking nonsense and lead us to find the second eye of your Demon Emperor's body." Come on, be quick and don't think about escaping."

The two-winged demon immediately nodded and said: "As long as you don't kill me, everything will be fine. I will take you immediately to find the second eye of my body."

At this time, Zihan also nodded slightly, stretched out his hand and began to control the sky-locking ring.

The silver ring immediately shrank rapidly, and finally turned into a collar, bound around the neck of the two-winged demon.

The two-winged demon immediately said speechlessly: "You feel like you are wearing a dog collar on me, damn it."

Zihan glanced at the two-winged demon and said loudly: "This is my back-up plan. If you dare to have any bad intentions against me and Junior Brother Ye Feng, I can control this sky-locking ring and kill you in an instant." Your neck will be strangled, and your life force will disappear instantly!"

At this time, after hearing Zi Han's murderous words, the two-winged demon did not dare to say anything more. He immediately shut his mouth obediently and did not dare to say any more threatening words.

He was really afraid that Zihan, a woman who looked very fierce, would kill him.

After all, the two-winged demon had just resurrected from the ancient altar and was resurrected. He had not yet returned to his peak state, so he was naturally unwilling to die like this.

Next, Ye Feng and Zi Han stood behind the two-winged demon and flew directly towards the depths of the ancient ruins.

Half a day later, three figures landed in the deep area of this ancient ruins.

This place is more dilapidated than other places in the ancient ruins. There are collapsed buildings everywhere. There are many fragments of buildings suspended in the sky, and the whole world is dark.

At this moment, Ye Feng's eyes showed a trace of surprise. He felt like he had arrived at a battlefield of ancient gods and demons.

The two-winged demon spoke out at this time: "This is the place where I fought against the ten demon gods. Back then, the ten demon gods wanted to take my place, but they came to besiege me, but they were all killed by me. This emperor just died physically. Now that endless years have passed, I have revived with the help of endless power of darkness. "

At this moment, the two-winged demon sounded a little proud, obviously bragging about his past.

But seeing that Ye Feng and Zi Han seemed to be too lazy to pay attention to him, the two-winged demon gritted his teeth bitterly and did not continue talking.

At this time, a golden eyeball appeared in Zihan's hand.

At this moment, this golden eyeball is emitting a faint black light.

Zihan was a little happy and said aloud: "This demon didn't lie to us. The second eye of the Dark Demon Emperor is nearby. The left eye of the Demon Emperor in my hand has already started to react." Ye Feng heard the double-winged demon. After saying these words, a trace of surprise suddenly appeared in his eyes.

I didn't expect this two-winged demon to have such a strong self-esteem.

"boom!"
