### Chapter 2881 Sense of Urgency

At this moment, the double-winged demon stared at the golden eyeball in Zihan's hand, and his eyes suddenly showed deep astonishment. He couldn't help but exclaimed: "You have actually got it." "You lost one of my emperor's eyeballs, where did you get it?"

Zihan didn't pay attention to the startled two-winged demon, but based on the reaction of the Demon Emperor's left eye in his hand, he began to quickly search for the Dark Demon Emperor's second weapon in the center of this ruined land. eyes.

The two-winged demon felt that Zihan was very cold and ignored him at all. He turned his attention to Ye Feng.

"hey-hey."

The two-winged demon came to Ye Feng's side, grinned, and said aloud: "This human brother, I see your bones are amazing and your momentum is extraordinary. There are thousands of fairy lights shining faintly on the Tianling Cap. I think you must be shocked." Talent of the world." .??.

Ye Feng glanced at the two-winged demon next to him who was bragging about himself, then his expression remained unchanged and he said, "What's the matter? Just tell me."

The two-winged demon chuckled and whispered: "Brother, please let me go. As long as you let me go, I will grow into a new generation of Dark Demon Emperor, and I will make you the first general of this Demon Emperor." , how about making you powerful?"

"not so good."

Ye Feng grinned and gave the two-winged demon a slap.

Click...

This slap caused a crack to appear on the surface of the devil's horn growing out of the double-winged devil's head.

"ah!"

The two-winged demon screamed and couldn't help but said angrily: "Boy! Don't you know that your hand is like a bear's paw? You almost broke my devil's horn!"

Ye Feng just smiled slightly at this and said: "Be careful, don't look for trouble and want to trick me? You are still a little young."

The two-winged demon stared at Ye Feng and said loudly: "Don't you want to be inferior to one person and be superior to ten thousand people? I can give you this."

Ye Feng shook his head and said, "I don't want to."

The two-winged demon's eyes were angry and said: "You...! You can't get in! Now I can feel that countless dark races are invading the land of God Realm, because there seems to be a big problem in our dark interface, and it is difficult to survive. This time, this dark war is different from the previous dark wars. This time is a real battle for survival. Boy, you'd better join the team as soon as possible. It will be very difficult for the human race in the future. Why not follow me early and help me make contributions in the future? , I will make you the number one general."

"Snapped!"

Ye Feng slapped the two-winged demon once again, successfully silencing him.

However, what the two-winged demon said just now, intentionally or unintentionally, made Ye Feng feel a sense of urgency in his heart.

Is there a big problem with dark interfaces?

Can the dark race survive in the dark interface?

Is that why we want to fully invade the central land of the God Realm where the human race is located?

The words of the two-winged demon made Ye Feng unable to help but think a little bit.

However, Ye Feng knows very well that even if the sky falls, there will naturally be tall people to hold it up.

The land at the center of the God Realm is not that simple.

There are countless powerful races and countless super strong people existing in the God Realm. Not only the human race, but also various other native races in the God Realm, such as the beast race, the spirit race, the soul race, the elves, the demon race, the true spirit race, etc. Wait, the vastness is endless

, there are countless strong ones.

Although the dark race wants to fully invade the God Realm, it is not that simple to occupy the God Realm.

After all, the God Realm has given birth to countless superpowers over the past countless years.

Even in some ancient and hidden places in the God Realm, there may still be very terrifying ancient gods or taboo existences.

The God Realm is not that easy to mess with.

At this moment, when Ye Feng was thinking secretly.

Uh-huh!

Suddenly, Senior Sister Zi Han, who was searching for the Dark Demon Emperor's second eye, seemed to have discovered something, and immediately flew quickly towards a certain place ahead.

"Senior Sister Zihan, did you find anything?"

Ye Feng's eyes moved, and he immediately grabbed the two-winged demon beside him and followed him.

The two-winged demon suddenly said: "I remembered, this seems to be a very evil dark and chaotic place. If you want to find the second eye, you must enter the dark and chaotic place. It is extremely dangerous inside. "

Just when the two-winged demon was talking, sure enough, the area where Ye Feng and Zi Han walked into at this time, the moment they set foot, the entire sky and earth around them suddenly released a very rich darkness. gas.

These dark energies were full of terrible corrosiveness, which made Zihan's face turn black for a moment, as if he was poisoned.

"Refreshing Divine Technique!"

Zihan immediately used a special divine technique to directly expel all the dark poisonous gas he had inhaled.

The black energy on Zi Han's face disappeared instantly.

The whole body once again exuded patches of holy white light, looking extremely holy.

At this time, Zi Han glanced at Ye Feng, who was not far away, and asked: "Junior Brother Ye Feng, are you okay?"

Ye Feng was guarding the two-winged demon not far away and said with a smile: "Sister, don't worry, there is no problem."

Zi Han nodded slightly and said, "That's good."

At this moment, Ye Feng faced the dark gas in this special area around him. Although it was highly corrosive, it could not harm Ye Feng at all.

Moreover, Ye Feng did not need to resist at all.

Because Ye Feng opened his mouth and sucked in all the corrosive dark energy.

These dark gases are corrosive, indicating that these dark gases are very high-level and are very pure dark interface breaths.

So at this time, Ye Feng absorbed the dark energy and immediately felt that his skill had been greatly improved.

"You kid are absorbing the breath of our dark race and converting it into your power? What is this operation?"

Suddenly, the two-winged demon next to him saw what Ye Feng was doing, and his eyes widened in shock.

Because the two-winged demon has lived for so many years, he has never seen a human race as exaggerated as Ye Feng. Not only does he not need to resist the dark energy of their dark interface, but he can even absorb the dark energy and merge it into his own energy. The skill has been greatly improved.

At this time, the two-winged demon immediately came to Ye Feng's eyes and shouted: "Boy, you are really rare. You can definitely become my most proud general. Really, join my camp, you Being able to absorb the power of our dark race is a perfect match." At this moment, the double-winged demon stared at the golden eyeball in Zi Han's hand, and his eyes suddenly showed deep emotion. With a look of astonishment, he couldn't help but exclaimed: "You have actually obtained one of the eyeballs of the emperor. Where did you get it?"

Zihan didn't pay attention to the startled two-winged demon, but based on the reaction of the Demon Emperor's left eye in his hand, he began to quickly search for the Dark Demon Emperor's second weapon in the center of this ruined land. eyes.

Chapter 2882 Private Treasure House

Ye Feng heard the two-winged demon say this at this moment and was too lazy to pay attention to him.

"over there!"

Suddenly at this moment, Zi Han not far away made a loud noise.

The golden eye in her hand suddenly turned into a stream of light and flew in a certain direction.

Zi Han quickly chased after him.

Ye Feng followed quickly with the two-winged demon.

Soon, they came to a dilapidated ruins.

In the middle of this dilapidated ruins, stands a huge and majestic sculpture. ??

This sculpture looks very majestic and towering, full of infinite momentum.

Like a dark emperor, full of terrifying majesty.

"this is me!"

The two-winged demon shouted loudly, pointed at the huge sculpture, and said in a very excited tone: "This is my sculpture from back then. When I look at it today, it is still so majestic and domineering, dominating the world. Hahaha."

Ignoring the startled two-winged demon, Ye Feng and Zi Han arrived behind the huge sculpture.

There is a magnificent hall there, which has not collapsed and still exudes a majestic and deep atmosphere.

Uh-huh!

At this time, Ye Feng and Zi Han entered the splendid hall. They immediately saw that the hall was completely empty. It seemed that it had been looted in ancient times, and it felt like a family with only four walls.

"They're all robbers!"

The two-winged demon behind him also followed, glanced at the empty hall, and said angrily: "They are all a group of bandits who took away all my treasures after my death. Damn it!"

Ye Feng and Zi Han ignored the complaints of the two-winged demon, but picked up a dark golden eyeball in a corner of the hall.

"black

The Dark Demon Emperor's right eye was finally found! "

Zihan's eyes suddenly showed joy.

Finally, he found the second eye of the Dark Demon Emperor and successfully completed the task secretly assigned to him by the upper class of the sect.

At this time, Ye Feng sneaked up to the side of the two-winged demon and said with a smile: "Brother Demon Emperor, do you have any treasures hidden around here? If so, please share it together. "

The two-winged demon glanced at Ye Feng and couldn't help but curl his lips and said: "You are such a naughty boy. Now you are calling me a brother? Didn't you ignore me before? Huh, I don't care about you either!"

Uh-huh!

Hearing this, Ye Feng suddenly became disgusting. He grabbed the two-winged demon by the neck and said loudly: "If you don't say anything, I will strangle you to death! Anyway, the Dark Demon Emperor's right eye has been found. You It's already valuable!"

Ye Feng knew very well at this time that this was the place where the Dark Demon Emperor lived and fell. Although everything on the surface had been looted, with the clever character of the double-winged demon, he must have hidden good things. Just waiting for a new life to find it again.

At this time, Ye Feng naturally wanted to hold on to him.

When the two-winged demon heard Ye Feng's threats and saw the ferocious look in Ye Feng's eyes, he was frightened and stuttered, and said, "You kid really want to strangle me to death?"

Ye Feng's hands were like iron pliers, and he immediately grabbed the two-winged demon in front of him and said, "You can give it a try."

"Okay, I give up."

Really about to be strangled to death, the two-winged demon suddenly gave in.

Because the two-winged demon knows very well that Ye Feng and Pu

It's different for ordinary people, he might really get mad and strangle him to death.

At this time, the two-winged demon walked to a certain place in the empty hall, then stretched out his hand and chanted a series of spells.

"Buzz!"

Almost at the next moment, the space in this hall immediately began to fluctuate.

On the wall, almost at this moment, a dark door appeared directly.

This is a door to space!

At this time, Ye Feng's eyes suddenly lit up.

Sure enough, I guessed right, this two-winged demon must have his own private treasure house.

Otherwise, this would not be in line with the style of the Dark Demon Emperor. ??

"Huh? Where does this door of darkness lead to?"

At this time, Zi Han, who was not far away, suddenly saw him coming over, with a trace of surprise in his eyes.

Ye Feng walked up to the two-winged demon at this time, smiled and patted the two-winged demon on the shoulder, and said loudly: "Sister Zihan, the place where this dark door leads is naturally this guy's private treasure house. We're going to get rich."

When Zi Han heard what Ye Feng said, a look of astonishment suddenly appeared on his face, and he said, "This unreliable devil actually hides a private treasure house?"

Ye Feng smiled and said: "To be precise, it should be the private treasure house left by this devil in his previous life."

The two-winged demon was a little downcast at this time. He glanced at Ye Feng angrily and couldn't help but said, "You are such a thief."

Ye Feng didn't say anything at this moment, he just grabbed the two-winged demon and walked into the door of darkness.

At this time, Zi Han also had a trace of curiosity in his eyes, and followed Ye Feng into the door of darkness.

Regarding the Dark Demon Emperor's private treasure house, Zi

Han was actually not that interested.

After all, the Dark Demon Emperor is the king of the dark race, and his private treasure house must contain the resources and inheritance of the dark race, etc. These are not of much use to Zi Han, who is a pure human race.

But for Ye Feng, this is a huge opportunity.

The two-winged demon also knew this, so he was very dejected.

Because, he saw with his own eyes that Ye Feng was absorbing the energy of darkness before.

This guy is very special.

Able to absorb the energy of their dark race.

But they are pure human beings.

It really makes the two-winged demon very helpless.

If it were other human masters, even if the double-winged demon told where his private treasure house was, the human masters would not be interested, because the human race could not use the resources of the dark race at all.

But none of this exists for Ye Feng.

The two-winged demon stared at Ye Feng, who was grabbing him by his side, and couldn't help but murmured, "Who is this guy?"

And just when the two-winged demon was muttering secretly.

Ye Feng and others have passed through the Dark Door and arrived at a huge enclosed space.

This enclosed space is very huge and feels very open.

The moment Ye Feng came in, he was almost blinded.

Because in this huge closed space, there are mountains of crystal gems piled up.

Moreover, there are shining colorful magic weapons of the dark race hanging on the wall.

In addition, there are many weird things that Ye Feng cannot name.

Anyway, Ye Feng had one thought in his mind at this time: Now he really got rich!

Chapter 2883 Very confident

At this time, Ye Feng walked directly to the middle of the entire treasure house and quickly collected it with the storage ring regardless of the situation.

Zi Han was a little confused not far away and couldn't help but ask: "Junior brother Ye Feng, these are the magic weapons and resources of the dark race. We can't use them at all. Even getting too close may cause the inner demon to bite us." "Junior Brother Ye Feng, why do you want to collect them all? These are as vicious as snakes and scorpions to us humans."

vicious?

For Ye Feng, these are all good things.

At this moment, Ye Feng did not explain, but just said: "As long as it is wealth, there must be something that can be used."

After saying that, Ye Feng continued to collect quickly.

When the two-winged demon saw this scene, he immediately became very heartbroken. He couldn't help but rush forward and said loudly: "Brother! Don't be so greedy, can you leave some for me?"

Seeing Ye Feng and the two-winged demon looking like this, Zi Han, who was not far away, could only smile bitterly and shake his head.

This Junior Brother Ye Feng is really different from ordinary people.

In less than half an hour, Ye Feng had already plundered the entire private treasure house.

The two-winged demon could only watch and stare.

At this time, the two-winged demon seemed to have thought of something, and suddenly slowly walked to a corner of this private treasure house.

"Crack!"

The two-winged demon fiercely pressed down on a raised stone on the wall next to him.

Uh-huh!

Almost at the next moment, a six-pointed star formation suddenly lit up on the ground under the feet of the Double-Winged Demon. A burst of light suddenly emitted, and the entire figure of the Double-Winged Demon disappeared in an instant.

The two-winged demon's last words came: "Human boy, I remember you! I will come back!"

The sudden change left Ye Feng and Zi Han present unable to react.

By the time the two of them reacted, the two-winged demon had disappeared into the private treasure house.

"It is an ancient teleportation array, and the specific traces cannot be traced."

At this time, Zi Han walked to the edge of the six-pointed star formation, explored it, and found that it was a one-time teleportation formation that was now broken and could not be used.

Uh-huh!

Ye Feng also stepped over at this moment, looked at the broken teleportation array, and said with a smile: "It seems that when the two-winged demon created this private treasure house, he left himself a very secret escape route. , even my powerful soul power was unable to sense that such a six-pointed star teleportation formation was carved in this corner."

When he said this, Ye Feng looked at the empty private treasure room around him and said with some disapproval: "Anyway, I have plundered all the treasures and wealth of that guy. This is enough. The two-winged demon ran away." Yes, it's no big deal."

Seeing Ye Feng's indifferent look, Zi Han revealed a hint of worry in his beautiful eyes, and said aloud: "But, after all, that two-winged demon is the terrifying Dark Demon Emperor back then. Reincarnated body, Junior Brother Ye Feng, you have offended the two-winged demon so much before, and now he has escaped. When he becomes stronger again and regains the strength of the Dark Demon Emperor in its heyday, there may be very serious consequences. If I had known it, The two-winged demon should be killed in advance."

Ye Feng said with a smile at this time: "Senior Sister Zihan, don't worry too much, that two-winged demon can't recover so quickly.

, even if he eventually returns to the peak state of the Dark Demon Emperor, by that time, you and I will most likely have grown to the level of an unparalleled powerhouse, and we will no longer be afraid of the two-winged demon. "

Hearing what Ye Feng said, Zi Han glanced at Ye Feng in surprise, then couldn't help but smile and said: "Junior brother Ye Feng is confident, but you are right, you and I are both rare in the Holy Land of Heaven. A super genius with extremely high qualifications, we really don't need to be afraid of that two-winged demon. When he returns to his peak state, we will also grow into the ranks of super strong people."

At this moment, Zi Han said such words, naturally because he was very confident in Ye Feng and himself.

Because Zi Han is the number one among the top ten true disciples of the Holy Land of Heaven, and her own qualifications are obvious to all.

At this time, Zi Han felt that Ye Feng had no problem and would definitely be able to grow up. Such words coming from the mouth of Zi Han, the first true disciple, were enough to show how much Zi Han valued Ye Feng now.

At this time, Zi Han said aloud: "Now that the task has been completed, Junior Brother Ye Feng also has a share of your contribution. After returning to the Holy Land of Heaven this time, I will truthfully inform the upper level of the sect of your contribution. Junior Brother Ye Feng will definitely also You will receive a huge reward from the upper echelons of the sect."

When Ye Feng heard this, he immediately smiled, clasped his fists, and said, "Thank you very much, Senior Sister Zihan, for your love."

"It's not about deep love."

Zi Han smiled, with a look of admiration in his beautiful eyes, and said loudly: "If you hadn't come with me this time, Junior Brother Ye Feng, you might not be able to complete the mission. By the way, Junior Brother Ye Feng will take over." Come down and return to the Holy Land of Heaven with me, or do you have other plans?"

Ye Feng said aloud: "This is the ruined place of the dark race. I want to search here for a while longer. Say no."

I'm bound to find something good. I've just arrived here, so I can't waste it. "

Zi Han glanced at Ye Feng in surprise and said: "I didn't expect that Junior Brother Ye Feng would be so interested in dark race things. I'm not interested because I don't have any use for them. Of course, I respect Ye Feng's choice, but I guess I can't I will accompany you, Junior Brother Ye Feng, to continue traveling in this ruined land, because the most important thing for me now is to return the extremely precious Eye of the Demon King in my hand to the sect."

When Ye Feng heard this, he immediately nodded and said: "This is indeed a top priority, related to our Tiandao Holy Land's future monitoring of the entire dark war, so I will not send Senior Sister away."

"Okay, we will talk again when you return to Tiandao Holy Land."

Zi Han was a decisive woman, and without saying anything more, she turned around and flew towards the distance. Her heroic and beautiful figure soon disappeared into the dark ruins in the distance.

At this time, Ye Feng also walked out of the main hall of the Dark Demon Emperor.

In order to prevent the two-winged demon from making a sneak attack, Ye Feng stayed away from this area and found a very secluded place somewhere in this dilapidated place of the dark race.

There are some collapsed buildings here.

Ye Feng walked into a semi-shabby hall, and then collected the wealth of the dark race that he had previously collected from the Dark Demon Emperor's private treasure house, as long as it could enhance his power, such as dark elixirs, mysterious blood elixirs, and various medicinal materials from the dark interface. Wait, everything has been taken out.

This time, Ye Feng is ready to break through the current tenth level of cultivation of the God Realm in one go.

As long as Ye Feng can break through the realm of cultivating gods and rush into the realm of divine movement above the realm of cultivating gods.

Then, Ye Feng can definitely be regarded as a master in the center of the God Realm!

Chapter 2884 The Sky-Bearing Light Pillar

At this time, Ye Feng took out all the resources that could improve his skills and cultivation from the storage ring and piled them in front of him.

These resources are precious resources among the dark races.

To the human race, it is like a powerful poison.

Ordinary people are afraid to avoid it.

But Ye Feng was very bold at this time, and without any hesitation, he opened his mouth and swallowed all the dark elixirs into his stomach, just like eating fried beans.

As for the other dark crystals, dark medicinal materials, dark energy beads, etc., Ye Feng released the Devouring Domain, enveloped these resources, and then quickly began to devour them.

"Rumble..."

At this moment, a very majestic energy was instantly injected into Ye Feng's body, quickly strengthening Ye Feng's cultivation skills.

Ye Feng immediately showed a hint of surprise in his eyes.

Because Ye Feng can feel at this moment that this energy is extremely abundant, it is simply majestic and majestic to the extreme!

"Boom!"

Ye Feng's body at this moment was like a big melting pot, melting all the resources of the dark race into one furnace and refining them all.

Buzz...

The cultivation aura on Ye Feng's body suddenly began to rise steadily at this moment!

After three hours of devouring and absorbing, Ye Feng suddenly burst out with an extremely terrifying aura!

"boom!"

At this time, Ye Feng's cultivation finally underwent a complete transformation.

In an instant, he broke through the final bottleneck of the Yushen Realm and entered the Immortal Movement Realm!

"First level of the Divine Ascension Realm!"

Ye Feng suddenly stood up in the dilapidated hall at this time, with a bright divine light shining in his eyes, and the aura around him was powerful and boundless.

After entering the Immortal Movement Realm, Ye Feng could feel that his power was many times stronger than before.

At this time, Ye Feng looked not far away and found out

Several black scale demons from the dark race appeared, secretly observing themselves among the collapsed buildings around them.

When Ye Feng saw this scene, he immediately smiled coldly and walked quickly in that direction.

"This human race has discovered us!"

"Hurry up! Kill this kid!"

"I feel like he looks so young, so he must not be very powerful."

These demons immediately made noises at this moment, and all of a dozen demons sprang out from the surroundings, looking at Ye Feng with eager eyes.

"superior!"

Boom boom boom...

Almost at this moment, a dozen demons rushed towards Ye Feng.

Buzz!

Ye Feng instantly stretched out a finger and pointed it at the dozen demons rushing around.

"Click, click..."

These dozen demons didn't even react, they were instantly crushed by an invisible force.

More than a dozen powerful demons showed no reaction at all, and the bodies of all the demons immediately shattered into pieces.

These dozen demons are still quite powerful, but at this moment they are no match for Ye Feng.

At this moment, Ye Feng opened his mouth and swallowed the dissipated blood energy, and his skill only increased a little.

This made Ye Feng quite helpless.

Sure enough, after his cultivation reached the current powerful state, Ye Feng's body and bottomless pit became more and more terrifying.

At this moment, Ye Feng's eyes were full of thinking, and he was ready to sweep this ruined land of dark races.

But suddenly at this time.

"boom!"

Somewhere far away

A huge roar suddenly came from the direction.

The moment this roar sounded, the area in the distance suddenly lit up with a beam of light reaching the sky.

This sky-reaching light pillar appeared under this dim sky, looking very majestic, magnificent, and mighty.

At this time, Ye Feng's eyes showed a trace of surprise, and he immediately flew quickly in that direction.

Because Ye Feng knew very well that the huge roar just now and the pillar of light that reached the sky must mean that there was a special chance.

Swish, swish, swish!

So almost at this moment, Ye Feng flew away in that direction with expectation in his eyes.

The movement in that place in the distance was so loud that Ye Feng felt that a unique baby must have been born.

In less than half an hour, Ye Feng finally arrived at his destination.

But at this time, what made Ye Feng's eyes show a trace of surprise was that there were many figures standing here.

Each of these figures has a very powerful aura, some are lone travelers like Ye Feng, and some are in groups.

Wow!

Ye Feng saw the masters of the Dragon King Holy Land, and among them was the chief instructor who had escaped before.

Moreover, there are several more powerful beings standing next to the chief instructor. They should all be extremely terrifying masters in the Dragon King Holy Land.

Some of the aura made Ye Feng feel a deep sense of fear.

But Ye Feng came here mainly to find treasures.

So Ye Feng didn't want to get into trouble with these masters from the Dragon King Holy Land at this moment.

In order to prevent the experts from the Dragon King Holy Land from recognizing him, Ye Feng took out a black robe from his storage ring and covered himself completely.

Uh-huh!

Ye Feng was shrouded in a black robe, giving people a sense of indifference and indifference.

At this moment, the aura of Immortal Ascension Realm exuding from Ye Feng made many experts around him look fearful in their eyes.

Because of his cultivation at the level of the Immortal Ascension Realm, he is considered an extremely powerful being in the center of the God Realm, and he is definitely considered a master.

At this time, Ye Feng was wrapped in a black robe and ignored the surprised looks of the people around him.

He just stood there quietly, looking around, wanting to see what was going on.

What surprised Ye Feng was that among the experts gathered around him, there were actually a group of figures full of demonic aura.

These figures are clearly from the dark race!

However, the cultivation aura of these dark races is very powerful, so many experts present do not dare to act rashly. They all protect themselves wisely and do not dare to take action against this group of dark races.

What surprised Ye Feng was that he actually saw an old acquaintance among these dark races.

It's the two-winged devil!

This guy seemed to have received very favorable treatment among a group of strong men from the dark race. He stood in the middle and had a lively discussion with several strong dark race men.

"This guy is really good at getting around."

Ye Feng immediately understood that the two-winged demon must have used his identity as the Dark Demon King to deceive him.

Oh, yes, it's not a bluff. The two-winged demon was indeed the Dark Demon Emperor in his previous life.

Ye Feng ignored this guy and flew around quickly, trying to find something special nearby.

At this moment, a group of arriving experts were also flying nearby, searching carefully.

This is a dilapidated ancient palace complex with collapsed buildings everywhere, very desolate.

But just now a beam of light burst out from here, letting everyone present know that there must be something extraordinary here.

Chapter 2885 Golden Small Tower

While flying around Ye Feng, Emperor Chu suddenly spoke up in his mind: "In the northwest of this ruined area, go and take a look."

"Northwest Zone?"

There was a hint of surprise in Ye Feng's eyes, and he asked aloud: "Emperor Chu, did you sense any unusual fluctuations?"

Emperor Chu said in his mind: "Well, it is a very secret energy fluctuation, which seems to be a soul fluctuation. Maybe it is good for me."

When Ye Feng heard this, there was a hint of surprise in his eyes.

Because of the current situation of Emperor Chu, Ye Feng is very clear that he is trapped in the soul gem and cannot release any power.

Because the soul gem has the seal of the Holy Lord of Chaos, it temporarily fell into a deep sleep.

Therefore, Emperor Chu, who is one with the soul gem, can only occasionally give Ye Feng advice in his mind, and cannot exert his actual power. This may make Emperor Chu feel quite annoyed sometimes.

When Ye Feng heard what Emperor Chu said at this moment, he immediately nodded and flew quickly in the direction that Emperor Chu said.

Anyway, Ye Feng can't find anything around here now, so he might as well go to the area that Emperor Chu mentioned.

The northwest area where Ye Feng went was the most desolate area around.

Many experts saw Ye Feng, who was shrouded in black robes, going to the most desolate area, and immediately shook their heads, feeling that this mysterious man was not as powerful as they thought.

At this time, Ye Feng ignored everyone's sneering looks and quickly left the scene.

After a while, Ye Feng came to the northwest area that Emperor Chu mentioned.

At this moment, Ye Feng immediately saw that in this northwest area, there were dilapidated buildings everywhere, which looked desolate, as if nothing existed.

There are no other experts here, because many experts feel that this place is very desolate and there are no treasures.

At this moment, Ye Feng had a look of surprise in his eyes and asked: "Emperor Chu, are you sure there is any special treasure here?"

Emperor Chu said in his mind: "Go and take a look at the collapsed temple in front."

When Ye Feng heard this, he immediately looked forward, and sure enough he saw a temple building with a section broken in the middle standing there.

At this time, Ye Feng walked to the collapsed temple with a hint of surprise in his eyes.

He saw that there were many ancient artifacts in this temple.

However, most of the artifacts have decayed and have basically lost their original power.

At this time, Ye Feng walked into the collapsed temple and immediately sensed a rather sacred aura, rippling throughout the broken temple.

This temple must have been a very glorious and prosperous place back then.

Emperor Chu flew out of Ye Feng's mind, turned into a small red light man, and flew to a certain corner of the temple.

Wow!

The next moment, Emperor Chu blew away all the dust from this corner, and a small golden tower was revealed.

Ye Feng also walked over at this time and stared at the small golden tower with a look of surprise in his eyes.

This small golden tower looks very ancient, giving the impression that it is an inherited artifact left over from ancient times. \u003c

br\u003e

Moreover, every part of the surface of this small golden tower is engraved with complex and mysterious marks, and there are also many ancient symbols, and I don't know what they mean.

Ye Feng couldn't help but ask: "Emperor Chu, do you know what this golden little tower is?"

Emperor Chu shook his head and said aloud: "I don't know it, but this little golden pagoda should be an object used to carry incense and faith in Buddhist temples in ancient times."

When Ye Feng heard this, there was a trace of surprise in his eyes, and he said loudly: "An artifact that carries incense and faith? That's really good. It must be a good treasure."

Buzz!

At this moment, the little red light person that Emperor Chu transformed into flew into the small golden tower, and then the golden tower turned into a golden light and disappeared into Ye Feng's eyebrows.

Ye Feng could feel at this time that the golden pagoda entered the center of his eyebrows and began to emit a Buddhist golden light, which made Ye Feng's spirit feel much fresher.

At this time, Emperor Chu said aloud in his mind: "This small golden tower can nourish my soul. Moreover, it can also use the small golden tower as a medium to exert part of the energy of the soul gem."

"real?"

When Ye Feng heard what Emperor Chu said, his eyes suddenly showed a hint of joy.

It would be great if we could really use the small golden tower as a medium to unleash part of the power of the soul gem.

Because Ye Feng knew very well that if Emperor Chu could use the small golden tower as a medium to release part of the power of the soul gem, it would be a huge help to him.

At this time, Ye Feng smiled and said: "Being able to get such a magical little golden tower in this place means that the trip was not in vain."

"Buzz!"

But suddenly before Ye Feng could finish his words, the entire collapsed temple began to shake.

"The little golden tower that the old bald donkey left to suppress me was taken away by you, a stupid human boy. I was finally able to escape. Thirty thousand years, thirty thousand years, who knows what happened to me How lonely, but today, I am finally coming out!"

Accompanied by an extremely terrifying ancient sound, a huge black energy surged out from under the temple in an instant.

The moment this huge black energy came out, a huge demon face condensed in mid-air, looking extremely ferocious.

When Ye Feng saw this, his eyes suddenly showed deep surprise.

Because he never expected that there would be a demon suppressed under such a dilapidated temple.

Moreover, he is still a big demon from tens of thousands of years ago.

However, there was not much fear on Ye Feng's face.

Because that huge black face condensed with demonic energy didn't give him the feeling of being very powerful.

Of course, it is also possible that this big devil is very powerful. After all, he has survived for tens of thousands of years without dying, so he must be very powerful.

But you must know that Ye Feng's current cultivation level has been upgraded to a very terrifying level.

"boom!"

At this moment, Ye Feng opened his mouth wide and swallowed up this black-faced man.

This big devil who was suppressed under the temple had been swallowed and digested by Ye Feng before he even reacted, and became Ye Feng's energy. While flying around Ye Feng, Emperor Chu suddenly spoke up in his mind: "In the northwest of this ruined area, go and take a look."

"Northwest Zone?"

There was a hint of surprise in Ye Feng's eyes, and he asked aloud: "Emperor Chu, did you sense any unusual fluctuations?"

Emperor Chu said in his mind: "Well, it is a very secret energy fluctuation, which seems to be a soul fluctuation. Maybe it is good for me."

When Ye Feng heard this, there was a hint of surprise in his eyes. .??.

This big devil who was suppressed under the temple had been swallowed and digested by Ye Feng before he even reacted, and became Ye Feng's energy.

Chapter 2886 Entering the Underground Palace

A big demon came out from under the temple, which was just a minor episode for Ye Feng.

Maybe this big devil was very powerful in ancient times.

But now that the spiritual civilization in the center of the God Realm is so prosperous, the ancients may not necessarily be stronger than the people today.

So it was easily swallowed by Ye Feng, and Ye Feng felt that his skill had not increased much.

"What a useless devil."

Ye Feng couldn't help but murmured.

Next, Ye Feng left this area.

Because he sensed that there was a very noisy sound not far away. ??

Uh-huh!

Ye Feng quickly rushed in that direction.

He immediately saw that in the center of the distant earth, the earth was cracked.

In the huge crack, a very huge underground palace was revealed.

The entire underground palace is made of bronze. It looks very ancient, as if it has an endless history, giving people a sense of vicissitudes of life.

At this time, many experts are attacking the entrance of this underground palace.

I saw an extremely huge formation at the entrance to this underground palace.

In the formation, there is an ancient magical beast that looks like a black unicorn, guarding the underground palace.

Many masters joined forces to kill this black unicorn, so that they could enter the underground palace.

You know, the masters who were attracted here by the Heavenly Light Pillar are all extremely powerful in their cultivation.

Therefore, under the attack of so many masters, even the terrifying beast of the ancient era, the black unicorn, was somewhat unable to sustain itself at this time.

Uh-huh!

The next moment, the black unicorn suddenly turned around and ran away, into the underground palace.

"Come on!"

\u003c

br\u003e Seeing that the guarding black unicorn ran away, everyone around them suddenly shouted with excitement and charged directly forward.

At this time, Ye Feng's eyes lit up, and like everyone else, he quickly rushed towards the entrance of the underground palace not far away.

Soon, Ye Feng came to the entrance of the underground palace.

However, at the entrance of the underground palace, although the guarding black unicorn has escaped, there is still a very powerful and dangerous formation set up here to prevent everyone from entering.

Although this formation is very dangerous, it can only block some beings with relatively weak cultivation.

A master like Ye Feng rushed into the formation without any obstacles at all.

Boom boom boom...

At this moment, countless sword lights and sword shadows appeared in the formation, and then rushed towards Ye Feng in an instant.

"Dang Dang Dang!"

But the moment those swords and swords struck Ye Feng, they couldn't even penetrate Ye Feng's skin. It was as if they had collided with a copper wall, and everything was shattered in one fell swoop.

At this moment, Ye Feng just dodged and passed through the entire formation, arriving at the other side of the formation.

On the other side of the formation is the real inner space of the underground palace.

In the inner space of this underground palace, the first thing Ye Feng saw was a huge bronze corridor.

On both sides of this bronze corridor, on the walls, there are many war patterns from ancient times, which look very ancient and vast.

However, Ye Feng did not stay too long, but hurriedly walked through the war corridor,

Arriving at the innermost space of the underground palace.

When Ye Feng reached the end of the corridor, his entire field of vision suddenly became clear.

At this time, Ye Feng saw that the front was extremely open, with dungeon-like buildings everywhere.

The entire underground palace feels like a dense anthill, with a very complex architectural style.

"ah!"

There were screams from some buildings not far away. It was obvious that there was something inexplicably dangerous in this underground palace. ??

Ye Feng thought in his mind and flew quickly towards the direction of the scream.

Soon Ye Feng came to the door of a dilapidated hall in this underground palace.

He looked inside and immediately saw several humanoid monsters covered with purple scales in the ruined hall, rapidly tearing apart a young man.

The cultivation aura of this young man is quite good. He is one level lower than Ye Feng and is already considered a good master.

But at this time, the young man was unable to defeat the four hands with his two fists. He was surrounded by several purple scale monsters. In the blink of an eye, his body was torn into pieces and he died.

Ye Feng immediately saw that the young man was holding an ancient purple token in his hand before he died.

Ye Feng saw this purple token. It was taken by this young man from a purple coffin.

Those monsters covered with purple scales should have run out of the purple coffin.

In other words, it was this young man who took off the token on the coffin without authorization, thereby releasing those monsters covered with purple scales.

All I can say is, it's your own fault.

But this also made Ye Feng understand that this underground palace is very strange, and there are many monsters from ancient times living there.

very scary.

At this time, Ye Feng was watching.

But suddenly at this moment, several purple scale monsters tore off the young man's body, and stared at Ye Feng for an instant, and rushed towards Ye Feng in an instant, with purple light blooming in their eyes, looking very... Strange and dangerous.

At this time, Ye Feng instantly stretched out his finger and tapped a little casually.

Swish, swish, swish!

Several rays of divine light suddenly burst out from his fingers.

These divine lights attacked the several purple scale monsters that rushed over, and they all made "clang", "clang" and "clang" sounds, like the sound of metal delivery, which was very harsh.

Bang!

Bang!

The next moment, all those purple scale monsters were struck by the divine light and flew backwards.

"Um?"

But what made Ye Feng's eyes look surprised was that these purple scale monsters were not stabbed by the divine light he released.

Instead, they all got up from the ground as if nothing was wrong, and continued to attack Ye Feng fiercely.

This made Ye Feng's eyes look surprised.

Because you must know that Ye Feng's original skill is the power of chaos.

Now that Ye Feng's cultivation has reached the first level of the Immortal Ascension Realm, even the divine light released casually has extremely terrifying penetrating and destructive power, which is simply not something that ordinary creatures can resist.

But at this time, those monsters covered with purple scales had extremely strong scales on their bodies and were so magical that Ye Feng couldn't help but look in wonder.

This underground palace is really mysterious and dangerous. Just after entering, I encountered such a powerful monster.

Chapter 2887 Descendants of God

At this time, Ye Feng's eyes showed deep surprise.

Facing the purple scale monsters that rushed towards them, Ye Feng no longer held back. In an instant, he stretched out a hand and blasted directly forward.

"boom!"

At this time, Ye Feng directly released the power of his body, full of extremely terrifying impact and destructive power.

"Boom! Click!"

Although the purple scale monsters that rushed over could withstand the divine beam released by Ye Feng, they were unable to withstand the true power of Ye Feng's body.

Ye Feng's palm seemed to contain a huge power, which instantly shattered several purple scale monsters that rushed over.

The entire palace suddenly became quiet.

"Swallow!"

boom!

At this time, Ye Feng released the Devouring Domain, which immediately devoured the blood and energy of these purple scale monsters.

"boom!"

And the next moment, what surprised Ye Feng was that although these purple scale monsters were not very strong, the blood energy contained in their bodies was very high-level, as if they had divinity. All of a sudden, Ye Feng's skills were greatly improved. Improved a lot.

At this moment, Ye Feng felt that as long as he swallowed the blood energy of a few more purple scale monsters, he would be able to break through again.

This surprised Ye Feng.

Because Ye Feng knew very well that his body was becoming more and more like a bottomless pit.

Therefore, every improvement in skill requires a huge amount of energy to accumulate.

However, these purple scale monsters are very weak existences. They have no other advantages except that their scales are stronger, but they can provide Ye Feng with a huge amount of blood energy.

Emperor Chu suddenly spoke in his mind at this time: "These purple scale monsters are probably not ordinary creatures, but have the blood of gods flowing in their bodies. They are most likely the descendants of some ancient gods."

"Descendant of God?"

When Ye Feng heard what Emperor Chu said, his eyes suddenly showed a hint of suspicion, and he said loudly: "Why do descendants of gods turn into such monsters?"

Emperor Chu just smiled in his mind and said aloud: "There were countless ancient gods in ancient times, all with different forms. You think these monsters with purple scales look very ugly. That's because you use your own The human race is the standard. Maybe in the eyes of these purple scale monsters, the human form like Ye Feng is also extremely ugly?"

When Ye Feng heard what Emperor Chu said, he immediately nodded slightly, and then said: "But what you said, Emperor Chu, makes sense. After all, the blood origin of these purple scale monsters is very advanced. If they are not descendants of gods, it is impossible." With such a high-level bloodline, this underground palace may be related to an ancient god from ancient times."

When Emperor Chu heard what Ye Feng said, he said aloud in his mind: "I don't know about this. This underground palace is very huge and mysterious. Even I don't dare to explore too presumptuously at this time, for fear of angering me." If there is any taboo, Ye Feng, you can explore it yourself."

After finishing speaking, Emperor Chu fell silent and stopped talking.

Ye Feng nodded slightly, then squatted down and took the young man who died before

The purple token in his hand was caught in his own hand.

This purple token was taken from the coffin. It felt very mysterious to Ye Feng, and it might have a special function.

Ye Feng carefully looked at the purple token in his hand and found that on the surface of the purple token, there was a humanoid mark that was emitting purple light, which looked quite magical.

At this time, Ye Feng immediately put the purple token into his storage ring, which may have other uses.

Uh-huh!

After Ye Feng searched the hall and determined that there were no other treasures, he walked out of the hall.

When Ye Feng came outside, he immediately saw many experts entering the underground palace and searching everywhere.

Ye Feng also immediately joined the search team.

The entire underground palace was extremely huge, and from time to time there was a noise or roar from a certain direction, with violent battle fluctuations.

These situations are normal.

Even Ye Feng himself had gone through several difficult battles and killed many purple scale monsters.

Ye Feng discovered that there was no other existence in the entire underground palace, and most of them were this purple scale monster.

This made Ye Feng increasingly believe in Emperor Chu's guess, that this underground palace might really be a place where descendants of gods from ancient times lived.

"If this underground palace is really a place where the descendants of gods live, then in the deepest and most core area of this underground palace, the inheritance of a certain god or the artifact of a certain god may have been handed down."

Ye Feng murmured in his heart at this moment, with unstoppable excitement in his eyes.

At this time, Ye Feng killed many purple scale monsters and devoured the high-level blood energy of these descendants of gods. His cultivation level also broke through and he entered the second level of the Immortal Ascension Realm.

At this moment, Emperor Chu said in his mind: "Ye Feng, others may not know the secret of this underground palace, thinking it is just an ordinary ancient ruins, and are still searching around, but we are basically certain that this is A place where an ancient god lived in ancient times. There may be artifacts or the inheritance of gods. Ye Feng, the things around here are of little value. I think you should go to the deepest part of this underground palace while no one reacts. In the core area, we can get the possible huge wealth left by God before others do."

When Ye Feng heard what Emperor Chu said, his eyes immediately moved.

What Emperor Chu said makes sense.

After all, if you wait for everyone to react or wait for everyone to enter the deepest core area of the underground palace, it will be very difficult for you to plunder the legacy of God.

After all, there were many masters entering this underground palace this time.

There are some masters that even Ye Feng is extremely afraid of.

At this time, Ye Feng followed Emperor Chu's advice, gave up the petty gains around him, and rushed directly towards the deepest part of the underground palace.

Many people around saw this scene and sneered: "This kid really doesn't know how to live or die. If he goes alone without waiting for everyone to work together to enter the depths of the underground palace, he will definitely die miserably."

At this time, Ye Feng ignored everyone's cynicism. He just kept his head down and rushed towards the deepest core area of the underground palace! At this time, Ye Feng's eyes showed deep surprise.

Facing the purple scale monsters that rushed towards them, Ye Feng no longer held back. In an instant, he stretched out a hand and blasted directly forward.

Chapter 2888: Stealing the Inherited Light Group

Along the way, Ye Feng didn't make any stops or delays, and soon arrived at the deepest core area of the underground palace.

This place is already deserted, and no master has come here in advance.

Buzz!

A mysterious and vicissitudes of ancient atmosphere emanates from the deepest core of this underground palace.

At this moment, Ye Feng's eyes showed a trace of surprise.

Because he saw that there was nothing in front of him at this time, only a space door standing there.

But when Ye Feng approached the door of space, he could not enter the door of space at all.

This made Ye Feng's eyes a little strange, why he couldn't enter the door of this space.

Emperor Chu said aloud in his mind: "Try it with the purple token you got before."

"good."

When Ye Feng heard this, he immediately nodded and took out the purple token he had obtained at the entrance of the underground palace.

Buzz!

Almost at the moment Ye Feng took out the purple token, a bright purple light was released from the purple token, and it suddenly shone on the space door in front of Ye Feng.

Uh-huh!

The next moment, the space gate suddenly swept out a violent space fluctuation, which directly swept Ye Feng into the space gate.

"Buzz!"

Following a burst of extremely violent fluctuations, Ye Feng immediately saw that he had passed through the door of space and arrived inside the door of space.

At this moment, inside this space gate, there is actually a vast starry sky.

In this starry sky, there are actually nine purple planets, forming a huge platform.

A body tens of millions of feet

The tall figure sculpture is standing on the high platform.

Ye Feng's eyes were a little shocked.

Using a whole nine planets as the foundation, a starry sky platform was built, which can be described as a grand undertaking.

Moreover, that majestic sculpture, crossing the billions of starry sky, feels so vast and majestic, and has a very shocking visual impact.

At this time, Ye Feng suddenly saw that on the high platform, in front of the huge figure sculpture, a group of figures had arrived in advance.

He came even earlier than Ye Feng!

This made Ye Feng's eyes show surprise.

Sure enough, among this group of experts, some people knew in advance that this was the place left by God.

We arrived at the core area of the underground palace in advance.

At this time, Ye Feng sneaked towards the starry sky platform not far away.

He immediately saw that the group of figures who arrived early turned out to be a group of masters from the dark race, the Double-Winged Demon!

At this moment, a group of dark races were standing devoutly in front of the huge sculpture of the god, seeming to be praying for something and asking for the inheritance of the god.

Ye Feng's eyes were a little surprised. He didn't expect that the two-winged demon came here in advance with a group of dark races.

Ye Feng was still wrapped in a black robe at this time, but he was not afraid of the two-winged demon recognizing him.

At this moment, Ye Feng released his soul power, and he could sense that the aura of cultivation in the double-winged demon was much stronger than before.

It seems that this guy used his identity as the Dark Demon Emperor to deceive him.

The dark races around him gave him a lot of resources to resume his cultivation.

At this time, Ye Feng did not act rashly, but secretly observed to see what this group of dark races were doing.

Because Ye Feng himself probably couldn't figure out the reason for this, he might as well secretly observe what these dark races are going to do.

While Ye Feng was secretly observing, a group of dark races standing not far away in front of the huge sculpture suddenly took out long knives one after another, cut their palms, and then let their respective dark race's Demonic blood flow into the ground.

Especially the two-winged demon, who was frowning at this moment, cut his palm with some pain, and the blood flowing out turned out to be silver blood. As expected, this Dark Demon Emperor is still very special.

Wow!

At this time, the blood of this group of dark races flowed onto the huge sculpture in front.

Buzz!

The entire huge sculpture suddenly shook rapidly, and layers of purple divine light emanated from the huge sculpture, dyeing the entire surrounding cold starry sky purple.

At this time, there was some surprise in Ye Feng's eyes. It seemed that this ancient god was a demon god, not an ordinary god.

At this moment, Ye Feng saw a huge purple light group suddenly flying out of the sculpture.

At this moment, the faces of a dozen powerful dark race masters standing in front of the huge sculpture suddenly became excited.

The two-winged demon stood among this group of dark races, and at this moment he immediately said with great dignity: "The inheritance of the ancient Ziji Demon Emperor now belongs to us! When we get the inheritance of the Ziji Demon Emperor, we can develop our power instantly

, fight for hegemony in the world! "

Swish, swish, swish!

At this time, more than a dozen dark races rushed to the sky and came to the light group, wanting to touch the purple inheritance light group.

"boom!"

"boom!"

"boom!"

But in the next moment, suddenly, a space wormhole appeared in the void in front of them. A mysterious man wrapped in a black robe rushed out of the space wormhole, punching them one by one, and unexpectedly blocked them temporarily.

And the next moment, this mysterious man in black robe grabbed the purple inheritance light ball in his hand, and then ran madly to the distance in an instant.

"What?!"

This sudden scene was unexpected by all the dark races present.

The inheritance of the ancient Purple Extreme Demon Emperor that they had worked so hard to find was intercepted by someone halfway!

This made the group of more than a dozen dark races present instantly show extremely angry expressions on their faces.

At this time, the mysterious man in black robe was naturally Ye Feng!

At the last critical moment, Ye Feng directly opened up a space wormhole, and instantly came to the front of the purple inheritance light ball, and instantly snatched the inheritance light ball of the Purple Extreme Demon Emperor in his hands.

As for the dozen dark races, they were all super strong, and Ye Feng couldn't beat them, so he naturally chose to escape instantly at this time.

At this moment, a terrifying murderous aura suddenly erupted from behind.

A dozen dark races looked at the direction where Ye Feng was running away, and immediately shouted madly: "Damn boy! You can't run away! When we catch up with you, we will definitely cut you into pieces!!"

Chapter 2889 The complete inheritance of the Purple Demon Emperor

Buzz!

At this time, Ye Feng quickly moved the space gem so that he could move in the void.

I have to say that space gems are still very magical.

At this moment, Ye Feng uses the power of the space gem to continuously shuttle through the void.

Although the group of dark race powerhouses behind them are very powerful, they cannot catch up with Ye Feng at this time.

And Ye Feng quickly escaped from the underground palace area and came to the earth outside.

Without any hesitation, Ye Feng opened up space wormholes one after another in an instant, and soon disappeared in place.

At this time, the group of dark races behind him could not catch up with Ye Feng.

They could only roar wildly and painfully, shouting unwillingly, but it had no effect.

Because they couldn't catch up with Ye Feng at all.

He could only watch Ye Feng disappear into the distance with great reluctance.

Among a group of dark races, especially the two-winged demon, the Dark Demon King back then, looked even more furious.

In order to inspire the purple demon emperor's inherited light group in the huge sculpture, the two-winged demon could consume a lot of his own silver blood.

But in the end, nothing was obtained and others stopped him halfway.

This made the two-winged demon extremely angry, and he yelled helplessly and furiously on the spot.

After a long time, he regained his composure, stared at the direction in which the figure in black robe was escaping, and said coldly: "The power used by that mysterious man in black robe seems to be the legendary space gem. He must take it." This mysterious man in black robes has been found! I will eat him alive!"

...

Just when a group of dark races were shouting angrily.

Ye Feng wore a black robe and was completely far away from this ruined place of dark races.

Ye Fengchi

He looked extremely excited at the moment.

Because I really took advantage of it this time.

Because the purple demon emperor's inherited light group that even the two-winged demon valued so much must be extremely precious.

At this time, Ye Feng was afraid of encountering some special situation, so he spent half a month without any pause along the way, running all the way, and finally returned to his sect, the Holy Land of Heaven!

Since Ye Feng last came out for training, it has been a long, long time since he returned to the Holy Land of Heaven.

So much so that when Ye Feng came back at this time, he felt a slight sense of strangeness.

At this time, Ye Feng did not hesitate and returned directly to his residence, a training tower in the outer disciple area.

That's right, Ye Feng is still an outer disciple of the Holy Land of Heaven.

Therefore, Ye Feng could only temporarily come to the outer disciple area at this time.

However, Ye Feng knows very well that although he is in the outer sect area, his cultivation strength may now defeat the outer sect disciples, the inner sect disciples, and even the true disciples!

Ye Feng has not directly exposed his true cultivation strength for the time being.

The most important thing for him now is to quickly explore the inherited light group of the Purple Demon Emperor that he obtained.

Uh-huh!

Ye Feng flew to the training tower where he lived, closed the door of the room, and then directly took out the inherited light group that he had obtained from the tiger's mouth.

Buzz!

At this time, the purple inheritance light group was suspended in the void in front of Ye Feng.

The next moment, Ye Feng didn't hesitate. He took a deep breath and released it directly.

His soul power instantly entered this inherited light group.

"boom!"

And the moment Ye Feng's spiritual soul was connected to this inherited light group, Ye Feng suddenly felt a huge roar in his head.

The next moment, Ye Feng's spiritual body immediately entered the space in the inheritance light group.

In the inheritance light group, Ye Feng found himself in a huge starry sky.

In this boundless starry sky, a majestic figure with a height of several hundred million meters, and a huge demon god exuding divine light, stands in the boundless starry sky, full of boundless majesty and vastness. It makes people feel very confused.

At this moment, Ye Feng felt a feeling of insignificance.

I just feel like a little ant in front of this purple demon.

"Is this the power of gods from ancient times? It's so terrifying."

Ye Feng couldn't help but murmured, feeling a vast and eternal aura of vicissitudes of life.

At this time, Ye Feng immediately stared at the boundless Purple Demon God in the starry sky, and then instantly flew in front of the Purple Demon God, using his divine thoughts to communicate with it.

"Buzz!"

At this moment, there was a huge spiritual message that directly impacted into Ye Feng's mind.

The next moment, Ye Feng suddenly received the entire set of inheritance left by the Ziji Demon Emperor.

That's right, it's a complete set of inheritance!

What is recorded in this inheritance light group is not just a certain inheritance, but the entire set of inheritance left by the Ziji Demon Emperor.

This complete set of inheritance has a total of three inheritance mysteries.

The first kind of inheritance,

It's called the "Purple Divine Eye", which is an extremely powerful ancient eye technique with extremely terrifying mental attack power.

The second inheritance is called the "Sword of the Purple God". You can use your own skills to condense a divine sword that has been blessed by the ancient god, the Purple Demon Emperor, and has extremely powerful cutting capabilities.

The third inheritance, called "Purple Demonic Soul", is equivalent to a very powerful and ancient martial arts holy soul. If it is displayed, the whole body of the cultivator can be blessed by the ancient divine power of the Purple Demonic Emperor. Biye The golden giant spirit divine martial arts holy soul cultivation method that Feng had obtained before was much more advanced.

After all, this is the inheritance of the ancient gods.

The Purple Demon Emperor is an extremely powerful and terrifying ancient god in legend.

More powerful than ordinary gods.

At this time, Ye Feng got this entire set of inheritance in one breath, and his face suddenly showed deep excitement.

Because this entire inheritance of the Purple Demon Emperor is absolutely priceless, and there are probably things that no amount of wealth can buy.

But after all, this is the inheritance of an ancient demon god. I am afraid that even if it is given to other human races, they will not be able to practice it.

But this does not exist for Ye Feng.

The Chaos Heavenly Emperor Technique practiced by Ye Feng can accommodate thousands of attributes in the world.

Really unique!

Buzz!

At this time, Ye Feng did not hesitate and started to retreat directly and began to understand the complete inheritance of these three types of Purple Demon Emperor.

For Ye Feng, this complete set of inheritance from the Purple Demon Emperor is a timely blessing, because Ye Feng currently lacks supporting comprehensive inheritance.

If Ye Feng can successfully cultivate this complete set of inheritance, he will have the ancient divine power of the ancient demon god 'Purple Demon Emperor', and Ye Feng's comprehensive combat power will be greatly improved!

Chapter 2890 Ye Hei's Development

In the next half month, Ye Feng was practicing the entire inheritance of the Purple Demon Emperor.

Purple God Eyes, Purple God Sword, Purple Demon Soul.

The inheritances of the three powerful Purple Demon Emperors are all very powerful.

After Ye Feng finished practicing, his eyes suddenly showed deep excitement.

At this time, Ye Feng could feel that after practicing the entire inheritance of the Purple Demon Emperor, he could clearly feel that his overall strength had improved a lot.

Moreover, Ye Feng also has several more powerful attack methods.

Once the Purple Divine Eyes are used, Ye Feng's eyes immediately release purple magic light, which can instantly enchant other people's spirits into endless illusions.

Once Ye Feng releases the Sword of the Purple God and holds the sky with his hands, a huge purple lightsaber instantly condenses between his hands. It is full of monstrous energy and can burst out with terrifying and boundless killing power in an instant.

As for the last purple demon soul, Ye Feng had only practiced a little for the time being. At this time, Ye Feng released the purple demon soul. A group of purple demon souls appeared behind Ye Feng, full of terrifying energy.

However, this purple devil soul is still very weak and has not yet fully grown up.

Only when Ye Feng fully comprehends all the mysteries of the Purple Demonic Soul can he condense the complete Purple Demonic Soul, which is full of terrifying attack power.

Ye Feng could feel that if the Purple Demonic Soul could really reach perfection, it would probably be even more powerful than the Soul Emperor Seal that he had cultivated before.

This made Ye Feng very happy.

Because his soul power is strong, but he lacks soul attack methods.

But in the inheritance of the Purple Demon Emperor, there is the Purple Divine Eye and the Purple Demon Soul, which are both soul power attack methods.

At this time, Ye Feng put on the Demon Soul Mask, and his soul body directly entered the dark interface.

Buzz!

Accompanied by a violent spatial fluctuation.

Ye Feng's soul body, through the medium of the Demon Soul Mask, spanned infinite time and space and entered the vast world.

In the endless darkness interface.

Buzz!

At this time, Ye Feng opened his eyes and found that his soul body was already standing on a vast land. The sky was dim and the surroundings were desolate and desolate.

At this moment, Ye Feng identified a direction and quickly flew in that direction.

Soon Ye Feng came to the door of a dark city.

This dark city is the city where Ye Feng came to the dark interface to establish his own power point.

However, the entire city wall of the previously dilapidated small city has now been rebuilt on a large area and has become taller and more majestic.

Moreover, there are many elite demon clan standing on the city wall. They are all tall and powerful and look extremely fierce. They are simply the masters of tigers and wolves.

At this moment, when Ye Feng came to this dark city, he immediately attracted the attention of many demons.

When many demons saw Ye Feng's attire, especially the special ferocious demon soul mask on his face, their expressions immediately showed deep horror.

Wow!

Almost at this moment, in the entire dark city, fierce demons suddenly appeared. At this moment, they were all fully armed and wearing armor. They all ran out of the dark city, and then knelt on the ground respectfully.

And standing at the front was a powerful demon that Ye Feng single-handedly promoted before. Ye Feng once gave him the name "Ye Hei".

At this time, Ye Hei was wearing a very thick black armor, and his body was even more majestic, like an iron mountain. He walked in front of Ye Feng, knelt down on one knee, and said respectfully: "Sir, you have finally arrived again. During this period, I have lived up to your expectations, captured all the dozens of small cities around me, and built our base camp taller and more complete. With your power, It's getting bigger and bigger."

Ye Feng nodded slightly at this moment and looked at the group of hundreds of demon soldiers kneeling in front of him. He nodded with satisfaction and said loudly: "Let all these soldiers return to their respective posts. The security is tight. We Go to town and talk."

"Yes, sir."

Ye Hei nodded immediately.

When Ye Feng followed Ye Hei to the dark city, there was a hint of surprise in his eyes.

The area of the entire city has been expanded dozens of times compared to before, becoming extremely spacious.

Even the inner city is extremely huge and wide.

At this time, Ye Hei respectfully brought Ye Feng to the center of the inner city.

A huge city lord's palace was built here. The whole body was made of black iron, and it looked very majestic and profound.

At this time, Ye Hei led Ye Feng into the city lord's mansion.

In the empty and cold hall, Ye Feng sat on the throne in the middle.

Ye Hei stood respectfully in front of Ye Feng.

For Ye Hei, he knew very well that adults are the eternal gods.

He must remain respectful at all times.

Because it was the adults who rewarded Ye Hei with everything he had today.

Ye Hei was just an ordinary demon before.

After being transformed by Ye Feng, his genes began to mutate, his bloodline evolved, and he became an increasingly powerful high-level demon.

At this time, Ye Hei said respectfully: "Sir, do you need to ask some beautiful witches to dance for fun?"

"Need not."

Ye Feng shook his head and said aloud: "I'm here just to see how your development is going. The stay won't be too short. Let's keep the story short."

Ye Hei immediately said respectfully: "I obey."

Ye Feng nodded slightly, and then asked aloud: "First of all, how many soldiers have you developed now?"

Ye Hei replied respectfully: "It has grown to five hundred soldiers. They have all been trained to become elites. One is worth ten."

Ye Feng nodded, his eyes showing satisfaction, and continued to ask: "How many cities do you control now, exactly?"

Ye Hei replied: "Thirty-two cities have been captured so far, but they are all small cities."

"It doesn't matter."

Ye Feng smiled and patted the shoulder of Ye Hei in front of him, and said loudly: "It's okay to develop slowly. Moreover, this time I am here, I can attack the big city."

Hearing what Ye Feng said, Ye Hei's eyes suddenly lit up.

He immediately said loudly to the outside of the hall: "Phantom."

Uh-huh!

A beautiful woman from the demon clan, dressed in black and holding an exquisite dagger in her hand, flashed in instantly.

This beautiful demon woman respectfully clasped her fists at Ye Hei and said, "Phantom has met my lord!"

Obviously, Ye Hei is now a dominant figure nearby.

At this time, Phantom's beautiful eyes briefly glanced at Ye Feng, who was at the top of the hall, wearing a ferocious demon soul mask, and his eyes were full of deep doubts and shock.

Because, in Phantom's mind, the most noble and noble lord, he was so respectful to this mysterious man wearing a ferocious mask.

What kind of existence is this mysterious man wearing a ferocious mask?

"Could this be the legendary master that the Lord mentioned? The mysterious master who gave us what we have achieved today?"

At this moment, Phantom immediately remembered secretly in her heart that her lord once told her that everything he had was given by that mysterious master, but that mysterious master didn't come often.

At this time, Ye Hei looked at Phantom. He lost his low posture and respect in front of Ye Feng and became extremely majestic. Like a supreme demon king, he said to his subordinates: "Phantom, You go and inform all the armies to set out to attack Troll City immediately!"
