Chapter 2891 Continue to Transform

Going to Troll City?

Hearing what Ye Hei said, Phantom immediately showed deep surprise in his eyes, and couldn't help but said: "My lord, Troll City is a very huge city near us. It is easy to defend but difficult to attack. And With thousands of extremely powerful troll guards and an extremely powerful troll leader, we are simply unable to resist, let alone attack."

Phantom was obviously a little unbelievable at this time, because she herself was a scout-like existence, specializing in investigating the dynamics of major forces in the surrounding area.

Therefore, Phantom knows very well how terrifying and powerful the Troll City is and cannot be provoked at all.

But at this time, hearing what Phantom said, Ye Hei just smiled slightly and said: "If we only rely on the current strength of our Dark City, it will indeed be a dead end for us to collide with the Troll City. But now that the Lord has arrived, all of this will Everything is stable. While your Excellency is here, we should develop our own power and capture more cities. This is also Your Majesty's instruction."

Hearing what Ye Hei said, Phantom glanced in awe at Ye Feng, who was sitting on the throne at the top of the hall, wearing a ferocious black mask. He immediately nodded and said respectfully: "Yes, lord, Phantom understands." "

Uh-huh! .??.

After Phantom finished speaking, his figure moved and disappeared into the hall to inform the major teams in the dark city.

At this moment, Ye Feng suddenly said: "This phantom must be of the shadow demon bloodline among the demon clan. It can come and go without a trace. It has a good understanding of the mysteries of space."

Ye Hei's majestic look in front of his subordinates immediately turned into deep respect. He clasped his fists at Ye Feng and said, "My lord, your eyes are as bright as a torch, and you saw this little girl in an instant." Yes, Phantom is a bloodline of the Shadow Demon clan, but she has just understood the attributes of space. If this girl learns that she has received your praise, she will definitely be very happy. "

Ye Feng slightly points

He raised his head and said aloud: "By the way, how is your cultivation going now?"

Ye Hei immediately replied respectfully: "My lord helped my subordinates activate the bloodline of a high-level demon before, but now I have completely transformed into a high-level demon."

Ye Feng nodded and said: "Although your current strength is already very good, it is still not enough for the next journey. I will help you transform your bloodline."

boom!

Almost at the moment Ye Feng finished speaking, Ye Feng stretched out his hand and grabbed Ye Hei in front of him.

Buzz!

Suddenly, a dark light surged out from Ye Feng's palm, directly covering Ye Hei in front of him.

"Thank you sir for the reward!"

At this time, Ye Hei suddenly shouted excitedly.

Because Ye Hei could feel that his bloodline and life source were rapidly transforming.

At this time, Ye Feng quickly released his power and used the power of chaos to transform Ye Hei's life source.

In addition, Ye Feng also released some evolutionary spring water to transform Ye Hei's bloodline.

For Ye Feng, all his foundations in the dark interface require Ye Hei, his sincere subordinate, to build them.

Therefore, Ye Feng naturally wants to continuously transform Ye Hei and do his best.

A full half hour passed.

Ye Feng then stopped and regained his strength.

At this time, Ye Hei fell to the ground again, and his body became much taller and majestic.

Moreover, many of the scales on the body have turned into dark gold, making them look very noble.

In addition, two long black devil horns grew out of Ye Hei's head, which looked very domineering.

At this time, there was surprise in Ye Hei's eyes. He quickly knelt down on one knee in front of Ye Feng and said very respectfully: "Thank you, sir, for the reward! I can feel that my bloodline has once again upgraded and transformed. Now, he has transformed from a high-level devil into a great devil!"

The next moment, a smile appeared in Ye Feng's eyes and he said, "I will reward you with another treasure."

Buzz!

At this time, a big black cauldron appeared in Ye Feng's hand.

It is the Dark Nine Dragon Cauldron.

The Dark Nine Dragon Cauldron, which was used to contain silver lightning, collapsed.

But Ye Feng later gathered the fragments of the Dark Nine Dragon Cauldron together and refined it again.

Although the current Dark Nine Dragon Cauldron is not as powerful as before, it is definitely enough for a big demon like Ye Hei.

At this time, Ye Hei got the Dark Nine Dragon Cauldron and immediately became even more happy.

And this time.

Uh-huh!

Outside the hall, the phantom flashed in.

Phantom immediately clasped his fists and said: "My lord, my lord, my subordinates have notified all the teams. Five hundred demon soldiers, five teams have all gathered in the outer city area of our dark city."

"good."

Ye Hei was very high-spirited at this time. He immediately waved his hand and said, "Let's go!"

Ye Feng nodded slightly, and his figure moved and was already suspended in mid-air.

right

For Ye Feng, he was not acting as the commander in this attack, but as the backer of the Dark City.

The most important thing is to rely on Ye Hei to take command.

Because Ye Feng can only come to the dark interface occasionally, Ye Hei needs to control everything.

As long as Ye Hei can control the entire dark city, that's fine.

Because, Ye Hei's personal heart is completely devoted to Ye Feng.

Therefore, what Ye Feng has to do is, firstly, to make Ye Hei stronger and stronger, and secondly, to serve as a backer for the dark city, that's fine.

Buzz!

At this moment, Ye Feng was dressed in black robes and wearing a ferocious demon soul mask, suspended in mid-air, looking extremely mysterious.

Ye Hei had already arrived at the gate of the dark city.

On the desolate land outside the city, a total of five hundred fully armed demon soldiers had been waiting for a long time.

Seeing Ye Hei's arrival, the five hundred demon soldiers immediately shouted: "See you, my lord!"

Ye Hei nodded immediately and said loudly: "This time, we are going to attack the largest city near us, Troll City!"

"Swear to the death to fulfill the Lord's orders!"

All five hundred demon soldiers roared loudly.

Although there were only five hundred demon soldiers, they were all wearing heavy black iron armor. They looked like five hundred heavy weapons of war, giving people an invincible feeling.

These are all elites!

They are many times braver than those ordinary dark demon soldiers wearing tattered armor.

Obviously, Ye Hei's development concept is to build an elite corps and does not want to make up for it.

At this time, Ye Hei shouted: "March! Set off towards Troll City!"

Chapter 2892 Golden Armored Troll

Rumble...

At this time, following Ye Hei's orders, a total of five hundred fully armed demon soldiers began to march quickly in the direction of Troll City.

Ye Feng was suspended in mid-air at this moment, showing no power fluctuations.

But everyone in the audience knew that the mysterious man suspended in mid-air was their greatest confidence in attacking Troll City this time.

The Dark City is just in the early stages of development, so the demon soldiers in the Dark City now know very well how their lord Ye Hei started to make a fortune.

It was entirely due to the promotion of that mysterious man wearing a ferocious dark mask.

At this time, the entire demon army was advancing rapidly in the wilderness. In less than half a day, they had passed through several cities and finally arrived at the edge of the territory currently occupied by the dark city.

At this moment, Ye Feng suddenly saw a huge city standing on the ground in the distance.

The entire city was made of black steel. It looked very majestic and majestic, giving the impression that it was like a city of giants.

All the buildings in this city are extremely tall and majestic, different from ordinary cities.

Apparently, this is Troll City!

All those who survive in it are extremely tall trolls, full of terrifying power.

After all, you must know that the troll family is a very special dark race.

Even the juvenile trolls are more than ten meters tall.

Adult trolls can even grow to hundreds of meters tall!

It feels very majestic and terrifying, and is not something ordinary people can provoke.

Because every troll is full of extremely powerful brute force.

If equipped with steel heavy armor, it is equivalent to

A war machine can smash an ordinary city into pieces in an instant.

Ye Feng looked over from a distance and found that there were thousands of trolls living in the troll city.

However, most trolls are not equipped with armor and wear some tattered thin armor.

This made Ye Feng breathe a sigh of relief.

If all these trolls are equipped with very powerful armor, then this attack may be really difficult.

Because the power of the troll itself is extremely terrifying and possesses extremely tyrannical brute force.

If you are equipped with very thick armor, then there is really nothing you can do.

At this time, Ye Hei looked at Ye Feng in the sky and said loudly: "Sir, what should we do next? The walls of this troll city are entirely made of steel. We lack large siege equipment. Maybe The walls of Troll City cannot be breached."

When Ye Feng heard this, he just smiled slightly and said, "I will lead you to victory in this siege."

boom!

Almost at the moment Ye Feng finished speaking, a terrifying and huge aura suddenly erupted from his body.

Uh-huh!

Almost at the next moment, Ye Feng had already flashed to the front of the troll city.

"Sword of the Purple God!"

At this moment, Ye Feng directly displayed the powerful inheritance of the Purple Demon Emperor that he had cultivated before.

The Sword of the Purple God!

Boom!

Almost at the moment when Ye Feng displayed the Purple God Sword, Ye Feng raised his hands.

Buzz!

Immediately, infinite energy from heaven and earth condensed between Ye Feng's hands, forming a huge purple lightsaber, filled with monstrous power.

You must know that the inheritance of the Ziji Demon Emperor cultivated by Ye Feng was originally the god of the demon clan in ancient times.

So at this time, Ye Feng was performing in this dark interface, and with the blessing of the dark power of heaven and earth, the power that exploded was even more powerful.

"Boom!!"

Ye Feng held a majestic purple lightsaber tens of thousands of feet in his hand and slashed it down in front of him in an instant, instantly shattering the majestic wall of the troll city in front of him.

Wow...

A large section of the city wall collapsed.

A huge crack appeared in the wall of Troll City in an instant and collapsed. The scene was extremely terrifying.

"So strong!!"

At this time, a group of demon soldiers behind saw this scene, and their eyes suddenly showed deep excitement.

Because Ye Feng's attack was really shocking.

The tall and majestic Troll City wall is hundreds of feet wide and vast, and the entire wall is poured with molten iron, making it virtually indestructible.

But the purple lightsaber condensed by Ye Feng had boundless power. It suddenly split the indestructible tall city wall in half and collapsed directly, which really shocked everyone present.

This kind of power can simply be described as earth-shattering.

Ye Feng shouted at this moment: "Follow me and occupy the entire Troll City!"

"Come on!"

"Kill!"

At this time, Ye Hei led hundreds of fully armed demon soldiers and rushed towards the Troll City in an instant.

of everyone

The eyes were full of excitement.

Because the current wall of Troll City has completely collapsed.

They can directly enter the inner city of Troll City to kill.

Previously, Ye Hei's group of demon soldiers were worried that they would not be able to invade the troll city and cause unnecessary casualties.

But now, the strongest steel city wall in Troll City was shattered by Ye Feng's sword.

In this case, these demon soldiers can directly pass through the city wall and enter the weakest troll city.

"Who dares to act arrogant in my troll city?"

Suddenly at this moment, a majestic voice suddenly came from the Troll City.

boom!

Almost at the next moment, a giant monster wearing golden armor, tens of thousands of meters tall and majestic, suddenly stood up from the depths of the troll city.

Full of unparalleled visual impact!

At this moment, Ye Feng's eyes revealed a hint of surprise.

This 10,000-meter giant monster wearing golden armor made Ye Feng a little afraid.

However, Ye Feng's eyes at this moment showed a hint of excitement.

Because Ye Feng originally just wanted to help Dark City attack this troll city.

But I didn't expect that there would be such an extremely powerful golden-armored troll. It was so powerful. If it were killed and devoured, Ye Feng's skill would be greatly improved.

At this moment, Ye Feng's body suddenly burst out with extremely powerful fighting spirit.

Because Ye Feng was going to hunt down this golden-armored troll.

This is huge and abundant nourishment!

Contains extremely powerful troll energy and blood energy!

Chapter 2893 All under control

Buzz!

The golden-armored troll exudes an extremely terrifying aura.

At this moment, the golden-armored giant roared angrily and charged directly towards Ye Feng.

Because the golden-armored troll knew very well that the biggest threat on the field now was the mysterious black-robed man wearing a ferocious mask.

The other demons are basically a bunch of trash.

The golden-armored troll knew very well that as long as Ye Feng could be killed, the crisis in the troll city would be lifted instantly.

"boom!"

The most powerful thing about the golden-armored troll is naturally his terrifying troll body.

What the trolls are most proud of is naturally their terrifying and boundless physical strength.

At this time, seeing the golden-armored troll charging towards him, Ye Feng immediately retreated, widening the distance between him and the golden-armored troll.

If Ye Feng's own body was still there, he might be able to fight this golden-armored giant through his chaotic body.

But when Ye Feng came to the dark interface, it was the soul body that came through the demon soul mask.

Therefore, Ye Feng's body strength at this moment is very fragile.

At this time, Ye Feng distanced himself from the golden-armored giant, and then continued to use the Purple God Sword.

"boom!!"

In Ye Feng's hand, a giant sword emitting bright purple light suddenly appeared, filled with the power of the ancient gods.

Ye Feng held this purple lightsaber and slashed down in front of him in an instant.

"Troll Shield!"

The golden-armored troll roared loudly, and the golden armor on his arms instantly condensed together and turned into a huge golden metal shield.

"Clang!"

The purple lightsaber in Ye Feng's hand slashed down, hitting the golden shield on his arm, and a huge beam suddenly burst out.

A huge roar.

boom! !

Suddenly, a huge and terrifying force burst out. The purple lightsaber in Ye Feng's hand slashed out with earth-shattering energy. It suddenly bombarded the golden-armored troll and made him fall from the sky, smashing it into pieces. Large areas of land.

"Rumble..."

The entire land was immediately smashed into ruins.

"The inheritance of the Purple Demon Emperor is quite good."

When Ye Feng saw this scene, there was a trace of surprise in his eyes.

This is Ye Feng's first official use of the Purple God Sword. It is indeed extremely powerful. It is worthy of being the inheritance of the ancient gods and has incredible cutting power.

"Boom!"

Suddenly at this moment, a huge roar sounded from the underground ruins.

The golden-armored troll rushed out of the ruins and shouted angrily: "Boy! Who are you? How could you possibly use this ancient magical skill that has been lost for endless years!"

The golden-armored troll could already sense that the purple lightsaber released by Ye Feng at this moment was really terrifying.

Even though the golden-armored troll possesses boundless brute strength, he is also wearing golden armor, which is full of terrifying energy.

But even so, it was still unable to resist Ye Feng's purple lightsaber.

Because you must know that Ye Feng's purple lightsaber is not an ordinary energy lightsaber, but the power of the ancient demon god from the Ziji Demon Emperor. There is ancient divine power flowing and surging in it.

So Ye Feng's purple color

Only the color light sword can burst out such terrifying and powerful power.

At this moment, Ye Feng held the purple lightsaber in his hand and once again burst out with extremely powerful power, slashing directly towards the golden-armored troll crazily.

You know, Ye Feng's current body power cannot be used. After all, his soul body has entered the dark interface.

So at this time, what Ye Feng can rely on is his extremely powerful inheritance.

"Sword of the Purple God!"

At this time, Ye Feng held the purple lightsaber in his hand and slashed wildly, all hitting the golden-armored troll.

Boom boom boom...

During the entire process, the golden-armored troll had no time to react, and was directly slashed by Ye Feng's purple lightsaber, sending him backwards.

"Damn it!"

The golden-armored troll instantly shouted: "Golden-armored warrior!"

Rumble...

Almost at this moment, the ground of Troll City suddenly collapsed, and steel puppets made of golden iron, wearing golden armor, all impacted out one by one.

These are the "golden armored warriors" that the golden armored troll usually refines. They are steel puppets that are not afraid of death. They are very powerful and terrifying.

"boom!"

"boom!"

"boom!"

At this moment, all the golden-armored warriors flew up one by one. There were thousands of steel puppets. They all rushed in front of Ye Feng and surrounded Ye Feng, using the human sea tactic.

Ye Feng had no fear at this moment and just laughed loudly: "The human sea tactic is useless to me!"

"Purple Divine Eyes!"

this moment

, Ye Feng immediately displayed the powerful pupil technique of Purple Divine Eyes.

The next moment, Ye Feng's eyes suddenly released a purple divine light, which had a huge impact on the spiritual level.

Ye Feng knew very well that these golden-armored warrior puppets refined by the golden-armored troll must be controlled through spiritual thoughts.

Ye Feng is very experienced in this area.

He had encountered such a steel puppet before.

So at this time, Ye Feng directly used the soul master's method, the Purple Divine Eye, to interfere with the thousands of golden-armored warrior puppets rushing around.

"Buzz!"

Sure enough, the next moment, when Ye Feng used the Purple Divine Eyes, he immediately sensed that every golden-armored warrior puppet had a very violent fluctuation of spiritual thoughts.

The next moment, Ye Feng immediately released the powerful power of the Purple Divine Eyes, and instantly took control of all the golden-armored warrior puppets!

"Swish, swish, swish!"

"Swish, swish, swish!"

Almost at the next moment, what made the golden-armored troll not far away almost stare out his eyes was that the thousands of golden-armored warrior puppets that had been besieging Ye Feng suddenly turned around at this moment and all faced him. Come by yourself.

Thousands of golden-armored warrior puppets were all controlled by Ye Feng using an extremely mysterious method at this moment!

"What?!"

"This is impossible!!"

When the golden-armored troll saw this scene, he immediately couldn't help but scream in disbelief, as if he couldn't accept what was happening in front of him.

Ye Feng just smiled faintly at this time and said: "Next, just enjoy the attacks of all the golden-armored warrior puppets you have worked so hard to refine."

Chapter 2894 One move in seconds

Boom boom boom...

At this time, the moment Ye Feng finished speaking, a group of golden-armored warrior puppets around him immediately charged towards the golden-armored troll not far away.

These golden-armored warrior puppets are all steel puppets that the golden-armored trolls have worked hard to refine over the years, and their attacks are very fierce.

At this moment, a group of golden-armored warrior puppets, under the control of Ye Feng, all roared, came directly in front of the golden-armored troll, and then attacked the golden-armored troll crazily. .??.

"Rumble..."

You know, these are a group of steel puppets who are not afraid of death.

All are ruthless fighting machines!

So at this moment, the golden-armored troll was beaten miserably by the group.

"ah!"

The golden-armored troll immediately let out a shrill scream.

Although this troll is equipped with very powerful golden armor.

But at this time, under the attack of thousands of golden-armored warrior puppets, all the armor on his body was beaten to pieces, looking very embarrassed and miserable.

When many demons around saw this scene, their eyes showed deep shock.

Their master is really mysterious this time. Those thousands of extremely ferocious golden-armored warrior puppets were clearly made by trolls, but they became the objects of their master's control in an instant. It was really... It's incredible to the extreme.

Their master is indeed full of terrifying methods.

Ye Hei was extremely excited at this time and couldn't help shouting: "Brothers, follow me to attack this troll city and capture it completely. The most powerful golden-armored troll in the troll city has already We were suppressed by the adults, now everything depends on us!"

"Come on!"

"Kill!"

After Ye Hei's mobilization, all the demon soldiers became extremely excited as if they had been given a shot of blood.

In an instant, they roared and roared, holding the weapons in their hands, and charged crazily towards the interior of the Troll City.

There were naturally some extremely powerful troll soldiers in Troll City, but with the cooperation of many elite demon soldiers, they were all killed.

Ye Feng, standing high in the sky at this time, was very indifferent, quietly watching thousands of golden-armored warrior puppets, frantically beating the lord of the troll city, the golden-armored troll.

"Troll Soul!"

boom!

Suddenly at this moment, the golden-armored giant roared loudly, and instantly burst out with his most powerful power.

boom!

Suddenly, a huge troll soul surged out of his body, filled with unparalleled power, and shattered all the thousands of golden-armored warrior puppets that were beating him.

The golden-armored troll's combat power seemed to have greatly improved at this time. He stared at Ye Feng high in the sky, with a very crazy look on his face, and said loudly: "Boy, you must die

today. Now I have It has completely inspired my troll soul and is burning my life force, so now I am fighting to the death with you. Only by killing you will I stop burning my life force! "

It has to be said that Ye Feng's endless methods really defeated this extremely powerful golden armored giant.

Demon, forced to a dead end.

At this time, the golden-armored troll even directly started to burn his troll soul, and used self-mutilation to squeeze out his vitality to provide him with powerful combat power in order to fight Ye Feng to the death.

Buzz!

At this moment, Ye Feng's eyes also showed a solemn look.

Because at this moment, the combat power of the golden-armored troll that burned the entire troll soul had indeed been greatly improved, making Ye Feng feel a deep sense of oppression at this moment.

But at this time, Ye Feng did not flinch, but his eyes showed an unprecedented coldness, and he said loudly: "Since you want to fight me to the death, then I will help you!"

boom!

Almost at this moment, Ye Feng frantically used all the power in his body, and then directly displayed the final inheritance of the Purple Demon Emperor that he had cultivated:

Purple Demonic Soul!

Buzz...

At this moment, a towering and boundless figure, like an ancient demon god, full of unparalleled vastness and magnificence, appeared behind Ye Feng.

Then this stalwart figure actually merged with Ye Feng, turning into a huge purple giant.

This purple giant is full of ancient aura, as if the Purple Demon Emperor has been reborn.

At this moment, the Purple Demon Soul released by Ye Feng can allow Ye Feng to obtain the ancient divine power of the ancient Purple Demon Emperor, allowing Ye Feng to briefly possess the power of the Purple Demon Emperor back then.

"boom!"

Finally, at the next moment, Ye Feng, who possessed the ancient power of the Purple Demon Emperor, stretched out a hand.

This hand suddenly turned into a majestic and boundless purple hand, covering the sky and the sun, as if it could cover up the long river of time. It was vast and majestic, as if it came from the ancient times, cutting through endless time and space, and it was suddenly bombarded. Arriving at the golden-armored troll in front.

Boom! !

Immediately, earth-shattering power burst out. The fluctuation of that power was enough to shake the entire river of time and shatter it, as if it could shatter all eternity.

"ah!!"

Almost at this moment, the golden-armored troll was unable to resist the power released by Ye Feng at this moment.

After all, that is the power of the ancient god Ziji Demon Emperor!

So at this moment, the golden-armored troll only had time to let out a scream, and its entire body was immediately smashed into pieces by Ye Feng's big purple hand, killing him on the spot.

"The city lord was killed by one move?"

At this time, seeing such a shocking scene on the field, all the trolls in the entire troll city were stunned on the spot, their whole bodies were trembling, and they had no intention of resisting anymore.

Because Ye Feng, a black-robed man with a mysterious mask, was really terrifying in his cultivation, and his power was simply earth-shattering, and he couldn't resist it at all.

Seeing the terrifying attack power of the big purple hand released by Ye Feng just now, all the trolls knew that their subsequent resistance was completely meaningless.

So all the trolls surrendered, and Ye Hei and a group of demon soldiers were recruited and became a member of the Dark City.

Since then, Troll City, a powerful city, has also been captured by Ye Feng's dark city, and has been included in Ye Feng's hegemonic territory! Boom boom boom...

At this time, the moment Ye Feng finished speaking, a group of golden-armored warrior puppets around him immediately charged towards the golden-armored troll not far away.

These golden-armored warrior puppets are all steel puppets that the golden-armored trolls have worked hard to refine over the years, and their attacks are very fierce.

At this moment, a group of golden-armored warrior puppets, under the control of Ye Feng, all roared, came directly in front of the golden-armored troll, and then attacked the golden-armored troll crazily. ??

"Rumble..."

You know, these are a group of steel puppets who are not afraid of death.

All are ruthless fighting machines!

So at this moment, the golden-armored troll was beaten miserably by the group.

So all the trolls surrendered, and Ye Hei and a group of demon soldiers were recruited and became a member of the Dark City.

Since then, Troll City, a powerful city, has also been captured by Ye Feng's dark city, and has been included in Ye Feng's hegemonic territory!

Chapter 2895 Bronze Stairs

For Ye Feng, capturing the Troll City is not a difficult task.

Because Ye Feng's current cultivation strength has reached a very terrifying level.

At this moment, after Ye Feng killed the golden-armored troll, he immediately released the Devouring Domain, swallowing up all the blood and energy of the golden-armored troll.

The other trolls were all so weak that they didn't even have the need to devour them.

At this time, after Ye Feng swallowed the golden-armored troll, he could immediately feel that a very majestic blood energy, as well as the origin of the troll, were all injected into Ye Feng's own body.

Ye Feng could feel that his skills were growing rapidly.

At this moment, Ye Feng's body suddenly burst out with a huge breakthrough momentum.

"boom!"

The third heaven of the Immortal Ascension Realm!

At this moment, Ye Feng's cultivation once again broke through to the next level.

I have to say that the Demon Soul Mask is still very magical.

Although he cannot let his body descend into the dark interface.

It's just that the soul body is in the dark interface.

However, the energy Ye Feng devoured in the dark interface can be transmitted to his body far away in the Holy Land of Heaven and Earth through the Demonic Soul Mask.

Therefore, the energy obtained by Ye Feng in the dark interface can be transferred to his own body.

At this time, Ye Feng was wearing a demon soul mask and floating above the Troll City.

The next moment, Ye Feng saw that a huge bronze staircase was revealed under the collapsed ground of Troll City.

This bronze staircase seems to lead to a very deep ground.

When Ye Feng saw this scene, his eyes suddenly showed deep surprise.

Unexpectedly, there is a bronze statue under this troll city.

The mysterious underground space that the stairs lead to.

Uh-huh!

Ye Hei flew to Ye Feng's side at this time, and couldn't help but said: "Sir, under the bronze stairs, there are probably ancient ruins of the troll clan."

When Ye Feng heard the big demon next to him say this, his eyes suddenly showed surprise, and he couldn't help but said: "The ancient ruins of the troll clan? Are they buried under this troll city?"

Ye Hei nodded and said, "Would you like to take a few brothers down to investigate?"

"Need not."

Ye Feng shook his head and said loudly: "Since it is an ancient ruin of the troll clan, it must be very dangerous. You are relatively weak in cultivation. Don't go down easily. I'd better go down and take a look. Ye Hei, you are the most dangerous now." The important thing is to clean up the battlefield, stabilize all the trolls as soon as possible, let those trolls become soldiers of our dark city, and expand the territory of our dark city."

Ye Hei immediately clasped his fists respectfully and said, "Yes, sir!"

After saying that, Ye Hei immediately walked towards the inside of Troll City and began to coordinate everything.

At this time, Ye Feng flew directly under the Troll City and landed on the bronze stairs.

At this moment, Ye Feng exuded his huge soul power and spread into the underground darkness under the bronze stairs.

But Ye Feng was surprised to find that there seemed to be an invisible barrier in the underground darkness connected by the bronze stairs, blocking Ye Feng's soul power exploration.

The next moment, Ye Feng didn't hesitate at all, and walked slowly and quickly towards the bronze stairs alone.

At this time, Ye Feng was watching his surroundings while walking.

After all, Ye Feng is a soul body in the dark interface, and does not have a very powerful comprehensive combat power like his own body.

So at this time, Ye Feng was still quite cautious.

However, until Ye Feng walked to the bottom of the bronze stairs, Ye Feng did not encounter any special danger.

This made Ye Feng breathe a sigh of relief.

At this time, Ye Feng continued to walk towards the inner darkness.

Along the way, Ye Feng saw that the entire underground space was very large, with huge round stone pillars supporting it everywhere.

This made Ye Feng feel as if he had arrived in ancient times.

Because the surfaces of those round stone pillars are all engraved with ancient totems, giving people a very vicissitudes and vastness.

But Ye Feng didn't stay too long.

Ye Feng speeded up and continued to move forward.

When Ye Feng finally reached the deepest part of the ancient ruins of the troll clan.

He saw a very surprising scene.

I saw troll souls one after another, all standing in the deep area of this ancient ruins.

Moreover, these troll souls are not in a dead state, but are gathered together one by one, seeming to be discussing something.

This scene looks very strange and a bit weird.

It's like a tomb robber dug through a tomb. After going down, he found several zombies sitting in the tomb chatting.

This scene made Ye Feng slightly stunned.

"who is it?"

"Dare you spy on the heroic spirits of our troll ancestors?"

Almost at this moment, the troll souls gathered in the distance immediately discovered the outsider Ye Feng.

Ye Feng didn't hesitate at all

, directly activated the Purple Divine Eyes and began to attack these troll souls.

Because Ye Feng knew very well that these ancestral heroes of the troll clan would definitely not let go of his immortal guest, so it was better for him to take the initiative to attack.

"Purple Divine Eyes!"

At this time, Ye Feng's eyes suddenly burst out with an extremely intense purple divine light.

These purple divine lights are the magic lights of the Purple Demon Emperor.

At this moment, the moment Ye Feng's eyes were released, a very charming mental attack was formed. The eyes of those troll souls suddenly became stupid, and they suddenly lost their reaction and resistance. .

"Soul Storm!"

The next moment, taking advantage of the Purple Divine Eyes to charm the souls of these giants, Ye Feng immediately released his huge soul power, forming a soul storm, which was directed towards the group of giants in the distance. The demon soul swept away.

"Crash!"

Suddenly, a terrifying soul storm struck out from Ye Feng's eyebrows, and then instantly enveloped a group of troll souls not far away.

You know, Ye Feng's current soul power strength is a full 500,000 levels!

So the damage is very terrifying.

Moreover, at this time, a group of troll souls were charmed by Ye Feng's Purple Divine Eyes and were in a sluggish state, so they did not resist Ye Feng's soul storm at all and were directly swept away.

"ah!"

"ah!"

"ah!"

Almost at the next moment, screams erupted from the entire field.

Although those troll souls were all ancient heroic spirits and very powerful, they were swept away by Ye Feng's soul storm in an instant, and the entire soul body was shattered in an instant.

Chapter 2896 Troll Battle Ax

"Crash!"

At this time, all the troll souls were unresponsive. They were swept apart by Ye Feng's soul storm and turned into pieces of soul fragments.

"Damn you boy! How dare you attack us!"

However, there are also some extremely powerful ancient troll souls that are so powerful that they were not crushed to pieces by Ye Feng's soul storm.

So at this moment, these ancient troll souls directly united together and rushed towards Ye Feng to completely eliminate Ye Feng, this uninvited guest.

But Ye Feng once again released an extremely powerful method at this time.

"Purple Demonic Soul!"

The Purple Devil Soul is an extremely powerful martial arts holy soul. It can not only produce terrifying attacks on physical creatures, but also cause huge damage to enemies at the soul level.

Therefore, the moment Ye Feng released the Purple Demon Soul, the dozens of ancient troll souls that were about to rush in front were trembling all over as if they were facing an ancient demon emperor.

It was a tremor originating from the deepest part of the soul!

Because the Ziji Demon Soul cultivated by Ye Feng originated from the Ziji Demon Emperor, the ancient god of the demon clan.

Therefore, the Purple Devil Soul naturally has a natural soul suppression for these troll souls.

So at this time, these ancient troll souls did not even dare to directly attack Ye Feng.

At this moment, Ye Feng took advantage of the fear of these ancient troll souls and immediately activated the power of the Purple Demon Soul, directly giving these dozen ancient troll souls Instantly erased.

"Crash!"

Finally, all the troll souls were killed by Ye Feng and turned into a large piece of soul fragments.

"Swallow them all!"

boom!

At this moment, Ye Feng's body burst out with a large area of darkness devouring the field, covering all the soul fragments in front of him in his own devouring field.

"Rumble..."

The next moment, Ye Feng suddenly felt that all these soul fragments were transformed into streams of extremely pure soul power and injected into his mind.

You must know that these troll souls living under the ground are all heroic spirits of the ancient troll clan, and the soul power they contain is very large and pure.

For Ye Feng, it has a huge nourishing effect, causing Ye Feng's soul power to increase instantly.

At this time, Ye Feng could feel that his soul strength level had suddenly increased by a full 100,000 levels!

Directly upgraded from the previous level of 500,000 to 600,000!

At this moment, Ye Feng suddenly showed deep excitement in his eyes.

This time I came to the ancient ruins of the troll clan, and I really gained a huge harvest. It was equivalent to swallowing so many powerful troll souls in vain, and my soul power was greatly improved.

At this time, Ye Feng looked inside and once again saw a huge black ax standing in the deepest part of the ruins.

Uh-huh!

Ye Feng instantly ducked in front of the huge black axe and observed it carefully.

He could immediately sense that a very terrifying energy was contained in this dark axe.

once

The energy that bursts out can literally turn the world upside down!

At this moment, Ye Feng saw a stone tablet next to the dark axe. There were four big words written on the stone tablet: "Troll Battle Ax!"

"Troll Axe?"

When Ye Feng saw these four characters, his eyes suddenly revealed a deep light.

This must be a powerful warrior from a very powerful troll clan.

Uh-huh!

At this moment, Ye Feng didn't hesitate at all. He stretched out a hand and grasped the troll battle ax in front of him.

"boom!"

But the moment Ye Feng's palm touched the troll battle axe, Ye Feng immediately felt a very powerful concussive force, which was transmitted from the troll battle axe, almost killing Ye Feng. The palms of my hands were shattered by the shock.

"What a powerful fighting spirit!"

At this moment, Ye Feng could immediately feel a very terrifying and unyielding fighting spirit contained in this troll battle axe, making Ye Feng unable to control this troll battle ax at this moment.

At this time, Ye Feng tried to release his soul power and enter this troll battle axe.

But Ye Feng discovered that he could not inject his soul power into the troll battle ax at all.

There is an unyielding fighting spirit inside this troll battle axe, which is able to withstand the impact of Ye Feng's now extremely powerful soul power.

But what makes Ye Feng very curious is that since the unyielding fighting spirit in the troll battle ax is very terrifying and may be more powerful than his own soul power, why is this unyielding fighting spirit not directly derived from the troll battle axe? Zhong Fei came out and suppressed the outsider himself.

At this time, Emperor Chu suddenly said in his mind: "Ye Feng, I remembered that it is said that the first generation of the troll king of the troll clan used an axe. It should be this troll battle axe." , and in the troll battle ax, there is an unyielding fighting spirit without independent consciousness. "

"An unyielding fighting spirit without independent consciousness?"

When Ye Feng heard what Emperor Chu said, there was a hint of surprise in his eyes.

No wonder the unyielding fighting spirit in this troll's battle ax was so powerful, but it didn't take the initiative to attack an outsider like himself.

At this moment, Ye Feng stared at the troll battle ax in front of him, feeling more and more precious.

At this time, Ye Feng couldn't help but ask in his mind: "Emperor Chu, how should I refine this troll battle ax now?"

Emperor Chu said aloud: "This troll battle ax cannot be refined. It can only be controlled. Once you control this troll battle ax, every time you swing the troll battle ax, the energy in the troll battle ax will be stimulated." The unyielding fighting spirit bursts out with terrifying and boundless power. Ye Feng, your current soul power is not enough to control the troll battle axe."

Ye Feng was dumbfounded when he heard this, and said loudly: "Then can't we take this troll battle ax away now? This is too cheating."

Emperor Chu thought for a while, and then suddenly seemed to think of something, and quickly said in his mind: "There is a way that may be possible, and that is to use the demon soul mask on your face to give the troll battle ax in front of you Teleport to the land of God where your body is located."

When Ye Feng heard what Emperor Chu said, there was a look of surprise in his eyes, and he couldn't help but said: "If it is possible, that would be great! As long as the troll battle ax reaches the hands of my body, then through My power of chaos should be able to make the unyielding fighting spirit in this troll's battle ax surrender to me."

Chapter 2897 Return to the original body

What Ye Feng currently exists in this dark interface is just a soul body.

Therefore, many of Ye Feng's methods cannot be used at this moment.

For example, the chaotic power of his body can overwhelm any attribute power in the world, but Ye Feng cannot release it now.

Because Ye Feng is just a soul body now.

So at this time, Ye Feng was at his wits' end. After hearing what Emperor Chu said, Ye Feng immediately began to test whether this method was feasible or not.

Buzz!

At this moment, Ye Feng directly started to activate the demon soul mask on his face, and then used the power of space in the demon soul mask to pull the troll battle ax in front of him into the demon soul mask.

Uh-huh!

The next moment, the troll battle ax in front of Ye Feng suddenly disappeared.

Then Ye Feng was stunned for a moment, and then said happily: "It seems to have been successful."

At this moment, Ye Feng used the Demon Soul Mask to contact his body far away in the center of the God Realm.

He immediately saw a troll battle ax appearing next to his body.

Sure enough, the method mentioned by Emperor Chu is feasible. Through the Demon Soul Mask, you can directly transfer the things in this dark interface to your own body.

For Ye Feng, if he could pass the troll battle ax to his own hands through the demon soul mask, then he would have many means, and he might be able to directly control the troll battle ax in advance.

At this moment, after Ye Feng took away the troll battle ax, without any hesitation, he directly left the ancient ruins of the ancient troll and returned to the ground.

When Ye Feng returned to the ground, he immediately saw that the entire Troll City had been occupied by the demon soldiers led by Ye Hei.

At this time, Troll City has completely become Ye Feng's territory.

Ye Feng was still very satisfied with this battle.

Because he also saw the demon warriors Ye Hei trained during this period.

As a result of the soldiers, this is a very elite team with very good combat effectiveness.

At this time, Ye Feng looked towards the inner city of Troll City and immediately saw Ye Hei who was busy among the crowd.

At this moment, Ye Hei saw Ye Feng appearing and walking out of the underground ruins so quickly. He couldn't help but asked: "Sir, you should have gained a lot from this troll's ancient ruins." Good stuff, right?"

Ye Feng just smiled slightly at this moment and said loudly: "I did get a lot of good things. Among the ancient ruins of the troll clan, it is still very good. I gained a lot."

Hearing what Ye Feng said, Ye Hei immediately felt relieved.

He is really afraid that there is nothing good in the ancient troll ruins that he said, and it would be bad if he disappoints the adults.

At this moment, Ye Feng looked around and suddenly said: "Ye Hei, everything from now on will be left to you. I should leave here."

Hearing Ye Feng say he was leaving, Ye Hei immediately couldn't help but said: "Sir, are you leaving so soon? We have just captured a city."

When Ye Feng heard what Ye Hei said at this moment, he immediately smiled and patted the other party on the shoulder, and said loudly: "You can't let me help you with everything. You also need to grow up quickly. This time I will help you." Your bloodline has been reshaped and upgraded, and you have become a great demon. You are now more powerful than before. Next, you will need to rely on your own strength and planning to conquer other large cities. If you can even do this yourself If not, then you are not worthy of being called my spokesperson for meeting in the dark."

Hearing Ye Feng's direct words, Ye Hei immediately couldn't help but said: "Don't worry, sir, my subordinates will definitely work hard and do their best to attack all the surrounding cities for you. The next time you come, I will definitely It will make adults' eyes light up and make them very satisfied."

Hearing Ye Hei say this,

Ye Feng immediately smiled and patted the other party's shoulder. Without saying anything more, he jumped up and disappeared into the sky in an instant.

When Ye Feng reached the high altitude, he immediately activated the demon soul mask, and then his entire soul body immediately disappeared into the dark interface and returned to his body.

Buzz!

At this moment, in the center of the God Realm, in the living area of the outer disciples of the Holy Land of Heaven, in a training tower, Ye Feng's body opened its eyes.

At this time, there was a dark light flashing in Ye Feng's eyes. This was the vision he had just returned from the dark interface.

At this moment, Ye Feng did not hesitate and looked directly at the dark ax lying quietly next to him.

This ax is very powerful, and it is naturally the troll battle ax that Ye Feng brought from the dark interface.

This troll battle ax contains an unyielding fighting spirit, which is very difficult to control.

Therefore, Ye Feng passed the demon soul mask directly to the center of the God Realm.

At this moment, Ye Feng looked at the troll battle ax in front of him. Without any hesitation, he released his chaotic power and injected it into the troll battle ax in front of him.

Almost at this moment, Ye Feng immediately felt that there was indeed an unyielding fighting spirit in this troll battle axe, which was rapidly exuding extremely powerful combat power to resist his own chaotic power.

But at this time, Ye Feng's eyes were full of confidence, because Ye Feng now not only possesses powerful soul power, but also can output very powerful chaotic power in his body.

So at this moment, Ye Feng released a huge amount of chaotic power, which, in conjunction with his own soul power, was immediately injected into the troll battle axe.

boom!

At this moment, the troll battle ax immediately let out a huge scream.

It was like the entire Troll Battleaxe had been conquered.

r\u003e

The next moment, the entire body of the troll battle ax suddenly shook.

"Success!"

At this moment, Ye Feng's eyes immediately showed joy.

Because at this time, Ye Feng could feel that he now had complete control over this troll battle axe.

At this time, Emperor Chu couldn't help but said aloud in his mind: "Ye Feng, your chaos power is really powerful. You were able to defeat this troll battle ax, a powerful weapon back then, so quickly. Directly controlling it is extremely fast. The power of chaos is indeed one of the most powerful forces in the world and has incredible effects. "

Ye Feng was very happy when he heard what Emperor Chu said at this time. He couldn't help but said: "The power of chaos is indeed the most powerful attribute power in the world. Otherwise, the Chaos God Clan would not be able to become the top of the earth in the center of the God Realm. The power of the gods."

After Ye Feng finished speaking at this time, he immediately stretched out his hands and grasped the troll battle ax in front of him.

At this moment, the troll battle ax has completely become Ye Feng's weapon.

At this moment, the next moment Ye Feng held the troll battle axe, he immediately felt the surging dark power surging in the troll battle axe.

And in addition, Ye Feng can feel that once he chops the troll battle ax in his hand, the unyielding fighting spirit in this ax will be released instantly, helping him to increase the power of the ax, allowing him to instantly burst out with terrifying destructive power and attack power.

Ye Feng couldn't help laughing and said: "What a powerful treasure. It is indeed the natal weapon used by the most powerful troll king in the troll clan. This troll battle ax is probably more powerful than All the magic weapons I said before are very powerful. Once they can be chopped, they will be able to cause unimaginable destructive power because they are blessed by an unyielding fighting spirit."

At this time, Ye Feng was thinking about it.

"Dong dong dong..."

Suddenly there was a knock on the door.

Chapter 2898 Senior Sister Jialan

At this time, Ye Feng heard a knock on the door, and suddenly there was a hint of surprise in his eyes.

I haven't returned to the Holy Land of Heaven for so long, who will come to my residence?

Uh-huh!

Ye Feng stood up in the room and walked towards the door.

Opening the door, a beautiful figure appeared in Ye Feng's field of vision.

It turned out to be Senior Sister Zhong who was the member of the Jialan Society who had been rescued by Ye Feng during his training outside.

At this moment, Senior Sister Zhong saw that Ye Feng was indeed in the room, and her eyes suddenly revealed a look of deep surprise. She couldn't help but said: "Senior Brother Ye Feng, you are finally back. During this time, I I come looking for you, Senior Brother Ye Feng, every few days, and I look forward to your return, because the president of our Jialan Association, Senior Sister Jialan, especially wants to see you, Senior Brother Ye Feng, and wants to thank Senior Brother Ye Feng in person. He saved all of us last time and also led us to find the inheritance of our ancestors."

When Ye Feng heard this, a smile suddenly appeared in his eyes, and he said loudly: "Okay, then I will go with you to meet Senior Sister Jialan. I don't have anything else to do right now."

After finishing speaking, Ye Feng followed Senior Sister Zhong out of the outer disciple area and walked towards the core area of Tiandao Holy Land.

The Jialan Society was founded by Senior Sister Jialan, an extremely powerful core disciple.

The core disciples are a group of powerful beings that can compete with the true disciples.

Therefore, Ye Feng was quite looking forward to this senior sister Jialan.

This should be an extremely powerful senior sister.

If you get to know each other, it should be beneficial to you in the future.

After all, Ye Feng still has relatively few connections in the Holy Land of Heaven.

If he could have one more powerful connection, Ye Feng would naturally not refuse.

Following Senior Sister Zhong, Ye Feng soon arrived at the core area of Tiandao Holy Land.

Here, Ye Feng saw many radiant mountains suspended in the surrounding sky.

Senior Sister Zhong said with a smile: "Senior Brother Ye Feng, each of these mountain peaks has an extremely powerful core disciple, or a true disciple living there. My dream is to become a true disciple and have a mountain of my own."

When Ye Feng heard this, he just smiled slightly and said, "Come on, you can definitely do it."

For Ye Feng, his current cultivation strength is estimated to be enough to sweep all the younger generations.

So at this time, Ye Feng had no desire to pursue these so-called mountain peaks.

At this moment, Senior Sister Zhong suddenly stopped in front of a certain mountain peak, and then said aloud: "Senior Brother Ye Feng, Senior Sister Jialan lives on this mountain peak, you can just go up there, I still have As for other things, I'll leave now."

After saying that, Senior Sister Zhong turned around and left.

Ye Feng, on the other hand, jumped directly to the mountain peak in front of him.

This mountain peak, suspended high in the sky, surrounded by clouds and mist, looks full of fairy spirit, giving people a very sacred and ethereal feeling.

At this time, Ye Feng was walking on this mountain peak, heading towards the inner area of the mountain peak.

Uh-huh! Uh-huh!

suddenly there

The next moment, two young women wearing the clothes of inner disciples of the Holy Land of Heaven appeared in front of Ye Feng and blocked Ye Feng's way.

At this moment, Ye Feng suddenly showed a look of surprise in his eyes, and couldn't help but said: "Everyone, I'm here to see Senior Sister Jialan, please don't stop me."

The two inner female disciples glanced at Ye Feng at this time, with a hint of contempt in their eyes, and said loudly: "An outer disciple actually dares to say such nonsense directly, saying that he wants to see Senior Sister Jialan? Really? Are you arrogant? Do you know how noble our senior sister Jialan is?"

When Ye Feng heard these two inner sect female disciples say this, his eyes suddenly showed a hint of surprise.

Ye Feng took a look at himself. Indeed, he was still an outer disciple of the Holy Land of Heaven.

It is quite normal to be misunderstood and looked down upon by others.

At this time, Ye Feng secretly thought that it seemed that he had time, so he still needed to improve his status as a disciple in the Holy Land of Heaven, otherwise it would be inconvenient.

But before Ye Feng said anything.

"You two stand down!"

Buzz!

Suddenly at this moment, a woman's cold shout rang out.

A beautiful young woman wearing a light blue dress appeared in everyone's sight the next moment.

"See Senior Sister Jialan!"

Seeing this woman in a light blue dress, the two inner female disciples present immediately showed deep respect in their eyes.

At this moment, Ye Feng's eyes showed surprise. He didn't expect that the person in front of him was Senior Sister Jialan.

At this time, Ye Feng could sense that the cultivation aura of Senior Sister Jialan was so unfathomable that ordinary people could not capture her true cultivation aura.

This made Ye Feng's eyes reveal a trace of wonder.

This senior sister Jialan is indeed a very noble core disciple in the Holy Land of Heaven. She has also founded the Jialan Society, a huge disciple force. Her own cultivation methods are indeed extremely powerful. Even Ye Feng cannot see through them at this moment. .

At this time, Senior Sister Jia Lan stared at the two inner sect female disciples who stopped Ye Feng, and said with a slight dignity: "You two, immediately apologize to this Senior Brother Ye Feng, this Senior Brother Ye Feng, He is the great benefactor of our Jialan Society. He was the one who saved a dozen of our Jialan Society's sisters in the dark and chaotic battlefield outside, and also allowed Senior Sister Zhong and the others to bring back a powerful inheritance. All of our entire Jialan Society They all benefited."

"What?"

"Is he the legendary Senior Brother Ye Feng?"

Almost at this moment, the two inner female disciples of the Jialan Society who had wanted to stop Ye Feng and looked down upon Ye Feng, the outer disciple, suddenly showed deep excitement in their eyes, and... There is a look of worship.

At this time, Ye Feng saw the change in the attitude of the two inner sect female disciples towards him. Just because he heard his name, he was also a little surprised in his heart.

It seems that I am very famous in this Jialan Association now.

The two inner sect female disciples immediately looked at Ye Feng with great admiration. They came to Ye Feng and said with great admiration: "It was our fault just now. I didn't expect that you are the legendary one." Senior Brother Ye Feng! I am so lucky. I never expected to see such a magnificent person like Senior Brother Ye Feng!" At this time, Ye Feng heard the knock on the door, and his eyes suddenly showed a hint of surprise.

I haven't returned to the Holy Land of Heaven for so long, who will come to my residence?

I didn't expect that you are the legendary one." Senior Brother Ye Feng! I'm so lucky, I didn't expect to see such a magnificent person like Senior Brother Ye Feng!"

Chapter 2899 Ancient World

Ye Feng didn't care much about the change in attitude of the two female Jialanhui disciples in front of him.

He just looked at the beautiful figure in a light blue dress in mid-air and said aloud: "Senior Sister Jialan, is there anything particularly important in inviting me here this time?"

Ye Feng felt that senior sister Jialan's status would not allow him to go to the mountain peak where the Jialan Association was just to thank him.

Sure enough, after Ye Feng finished speaking, Senior Sister Jialan immediately nodded slightly and said loudly: "I do have other things to discuss with you. Come with me and we will discuss it at the top of the mountain. "

Uh-huh!

After Senior Sister Jialan finished speaking, her beautiful figure moved and flew directly towards the top of the mountain.

Ye Feng didn't say anything at this moment and followed directly.

Soon, both of them reached the top of the mountain where the Jialan Club was located.

What surprised Ye Feng was that at the top of the mountain, there was no luxurious palace or palace as he had imagined.

Instead, there is a small pavilion made of wood, built here, surrounded by clouds and mist, and it looks a bit fairy-like.

At this time, Jialan was sitting in the wooden pavilion and had poured a cup of tea for Ye Feng.

Jialan smiled and said: "Junior brother Ye Feng, please sit down. This tea is brewed from the leaves of the sacred tree that I have cultivated for many years. It is of great benefit to practice and has an excellent taste."

Ye Feng nodded slightly, thanked him, and sat down at the table in front of Jia Lan.

Ye Feng picked up the tea cup in his hand, took a sip of tea, smiled slightly, and said loudly: "Good tea, it is indeed the tea cultivated by Senior Sister Jialan herself."

Jialan seemed quite happy when she saw that Ye Feng was satisfied with the tea. She said aloud: "I invite Junior Brother Ye Feng to come and sit here today. In addition to thanking Junior Brother Ye Feng in person for his great help to our Jialan Club members, and there is another very important thing, that is, I am going to invite Junior Brother Ye Feng to be my partner and go to the ancient world. "

"Ancient world?"

At this moment, Ye Feng's eyes suddenly showed a trace of surprise and doubt, and he couldn't help but ask: "The ancient world, where is that place?"

Jialan smiled and explained aloud: "The ancient world is a world left behind by the fragments of the ancient era. On the edge of the God Realm, there is a lost world of the ancient era. There are opportunities and creations from the ancient era in it, but it is also related to this. At the same time, it is full of great dangers. Only the distinguished disciples of the major overlord forces in the ancient world can participate. I am one of them, but I still have a spot in my hand, and I want to give it to you, Junior Brother Ye Feng. "

When Ye Feng heard this, a hint of surprise appeared on his face.

A fragmented world left over from ancient times?

Ancient world?

This must be an extremely ancient interface. After all, it has been passed down from ancient times and must have countless ancient resources.

It is impossible to say that you are not moved.

Ye Feng couldn't help but ask at this time: "Why would Senior Sister Jia Lan choose a newcomer like me for such a precious spot?"

"Newcomer?"

Senior Sister Jia Lan stared at Ye Feng meaningfully, smiled and said: "If Junior Brother Ye Feng is a newcomer, then there will be no masters in our Heavenly Dao Holy Land. I have also heard about Junior Brother Ye Feng's cultivation strength. Very powerful."

When Ye Feng heard what Jia Lan said, he immediately couldn't help but smile, shook his head, and said, "It seems that Senior Sister Jia Lan trusts my strength."

Jialan nodded, with a hint of solemnity in his beautiful eyes, and said loudly: "I not only trust your strength, but also your character, so I share this quota with you. You can in times of danger, he drew his sword to help and saved so many fellow disciples and sisters in our Jialan Society. Therefore, I believe in the character of Junior Brother Ye Feng. In addition, I also learned about Junior Brother Ye Feng's strength through other channels. Quite a bit, the news about Junior Brother Ye Feng's battle with the powerful men of the Dragon King Holy Land spread throughout the center of the God Realm, so Junior Brother Ye Feng, your name is now well-known outside, but Junior Brother Ye Feng you are so absorbed in cultivation that you don't know all this."

Hearing what Jia Lan said, Ye Feng immediately showed a hint of astonishment in his eyes, as if he really didn't expect that he was now famous.

Seeing the astonishment in Ye Feng's eyes, Jia Lan just smiled and said: "Junior Brother Ye Feng, don't be so surprised. If Junior Brother Ye Feng doesn't believe me, you can go out and ask yourself and everything will be clear. , But getting back to the subject, if Junior Brother Ye Feng doesn't want to go to the ancient world with me, then I won't force Junior Brother Ye Feng to go with me. It all depends on Junior Brother Ye Feng."

When Ye Feng heard what Jialan said, he immediately nodded and said: "If there is really this opportunity, then I will naturally be willing to go to that ancient world. Senior Sister Jialan, you said, that ancient world is a The fragmented world passed down from the lost ancient era has countless resources from the ancient era. Naturally, I am very interested in it. Only disciples of the major forces with high status can go to this kind of place. Now I have obtained this access invisibly.

I will definitely grasp the qualifications, and I would like to thank Senior Sister Jialan for giving me such an opportunity."

When Senior Sister Jialan heard that Ye Feng agreed, her beautiful eyes couldn't help but reveal a hint of joy.

Because Jialan knew very well that Ye Feng was a powerful helper, and since Ye Feng had saved so many members of their Jialan Society, he must be a very good person and worthy of trust.

After all, the resources contained in the ancient world must be very rich and precious. If you go there with a partner you are not very familiar with, or a partner with a bad character, you will most likely be stabbed in the back by your partner.

But Senior Sister Jialan trusted Ye Feng very much, even though this was the first time she and Ye Feng had met.

Because of what Ye Feng did, Senior Sister Jia Lan admired this young junior brother very much, not only for his strength, but also for his character.

At this time, Jialan looked at Ye Feng in front of him, smiled and said, "Since Junior Brother Ye Feng agrees, that's great."

At this moment, Ye Feng was also very happy for the sudden opportunity. He couldn't help but asked: "Senior Sister Jialan, when do we set off?"

Jialan said aloud: "We will set off in three days. Within these three days, I need to prepare some things. Although the ancient world contains countless resources from the ancient times, it is also extremely dangerous. We must be prepared for what is in front of us." Ye Feng didn't care much about the change in attitude of the two Jialanhui female disciples.

He just looked at the beautiful figure in a light blue dress in mid-air and said aloud: "Senior Sister Jialan, is there anything particularly important in inviting me here this time?"

Ye Feng felt that senior sister Jialan's status would not allow him to go to the mountain peak where the Jialan Association was just to thank him.

Sure enough, after Ye Feng finished speaking, Senior Sister Jialan immediately nodded slightly and said loudly: "I do have other things to discuss with you. Come with me and we will discuss it at the top of the mountain. "

Uh-huh!

After Senior Sister Jialan finished speaking, her beautiful figure moved and flew directly towards the top of the mountain.

Ye Feng didn't say anything at this moment and followed directly. ??

Soon, both of them reached the top of the mountain where the Jialan Club was located.

What surprised Ye Feng was that at the top of the mountain, there was no luxurious palace or palace as he had imagined.

Instead, there is a small pavilion made of wood, built here, surrounded by clouds and mist, and it looks a bit fairy-like.

At this time, Jialan was sitting in the wooden pavilion and had poured a cup of tea for Ye Feng.

Jialan smiled and said: "Junior brother Ye Feng, please sit down. This tea is brewed from the leaves of the sacred tree that I have cultivated for many years. It is of great benefit to practice and has an excellent taste."

Ye Feng nodded slightly, thanked him, and sat down at the table in front of Jia Lan.

Chapter 2900 A big business

At this time, after Jia Lan finished speaking, Ye Feng also nodded slightly and said, "It just so happens that I will be preparing in the next few days."

Jia Lan nodded and said, "Okay, then I look forward to cooperating with Junior Brother Ye Feng."

After saying that, Jialan turned around and left the scene.

At this time, Ye Feng also flew towards the distance, leaving the mountain peak where Jialan Club was located.

After Ye Feng left the mountain peak, he walked directly towards the center of the Tiandao Holy Land.

The most central area of the Holy Land of Heaven is a huge floating island.

Ye Feng came here naturally to sell various wealth and resources that he did not need.

Ye Feng plans to sell all the resources and then buy medicines or materials that can increase the strength of his body.

Because Ye Feng had been practicing outside before, and as his cultivation level improved, the opponents he encountered became more and more powerful, and now that the dark races have fully invaded the land of God Realm, all the dark races he encountered were very powerful. .

Therefore, Ye Feng felt that his Chaos Body was becoming more and more useless and he needed to improve it quickly. .??.

Currently, the strength of Ye Feng's chaotic body is at the eighth level in the early stages of the sixth heaven.

It's been a long time since I've been promoted.

Because Ye Feng has been practicing outside recently, he has somewhat neglected the improvement of his body strength.

So at this time, Ye Feng is ready to look for materials that can enhance the strength of his chaotic body.

In less than half an hour, Ye Feng had already sold all the wealth and resources he had obtained from the outside, which were of little use, in the trading market of the Holy Land of Heaven.

Ye Feng harvested a huge sum of divine crystals.

However, Ye Feng did not directly swallow these huge amounts of divine crystals.

Because Ye Feng's current body is simply like a useless person.

bottom hole.

The energy stored in ordinary divine crystals no longer has much effect on Ye Feng.

It would be a pity to directly swallow the basic currency-like divine crystal.

Ye Feng kept this huge sum of divine crystals, which also had other great uses.

He wants to purchase various materials and resources that can enhance the power of his body.

Ye Feng brought a large amount of divine crystals with him and soon came to the trading market of Tiandao Holy Land, where all kinds of rare and exotic objects were sold.

This is a huge shop, surrounded by crowds of people.

At this time, after Ye Feng walked into the shop, his first words were: "Take out all the medicinal materials and resources in your shop that can improve the strength of the body."

After Ye Feng finished speaking, his confident look immediately made the clerks in the store understand.

This is a wealthy person!

"Master, wait a moment!"

The clerk of this store immediately said something to Ye Feng, and then walked into the deepest area of the store.

Soon, an old man in white robe walked out of it.

The old man in white robe said: "Master, how much do you need?"

Ye Feng smiled and said, "As much as you want."

Wow!

Almost as soon as Ye Feng finished speaking, he opened his storage ring and released all the divine crystals in it.

"Crash..."

Countless divine crystals, all from Ye Feng's storage ring, are like a tide.

They all rushed out and piled up in front of Ye Feng, forming a huge mountain.

You know, Ye Feng was practicing outside during this period, but he collected a lot of resources and wealth and sold them all. The divine crystals he got in exchange were naturally very rich.

At this time, the "mountain of divine crystals" piled up in front of Ye Feng simply blinded the eyes of everyone present.

Because no one has ever seen such a huge amount of wealth at once.

At this time, there was even a hint of greed in the eyes of many people around him.

"Um?"

Sensing that many people around him seemed to be ready to make a move, Ye Feng immediately snorted coldly.

boom!

A huge and boundless cultivation aura suddenly burst out from Ye Feng's body.

That was clearly the powerful cultivation aura of the third level of the Immortal Ascension Realm!

"It turns out to be a powerful cultivation level at the level of the Immortal Ascension Realm?"

At this moment, everyone around him couldn't help but exclaimed in surprise.

At this time, everyone's expressions became extremely shocked.

Originally, everyone thought that Ye Feng was just a young man, maybe a young man from a rich family, that's why he had so much wealth.

But now the powerful aura of cultivation exuded from Ye Feng's body suddenly shocked everyone around him who was ready to make a move.

The cultivation level of the Immortal Ascension Realm is already considered a very powerful existence in the Holy Land of Heaven.

So at this moment, no one dared to act rashly.

Ye Feng looked coldly at the greedy people around him and said indifferently: "Whoever dares to rob my wealth will die in the next moment."

After saying that, if

However, no one dared to move.

At this time, the old man in white robes in the shop immediately said: "Your Excellency has so much wealth, it is enough to buy all the physical-improving resources in our shop."

After the white-robed old man finished speaking, he spoke directly to the clerk behind him: "Take out all the materials and resources in our store that can enhance the body's power, and I will calculate how many divine crystals are needed."

"Yes, elder."

The young clerk immediately spoke respectfully, with a hint of excitement in his tone.

Because Ye Feng's arrival this time is really big business.

In less than a moment, the young clerk came out with a storage ring.

The young clerk handed the storage ring to the old man in white robes and said loudly: "I have taken all the resources and materials in the warehouse that can enhance the strength of the body."

Ye Feng's eyes showed a hint of expectation and he said, "Okay, let me check it out."

Uh-huh!

At this time, Ye Feng reached out and took the storage ring, then released his spiritual thoughts and began to explore the space in the storage ring.

The next moment, Ye Feng's eyes showed surprise.

Because he saw that the space in this storage ring was filled with all kinds of things.

These things include elixirs, medicinal materials, and some weird body refining plasters and so on.

After Ye Feng checked it out, he determined that they were basically resources for body training. He immediately smiled at the old man in white robe in front of him and said, "I want all the things in this storage ring. You can count on me." Calculate how much."

When the old man in white robe heard this, he immediately became overjoyed. This is a big deal!
