

Ancient 2911

Chapter 2911 We can only fight against the odds

Buzz!

At this moment, the aura on the Lord of Ten Thousand Demons was simply huge and depressing to the extreme.

The entire ice and snow land was originally white, but at this time, the demonic aura emanating from the Lord of Demons simply blocked the sky and the sun, and the world dimmed in an instant.

At this time, the Lord of Ten Thousand Demons stared at Ye Feng below, with a deep cold look in his eyes, and said loudly: "You, a boy from the human race, didn't expect that your cultivation level is so weak, but you can be so powerful in combat. We have successively killed so many masters of our Ten Thousand Demons Sect, but today I come in person, you are definitely dead."

Buzz!

At this moment, after the Lord of Ten Thousand Demons finished speaking, the huge aura from his body immediately descended to the ground.

The entire world was cracking apart at this moment, and countless icebergs and glaciers in the ice and snow all collapsed. .??.

The ground around Ye Feng is constantly collapsing, and Ye Feng seems to be falling into endless chaos.

"run!"

At this moment, facing a super strong person like the Lord of Ten Thousand Demons at the level of the Eternal Realm, Ye Feng had no intention of confrontation at all. His first thought was to escape from the scene.

Uh-huh!

At this moment, Ye Feng instantly turned into a stream of light and flew in a certain direction in the distance.

"The golden bell covers the sky!"

boom!

At this moment, a jet-black light suddenly burst out from the Lord of Ten Thousand Demons, condensing into a huge copper bell that covered the sky and the sun, directly covering the entire surrounding area.

"boom!!"

Ye Feng punched directly in front of him, but he was unable to break through the golden bell.

"Space gem!"

"Space wormhole!"

Buzz!

At this moment, Ye Feng was directly excited

Using the power of the space gem, he opened up a space wormhole in front of him, directly passing through the black light wall of this huge golden bell covering the sky.

"Huh? The power of space wormholes?"

The Lord of Ten Thousand Demons saw a space wormhole appearing in front of Ye Feng, and instantly broke free from his restraints.

There was a trace of surprise in the eyes of this Eternal Realm superpower.

It seems that he didn't expect that such a small human boy could master such powerful space power.

"The power of space is of no use. You can't escape today."

But now the next moment, the Lord of Ten Thousand Demons made an extremely majestic voice:
"The five degenerations of heaven and man, infinite imprisonment!"

boom!

Almost at the moment when the Lord of Ten Thousand Demons finished speaking, the whole world suddenly dimmed.

It's like the end is coming.

Buzz!

At this moment, Ye Feng suddenly felt that his whole body, including all the strength in his body, was suddenly locked by an invisible shackle. He was fixed in place and could not escape at all. .

Even with the power of the space gem, it is impossible to break free from this invisible imprisonment of heaven and earth at this time.

"What a powerful method!"

At this moment, even Ye Feng had a hint of horror in his eyes. He never thought that the methods of this Lord of Demons would be so terrifying. Even the space wormhole of the space gem was destroyed in an instant. Locked.

"Emperor Chu, is there any way to escape now?" Ye Feng immediately asked in his mind.

"This ten thousand

The Lord of Demons has released the infinite imprisonment of the five degenerates of heaven and humans. It is a very ancient imprisonment technique. With your current strength, you cannot escape at all, and you can only fight with your backs against the wall. "Huang Chu's voice sounded.

"You can only fight to the bitter end?"

Ye Feng's eyes suddenly trembled.

Uh-huh!

But then Ye Feng could only grit his teeth, then turned around and looked at the Lord of Ten Thousand Demons who was flying over from behind.

"Human boy, why don't you run away?"

The Lord of Ten Thousand Demons stared at Ye Feng who turned around at this time, with a deep sarcasm in his eyes, and said loudly: "Didn't you run very well just now? Keep running now!"

Hearing the sarcasm in the Lord of Demons' tone, Ye Feng did not show an angry look on his face.

Because incompetent anger is an emotion only seen by the weak.

The anger of the strong is to destroy everything!

At this time, Ye Feng just said indifferently: "Lord of all demons, since you really want to fight me to death, then I will help you!"

boom!

After the words fell, Ye Feng instantly burst out with a terrifying aura.

At this moment, since it was determined that he would fight to the death with the Lord of Ten Thousand Demons, Ye Feng no longer had any hesitation or any luck, and directly exploded with his most powerful power.

boom!

A troll battle ax appeared in his hand, and he charged directly in the direction of the Lord of Demons.

Incomparable terrifying power erupted from the troll battle axe, as if a peerless beast was about to burst out of the troll battle axe, as if it could shatter everything and penetrate the sky.

"Good boy, with such a weak cultivation level, you dare to take action against me, then I will let you die without mercy.

Burial place! "

The Lord of Ten Thousand Demons saw a brief look of surprise in his eyes when Ye Feng took the initiative to attack him.

Then a deep sarcasm appeared on his face, and he said aloud: "In my eyes, your power is nothing more than a cricket shaking a tree."

"The River of Ten Thousand Demons!"

At this moment, the Lord of Ten Thousand Demons roared and released an extremely powerful inheritance.

Rumble...

A long river of pitch blackness suddenly appeared on his body. In this long river, there were countless monsters roaring and roaring in anger, with a terrifying and invincible impact that seemed to be able to break everything.

"kill!"

Ye Feng didn't hesitate at this time. He just roared, fully stimulating all the power in his body and pouring it into the troll battle ax in his hand.

Then Ye Feng slashed forward fiercely, and the troll battle ax suddenly burst out with a black light, full of unparalleled destructive power, and directly collided with the dark river released by the Lord of Ten Thousand Demons. Together.

"Boom!"

The entire field suddenly erupted with a huge roar, and the entire sky was plunged into endless chaos.

The light of the ax blade erupting from Ye Feng's troll battle ax at this moment has extremely terrifying tearing ability, chopping down all the countless monsters in the river released by the Lord of Ten Thousand Monsters. Broken apart.

When the Lord of Ten Thousand Demons saw this scene, his eyes suddenly showed a trace of surprise, and he couldn't help but said: "Oh? I didn't expect you to hold such a powerful demon weapon in your hands? No wonder You dare to challenge me, but you will eventually become a dead soul in my hands. It is impossible to fight against me with this so-called powerful magic weapon!"

Chapter 2912 The ninety-sixth touch

"The hand of the great demon god that covers the sky!"

boom!

At this time, the Lord of Ten Thousand Demons instantly displayed an extremely powerful inheritance.

One of his hands immediately began to expand rapidly, and eventually turned into a huge hand covered with dark scales and hair, full of unparalleled pressure.

At this moment, the hand of the demon god released a monstrous demonic energy, covering the sky and the earth, and grabbed Ye Feng.

Buzz!

At this moment, facing that big hand that covered the sky and the sun, Ye Feng felt a deep sense of suffocation, as if the entire sky was oppressed at once.

"Troll Axe!"

The next moment, Ye Feng exploded his power crazily, holding the troll battle ax in his hand, and slashed crazily towards the sky.

Boom!

The moment the troll battle ax in Ye Feng's hand struck the demon god's hand, a huge roar suddenly erupted.

The troll battle ax did not cause any damage to the hand of the demon god!

Buzz!

Instead, Ye Feng felt a very terrifying power, which erupted from the troll battle ax in his hand. The palm of Ye Feng's hand holding the troll battle ax vibrated, cracks appeared, and blood overflowed. .

"What a strong inheritance!"

Ye Feng instantly stepped back at this moment, looking at the hand of the demon god still pressing down high in the sky, his eyes showed deep shock.

Sure enough, this Lord of Ten Thousand Demons is worthy of being a powerful being at the level of the Eternal Realm. His power is simply too powerful.

Moreover, this Lord of Ten Thousand Demons must also be a being with extremely terrifying physical strength. After all, the bodies of the demon clan are also extremely powerful.

"Sword of the Purple God!"

At this moment, Ye Feng did not hesitate and released his own extremely powerful killing move.

The Sword of the Purple God!

This is the powerful inheritance of the Ziji Demon Emperor that Ye Feng had practiced before, and it has extremely terrifying power.

Buzz!

Almost at this moment, Ye Feng held up his hands to the sky, and a very rich and terrifying purple light suddenly appeared between his hands, condensing into a

An oversized purple lightsaber.

This is the Purple God Sword!

It has the powerful power of the ancient god Ziji Demon Emperor!

Boom! !

Almost at this moment, Ye Feng directly held the Purple God Sword in his hand and slashed hard at the Demon God's hand that was pressing down from high in the sky.

Buzz!

The next moment, the Purple God Sword burst out with the power of the ancient demon god, and actually blocked the demon god's hand in mid-air for a moment. It was stagnant and could no longer suppress it.

"Um?"

When the Lord of Ten Thousand Demons saw this scene, his eyes suddenly showed deep surprise.

Because the Lord of Ten Thousand Demons originally thought that it would be very easy to deal with a weak human boy like Ye Feng.

Maybe Ye Feng can be killed in one or two moves.

But what the Lord of Ten Thousand Demons never expected was that now he and Ye Feng were playing games with each other. They had been fighting for a long time, but they still did not suppress Ye Feng.

Ye Feng, a seemingly weak human boy, was so powerful that the Lord of Ten Thousand Demons felt a sense of deep fear.

"This kid is so powerful, we must not let him grow up, otherwise he will definitely be a huge threat to our Ten Thousand Demons Sect, and he is also a terrifying enemy to me. If once this kid grows up, Maybe even I can't suppress him. I must kill this kid completely today, and I can't leave this huge trouble behind!"

The Lord of Ten Thousand Demons was thinking secretly in his heart at this moment, his eyes immediately filled with the coldest intention of killing.

At this moment, the Lord of Ten Thousand Demons really started to pay attention to Ye Feng.

We must kill this human boy with endless potential!

Otherwise, there will be endless troubles!

"The body of ten thousand monsters!"

"Destroy the world!"

Suddenly at this moment, the Lord of Ten Thousand Demons once again used a very terrifying method.

And this method is very likely to be the method used by the Lord of Ten Thousand Demons to suppress the situation.

boom! boom! boom.....

At this moment, the Lord of Ten Thousand Demons suddenly burst out with masses of pitch-black demonic energy.

The moment these dark demonic energies rushed out from the Lord of Ten Thousand Demons, they all turned into the appearance of the Lord of Ten Thousand Demons.

This seems to be a kind of doppelganger technique!

Every ball of demon energy has turned into the lord of demons.

There are thousands of them!

Ye Feng was suddenly surrounded!

Then thousands of "Lords of Demons" immediately began to beat Ye Feng in a group.

Boom! !

At this moment, no matter how powerful Ye Feng's chaotic body was, it was temporarily unable to withstand it.

Ye Feng's body was about to be broken into pieces!

Huge wounds and cracks appeared on the surface of the chaotic body, and chaotic blood flowed out.

If the strength of Ye Feng's Chaos Body hadn't increased a lot before, he would have been completely dead by now.

Ye Feng's eyes showed deep shock and anger at this moment.

Unexpectedly, the Lord of Ten Thousand Demons would directly act cruelly this time!

At this moment, Ye Feng was in a huge life crisis.

After all, the Lord of Ten Thousand Demons is too powerful for Ye Feng now.

Even though Ye Feng has extremely terrifying methods and extremely powerful combat power, he still cannot resist a long-established superpower like the Lord of Ten Thousand Demons, a terrifying existence at the level of the Eternal Realm.

"The power of the ancient dragon god!"

At this critical moment of life and death, Ye Feng finally had only one method left, which was to summon the power of the ancient dragon god from the ancient dragon interface.

However, it is possible to summon the power of the ancient dragon god.

Ye Feng may not be able to succeed for a while.

But at this time, Ye Feng only has this most powerful trump card left.

.

So at this time, Ye Feng quickly inspired the secret of summoning the power of the ancient dragon god, hoping to succeed and bring down the power of the ancient dragon god to save himself now.

once!

twice!

...

Nine times!

ten times!

Eleven times!

...

Thirty-six times!

At this time, Ye Feng was very unlucky. After touching it so many times, he still failed to summon the power of the ancient dragon god.

While Ye Feng kept touching the secret of summoning, the Lord of Ten Thousand Demons was about to break Ye Feng's body into pieces.

At this moment, Ye Feng suffered a serious injury and felt that his consciousness was beginning to blur.

Finally at this time.

"The ninety-sixth touch!"

Boom! !

A terrifying and boundless majestic force descended from the sky in an instant.

Infinite and vast golden light, filled with the terrifying power of the ancient dragon god interface, came down in an instant, covering Ye Feng and the Lord of Ten Thousand Demons.

At this time, the power of the ancient dragon god descended from the vast sky and attacked all spaces on the field indiscriminately.

Ye Feng and the Lord of Ten Thousand Demons were all struck by the power of the ancient dragon god.

"ah!!"

The Lord of Ten Thousand Demons suddenly let out a painful scream. Most of his body was shattered by the power of the ancient dragon god, and he ran away in a panic.

At this time, Ye Feng was at the end of his strength and had no strength to pursue and kill the Lord of Demons.

I can only stagger and leave here quickly, fearing that the Lord of Ten Thousand Demons will come after me after he recovers.

Swish, swish, swish...

In his confused consciousness, Ye Feng staggered for a long time in this primitive forest full of poisonous swamps.

Bang!

Finally, suddenly Ye Feng was confused, stepped on the air, fell to the bottom of a cliff, and passed out instantly.

Chapter 2913 It's that adult

Buzz...

It seemed like a long time passed before Ye Feng opened his eyes with difficulty.

Uh-huh!

The first moment Ye Feng looked around, he wanted to observe where he was.

At this time, he saw himself in a dark cave.

"Pap, tap..." ??

Not far away, there were still water drops falling continuously.

At this time, Ye Feng sat up with difficulty, and then looked around, but there was no one there.

He was a little confused, who saved him?

"Of course it is me."

Suddenly, Emperor Chu's voice rang in his mind: "The moment you fell down the cliff, I used my soul method to float your body high in the sky, and then landed in this half. Above the cave on the mountainside, otherwise you will probably fall to pieces. "

When Ye Feng heard what Emperor Chu said, he immediately breathed a sigh of relief.

At this time, Ye Feng began to explore his injuries, and his eyes suddenly darkened slightly.

Because he found that all his power was about to disappear.

Because the last summons of the ancient dragon god's power consumed too much.

Moreover, when fighting the Lord of Ten Thousand Demons, the Lord of Ten Thousand Demons used the clone technique and was beaten by a group of people. His whole body was almost broken. Naturally, his strength was exhausted.

At this moment, Ye Feng sensed the spiritual energy of heaven and earth around him and found that the spiritual energy of heaven and earth around him was very thin. If he only absorbed the spiritual energy of heaven and earth, it would be difficult to recover.

This made Ye Feng's heart sink slightly, because the Lord of Ten Thousand Demons might come after him at any time.

However, Ye Feng also knows that most of his body was chopped into pieces by the power of the ancient dragon god. The Lord of Ten Thousand Demons should also be seriously injured now, and he will not be injured for the time being.

Will catch up.

At this time, Emperor Chu said: "At the last moment, I collected some body fragments of the Lord of Ten Thousand Demons. Maybe they will be of good use to you, Ye Feng."

"real?"

When Ye Feng heard what Emperor Chu said, his eyes suddenly showed a look of joy.

Because the body fragments of the Lord of Ten Thousand Demons must contain very rich blood energy and skills, which are of great use to him.

But at this time, Ye Feng thought for a moment, and then said aloud: "I will not use the body fragments of the Lord of Ten Thousand Demons for the time being, because the body fragments of the Lord of Ten Thousand Demons must contain very majestic energy. I am ready to hit the next realm." Use, now I need to recover my injuries first. I can't have the body fragments of the Lord of Ten Thousand Demons to recover my injuries. It's really a waste. I should keep the body fragments of the Lord of Ten Thousand Demons to break through the next one. Big realm."

When Emperor Chu heard this, he immediately smiled and nodded, and said loudly: "You are right, the cultivation realm of this Lord of Ten Thousand Demons is extremely powerful, and some of his body fragments indeed contain very huge energy. , it will be most valuable when you break through the big realm, but how do you quickly recover from your injuries now?"

Ye Feng smiled at this time and said: "I also have a huge logistics team."

Buzz!

After Ye Feng finished speaking, he directly put on the Demonic Soul Mask in the cave, and then his entire soul power passed through the Demonic Soul Mask, spanning endless time and space, and descended into the vast and endless interface of darkness.

It is very simple for Ye Feng to restore his strength, which requires a steady stream of huge energy.

Ye Feng can use the Demon Soul Mask to enter the dark interface and obtain powerful energy.

Buzz!

When Ye Feng put on the Demon Soul Mask, his soul body came directly to the dark interface.

At this moment, a majestic and boundless dark city appeared in front of Ye Feng.

This dark city was expanded again, becoming taller and more majestic, and seemed to be full of endless momentum.

Moreover, there are countless tall trolls surrounding this dark city, wearing elite armor, guarding the city. ??

Obviously, during the period of Ye Feng's departure, Ye Hei, the big devil, once again strengthened the team of Dark City a lot.

Moreover, he built such a majestic and boundless city. As his base camp, it looks extraordinary.

When Ye Feng came here, Ye Feng did not directly enter this majestic and boundless dark city.

Because many demons must not know themselves now.

So Ye Feng directly released his soul power and began to communicate with Ye Hei in the dark city.

Now, after Ye Hei evolved into a great demon, he was extremely tall and tall. He was wearing a set of black gold armor and was sitting in the core area of the dark city, discussing something with a group of demon commanders. He looked extremely majestic.

But at this moment, Ye Hei suddenly received the transmission of Ye Feng's soul and spirit, and his expression suddenly changed.

Then Ye Hei rushed outside very happily.

But seeing Ye Hei, who had always been extremely steady, he became so excited and happy that he rushed towards the outside of the city lord's palace regardless of his image.

The dozens of demon commanders present were all eyes.

A look of deep horror appeared in God's face.

Because they have never seen their lord lose his temper like this.

"In the end what happened?"

Dozens of demon commanders all looked extremely confused and walked out of the city lord's mansion.

And just when they walked out of the city lord's mansion, they saw an incredible scene.

They saw their lord Ye Hei, extremely respectful at this moment, kneeling on one knee in front of a young figure with a black mask on his face.

"What's happening here?"

A group of demon commanders all had deep horror in their eyes.

But at the next moment, a demon commander seemed to have remembered something, and suddenly couldn't help but said in horror: "Could this mysterious man in black robe wearing a ferocious mask be the mysterious and supreme master that the Lord often told us? "

"It's that adult!"

"It must be that adult!"

...

Almost at this moment, the dozens of demon commanders present seemed to understand something. They all looked respectfully and excitedly at the man in black robe wearing a ferocious mask, their eyes filled with a sense of fear for the unknown. of fear and respect.

Swish, swish, swish!

Swish, swish, swish!

At this moment, the dozens of demon commanders present were very conscious and all of them knelt down on the scene, facing Ye Hei's direction.

At this moment, Ye Feng looked through the Demon Soul Mask and looked at Ye Hei, who was kneeling on one knee in front of him, and said with a smile: "Get up, let's go to the City Lord's Mansion to talk."

Hearing this, Ye Hei quickly stood up and said respectfully: "Yes, sir!"

Chapter 2914 Dark Crystal Mine Veins

Under the respectful gazes of a group of demon commanders, Ye Feng took the lead and led Ye Hei into the central hall of the City Lord's Mansion.

Ye Hei did not let his subordinates enter the central hall, but walked into the hall alone.

At this moment, in the slightly dim central hall, Ye Hei said loudly: "Sir, do you have any orders for this arrival?"

Ye Feng smiled slightly and said aloud: "I watched it just now. You are developing very well now, which is very good."

When Ye Hei heard this, his eyes suddenly showed a trace of joy, and he immediately said: "I am very lucky to be praised by you."

Ye Feng nodded slightly, and then said aloud: "I don't have any special orders when I come here this time, but I need you to use all your strength to search for the major mineral veins around you."

Ye Feng did not directly ask Ye Hei to contribute all the resources in Dark City. After all, it was not easy for Ye Hei to build such a small fortune in such a short period of time. The future development of Dark City will still require these resources.

Therefore, Ye Feng decided to ask Ye Hei to immediately search the surrounding area.

Because Ye Feng knew very well that there were too many resources of heaven and earth buried in the vast and endless dark interface, which were simply inexhaustible.

Therefore, after Ye Feng finished speaking, Ye Hei immediately started issuing orders without any hesitation.

...

Three days later.

Ye Feng got the news from Ye Hei and discovered a dark crystal mineral vein tens of thousands of meters northwest of the dark city.

After Ye Feng got the news, he immediately set off in that direction.

In less than half a day, Ye Feng arrived at his destination.

At this time, Ye Feng was standing on a huge hillside, looking ahead.

Ahead is a very desolate land

land.

But at this time, in the middle area of this desolate land, a dozen tall demons had used mining tools to dig out a huge hole in the ground.

What is revealed in the pit is the dark crystal emitting black light.

Ye Hei was wearing dark armor at this time, standing behind Ye Feng, and said respectfully: "Sir, under this barren ground, I am afraid that all of them are veins of minerals, containing dark crystals, which must be of great help to you. help."

Ye Hei is completely devoted to Ye Feng, so he knows that Ye Feng now needs huge energy resources to devour.

This made Ye Hei couldn't help but guess in his heart that the Lord might be the Sky-Swallowing Demon Clan among the ancient dark races.

At this moment, Ye Feng stared at the deserted area in front of him, nodded slightly, and said with great satisfaction, "You can go back."

When Ye Hei heard this, he immediately clasped his fists respectfully and said, "Yes, sir."

After saying that, Ye Hei left here directly with a group of demon soldiers without disturbing Ye Feng's practice.

Uh-huh!

At this time, Ye Feng jumped directly to the pothole in front, and then jumped directly in.

The next moment, Ye Feng landed into the huge dark crystal mineral vein.

Buzz!

At this moment, Ye Feng couldn't help but exude his huge soul power, spreading it out towards the surroundings.

At this moment, Ye Feng could immediately feel that this dark crystal mineral vein was very huge, and the reserves must be very terrifying.

"boom!"

The next moment, Ye Feng directly released the Devouring Domain without any hesitation.

In an instant, the Devouring Domain released by Ye Feng directly covered the entire dark crystal mineral vein.

"Rumble..."

The next moment, Ye Feng suddenly felt that a huge amount of dark energy was directly absorbed by the Devouring Domain, and then injected into Ye Feng's body.

At this moment, Ye Feng immediately felt that his skill was increasing significantly.

The next moment, Ye Feng transmitted all this dark energy through the Demon Soul Mask to his own body far away in the center of the God Realm.

Ye Feng was originally seriously injured and the energy in his body was almost exhausted.

But now, with the injection of such a huge amount of dark energy, Ye Feng's skills are rapidly recovering.

At this time, Ye Feng could feel that his lacking skills were being replenished at an incredible speed.

Three whole days and three nights.

Ye Feng's soul body absorbed and swallowed up the entire dark crystal mineral vein in the dark interface.

As for Ye Feng's body, he was in a dark cave in the ancient world at the edge of the earth in the center of the God Realm, and his injuries had completely recovered.

If an ordinary warrior experienced such a serious injury, it would take decades of rest and recuperation before he could fully recover.

However, Ye Feng's chaotic body is very powerful and his vitality is very tenacious. In just three days and three nights, with the help of dark energy, Ye Feng recovered all his injuries and replenished all his skills.

At this time, Ye Feng let his soul body return to his original body, and then took off the demon soul mask.

\u003e

The next moment, Ye Feng did not leave the cave, but said aloud in his mind: "Emperor Chu, take out a large piece of the broken body of the Lord of Ten Thousand Demons. I want to hit the next great realm!"

Now, Ye Feng's cultivation is at the tenth level of the Immortal Movement Realm!

This time, Ye Feng decided to break through the bottleneck of the Immortal Movement Realm.

Uh-huh!

The next moment, Emperor Chu directly released the broken body of the Lord of Ten Thousand Demons that he had secretly harvested before.

At this moment, Ye Feng directly released the power of devouring, and began to frantically refine and devour the terrifying energy in the broken body of the Lord of Ten Thousand Demons.

You know, the Lord of Ten Thousand Demons is a super strong person at the Eternal Realm level.

Therefore, what Ye Feng saw in front of him at this time, even if it was only part of the broken body of the Lord of Ten Thousand Demons, contained very terrifying blood energy and abundant demon essence.

"boom!"

At this moment, after Ye Feng swallowed the broken body fragments of the Lord of Ten Thousand Demons in front of him, he immediately felt that a terrifying and majestic demon energy was injected into his Dantian, allowing him to gain his power instantly. Huge addition and improvement.

Even though Ye Feng has now entered the final bottleneck, he feels at this time that his cultivation bottleneck is being rapidly and continuously impacted, and is about to be broken through.

"boom!"

Suddenly at a certain moment, Ye Feng suddenly burst out with a new and powerful terrifying cultivation aura.

That's the momentum of a breakthrough!

At this moment, Ye Feng successfully broke through.

Breaking through from the tenth level of the Immortal Movement Realm to the half-step Creation Realm!

Moreover, at this time, the huge demon essence has not been completely refined, and is still filling Ye Feng's power...

Chapter 2915 The Divine Tree that reaches the sky

Although there was still a lot of huge demonic energy left, after Ye Feng refined all of it, he was unable to break through to the true creation realm in one fell swoop.

However, this time his skills were fully restored and he had even reached the half-step creation realm, which made Ye Feng very satisfied.

At this time, Ye Feng walked out of the cave, ready to see if he could continue to hunt evil beasts in the surrounding virgin forest and break through the final bottleneck of cultivation.

But the next moment.

Uh-huh! Uh-huh!

Suddenly, several figures flew over quickly from a certain direction not far away.

Ye Feng's powerful perception sensed it in advance and immediately hid in the surrounding jungle.

The next moment, Ye Feng observed that the figures flying over not far away were all young people, and the clothes they were wearing turned out to be masters from the Dragon King Holy Land.

"These masters are all practitioners from outside the ancient world, not from the ancient world."

Ye Feng murmured in his heart.

At this moment, these experts were in a hurry and soon left where Ye Feng was.

When Ye Feng saw this scene, his heart immediately became excited.

It seems that these experts from the Dragon King Holy Land must be heading to a place with good fortune.

At this moment, Ye Feng's expression suddenly changed, and he started to follow these Dragon King Holy Land masters directly behind them.

After crossing thousands of mountains and rivers, Ye Feng followed the masters of the Dragon King Holy Land through the entire primeval forest area and came to the land on the other side of the primeval forest.

The land here is full of withered patches, looking very depressed and without the breath of life.

But Ye Feng saw at this time that at the end of this withered land, there was a huge tree that covered the sky and the sun.

This tree is very majestic and tall, like a giant tower that can reach the sky.

, looks very majestic.

It feels like the vitality of the entire earth has been sucked out by this huge tree that covers the sky, so the earth is full of withered patches.

At this time, Ye Feng saw that the experts from the Dragon King Holy Land were gathered in the area under the big tree that covered the sky.

Moreover, Ye Feng discovered that many figures were coming one after another from the surrounding directions.

The cultivation auras of these figures are extremely powerful.

Among these people, Ye Feng guessed that there might be local practitioners from this ancient world arriving.

Because Ye Feng discovered that among the many masters gathered together, some of the masters had fluctuations in cultivation skills that were different from those in the center of the God Realm. They were very special and abnormal.

At this time, Ye Feng suddenly felt a very familiar fluctuation.

Buzz!

Not far away, a figure that was very familiar to Ye Feng arrived.

The moment this figure arrived, the expressions of all the experts present changed slightly.

Because this tall figure, the cultivation aura on his body is clearly that of the extremely powerful Eternal Realm.

Most of the masters present were basically at the Creation Realm.

"The Lord of Ten Thousand Demons..."

Ye Feng stared at the tall figure who came, with cold murderous intent in his eyes.

However, at this time, Ye Feng did not reveal his murderous intention for the time being. Instead, he took out a set of black robes from the storage ring and enveloped himself.

Ye Feng covered his entire face, so the Lord of Ten Thousand Demons would not recognize him among the crowd.

After all, now Ye Feng knows that he is no match for the Lord of Demons for the time being.

At this time, Ye Feng calmly walked into the crowd and took a look at the situation first.

Many people around were staring at the big tree covering the sky and discussing something.

Ye Feng listened intently.

"Have you heard? This big tree that covers the sky is the legendary sacred tree that reaches the sky. It is said to connect the ancient world and the ancient divine world above the sky!"

"The ancient divine world has been broken long ago. The main part is the current divine world. The ancient world we are in is one of the fragmented interfaces of the ancient divine world. It is said that the space above the sky connected by the sky-reaching sacred tree is the residence of a divine king from the ancient divine realm, and may have the inheritance and wealth of an ancient divine king."

"Oh? If the sky-reaching sacred tree is really connected to the place where an ancient god lived, then this is really a huge opportunity."

"I didn't expect that the Lord of Ten Thousand Demons is coming. I'm afraid that the inheritance of the ancient god will be obtained by the Lord of Ten Thousand Demons. After all, the cultivation of the Lord of Ten Thousand Demons is really too powerful." .??.

"That's not necessarily the case. There are so many masters here this time. In the chaos, ordinary masters like us can't fish in troubled waters."

...

At this moment, many experts around him couldn't help but speak out and started talking about it.

When Ye Feng, who was standing in the crowd, heard the discussion of these people, there was a hint of surprise in his eyes.

Unexpectedly, the big tree covering the sky turned out to be the legendary sacred tree reaching the sky, and it was also connected to the residence of an ancient god.

At this thought, Ye Feng couldn't help but covet the opportunity in front of him.

Moreover, even if Ye Feng does not covet this opportunity, he will still take action to destroy Wan Yao

The master has been inherited by the ancient gods.

Because once the Lord of Ten Thousand Demons obtains the inheritance from the ancient divine king, it will be terrible.

Ye Feng may not be able to take revenge in a short period of time.

At this time, Emperor Chu spoke in Ye Feng's mind: "Ye Feng, I felt the breath of the ancient sacred tree while I was sleeping. It's so rich in vitality."

Ye Feng nodded slightly and communicated in his mind: "Yes, it is the sacred tree that reaches the sky."

"The sacred tree that reaches the sky?"

Emperor Chu began to look at the outside world in Ye Feng's mind, and sure enough he saw a big tree that covered the sky and the sun, growing not far away.

Emperor Chu couldn't help but said: "Tiantian Divine Tree, this kind of ancient divine tree is a good thing. It's hard to find but you can't find it. Ye Feng, even if you can't get the wealth of the ancient god, you must still get this Tongtian Divine Tree." You have obtained the sacred tree. Once this ancient sacred tree is refined into your body, you will be able to obtain a steady stream of vitality, which is more powerful than the vitality of the heart of the gods. Moreover, there is a person in the world who may not If you know the secret, let's say that among ancient sacred trees like the Tongtian Divine Tree, one can comprehend the fifth great life technique among the three thousand avenues of the heavens!"

"Great Life Technique!"

When Ye Feng heard this, his eyes suddenly trembled.

Emperor Chu continued: "Once you understand the Great Life Technique, Ye Feng, you will basically not die. Every time you cast the Great Life Technique, it can give you or the person you cast it on, infinite vitality, which is better than anything in the world." All healing medicines are effective, it is a magical way to extend your life!"

When Ye Feng heard what Emperor Chu said, he suddenly became excited.

Because Ye Feng has been collecting and learning various techniques of the Three Thousand Dao.

Because in ancient legends, once the three thousand great arts are gathered together and integrated into one furnace, one can become an eternal and immortal master!

Chapter 2916 Causes chaos

Ye Feng naturally wanted to get the Great Life Technique, one of the three thousand great ways.

However, Ye Feng knew very well that the Heaven-reaching Sacred Tree was not so easy to obtain because there were many masters present.

At this time, Emperor Chu continued in his mind: "Ye Feng, it is not that difficult for you to obtain this Divine Tree, because knowing that the Divine Tree can comprehend the secret of the Great Life Technique, I am afraid that no one else here knows about it. Yes, only I know this ancient secret."

Hearing what Emperor Chu said, Ye Feng immediately nodded, and then said aloud: "Now the Tongtian Sacred Tree is connected to the residence of an ancient god king above the sky. Let's not snatch the Tongtian Sacred Tree for the time being, and go up and take a look. Let's see."

For Ye Feng, the most urgent task now is to prevent the Lord of Ten Thousand Demons from obtaining the inheritance of the ancient god king, and to kill the Lord of Ten Thousand Demons to take revenge.

After all, Ye Feng was chased so miserably by the Lord of Ten Thousand Demons that he almost died.

Ye Feng has never had such a miserable experience.

Therefore, the Lord of Ten Thousand Demons has long been on Ye Feng's must-kill list.

Uh-huh!

At this time, Ye Feng flew quickly towards the direction of the Tongtian Sacred Tree.

Many experts around him started to move towards the sky-reaching sacred tree at this moment.

There were many experts around Ye Feng who were following him, but everyone was wary of each other and did not take direct action.

Because now all the masters know that the most important thing is the living area of the ancient god king, rather than killing each other in advance.

And with the Lord of Ten Thousand Demons, an extremely powerful Eternal Realm expert here, all the masters know that the Lord of Ten Thousand Demons is the biggest threat.

When everyone arrived under the Tongtian Divine Tree, they immediately sensed a very strong spatial fluctuation.

\u003e

The Lord of Ten Thousand Demons had already entered the sky connected to the Heaven-Tearing Sacred Tree in advance, so at this time, everyone knew how to enter.

Swish, swish, swish!

They immediately stretched out their hands and touched the sacred tree that reaches the sky, and then their whole people disappeared in a burst of space fluctuations.

The next moment everyone opened their eyes, they found that they had passed through the inner space of the Tongtian Divine Tree and arrived at the top of the sky at the top of the Tongtian Divine Tomb.

At this moment, everyone looked around and found that there were many broken buildings and palaces, all suspended in mid-air.

This was obviously the place where an ancient divine king lived, and there was an extremely ancient atmosphere everywhere.

Ye Feng also followed the crowd and came to the area above the sky.

He was looking at the various floating buildings and palaces around him with a look of surprise in his eyes.

I didn't expect that the sky connected by the Tongtian Divine Tree would be so vast. It was like an ancient battlefield, with broken pieces everywhere. It seems that the ancient god king suffered a terrible disaster back then, so he lived there. Only then would the earth be broken to this extent.

But just when everyone arrived, a group of soldiers in armor suddenly surrounded them.

The auras exuded by these soldiers are extremely powerful and full of demonic aura.

A group of soldiers immediately said: "This place has been blocked by our Ten Thousand Demons Sect. No outsiders are allowed to enter. The Lord of Ten Thousand Demons is looking for opportunities. We must wait until our Lord of Ten Thousand Demons finds him."

Thanks to all the good fortune, you can enter and pick up some leftovers to eat. "

"What?!"

Hearing what this group of monster soldiers said, everyone had angry looks in their eyes.

A demon soldier immediately said coldly: "What? You guys want to resist? Our Lord of Ten Thousand Demons is a powerful being at the level of the Eternal Realm! A single thought can kill you all! Aren't you afraid? Are you going to die? You must obey the orders of the Lord of Demons!"

After hearing that this group of soldiers from the Ten Thousand Demons Sect had moved out as their backer, the Lord of Ten Thousand Demons, many of the masters present couldn't help but show deep fear and fear in their eyes. ??

Because the cultivation of the Lord of Ten Thousand Demons is indeed extremely powerful, and he is the only powerful being at the Eternal Realm level present.

Even in the center of the God Realm, the Lord of Ten Thousand Demons can definitely be regarded as an extremely powerful overlord.

"Is it possible that all the wealth in this area where the ancient divine king lives will be occupied by your Ten Thousand Demons Sect?"

Suddenly at this moment, a young man in white clothes walked out of the crowd.

It's Ye Feng!

Ye Feng ignored these soldiers from the Ten Thousand Demons Sect and walked forward directly, saying coldly: "Get out of here!"

boom!

Almost at the moment Ye Feng finished speaking, an extremely powerful aura suddenly erupted from his body, directly blowing away all the dozen or so soldiers of the Ten Thousand Demon Sect who were blocking the way in front of him.

The next moment, a group of soldiers from the Ten Thousand Demon Sect couldn't help shouting angrily: "Human boy! You are too presumptuous!"

Swish, swish, swish!

Almost at this moment, several people around

Hundreds of soldiers from the Ten Thousand Demons Sect all gathered in front of Ye Feng, and then charged directly towards Ye Feng to kill Ye Feng.

But Ye Feng just smiled coldly at this time and said: "If you want to deal with me, you have to let the Lord of Ten Thousand Demons behind you take action. You ordinary masters of Ten Thousand Demons Sect are no match for me at all! "

Boom!

Almost at this moment, Ye Feng did not use any so-called means at all, but just punched forward.

And the moment Ye Feng punched out, all his strength was concentrated on this punch, and a huge divine light suddenly burst out, impacting out from Ye Feng's fist, It has extremely terrifying destructive power.

In an instant, hundreds of masters from the Ten Thousand Demon Sect who rushed over were all sent flying backwards. There were even many masters from the Ten Thousand Demon Sect who were relatively weak in cultivation, and their bodies exploded and turned into a ball. Blood mist.

"What a strong boy!"

Seeing this scene, a group of masters from various major forces behind them immediately showed deep horror in their eyes.

Their eyes fell on Ye Feng, a young man, and they all found it incredible.

Because this young man is really too powerful.

And with Ye Feng, a mysterious young man, leading the charge, a group of masters from other forces around him gained confidence.

Everyone rushed forward one after another, completely ignoring the orders of these masters of the Ten Thousand Demons Sect.

Ye Feng saw this chaotic scene, and the corners of his mouth under the black robe were slightly crooked.

What he wants is to cause chaos among everyone, so that everyone can work together to deal with the most powerful enemy, the Lord of Ten Thousand Demons.

Chapter 2917 Defeat the Frost Giant

Ye Feng now knows very well that if he only relies on his own strength, he will not be able to confront the Ten Thousand Demons Sect and the Lord of Ten Thousand Demons head-on.

But if we can mobilize the action capabilities of all the masters present, we may be able to interfere with the Lord of Ten Thousand Demons' plan to plunder the ancient god king this time.

Sure enough, at this time, under the leadership of Ye Feng, all the masters could no longer bear it and directly attacked the soldiers of the Ten Thousand Demons Sect.

Although these soldiers of the Ten Thousand Demons Sect are all very powerful, it is impossible for them to be able to withstand all the joint attacks from the masters of the major forces.

So at this moment, all the soldiers of the Ten Thousand Demon Sect on the field, who were attacked by the masters of all the major forces present, vomited blood and retreated quickly towards the rear.

Uh-huh!

Ye Feng directly caught up with these killed Ten Thousand Demon Sect masters at this moment, and then released the Devouring Domain, swallowing up all the blood and energy of these killed Ten Thousand Demon Sect masters.

Buzz!

After swallowing it, Ye Feng immediately found that his skill had been greatly improved.

You know, Ye Feng has already broken through to the half-step Creation Realm before. Now after devouring the blood energy of these masters of the Ten Thousand Demons Sect, Ye Feng's skill accumulation has become stronger and stronger, and he is not far away from breaking through to the real Creation Realm. .

Ye Feng believed that as long as he could break through to the Creation Realm, he might be able to fight head-on with the Lord of Demons while using his Dzogchen Future Body.

At this time, many masters broke through the obstruction of the soldiers of the Ten Thousand Demons Sect and went directly to the depths of the place where the ancient god king lived.

Uh-huh!

Ye Feng was also moving quickly towards the deep area at this time.

Ye Feng is still a little anxious now, because the Lord of Ten Thousand Demons has been in this place where the ancient God Lord lives for a long time.

Perhaps he has found the final inheritance of the ancient divine king.

But at this time, Emperor Chu said aloud in Ye Feng's mind: "Ye Feng, you don't have to be so anxious. Look at the residence of this ancient god. It's so dilapidated, with broken palaces everywhere. I think this place I'm afraid that there was a very terrifying battle that year. The ancient divine king may not have left behind his legacy. This is just a relic of an ancient battlefield. These are not very important to you. The most important thing for you now is to think about it quickly. The solution is to collect the Heaven-reaching Sacred Tree and refine it into your body so that you can comprehend the Great Life Technique in the future."

When Ye Feng heard what Emperor Chu said, he immediately nodded and said loudly: "I will definitely collect the Tongtian Sacred Tree, but the most important thing now is to find the Lord of Ten Thousand Demons, and by the way, see if I can get it from this ancient divine king. I can find some opportunities in my place of residence to enhance my skills and completely transform me."

After finishing speaking, Emperor Chu didn't say anything more.

Buzz!

At this moment, Ye Feng exuded his huge soul power and began to explore the surroundings.

"Boom!"

Suddenly at this moment, a huge roar came from a certain direction not far away.

Ye Feng's eyes moved and he immediately flew quickly in that direction.

When Ye Feng arrived at this place, he immediately saw a group of masters from unknown forces. There were more than a dozen in total, and they were besieging a man who was completely scattered.

A frost giant with an icy air.

This frost giant is obviously a native creature of the place where the ancient gods lived. At this moment, he woke up from his slumber and was being besieged by a group of more than a dozen masters.

However, these masters cannot resist the attack of the Frost Giant.

At this moment, several masters had been completely frozen into ice cubes by the extreme cold air breathed out by the Frost Giant, and then shattered on the ground.

"This frost giant is too powerful for us to hunt, so hurry up and run!"

At this time, a group of more than a dozen masters were all running towards the distance, trying to escape from here.

But just as they were running away, Ye Feng suddenly walked towards everyone.

When this group of experts saw Ye Feng walking over alone, their faces suddenly changed slightly, and they couldn't help but remind them loudly: "This frost giant is an extremely powerful creature that the ancient gods kept in captivity. It is not something we can do at all." Those who are resisting should hurry up and run, don't die in vain!"

Faced with the reminders from this group of experts, Ye Feng just smiled and said: "A frost giant that has not yet fully reached maturity is not as powerful as you think."

After Ye Feng finished speaking, he jumped directly into the sky, and then rushed towards the frost giant in an instant.

"Damn outsiders, I will tear you all to pieces!"

At this time, the frost giant let out a cruel roar.

He immediately waved his frosty arm that looked like a pillar of heaven and blasted directly towards Ye Feng, intending to smash Ye Feng into pieces.

After all, Ye Feng was as insignificant as an ant in front of this frost giant.

Therefore, this frost giant felt that his fist would be able to crush the ant Ye Feng directly.

But at this time, Ye Feng didn't have any fear at all. He also waved a fist and violently collided with the frost giant's ice crystal fist.

Boom! !

Almost at this moment, a terrifying roar exploded across the entire sky.

The next moment, Ye Feng's seemingly weak fist suddenly burst out with a majestic and boundless power. It was full of terrifying impact, and it suddenly smashed the entire ice crystal arm of this frost giant. It was shattered inch by inch with a bang!

"ah!"

The frozen giant felt the huge pain, and immediately couldn't help but retreat crazily, with a very painful expression on his face.

"What?!"

Seeing this scene, the group of masters present who were about to escape suddenly showed deep horror in their eyes.

They couldn't help but exclaimed: "What? This frost giant that so many of us couldn't deal with together was actually smashed to pieces by this young man with a punch. How is this possible?"

Others couldn't help but look shocked and said: "What kind of power does this young man come from? How could he have such terrifying physical power? The punch just now was too terrifying and powerful. Can actually defeat the ancient Frost Giant clan!"

At this time, Ye Feng walked towards the frost giant who lost an arm with deep confidence on his face. Ye Feng now knows very well that if he only relies on his own strength, he will not be able to confront the Ten Thousand Demons Sect and the Lord of Ten Thousand Demons head-on.

Chapter 2918 The Body of Divine Mind

Tap tap tap...

At this time, Ye Feng slowly walked towards the Frost Giant.

The previously extremely ferocious Frost Giant's eyes were full of deep fear at this moment, staring at Ye Feng not far away.

Although Ye Feng's figure looked a little thin at this time, in the eyes of the frost giant, he looked like a ferocious beast, giving him a very terrifying feeling.

Uh-huh!

The Frost Giant immediately couldn't help but retreat quickly, trying to escape from here.

But at this time, Ye Feng smiled faintly and said, "You can't escape."

Boom!

Almost at the moment Ye Feng finished speaking, he stretched out a hand, and the whole world suddenly dimmed.

High in the sky, countless vitalities of heaven and earth rioted, directly condensing into a huge dark hand, and then suddenly grabbed the majestic and majestic body of the frost giant.

Wow!

Then Ye Feng opened his mouth and swallowed, and an extremely dark and bloody mouth appeared directly high in the sky, directly swallowing the Frost Giant.

After seeing this shocking scene, the eyes of the dozen or so experts from unknown forces present were filled with deep sluggishness.

Because Ye Feng gave them such a terrifying feeling.

Whether it was the powerful means used or the last bite of the frost giant swallowed, all of this was too shocking and had a very strong visual impact.

These dozen masters didn't even dare to say anything at this time and left here quickly, for fear that Ye Feng would swallow them all in anger.

Obviously at this time, in the eyes of many experts, Ye Feng, the mysterious man in black robes, is probably an old devil who has never been born.

"boom!"

At this time, after Ye Feng swallowed the entire Frost Giant, he immediately felt a very huge amount of frost energy exploding throughout his body. It was rapidly being absorbed by Ye Feng's entire body and growing stronger. Ye Feng's skill.

"boom!!!"

Half an hour later, Ye Feng suddenly released a very terrifying cultivation aura on his body.

At this moment, Ye Feng finally accumulated enough energy.

All of a sudden, the current bottleneck has been broken through!

A true breakthrough to the Creation Realm above the Immortal Movement Realm!

"First level of creation realm!"

Ye Feng's eyes were filled with deep excitement at this time.

After accumulating for so long, I finally made a complete breakthrough to the Creation Realm.

Although Ye Feng is only at the first level of the Creation Realm now, Ye Feng has the means to perfect his future body.

In a short period of time, Ye Feng can directly upgrade his cultivation level to the level of perfection in the tenth level of the Creation Realm.

He can definitely defeat the super strong men of the Eternal Realm who are above the Creation Realm.

Ye Feng has this confidence!

At this time, Ye Feng looked around and found that there was no one at the scene.

It seems that the dozen masters just now were shocked by their own methods and left here quickly.

"Buzz!"

And just when Ye Feng was about to continue moving towards the surroundings

Look for other opportunities for good fortune.

Suddenly, all the masters in the entire place where the ancient gods lived sensed a great and boundless power. At this moment, it was spreading in all directions in the center of this area, as if an ancient god had revived!

"It's the aura of power from the ancient god!"

Many masters realized at this moment that this great and boundless power aura was extremely noble. It was definitely the power of the ancient god king who had manifested in this area.

Ye Feng also sensed this kind of energy fluctuation at this moment. It was very majestic and powerful, and it was definitely the aura of the ancient god.

At this moment, Ye Feng did not hesitate and rushed directly towards the center of the area.

Ye Feng guessed that it was very likely that the Lord of Ten Thousand Demons had found the relics left by the ancient gods in the center of this area.

Thinking of this, Ye Feng speeded up his speed.

Now, Ye Feng's cultivation has broken through to the first level of the Creation Realm, and he is no longer afraid of the Lord of Ten Thousand Demons.

And many experts in this ancient area also gathered towards the center.

Although they all know that there may be huge dangers.

But the wealth left by an ancient divine king was so attractive that it made everyone extremely greedy.

Therefore, all the masters are no longer afraid of death at this moment, and they all fly quickly towards the center.

When Ye Feng arrived at the central area, he found that many people had already arrived.

At this time, Ye Feng saw that the Lord of Ten Thousand Demons and many other masters were fighting against the tall lights and shadows in the ruins.

The tall light and shadow, whose entire body was composed of divine light, rose from the ruins of the central ruins. It was so majestic that it could almost stand up to the sky and the earth.

Ye Feng guessed that this should be a body of divine will reserved by the ancient gods.

This ancient divine king may have died in the ancient times, but the only surviving body of divine thoughts also possesses extremely powerful power, and can actually fight together with the Lord of Ten Thousand Demons and many masters present.

At this moment, Ye Feng did not join the battle, but stood in the surrounding ruins of the palace and watched the battle.

Because at this moment, Emperor Chu said in his mind: "Ye Feng, don't blindly fight with the remnants of this ancient god. The reason why he manifested the body of the gods must be to protect something, otherwise he would not be able to wake up casually. Yes, Ye Feng, if you lurk into the ruins in the central area, you should be able to find some good things, most likely the wealth left by this ancient god."

When Ye Feng heard what Emperor Chu said, his eyes immediately showed approval, and he couldn't help but smile and said: "Yes, I think so too, but the Lord of Ten Thousand Demons must be paying attention to any movement around him. We won't let anyone get close to the ruins surrounding the ancient god's spiritual body."

Emperor Chu smiled and said: "This is simple. You just use the space gem to open up a space wormhole and connect it to the ruins. Now the Lord of Ten Thousand Demons and a group of

masters are fighting against the spiritual body of the ancient god. Without special sensing, it should be impossible to sense space wormholes.”

Ye Feng nodded slightly and said, "Okay, then I'll give it a try."

Buzz!

At this moment, Ye Feng directly activated the space gem and began to open up a space wormhole, moving towards the void where the ancient god king's remains were. Tap tap tap...

At this time, Ye Feng slowly walked towards the Frost Giant.

The previously extremely ferocious Frost Giant's eyes were full of deep fear at this moment, staring at Ye Feng not far away.

Chapter 2919 The inheritance of the Great Wild God

What Emperor Chu guessed was indeed correct.

The space wormhole opened by Ye Feng using the space gem did not attract the attention of the Lord of Ten Thousand Demons and a group of strong men at all.

Because they were in a fierce battle with the spiritual body of the ancient god king, they simply couldn't care about so much.

Buzz!

So at this time, Ye Fengshen flew out from the other end of the space wormhole without anyone noticing, without attracting anyone's attention.

At this moment, he directly entered the deepest area of the ruins.

At this time, Ye Feng looked around and found that everything was deserted and dilapidated.

There should have been a very splendid palace complex here, but now they have all collapsed and been destroyed, obviously destroyed by ancient powers.

At this time, Ye Feng did not hesitate at all, because time was limited and he might be discovered by the Lord of Demons at any time.

Moreover, Ye Feng didn't know how long the ancient divine king's spiritual body could last. He might be killed soon by the Lord of Ten Thousand Demons and a group of masters.

So at this moment, Ye Feng knew that he had to immediately look for the wealth in this place where the ancient god lived to see if there was any inheritance in it.

If you can discover the inheritance of this ancient god, you will really make a fortune.

Buzz!

At this time, even Emperor Chu released his huge soul power to help Ye Feng search.

The next moment, Emperor Chu seemed to have discovered something, and he couldn't help but said: "Ye Feng, I sensed a very obscure fluctuation. Go to the northwest of this ruins and take a look."

At this time, Ye Feng nodded immediately and flew directly towards the northwest region without wasting any time.

Soon, Ye Feng came to the northwest area of this ruins.

He immediately saw it, there was something on the ground

holding ancient coffins.

In the middle, there stood the largest coffin. The entire coffin was made of gold and looked very luxurious.

At this time, Emperor Chu immediately said: "Ye Feng, just open the biggest golden coffin!"

"good."

Ye Feng naturally believed in Emperor Chu.

Hearing what Emperor Chu said at this time, Ye Feng came directly to the golden coffin without any hesitation.

Then Ye Feng hit him hard with a slap.

Click!

The entire golden coffin was immediately beaten to pieces.

The next moment, Ye Feng suddenly saw that there was no skeleton in the coffin, but a crystal ball lying quietly.

"This is....."

When Ye Feng saw the crystal ball, his eyes immediately showed deep excitement.

Because Ye Feng knew very well that this crystal ball must contain the inheritance of the ancient gods.

Only the extremely powerful secrets of inheritance will be stored in this special crystal ball.

Uh-huh!

At this moment, Ye Feng stretched out his hand and touched the crystal ball.

There was a "boom"!

Ye Feng immediately felt his spiritual body entering the space inside the crystal ball.

In the inner space of this crystal ball, Ye Feng saw a very vast scene.

On a land full of vitality, a stalwart middle-aged man shouted directly: "The Secret of Imprisoning Heaven in the Wilderness!"

The moment he performed this Great Wilderness Imprisonment Technique, all the life force of the vibrant earth around him was instantly absorbed into his body by this middle-aged man.

The earth, which was originally full of vitality, suddenly became extremely withered!

But this middle-aged man absorbed all the life force in the surrounding earth, and his aura was surging to an extreme.

Then he stretched out his hand suddenly.

Boom boom boom...

I saw huge golden light pillars appearing immediately above the entire sky, instantly controlling a large area of land in front of them, forming a huge prison of heaven and earth.

Buzz!

And at the next moment, Ye Feng's spirit returned directly to his own body.

At this moment, Ye Feng immediately received the inheritance from the ancient god.

This is the Great Wilderness Prisoning Heaven Technique!

This ancient divine monarch was originally called the "Great Wilderness Divine Lord".

He is a very powerful ancient figure!

Created such a powerful inheritance: the Great Wilderness Prisoning Heaven Technique!

At the moment when the Great Wilderness Prisoning Heaven Technique is used, the caster can instantly absorb all the vitality of the earth within a few hundred meters into his body, and then release golden light pillars to form a huge prison of heaven and earth, which can Imprison any enemy.

With the practice of the Great Wilderness Prisoning Heaven Technique, the user can even continuously expand the scope of absorption.

Absorb the life force within a few hundred meters from the beginning.

It can expand to the point where it can absorb the life force of thousands of meters or even tens of thousands of meters of earth in the final instant.

This is a magical weapon that can use the life force of the entire earth in an instant to release the prison of heaven and earth that imprisons the enemy.

The art of inheritance.

"It turns out to be the inheritance of the Great Wilderness God." Emperor Chu spoke in Ye Feng's mind at this time.

When Ye Feng heard what Emperor Chu said, his eyes immediately moved and he couldn't help but said: "Emperor Chu, do you actually know this ancient divine king?"

Emperor Chu nodded slightly and said, "I discussed it with him before."

"Have you ever had a discussion with him?"

Hearing what Emperor Chu said in his mind, Ye Feng was immediately startled. He didn't expect that Emperor Chu had such a powerful background and knew the ancient gods!

But Ye Feng didn't ask any more questions at this time, because time was tight now.

After Ye Feng obtained the inheritance of the Great Desolate God Lord, he directly imprinted this set of Great Desolate Heaven Prison Techniques in his mind and continued to comprehend it.

At this time, Ye Feng continued to spread his soul power and look for other wealth around him.

But before Ye Feng could find other wealth, a very terrifying impact force suddenly descended from high in the sky.

Boom!

In an instant, the entire ruins space above Ye Feng's head collapsed, and the surrounding area turned into ruins.

There was a look of surprise in Ye Feng's eyes, and he flew not far away, avoiding the attack.

And at the next moment, as the ruins above collapsed, Ye Feng's figure was also revealed in front of everyone.

The Lord of Ten Thousand Demons saw Ye Feng at this moment, and his eyes immediately revealed a look of deep surprise, followed by endless coldness and murderous intent.

The Lord of Ten Thousand Demons Leng Sensen said: "I didn't expect that you, a boy from the human race, are not dead yet, and that in such a short period of time, you recovered from such a serious injury to your current lively state. It seems that I I still underestimated you! But today, you absolutely can't escape!"

Chapter 2920 Demon Rebellion

Buzz!

At this time, all the masters discovered Ye Feng and rushed out from the ruins. Their eyes were all fixed on Ye Feng.

Not only the Lord of Ten Thousand Demons, but also the spiritual body of the ancient god king was also staring at Ye Feng at this moment.

The spiritual body of this ancient god king seemed to realize something, and couldn't help but said: "Boy, did you break my coffin?"

Uh-huh!

Ye Feng didn't say much at this time, he just rushed towards the distance quickly.

Because there are so many masters here, Ye Feng is not sure that he can fight against all the masters.

But at this time, after the spiritual body of the ancient god king finished speaking, all the masters realized something, and they all suddenly showed greedy looks in their eyes.

They directly blocked Ye Feng's path.

The Lord of Ten Thousand Demons also roared fiercely at this time: "Damn boy, you actually got the inheritance of this ancient god while we were fighting. It's so abominable! You must die today!"

boom!

After the Lord of Ten Thousand Demons finished speaking, he directly stretched out a hand towards Ye Feng, and then attacked Ye Feng fiercely.

This hand suddenly turned into a big black hand, full of terrifying and boundless power.

This is the demon god's hand from the Lord of Demons!

Ye Feng has seen it before, and it is very powerful.

At this moment, Ye Feng didn't hesitate at all, and directly punched the top with a fierce punch.

Boom!

Accompanied by a huge roar, Ye Feng's punch directly shattered the demon god's hand.

Seeing this scene, the Lord of Ten Thousand Demons suddenly showed a hint of surprise in his eyes.

he

He couldn't help but said: "It seems that your boy has improved a lot in strength during this period. You are really too evil. No, I can't let you grow like this. You must die!"

At this time, the Lord of Ten Thousand Demons said to a group of other masters: "You don't have to do anything. You will only become the targets of this kid to kill and devour. Now you join forces to restrain the surrounding space. I can do it." Kill this kid. If I can't kill this kid, none of you can."

At this moment, when the Lord of Ten Thousand Demons said such words, it was obvious that he had great recognition of Ye Feng's strength, which made other masters' eyes full of shock.

No one seemed to have expected that the Lord of Ten Thousand Demons would pay so much attention to this seemingly ordinary boy.

But these masters all know that the Lord of Ten Thousand Demons is very powerful, a powerful existence at the level of the Eternal Realm.

So at this time, a group of masters immediately executed the order and spread around, tying down the entire space.

The Lord of Ten Thousand Demons immediately stared at Ye Feng, who was not far away, and said with a cold smile: "Boy, today you have absolutely no way to go to heaven and no way to go to earth."

At this time, Ye Feng's eyes had a hint of coldness, and he suddenly turned around and said to the Lord of Ten Thousand Demons not far away: "Since you are so stubborn and want to kill me, Then I won't be patient anymore. Last time you chased me down badly, this time, today, at this moment, I will kill you completely!"

At this time, Ye Feng's words were very cold and ruthless, and carried a deep determination. It was obvious that he and the Lord of Demons were fighting to the death.

When the Lord of Ten Thousand Demons heard what Ye Feng said, he immediately laughed out loud, with a look in his eyes.

With a deep sarcasm, he couldn't help but say: "Young boy from the human race, even if you may have grown up during this period and received some good fortune, you will never be my opponent. You and I I am a big step away from you, and you will never be able to fight against me."

Boom!

Almost as soon as the Lord of Ten Thousand Demons finished speaking, a dark demonic aura suddenly rushed out of his body.

This piece of monster energy condensed into a huge dark monster in an instant, full of extremely terrifying aura.

This monster seemed to be the demon soul of the Lord of Demons. At this moment, it opened its eyes, filled with unparalleled ferocity and murderous intent, giving people an endless sense of fear.

"boom!"

This is a very terrifying killing method used by the Lord of Ten Thousand Demons. He condensed the soul of the ancient demon beast and charged towards Ye Feng.

It seemed as if a real ancient monster had resurrected, full of unparalleled ferocity, and came directly in front of Ye Feng, intending to tear Ye Feng's entire spirit and soul into pieces.

But at this moment, Ye Feng just smiled indifferently, with a deep light in his eyes.

He yelled loudly: "Purple Demonic Soul!"

boom!

Almost at this moment, Ye Feng released the powerful inheritance of the Purple Demon Emperor that he had cultivated.

He also has his own martial arts soul.

At this moment, Ye Feng's martial arts soul is still the demon soul of the very ancient Purple Demon Emperor, possessing the terrifying will and power of the ancient Purple Demon Emperor.

"Boom!!"

Almost at that moment, the purple demon soul condensed behind Ye Feng immediately tore into pieces the demon soul of the Lord of Ten Thousand Demons who came to kill him.

"ah!"

The next moment

Suddenly, the Lord of Ten Thousand Demons let out a tragic howl.

Because the soul of the demon clan is his martial arts will.

At this time, after being torn apart by the purple demon soul behind Ye Feng, his soul also suffered heavy damage, and he screamed in agony.

At this time, the forehead of the Lord of Ten Thousand Demons was split open, and scarlet blood flowed out.

Obviously, this caused the Lord of Ten Thousand Demons to suffer a heavy blow.

He seemed to have never imagined that Ye Feng actually possessed such a powerful martial arts soul.

At this moment, the Lord of Ten Thousand Demons became extremely angry and shouted: "You human boy, there is no way you can defeat me!"

"The realm of ten thousand demons!"

"Demon chaos!"

Rumble...

At this time, the Lord of Ten Thousand Demons obviously displayed his most powerful trump card and means.

This is a very terrifying holy art of attack and death!

Full of unparalleled power!

At this moment, countless demons suddenly appeared in the void around the Lord of Ten Thousand Demons, roaring and hissing in anger, surrounding Ye Feng.

The whole world turned into darkness.

Many experts around saw this scene, and their eyes were full of deep shock.

Because they never expected that the Lord of Ten Thousand Demons would successfully practice the terrifying holy art of attack and killing called Demon Rebellion.

Once released, thousands of demons will appear in the void, capable of tearing apart the most powerful enemies in the world in an instant!

"That human boy is dead. It seems that the inheritance of the ancient gods will eventually fall into the hands of the Lord of Monsters."

Many experts around him couldn't help but sigh: "Sure enough, ginger is still hotter when he is old."
