Chapter 2931 The influence of the Zhou family

"Are you in big trouble?"

When Ye Feng heard Jialan say this, a smile suddenly appeared on his face and he said, "Sister Jialan, don't worry about me so much. The Zhou family can still be so domineering. When I go back, Suppress me directly?"

Jialan saw Ye Feng's seemingly unconcerned expression, and couldn't help but smile helplessly, and said: "Ye Feng, the Zhou family is one of the families that controls our Heavenly Dao Holy Land, and their power is extremely rich. It is not something that two of us so-called top disciples can fight against. After all, they are families that have accumulated thousands of years of experience. So I think, Ye Feng, you should not return to Tiandao Holy Land for the time being. The Zhou family will definitely find a way to kill Zhou Tiangang. The real culprit of this young master, maybe they now know that it was you who killed Zhou Tiangang. After all, the methods of this family cannot be judged according to common sense. Ye Feng, you should stay outside for a while, or simply withdraw from the Holy Land of Heaven. , go to another great force to worship, don't return to the Holy Land of Heaven, and lose your life in vain."

When Ye Feng heard what Jia Lan said, he couldn't help but stretched out his hand and patted the other party's shoulder, smiled and said: "Senior sister, you are so unsure of me."

"It's not that I'm not confident."

Jialan shook his head and said aloud: "And I know very well that the terror of a ten thousand-year-old family like the Zhou family cannot be resisted by one person."

Ye Feng just shook his head slightly at this time and said aloud: "It is impossible for me to withdraw from the Holy Land of Tiandao directly, and even I am planning to return directly to the Holy Land of Tiandao now, because I have been practicing outside for such a long time, and I am also planning to return to the Holy Land of Heaven to improve my status as a disciple. After all, my current status is still an outer disciple, which is too lowly."

When Jia Lan heard what Ye Feng said, he seemed to see the determination in Ye Feng's eyes, which could not be changed.

She couldn't help but smiled bitterly, shook her head, and said aloud: "Junior brother Ye Feng, let's go back to the Holy Land of Heaven together. Maybe I can beg for you. After all, my relationship with the Zhou family is pretty good. ." .??.??

When Ye Feng heard what Jia Lan said, he just smiled and didn't explain much.

Because Ye Feng knew very well that no matter how he explained it now, Jia Lan would feel that he could not fight against the Zhou family on his own.

But Ye Feng himself knows very well that his current comprehensive strength is enough to confront this so-called super family that has accumulated for thousands of years.

Next, Ye Feng and Jia Lan left this ancient world, returned to the center of the God Realm, and then quickly rushed towards the Holy Land of Heaven.

Both of them were super masters, and it didn't take much time to travel. In just half a day, they had returned to the gate of the base camp of the Holy Land of Heaven.

When Ye Feng returned to the Holy Land of Heaven and prepared to return to his place of residence.

Buzz!

Suddenly, the surrounding ground lit up with a huge formation, which actually enveloped Ye Feng and Jia Lan.

"This is a trapping formation! And it's very advanced!"

At this moment, Jialan couldn't help but exclaimed: "It seems that the Zhou family already knows that you killed Zhou Tiangang, Junior Brother Ye Feng. After all, if you dare to set up such a formation at the gate of our Tiandao Holy Land, you will definitely It's the Zhou family, only

The family that controls our Heavenly Dao Holy Land has such huge power and is so unscrupulous.  
"

Ye Feng didn't say anything at this time, but looked coldly at the huge formations around him.

Buzz!

At this moment, Ye Feng stretched out his hand, moved Jialan directly outside the formation, and said loudly: "Senior Sister Jialan, this matter has nothing to do with you. I will bear all the consequences alone."

"Good boy, I didn't expect you to be quite courageous, but no matter how courageous you are, you will die without a burial today because you killed the young master of our Zhou family. This is a huge sin and there is no way you can do it. forgive."

Suddenly at this moment, accompanied by a majestic killing sound, a middle-aged man wearing black armor appeared on the field.

This middle-aged man wearing black armor is a super master of the Zhou family.

At this moment, he has been waiting for Ye Feng for this locking formation.

He stared at Ye Feng at this moment and said coldly: "Today I am going to take off the head of Ye Feng, that disgusting boy, and send it back to the family."

Ye Feng just smiled indifferently and said: "I can easily send my companions out of this trapping formation. This means that the formation you arranged has no meaning for me at all. The reason why I am still standing here is to kill the majesty of your Zhou family. The young master of your Zhou family, Zhou Tiangang, actually asked me to be cannon fodder and wanted me to die. Naturally, it was impossible for me to agree. So I can only kill him. This is called self-defense. There is nothing wrong with it. You actually want to use force to suppress and kill me. I will not agree. "

Zhou, a middle-aged man in armor, just smiled coldly and said: "Boy, there is nothing you can do if you don't agree. You must die today. No one can save you. I said so! Because no one dares to offend you. Our Zhou family is here to rescue you."

When Ye Feng heard this, he just said coldly: "I don't need anyone else's rescue at all. I can deal with your Zhou family by myself."

At this moment, the middle-aged Zhou man in black armor in front of him possesses the cultivation level of the tenth level of the Creation Realm. He is much stronger than Zhou Tiangang, but he is still not taken seriously by Ye Feng.

Because today's Ye Feng is no longer the previous Ye Feng, and his combat power has improved by unknown amounts.

At this moment, the movement here also attracted many disciples from other surrounding Heavenly Dao Holy Lands.

Everyone gathered here and saw the confrontation on the field, with surprise in their eyes.

"The middle-aged man wearing black armor seems to be one of the top ten titled war gods of the Zhou family. He has a powerful cultivation level of the tenth level of the Creation Realm, second only to the existence of the Supreme Elder who is worshiped at the Eternal Realm level. Very powerful."

"The young man in white who was controlled by the middle-aged man Zhou seems to be the latest and most powerful disciple in our Holy Land of Heaven. I didn't expect that he would provoke the Zhou family, a super big family. It's so unlucky. Well, he will probably be suppressed to death."

...

At this moment, many disciples around him couldn't help but talk about it.

After all, the influence of the Zhou family is too great in the entire Tiandao Holy Land. "Are you in big trouble?"

When Ye Feng heard Jialan say this, a smile suddenly appeared on his face and he said, "Sister Jialan, don't worry about me so much. The Zhou family can still be so domineering. When I go back, Suppress me directly?"

She couldn't help but smiled bitterly, shook her head, and said aloud: "Junior brother Ye Feng, let's go back to the Holy Land of Heaven together. Maybe I can beg for you. After all, my relationship with the Zhou family is not bad. "

When Ye Feng heard what Jia Lan said, he just smiled and didn't explain much.

Because Ye Feng knew very well that no matter how he explained it now, Jia Lan would feel that he could not fight against the Zhou family on his own.

...

At this moment, many disciples around him couldn't help but talk about it.

After all, the influence of the Zhou family is too great in the entire Tiandao Holy Land.

Chapter 2932 I will definitely stay with you to the end

"Our Zhou family is invincible."

At this moment, when he heard the compliments from everyone around him, the middle-aged man Zhou was obviously very pleased, with pride on his face.

He flew directly not far in front of Ye Feng and said proudly: "Boy, you should just surrender and come back to the family with me to face trial."

At this time, Ye Feng just stared coldly at the middle-aged man Zhou who was standing high in the sky not far away, and said loudly: "If you dare to stop me again, then you will blame me for being rude."

Hearing what Ye Feng said, the middle-aged man Zhou immediately showed a trace of anger in his eyes and said loudly: "At this time, you still dare to be so presumptuous to me, then I can only use the big to bully the small, and completely killed you."

Boom!

Almost at this moment, the middle-aged Zhou man immediately released his extremely powerful cultivation aura.

That is clearly the cultivation power of the Great Perfection of the Tenth Level of the Creation Realm!

At this moment, many disciples around felt the aura of cultivation, and they couldn't help but have deep horror in their eyes. .??.

One person couldn't help but sigh and said: "He is indeed one of the top ten titled war gods of the Zhou family. He actually has a powerful cultivation level of the tenth level of the Creation Realm. It is really amazing. This kind of person can stand in the world. To the peak of existence."

At this time, many disciples felt that Ye Feng, a young man, could not possibly be the opponent of an established war god like the Zhou family.

After all, the Zhou family is one of the several controlling families behind the Holy Land of Heaven.

It's a behemoth!

The God-of-War-level figures cultivated in this family are naturally extremely terrifying in their cultivation, and their trump cards must also be extremely powerful, and cannot be resisted by ordinary people.

Not to mention Ye Feng, who seemed to be a new disciple who had just entered the Holy Land of Heaven.

"Big drop

Dragon hand! "

At this moment, the middle-aged man in Zhou stretched out a hand and quickly grabbed Ye Feng.

Buzz!

High in the sky, a palm wrapped with a golden dragon appeared immediately, filled with endless majestic aura, and headed directly towards Ye Feng to suppress it.

It was like an ancient sacred mountain bombarding the past, capable of crushing any existence in an instant.

This big hand was extremely terrifying, capable of subduing dragons and subduing tigers, making everyone feel a depressing atmosphere.

But at this moment, Ye Feng's eyes showed no fear at all. Instead, there was a trace of sarcastic smile deep in his eyes, and he said aloud: "What a bullshit Zhou family God of War, in my eyes Just a chicken and a dog!"

boom!

Almost at this moment, a black broken sword appeared in Ye Feng's hand and slashed directly forward.

From the black broken sword, an earth-shaking ferocious energy suddenly burst out, forming a vast black sword light.

This black sword light penetrated the sky and the earth, as if it could cut the sky and the earth, tear the sky, and instantly chopped into pieces the great dragon-subduing hand released by the middle-aged man Zhou.

Then the rest of the sword light continued to chop down, directly cutting off one of the middle-aged man's arms with a "poof" sound.

"What?!"

The middle-aged man Zhou felt a severe pain immediately. He couldn't help but widen his eyes and said loudly: "How can you have such a powerful power?"

The middle-aged man in the Zhu family was obviously in disbelief at this moment.

pole.

Because he feels that he is the old and strong man in the Zhou family.

Even some of the top core disciples in the Holy Land of Heaven cannot be his opponent.

But Ye Feng, a newcomer who seemed to have never heard of him, was able to cut off his arm with a sword.

Even the Great Dragon Subduing Hand he used had no impact on Ye Feng.

It's really terrible!

What's even more frightening is that Ye Feng's sword just now seemed to be just a random sword strike.

Thinking of this, the middle-aged man Zhou suddenly broke into a cold sweat.

In an instant, my heart changed from the pride and pride just now to the deep fear now.

At this moment, the entire battlefield was boiling instantly. .??.

Countless disciples from the Holy Land of Heaven came to watch, including some elders. They all stared at the young figure of Ye Feng, with deep amazement in their eyes.

"This kid is simply too scary!"

"What kind of existence is he?"

"Even the Zhou family's titled God of War is no match for this Ye Feng. Why is this Ye Feng so young, so powerful, comparable to the top elders?"

...

At this time, the field suddenly fell into a commotion.

At this moment, Jia Lan, who was standing outside the court, had a pair of beautiful eyes with a look of deep amazement for a moment.

At this time, Jia Lan finally understood why Ye Feng was so confident. It turned out that her junior brother Ye Feng had already cultivated to such a terrifying level.

"Ye Feng, you are truly the most talented and charming person I have ever seen in my life...

..."

At this time, Jia Lan couldn't help but murmur secretly in her heart. When she looked at Ye Feng's beautiful eyes, she also revealed a fascination that she had never seen before.

At this time, Ye Feng's eyes were extremely cold, staring at the middle-aged man Zhou opposite him, and said slowly: "Do you still want to stop me?"

The middle-aged man Zhou was struggling with his eyes at this time.

At this time, he was really afraid of Ye Feng.

But at this moment, he looked at the eyes of everyone around him and knew that he must not fall into the disadvantage of the Zhou family.

Because there are people in the Zhu family who are more powerful than him, and there are also some terrifying old antiques who have lived for countless years.

So at this time, the middle-aged man Zhou gritted his teeth, stared at Ye Feng, and said loudly: "Kid, just wait for me. If you dare to go against our Zhou family like this, you will definitely die miserably."

"Huh? You still dare to threaten me?"

At this time, Ye Feng burst out laughing: "We, warriors, would not hesitate to fight! If your Zhou family wants to fight me to the end, then I will definitely accompany you to the end!"

I will definitely accompany you to the end!

Ye Feng's words were so firm and confident that everyone present was shocked.

At this moment, the middle-aged man Zhou wanted to leave the scene.

boom!

But Ye Feng suddenly stretched out a hand at this time.

Suddenly, a towering black hand directly pinched the middle-aged man Zhou.

"ah!"

The middle-aged man Zhou suddenly blushed and shouted, "Boy, what are you going to do?"

Ye Feng grinned and said, "Of course I will kill you!"

Chapter 2933 It's no longer far away

When the middle-aged man Zhou heard what Ye Feng said, he was immediately frightened. His eyes suddenly became extremely frightened, and his face turned pale.

The so-called titled God of War of the Zhou family, in front of Ye Feng at this moment, could not help but trembled and said: "In the Holy Land of Heaven, on the territory of our Zhou family, you actually dare to kill me directly like this A God of War from the Zhou family? Are you really not afraid of our Zhou family's strong sanctions?"

"Strong sanctions?"

Ye Feng, under the spotlight of everyone at this time, heard the middle-aged man Zhou say such words, he just laughed loudly, and then his eyes showed infinite domineering, and said loudly: "Today, no one can Sanctioned!"

boom!

Almost at the moment Ye Feng finished speaking, he exerted a fierce force and directly crushed the whole body of the middle-aged Zhou man who was threatening him to pieces.

Seeing this scene, everyone present had deep shock in their eyes.

Because no one has ever dared to deal with a member of the Zhou family like this, let alone this middle-aged man who is one of the Zhou family's titled Gods of War.

Ye Feng actually dared to kill the Zhou family's titled God of War in front of everyone, which really surprised everyone.

"This young man is so powerful. I'm afraid he will become the overlord of the land at the center of our divine world in the future."

Many people admired Ye Feng's courage.

"Hmph, the Zhou family not only has a titled God of War, but also has an even more terrifying existence."

But there are also many people who feel that Ye Feng may die soon without a burial place.

Because Ye Feng's behavior was so outrageous that he didn't even give the Zhou family, the super family behind the Holy Land of Heaven, any face.

But no matter what, the field fell into silence at this moment.

No one dared to say anything, as if they were afraid of attracting Ye Feng's attention.

After all, everyone

In his heart, Ye Feng has become a god-like existence.

At this time, Ye Feng did not regret at all the middle-aged man from the Zhou family that he killed.

Because Ye Feng knew very well that his return to the Holy Land of Heaven this time was originally to enhance his identity and status.

Therefore, Ye Feng's behavior when he came back this time was very domineering, and there was no room for anything at all.

In addition, Ye Feng is now very confident in his own strength.

After all, Ye Feng's cultivation has not only improved a lot this time, but he has also gained many powerful trump cards and methods.

Moreover, Ye Feng's current chaotic body strength has also increased to a critical value.

Once he breaks through this critical value and completely enters the seventh level of the Chaos Body, Ye Feng's Chaos Body power will make a huge leap forward.

And it can also awaken a very powerful blood talent.

By that time, let alone the Zhou family, one of the controlling families behind the Holy Land of Heaven.

Even if all the controlling families behind the Holy Land of Heaven were united, Ye Feng would not take it seriously.

In this area of the center of the God Realm controlled by the Holy Land of Heaven, Ye Feng has nothing to fear.

Even Ye Feng has gradually gained confidence and is preparing to go to the real core area of the center of the God Realm.

Compete with countless top superpowers such as the Chaos Gods, and find his mother.

Ye Feng deeply remembers the Chaos God Clan, a super god clan.

It's not just my mother who is there.

And the senior I respected the most back then

, Uncle Nan.

He was also deposed by the Chaos Prince of the Chaos God Emperor back then.

Ye Fengke has always kept this revenge in his heart and has not yet avenged it.

"Prince of Chaos, hehe, you may have thought that you were just wiping out an insignificant person when you crippled Uncle Nan, but this revenge will always be avenged. One day, I will let you kneel in front of Uncle Nan and confess your guilt. And this One day is no longer far away, it is getting faster and faster..."

Ye Feng was murmuring secretly in his heart at this time.

Next, Ye Feng secretly devoured all the blood and energy of the middle-aged Zhou man who was killed by him.

However, Ye Feng's cultivation level has not broken through, but his skill has increased a lot.

This made Ye Feng couldn't help but mutter to himself, "What kind of useless god of war from the Zhou family is too weak..."

"I didn't expect that my junior brother, who had to be rescued by me before, has now reached such a level of combat power. It's amazing."

At this time, accompanied by a chuckle, a beautiful woman wearing a purple robe suddenly flew over from a certain direction not far away.

This stunningly beautiful woman is none other than Senior Sister Zihan who rescued Ye Feng before. She is the first of the top ten true disciples of the Holy Land of Heaven, and she is also a top disciple.

When Ye Feng saw Zi Han, he immediately smiled and said, "It turns out to be Senior Sister Zi Han. We haven't seen her for so long. Senior Sister Zi Han's strength has also improved a lot."

Zi Han stared at Ye Feng at this moment, glanced meaningfully at the pretty Jialan standing next to Ye Feng, and said: "Junior Sister Jialan, I didn't expect that you and Junior Brother Ye Feng are so familiar. and closeness."

There was a hint of shyness on Jia Lan's beautiful face, but she soon returned to normal and said aloud: "I didn't expect that Senior Sister Zihan and Junior Brother Ye Feng also knew each other, and they seemed to be related. very

Yes, our Junior Brother Ye Feng is really lucky. He was able to be so valued by Senior Sister Zi Han, the head of the ten true disciples, that he specially woke up from the critical state of accepting the inheritance and hurried over here. I want to help Junior Brother Ye Feng get out of the siege. "

When Ye Feng heard what Jia Lan said, a look of surprise suddenly appeared on his face. He couldn't help but stare at Zi Han in front of him, and said aloud: "Senior Sister Zi Han has been receiving some powerful inheritance training before. In the state? Such a rash interruption of the state of accepting inheritance is likely to have negative effects, but Senior Sister Zihan does not have to do this. "

Jia Lan suddenly smiled slightly, staring at Ye Feng beside him with her beautiful eyes, and said loudly: "Senior Sister Zi Han cares about you very much. You stupid idiot, can't you understand this?"

When Ye Feng heard this, he immediately smiled helplessly, not knowing what to say.

However, Zi Han did not show any shyness at this time, but stared at Ye Feng openly and said loudly: "I am indeed very concerned about the safety of Junior Brother Ye Feng, because Junior

Brother Ye Feng may be the future of our Holy Land of Heaven. As the leader of the true disciples, I have the responsibility to protect every good candidate who may become the future pillar of our Heavenly Dao Holy Land. However, Junior Brother Ye Feng's strength far exceeds my expectations."

At this time, Zi Han said without any hesitation, he stretched out a jade-like hand, grabbed Ye Feng, and pulled away from Jia Lan.

Zi Han said aloud: "Junior brother Ye Feng, come with me to my training place. I have something to say to you."

When Jia Lan saw Zi Han doing this, there was a hint of deep surprise in his eyes.

Because Zihan's identity is very special, he didn't expect that he would directly reach out his hand to hold Ye Feng and make such an intimate move.

You know, at this moment, there are countless disciples and elders from the Holy Land of Heaven around the entire field watching.

Chapter 2934 Xuanyuan Family

At this time, Jia Lan saw Zi Han being so close to Ye Feng. For some reason, she who didn't care at first suddenly felt a different emotion in her heart, as if she didn't want to see this scene.

This made Jialan couldn't help but feel deeply surprised in his heart, as if he didn't expect that he would show such emotions involuntarily.

But Jialan didn't say anything on the surface at this moment, but left the scene directly and flew towards his place of residence.

At this time, Ye Feng was pulled by Zi Han towards the area where Zi Han lived.

When everyone on the field saw this scene, their eyes showed deep astonishment.

They never thought that the most majestic and sacred Senior Sister Zihan in everyone's eyes, the top ten most famous true disciples of their Heavenly Dao Holy Land, would be so close to Ye Feng.

This was something no one expected, and all the male disciples couldn't help but feel deep envy and jealousy in their hearts.

Half an hour later.

Ye Feng was taken to an island floating in mid-air by Zi Han.

This island is surrounded by fairy spirit and looks very mysterious.

This is where Zihan lives.

Arriving on this island at this moment, Ye Feng couldn't help but ask: "Senior Sister Zihan, you brought me here specifically this time. Do you have anything special to say?"

Zi Han turned around slightly at this time, looked at Ye Feng behind him, and couldn't help but said: "I saw the scene of you fighting with the Zhou family's titled God of War before, and you are now so powerful that maybe even I can't." It's a bit shocking, but I still have to remind you that the Zhou family is not as simple as you think."

When Ye Feng heard what Zi Han said, he smiled and said, "Sister Zi Han, don't worry, I naturally have my own reasons for doing this."

Zi Han shook his head and said aloud: "You secretly killed the young master of the Zhou family before, and you may not have brought this matter to the table, but today you killed the young master of the Zhou family under the spotlight. A titled God of War is equivalent to being completely exposed to the public, and it is equivalent to officially declaring war on the Zhou family. I am not saying that what you did is wrong, I just want to remind you that you must be more careful recently, because I am very concerned about your safety, not only because you are the future pillar of our Tiandao Holy Land, I admire you very much, Junior Brother Ye Feng, and I also like you very much."

Hearing Zi Han say such direct words, Ye Feng suddenly showed a trace of astonishment in his eyes.

But the next moment, Ye Feng just said aloud: "Senior Sister Zihan's reminder, I have already remembered it in my heart."

Zi Han nodded slightly, and then said aloud: "But Junior Brother Ye Feng, you don't have to worry too much. In today's battle, you have thoroughly demonstrated your strong strength and potential to the world. Many old antiques in our Holy Land of Heaven have already I am secretly paying attention to you, thinking that you are a pillar of talent, so the Zhou family will not come out to deal with you openly, but you must be careful about assassination in secret, Junior Brother Ye Feng. "

There was a hint of surprise in Ye Feng's eyes, and he couldn't help but said: "Can a super big family like the Zhou family also engage in assassination?"

Zi Han smiled slightly and said aloud: "Of course, any so-called super big family will have some shameful and gray methods."

Seeing the smile on Zi Han's face, Ye Feng couldn't help but stare at the senior sister in front of him and said loudly: "It seems that senior sister Zi Han knows the Zhou family very well."

At this moment, Zi Han seemed to have seen the meaning of Ye Feng's words. Zi Han nodded slightly and said: "Because the Xuanyuan family behind me, like the Zhou family, is one of the controlling families behind the Holy Land of Heaven. So I know these super families very well."

"Xuanyuan family?"

When Ye Feng heard Zi Han say this at this moment, he couldn't help but ask: "Isn't Senior Sister Zi Han's surname Zi?"

"of course not."

Zihan smiled and said: "My full name is Xuanyuan Zihan. The reason why I hide my last name is to prevent others from knowing my true identity."

"I see."

Ye Feng couldn't help but nodded, his eyes showing a hint of surprise.

At this time, he suddenly remembered that Jialan had said before that Senior Sister Zihan's identity was very unusual. It seemed that Jialan also knew Zihan's true identity.

Zi Han looked at the silent Ye Feng and suddenly said: "By the way, Junior Brother Ye Feng, the ancestor of our Xuanyuan family, has actually been following you secretly for a long time from the beginning. This time he also sent me a message, I want to meet this super genius like you, but I wonder if Junior Brother Ye Feng has time?"

When Ye Feng heard Zi Han say this, a look of surprise appeared on his face.

The ancestor of a super big family like the Xuanyuan family actually wants to see me?

It must be a very powerful, antique-like super being.

At this time, Ye Feng understood a little. Perhaps Senior Sister Zihan was so kind to him. In addition to having a good relationship with him, she might also have some family instructions behind her.

Because Ye Feng knows very well that although the Holy Land of Heaven is controlled by several super families, these super families must be competing with each other.

And now that he has such strong strength and potential, he has naturally become a favorite in the eyes of these super big families.

At this thought, Ye Feng nodded slightly and said: "Since it is a sincere invitation from Senior Sister Zihan, then I will definitely go to meet the seniors of the Xuanyuan family. I don't know when to go?"

When Zi Han heard that Ye Feng agreed, his eyes were slightly happy and he said: "In half a month, our ancestor of the Xuanyuan family will be released from seclusion. At that time, I will take the initiative to contact you, Junior Brother Ye Feng. Junior Brother Ye Feng, this You shouldn't be going out to practice for a while, right?"

Ye Feng immediately smiled and shook his head, and said aloud: "I have been out for too long this time. I should rest in the sect for a while. I will definitely keep my appointment in half a month."

"good."

When Zi Han heard what Ye Feng said, he immediately nodded, and then said, "Junior brother Ye Feng, let's meet again in half a month."

After saying that, Zi Han jumped up and disappeared in front of Ye Feng.

At this time, Ye Feng left the island and flew quickly towards his residence.

Ye Feng decided to see if he could improve his status as a disciple in the next period of time. This would have huge benefits.

After all, it is a bit outrageous that he is still carrying the name of an outer disciple of the Holy Land of Heaven. At this time, Jia Lan saw Zi Han being so close to Ye Feng. For some reason, she who didn't care at first suddenly felt a different kind of emotion in her heart, as if she didn't want to see this scene.

This made Jialan couldn't help but feel deeply surprised in his heart, as if he didn't expect that he would show such emotions involuntarily.

But Jialan didn't say anything on the surface at this moment, but left the scene directly and flew towards his place of residence.

At this time, Ye Feng was pulled by Zi Han towards the area where Zi Han lived.

When everyone on the field saw this scene, their eyes showed deep astonishment.

They never thought that the most majestic and sacred Senior Sister Zihan in everyone's eyes, the top ten most famous true disciples in their Heavenly Dao Holy Land, would be so close to Ye Feng.

This was something no one expected, and all the male disciples couldn't help but feel deep envy and jealousy in their hearts.

Half an hour later.

Ye Feng was taken to an island floating in mid-air by Zi Han.

This island is surrounded by fairy spirit and looks very mysterious.

This is where Zihan lives.

Arriving on this island at this moment, Ye Feng couldn't help but ask: "Senior Sister Zihan, you brought me here specifically this time. Do you have anything special to say?"

Zi Han turned around slightly at this time, looked at Ye Feng behind him, and couldn't help but said: "I saw the scene of you fighting with the Zhou family's titled God of War before, and you are now so powerful that maybe even I can't." It's a bit shocking, but I still have to remind you that the Zhou family is not as simple as you think."

When Ye Feng heard what Zi Han said, he smiled and said, "Sister Zi Han, don't worry, I naturally have my own reasons for doing this."

Zi Han shook his head and said aloud: "You secretly killed the young master of the Zhou family before, and you may not have brought this matter to the table, but today you killed the young master of the Zhou family under the spotlight. A titled God of War is equivalent to being completely exposed to the public, and it is equivalent to officially declaring war on the Zhou family. I am not saying that what you did is wrong, I just want to remind you that you must be more careful recently, because I am very concerned about your safety, not only because you are the future pillar of our Tiandao Holy Land, but I admire you very much, Junior Brother Ye Feng, and I also like you very much."

Hearing Zi Han say such direct words, Ye Feng suddenly showed a trace of astonishment in his eyes.

But the next moment, Ye Feng just said aloud: "Senior Sister Zihan's reminder, I have already remembered it in my heart."

Zi Han nodded slightly, and then said aloud: "But Junior Brother Ye Feng, you don't have to worry too much. In today's battle, you have completely demonstrated your strong strength and potential to the world. Many old antiques in our Holy Land of Heaven have already I am secretly paying attention to you, thinking that you are a pillar of talent, so the Zhou family will not come out to deal with you openly, but you must be careful about assassination in secret, Junior Brother Ye Feng. "

There was a hint of surprise in Ye Feng's eyes, and he couldn't help but say: "Can a super big family like the Zhou family also engage in assassination?"

Zi Han smiled slightly and said aloud: "Of course, any so-called super family will have some shameful and gray methods."

Seeing the smile on Zi Han's face, Ye Feng couldn't help but stare at the senior sister in front of him and said loudly: "It seems that senior sister Zi Han knows the Zhou family very well."

At this moment, Zi Han seemed to have understood the meaning of Ye Feng's words. Zi Han nodded slightly and said loudly: "Because the Xuanyuan family behind me, like the Zhou family, is one of the controlling families behind the Holy Land of Heaven. So I know these super families very well."

"Xuanyuan family?"

When Ye Feng heard Zi Han say this at this moment, he couldn't help but ask: "Isn't Senior Sister Zi Han's surname Zi?"

"of course not."

Zihan smiled and said: "My full name is Xuanyuan Zihan. The reason why I hide my surname is to prevent others from knowing my true identity."

"I see."

Ye Feng couldn't help but nodded, his eyes showing a hint of surprise.

At this time, he suddenly remembered that Jialan had said before that Senior Sister Zihan's identity was very unusual. It seemed that Jialan also knew Zihan's true identity.

Zi Han looked at the silent Ye Feng and suddenly said: "By the way, Junior Brother Ye Feng, the ancestor of our Xuanyuan family, has actually been following you secretly for a long time from the

beginning. This time he also sent me a message, I want to meet this super genius like you, but I wonder if Junior Brother Ye Feng has time?"

When Ye Feng heard Zi Han say this, a look of surprise appeared on his face.

The ancestor of a super big family like the Xuanyuan family actually wants to see me?

That must be a very powerful, antique-like super being.

At this time, Ye Feng understood a little. Perhaps Senior Sister Zihan was so kind to him. In addition to having a good relationship with him, she might also have some family instructions behind her.

Because Ye Feng knows very well that although the Holy Land of Heaven is controlled by several super families, these super families must be competing with each other.

And now that he has such strong strength and potential, he has naturally become a favorite in the eyes of these super big families.

At this thought, Ye Feng nodded slightly and said: "Since it is a sincere invitation from Senior Sister Zihan, then I will definitely go to meet the seniors of the Xuanyuan family. I don't know when to go?"

When Zi Han heard that Ye Feng agreed, his eyes were slightly happy and he said: "In half a month, our ancestor of the Xuanyuan family will be released from seclusion. At that time, I will take the initiative to contact you, Junior Brother Ye Feng. Junior Brother Ye Feng, this You shouldn't be going out to practice for a while, right?"

Ye Feng immediately smiled and shook his head, and said loudly: "I have been out for too long this time. I should rest in the sect for a while. I will definitely keep the appointment in half a month."

"good."

When Zi Han heard what Ye Feng said, he immediately nodded, and then said, "Junior Brother Ye Feng, let's meet again in half a month."

After saying that, Zi Han jumped up and disappeared in front of Ye Feng.

At this time, Ye Feng left the island and flew quickly towards his residence.

Ye Feng decided to see if he could improve his disciple status in the next period of time. This would have huge benefits.

After all, it is a bit outrageous that he is still carrying the name of an outer disciple of the Holy Land of Heaven.

Chapter 2935 Upgrading Core Disciples

After Ye Feng left the island where Senior Sister Zihan lived, he came directly to the central square of the outer gate.

I have to say that Ye Feng was very lucky. When he came to the central square of the outer gate for the first time, it was time for the outer gate competition.

Uh-huh!

At this moment, Ye Feng jumped directly to the central square of the outer sect, and then in the shocked eyes of countless people, he said directly: "I also want to participate in the outer sect competition."

Three minutes later, Ye Feng defeated all the outer sect disciples. He looked at the elder who was presiding over the outer sect competition with a dull expression and said with a smile: "Can I become an inner sect disciple now?"

"But...it's okay."

The elder who presided over the outer sect competition could not help but swallow at this time and felt a deep shock.

Ye Feng smiled slightly at this time. After his identity token was changed by the elder of the outer sect competition to an inner sect disciple, he left the scene of the outer sect competition directly, leaving only countless shocked disciples.

Uh-huh!

After Ye Feng left the central square of the outer gate, he continued to move quickly towards the inner gate.

Soon Ye Feng came to the inner gate. The outer gate competition and the inner gate competition were actually held on the same day.

So at this time, Ye Feng repeated the method he used in the outer competition, jumped directly into the central area of the inner competition, and then said aloud under the spotlight: "I challenge everyone by myself. If I win, I can Promoted to become a core disciple, right?"

The person who presided over the inner sect competition was an inner sect elder. At this moment, he couldn't help but said: "Where did this kid come from? How dare you be so presumptuous and unruly? Get out of the inner sect competition." stage."

Buzz!

But at this moment, Ye Feng suddenly stared at the inner sect elder who was presiding over the inner sect competition.

Ye Feng's eyes were full of infinite aura, which immediately made the inner sect elder feel a deep sense of death.

death crisis.

The great elder of the inner sect was immediately covered in cold sweat, and his face suddenly turned extremely pale, as if he was being stared at by a wild beast.

The great elder of the inner sect couldn't help but said: "If all the disciples participating in the inner sect competition agree, you can challenge everyone by yourself."

Obviously at this time, the inner sect elder immediately understood that Ye Feng was definitely a super being who could not be offended.

So he changed his statement in an instant and gave up in an instant.

"This kid is so arrogant. He dares to challenge all of us alone. You know, we are all inner disciples, and we are all elites who are about to become core disciples!"

Almost at this moment, all the inner disciples present couldn't help shouting in anger.

At this time, Ye Feng smiled and said: "Do you think what I just said deserves a beating? If you want to beat me up, then all of you should come to the stage of the inner sect competition."

"good!"

"Since this kid is so arrogant, let's beat him to death!"

Swish, swish, swish...

At this time, all the inner disciples present jumped onto the stage, and then all rushed towards Ye Feng.

Ye Feng just smiled slightly at this moment, and then a terrifying and boundless aura suddenly burst out from his body.

"Boom!!!"

Almost at the next moment, Ye Feng's aura suddenly produced an extremely terrifying impact.

Bang!

Bang!

Tens of thousands of inner disciples

At this moment, Ye Feng was hit by all the momentum and was knocked backwards, and then fell to the ground, looking very embarrassed.

"What?!"

"Really one person defeated the elite among tens of thousands of inner disciples?"

"Is this young man in white disguised as an old monster from our Holy Land of Heaven to entertain the world?"

At this moment, everyone present showed deep shock in their eyes.

At this time, the inner sect elder who presided over the entire inner sect competition also showed a deep dullness in his eyes.

He seemed to have never imagined that this ordinary-looking young man in white would actually possess such terrifying strength.

It turned out that one person really bombarded tens of thousands of inner disciples and sent them flying backwards.

Moreover, you must know that Ye Feng did not use any powerful magical means at all. He just released his momentum and produced such an impact, which was really terrifying.

At this time, Ye Feng didn't care about others' shock.

As if he had done something insignificant, he looked at the great elder of the inner sect who was in a dazed state not far away very casually.

Ye Feng smiled slightly and said aloud: "Great Elder, can I be promoted directly to become a core disciple now?"

The great elder was obviously still in a state of shock. When Ye Feng said this at this moment, he suddenly came back to his senses.

He stammered quickly and said: "Of course...of course."

At this time, the Great Elder felt that Ye Feng was probably a super terrifying hidden genius, and he was probably a peerless evildoer secretly cultivated by the upper echelons of the sect.

At this time, the great elder immediately removed the identity token from Ye Feng's body.

Disciple status was adjusted to core disciple.

Then the great elder did not forget to remind him and said: "Genius, you can now go directly to the Immortal Island Hall in the center of our Holy Land of Heaven and register a surrounding mountain peak to become your place of residence and cultivation."

Hearing what the inner sect elder said, Ye Feng immediately thanked him and left the scene.

Uh-huh!

When Ye Feng's back disappeared from everyone's eyes, everyone on the field showed deep surprise on their faces, and couldn't help but talk about it.

"Who is this boy in white? How he has such a powerful power is simply unbelievable."

"Yes, with such outrageous combat power at such a young age, he is definitely a guy with extremely terrifying origins."

"No matter what, I only know that this young man in white will probably be famous in our entire Heavenly Dao Holy Land soon!"

...

While everyone was talking about it, Ye Feng had already selected and registered his own mountain peak on the Central Fairy Island.

It was a mountain peak close to the southwest, on the edge of Tiandao Holy Land, and adjacent to the endless wild forest area surrounding Tiandao Holy Land.

Although it is a bit remote, it just meets Ye Feng's requirements.

After all, Ye Feng doesn't really want to be disturbed by others.

Moreover, his mountain peak is right on the edge of the wild forest. Ye Feng can enter the wilderness at any time to find cultivation resources.

At this time, Ye Feng was sitting on top of his mountain peak, looking at the mist-shrouded scene around him with a look of sadness in his eyes.

Sure enough, having strong strength is the way to go.

With his strong strength, he could quickly transform from an ordinary outer disciple to a distinguished core disciple within a day.

Chapter 2936 Ancestor-level existence

At night, Ye Feng was meditating on his mountain peak.

Huhuhu...

But at this moment, in the dark night, suddenly there was a strong wind, as if there were demons and ghosts coming here.

In a space invisible to ordinary people, a group of black mist slowly moved towards Ye Feng, seeming to contain something very terrifying.

Buzz!

But at this moment, Ye Feng suddenly opened his eyes.

A brilliant light burst out from his two eyes, instantly shining onto the black mist.

"ah!"

The bright light that burst out from Ye Feng's eyes was filled with terrifying soul attacks, and a shrill scream suddenly came from the black mist.

Wow!

Almost at the next moment, the black mist turned into ashes, and was directly obliterated by Ye Feng without even getting close to him.

"Hmph, you dare to use this kind of shady assassination method in front of me, a great soul master?"

At this time, Ye Feng just sneered and murmured, and then fell into a state of meditation again.

...

And at the moment Ye Feng obliterated the black mist.

In a secret location in the Holy Land of Heaven.

An old man wearing a black robe suddenly spurted out a mouthful of blood, and a line of black blood flowed from his eyebrows.

Standing next to the old man in black robes, there were several figures, all of whom were leaders of the Zhou family.

A powerful person in the Zhou family couldn't help but said: "Elder Black Devil, how is the situation?"

The old man, known as the Black Demon Elder, couldn't help but reveal a look of deep horror in his eyes, and said aloud: "This boy is so profound! He is definitely a strong man."

The incomparably powerful soul master had wiped out the dark demon soul of this old man as soon as he opened his eyes. "

"What?!"

When a group of Zhou family controllers heard what the dark demon elder said, they all had deep horror in their eyes.

They never thought that Ye Feng was actually an extremely powerful soul master.

Even their dark demon elders couldn't deal with Ye Feng using this dark demon soul assassination method.

This made several Zhou family leaders present unable to help but look helpless in their eyes.

This Ye Feng is really shocking and there is no way to deal with it.

At this time, after a moment of silence, a person in charge of the Zhou family said: "The only thing we can do is ask our ancestors for instructions."

"Um."

Several other Zhou family leaders also spoke out: "This Ye Feng killed the young master of our Zhou family outside, returned to the Holy Land of Heaven, and also killed the title of our Zhou family in front of everyone's attention. God of War, this revenge must be avenged, otherwise the face of our Zhou family will be ruined. Now I am afraid that only the ancestor can deal with this hateful boy. "

As the Zhou family leaders spoke, they left the scene and walked towards the deepest area of their Zhou family.

And this time.

It's almost dawn.

Ye Feng sat on his mountain peak and spent the whole night constantly comprehending the various inheritances he had received before, striving to comprehend them all to a proficient state.

Ye Feng also guessed something in his heart about the dark magic mist that sneaked up on him last night.

He felt that it was the Zhou family who secretly used this vicious method to deal with him.

But I'm afraid no one in the Zhou family would have thought that he was not only a powerful warrior, but also an extremely powerful soul master.

The strength of the soul power is even more terrifying to the extreme, and it is impossible for ordinary soul sneak attacks to succeed.

Just when Ye Feng was preparing to enter the wilderness to search for cultivation resources today. .??.

Boom! !

Suddenly, at the top of the mountain where Ye Feng lived, the energy of the entire world suddenly fluctuated violently.

Then a huge hand appeared above Ye Feng's head, full of unparalleled pressure.

This huge hand made Ye Feng feel extremely dangerous!

Even though Ye Feng's current cultivation strength is very strong, facing this huge hand at this moment, he still feels a kind of life crisis.

Ye Feng immediately understood that this was definitely done by an ancestor-level figure in the Zhou family.

Otherwise, it would be impossible to pose such a big threat to oneself.

Because now Ye Feng is confident that except for the ancestors and old monsters from the super big families, no one else can pose a threat to Ye Feng today.

Buzz!

At this time, Ye Feng stood up immediately, wanting to escape from here temporarily and avoid the sharp edge.

After all, this is an action taken by an ancestor-level figure. It is very likely that he is an ancient being who has practiced for tens of thousands, or even hundreds of thousands of years. He is simply a super strong person like a living fossil.

"Ancestor of the Zhou family, you are so shameless. You would actually attack a young junior who has only been practicing for decades? Fortunately, you are still the ancestor of the Zhou family. You are so shameless.

point! "

But just when Ye Feng was about to escape, an old voice suddenly sounded across the world again.

Buzz!

And at the moment when this old voice fell, another big golden hand appeared in the other direction of the mountain where Ye Feng lived. The air covered the sky and directly hit the big hand that appeared above Ye Feng's head. , shattered into pieces with a bang.

"I'm afraid this is an ancestor-level existence from another family!"

Ye Feng looked at the big golden hand, and his eyes suddenly showed surprise.

Who would rescue him in public at this time? Wouldn't that be openly opposing the Zhou family?

In fact, Ye Feng had already guessed the identity of the owner of this big golden hand. He should be the Xuanyuan ancestor of the Xuanyuan family behind Senior Sister Zihan.

At this time, Ye Feng did not directly escape from his mountain peak, but stood quietly in place.

"Ancestor Xuanyuan, I didn't expect that you would come out of seclusion early for many years and take action for this boy. It seems that you value him very much, but it is of no use. This boy has completely broken up with our Zhou family. , He will not be easy in the future. When this ancestor officially comes out of the endless demon realm, he will definitely come to me in person and kill this kid named Ye Feng!"

In the other direction, the ancestor of the Zhou family made a majestic and decisive voice at this moment, and then disappeared.

At this moment, the ancestors of the two super families were clashing in the sky, which immediately caused a shock in the entire Holy Land of Heaven.

Everyone's eyes showed deep horror.

After all, no one expected that Ye Feng, the latest newcomer, would actually cause a competition between the two super families behind the scenes, which is really incredible.

Chapter 2937 First Impression

For Ye Feng, this contest between the two super ancestors made Ye Feng understand the terrifying strength of such ancestor-level figures.

But Ye Feng didn't have much fear.

Although Ye Feng is still unable to fight against the ancestors of super big families, this does not mean that Ye Feng is afraid of the ancestors of these super big families.

After all, although Ye Feng cannot be defeated for the time being, he can escape easily. If these ancestor-level figures want to kill him completely, it is simply difficult to reach the sky.

But now that the Xuanyuan ancestor of the Xuanyuan family is supporting him behind him, Ye Feng does not need to leave the Holy Land of Heaven for the time being.

Uh-huh!

And while Ye Feng was thinking secretly, not far from the mountain peak where he was, a beautiful and heroic figure of a woman flew over.

The person coming is none other than Zihan!

When Ye Feng saw this figure, he immediately clasped his fists slightly and said, "Thank you just now for the help of Senior Xuanyuan Patriarch of the family behind Senior Sister Zihan."

Zi Han immediately smiled and said: "Our ancestor Xuanyuan values Junior Brother Ye Feng very much. When he sees that Junior Brother Ye Feng is in a life-and-death crisis, he will naturally help you, and even go out of seclusion early. time, since our ancestor has left seclusion early, then Junior Brother Ye Feng, please come with me to see our ancestor in advance."

What Zi Han said before was half a month later, but now because of Zhou family ancestor's sudden action, Xuanyuan ancestor came out of seclusion early, so there is no need to wait until half a month later.

At this time, Ye Feng nodded slightly and said, "Okay, let's go directly now."

"Um."

Zi Han immediately nodded, and then took Ye Feng away from the mountain peak where Ye Feng was at this time, and flew quickly towards the north of the Holy Land of Heaven.

Ye Feng saw it along the way, they passed through

Many of the territories of the Holy Land of Heaven ended up in a deserted area in the north.

This desolate area is almost outside the territory of Tiandao Holy Land, and it is also connected to the extremely dangerous wilderness outside.

This seems to be a very important strategic location.

Ye Feng's eyes moved and he guessed that the Xuanyuan family chose to build here to suppress the surrounding desolate area.

After all, extremely powerful monsters often appear in the wilderness, which may endanger the safety of the entire Heavenly Holy Land.

Therefore, the Xuanyuan family chose to establish the family's position here, probably with the intention of guarding the entire northern area of the Holy Land of Heaven.

Ye Feng followed Zi Han and landed outside the gate of the Xuanyuan family.

Ye Feng saw a huge long sword stuck on the ground outside the Xuanyuan family's gate.

Although it is made of stone, it has a sky-high edge, giving people a very scary sharp feeling.

Zi Han said with a smile: "This is cast based on our Xuanyuan Sword Clan's clan treasure 'Xuanyuan Sword', and it has a hint of Xuanyuan Sword's momentum."

When Ye Feng heard this, he couldn't help but said: "That must be a very powerful divine sword. You must see it if you have the chance."

While the two were talking, a group of guards wearing silver armor appeared at the gate of the Xuanyuan family.

This group of guards came out and immediately clasped their fists at Zi Han and said, "Greetings to the eldest lady."

Zi Han nodded slightly, and then said aloud: "The person next to me is the ancestor who named me

Junior Brother Ye Feng, who wants to see you, please let us in quickly. "

"Is this Ye Feng?"

When a group of silver armored guards heard what Zi Han said, they all stared at Ye Feng in surprise.

Because they also heard about Ye Feng's deeds during this time. ??

This is a peerless prodigy who can kill the title God of War in a super big family, and possesses unparalleled combat power.

I am afraid that only the transcendent beings at the level of ancestors can suppress this peerless genius now.

Therefore, this group of silver-armored guards looked at Ye Feng with awe.

The leader of the silver-armored guard immediately clasped his fists respectfully and said: "The ancestors have conveyed the order. We have been waiting here for a long time. The eldest lady and Lord Ye Feng should follow us."

Zihan nodded slightly and said, "Lead the way."

At this time, Ye Feng followed the Xuanyuan family and walked towards the internal area of the Xuanyuan family.

On the way, Ye Feng saw that the entire Xuanyuan family was very huge, with various floating palaces everywhere, like a fairy palace.

It feels very grand and ancient, with a feeling of eternal vicissitudes.

"It is indeed a super family with tens of thousands of years of inheritance..."

Ye Feng couldn't help but sigh.

As expected, these controlling families standing behind super large sects all have extremely profound foundations and can be passed down for tens of thousands of years, or even hundreds of thousands of years.

At this time, after seeing the true heritage of the Xuanyuan family, Ye Feng became a little wary of the Zhou family.

But Ye Feng is not that afraid, as long as he gives

Ye Feng has enough time to grow up, and he can trample any so-called super family under his feet.

After all, Ye Feng had countless opponents along the way, but in the end Ye Feng survived, while all his opponents died without burial.

Ye Feng is not a so-called genius cultivated by a transcendent force. He is not a flower in the greenhouse, but a ruthless person who fights his way up from the lowest level step by step.

And while Ye Feng was thinking secretly, he had followed Zi Han and a group of Xuanyuan family guards to the innermost central area of the Xuanyuan family.

Here, there is a huge palace made of amethyst, suspended in mid-air, giving people a sense of vastness.

Zi Han immediately spoke out: "Junior Brother Ye Feng, our ancestor is in this amethyst palace. You can follow me up there."

"good."

Ye Feng took a deep breath at this moment and followed Zi Han into the air, arriving at the gate of the Amethyst Palace.

The moment these two people entered the Amethyst Palace.

Ye Feng immediately saw a burly old man wearing black armor and holding a golden sword in his hand. He was sitting on a throne at the top of the amethyst palace. His eyes were bright and there seemed to be something hidden in his eyes. The mystery of the changes in the universe gives people a sense of unfathomable and boundless majesty.

Ye Feng's eyes were a little surprised, because the ancestor-level figures of the major families were basically all with fair hair and childish faces, and they had the feeling of being immortal.

But the Xuanyuan ancestor of the Xuanyuan family felt to Ye Feng like an old god of war who was invincible in a hundred battles, with a very ferocious aura of killing and war.

This Patriarch Xuanyuan is definitely a fierce man!

This was Ye Feng's first impression.

Chapter 2938 Injury

"Nice seedling."

At this moment, Patriarch Xuanyuan, who was like an old god of war, stared at Ye Feng, and suddenly smiled slightly and said: "Girl Zihan, this time you didn't make a mistake and found a peerless genius."

"A genius?"

Zi Han, the eldest lady of the Xuanyuan family, who was standing next to Ye Feng, had a hint of surprise in her beautiful eyes at this time. ??

Because she had never heard their ancestors speak so highly of any young person.

Being called a peerless genius by Patriarch Xuanyuan shows how high Ye Feng's status is in Patriarch Xuanyuan's heart at this moment.

Ye Feng also had a trace of surprise in his eyes at this time, because he only felt that this Xuanyuan Ancestor had seen through him, and even some of his hidden methods might have been seen through by this Xuanyuan Ancestor. That's what he said.

"Ye Feng, don't worry. The soul gem and other master gems have not been seen through by Xuanyuan Ancestor, as long as you don't use them." Emperor Chu's voice sounded in Ye Feng's mind at this time.

Ye Feng relaxed slightly when he heard Emperor Chu's voice.

After all, Ye Feng knew very well that anyone who encountered the Dominion Gem would covet it very much.

At this time, Ye Feng slightly clasped his fists at the ancestor Xuanyuan in front of him and said loudly: "This junior has only achieved what he is today by practicing hard. He is not a peerless genius. Senior Xuanyuan is ridiculous."

Ancestor Xuanyuan laughed and said aloud: "You are quite humble. I have watched your growth process. It has not been long since you entered the Holy Land of Heaven. In just over a year, you have grown from an ordinary person to an ordinary person." I am an outer disciple who has cultivated to such an extent that I can't help but admire you. If it weren't for the pure masculinity of our human race that you exude from your body, I might have thought that you were possessed by some old monster. That's how fast you can practice."

Ye Feng heard Xuanyuan

When the ancestor said this, he immediately showed an embarrassed smile and said loudly: "I am indeed a bit fast in cultivation, but I am not possessed by any old monster."

"Hahaha."

Ancestor Xuanyuan seemed to be very generous. He stared at Ye Feng at this moment and said loudly: "Actually, this time I asked Zi Han to ask you to come and meet me. The main reason is that I want your help with something. This It will be of great benefit to you."

Ye Feng's eyes moved and asked: "Oh? What's the matter? Senior Xuanyuan still needs help from juniors?"

Ancestor Xuanyuan said: "How do you feel about our girl Zihan?"

When Ye Feng heard this, his eyes were stunned, as if he didn't expect Patriarch Xuanyuan to suddenly ask such a question.

Ye Feng glanced at the beautiful and sassy Zi Han beside him, and said aloud: "Senior Sister Zi Han once rescued me, and we have known each other for a long time. We are very good friends. My feelings for Senior Sister Zi Han are It feels naturally very good."

Zi Han glanced at Ye Feng slightly and said aloud: "My impression of Junior Brother Ye Feng is also very good."

"It would be great."

Ancestor Xuanyuan stared at Ye Feng and said loudly: "What I want to ask you, young man, is whether you can accompany this girl Zihan into the ancestral forbidden area of our Xuanyuan family and help this girl Zihan. Find the ancestral heritage of our Xuanyuan family."

Ye Feng's eyes were stunned and he couldn't help but said: "The Xuanyuan family's ancestral forbidden land? Is it dangerous?"

Ancestor Xuanyuan smiled and said: "Danger always coexists with opportunity. You must know that the ancestral forbidden land of our Xuanyuan family is also a place with extremely rich spiritual energy and contains many opportunities.

This place of creation cannot be entered by ordinary people, not even I can enter. Only the new generation of successors of the Xuanyuan family can enter. But now I will make an exception and let you, Ye Feng, enter. In addition to letting you accompany Zihan girl, In fact, it also means to train you. "

Ye Feng's eyes moved and he said: "Train me?"

Ancestor Xuanyuan nodded, his old eyes were very solemn, and he said aloud: "I am also very direct in speaking. Ye Feng, you are already qualified to win over our Xuanyuan family, and your relationship with Zi Han is It's so good, it's not impossible to get married in the future, so as the ancestor of this generation of the Xuanyuan family, I naturally find a hidden dragon for the future of our Xuanyuan family, and that hidden dragon is you, Ye Feng."

The moment Patriarch Xuanyuan finished speaking, not to mention Ye Feng, even Zi Han, who was standing next to Ye Feng, had an incredible look in his eyes.

Zi Han stared at Patriarch Xuanyuan. She originally thought that Patriarch Xuanyuan wanted to meet Ye Feng just to encourage Ye Feng, a younger generation.

But what Zi Han never expected was that Patriarch Xuanyuan had such great expectations for Ye Feng.

He even went so far as to violate the rules of the Xuanyuan family and let an outsider, Ye Feng, enter the ancestral forbidden area just to cultivate Ye Feng, a hidden dragon.

At this time, Zihan seemed to have thought of something. He suddenly stepped forward and couldn't help but stare at Ancestor Xuanyuan with worried eyes, and said loudly: "Ancestor, how is your body?"

Patriarch Xuanyuan sighed, stared at Zihan very lovingly, and then said loudly: "You girl is really very smart. You figured out the purpose of what I did in an instant. Yes, I have experienced this since After that dark war in ancient times, it's not easy to hold on for so many years."

"Ancestor!" .??.??

When Zi Han heard Ancestor Xuanyuan say this, his eyes suddenly turned red.

Patriarch Xuanyuan smiled helplessly and said: "Now my body is deteriorating, and I have become more and more exhausted and weak. The aura of death has always been shrouding me. I may not be able to hold on for too long. In the future, the entire Xuanyuan family may have to..." It's all thanks to this girl Zihan."

When Zi Han heard this, tears burst into his eyes.

In front of outsiders, Senior Sister Zihan might have been very strong and aloof, but at this moment in front of Patriarch Xuanyuan, she looked like a little girl who had lost everything, and she immediately started crying.

Ancestor Xuanyuan smiled lovingly and said: "However, fortunately you have found a peerless genius. If you two have a good impression of each other, maybe I can preside over the wedding for you two before I die."

"Officiating the wedding?"

When Patriarch Xuanyuan said these words, Zi Han couldn't help but reveal a hint of blush on his beautiful face, which was originally shedding tears.

At this time, Ye Feng's eyes were slightly startled.

But the next moment, Ye Feng's eyes became a little solemn. Since Patriarch Xuanyuan said so, it seems that Patriarch Xuanyuan's injury is really serious, and he is very likely to die soon.

This is definitely not a good thing for Ye Feng.

Not only did Ancestor Xuanyuan have a good attitude toward Ye Feng, but he also had a good impression on Ye Feng.

In addition, once the Xuanyuan ancestor dies, no one can cure the Zhou family ancestor.

But at this time, Ye Feng seemed to have thought of something. Suddenly his eyes moved slightly, and then he said aloud: "Senior Xuanyuan, I dare to ask, what is the extent of the injuries that Senior Xuanyuan suffered now? Maybe I have some A method that can dispel Senior Xuanyuan's aura of death."

Chapter 2939 Ancestral Forbidden Land

"Um?"

Hearing what Ye Feng said at this moment, Zi Han's beautiful eyes suddenly lit up and he couldn't help but said: "Junior Brother Ye Feng, do you really have a way to heal the ancestor's injury?"

If someone else said this, Zi Han would definitely not believe it, but Ye Feng had experienced too many miracles, so maybe it was true.

Ancestor Xuanyuan didn't have much expression at this time, as if he knew very well that his injury could not be healed at all.

Because he is almost at the end of his life, almost completely decayed, and it is basically impossible to bring him back from the edge of death.

After all, someone as powerful as Patriarch Xuanyuan would definitely not watch his own death.

Over the years, relying on his powerful super strength, he has visited countless forbidden places of life, searched for countless treasures from heaven and earth, and invited many god-level alchemists from the center of the God Realm to make alchemy for him. .

But all of this failed to restore Ancestor Xuanyuan's injuries. Instead, the injuries became more and more serious, and there was no way to do anything about it.

Although Patriarch Xuanyuan knew that Ye Feng was very extraordinary, Ye Feng was still a young man after all.

However, Patriarch Xuanyuan did not want to dispel Ye Feng's positive attitude.

Therefore, Patriarch Xuanyuan did not reject Ye Feng's kindness at this moment. Instead, he smiled slightly and said, "Okay, then come and explore my injuries."

"good."

Ye Feng took a deep breath and walked up to Ancestor Xuanyuan, then stretched out his hand and put it on Ancestor Xuanyuan's arm.

Buzz!

At this moment, Ye Feng immediately began to explore the condition of Patriarch Xuanyuan's body.

The next moment, Ye Feng immediately felt that the body of the old man Xuanyuan Ancestor contained endless power.

The feeling given to Ye Feng was very vast, as if he had entered the vast ocean.

This made Ye Feng couldn't help but marvel in his heart. Ancestor Xuanyuan was indeed extremely terrifying and powerful.

But even such a strong old man is approaching the end of his life.

Because in that dark war that year, Patriarch Xuanyuan suffered serious injuries that could not be healed.

It is a miracle that it has been able to sustain it for so many years.

If Patriarch Xuanyuan hadn't possessed such vast magic power, he might have died long ago.

At this moment, Ye Feng could indeed sense that Ancestor Xuanyuan's body was filled with endless aura of death.

This kind of death aura is more fierce and vast than the magic power of Patriarch Xuanyuan.

And this kind of death aura is not an ordinary death aura, but a kind of death power from ancient times.

Like a curse, it tightly enveloped Ancestor Xuanyuan, pulling this powerful old God of War step by step into the abyss of death and completely annihilating him.

Uh-huh!

The next moment, Ye Feng retracted his hand and frowned tightly.

This ancient power of death left Ye Feng a little helpless.

Ancestor Xuanyuan seemed to see Ye Feng's dilemma, and immediately said with a smile: "I know my situation very well, Ye Feng, you don't have to blame yourself, after all, even the most powerful alchemist in the center of the God Realm, There is no way to refine a pill that can heal my injuries, it can only slow down the speed of my death."

Hearing what Patriarch Xuanyuan said and seeing Ye Feng frowning tightly and Zi Han standing beside him, his heart sank to the bottom at this time. It seemed that there was really no way out.

"Ye Feng, the Great Life Technique can heal the injuries of this ancestor Xuanyuan, but you haven't comprehended the Great Life Technique yet." Suddenly at this time, Emperor Chu spoke in his mind.

"That's right, the Great Life Technique!"

When Ye Feng heard Chu Huang's voice, his eyes immediately moved.

But Ye Feng did not say it in front of Patriarch Xuanyuan at this time.

After all, Ye Feng doesn't know yet

When will I be able to comprehend the Great Life Technique?

If you want to understand this top five art of the three thousand avenues of the heavens, even if Ye Feng has the incomparable understanding of a demon, it will take a long time.

Therefore, Ye Feng could not make a guarantee, and it was not easy to say it directly in front of Patriarch Xuanyuan at this time.

At this time, Ye Feng just stared at Ancestor Xuanyuan and said loudly: "Senior Xuanyuan, try to hold on for a while and live longer. Maybe I have a way to restore Senior Xuanyuan's injuries."

Hearing what Ye Feng said, Patriarch Xuanyuan just felt that Ye Feng had no choice but to comfort him.

The old man immediately said with a smile: "Actually, over the years, I have been looking down on death. I just can't worry about this girl Zi Han, nor the entire Xuanyuan family. So Ye Feng, this time, enters the forbidden land inherited by our ancestors. , if we really find the inheritance of our Xuanyuan family ancestors, Zihan can practice, and you can also practice. I hope you can help each other in the future. "

At this time, Patriarch Xuanyuan said such words in front of Ye Feng, which made Ye Feng feel that Patriarch Xuanyuan was asking him for help.

That is to use the Xuanyuan family's precious ancestral inheritance in exchange for Ye Feng's help to the Xuanyuan family and Zihan.

When Ye Feng heard what Ancestor Xuanyuan said, he immediately said: "Even if Senior Xuanyuan doesn't do this, as Senior Sister Zihan is my good friend, if she encounters difficulties, I will definitely help her with all my strength."

"Okay, okay, you are an emotional person."

Ancestor Xuanyuan immediately laughed heartily, and then said aloud: "But don't worry, you two young people. I have great power. Although I am about to reach the end of my life, the God of Death cannot take me away for the time being. I can still support you for a long time." "It's enough to protect you two young people when they grow up. When you grow up and I pass away, you won't have to worry anymore. "

"Ancestor, don't say that!"

Zi Han immediately said firmly: "The ancestors are powerful.

, I will definitely be able to live forever! "

...

Half an hour later, Patriarch Xuanyuan brought Ye Feng and Zi Han to a bronze door and sent them into the space behind the bronze door.

Here, the whole world is dark, with cold wind howling everywhere, and there are many dilapidated buildings and environments around, looking like an ancient battlefield.

This is the ancestral forbidden land of the Xuanyuan family.

Ye Feng and Zi Han were walking on this dark and dilapidated land at this moment.

Zihan was a little silent at this time. She, who was originally so heroic, looked a little melancholy at this time.

Ye Feng naturally knew that Zi Han must be worried about Patriarch Xuanyuan's physical condition. He immediately stepped forward, stretched out his palm, held Zi Han's jade-like hand,

and said loudly: "Senior Sister Zihan, please believe me. What I just said to Senior Xuanyuan was not to comfort him, but that I really have a way to heal Senior Xuanyuan's injuries, as long as Senior Xuanyuan can live longer."

At this time, Zi Han did not resist Ye Feng's grasp of her little hand, but stared at Ye Feng, with a warm smile on her beautiful face, and said loudly: "Thank you, Junior Brother Ye Feng, for sharing all this with me. , otherwise I would be so stressed that I would be desperate now."

When Ye Feng heard what Zi Han said, he immediately understood that his senior sister Zi Han probably didn't believe that he could cure Patriarch Xuanyuan.

But Ye Feng did not explain any more at this time, but said aloud: "Senior Sister Zihan, cheer up, the most important thing for us now is to find the ancestral inheritance of the Xuanyuan family. In this case, Senior Xuanyuan will feel more at ease. "

"That's right."

After all, Zi Han's martial arts will is very firm. At this time, the melancholy on her face was swept away, and instead she revealed a burning fighting spirit. She said loudly: "No matter what, I will be the support of the entire Xuanyuan family in the future. I can't Let's continue to be decadent like this, Junior Brother Ye Feng, let's find the inheritance of our ancestors together!"

Chapter 2940 Xuanyuan Tuo

Buzz!

At this moment, while Ye Feng and Zi Han were talking, a golden beam of light suddenly lit up in a certain direction in the Xuanyuan family's ancestral forbidden area.

"what's the situation?"

At this time, Zi Han's eyes suddenly revealed a look of deep doubt, and he said aloud: "No one can enter the ancestral forbidden area of our Xuanyuan family. Why did such a golden beam of light suddenly appear? Could it be that an outsider sneaked in? In the forbidden land of our ancestors?"

Ye Feng also sensed the strong energy fluctuation at this time and said: "There must be experts gathered there. Let's go over and take a look."

"good."

Zi Han nodded immediately, and then flew quickly in that direction with Ye Feng.

On the way there, Ye Feng and Zi Han's eyes were a little solemn.

When they entered this ancestral forbidden area, they originally thought that it would take a long time to search for the inheritance of their ancestors.

But I didn't expect that there was such a loud noise not far away.

Both of them knew in their hearts that the ancestral inheritance of the Xuanyuan family might have been discovered in advance.

I just don't know who discovered it.

When the two arrived at their destination, they saw that golden light pillar rushing out of a ruined place.

At this moment, the ground in the ruins shattered, revealing a huge and glorious palace.

In this extremely splendid palace, several figures stood there.

There were three people in total.

The leader was a young man wearing a silver robe.

Behind him stood two mysterious old men shrouded in black robes.

"Xuanyuan Tuo, it's him!"

At this time, Zi Han couldn't help but said with an ugly expression: "Junior brother Ye Feng, this Xuanyuan Tuo is the grandson of the Supreme Elder. He has always been very unscrupulous in our

Xuanyuan family, but I didn't expect that he would be so unscrupulous. To such an extent, he dares to directly enter the forbidden area of the ancestors and covet the inheritance of the ancestors. "

Ye Feng nodded slightly at this time. It turned out that he discovered in advance that the ancestors of the Xuanyuan family were also members of the Xuanyuan family.

At this time, Ye Feng spoke up and said: "Senior Sister Zihan, you are the heir of this generation of the Xuanyuan family, and the inheritance of the ancestors should be yours. If you want to fight against this Xuanyuan Tuo, I will definitely help you with all my strength. "

"No, they found us!"

Suddenly at this moment, Zi Han suddenly exclaimed.

In fact, the next moment Zi Han exclaimed, Ye Feng had already noticed the abnormality and pulled Zi Han back quickly.

"Boom!"

And the next moment, where the two of them were standing, the entire space was shattered and there was a huge roar.

If they had not been able to retreat in time, I am afraid that the two of them would have been disintegrated by the power of space shattering and completely killed.

"you.....!"

Zi Han couldn't help but look into the distance at this time, and found Xuanyuan Tuo looking at her with a half-smile.

"I thought it was who it was, but it turned out to be the eldest lady of our Xuanyuan family."

Xuanyuan Tuo had a sarcastic smile on his face at this time, and said loudly: "The ancestors' inheritance is not like yours."

What this little girl can get is that only I am qualified to control the inheritance of my ancestors. "

This Xuanyuan Tuo is actually much older than Zi Han. He is the grandson of the Supreme Elder who is of the same generation as Patriarch Xuanyuan.

Zihan, on the other hand, is the descendant of Patriarch Xuanyuan for many generations.

At this moment, there was no fear on Zihan's face, but he said loudly: "Xuanyuan Tuo, my ancestor has long designated me as the heir of the Xuanyuan family. You are not qualified to receive the inheritance of the ancestors, and You have violated the family rules by entering the forbidden area of the ancestors without permission. If you leave now, maybe I can not tell this secret."

"Hahaha!"

When Xuanyuan Tuo heard Zi Han say this, a deep sarcastic smile suddenly appeared in his eyes, and then he laughed loudly: "You little girl, how dare you point fingers in front of me, I tell you, Don't think that I don't know that the ancestor Xuanyuan behind you is about to pass away."

Hearing Xuanyuan Tuo say this, Zi Han's face suddenly turned pale.

Xuanyuan Tuo showed a look of control over everything on his face, and said with a faint smile: "My grandfather, the Supreme Elder, told me everything a long time ago. This time I entered the ancestral forbidden area, it was also his instruction. As long as I If you can obtain the ancestral inheritance, then the entire Xuanyuan family will fall into my hands. At that time, you, a proud little girl, and the Xuanyuan ancestor behind you will be kicked out of the Xuanyuan family by me, so you are not qualified now Get out of your way if you point fingers at me, or I will definitely let you know what regret is."

boom!

At this moment, Xuanyuan Tuo suddenly burst out with a terrifying and boundless cultivation aura, which made Zi Han couldn't help but take several steps back, unable to withstand this terrifying aura.

That is a powerful cultivation level that surpasses the sixth level of the Eternal Realm of the Creation Realm!

Xuanyuan Tuo laughed loudly: "Little girl, I don't know who gave you the courage to dare to confront me directly? Is it this humble young man beside you?"

In fact, Xuanyuan Tuo had already noticed Ye Feng standing next to Zi Han, but he only regarded Ye Feng as an ordinary young man and didn't take him seriously at all.

After all, Ye Feng's cultivation is at the seventh level of the Creation Realm.

This kind of cultivation is already considered top-notch among the core disciple group of Tiandao Holy Land.

But for a super big family like the Xuanyuan family, they are not yet considered masters.

Especially for Xuanyuan Tuo, a powerful being in the sixth level of the Eternal Realm, the warriors of the Creation Realm are simply incomparably weak to him.

At this moment, Zi Han's beautiful face showed a fearful and ugly look.

The strength of this Xuanyuan Tuo is indeed terrifying and impossible to resist, not to mention that behind this Xuanyuan Tuo, there are two even more unfathomable men in black robes standing.

"Hurry up and get out!"

Xuanyuan Tuo immediately roared, and a terrifying and boundless aura suddenly erupted from his body, charging directly towards Zi Han, trying to blow Zi Han away.

Buzz!

But at the next moment, Ye Feng suddenly stood in front of Zi Han, stretched out his hand to grab, and directly crushed the powerful aura.

"Um?"

Xuanyuan Tuo saw this scene, and immediately stared at Ye Feng, with a deep cruel look in his eyes, and said loudly: "You, an outsider, dare to interfere in the internal affairs of our Xuanyuan family, I think you are If I really don't want to live anymore, then today I will kill you as a warning to others and see who dares to stop me!"

At this moment, while Ye Feng and Zi Han were talking, a golden beam of light suddenly lit up in a certain direction in the Xuanyuan family's ancestral forbidden area.
