Chapter 2951 Unparalleled Genius

At this time, under the spotlight, the final decision was handed over to Zi Han's hands.

At this time, Zi Han stared at the Taishang Elder who was begging for mercy. There was not much sympathy in his eyes, but he said loudly: "Taishang Elder, you abused lynching and dared to directly surround and kill me within the family. This successor, it is reasonable to say that this is a capital crime, but now you have made great contributions to our Xuanyuan family over the years, so today I will exempt you from the death penalty. However, the death penalty can be avoided, but the living crime cannot be escaped. In the next hundred years Within, you have to go to the borderland at the edge of your family's territory to guard the demons in the borderland, and do your best without delay."

Guard the frontier monsters for hundreds of years!

At this moment, Zi Han's decision made Ye Feng and Xuanyuan Patriarch beside him nodded slightly.

Because, Zihan's decision at this moment is still very correct. ??

After all, the Supreme Elder of the Xuanyuan family is still very powerful. Letting him guard the border areas will have a huge strategic effect on the entire Xuanyuan family, and he can also use the labor of this Supreme Elder for free.

At this moment, after hearing what Zi Han said, the Taishang Elder immediately said in surprise: "Thank you to the future head of the family for sparing me the death penalty. I will definitely do my best for the entire family in the future!"

The future head of the family?

Hearing the title of Taishang Elder, Patriarch Xuanyuan and Ye Feng couldn't help but look at each other. This Taishang Elder was quite capable of making decisions according to the circumstances.

At this moment, under the spotlight, all the masters of the Xuanyuan family have realized that Zihan's position in the entire Xuanyuan family will be firmly unshakable in the future.

At this time, many powerful old antiques among the elders also gave up some of their inner thoughts of seeking power and usurping the throne.

They should stay peacefully in the depths of the family and guard the family's heritage.

After all, even the supreme elders have been dealt with, let alone the supreme elders of ordinary elders like them.

"correct."

Suddenly at this time, Zi Han stared at the Supreme Elder in front of him and said loudly: "I forgive you for the sake of the family. I just let you guard the border for a hundred years as atonement, but my junior brother Ye Feng You should also make it up to him, after all, Junior Brother Ye Feng is

My best friend, and he also saved my ancestor. "

Saved the ancestor?

Hearing what Zi Han said, all the masters of the Xuanyuan family present showed deep horror in their eyes.

Swish, swish, swish!

At this moment, countless eyes were all focused on the young man Ye Feng.

Everyone's eyes were full of deep surprise and curiosity.

Unexpectedly, the ancestor of their Xuanyuan family was cured by this young man.

Everyone was very curious before, who saved the terminally ill ancestor and brought the ancestor back to the top.

After all, everyone knew that their ancestor of the Xuanyuan family could not recover from his injuries even after finding the number one alchemist in the center of the God Realm.

Everyone knows that their ancestors of the Xuanyuan family are slowly dying every day.

But now that he has returned to his peak and regained his youth, it is truly a miracle.

Unexpectedly, it was the young man Ye Feng who saved him!

"Sure enough, a hero comes from a boy!"

"He is truly a genius!"

At this moment, many experts from the Xuanyuan family couldn't help but express their admiration.

At this time, the Supreme Elder stared at Ye Feng, his eyes filled with endless regret.

At this time, he hated his hateful grandson very much for having offended such a great genius like Ye Feng!

But no matter how much he regretted it, at this moment, the Supreme Elder could only bite the bullet and came to Ye Feng, with a flattering smile on his face and said loudly: "Master Ye Feng, just say whatever you want, as long as I can I will definitely give it to anyone who can afford it."

Ye Feng smiled slightly and said, "Then give me your storage ring."

"..."

Hearing what Ye Feng said, the smile on the face of the Taishang Elder

Rong suddenly became a little stiff.

But at this time, the Taishang Elder noticed the unkind look from Zi Han, and immediately took off his storage ring from his finger, and then respectfully handed it to Ye Feng's hand.

Although this storage ring stores all the wealth of the Supreme Elder, giving it to Ye Feng directly is really a huge loss.

But being able to save a life for this, the Supreme Elder felt it was worth it.

After all, once the wealth is gone, you can continue to accumulate it.

But if his life is gone, then there is nothing.

The reason why the Taishang Elder met Ye Feng's needs so honestly was mainly because the Taishang Elder knew very well at this time that Ye Feng was not an outsider to the Xuanyuan family at all, but the savior of the Xuanyuan ancestor. He is the best friend of the future successor of the Xuanyuan family.

This status is so high that even the Supreme Elder cannot afford to offend him. ??

At this moment, Ye Feng's eyes showed surprise.

He was just joking. After all, this was an internal matter within the Xuanyuan family, and it was hard for him to get too involved.

But I didn't expect that this supreme elder could bear the pain and give his storage ring directly to me.

In this regard, Ye Feng didn't say much. After all, it was free of charge.

"Then I'll keep it."

At this time, Ye Feng directly took away the storage ring of the Supreme Elder.

This is an old monster who has been practicing for thousands of years, or even tens of thousands of years, and has accumulated a lifetime of wealth.

It must be priceless!

There's definitely a lot of good stuff in there!

At this moment, Ye Feng couldn't help but leave the scene quickly and find a place where no one was around to see what treasures were contained in the Supreme Elder's storage ring.

At this time, after the trial of the Supreme Elder, Patriarch Xuanyuan waved his hand and asked the guards of the Xuanyuan family to take the Supreme Elder to the borderlands of the family territory to guard the demons.

.

The next moment, Patriarch Xuanyuan scanned the entire Xuanyuan Family territory with his majestic eyes, and said loudly: "By the way, I am now temporarily announcing a decision, that is, I will retire from the position of the head of the Xuanyuan Family, and let Zi Han I will directly take over the position of the head of the Xuanyuan family. From now on, I will no longer be the head of the Xuanyuan family, and Zi Han will be the new generation head of the Xuanyuan family!"

Wow!

After Patriarch Xuanyuan said these words, the entire Xuanyuan family was completely boiling.

Many seniors of the Xuanyuan family had reluctant expressions on their faces.

After all, Zihan is too young and she is still a girl. How can she become the head of the Xuanyuan family now?

But everything was ordered and arranged by Ancestor Xuanyuan.

At this moment, in front of Patriarch Xuanyuan in his peak state, no one in the entire Xuanyuan family dared to say anything.

Even the seniors did not dare to speak out in front of Patriarch Xuanyuan and could only accept it silently.

Zi Han's eyes suddenly widened at this time, as if she didn't expect that Patriarch Xuanyuan would directly tell her to inherit the position of head of the family in front of everyone's attention.

After all, if he could become the head of the Xuanyuan family, then Zihan's power and status would be elevated to a whole new level.

After all, you must know that the Xuanyuan family is not a second-rate or third-rate family, but a super-large family in the center of the God Realm, with a very terrifying background.

Ancestor Xuanyuan just looked at Zihan at this time, smiled slightly, and said loudly: "I am getting old, and I no longer want to care about trivial things in the family. In the next time, I will still be with this little friend Ye Feng. The most outstanding geniuses can discuss the mysteries of martial arts practice more and steal half a day's leisure. Zihan girl, the Xuanyuan family will be in your hands, but don't worry, ancestor, I will always stand behind you. By the way, there is also little friend Ye Feng. You will keep in touch with each other in the future. Of course, it would be best if you become a family, haha."

"Ancestor, you are talking nonsense again..." Zi Han couldn't help but said immediately, but still secretly glanced at Ye Feng beside him, with an inexplicable brilliance in his beautiful eyes.

Chapter 2952 The Best Candidate
night.

Ye Feng did not return to the Holy Land of Heaven, but temporarily lived in Ancestor Xuanyuan's mansion.

Because Ye Feng knew very well that it was safest to stay here now.

After all, Ye Feng had offended the ancestor of the Zhou family before.

According to Patriarch Xuanyuan, the ancestors of the Zhou family and Patriarch Xuanyuan have similar cultivation strengths.

Moreover, the ancestor of the Zhou family is currently training in the forbidden area within the family, the "Endless Demon Realm". Once the ancestor of the Zhou family comes out of seclusion, his strength will most likely be raised to a new and powerful level.

That is definitely something Ye Feng cannot resist for the time being, so Ye Feng has not returned to the Holy Land of Heaven for the time being.

Ancestor Xuanyuan assured Ye Feng that as long as Ye Feng lives in the Xuanyuan family, the ancestors of the Zhou family will not dare to be presumptuous.

No matter how powerful the ancestor of the Zhou family is, he would not dare to enter the Xuanyuan family's territory alone to find trouble.

At this time, the night is as cold as water.

Ye Feng was in his room, checking out the storage ring that the Supreme Elder of the Xuanyuan family gave him during the day.

Buzz!

The moment Ye Feng's spiritual thoughts entered the storage ring, his eyes suddenly revealed a look of deep surprise.

I saw mountains of wealth piled up in this great elder's storage ring.

There are many rare elixirs, inheritances, armors, weapons, etc.

There are even some ancient talismans, such as the Ancient Golden Warrior Talisman. Once used, you can have the power of the Ancient Golden Warrior.

This made Ye Feng quite happy. This Supreme Elder's storage ring must have been accumulated all his life, and he had all kinds of wealth.

Ye Feng transferred all the treasures in this storage ring to his own storage ring, and can use the various treasures in it at any time.

At this time, Ye Feng seemed to sense something, left his room and walked out.

Under the night, Ye Feng saw the sky above the big house.

, Ancestor Xuanyuan is floating on it, seeming to be absorbing the essence of the heaven, earth, sun and moon.

At this time, Ye Feng couldn't help showing surprise in his eyes. He didn't expect Patriarch Xuanyuan's cultivation method to be so special.

Ancestor Xuanyuan also sensed Ye Feng's breath at this time, and immediately opened his eyes and landed from mid-air.

Patriarch Xuanyuan smiled and said, "Young friend Ye Feng, you are still up so late. How is your inheritance and practice going?"

"inherited?"

When Ye Feng heard what Ancestor Xuanyuan said, he seemed to realize something, and suddenly said with some clarity: "The inheritance that Senior Xuanyuan mentioned should refer to the Xuanyuan Emperor Technique that Senior Sister Zihan shared with me, right?"

Hearing Ye Feng say the name of Xuanyuan Emperor Kung Fu, Ancestor Xuanyuan immediately couldn't help but said with some anticipation: "Yes, it is this set of ancestral inheritance. Let me tell you the truth, little friend Ye Feng, what I have in my hands The Xuanyuan Emperor Kung Fu is only an incomplete part, but I can't lose face and ask for the complete inheritance of the Xuanyuan Emperor Kung Fu from that girl Zi Han. I wonder if little friend Ye Feng can use the full version of the Xuanyuan Emperor Kung Fu so that I can understand it. "

When Ye Feng heard Ancestor Xuanyuan say this, he couldn't help but smile.

It turned out that Patriarch Xuanyuan deliberately revealed his aura and lured him out of the room, hoping to get the super skills of his Xuanyuan family from him.

Ye Feng did not refuse this, because this technique originally belonged to the Xuanyuan family.

Ye Feng nodded, and then said: "Senior Xuanyuan, watch carefully, I will start to use it."

Buzz!

At this time, Ye Feng was using the secret of Xuanyuan Emperor Kung Fu. Suddenly, a majestic and huge shadow appeared in the void behind Ye Feng, with an arrogance that was arrogant to the world.

This is Xuan

The essence of Emperor Yuan's skill, the shadow of Emperor Xuanyuan's will.

"You are so awesome."

Ancestor Xuanyuan could not help but say in surprise at this time: "Little friend Ye Feng, you have even cultivated the original will of Emperor Xuanyuan. That girl Zi Han has not even mastered the initial aura of Emperor Xuanyuan. You He is truly a genius, a genius, and a monster..."

After some praise from Patriarch Xuanyuan, he successfully mastered the complete version of the Xuanyuan Emperor Kung Fu.

Ye Feng suddenly asked at this time: "By the way, Senior Xuanyuan, how far is the strength of our Holy Land of Heaven compared with the top three most powerful forces in the center of the God Realm, such as the super gods such as the Chaos God Clan?"

Ancestor Xuanyuan looked a little surprised, as if he didn't expect Ye Feng to suddenly ask this question.

The old senior thought for a moment, and then said: "I have never been to the top three super gods, so I don't know how powerful those super gods really are, but what I can be sure of is that Tiandao The comprehensive strength and foundation of the Holy Land is definitely not one-tenth of those of the super gods."

"Not as good as one-tenth of those super gods? Is the gap so big?"

When Ye Feng heard this, there was a hint of surprise in his eyes. .???.??

Patriarch Xuanyuan smiled and patted Ye Feng on the shoulder, and said aloud: "I know what you are thinking in your heart. You must have almost lost sight of the Holy Land of Heaven, but you should not have such thoughts for the time being, because Heaven The true strength and foundation of the Holy Land has not yet been fully revealed to you. When you truly transcend the entire Holy Land of Heaven, perhaps I can accompany you to take a look at the super gods who are truly the pinnacle of the God Realm, because I also I really want to see the world."

When Ye Feng heard Ancestor Xuanyuan say this, he immediately smiled dumbly. This old man has quite a dream.

"Senior, I'm going to bed first."

Ye Feng knew about himself

Those who want to know said goodbye to Patriarch Xuanyuan and returned to his room.

...

Early the next morning.

"Dong dong dong!"

There was a loud knock on the door of Ye Feng's room.

Uh-huh!

Ye Feng opened the door instantly and found Zi Han standing outside the door, with a beautiful and graceful figure.

"Senior Sister Zihan? Is there anything important?" Ye Feng was a little confused.

Zi Han had a cold look on his face, his voice was full of mature magnetism, and he said, "Boy, I have something to ask you for help. Let's talk as we walk."

Hearing Zi Han's title and tone, Ye Feng immediately understood that the senior sister Zi Han in front of him was occupied by the personality of Empress Xuanyuan at this moment.

Ye Feng didn't care, and just asked: "What kind of things can make Her Majesty the Empress take the initiative to come to me, a junior?"

Her Majesty the Empress?

Seemingly satisfied with the title Ye Feng, Empress Xuanyuan showed a rare smile on her cold face and said loudly: "Zi Han's cultivation is too weak, and I can't find suitable materials for the time being. Recasting the body, so I am now going to improve Zihan's cultivation. I know a special place, full of opportunities and good fortunes, but it is more dangerous for me to go alone. Ye Feng, you have good strength. This paragraph After spending time together, I found that your character is not bad, so you come with me, we can help each other. "

Ye Feng looked surprised and said: "Why don't you let Senior Ancestor Xuanyuan go with you? Ancestor Xuanyuan is extremely powerful and should be a better candidate than me."

Empress Xuanyuan glanced at Ye Feng with cold eyes, and said lightly: "I can't trust anyone, except you Ye Feng. After all, I woke up today after hundreds of thousands of years, and I have no friends. Ye Feng, your kid is me." The first nice guy I met, and his strength is also good. You are naturally the best candidate to improve this girl Zi Han. "

Chapter 2953 The sky is outside the sky

When Ye Feng heard Empress Xuanyuan say this, he immediately nodded slightly and said loudly: "I am still very interested in places that contain many opportunities. Anyway, I can't return to the Holy Land of Heaven now, so I better go out. Improve your strength and then return to the sect."

Empress Xuanyuan nodded and said aloud: "Your current strength is indeed much worse than those of the older generations. This time is also an opportunity for you."

Ye Feng asked aloud: "Then where are we going? I have been to almost all the areas around the Holy Land of Heaven that contain opportunities."

Empress Xuanyuan smiled at this moment and said aloud: "The place we are going to is very far away from the Holy Land of Heaven. If we rush, I am afraid it will take half a year with our cultivation."

Hearing Empress Xuanyuan say this, Ye Feng's eyes suddenly showed deep surprise, and couldn't help but said: "Half a year? That's really too long. It's a pity to waste it on the road like this."

Empress Xuanyuan said aloud: "But who am I? I am the empress Xuanyuan who is peerless in beauty and admired by thousands of people."

When he said this, Ye Feng's eyes suddenly lit up and he couldn't help but said: "After seeing the empress, you know how to take shortcuts."

Empress Xuanyuan glanced at Ye Feng and said loudly: "Not too stupid. When I was at the peak of my cultivation, I forged a very special teleportation array to connect that special trial place with the area outside our Xuanyuan family. The mountains and forests are connected. As long as we go to the mountains and forests outside our Xuanyuan family and find the teleportation array I made back then, we can instantly teleport to that special trial place."

Ye Feng became even more curious when he heard Empress Xuanyuan say this.

After all, Empress Xuanyuan was able to forge a teleportation array specifically connected to that special trial place hundreds of thousands of years ago. It seems that that special trial place must be very extraordinary, even beyond her own imagination.

At this moment, Ye Feng couldn't help but ask: "Where is that place? It can make you, the empress, pay so much attention to it."

Empress Xuanyuan said aloud: "That is an area composed of fragments of chaos left over from the ancient times. We call it 'Tianwaitian'."

"The interface of chaotic fragments left over from the ancient times? The outer sky composed of it?"

When Ye Feng heard Empress Xuanyuan say this, his eyes suddenly showed surprise.

Because Ye Feng has been in the Holy Land of Heaven for so long and has been around the center of the God Realm for a long time, he has never heard of Tianwaitian.

But this Tianwaitian area is formed from the fragments of chaos left over from the ancient times. It is composed of interfaces, which is absolutely extraordinary.

Definitely a great place!

No wonder Empress Xuanyuan paid so much attention to it.

Empress Xuanyuan must have spent a huge price to build such a large teleportation array.

At this time, Empress Xuanyuan spoke slowly: "There are many ferocious beasts left over from the ancient times in this Tianwai Tian, so it is very dangerous. Of course, there are also many ferocious beasts in Tianwai Tian that are not the same as those in the center of the God Realm. The existence of ancient elixirs and the inheritance of various ancient mythical beasts, etc., about Tianwaitian, there is a secret that probably no one in the world knows today, that is, Tianwaitian is a 'springboard' to the legendary world of origin.

, but no one has discovered how to ascend from the outer world to the origin world. "

"Tianwaitian is actually a springboard for the origin world?"

Ye Feng's eyes immediately showed deep surprise.

After all, Ye Feng had heard the legend about the origin of the world a long time ago.

Of course, some people say that the Great World of Origin does not exist at all, and that the God Realm is the most advanced interface.

But Ye Feng felt that the world of origin must exist.

Because the more advanced you are in cultivation, the more you feel how grand the whole world is and how vast the world is.

The realm of gods should not be the end of spiritual practice.

At this moment, Empress Xuanyuan continued to speak: "In the outer world, in addition to the ferocious beasts raised by heaven and earth, there is also the huge force of Chaos Holy Land, which has a city stationed there. If you don't get anything good, Maybe the city stationed in the Holy Land of Chaos can still protect you, but if you get something good, then maybe this huge force will force you to hand it over as protection fee. "

Hearing Empress Xuanyuan say this, Ye Feng's eyes suddenly froze.

Holy Land of Chaos?

Unexpectedly, the Holy Land of Chaos created by the Lord of Chaos actually has a city stationed in Tianwaitian.

It seems that this Holy Land of Chaos is indeed more powerful than I imagined.

Maybe the strength base is much higher than that of Tiandao Holy Land.

At this time, Ye Feng couldn't help but said: "Then when we go to Tianwaitian, won't we have a lot of constraints, and we have to worry about threats from powerful people."

Empress Xuanyuan smiled and said: "You don't have to worry too much about this, because Tianwaitian is a very vast area, and all the chaotic interfaces in Tianwaitian combined together are probably more majestic and huge than the God Realm, so there is no need to I was too worried and met the strong men of Chaos Holy Land. After all, Chaos Holy Land cannot control the entire Tianwaitian. They only have cities stationed in some areas of Tianwaitian, and there may not be strong men in these garrisoned cities. Our cultivation is very advanced. After all, if you and I are united together, our current cultivation strength is enough to defeat many first-class powers. Except for those transcendent powers, no one can control us. "

"makes sense."

Ye Feng immediately nodded. His current cultivation strength is considered very strong, and he doesn't need to worry as much as before.

At this moment, Ye Feng seemed to have thought of something and asked aloud: "By the way, Senior Empress, do you know what the cultivation strength of the Lord of Chaos is like?"

"You have a grudge against the Lord of Chaos?"

Empress Xuanyuan noticed something in an instant.

I have to say that women's intuition is very accurate.

At this moment, Ye Feng nodded slightly, with a cold look in his eyes, and said loudly: "I do have a grudge against the Lord of Chaos, and it is a very big grudge."

Seeing Ye Feng like this, Empress Xuanyuan couldn't help but patted Ye Feng's shoulder and said with a smile: "The Lord of Chaos is a very powerful guy, and he is not a strong person in the past ten thousand years. He should have existed tens of thousands of years ago, so for the time being, you should not think about confronting the Lord of Chaos. It is better to improve your cultivation strength first. At the very least, you still need to improve to three major realms before you can compete with the Lord of Chaos. Lord, let's fight." When Ye Feng heard Empress Xuanyuan say this, he immediately nodded slightly and said: "I am still very interested in places that contain many opportunities. Anyway, I can't go back now. In the Holy Land of Heaven, it's better to go out and improve your strength, and then return to the sect."

Chapter 2954 The energy of chaos

Early the next morning, Ye Feng and Empress Xuanyuan left the Xuanyuan family and walked towards a deserted mountain forest outside the Xuanyuan family.

They did not notify anyone before leaving. After all, this was a special solo operation, and it would not be good if it attracted other people's attention.

After all, in this mountain forest, there is a teleportation array leading to the outer world, which is the private secret of Empress Xuanyuan.

If others find out, it will definitely be bad for Empress Xuanyuan.

So even Ancestor Xuanyuan didn't know where Ye Feng and Zi Han were going.

However, Patriarch Xuanyuan didn't ask too much. After all, Patriarch Xuanyuan is now completely immersed in comprehending and practicing Xuanyuan Earth Technique.

On the way, Empress Xuanyuan glanced at Ye Feng and asked, "How is your practice of Xuanyuan Emperor Kung Fu?"

Ye Feng smiled slightly and said: "Not bad, I have been able to condense the shadow of Emperor Xuanyuan's ancient will."

"What?"

Hearing what Ye Feng said, Empress Xuanyuan couldn't help but shook her head and said: "Zi Han, the inheritor with the pure blood of Emperor Xuanyuan, can't practice as fast as you, an outsider, and I don't know if it's Ye Feng." You are too evil, but Zihan is too stupid."

Ye Feng said with a smile: "Senior Sister Zihan's talent is still very powerful. It must be that I am too evil."

Empress Xuanyuan glanced at Ye Feng and said, "Are you praising Zihan or yourself? You also said that I am narcissistic. I think you are more narcissistic than anyone else."

Ye Feng just smiled slightly and said, "This is called self-confidence, not narcissism."

"Okay, I'm too lazy to tell you all this nonsense!"

Empress Xuanyuan immediately shut her mouth and didn't want to say anything more. She seemed to be angry. Zi Han, who she taught step by step, could not practice as fast as Ye Feng.

After a moment, Empress Xuanyuan spoke out: "Ye Feng, are you the Chaos Body?"

Ye Feng nodded: "Yeah, what's wrong?"

Empress Xuanyuan said: "What is your relationship with the super god clan 'Chaos God Clan' in the center of the God Realm?"

Ye Feng shook his head indifferently and said: "It doesn't matter, but one day I will go and make trouble in the Chaos God Clan's territory."

"Hey! It seems that the Chaos Gods are also your enemies."

Empress Xuanyuan couldn't help but look at Ye Feng and said: "You are really good at having enmity with so many transcendent and powerful forces in the center of the God Realm. If it were anyone else, you would have been in despair, but you are still alive and kicking like this. Such confidence is not common."

Ye Feng smiled and said: "Perhaps in the eyes of others, transcendent powers such as the Chaos Holy Land and the Chaos God Clan are existences that cannot be surpassed in a lifetime, but in my eyes, as long as I am given time, I can grow to the point where These transcendent powers tremble in front of me."

"Ambitious!"

Empress Xuanyuan gave Ye Feng a thumbs up for the first time and said: "I admire you as an ambitious young man who is not afraid of anything and moves forward bravely. I am also such a person. The sky is full of gods, Buddhas and demons, but that's it. , give me time to destroy them all!"

When Ye Feng heard Empress Xuanyuan say this, he immediately smiled secretly in his heart.

Sure enough, there is no use being low-key and modest in front of a strong person with a fiery temper like Empress Xuanyuan.

Only strong self-confidence and arrogance can be valued by a peerless figure like Empress Xuanyuan.

The two of them didn't say anything else and continued to move toward the mountain in the forest.

Go in a certain direction.

Soon, under the leadership of Empress Xuanyuan, they arrived at the very end of this barren mountain forest.

Here, there is a huge lake. The water is so clear that you can even see the mud at the bottom of the lake.

"That is....."

At this moment, Ye Feng suddenly saw that there were golden threads in the soil at the bottom of this clear lake.

These golden threads are actually emitting a faint golden light at this moment.

Obviously, Ye Feng immediately understood that the teleportation formation was located deep in the lake.

At this moment, Empress Xuanyuan smiled slightly and said: "Get ready, we will start teleportation."

boom!

Almost at the moment Empress Xuanyuan finished speaking, she stretched out a pure white hand and touched the lake in front of her slightly.

Wow!

The entire lake suddenly boiled.

A golden beam of light instantly burst out from the teleportation formation deep under the lake.

At this moment, Empress Xuanyuan turned around to look at Ye Feng and said loudly: "Ye Feng, hold my hand and let us walk into the teleportation array together so that we will not be separated by teleportation."

Ye Feng nodded slightly, stretched out his hand and held Empress Xuanyuan's delicate hand.

Buzz!

The next moment, the two of them walked directly into the golden light pillar in front of them, and then disappeared instantly.

After the two people disappeared, the golden light pillars in the entire lake also dissipated in an instant.

The lake in the mountain forest once again entered a state of calm.

No one would have thought that in such an ordinary lake, there is an extremely precious teleportation array leading to the sky.

...

Buzz!

Accompanied by a burst of intense spatial dizziness.

Ye Feng finally opened his eyes at this time.

At this moment, he found himself in a very majestic space between heaven and earth.

There are nine huge suns hanging above the entire sky, making the entire world extremely hot, but also bringing great vitality.

The surrounding land is very vast, with no end in sight. There are green trees standing and growing in the distance, as if they can reach the sky, majestic and boundless.

In addition, Ye Feng was very surprised that this land exuded a very rich chaotic energy.

This chaotic energy naturally formed by heaven and earth has a very good nourishing effect on Ye Feng's chaotic body, allowing the strength of Ye Feng's chaotic body to slowly and subtly become stronger.

"Is this Tianwaitian?"

At this moment, Ye Feng couldn't help but murmur.

At this time, Ye Feng's palm was still holding another hand that was as white as jade.

Empress Xuanyuan on the side took the initiative to let go of her hand, and a voice rang from the side: "Yes, this is Tianwaitian, which is composed of interfaces formed by fragments of chaos left over from the ancient times. Ye Feng, you are the body of chaos, In the world composed of the interface of chaotic fragments like Tianwaitian, you have a natural advantage. Not only can you absorb the chaotic energy in Tianwaitian to strengthen your body and strength, but you can also interact with the chaotic spirits in the entire Tianwaitian. By echoing each other, you can take advantage of the power of heaven and earth, and your combat power will be greatly improved. This is definitely a paradise for you, and it is simply your home field."

Chapter 2955 Spiritual Medicine Valley

When Ye Feng heard Empress Xuanyuan say this, he immediately nodded, with a hint of excitement in his eyes, and said loudly: "The chaotic energy around me really makes me feel very comfortable. I can feel it." , my chaotic body in this outer sky increases in strength every time, which shows that the chaotic energy of this outer sky has a huge effect on me, this time I really did not come to the wrong place. "

Empress Xuanyuan smiled slightly and said aloud: "How is it? I am a very reliable person. Since I brought you to this outer world, it will definitely bring you a lot of benefits, but you also need to help me improve my cultivation. for."

Ye Feng immediately said: "Even if there is no benefit, I will help Senior Sister Zihan."

Now, Empress Xuanyuan occupies Zi Han's body. Empress Xuanyuan has been promoted, which means Zi Han has also been greatly improved, so Ye Feng will naturally help Senior Sister Zi Han.

At this moment, hearing what Ye Feng said, Empress Xuanyuan glanced at Ye Feng and said nothing more.

Empress Xuanyuan looked at a place not far away and said aloud: "This land outside the sky is very vast and boundless. Even when I was at my peak, I couldn't completely walk around it, and there were even some taboo places. I didn't even dare to set foot in my peak state back then, but I am still quite familiar with the place we are now transported to. Although I haven't been here for hundreds of thousands of years, there are also benefits, because within these hundreds of thousands of years, The elixirs and treasures of heaven and earth that I have picked around here have probably grown again, and it is just in time to continue harvesting."

Upon hearing this, Ye Feng immediately followed Empress Xuanyuan and hurried towards a certain direction not far away.

Empress Xuanyuan said aloud: "There is a hidden valley in that direction. All the things growing in the valley are elixirs. It is simply a valley of elixirs. If it is not what I expected, these hundreds of thousands of years will be just right for The elixirs are once again growing throughout the valley, and it's a good time for a vigorous harvest, so hopefully no one discovers that valley."

Half an hour later, the two passed through a large area of land and finally came to the entrance of a valley.

At this moment, Ye Feng looked around and found that the entire valley was blocked by countless dense jungles.

If Empress Xuanyuan hadn't been to this place, most people would never have thought that there was such a valley where elixirs grew hidden in such a dense mountain forest.

Buzz!

At this time, Ye Feng couldn't help but exude his soul power and probe inside.

Immediately, Ye Feng sensed a very strong spirit of elixir, as if it was about to liquefy, contained in this valley, and Ye Feng's eyes suddenly lit up.

"Wait a minute, there seems to be a very obscure and sinister aura in this elixir valley."

Suddenly at this moment, when Ye Feng was about to walk into the valley, Empress Xuanyuan's voice suddenly sounded.

"A vicious aura?"

Ye Feng sensed it carefully, then nodded slightly and said loudly: "I seem to have sensed it too, it's very vague."

Buzz!

At this time, Ye Feng and Empress Xuanyuan walked into the valley with a hint of vigilance in their eyes.

Although they are very confident in their own strength.

But you must know that this is a paradise.

Able to survive on such a vast land as Tianwaitian

The creatures must all be extremely advanced and powerful.

You may even encounter some living ancient evil beasts and ancient divine beasts.

Therefore, they were not sure what kind of existence the other party was, so they naturally remained vigilant.

When the two entered the valley, they immediately saw a lot of elixirs growing throughout the valley.

Even some elixirs exude a faint light.

There are also some elixirs that have even begun to take shape and become spirits, wandering around.

I have to say that this valley is indeed a treasure.

But at this time, the eyes of Ye Feng and Empress Xuanyuan were focused on the direction of a cave in the deepest part of the valley.

"Roar....."

Just as they were staring at the cave, accompanied by a low roar that seemed to come from ancient times, a large silver snake tens of thousands of meters long, covered with dense scales, spread from the cave in an instant. come out.

"It's a silver-armored snake. It's non-venomous but extremely fast. It's a good pet for transportation."

At this moment, Ye Feng didn't speak, but Empress Xuanyuan flew forward in an instant, and then landed in front of the silver snake, and said directly: "Become my pet, and I can let you live safely."

This big silver snake let out what seemed to be an angry roar from its bloody mouth.

"Don't want to? Then I'll have to do it hard."

At this time, golden rays of light suddenly appeared on Empress Xuanyuan's body, forming a huge ring, which instantly locked seven inches of the silver snake.

"Rumble..."

At this moment, the silver snake immediately began to struggle, and the entire valley was shaking violently. However, no matter how ferocious the evil beast was, it could not break away from the golden ring released by Empress Xuanyuan.

Ye Feng saw that Empress Xuanyuan was so fond of this silver snake, so he did not take action, but walked towards the other direction of the valley.

Ye Feng began to harvest the very precious elixirs and materials that were growing one by one.

At this moment, Ye Feng was collecting the energy while using Devouring Domain to quickly devour the energy in these elixirs.

Ye Feng's eyes were literally shining, and he was mumbling, "With so many treasures of heaven and earth, I'm afraid my skills will be greatly improved this time."

As Ye Feng spoke, he continued to swallow the energy in these elixirs. His skill was rapidly improving.

After a while, Ye Feng's body burst out with a powerful aura of cultivation.

That is the momentum of breakthrough.

At this moment, Ye Feng's cultivation level directly broke through to the ninth level of the Creation Realm due to the accumulation of medicinal power from rare elixirs!

Uh-huh!

At this time, Empress Xuanyuan not far away had completely subdued the silver snake.

The beautiful figure of Empress Xuanyuan stands on the head of the majestic silver snake tens of thousands of meters tall, and she looks like she has a unique wild beauty.

At this moment, Empress Xuanyuan said with a smile: "With a big snake walking instead, our speed will be much faster. Ye Feng, come up, let's continue to the next location. We don't want to explore other places in Tianwaitian directly for the time being. First, harvest all the chance creation in the nearby areas that I am familiar with." When Ye Feng heard Empress Xuanyuan say this, he immediately nodded, with a hint of excitement in his eyes, and said, "This is the area around me. The chaotic energy really makes me feel very comfortable. I can feel that my chaotic body in this outer sky increases in intensity every time. This shows that the chaotic energy in this outer sky has some influence on me. Huge effect, I really didn't come to the wrong place this time."

Empress Xuanyuan smiled slightly and said aloud: "How is it? I am a very reliable person, right? Since I brought you to this outer world, it will definitely bring you a lot of benefits, but you also need to help me improve my cultivation. for."

We don't want to explore other places in Tianwaitian directly for the time being. First, harvest all the chance creation in the areas nearby that I am familiar with."

Chapter 2956 Siren Temple

Ye Feng naturally listened to Empress Xuanyuan at this time. After all, Empress Xuanyuan was very familiar with the surrounding area.

Uh-huh!

At this time, Ye Feng jumped up and jumped onto the head of the silver snake.

Wow...

The next moment, the huge body of the silver snake began to move, and it immediately rushed towards a certain direction in the distance.

The surrounding land scene is rapidly retreating.

I have to say that although this silver snake is not very powerful, it is really fast. It probably has some kind of special blood talent.

At this time, Empress Xuanyuan controlled the silver snake, crossed a lot of green forest, and finally arrived at the next destination.

At this moment, a vast sea appeared in Ye Feng's vision.

The vast ocean with no end in sight is actually suspended high in the sky. It feels like it is flying down nine thousand feet. It is very majestic and magnificent, and it is like a spectacle.

Ye Feng couldn't help but look at Empress Xuanyuan beside him, and said aloud: "Is there any special treasure hidden in this vast sea?"

Empress Xuanyuan nodded slightly and said with a smile: "This vast ocean suspended in the sky is called the 'Sky Sea'. There are countless essences and treasures that only the ocean can breed. You can find them as long as you search hard." A special treasure."

Ye Feng immediately nodded and said: "Okay, let's go in and search."

At this time, the silver snake no longer dared to move forward.

It seems that this vast ocean hanging high in the sky contains very terrifying creatures, which makes the Silver Serpent, a big snake on land, very frightened.

Uh-huh!

At this time, Ye Feng and Empress Xuanyuan flew out from the big snake's head one after another, and then flew high into the sky.

Buzz!

When they approached the vast sea, they immediately sensed a very strong water element, giving people the feeling that their whole people were melting into water.

"This piece of sky and sea is very vast. If we two walk together, it will waste too much time. Let's split up. I will explore the left half of the ocean, and you will explore the right half of the ocean. Whoever finds the treasure will get it."

Empress Xuanyuan spoke out at this time.

"Okay, feel free, let's do it."

Ye Feng immediately nodded and flew directly towards the right half of the ocean area.

There was a crash!

Ye Feng entered the ocean directly.

Buzz!

Immediately Ye Feng saw the entire sky and sea, the scene was extremely majestic and magnificent, giving people a very grand feeling.

Buzz!

At this time, Ye Feng directly released his soul power and quickly spread towards the surroundings, trying to find treasures in the surrounding ocean.

It has to be said that Ye Feng's soul power is very strong, and he can detect even the slightest fluctuation of the treasure.

"Um?"

Almost at the next moment, the moment Ye Feng's soul power was released, he immediately sensed a rather huge energy fluctuation.

Ye Feng's eyes immediately lit up and he swam quickly in a certain direction not far away.

When Ye Feng arrived at his destination, he immediately saw a colorful coral growing at the bottom of the ocean.

The huge energy fluctuation that Ye Feng sensed just now was emanating from this colorful coral.

of.

"This seems to be a very precious and special kind of marine spiritual coral. It actually emits colorful light. It must be very extraordinary."

At this time, Emperor Chu's voice suddenly sounded in Ye Feng's mind.

Ye Feng nodded slightly, then said with a smile: "No matter what kind of spiritual coral it is, as long as it contains very rich medicinal power, that is enough."

Uh-huh!

At this moment, Ye Feng stretched out his hand, grabbed the colorful spiritual coral in his hand, and then swallowed it directly.

In the process of devouring, Ye Feng continued to release his soul power to find the precious elixir contained in the next ocean.

Buzz...

At this moment, as Ye Feng devoured it, the colorful spiritual coral slowly shriveled up and was completely sucked dry.

And Ye Feng's skill suddenly improved a lot at this time. ??

Although he did not directly break through his cultivation level, his skill has also increased a lot.

"Huh? There are quite strong fluctuations again."

Ye Feng's eyes suddenly lit up with joy.

Unexpectedly, just after the colorful spiritual coral was devoured, considerable energy fluctuations were discovered.

Soon, Ye Feng came to the place where the energy fluctuated.

"It's actually a jade bead?"

Ye Feng swam over and found that the energy wave was emanating from a jade bead growing on the rock wall.

At this moment, as Ye Feng approached, the silt dispersed on the rock walls of the seabed, and jade beads appeared one after another, all of them emitting a faint white light, and there were hundreds of them. !

"This is the Ocean Spirit Pearl! I didn't expect that this 'Heaven and Sea' would give birth to so many rare treasures from heaven and earth. It's heaven and earth. I came here back then."

I visited a few times, but it was only a short stay, and I didn't do a good search and search, so I made a big loss. "Huang Chu's voice rang in his mind.

"Ocean Spirit Pearl?"

Ye Feng's eyes suddenly moved. He could feel that the spiritual beads growing on these rock walls were emitting very strong energy fluctuations and must contain very rich ocean essence.

Uh-huh!

Ye Feng immediately stepped forward, ready to collect all the hundreds of spirit beads on the rock wall.

"Boy, stop it!"

But suddenly at this moment, a cold shout suddenly sounded from not far away.

Uh-huh!

Ye Feng immediately looked not far away and found a group of humanoid sea monsters wearing very ancient special costumes, immediately wandering towards him.

These sea monsters are very special. They have humanoid bodies, but their heads are those of sea monsters. They can also speak freely in the water, which is very magical.

With Ye Feng's current cultivation level, he can naturally speak freely in the water.

At this moment, Ye Feng looked at this group of sea monsters and said loudly: "Who are you?"

The leader, the tall sea monster, smiled coldly and said: "Where did this human boy come from? Don't you know that this is the territory of our sea monster temple? These ocean spirit beads grow in the territory of our sea monster temple. That's all the wealth of our Siren Temple. You, a human boy, are too bold. You openly plundered the wealth of our Siren Temple. Get over here and capture us without any effort!"

Another siren guard smiled greedily and said loudly: "Brother, we haven't seen a human race in Tianwai Tian for a long time, especially in such a remote place like ours. This boy must be an outsider. Maybe he has many good things from the outside world. , we must capture him, collect all the wealth from this kid, and then hand it over to the Law Enforcement Hall of the Siren Temple."

Chapter 2957 Blockade Area

"Siren Temple?"

At this moment, Ye Feng looked at the group of menacing siren guards in front of him, with a hint of surprise in his eyes.

Unexpectedly, there is a local force like the Siren Temple in this sky and sea.

It seems that this ocean has long been occupied by some native creatures.

The aura of cultivation in the group of siren guards in front of them is similar to that of Ye Feng, and most of them are at the Creation Realm.

Only the leader, the tall and majestic sea monster, possesses the cultivation level of the third level of the Eternal Realm.

These cultivation levels are already very terrifying for ordinary warriors.

And you know, these are just the guards of the Siren Temple.

It has to be said that these local forces in the outer world have very deep foundations, and their cultivation levels are all so powerful.

However, Ye Feng is a super genius. Facing this group of menacing siren guards, he has no fear at all. He just smiled indifferently and said: "The resources in this sea are on a first-come, first-served basis. You didn't have any before." I discovered this place that contains the Ocean Spirit Pearl, and now that I have arrived here, you still want to rob me of my wealth? "How is this possible?"

Uh-huh!

Almost at the moment when Ye Feng's words fell, Ye Feng did not hesitate at all, and directly stretched out his hand in the eyes of this group of sea monsters.

He grabbed all the ocean spirit beads growing on the rock wall into his hands, and then opened his mouth to swallow them all.

"Boom!"

The next moment, Ye Feng's body suddenly burst out with a new and powerful aura of cultivation.

At this moment, Ye Feng's cultivation level once again broke through, directly reaching the tenth level of the Creation Realm!

It has to be said that the resources contained in this ocean are really too advanced.

Ye Feng swallowed a colorful spiritual coral,

Now that he has swallowed hundreds of ocean spirit beads, his cultivation level has directly broken through to the next level.

Breaking through from the ninth level of the Creation Realm to the tenth level of the Creation Realm, this breakthrough speed is really fast.

"What? This kid actually swallowed all the ocean spirit beads?"

"How dare he be so arrogant in front of us? Is he really not afraid of death?"

"Presumptuous! Too presumptuous! This kid must be punished!"

Almost at this moment, all the siren guards present showed deep anger in their eyes.

All of a sudden, a terrifying aura erupted from their bodies and charged towards Ye Feng.

The cultivation levels of this group of siren guards are basically in the Creation Realm and the Eternal Realm.

But for Ye Feng, such a state is not scary at all.

boom!

At this moment, Ye Feng just smiled lightly and then stretched out a hand.

Boom! !

Suddenly, countless seawater in the entire ocean condensed into a huge palm, which suddenly appeared in front of a group of siren guards.

This big hand, like an ancient sacred mountain, moved towards them to suppress them, directly smashing all the armors on a group of siren guards.

Their bodies also turned into countless fragments, and they were all killed.

In an instant, the world became peaceful.

"Swallow!"

Ye Feng opened his mouth and swallowed all the blood and energy of these siren guards, and his skill immediately increased a lot.

Maybe these

The Siren guards from the Siren Temple probably never imagined that Ye Feng, a human boy who seemed easy to bully, could actually have such terrifying strength.

They were all caught in an instant, without even a chance to escape.

At this moment, after Ye Feng killed a group of Siren guards in the Siren Temple, his mood did not fluctuate at all, as if he had trampled to death a group of ants.

Buzz!

The next moment, Ye Feng's eyes were calm, and he continued to release his huge soul power as usual, and quickly explored the surroundings, continuing to look for the treasures of heaven and earth growing in the next ocean.

At this moment, Ye Feng became more and more interested in the treasures of heaven and earth growing in the ocean.

Because the ocean essence contained in these treasures of heaven and earth is very rich, it has huge benefits for improving Ye Feng's cultivation.

It can quickly expand the skill reserve in Ye Feng's Dantian, allowing Ye Feng to continuously break through the shackles of cultivation.

In the next few days, Ye Feng quickly searched for various treasures in the entire ocean.

... ??

The next day, Ye Feng found the Eye of the Deep Sea.

... ??

On the fourth day, Ye Feng found a deep-sea spar vein.

... ??

On the seventh day, Ye Feng was so lucky that he accidentally encountered an extinct volcano deep in the ocean and swallowed a volcano spirit that he had cultivated for countless years.

... ??

ninth day.

Ye Feng was sitting cross-legged in the lair of a black water snake deep in the ocean.

In the dark lair, Ye Feng was refining the blood essence of the Black Water Black Snake King he had just killed.

"boom!"

\u003c

After so many days of devouring and accumulating, coupled with the energy of the Black Water Black Snake King at this moment, Ye Feng's cultivation finally made a qualitative breakthrough again!

At this moment, a huge momentum of cultivation rose from Ye Feng's body.

Ye Feng's cultivation has completely transformed from the tenth level of the Creation Realm to the half-step Eternal Realm!

At this time, Ye Feng's eyes were filled with a deep excitement.

I finally stepped into the Eternal Realm with one foot!

Ye Feng could feel that his whole body's strength had transformed and improved countless times at this moment.

"Quick! Seal this area!"

"Someone secretly killed the patrolling guard of our Siren Temple. We must not let him leave the territory of our Siren Temple alive!"

And just when Ye Feng was happy about his breakthrough in cultivation, anxious voices suddenly sounded not far away.

"Is it the Siren Temple again?"

Ye Feng heard the voices in the distance, and his eyes suddenly showed a cold look.

Unexpectedly, the group of sirens in the Siren Temple are really endless and have been blocking the area where they are operating.

boom!

And just when Ye Feng was about to leave here, suddenly a golden trident, filled with vast divine light, bombarded down from the high altitude of the ocean, and quickly impacted towards the area where Ye Feng was. , to tear Ye Feng into pieces in an instant.

"when!"

At this moment, Ye Feng felt the terrifying power of the golden trident. He took out his black broken sword and chopped it with the golden trident in an instant, and immediately let out a huge roar. The roar of metal shattered the surrounding sea water.

Chapter 2958 Golden God of War

"What a powerful force!"

At this time, Ye Feng's eyes showed a hint of shock.

Unexpectedly, there are still very powerful people in this Siren Temple.

After all, Ye Feng knew very well that the black broken sword in his hand was the natal weapon of a peerless evil demon in ancient times, and it contained a very terrifying and ferocious aura.

You know, ordinary weapons, or even slightly more advanced peerless magic weapons, collide with the black broken sword in Ye Feng's hand, and they will lose their spirituality at least, or be broken on the spot at worst.

But at this time, the golden trident rushing down from the ocean was head-to-head with the black broken sword in Ye Feng's hand, without falling behind at all. It was definitely a super magic weapon in the ocean.

Of course, it was also because Ye Feng was so anxious that he did not activate all the ferocious energy in the black broken sword.

Buzz!

At this moment, Ye Feng saw a large number of Kraken soldiers wearing water-attribute armors, holding ocean weapons emitting blue light in their hands, all gathered above his head.

Standing in the middle was a burly young man wearing golden armor. He held a golden trident in his hand and wore a golden helmet on his head. He looked domineering and possessed unparalleled power.

A captain of the Siren Soldiers immediately yelled at Ye Feng below: "This time the Golden God of War from our Siren Temple is here. Today you, a human thief, must be punished!"

When Ye Feng heard what the Siren soldier said, his face suddenly showed a cold look, and he said loudly: "I didn't want to be an enemy of your Siren Temple, but I didn't expect you to keep chattering like this. That's not my fault. I didn't want to cause a bloody storm, but you didn't let me do it."

"Hahaha!"

Suddenly the golden God of War in the sky laughed loudly: "Arrogant boy! How dare you say such arrogant words in front of me. Today I will let you know the price for daring to act arrogantly in the territory of our Siren Temple. It's total death."

boom!

almost

At the moment when the voice of the golden war god fell, he held the golden trident in his hand and rushed towards Ye Feng.

As the golden trident in the hands of the golden god of war stabbed Ye Feng, a huge shadow of the golden god of the ocean suddenly appeared in the sky.

Coupled with the power of the golden trident, it is full of unparalleled destructive power.

It's like being able to destroy the entire ocean!

It has to be said that the strength of this golden god of war is extremely terrifying.

Ye Feng couldn't even detect the cultivation aura of this golden god of war.

But the power he unleashed made Ye Feng extremely fearful.

Ye Feng felt that the cultivation level of this Golden God of War had definitely surpassed the Eternal Realm.

It is very likely that he is a super strong person at the calamity level above the Eternal Ancient Realm!

But at this time, Ye Feng had no way out and could only fight against the odds.

Moreover, Ye Feng also feels that his current cultivation level has broken through to the half-step of the Eternal Ancient Realm, and he may be able to collide with the super strong people in the Tribulation Realm above the Eternal Ancient Realm.

It's just a good time to see what level of his true combat power he has now.

"kill!"

At this moment, Ye Feng took a deep breath, and instantly poured out the power of chaos in his body crazily, into the black broken sword in his hand.

Boom! !

At this moment, a terrifying black sword light suddenly burst out from the black broken sword. It had the power to cut the sky and crack the earth, and directly collided with the golden God of War rushing down from high in the sky. .

"Boom!"

The entire high altitude suddenly erupted with terrifying waves.

Destroying light and chaotic waves.

Ye Feng held the black broken sword in his hand, like a peerless sword demon, full of monstrous violence and edge.

And the golden God of War from the Siren Temple holds a golden trident in his hand and is covered in golden light. He is like an ancient ocean god, full of holiness and nobility.

The entire battlefield is like a battle between a demon and a god, full of vastness and vastness!

"That human boy is so strong! He actually fought on a par with the Golden God of War in our Siren Temple?"

"This battle is so terrifying. I seem to have seen the battle between gods and demons in ancient times!"

...

At this moment, a large number of Siren soldiers from the Siren Temple surrounding them all let out deep exclamations of exclamation.

But while they were amazed, their murderous intention towards Ye Feng also became stronger and stronger.

There is absolutely no way that such a human boy with terrifying combat power can stay.

Otherwise, it will definitely cause unimaginable trouble and damage to their Siren Temple.

Boom!

At this moment, there was suddenly a huge crash in the sky, and the two figures quickly separated.

The Golden God of War was holding the golden trident at this time, and the golden light on his body was getting stronger and stronger, and he seemed to be very relaxed.

At this time, Ye Feng was holding the black broken sword in his hand, and his momentum was equally huge. However, some blood seeped out of Ye Feng's palm. It was obvious that he had suffered some minor injuries in the previous battle. After all, this The Golden God of War is really too powerful, and his cultivation level is a whole level higher than Ye Feng.

In fact, Ye Feng also encountered many opponents who were a level higher than Ye Feng.

But the golden trident held in the hands of this golden god of war is obviously a very terrifying super magic weapon, which confers great power on the golden god of war.

"If I can transform from the half-step Eternal Realm and break through to the true Eternal Realm, then I should be able to fight against this Golden God of War, and maybe even kill him."

Ye Feng suddenly thought in his heart at this moment.

But now Ye Feng has no energy to break through.

"No! Aren't those large numbers of Siren Temple soldiers just energy?"

Ye Feng's eyes suddenly lit up.

There is no need for him to go head-to-head with this golden god of war now.

You can first kill the large number of Siren Temple soldiers who have blocked you.

If he could accumulate enough energy and continue to make breakthroughs in his cultivation, he might be able to gain the upper hand in a battle with the Golden God of War.

At this time, seeing Ye Feng's silence, it seemed that Ye Feng was scared. The golden god of war stood high in the sky and laughed suddenly. The golden trident in his hand pointed in the direction of Ye Feng and said condescendingly: "Boy , Are you scared? If you are scared, kneel down in front of me, maybe I can consider sparing you a little life, hahaha!"

Uh-huh!

But at this time, Ye Feng showed a strange smile on his face, left the area where he was fighting the Golden God of War, and instantly charged towards a large number of Siren soldiers from the Siren Temple that blocked the area.

When the Golden God of War saw this scene, he seemed to understand something. His expression suddenly changed and he yelled: "Boy! What are you going to do? Stop!"

boom!

But it's too late.

Ye Feng waved the black broken sword in his hand, and a tens of thousands of meters long black sword light instantly cut across, and with a "puff" and "puff", a large area of Siren soldiers were cut into pieces, like cutting into pieces. Like wheat, a large piece fell instantly!

"Damn thief!!"

When the Golden God of War saw this scene, he immediately roared angrily, his face turned ashen!

Chapter 2959 Unreasonable

The Golden God of War never expected at this time that Ye Feng would not fight him at all, but began to kill a large number of Kraken soldiers from the Kraken Temple that he had brought.

Each of these siren soldiers is actually very powerful, and all of them are at the Creation Realm.

But facing Ye Feng's terrifying combat power, these siren soldiers didn't even have time to react. They were all killed by Ye Feng with the black broken sword in his hand, and a large piece of them fell down.

"Damn it!"

At this moment, the Golden God of War rushed towards Ye Feng, his eyes filled with overwhelming anger, and he shouted: "Stop!"

Ye Feng ignored the Golden God of War's words at this time. He just kept waving the black broken sword in his hand, quickly killing all the Siren soldiers one by one.

The Golden God of War wanted to catch up with Ye Feng, but couldn't.

Because Ye Feng possesses the power of space gems.

He covered his entire body with the mysteries of space.

So Ye Feng's speed is very fast.

Even a super strong man like the Golden God of War could not catch up with Ye Feng for a while.

Even the Golden God of War wanted to get all the Siren soldiers to gather around him, but it was already too late.

Because when the Golden God of War was about to do this, all the Siren soldiers had been killed by Ye Feng.

It has to be said that Ye Feng's killing speed is very fast and the efficiency is very high.

At this moment, looking at all the Siren soldiers having fallen,

The eyes of the Golden God of War suddenly became extremely gloomy.

He stared at Ye Feng for an instant, with a deep cruel look in his eyes, and said loudly: "You killed all my subordinates, but it is of no use. I will let you bear it later." Death of endless pain."

"Who said it's useless?"

At this moment, Ye Feng had a strange smile on his face and said, "Your soldiers will all become the nourishment to strengthen my cultivation."

When the Golden God of War saw the weird smile on Ye Feng's face, he immediately felt something was wrong and couldn't help but said, "Boy, what do you mean?"

boom!

But at this time, Ye Feng didn't even have time to respond to this golden god of war. He instantly burst out with his devouring ability.

Suddenly, a large area of darkness burst out from Ye Feng's body, swallowing up all the blood and energy of all the killed Siren soldiers around him.

Rumble...

Almost at this moment, Ye Feng suddenly felt a very huge energy being injected into his body.

This gave Ye Feng's skill a qualitative improvement at this moment!

Almost at the next moment, Ye Feng burst out with an extremely violent cultivation aura.

Even the Golden God of War didn't react. Ye Feng's cultivation had already broken through in an instant under such a huge energy.

He directly broke through the current bottleneck and successfully stepped from the half-step of the Eternal Realm to the first level of the Eternal Realm!

boom!

At this moment, Ye Feng's cultivation finally entered the Eternal Realm and completely transformed.

Ye Feng's whole body was filled with divine light, and his aura of power was simply terrifying to the extreme.

"What? Is this a breakthrough?"

The golden God of War not far away widened his eyes, as if he didn't expect Ye Feng to break through during the battle.

But at this time, the Golden God of War suddenly looked around Ye Feng and found that the bodies of the killed Kraken soldiers were all shriveled up, as if they had lost all their life essence.

At this moment, the Golden God of War immediately understood something. He couldn't help but change his face. He stared at Ye Feng and said loudly: "You are a member of the human race."

Human devil! He actually practiced such an evil and terrifying technique! "

When Ye Feng heard what the Golden God of War said, he just stared at the other person with cold eyes, his expression was extremely indifferent, and he said loudly: "You will be the one who dies next."

"Hahaha! Arrogant!"

This golden God of War from the Siren Temple immediately burst out laughing at this moment, with deep disdain in his tone, and said loudly: "Even if you break through to the first level of the Eternal Realm, so what? My realm I am still a whole level higher than you. You will never be able to resist me. Later, when I make your kid suffer endless pain, you will not be so arrogant. Later, your kid may kneel down before me very humbly. In front of me, beg me for mercy."

"boom!"

The next moment, Ye Feng didn't say anything. He just held the black broken sword in his hand and instantly burst out with the powerful power of his newly broken cultivation level, slashing directly forward.

Boom!

Suddenly, a terrifying black sword light burst out from the black broken sword in Ye Feng's hand, and instantly enveloped the golden God of War not far away.

At this time, the Golden God of War also held the golden trident in his hand and struck hard in the direction of Ye Feng.

boom!

A vast golden light also burst out from the golden trident, shining brightly across the entire world.

Boom!

The next moment, the two collided with each other, and there was an earth-shattering roar.

The power burst out from the black long sword in Ye Feng's hand actually shattered all the golden light of the golden trident at once, and then struck hard on the body of the golden trident.

"Dengdengdeng..."

The next moment, the Golden God of War couldn't help but take several steps back.

Ye Feng, on the other hand, was still extremely ferocious and rushed towards the Golden God of War.

The Golden God of War immediately couldn't help but said in horror: "How is that possible! You just suddenly

After breaking through the sky, how could his strength increase so much all of a sudden? "

After all, in the battle with Ye Feng just now, the Golden God of War completely suppressed Ye Feng.

But now, the Golden God of War discovered that not only was he unable to suppress Ye Feng, but he would be repelled by Ye Feng.

This huge gap was suddenly unacceptable to the Golden God of War.

He really couldn't believe that Ye Feng had only broken through so little, so why did his strength increase so much all of a sudden.

"This is not common sense at all!"

The Golden God of War couldn't help but roar.

Ye Feng just smiled coldly and said aloud: "Everything that happened to me has never been in line with common sense!"

"Xuanyuan Emperor Kung Fu!"

At this moment, Ye Feng directly burst out his most powerful inherited power, which was the super skill from the Xuanyuan family.

boom!

In an instant, a majestic figure of Emperor Xuanyuan appeared in the void behind Ye Feng.

Ye Feng held the black broken sword in his hand and slashed forward.

And in the hands of the boundless Emperor Xuanyuan behind him, a golden giant sword composed of the vitality of heaven and earth also appeared, exuding a divine light.

This should be the ancient Xuanyuan Sword!

All of a sudden, it bombarded the front.

"Boom!"

In an instant, a terrifying destructive force enveloped the Golden God of War.

At this time, the Golden God of War felt that his entire body was trembling.

His eyes were suddenly filled with endless fear, he roared angrily, and then his whole body completely collapsed.

The Golden God of War had no power to resist in front of Ye Feng's move and was killed directly.

It has to be said that after the breakthrough, Ye Feng's combat power has really increased to a terrifying level!

Chapter 2960 Peerless Killing Formation

At this time, looking at the golden God of War who was instantly wiped out, Ye Feng was slightly stunned.

He also did not expect that after his cultivation reached a great level, his combat power would actually increase to this level.

But this may be the result of Emperor Xuanyuan's merit.

After all, the Xuanyuan Emperor Kung Fu is a super technique that has been passed down by the Xuanyuan family for hundreds of thousands of years.

The power is naturally extremely amazing!

In addition, at that moment, Ye Feng used the black broken sword to secretly trigger the secret of the Xuanyuan Sword hidden in the Xuanyuan Emperor Kung Fu.

The moment Ye Feng struck the sword, the shadow of Emperor Xuanyuan's will condensed behind Ye Feng suddenly struck out a huge Xuanyuan sword, full of unparalleled destructive power.

Only then did Ye Feng's blow just now wipe out a super strong man like the Golden God of War from the world in an instant.

Buzz!

At this moment, Ye Feng directly released his Devouring Domain, swallowing up all the blood energy left after the death of the Golden God of War.

boom!

The next moment, an extremely powerful energy burst out from Ye Feng's body.

The cultivation of this golden god of war is very powerful, and the energy provided is naturally extremely majestic.

At this moment, Ye Feng's cultivation, which had just broken through to the first level of the Eternal Realm, improved again.

Moreover, he broke through two heavens in a row and directly reached the third heaven of the Eternal Realm.

This made Ye Feng's eyes show surprise.

It seems that this golden God of War is indeed a super strong man in the Ocean Temple.

Otherwise, it would be impossible to provide yourself with such majestic power.

It can be seen that Ye Feng's current combat power has indeed been raised to a very high level.

Even gold

Even a super master like the God of War could not withstand Ye Feng's peak attack.

Uh-huh!

And just as Ye Feng was cleaning up the battlefield, suddenly several figures flew from somewhere not far away.

These figures were all wearing blue armor from the Siren Temple, and they looked menacing.

Ye Feng immediately stared at these siren soldiers and said coldly: "Even your golden god of war was killed by me, how dare you few soldiers come to die?"

These marine soldiers from the Siren Temple had frightened and angry looks in their eyes at this moment.

After all, they did not expect that the Golden God of War would be completely obliterated by Ye Feng, a human boy.

But at this time, they seemed to be emboldened and said: "Human boy, we captured a human woman in the ocean area on the other side. She should be your companion. She has been imprisoned by our Siren Temple. If you want to save your companions, just follow us back to the Siren Temple and accept the trial."

Buzz!

At this moment, these Siren soldiers suddenly took out a crystal ball, and a ray of light emanated from the crystal ball, forming a beautiful figure.

This beautiful figure is Zi Han who came to this ocean with Ye Feng!

"Senior Sister Zihan!"

When Ye Feng saw this figure composed of light, his eyes were suddenly startled.

Logically speaking, the current Senior Sister Zi Han, whose body is occupied by Empress Xuanyuan, should be on par with her in terms of strength and means. Why was she imprisoned by these powerful men from the Siren Temple?

But that crystal ball

The light emitted and the figure formed were indeed Senior Sister Zihan.

"It's also possible that Empress Xuanyuan's soul body temporarily fell into a deep sleep, so Senior Sister Zi Han was caught."

Ye Feng thought secretly in his heart.

At this time, the Siren soldiers saw Ye Feng's uncertain expression and sneered, "Human boy, if you know what's going on, then hurry up and come back to the Siren Temple with us to accept the trial, otherwise, Your companions will die completely."

Ye Feng suddenly stared at these Siren soldiers, his tone was as cold as ice, and he said slowly: "Okay, I will go to the Siren Temple with you, but if I find that my companion has lost a Hairy Hair, I will let you be buried with the entire Siren Temple!"

Buzz!

At this moment, after Ye Feng finished speaking, the cold murderous aura invisibly emanating from his body made these siren soldiers feel their souls trembling in an instant.

Their bodies couldn't help but began to tremble violently.

Even the slightest hint of murderous intent from Ye Feng made them feel a terrifying and boundless feeling. ??

But thinking of Ye Feng's companions, in the hands of their Siren Temple, these Siren soldiers boosted their morale again.

They immediately said: "Human boy, if you follow us back to the Siren Temple to be judged, we will naturally let your companions go."

Uh-huh!

Ye Feng didn't say anything more at this moment. He just walked up to these siren soldiers and said without any emotion in his tone: "Lead the way."

When several Siren soldiers saw Ye Feng's terrifying abyss-like eyes, they did not dare to say anything more at this moment, but led Ye Feng to quickly walk in a certain direction of the ocean. .

On the way, Emperor Chu asked aloud in Ye Feng's mind: "Ye Feng, are you just going to go back to the Ocean Temple with them to face trial?"

Ye Feng said aloud in his mind at this moment: "There is no other way now. I can only go back to the Siren Temple with them to take a look at the situation. After all, Senior Sister Zihan is in their hands. I can't act rashly for the time being." "

Emperor Chu said aloud in his mind: "Anyway, Ye Feng, you boy, be prepared. Since they are using your companions to threaten you to go back, they will definitely set up a very terrifying killing formation at the base camp of the Ocean Temple."

Ye Feng nodded slightly and said nothing more.

The reason why Ye Feng dared to go directly to the Siren Temple with these Siren soldiers was because he was a brave man. After all, Ye Feng's current combat power had been raised to a very terrifying level.

So Ye Feng did not resist at this time, but chose to rush in that direction directly with the Kraken soldiers from the Kraken Temple.

Soon, Ye Feng came to the deepest area of the ocean.

Ye Feng immediately saw it at the next moment. Ancient buildings were built on the deepest seabed of the ocean. Countless palaces stood deep in the seabed, emitting a faint light. They looked beautiful and majestic. and Qili.

At this time, the moment Ye Feng arrived.

"Boom!"

The ocean area at the gate of the Siren Temple, which was originally peaceful, suddenly began to vibrate rapidly, and all the sea water began to boil.

A huge killing formation emitted thousands of feet of red light, like scarlet blood all over the sky, and suddenly enveloped the area where Ye Feng was.

Sure enough, Emperor Chu guessed it right. The Siren Temple had already set up a peerless killing array, waiting for Ye Feng to enter it!
