Chapter 2961 Ocean Overlord

At this time, Ye Feng's eyes showed a trace of surprise. He didn't expect that Emperor Chu had guessed it.

This Siren Temple seems to be really afraid of him, and he would use such despicable tricks.

At this moment, in the Siren Temple, a large number of temple guards wearing silver armor walked out surrounded by an old man.

The old man in the middle is wearing a white robe and holding a blue scepter in his hand, giving people a very sacred feeling.

Ye Feng looked through the entire Peerless Killing Formation, staring at the old man in white robe not far away, and said loudly: "I'm here, let my companion go."

"Hahaha!" .??.??

When the white-robed old man heard what Ye Feng said, he immediately smiled sarcastically and said: "Young boy from the human race, I didn't expect you to be so stupid. After your companion was imprisoned by us, you actually directly followed over. I have to say that although a young boy like you is indeed powerful in combat, his brain is not very good. Now that you have been imprisoned by us in this killing array, do you think we can still Will you let your companions go? They will definitely catch them all!"

When Ye Feng heard what the white-robed old man said, he immediately said: "You don't abide by the rules and you don't keep your promises."

"rule?"

The old man in white robes immediately laughed out loud: "In this ocean, our Siren Temple is the rule, and whatever we say is what it is."

When Ye Feng heard the merciless sarcastic laughter of the old man in white robes, the cold murderous intent in his eyes became more and more intense, and he said slowly: "Since you don't abide by the rules, then don't blame me for going on a killing spree. Okay, do you really think that this so-called formation can trap me? Then you are too underestimated."

boom!

Almost at the moment Ye Feng finished speaking, a black broken sword suddenly appeared in Ye Feng's hand, and then it slashed forward fiercely.

The moment Ye Feng slashed out, the broken black sword in his hand erupted into a sky-reaching jet-black sword light, which seemed to be able to tear everything into pieces and cut through the sky.

"Rumble..."

At this moment, the dark sword light in Ye Feng's hand suddenly slashed hard on the surrounding peerless killing array, and a huge roar suddenly broke out.

However, this peerless killing formation did not break, but withstood Ye Feng's sword.

The old man in white robes from the Siren Temple standing at the front burst out laughing: "This peerless killing array was set up by the most powerful formation master of our Siren Temple. It took several days. In a few nights, I'm just waiting for you, a hateful boy, to fall into the trap. Even if you have powerful weapons in your hands, you can't break this formation."

When Ye Feng heard what the white-robed old man said, his eyes did not show a look of frustration. Instead, he showed a faint smile and said, "I just used my ordinary sword."

boom!

Almost at the moment Ye Feng finished speaking, Ye Feng once again used the Xuanyuan Emperor Kung Fu.

Suddenly, a huge shadow of Emperor Xuanyuan's will appeared in the void behind him, full of unparalleled majesty and pressure.

As Ye Feng raised the black broken sword in his hand, Emperor Xuanyuan behind him also raised his hands instantly.

Buzz!

At this moment, Emperor Xuanyuan's hands suddenly condensed a handful of energy.

The golden giant sword with a length of tens of thousands of meters was cut down as Ye Feng slashed down.

Boom! !

This terrifying power split the surrounding peerless killing formation into countless pieces in an instant, and the entire formation was completely shattered.

boom!

At this moment, Ye Feng was followed by the phantom of Emperor Xuanyuan's will, full of infinite momentum, and he suddenly stepped out of the broken formation.

"What?!"

Seeing such a powerful scene from Ye Feng, the old man in white robe who had been so proud and even mocking Ye Feng just now suddenly became extremely horrified.

He didn't seem to expect that Ye Feng would break through the peerless killing formation that their Siren Temple had worked so hard to set up so quickly, which really surprised everyone.

At this moment, the white-haired old man was about to say something.

"boom!"

But in the next moment, the black broken sword in Ye Feng's hand had already struck hard, and a black sword light instantly cut across the entire ocean, splitting the white-robed old man in half instantly, killing him instantly.

"Great Protector!"

When many masters from the Siren Temple around saw this scene, they couldn't help but exclaimed.

Because this old man in white robe is the great protector of their Siren Temple, his cultivation strength is extremely powerful, and he is a senior figure in the Siren Temple.

But even such a veteran-level super master couldn't block Ye Feng's sword in front of Ye Feng. The fighting power of Ye Feng, a human boy, was really outrageous.

Buzz!

At this moment, Ye Feng's eyes filled with murderous intent looked at a large group of Siren Temple soldiers in front of him, causing all the Siren Temple masters to take several steps back.

I have to say, this scene is full of shock.

Ye Feng was alone, and with one look, thousands of troops retreated. It was really shocking!

"Hurry up and let the palace master come out to deal with this human boy. This human boy is really terrifying!"

At this moment, all the masters of the Ocean Temple shouted loudly.

They took out a horn-like treasure from their respective storage rings and blew it directly.

"Buzz buzz..."

Suddenly the entire seabed was enveloped by the sound of the horn.

Almost at the next moment, a mysterious and powerful momentum filled the endless vastness and was transmitted from the deepest part of the Siren Temple in an instant.

Even Ye Feng felt a sense of fear at this time.

Ye Feng immediately understood that the source of this wave of power should be the most powerful being in the Siren Temple, the Lord of the Siren Temple!

The energy fluctuations transmitted by this Siren Palace Master were even more terrifying than the Golden God of War that Ye Feng had encountered before.

It should be a very advanced existence in the calamity realm that transcends the Eternal Realm.

"This is a super strong man who has reached the tenth level of the calamity realm! He is the overlord of the entire ocean!"

Ye Feng couldn't help but murmur at this time. The next moment he saw it, a giant dragon covered with blue scales slowly spread out from the depths of the Siren Temple, filled with endless energy, majesty and momentum.

This is a true ocean overlord! At this time, Ye Feng's eyes showed a trace of surprise. He didn't expect that Emperor Chu had guessed it.

This is a true ocean overlord!

Chapter 2962 The Secret Realm of Siren

Buzz!

At this time, this giant blue dragon slowly took off from the deepest part of the Siren Temple, just like a hidden dragon emerging from the sea, giving people a very vast and majestic feeling.

Ye Feng sensed a very terrifying aura from this blue giant dragon, which made Ye Feng's eyes filled with deep fear at this moment.

But Ye Feng did not retreat at this time, but still stood there, staring at the giant blue dragon.

Senior Sister Zihan hasn't been rescued yet, so Ye Feng naturally won't leave just like that.

As for the incomparable power of this blue dragon, Ye Feng's eyes revealed a look of deep thinking.

When she first entered this Tianwaitian, Empress Xuanyuan once told Ye Feng that he was a body of chaos and could draw on the power of the Chaos Spirit in the entire Tianwaitian.

Because the entire Tianwaitian is composed of interfaces of chaotic fragments.

So although Ye Feng is standing still, he has been trying to communicate with the spirits of chaos in the entire Tianwaitian interface to see if he can use some of the general trends of heaven and earth to help him.

But at this moment, Ye Feng seemed to have discovered something, and suddenly couldn't help but said: "You are not the real body, this is just a will of yours."

When the blue dragon heard what Ye Feng said, his eyes suddenly showed deep surprise. It seemed that he didn't expect that Ye Feng could perceive it so accurately.

The giant blue dragon said aloud: "Indeed, my body has perished in the last life and death retreat, and now there is only this remaining shadow of will. I did not appear this time to compete with the human race. To be your enemy, but to compromise with you."

Ye Feng heard this, his eyes were extremely calm, and he said loudly: "You masters from the Siren Temple imprisoned my companions, and also set up such a peerless killing array. You want to kill me. Do you think I am like this?" Did I simply compromise with you? "

\u003c

br\u003e The giant blue dragon said aloud: "Of course it won't be that simple. I am willing to share a huge secret I know, as long as you let our Siren Temple go."

"A huge secret?"

Ye Feng's eyes showed a look of surprise, and he couldn't help but said: "What secret? You have to know that I can completely plunder the wealth of your entire Siren Temple."

The blue dragon seemed very confident and said: "This secret leads to a very mysterious secret realm. The wealth contained in that secret realm is definitely worth the wealth of ten Siren Temples."

Hearing this, Ye Feng suddenly showed a trace of surprise in his eyes, and then said aloud: "If you say that, I am very curious. Okay, then I will agree to your request, but you need to ask me first My partner was released."

"She is not in our Siren Temple."

The giant blue dragon said aloud: "She was captured by us in the Siren Temple before, but for some reason, after arriving at the Siren Temple, your companion seemed to have suddenly changed into a very different person. He is powerful and has many means and has escaped from here. "

When Ye Feng heard this, he immediately understood. It seemed that after Senior Sister Zihan was caught, Empress Xuanyuan's soul awakened again and helped her escape.

"However, I need to verify it."

Ye Feng spoke at this time and directly released his huge soul power to all areas of the Siren Temple.

Buzz!

The next moment, Ye Feng sensed that there was indeed no scent of Senior Sister Zi Han in the entire Siren Temple area.

This made Ye Feng feel relieved.

It seems Zihan

Senior sister has indeed left here.

At this time, Ye Feng looked at the phantom of the blue dragon's will in front of him and said: "Then, take me to the secret place rich in wealth that you mentioned. I hope you don't Lie to me, or you won't be able to control my anger."

"I know."

When the blue dragon heard Ye Feng say this, he immediately nodded, and then flew towards the deepest part of the Siren Temple with Ye Feng.

Soon, Ye Feng followed the giant blue dragon to the innermost area of the Siren Temple.

There is a ruined land of ancient ruins here.

At this moment, the blue dragon spoke out: "The teleportation array leading to that secret realm is in this ruined ancient ruins. As long as I activate it."

Ye Feng glanced at the blue dragon standing next to him.

At this time, the blue dragon had transformed into a middle-aged man wearing a blue robe.

Ye Feng said aloud: "Do you want to go with me?"

"certainly."

The giant blue dragon nodded and said loudly: "My body fell and disintegrated during a retreat. Now there is only one soul body left. Of course I will enter that secret realm with you to see if I can I can't find special materials to replace my body and reshape my body so that I can continue to live another life."

Ye Feng glanced at the giant blue dragon and said loudly: "It seems that you shared this special secret with me not only to save your Siren Temple, but also to allow me to be your helper and helper." Let's look for the materials to reshape the body together. You probably haven't entered that secret realm either."

The middle-aged man that the blue dragon turned into at this time couldn't help but said: "We can help each other, after all."

After all, there is indeed a very ancient opportunity and wealth in that secret realm, which is also of great help to you, Ye Feng. This is an ancient secret realm of the Kraken passed down from ancient times by our Kraken clan. Most people cannot enter it at all. Go. "

When Ye Feng heard what the blue dragon said, he immediately nodded and said, "Okay, stop talking so much nonsense, and hurry up to activate the teleportation formation in this ruined ruins. I can't wait to enter that secret realm." Let's see if there is any wealth."

"good."

The blue dragon nodded immediately, and then cast a special spell in an instant.

Buzz!

A blue teleportation array suddenly appeared on the entire ruined and desolate land.

The next moment, Ye Feng and the blue dragon walked directly in without any hesitation and disappeared in an instant.

"Buzz!"

Following a violent dizziness, Ye Feng found himself in a very desolate underground space.

This is a place that looks like an underground ruin. There is no height above the head. There are layers of stone walls above the head, with ancient patterns carved on them.

The surrounding land is very vast, with many dilapidated buildings and some strange creatures that Ye Feng cannot recognize.

The giant blue dragon stood next to Ye Feng and said: "According to legend, this is the place where our ancestors of the Kraken clan founded civilization. However, it seems that they encountered something unknown in the end and left here. The species is unknown, so we must be careful."

Swish!

While the two were talking, suddenly in the darkness around them, several humanoid black monsters, wearing a special jar-like grimace mask on their faces, instantly turned towards Ye Feng and the blue giant. The dragon rushed over, holding a bloody scimitar in his hand.

Chapter 2963 Ancestor Becomes Demonic

These humanoid monsters all exude a very special dark energy, which gives Ye Feng a stronger feeling than the dark energy among the dark races.

However, the aura fluctuations on these humanoid monsters were not that powerful, and Ye Feng just waved his hand casually.

boom!

Suddenly, a powerful force of wind blasted out from Ye Feng's hand, smashing these humanoid monsters wearing strange masks to pieces on the spot.

But what surprised Ye Feng was that after these humanoid monsters were broken, they had no blood energy, but turned into ceramic-like fragments on the ground.

Ye Feng couldn't help but said in surprise: "These monsters seem to be puppets made of ceramics, not real creatures."

The giant blue dragon stood beside Ye Feng, nodded, and said aloud: "Even I don't know what happened to the glorious civilization created by the ancestors of our Siren clan back then, and turned it into such a dilapidated state today. It seems that there must be another powerful civilization, possibly a puppet civilization, that has arrived here and destroyed everything created by the ancestors of our Siren clan."

When Ye Feng heard what the blue dragon said, he was noncommittal and just said: "Let's move on. Don't forget what you said. There is a lot of wealth from the ancestors of the Siren clan. If you dare to lie, If I say so, the Siren Temple will cease to exist."

When the blue dragon heard this, he immediately aroused a piece of divine light from his soul body. In front of Ye Feng, he formed a map and said loudly: "This is the hall master of every generation. The map passed down leads to a certain place in the ruins of the ancestral civilization of our Kraken clan. It must be very special and contains huge wealth. Let's go directly there."

When Ye Feng saw this map, he immediately nodded and said, "I didn't expect you to hide such a map. Not bad."

Uh-huh!

Uh-huh!

Next, Ye Feng and the blue dragon quickly flew towards the area marked on the map directly in the direction guided by the map.

Along the way, the two traveled through a lot of dilapidated land, and soon arrived at the destination guided by the map.

At this moment, Ye Feng and the blue dragon suddenly saw a tomb like a huge fortress, standing in front of them.

The giant blue dragon couldn't help but said: "Could it be that this map passed down from ancient times points to this tomb? Is this tomb the burial place of our ancestors?"

Ye Feng's eyes were also a little surprised at this time.

Originally, he thought that the final area pointed to by this map should be a treasure house left by the ancestors of the Kraken clan.

But now it seems that is not the case.

At this moment, the giant blue dragon said: "Let me see what is buried in this tomb?"

Buzz!

At this moment, after the blue dragon finished speaking, it directly displayed a special pupil technique of the Kraken clan.

His eyes suddenly emitted a blue divine light, quickly shrouding the tomb in front of him.

Buzz!

Almost at the next moment, the blue giant dragon's eyes suddenly showed joy, and he couldn't help but said: "Ye Feng, this tomb should be left by the ancestors of our Siren clan. There are many things buried in it. wealth."

"real?"

When Ye Feng heard what the blue dragon said, he immediately

He stretched out his hand and punched out directly.

Boom!

The huge tomb in front of him was directly blown into pieces by Ye Feng.

Uh-huh!

Uh-huh!

Ye Feng and the blue dragon entered the space in the tomb one after the other.

They immediately saw that the entire tomb was like a huge underground palace, looking extremely brilliant.

All the walls are made of gold, and even in this dark secret realm, they are emitting a brilliant light at this moment.

Ye Feng saw boxes of wealth placed in this underground palace.

Swish, swish, swish...

Without any hesitation, Ye Feng reached out his hand in an instant and directly collected all the wealth into his storage ring.

The blue dragon doesn't seem to have much interest in these wealth.

In other words, even if he is interested, he cannot stop Ye Feng from collecting the wealth at this time.

Because these wealth were promised to Ye Feng by the blue dragon in advance.

At this moment, the blue dragon was just walking towards the depths of this underground palace. He seemed to be expecting something, with a hint of nervousness and excitement in his eyes.

When Ye Feng collected all the wealth, he suddenly found that the blue dragon around him had disappeared.

Ye Feng vaguely remembered that the blue dragon seemed to have entered the depths of this underground palace.

Uh-huh!

Ye Feng was also walking towards the depths of the underground palace at this time.

Soon he walked through a very long corridor and came to the end of the corridor.

At this moment, Ye Feng looked forward, with a hint of surprise in his eyes.

He saw that in the deepest part of the underground palace, there was a huge altar.

And behind this altar is a giant black dragon lying on the ground, which is hundreds of thousands of meters long!

It looks full of very strong visual impact!

At this moment, Ye Feng saw that on the altar, the blue dragon was wrapped around its body by chains of black energy, which was constantly absorbing the energy from the blue dragon's body.

"The ancestors are possessed by demons! The ancestors practiced ancient evil techniques! Ye Feng, save me quickly, save me quickly!!!"

At this moment, the blue dragon saw Ye Feng appearing, and immediately roared in terror.

When Ye Feng heard the blue dragon say this, he also had a look of deep horror in his eyes.

Because he sensed that as the blue dragon absorbed energy from the black energy in the altar, the black dragon that was hundreds of thousands of meters long behind the altar seemed to be about to revive at this moment.

Once this black dragon, which is more than 100,000 meters long, revives, it will be a demon-like existence, absolutely terrifying to the extreme.

"I'm here to save you!"

Ye Feng knew that the situation was not good, and immediately rushed forward to smash the altar to pieces and rescue the blue dragon. He must not let the possessed black dragon revive.

"boom!"

But at this moment, a huge burst of dark energy burst out from the altar, knocking Ye Feng back.

The next moment, under Ye Feng's rather ugly eyes, the blue dragon let out its last scream and was completely swallowed up by the darkness in the altar!

Chapter 2964 How to break the situation

Buzz!

At this moment, as the blue dragon was swallowed up by the altar, an ancient and vicissitudes of vast aura suddenly emanated from the lying black dragon.

The black dragon, which was more than 100,000 meters long, suddenly opened its eyes and stared at Ye Feng in front of him. His voice was boundless and majestic: "The foreign human race kid has plundered all the wealth of this Dragon King. This Dragon King wants to You will be cut into pieces."

boom!

Almost at the moment when the black dragon finished speaking, he stretched out a black dragon claw that covered the sky and the sun, as if it could tear the sky and the earth apart, and grabbed it towards Ye Feng.

It was like a dark ancient mountain bombarded down, very terrifying.

Almost at this moment, Ye Feng suddenly felt an irresistible pressure falling from the sky.

At this time, Ye Feng took out the black broken sword in an instant, and then directly struck the black dragon claw in front of him with the sword.

Boom!

Almost at the next moment, the huge and boundless black dragon claws suddenly bombarded the black broken sword in Ye Feng's hand.

boom! !

Suddenly, an extremely terrifying vibration force directly blew Ye Feng's entire body away.

Ye Feng's eyes looked surprised at this moment. He felt that his sword collided with the dragon's claw, just like it collided with a copper wall.

That monstrous dragon claw is full of unparalleled power, and it is simply not something that I can resist temporarily.

"As expected of the ancestor of the Kraken clan, his strength is indeed terrifying to the extreme!"

Ye Feng's eyes were shocked.

Even though he has just recovered, the black dragon, the ancestor of the Kraken clan, is as powerful as a god or demon.

However, it is impossible for Ye Feng to hand over all his wealth.

Moreover, this black dragon, in order to be resurrected, actually became possessed and even sacrificed its own descendants.

This black dragon is definitely not a good bird.

Uh-huh!

At this moment, Ye Feng didn't even use Xuanyuan Emperor Kung Fu, but turned around and flew quickly towards the distance.

Because Ye Feng knows very well,

Even if he uses all kinds of methods, he can never be the opponent of this black dragon.

Now that he has obtained all the wealth of the Siren clan's ancestors, Ye Feng naturally wants to leave here as soon as possible. There is no point in fighting this difficult black dragon.

Swish, swish, swish!

At this moment, Ye Feng didn't hesitate at all. He directly used the power of the space gem and quickly rushed in a certain direction in the distance.

Ye Feng wanted to escape from this secret space.

boom!

But the next moment, the black dragon's huge body of more than 100,000 meters suddenly soared from the underground palace to high in the sky.

Wow!

As countless rubbles rolled down, a dragon body hundreds of thousands of meters long was revealed under the sky. It looked full of endless shock, covering the sky and the sun, just like an ancient dragon demon, all of a sudden. Blocking Ye Feng's way.

The black dragon made a majestic voice at this time: "Outsider, it is impossible for you to escape from the secret space today! You must die!"

Ye Feng immediately understood that this black dragon must also know the entrance to leave this secret realm, so he blocked the direction he was going.

Ye Feng had no choice but to run away quickly in the opposite direction.

Anyway, this secret realm is very wide and there is no end yet. Ye Feng can still escape for a while.

During this period of time, Ye Feng planned to use the wealth and resources left by the Siren ancestors he had obtained previously to increase his cultivation strength as soon as possible to see if he could fight this black dragon.

In the next few days, Ye Feng kept running away.

But that black giant dragon was too powerful. Every time its majestic dragon claws struck down, it was like an ancient mountain suppressing it.

Ye Feng could only continue to resist, exhausted and had no time to refine the resources he had obtained before.

This made Ye Feng's previous plan to refine resources impossible to implement.

Soon Ye Feng didn't know how long he had escaped and how much land he had crossed. At this time, Ye Feng saw a black barrier appearing in front of him, as if that was the end of the entire secret realm.

"Forbidden place."

At this time, Ye Feng noticed that there was a stone tablet in front of the black barrier with these four characters written on it.

This made Ye Feng's eyes froze for a moment. It seemed that there was still space behind this black barrier, but it was just a very scary taboo place.

"Human boy, don't run away. There is an ancient forbidden place ahead. Even I don't dare to enter it rashly."

Behind the scenes, the majestic black dragon made a voice: "Now I give you a chance. As long as you dedicate all your wealth to me, I will spare your life, and I am also willing to train you to become me." How about my dragon guards? Once you enter that forbidden place, you will die instantly."

Hearing this, Ye Feng just turned around and looked at the black giant dragon that was approaching quickly. He laughed loudly and said, "Even if I enter the forbidden land and narrowly escape death,

I will not give up the wealth I have gained." , and become your bodyguard? I am not that humble, so bye!"

boom!

Almost at the moment Ye Feng finished speaking, Ye Feng rushed into the black light barrier and entered the forbidden place.

At this moment, when he saw Ye Feng doing this, the black dragon chasing behind him immediately shouted angrily: "Stupid and hateful boy!"

At this time, the black dragon came in front of the black light mask, seeming hesitant to enter it.

But thinking of Ye Feng's huge wealth, the black dragon immediately gritted his teeth. After hesitating for a moment, he also entered this forbidden land.

...

The moment Ye Feng entered this forbidden place, he immediately felt a cold aura that penetrated into his body crazily.

It's like there are evil spirits that are constantly eroding Ye Feng's sanity.

"Soul barrier!"

The next moment, Ye Feng directly activated his powerful soul power and covered his whole body with a soul barrier, which immediately blocked out the cold atmosphere.

Obviously, the cold atmosphere in this forbidden place is definitely a strange power at the soul level.

boom!

Suddenly at this moment, the ground not far away suddenly exploded, and a rotten skeleton rushed towards Ye Feng in an instant, holding a bone knife in his hand.

when!

When Ye Feng's fist struck the skeleton, it only knocked the skeleton back slightly, but did not break it into pieces.

"What?"

Ye Feng's eyes were suddenly shocked. The strength of this skeleton was really strong, and it could actually withstand his own chaotic body.

After all, you must know that the power of Ye Feng's current body is extremely terrifying. He is already a chaotic body in the seventh heaven. Some peerless weapons will be instantly shattered by Ye Feng's fists.

At this time, Emperor Chu said aloud in his mind: "Ye Feng, this forbidden place you entered should be a very scary ancient battlefield. The bones of that skeleton are so strong that they can even compete with your current chaotic body." , It can be seen that this skeleton must have been an extremely terrifying super strong man during his lifetime, otherwise it would be impossible for his body to be tempered to this extent. "

Ye Feng stared at the skeleton not far away and nodded solemnly.

The strange thing is that this skeleton has no soul fire. Ye Feng cannot use soul attacks to obliterate the soul fire of this skeleton.

I don't know what kind of energy controls this skeleton, which has such strong mobility and combat effectiveness.

"Human boy, you can't escape!"

At this time, what made Ye Feng's eyes darken again was that the voice of the black dragon sounded from far behind.

The black dragon, the possessed ancestor of the Kraken clan, did not wait outside the forbidden land, but directly pursued him in.

Now there is simply a wolf in front of him and a tiger behind him, leaving Ye Feng in a dilemma.

How to break the situation?

Chapter 2965 Ancient Strategy

"We can only attack by force first and continue to penetrate into this forbidden place."

Ye Feng's eyes showed a hint of determination at this time, and he immediately charged towards the skeleton in front of him.

"boom!"

Ye Feng punched out again, finally knocking the skeleton backwards. Ye Feng was ready to leave.

But suddenly the next moment.

"Rumble..."

A large area of ground in front suddenly shattered and collapsed.

Then each skeleton, their bodies covered with dust, crawled out of the ground in an instant.

It's almost exactly the same as the skeleton Ye Feng encountered before!

Even the energy fluctuations emitted by some skeletons were more powerful than the skeletons Ye Feng had encountered before.

There were hundreds of skeletons, all of them flew out from the depths of the ground in an instant, and their bodies were not burning with soul fire, so Ye Feng didn't know how to attack with souls.

At this time, all the skeletons rushed towards Ye Feng.

Ye Feng immediately understood that it was his blood energy that attracted these skeletons.

At this moment, Ye Feng knew that he could not be the opponent of these skeletons.

If it were just a skeleton, Ye Feng could still repel it.

But a whole few hundred skeletons are just too scary.

Ye Feng seemed to have thought of something at this moment, and suddenly he quickly retreated towards his rear.

You must know that the rear of Ye Feng is in the direction of the black dragon that is chasing him.

Ye Feng now quickly retreated in the direction where the black dragon was chasing him, obviously trying to use an ancient strategy.

That is to drive away the wolf and devour the tiger!

If these hundreds of skeletons are terrible wolves, then the black dragon is a tiger.

Ye Feng can let the two most powerful groups attack each other, so that he can temporarily avoid the limelight.

After all, Ye Feng knew that these hundreds of skeletons were not

What kind of intelligence is there? It's just a subconscious attack on beings with blood energy.

Ye Feng knew very well that the black dragon was hundreds of thousands of meters tall. The blood energy emanating from his body must be hundreds of times larger than his own, and it could attract these terrifying skeletons that could not be killed.

Swish, swish, swish!

At this time, Ye Feng quickly retreated, and the hundreds of skeletons immediately chased Ye Feng.

Soon, Ye Feng had retreated to a position where he could see the black dragon clearly.

At this moment, the black dragon saw Ye Feng's figure, and suddenly a arrogant smile appeared on his face, and he said loudly: "Damn boy, I didn't expect to find you so soon. By the way, you must be afraid of this The danger in the depths of the forbidden land has become too dangerous, so I retreated. Hahaha, I know that you kid will definitely not dare to go deep into this weird forbidden place, so surrender obediently in front of me. In this case You can still save a small life and survive, otherwise you will die without a burial place."

However, Ye Feng didn't have any expression on his face at this time, he just stared at the black dragon, and then said slowly: "I am not here to surrender to you this time, but to let you know, How weird is this forbidden place?"

Hearing what Ye Feng said, the black dragon suddenly showed doubts in his eyes, and couldn't help but said, "What do you mean, kid?"

Ye Feng just grinned at this moment and said loudly: "What I mean is... you will know soon."

When he said this, Ye Feng did not continue talking, but instantly stamped his feet on the entire ground.

boom!

Immediately, a crack appeared on the ground, and then Ye Feng drilled directly into the ground and disappeared from the scene.

At this time, the black dragon didn't know what Ye Feng's operation meant.

He immediately rushed towards the ground,

Going to hunt down Ye Feng.

But suddenly at this moment, hundreds of skeletons rushed over in the darkness not far away, and instantly surrounded the black dragon.

You know, the black dragon is extremely majestic, like a black mountain, very huge, so it is impossible to escape the siege of hundreds of skeletons.

Swish, swish, swish!

Swish, swish, swish!

At this moment, hundreds of skeletons sensed the huge and boundless blood energy of the black dragon. Naturally, they abandoned Ye Feng in an instant. One by one, they jumped directly onto the majestic body of the black dragon, and then began to quickly tear.

"Puff, puff..."

Even though the black dragon's body was covered with strong, metal-like dragon scales, it was unable to withstand the extremely sharp bone fingers of these skeletons at this moment, which were as sharp as divine swords.

The entire body surface of the black dragon was suddenly torn and bloody.

This made the black dragon howl in pain: "Ah! Damn boy! You are so insidious!"

But just as the black dragon screamed, Ye Feng had already arrived from under the ground to a place not far away, and then returned to the ground again.

"ah....."

At this moment, Ye Feng could hear the howl of the black dragon not far away, and his face suddenly showed a smile of success.

But Ye Feng also knows that although the seven hundred skeletons are extremely strong and have amazing defensive power, they cannot even break his own Chaos Body.

But after all, the lethality is not that terrible.

Although the black dragon was temporarily entangled, it was definitely impossible to kill the black dragon.

It was not even able to severely damage the black dragon. At most, it only caused some interference to the black dragon.

But Ye Feng knew that as long as he gave the black dragon some interference, it would be enough.

Because this can provide Ye Feng with enough time to escape and time to refine resources.

.

"Space gem!"

boom!

At this moment, hearing the screams of the black dragon in the distance, Ye Feng knew that he could not waste time. He immediately activated the power of the space gem, and then quickly moved in a certain direction in the distance.

Although there is great danger in the depths of this forbidden land, Ye Feng has strong soul power and can sense the danger in advance.

Therefore, Ye Feng is not too afraid of traveling in this quiet place at this moment.

Swish, swish, swish!

Ye Feng quickly moved away from the area where the black dragon was fighting with hundreds of skeletons, and came to a very deserted area in a blink of an eye.

This should be a relatively deep place in the Forbidden Land, surrounded by dilapidated buildings.

Uh-huh!

Ye Feng temporarily lived in a collapsed palace, and then took out the wealth of the Siren ancestors he had obtained previously.

Most of these wealth are various armors and inheritances.

Ye Feng does not have time to explore these things one by one for the time being.

Now Ye Feng just quickly took out the cultivation resources from these wealth that could quickly improve his skills.

For example, there are all kinds of elixirs that emit light, as well as treasures from heaven and earth, energy crystals, ocean orbs, ocean essence, the remains of spirit beasts, the spirit bones of ocean evil beasts, deep-sea ores, and so on.

Ye Feng piled these energy-rich things around himself.

boom!

Then Ye Feng instantly released the Devouring Domain and began to quickly refine and devour these cultivation resources.

These cultivation resources are probably the wealth that the Siren ancestors prepared to use to restore their own strength after being possessed by demons, or to raise an army.

But now it is all turned into Ye Feng's nourishment, being rapidly digested in the Devouring Domain, and then turned into pure energy, injected into Ye Feng's body, rapidly increasing Ye Feng's power!

Chapter 2966 What exactly exists?

"Rumble..."

At this moment, huge amounts of energy are rapidly being injected into Ye Feng's body.

Ye Feng's skill at this time is rapidly growing.

It has to be said that the wealth obtained from the tombs of the Siren ancestors is really huge.

Even if it only accounts for a part of the cultivation resources, it is priceless.

At this time, after Ye Feng swallowed it, he immediately felt that his cultivation aura was growing rapidly.

boom!

The fourth level of the Eternal Realm!

boom!

The fifth level of the Eternal Realm!

boom!

The sixth level of the Eternal Realm!

boom!

The Seventh Heaven of the Eternal Realm!

At this moment, the cultivation aura on Ye Feng's body had accumulated to a very terrifying level.

At this time, he actually broke through the fourth level of heaven!

Directly from the third level of the Eternal Realm, he broke through to the seventh level of the Eternal Realm.

I have to say that the speed of this breakthrough is extremely fast.

However, Ye Feng also knew very well that it was all because he had devoured so many cultivation resources.

After all, this is the wealth left by the Siren ancestors back then, so it is naturally extremely abundant.

You must know that the Siren ancestor, that is, the black dragon's previous plan was to use the vicious dark race's methods to sacrifice his own descendants and resurrect himself.

Then use the wealth he left behind to supplement his own strength, or to raise an army to compete in the world again.

But all these plans were disrupted by the appearance of Ye Feng.

Uh-huh!

At this time, Ye Feng stood up suddenly, his eyes were shining brightly, and the aura of cultivation on his body was huge and boundless.

At this moment, Ye Feng's combat power has increased many times compared to before.

At this time, Ye Feng couldn't wait to try it with the black dragon to see who was more powerful.

"Do not impulse."

Suddenly, Emperor Chu's voice rang in Ye Feng's mind: "The strength of that black dragon is not as simple as Ye Feng, you kid, thinks. That black dragon is no longer the ancestor of the siren, but It is a terrifying existence that is obsessed with dedicating its faith and soul to the God of Darkness. Ye Feng, you must at least reach a level of calamity beyond the Eternal Realm before you can fight it."

When Ye Feng heard this, he couldn't help but said in surprise: "Is that siren ancestor really so powerful?"

Emperor Chu nodded, thinking in his mind

Said: "Anyway, it is definitely much stronger than you think, because you have not officially collided with that black dragon face to face, so you don't know the strength of that black dragon, but my perception can be clear I feel that the power of that black dragon is simply terrifying to the extreme. It is not something you can resist temporarily. You still need to rise to a higher level to be able to confront it. "

When Ye Feng heard what Emperor Chu said, he immediately shook his head helplessly and said: "If you say so, I can only continue to escape now."

Emperor Chu smiled and said aloud: "This forbidden land should have been the battlefield of an ancient dark war. That's why so many super strong men died and so many terrifying skeletons were left behind. But in a battlefield There must be a lot of opportunities and fortunes in it. Maybe you can search for it in this forbidden place, maybe it can transform you."

When Ye Feng heard what Emperor Chu said, he immediately nodded slightly and said loudly: "There is only one way now."

Human potential is almost always forced out.

Ye Feng has experienced a lot of life and death crises like this, and he is not as fearful and worried as he was when he was young.

call!

At this time, Ye Feng took a deep breath and temporarily held back his intention to fight the black dragon.

Buzz!

At this moment, Ye Feng suppressed the fighting spirit in his heart, and instead exuded his soul power, quickly exploring the surrounding land to see if he could find any other opportunities.

After all, this was a taboo place left over from an ancient battlefield. Ye Feng didn't believe that the super strong men who participated in that battle didn't leave anything good behind.

"Um?"

Following the exploration of his soul power, Ye Feng's eyes quickly lit up, and he sensed some kind of spatial fluctuation.

The fluctuations in the space are very weak and should be the fluctuations of the space ring.

Uh-huh!

Following this very secret space fluctuation, Ye Feng soon came to a collapsed ruins.

"This is....."

The next moment he saw a skeleton that had withered for many years, buried in a pile of rubble.

And on one finger of this skeleton, there was a dark gold storage ring.

This dark gold storage ring looks in very bad condition, with dust everywhere.

If it weren't for Ye Feng's perception,

It is so powerful that ordinary people cannot even notice that there is a strong man's storage ring here.

This forbidden place seemed to be an ancient battlefield back then.

Ye Feng knew very well that those who could participate in that war must be super strong.

So at this time, Ye Feng simply took off the dark gold storage ring and took it into his own hands.

Buzz!

The next moment, Ye Feng's mind probed out and began to sense what was contained in the storage ring. .???.??

Soon, Ye Feng's spiritual thoughts entered the inner space of the storage ring.

Ye Feng immediately saw that the space inside this storage ring was extremely huge.

I'm afraid it's as huge as several large mansions!

There are many healing elixirs inside, as well as some special stones that emit a white light.

"This is the original stone!"

Ye Feng's eyes suddenly lit up.

You must know that raw stones are stones that can only be produced in the great world of origin, and are even more advanced than divine crystals.

The world of gods cannot produce such a stone.

The power of origin contained in the original stone is of great benefit to advanced practitioners.

At this moment, Ye Feng counted six to seven hundred rough stones contained in the storage ring left by the fallen superpower.

This is simply a huge wealth!

In addition, Ye Feng also found a black spear engraved with ancient demon symbols from the storage ring.

Uh-huh!

Ye Feng took out the spear and could immediately sense that there seemed to be a demon god contained in this ancient demon spear.

The feeling given to Ye Feng was very terrifying.

It's probably as good as the black broken sword he got before.

"Nine Nether Purgatory Spear!"

Suddenly Emperor Chu's voice sounded in Ye Feng's mind.

"Nine Nether Purgatory Spear?"

When Ye Feng heard what Emperor Chu said, his eyes suddenly showed surprise, and he couldn't help but ask: "Emperor Chu, do you know the identity of this spear?"

Emperor Chu nodded, and then said aloud in his mind: "This Nine Nether Purgatory Spear is a famous weapon. It was the natal weapon of a super powerful man called the Nine Nether Demon Lord in the center of the God Realm."

Ye Feng looked puzzled and said: "Jiuyou Demon Lord"

? never heard of that. "

Emperor Chu's tone seemed to be a bit sighing, and he said aloud: "The Nine Nether Demon Lord is the super strong man in the past era of the God Realm. Ye Feng, you don't know it's normal. The Nine Nether Demon King who once dominated the entire center of the God Realm suddenly disappeared in the God Realm for a while, which once made the entire God Realm wonder where he went. Some people said that he ascended to the legendary world of origin, while others said that he re-entered reincarnation and was reincarnated. Unexpectedly, this Jiuyou Demon Lord died miserably and unknownly in this forbidden place in Tianwaitian."

When Ye Feng heard this, his eyes could not help but reveal a trace of palpitations.

Emperor Chu continued to say in his mind: "What happened back then? Even a super powerful man like Jiuyou Demon Lord died here in frustration. Could it be said that he participated in this game in this outer world back then? The war is all about superpowers as terrifying as the Nine Nether Demon Lord? But in the entire God Realm, there are only a few superpowers like the Nine Nether Demon Lord, but this forbidden place, the ancient battlefield, I'm afraid there are thousands or even tens of thousands of powerful people like Jiuyou Demon Lord. How is this possible? Even hundreds of divine realms cannot produce so many top powerhouses."

At this moment, Emperor Chu was obviously very shocked.

When Ye Feng heard what Emperor Chu said at this time, he seemed to have thought of something and couldn't help but said: "Could it be that the war that took place in Tianwaitian that year, in addition to the strong men from the God Realm, the Great World of Origin may also have Super strong men of this level have descended, and many of them have descended. It is probably to resist the weird power in this forbidden place. After all, many strong men were controlled by a weird force after they died. He turned into an immortal skeleton warrior. What is there in the depths of this forbidden place that allows all the powerful men from the Origin World to come here?"

After Ye Feng finished speaking, Emperor Chu didn't know whether he agreed or disagreed, but fell into silence.

Ye Feng knew that Emperor Chu was probably thinking about something, but there was no use in thinking so much for the time being.

It is better to first look for the storage rings left behind after the death of various superpowers.

Use the resources in these storage rings to improve your cultivation.

At this moment, Ye Feng releases the power of devouring, while refining the raw stones and various elixirs in the Jiuyou Demon Lord's storage ring he just obtained, while continuing to release his soul power, looking for the next super strong person to fall. The burial place of the deceased.

After all, each of these superpowers has such advanced cultivation, and there are even many superpowers who may come from the origin world.

The wealth in the storage rings they carry must be very high-end and rich, and can bring Ye Feng a huge improvement.

Chapter 2967 Make up your mind

Buzz!

Under Ye Feng's huge soul search, the remains of many super strong men in the entire forbidden land after their death were found by Ye Feng.

However, what makes Ye Feng quite disappointed is that not every superpower's remains contain a storage ring left behind.

Many of the remains of super strong men after their deaths did not have any storage rings on them.

It is estimated that they were all shattered in that ancient and terrible war.

But Ye Feng still got a lot of storage rings after all.

Ye Feng spent nearly half a day to find the remains of more than a dozen super strong men and obtained seven storage rings.

These storage rings are all left behind by superpowers from ancient times.

Ye Feng got a lot of training resources from it.

He has successfully accumulated his own cultivation from the Seventh Heaven of the Eternal Realm, and has broken through the realms continuously. Now he has entered the Great Perfection level of the Tenth Heaven of the Eternal Realm!

In addition, Ye Feng also obtained many powerful weapons and inheritances from these storage rings.

But most of the inheritances are not as good as the Xuanyuan Emperor Kung Fu from the Xuanyuan family.

Among the weapons, in addition to the Nine Nether Demon Lord's Nine Nether Purgatory Spear that Ye Feng had obtained previously, Ye Feng also obtained a set of very heavy armor called the Life and Death Armor from the storage ring on the remains of a super strong man.

This set of life and death armor was built by a super strong man called the Emperor of Life and Death. It has the unique energy of life and death in the world, contains the original power of yin and yang, and has extremely magical defensive capabilities.

Apart from these, most of the things Ye Feng got were quite ordinary and basically looked down upon.

Of course, if these things that are very common in Ye Feng's eyes spread to the God Realm, they will definitely be sought after by all warriors.

But for today's Ye Feng, it is indeed too ordinary.

But this time, Ye Feng was able to get a strong

A large offensive weapon, the Nine Nether Purgatory Spear, and a defensive armor, the Life and Death Armor, and his cultivation level has been upgraded to the tenth level of the Eternal Realm. Ye Feng is already very satisfied.

At this time, Ye Feng had basically found all the remains of the super strong men in the forbidden land around him.

Suddenly, Ye Feng could not find any other opportunities around here.

Boom!

After half a day passed, Ye Feng suddenly sensed a very huge towering aura coming from behind.

It's the black dragon!

This siren ancestor was obviously not beaten to death by the hundreds of skeletons. Instead, he spent half a day smashing all the hundreds of skeletons into pieces, and finally chased Ye Feng again.

boom!

At this moment, a huge black dragon covering the sky and hundreds of thousands of meters long appeared in the sky, full of unparalleled majesty and majesty.

A pair of blood-red eyes, like two blood moons, emitting scarlet light in the dark night, looked down from high in the sky and stared directly at Ye Feng.

At this time, the black dragon made a majestic voice: "Damnable human boy, you can't escape this time."

Buzz!

Almost at the moment when the black dragon finished speaking, a large piece of blood-red light suddenly burst out from the black dragon's two blood-red eyes.

In an instant, a blood-red field was formed, sealing off the area where Ye Feng was and the entire space and world, leaving no way for Ye Feng to escape.

Ye Feng did not complete Emperor Chu's plan at this time, and did not break through from the Eternal Realm to the Disaster Realm.

But this time

, after being found by the black dragon again, Ye Feng did not continue to escape, but directly chose to fight.

After all, Ye Feng has been running away for too long, and it's time to fight this black dragon.

And now we have to fight.

Because Ye Feng cannot escape the pursuit of the black dragon for the time being, he might as well take advantage of the fact that his cultivation and strength have just been upgraded to a new level, and fight to the death with this black dragon to see if he can kill it.

Even if you can't kill it, it is still a good result if you can make this black dragon fear you and give up chasing you.

"boom!!"

Now that Ye Feng has made up his mind at this moment, he doesn't have any hesitation.

A terrifying and boundless power and aura erupted from his body, full of unparalleled fighting spirit, and he charged directly towards the black dragon high in the sky.

"Good boy, I didn't expect that in a short period of time, your cultivation level has been promoted to the tenth level of the Eternal Realm! I remember that your cultivation level just entered the early stage of the Eternal Realm a few days ago. You are a human boy. It has unlimited potential, but it's a pity that you will fall here today and be killed by me!"

The black dragon obviously didn't think that Ye Feng could resist him at this time. He laughed loudly at this moment, and then directly stretched out a huge dragon claw, as if it had overwhelming power, and grabbed Ye Feng directly. Taken over.

Boom! !

A black spear appeared in Ye Feng's hand.

It is the Nine Nether Purgatory Spear!

Ye Feng held this weapon of the Nine Nether Demon Lord in his hand and stabbed towards the huge black dragon claw.

"boom!"

The moment the Nine Nether Purgatory Spear struck the black dragon's claws, a terrifying roar erupted from the entire sky.

Like the voice of Hong Zhong Da Lu, it resounded throughout the sky!

Click!

At this moment, the Nine Nether Purgatory Spear in Ye Feng's hand actually shattered one of the black dragon's claws.

"Um?"

A piece of the dragon's claw was broken, and the black dragon seemed to feel no pain.

He just stared at the black spear in Ye Feng's hand in surprise and saw the countless complicated demon symbols engraved on the black spear.

The black dragon couldn't help but asked with some surprise: "The original soldier of the Nine Nether Demon Lord? How did it appear in the hands of your boy? He clearly perished completely in that war. It was me. He who saw him fall with his own eyes died in the hands of a dark protector under the Lord of Forbidden Rules. Logically speaking, his natal soldiers had already followed his fallen body and were completely buried in the depths of this land. , you entered this forbidden place in just half a day, boy, how did you find it? "

Ye Feng did not expect that the black dragon would recognize the Nine Nether Demon Lord's Nine Nether Purgatory Spear.

It seems that this black dragon is also a figure of the same era as the Nine Nether Demon Lord.

He was a super strong man from the previous era, and he had experienced a terrible and terrifying war in this forbidden land.

No wonder this black dragon is so powerful.

However, Ye Feng didn't respond at this time, he just clenched the Nine Nether Purgatory Spear in his hand.

He stared coldly at the black dragon high in the sky, and his fighting spirit became more and more ambitious. He said coldly: "I have made up my mind to fight you to the death. Today, either you die or I die!"

boom!

The moment the words fell, Ye Feng fully mobilized all his cultivation power and charged towards the black dragon again!

At this moment, we must fight this black dragon!

Chapter 2968 Mysterious Voice

"Nine Nether Purgatory Spear!"

"Black Broken Sword!"

Ye Feng charged towards the black dragon, holding the Nine Nether Purgatory Spear in his right hand and the black broken sword in his left hand.

boom! boom!

At this moment, Ye Feng used all his strength to activate the two powerful weapons in his hands and input all his mana into these two weapons.

Suddenly, a huge black spear light burst out from the Nine Nether Purgatory Spear, full of terrifying tearing power.

As for the black broken sword in the other hand, a monstrous sword light burst out from the sword body. It was pitch black and boundless, as if a peerless evil demon was about to rush out of the broken sword.

"Dark Emperor Dragon Soul!"

At this time, the black dragon roared loudly, and a huge dark dragon soul suddenly shot out of his body, full of unparalleled power, and resisted all the power of Ye Feng's two weapons.

"Dragon Soul Roars!"

The black dragon roared loudly, and the Dark Emperor Dragon Soul on his body instantly let out a roar, releasing a very violent shock wave that hit Ye Feng's body.

"Armor of Life and Death!"

At this moment, Ye Feng put on the life and death armor he had obtained before and immediately blocked the shock wave.

"What?!"

Seeing this scene, the black dragon couldn't help but exclaimed: "How come you got the armor of life and death? In just half a day, how did you manage to defeat all the ancient powerful men in the entire forbidden land?" The wealth was plundered?"

Ye Feng just smiled faintly and said aloud: "How I did it, I don't bother you to worry about it. You just need to know that you will be the next one to die."

"Hahaha."

The black dragon laughed loudly: "Boy, don't think that just because you have obtained the treasures of some ancient powerful men, you think you can fight against a being like me. You are forever."

It is far impossible to fight against me! "

boom!

At this moment, a large black energy surge suddenly surged out of the black dragon's body. He was like an imperial dragon in the darkness, full of unparalleled intimidation.

"Emperor Dragon Claw!"

The black dragon stretched out a special dragon claw. This dragon claw was exaggeratedly large. At this moment, it was grabbed from high in the sky, and the entire sky was about to collapse under its pressure.

This is a very terrifying inheritance!

The moment the black dragon was unleashed, its huge dragon claws were immediately blessed with the energy of the Dark Emperor Dragon Soul, as if it could tear everything apart and scratch the sky.

"kill!"

At this moment, Ye Feng also used all his strength to activate the black broken sword in his hand, and displayed the power of the Xuanyuan Emperor Kung Fu.

"boom!"

Behind Ye Feng, a huge shadow of Emperor Xuanyuan's will appeared. Along with Ye Feng's sword strike, the Xuanyuan Sword appeared. A golden sword appeared in Emperor Xuanyuan's hand. It was chopped down instantly.

"Boom!"

The Xuanyuan Sword and the Dark Emperor Dragon Claw released by the black dragon collided together, and a terrifying roar suddenly erupted, as if it could shake the entire world.

Click, click...

The energy fluctuations of that collision were so terrifying that the entire forbidden land was shattered into pieces, and this ancient battlefield once again became extremely chaotic.

"Nine Nether Purgatory Spear!"

At this moment, Ye Feng took advantage of Emperor Xuanyuan holding the Xuanyuan Sword and was in a stalemate with the Dark Emperor Dragon Soul.

boom!

With his other hand, he threw the Nine Nether Purgatory Spear with great force.

The moment Ye Feng threw it, all the demon symbols on the Nine Nether Purgatory Spear released a bright light. As if the ancient power was inspired, the Nine Nether Purgatory Spear instantly tore through the void and stabbed directly in above seven inches of the black dragon. ??

"Pfft!"

The Nine Nether Purgatory Spear is very sharp. It is the natal weapon of the ancient Nine Nether Demon Lord. It is still very terrifying. It pierced the body of the black dragon in one fell swoop.

Moreover, it was assassinated at the most vulnerable seven inches of the black dragon!

"ah!"

The black dragon did not expect Ye Feng to be willing to throw the Nine Nether Purgatory Spear. His body was pierced, and he immediately let out a painful and angry roar: "Damn boy! I will definitely cut you into pieces. Wan Duan!"

boom!

At this moment, the black dragon released his own power, and his majestic body of more than 100,000 meters long landed from the sky and dived directly towards Ye Feng.

Like a black mountain range, its mouth is so wide that it can cover the sky and the sun, and can swallow the entire world.

I have to say that this black dragon is extremely terrifying.

At this moment, Ye Feng continued to hold the black broken sword in his hand, stimulating the shadow of Emperor Xuanyuan's will and the power of Xuanyuan Sword behind him, and slashed crazily forward.

Although this huge Xuanyuan Sword is condensed from the vitality of heaven and earth, it still possesses ancient divine power.

So at this moment, with Ye Feng's continuous slashing, Xuanyuan Sword actually slashed the entire body of the black dragon with scars.

The black dragon's originally very ferocious expression suddenly became a little fearful.

\u003e

Because he didn't expect that Ye Feng would have such terrifying combat power and possess a peerless inheritance.

At this time, the black dragon actually had plans to escape.

Ye Feng seemed to be aware of the black dragon's desire to escape, and immediately used the power of the space gem to seal the entire world.

Buzz!

Then Ye Feng integrated the brute force gem into his palm. In an instant, Ye Feng's palm became extremely huge, like the palm of an ancient giant, and he caught the entire body of the black dragon in one fell swoop. It was like catching a loach in his hand, making the black dragon unable to move.

"You kid can't be so strong!"

At this moment, the black dragon shouted loudly, his tone full of deep shock and anger, as if he did not expect that he would be defeated by Ye Feng.

Ye Feng did not respond at this moment. Instead, he held the broken sword in his hand and rushed directly in front of the black dragon.

Then he used the broken sword in his hand to stab the black dragon's head fiercely, and instantly pierced the black dragon's head with a "plop" sound.

The huge body of the black dragon suddenly hit the entire ground with a "bang", and it died instantly.

At this time, Ye Feng let out a sigh of relief and finally killed this terrifying black dragon.

boom!

At this moment, Ye Feng directly released the Devouring Domain and began to cover the entire black dragon.

You know, the blood energy of this black dragon is extremely huge, which can improve Ye Feng's cultivation level a lot.

But just when Ye Feng released the Devouring Domain, a mysterious voice suddenly sounded in Ye Feng's ears: "Come to the deepest part of the forbidden land, and I will give you a huge opportunity."

Chapter 2969 I come from the great world of origin

The moment he heard this mysterious voice, Ye Feng's eyes suddenly revealed a look of deep surprise.

Because Ye Feng didn't feel any presence around him.

But this sound definitely sounded in Ye Feng's ears.

At this moment, Ye Feng asked aloud in his mind: "Emperor Chu, did you hear that sound?"

"what sound?" .???.??

Emperor Chu obviously didn't hear the sound ringing in Ye Feng's ears at this time.

After knowing this, Ye Feng was even more certain that the owner of this mysterious voice was definitely a powerful person.

Otherwise, it would be impossible for even Emperor Chu to be unaware of it.

At this moment, Ye Feng told Emperor Chu about the mysterious voice he had just heard.

Emperor Chu was silent for a moment, and then said aloud: "Since an existence of this level has not directly attacked you, it should have no ill intentions towards you. Then you can go to the depths of the forbidden land to take a look. , maybe we can also know the reason why such a terrible war happened in this forbidden place in the previous era."

Ye Feng nodded slightly, and then began to concentrate on swallowing and absorbing the blood energy of the black dragon in front of him.

For Ye Feng, the blood energy of this giant black dragon was extremely majestic and powerful, which greatly improved Ye Feng's skills in an instant.

Ye Feng's cultivation bottleneck at this moment began to loosen and break immediately.

"boom!"

Half a step into disaster!

"boom!"

The first level of calamity!

At this time, Ye Feng's cultivation level finally completely transformed from the Eternal Realm to a new level of the Calamity Realm.

However, at this time, the black dragon's blood energy has not been completely refined.

Ye Feng's cultivation aura is still making breakthroughs.

"boom!"

The second level of calamity realm!

"boom!"

The third level of calamity!

It wasn't until this moment that Ye Feng's cultivation aura finally stopped, stopping at the third level of the calamity realm.

At this time, Ye Feng's eyes were shining brightly, and there was a look of surprise on his face.

"I didn't expect that this giant black dragon would provide me with such majestic power!"

"No

Not only did he directly break through a major realm, but he was also promoted to the third level of the realm of disaster! "

This is a very huge breakthrough.

Ye Feng was very happy.

His combat power increased in an unknown amount at this moment.

If he encounters an existence of the same level as the black dragon again, Ye Feng can even kill it instantly, and there is no need to fight so hard for a long time.

Moreover, Ye Feng has strong self-confidence. Now that he has entered the cultivation level of the third heaven of the calamity realm, his strength may be comparable to the ordinary strong men who have reached the tenth heaven of the calamity realm.

And if the means of Dzogchen's future body are activated, Ye Feng can even fight against the super strong men at the Heavenly Punishment Realm above the Tribulation Realm.

Ye Feng felt that after his trip was over and he returned to Tiandao Holy Land, he might be able to compete with someone like the Holy Master of Sword Dao Holy Land.

No longer need to be afraid of strong men of the older generation like the ancestor of the Zhou family.

Coming to Tianwaitian this time was definitely a very correct choice.

It has to be said that Ye Feng also needs to thank Senior Sister Zihan who doesn't know where she is now.

In other words, we should thank Empress Xuanyuan.

Because if it weren't for Empress Xuanyuan, Ye Feng wouldn't be able to enter the outer world.

However, Ye Feng believed that Empress Xuanyuan would be doing well after escaping from the Siren Temple.

After all, an ancient figure like Empress Xuanyuan must have much more methods and information than she does.

So now I don't have to worry about the safety of Empress Xuanyuan.

At this time, after Ye Feng swallowed the entire black dragon, he thought for a while, and then walked towards the depths of the forbidden land.

After all, that mysterious voice said that it would give him a huge opportunity, which made Ye Feng very curious about what it was.

And what Emperor Chu said was right, the owner of that mysterious voice should not have any ill intentions towards him, otherwise he would have probably taken action against him in this forbidden place.

Swish, swish, swish!

Ye Feng's speed was very fast, and he reached the deepest part of the forbidden land in a blink of an eye.

At this time, Ye Feng suddenly saw that in this forbidden place, the most

Deep in the depths, there is a huge dark bridge that connects to the void space on the other side.

That void space gave Ye Feng a very terrifying feeling, making him a little afraid to enter it.

But at this time, the mysterious voice just now sounded in Ye Feng's mind again: "There is no danger here. Just come over here, I won't hurt you."

The mysterious voice sounded like a woman's.

Ye Feng nodded slightly, then walked to the dark bridge and walked towards the void space connected to the other side.

Buzz!

When Ye Feng walked into this void space, he immediately saw a huge abyss appearing in his field of vision.

Under the abyss, there is endless demonic energy surging. From the infinite demonic energy, you can faintly see a huge and towering figure of a bull demon floating in it.

At this moment, a white lotus exuding bright nine-color light was suspended above the abyss, suppressing the abyss and the terrifying existence that was suspected to be a bull demon.

The first thing Ye Feng saw was that a beautiful female figure was sitting on top of this huge white lotus.

But this woman was tied up with dark iron chains all over her body, and seemed to be connected to the entire abyss.

Ye Feng was a little surprised. He didn't expect that there were living creatures deep in this forbidden place.

At this moment, Ye Feng looked at the beautiful woman sitting on the white lotus, clasped his fists slightly and said, "That mysterious voice just now, was the senior talking to me, right?"

The beautiful woman nodded slightly, stared at Ye Feng below, and said loudly: "What did you see under this abyss?"

Ye Feng answered truthfully: "This junior saw a majestic figure that looked like a bull demon. It seemed to be a dark creature."

"That's right."

The beautiful woman nodded and said aloud: "That bull demon is the taboo lord of the entire taboo land."

"Lord of the Forbidden!"

Ye Feng's eyes suddenly trembled.

The Lord of Taboo didn't die in that war?

At this moment, the beautiful woman continued to speak: "That war back then was indeed initiated by this taboo lord, who wanted to attack from the sky."

In the God Realm, there are many large interfaces similar to the God Realm. I want to use this to control all these large interfaces, and then plan to originate the big world. "

When Ye Feng heard this, he suddenly felt an ancient and desolate feeling. It seemed that he was going to know some secrets of the past.

At this time, Ye Feng immediately said: "Does the world of origin really exist? Isn't it a legend?"

The beautiful woman said: "The Great World of Origin is of course not a legend, but the most massive and endless transcendent world in the entire world. It is the center of the universe and the place where all things originate. There are countless strong people and countless behemoths."

When Ye Feng heard this, he immediately took a deep breath. This was the first time he had been confirmed that the world of origin was real.

The next moment, Ye Feng seemed to have thought of something and couldn't help but ask: "How can senior determine that the world of origin is real?"

The beautiful woman smiled slightly and said, "Because I come from the world of origin."

"What?!"

When Ye Feng heard this, his eyes suddenly widened.

This was the first time he met a living person from the origin world!

When the beautiful woman saw Ye Feng like this, she immediately smiled and said, "Don't be shocked. I have seen your qualifications these days. They are very good. You will definitely be able to ascend to the Origin World in the future, so you know the Origin in advance." There is no harm in the big world. On the contrary, it gives you the motivation to practice. By the way, my name is Qin Susu. I come from the Yiyuan Dao Sect in the eastern region of the origin of the big world. I was originally the master of the Phoenix Temple, one of the six major temples of the Yiyuan Dao Sect. When I get the mission, I will lead many strong men from the Yiyuan Dao Sect to come to this Tianwaitian to suppress the chaos caused by the Lord of Taboo. If it weren't for me, the entire Tianwaitian, as well as the God Realm, Shenlong Realm, Yuan Realm, etc. around Tianwaitian The interface has been enslaved by the Lord of Taboo."

When Ye Feng heard what Qin Susu said, he immediately took a deep breath.

Sure enough, what I guessed before was right!

That horrific war that year involved tens of thousands of superpowers. Sure enough, superpowers from the Great World of Origin came to help.

Otherwise, relying only on a dozen superpowers from the God Realm and several other large interfaces around it, it would be impossible to resist the dark army of the Forbidden Lord.

He seemed shocked.

After a while, Ye Feng hurriedly asked: "How can I help senior get out of trouble?"

Chapter 2970 Feathers of the Divine Phoenix

After Ye Feng finished speaking, a trace of surprise suddenly appeared in Qin Susu's beautiful eyes.

She stared at Ye Feng, then smiled and said: "I didn't ask you to come here to save me, because now I need to suppress the Lord of Taboo, and I can't escape at all, and my whole body and soul are... I have been bound by all the dark energy under the abyss, so I can't leave now, and I don't have the ability to leave. The reason why I let you, a young man, come is because I have seen your potential in the past few days. You are qualified to enter the Origin World, so I will give you a shortcut now, that is, I will help you enter the Origin World. You take my token and go to the Yiyuan Dao Sect in the eastern region of the Origin World to deliver a message for me. Let the Yiyuan Dao Sect know that I, the former master of the Phoenix Temple, have not died yet, and let the powerful man from the Great World of Origin come back to this outer world to save me, and completely destroy the Lord of the Forbidden City."

When Ye Feng heard what Qin Susu said at this time, he immediately understood that Qin Susu asked him to come so that he could send a message to the mysterious power in the world of origin, the Yiyuan Dao Sect.

At this time, Ye Feng couldn't help but asked: "By the way, I haven't introduced myself yet. My name is Ye Feng. Senior, do you have the ability to let me directly enter the world of origin?"

Qin Susu said with a smile: "I don't have the ability yet, but I have been continuously absorbing the power of chaos in the entire outer world recently, which will allow me to open the chaos channel in the void and directly lead to the world of origin. When I open it, After this passage, Ye Feng can be sent directly to the world of origin. You do not need to rely on your own strength to break through the interface barriers and enter the world of origin, because that time is too long. "

Ye Feng nodded slightly and said aloud: "I know this. After so many years of history in the center of our God Realm, it is rare to hear that a strong person can ascend to the legendary world of origin. It must be extremely difficult."

Qin Susu nodded and said aloud: "If you want to rely on your own strength to break the interface barrier of the origin world, I will have to practice for countless years in a few days, and I may not even have a chance.

Ascend to the Great World of Origin, so as long as you help me deliver the message, I can give you a shortcut to directly enter the Great World of Origin to practice, and you can also directly enter the big forces in the East like our Yiyuan Dao Sect without having to be here. In the ordinary interface, after struggling for countless years, it is not even possible to ascend to the origin world. "

Hearing what Qin Susu said, Ye Feng was naturally moved.

After all, Ye Feng knew very well that the real more powerful power came from the world of origin.

However, Ye Feng spoke up at this time: "But I still have a lot of things to do in the God Realm. I haven't saved my mother yet, and I don't know what's wrong with my father's current situation..."

"do not talk."

Qin Susu suddenly interrupted and said: "I'm not interested in your family affairs, but you can solve these family affairs now. Your current cultivation strength should be considered a peerless master in the God Realm. And next, I will give you an opportunity to make your comprehensive combat power even stronger. After you have dealt with your family chores, come to see me in the depths of the forbidden land of Outer Heaven. At that time, I should The chaotic passage to the Great World of Origin has also been opened, and I can send you up directly. When the time comes, you can help me deliver the message and bring the strong men from the One Yuan Dao to save me."

Ye Feng immediately nodded and said aloud: "If possible, I am naturally willing to help senior. After all, senior came here with the powerful men from the Great World of Origin and saved our God Realm, as well as other surrounding great powers. Interface can be regarded as the benefactor of our local warriors in the God Realm. Even if senior does not grant me any opportunities, I will help senior get out of trouble. "

Hearing what Ye Feng said, Qin Susu showed a look of surprise in her eyes, smiled slightly, and couldn't help but said: "

I guess I got it right. By the way, the chance creation I want to give you is a token of the lineage of the masters of our Phoenix Temple. "

Buzz!

At this moment, after Qin Susu finished speaking, she immediately stretched out a white plain hand towards Ye Feng.

Uh-huh!

A feather exuding a fiery crimson light flew directly out of Qin Susu's hand and floated in front of Ye Feng.

At this moment, Ye Feng stared at the crimson feather in front of him, feeling that it contained endless power of flames, as if it could burn everything.

Qin Susu said aloud: "This feather is the feather of an ancient god-level phoenix, and it is the most precious feather on that god-level phoenix. It is a token of the lineage of the master of the Phoenix Temple of our Yiyuan Dao Sect. This feather As long as you take a feather with you to the Yiyuan Dao Sect and enter the Phoenix Temple, the strong men in the Phoenix Temple will definitely recognize your identity and believe your words. Moreover, this feather is not only a token, it is also a very powerful weapon in itself. You will know how powerful the weapon is when you try it."

At this moment, after Qin Susu finished speaking, Ye Feng nodded excitedly and collected this god-level phoenix feather into his body.

For Ye Feng, this god-level phoenix feather is a treasure from the Great World of Origin, and it is not an ordinary treasure. It is a treasure from one of the six major temples in the super power called Yiyuan Dao Sect in the Great World of Origin. , it must be very extraordinary.

Qin Susu said with a smile at this time: "But you can't be too showy. After all, this phoenix feather of our Phoenix Temple is a treasure. If you use it against the strong people in the center of your god world, it can be said to be a downfall." Basically no one can stop the power of this phoenix feather in a dimensional strike. Of course, it also depends on who your opponent is. If it is an extremely terrifying existence, then you may not have time to use this phoenix feather. will you

If your opponent kills you, he may have destroyed yours and then snatched the phoenix feather. "

When Ye Feng heard Qin Susu's sincere reminder, he immediately smiled and said: "Senior, don't worry, I know what to do. Then I will leave here and return to the center of the God Realm to complete what I want to accomplish. I will come here and meet with senior again. When the time comes, we will go to the Great World of Origin, help senior deliver this Phoenix Temple token to Yiyuan Dao Sect, and bring strong men to save you, senior."

Qin Susu immediately said: "Okay, then I will wait for your good news."

Buzz!

At this moment, after Qin Susu finished speaking, she waved her hand forward, and Ye Feng appeared outside the forbidden place in an instant. Apparently, he was sent out of the forbidden place by Qin Susu.

Ye Feng looked around and took out the magical phoenix feather that Qin Susu gave him as a token of the Phoenix Temple. His eyes were filled with excitement.

This god-level phoenix feather looks like it is made of red gilt. It flows with the power of god-level flames and is full of terrifying and boundless burning power. It feels more powerful than any treasure Ye Feng has obtained. .

However, Ye Feng knew that he should use this super treasure from the origin world with caution.

Uh-huh!

At this moment, Ye Feng discerned the direction and immediately left the Forbidden Land area, flying quickly towards the direction where he had teleported to Tianwaitian before.

Because Ye Feng is preparing to leave Tianwaitian and return to the center of the God Realm.

Now Ye Feng's cultivation level has been raised to an extremely terrifying level, and he has also obtained a god-level phoenix feather from a strong man in the Origin World.

With such a powerful cultivation level and such a treasure, Ye Feng felt that if he returned to the center of the God Realm, to the Holy Land of Heaven, no one would be his opponent.
