Chapter 2981 Qiankun Bagua Jue

In the deepest part of the Immortal Island in the Holy Land of Heaven, in the royal garden, Ye Feng took out the bodies of the Zhou family ancestors and other powerful men that he had collected before.

boom!

Ye Feng instantly released the Devouring Domain and began to devour the blood and energy of the ancestors of the Zhou family.

You know, the ancestor of the Zhou family has already surpassed the level of disaster.

It is a powerful existence at the Heavenly Punishment Realm level above the Tribulation Realm!

The Heavenly Punishment Realm is a very terrifying realm.

Once you step into the Heavenly Punishment Realm, you will be punished by Heaven.

It can be seen from this that how powerful this realm is, it even threatens the way of heaven, so it will attract punishment from heaven.

A powerful being at the level of the Heavenly Punishment Realm is definitely an ancestor-level figure in a large family.

Moreover, this ancestor of the Zhou family is still the most powerful among the ancestors of several controlling families, possessing the cultivation level of the tenth level of the Heavenly Punishment Realm and the Great Perfection.

So at this time, after Ye Feng swallowed it, he immediately felt a huge amount of energy being injected directly into his body, making Ye Feng's skills rapidly and continuously improve.

boom!

The fourth level of calamity realm!

boom!

The fifth level of calamity realm!

boom!

The sixth level of calamity realm!

boom!

The seventh level of calamity!

At this moment, Ye Feng's cultivation aura was rising rapidly and continuously.

Ye Feng immediately felt that his skill had been greatly improved.

I have to say that the blood energy of this ancestor of the Zhou family is still very terrifying.

Now that Ye Feng has broken through to the seventh level of the Tribulation Realm, he can immediately clearly realize that his combat power is many times stronger than before.

This gave Ye Feng more confidence in facing the Lord of Chaos directly.

At this time, after Ye Feng improved his cultivation, he took out some inheritance from the storage ring of the ancestor of the Zhou family.

The inheritance of the ancestors of the Zhou family is also very powerful, definitely no less than the Xuanyuan Emperor skill that Ye Feng obtained from the Xuanyuan family before.

After all, both families are controlling families, with histories spanning hundreds of thousands of years.

Therefore, the techniques passed down are naturally very ancient and powerful super techniques.

The inheritance that Ye Feng got from the Zhou family's ancestor's storage ring is called "Qiankun Bagua Jue", which sounds very strange.

The ancestor of the Zhou family was so powerful before, but he actually got the darkness

The power of Yuan Zun.

However, the true and most original inheritance of the Zhou family is this set of Qiankun Bagua, which involves the profound meaning of the ancient Qiankun Bagua and contains the principles of the change of all things. It is very magical.

Therefore, Ye Feng is also looking forward to the super inheritance of this ancestor of the Zhou family.

The power of Qiankun Bagua has been brilliant for an era in ancient history.

At this time, Ye Feng began to understand this set of Qiankun Bagua Jue.

Buzz buzz...

The next moment, the divine light marks of the Qiankun Bagua began to shine around Ye Feng, rotating rapidly around Ye Feng, allowing Ye Feng to feel an energy secret that was like the origin of heaven and earth.

"It is indeed the super inheritance of the Zhou family. It is indeed very mysterious and involves the power of the origin of heaven and earth."

Ye Feng couldn't help but murmur at this time.

If you put it this way, this inheritance of the Zhou family may even be more powerful and mysterious than the super inheritance of the Xuanyuan family.

Although the Xuanyuan Family's Emperor Xuanyuan Skill allows Ye Feng to summon the phantom of the ancient Emperor Xuanyuan's will, and using the Xuanyuan Sword can cause huge destructive power.

But this set of inheritance of the Zhou family can be linked to the origin of the entire world. In essence, it may be more profound than the Xuanyuan Emperor Kung Fu.

Ye Feng is now quite surprised by this Qiankun Bagua Jue.

I didn't expect that I could get such a mysterious and powerful inheritance from the ancestor of the Zhou family.

This ancestor of the Zhou family did not properly practice the mysterious inheritance of their family. As a result, he believed in the dark Yuan Zun who originated from the great world. Instead, he put the cart before the horse and picked up the sesame seeds and lost the watermelons.

Buzz!

At this time, Ye Feng mobilized his incomparable power of understanding and began to use all his strength to understand this set of Qiankun Bagua Jue, hoping to reach the state of perfection as soon as possible.

In this way, Ye Feng can have a glimpse of the origin power of the entire world, which can greatly improve Ye Feng's invisible comprehensive strength.

Once he successfully practices the Qiankun Bagua Jue, Ye Feng's every move may imply the avenue of heaven and earth, and can activate the most original power of rules of heaven and earth.

This is simply a very magical and terrifying secret of inheritance.

It is estimated that even the Zhou family ancestor himself did not notice it.

But it's normal. After all, not everyone can possess the incomparable comprehension ability of a monster like Ye Feng.

In the next three days, Ye Feng continued to comprehend the Qiankun Bagua Jue.

Although the Zhou family's Qiankun Bagua Jue is very mysterious and profound, under Ye Feng's monstrous understanding, it took three days to almost reach the state of perfection.

What makes Ye Feng quite regretful is that the talent of the Wordless Heavenly Book from the seventh level of the Chaos Body that he had awakened before, his epiphany ability can only be used once every three months.

It has not been three months since I used my epiphany ability before, and I am still unable to use my epiphany ability for the time being.

So Ye Feng spent three days comprehending the Qiankun Bagua Jue.

If Ye Feng could use his enlightenment ability, he would be able to successfully comprehend this set of Qiankun Bagua in just one second.

Three days later, Ye Feng walked out of his place of residence.

At this time, Ye Feng's cultivation level has also been greatly improved.

The understanding of the Qiankun Bagua Jue was also delayed a lot.

At this moment, Patriarch Xuanyuan and a group of heads of big families were waiting outside for the Holy Master Ye Feng.

When they saw Ye Feng, they vaguely felt that Ye Feng's whole person seemed to be integrated with the entire world.

Although Ye Feng was indeed standing in front of them at this moment, everyone just felt that Ye Feng seemed to be in another dimension.

This feeling is very magical.

Ancestor Xuanyuan couldn't help but said with some surprise: "It seems that Holy Lord, your cultivation strength has improved a lot again, and you have also gained insight into a very mysterious ability."

Ye Feng nodded slightly and didn't say much.

After all, cultivating the Zhou family's super inheritance by himself is a secret matter for the heads of these big families, and Ye Feng doesn't want to say it directly.

At this time, Ye Feng just said aloud: "Have you finished what you were asked to do?"

Hearing Ye Feng's question, the heads of several families quickly clasped their fists and said respectfully: "Report to the Holy Lord, we have strictly implemented all your orders. Now we have assembled an elite team. We can Follow the city lord to the tomb ruins of the ancient world at any time."

Ye Feng nodded immediately and asked aloud: "How many people are there in total?"

A family head immediately replied: "There are nearly 30,000 elites in total. Their cultivation level is very high, and their overall strength is also very strong."

Ye Feng nodded immediately and said: "Yes, it can be done in such a short period of time."

You have worked hard to assemble 30,000 elites. "

A group of family heads immediately clasped their fists respectfully and said: "It is our honor to serve the Holy Lord, and this is also related to the common interests of our entire Tiandao Holy Land. We will naturally do our best."

Ye Feng nodded slightly, then looked at Ancestor Xuanyuan and said loudly: "Next, I will go directly to the remains of the tomb of the ancient Emperor of Heaven. The safety of the Holy Land of Heaven will be left to Senior Xuanyuan."

Ever since Ye Feng used the Great Life Technique to recover Ancestor Xuanyuan's injuries, Ancestor Xuanyuan's strength and cultivation have become stronger and more unfathomable day by day.

Although he may not be as powerful as Ye Feng now, he can still be considered a top master.

With Ancestor Xuanyuan sitting in the base camp of the Holy Land of Heaven, Ye Feng can be considered very relieved.

At this time, Patriarch Xuanyuan immediately spoke out: "Holy Lord, please rest assured. As long as I am here, the Holy Land of Heaven is absolutely safe. Moreover, in our Holy Land of Heaven, we are not just an old monster like me. There are also some from the major families. When the powerful elders who are like living fossils unite, even a powerful person like the Holy Lord will have a hard time destroying the foundation of our Holy Land of Heaven."

When Ye Feng heard this, he immediately nodded with satisfaction and said with a smile: "Senior Xuanyuan said this, so I can leave with peace of mind. Then it will be up to Senior Xuanyuan to maintain the base camp of Tiandao Holy Land."

Uh-huh!

At this time, after Ye Feng finished speaking, he jumped directly and flew high into the sky.

The next moment, he saw a large group of armored troops gathered in the central square of Immortal Island.

Uh-huh!

Ye Feng came directly and put on his life and death armor.

He also inspired the power in the armor of life and death, and directly covered his head with an armor mask, revealing only two unfathomable eyes.

This time Ye Feng went to the ruins of the tomb of the ancient Emperor of Heaven. Naturally, he could not let the Lord of Chaos recognize him, so he covered his face.

At this moment, Ye Feng finished his preparations and looked at the elite team of tens of thousands of people on the field. He was high-spirited and shouted: "Let's go and meet the masters of the Chaos Holy Land! Let's see if they are sincerely cooperating, or if they are other people." There is an intention."

"Yes, Holy Lord!!"

Tens of thousands of elite troops from the Holy Land of Heaven were all shouting excitedly at this moment.

It is an honor for the entire elite team of the Holy Land of Heaven to be able to follow Ye Feng, this new generation of powerful Holy Lord, to fight against the ancient ruins.

Chapter 2982 Meeting the Lord of Chaos

Swish, swish, swish!

At this time, a group of elite troops from the Holy Land of Heaven flew to high altitudes in an instant and lined up neatly behind Ye Feng, closely following the Holy Lord Ye Feng.

Now in the eyes of many disciples and elders of Tiandao Holy Land, Ye Feng is already like a true god.

After all, Ye Feng had previously killed a super big man like the ancestor of the Zhou family in an instant under the spotlight, which shocked everyone.

So now Ye Feng's name is absolutely authoritative and absolutely supreme in the entire Tiandao Holy Land.

At this moment, Ye Feng was flying high in the sky with all his elite troops, flying quickly towards the outside of the Holy Land of Heaven.

A map appeared in Ye Feng's hand.

This map was given to Ye Feng by the envoy from the Holy Land of Chaos.

At this moment, Ye Feng flew quickly in the direction of the red dot on the map according to the guidance on the map.

Ye Feng estimated the location of the red dot, and it should be at the junction of the Holy Land of Heaven and the Holy Land of Chaos.

So at this time, Ye Feng felt that even if Chaos Holy Land was deceitful, Tiandao Holy Land could still support him.

Moreover, Ye Feng's cultivation has once again been greatly improved, and he has also practiced the Zhou family's super inheritance Qiankun Bagua Jue. Ye Feng has nothing to worry about. Even the Holy Lord of Chaos, Ye Feng is not that afraid.

In fact, the reason why Ye Feng is very afraid of the Holy Lord of Chaos is not because of how powerful the Holy Lord of Chaos is, but mainly because the Holy Lord of Chaos has a gem of the gods in his hand, the Chaos Gem.

Ye Feng had seen the power of that chaos gem before. It was so powerful that it sealed his own soul gem.

However, Ye Feng also knew that the reason why the Chaos Gem was able to seal the Soul Gem was not because the Chaos Gem was more powerful than the Soul Gem.

After all, the soul gem is the most mysterious and powerful among the master gems.

Mainly because Ye Feng's cultivation level was still low at that time and he was unable to exert the truly powerful power of the Soul Gem, so he was sealed by the Lord of Chaos with the Chaos Gem.

In Ye Feng's heart, he knew very well that he and the Lord of Chaos were destined to have a battle.

So this time, Ye Feng took a group of elites from the Holy Land of Heaven to cooperate with the Holy Land of Chaos.

Ye Feng also has a hidden plan in his heart.

That is to take advantage of this time to explore the ruins of the ancient emperor's tomb and completely kill the Lord of Chaos.

And obtain the Chaos Gem to unseal his Soul Gem.

For Ye Feng, there is actually no big grudge against the big force of Chaos Holy Land. It is mainly a personal grudge between himself and the Lord of Chaos.

Therefore, Ye Feng still holds a positive attitude towards this cooperation to develop the tomb ruins of the ancient Emperor of Heaven.

It's just that he and the Chaos Lords of the Chaos Holy Land generation need to settle their accounts.

Ye Feng's plan is very simple, that is, when he and the Lord of Chaos enter the tomb ruins of the ancient Emperor of Heaven in advance to open a way, Ye Feng wants to resolve his personal grudges.

Ye Feng was rushing on his way at this time, while secretly thinking about his next plan.

Half an hour later, Ye Feng led a group of Tiandao

The elite team of the Holy Land finally arrived at the destination indicated on the map.

When Ye Feng arrived here, he immediately saw many young disciples standing among the mountains below, naturally wearing clothes from the Holy Land of Chaos.

Obviously, the people from the Chaos Holy Land have arrived here in advance.

Buzz!

At this moment, Ye Feng exuded his huge soul power, and instantly captured a mysterious and unpredictable aura.

It was a middle-aged man wearing a black robe, who looked very majestic, with his hands behind his back. He was standing on the top of the highest mountain, leading a group of Chaos Holy Land teams.

This middle-aged man wearing a black robe is the Lord of Chaos of this generation in the Holy Land of Chaos!

Ye Feng stared at the middle-aged man through the armor on his face, and his eyes suddenly showed an extremely cold look.

Because this middle-aged man was the Lord of Chaos who forcibly sealed the soul gem in Ye Feng's mind!

At this moment, Ye Feng knew that he could not reveal his identity for the time being, so at this moment, Ye Feng restrained his cold murderous intention.

Ye Feng's whole body was covered in armor, including his face, which meant he was fully armed, so the Lord of Chaos couldn't recognize his true identity at all.

And Ye Feng knew very well that no matter how hard the Lord of Chaos guessed, he would never guess that the new generation of young Holy Lords in the Holy Land of Heaven would be the humble and weak ants he dealt with back then.

At this time, Ye Feng flew directly over with a group of disciples from Tiandao Holy Land.

The Lord of Chaos also smiled and said loudly at this time: "The new generation of young Holy Lords in Tiandao Holy Land is indeed unusual. They are fully armed."

Ye Feng changed his voice at this time and just said calmly: "Lord of Chaos, there is no need to say so many words. Since you want to cooperate with our Tiandao Holy Land, then show your sincerity and tell us that first Where is the plot of the ancient tomb of the Emperor of Heaven?"

After hearing Ye Feng's decisive words, the Lord of Chaos immediately understood that the young man in front of him was not someone to be trifled with.

The Lord of Chaos nodded slightly, and did not want to say any more nonsense. Instead, he looked into the depths of the mountains and said: "The entrance to the ruins of the ancient tomb of the Emperor of Heaven is in these mountains. Let's open the way in advance. , let the team we lead develop various opportunities and opportunities later."

"good."

Ye Feng only had this short word.

Ye Feng spoke so little to prevent the Lord of Chaos from becoming suspicious and discovering his true identity.

Moreover, Ye Feng also completely restrained the auras of all the Dominator Gemstones on his body, otherwise he would definitely be sensed by the Chaos Gemstone in the hands of the Lord of Chaos.

Uh-huh!

Uh-huh!

At this moment, Ye Feng and the Lord of Chaos led their respective teams, a group of tens of thousands of people, and flew directly into the mountains.

Arriving at the depths of these mountains, Ye Feng immediately saw two majestic mountains that looked like pillars of heaven, standing in the deepest part of the mountains.

The Lord of Chaos looked at the two majestic mountains at this time and said loudly: "Holy Lord of Heaven, our two strongest beings will take action together to smash these two majestic mountains into pieces. It is the formation that suppresses the ruins of the ancient Tomb of the Emperor of Heaven. "Swish, swish!"

At this time, a group of elite troops from the Holy Land of Heaven flew to high altitudes in an instant and lined up neatly behind Ye Feng, closely following the Holy Lord Ye Feng.

Ye Feng only had this short word.

Ye Feng spoke so little to prevent the Lord of Chaos from becoming suspicious and discovering his true identity.

It's the formation that suppresses the ruins of the ancient Tomb of the Emperor of Heaven."

Chapter 2983 Burning Ambition

At this time, Ye Feng and the Lord of Chaos took action.

Boom!

Terrifying energy burst out from the hands of Ye Feng and the Lord of Chaos in an instant, and rushed towards the two majestic mountains.

Buzz!

Almost at this moment, the two motionless mountains suddenly shone with a dark mask of light.

Obviously, these two mountains are indeed the eyes of a certain formation. After sensing the danger, they automatically released a dark energy shield to resist damage.

"Boom!" .??.

"Crack!"

However, whether it was Ye Feng or the Lord of Chaos, their attacks were extremely terrifying.

At this moment, after they attacked, they immediately shattered the two dark energy masks.

At this time, as the formation shattered, the entire mountains began to shake violently.

"Crash..."

Large pieces of stone all began to roll down from the mountain.

As countless rubbles rolled down, an ancient gate made of huge stone appeared in everyone's sight.

This stone gate has ancient totems and patterns engraved on its surface, which looks very vicissitudes of life and vastness.

At this time, the Lord of Chaos showed greed in his eyes and said: "Finally, the door to this ancient emperor has been opened."

After finishing speaking, the Lord of Chaos looked at the group of Chaos Holy Land teams behind him, and immediately said: "You guys wait here. The Holy Lord of Tiandao Holy Land and I will enter in advance to detect dangers and clear the way for you. You can follow. We just need to continue to develop various opportunities and creations behind our backs."

For top powerhouses like the Lord of Chaos and Ye Feng, they have long looked down upon ordinary luck.

Therefore, they must be the first to enter and plunder the most precious opportunity creation that they need.

As for the remaining chance creations, those they don't need can be left to the team behind them to search and develop them.

boom!

At this moment, a bright light lit up between the Lord of Chaos' eyebrows.

A divine beam filled with the power of chaos instantly struck out from the center of the Lord of Chaos' eyebrows. With a "bang", it shattered the door to the tomb of the ancient Emperor of Heaven in front of him.

"Holy Lord of Heaven, let's go together."

The Lord of Chaos looked at Ye Feng beside him, smiled, and then flew directly into the open door.

Ye Feng was relatively silent at this time and didn't say much. He just followed the Lord of Chaos and entered the ruins of the ancient tomb of the Emperor of Heaven.

Ye Feng's eyes at this moment, through the armor mask on his face, inadvertently glanced at the radiant light spot on the eyebrows of the Lord of Chaos.

Ye Feng was very sure, it must be the Chaos Gem.

It is the Lord of Chaos' most powerful trump card.

And, is a fully developed gem of chaos.

absolute

It can erupt with terrifying power.

Ye Feng did not act rashly for the time being. Instead, he and the Lord of Chaos first explored the ruins of the entire tomb of the ancient Emperor of Heaven to see the situation first.

Uh-huh! Uh-huh!

At this time, Ye Feng and the Lord of Chaos stood side by side, flying in mid-air, and directly broke into the remains of the ancient emperor's tomb.

Because for Ye Feng and the Lord of Chaos, they are now the top super beings in this area, and there is no need to be cautious about exploring such ancient ruins, they can just force their way in.

"Boom boom boom..."

Just after the two of them entered the ruins of the ancient emperor's tomb, on the way, there were mechanisms on the surrounding stone walls, which were opened instantly.

Countless arrows quickly penetrated directly from the mechanism and headed towards the two of them to quickly kill them.

Click, click, click...

But these arrows could not touch the surface of Ye Feng and the Lord of Chaos' bodies.

A few meters away from Ye Feng and the Lord of Chaos, he was instantly shattered by the protective divine light on the two of them.

Boom!

At this moment, the ground not far away suddenly cracked, and a giant puppet dragon exuding demonic energy rushed out from under the ground in an instant, roaring towards the two of them.

Uh-huh!

At this moment, Ye Feng casually stretched out a hand and directly smashed the terrifying puppet dragon into pieces, turning it into countless fragments and scattering them all over the ground.

Perhaps for ordinary masters, such terrifying mechanisms and traps will make them die in an instant.

But for Ye Feng's current level, he could destroy all these so-called traps with just a wave of his hand.

When the Lord of Chaos saw this scene, he immediately looked at Ye Feng in surprise and couldn't help but said: "I didn't expect that your body is so powerful. This puppet dragon is the spiritual puppet of the ancient Emperor of Heaven. , made of the fallen stars above the nine heavens, it is very strong and powerful. Even some magical weapons can hardly destroy this puppet dragon. I

didn't expect that you, the Holy Lord of Heaven, would break it into pieces in an instant. I heard The Holy Lord of Heaven is very young, and it seems that he is indeed a young hero."

When Ye Feng heard what the Lord of Chaos said at this time, he just smiled slightly, and then said aloud: "The Lord of Chaos seems to be very clear about the past of this ancient Emperor of Heaven. Even a puppet dragon under the command of this Ancient Emperor of Heaven is We know each other, and we seem to understand each other very well."

The Lord of Chaos immediately smiled and said: "Yes, when I was looking for the remains of the ancient Emperor of Heaven's tomb, I studied a lot about the past and history of this Ancient Emperor of Heaven, so I am indeed very familiar with this Ancient Emperor of Heaven. This was of great help for me to enter the ruins of the tomb of the ancient Emperor of Heaven to find opportunities for creation. It is said that the deepest area of the tomb of the ancient Emperor of Heaven has the place where the Emperor of Heaven rested. If I can find that place, I can Get this ancient emperor

The inheritance is a peerless inheritance. It is said that it comes from the core area of the earth in the center of our God Realm. It is the inheritance of the God Lord of a super god clan. "

When Ye Feng heard what the Lord of Chaos said, his eyes lit up slightly. He didn't expect that this ancient emperor of heaven was the master of a super divine race.

In the central land of the God Realm, the most core area, there are many super gods living. Those super gods are the great forces that truly stand at the pinnacle of the entire God Realm.

Although Ye Feng has now become the Holy Lord of the Holy Land of Heaven, there is still some gap compared with the super gods.

At this time, while Ye Feng was thinking secretly, the two of them joined forces and passed through a large area of the ancient tomb ruins of the Emperor of Heaven.

No matter what kind of traps are on the road, they are almost unable to cause harm to Ye Feng and the Lord of Chaos.

After all, both of them are the masters of the most top holy places in the area.

His cultivation strength has almost reached its peak state.

In the entire God Realm, there are very few forces in this world that can harm them.

"boom!"

When the two finally smashed a bronze door in the deepest part of the tomb.

They immediately saw that behind the bronze door, there was a huge altar.

On top of this altar, sat a figure wearing golden armor.

However, this figure's body was completely shriveled up, and he had obviously been dead for many years.

When the Lord of Chaos saw this scene, his eyes immediately showed surprise: "This is already the deepest area of the tomb of the ancient Emperor of Heaven. The figure sitting on the altar should be the ancient Emperor of Heaven! Holy Lord of Heaven, Let's go over and take a look, maybe there's a unique opportunity!"

"good."

At this moment, Ye Feng seemed to be attracted by the figure on the altar not far away. In an instant, he and the Lord of Chaos were behind the bronze door.

At this moment, the two of them walked directly to the huge altar area and walked towards the area where the ancient emperor of heaven sat in the center after his death.

"Come over here!"

But suddenly at this moment, the originally calm Lord of Chaos suddenly took action against Ye Feng beside him.

boom!

He directly slapped Ye Feng forward, and Ye Feng's body fell directly into the central area where the ancient Emperor of Heaven was seated.

Uh-huh!

The next moment, the Lord of Chaos quickly retreated and directly exited the area of the altar.

Then a black token appeared in the hand of the Lord of Chaos. He held the black token in his hand and pointed sharply at the altar.

"boom!"

Suddenly, a dark formation appeared on the entire altar, completely trapping Ye Feng in the altar.

The whole process seems complicated, but it actually happens in a split second.

After all, with the power of the Lord of Chaos,

With his cultivation level, he can naturally shoot with lightning speed.

Ye Feng seemed to be completely trapped in this altar before he could react.

"boom!"

"boom!"

At this moment, Ye Feng quickly bombarded the surroundings, but Ye Feng's attacks were unable to break through the formation activated by the altar.

"Hahaha, it's useless. This altar is the altar formation that the ancient Heavenly Emperor personally arranged back then. I happen to have the token in my hand that the ancient Heavenly Emperor is living outside to control the altar formation. With you, Holy Lord of Heaven's Way, With your current cultivation strength, you cannot break through the formation of this altar, unless you have the same cultivation strength as the ancient Emperor of Heaven, but that is impossible. "

At this moment, the Lord of Chaos laughed loudly, with a calculating and treacherous look in his eyes.

Ye Feng was trapped in the altar formation of the ancient Emperor of Heaven at this moment. He seemed to be very calm and just said, "Why do you do this?"

The Lord of Chaos looked cruel and said loudly: "Holy Lord of Heaven, you, a young man who has just been promoted to Holy Lord, still don't understand the dangers of the human heart. The most important thing I invite you to come this time is not to explore the secrets of this ancient Emperor of Heaven. The place of ruins, because I have already explored this place of ruins of the ancient Emperor of Heaven from another entrance, and I have already searched for all the resources and inheritance."

When he said this, the Lord of Chaos showed a deep look of greed on his face, and continued: "The reason why I deceived you here is to imprison you in this special altar formation arranged by the ancient Emperor of Heaven. Then I can control the evil formation in this altar later and completely refine you into a ball of energy. After I absorb your energy, my shackles of cultivation will be completely broken through to a higher level again. At a high level, by then no one in the peripheral areas around the center of the God Realm can resist me."

Ye Feng's eyes seemed to be still very calm, and he just said: "Why did you choose me?"

The Lord of Chaos laughed loudly: "Because I learned that the Holy Land of Heaven has just promoted a young Holy Lord, so I am sure that young people like you are best deceived. In any case, as long as I use the evil formation in this altar, I will kill you. After all my cultivation energy is swallowed up, I will break through to a whole new level. It is already very difficult for strong people at our level to continue to break through. Only beings of the same level can provide us with powerful energy. "

"After I have completely transformed, the nine overlord forces in the peripheral areas of the central land of the God Realm, including your Holy Land of Heaven, will all surrender under my command. At that time, I will integrate the surrounding areas of the central land of the God Realm. With all the foundation and strength of the nine overlord forces in the fringe areas, they can even launch an attack on the super gods in the core area of the center of the God Realm. Those super gods are now being fully invaded by the dark race, and they are struggling. The dark race, and I will quietly integrate all the overlord forces in the surrounding peripheral areas, and then suddenly attack those super gods. In this case, I will not be too far away from unifying the entire center of the God Realm! "

At this moment, the Lord of Chaos seemed to feel that he was sure to defeat Ye Feng, and spoke out his blazing ambition without any concealment!

Chapter 2984 You can't run away

It must be said that the Lord of Chaos is well hidden.

In such a long period of time, no clue has been revealed.

And his plan is also very good.

He actually entered the ruins of the ancient emperor's tomb from another entrance in advance, and arranged various means in advance, and now Ye Feng was completely trapped.

At this time, Ye Feng was trapped in the altar formation. With his current strength and cultivation, he was unable to break the shackles of this ancient altar.

After all, this altar is something left by the super powerful ancient Emperor of Heaven. It is very ancient and terrifying.

At this moment, the Lord of Chaos suddenly smiled coldly and said: "Holy Lord of Heaven, just stay inside and be refined by this evil altar, and then I will absorb it. The energy in your body breaks the constraints of cultivation and completely transforms you."

Ye Feng still seemed to be very calm at this time, not panicking.

The Lord of Chaos was outside the altar and said with a smile: "Holy Lord of Heaven, you remain silent. It seems that you have accepted your fate."

Ye Feng suddenly said: "Are you really sure that you trapped me?"

Hearing what Ye Feng said, the Lord of Chaos immediately showed sarcasm in his eyes and said: "Stop pretending, you are already trapped in the altar and you can't get out no matter what."

"Oh, is it so?"

Along with Ye Feng's sneer, suddenly Ye Feng's figure slowly dissipated in the space inside the altar and completely disappeared.

"What?!"

Seeing the empty interior space of the altar, Ye Feng disappeared, and the Lord of Chaos suddenly showed deep shock in his eyes.

Then he seemed to have thought of something and suddenly exclaimed: "The one who acted with me has always been your clone! The one trapped in the inner space of the altar is just a clone of you!"

"That's right."

Almost as soon as the Lord of Chaos finished speaking, a pitch-black spear suddenly appeared in the void beside him.

It is Ye Feng's Nine Nether Purgatory Spear.

"boom!"

Ye Feng's Nine Nether Purgatory Spear suddenly stabbed towards the heart of the Lord of Chaos.

This was Ye Feng's sudden attack.

Moreover, Ye Feng also used the hidden power of the space gem.

Therefore, even a super powerful person like the Lord of Chaos did not react at this moment. He was suddenly pierced through the chest from the back by the Nine Nether Purgatory Spear held in Ye Feng's hand.

"ah!"

Ye Feng's Nine Nether Purgatory Spear was the natal weapon of an ancient strongman, the Nine Nether Demon Lord.

The weapon is filled with terrifying dark energy.

At this moment, the moment the Nine Nether Purgatory Spear in Ye Feng's hand pierced into the body of the Lord of Chaos, it immediately produced extremely terrifying destructive power, frantically destroying the entire body and vitality of the Lord of Chaos.

"boom!"

Almost at this moment, the Lord of Chaos roared, and then a terrifying light of chaos erupted from his body, knocking back Ye Feng who was sneaking up from behind.

However, the entire body of the Lord of Chaos was stained with blood. After all, Ye Feng's sudden attack caused him heavy injuries.

At this time, the Lord of Chaos stared at Ye Feng, who was wrapped in armor not far away. He couldn't help but look extremely ugly, and said loudly: "The hidden technique that can make me unable to detect it, the void just now The power is definitely the power of the space gem. How can you have the space gem in your hand? "

Ye Feng took off the mask on his face at this time, and then said with an indifferent smile: "Because, I am the owner of the space gem."

"It's you.....!"

At this time, seeing Ye Feng's true appearance, the Lord of Chaos immediately thought of that humble ant back then, who was almost killed by a clone of his will.

But I didn't expect that the extremely weak ant back then would actually grow to this point now.

He even became the new generation of Holy Lord of the Holy Land of Heaven!

This speed of growth makes all the Lords of Chaos feel a deep fear.

It's really terrible.

At this moment, Ye Feng coldly said with a sneer: "Lord of Chaos, do you know that you are my most powerful motivation for cultivation in the past few years? Now I am able to be on par with you. Today I can finally compete with you." Shame on you."

"Kill him!" At this time, Emperor Chu was shouting in his mind.

After all, the Soul Gem was previously sealed by the Chaos Gem of the Lord of Chaos, and Emperor Chu also suffered huge losses.

At this moment, Ye Feng was a little lucky. Fortunately, he had known for a long time that this Lord of Chaos was not a good person and might plot against him, so Ye Feng used the secret technique of transforming three pure beings into one qi in advance, and created a clone to fight with this chaos. The Lord advances.

As for Ye Feng's true self, he has been secretly hiding in the surrounding void.

The clone that transforms into three pure beings has the same combat power and cultivation level as the main body, so the Lord of Chaos cannot notice it at all.

Ye Feng's true self used the space gem to hide in the void. Naturally, the Lord of Chaos was unable to detect the abnormality.

often.

If the person who came today was not Ye Feng, I am afraid that the Lord of Chaos would have succeeded.

Ye Feng was staring at the altar not far away at this moment, with a cold look in his eyes. He did not expect that this altar was so evil, as evil as his own devouring ability.

At this time, Ye Feng stared at the Lord of Chaos not far away, and said very easily: "Lord of Chaos, the spear I stabbed you just now is not an ordinary spear, but the Nine Nether Demon Lord

The Nine Nether Purgatory Spear, the power of the Nine Nether Darkness is destroying the vitality of your whole body from your heart, right? You should be feeling very uncomfortable now."

boom!

The moment the words fell, Ye Feng rushed towards the Lord of Chaos without waiting for anything to say.

At this moment, Ye Feng didn't hold anything back at all and directly used the Xuanyuan Emperor Kung Fu to directly carry out the most terrifying attack and destruction.

Buzz!

A golden lightsaber appeared in Ye Feng's hand. It was Xuanyuan Sword, and it slashed directly towards the Lord of Chaos with earth-shattering power.

For the Lord of Chaos, Ye Feng naturally has the intention to kill him.

And Ye Feng must also get the Chaos Gem from the Lord of Chaos.

"Shield of Chaos!"

At this moment, the Lord of Chaos roared loudly, and the power of the chaos gem contained in his eyebrows immediately surged out like a tide, forming a huge shield of chaos directly in front of him.

"boom!"

When the Xuanyuan Sword in Ye Feng's hand struck the chaotic shield, a huge roar suddenly erupted.

The Xuanyuan Sword in Ye Feng's hand did not cause any damage to the chaos shield.

Ye Feng was not surprised by this, because it was the power of the Chaos Gem.

The Chaos Gem is one of the Domination Gems. Although the Xuanyuan Sword is powerful, it cannot fight against the Chaos Gem, a gem that contains the power of the Domination.

However, Ye Feng used Xuanyuan Sword at this time just to contain the chaos gem of the Lord of Chaos.

Uh-huh!

The next moment, another clone of Ye Feng transformed into Sanqing, suddenly rushed out from another void, holding the brute force gem in his hand, and then struck hard at the head of the Lord of Chaos.

"No!!!"

The Lord of Chaos sensed the very strong power of the brute force gem, and immediately roared in horror.

But it's too late.

"Pfft!"

The next moment, the head of the Lord of Chaos had been struck by Ye Feng's clone using a brute force gem.

Broken to pieces.

Although the head of the Lord of Chaos was protected by the energy of the Chaos Gem, under the full attack of Ye Feng's brute force gem at this moment, he had no time to react and was directly shattered.

Snap!

The chaos gem in the head of the Lord of Chaos fell directly to the ground.

Ye Feng stretched out his hand and directly absorbed the Chaos Gem into his hand.

But at this time, the Lord of Chaos, who had suffered such heavy losses, was not completely dead yet.

The rest of his headless body was running quickly towards the distance.

But at this time, the Lord of Chaos who lost the Chaos Gem was far from Ye Feng's opponent.

Not to mention, Ye Feng has now obtained another domination gem, the Chaos Gem.

So at this moment, the Xuanyuan Sword in Ye Feng's hand struck directly, splitting the running Lord of Chaos in half.

But even so, the Lord of Chaos still did not die. Instead, he screamed and continued to fly towards the distance.

"You can't run away."

Ye Feng said coldly.

Although a super powerful person like the Lord of Chaos is very difficult to kill, Ye Feng has his own way.

"Devouring the Realm!"

At this moment, Ye Feng directly released his Devouring Domain.

boom!

Suddenly, a large area of darkness rushed out from Ye Feng's palm.

Like infinite darkness, it suddenly enveloped all the bodies of the running Lord of Chaos.

Then quickly absorb and swallow the energy of the Lord of Chaos's whole body.

A horrified voice suddenly came out from the body of the Lord of Chaos: "Ah! I finally understand why you, a kid, broke through and became stronger so quickly. You actually mastered this evil devouring method! Just like that evil... Just like the altar! I don't want to die! I am the successor of the Lord, and I am not willing to die like this!"

But at this time, no matter how the Lord of Chaos screamed and yelled unwillingly, all the energy in his entire body was eventually swallowed up by Ye Feng.

The screams of the Lord of Chaos also stopped abruptly, and he was completely wiped out by Ye Feng in this world.

"boom!"

At this moment, the powerful cultivation energy of the Lord of Chaos was swallowed up by Ye Feng into his body.

The next moment, Ye Feng's cultivation skills immediately began to undergo an incredible growth and enhancement!

Chapter 2985 The most powerful realm

"Buzz buzz..."

At this moment, huge and pure energy surged rapidly through Ye Feng's limbs.

Although Ye Feng's cultivation level is now very high, the energy required is getting larger and larger.

But you must know that what Ye Feng is devouring at this moment is the terrifying guy called the Lord of Chaos.

The Lord of Chaos is the controller of the nearby overlord forces. He is a top-notch existence, so he is naturally very terrifying.

At this time, Ye Feng's cultivation aura suddenly began to rise.

"boom!"

The eighth level of calamity realm!

"boom!"

The ninth level of disaster realm!

"boom!"

The Great Perfection of the Tenth Level of the Tribulation Realm!

"boom!"

Half a step to the realm of heavenly punishment!

At this moment, Ye Feng's cultivation aura finally stopped completely.

"Buzz!"

Ye Feng opened his eyes, and his eyes were like the scorching sun, revealing a terrifying energy aura.

This time, after swallowing the entire Lord of Chaos, Ye Feng received a huge improvement.

No wonder the Lord of Chaos wants to plot Ye Feng's energy.

Having reached the Holy Lord level, if you want to continue to break through, there is no way to improve in this world, and all kinds of cultivation resources are not enough to sustain the Holy Lord's continued breakthrough.

Only through the devouring of evil and absorbing the Holy Lord-level big shots of the same level can we continue to break through.

At this time, after Ye Feng broke through to the half-step Heavenly Punishment Realm, he felt that his cultivation was about to enter a bottleneck period.

Ye Feng understood at this time that it seemed that the Heavenly Punishment Realm was almost the pinnacle of cultivation in the entire God Realm.

Holy Lord level characters are basically in the Heavenly Punishment Realm.

It's just that those super gods in the core area of the earth at the center of the God Realm may have existences that transcend the realm of heavenly punishment. \u003c

br\u003e

However, Ye Feng knows very well that although his current cultivation level is half a step in the Heavenly Punishment Realm, his real combat power is estimated to be comparable to the existence of the tenth level of the Heavenly Punishment Realm, the Great Perfection level.

Ye Feng knew that after the Holy Lord-level characters entered the Heavenly Punishment Realm, their strengths and weaknesses would probably be determined by their respective methods and inheritance.

This is because the cultivation levels of Saint Lord-level characters are all in the Heavenly Punishment Realm.

Ye Feng even had a feeling at this time that if he had stayed in the God Realm, his cultivation would probably be stagnant in the Heavenly Punishment Realm forever.

Because this world seems unable to support the living beings living in it, breaking through to a higher realm.

"It seems that we must go to the Great World of Origin."

Ye Feng thought secretly in his heart.

Many powerful people in the Heavenly Punishment Realm on the land of God Realm may not have access to the Origin World, nor do they know how to ascend to the Origin World.

In fact, many people still think that the Great World of Origin is just a legend, and that the Heavenly Punishment Realm is the most powerful realm, and it has already reached the peak cultivation level of the God Realm.

However, Ye Feng had come into contact with countless things about the Origin World before, and the mysterious strong woman Qin Susu he met in the forbidden land of Tianwai Tian confirmed the true existence of the Origin World.

Moreover, Qin Susu also gave Ye Feng a chance to directly enter the world of origin.

But before heading to the Origin World, Ye Feng naturally had to fulfill his responsibilities.

The Lord of Chaos has been killed.

Ye Feng decided to return to the Holy Land of Heaven this time. After explaining the good things, Ye Feng was ready to go directly to the core area of the God Realm where the Chaos God Clan was located.

Uh-huh!

At this time, Ye Feng picked up a glowing stone from the ground.

This is correct

It is the chaos gem dropped after the death of the Lord of Chaos.

Buzz!

At this moment, Ye Feng picked up the Chaos Gem and observed it carefully.

He could sense a very terrifying energy from the chaos gem.

It was an energy aura filled with countless chaos, disorder, and destruction.

At this time, Emperor Chu said aloud in his mind: "Ye Feng, put the Chaos Gem into your mind, and let me explore this Chaos Gem to see if I can unlock the seal of the Soul Gem."

"good."

Ye Feng immediately nodded and handed the chaos gem in his hand to Emperor Chu in his mind.

Ye Feng also hopes that Emperor Chu can understand the chaos gem as soon as possible.

Because in this case, the seal of the soul gem can be unlocked.

Emperor Chu would be able to unleash the powerful power of the soul gem.

In addition, Emperor Chu has thoroughly studied the chaos gems and can also allow Ye Feng to control the power of the chaos gems as soon as possible.

At this time, after Ye Feng handed the chaos gem to Emperor Chu, he picked up the storage ring of the Lord of Chaos.

Buzz!

This storage ring actually has a divine seal from the Lord of Chaos, and no outsiders are allowed to explore it.

But Ye Feng is a powerful soul master.

"Break it for me!"

Ye Feng just shouted coldly, and instantly released the impact of his soul, which instantly shattered the seal of the Lord of Chaos' spiritual thoughts on the storage ring.

The next moment, Ye Feng discovered that there were many good things in the storage ring of the Lord of Chaos.

It can be said that this small storage ring is simply a huge treasure house.

But these so-called good things are actually of little use to Ye Feng.

.

Whether it is weapons, inherited skills, or some cultivation resources, they are of little use to Ye Feng at his current state.

If the skill energy in Ye Feng's Dantian is like an ocean, then some of the cultivation resources in the God Realm are like drops of water. It is just a drop in the bucket and has little effect on improving Ye Feng's skill.

But in the end, Ye Feng found a very powerful inheritance.

This set of inheritance is called "Red Dragon Divine Palm", and it is the inheritance of the owner of this tomb, the Red Dragon Heavenly Emperor.

The Lord of Chaos had already entered the tomb ruins from another entrance and received the inheritance from the ancient Emperor of Heaven, the Red Dragon Emperor, which is this set of Red Dragon Divine Palms.

This is the inheritance of an ancient heavenly emperor. It is the martial arts practiced by a super god of the gods. It is naturally beyond the level of the saint. For Ye Feng, it can still improve his combat power.

So next, Ye Feng began to comprehend the inheritance of this set of Red Dragon Divine Palms, and while comprehending, he walked towards the ruins of the ancient Tomb of the Emperor of Heaven.

For Ye Feng, there is nothing to miss in this big tomb. Some small chance creations have no improvement effect, and Ye Feng is not very interested.

When Ye Feng came outside the tomb ruins, he saw that the teams from the Holy Land of Heaven and Chaos Holy Land were exploring the initial area of the tomb ruins and developing various opportunities.

The grudge against the Lord of Chaos is Ye Feng's personal grudge, so Ye Feng will not destroy the team in the Holy Land of Chaos.

Ye Feng just said aloud: "There is a huge danger deep in the tomb. The Holy Lord of Chaos has fallen. Let me tell you. As for cooperating to develop the ruins of this tomb, you continue to explore."

After finishing speaking, Ye Feng left the scene directly without explaining anything and flew quickly towards the base camp of Tiandao Holy Land.

Ye Feng can't wait to go to the core area of the God Realm where the Chaos God Clan is located.

Chapter 2986 Great Guangming City

When Ye Feng returned to Tiandao Holy Land, Patriarch Xuanyuan directly found Ye Feng and seemed to want to ask about the situation of this cooperation.

When Patriarch Xuanyuan saw Ye Feng for the first time, his eyes immediately lit up and he couldn't help but said: "Holy Lord, your cultivation level has improved a lot again, right?"

Ye Feng nodded slightly and said with a smile: "This time, I have indeed gained a lot of improvement from the remains of the tomb of the ancient Emperor of Heaven."

When Patriarch Xuanyuan heard this, he immediately said: "It seems that your cultivation level, Holy Lord, has also entered the realm of heavenly punishment."

Ye Feng nodded and said: "Half step to the Heavenly Punishment Realm."

"It's improving so fast."

Ancestor Xuanyuan couldn't help but sigh: "Holy Lord, after you ascended to the Heavenly Punishment Realm, you must have sensed a kind of restraint between heaven and earth. It seems that the most powerful realm is the Heavenly Punishment Realm. There is nothing you can do." It has broken through the realm above the Heavenly Punishment Realm."

"That's right."

Ye Feng said aloud: "I have indeed sensed a kind of restraint in cultivation. It seems that the Heavenly Punishment Realm is the most powerful realm. The God Realm and the earth cannot give birth to a more powerful existence than the Heavenly Punishment Realm."

Ancestor Xuanyuan nodded and said aloud: "Indeed, the strong men in the Heavenly Punishment Realm are already considered to be at the highest level of the God Realm. The energy of this world is not enough to allow the living creatures in it to break through to the Heavenly Punishment Realm. Because of the lack of energy, otherwise the ancestors of the Zhou family, including me, would not have been able to practice for tens of thousands of years and still stay in the realm of heavenly punishment. In fact, tens of thousands of years ago, the cultivation level of our ancestors was already in the Heavenly Punishment Realm, and it has not become stronger after tens of thousands of years. Perhaps the reason why the ancestor of the Zhou family believed in the Dark Yuan Zun of a certain mysterious world was to break through the Heavenly Punishment Realm. Unfortunately, he still failed to succeed. "

When Ye Feng heard Ancestor Xuanyuan say this, there was a hint of surprise in his eyes.

Unexpectedly, these ancestor-level figures could not break through the realm of heavenly punishment even after tens of thousands of years.

At this time, Ye Feng became even more determined in his determination to go to the Origin World.

when

However, before going there, Ye Feng had to go to the center of the God Realm, the core area where the super gods lived.

At this moment, Ye Feng looked at Ancestor Xuanyuan in front of him and said loudly: "Senior Xuanyuan, I need to go to the core area of the God Realm where the super gods survive."

Ancestor Xuanyuan thought that Ye Feng was seeking more powerful power, so he just nodded and said: "You can give it a try. It is said that the top super gods have secret methods to break through the realm of punishment. I know it's true or false."

Ancestor Xuanyuan is not worried about Ye Feng's safety.

Because now Ye Feng's cultivation has almost reached the most powerful level in the God Realm.

Therefore, in the God Realm, even in the core areas where there are many super gods, there is no power that can completely kill Ye Feng.

Therefore, Patriarch Xuanyuan was very relieved and asked Ye Feng to go ahead.

"correct."

Ye Feng seemed to have thought of something and said aloud: "Chaos Holy Land no longer poses any threat to Tiandao Holy Land, so after I leave, Tiandao Holy Land will have Senior Xuanyuan in charge, so there should be no danger."

Ancestor Xuanyuan didn't know what Ye Feng meant by saying this, but he didn't ask any more questions. He just said with a smile: "Holy Lord, just go to the core area to find more powerful power and breakthrough methods. Leave everything else to me." That's all I need."

"good."

Ye Feng nodded immediately.

With Ancestor Xuanyuan sitting in the Holy Land of Heaven, Ye Feng was naturally very relieved, allowing him to leave here with peace of mind to complete his responsibilities and obligations.

Ye Feng's current cultivation level has broken through to the half-step Heavenly Punishment Realm.

Moreover, Ye Feng's real combat power is comparable to those in the Heavenly Punishment Realm.

An existence at the level of Zhongtian Dzogchen.

Ye Feng felt that his preparations were sufficient.

Now heading to the core area of the land in the center of the God Realm to face those super gods, Ye Feng is no longer afraid, but has very strong self-confidence.

However, Ye Feng also knows very well that the background of the super gods is still very terrifying.

Moreover, Patriarch Xuanyuan just said that it is very likely that the super gods have secret methods that transcend the realm of heavenly punishment.

So this time Ye Feng went to the core area of the God Realm. He planned to be less public and lurk there alone to see if he could see his mother first before making a decision.

Now that he has this plan, Ye Feng can't wait.

After arranging all the funeral arrangements in the Holy Land of Heaven, Ye Feng left the Holy Land of Heaven alone.

The core area of the earth at the center of the God Realm is a small place in the middle of the God Realm. .???.??

But in such a small place, there are hundreds of powerful protoss.

Ye Feng's current cultivation level has reached a very terrifying level, so it only took Ye Feng seven days and seven nights to cross the entire center of the God Realm.

If it is an ordinary warrior, I am afraid that he will not be able to come to this place in his lifetime.

In the early morning of the eighth day, Ye Feng finally set foot in the core area of the God Realm, where many super gods stood, including the Chaos Gods.

Ye Feng knew that among the Chaos Gods, the one who threatened him was the Chaos God King, the unfathomable leader of the Chaos Gods.

As for the Prince of Chaos who deposed Uncle Nan, Ye Feng doesn't pay attention at all now.

At this time, Ye Feng came to this core area and did not directly reveal his powerful cultivation aura, otherwise it would definitely arouse the fear and horror of the guardians of the major gods.

Ye Feng just pretended to be an ordinary human boy and came to the core area of the earth at the center of the God Realm.

On this night, Ye Feng walked through a large wilderness and came to a huge and prosperous city.

This city is called "Great Guangming City", and it is a super large city built by the "Guangming God Clan" among the super gods.

It is said that the Guangming God Clan, inherited from the ancient Great God of Light, has a very profound foundation and can definitely rank among the top ten among the top 100 God Clan.

After Ye Feng arrived at Great Guangming City, the first thing he inquired about was the location of the Chaos God Clan.

There are many people and noisy people in Great Guangming City, and people from all three religions and nine schools are everywhere. It is a good place to inquire about all kinds of news.

But what surprised Ye Feng was that after asking for a long time, he still didn't know the specific location of the Chaos God Clan.

Because for the Chaos God Clan, a top-ranking Clan of Gods, the location where the family stands is almost always kept strictly confidential. It is impossible to know for anyone who is not an insider. This makes Ye Feng quite disappointed. He originally thought he could find it easily. The location of the Chaos God Clan, but now it seems that it is still quite difficult.

"Have you heard? The Lord of Light of the Guangming God Clan is going to hold a birthday banquet in this Great Guangming City. At that time, representatives from all the major God Clan will be sent."

Ye Feng was drinking tea at an inn in Great Guangming City when he suddenly heard someone discussing around him.

"I've also heard that it is said that the top three Chaos Gods this time will also send representatives to congratulate them. I don't know if they are the sons of the Chaos God Lord and the Prince of Chaos."

"It is probably the Prince of Chaos, because it is said that the Chaos God Clan and the Light God Clan intend to get married. The Prince of Chaos may marry the daughter of the Lord of Light God in the future, who is also the eldest lady of the Light God Clan. If this is true, it is really powerful. A strong alliance."

...

The discussion among the people around him made Ye Feng, who was in a rather dull mood at the moment, suddenly light up.

Chapter 2987 The Lurking Protoss of Light

For Ye Feng now, finding the location of the Chaos God Clan is very important.

At this moment, after hearing the conversations of everyone in the inn, Ye Feng suddenly had a plan in mind.

Since the Prince of Chaos is coming to Great Guangming City this time to celebrate the birthday of the Lord of Light of the Guangming Clan, this gives Ye Feng an opportunity.

Because of Ye Feng's current cultivation strength and means, he can definitely dominate the Great Guangming City.

However, Ye Feng will not reveal his methods, but will lurk silently, waiting for opportunities.

Ye Feng knew very well that the strength of the top three super gods like the Chaos God Emperor must be extremely terrifying.

There must be many super powerful beings in the family.

If he had to force his way through, Ye Feng's current strength would probably be a bit miserable.

So Ye Feng decided to choose a very simple method, which was to sneak into the Chaos God Clan secretly and see the situation clearly first.

So this time Ye Feng just took this opportunity to see if he could suppress the Prince of Chaos.

In this case, Ye Feng can disguise himself as the Prince of Chaos and enter the Chaos God Clan without anyone noticing.

It's actually very simple for Ye Feng to disguise himself as the Prince of Chaos, he just needs to change his appearance.

Because Ye Feng is originally a body of chaos, no one is more in line with the power attributes of the Chaos Gods than Ye Feng.

However, Ye Feng also knows that a noble being like the Prince of Chaos must have very powerful protectors around him, and the Prince of Chaos himself should also have very powerful means of escaping.

If Ye Feng wants to completely suppress the Prince of Chaos, he needs to take a long-term approach.

Because although Ye Feng's current cultivation level is very powerful, it is not powerful enough to kill a being like the Prince of Chaos with a snap of his fingers.

The cultivation level of the Prince of Chaos must also be in the Heavenly Punishment realm.

Therefore, Ye Feng's attempt to deal with the Prince of Chaos was actually not as easy as he imagined.

First, Ye Feng needs to get close to the Prince of Chaos without revealing his identity.

Moreover, it is necessary to be able to kill the Prince of Chaos in an instant. If the Prince of Chaos is given time to breathe, it is very likely that Ye Feng's plan will completely fail.

Therefore, Ye Feng must come up with a complete plan that can kill the Prince of Chaos instantly.

Ye Feng suddenly thought of the Guangming God Clan at this time.

If he could disguise himself as a member of the Light God Clan in advance, he should not arouse too much suspicion from the Prince of Chaos.

Although the Light God Clan is also one of the super God Clan, they are ranked tenth after all and are much weaker than the Chaos God Clan.

Therefore, Ye Feng felt that it would be relatively easy for him to blend into the Light God Clan.

At this time, Ye Feng left the inn here directly and walked towards the inner area of Great Guangming City.

The location of the Guangming God Clan is easy to find, located in the innermost area of the Great Guangming City.

Soon Ye Feng came to the inner area of Great Guangming City.

But the inner city of Great Guangming City is guarded by many strong men wearing bright armor.

After all, Ye Feng is pretending now, so naturally he can't just rush into the Light God Clan.

So at this time, Ye Feng went directly to the outer area of the city wall of the Guangming God Clan, and then directly used the space gem. In an instant, a space wormhole connecting to the void was opened up, and the whole person directly entered the range of the Guangming God Clan. .

Ye Feng hid his cultivation strength at this moment and restrained his aura. Almost no strong person from the Light God Clan would notice him.

At this time, the first thing Ye Feng was looking for was the eldest lady of the Guangming God Clan.

Because Ye Feng is very

It was clear that although the Prince of Chaos came this time to celebrate the birthday of the God of Light, his real purpose was to marry the eldest lady of the God of Light.

Therefore, Ye Feng knew that the Prince of Chaos would definitely find an opportunity to get close to the eldest lady of the Light God Clan and cultivate a relationship.

Therefore, Ye Feng's best chance to take action is to take action around the eldest lady of the Light God Clan.

At that time, the Prince of Chaos will definitely be at his lowest alert.

After all, Ye Feng knows very well that men will relax their vigilance because of women, especially when facing women who want to get their hands on them.

After Ye Feng had a plan in mind, he actually released his huge soul power at this moment and began to search the entire internal area of the Bright God Clan.

With Ye Feng's current methods, he released his soul power to search, but he was unable to attract the attention of some powerful people from the Light God Clan.

After all, the strong men of the Light God Clan would never have thought that a big figure at the level of a Holy Lord would actually lurk within the inner confines of their super God Clan.

After all, it seems that no one has done this since ancient times.

At this time, under the influence of Ye Feng's huge soul power, Ye Feng quickly found the residence of the eldest lady of the Bright God Clan.

In fact, it's easy to find, just look where the guards are stronger.

Because the eldest lady of the Guangming God Clan is a noble person, the guards in the Guangming God Clan are naturally very powerful.

Soon Ye Feng approached the place where the eldest lady of the Guangming God Clan lived.

The place where the eldest lady of the Guangming God Clan lives is lined with palaces that are very fairy-like and look very noble.

After Ye Feng casually admired the surrounding scenery, he lurked towards the palace in the middle.

With Ye Feng's current methods and cultivation, the surrounding guards would not be able to notice him at all.

because

Because Ye Feng now has one foot in the realm of Heavenly Punishment and has become a Holy Lord level figure, his control over the space gems is getting stronger and stronger. Ye Feng has now developed all the wonderful uses of the space gems. Out.

So at this time, Ye Feng can use the space gem to walk in the void.

It's like walking in another dimension.

Ordinary people can't find it at all.

I am afraid that even if a figure of the Holy Lord level comes, he will not be able to find it.

Soon Ye Feng came to the palace in the middle.

He immediately saw a beautiful woman in a purple dress, standing by the pool outside the palace, seemingly in a daze.

Ye Feng walked in the void and soon came to the inner area of the palace.

Ye Feng could sense that the cultivation level of this beautiful woman in a purple dress was much weaker than that of the Heavenly Punishment Realm.

But this beautiful woman in a purple dress gave Ye Feng a very mysterious feeling, and he seemed a little confused.

Ye Feng was immediately sure that this beautiful woman in a purple dress should be the eldest lady of the Guangming God Clan.

Ye Feng was thinking about how to meet her.

But suddenly at this moment, a maid in a white dress walked up to the eldest lady of the Light God Clan and said loudly: "Miss, the Prince of Chaos is coming to propose marriage. What should the eldest lady do?"

At this moment, the eldest lady of the Guangming God Clan suddenly turned around, revealing a breathtakingly beautiful and exquisite face, but this beautiful face was full of melancholy, and said aloud: "Xiaoyun, I don't know what to do. I don't want to marry that domineering prince of chaos. It is said that he has three wives and four concubines. I don't want to be his concubine, but my father is forcing me to marry him. Are we bright? Is the Protoss really in decline now and will they vassalize another Protoss? "

Chapter 2988: Fully cooperate with you

At this time, after hearing the words of the eldest lady and the maid of the Guangming family, Ye Feng suddenly had a plan in his heart.

Ye Feng was still in the void and did not reveal his aura.

Until night.

The surrounding palaces were all deserted.

But the eldest lady of the Guangming God Clan was still standing by the pool, seeming to be waiting for her doomed sad fate.

"Do you feel hopeless about your fate?"

But suddenly at this moment, a sudden voice appeared in the ears of the eldest lady of the Light God Clan.

Hearing this voice, the eldest lady of the Guangming God Clan immediately showed deep surprise in her eyes. She couldn't help but look into the surrounding darkness and said aloud: "Who is pretending to be a ghost in the dark?"

"I'm not pretending, I can change your destiny."

Along with this voice, the space in front of the eldest lady of the Guangming God Clan fluctuated, and a young man dressed in white and snowy clothes slowly walked out of the void.

It was Ye Feng.

When the eldest lady of the Guangming God Clan saw Ye Feng, her eyes showed deep vigilance, and she couldn't help but said: "Who are you? Why are you able to come to the family range of our Guangming God Clan without anyone noticing?" It's impossible that the super strong people in our family can't find you."

Ye Feng smiled slightly and said aloud: "They can't find me, naturally because they are not as strong as me."

"impossible."

The eldest lady of the Guangming Protoss immediately couldn't help but said: "Our Guangming Protoss is a powerful protoss standing at the pinnacle of the God Realm. How can you, a little boy, be stronger than those old monsters in our Guangming Protoss?"

Hearing this, Ye Feng smiled faintly: "If you, the Light God Clan, were really the most powerful God Clan, then you would not send this eldest lady like you to the hands of the Chaos Prince of the Chaos God Clan.

I became a concubine. "

When the eldest lady of the Guangming God Clan heard what Ye Feng said, her beautiful face suddenly changed. She couldn't help but said: "How did you know about this? This matter must not be spread, otherwise the reputation of the entire Guangming God Clan will be ruined. "

For this eldest lady of the Light God Clan, it is obvious that the reputation of the entire family is more important than her fate.

If the outside world knew that in order to please the Chaos God Clan, the Light God Clan would not hesitate to give the eldest daughter in the family to the Prince of Chaos as a concubine for free, then the entire Light God Clan would definitely be ridiculed by the world.

So at this time, the eldest lady of the Guangming God Clan immediately changed her face. A dagger emitting emerald light appeared in her hand, and she stabbed Ye Feng directly.

You must know that this is the eldest lady of the Guangming God Clan, and her cultivation strength is very terrifying. To ordinary warriors, she is definitely a high-ranking Nine Heavens Goddess-like existence.

Click!

But the moment the dagger in the hand of the eldest lady of the Guangming God Clan pierced Ye Feng's body, the entire dagger suddenly shattered inch by inch.

There was no way he could hurt Ye Feng at all.

"How can it be!"

When the eldest lady of the Guangming God Clan saw this scene, her eyes suddenly showed an incredible look, and she couldn't help but said: "This dagger is a peerless magic weapon given to me by my father. Even the hardest magic iron in the world can I pierced it, but it couldn't hurt you at all, it's impossible!"

Ye Feng was still extremely calm at this time and said: "Even if I stand here without moving and let you attack me in various ways, I'm afraid you won't be able to hurt me until you die from exhaustion."

The eldest lady of the Guangming Protoss

Hearing what Ye Feng said, a look of deep anger suddenly appeared on his face, and he couldn't help but said: "Then I will immediately ask the most powerful elders of our Bright God Clan to take you down. Get arrested."

When Ye Feng heard what the eldest lady of the Guangming Clan said, a cold look appeared in his eyes, and he said, "Believe it or not, I am powerful enough to slaughter your entire Guangming Clan!"

Almost at the moment Ye Feng finished speaking, the coldness in his tone seemed to be able to freeze the whole person of the eldest lady of the Bright God Clan.

For a moment, the eldest lady of the Guangming God Clan suddenly didn't dare to speak for some reason, because she somewhat believed that the young man in front of her was really like a great demon king, and she felt very terrifying, even more so than before. Still fearful of her father.

The eldest lady of the Guangming God Clan even felt that the young man in white clothes Shengxue in front of her seemed to be much more powerful than her father, the Lord Guangming God.

This feeling made the eldest lady of the Guangming God Clan feel deeply horrified in her heart.

Because she has never seen such a powerful young man.

At this moment, the beautiful eyes of the eldest lady of the Guangming God Clan seemed to be staring at Ye Feng in front of her with a trace of fear, and she couldn't help but ask: "What exactly do you want to do?"

Seeing that the eldest lady of the Guangming God Clan cooperated with him and no longer resisted, Ye Feng nodded with satisfaction, and then said aloud: "I just said, if you feel sad and desperate about your future, then I can help you "

The eldest lady of the Guangming God Clan couldn't help but ask: "How do you want to help me?"

Ye Feng said aloud: "As long as the Prince of Chaos gives up his plan to marry you, it will be fine."

"This is impossible."

The eldest lady of the Guangming Protoss is beautiful

There was a trace of sadness in his eyes, and he said loudly: "Prince of Chaos has always coveted my beauty, and my father has agreed to this. It is impossible for Prince of Chaos to give up this idea for no reason."

At this moment, Ye Feng stared at the eldest lady of the Guangming God Clan in front of him. She had a graceful posture and a faint white aura all over her body. She indeed looked very elegant. She was definitely the dream goddess in the hearts of many men. She was something that could only be met but not sought after. , a goddess-level figure who can be seen from a distance but cannot be touched.

Seemingly aware of the unscrupulous look in Ye Feng's eyes, the eldest lady of the Guangming God Clan did not dare to resist or get angry. She could only lower her head in slight fear, not daring to look directly into Ye Feng's eyes.

Because the eldest lady of the Guangming Protoss is really afraid that Ye Feng, a mysterious and terrifying young man who suddenly appears, will really kill the Guangming Protoss behind her.

After watching for a while, Ye Feng said aloud: "You don't need to worry about this. As long as you cooperate with my plan, I will definitely be able to let you escape from the clutches of the Prince of Chaos happily, and be very safe in your hands." As long as the family continues to survive, the Chaos Gods will not cause you any trouble."

Hearing what Ye Feng said, the eldest lady of the Bright God Clan did not believe Ye Feng's words. After all, the other party was the Prince of Chaos. He was the young master of the top three Chaos God Clan in the core area of the God Realm. He was extremely noble and had an extraordinary status.

Can this mysterious and terrifying young man in front of him really change the decision of the Prince of Chaos?

Although the eldest lady of the Guangming Clan didn't know what Ye Feng would do next, she thought about it, nodded and said, "Okay, I will fully cooperate with you, but you are not allowed to harm anything in our Guangming Clan."

Ye Feng glanced at the eldest lady of the Light God Clan in front of him, and then said aloud: "Don't worry, I have no interest in you, the Light God Clan, I am only interested in the Prince of Chaos and the Chaos God Clan."

Chapter 2989 The most critical link

At this moment, hearing what Ye Feng said, the eldest lady of the Guangming God Clan immediately felt relieved.

After all, Ye Feng just didn't come here for their Guangming Clan.

The strength that Ye Feng displayed just now really shocked this young lady of the Light God Clan.

So now the eldest lady of the Guangming God Clan is absolutely in deep awe of Ye Feng, and she doesn't dare to resist Ye Feng's orders at all.

And it would be good for her too.

If Ye Feng can really make the Prince of Chaos give up the idea of marrying her, the eldest lady of the Bright God Clan will naturally be extremely happy.

At this time, the eldest lady of the Guangming God Clan stared at Ye Feng in front of her and asked: "Then how should the little girl cooperate with the seniors?"

Now in the mind of the eldest lady of the Guangming Divine Clan, Ye Feng has long been an unfathomable existence, so she directly calls Ye Feng her senior.

Because the eldest lady of the Guangming Protoss felt that although Ye Feng looked extremely young, even just a teenager, he might be an old monster who had been practicing for hundreds of thousands of years.

At this time, Ye Feng heard the question from the eldest lady of the Guangming God Clan, and just smiled slightly and said: "How to cooperate with me, I will tell you next, just wait for a while and let the Prince of Chaos come to see you in person. , I am lurking in the void, and the Prince of Chaos cannot find me."

When the eldest lady of the Guangming God Clan heard what Ye Feng said, she couldn't help but said: "The Prince of Chaos is the young master of the Chaos God Clan. His cultivation level is extremely terrifying. He is even as strong as some old monsters. He is A powerful being at the level of the Heavenly Punishment Realm, are you sure that you are hiding in the void and will not be discovered by the Prince of Chaos?"

Ye Feng nodded and said: "You don't have to worry about this. My strength and methods are not something you can guess."

As if aware of the impatience in Ye Feng's tone, the eldest lady of the Guangming God Clan immediately couldn't help but look frightened, and said quickly: "It's senior, I won't ask any more questions!"

"That's good."

Ye Feng nodded slightly, then thought for a moment, turned his hand, and a dark golden bug the size of a fingernail appeared, with a mouth full of dense silver fangs. If you look closely, it will be very scary.

"Is this?" The eldest lady of the Guangming God Clan subconsciously felt a sense of fear.

This surprised her extremely. As the eldest lady of the Light God Clan, in the eyes of ordinary people, she was a high-ranking goddess. At this moment, she actually felt an innate fear of a small insect. It was really incredible.

Ye Feng said aloud: "This is a poison-eating insect, the king of poisonous insects that I cultivated. You can hold it in your hand first. He will not hurt you. When the time comes, you invite the Prince of Chaos to your residence and give Chaos When the prince drinks a cup of tea, you put the poison-eating insect into the tea and let him drink it."

When the eldest lady of the Guangming God Clan heard what Ye Feng said, she immediately nodded and took the poison-eating insect in her hand.

Then she asked with some uncertainty: "Senior, the Prince of Chaos is a special body of chaos among the Chaos Gods. Are you sure that this little bug can poison him? You know, the Prince of Chaos's body is already a great chaos body. No magic weapon in the world can destroy it. Can a tiny insect really make him obedient?"

When Ye Feng heard this, he just smiled lightly and said, "You will know when the time comes."

Obviously, the eldest lady of the Bright God Clan thought that

Ye Feng used this poisonous insect to control the Prince of Chaos.

But that's not the case.

Ye Feng used this poison-eating insect to contain the resistance of the Prince of Chaos. In this case, Ye Feng could use thunderous means to suppress the Prince of Chaos instantly.

After all, Ye Feng is still not sure about his own strength, whether he can suppress the Prince of Chaos instantly.

So to be on the safe side, Ye Feng temporarily thought of letting the eldest lady of the Bright God Clan poison him directly.

When the time comes, the poison-eating insects will poison the body of the Prince of Chaos, which will make the Prince of Chaos lose part of his resistance.

In this case, Ye Feng would be more confident in instantly suppressing the Prince of Chaos.

Anyway, in order to deal with the Prince of Chaos thoroughly this time, Ye Feng almost tried all kinds of methods, just because he was afraid that the Prince of Chaos would have time to react.

Because if the Prince of Chaos had even the slightest moment to react, he would be able to call upon his guardians to come to his rescue.

Although Ye Feng is not afraid of the guardians of the Chaos God Clan, Ye Feng's plan this time is to suppress the Prince of Chaos, and then disguise himself as the Prince of Chaos and enter the Chaos God Clan.

Therefore, all processes must be seamless, without any flaws being exposed.

Therefore, suppressing the Prince of Chaos is the most critical step, and there must be no mistakes.

Therefore, Ye Feng must consider all possible errors in advance, so as to ensure the success of the final result.

Just like the last time we dealt with the Lord of Chaos in the Holy Land of Chaos in the ruins of the ancient Emperor of Heaven's tomb.

If Ye Feng hadn't noticed something was wrong in advance and asked one of his clones to follow the Lord of Chaos, then Ye Feng might have died.

And it is impossible to kill the Lord of Chaos so easily. After all, the Lord of Chaos is also a big figure at the Holy Lord level and is very difficult to kill.

So in the end, Ye Feng seemed to have easily killed the Lord of Chaos, and there was no earth-shattering battle. But in fact, it was because of Ye Feng's previous careful consideration and various calculations that he was able to achieve the final effect.

At this time, after Ye Feng had arranged everything, he temporarily lived in the palace of the eldest lady of the Guangming God Clan.

Anyway, Ye Feng can just wait slowly for the arrival of the Prince of Chaos.

The eldest lady of the Guangming God Clan has been very hesitant in the past few days, whether she should secretly pass the news about Ye Feng to her father, the God of Light.

But thinking of Ye Feng's incredible methods, and the fact that Ye Feng might really be able to change her sad fate of being a concubine in the future, the eldest lady of the Bright God Clan gave up and decided to trust this stranger she had just met.

Time is like quicksand, slowly flowing away from your fingertips.

In the blink of an eye, the birthday of the Lord of Light of the Guangming God Clan has been successfully held in Great Guangming City.

And on the fourth day after Ye Feng came to the Guangming God Clan, finally a young man wearing a white robe, as rich as jade, with extraordinary momentum and a natural aloofness in his eyes walked over from outside the Guangming God Clan. He came directly to the palace of the eldest lady of the Guangming God Clan.

Buzz!

Ye Feng immediately noticed that the aura of this young man was from the same source as his own, and the appearance of this young man was exactly the same as what Uncle Nan had described back then.

This is the Prince of Chaos! At this moment, hearing what Ye Feng said, the eldest lady of the Guangming God Clan was immediately relieved.

After all, Ye Feng just didn't come here for their Guangming Clan.

He came directly to the palace of the eldest lady of the Guangming God Clan.

Buzz!

Ye Feng immediately noticed that the aura of this young man was the same as his own, and the appearance of this young man was exactly the same as what Uncle Nan had described back then.

This is the Prince of Chaos!

Chapter 2990 Disguising the Prince of Chaos

At this time, Ye Feng carefully sensed and discovered that the cultivation aura of the Prince of Chaos was in the sixth level of the Heavenly Punishment Realm.

As a younger generation, this is definitely a terrifying level of cultivation.

It has to be said that the Chaos God Clan, one of the top three super God Clan, has an extremely rich foundation.

But Ye Feng thinks this is normal. ??

After all, the Prince of Chaos is the young master of the Chaos God Clan. The Chaos God King only has this son, so he must be trying every means to improve the Prince of Chaos' cultivation.

The Prince of Chaos can be said to have been at the end since he was born.

Because, the Chaos God Clan was originally the most powerful force in the entire God Realm.

The Prince of Chaos naturally grew up with a golden key in his mouth. He has a distinguished status, a high status, and enjoys boundless honors.

Therefore, the Prince of Chaos acts very domineeringly, flamboyantly, and cruelly.

Back then, the Prince of Chaos could actually politely invite Ye Feng's mother to go to the Chaos God Clan to practice.

However, the Prince of Chaos simply deposed Uncle Nan and forced Mother Ye Feng to go to the Chaos God Clan to practice in order to strengthen the foundation of the Chaos God Clan.

Therefore, Ye Feng is absolutely determined to kill people like the Prince of Chaos.

At this moment, outside the palace of the eldest lady of the Guangming God Clan.

The Prince of Chaos looked extremely aloof and said to the entire palace: "This prince has arrived, why don't you come out to greet me soon?"

Behind the Prince of Chaos were two old men in black robes. The aura of cultivation on their bodies was extremely terrifying, making even Ye Feng a little afraid.

Ye Feng was observing secretly at this moment, and immediately understood that these two black-robed old men were definitely the protectors of the Prince of Chaos.

It is very likely that it is a powerful existence that has surpassed the realm of heavenly punishment!

After all, among super gods like the Chaos God Clan, there may be secret methods that transcend the Heavenly Punishment Realm.

But Ye Feng also knows that no matter how powerful the Chaos Gods are, they will never be able to surpass the Heavenly Punishment Realm.

Because the entire God Realm cannot withstand beings more powerful than the Heavenly Punishment Realm, even in the core area of the God Realm, it is impossible for a terrifying figure to be born that is much more powerful than Ye Feng's current strength.

So Ye Feng is not afraid.

And at this time, accompanied by chaos

As soon as the prince spoke out, a large group of guards and maids from the Light God Clan gathered at the door and said respectfully: "See His Highness Prince of Chaos, the eldest lady is already waiting for His Highness in the palace."

Hearing what the guards and maids said, the Chaos Prince's eyes suddenly showed a look of greed.

He was very satisfied.

Sure enough, the Light God Clan had arranged everything for him.

He could subdue the eldest lady of the Light God Clan just by coming here.

As for it going so smoothly, the Prince of Chaos had no doubts at all.

Because the status of the Prince of Chaos is extremely high, it is impossible for the Light Gods to dare to resist him.

Moreover, the eldest lady of the Light God Clan is just a plaything in the eyes of the Prince of Chaos. She is not taken seriously by the Prince of Chaos at all, as long as he enjoys her.

At this time, the Prince of Chaos showed a fiery and greedy smile, and walked directly towards the palace of the eldest lady of the Light God Clan.

He was already looking forward to what was going to happen next.

Buzz!

When the Prince of Chaos arrived at the palace where the eldest daughter of the Light God Clan lived, he saw the eldest daughter of the Light God Clan, making tea at this moment, waiting for his arrival.

"Very sensible."

Seeing how beautiful and generous the eldest lady of the Guangming God Clan was, and knowing that tea was waiting for him, the Prince of Chaos immediately stepped forward and couldn't help but said: "Miss, let's have a cup of tea first. Let's have a good night together, it happens to be your father's birthday, I drank a little too much, so I'll drink some tea to relieve the hangover."

The eldest lady of the Light God Clan looked at the greed in the eyes of the Prince of Chaos, and her heart suddenly became extremely disgusted.

But thinking of Ye Feng's instructions, she pretended to be a very flattering and obedient smile at this moment, with a very seductive smile on her beautiful face, and said loudly: "Okay, Your Highness, Prince of Chaos, have a drink of tea first. I will obey His Highness in everything."

"Okay, okay."

see the light

The eldest lady of the God Clan was so proactive and so obedient. The Prince of Chaos was so excited at this time that he drank the tea brewed by the eldest lady of the Bright God Clan in front of him without any hesitation. He was very generous.

"Now that we've finished the tea, it's time to get down to business, right?"

The Prince of Chaos stared at the beautiful young lady of the God of Light in front of him, and immediately couldn't help but step forward.

But just when the Prince of Chaos stretched out his hand, he suddenly felt a great pain in his stomach. The next moment, the Prince of Chaos immediately felt as if his whole body was numb for a moment.

"It's poisonous!"

The Prince of Chaos was not stupid, and he immediately understood something at this moment.

"Die!"

His expression suddenly became extremely ferocious, and he immediately grabbed the eldest lady of the Light God Clan in front of him, intending to kill her.

But at this moment.

Buzz!

Suddenly there was a slight fluctuation in the surrounding void.

This kind of fluctuation was so slight that even the Prince of Chaos didn't notice it.

Ye Feng rushed out of the void and directly used the powerful inheritance of the ancient Emperor of Heaven that he had received before, which is Ye Feng's most powerful inheritance now, the Red Dragon Divine Palm.

"boom!"

At this moment, a huge red dragon rushed out of Ye Feng's palm, shattering the entire body of the Prince of Chaos and killing him instantly.

The entire process was completed in one go, without any stagnation.

Prince of Chaos, died.

"You killed the Prince of Chaos?"

When the eldest lady of the Guangming God Clan saw this scene, a look of deep horror suddenly appeared on her face, and she couldn't help but said: "Aren't you going to use poisonous insects to make him obedient? How to kill him? If this was done by Chaos If the Gods find out, then we, the Light Gods, may be exterminated!"

At this moment, the eldest lady of the Light God Clan cried out in horror, her eyes full of fear.

Because the identity of the Prince of Chaos is too noble.

if

If the news of the death of the Prince of Chaos spreads, the entire Chaos God Clan will be furious.

By the time. The Light God Clan simply cannot withstand the Chaos God Clan's execution!

At this time, Ye Feng had a happy smile on his face after his plan was successful.

He stared at the eldest lady of the Light God Clan and said aloud: "I never said that I just wanted the Prince of Chaos to obey. My purpose is to kill the Prince of Chaos, but you don't have to worry about the consequences this will bring to you, the Light God Clan. Come to trouble, because I will pretend to be the Prince of Chaos next. As long as you bury everything that happened today in your heart, there will be no trouble. "

Buzz!

At this moment, after Ye Feng devoured the energy of the Prince of Chaos, his cultivation aura immediately broke through, and he directly broke through from the half-step Heavenly Punishment Realm to the real first level of the Heavenly Punishment Realm.

Then under the incredible gaze of the eldest lady of the Light God Clan, Ye Feng transformed directly into the appearance of the Prince of Chaos.

Moreover, even the aura of chaos on his body is exactly the same, it is the unique chaotic power of the Chaos God Emperor!

"How can this be....."

The eldest lady of the Guangming God Clan was immediately stunned.

At this moment, Ye Feng disguised himself as the Prince of Chaos and walked out of the palace.

The eldest lady of the Bright God Clan was in the palace, looking at the Prince of Chaos disguised as Ye Feng in the distance. At this moment, she was able to talk and laugh with the two guardians of the Prince of Chaos who were waiting outside.

Even the guardians of the Prince of Chaos were unable to detect Ye Feng's disguise!

This made the eldest lady of the Guangming God Clan in the palace freeze in place with fright.

What kind of existence is this mysterious boy in white?

What is his purpose?

However, the eldest lady of the Guangming God Clan did not dare to delve into it at this time.

Because he knew that he was not able to participate in this matter.

The water here is too deep!

The eldest lady of the Guangming God Clan can only follow what Ye Feng said, bury everything that happened today in her heart, and live the rest of her life peacefully.
