

Ancient 2991

Chapter 2991 Ye Qinglan

For Ye Feng, the eldest lady of the Guangming God Clan is just a tool, and there is nothing worth remembering.

At this time, Ye Feng disguised himself as the Prince of Chaos and left the palace of the eldest lady of the Light God Clan.

When Ye Feng walked out, he saw two guardians and said with a smile: "Let's go."

Ye Feng not only devoured the power of the Prince of Chaos, but also used his soul master skills to search for the soul. Ye Feng also knew the memory of the Prince of Chaos.

So at this time, there was no obstacle for Ye Feng to communicate with the two guardians.

One of the guardians couldn't help but asked: "Young Master, aren't you going to stay here tonight?"

Ye Feng said aloud: "I am no longer interested in the eldest lady of the Guangming Protoss. Let's leave the Guangming Protoss directly."

Hearing what Ye Feng said, the two guardians looked surprised, as if they didn't expect that their young master would suddenly lose interest in the eldest lady of the Guangming God Clan.

However, neither of the two guardians said anything, because this was the decision of the Prince of Chaos himself.

The two guardians are only responsible for protecting the life and safety of the Prince of Chaos. They don't care about other things, and they don't bother to care about them.

Ye Feng saw that the two guardians were normal, and a slight smile appeared in his eyes.

When I killed the Prince of Chaos before, I had already covered the palace of the eldest lady of the Light God Clan with space gems.

Therefore, these two guardians did not notice anything unusual at all.

At this time, Ye Feng took two guardians and left the dormitory area of the eldest lady of the Guangming God Clan.

Ye Feng's mood is very smooth now.

Because Ye Feng's great revenge was avenged.

I felt bad for Uncle Nan.

Ye Feng's grudges with the Chaos God Clan are mainly with the Prince of Chaos.

It can be said to be a personal grudge.

However, Ye Feng knew very well that the father of the Prince of Chaos, the God King of Chaos, would definitely be extremely furious if he knew that the Prince of Chaos had died.

So Ye Feng's next plan is to sneak into the Chaos God Clan and see if he can kill the Chaos God King.

Of course, what Ye Feng hopes most now is to see his mother among the Chaos God Emperor.

This is Ye Feng's greatest hope.

\u003c

br\u003e Ye Feng has worked hard to this day, and his inner motivation has always been to reunite his family.

Ye Feng decided to see his mother first, and then see if he could find his father who was fusing the chaos seeds in the emptiness of chaos.

The reunion of the family has always been Ye Feng's biggest motivation.

At this time, Ye Feng took two guardians of the Chaos Prince and quickly walked out of the territory of the Light God Clan.

But just when Ye Feng walked out of the territory of the Guangming God Clan, a middle-aged man wearing a purple robe hurriedly came from behind.

Ye Feng immediately learned from the memory of the Prince of Chaos that this person was the Lord of Light of the Light God Clan.

The Lord of Light didn't know what happened at this time, why the Prince of Chaos left suddenly.

He thought that his daughter had offended the Prince of Chaos, so he immediately walked up to Ye Feng and couldn't help but said in a flattering voice: "Your Highness, what happened to make you leave in such a hurry? Was it because my daughter offended me?" about you?"

Ye Feng just smiled slightly and said aloud: "No, I just had to leave suddenly because of something."

When the God of Light heard what Ye Feng said, he immediately breathed a sigh of relief and said, "Don't you, Your Highness, want to live here for a while longer?"

"No."

Ye Feng waved his hand casually, then left the place with the two guardians, and disappeared into the distance in the blink of an eye.

...

Three days later, Ye Feng followed the two guardians and successfully arrived at the place where the Chaos God Clan lived.

Sure enough, the place where the Chaos Gods live is very hidden, and it is actually in a paradise among the mountains.

The surrounding environment is extremely good, with green mountains and beautiful waters, it looks like a fairyland.

At this time, Ye Feng could not wait to see his mother.

The first thing Ye Feng did when he came back was to directly ask the guardian beside him, "Where is Gu Youruo now?"

Gu Youruo is naturally Ye Feng's mother's name.

The guardian spoke up and said

: "Gu Youruo has now awakened the most powerful talent of the ancient Chaos God Emperor, and this woman will have a huge effect on the Chaos God King in the future. It is best not to provoke her, young master."

Ye Feng smiled and said: "I won't provoke her, I just want to see her."

Although the guardian found it strange, he still told the place where Gu Youruo lived.

It was an independent palace, floating high in the sky above the base camp of the Chaos Gods.

Ye Feng resisted the impulse in his heart and said with a very calm expression: "Okay, I understand. I will go visit by myself next, so don't follow me."

"Yes, young master."

The two guardians immediately nodded.

After all, in the base camp of the Chaos God Clan, they are not afraid of any danger that the Prince of Chaos will encounter.

Uh-huh!

Ye Feng soon arrived at the door of the palace the guardian mentioned.

At this moment, looking at the antique palace in front of him, Ye Feng's feelings were very complicated for a moment, with a sense of expectation, sadness, and a very relaxed feeling.

But in the end, Ye Feng took a deep breath and walked directly into the palace.

On the way, Ye Feng had already dispelled the disguise of the Prince of Chaos, revealing his true self.

The moment Ye Feng stepped into the palace, he saw a gentle woman in black clothes, floating inside the palace, exuding the light of chaos, and seemed to be practicing.

Ye Feng's eyes immediately turned red when he saw the woman in black for the first time.

It's my mother.

Exactly the same as in childhood memories.

"Buzz!"

At this moment, she seemed to be aware of it, and the woman in black in mid-air also opened her eyes.

The moment he saw Ye Feng for the first time, a trembling meaning flashed across his unfathomable eyes.

"Feng'er..."

Gu Youruo never expected that her son, who was still young and weak in her impression, would suddenly appear in front of her.

"mother....."

Ye Feng just made a sound, and then jumped directly into the other person's arms, feeling the long-lost warmth.

This is from my mother

Warmth cannot be replaced by anything.

"Feng'er, I'm suffering."

Gu Youruo didn't ask Ye Feng how he came here, but she knew that Ye Feng must have suffered countless hardships to be able to walk in front of her at this time like no one else.

"Feng'er, I didn't expect you to reach this point so quickly." Suddenly, at this moment, a voice that made Ye Feng unexpected sounded.

From the palace not far away, a majestic middle-aged man walked out.

It turned out to be Emperor Ye Qing!

"Father, you...why are you here?"

Ye Feng was stunned when he saw his father walking inside the palace.

Didn't my father fuse the chaos seeds of the Chaos God Emperor in the endless chaos?

How could it appear among the Chaos Gods?

"Brother, is this your son? He is indeed a member of our Ye family. His talent is powerful. At such a young age, he has reached the peak of the divine realm."

Suddenly at this moment, another voice sounded.

It was a young woman's voice.

A young and beautiful woman in green clothes walked out of the palace. Her aura was unfathomable, and her beautiful eyes were looking at Ye Feng curiously.

"Who is she? Why do you call your father the eldest brother? It seems that your father was an only child in the Creation Dynasty back then?"

Ye Feng was immediately confused.

Uh-huh!

At this time, the young and beautiful woman in Tsing Yi had already arrived in front of Ye Feng. She stretched out a pair of jade-like hands and pinched Ye Feng's face, like a child's face. Same, he said with a smile: "Kid, you don't know who I am, do you? I am your biological aunt, my name is Ye Qinglan, Xiao Fengzi, please call me aunt!"

aunt?

Ye Feng was completely shocked.

When did my father have a biological sister?

Gu Youruo patted Ye Feng's head dotingly and said with a smile: "Feng'er, she didn't lie to you. She is really your aunt. However, she is not from the God Realm, but from The Ye family originated from the big world. This is related to the true origin of your father. Your father will tell you about this in detail next. "

Chapter 2992 Ye Family Crisis

At this time, Ye Feng was still a little confused. After all, he suddenly saw so many people whom Ye Feng had never expected.

In addition to his mother, his father is also here, and he also has a close aunt.

This was really something Ye Feng didn't expect.

At this time, Ye Feng did not doubt the identity of the young and beautiful woman in Qingyi in front of him. .??.

Because with Ye Feng's current terrifying cultivation level, he has long been able to sense the blood connection.

There is indeed a blood connection between himself and the young woman in green clothes in front of him.

This is definitely one of my own relatives.

At this time, Ye Feng couldn't help but said: "Auntie."

Hearing Ye Feng call her aunt, Ye Qinglan's young and beautiful face suddenly showed a happy look. She couldn't help but touched Ye Feng's head vigorously and said loudly: "Xiao Fengzi is so obedient, I also have a nephew." , Great! This feels so good, our Ye family has a daughter."

When he said this, Ye Qinglan took out the shining weapons, armors, elixirs, etc. directly from his storage ring, and stuffed them all into Ye Feng's hands, like an adult giving candy to a child. Eat the same.

Ye Feng smiled helplessly. This aunt of hers really regarded herself as a child and gave herself so many gifts.

"Um?"

But at this moment, Ye Feng suddenly saw a very special thing among this pile of things.

That's a talisman.

A special flame totem is carved on it.

It felt to Ye Feng that it contained a very terrifying power of fire.

"This is... the Flame Ancestral Talisman!"

Ye Feng's eyes suddenly lit up.

You must know that each of the ancestral symbols in the world is unique, very special, and contains very terrifying energy.

Ye Feng had obtained two ancestral talismans before, namely the thunder ancestral talisman and the ice ancestral talisman.

Unexpectedly, I got another Flame Ancestral Talisman now.

It is said that if all the ancestral symbols in the world are gathered together, it will be a very terrifying combined super magic weapon that can explode with terrifying and boundless energy.

Ye Feng couldn't help but said: "Auntie, you just gave this flame ancestral talisman to me?"

Ye Qinglan heard this and smiled nonchalantly and said: "These things are all the gadgets I got after searching for my brother in the God Realm for so many years. Sometimes I encountered some enemies and killed them. , if you want it, I'll give it all to you. After all, aunt, I can't do anything when I see you, my eldest nephew, for the first time.

There are no greeting gifts, and these gadgets are not valuable. When you get to the Ye family in the world of origin, your grandfather will definitely love you more. After all, you are the only son of the eldest brother and the only heir of the third generation of our Ye family. "

Ye Feng was stunned and said, "Do I still have a grandpa?"

"certainly."

Ye Qinglan said aloud: "Your grandfather is the head of our Ye family of this generation and is in charge of the entire Sea of Chaos."

At this time, before Ye Feng could say anything else, Emperor Ye Qing walked up to Ye Feng and said in a serious voice: "Feng'er, I know you must have many questions, I will tell you slowly, don't be anxious. "

"First of all, I am indeed the Ye family from the 'Sea of Chaos' in the Great World of Origin. Our Ye family is an ancient hidden clan in the Great World of Origin. Perhaps the family's power is not very powerful in the Great World of Origin, but it has the power of Nine Heavens and Ten The most noble and ancient Hongmeng bloodline in the world."

"However, more than 3,000 years ago, our Ye family encountered an unprecedented crisis of genocide. That crisis came from a super mysterious and powerful dark force in the Origin World called the 'Dark Heaven'. The Dark Heaven wanted to occupy our Ye family. The Sea of Chaos where we live, because the Sea of Chaos is a very special paradise and a super magic weapon of heaven and earth, our Ye family will naturally not give it up. "

"Your grandfather Ye Qingcang led countless masters of the Ye family to fight fiercely against the Dark Heaven, and finally successfully resisted the invasion of the Dark Heaven. However, our Ye family also suffered heavy losses, and your grandfather fought against the Dark Lord of the Dark Heaven. , suffered a huge blow."

"In order to cope with the next invasion of the Dark Heaven, I, the young master of the Ye family, with the efforts and spellcasting of many super strong men of the Ye family, was able to have my cultivation level sealed, and even my original memory, to avoid this cave world. He was secretly sent into the cave world of the Chaos God Emperor in order to find the chaos seeds left behind after the Chaos God Emperor's death. "

"My memory was not unsealed before, and the first cosmic will that was fused in a daze was the Chaos Seed. I thought it was my good luck, but in fact it was just because the god-level Hongmeng bloodline of the Ye family contained in my body was Hongmeng. The bloodline of the Lord somehow sensed the will of the first universe and was a seed of chaos, so it was fused."

"Now your aunt has descended into this cave world in order to find me and restore my original memory. That's why I know all this and came to look for your mother. It turns out that there is nothing big about your mother. Danger, I actually just came to Chaos

The Gods didn't last long. "

...

When Ye Feng heard what his father said, he suddenly realized that his father had such a mysterious origin.

Ye Feng has long known that the Longyuan Continent where he was back then, then the spiritual world, then the great world, and the current divine world are actually the cave world left by an ancient master called the Chaos God Emperor. .

Unexpectedly, his father's true origin was a hidden ancient clan in the Origin World. He secretly entered this cave world in order to find the Chaos Seed of the ancient ruler, the Chaos God Emperor, and after fusion, obtain the Chaos God Emperor's inheritance.

In this case, Emperor Ye Qing had two powerful master bloodlines at the same time, one was the Hongmeng master bloodline of the Ye family, and the other was the Chaos master bloodline of the Chaos God Emperor.

In this case, Emperor Ye Qing's achievements could even surpass that of the previous head of the Ye family, Ye Qingcang, thus protecting the entire Ye family from the invasion of the dark heaven.

"Now, more than three thousand years have passed."

Emperor Ye Qing said aloud: "The passage of time in the Great World of Origin is different from that of the Dongfu World where the God Realm is located. The three thousand years in the Dongfu World are only about three years in the Great World of Origin. Therefore, now I have successfully found the Chaos Seed. I must go back to the Origin World, return to the Ye Family, and help the entire Ye Family fight the bloody battle with the Dark Heaven."

Ye Feng said aloud: "Take me with you."

"no!"

Gu Youruo, who had been silent until now, suddenly spoke up: "That kind of war is not something you, Feng'er, can participate in now. It would even be a battle at the master level. If you go there, you will die."

Emperor Ye Qing also nodded and said aloud: "Feng'er, you are actually the strongest talent, because your mother was originally the only blood descendant of the Chaos God Emperor in this cave world, and Feng'er you are Awakening the most powerful divine art that the entire Chaos God Clan cannot awaken, the Chaos Heavenly Emperor Art, your future will have infinite possibilities, but now it's too late. I need to go back to the origin with your mother and your aunt immediately. The Ye family in the big world are fighting. Feng'er, your cultivation may be at the peak in the God Realm, but in the origin world, your cultivation is still too weak. I can't take you back to the current crisis. Ye family, you still need to grow up."

Ye Qinglan suddenly walked up to Ye Feng at this time, stretched out his hand and patted Ye Feng's shoulder, smiled beautifully, and said: "Xiao Fengzi, it's not that my aunt is cruel, it's because I really can't take you back to Ye's house now, and you are repairing now Because you have not yet broken through to the realm above the Heavenly Punishment Realm, you cannot directly enter the Origin World, otherwise you will be crushed by the power of the world in the Origin World.

Therefore, when you can go to the Origin World, you must practice hard and improve your cultivation first. Don't rush back to the Ye family for the time being. I will contact you when my elder brother, sister-in-law and I go back and resolve all the crises this time. , our family will reunite again. "

Buzz!

After finishing speaking, Emperor Ye Qing took one last look at Ye Feng, patted Ye Feng's shoulder, and said with a sigh: "Feng'er, keep working hard."

"Feng'er."

At this time, Gu Youruo's eyes were red, and she hugged Ye Feng and said with some tears: "Feng'er, don't blame me for leaving you just after we met, because we also have our responsibilities and obligations. Go and finish."

Ye Feng felt the warmth of his mother at this time, then nodded fiercely and said loudly: "Mother, father, and aunt, don't worry, I am no longer a child, I know the priorities of things, When you go back to the Ye family, you must be careful. When I enter the world of origin, when I am unparalleled in cultivation, I will become the pillar of the Ye family!"

"Okay, okay!"

Emperor Ye Qing patted Ye Feng's shoulder hard and said loudly: "Feng'er, you have grown up! My father is very proud!"

Buzz!

The next moment, Ye Qinglan took out an ancient scroll from the storage ring. After pulling it open, a ray of light instantly enveloped the three people present.

Emperor Ye Qing, Ye Qinglan, and Gu Youruo, who was hugging Ye Feng tightly, disappeared in an instant.

Ye Feng looked at the empty space in front of him, stretched out his hand slightly, but grabbed a piece of nothing. He looked a little disappointed.

But Ye Feng knew that his father and mother were doing this for their own safety.

Ye Feng's eyes showed a deep look of determination and he murmured, "As long as you give me time, one day, even in the Origin World, I can stand at the top. By then, I will be the backbone of the Ye family! I will definitely Become the pillar of the Ye family!"

Ye Feng knew very well that when his father and others went to the Ye family in the Origin World, there would be a very difficult and fierce battle.

"I still have to hurry up and improve my cultivation strength and go to the Great World of Origin. The God Realm can no longer breed more powerful cultivation. I need to enter the Great World of Origin, improve quickly, and then go to the Sea of Chaos to help my father and the Ye family!"

Ye Feng thought in his heart and immediately prepared to leave the Chaos God Clan.

Buzz!

But at this time, a terrifying spiritual will suddenly descended on the palace space where Ye Feng was at this time.

That is the will of the Chaos God King, the controller of the Chaos God Clan!

Chapter 2993 Conquering the Dark Race

Buzz!

The moment the Chaos God King's will came, Ye Feng suddenly felt a huge pressure pressing on himself.

boom!

At this moment, Ye Feng was not afraid and directly burst out his powerful cultivation aura.

Before Emperor Ye Qing left, he did not kill the Chaos God King. He must have left it for Ye Feng to devour.

And Ye Feng's cultivation strength is not afraid of the Chaos God King at all.

"boom!"

At this moment, the God King of Chaos immediately appeared not far from Ye Feng. With a cold look in his eyes, he stared at Ye Feng and said loudly: "Who are you? You can actually know who you are. Are you aware of it appearing within the territory of our Chaos God Clan?"

Ye Feng just smiled slightly and said, "If you don't want to die, just leave as soon as possible."

"presumptuous!"

When the Chaos God King heard what Ye Feng said, he immediately roared angrily: "I am the controller of the Chaos God Clan and the most powerful being in the entire God Realm. How dare you speak to me like this? You are really brave. It's extremely serious. I will kill you today. If you dare to trespass into the territory of our Chaos God Clan, you will only die."

"Chaos Destroying Hand!"

boom! !

The moment the Chaos God King finished speaking, a huge amount of energy was released.

Immediately in front of him, there was endless chaos energy, which condensed into a big chaotic hand and instantly grabbed it in the direction of Ye Feng, filled with the power to cover the sky and the sun.

This big hand of chaos was full of unparalleled pressure and destructive power, making Ye Feng feel suffocated at this moment.

But at this moment, Ye Feng didn't hesitate at all and burst out his extremely powerful chaotic body power.

Then the Six Paths of Samsara Fist struck out fiercely.

boom! !

In an instant, Ye Feng's fist power was blessed and increased hundreds of times, and endless light of chaos burst out in an instant.

boom! !

A terrifying collision sounded immediately.

In an instant, the endless aftermath of the collision destroyed the entire surrounding land with a radius of several kilometers.

And at this moment, Ye Feng didn't even retreat. Instead, he used the force of the backlash to rush directly in front of the Chaos God King, and then fiercely grabbed the Chaos God King's chest with one hand, as if to pull him away. The heart of the Chaos God King was captured.

"Chaos Armor!"

At this moment, the Chaos God King shouted, and a set of very strong and thick Chaos Armor suddenly condensed on the surface of his body.

\u003e Click!

Ye Feng grabbed it with his palm, and even pulled out a huge mark on the Chaos Armor.

But in the end, the body of the Chaos God King was not penetrated.

Obviously, this Chaos Armor is still very strong.

When the Chaos God King saw this scene, his eyes suddenly showed deep horror, and he couldn't help shouting: "How is this possible? The power of your body can actually resist my body of chaos? No!" The power you unleash actually hides a terrifying power of chaos. Who are you? There is no one like you among our Chaos God Clan."

At this time, Ye Feng simply ignored the horrified voice of the Chaos God King. He just smiled coldly and said: "It doesn't matter who I am. The important thing is that you must die today. I can only say that you are thousands of people." You should never mess with me!"

"Chaos Frenzy!"

At this time, the Chaos God King roared loudly, and an endless river of chaos suddenly erupted from his body, forming a frenzy that suddenly covered the entire sky.

Rumble...

This kind of power was so terrifying that the entire earth quickly collapsed in this chaotic frenzy.

The terrifying battle fluctuations seemed to cause huge chaos throughout the Nine Heavens and Ten Earths, and it felt like the earth was falling apart.

I have to say that the Chaos God King is worthy of being the controller of the Chaos God Clan, and he is still very terrifying.

His attack at this time was obviously his most powerful trump card, and he wanted to instantly obliterate Ye Feng, a powerful enemy.

However, facing such a terrifying attack, Ye Feng showed no fear in his eyes and directly released the three extremely powerful ancestral symbols he had obtained.

The Thunder Ancestral Talisman, the Ice Ancestral Talisman, and the Flame Ancestral Talisman just obtained from his aunt Ye Qinglan were all released by Ye Feng at this moment.

The three ancestral symbols directly formed a triangle shape at this moment.

The three Ancestral Talisman united together, secretly activating the most terrifying power among the Ancestral Talisman, and directly formed a triangular Ancestral Talisman field, imprisoning the Chaos God King in it.

The chaotic frenzy released by the Chaos God King is unable to impact the ancestral talisman field released by Shattered Ye Feng at this moment.

The Chaos God King was directly imprisoned in the realm of the three ancestral symbols.

And at the next moment, Ye Feng didn't waste any time and directly bombarded himself.

The most powerful inheritance ever received.

That is, the Red Dragon Divine Palm obtained from the ancient tomb of the Red Dragon Emperor.

Rumble...

At this moment, Ye Feng slapped him, and his slap suddenly turned into a huge red dragon, full of unparalleled dragon power and destructive power.

boom! !

All of a sudden, a huge red dragon fell from the sky, and instantly bombarded the area in the distance that was imprisoned by three ancestral symbols.

"ah!"

The Chaos God King screamed, and his whole body was shattered inch by inch, being beaten to pieces by the Red Dragon Divine Palm.

Buzz buzz...

The Chaos God King wanted to quickly reorganize his body, but how could Ye Feng fulfill his wish?

Uh-huh!

At this moment, Ye Feng rushed directly in front of the broken body of the Chaos God King, and suddenly released the Devouring Domain.

boom!

The terrifying darkness devoured the field in an instant, directly breaking the body fragments of the Chaos God King. They were all shrouded in the infinite dark field, and then quickly absorbed the energy from the Chaos God King's broken body.

A horrified voice suddenly came out from the fragments of the Chaos God King's body: "This is impossible! How could you possess such terrifying devouring ability! No creature in the world can contain my Chaos Divine Power. Ordinary warriors, If you absorb even a trace of my chaotic power, you will explode and die. Why can you contain my chaotic power?"

"You can keep these questions for yourself and ask the King of Hell."

Ye Feng just smiled faintly, and then instantly increased the power of the Devouring Domain, directly absorbing all the energy from all the body fragments of the Chaos God King.

"boom!"

"boom!"

"boom!"

At this moment, Ye Feng's cultivation aura directly broke through the third level of heaven.

From the first level of the Heavenly Punishment Realm, he was directly promoted to the fourth level of the Heavenly Punishment Realm.

And the Chaos God King also completely fell.

Ye Feng had previously learned from his aunt Ye Qinglan that the world power of the Origin World was very powerful.

If one does not break through to a realm above the Heavenly Punishment Realm, it is very likely that the body will be crushed by the power of the world in the origin world.

After all, Ye Feng has grown up in the cave world where the God Realm is located since he was a child, so Ye Feng's cultivation must break through the Heaven Punishment Realm before he can enter the Origin World.

Therefore, Ye Feng still has to find the same level of power to swallow

Eat, and strive to let your cultivation level break through to a realm above the realm of heavenly punishment.

Ye Feng still doesn't know what the realm above the Heavenly Punishment Realm is.

After all, the most powerful realm in the God Realm is the Heavenly Punishment Realm.

The Chaos God King who had just fallen was only in the tenth level of the Heavenly Punishment Realm and the Great Perfection.

This made Ye Feng quite disappointed.

Ye Feng originally thought that the Chaos God King might be in a realm above the Heavenly Punishment Realm, but in the end he discovered that it was only the tenth level of the Heavenly

Punishment Realm. It was just the physical strength and means, which were much stronger than ordinary Heavenly Punishment Realm experts. Few, so Ye Feng spent some time to kill him.

"It seems that there is really no realm above the realm of heavenly punishment in the divine realm."

At this moment, Ye Feng released his huge soul power and scanned the entire Chaos God Clan family, but did not find any aura above the Heavenly Punishment Realm.

Therefore, those old monsters among the Chaos Gods who have survived for countless years may not be strong enough to be above the Heavenly Punishment Realm.

This discovery made Ye Feng quite disappointed and left the area where the Chaos Gods were.

When Ye Feng left the area where the Chaos God Emperor was, Ye Feng suddenly felt a little confused.

Where should I go?

But at this moment, suddenly there was a huge roar in the distance.

Ye Feng's eyes instantly moved and he flew quickly in that direction.

When Ye Feng came to the place where the roaring sound was heard, he immediately saw a super power of the human race fighting a large group of dark race armies under a huge city wall.

It was an extremely tragic battlefield.

Ye Feng then remembered that the entire God Realm was still facing the crisis of invasion by the dark race.

At this time, Ye Feng seemed to have thought of something, and his eyes suddenly lit up: "There must be very terrifying superpowers among the dark races. Maybe I can go to those dark races to devour them, and on the one hand, I can also supplement my own." On the other hand, the power of cultivation can also solve the crisis of the dark race for the entire God Realm and gain peace."

With Ye Feng's current cultivation strength, he can indeed fight against the dark race.

In the past, when Ye Feng was practicing in the God Realm, he still had the idea that "if the sky falls, a tall man will hold it up".

But now Ye Feng suddenly looked back and realized that he had become the "tallest" being in the God Realm.

"Conquer the Dark Race."

With a thought in Ye Feng's mind, his whole body exuded divine light, and he directly descended into the vast battlefield in the distance.

Chapter 2994 Sweeping across the God Realm

Lieyan City is the guardian city of the Lieyan God Clan. It is extremely towering, majestic, and boundless.

But now, the prosperous Flame City is being attacked brutally by countless armies of the dark race.

Because although the Flame God Clan is also among the top 100 God Clan, it ranks relatively low, so its overall strength and foundation are not very strong.

In the early morning of this day, the originally peaceful Flame City never imagined that the Black Dragon Demon Lord among the dark races would suddenly lead an army of tens of millions of dark races to suddenly attack and attack their Flame City.

Therefore, in the rush, Lieyan City suffered heavy losses. Fortunately, several supreme elders from the Lieyan God Clan came to Lieyan City and temporarily stabilized the situation.

But everyone is also worried.

Because this time the dark race army brought by the Black Dragon Demon Lord was really terrifying.

Moreover, the Black Dragon Demon King himself is also a top-level superpower of the dark race, comparable to a god-lord level figure among the gods.

Therefore, the entire Raging Flame City can be said to be in danger, with a row of huge city walls on the outside almost collapsing.

"City Lord, look! A god from our human race is coming!"

But at this moment, in the entire city of flames, everyone suddenly saw a figure radiating light appearing high in the sky.

This figure radiating light was naturally Ye Feng.

Ye Feng had just left the territory of the Chaos Gods and happened to encounter this war between the human race and the dark race.

Moreover, Ye Feng also sensed from this battlefield that a powerful figure at the level of a God Lord should be a leader-level existence among the dark races.

So Ye Feng came here, because here is the powerful energy of the dark race commander that he needs.

"Which strong man from the human race is he? I don't seem to have offended you, right? Why did you come here to stop my war?"

At this time, a black dragon tens of thousands of meters long appeared on the battlefield in an instant.

This was the Black Dragon Demon Lord. He looked in the direction of Ye Feng and said loudly: "Your Excellency, you should leave here as soon as possible. If you and I fight, no one knows the outcome, and both sides will definitely suffer."

"Both sides suffer?"

When Ye Feng heard what the Black Dragon Demon Lord said, he immediately smiled and said, "You think too highly of yourself. Are you willing to harm both of us?"

"Arrogant!"

At this time, the Black Dragon Demon Lord couldn't help shouting in anger, and then the huge and majestic black dragon body suddenly rushed in front of Ye Feng, and directly stretched out a dark dragon claw that covered the sky and the sun. , to tear Ye Feng into pieces directly.

"boom

! "

But at this time, Ye Feng didn't even blink and punched out hard.

A terrifying punch power, like a light reaching the sky, instantly burst out from Ye Feng's fist.

It was like a beam of light reaching the sky, instantly piercing the head of the Black Dragon Demon Lord.

Boom! !

The huge and majestic body of the Black Dragon Demon Lord suddenly fell directly from the sky to the earth, killing an unknown number of the dark race's army below in an instant.

Black Dragon Demon Lord, die!

"What?"

"Killed the Black Dragon Demon Lord with one punch??"

The countless human masters in the surrounding Flame City saw this scene with deep horror in their eyes.

They never thought that the human being who was radiating light could possess such terrifying strength.

Even the top super strong men like the Black Dragon Demon Lord were killed in an instant.

This kind of strength is really terrifying.

Even if the Lord of the Flame God Clan comes, he can't do this at all, right?

However, at this moment, Ye Feng, who was high up in the sky, had an extremely calm look in his eyes, as if he had just done a trivial thing.

After all, even the Chaos God King, the top three Chaos God Clan among the top 100 God Clan, was suppressed and killed by Ye Feng.

Not to mention ordinary Heavenly Punishment Realm powerhouses like the Black Dragon Demon Lord.

Naturally, there is no way to stop Ye Feng's terrifying combat power.

Ye Feng's crushing was completely one-sided.

Because Ye Feng can be said to be one of the most powerful beings in the world of gods.

Next, Ye Feng directly released the Devouring Domain.

"boom!"

Suddenly, Ye Feng's body directly released a dark devouring field, covering the entire body of the Black Dragon Demon Lord.

"Crash..."

Immediately, Ye Feng felt huge waves of dark energy being sucked out and then injected into his body.

Ye Feng's skill immediately began to increase rapidly at this moment.

But what made Ye Feng's face look a little gloomy was that his cultivation realm had not even broken through to the first level.

"Sure enough, it was

My one-punch kill is still not enough. It doesn't provide much energy. The Chaos God King is better. It provides me with a lot of energy and allows me to break through the third heaven in a row. It seems that I still have to kill the more powerful darkness. The leader of the race. "

Ye Feng, who killed the Black Dragon Demon Lord, left cursing.

A stunned crowd was left behind.

...

In the next six months, Ye Feng, with his invincible appearance, crossed most of the God Realm and killed a total of seventy-two demon kings and demon emperors of the dark race, making the whole God Realm boil.

Countless armies of darkness receded like the tide. Ye Feng was so frightened that they all fled back to their hometowns and all the major dark interfaces.

The dark race crisis that originally threatened the entire God Realm was completely resolved by Ye Feng in half a year.

Because, all the commanders of the dark races, the so-called demon kings and demon emperors, were all killed by Ye Feng like chopping melons and vegetables.

The dark race was leaderless, so they had no choice but to withdraw from the big stage of the God Realm and flee back to their hometown. They were probably scared out of their wits. ??

And Ye Feng's record shocked and shocked countless races in the entire God Realm.

Because in their God Realm, there has never been a being with such incredible combat power. It is really terrifying.

...

At this time, in a dark canyon.

Ye Feng killed and devoured the last demon king of the dark race who escaped.

A total of seventy-three demon king level creatures.

In the past six months, Ye Feng's cultivation level has accumulated and improved rapidly, breaking through to the current tenth level of the Heavenly Punishment Realm and the Great Perfection state!

At this time, Ye Feng was only one step away from breaking through to a realm above the Heavenly Punishment Realm and heading to the Origin World.

But at this last step, Ye Feng couldn't break through.

In fact, when Ye Feng devoured the sixtieth Dark Lord, he had already reached the tenth level of the Heavenly Punishment Realm and reached the Great Perfection.

But then thirteen more Dark Lords were devoured, and Ye Feng failed to take the final step.

Ye Feng knew that the energy of creatures at the level of the Heavenly Punishment Realm had no effect on improving his cultivation skills.

"Perhaps it's time to explore the forbidden areas of life that have been passed down from ancient times in the God Realm."

Ye Feng couldn't help but murmur at this moment.

The land of the gods is vast and endless.

On the surface, the territory of the super gods is the most forbidden to trespass.

But in fact, the most terrifying things on this land are the forbidden areas of life that have existed since ancient times.

In the spiritual world of the gods, the most tabooed things are those forbidden areas of life. They are like taboo places. Even the holy masters of major holy places or some super gods do not dare to set foot. Those forbidden areas of life.

Because it is said that in those forbidden areas of life, there exist demons or gods who survived the mythical era.

Once upon a time, there was an old god-lord from the top-ranked Thunder God Clan. His life was about to end, and he wanted to enter the restricted area of life to find a way to extend his life.

As a result, just after the powerful old God Lord of the Thunder God Clan entered the restricted area of life, everyone only heard a scream outside, and the old God Lord disappeared.

As a result, three days later, someone saw that in the outer area of the restricted area of life, the old God Lord's flesh and blood had withered, and he was abandoned in the barren mountains. His old face before death was still full of endless fear. , I don't know what I saw.

Since this incident, all practitioners in the God Realm have long regarded the restricted area of life as the most terrifying place, and no one dares to set foot in it.

Even if the army of dark races invades the land of God Realm, these unscrupulous dark races will not dare to enter the restricted area of life.

It can be seen from this that how terrible these forbidden areas of life are. They are really forbidden areas of the gods. No living creature can enter them, otherwise they will suffer a horrific death.

But now, in order to break through the final bottleneck and enter the world of origin, Ye Feng can only enter the most mysterious and terrifying restricted area of life to find a way to break through.

Of course, Ye Feng also has this confidence.

You know, Ye Feng is now respected by countless practitioners in the God Realm as the number one person in the God Realm.

Moreover, within half a year, Ye Feng killed seventy-three Dark Demon Lords and Dark Demon Emperors, almost sweeping across the God Realm!

Therefore, Ye Feng feels that his current combat power has reached the most powerful level in the God Realm since ancient times. It can be said that it is unprecedented, and it is definitely the most powerful combat power in the Heavenly Punishment Realm.

Therefore, Ye Feng decided to break into the restricted area of life.

"The God Realm is vast and endless, but there are only seven restricted areas of life. Let's first take a look at the restricted area of life that is closest to me at this time, the 'Mountain of Death'."

Ye Feng murmured at this time, jumped up instantly, and quickly crossed the void in a certain direction.

Ye Feng was thinking in his heart, whether he could truly be called a sweeper of the God Realm would depend on the outcome of his trip to the restricted area of life.

Chapter 2995 Clearing the restricted area of life

The Mountain of Death is one of the seven forbidden areas of life in the God Realm. It is very terrifying.

An old god-lord from a super-god race who had reached heavenly cultivation entered it in order to save his life. As a result, he died three days later in the wilderness, making it a taboo place for countless monks.

But this morning.

Buzz!

Ye Feng's whole body exuded infinite divine light, and his life breath was huge and boundless, and he landed directly on the edge of the Death Mountain. ??

After taking a look at this one of the seven restricted areas of life, Ye Feng stepped directly into the Death Mountain without any hesitation.

This movement instantly attracted the attention of countless cultivators from the surrounding forces.

Everyone was extremely horrified, as if they did not expect that after tens of millions of years, there would be people who were not afraid of death and dared to break into the restricted area of life.

But when everyone saw that it was Ye Feng, a ruthless man who had killed countless dark races in the God Realm, their inner thoughts suddenly changed.

"Perhaps, the strongest man in our human race since ancient times can really stay safe and sound in the restricted area of life."

Someone couldn't help but murmur.

"It's impossible. The seven restricted areas of life are handed down from the age of mythology. Among them are gods or demons from ancient times. In our era, the glory of the mythical era has long been lost. It is impossible for strong men to be born who transcend those terrifying existences in the restricted areas of life. "

But some old people couldn't help but sigh, feeling that Ye Feng, currently the strongest man in the God Realm, would definitely die in the restricted area of life.

But on the second night.

There was a "boom"!

A loud noise suddenly sounded in the dark night, dumbfounding everyone around the Life Zone who were ready to watch the show.

In everyone's field of vision, Ye Feng, radiating bright divine light, was chasing a dark knight riding a headless horse.

"Is that the Death Knight in the Death Mountain? It seems that it was this Death Knight who killed the old God Lord back then!"

Everyone was shocked to the extreme.

I didn't expect Ye Feng to be so powerful, directly chasing down the death knights in the Death Mountain.

"boom!"

And at the next moment, Ye Feng directly blasted out the Red Dragon Divine Palm. A huge red dragon burst out from the center of Ye Feng's palm, bursting out with overwhelming power and shattering the death knight in one fell swoop.

Then, Ye Feng reached out to grab the broken body of the death knight and took it out, a gem that exuded a rich light of death.

This gem exuding a rich light of death is the core of this death knight and contains the power of the entire death knight.

Before Ye Feng entered the Death Mountain, he was directly warned by the death knight not to enter the Death Mountain.

And this death knight was ready to kill Ye Feng directly.

But this death knight messed with the wrong person.

Ye Feng's combat power is really too powerful.

Even the death knight couldn't help but escape quickly.

But his body was still broken into pieces by Ye Feng.

"boom!"

At this time, Ye Feng opened his mouth and swallowed the death stone dropped by the death knight.

Suddenly, Ye Feng felt a very rich and huge power of death, which instantly filled his entire body.

Ye Feng could feel that his skill level had reached a state where he was about to break through.

This made Ye Feng's eyes immediately show joy.

Sure enough, the energy of the Lords of the Forbidden Zone who survive in these Life Forbidden Zones is simply too terrifying, and it is very advanced. It is many times better than the Dark Lord and Dark Emperor of those dark races, and contains rich energy and nutrients.

Uh-huh!

After Ye Feng killed the death knight in the Death Mountain, he directly left this life forbidden area and headed towards the second life forbidden area.

When everyone saw Ye Feng leaving, they were all stunned.

Because they discovered that the other direction Ye Feng went to seemed to be the location of another life restricted area that was relatively close to here.

"Is this terrifying guy really going to sweep through the entire restricted area of life?"

"If this is really the case, this powerful man who does not know his identity or name can definitely be called the number one person in our God Realm!"

"Conquer the dark race and kill seventy-three dark demon kings. If you can sweep across the seven restricted areas of life again, you will definitely be the number one in the eternity of my God Realm!"

...

At this moment, countless people around him couldn't help but scream in surprise.

Many monks couldn't help but follow Ye Feng's direction.

And just when they arrived at the second Life Forbidden Zone, "The Tomb of the Meteor God," they found that the entire Life Forbidden Zone had been shattered into pieces, and it seemed that an earth-shattering battle had just occurred.

"That is....."

At this time, everyone saw a black giant with a shriveled body, lying in the ruins of the earth, losing all energy, and the scene was horrifying.

"Is that dead black giant the master of the restricted area in the Tomb of the Meteor God?"

"Die so soon? That human warrior is too powerful!"

"horrible!"

Everyone who had chased him here was trembling with shock at this moment.

And the next whole month and a half.

The entire God Realm was boiling again.

Because all the seven forbidden areas of life in the God Realm were wiped out by Ye Feng, a mysterious fierce man.

It really shocked countless people.

"This senior is truly the number one person in the eternity of my God Realm!"

The title of the first person in all time.

Since then, it has been passed down throughout the God Realm and became the God Realm

The most widely known and talked about legend of the earth.

And just when Ye Feng had become a legend in the minds of all the races in the God Realm.

Ye Feng was alone and had arrived in Tianwaitian.

After Ye Feng wiped out the seven forbidden areas of life and swallowed the energy of the masters of the seven forbidden areas, he finally allowed himself to completely transform, completely breaking through the Heavenly Punishment Realm and stepping into the Kaioh Realm above the Heavenly Punishment Realm!

The Kaio realm is a new and powerful level.

The moment Ye Feng broke through to the Kaio realm, the energy aura emanating from his body fluctuated, almost causing the entire vast land of hundreds of millions of square meters in the God Realm to collapse.

This made Ye Feng immediately understand that the land of the God Realm could not accommodate the powerful people above the Heavenly Punishment Realm.

In just a few minutes, Ye Feng went to all the major interfaces and places where he had cultivated before, such as the spiritual world, the ancient continent, etc., and met many of his old friends and friends, and made sure that they were all cultivating with peace of mind. Feng was relieved.

In addition, Ye Feng made a special trip to see Uncle Nan.

Uncle Nan wants to go to the Origin World with Ye Feng, but Uncle Nan's current cultivation strength cannot enter the Origin World. Only by stepping into the Kaio Realm above the Heavenly Punishment Realm can he withstand the power of the Origin World. .??.

In this regard, Ye Feng promised that when he reaches the Origin World, grows into an unparalleled powerhouse, and solves the Ye family's crisis, he will take Uncle Nan to the Origin World to retire and reunite with his father and mother.

After all, Uncle Nan, an old servant, had protected Ye Feng for more than three thousand years and was the closest person to Ye Feng besides his parents.

Now that the crisis in the God Realm has been lifted, the dark race has been sent back to their hometown by Ye Feng, and the restricted area of life has been cleared by Ye Feng. Uncle Nan is quite safe in this cave world for the time being.

In this regard, Uncle Nan told Ye Feng to be careful when going to the Origin World. After all, there were too many powerful people in the Origin World.

After chatting with Uncle Nan for a while, Ye Feng found that the aura of his cultivation fluctuated, causing the entire world to collapse.

Ye Feng said nothing more. After saying goodbye to Uncle Nan, he broke through the interface barrier in an instant and entered Tianwaitian, an interface composed of countless chaotic fragments.

Uh-huh!

Ye Feng went directly to the forbidden place in Tianwaitian that he had visited before, and once again met the mysterious woman from the origin world, Qin Susu.

Qin Susu, a Yiyuan Dao Sect from the Eastern Region of the Great World of Origin, once made an agreement with Ye Feng, asking Ye Feng to carry the token Phoenix Feather and enter the Yiyuan Dao Sect.

At this time, Ye Feng met Qin Susu again. The master of the Phoenix Temple from the Yiyuan Dao Sect was still sitting on the lotus platform in mid-air. He was exuding a hazy divine light and looked like the goddess of the Nine Heavens. She was very sacred. .

At this moment, Ye Feng stepped into the Realm King Realm and discovered how powerful this Qin Susu was. It was simply unfathomable.

The Lord of the Taboo she suppressed, the tall bull in the abyss

The demonic shadow is equally terrifying and cannot be provoked by him temporarily.

So at this time, Ye Feng honestly clasped his fists and said: "Senior, I have completed everything, and now I can carry out the original agreement with senior."

"Um."

Qin Susu opened her eyes in mid-air, stared at Ye Feng below, with a look of surprise in her eyes, and said: "Your cultivation has actually broken through to the realm of kings? In this small cave world where the laws of heaven are broken In the middle, you were able to break through the upper limit of your cultivation level and enter the Kaio realm. It seems that your understanding is extremely good and your talent is unparalleled."

When Ye Feng heard this, he just smiled and didn't say much. He couldn't tell Qin Susu that he relied entirely on devouring a large amount of food to achieve his breakthrough.

Therefore, all achievements can be attributed to one's own "evil talent".

At this time, Qin Susu seemed to be very satisfied, nodded and said: "I really did not misjudge the person. With a talent like yours, even if you enter the world of origin, even if you start from the starting point, you will definitely do something earth-shattering in the future. "

"Senior is so complimentary."

Ye Feng said aloud: "Senior, is the realm of kings just the starting point in the world of origin?"

Qin Susu shook her head and said: "No, there are mortals in the Origin World, but the innate world power of the Origin World is extremely powerful, so even mortals in the Origin World, once they enter the world you are in The small cave world will turn into a superman with terrifying combat power in an instant. Therefore, your cultivation level will definitely become quite mediocre in the big world of origin, but don't worry, your potential is here, you Being able to enter the big world of origin from this small cave world is like a carp leaping over the dragon's gate. It is equivalent to escaping from your original destiny, and you still have unlimited possibilities in the future. "

When Ye Feng heard this, he immediately clasped his fists and said, "Thank you, senior, for your guidance. I will definitely work hard."

Qin Susu nodded, and then said: "Okay, without further ado, I will send you to the Eastern Region of the Origin World right away. You go to the Yiyuan Dao Sect as soon as possible and bring the strong men from the Phoenix Temple to save me. The Origin World One year is equivalent to a thousand years in this small cave world. Don't let me wait too long."

Buzz!

After Qin Susu finished speaking, she immediately performed a very terrifying secret technique.

A kind of boundless energy surged out of her body instantly.

A ray of divine light penetrated the boundless dark sky, opening up a huge chaotic passage.

"Ye Feng, quickly enter the chaotic passage, I can't last long! You must come back as soon as possible to save me!"

Qin Susu finished speaking.

Ye Feng nodded immediately and said: "Senior, don't worry, junior will definitely come back!"

boom!

The next moment, Ye Feng stepped directly into the vast chaotic passage, disappeared in an instant, and teleported towards the vast and endless world of origin, the highest level world!

Chapter 2996 One Yuan Dao Sect

Following a very long period of severe dizziness, Ye Feng finally opened his eyes.

Ye Feng only felt that he had been advancing in the chaotic passage for several days before he finally completely left the small world of Dongfu World and entered the real big world, the big world of origin!

Buzz!

At this time, Ye Feng opened his eyes and found that he was lying on a piece of extremely green land.

There are trees growing all around that reach into the sky. They look very majestic and vast, and the earth is vast and endless.

Moreover, Ye Feng clearly felt that he was under a very terrifying pressure at this time.

It's like being in endless mercury!

Action is extremely difficult.

The space in the entire Origin World was extremely viscous, causing Ye Feng's mobility and pressure to increase dramatically.

Ye Feng immediately understood. It seemed that the Great World of Origin was the real and complete world. The way of heaven, rules, laws, etc. were all very complete and sound, so the power of the world was extremely terrifying.

If he hadn't entered a very high Kaio realm, with the power of his body bred from the small world, he might have been crushed by the power of the world in the big world of origin.

At this time, Ye Feng somewhat understood what Qin Susu said before. Some mortals born in the big world of origin, if they enter a small interface like the cave world, may really become superhuman beings in an instant.

Because their innate physiques have been horribly nurtured by the power of the world that originated from the big world. Even if they don't practice, their bodies will be like saints in the small world.

At this time, Ye Feng took a deep breath and carefully let go of his senses to sense the various energies and breaths of this new world.

Ye Feng can feel that the Origin World is the real vast and endless world, filled with an unparalleled huge area, and cannot sense the world at all.

Where is the edge?

Moreover, the world power of the Great World of Origin is extremely stable, and it is a truly great world that will last forever.

After Ye Feng carefully sensed it, he found that the aura of the entire world of origin contained a kind of origin power, which was the source power in the original stone, which was of great benefit to cultivation.

For Ye Feng, in the God Realm of Dongfu World, it is almost impossible to rely on the spiritual energy of heaven and earth to improve his skills.

But in the Origin World, Ye Feng found that he had absorbed a lot of the Origin Power contained in the air of the Origin World, and his skill was slowly increasing.

This surprised Ye Feng very much.

Sure enough, the origin world is indeed the supreme world, capable of giving birth to very terrifying creatures, and even more powerful realms.

At this time, Ye Feng sensed for a moment and did not waste time. Instead, he directly took out the phoenix feather that Qin Susu had given him before, and then quickly flew towards the distance according to the direction pointed by the phoenix feather.

After all, Ye Feng knew very well that he still had unfulfilled promises, so he should hurry up and find the Yiyuan Dao Sect first.

Swish, swish, swish...

Ye Feng kept flying at this moment, even activating space gems to open up space wormholes to make himself faster.

But Ye Feng discovered that it was difficult for space gems to open space wormholes. It was not as easy as in the cave world.

Sure enough, the world power of the Origin World is extremely stable, and even the space gem requires a lot of effort to break through the space.

Ye Feng knew that there were real dominator-level figures in this world.

on oneself

Although the Dominion Gem is still a very powerful treasure, it is not the top one.

Among all the heavens and worlds in the previous cave world, the gems of the gods were perhaps the most powerful treasures.

But now that we have come to the origin world, that is not necessarily the case.

After all, the cave world is a world created by the Chaos God Emperor, an ancient master-level powerhouse.

But the great world of origin is the mother world that gave birth to the Chaos God Emperor.

Therefore, the world power of the Origin World naturally exceeds the dominance level figures.

Ye Feng knew that these Dominant Gems on his body were the Chaos Dominant Gems left behind by the Chaos God Emperor. They were unique in the cave world, but in the Origin World, they should not be considered unique.

After all, the Origin World can produce more than one dominating figure.

However, no matter what, the Dominion Gem left behind by the Chaos God Emperor is still a precious treasure after all.

After all, even in the big world of Origin, dominator-level figures are definitely top powerhouses.

The things they left behind were naturally high-level treasures and were of great value.

Following the guidance of the phoenix feather in his hand, Ye Feng spent seven days and seven nights before arriving at the location of Yiyuan Dao Sect.

At this moment, wherever Ye Feng looked, he saw a majestic and vast building complex, with towering towers and palaces emitting divine light floating in the air.

The moment Ye Feng came here, there was a sudden fluctuation in the void.

Two disciples wearing silver armor suddenly appeared in front of Ye Feng.

The cultivation auras of these two silver-armored disciples are extremely powerful, and they are both at the tenth level of the realm of the realm of kings!

leaf

Feng Shang sensed this aura of cultivation, and his eyes suddenly revealed a look of deep surprise.

really!

It is indeed the great world of origin.

Moreover, the Yiyuan Dao Sect must be the largest sect in the Eastern Region, otherwise it would be impossible to protect the disciples with such a powerful cultivation realm.

Ye Feng's first-level Kaiwang realm cultivation is not the lowest in the Origin World. After all, the opponent is a large sect like the Yiyuan Dao Sect.

There were many small sects around. Ye Feng was galloping all the way and met some small sects, many of which were weaker than him.

However, the Yiyuan Dao Sect does have a profound foundation. The gatekeeper disciples of a large sect all possess such strong cultivation strength.

At this time, a disciple wearing silver armor suddenly said: "This is the mountain gate of Yiyuan Dao Sect. Anyone else, please stop."

Ye Feng immediately said out loud: "What I'm looking for is the Yiyuan Dao Sect."

"Um?"

Hearing what Ye Feng said, the two guardian disciples of the Yiyuan Dao Sect in front of them both showed surprise in their eyes.

Because they noticed Ye Feng's cultivation aura, he had just broken through to the first level of the Realm King Realm, and he seemed to come from a small place, and they actually knew the area where their Yiyuan Dao Sect was standing.

A guardian disciple immediately said: "Are you the sect leader of a small sect nearby?"

After all, Yi Yuan Dao Sect is one of the most powerful sects near the Eastern Region of the Origin World. There are many masters from small sects who will try their best to enter their Yi Yuan Dao Sect.

Ye Feng shook his head and took out the phoenix feather that Qin Susu gave him.

"This is... the long-lost token of the Phoenix Temple's master!"

Seeing the phoenix feather in Ye Feng's hand, the expressions of the two guardian disciples of the One Yuan Dao Sect in front of him suddenly changed.

Chapter 2997 Gu Yuexi

The phoenix feather in Ye Feng's hand was emitting a crimson light at this moment, making the two guardian disciples of the One Yuan Dao Sect in front of him look in horror.

Because they know the tokens of the Phoenix Temple.

Moreover, the Phoenix Temple led many masters to a mysterious place to suppress the dark forces. These guardian disciples knew about this.

After all, the master of the Phoenix Temple at that time went there with many masters from the Phoenix Temple, but none of them came back, which made the entire Yiyuan Dao Sect boil.

Although many years have passed, many disciples still know about this matter.

These two guardian disciples are both old disciples of the Yiyuan Dao Sect and are not new disciples, so they know the tokens of the Phoenix Temple and what happened that year.

At this moment, a guardian disciple wearing silver armor immediately said: "Brother, please come in. I will contact the current master of the Phoenix Temple now."

At this moment, the guardian disciple spoke in a very solemn tone. He obviously knew that the phoenix feather in Ye Feng's hand definitely involved a very deep secret, and he had to report it as soon as possible, otherwise it would waste time and it is very likely that they would all have a huge guilt.

At this moment, Ye Feng looked at the two guardian disciples of the Yiyuan Dao Sect who were leading the way, with a hint of surprise in his eyes.

Originally, Ye Feng thought that he might encounter some obstacles or be looked down upon by others.

But unexpectedly, these two guardian disciples of the Yiyuan Dao Sect were quite qualified. They immediately realized the seriousness of the matter and took him into the Yiyuan Dao Sect and quickly moved towards the current Phoenix Temple.

Ye Feng followed the two guardian disciples, and soon entered the scope of the Yiyuan Dao Sect, and then came to the door of a hall that exuded a crimson light.

At the very top of this hall, there is actually a god

The phoenix composed of light floats, exuding overwhelming majesty, and looks very magical.

At this time, Ye Feng saw the four characters "Phoenix Temple" written on the plaque of this main hall, and Ye Feng suddenly felt a hint of joy in his heart.

Because I didn't expect that this time it would be so smooth. I came directly to the Phoenix Temple of Yiyuan Dao Sect without encountering any obstacles and almost no time wasted.

At this time, a guardian disciple spoke directly to Ye Feng: "This little brother, follow me directly. I will take you directly to see the current master of the Phoenix Temple. The current master of the Phoenix Temple is the same one back then. There is a true disciple of the old palace master named Gu Yuexi. You can just call him the old palace master when the time comes."

"good."

Ye Feng immediately nodded.

Soon, the guardian disciple led Ye Feng into the Phoenix Temple.

Ye Feng saw that there were many disciples in the Phoenix Temple, most of them were female disciples, and they were practicing there.

At this time, the guardian disciple came with Ye Feng, which immediately attracted the attention of many Phoenix Temple disciples.

Without any hesitation, the guardian disciple shouted directly to the inner area of the Phoenix Temple: "The ancient master of the Phoenix Temple, this disciple brings a special little brother with him to report something very important."

Uh-huh!

A young female disciple wearing a red dress flew out from the inner area of the Phoenix Temple, holding a red sword in her hand. Her aura was very powerful, and her tone was indifferent. She said aloud: "The master of the temple is practicing something in seclusion. Peerless inheritance, I don't have time to worry about trivial matters at the moment, you can report back in half a year."

Half a year later?

When Ye Feng heard what the female disciple in the red dress said, his eyes suddenly froze.

Immediately, in order not to waste time, Ye Feng took out the phoenix feather that Qin Susu gave him, and then shouted: "Master of the Ancient Palace, Senior Qin is in very dangerous situation now. He needs to go to the rescue immediately. Please ask the Ancient Palace Lord, look at what I have in my hands."

Buzz!

At this time, Ye Feng raised the phoenix feather in his hand, and it seemed that the phoenix feather aroused the power of the entire Phoenix Temple.

The phantom of the phoenix composed of divine light at the top of the Phoenix Temple suddenly let out a huge roar.

Uh-huh!

A ray of crimson light rushed directly into the phoenix feather in Ye Feng's hand.

Then the phoenix feather in Ye Feng's hand suddenly burst out with extremely bright crimson light.

That crimson light shone for nine days, causing many of the extremely powerful Phoenix Temple disciples around to take several steps back.

Swish, swish, swish!

And almost at that moment, hundreds of female disciples from the Phoenix Temple around them all involuntarily knelt on one knee in front of Ye Feng.

Or to be precise, he knelt in front of the phoenix feather in Ye Feng's hand.

That is an irresistible and majestic force.

When Ye Feng saw this scene, a look of surprise suddenly appeared in his eyes.

Unexpectedly, the phoenix feathers Qin Susu gave him contained such powerful power that it could make the disciples of the Phoenix Temple, who were several levels higher than himself, kneel on one knee in front of him.

This feeling is quite good.

Even if it was Ye Feng who just made him

The female disciple in the red dress who had been waiting for half a year changed her indifferent expression. Suddenly her face showed a look of shock. She quickly knelt on the ground with her head lowered, not daring to look directly at the hand that was being distributed by Ye Feng. Phoenix feathers glowing red.

It seems that the phoenix feather in Ye Feng's hand is like the supreme token, able to command the entire Phoenix Temple.

"Yes, this is indeed Master's personal treasure back then. The most precious feather on the Phoenix contains the power and majesty of the ancient god-level phoenix. After so many years, we finally have news about Master. It's great. "

Suddenly at this moment, a slightly majestic female voice suddenly sounded from the deepest part of the Phoenix Temple.

Buzz!

Almost at the next moment, accompanied by a terrifying aura that made Ye Feng feel very depressed, a beautiful woman wearing a lavender feather dress, like a goddess from the Nine Heavens, walked out of the void.

Ye Feng's eyes were extremely surprised at this time, because he couldn't even feel what kind of terrifying cultivation level the woman in front of him possessed.

It seems that this is the current master of the Phoenix Temple, Gu Yuexi!

Ye Feng immediately handed the phoenix feather in his hand to Gu Yuexi and said loudly: "Master of the ancient palace, senior Qin Susu is now trapped in a forbidden place in Tianwaitian. She asked me to come with a token and let the ancient palace The Lord brought a large number of masters from the Phoenix Temple to rescue her."

"I alone am enough."

Gu Yuexi seemed to be very confident and grabbed Ye Feng's shoulders directly. She stared at Ye Feng with her beautiful and indifferent eyes and said loudly: "You can guide the master in the direction of the outer world where he is trapped. I will Follow you and rescue Master."

Ye Feng was very close to Gu Yuexi at this moment, and he could clearly sense that Qin Susu's true disciple was now probably better than his master, and even more powerful than Qin Susu.

Chapter 2998 Being used

Hoo ho ho!

On the way, Ye Feng was caught by Gu Yuexi and was actually crossing the void.

Gu Yuexi was indeed very powerful. She had already surpassed the previous ones. With one jump, she could move tens of thousands of meters.

You must know that the world power of the Origin World is very stable.

Even if Ye Feng uses space gems, it will be difficult to open a space wormhole of several hundred meters.

Of course, this is also because Ye Feng's current cultivation level is not very powerful in the world of origin.

At this time, Ye Feng was secretly shocked.

Gu Yuexi can do this, which shows how powerful his cultivation is.

Ye Feng was standing next to Gu Yuexi, and he couldn't sense what level Gu Yuexi's cultivation had reached.

Anyway, Ye Feng feels that Qin Susu's true disciple, now the current master of the Phoenix Temple of Yiyuan Dao Sect, has definitely surpassed Qin Susu.

But this is also normal. Qin Susu, the previous generation of palace master, has been trapped in the forbidden place of Tianwaitian and has not made any progress in cultivation.

Ye Feng couldn't help but ask at this time: "Master of the ancient palace, are you sure it's okay to go directly to the forbidden land alone? If we want to rescue senior Qin Susu, we must completely solve the taboo lord in the forbidden land. He is a An extremely terrifying ancient bull demon that has lived for countless years."

Gu Yuexi glanced at Ye Feng lightly and said, "You don't believe in my strength?"

"no."

Ye Feng shook his head and said nothing more.

But at this time, Ye Feng felt a rather strange feeling in his heart.

Although Gu Yuexi heard what Ye Feng reported, she directly took Ye Feng to Tianwaitian.

But Ye Feng didn't see anything overly eager or enthusiastic in Gu Yuexi's eyes.

Maybe, this is Gu Yuexi's character, naturally indifferent.

But Ye Feng didn't ask any more questions. Anyway, he promised Senior Qin Susu

Things, I have already done.

Whether Gu Yuexi's strength can rescue Qin Susu is none of Ye Feng's business.

Gu Yuexi's strength was indeed very strong, and she directly broke through the interface barrier and entered the vassal Tianwaitian area near the eastern region of the origin world.

Buzz!

As Gu Yuexi broke through the interface barrier, Ye Feng once again came to the Tianwaitian area.

In this outer area, Ye Feng is quite comfortable.

After all, the energy of chaos spreads everywhere in the sky, which has a great nourishing effect on Ye Feng's life.

If Ye Feng hadn't been able to enter the Origin World from Tianwaitian for the time being, he would have even wanted to practice in Tianwaitian for a while.

"Where exactly is my master?"

At this time, Gu Yuexi asked aloud as Tianwaitian descended.

"In the deepest reaches of the Forbidden Land."

As Ye Feng spoke, he took Gu Yuexi to the previously forbidden place.

Soon, the two entered the depths of the forbidden place.

Sure enough, a white lotus platform appeared in the two people's field of vision, suspended in mid-air.

Qin Susu, the old master of the Phoenix Temple, was sitting on the lotus platform in mid-air, exuding a hazy white divine light, looking very holy.

"Master."

Gu Yuexi arrived and flew into the air.

Ye Feng breathed a sigh of relief. He finally did what he promised Senior Qin Susu.

"Disciple, you are finally here. Why didn't you bring a group of strong men? The ancient bull demon under the abyss is not easy to deal with."

Qin Susu at this time

Looking at Gu Yuexi, he said: "You alone can't save me. Go back quickly and bring many powerful masters from our Phoenix Temple to destroy the bull demon under the abyss..."

Poof!

But suddenly when Qin Susu was talking, a long sword emitting moonlight suddenly appeared in Gu Yuexi's hand, and it instantly pierced Qin Susu's body.

"What?!"

Qin Susu didn't react to the sudden scene, and Ye Feng naturally didn't react either.

Ye Feng's face suddenly showed a look of deep shock and anger, and he couldn't help but said: "Master of the ancient palace, what are you doing? Are you going to kill your master?"

Qin Susu's eyes widened at this moment, staring at Gu Yuexi in front of her, and said loudly: "Disciple, you...are you afraid that saving me will take away your position as the master of the palace? ? You are so cruel!"

Gu Yuexi looked at Qin Susu in front of her, her beautiful face still showing incomparable indifference, and said loudly: "You are not my master, you are the bull demon under the abyss."

"What?"

Hearing what Gu Yuexi said, Ye Feng, who was not far away, suddenly widened his eyes.

And this time.

Qin Susu, who had a holy aura all over her body, suddenly emitted very dark energy at this moment, and her face became extremely ferocious: "As expected of a master of the Yiyuan Dao Sect, his eyesight is extraordinary, but you are wrong about one thing. Qin Susu and I are now in a state of soul coexistence. Sometimes I take the lead, and sometimes it is Qin Susu herself. In order to survive, Qin Susu is willing to believe in darkness and coexist with me as a bull demon, so she can survive. Unfortunately, you are here today. One person, if a group of people come, I can swallow all of your energy and break through the ancient seal here!"

At this time, Gu Yuexi held the moonlight sword in her hand, quickly retreated, stared at Qin Susu with a ferocious face, and spoke

Said: "Actually, I already knew that Master, you are dead or in a semi-dead state before I came here, because your soul tablet has been cracked in the Phoenix Temple, so I came here this time just to take a good look. , what is the situation? Sure enough, Master, your will is not firm, you believe in darkness, and you are even willing to coexist with the bull demon. So today I will kill all relatives and completely destroy such a thing like you, who is neither a human nor a demon. of destroyed."

Gu Yuexi had been extremely indifferent and calm from beginning to end, as if nothing in the world could cause her emotions to fluctuate.

She is like an emotionless machine, that's how she feels.

"Hahaha."

At this time, Qin Susu, who coexisted with the Bull Demon, had a ferocious look in his eyes, and said loudly: "You alone want to kill me? Little girl, you are so naive!"

At this time, Qin Susu has obviously completely revealed the nature of the bull demon.

Ye Feng, who was not far away, completely understood at this moment.

It turns out that the token that Qin Susu gave her to the Phoenix Temple and asked many strong men from the Phoenix Temple to come and save her was actually to deliver rations to the Bull Demon, so

that the Bull Demon could swallow a group of strong men from the Phoenix Temple, thereby regaining strength and breaking the ancient rules of this place. seal.

"I didn't expect that one day I would be taken advantage of."

Ye Feng was a little angry at this time.

He observed that Qin Susu at this time was the soul and will of the Bull Demon, the true body of the Bull Demon, still trapped under the abyss.

Perhaps, he can use the soul gem to deal with the soul body of this bull demon.

boom!

But at this time, Gu Yuexi took action in advance.

The long sword in her hand burst out with bright moonlight, and instantly stabbed Qin Susu in mid-air.

Chapter 2999 The Will of the Bull Demon

At this moment, the long sword in Gu Yuexi's hand burst out with an extremely bright moonlight.

It seemed that this kind of moonlight had magical power, able to dispel any darkness in the world, and suddenly illuminated the entire void around Qin Susu.

The dark energy in Qin Susu's body came from the bull demon under the abyss, and it was suddenly suppressed at this time.

"Ancient Dark Will!"

boom!

At this moment, Qin Susu's mouth came out with an extremely majestic voice, the voice of the ancient bull demon.

I saw Qin Susu's whole body, in an instant, she rapidly expanded from the form of a beautiful woman to a majestic bull demon that was hundreds of feet tall, full of unparalleled pressure.

"Boom!"

Transformed into a complete bull demon form, this bull demon directly stretched out a huge dark palm, and immediately pinched the long sword exuding moonlight in Gu Yuexi's hand, causing Gu Yuexi to Yuexi was unable to move at this moment.

"boom!"

The next moment, the bull demon opened its bloody mouth, and a huge dark mouth appeared in the void, and it was about to swallow Gu Yuexi's entire body.

Gu Yuexi didn't seem to expect that this bull demon was so powerful at this time, and the dark energy was very terrifying, but at this moment she was unable to move.

boom!

But at this moment, a crimson light suddenly fell from the sky, hitting the Bull Demon instantly, causing the Bull Demon to take several steps back.

Not far away, Ye Feng was seen holding a phoenix feather in his hand, stimulating the red power of the ancient phoenix in the phoenix feather.

Before Ye Feng arrived at Yiyuan Dao Sect, at the entrance of the Phoenix Temple, the phoenix feather in his hand seemed to be absorbed

With the power of the ancient Phoenix's will, a very powerful Phoenix power can burst out at this time.

I have to say that this Phoenix Temple token is a truly powerful treasure.

Although Ye Feng's cultivation strength is not very strong now, he cannot compete with strong men like Niu Mo or Gu Yuexi.

However, the phoenix feathers in Ye Feng's hands can exert the power of the ancient god-level phoenix and can cause harm to the bull demon.

"You humble boy, how dare you take action against me with such a weak cultivation level? Then I will crush you ant to death first!"

boom!

At this moment, the Bull Demon instantly exerted a very powerful dark power.

The huge body of the Bull Demon descended on Ye Feng's head in an instant.

Boom!

But at this moment, Ye Feng's eyebrows suddenly cracked with a bright red light.

It was the light at the soul level, which rushed out in an instant, hitting the bull demon in an instant, and one of the bull demon's horns was shattered.

"ah!"

The will of the Bull Demon was immediately hurt. He screamed in agony and couldn't help shouting: "Impossible! Your weakling's cultivation is only the first level of Kaiwang Realm. Such a weak cultivation Why, how could it possibly hurt me?"

The power Ye Feng is using at this moment is naturally the power of the soul gem in his mind.

If the true form of this bull demon comes, then Ye Feng will naturally hide as far away as possible.

But the current state of this bull demon is spiritual

In the state of soul body, and Ye Feng holds an extremely powerful treasure with soul attributes, the soul gem, he is naturally not afraid of this bull demon.

And Ye Feng even dared to fight this bull demon.

Because Ye Feng was deceived and used by this bull demon before, now Ye Feng naturally wants to teach this bull demon a lesson.

Boom! !

At this moment, Ye Feng asked Emperor Chu to once again activate the power of the soul gem. A bright light burst out from the center of Ye Feng's eyebrows, and suddenly bombarded the Bull Demon.

Even the extremely powerful dark will of the Bull Demon could not help but retreat rapidly at this moment.

Because he felt that at this moment, he was somewhat unable to resist the bright light erupting from Ye Feng, an ant.

Gu Yuexi, who was not far away, saw this scene, with a hint of surprise in her originally indifferent eyes.

The master of the Phoenix Temple seemed to have never expected that Ye Feng, a weak young man, would have such a powerful trump card and be able to fight against the dark will of the Bull Demon.

But Gu Yuexi did not waste time at this time, but immediately flew over, and the moonlight sword in his hand instantly chopped down. A white light shone throughout the night, directly splitting the entire dark will of the Bull Demon in half. .

However, the will of the Bull Demon has not died, because its body is immortal, and even if its soul has been severely damaged, it has been able to survive.

So at this moment, Ye Feng flew directly to the sky, and then asked Emperor Chu to come out of the soul gem to completely eliminate this bull demon.

Boom!

At this moment, I saw a red ray giant whose whole body was composed of crimson rays of light, coming directly from Ye Feng

The head flew out, filled with unparalleled soul pressure, and landed directly in front of the bull demon, swallowing the entire dark will of the bull demon alive!

"boom!"

After swallowing the entire dark will of the Bull Demon, Ye Feng suddenly felt a huge amount of soul energy, which was fed back to him in an instant.

Ye Feng's soul power was immediately greatly improved and enhanced.

Ye Feng's soul power was previously at level 600,000, but now that he had swallowed the dark will of this bull demon, it had been directly raised to level 100,000, directly to level 700,000.

Ye Feng only felt that his spirit was trembling at this moment, obviously it had surged too much all at once.

At this moment, Emperor Chu couldn't help but said aloud in his mind: "The will of this bull demon is really a great tonic. The soul gems have been developed a lot again."

When Ye Feng heard what Emperor Chu said, his eyes immediately lit up with joy.

If the master gem such as the soul gem can be continuously developed, the abilities gained will become more and more powerful.

It seems that in the future, the powerful soul body can be swallowed by Emperor Chu, so that the soul gem can be developed and the strength of his soul power can be fed back.

At this moment, as the dark will of the Bull Demon was completely obliterated by Ye Feng, the body of the Bull Demon under the abyss also directly became an ownerless thing.

"If I get the true form of the Bull Demon, it contains boundless energy, which will definitely make a huge breakthrough in my cultivation."

Ye Feng looked towards the direction of the abyss not far away, his eyes filled with expectation.

But Ye Feng also knew that there was an ancient seal at the entrance of the abyss, and he could not break it with his current strength.

Chapter 3000 Collecting the body of the Bull Demon

At this time, Gu Yuexi, who was not far away, came over, looked at Ye Feng with a look of surprise in his eyes, and asked loudly: "You should have a very powerful treasure with soul attributes, right? But it's very mysterious. , I can't even figure out what it is."

At this time, Ye Feng was thinking in his heart that with Emperor Chu and the Soul Gem integrated into one, he would naturally not let others easily discover the breath of the Soul Gem.

Although Ye Feng knew that the Domination Stone was not the top treasure in the Origin World, it was still something left by the Domination. It was definitely a treasure-level existence and was still very powerful.

If it is easily known to others, it is very likely that he will be jealous and jealous, and others may try to snatch the soul gem from him, so Ye Feng knows that he should keep a low profile.

At this time, Gu Yuexi looked at the abyss not far away and said loudly: "Let's just leave here now. The will of the bull demon has been wiped out, so there is no threat anymore. Originally, I thought I could save the master. I didn't expect Master to be willing to coexist with the Bull Demon, I'm really disappointed." .???.??

When Ye Feng heard what Gu Yuexi said, his eyes suddenly showed surprise, and he couldn't help but said: "But your master's will still exists, I just wiped out the Niu Mo and your master's will." "Are you sure you won't have any bad thoughts about me?"

When Gu Yuexi heard what Ye Feng said, she just smiled indifferently, with a trace of sarcastic smile on her beautiful and cold face, and said loudly: "Master, he has allowed himself to fall. It's no wonder that others, let alone you, are the fault. If it were me, I would not hesitate to obliterate the dark will of the master and the bull demon to coexist. "

When Ye Feng heard what Gu Yuexi said, he immediately nodded.

Previously, Gu Yuexi was able to pierce Qin Susu's body with a long sword in front of Qin Susu, which is enough to show that Gu Yuexi is a very rational and absolutely calm person, and she is definitely a woman with a heart of stone. Otherwise this would not be possible.

At this time, Ye Feng suddenly said: "Master of the ancient palace, I wonder if you have the ability to break the seal at the entrance to the abyss?"

When Gu Yuexi heard what Ye Feng said, a puzzled expression appeared on her face, and she asked aloud: "The dark will of the Bull Demon has been destroyed, and his body no longer poses any threat. How can this entrance to the abyss be destroyed?" The seal is broken, what do you want to do?"

Ye Feng immediately spoke up and said: "The ancient palace master doesn't know something. I practice a special secret technique, and I really need the body of this ancient bull demon to improve my strength, so I want to get that bull demon." My body is of great benefit to me. I hope the ancient palace master can break the seal of the abyss entrance for me."

Naturally, Ye Feng would not directly say that the devouring power he possessed could swallow the blood and energy of the ancient bull demon.

Because this devouring ability is so overbearing, and it feels very evil.

Ye Feng was really afraid that Gu Yuexi would treat him as an evil spirit and eradicate him.

So Ye Feng could only give a vague explanation at this time.

What made Ye Feng breathe a sigh of relief was that Gu Yuexi didn't ask any more questions at this moment. She just nodded lightly and said: "Anyway, you can be considered worthy of credit this time, so I will help you once."

Uh-huh!

Almost at the moment Gu Yuexi's words fell, Gu Yuexi descended directly to the entrance of the abyss not far away, and then directly opened her hand.

The long sword in his hand slashed down instantly.

Boom!

Along with a huge roar, the seal at the entrance of the abyss was suddenly chopped into pieces by the long sword in Gu Yuexi's hand.

When Ye Feng saw this scene, his heart suddenly moved.

It seems that Gu Yuexi is worthy of being the master of the Phoenix Temple of the Six Great Temples of the Yiyuan Dao Sect. He is still very powerful, and he is powerful to a very powerful level. Otherwise, it would be impossible to directly smash the seal of the entrance to the abyss with one sword. .

Seeing Ye Feng's surprised look, Gu Yuexi seemed to have guessed Ye Feng's inner thoughts. She immediately said calmly: "Don't think I am so powerful. This ancient seal is only for darkness like the Bull Demon." Race, the seal itself is not very powerful, it just has a natural suppressive effect on the dark race. "

Hearing what Gu Yuexi said, Ye Feng just nodded and said, "Thank you, Master Gu, for helping me."

Uh-huh!

After saying that, Ye Feng jumped directly into the abyss and came to the ground below.

At this moment, in Ye Feng's field of vision, the majestic and huge body of the Bull Demon was standing there, like a black sacred mountain, giving people a very terrifying and suffocating feeling.

But Ye Feng knew that the bull demon no longer posed any threat, after all, the bull demon's dark will had been obliterated.

Although the Bull Demon's body still exudes terrifying life fluctuations and power, it will not actively attack anyone.

At this moment, Ye Feng did not swallow it on the spot, but directly put the Bull Demon's body into his storage ring.

Ye Feng was ready to wait until he returned to a safe place before swallowing.

After all, Gu Yuexi was also present, so it would not be appropriate to devour him now.

At this time, Ye Feng put the huge body of the Bull Demon into the storage ring, and then flew directly to the abyss.

Gu Yuexi was waiting for him outside.

Seeing Ye Feng coming up, Gu Yuexi didn't ask any more questions. She seemed to be uninterested in everything and just said, "Then you want to return to Yiyuan Dao Sect with me?"

Ye Feng nodded and said aloud: "If I can join the Yiyuan Dao Sect and become a disciple of the Yiyuan Dao Sect, then I will be very interested."

Gu Yuexi nodded slightly and said loudly: "Our Yiyuan Dao Sect is in the Eastern Region of the Origin World. Although it is not a super-first-class power, it can still be regarded as a quite powerful sect. Your current cultivation Because your strength is too weak, you can first join our Yiyuan Dao Sect to practice hard. When you become stronger, you can go to more powerful sects and forces. "

When Ye Feng heard what Gu Yuexi said, he was slightly shocked in his heart.

The Yi Yuan Dao Sect has such a profound foundation, but it is not considered a super power in the Eastern Region, it is just a slightly stronger force.

It seems that the Origin World is really vast and boundless. Just the Eastern Region makes me feel extremely vast and huge.

Ye Feng secretly thought to himself that he didn't know how long he would have to practice before he could go to the Sea of Chaos to help the Ye family resist the crisis.

At this time, Ye Feng looked at Gu Yuexi beside him and suddenly asked: "Master of the ancient palace, I have a question for you. Do you know where the Sea of Chaos is?" At this time, not far away. Gu Yuexi walked over, looked at Ye Feng with a look of surprise in her eyes, and asked aloud: "You should have a very powerful treasure with soul attributes, right? But it's so mysterious that I can't even tell it." what exactly is it."

At this time, Ye Feng was thinking in his heart that with Emperor Chu and the Soul Gem integrated into one, he would naturally not let others easily discover the breath of the Soul Gem.

Although Ye Feng knew that the Domination Stone was not the top treasure in the Origin World, it was still something left by the Domination. It was definitely a treasure-level existence and was still very powerful.

If it is easily known to others, it is very likely that others will be envious and jealous, and others may try to snatch the soul gem from him, so Ye Feng knows that he should keep a low profile. ??

At this time, Gu Yuexi looked at the abyss not far away and said loudly: "Let's just leave here now. The will of the bull demon has been wiped out, so there is no threat anymore. Almost at the moment Gu Yuexi's words fell, Gu Yuexi descended directly to the entrance of the abyss not far away, and then directly opened her hand.

The long sword in his hand slashed down instantly.
