Chapter 3001: Sect Center Area

"Sea of Chaos?"

When Gu Yuexi heard what Ye Feng said, her eyes suddenly showed surprise, and she couldn't help but said: "The Sea of Chaos is a legendary place. It is said to be located in the deepest area of the East China Sea where we originated from, but That's just a legend, I don't know if it actually exists."

"legend?"

When Ye Feng heard Gu Yuexi say this, he immediately showed a very surprised look in his eyes.

Because Ye Feng originally thought that the Sea of Chaos where the Ye family was located might just be a slightly larger place.

But I didn't expect it to become a legendary place.

This was something Ye Feng didn't expect.

It seems that the Ye family is more complicated than I imagined.

Ye Feng originally planned to go directly to the Sea of Chaos. ??

But now I know that I am afraid that I will be cannon fodder if I go, so I might as well concentrate on improving my strength.

When the strength reaches a certain level, then go to the Sea of Chaos to find traces of the Ye family.

At this time, Ye Feng followed Gu Yuexi, left Tianwaitian, and returned to the world of origin.

Soon, the two returned to Yiyuan Daozong.

Gu Yuexi looked at Ye Feng beside her, and suddenly stretched out her hand to grab it. A radiant jade tablet appeared in Gu Yuexi's hand.

Gu Yuexi handed the white jade token to Ye Feng and said aloud: "I have engraved your name on this token. From now on, you will be a disciple of our Yiyuan Dao Sect, and you can freely enter and exit the Yiyuan Dao Sect. Sect area, but there is not much relationship between you and me. I hope you will not do evil in the Yiyuan Dao Sect in my name. "

Hearing what Gu Yuexi said, Ye Feng's eyes showed a hint of joy, and he immediately took the identity token from Gu Yuexi's hand, and then said aloud: "Don't worry, Ancient Palace Master, I'm entering the Yiyuan Dao Sect. I will definitely practice honestly, and naturally I won't use it.

The name of the ancient palace master came to do evil, and I am not that kind of person. "

When the ancient palace master heard what Ye Feng said, he immediately nodded and prepared to leave.

After all, her interaction with Ye Feng may be limited to this.

At this time, Ye Feng suddenly said: "Old Palace Master, the token of the Phoenix Temple that Senior Qin Susu gave me before, this god-level phoenix feather, I should also need to return it to its original owner now."

At this time, Ye Feng stretched out his hand, and in his palm was a phoenix feather emitting red light.

This phoenix feather is a peerless treasure and has very powerful power. It can be said to be the representative of the Phoenix Temple.

Gu Yuexi stared at the phoenix feather in Ye Feng's hand, and there seemed to be a trace of fiery color in her eyes. After all, this was the token of the old master of the Phoenix Temple, and it had incredible and powerful power.

But as if she thought of something, Gu Yuexi finally shook her head, and then said aloud: "This is what Master gave you on his own initiative. I don't want it anymore. You can take it in your own hands and use it carefully. If you have anything in the future, if you are in a crisis, you can come to the Phoenix Temple, take this token, and seek shelter. Okay, I'll leave first if I have something else to do."

Buzz!

After Gu Yuexi finished speaking, her figure moved, and her beautiful figure disappeared from the spot.

Ye Feng looked at the direction Gu Yuexi left at this time, with a rather joyful expression in his eyes.

Since Gu Yuexi doesn't want this phoenix feather, then holding it in her hand is definitely a life-saving trump card.

After all, this is an extremely powerful treasure that can play a huge role at critical moments.

At this time, Ye Feng took the identity token in his hand and walked directly

entering the area of Yiyuan Dao Sect.

There is an extremely ancient formation at the gate of Yiyuan Dao Sect, which can sense those who are not members of the sect.

If they are not members of this sect, this formation will bring down the power of the Nine Heavens Thunder and kill those who trespass on the Yiyuan Dao Sect.

Now that Ye Feng has the identity token in his hand, there is naturally no problem.

Of course, when Ye Feng was able to enter the Yiyuan Dao Sect before, there was no problem because there were guardian disciples who took him in.

Buzz!

At this time, Ye Feng walked into the Yi Yuan Dao Sect and immediately felt that the energy of heaven and earth in the entire Yi Yuan Dao Sect was extremely rich, almost as if it was about to liquefy.

Ye Feng's eyes were extremely excited. He entered the world of origin. He originally thought that he would be homeless and wander around.

But I didn't expect that I could directly enter a large sect like Yiyuan Dao Sect without any assessment, and it was very good to stabilize for the time being.

At this time, Ye Feng knew very well that there were countless powerful people in the Origin World, and it was very safe to temporarily live in a large sect like Yiyuan Dao Sect.

And Ye Feng also knows that although Gu Yuexi said before that she has nothing to do with him, Ye Feng knows very well that after having such an experience with Gu Yuexi, the master of the Phoenix Temple, there is really no hope among the Yiyuan Dao Sect. If we encounter any huge crisis, the other party will definitely not sit idly by and ignore it.

Although Gu Yuexi's emotions were very indifferent and seemed to be indifferent to everything, Ye Feng could still feel that deep down in his heart, Gu Yuexi was still an emotional person, but he was not good at expressing it, otherwise he would There was no way he wouldn't want the Phoenix Temple's token in his hand.

At this time, Ye Feng was thinking while walking towards the central area of Yiyuan Dao Sect.

Ye Feng prepares

Go to the most central area of Yiyuan Dao Sect and see if the central hall of the sect is there, so that you can get a place to live in the sect.

However, as Ye Feng walked, he suddenly discovered that the more he walked towards the center of Yiyuan Dao Sect, the more he saw many trees, tree spirits, and spiritual beasts emitting divine light. All walking nearby.

"There's something wrong with this..."

Ye Feng couldn't help but murmur.

Because the central area of Yiyuan Dao Sect is different from what Ye Feng imagined.

Originally, in Ye Feng's usual thinking, the central area of the Yiyuan Dao Sect should have many halls where the sects handle affairs, and they were established here.

But now Ye Feng didn't see any buildings.

At this time, Ye Feng saw that there were many disciples of the Yiyuan Dao Sect around him, all looking at him and pointing.

Ye Feng felt a little strange. He didn't know why, but he ignored the pointing fingers of the people around him and continued walking towards the central area.

Seeing Ye Feng's figure disappearing into the natural landscape in the central area, many disciples outside couldn't help but look at the show with a look in their eyes.

"The central area is where Murong Mingyue, the daughter of our Yiyuan Dao Sect's sect leader, lives. It is a royal garden that the sect leader spent a lot of money to build."

"Where did this stupid boy come from? He must be a newcomer who has just started. He actually dared to walk directly into the residence of Murong Mingyue, the female devil who was spoiled by the sect master. I think this stupid boy is dead."

"I guess we will see the body of this silly boy thrown out later. After all, that is the apple of the sect leader's eye, the lawless female devil Murong Mingyue in the Yiyuan Dao Sect!"

...

Everyone around was talking a lot.

Chapter 3002 My name is Murong Mingyue

At this time, Ye Feng did not hear the comments from outsiders.

He was just a little confused and continued walking towards the inside of the central area.

Soon, Ye Feng discovered that there was a huge pool in the center of this area that looked like a royal garden.

Moreover, the spiritual energy of heaven and earth in this pool was so rich that Ye Feng felt a deep sense of pleasure when he took a breath.

Buzz!

At this moment, Ye Feng took a deep breath and felt that his skill had suddenly improved a lot.

This made Ye Feng's eyes suddenly reveal a trace of surprise.

The pool in front of you is no ordinary pool at all. It is like a fairy pond, giving people a very fairy-like feeling.

It's as if you can be reborn after bathing in it for a while.

"How could there be such a magical place in the central area of Yiyuan Dao Sect? It's like a paradise in heaven."

Ye Feng couldn't help but murmur to himself at this time.

Who has such great ability to build such a huge immortal pond in the core area of the sect.

And the strangest thing is that there is no one around such a paradise, such a good place for cultivation.

"No matter, since I encountered it, I have to absorb it well."

Wow!

At this time, Ye Feng did not hesitate and jumped directly into the water of the fairy pond in front of him.

Buzz!

At this moment, Ye Feng directly released the Devouring Domain and began to continuously absorb and devour the very precious power of immortal energy in the surrounding immortal pools.

"Buzz buzz..."

At this moment, streams of very high-level immortal energy were immediately swallowed up by Ye Feng and injected into his body.

Ye Feng was very happy to absorb it, and secretly sighed in his heart. It is indeed the world of origin, and it can be obtained everywhere.

The very large and high-level energy can quickly increase one's cultivation skills.

If Ye Feng was in the cave world, he might not be able to continue to improve at all, and it would also collapse the cave world left by the Chaos God Emperor.

At this time, Ye Feng's skill was rapidly increasing.

"boom!"

The second level of the realm of kings!

It didn't take long for Ye Feng's cultivation to reach a new level.

At this time, Ye Feng temporarily swallowed up the fairy energy in the surrounding fairy pool.

Ye Feng felt the actual improvement and growth of his skills. He was very happy about this and continued to swim towards the center of the fairy pool.

Because Ye Feng can sense that the closer to the center of the fairy pool, the larger and richer the fairy energy is.

But just when Ye Feng arrived at the central area of the fairy pond, Ye Feng suddenly heard a "swishing" sound of water waves.

The next moment, surrounded by the fairy energy, Ye Feng suddenly saw a faintly beautiful and hazy figure, revealed in the water not far away, like a hibiscus emerging from the water, as beautiful as a little fairy.

But before Ye Feng could take a closer look, a girl's scream suddenly sounded.

"You peeping thief! Die for me, young lady!"

boom!

The next moment, an earth-shattering murderous aura quickly invaded from that direction and landed in front of Ye Feng in an instant.

The speed was so fast that Ye Feng didn't even have time to react. He was hit by a terrifying aura, and then his whole body flew out and fell to the ground at the edge of the fairy pond.

The next moment, Ye Feng quickly got up, feeling like his whole body was about to fall apart.

, If his Chaos Body hadn't been extremely powerful, I'm afraid Ye Feng would have been shattered just now.

"What a powerful strength! Just the breath almost shattered my Chaos Body!"

Ye Feng immediately looked shocked and was about to run away.

"Buzz!"

But the next moment, a small purple-gold tower suddenly landed on top of Ye Feng's head, casting down a purple light mask, covering the area where Ye Feng was.

Ye Feng was immediately restrained in this purple light, unable to escape from the scene.

Ye Feng's first thought was that he had offended some big shot in the Yiyuan Dao Sect.

Buzz!

The next moment, a young woman with wet hair, graceful but with an extremely cute and pretty face, appeared not far in front of Ye Feng.

At this moment, this young woman, with a beautiful face full of shame and anger, stared at Ye Feng.

After seeing the identity token on Ye Feng, he was indeed a disciple of the Yiyuan Dao Sect.

The young woman restrained some of her murderous intent and couldn't help but said: "Who are you, a young boy? How dare you be so bold and come to the fairy pond where I am practicing?"

Ye Feng said aloud: "I don't know. I just wanted to enter the central area of the sect and see if I could be assigned a place to live. I didn't expect that this central area would have such a royal garden-like place. There was also a fairy pond, so I couldn't help but absorb the energy from reality to practice."

Seeing Ye Feng's silly look, this mysterious young woman was also stunned at this moment.

Originally, she wanted to teach Ye Feng a lesson, or even kill Ye Feng, the thief who was peeking in.

But now for some reason, the young woman felt that she no longer had the intention to kill, because she discovered that the other person was a stupid boy.

\u003e

At this time, the young woman asked aloud: "What did you see just now?"

Ye Feng immediately said: "Don't worry, I didn't see anything, I just saw a hazy figure. Really, I won't lie to you."

Hearing what Ye Feng said, the young woman felt relieved a little.

But even so, the young woman still felt that she had been taken advantage of by Ye Feng, and said aloud: "What a stupid boy, but being stupid also has its advantages. I recently studied alchemy with Master Dan Zunyi, and I just need a strong alchemist." Boy, help me, your cultivation is so weak, but you are able to withstand my murderous intent. It seems that you have a very good physique, have some brute force, and you are still a newbie, silly, just right to be my alchemy boy. "

When Ye Feng heard this, his eyes suddenly froze.

Does this count as being captured and used as a coolie?

Ye Feng hesitated.

"Um?"

But the young woman's eyes were cold and she said: "What? Not willing? Then I will kill you. You took advantage of me and want to just walk away. How can such a good thing happen?"

Ye Feng immediately said: "I am willing, but I also need to practice."

When the young woman heard this, she just glanced at Ye Feng and snorted coldly: "You will stay here with me for the time being. I will allow you to absorb the fairy energy in the fairy pool for one hour every day. Is that okay?"

"real?"

Ye Feng's eyes suddenly lit up.

The young woman snorted coldly and said, "What I said is certainly true!"

Ye Feng stared at the mysterious and beautiful woman in front of him and immediately asked: "Don't know what to call this senior sister?"

The young woman turned around and heard a voice: "My name is Murong Mingyue. As for my identity, you don't need to know for the time being. You just need to be my alchemy boy honestly. As long as you work hard, you will follow me in the future." , the benefits are indispensable to you."

Chapter 3003 Envy and Jealousy

Ye Feng followed the mysterious Murong Mingyue to the east of the central royal garden.

Here, on the ground, stands a huge and magnificent palace. It looks very majestic, with carved beams and painted pillars and magnificent splendor.

If Ye Feng hadn't known that he was indeed a member of the Yiyuan Dao Sect, he would have even felt that he had arrived at a certain royal palace.

At this time, Ye Feng followed Murong Mingyue and walked into the magnificent hall in front of him.

At this moment, Ye Feng immediately saw that in this magnificent hall, there was a big bed made of cold jade.

Different types of formations were engraved around this cold jade bed.

Ye Feng looked at it slightly and was shocked.

A spirit gathering array was carved on the head of the bed, a concentration array was carved on the left side of the bed, a void array was carved on the right side, and a fairy spirit array was carved on the end of the bed.

In addition, some ancient patterns were carved on the entire surface of the huge cold jade bed, emitting colorful light. Ye Feng could not tell what their specific function was.

“It’s so luxurious!”

Even Ye Feng, a person who has seen the world, couldn't help but sigh at this moment.

At this time, Ye Feng suddenly understood that this Murong Mingyue was absolutely extraordinary.

Thinking of seeing Murong Mingyue taking a bath in the fairy pond before, Ye Feng suddenly had a drop of cold sweat on his forehead.

Fortunately, he had been clear-headed before and told Murong Mingyue that he couldn't see anything clearly in the mist.

Murong Mingyue didn't doubt it either. After all, the Immortal Pond was indeed filled with immortal energy and it was impossible to see anything clearly.

However, what she didn't know was that Ye Feng had the ability to create the divine eye, which could see through illusions and see clearly subconsciously...

"You can't tell this even to death. If Murong Mingyue, a woman of high status, finds out about it, she will probably die."

Ye Feng secretly murmured in his heart.

At this moment, Murong Mingyue saw Ye Feng in the main hall at this time, looking east and west, as if he had never seen the world, and she immediately felt happy.

She thought this silly boy was quite interesting, but he really didn't understand anything.

Murong Mingyue needs such a person.

Because Murong Mingyue had a distinguished status in the Yiyuan Dao Sect, many people greeted her with smiles and flattery.

But Ye Feng, this silly boy, made Murong Mingyue's life feel a kind of reality.

At this moment, Murong Mingyue said aloud: "I will live here, and you can live here too in the future, so that you can learn alchemy with me at any time."

Ye Feng glanced around and said, "But there is only one bed here."

Murong Mingyue glanced at Ye Feng and said: "Don't think too much, that cold jade fairy bed is mine exclusively, you can't touch it, but I will give you my identity token, you can go to the weapon refining mountain of our Yiyuan Dao Sect. , go to the mountain master of the Refining Mountain and ask him to build you a similar training bed and place it outside the door of this hall. From now on, you can sleep outside the door and help me look after the house. "

Do you think you think of me as a servant?

Ye Feng was a little unhappy.

However, Ye Feng had no choice at this time. He could only nod his head, but he thought in his heart that when I become stronger in the future, I will let you become my maid and serve me.

Uh-huh!

Murong Mingyue didn't know Ye Feng's little thoughts, so she just handed Ye Feng her identity token from her waist.

Murong Mingyue's identity token was actually made of golden jade, exuding a faint golden light and having a special charm.

And Ye Feng saw that there was no Murong Mingyue's name on this golden jade plaque, but three words: "Miss".

When Ye Feng saw this title, his heart moved, and he immediately guessed something.

At this time, Ye Feng saw that after Murong Mingyue handed him the token, he walked directly to the huge cold jade bed and sat down cross-legged, seemingly starting to practice.

Ye Feng's eyes suddenly showed a dumb smile.

Although this Murong Mingyue has an extremely noble status and is somewhat self-assertive, and likes to pretend to be aloof and cold, she has a carefree personality and is easy to get along with.

At this time, Ye Feng looked at Murong Mingyue who was already in a state of cultivation on the Hanyu bed not far away, and did not disturb the young lady's cultivation. .??.

Ye Feng took Murong Mingyue's eldest lady token in his hand and walked out of the palace directly towards the outside area.

Ye Feng was walking on the road at this time, looking at the inhumane and luxurious royal gardens built around him, and he understood why no one came here.

It turns out that this is the residence of the eldest lady of the Yiyuan Dao Sect, so no one dares to intrude.

Fortunately, I was relatively lucky, and the appearance of being harmless to humans and animals made the eldest lady Murong Mingyue very relieved, and even found a job for myself, becoming the eldest lady's alchemy boy.

Ye Feng thinks that becoming the eldest lady's alchemy boy is not bad, there will definitely be a lot of money to be made.

After all, Ye Feng had just arrived in the Origin World and entered a large sect such as Yiyuan Dao Sect. If he rashly went out to practice and look for opportunities, he would definitely be confused.

It's better to work for the eldest lady first, and you can still practice in the fairy pond, which is also a good choice for the time being.

When Ye Feng was thinking secretly, he had already walked out of the royal garden in the central area where the eldest lady lived.

And the moment Ye Feng walked out of this extremely luxurious royal garden, there were sounds of gasps of air coming from the surrounding area.

"Varied

What? This silly boy actually came out intact? "

"Why is there nothing wrong with him? This is impossible!"

"Didn't he meet the eldest lady? This is also possible."

"No! Look at the token in the hands of this silly boy. It is the most noble gold and jade token. It is the personal token of the eldest lady. How come it is in the hands of this silly boy?"

"Oh my God! Isn't the eldest lady attracted to this silly boy? But this boy does look like a pretty boy and is handsome!"

"Hey! What a pity! If I had known that the eldest lady likes this type of pretty boy, I would have gone to the Royal Garden to give it a try. Maybe I would have been attracted by the eldest lady. I thought to myself, I am a pretty boy, and I was from all over the country back then. Junjunsheng! I didn't expect someone to take advantage of me! Damn it!"

...

At this time, many disciples of the Yiyuan Dao Sect outside the Royal Garden who were preparing to watch the show, looked at Ye Feng's spring-like look on his face and were all beating their chests.

I didn't expect this silly boy to be so lucky!

"Damn it, I want to see what kind of tricks this guy has to make the young lady fall in love with him!"

Suddenly, at this moment, a young man wearing a black gown, his eyes burning with jealousy, walked directly in front of Ye Feng, blocking Ye Feng's way.

He said with great envy and jealousy: "Boy, where did you get the token in your hand? I think it was stolen! You are so brave!"

The moment this man in a black gown stopped Ye Feng, he directly labeled Ye Feng as a thief!

"It's Senior Brother Shen Wushuang from the outer sect. I didn't expect that he would become so angry that he wanted to teach that stupid boy a lesson!"

"Now we have a good show. No matter how handsome that silly boy is, he will still suffer when he meets a rude man like Senior Brother Shen Wushuang!"

Everyone around him couldn't help but started talking.

Chapter 3004 Trivial things

Ye Feng was a little surprised at this time.

I was walking smoothly without provoking anyone. For some reason, a rough guy suddenly jumped out and blocked my way. He also said that he had stolen the eldest lady's token.

Isn't this just looking for trouble?

Ye Feng is not a soft persimmon.

At this moment, Ye Feng's eyes suddenly became a little cold.

If the reckless man in front of him was much stronger than Ye Feng, then Ye Feng would probably turn around and leave.

But Ye Feng could sense that the aura of cultivation exuded by the reckless man in front of him was in the same realm as himself, which was only the ninth level of the realm king realm.

Ye Feng is naturally not afraid.

But at this moment, he saw that Ye Feng did not directly hand over the token in his hand, but his eyes became extremely cold.

Shen Wushuang, who blocked Ye Feng's path, suddenly showed a look of deep surprise in his eyes, and then said in an instant: "Boy, are you stupid? Didn't you hear me when I talked to you?"

Hearing what Shen Wushuang said, Ye Feng had no reaction at all. He just said one word coldly: "Go away."

"What? You dare to tell me to get lost?"

Hearing what Ye Feng said, Shen Wushuang's face suddenly showed an incredible expression.

It seems that he did not expect that a new disciple like Ye Feng, who was only at the second level of the realm king realm, would dare to speak to him like this.

It's so presumptuous!

At this time, Shen Wushuang's eyes were immediately filled with endless cold murderous intent, and his body also exuded a heavy and vast aura of terror and wildness.

He immediately walked slowly towards Ye Feng, like a humanoid tyrannosaurus, giving people a very depressing feeling.

He said aloud: "Today I am going to teach you such an ignorant lesson a lesson.

I'm a newcomer, let me let you know what it means to respect seniors and disciples. After a newcomer like you enters the sect, you don't know how to keep a low profile or follow the orders of old disciples like us. Then I can only With all the attention, let me teach you how to behave in the future! "

"Teach me how to behave in the future?"

When Ye Feng heard what Shen Wushuang said, a cold smile suddenly appeared on his face, and then he slowly raised his head and said, "Then let me also let you know. What does it mean to not bully young people into poverty."

"boom!"

Almost at the moment Ye Feng finished speaking, Ye Feng took the initiative to take action against Shen Wushuang.

Shen Wushuang didn't even have time to react, and was directly hit in the body by Ye Feng's slap.

The next moment, Shen Wushuang yelled: "The body of an ancient bull!"

boom!

At this moment, Shen Wushuang's entire body immediately began to expand rapidly, and then two huge black horns sprouted from the top of his head.

The skin on the entire body has become as strong as ancient cowhide.

Obviously, Shen Wushuang has the bloodline of a very powerful ancient bull, so he has an extremely powerful body.

But at this moment, the body of a bull that Shen Wushuang transformed into was unable to resist Ye Feng's slap.

Ye Feng's slap was like an ancient heavy hammer. It was so heavy and terrifying that it shattered Shen Wushuang's entire body into pieces.

"ah!"

Shen Wushuang immediately screamed, and his whole chest was shattered.

, a huge bloody hole appeared.

Then he flew backwards in an instant, fell directly to the ground in the distance, and died instantly.

hiss!

Seeing this scene, countless disciples present could not help but have deep horror in their eyes.

They never thought that Ye Feng, a new disciple whose cultivation level was only the second level of the Realm King Realm, would possess such terrifying strength. .???.??

He actually shattered Shen Wushuang's ancient bull body with just one slap!

It was really terrifying and powerful to the extreme.

Everyone was shocked.

Uh-huh!

At this moment, Ye Feng walked directly to Shen Wushuang without any hesitation.

Then he secretly used the devouring power to swallow up all the blood and energy left after Shen Wushuang's death.

Buzz!

At this moment, Ye Feng's skill was greatly improved.

boom!

Ye Feng burst out with the aura of a cultivation breakthrough.

At this moment, Ye Feng's cultivation level successfully broke through again.

Breaking through to the third level of Kaio Realm!

At this moment, everyone around him finally looked at Ye Feng with a look of awe.

They knew that this silly boy looked like an ignorant boy, but his strength and foundation were extremely powerful.

After all, the person who can be favored by the eldest lady must be very extraordinary and cannot be messed with by ordinary disciples.

"But this Shen Wushuang is a member of the Prince Alliance. Although he is only the lowest peripheral member, this new disciple directly killed Shen

Wushuang, those people from the Prince Alliance will definitely come to cause trouble for this newcomer. "

"This is not something we can speculate on. After all, this newcomer is also a ruthless person, and he has the support of the eldest lady behind him. It is estimated that the group of people in the Prince Alliance will not dare to openly provoke this boy."

"In any case, this newcomer is very lucky. On the first day he came to our Yiyuan Dao Sect, he fell in love with the eldest lady. He is really lucky and really enviable."

...

Seeing Ye Feng leaving the scene at this time, many disciples present couldn't help but exclaimed in surprise.

At this moment, killing Shen Wushuang was just a trivial matter for Ye Feng.

After all, Ye Feng had joined many major forces before and had been targeted by many people.

Therefore, Ye Feng has long been used to such provocations.

He didn't have any fluctuations in his heart, he just beat the other person to death.

At this time, Ye Feng left the central area and walked quickly towards the Refining Mountain.

After all, Ye Feng's most important task now is to go to the Weapon Refining Mountain and ask the owner of the Weapon Refining Mountain to help him refine a jade training bed, which will greatly increase his cultivation speed.

After all, Ye Feng had seen the eldest lady's training jade bed before. It was engraved with various formations to assist training, which must be very useful and precious.

Therefore, Ye Feng also particularly hopes to have a jade bed of his own for practicing.

In this case, my own cultivation speed in Yiyuan Dao Sect will increase a lot.

Now that Ye Feng holds the identity token of the eldest lady, he naturally wants to make good use of the eldest lady's authority and ask the owner of the Refining Mountain to build the best jade bed for him.

Chapter 3005 Be careful

Ye Feng was very fast and arrived at the Yiyuan Dao Sect's weapon refining mountain in half an hour.

Lianqi Mountain is a very special place. The entire mountain is made of metal and looks very textured.

Under the sunlight, it exudes an extremely cold metallic luster, giving people a very thick and cold feeling.

Ye Feng arrived at the foot of the Weapon Refining Mountain and saw several guard disciples standing at the foot of the mountain.

At this moment, Ye Feng was walking towards the Weapon Refining Mountain, but was directly stopped.

A disciple guarding the mountain said: "Junior brother, your current status is only an outer disciple of our Yiyuan Dao Sect, and you are not qualified to enter the Weapon Refining Mountain. Only inner disciples are qualified to enter the Weapon Refining Mountain. Please ask for the refining skills in it." The weapon master refines weapons, so this junior brother please go back first."

When Ye Feng heard what the disciple guarding the mountain said, he immediately smiled and took out the identity token of the eldest lady Murong Mingyue from the storage ring.

Seeing Murong Mingyue's identity token, the mountain guarding disciple suddenly showed a look of surprise on his face.

Then he carefully looked at the young man in white in front of him, nodded and said loudly: "Since you are from the eldest lady, please come in."

Ye Feng felt a little surprised in his heart when he saw the disciple guarding the mountain change his attitude so quickly.

Unexpectedly, the eldest lady Murong Mingyue had such a high status in the Yiyuan Dao Sect.

She is worthy of being the eldest lady of the Yiyuan Dao Sect, she is indeed amazing!

At this time, Ye Feng sighed in his heart and followed the disciples guarding the mountain towards the weapon refining mountain.

On the way, Ye Feng said aloud: "Senior brother, I came to the Weapon Refining Mountain this time to obey the order of the eldest lady. I want to refine a jade cultivation bed for the eldest lady. I need to ask the mountain master of the Weapon Refining Mountain to make it. system."

Ye Feng would naturally not talk about refining a jade bed for himself at this time.

Because now I am just

A very ordinary outer disciple of the Yiyuan Dao Sect.

If you say you are refining it for yourself, then it will definitely not be taken seriously by others.

So Ye Feng played a trick and changed his story, saying that he was refining a jade cultivation bed for the eldest lady herself.

Sure enough, when he heard that it was being refined for the eldest lady, the guardian disciple immediately became serious.

He immediately said aloud: "Since you are refining the jade bed for the eldest lady, I will take you to see the Lord of the Mountain immediately. Although the Lord of the Mountain is currently in seclusion, he can't care about so much."

At this moment, the disciple guarding the mountain said something that made Ye Feng even more surprised.

This Miss Murong Mingyue is indeed a famous person in the Yiyuan Dao Sect. She has a very high status and is known to everyone.

However, Ye Feng didn't say much, because the people in the Refining Mountain valued the eldest lady Murong Mingyue, which would be of greater benefit to him.

Soon, Ye Feng followed the mountain-guarding disciple to the top of the Refining Mountain.

The top of Lianqi Mountain does not look very luxurious. Instead, it has a very primitive feeling. There is only one thatched hut there.

At this time, Ye Feng saw a little old man with a red beard. He was very short, just like the legendary dwarves.

At this moment, the little old man was sitting in the thatched hut, seemingly practicing meditation.

Ye Feng saw a huge hammer with a length of more than ten meters placed next to the old dwarf with a red beard. It looked very inconsistent with the old dwarf, giving people a top-heavy feeling.

But at this time, with

The disciple who guarded the mountain when Ye Feng came here, his eyes full of respect and awe, said loudly: "This is the mountain master of our weapon refining mountain. This junior brother, with the identity of the eldest lady, you command Pai, go talk to the mountain owner directly, I will take my leave first."

Ye Feng immediately clasped his fists and said, "Thank you, senior brother, for leading the way."

The Shoushan disciple quickly waved his hand and said loudly: "Serving the eldest lady, this is what you should do."

After saying that, the Shoushan disciple left the scene directly.

Obviously, Ye Feng, an outer disciple, is nothing in the eyes of this disciple guarding the mountain. He is very ordinary.

But Ye Feng holds the identity token of the eldest lady in his hand, which is different. His status is definitely rising.

At this time, Ye Feng took the eldest lady's identity token and walked quickly towards the thatched house on the top of the mountain.

When Ye Feng arrived at the door of the thatched house, the little old dwarf man with a big red beard immediately opened his eyes.

The mountain master of the Weapon Refining Mountain slowly stood up, grasped the huge and exaggerated hammer beside him, and said loudly: "I have heard the conversation you had with the disciple guarding the mountain just now. You did it for Murong That girl Mingyue is here to refine an ice jade bed for cultivation, right?"

When Ye Feng heard that the mountain master of the Weapon Refining Mountain directly called Murong Mingyue a little girl, he immediately understood that the mountain master of the Weapon Refining Mountain must be a great big shot, and his status was definitely very high in the Yiyuan Dao Sect.

Ye Feng's eyes suddenly became solemn, he clasped his fists and said loudly: "Senior is right, I came here specifically to refine a cultivation jade bed for the eldest lady."

The mountain master of the Weapon Refining Mountain walked up to Ye Feng at this time, his eyes seemed a little confused, and asked aloud: "I just refined a very complicated weapon for that girl three months ago.

And the precious Jade Cultivation Bed is definitely the best among the best. Why does she need to refine another bed now? You know, even for a top-level weapon refining master like me, the old man, it would take a lot of energy to refining a jade bed with such complex formations. "

Ye Feng knew at this time that he could not tell the truth, otherwise the owner of the weapon refining mountain would definitely be perfunctory and just make a bed for himself.

So at this time, Ye Feng immediately pretended to be confused and said: "I don't know why, I guess the eldest lady is not satisfied with the previous bed."

"Aren't you satisfied with such a precious bed?"

Hearing what Ye Feng said, the owner of the Weapon Refining Mountain immediately blew his beard and glared angrily.

However, Murong Mingyue's identity was very noble after all. She was the youngest daughter of the master of the Yiyuan Dao Sect.

So at this time, even if the mountain master of the Refining Mountain was so angry that he was blowing his beard and staring, he had no choice but to say: "Then you will wait here for three days and three nights. During these three days and three nights, I will do my best to help the eldest lady." Creating a jade bed that is even more powerful than before will definitely satisfy her."

Hearing what the master of the Refining Mountain said, Ye Feng immediately breathed a sigh of relief.

At the same time, I felt a little secretly happy inside.

Sure enough, his trick worked.

The name of the eldest lady still works.

It seems that I can get a jade bed that is even more powerful than the jade bed that the eldest lady uses for her own cultivation. That would be really great!

As for using the eldest lady Murong Mingyue's name to play tricks, Ye Feng has no psychological pressure and no shame.

After all, I am Murong Mingyue's alchemy boy now, and I will help this eldest lady look after her home and nursery for free in the future, so using the eldest lady's name to gain some benefits for myself is not too much, right?

Chapter 3006: Weaponry

"I'm getting tired again."

At this time, the little old man with a red beard muttered, holding the big hammer in his hand, and walked towards a certain direction of the Refining Mountain.

Obviously, the owner of the Weapon Refining Mountain does not want to refining a better jade bed for cultivation.

But there is no way, who knows that Ye Feng is following the order of the eldest lady Murong Mingyue.

At this time, Ye Feng watched the red-bearded old man walking not far away. He was also a little curious and followed him directly.

On the way, Ye Feng couldn't help but say: "Senior is really powerful. Not only can he forge weapons, but he can also imprint formations on the weapons to play various functions."

The master of the Weapon Refining Mountain glanced at Ye Feng, grinned, and said, "Young man, do you want to learn the art of weapon forging from me, the old man?"

"Forging weapons?"

When Ye Feng heard the red-bearded old man say this, his eyes suddenly showed a hint of surprise, and he couldn't help but said: "Is he the same as the weapon refiner?"

The old man with a red beard shook his head and said: "The art of weapon casting is many times more profound than that of a weapon refiner. A weapon refiner can only create the most basic

prototype of a weapon, but our weapon casting art can not only create various Weapons or cultivation artifacts can also give the weapons new life and soul, just like making the weapons or artifacts come alive. This involves not only weapon refining and spiritual formations, but also deeper things. The weapon and the spiritual formation merge together.”

Hearing what the red-bearded old man said, Ye Feng's curiosity was successfully aroused.

At this moment, Ye Feng immediately said: "Is the art of weapon casting so magical?"

The red-bearded old man immediately said: "Of course, it's very magical, but ordinary people don't want to learn the art of weapon casting, because if you want to learn the art of weapon casting, you must awaken the 'soldier soul'. If you can't awaken the weapon soul, you can't learn weapon casting." Technique.”

When Ye Feng heard this, his eyes suddenly moved and he couldn't help but ask: "What is a soldier soul?"

“You’ll know soon.”

At this time, the red-bearded old man and Ye Feng had arrived halfway up the Refining Mountain.

Halfway up the mountain, there is a huge stone platform cast, which seems to be very solid.

"Soldier Soul, activate!"

boom!

At this time, the red-bearded old man shouted loudly, and a giant emitting red light suddenly rose up from his body.

The red-bearded old man looked very short, but after activating his soldier soul at this moment, he suddenly became extremely majestic and towering, full of unparalleled terrifying momentum.

"boom!"

At this moment, the red-bearded old man and his soldier soul, the crimson giant, merged into one, and then he directly held the huge hammer more than ten meters long in his hand and began to build a jade training bed on the stone platform in front of him.

The soldier soul did not surprise Ye Feng. It was somewhat similar to the martial soul that Ye Feng had awakened before.

But what shocked Ye Feng to the extreme at this moment was that the red-bearded old man did not use any materials to build the jade bed for cultivation. Instead, he seemed to directly extract the power of various elements from the invisible world around him and then build it. A solid jade bed.

"What operation is this?"

Ye Feng was really shocked.

Ye Feng has been practicing to this day. He has experienced ups and downs along the way and has seen a lot of great things in the world.

But Ye Feng has never seen this kind of operation before. It was completely empty, but he created a substantial physical artifact.

As the saying goes, a wise woman cannot make a meal without rice.

It means, no

With rice, no matter how ingenious a woman is, she cannot make delicious meals.

Because, if there is no raw material, how to process it?

But now, Ye Feng saw a magical scene.

The old man with a red beard built an actual jade bed for cultivation with his bare hands without any raw materials. ??

This simply shocked Ye Feng's outlook.

This method is truly magical.

Ye Feng looked at it for a while and finally understood. It seemed that the weapon-making skills practiced by the red-bearded old man allowed his weapon soul to merge with the power of the entire world and extract various invisible elements from the surrounding void. Then materialize it.

"Amazing, really amazing."

Even Ye Feng couldn't help but admire him very much at this moment.

At this time, Ye Feng silently watched the red-bearded old man use the huge weapon soul to create in the void.

A huge and extremely luxurious jade bed for cultivation is slowly taking shape.

Three days and three nights later, a flawless and huge jade bed appeared in Ye Feng's field of vision.

At this moment, Ye Feng's eyes suddenly showed a fiery look.

This jade bed for practicing is definitely more precious than the jade bed of Miss Murong Mingyue, and it has more formations.

Ye Feng could feel a very violent energy fluctuation from this formed jade cultivation bed.

If you sit on it and practice, you will definitely get a huge improvement.

Even an ordinary pig, lying on this kind of jade bed for cultivation every day, will one day become extraordinary.

Buzz!

While Ye Feng was observing silently, the red-bearded old man not far away put away his huge incomparably huge soldier soul.

At this time, the red-bearded old man looked a little pale and was no longer as energetic as before.

Obviously, creating such an extremely high-level treasure took a huge amount of energy, which made masters of weapons casting like the red-bearded old man extremely exhausted.

At this moment, the red-bearded old man handed the jade cultivation bed to Ye Feng and asked Ye Feng to put the storage ring into it.

Ye Feng said aloud: "Thank you, senior."

The red-bearded old man waved his hand and said: "This is my current level. I can create the most advanced jade bed for cultivation. The material is cast from the fairy jade I grabbed from the void of heaven and earth, and there are thirty-six kinds of imprints on it. Heaven-level grand formations, seventy-two earth-level small formations, you can just let that girl Murong Mingyue sense the specific functions."

"OK!"

Ye Feng was very happy and put the top-notch jade bed in front of him into his storage ring.

At this time, Ye Feng looked at the red-bearded old man in front of him and couldn't help but said: "Senior, I have seen your majestic and heroic appearance in the past few days, as well as your superb weapon-making skills. I am particularly yearning for it. I hope that senior can teach me."

At this moment, Ye Feng was naturally striking while the iron was hot, hoping to learn this magical weapon-making technique.

The red-bearded old man was quite proud when he heard what Ye Feng said. After all, everyone likes to be praised by others.

However, after the red-bearded old man smiled, he said: "I have said before that if you want to learn the art of weapon casting, you must awaken the weapon soul. So, since you are the eldest lady's subordinate, you can also be regarded as one from now on. If you are a figure in the inner circle of our Yiyuan Dao Sect, then I will waste a little time and take you to the ancestral hall of our ancestor in the Refining Mountain to see if I can help you awaken the soldier soul. If you have talent, then I can accept you as a disciple. , teach you the art of forging weapons."

Chapter 3007 Was it successful?

Hearing what the red-bearded old man said, Ye Feng's eyes suddenly lit up and he couldn't help but say: "If senior is willing to take me to awaken the soldier soul, that would be really great."

The red-bearded old man glanced at Ye Feng, who was quite excited, and warned aloud: "Young man, don't rush to be happy. Whether you can awaken the soldier soul depends not on me, but on your own talent. If you don't have a soldier soul, , I can't help the old man."

Ye Feng nodded immediately and said: "Okay senior, I understand."

"Um."

The red-bearded old man took Ye Feng and walked directly in a certain direction of the Refining Mountain.

Soon, they arrived at the ancestral hall of the Refining Mountain.

The ancestor's ancestral hall is extremely broad and magnificent, standing within the mountain.

At this moment, Ye Feng followed the red-bearded old man and walked into this glorious ancestral hall.

Ye Feng immediately saw a lot of ancestor tokens, standing on a huge stone platform. They were so densely packed that Ye Feng felt the weight of history and the vicissitudes of time.

At this time, the red-bearded old man's expression was very serious and solemn, and he bowed to the Patriarch's Token in front of him.

Then the red-bearded old man looked at Ye Feng beside him and said: "The next step is to see if you can awaken the soldier soul. I will guide you."

Next, the red-bearded old man asked Ye Feng to stand on a mysterious Bagua stone platform in the middle of the ancestral hall.

The red-bearded old man said: "Next, just close your eyes and sense the elemental energy between heaven and earth with your heart. Whether you can awaken the soldier soul depends on your own destiny."

For the red-bearded old man, if Ye Feng could awaken the soldier soul, even the lowest level soldier soul, Ye Feng could become a weapon-casting warlock.

In that case, it will be of great help to the eldest lady.

After all, the reason why the red-bearded old man is so spendthrift

It took time to awaken the soldier soul for Ye Fenglai, mainly for the sake of the eldest lady.

At this time, Ye Feng didn't care, closed his eyes directly, and then followed the red-bearded old man's instructions to continuously sense the various free elemental energies in the world.

I don't know if it's because Ye Feng is in a higher realm now, or because he's in this special ancestor's ancestral hall.

Ye Feng could actually feel that the various elements of heaven and earth floating in the void had various attributes, which was the power of nature.

At this moment, the red-bearded old man standing in the ancestor's ancestral hall solemnly bowed to all the ancestor tokens, and then said aloud: "Please show the ancestor and guide the power of the soldier soul."

Buzz!

All the disciples in the Weapon Refining Mountain need to go through this step if they want to awaken their weapon souls.

The red-bearded old man is already very familiar with this.

Next, all the ancestor tokens will reveal their power, helping Ye Feng, who is standing on the central stone platform, to guide the soldier soul that may be contained in his body.

But at the next moment, the red-bearded old man discovered that all the ancestor tokens did not move at all, and they were still very quiet.

This made the red-bearded old man's eyes immediately show a hint of disappointment.

It seems that Ye Feng does not have the talent to become a weapon-casting warlock.

There was no soldier soul in his body at all, so the Patriarch's Token did not move because he could not guide the soldier soul out.

"This is normal. After all, not everyone can learn the art of weapon casting. It is very rare. It is difficult for even the lowest level of weapon souls to awaken."

The red-bearded old man

When he muttered to himself, he was about to let Ye Feng step down from the stone platform in the center and tell Ye Feng that he did not have the potential to become a weapon-casting warlock.

"Buzz!"

But suddenly at this moment, a very terrifying aura of power that seemed to come from ancient times suddenly spread out from Ye Feng's body.

The red-bearded old man, who originally had a trace of disappointment on his face, was severely shaken.

"This is.....".

Almost at the next moment, under the extremely shocked gaze of the red-bearded old man, a majestic blue giant figure with endless majesty suddenly appeared in the void behind Ye Feng.

This blue giant, like the heroic soul of an ancient god, stands in the endless void, standing tall and majestic.

Although the blue giant is in a soul state, his whole body is covered with densely packed iron-like armor, which looks full of unparalleled power and majesty.

"This is....."

Even though the red-bearded old man was the mountain master of the Refining Mountain, he was deeply shocked at this time.

Because even his own soldier soul is not as scary as the blue giant soldier soul awakened by Ye Feng at this moment.

At this time, the red-bearded old man even felt that the soldier soul hidden in his body was even trembling in front of the blue giant awakened by Ye Feng.

"But why is there no movement at all from the Patriarch's token?"

The red-bearded old man had doubts in his heart.

But just at the moment when the red-bearded old man had this doubt.

"Pap, tap..."

Along with a series of snapping sounds, all the ancestor tokens placed on the ancestor's ancestral hall fell down.

And the direction in which he fell was all in the direction where Ye Feng was standing at this moment.

Or to be precise, a large piece of Patriarch Token fell in the direction facing the blue giant behind Ye Feng, as if he was worshiping the emperor.

"this....."

The red-bearded old man was shocked again at this time. He was so shocked that his eyes widened.

At this time, the red-bearded old man was holding the big hammer in his hand, trembling.

It was as if he had witnessed a miracle with his own eyes!

The red-bearded old man was so excited that he couldn't help but murmur: "This must be the most terrifying, ancient-level soldier soul. It is very likely to be the supreme soldier soul that surpasses everything..."

At this moment, the red-bearded old man murmured.

"correct!"

Then in an instant, the red-bearded old man took out an ancient book from his storage ring, and flipped through it quickly, with fiery and crazy eyes.

When he turned to the last page, the palm of his hand holding the book suddenly trembled.

The red-bearded old man was staring at the ancient pattern drawn on the last page of the book, which was exactly the same as the blue giant behind Ye Feng at this moment.

That is the most powerful, terrifying, and mysterious soldier soul since ancient times...

"Soul of the Titan Soldier!"

The red-bearded old man said these words tremblingly, and his hands holding the book were shaking.

At this moment, Ye Feng waited for a long time and couldn't help but open his eyes and glanced at the blue giant standing in the void behind him, his eyes a little surprised.

Then Ye Feng looked at the red-bearded old man not far away, and couldn't help but asked in surprise: "Senior, I awakened the soldier soul, is this considered a success?"

Chapter 3008 Prince Alliance

"The soul of the giant divine weapon, the soul of the giant divine weapon..."

At this moment, the red-bearded old man kept murmuring, as if he was in a daze.

Looking at the bewildered Master of the Refining Mountain in front of him, Ye Feng was stunned. He walked up to the red-bearded old man, shook the old man's shoulders and said, "Senior, wake up, what's wrong with you?" ?"

"I'm fine!"

The red-bearded old man seemed to have come back to his senses. He stared at Ye Feng in front of him with burning eyes, and couldn't help but said, "Where are you from?"

When Ye Feng was asked by the red-bearded old man, he was a little confused. He answered honestly: "I come from a subsidiary interface of the Origin World, which is a cave world. I spent a lot of effort to get to the Origin World. "

"Attached interface?"

When the red-bearded old man heard what Ye Feng said, his eyes suddenly showed doubts: "How could a low-level world give birth to a talent like yours?"

When Ye Feng heard this, his eyes suddenly lit up, he glanced at the blue giant standing behind him in the endless void, and couldn't help but ask: "Senior, do you mean that the soldier soul I awakened is very advanced?" ?"

The red-bearded old man stared at Ye Feng, nodded excitedly and said: "Very advanced! Very high!"

Very high-end?

Ye Feng's eyes lit up and he continued to ask: "How high is it?"

The red-bearded old man said: "It's as high as three or four stories."

"Forehead?"

Ye Feng was stunned when he heard this.

The red-bearded old man looked at Ye Feng's confused look and burst into laughter. He patted Ye Feng's thin shoulder with his broad, rough and powerful palm, and said loudly: "Anyway, as long as you know, your awakened soldier soul, very ancient, with unlimited potential. From now on, you can study the art of weapon casting behind my back. One day in the future, you will definitely become a great weapon casting warlock.

It may even be recorded in history. "

When Ye Feng heard what the red-bearded old man said, the excitement in his eyes disappeared a lot, and he even had a hint of suspicion. Could this old man be deceiving him?

However, I thought about the identity of this red-bearded old man. He is the mountain master of the Yiyuan Dao Sect's Refining Mountain. His status is very noble. His status in the Yiyuan Dao Sect is also very ancient. He is an old-timer. He should not lie to himself. .

So at this time, Ye Feng immediately clasped his fists and said aloud: "Thank you for your praise, senior. Then I will learn the art of weaponry from behind. However, I usually don't have much time. After all, I He is still the alchemy boy of the eldest lady, and he still lives in the eldest lady's royal garden."

"The alchemy boy?"

Hearing what Ye Feng said, the red-bearded old man suddenly twitched the corner of his mouth and couldn't help but said: "Weapon-casting warlock covers everything. In the future, if you learn to a very advanced level and use your powerful weapon soul, you can Extract any elemental energy from the endless void and use it as raw materials to cast the top elixir. It is really a waste for you to

become an alchemy boy now, but it is good for you to follow that girl Murong Mingyue and learn alchemy. Yes, her master should be Master Yi from the Alchemy Palace. Master Yi has profound Taoism and unparalleled alchemy skills. If you have anything to do, you can ask him."

The red-bearded old man said, obviously he was quite familiar with Master Dan Zun Yi. After all, both of them were seniors in their respective fields in the Yiyuan Dao Sect.

There was a trace of surprise in Ye Feng's eyes, and he couldn't help but say: "This junior is just a humble alchemy boy under the eldest lady. If I really want to ask Master Yi for alchemy, he probably won't pay attention to me."

"Hahaha."

When the red-bearded old man heard what Ye Feng said, he immediately burst into laughter, and then said loudly: "If Master Yi ignores you, just release your awakened soldier soul directly in front of him. I think of it, Master Yi's expression should be very exciting, after all, it is the soul of the giant weapon."

"It turns out that the soul of the soldier I awakened is called the soul of the giant god soldier."

Ye Feng couldn't help but murmur in his heart at this time.

Although I don't know what level my soldier soul is exactly.

But seeing the old man with a red beard suddenly paying so much attention to him showed that his awakened soldier soul was definitely not weak.

Thinking of this, Ye Feng immediately left the Refining Mountain happily.

Before leaving, the old man with a red beard told Ye Feng to come to the Weapon Refining Mountain when he had time. The old man with a red beard would take the time to teach Ye Feng the art of weaponry.

Ye Feng wanted to call him master, but was quickly rejected by the red-bearded old man.

The old man just said: "I am only willing to teach you the art of weaponry, but I cannot be your master, because..."

For what reason, the red-bearded old man did not tell him directly, and Ye Feng did not ask any more questions. After all, as long as the master of the weapon refining mountain was willing to teach him the magical weapon-making skills, Ye Feng did not necessarily have to. Hug your thighs.

What Ye Feng didn't know was that the reason why the red-bearded old man didn't want to be Ye Feng's master was because he didn't want Ye Feng to hold his lap.

But...

After he left, the red-bearded old man looked at Ye Feng's back and murmured: "Because... I don't deserve it."

It turns out that the red-bearded old man felt that he was not worthy of becoming Ye Feng's master.

After all, what Ye Feng awakened was the soul of the giant divine weapon.

The red-bearded old man doesn't have the courage to become the master of a giant divine weapon soul.

\u003e

In that case, the red-bearded old man felt that he could not bear this kind of cause and effect.

But he was very willing to teach Ye Feng how to practice weapon casting.

After all, in the eyes of the red-bearded old man, Ye Feng had already become a god-level prospect among the weapon-casting warlocks.

...

After Ye Feng left the Refining Mountain, he went directly to the Royal Garden in the central area where the eldest lady Murong Mingyue lived.

Because Ye Feng had been delayed in the Artifact Refining Mountain for a long time, he had to go back as soon as possible to tell the eldest lady that he had obtained the jade cultivation bed made by the master of the Artifact Refining Mountain, and then accompanied her to make alchemy.

But just when Ye Feng walked out of the Weapon Refining Mountain, a group of people with unkind expressions appeared in front of him.

Ye Feng looked at the clothes these people were wearing. They were all disciples of the Yiyuan Dao Sect.

Ye Feng frowned because he felt a deep hostility from these people.

"You are Ye Feng, right?"

Among this group of people, a young man in a green robe suddenly spoke out: "You killed Shen Wushuang in public, and Shen Wushuang is a member of our Prince Alliance's outer alliance. If you dare to kill Shen Wushuang, then you are provoking The majesty of our Prince Alliance."

Ye Feng could sense that this young man wearing a blue robe had a cultivation level above the realm king realm.

Quite powerful.

But Ye Feng had no expression on his face and just said: "You want to take action against me?"

The young man in the green robe looked at Ye Feng's calm expression, just smiled coldly, and said: "Boy, stop pretending to be calm. Now that we have found you, then you can come with us. We will not I won't take action against you, but you have to go to our Prince Union to face trial. If you follow us obediently, you may be able to save your life."

Chapter 3009: Cultivation continuously broken

"Go to the Prince Union to be tried?"

Listening to the young man's words, Ye Feng suddenly laughed and said: "Stop talking nonsense, go away, don't embarrass yourself."

"You...! How dare you talk to me like that!"

The young man's eyes widened immediately, and then he said loudly: "Don't think that you are great just because you are under the command of the eldest lady. You are just a dog under the command of the eldest lady."

Ye Feng smiled lightly and said: "You are still talking nonsense in front of me. It seems that you really don't want to leave today."

boom!

Almost as soon as Ye Feng finished speaking, he took action directly.

At this moment, Ye Feng, faced with this young man who had surpassed the realm of the Kaio Realm and the Celestial Realm, he did not hold anything back at this time, and directly released the red dragon that Ye Feng had cultivated before. Divine Palm.

hold head high!

Accompanied by a huge dragon roar, Ye Feng's hand directly turned into a crimson dragon claw. Together with Ye Feng's powerful chaotic body, it was full of unparalleled power and directly transformed this young man. The man's chest was scratched to pieces.

"ah!"

The young man suddenly screamed, but after all, he was a native warrior from the Great World of Origin, and his vitality was very tenacious. At this time, his chest was scratched by Ye Feng, but he did not die, but quickly retreated.

"Hand of Buddha!"

At this moment, the young man also released a powerful martial arts inheritance. A golden Buddha appeared directly behind him, stretching out a hand towards Ye Feng, boundless.

Brute force gem!

At this moment, Ye Feng directly released the power of the gems of the gods without any hesitation.

In his red dragon divine palm, he also integrated the dominating power of the brute force gem.

boom! Click!

With a huge roar, Ye Feng smashed the golden Buddha's hand into pieces, and then instantly slapped the young man's head into his stomach.

Young man, die!

"What?!"

Seeing this scene, the other Prince Alliance members who were following the young man had horror in their eyes.

Because everything in front of me happened too fast.

Starting from Ye Feng

, the young man was beaten to death in two moves.

Almost done in an instant!

Therefore, the remaining members of the Prince Alliance were trembling all over. It seemed that they did not expect that this boy who looked like the third level of the Kaio Realm could actually possess such ferocious power. He could reach the level of the Heaven Realm in just a few seconds. The man was killed.

It's really terrible!

"As expected of the eldest lady, he is really powerful!"

Several members of the Prince Alliance all fled in an instant, not daring to provoke Ye Feng again.

Ye Feng did not hunt down these members of the Prince Alliance.

Because Ye Feng knew that it was better not to go on a killing spree now.

After all, he had just arrived at Yiyuan Dao Sect, so he couldn't be too high-profile.

Otherwise, if the trees are beautiful in the forest, the wind will destroy them.

As for whether these members of the Prince Alliance would find other more powerful helpers to provoke him, Ye Feng didn't care.

Because Ye Feng is still very confident in his own strength.

In fact, Ye Feng hopes that more powerful members of the Prince Alliance will come to cause trouble for him.

In this case, you can get a steady stream of nourishment.

If he really encounters someone who is irresistible, Ye Feng will directly hide in the royal garden of Miss Murong Mingyue.

It is estimated that no one dares to break into it.

So whether it's retreating or advancing, Ye Feng has a way.

"boom!"

At this time, the devouring domain released by Ye Feng devoured the young man from the Prince Alliance who was killed by him.

Suddenly, a huge amount of skill was injected into Ye Feng's body, causing Ye Feng's skill to increase tremendously.

"boom!"

The fourth level of the realm of kings!

"boom!"

The fifth level of Kaiou Realm!

It has to be said that this young man from the Prince Alliance is still very energetic, allowing Ye Feng to break through the sixth heaven in a row and enter the fifth heaven of the realm king.

This actually made Ye Feng's eyes reveal a rather surprised look.

But this is normal.

After all, this young man from the Prince Alliance is a strong man with a Celestial Realm cultivation that has surpassed the Kaio Realm.

If Ye Feng didn't have many trump cards and strong combat power, he might not be able to kill this young man.

Because Ye Feng knew this, he used the most powerful inheritance as soon as he took action, and even used the power of the Dominator Gem to bless himself.

Because Ye Feng needed to pursue the victory and catch the young man off guard in an instant, otherwise it would be difficult to kill the young man when he reacted.

After Ye Feng killed and devoured the members of the Prince Alliance, he hummed a tune and left the scene without thinking about the consequences.

Ye Feng then went directly to the royal garden in the middle of Yiyuan Dao Sect.

In the core area of the royal garden, Ye Feng once again came to the palace where the eldest lady Murong Mingyue lived.

At this moment, Ye Feng took out the jade cultivation bed obtained from the Refining Mountain and placed it directly outside the eldest lady's bedroom.

Uh-huh!

The next moment, Ye Feng sat cross-legged directly on the jade bed.

"Buzz..."

At this moment, this huge jade cultivation bed automatically emitted bright light of various colors.

One by one, the formations imprinted on the jade bed began to operate, automatically absorbing various energies from the surrounding world and then injecting them into the body of the user, Ye Feng.

After practicing for seven days and seven nights, Ye Feng suddenly burst out with a huge aura of cultivation.

That's the momentum of a breakthrough!

At this moment, Ye Feng once again broke through the first level of heaven and stepped into the sixth level of Kaiwang realm!

This made Ye Feng very happy, and he had to sigh that this jade bed for cultivation that the red-bearded old man had worked hard to build was really a magic weapon for cultivation.

At this time, Ye Feng was also becoming more and more interested in the art of weapon casting.

Now that I have awakened such a powerful giant god weapon soul, I can't waste my talent.

Ye Feng is preparing to enter the art of weaponry.

When the time comes, if you need any weapons or elixirs, you can directly create them in the void, and directly plunder the various elements floating between heaven and earth. As raw materials, you can really take advantage of the creation of heaven and earth.

"Huh? Why does your jade cultivation bed feel more advanced than mine?" Suddenly at this time, a familiar female voice came from not far away.

"Miss."

Ye Feng immediately stepped off the jade bed and hugged the beautiful woman who walked over not far away.

At this moment, the person who came forward was really the eldest lady of the Yiyuan Dao Sect, Murong Mingyue.

Murong Mingyue's cold beautiful eyes stared at Ye Feng's jade training bed, and asked aloud: "Is this made by the red-bearded old man in the Refining Mountain for you personally?"

Ye Feng nodded and said: "Yes, the senior mountain master of the Refining Mountain is very friendly, and he is in awe of the eldest lady. When he heard that I was the person next to the eldest lady, he directly built such a high-level one on the spot. Cultivation Jade Bed."

Hearing what Ye Feng said, Murong Mingyue's attention was diverted. She no longer worried about the advanced level of Jade Bed Cultivation, but became a little distracted and said: "It seems that this young lady's authority is getting deeper and deeper, which is very good."

After finishing speaking, Murong Mingyue took out a small alchemy cauldron from her storage ring, with three legs and two ears, and was completely black. She threw it directly to Ye Feng and said loudly: "Take my alchemy cauldron." Cauldron, familiarize yourself with its weight and size, as well as some of the auxiliary formations engraved on the surface of this alchemy cauldron. Later

you will accompany me to the Danzun Palace to learn alchemy from Master Danzun Yi. You will be responsible for me. Master the heat of the alchemy cauldron."

Ye Feng did not expect that his identity as an alchemy boy would come in handy so soon.

But Ye Feng didn't ask any more questions, but immediately said: "Okay, I will get familiar with this alchemy cauldron, don't worry, young lady."

"Um."

Murong Mingyue nodded casually and walked towards the palace. A voice came: "I'm going to change into a special alchemy suit for alchemy. You are waiting outside. You are not allowed to come in casually."

"yes!"

Ye Feng answered immediately, a little ashamed.

It seems that the eldest lady has a shadow over her accidentally seeing her in the fairy pond.

Chapter 3010 Very surprising

When Murong Mingyue entered the palace to change into her alchemy robe.

Ye Feng was idle, searching his storage ring to see if he could also find a more formal set of clothes.

After all, the person you and the eldest lady are going to meet later is the big shot of the Yiyuan Dao Sect, Master Dan Zun Yi of the Dan Zun Palace.

As Murong Mingyue's alchemy boy, I can't be too casual, right?

So Ye Feng started to search his storage ring.

It doesn't matter if you don't search.

After searching, Ye Feng saw a towering bull demon standing in a corner of the storage ring.

"Oh, by the way! There is also this bull demon captured from the Forbidden Land. It is still in the storage ring and has not been swallowed yet."

Ye Feng finally remembered at this time.

He slapped his forehead, his memory was really bad.

"Swallow!"

At this moment, Ye Feng didn't hesitate at all and directly released his devouring power and devoured the bull demon in the storage ring.

You must know that this bull demon is an ancient bull demon, the taboo lord in the taboo land of Tianwai Tian.

Therefore, the energy contained in the body of this ancient bull demon is very huge.

At this moment, after Ye Feng swallowed it, his cultivation level suddenly began to break through continuously.

"boom!"

The seventh heaven of the realm of kings!

"boom!"

The eighth level of Kaiou Realm!

"boom!"

The ninth level of the realm of kings!

At this moment, Ye Feng's cultivation directly broke through the third heaven and reached the ninth realm of the realm king.

It must be said that this was a huge breakthrough, and Ye Feng immediately had a happy smile on his face.

Fortunately, I accidentally explored the storage ring, otherwise I would have really forgotten about this ancient bull demon.

Because if he forgets for too long, Ye Feng's cultivation will break through to another higher level, and he may not need this bull demon.

Just after Ye Feng finished devouring it, Murong Mingyue, the eldest lady of the Yiyuan Dao Sect, walked out of the palace.

At this moment, Murong Mingyue had already put on an alchemy robe specially designed for alchemy. She had a perfect figure and looked extremely beautiful, giving her a sense of natural aristocracy.

Murong Mingyue looked at Ye Feng, and suddenly a look of surprise appeared in her beautiful eyes. She couldn't help but ask, "Why did your cultivation level suddenly break through so much?"

Ye Feng was immediately shocked.

Oops!

After my own breakthrough

I became happy and forgot to hide my cultivation aura.

However, Ye Feng showed a very calm expression on his face and said aloud: "Just when the eldest lady entered the palace, I didn't know why, but suddenly I had an epiphany at the door. It is very likely that the royal garden where the eldest lady lives has special characteristics. It is really a good

place with the essence of heaven and earth and the creation of all things, so I suddenly had an epiphany and achieved a breakthrough in my cultivation. "

"A sudden epiphany?"

Hearing what Ye Feng said, Murong Mingyue's beautiful eyes suddenly revealed a look of surprise, as if she didn't expect Ye Feng to have an epiphany on the spot.

There is something magical about this.

Murong Mingyue couldn't help but nodded and said loudly: "I thought you were a stupid boy, but I didn't expect that your cultivation talent is so high that you can achieve enlightenment without knowing it. Yes, you are worthy of the alchemy boy I selected. Look After you come here, you will not only be my alchemy boy, but you will also be qualified to be my personal bodyguard."

"Miss's personal bodyguard?"

Ye Feng's eyes were stunned. He didn't expect that he would have an additional position without realizing it.

But now Ye Feng has more skills than he can handle.

Anyway, it is quite good to temporarily follow Murong Mingyue, the eldest lady of the Yiyuan Dao Sect. She is like a fish in water in the Yiyuan Dao Sect, and no matter who she is, she has to give her some face.

So Ye Feng accepted it happily and didn't think there was anything wrong with it.

At this time, the eldest lady Murong Mingyue did not ask any questions, but walked directly outside the royal garden.

Ye Feng followed directly, walking behind Murong Mingyue on the left side, quite like a personal bodyguard.

Half an hour later, Ye Feng followed Murong Mingyue, traveling through almost half of the Yiyuan Dao Sect, and finally arrived at the Alchemy Hall.

Danzun Hall is a huge crimson red hall. It looks extremely majestic and has extraordinary momentum. It stands high in the sky and gives people a very noble feeling.

A very long metal ladder connects directly from the ground to the Danzun Hall high in the sky, giving people the feeling of ascending to heaven.

Ye Feng saw that the layout of the Alchemy Palace was even more impressive than the central hall of the eldest daughter Murong Mingyue's royal garden.

It seems that the Danzun Palace's status in Yiyuan Dao Sect is very high.

But this is quite normal.

After all, Ye Feng has practiced to this day and understands many truths.

A super power attaches great importance to members such as alchemists.

Because the elixir is a logistical supply for a big force.

When a warrior practices, he needs to use elixirs every moment.

Whether it is ordinary practice, killing enemies outside, or launching a huge war, a continuous supply of elixirs is needed.

So let alone an alchemy master, even an ordinary alchemy master is very respected among the big forces and has a very high status.

Although the alchemist's cultivation and combat power may not be that strong, he is definitely a treasure among every major force.

Even if many big forces launch a war with each other and a certain big force is destroyed, the alchemists among them will not be killed, but will be treated well and join the winning side.

Ye Feng is quite knowledgeable about alchemy.

After all, Ye Feng also studied alchemy for a period of time back then, but in the end he delayed his alchemy practice in order to quickly become stronger and save his mother.

Ye Feng still has some basic knowledge of alchemy.

And now Ye Feng has awakened the soul of the weapon in the art of weaponry, which also has a huge blessing effect on the art of alchemy.

After all, the art of weaponry also includes the art of alchemy.

It can be said that the art of weaponry is a combination of weapon refining, alchemy and formation.

And the most special thing is that weapon casting does not require any external raw materials.

A powerful weapon-casting warlock can extract various elemental attributes directly from the void of heaven and earth to refine weapons and elixirs.

So in general, powerful weapon-casting warlocks are more popular than alchemy masters.

It's just that there are too few weapon-casting warlocks. Among the entire Yiyuan Dao Sect, only the red-bearded old man from the Refining Mountain has a very advanced research on the weapon-casting art.

After all, a weapon-casting warlock must awaken his innate weapon soul before he can learn the art of weapon-casting.

But even if an alchemist has not awakened his natal fire innately, he can still obtain some kind of powerful flame through acquired practice. He can even learn alchemy with the help of external flames, such as the fire of the earth's core, and become an alchemist.

Therefore, alchemists can be continuously cultivated, but weapon-making warlocks require an innate awakening, which is unique.

However, Ye Feng knew very well that whether it was alchemy or weapon-making, it was an auxiliary practice for him.

The most important thing is the improvement of strength and cultivation.

After all, whether in the previous cave world or in the current world of origin, being strong is always king.

Just when Ye Feng was thinking secretly, he saw the eldest lady

Murong Mingyue had already walked towards the Alchemy Palace, and Ye Feng quickly followed.

When the two arrived at the entrance of Danzun Hall, a simple old man in gray robes was already waiting there.

This simple old man seems to be very ordinary, but the nine-cauldron pattern embroidered on his sleeves shows that this simple old man is an extremely terrifying nine-cauldron alchemist!

This should be the owner of Danzun Palace, Master Yi!

At this time, Master Yi saw Murong Mingyue, the eldest lady of the Yiyuan Dao Sect, and there was not much awe in her eyes, but a serious look like a senior looking at a junior.

After all, Master Yi's status is very high. It can be said that he controls all the logistics supplies of the entire Yiyuan Dao Sect. He is a powerful figure. Naturally, he will not be like the red-bearded old man in the Refining Mountain who needs to be polite to Murong Mingyue.

After all, although the red-bearded old man is a unique weapon-casting warlock, the level of weapon-casting is not very high to be honest. Naturally, he does not have as great a contribution to the sect as a Jiuding alchemist like Master Yi.

So at this time, even the eldest lady who usually thinks highly of herself has to say politely: "Hello, Master Yi."

"Um."

Master Yi nodded slightly, and then his eyes suddenly shifted from Murong Mingyue to Ye Feng beside her.

Master Yi seemed to have noticed something. A look of surprise suddenly appeared in his serious eyes, and he couldn't help but said: "Miss, the young man you brought today is much more talented in alchemy than you are. You are Where did you find the alchemy genius?"

Master Yi spoke very directly, regardless of Murong Mingyue's face, and directly belittled the young lady's talent on the spot, causing a look of astonishment to appear on Murong Mingyue's beautiful face.

But before Murong Mingyue said anything.

Master Yi suddenly reached out and grabbed it slightly, and the next moment Ye Feng was shocked to find that the fire of his own body surged out uncontrollably and began to burn in colorful flames outside his body.

What surprised Ye Feng even more was that Master Yi stared at Ye Feng's natal fire, felt it slightly, and then said in surprise: "Dragon Spirit Holy Fire, Extreme Cold Flame, Purple Flame Divine Fire, God's Karma Fire, Dragon's Fire" Flame, world-destroying melting flame, golden fire, sky fire, Xuantian demon fire, black lotus earth core fire. Not bad, it seems that the young man you brought here has experienced a lot. He is a peerless young man, better than the big one. Miss, you are much more powerful. Miss, you brought him here to let him become your disciple, right? What a surprise, I am willing to accept him as my disciple."

Murong Mingyue: "..."
