Chapter 3011 The feeling of mediocrity

At this moment, Murong Mingyue, the eldest lady of the Yiyuan Dao Sect, was in a bit of a mess.

Didn't he bring Ye Feng, the alchemy boy, to make alchemy?

Why did it suddenly become a recruitment site?

Moreover, the high-ranking Alchemist Master Yi actually boasted so much about the alchemy boy he chose, which was really unbelievable to the extreme.

And what surprised Murong Mingyue was that the fire of life actually appeared on Ye Feng's body. What was going on?

Murong Mingyue's beautiful eyes were fixed on Ye Feng. She didn't say much at this moment, but the inexplicable meaning in her eyes allowed Ye Feng to read the young lady's inner thoughts at this moment.

That is: You have so many hidden cards, why haven't you revealed them yet?

Ye Feng could only shrug helplessly, meaning: Miss, you didn't even ask me?

"master Yi." .??.

Murong Mingyue couldn't help but speak out at this moment: "Master Yi, what are you talking about? This silly boy is the alchemy boy I recently chose. I didn't bring him to become my disciple."

"The alchemy boy?"

Master Yi looked surprised, then shook his head and said loudly: "His talent is too strong. Miss, you should become his alchemy boy."

Murong Mingyue: "..."

The eldest lady of the Yiyuan Dao Sect was speechless once again, because Master Yi spoke too directly and had zero emotional intelligence.

At this moment, even Ye Feng could not help but bite the bullet and said quickly: "Master Yi, this junior is indeed the eldest lady's alchemy boy. In fact, it has only been a short time since I joined the Yiyuan Dao Sect."

When Master Yi heard what Ye Feng said, he immediately nodded and said: "Geniuses do not matter their origins. I was also a child from a poor family back then. Through my own efforts, I finally became a Jiuding alchemist. I am famous all over the world. Young man, you are extremely talented. , can actually integrate so many spiritual fires of heaven and earth in one body. Your talent is really a great talent in alchemy. You are the kind of person that the ancestor would give you a meal. If you don't learn alchemy with me, then you will It's really us

What a big loss to the alchemy world. "

"The great seedling that our ancestors rewarded with food?"

The eldest lady Murong Mingyue suddenly became even more confused when she heard Master Yi's comments about Ye Feng.

You must know that in order to learn alchemy, Murong Mingyue personally asked his father, the leader of the Yiyuan Dao Sect, to say some good things to Master Yi, so that Master Yi, who had a withdrawn personality, agreed to teach her alchemy.

But now Master Yi is rushing to teach Ye Feng how to learn alchemy.

The difference between before and after is really huge!

Murong Mingyue felt complicated.

Murong Mingyue has always attracted everyone's attention no matter where she is. Whether it is her family background or her cultivation talent, she is a leader.

It can be said that it has countless auras.

But now, she felt mediocre in front of Ye Feng.

But Murong Mingyue is not someone who likes to be jealous of others.

After all, she had grown up with a golden key in her mouth, and her status was extremely noble. She had always been complimented by countless people, and she had long enjoyed the feeling of being praised and complimented by others.

Now in front of Ye Feng, Murong Mingyue experienced the feeling of mediocrity for the first time. This actually gave Murong Mingyue, the eldest lady of the Yiyuan Dao Sect, a special and unusually happy feeling.

That is, she is no longer the center of attention, no longer under so much pressure, having to be the best at everything, but rather mediocre.

I have to say that this eldest lady of the Yiyuan Dao Sect has a really weird personality.

Ye Feng probably couldn't imagine what Murong Mingyue was really thinking at this moment.

If Ye Feng knew about it, he would definitely think that this young lady was really a weirdo.

The more you use various advantages to suppress her, the more novel and enjoyable she will feel.

It can be said that there is a tendency to enjoy being abused.

At this moment, Ye Feng said aloud: "No matter what, I am the eldest lady's alchemy boy. If Master Yi is willing to teach me alchemy, then the younger generation will naturally be very willing to learn."

Whether it is alchemy or weapon-making, they are all closely related. Learning can improve one's comprehensive ability, which naturally has benefits.

Ye Feng had a look of sadness in his eyes at this time.

The old man with a red beard, the previous owner of the Weapon Refining Mountain, once told him that if Master Yi was unwilling to teach him alchemy, he could release his extremely advanced weapon soul, the soul of the giant divine weapon.

But now Ye Feng discovered that he did all this without even releasing the soul of his giant weapon.

Therefore, Ye Feng did not directly reveal his soul of the giant weapon at this time.

Otherwise, Master Yi would probably be even more shocked.

And it will really shock the eldest lady Murong Mingyue to doubt her life.

Ye Feng felt that it would be better for him to keep a low profile now.

At this time, Murong Mingyue's beautiful eyes were fixed on Ye Feng, and she couldn't help showing a playful smile, and said loudly: "Ye Feng, Ye Feng, I didn't expect that you, a silly boy, would hide this from me. With so many trump cards, what kind of trump cards do you have?"

Ye Feng smiled helplessly and said: "It's really gone, nothing is gone."

"snort."

Murong Mingyue snorted, a sly smile appeared on her beautiful face, and said loudly: "After today's alchemy learning task is over, I will 'interrogate' you tonight."

Ye Feng: "..."

Next, Ye Feng accompanied Murong Mingyue to start learning alchemy.

have to say,

Master Yi is worthy of being at the Jiuding level. He is a true alchemy master with superb skills and vast knowledge. Ye Feng is always immersed in Master Yi's lectures.

What makes Murong Mingyue quite depressed is that Master Yi used to give lectures to Murong Mingyue, but now, Master Yi talks more to Ye Feng.

In this case, Murong Mingyue, the eldest lady of the Yiyuan Dao Sect, really seems to have become Ye Feng's alchemy boy.

The whole afternoon of study passed quickly.

The expression on Murong Mingyue's face was a bit confused, and she obviously didn't understand everything.

But Ye Feng was full of spring breeze and gained a lot.

Ye Feng was able to answer all Master Yi's questions fluently during the learning process, and even drew inferences from one instance to another, which shocked the eldest lady Murong Mingyue.

Master Yi was very satisfied with Ye Feng's talent and understanding ability, and even gave Ye Feng a small silver cauldron. It was the alchemy cauldron that Master Yi used when he was young. It was very precious. It can be seen from this that Master Yi's beloved disciple eager.

When Ye Feng and Murong Mingyue were about to leave the Alchemy Hall, Murong Mingyue couldn't help but said to Master Yi: "Master Yi, what you taught today was a bit fast, and I didn't understand many of them. Although Ye Feng is very talented, I can understand quickly, but I can't. Can Master Yi consider my feelings next time?"

Master Yi glanced at Murong Mingyue and said, "If you don't understand anything, just ask Ye Feng directly in private."

When Murong Mingyue heard this, she could only droop her little head and said, "Okay, I understand."

At this time, Murong Mingyue looked at Ye Feng beside him, and was very surprised by the opponent's talent.

But in the end, Murong Mingyue attributed all this to her, "It's my good eyesight that discovered this silly boy's talent, and I took it with me. Next time I see my father, I must tell him that I am one of them." Having contributed to the sect, this silly boy may really become an alchemy master like Master Yi in the future."

Chapter 3012 Beauty Pill

At night, the two of them returned to the entrance of the central hall of the royal garden together.

Ye Feng said aloud: "It's getting late, Miss, please rest early."

After saying that, Ye Feng sat cross-legged on the huge jade bed at the entrance of the central hall.

Murong Mingyue did not enter her bedroom immediately, but with curiosity in her beautiful eyes, she stared at Ye Feng and said loudly: "I didn't see it, Ye Feng, you actually have the talent for alchemy, Lian Yi The masters are full of praise for you, but it seems that I still don't know much about you."

Hearing this, Ye Feng smiled slightly and said, "That's Master Yi looking up to the younger generation. In fact, I don't have any talent."

Murong Mingyue just curled her lips and said, "Don't be too humble. Being too humble is pride."

Ye Feng smiled hoarsely and said: "I was really lucky in my early years. By chance, I merged a lot of spiritual fires from heaven and earth. What Master Yi likes is my natal fire."

When Murong Mingyue heard this, she nodded in surprise and said, "It's not easy to be able to integrate so many kinds of flames into one. You are indeed a genius."

When she said this, Murong Mingyue suddenly walked up to Ye Feng, stretched out a pair of jade hands, put them on Ye Feng's shoulders, and said with a smile: "No matter what, you are my royal alchemy boy. This will never change, right?"

Ye Feng looked at the eldest lady who was close at hand and said with a smile: "Yes."

"That's good."

Murong Mingyue took a few steps back, stretched, and said aloud: "I listened to the alchemy learning lectures all afternoon today. I am really tired. I have to go to bed early. Good night."

Uh-huh!

After saying that, Murong Mingyue's beautiful figure had disappeared into the inner area of the central hall.

Ye Feng looked at the disappearing figure of the Miss Yiyuan Dao Sect, and smiled dumbly. He didn't say anything more, but began to practice silently on the jade training bed.

one night

speechless.

Early the next morning, as soon as Ye Feng opened his eyes from his cultivation state, he discovered a beautiful figure already standing in front of him.

It was Murong Mingyue, the eldest lady of the Yiyuan Dao Sect.

Ye Feng's eyes were a little surprised. He didn't expect that such a noble young lady as Murong Mingyue would wait for him in front of him.

If it was before, it would definitely be impossible.

It seems that what happened to Master Yi yesterday made the eldest lady of the Yiyuan Dao Sect pay more and more attention to her.

He probably no longer regards himself as a humble alchemy boy.

"You finally woke up."

Murong Mingyue changed into a very beautiful purple dress today. She looked like a purple fairy with a beautiful temperament.

Ye Feng quickly stood up from the cultivation jade bed, walked to Murong Mingyue, and couldn't help but said: "Has the eldest lady been waiting for me?"

Murong Mingyue nodded, with a beautiful and sunny smile on her face, and said loudly: "I suddenly thought of something, maybe you can help me."

Ye Feng asked: "What's the matter?"

Murong Mingyue said with a smile: "Help me participate in the alchemy competition held in the underground city's black market. I want to get the prize of this alchemy competition."

Ye Feng looked puzzled and asked: "What is the prize that the young lady hopes to get so much?"

Murong Mingyue said with a smile: "A very precious beauty pill. It is said to be a peerless beauty pill refined by the 'Female Pill God' of the ancient Goddess Sect. After eating it, it can make my skin taller and my figure better. The temperament is also better and more beautiful."

When Ye Feng heard this, he suddenly became speechless.

, and then couldn't help but shake his head and smile.

Ye Feng originally thought it was some kind of peerless treasure, or a peerless elixir that could improve his cultivation skills.

Unexpectedly, it turned out to be a beauty pill that can only improve appearance.

However, it is quite normal for this kind of precious and high-grade beauty elixir to be attractive to girls like Murong Mingyue.

Ye Feng smiled and said: "Miss, you are already very beautiful."

Murong Mingyue said with a smile: "Thank you for the compliment, but I still want to become more beautiful."

After finishing speaking, Murong Mingyue counted the time, and suddenly her eyes were startled. She quickly grabbed Ye Feng's arm, dragged Ye Feng towards the outside of the royal garden, and said eagerly: "The time for the alchemy competition is about to start. Underground City The black market is still some distance away from our Yiyuan Dao Sect, so let's get started as soon as possible."

Ye Feng was dragged by Murong Mingyue and did not resist. After all, Ye Feng had not left the sect for so long and wanted to go out and see the outside world.

Thanks to the old master of the Phoenix Temple, Ye Feng entered the Origin World, but he had not yet taken a good look at the various environments and scenes of the vast land of the Origin World.

This time I happened to go out with Murong Mingyue to take a look. .??.

Murong Mingyue seemed to be afraid of Ye Feng's reluctance, so she dragged Ye Feng away and said, "Ye Feng, this alchemy competition not only has prizes like Beauty Pills, but also various other precious prizes if you rank high. Ancient elixirs, and the place where the competition is held, the underground city black market, has all kinds of practitioners and races, you will definitely be interested!"

Just as the two of them were talking, they had already walked out of the royal garden and arrived at the ordinary area within the scope of the Yiyuan Dao Sect.

At this moment, Ye Feng saw that a large group of young masters wearing Prince Alliance clothes appeared in front of them, and they instantly rushed towards the direction where he was, filled with murderous intent.

These princes

The masters of the alliance are all very powerful in cultivation, and they give people a very scary feeling.

But at this time, Ye Feng's eyes revealed a playful smile.

Sure enough, when this group of prince alliance masters came to Ye Feng with murderous intent, they suddenly saw Murong Mingyue standing next to Ye Feng.

Suddenly, their fierce expressions were stunned.

"Eldest...eldest lady..."

The dozen or so experts from the Prince Alliance were a bit uneasy in their words.

They never seemed to have expected that Murong Mingyue, the distinguished eldest lady of the Yiyuan Dao Sect, would actually appear together with Ye Feng, a humble newcomer disciple, and even walk together.

They were far away just now and thought the woman standing next to Ye Feng was some unknown female disciple.

Unexpectedly, it was the eldest lady Murong Mingyue!

Therefore, the dozen or so murderous Prince Alliance masters were all stunned at this moment, and the atmosphere was very embarrassing.

Although Murong Mingyue has a carefree personality, it does not mean that she is a fool. At this moment, the young lady suddenly understood something.

Murong Mingyue stared at the dozen Prince Alliance masters in front of her with unkind eyes, and said loudly: "You are so courageous. You dare to show your murderous intention within the scope of the sect and want to kill fellow disciples for no reason. All of you are so brave." Kneel down for me, Miss!"

boom!

It has to be said that Murong Mingyue is still very protective of her shortcomings.

At this moment, she didn't care about the grudge between Ye Feng and the Prince Alliance, who was right and who was wrong, she just burst out with a terrifying aura, supporting Ye Feng.

"boom!!"

That terrifying cultivation momentum immediately oppressed the dozen or so Prince Alliance masters in front of them, who knelt on the ground one after another.

Chapter 3013 Underground City

At this time, all the dozen or so masters of the Prince Alliance were kneeling on the ground, unable to withstand the pressure of the powerful aura from the eldest lady Murong Mingyue.

Ye Feng also had a look of surprise in his eyes. He didn't expect that the eldest lady Murong Mingyue's cultivation was so strong. There were more than a dozen masters of the Prince Alliance facing her, and all of them couldn't help but kneel on the ground. And all of them They were all suppressed by Murong Mingyue's pure aura.

At this time, Ye Feng couldn't realize how powerful Murong Mingyue's cultivation aura was, or what state it was in. Anyway, he just felt that the true strength of this young lady was absolutely unfathomable.

But this is normal. .??.

After all, Murong Mingyue is the eldest lady of the Yiyuan Dao Sect and the biological daughter of the leader of the Yiyuan Dao Sect. She grew up with the golden key in her mouth from an early age, and the training resources she obtained must be of the highest quality. Naturally, her cultivation strength is very high. of strength.

However, the more powerful Murong Mingyue becomes, the happier Ye Feng will naturally be.

Because now I can be regarded as someone who is protected by Murong Mingyue. The greater the power of this eldest lady, the more I can get along with the Yiyuan Dao Sect.

At this moment, the dozen or so Prince Alliance masters who were kneeling on the ground endured the tremendous pressure and said loudly: "Miss, the boy next to you once had no taboos under the spotlight and punished him. He killed a member of our Prince Alliance, and now we must take him

back for trial. Miss, if you are so partial to him, aren't you afraid that the prince will come to you in person? "

boom!

It would have been better if the master of the Prince Alliance didn't say anything, but once he said this, he immediately offended Murong Mingyue's pride.

Murong Mingyue's beautiful eyes suddenly showed deep coldness and majesty, and she said loudly: "Prince? Does he really think that he can cover the sky with one hand in the Yiyuan Dao Sect? Although my father and all the great elders value it very much. He thinks that he is the future of our Yiyuan Dao Sect, but I don't accept him. Don't try to use the name of the prince to oppress me, it is of no use. "

Boom!

After Murong Mingyue finished speaking, Murong Mingyue suddenly burst out with an extremely powerful aura, which directly sent all the dozen Prince Alliance masters in front of him flying backwards.

"puff!"

"puff!"

...

At this moment, all the masters of the Prince Alliance spat out a mouthful of blood, and they all fell hard to the ground not far away.

"Don't stand in my way again, otherwise don't blame me for being merciless."

After Murong Mingyue finished speaking, she took Ye Feng and left the scene directly.

The dozen or so experts from the Prince Alliance who were there all had extremely ugly eyes.

This time they dispatched a dozen extremely powerful masters. They originally wanted to capture Ye Feng directly, but unexpectedly they directly encountered the eldest lady Murong Mingyue and were unable to resist at all.

"This is how to do?"

A master from the Prince Alliance couldn't help but speak out.

Another expert from the Prince Alliance said: "The power of the eldest lady is too powerful. It is impossible to disturb the prince with such a small thing. Forget it, let's leave for now. When Ye Feng comes out alone, we will find a way to deal with him." "

"good."

A group of other experts from the Prince Alliance nodded and left the scene.

And this time.

Murong Mingyue took Ye Feng and left the scope of the Yiyuan Dao Sect.

Murong Mingyue couldn't help but look at Ye Feng and said loudly: "You are quite courageous. You actually dare to kill the members of the Prince Alliance within the sect. You know

He said, even many core disciples would not dare to do this. After all, the leader of the Prince Alliance, the Prince, is a very scary guy. "

Ye Feng just smiled slightly at this and said loudly: "The other party has bullied me. If I don't fight back, then I am not worthy of becoming a warrior. The reason why I practice is not to enjoy life, not Be bullied by anyone."

"Not bad."

When Murong Mingyue heard what Ye Feng said, a smile suddenly appeared in her beautiful eyes: "You and I have the same idea, if you can always endure it, then why are you practicing? And the Prince Alliance's behavior in Yiyuan Dao Sect is They are indeed very domineering, and I have not

tolerated them for a long time. The prestige of killing them is quite good, but the Prince Alliance will definitely not let it go in the future. I can't always be by your side to protect you. You yourself pay attention."

Ye Feng nodded immediately and said loudly: "Thank you, Miss, for your concern."

Murong Mingyue said with a smile: "I don't care about you, I just don't want to lose such a talented alchemy boy like you."

Just when the two of them were talking about this, they had already left Yiyuan Daozong a long way away and came to the edge of a huge city standing in the jungle.

The city in the distance was entirely made of pitch-black steel. It looked very cold, heavy, and majestic, like a giant steel beast standing on the ground, giving people a very suffocating feeling.

Murong Mingyue looked at the huge steel city in the distance and said aloud: "This is just a city on the surface. It is a really fun place where fish and dragons mingle. Under this city, there is also a huge building built underground. The underground city in this underground city is said to have been built by a super powerful force. Even I, the eldest lady of the Yiyuan Dao Sect, don't know who the master of the black market in this underground city is. Anyway, he is very mysterious.

It is a secret, and besides our Yiyuan Dao Sect, there must be traces of other major forces and wandering practitioners. Therefore, in order to cause some unnecessary trouble, we still have to hide our identities. After all, although our Yiyuan Dao Sect is a super large sect, but there are still many enemies in the Eastern Region of the Origin World. If I expose my identity, it is very likely that other powerful hostile forces will take action. After all, many large forces will secretly cultivate. There are some super strong people who specialize in secretly hunting down geniuses from hostile forces. Our Yiyuan Dao Sect also has this kind of dark organization, and my brother is in charge of it, so I know this very well. "

After finishing speaking, Murong Mingyue took out two masks from her storage ring, which were a golden mask and a silver mask.

Murong Mingyue put a golden mask on her face, covering her face, but her graceful figure, beautiful long hair, and invisible temperament made others know that she must be an unparalleled beauty.

Ye Feng put on a silver mask at this time, sensed it, and said in surprise: "This silver mask can actually hide the aura of cultivation on the body, and wearing the mask, I feel that I can sense the dangers around me. It's all improved a lot."

Murong Mingyue smiled and said, "This is a special mask specially made for me by the red-bearded old man. It certainly has many functions."

"It turned out to be made by the mountain owner of the Refining Mountain."

Hearing this, Ye Feng suddenly nodded in confusion. The owner of the Refining Mountain, the red-bearded old man, was an extremely powerful weapon-casting warlock, and the things he created were naturally of high quality.

"Let's go into town."

Murong Mingyue saw Ye Feng also put on a mask and said directly.

Both of them wore masks to cover their faces and walked directly into the steel city in front of them.

Chapter 3014 Alchemist Competition

When Ye Feng followed Murong Mingyue into the city, he was surprised to see that almost half of the people in the entire city were wearing various masks.

Apparently, most wanted to keep their identities secret, so they wore masks.

Originally, Ye Feng was a little worried that both he and Murong Mingyue were wearing masks, which might attract the attention of various people, but now it seemed that his worries were unnecessary.

At this time, Murong Mingyue had no interest in the environment in the surrounding city and said directly to Ye Feng: "Don't look at it, let's go directly to the entrance of the underground city."

"good."

Ye Feng nodded immediately, naturally there would be no disagreement.

After all, the purpose of coming out this time was to accompany the eldest lady in the alchemist competition, win the god-level beauty pill, and help the eldest lady become more beautiful.

Murong Mingyue, the eldest lady of the Yiyuan Dao Sect, obviously often came to the black market in this underground city, so she quickly led Ye Feng to a rather secret alley.

Finally, the two came to the door of a small inn.

This inn looks very antique and has a special charm.

But the entrance to the underground city's black market is hidden.

At this time, when the two people approached here, there was a sudden "crunch" and the door of the inn opened directly.

Two figures covered in black robes walked out of the inn.

A figure in black robes said: "Show me your pass."

Murong Mingyue's face remained motionless and very calm under the mask. She reached out and opened it, and a token with a faint light appeared in her palm.

At this time, the figure in black robe stared at the token, his eyes startled, it seemed that the token was quite noble, and he quickly said: "Distinguished guests, please come in!"

Ye Feng can sense

Jue felt that the moment he saw the token in Murong Mingyue's hand, the attitude of the black-robed figure became respectful.

Ye Feng couldn't help but glance at Murong Mingyue beside him, and thought to himself, it seems that the eldest lady is a frequent visitor to the black market in this underground city, and she is a VIP.

However, considering the financial resources Murong Mingyue's identity represents, it is normal for her to become a distinguished customer of the underground city's black market.

After all, Murong Mingyue is a wealthy young lady with a lot of money.

At this time, Murong Mingyue led Ye Feng into the small inn.

The moment you walk in.

Buzz!

The space fluctuated.

It's like entering a teleportation formation.

Ye Feng's eyes showed surprise.

He felt that the moment he stepped into the door of the inn, it was as if his whole body was transported to another space.

At this moment, in Ye Feng's field of vision, he saw a vast and huge underground city, with a total of more than ten floors and a large area, appearing in his field of vision.

The entire underground city is simply a sea of people, from all kinds of people, from three religions and nine streams, all gathered together.

This underground city is countless times more prosperous than the city on the ground.

Murong Mingyue stood next to Ye Feng and said aloud: "The black market in this underground city has been established a long time ago. It is very prosperous. There are all kinds of people in it. Even I need to wear it here. Mask and keep a low profile."

Ye Feng nodded. He looked around and found that almost 90% of the people in this underground city and black market were wearing masks and hiding.

Their respective breaths.

At this time, Murong Mingyue explained while walking: "This time the alchemist competition will be held at the bottom level of the underground city's black market. It is said that it is hosted by the power that controls the underground city's black market. We'd better hurry up and get there. Well, the time is almost up."

Under the leadership of Murong Mingyue, Ye Feng almost took a quick look around the entire underground city and black market, and indeed saw various prosperous scenes.

Soon, the two of them arrived at the bottom level of the underground city's black market.

There are a lot fewer people here.

There are no trading markets around.

Ye Feng saw at first glance that there was a huge square at the end of the front.

On the square, there are already many alchemists standing there.

At this time, there were many people watching in the surrounding auditoriums.

Those who can participate in this alchemist competition are probably all alchemy geniuses from the major forces.

Of course, sometimes there will be some alchemy geniuses who are practicing alchemy and come here to participate in the alchemist competition and win various rewards.

At this time, Murong Mingyue led Ye Feng to the entrance of the square and directly submitted his qualification certificate.

Murong Mingyue looked at Ye Feng beside her and said, "Let's go to the square and choose a place to make alchemy together."

Ye Feng nodded and walked directly to the square with Murong Mingyue.

Next, the two of them, like the alchemist who arrived early, were waiting in the square.

After waiting for about half an hour, many more alchemists finally arrived one after another.

At this time, an old man in black robe standing on the high platform immediately

He smiled and said: "Now that everyone is here, this time the alchemist competition will begin. This time it is held in our underground city. The rewards are very generous. Everyone works hard to make alchemy. Those with the highest quality will continue to advance. , enter the next round, there are seven rounds in total, and the top ten in each round will receive generous rewards."

When the black-robed old man was talking, Murong Mingyue, who was standing in a corner of the square, looked at Ye Feng beside him and said with some expectation: "That extremely precious god-level beauty pill is the first The top ten rewards in the six rounds, Ye Feng, come on, try to get into the sixth round."

Hearing this, Ye Feng nodded immediately and said, "Miss, I will do my best."

Murong Mingyue continued: "I only want that god-level beauty pill, and all the other reward pills will be given to Ye Feng yourself."

"real?"

Ye Feng's eyes suddenly lit up.

You must know that I do not have the qualifications and connections to participate in this alchemist competition.

I didn't expect that the eldest lady would give me such great benefits.

Murong Mingyue smiled and said, "I'm not as stingy as you think."

And while the two were talking.

The old man in black robe on the high platform has ordered the beautiful maids to deliver the boxes one by one to the hundreds of alchemists in the square.

The black-robed old man said aloud: "The materials contained in each box are exactly the same. Next, I will judge and rank the elixirs you refine based on their quality. The types of elixirs refined in each round are different. , everyone can start."

Buzz!

Almost at this moment, the alchemists in the square took out their own alchemy cauldrons, released the alchemy fire, took out the raw materials from the boxes, and began to refine the elixirs.

Chapter 3015 Shady story

At this time, Ye Feng opened his box and saw a lot of medicinal materials, exuding a faint medicinal fragrance.

Buzz!

Ye Feng took out the silver alchemy cauldron given to him by Master Alchemy Master Yi before, and then released his own natal flame.

At this moment, Ye Feng immediately began to put the medicinal materials in the box into the silver alchemy cauldron one by one and began to refine the elixir.

For Ye Feng, he already had a good foundation in alchemy. After listening to the lectures of Master Alchemy Master Yi, his alchemy skills improved to a higher level.

In addition, Ye Feng's natal fire is of very high quality. After all, it is a natal flame formed by merging many kinds of heaven and earth spiritual fires. ??

So at this time, Ye Feng's refining process was very smooth, and the quality was very high.

The entire refining process only took half an hour, and a total of nine sparkling elixirs were released from Ye Feng's silver elixir cauldron.

The elixir designated for refining in this first round is called Yuanli Dan, which is a rather basic elixir.

So one after another, many alchemists present were all refining it.

But most of them are refined into four or five pieces.

Six pills can be made in a furnace, which is very small.

For example, Ye Feng refined a batch of nine, which is already a lot.

Of course, there are also many talented alchemists who are even more powerful than Ye Feng and have directly refined more than a dozen Yuanli Pills.

However, during the selection process, the nine Yuanli Pills refined by Ye Feng were all the best among the best.

"This quality is too high. This is the first time I have seen such a high-quality elixir!"

Several old men who were selected were all shocked at this time.

Although the number of pills refined by Ye Feng was not the largest, the quality of the pills was the highest.

At this moment, even the old man in black robes, who was leading the charge, was staring at the nine sparkling Yuanli Pills refined by Ye Feng, and couldn't help but say: "This quality... is first-class!"

At this time, everyone's eyes were focused on Ye Feng, a young man wearing a silver mask.

At this moment, Ye Feng suddenly became the center of attention and focus of the audience.

However, Ye Feng also noticed several cold looks, which must be jealous looks.

Ye Feng didn't care about this. After all, geniuses are always jealous.

This is normal.

At this time, Murong Mingyue, who was standing next to Ye Feng, showed a rather excited smile on her beautiful face under the mask. She couldn't help but patted Ye Feng's shoulder and said aloud: "I didn't see it. Ah, your actual operation is also so good, and the quality of the elixir you refined has made the elders of the dungeon's jury full of praise."

Ye Feng smiled slightly and said, "It's not bad."

Murong Mingyue said with a smile: "Keep up the good work, my beauty pill depends on you."

Murong Mingyue did not refine the elixir, after all, her alchemy skills were not very good.

Originally, Murong Mingyue thought that she would never be able to get the Beauty Pill, but now that she saw Ye Feng's alchemy skills were so powerful, she felt that it was still possible.

At this moment, the old man in black robe on the high platform continued: "Now, let's start the second round."

The next moment, the beautiful maids once again brought out a beautiful brocade box containing raw materials, which they began to use for the major alchemists.

The second round of alchemy began again.

Then the third round, the fourth round...

Until the sixth round, the elixirs refined by Ye Feng were all of excellent quality.

And Ye Feng naturally got the first ranking in every round.

What surprised Ye Feng was that the first place reward in each round was very generous.

After Ye Feng won the sixth round, he not only helped Murong Mingyue get the god-level beauty pill, but also won a lot of precious pills and elixirs for himself.

When this alchemist competition is over, Ye Feng will definitely be able to improve his cultivation skills a lot by devouring these precious pills and elixirs as rewards.

Murong Mingyue was very happy at this time. She took the beauty pill on the spot, and her whole body was immediately emitted with layers of divine light, and her temperament became even more beautiful.

At this moment, Murong Mingyue couldn't help but said: "The next is the seventh round, the last round! The winner must be Ye Feng. It is said that the reward for the first place in the last round of the Alchemist Competition this time is A priceless 'Giant Spirit Pill' is an ancient pill that even Master Yi of our Yiyuan Dao Sect cannot refine. The formula of the pill has been lost long ago. It is very precious. After swallowing the Giant Spirit Pill, It allows you to gain the power of the giant spirit god. Not only does your skill increase dramatically, but you can also be blessed by the bloodline and will of the ancient giant spirit god. "

At this time, when Ye Feng heard this, his expression suddenly changed, and his eyes showed anticipation.

If it is really such a priceless ancient elixir, then I am really very interested in it.

Ye Feng was quite happy. This time he was originally trying to help the eldest lady, but he didn't expect that he would gain a lot in the end.

"Next, let's proceed to the seventh and final round of alchemy competition!"

The old man in black robe on the high platform immediately spoke out.

The seventh round is the last round.

Everyone's expressions became extremely solemn.

At this time, Ye Feng also got a huge brocade box. ??

He took a deep breath, opened the brocade box, and prepared to use all his strength to refine the highest quality elixir, strive to win the championship of the seventh round, and obtain the giant spirit elixir.

"Um?"

But just when Ye Feng opened the brocade box, he found that the entire brocade box was empty.

"what's the situation?"

Murong Mingyue, who was standing next to her, was also stunned, as if she didn't expect such a situation to happen.

At this time, Ye Feng suddenly said in the direction of the high platform: "Seniors, my brocade box is empty, there are no raw materials."

"What?"

When everyone heard Ye Feng's voice, they all looked over with surprised looks in their eyes.

However, there was also a certain alchemist whose face hidden under the mask showed a cold smile.

Obviously, Ye Feng's box is empty, and it was deliberately arranged by some big shots. The purpose is to suppress Ye Feng, the champion of the first six rounds, and not to let him get the first place in the seventh round.

At this time, the old men on the high platform also looked embarrassed and couldn't help but said: "How could such a thing happen? But the raw materials of the seventh round are very special. The various medicinal materials required for refining, They are all prepared based on the number of

people who signed up. There are no spare medicinal materials. In this seventh round, you have no choice but to give up. "

"you.....!"

When Murong Mingyue, who was standing next to Ye Feng, heard what everyone said, her face under the golden mask suddenly became extremely angry.

Murong Mingyue immediately understood that someone must have secretly framed Ye Feng and made the raw materials in Ye Feng's brocade box disappear.

"No, there must be an explanation!"

Murong Mingyue looked at the empty brocade box in front of Ye Feng and was very angry. After all, she had a hot temper. At this time, she was about to take off her mask, reveal her identity, and question the group of old people on the high platform.

"Miss, don't expose your identity, lest you attract secret hunters from other big forces."

Ye Feng suddenly spoke up.

When Murong Mingyue heard this, she couldn't help but said angrily: "What should we do? We can't just let it go, it's too bullying! It's a shady story! Someone is secretly suppressing you!"

Ye Feng thought for a moment at this moment, and then said slowly: "There is only one way."

When Murong Mingyue heard what Ye Feng said, her eyes immediately showed surprise and she said, "What can I do? How can I make an elixir without providing the raw materials?"

When Ye Feng heard this, a confident arc appeared at the corner of his mouth, and he said loudly: "Extract elemental materials from the void of heaven and earth to make void alchemy!"

"Alchemy in the void? Ye Feng, you...you know the art of weapon casting!"

Murong Mingyue reacted immediately, her beautiful eyes trembling.

"Yes, I am actually a weapon-forging warlock."

Ye Feng smiled slightly.

Buzz!

Immediately, a surging terrifying energy suddenly surged out of him.

A majestic and boundless blue giant suddenly appeared in the void behind Ye Feng, standing in the void, eternally motionless and majestic.

It is the soul of the giant divine weapon!

"This is...the soul of a soldier!"

The moment the Titan Soul appeared, countless people watching the show showed deep shock in their eyes.

The next moment, Ye Feng grabbed it with his big hand, and countless elements poured out of the void, creating elixirs directly from the void!

Under the shocked eyes of countless people, Ye Feng created a batch of high-quality elixirs out of thin air, exuding a bright divine light.

"Another batch of top-quality elixirs!"

"And it's made out of nothing!"

"Who is this young man? He is actually a rare weapon-casting warlock! Moreover, the level of the weapon soul is so terrifying that it makes my pill fire tremble."

The entire square suddenly fell into a boil.

And standing next to Ye Feng, Murong Mingyue, the eldest lady of the Yiyuan Dao Sect, once again stared deeply at Ye Feng, with a deep brilliance in her beautiful and cold eyes!

Chapter 3016 Brutal

The moment the soul of the giant god weapon appeared, everyone present was deeply shocked.

No one thought that Ye Feng, a skilled alchemist, was actually a rare weapon-casting sorcerer, which really shocked everyone to the extreme.

"How can this be!"

And the person who secretly used that kind of dark method to harm Ye Feng, the face under the mask became extremely ugly at this moment.

He seemed to have never imagined that Ye Feng could create a batch of top-quality elixirs without raw materials.

At this time, several old men in black robes on the high platform showed deep surprise in their eyes, as if they did not expect Ye Feng to be so capable.

At this time, they looked at the elixir refined by Ye Feng and said aloud: "This is definitely the best elixir. In this alchemist competition, the championship in the final round should belong to this little brother." .??.

At this time, an old man in black robe said, and directly delivered the most valuable reward of this last round, the Giant Spirit Pill, to Ye Feng's hands.

The moment Ye Feng got the Giant Spirit Pill, he immediately felt a majestic divine power contained in the Giant Spirit Pill.

If you swallow this priceless pill, you will definitely be able to achieve a huge improvement and breakthrough in your strength and cultivation. Ye Feng's eyes showed joy.

Fortunately, I had awakened my own weapon soul in the Weapon Refining Mountain before, otherwise I might really have to withdraw from the seventh round of the competition today.

"Bang!"

And suddenly at this moment, a figure not far away suddenly fell to the ground.

It was a beautiful woman wearing purple armor who took action, knocking the figure to the ground.

The fallen figure was a young man wearing a black mask.

But at this time, the black mask on the young man's face had been shattered by the beautiful woman who took action, revealing his true face.

The beautiful woman stared at Ye Feng, with an inexplicable smile on her face, and said loudly: "This is the person who secretly used means to destroy your seventh round of raw materials just now. I saw him using a space method with my own eyes. Secretly destroyed all the medicinal materials in the box given to you."

Hearing this beautiful woman say this, Ye Feng suddenly showed a hint of surprise in his eyes.

And this

At this moment, the young man who fell to the ground was extremely angry. He stared at the beautiful woman who acted righteously and said loudly: "You are so brave! Do you know who I am? I am Chief alchemist of Lingdan Sect, you exposed what I did under the spotlight, which seems to be extremely righteous, but the black market in the underground city does not dare to do anything to me. Next, I will let you know what regret is! "

"Spiritual Pill Sect?"

When this beautiful woman who acted righteously heard what the young man said, a faint smile appeared on her face and she said loudly: "What little sect? I have never heard of it, and you said I am brave, then You should first look at my identity before saying this."

Buzz!

After this beautiful and generous woman finished speaking, she took out a token made of amethyst from her storage ring, with the word "Ten Thousand Demons" written on it.

"The Order of Ten Thousand Demons!"

"This is the Ten Thousand Demons Order of the Ten Thousand Monsters Kingdom!"

Seeing this token, many alchemists around them showed horror in their eyes.

Because the Kingdom of Ten Thousand Demons is a very powerful demon force in the Eastern Region of the Origin World, it can be as famous as many first-rate major forces in the human race.

Moreover, the Ten Thousand Monsters Kingdom has a very profound foundation, and it is definitely the overlord-level demon clan force on the land of the Eastern Territory.

"You are from the Kingdom of Ten Thousand Monsters!"

The alchemist who had just clamored to make this woman from the Ten Thousand Monsters Country regret suddenly had a look of horror on his face.

Because he can master the existence of the Ten Thousand Demons Order, his identity must be very extraordinary.

Moreover, the Ten Thousand Monster Kingdom is a demon clan force, very vicious, and its behavior has always been extremely domineering.

The young alchemist's face turned extremely ugly at this moment, and he quickly said: "I made a mistake. I didn't expect that you are a noble being of the Ten Thousand Monsters Kingdom. Please forgive me!"

After saying that, the young alchemist immediately walked away in a hurry, wanting to leave here as soon as possible, because he felt that he had no face to stay here anymore.

"Did I let you go?"

But suddenly at this moment, a voice with a hint of coldness suddenly sounded throughout the entire field.

It's Ye Feng's voice!

Buzz!

At this moment, Ye Feng exuded an icy aura, which instantly enveloped the space around the young alchemist who was about to leave.

The young alchemist immediately showed an ugly look in his eyes, stared at Ye Feng, and said loudly: "What? Someone is standing up for you, and you think you can offend me? I advise you not to be so arrogant, otherwise in the future It's hard for you to get along in the alchemy world in the Eastern Region."

When Ye Feng heard what the young alchemist said, there was a hint of sneer in his eyes, and then he slowly walked towards the young alchemist and said loudly: "You secretly destroyed my raw materials and used such dark and Desplicable means to win the reward that belongs to me. If I let you go now, what do you think of me? "??

boom!

"Kneel down!"

Ye Feng's body suddenly burst out with a huge and boundless aura. Coupled with the soul of the giant divine weapon standing behind him in the void, it suddenly forced the young alchemist to kneel directly in front of Ye Feng.

"ah!"

The young alchemist felt deeply humiliated, and immediately couldn't help shouting angrily, trying to break free from the oppression of this momentum.

But it has no effect at all.

The aura on Ye Feng's body was too huge.

The young alchemist was unable to resist at all and could only kneel on the ground, unable to move his whole body.

"What a domineering young man!"

Everyone around saw this scene with surprise in their eyes.

It seems that he did not expect that Ye Feng, a young man whose identity was unknown, actually dared to attack the young alchemist from the Lingdan Sect and even made him kneel on the ground. This simply shattered the young alchemist's self-esteem.

You know, although the Lingdan Sect is not a first-rate power, it is quite famous in the Eastern Region. It is a sect that specializes in alchemy, so its relationship network is very large.

This young alchemist kneeling on the ground is the elixir

The chief alchemist of the sect has a very distinguished status.

If a grudge is formed like this, there will definitely be very serious consequences.

But Ye Feng still did it.

"Huh? Not bad, not bad."

At this time, the woman from the Ten Thousand Demons Kingdom who took action just now saw Ye Feng being so decisive in killing, and her beautiful eyes suddenly lit up, "This young man is not only a powerful alchemist, but also a rare one." I also admire the alchemist's style of conduct. If we can recruit him to our Ten Thousand Monsters Kingdom, then my father will definitely be very happy."

At this moment, this beautiful demon woman who was suspected to be the princess of the Ten Thousand Demon Kingdom suddenly had some personal thoughts about an outstanding talent like Ye Feng.

At this time, the chief alchemist of the Lingdan Sect who was forced to kneel on the ground felt that he had been humiliated. He stared at Ye Feng angrily and couldn't help but yelled: "Damn boy, how dare you! If you provoke me, you will definitely regret it in the future. I will mobilize all the connections in the Lingdan Sect to make you have no way to go to heaven and no way to go to earth!"

At this time, Ye Feng suddenly walked up to the incompetent and furious chief alchemist of Lingdan Sect. A cold and cruel smile suddenly appeared on the corner of his mouth, and he said loudly: "You have no chance to do all this."

"What's the meaning?!"

The chief alchemist of the Lingdan Sect saw the cruel smile in Ye Feng's eyes behind the mask. He was furious, but suddenly felt a chill covering his whole body for no reason.

The next moment, before he could say anything.

"Pfft!"

Ye Feng stretched out his hand and crushed the head of the chief alchemist.

Snap!

In the flash of blood, the headless body of the chief alchemist fell to the ground, staining the entire alchemist competition square red.

hiss!

Seeing this scene, many alchemists around them couldn't help but gasped.

Even Murong Mingyue, the eldest lady of the Yiyuan Dao Sect, who was standing next to Ye Feng, had a look of surprise in her beautiful eyes. It seemed that she did not expect that Ye Feng, who usually looked like a silly boy, would face the grudges. The handling style is so decisive and cruel, with a sense of hidden cruelty.

Chapter 3017 Princess Bauhinia

At this time, under the shocked gazes of everyone, Ye Feng's eyes did not waver at all. As if he had trampled an ant to death, he squatted down and took the young alchemist's storage ring in his hand.

Ye Feng did not release the Devouring Domain, because although the young alchemist's alchemy skills were not bad, his cultivation was too weak, and it didn't matter whether he was swallowed or not.

However, Ye Feng slightly explored the storage ring at this moment and found that there were a lot of good elixirs in the storage ring, which made Ye Feng's eyes brighten.

As for the consequences of killing this young alchemist, Ye Feng didn't even bother to think about it.

After all, now that Ye Feng is wearing a mask, no one knows his identity.

Moreover, Lingdan Sect is just a small alchemy force in the Eastern Territory, and it is nothing compared to a first-rate large sect like Yiyuan Dao Sect.

At this time, Ye Feng looked at Murong Mingyue beside him and said, "Miss, let's go."

"good."

Murong Mingyue looked at this seemingly unfamiliar alchemy boy, nodded slightly, and followed Ye Feng towards the outside of the square.

At this time, Ye Feng couldn't wait to return to Yiyuan Dao Sect to refine the various elixirs obtained this time and improve his skills and cultivation.

Especially the Giant Spirit Pill obtained in the last round is extremely precious and priceless.

But just when Ye Feng and Murong Mingyue left the underground city and arrived at the city above ground.

Suddenly, a familiar and beautiful figure appeared in front of the two of them.

It turned out to be the mysterious demon woman who helped Ye Feng Zhongyi before.

This beautiful and mysterious demon woman seems to come from the Ten Thousand Demons Kingdom, a first-rate demon power in the Eastern Territory.

At this time, Ye Feng saw her, he immediately smiled, clasped his fists, and said loudly: "Thanks to your generous action today, otherwise we still wouldn't have caught the thief who secretly used dark methods."

"It doesn't matter, it's just a little effort."

This mysterious woman from the Kingdom of Ten Thousand Demons smiled, and then said aloud: "Now that you have left the black market in the underground city and come to the ground, why don't you take off your mask and see your true face?"

When Ye Feng heard this, his eyes were slightly stunned, but then he shook his head and smiled, and took off his silver mask.

Ye Feng could feel that this mysterious woman from the Ten Thousand Monster Kingdom had no bad intentions.

Murong Mingyue, who was beside her, did not take off her mask, but just watched the scene on the field indifferently.

At this moment, when this beautiful and mysterious woman from the Kingdom of Ten Thousand Demons saw Ye Feng's true appearance, she immediately exclaimed in admiration: "I didn't expect that you, at such a young age, possess such exquisite alchemy skills, and... He also awakened the weapon soul of the weapon-casting warlock, which is really powerful. I wonder if I can make friends with you?"

Ye Feng's eyes were stunned, and then he said with a smile: "Of course, my name is Ye Feng. Where I am from, I can't tell you for the time being."

The beautiful woman from the Ten Thousand Demons Kingdom in front of her smiled brightly and said, "My name is Zijin, and I come from the Ten Thousand Demons Kingdom."

"Are you the Princess Bauhinia from the Kingdom of Ten Thousand Monsters?"

Murong Mingyue, who had been standing silent all the time, suddenly spoke up.

Obviously Murong Mingyue, the eldest lady of the Yiyuan Dao Sect, is still very concerned about the situation of the major forces in the entire Eastern Territory.

understand.

At this time, I heard this beautiful woman from the Kingdom of Ten Thousand Monsters say her name, and I immediately guessed her identity.

"Princess Bauhinia?"

Ye Feng also had a look of surprise in his eyes at this time, as if he didn't expect that the demon woman he accidentally met was actually the noble princess of the Ten Thousand Demon Kingdom.

"It seems that your companion has a very good taste. When he heard my name, he knew that I was the princess of the Ten Thousand Monsters Kingdom."

At this time, Princess Bauhinia's eyes fell on Murong Mingyue, who was standing next to Ye Feng, as if she was guessing the other person's true identity.

At this time, Ye Feng said aloud: "I didn't expect that you are the princess of the Ten Thousand Demon Kingdom."

The Ten Thousand Demon Kingdom is also a well-known first-class force in the Eastern Region, and it is a demon clan force with a very strong foundation.

At this time, Princess Bauhinia suddenly looked at Ye Feng and said loudly: "Actually, what I am most interested in is your alchemy and weapon-making skills. I am waiting for you alone outside the city this time because I want to invite you. Join our Ten Thousand Demons Kingdom. With your age and talent, as well as your superb alchemy and weapon forging skills, if you join our Ten Thousand Demons Kingdom, you will definitely be able to achieve great development. In the future, you may be able to become the prince consort of our Ten Thousand Demons Kingdom. "

It has to be said that this Princess Bauhinia has a very sassy character. She directly stated her intention to recruit Ye Feng, and she even felt that she wanted to commit herself to her, using her beautiful princess as a bargaining chip.

When Princess Zijin said this, Murong Mingyue's eyes suddenly showed a trace of anxiety.

Because what Princess Bauhinia said was too tempting. After all, the other party was Princess Bauhinia from the Kingdom of Ten Thousand Demons. She was extremely beautiful and had a very noble status. She actually wanted to marry Ye Feng.

No matter which man hears such words, I'm afraid he can't help but feel excited.

Moreover, Murong Mingyue knew that Ye Feng had just joined the Yiyuan Dao Sect and probably didn't have much sense of belonging. Furthermore, he was still an alchemy boy under her command, so he probably had been complaining for a long time.

"Ye Feng, actually I..."

Murong Mingyue was about to say something to persuade Ye Feng to stay.

But at this time, before Murong Mingyue could finish speaking, Ye Feng looked at the Bauhinia Princess in front of him, shook his head, smiled slightly, and said loudly: "I am used to staying in my current power, and I am not willing to do so just yet. I accept Her Majesty's kindness in leaving and going to a strange environment, but I can't follow Her Majesty to the Kingdom of Ten Thousand Demons now, I'm sorry."

Hearing Ye Feng's voice of rejection, Princess Bauhinia was not only not angry, but her beautiful eyes lit up, as if she did not expect that Ye Feng would refuse her generous "chips."

Princess Bauhinia smiled slightly and didn't mind at all. She just walked up to Ye Feng, stared into Ye Feng's eyes, showed a beautiful smile, and said loudly: "Since you refuse, Ye Feng, I won't force you. However, if you are not happy in your current sect, you are welcome to come to our Kingdom of Ten Thousand Monsters at any time, and I will treat you well. See you next time."

After saying that, Princess Bauhinia suddenly approached Ye Feng, hugged Ye Feng, and then her beautiful figure walked towards the distance and quickly disappeared.

Ye Feng looked a little surprised at this time. It seems that demon women like Princess Zijin are very proactive.

At this moment, the eldest lady Murong Mingyue standing next to her muttered, "Fairy." At this time, among the shocked eyes of everyone, Ye Feng's eyes did not waver at all, as if he had been trampled to death. Like an ant, he squatted down and took the young alchemist's storage ring in his hand.

Ye Feng did not release the Devouring Domain, because although the young alchemist's alchemy skills were not bad, his cultivation was too weak, and it didn't matter whether he was swallowed or not.

After saying that, Princess Bauhinia suddenly approached Ye Feng, hugged Ye Feng, and then her beautiful figure walked towards the distance and quickly disappeared.

Ye Feng looked a little surprised at this time. It seems that demon women like Princess Zijin are very proactive.

At this moment, the eldest lady Murong Mingyue standing next to her muttered, "Fairy."

Chapter 3018 Master Yi's summons

On the way back to Yiyuan Dao Sect, the eldest lady Murong Mingyue finally couldn't bear it anymore and asked aloud: "Ye Feng, were you really not tempted by what Princess Bauhinia said just now?"

"No."

Ye Feng shook his head, his tone extremely affirmative.

This made Murong Mingyue's beautiful eyes reveal a hint of disbelief, and she said aloud: "Any normal man would probably be tempted."

When Ye Feng heard what Murong Mingyue said, he seemed a little surprised as to why the eldest lady was so entangled in this issue.

However, Ye Feng still had patience and explained aloud: "Because I don't believe a word of that Princess Bauhinia. She seems careless and very bold, but she is actually very scheming."

When Murong Mingyue heard what Ye Feng said, her eyes showed surprise, and she couldn't help but ask: "How did you see it?"

Ye Feng explained: "In the square of the alchemist competition before, after I opened my box, there were no raw materials in it, and I didn't see Princess Bauhinia directly helping me. She revealed my extremely powerful forging weapon to me. It was only after she was gifted with magic that she took action to find out the culprit. In other words, this Princess Bauhinia was not born to like to help each other, but she took action because of my huge use value. The purpose was to leave me Make a good impression, so I don't trust such a scheming woman, and naturally I won't follow her to the Ten Thousand Monsters Country just because of her simple words."

When Murong Mingyue heard what Ye Feng said, she suddenly realized something.

Then she stared at Ye Feng, and the fear of Ye Feng disappeared in her heart. Instead, the corner of her mouth curled up, feeling a little happy.

But then, Murong Mingyue suddenly asked herself in her heart, when did she care so much about the fate of Ye Feng, the alchemy boy?

...

After returning to Yiyuan Dao Sect, Murong Mingyue returned directly to his palace.

Take a break.

Ye Feng sat cross-legged on the jade training bed outside the door and began to hold his breath and concentrate.

After practicing for a while, Ye Feng took out various elixirs he had obtained from participating in the Alchemist Competition.

Especially the giant spirit elixir, which exudes a bright divine light, makes people feel extremely precious.

At this time, Ye Feng no longer hesitated and opened his mouth to swallow all the pills in an instant.

"boom!!"

Suddenly, a huge amount of energy exploded in Ye Feng's body power.

Buzz!

Ye Feng felt it immediately, and his cultivation skills immediately improved rapidly.

At this time, Ye Feng's body suddenly burst out with a huge momentum of cultivation breakthrough.

boom!

The tenth level of the realm of kings!

boom!

Half step to the heavenly realm!

boom!

The first level of Heaven Realm!

Finally, Ye Feng's cultivation once again broke through a major realm and entered a new level of heavenly realm.

At this time, Ye Feng's eyes were filled with joy. Sure enough, the pills from the Great World were all very high-end.

"Ye Feng."

Suddenly at this time, a head appeared in the palace.

It's Murong Mingyue.

Ye Feng looked confused and asked, "What's wrong with the eldest lady?"

Murong Mingyue seemed a little hesitant, but then

Even so, he said aloud: "If you feel that living outside the door is disrespectful, you can live in a corner of the hall."

"Living in the main hall?"

Ye Feng's eyes showed surprise, as if he didn't expect that this young lady suddenly cared so much about him.

When Murong Mingyue heard what Ye Feng said, she immediately nodded and said, "It's up to you. Anyway, I don't have any opinion now."

After saying that, Murong Mingyue shrank back into the main hall.

Ye Feng's eyes flashed, and after thinking for a while, he moved his jade training bed and walked into the main hall.

In the middle of the main hall is Murong Mingyue's jade training bed. At this time, Murong Mingyue was sitting cross-legged on the jade training bed in the middle. When she saw Ye Feng walking in, her eyes seemed to show a hint of joy.

Ye Feng moved his jade cultivation bed and placed it in a corner of the hall. From now on, he and the eldest lady would live under the same roof. It was really strange to think about it.

After all, not long after Ye Feng came to Yiyuan Dao Sect, he lived in the same hall as the eldest lady.

If this matter spreads out, it will probably shock the entire Yiyuan Dao Sect. Ye Feng doesn't know how many envious, jealous and hateful looks he will receive by then.

However, in the royal garden where the eldest lady lives, there are almost no outsiders coming all year round, so no one will notice this.

Murong Mingyue saw Ye Feng enter the cultivation state, she also calmed down, sat on her jade cultivation bed in the middle of the hall, and began to practice.

In fact, there is nothing inconvenient about practicing in the same hall. Everyone is a cultivator, and there are no daily red tapes.

For the next period of time, everything was very peaceful.

Ye Feng passes

After training, his cultivation level improved again, and he broke through to the second level of Heaven Realm.

As for Murong Mingyue, the eldest lady, she did not always stay in the main hall and bedroom, but often went out and seemed to have various things to do.

After all, as the eldest lady of the Yiyuan Dao Sect, she is very busy with various arrangements on weekdays and has a full schedule.

In comparison, Ye Feng, the alchemy boy, seemed very leisurely.

On this day, Ye Feng was practicing alone in the main hall.

Uh-huh!

A messenger talisman flew in from outside.

The communication talisman flew in front of Ye Feng, and the voice of Master Dan Zun Yi came directly: "Ye Feng, if you are not busy these days, come to Dan Zun Hall now. I want to talk to a distinguished friend. , go to a desert ruins, look for a lost civilization, just take your kid to see the world, maybe there will be a chance. "

When Ye Feng heard Master Yi's voice, his eyes were suddenly startled.

To be called a "distinguished friend" by Master Yi must be a very extraordinary status.

Moreover, Master Yi is a very good person. He actually remembers Ye Feng, a little person, and wants to take Ye Feng out to grow up.

Ye Feng is quite free these days, and the eldest lady is not here, so there is probably nothing going on.

It would be nice to go out and see the world with Master Yi, the Jiuding alchemy master, and Ye Feng is also very interested in lost civilizations, ruins, etc.

And with Master Yi and his distinguished friend here, there is probably no danger.

Uh-huh!

At this time, Ye Feng stood up from the jade bed in an instant, took the communication talisman, walked out of the main hall, walked towards the outside of the royal garden, and headed straight for the Alchemy Palace!

Chapter 3019 Core Figures

When Ye Feng left the royal garden and just walked out.

A large group of people immediately gathered around.

These people were all wearing clothes from the Prince Alliance.

At this time, Ye Feng's eyes showed surprise.

Unexpectedly, I met another member of the Prince Alliance.

The cultivation aura of these people is the same as last time, and they are all the cultivation strength of the tenth level of heavenly realm.

At this time, Ye Feng showed an impatient look on his face and said loudly: "Why is it you people again? Are you annoyed?"

A group of experts from the Prince Alliance had sneers in their eyes.

The leading expert said coldly: "Last time, you were lucky enough to follow the eldest lady. The eldest lady could only save you because of her face. But this time, we have already inspected it in advance. Recently, I followed the sect leader to visit some of the top powers in the Eastern Region, so now you have no backer, and no one can save you. "

After finishing speaking, Ye Feng just smiled faintly and said: "I don't need any support this time, I can just rely on myself."

"On your own?"

When a group of experts from the Prince Alliance heard what Ye Feng said, their eyes suddenly showed surprise, and then they burst into laughter.

"Hahaha!"

At this moment, the dozen or so Prince Alliance masters present burst into laughter, with deep mockery in their eyes.

A master from the Prince Alliance spoke up and said: "Boy, your cultivation level is only at the second level of the Heavenly Realm. Who gave you the courage to say such arrogant words?"

Hearing what the Prince Alliance master said, Ye Feng suddenly showed a smile in his eyes and said, "If you don't believe it, you can come over and give it a try."

"I'm here to play with this kid."

A master of the Prince Alliance who was in the ninth level of Heavenly Realm had a sneer in his eyes at this time. He walked towards Ye Feng all of a sudden, with a playful smile on his face, and said loudly: "Wait a minute, you kid will be beaten hard by me." You will know what cruelty is when you step on it."

"The sky is shaking and the sky is shaking!"

boom!

The master of the Prince Alliance suddenly stretched out his hand, and the vitality of the world rioted. His palm immediately grew in size, filled with sky-shaking power, and he grabbed it towards Ye Feng.

This kind of attacking momentum is still very terrifying.

At this moment, many other Prince Alliance masters around did not take action, but stood there watching the show, as if they felt that Ye Feng would be suppressed in the next moment.

"boom!"

But the next moment, Ye Feng just punched out casually, and a divine light burst into the sky from his fist, shattering the palm of the Prince Alliance master who had grabbed it.

Click!

The next moment, Ye Feng's fist continued to impact, and instantly pierced the chest of the Prince Alliance master, leaving a bloody hole.

"you.....!"

The mocking smile on the Prince Alliance master's face had not completely disappeared before it became stiff.

He lowered his head and looked at his broken chest, with an incredible look in his eyes, as if he didn't expect Ye Feng's combat power to be so terrifying.

Bang!

The next moment, the body of this Prince Alliance master fell to the ground, dead instantly.

"What?!"

"How can this kid be so powerful!"

A group of Prince Alliance masters around them all had horrified looks in their eyes, and they all started to take action immediately, rushing towards Ye Feng to beat him up.

"You still dare to attack me, so all of you who came today should stay!"

boom!

At this moment, Ye Feng was really angry. He instantly integrated the brute force gem into his fist, and then attacked forward.

"Boom!"

A terrifying wave suddenly burst out from Ye Feng's fist.

The long river of power was filled with terrifying destructive power, and instantly enveloped all the dozen or so Prince Alliance masters who rushed over.

"ah!"

"ah!"

"ah!"

Suddenly, screams were heard one after another, and the bodies of all the Prince Alliance masters were rapidly disintegrating. ??

They were shocked to discover that the river of power released by Ye Feng was simply full of terrifying destructive power. Although their cultivation was much higher than that of Ye Feng, they were unable to break away from Ye Feng's river of power at this moment. of bondage.

"ah....."

Along with the screams one after another, all the masters of the Prince Alliance were killed, destroyed by Ye Feng's power.

It has to be said that the domination gem that Ye Feng obtained in his early years is still very lethal.

At this time, Ye Feng's eyes showed a sneer.

This group of masters from the Prince Alliance were really chattering away. They kept chasing me. It was really annoying, so I had to kill them all.

"boom!"

At this moment, Ye Feng released the devouring domain and devoured the blood energy of more than a dozen Prince Alliance masters present. His skill surged and he broke through two levels in a row, reaching the fourth level of the Heavenly Realm.

Buzz!

Then, Ye Feng threw out his natal fire, destroyed the corpse and left the scene.

But just when Ye Feng left the scene, a tall young man wearing golden armor suddenly arrived at the scene.

He held a golden spear in his hand, and there was a golden god standing in the void behind him, looking extremely majestic.

"My name is Jin Lieri." This young man in golden armor blocked Ye Feng's path and said.

When Ye Feng heard this, a look of indifference suddenly appeared in his eyes, and he said, "I'm sorry, I've never heard of someone like you."

"Be bold!"

Jin Lieri spoke up and said: "I am the patrol envoy of the Prince Alliance. Have you never heard of my name? This is impossible."

r\u003e

Ye Feng helplessly spread his hands and said, "I've never heard of your name."

Ye Feng can sense that this person is indeed the core figure of the Prince Alliance. The aura of cultivation in his body has surpassed the heavenly realm and is a powerful existence at the holy realm level.

At this time, there was a hint of fear in Ye Feng's eyes. Sure enough, there were countless strong people in the large sects of Origin World.

"You have killed so many masters of our Prince Alliance, there is no way you can leave today!"

Jin Lieri made a killing sound. As soon as his figure moved, the golden shadow of the god floating in the void behind him suddenly rushed out of the void and charged directly towards Ye Feng.

boom!

A big golden hand suddenly hit Ye Feng's face.

"Gem of Brute Strength!"

Ye Feng used the brute force gem, fused it with his arms, crossed them in front of him, and directly shook the big golden hand.

"Boom!!"

The next moment, a huge roar suddenly sounded.

Ye Feng's entire body was pushed back several hundred steps.

"Um?"

When Jin Lieri saw this scene, his eyes suddenly showed surprise, and he couldn't help but said: "Your arm withstood the blow of my Holy Spirit, and it didn't break? It seems that you have some kind of special physique, but today, You have sinned so much that you must die!"

"Why aren't you here yet?"

But suddenly at this moment, an old majestic voice sounded high in the sky.

The clone of Master Dan Zun Yi appeared high in the sky. He was originally here to urge Ye Feng, but he saw that Ye Feng was being targeted by Jin Lieri.

Master Yi's clone immediately flashed to Ye Feng's side, looked at Jin Lieri, and said: "Where did this thief come from and dare to bully the children I value? Get out of here!"

boom!

The clone of Master Yi suddenly burst out with a huge flame momentum, which directly blew away Jin Lieri not far away. The golden armor all over Jin Lieri's body was melted, and he was very embarrassed and disgraced.

Chapter 3020 Yunlan

Originally, Ye Feng thought that Master Yi was the master of alchemy. As a master of alchemy, his combat power was probably not very good.

But now, seeing this scene on the field, Ye Feng suddenly understood that all kinds of cultivation methods are interoperable.

Master Yi is a very advanced Jiuding alchemy master, and his own cultivation strength must naturally be extraordinary.

In Master Yi's eyes, Ye Feng is a super genius in the alchemy world.

Moreover, Master Yi didn't recognize this Jin Lieri from the Prince Alliance.

So seeing Ye Feng being bullied and targeted, Master Yi's clone at this moment naturally took action in an instant and directly blew away Jin Lieri.

Even if Master Yi knew that Jin Lieri was a member of the Prince Alliance, he would probably take action directly without any scruples. After all, a Jiuding alchemist like Master Yi has an extremely high status in the Yiyuan Dao Sect and is a big shot existence. I don't care about the power of this kind of disciple.

Jin Lieri fell to the ground in a panic at this time, and the golden armor all over his body, including the spear in his hand, was half melted.

His eyes were full of deep horror, as if he didn't expect that this young man, Ye Feng, would be valued by Master Yi.

Jin Lieri didn't say anything at this time, because he knew that even if he brought out the name of the Prince Alliance behind him, it would be of no use to a big shot like Master Yi. Instead, it would make the other party even more angry. He thought It's provoking him.

Uh-huh!

So at this moment, Jin Lieri stared at Ye Feng fiercely, and then quickly escaped from here.

Ye Feng saw the direction Jin Lieri was leaving at this time, with a hint of coldness in his eyes.

It has to be said that the combat power of the Saint Realm powerhouses above the Celestial Realm is still very terrifying, and Ye Feng cannot resist them for the time being.

It seems that we still need to improve our cultivation strength as soon as possible in order to be able to withstand all coming crises.

Uh-huh!

At this time, Ye Feng followed Master Yi's clone and soon arrived at the Alchemy Hall.

When Ye Feng came here, he saw the figure of Master Yi already standing on a white jade square at the entrance of Danzun Hall.

At this time, Ye Feng quickly stepped forward and said, "Thank you, Master Yi, for helping me just now."

Master Yi said nonchalantly: "It doesn't matter, it's just a small matter. Who in the Yiyuan Dao Sect will dare to trouble you again in the future?"

, come directly to my Alchemy Hall, no one will dare to bully you. "

When Ye Feng heard this, he immediately clasped his fists and said, "Okay!"

Master Yi suddenly seemed to have thought of something and couldn't help but said: "By the way, recently in the black market of the underground city, an extremely evil alchemist appeared and won the championship of the alchemist competition. It is said that he possesses the ancient weapon soul. Alchemists are very rare, I really hope I can meet them."

When Ye Feng heard what Master Yi said, his eyes suddenly froze. Isn't that him?

However, Ye Feng didn't say it directly. After all, Master Yi didn't get to the bottom of it, but moved to another topic.

Master Yi said: "My distinguished friend should have arrived at the mountains outside Yiyuan Dao Sect. Let's go directly to see her."

Uh-huh!

Master Yi grabbed Ye Feng's shoulder at this time, and a large flame suddenly appeared under his feet, condensing into a chariot pulled by nine fire dragons. It was very powerful, and led Ye Feng toward the outside of Yiyuan Dao Sect. Drive away.

Seeing Ye Feng staring at the fire dragon chariot under his feet, Master Yi smiled slightly and said: "Don't be too curious, this is a fire control technique, turning your own natal elixir fire into a living existence that can change Various forms fully stimulate the inner mystery and energy of fire."

When Ye Feng heard this, his eyes lit up and he said, "I want to learn."

Master Yi nodded and said: "I don't tell most people, but you are an exception. I will teach you slowly on the road. You start with the most basics."

Half an hour later.

Master Yi was shocked when Ye Feng successfully used the fire control technique and used his own natal flame to transform eight flame giants, carrying a huge sedan, and eight large sedans to carry him.

Master Yi never expected that Ye Feng learned this ancient fire control technique so quickly. In just half an hour, he was able to transform the flame carrier independently.

However, Master Yi was shocked in his heart, but he remained calm on the outside. He murmured in his heart: "Calm down, as an old man, you must be calm..."

At this time, Ye Feng stood on the sedan chair carried by eight flame giants. He looked at Master Yi, who was standing in a nine-fire dragon chariot next to him.

He kept asking: "Master Yi, how was my study? I know it is definitely not good, but after all, it is my first time to use this ancient fire control technique. Master Yi should be able to understand my shortcomings. "

Hearing what Ye Feng said, Master Yi couldn't help but twitch the corners of his eyes slightly.

Master Yi thought about the time when he first learned this ancient fire control technique. For the first time, he could only condense a small finger-long fire snake. He suddenly felt a little autistic...

At this time, Master Yi had a drop of cold sweat on his forehead. He barely remained calm. He looked at Ye Feng, nodded slightly, and said loudly: "Well, it's the first time you can do this. It's pretty good. You have the same demeanor as I did back then." "

When Ye Feng heard this, his eyes suddenly lit up and he couldn't help but say: "Do you have the demeanor of Master Yi? That's great. It seems that I am not stupid. I am as talented and smart as Master Yi." ??

Master Yi couldn't speak anymore, and quickly patted Ye Feng on the shoulder and said: "Stop talking nonsense, keep studying hard, young people, don't be too proud, although you and I have similar talents, but we still have to Be down to earth."

Ye Feng nodded quickly and listened to the teachings of Master Yi, an old man.

"Here we are."

At this time, Master Yi suddenly spoke up.

"Um?"

At this time, Ye Feng dispersed the large sedan carried by his eight flame giants and stood beside Master Yi.

Ye Feng saw a graceful and beautiful young woman standing on the top of a huge mountain among the high mountains not far outside Yiyuan Daozong.

This young woman is wearing a purple dress, her face is covered with a layer of gauze, her black hair is like a waterfall, her skin is as white as jade, and her body is surrounded by a faint colored light. She is young and beautiful, but her beautiful eyes are full of vicissitudes of life. , which is essentially different from the innocent eyes of the eldest lady, just like a mysterious Nine Heavens

Xuannv, she has definitely experienced a lot, she is not an ordinary woman, she is an extraordinary being.

At this time, Master Yi drove a nine-fire dragon chariot and walked up to this mysterious young woman. He clasped his fists and said with a smile: "Sect Master Yunlan, long time no see. The sect master has become stronger."

Master Yunlan?

When Ye Feng heard this, his eyes looked suspicious.

This woman

, turned out to be a powerful suzerain-level figure.

At this moment, the mysterious Yunlan Sect Master also showed a faint smile in his eyes, looked at Master Yi, and said loudly: "Senior Danzun, we haven't seen each other for a long time. The main reason for inviting Senior Danzun this time is Because there may be the legendary Saint Flame in the desert ruins, I have thought about it and found that Master Yi, the Nine Cauldron Alchemy Lord, is my most suitable partner in our land in the Eastern Region."

Master Yi smiled slightly, nodded, and said aloud: "Master Yunlan is very powerful. The two of us will cooperate to find and snatch the saint's flame. I guess there will be no big surprises."

Yun Lan nodded slightly and suddenly looked at Ye Feng who was standing next to Master Yi. Looking at this young boy, she couldn't help but have a look of surprise in her beautiful eyes and asked: "Master Yi, who is this?" "

Master Yi smiled and said: "He is an alchemy prodigy from our Yiyuan Dao Sect, an extremely talented junior. I brought him this time because I wanted to take him to see the world and grow up outside. After all, I also I don't go out often, so this time Sect Master Yunlan invited me, and I just went out once, and I happened to take this little friend with me."

After finishing speaking, Master Yi looked at Ye Feng and said loudly: "Let me introduce to you. This is another powerful sect in the Eastern Territory, the closed disciple of the old sect leader of Tianlei Sect. Now he is in charge of the entire Tianlei Sect. The most beautiful female sect leader, Yunlan."

When Ye Feng heard this, he immediately understood that this woman was definitely a powerful person.

Ye Feng immediately clasped his fists and said, "Junior Ye Feng has met Sect Leader Yunlan."

Yunlan glanced at Ye Feng, and she didn't seem to have much interest in such a junior boy. After all, she had a high status and strength.

But after all, Ye Feng was brought by Master Yi. Yun Lan nodded politely to Ye Feng and said in a hollow voice: "To be so valued by Master Yi, he even takes it with him when he goes out. Your talent for alchemy is It's definitely not ordinary. Next time you have the opportunity to visit our Tianlei Sect with Master Yi, maybe I can find you a beautiful disciple of our Tianlei Sect and become a training partner, which will be a happy event."

When Master Yi heard this, he just laughed and said: "I appreciate the kindness of Sect Master Yunlan for the little boy Ye Feng. Let's go to the ancient desert ruins area that Sect Master Yunlan mentioned first. It is said that it is in the desert. In the sea, we still have to be careful."
