

## Ancient 3031

Chapter 3031 God Creation Plan

Buzz!

At this moment, Ye Feng said and flew quickly towards a certain large tomb in front of him.

The guardian spirit followed Ye Feng tremblingly, seeming very fearful.

But this is normal. After all, in the large tombs here, generations of Sea Kings are buried. It is very normal for the guardian spirits to have a natural fear.

At this time, Ye Feng came to a large cold tomb and directly stretched out his hand to press on it, feeling the energy fluctuations in it.

"Buzz!"

At this moment, Ye Feng sensed a very obscure energy fluctuation.

That is a very ancient energy wave.

"Boom!" ??

The next moment, Ye Feng did not hesitate, and directly released his most powerful brute force gem, integrated it into his fist, and then punched the big tomb in front of him.

"Boom! Click, click!"

Almost at this moment, Ye Feng's fist burst out with terrifying and powerful brute force, blasting open the large tomb in front of him.

"This is....."

But the next moment, after the tomb was broken, the scene inside made Ye Feng and the guardian spirit present suddenly change their eyes.

Because there was nothing inside the tomb, it was completely empty.

"Huh? How could this happen?"

Ye Feng's eyes suddenly changed drastically, and he quickly rushed to the next big tomb, and then smashed the tomb into pieces with one punch.

But the tomb was still empty, with nothing there, which made Ye Feng completely dumbfounded.

"Isn't it?"

Ye Feng's eyes were a little ugly. He thought he was going to get rich.

After all, there are so many ancient seas floating in this empty starry sky.

The king's tomb.

But I didn't expect that everything was empty, just superficial.

At this time, Ye Feng couldn't help but look at the guardian spirit beside him, and said aloud: "Did your ocean civilization build such a special ancestral land just for decoration? These large tombs are not real tombs at all. It's all just decoration."

The guardian spirit was also a little dumbfounded at this time, and couldn't help but said: "Sir, please calm down, you can't blame me. I didn't know about this situation. I had never entered the Land of the Ancestors. I originally thought that it was in the Land of the Ancestors." There must be a huge amount of good fortune, so I brought you here with good intentions, but I didn't expect that all these tombs are empty. This is impossible, because every generation of Neptune will Entering the land of ancestors and falling into deep sleep, if they were not in these tombs, where did they go?"

When Ye Feng heard what the guardian spirit said, a trace of gloom appeared on his face.

boom! !

Then Ye Feng instantly burst out with a terrifying momentum, surging towards the surroundings rapidly, shaking and shattering all the large tombs around him.

But the result still made Ye Feng very disappointed.

There were thousands of large tombs floating in this empty starry sky, but the interior of each large tomb was empty after being shattered. There was nothing at all, not even the bones of Neptune.

When Ye Feng saw this scene, he immediately thought of something and said aloud: "Perhaps there is something special in the deepest part of this starry sky. It is impossible that all the powerful sea kings in the marine civilization disappeared for no reason."

Uh-huh!

At this moment Ye Feng said

, flying directly towards the deepest part of the starry sky.

The guardian spirit also quickly followed Ye Feng at this time, feeling a little frightened.

He was really afraid that Ye Feng would directly kill his guardian spirit in a rage.

When Ye Feng reached the deepest part of this empty starry sky, a look of surprise suddenly appeared in his eyes.

Because Ye Feng saw a very shocking scene.

In the deepest area of the starry sky, huge skeletons were all piled up together, forming a mountain of bones, which looked very infiltrating and terrifying.

And at the top of the mountain of bones, a pale throne stood at the top.

At this moment, a blood-red figure with skinless body was sitting on the pale throne, exuding a very strong life fluctuation.

It feels like a very terrifying and advanced creature has been conceived. .???.??

When Ye Feng saw this scene, he couldn't help but guess and said: "Did every generation of Sea Kings, thousands of Sea Kings, voluntarily enter this ancestral land just to give birth to the one sitting on the pale throne? The blood-red figure on it?"

The guardian spirit looked at that figure at this time and was already extremely shocked.

Because he never thought that so many sea kings entered the land of their ancestors, not falling into deep sleep, but sacrificing their vitality just to give birth to that blood-red figure.

What kind of existence is that blood-red figure?

How is it possible that every generation of Neptune is willing to devote his life to it?

Uh-huh!

At this time, Ye Feng quickly flew over and floated directly on the pale throne.

In front of him, he stared at the blood-red figure sitting on the throne.

This blood-red figure seems to have not been fully conceived at this moment. Only the body has been gestated, and it does not yet have independent consciousness and thoughts.

But Ye Feng was able to sense an extremely terrifying suffocating aura from this blood-red figure.

Ye Feng believed that if this blood-red figure was completely conceived, the starting point would be the end point for many practitioners.

Because this is a special life bred by generations of Neptunes, and it is absolutely terrifying and terrifying.

At this time, the guardian spirit suddenly said: "It seems that our marine civilization suddenly encountered a powerful enemy and was destroyed, so that the plan of each generation of sea kings to breed this blood-red figure was forcibly stopped. What is this blood-red figure? What kind of existence? Is the destruction of our ocean civilization related to the birth of this blood-red figure? "

Hearing what the guardian spirit said, Ye Feng's eyes also showed doubts.

But at this time, Emperor Chu's voice suddenly sounded in his mind: "Perhaps this was the god-making plan of the marine civilization back then. It should be that the enemy discovered the god-making plan of the marine civilization, so they launched a massive attack on the marine civilization, so that the marine civilization would never be the same again. destruction."

When Ye Feng heard what Emperor Chu said, his eyes suddenly moved, and he stared at the blood-red figure on the pale throne in front of him. He couldn't help but said: "Emperor Chu, you mean, this throne The blood-red figure that has not yet been conceived is a god that the ocean civilization spent a lot of money to create. But the ocean civilization suddenly collapsed, and now it is an incomplete god? "

Emperor Chu's tone was also slightly excited at this time, and he said aloud: "Ye Feng, this is an incomplete god, a demigod body without independent thoughts, and contains the great power of half an ancient god. Congratulations. , got a big killer!"

Chapter 3032 Collecting the Skeletons

At this time, after hearing what Emperor Chu said, Ye Feng suddenly understood everything.

It seems that the collapse of this extremely powerful marine civilization must have a lot to do with this god-making plan.

It may be that his enemies feel threatened, so his enemies will destroy marine civilization at all costs.

At this time, Ye Feng suddenly said aloud in his mind: "Emperor Chu, I originally thought that you were just the emperor of a small cultivating dynasty in the cave world where I was, but I didn't expect that you knew so much. It seems that you are better than It was even more mysterious than I imagined."

When Emperor Chu heard what Ye Feng said, his eyes suddenly froze, as if he didn't expect Ye Feng to say such words.

The next moment, Emperor Chu immediately chuckled and said aloud: "Actually, I originally thought that I was just the emperor of a small cultivating dynasty. But as my soul power continued to recover and become stronger, suddenly something came into my mind. I awakened some ancient memory fragments that did not belong to me. From these memory fragments, I gained a lot of knowledge. Maybe these memory fragments are memory fragments left over from my previous life. Maybe my previous life was an earth-shattering big shot. Who can say for sure anyway?"

Hearing what Emperor Chu said, Ye Feng couldn't help but froze in his eyes immediately. Unexpectedly, Emperor Chu could still keep appearing some ancient memory fragments. It seems that Emperor Chu's true identity, or his identity in the previous life, must be Very unusual.

At this time, Ye Feng didn't ask any more questions. After all, he and Emperor Chu had formed an inseparable partnership over the years.

It can be said that Ye Feng and Emperor Chu have immense trust in each other, otherwise Ye Feng would not have been able to let Emperor Chu merge into his soul gem. This is a kind of extreme trust in his companions.

At this time, Ye Feng looked at the demigod body sitting on the throne in front of him and said, "Then what should I do with this demigod body now? Eat it directly?"

Emperor Chu immediately spoke out and said: "The body of the demigod has already stabilized the divine status. With your current cultivation strength, it is estimated that you will not be able to swallow the energy in the body of the demigod."

When Ye Feng heard what Emperor Chu said, he immediately refused to admit defeat and said, "Then I'll give it a try."

Boom!

Almost at this moment, Ye Feng burst out his devouring power and enveloped the demigod in front of him.

But Ye Feng immediately discovered at the next moment that what Emperor Chu said was not wrong at all. His devouring power was really unable to absorb energy from this demigod's body.

Because this demigod body has formed a complete closed energy field, its own devouring field cannot extract the energy.

I have to say that this demigod's body is too powerful and has its own resistance.

In other words, although this demigod has no independent thoughts, it can subconsciously take actions to fight against crises.

For example, it prevents Ye Feng from swallowing up the energy in its body.

Ye Feng immediately had a look of surprise in his eyes at this time. It seemed that this demigod body was really a magical thing.

At this moment, Ye Feng asked aloud in his mind: "Emperor Chu, how can I control this demigod body and unleash the great power of half a god?"

Emperor Chu thought for a moment, and then said aloud: "This demigod body, although its body is extremely powerful and has the power of half a god, does not have independent thoughts, so you can try to separate your soul. The power forms a soul imprint,

Take possession of this demigod body. "

When Ye Feng heard what Emperor Chu said, he immediately nodded, and then said, "I'll give it a try now."

Buzz!

After saying that, Ye Feng directly released his huge soul power, directly covering the demigod in front of him, and then tried to put one of his soul marks into the head of the demigod. .

But the next moment, Ye Feng was surprised to find that there was an innate blue barrier in the mind of this demigod, which could resist the entry of other people's souls.

Ye Feng immediately understood that the ocean civilization's god-making plan back then must have had some back-up plans, and it was impossible for people to casually occupy such a terrifying and precious demigod body.

At this time, Ye Feng could only give up temporarily and put this demigod body into his storage ring.

At this moment, the guardian spirit next to him fell into silence.

Because he seemed a little hard to believe that the extremely powerful marine civilization back then had such crazy ideas.

Use the lives of each generation of sea kings to carry out the god-making plan.

And it was precisely because of this crazy plan that the entire ocean civilization was destroyed.

This truth is really unacceptable to the guardian spirit.

After Ye Feng collected the demigod's body at this time, his eyes fell on the pile of Neptune skeletons like a mountain under his feet, and his eyes showed interest.

Buzz!

Ye Feng stretched out a hand and pressed it directly on the surface of a Neptune skeleton.

Then Ye Feng exerted force, trying to test the hardness of the Neptune's skeleton.

But Ye Feng discovered that his power had no impact on the Neptune's skeleton.

Neptune's skeleton is still as usual, with a white surface.

"So strong!"

Ye Feng was a little shaken.

You know, Ye Feng's current cultivation strength has already reached the first level of the Holy Realm.

Moreover, Ye Feng's Chaos Body was already very powerful.

But now, Ye Feng tried his best to crush the Neptune's skeleton, not even a crack.

This shows how strong these Neptune skeletons are, as if they were made of divine iron.

Ye Feng's eyes immediately showed joy, "He is indeed a generation of sea kings from ancient marine civilizations. They are definitely extremely terrifying superpowers. After so many years of death, the bones left behind are still as hard as nine-day black iron."

Ye Feng immediately put all the piled up Neptune skeletons into his storage ring.

These extremely special Neptune Skeletons are of great value. Whether it is refining weapons, elixirs, or Ye Feng directly extracting attributes with God Clan gloves, they are all valuable resources.

After Ye Feng finished collecting, he was ready to leave here directly.

The guardian spirit suddenly spoke: "Sir, if I don't go with you, can I stay in the ancestral land of our marine civilization?"

Ye Feng glanced at the guardian spirit and said loudly: "Your promise to me has been fulfilled. You are now free. You can do whatever you want."

Uh-huh!

After saying that, Ye Feng jumped up and left the dark void directly. At this time, after hearing what Emperor Chu said, Ye Feng suddenly understood everything.

It seems that the collapse of this extremely powerful marine civilization must have a lot to do with this god-making plan.

Uh-huh!

After saying that, Ye Feng jumped up and left the dark void directly.

Chapter 3033 The trapped strong men

After Ye Feng left this ancestral land of marine civilization, he flew directly towards the entrance to this ancient ruins.

Ye Feng counted the time at this time and found that several days had passed since he left Master Yi and Sect Leader Yunlan.

I wonder if Master Yi and Sect Master Yunlan can defeat Queen Medusa in the golden hall and win the golden trident left by the King of the Sea in the golden hall.

Ye Feng has now broken through to the Holy Realm, so his speed is much faster than before.

In less than half a day, Ye Feng had arrived at the entrance to the ancient ruins of this marine civilization.

He saw that the golden hall was still standing in the dark trench.

Uh-huh!

Ye Feng instantly rushed towards the golden hall.

Swish, swish, swish!

But at this time, in the dark trench where the golden hall was located, the black poisonous snakes living in the mud continued to surge towards Ye Feng.

Buzz!

At this moment, Ye Feng immediately released his Holy Spirit and Poseidon Spirit, directly attacking the surrounding black poisonous snakes.

After a warrior enters the Holy Realm, the most powerful attack is the Holy Spirit.

For example, when he was in Yiyuan Daozong, Jin Lieri, a core figure of the Prince Alliance, attacked Ye Feng.

The golden holy spirit behind him almost shattered Ye Feng's chaotic body in an instant.

If Master Yi's clone hadn't come to the rescue at that time, Ye Feng would have been able to escape in embarrassment.

Because the Holy Spirit suppressed Ye Feng's body, Ye Feng could not touch Jin Lieri at all and could not cause harm to himself. It was very likely that he would be killed by Jin Lieri's Holy Spirit.

It can be seen from this that the most powerful thing about a saint realm warrior is the condensed spirit of the saint realm.

The more powerful the spirit of the Holy Realm is, the stronger the comprehensive combat power of the Holy Realm warrior is.

Therefore, the awakened Holy Spirit of some warriors is so advanced that they can kill powerful beings in the ninth heaven of the Holy Realm in the first heaven of the Holy Realm.

Even if you are a super strong person who has reached the tenth level of the Holy Realm, if the nature of the awakened Holy Spirit is very low-level, it will lower the warrior's own combat effectiveness.

But just when Ye Feng released his Poseidon Spirit and prepared to attack.

Those black poisonous snakes sensed the aura of Ye Feng, the holy spirit, and all of a sudden they all retreated towards the surroundings in fear.

It's like a mouse meeting a cat.

In fact, Ye Feng was surprised to find that many black poisonous snakes around him started to worship in Ye Feng's direction.

This scene is very magical!

"I understand. My Sanctuary Spirit has merged with the will of the ancient Poseidon in the Tower of Poseidon. Therefore, my Poseidon Spirit has a natural suppression against the creatures in these ocean ruins. These black poisonous snakes must have been the same back then. A certain race in the marine civilization naturally worships the god Poseidon extremely, and has a kind of blood and soul suppression. "

Ye Feng murmured at this time, with a rather excited look in his eyes.

I'm afraid that in the eyes of these black poisonous snakes, I am now a god-like existence.

After all, the will of the Poseidon is originally the only god worshiped and believed in by all races in the marine civilization.

Emperor Chu also said aloud in his mind at this time: "There are thousands of black poisonous snakes here, and they are all very ancient and advanced poisonous snakes. If Ye Feng

If you can use Poseidon's will to control all these poisonous snakes, then you will have an army of poisonous snakes with very terrifying group damage attacks. "

Hearing what Emperor Chu said, Ye Feng's eyes suddenly lit up and he couldn't help but said: "Maybe I can really give it a try. If I can really control these thousands of black poisonous snakes, then I will be rich." It's like a big killer."

Ye Feng had seen it before. Once these black poisonous snakes gathered together and launched a terrifying attack, even superpowers like Master Yi and Yunlan Sect Leader could not easily deal with it. They also needed to release powerful power. Only then can he resist it.

With Ye Feng's current level of cultivation, if he could control tens of thousands of venomous snakes, even though he would not be able to pose a threat to top powerhouses like Sect Master Yunlan and Master Yi, at his current level of cultivation, he would definitely have huge potential. of lethality.

He can even fight with a strong person in the Aspiration Realm above the Holy Realm.

"Spirit of Poseidon, listen to my command."

At this time, Ye Feng fully stimulated the power of the Poseidon Spirit, and the Poseidon shadow behind him instantly conveyed Ye Feng's will.

The black poisonous snakes around them had received this will to control at this moment and did not dare to resist at all.

Thousands of black poisonous snakes all obediently lay down in front of Ye Feng, and then lowered their heads, like humble courtiers.

"It's so simple?"

Ye Feng saw so many black poisonous snakes and was instantly controlled by him. He was a little surprised. He didn't expect the process to be so smooth.

However, considering that the Poseidon Spirit is extremely advanced, it is normal for this situation to occur.

At this time, Ye Feng led the army of poisonous snakes and walked quickly towards the golden hall.

.

When Ye Feng entered the golden hall, he immediately saw a surprising scene.

In the golden hall, three powerful people, Queen Medusa, Master Yunlan, and Master Yi, were all trapped in a dark formation.

They are struggling to resist this pitch-black formation.

"this....."

Ye Feng was dumbfounded at this time.

He never thought that he had already made a lot of money by plundering various chance creations in the ruins outside in the past few days.

However, the three top experts who came with him were trapped in the dark formation of the golden hall for several days.

"Maybe, some people are born with better luck, like me..." Ye Feng couldn't help but murmur to himself.

"Ye Feng!"

Yun Lan saw Ye Feng walking in for the first time, and her noble and cold beautiful eyes immediately revealed a look of surprise, and she quickly said: "Ye Feng, hurry up and find a way to destroy this dark formation. Eye, as long as we can destroy some of the components of this formation, we can escape!"

At this time, Master Yi hurriedly said: "This dark formation was left by a very evil ancient strong man. It cannot be destroyed so easily. Ye Feng's current cultivation level is too low. If he approaches rashly, he may die in an instant. Master Yunlan, you can't let Ye Feng take such a risk. Ye Feng, you should return to our Yiyuan Dao Sect quickly and let the strong men of the Yiyuan Dao Sect support us!"

Queen Medusa was also trapped in the formation at this time, but her eyes were flickering at this time, and she didn't know what she was thinking. After all, she had left everyone behind before and was the first to enter the golden hall. Now she and Ye Feng The three of them were on opposite sides, so it was naturally difficult for Ye Feng to ask her to rescue her.

## Chapter 3034 Escape from Trouble

At this time, Ye Feng's eyes showed a hint of thinking.

Immediately, Ye Feng spoke up and said: "Master Yi, it has taken too long to return to Yiyuan Dao Sect to find other strong men for rescue. I am afraid that something will change in the middle, so let me give it a try and see if I can crack this. A dark formation."

Hearing what Ye Feng said, Master Yi could only nod, and then said: "No matter what, you must be careful. If it really doesn't work, don't show off. Your safety is very important. After all, I value you very much." The descendants."

Hearing what Master Yi said, Ye Feng felt a little warm in his heart.

The moment Ye Feng came in just now, Sect Leader Yunlan immediately wanted to save them himself.

Master Yi's first thought was not to save them, but to ensure his own safety, to find foreign aid, and not to take risks easily.

The two people's starting points are completely different.

Therefore, Ye Feng feels that Master Yi is still worth getting along with, and he is an old man with good conduct.

Buzz!

At this time, Ye Feng walked directly to the edge of the dark formation where the three top powerhouses were trapped, and then directly sensed it, but did not sense anything.

Ye Feng no longer hesitated and directly activated the Divine Eye of Creation.

The Divine Eye of Creation is a powerful talent that Ye Feng awakened a long time ago. It can see through any illusion.

As Ye Feng's cultivation and soul power continue to grow stronger, the ability of Ye Feng's Divine Eye of Creation becomes stronger and stronger, and he can almost see through all the cover-ups in the world.

"Buzz!"

Almost at the next moment, Ye Feng's eyes suddenly released a deep light, and he could see through all the structures of the dark formation in front of him.

Uh-huh!

At this moment, Ye Feng walked directly to a certain space node in this dark formation, and then

Then he punched hard.

"Click" sound!

Accompanied by a sound like breaking glass, Ye Feng's punch seemed to break the core of the entire dark formation.

The entire dark formation immediately let out a mournful sound, and then quickly collapsed.

Seeing this scene, the three top experts present were stunned for a moment, and then their expressions became very surprised.

Because even they couldn't tell where the eye of this pitch-black formation was.

But Ye Feng, a little human boy, could see it.

This really shocked the three top experts!

"boom!"

"boom!"

"boom!"

And just when the entire dark formation was collapsing, the three top powerhouses trapped in it suddenly burst out with terrifying cultivation aura.

The incomparably terrifying and huge cultivation momentum made Ye Feng's eyes suddenly startled, and he couldn't help but take several steps back.

The cultivation of these three top experts is far beyond what I can fight now.

Uh-huh!

But at this moment, Queen Medusa suddenly rushed towards Ye Feng's direction quickly.

When Master Yi saw this scene, he couldn't help but exclaimed: "Ye Feng! Get out of the way! This Medusa definitely wants to threaten you and become a hostage."

Ye Feng was about to control the army of poisonous snakes to resist, but the next moment, Queen Medusa had no intention of threatening Ye Feng at all. She just quickly moved towards Ye Feng from his side.

Fly outside.

Moreover, Queen Medusa glanced at Ye Feng while leaving, with a hint of smile in her beautiful eyes, and said loudly: "Anyway, thank you for breaking through this dark formation this time, allowing I was able to get out of trouble, and I will thank you, this little genius of the human race, if I have the opportunity in the future."

Uh-huh!

After saying that, Queen Medusa's beautiful back had disappeared outside the golden hall.

Master Yi wanted to catch up, but Sect Master Yunlan said loudly at this time: "Let him go, even if the two of us join forces, it is impossible to kill Queen Medusa. Her strength is not as strong as you think." It's simple. She just ran away anyway. The purpose of our trip is to get the golden trident, the commander of the ancient marine civilization and the natal weapon of the King of the Sea. "

When Master Yi heard what Sect Master Yunlan said, he thought he was right. He immediately stopped chasing after him and said, "Then let's continue to go deeper into this golden hall and take a look."

On the way into the inner area of the golden hall, Master Yi's appreciation for Ye Feng became more and more intense, as if he had met a very top inheritor of the mantle.

The powerful female sect master from Tianlei Sect, Sect Master Yunlan, stared at Ye Feng with a pair of cold and noble eyes at this time. She also showed a trace of surprise and couldn't help but said: "I didn't expect you to be able to do it." It seems that I underestimated you as a young man before."

Hearing this, Ye Feng just smiled slightly and said: "In my early years, I practiced a very special pupil technique, so I was able to see through the internal structure of this dark formation, and that's why I was able to use the formation eyes so easily. After destroying it, in terms of cultivation strength, I still have a long way to go to reach the level of Sect Master Yunlan."

When Yunlan heard what Ye Feng said, she just nodded slightly.

He nodded and said loudly: "Keep working hard. I hope that I can see you grow up completely in the Eastern Territory soon and stir up the storm in the Eastern Territory. By then, I will have important things to tell you."

Ye Feng's eyes were confused: "Is it something important?"

Yun Lan nodded, with a mysterious smile on her beautiful and cold face, and said loudly: "Your current level of cultivation is too low. It's better not to know. I will tell you when you reach a certain level."

Master Yi also had a look of surprise in his eyes. He glanced at Yunlan, obviously not knowing what the important thing Yunlan wanted to say to Ye Feng?

Master Yi guessed: "Master Yunlan, don't you want to marry Ye Feng and introduce Ye Feng to your master?"

Yunlan: "..."

"no."

Yun Lan shook his head, glanced at Master Yi, and said: "As early as ten years ago, I have determined my goal in this life, which is to pursue the pinnacle of martial arts, appreciate the scenery of the entire vast world, and become the pillar of the human race. , I am not interested in such meaningless things as the love between children."

When Ye Feng heard what Yun Lan said, he looked at this beautiful female sect leader in surprise.

I didn't expect that the Yunlan Sect Master had such lofty ambitions.

And just as the three of them were chatting without saying a word, they had reached the deepest part of the golden hall.

There is a huge sculpture here.

It looks extremely towering and majestic, full of majesty.

"This should be the ancient sculpture of Neptune."

Sect Master Yunlan spoke slowly at this time, and then instantly flew in front of the Neptune sculpture, as if ready to see what secrets the sculpture held.

Chapter 3035 What's going on?

However, what disappointed Sect Leader Yunlan was that after she investigated it, she found that there was nothing special about this Neptune sculpture. It was just a very ordinary stone sculpture.

In the deepest part of the entire hall, there is only one sculpture of Neptune that looks very conspicuous.

Everything else is gone.

Sect Master Yunlan couldn't help but said: "Is it possible that there are no soldiers of the ancient Sea King in this golden hall? Where is the golden trident?"

Master Yi was also a little surprised at this time, as if he didn't expect that there was nothing in the golden hall they had worked so hard to enter.

Ye Feng's eyes were a little confused at this time, and he couldn't help but said: "But when we came outside this golden hall before, we did sense a quite strong weapon fluctuation. There should be that kind of weapon in this golden hall. The legendary golden trident, but we didn't find it."

When Yun Lan heard what Ye Feng said, she suddenly thought of something. She stared at Ye Feng with bright eyes and said loudly: "That's right! Didn't you practice a very powerful pupil technique? Use it quickly. That kind of pupil technique, take a look around here to see if there are any hidden places?"??

"good."

Ye Feng nodded. Even if Yun Lan didn't remind him, he was still going to use the Divine Eye of Creation to take a look around.

Buzz!

At this time, Ye Feng used the power of the Divine Eye of Creation, and his eyes suddenly shone with a deep light, and he looked around quickly.

But after looking around, Ye Feng didn't find anything suspicious.

At this time, Ye Feng couldn't help but said a little discouraged: "I can't see any special hiding place with my eye skills."

"Damn it!"

Master Yi seemed to have a bit of a stubborn temper, and at this moment he immediately released his extremely powerful fire power.

Rumble...

Infinite flames burst out from Master Yi's body in an instant, turning into an endless sea of fire, heading towards

The surroundings burned away.

Obviously, Master Yi is planning to burn everything here to ashes at this time, as if this can relieve his anger.

Seeing this, Ye Feng couldn't help but look at Master Yi in surprise, and thought to himself: This old man didn't expect that this old man has a very hot temper.

"Um?"

And just when Master Yi released endless flames, the entire surrounding hall was burning and about to melt.

Suddenly the soil on the ground melted, and a huge bronze coffin appeared.

The surface of the bronze coffin is engraved with very complex patterns, which looks very ancient and mysterious.

"Is this...Neptune's coffin?"

Sect Master Yunlan did not expect such a scene to happen at this time. She immediately looked happy and flew in front of the bronze coffin. Then she struck the bronze coffin with a palm, trying to kill the bronze coffin. Break it into pieces and see what's inside.

"when!!"

However, Sect Leader Yunlan's slap hit the surface of the bronze coffin, and instead of shattering the bronze coffin, it made a huge roar.

Even Sect Leader Yunlan was so shaken that she took several steps back. She felt as if she had been hit by an iron wall.

"What?"

Seeing this scene on the field, several people present couldn't help but have surprise in their eyes.

Because Ye Feng and Master Yi both knew very well that Sect Leader Yunlan was the extremely powerful female sect leader of Tianlei Sect. She was very powerful and had an extremely high level of cultivation. She was a top expert who could burn mountains and boil seas.

But I didn't expect that the Yunnan Sect Leader's slap at this moment didn't even damage the bronze coffin.

As a result, he was shocked back.

This made Ye Feng and Master Yi couldn't help but marvel. This bronze coffin must be a priceless treasure. What is buried inside?

"It is very likely that he is a very noble figure from the marine civilization."

Ye Feng speculated like this.

At this time, the three of them fell silent in the deep area of the golden hall, because they didn't know whether they should open the bronze coffin?

Will there be any extremely terrifying dangers?

"Crunch, crunch..."

But just as the three of them were thinking, a harsh friction sound suddenly sounded.

The motionless bronze coffin seemed to have been stimulated by the slap just given by Sect Master Yunlan.

The coffin lid opened slowly by itself.

It looks very weird.

"be careful."

At this moment, Sect Master Yunlan and Master Yi stood in front of Ye Feng and gathered together.

Because the mysterious being in the bronze coffin is most likely an extremely vicious zombie from the ancient ocean clan.

"Crunch, crunch..."

At this time, as the lid of the bronze coffin continued to open, a dragon-headed monster covered with dense blue scales, with eyes glowing green, slowly stood up from the bronze coffin.

This monster held a golden trident in one of its dragon claws. It was very tall and full of terrifying coercion and suffocation.

"It's the golden trident!"

Sect Leader Yunlan's beautiful eyes were fixed on the golden trident held by the dragon-headed monster for an instant, and his face was filled with joy.

Because she finally found this extremely powerful ancient weapon.

Master Yi stared at this time

The dragon-headed monster said with serious eyes: "This dragon-headed monster may be the last generation of Sea King. He is buried here, together with the golden trident, the natal weapon of each

generation of Sea Kings. Unexpectedly, it has turned into a corpse now. He has become a dragon zombie. It seems that there will be a fierce battle next, which is inevitable. "

Yun Lan also nodded at this time, obviously agreeing with Master Yi's statement.

The void behind this powerful female sect leader fluctuated, and nine huge lightsabers suddenly appeared, seemingly ready to fight.

Buzz!

At this time, Master Yi's body also burst into blazing flames, and nine large cauldrons appeared above his head. They were the power of the nine cauldrons and had terrible oppressive power.

Obviously, this dragon-headed monster crawling out of the bronze coffin, this corpse-turned-Neptune, made Yun Lan and Master Yi, two top powerhouses, feel deeply fearful and threatened.

Buzz!

But suddenly at the moment when the atmosphere on the field was getting ready, Ye Feng suddenly felt that something was wrong with his body.

At this moment, what shocked Ye Feng was that the Holy Spirit that he had cultivated actually actively strengthened himself.

"Buzz!"

The next moment, a huge Poseidon, composed of blue light, stood above Ye Feng's head.

And almost at the moment when Poseidon appeared, the menacing dragon-headed monster suddenly knelt on the ground with a "pop", holding the golden trident in his hands with two dragon claws, just like a minister offering treasure to the emperor. , towards Ye Feng's direction, seemed to be offering Ye Feng's golden trident.

"this....."

This scene suddenly happened on the field, and Sect Master Yunlan and Master Yi, who were preparing for a fierce battle, were stunned.

"What's going on?"

The two top experts were confused for a moment when they saw this strange scene on the field.

Chapter 3036 Neptune's inheritance

Ye Feng was also stunned at this time. He obviously did not expect that this terrifying and ferocious dragon-headed monster would actually kneel down in front of the Poseidon spirit behind him.

At this moment, Ye Feng saw the confused and shocked eyes of the two top powerhouses looking over him. He tilted his mouth slightly, grinned, and said, "If I say it, I don't know what's going on. Do you believe it?" ?"

Yun Lan's eyes were full of surprise. She stared at Ye Feng and said, "You are really impressive."

After Master Yi was briefly shocked, his eyes showed a more appreciative look at this time, and he said loudly: "Little friend Ye Feng, this time when I return to Yiyuan Dao Sect, I must introduce my favorite close disciple Xiao Yaoxian to You, you are truly a God-given couple."

When Ye Feng heard what Master Yi said, his eyes suddenly showed surprise. Master Yi meant to give him a blind date.

However, Ye Feng did not respond directly. He just said, "Master Yi, what should I do now?"

Master Yi glanced at the dragon-headed monster kneeling on the ground not far away, and said loudly: "It has already kneeled in front of you and offered it to you, so just take it."

Ye Feng couldn't help but glance at Yun Lan beside him. After all, it was Yun Lan who wanted to get this golden trident the most.

Yunlan seemed to have guessed Ye Feng's inner thoughts. A faint smile appeared on her beautiful and cold face, and she said loudly: "I have already offered it to you, so naturally I will not fight for this gold with a junior like you." Trident, and what I am actually most interested in is the Sea King inheritance of this ancient marine civilization."

At this time, after Yun Lan finished speaking, he walked directly to the bronze coffin, reached out and grabbed it, and found a crystal book from the bronze coffin.

This crystal book is the inheritance of the ancient marine civilization!

There are several big characters engraved on it: "The Art of Ten Thousand Crazy Waves"

At this time, Ye Feng had already walked in front of the dragon-headed monster, stretched out his hand, and grasped the majestic golden trident.

"Buzz!"

Almost the moment Ye Feng touched the golden trident, he immediately sensed a very majestic energy contained in the golden trident.

At this time, Ye Feng's eyes showed surprise. The power contained in this golden trident was really terrifying.

"Buzz!"

At this moment, Ye Feng input a little bit of his mana into the golden trident in his hand.

"boom!"

Suddenly, a huge ray of light rushed out from the golden trident, instantly piercing through a large area of land not far away, and the land of several kilometers was turned into ruins in an instant.

"What a powerful weapon!"

Ye Feng immediately showed a look of surprise in his eyes and couldn't help but said: "This weapon is definitely top-notch! Just input some mana and it can explode such terrifying destructive power. Once I use it with all my strength, it should be able to explode What kind of terrifying power is there?"

Master Yi came to Ye Feng's side and said loudly: "What are you thinking about? This is a peerless weapon passed down from generation to generation by the commanders of the maritime civilization. Of course it is powerful!"

Ye Feng nodded immediately, feeling very happy in his heart. He didn't expect that he would get it by accident.

So many goodies arrived.

Snap!

Suddenly at this moment, a crystal book fell into Ye Feng's hands.

At this moment, Ye Feng's eyes suddenly froze and he couldn't help but said: "Is this the inheritance of ancient marine civilization?"

This crystal book was thrown to Ye Feng by Sect Leader Yunlan.

At this time, Sect Master Yunlan said calmly: "This inheritance is very good. If you concentrate on your practice, you will definitely achieve something in the future."

Ye Feng held the crystal book in his hand, with a look of surprise in his eyes, and said aloud: "Don't you need to practice, Master Yunlan?"

Sect Leader Yunlan said: "I have just imprinted the secrets of inheritance in this crystal book into my mind, so if this crystal book is of no use to me, you can keep it for your cultivation."

Ye Feng immediately said: "Thank you very much, Master Yunlan."

Ye Feng knew very well that with the powerful strength of the Yunlan Sect Leader, she really didn't want to give it to herself, so she didn't need to pay attention to him at all.

At this time, Ye Feng understood that Sect Master Yunlan still took good care of him.

Master Yunlan glanced at Ye Feng and said loudly: "You deserve these. The golden trident should have belonged to me, but I can't snatch it from you. You treat this peerless golden trident so rudely." weapon."

At this time, after Sect Master Yunlan finished speaking, he glanced at Master Yi who was not far away, and said loudly: "I have got what I want, and our cooperation is complete. I will take the first step."

Buzz!

After Sect Master Yunlan finished speaking, the beautiful figure moved and disappeared from the spot.

At this time, Ye Feng looked at Master Yi beside him and said, "Master Yi, let's leave here too."

Master Yi nodded and left the scene with Ye Feng.

Three days later.

Ye Feng and Master Yi returned to Yiyuan Daozong and came to the Danzun Hall area.

Master Yi looked at Ye Feng, patted Ye Feng's shoulder with a smile, and said loudly: "Ye Feng, you have really made a lot of progress this time when you went to the ancient civilization ruins, and you have a secret. Ah, there are so many methods that dazzle me."

Ye Feng suddenly smiled and said: "They are just some unscrupulous little tricks. Master Yi is so complimentary."

"Hahaha."

Master Yi laughed loudly and said aloud: "It is a good thing for young people to be modest, but you don't need to be too humble. Sometimes you have to be proud. Ye Feng, I found that you are not like young people at all. You are very low-key. This resilience, It's very rare among young people."

Hearing this, Ye Feng just smiled slightly and said aloud: "I have experienced many ups and downs along the way, and my mind is naturally more stable than those of my peers."

When Master Yi heard what Ye Feng said, he immediately laughed and said: "Good boy, yes, I am very optimistic about you! Oh, by the way, my close disciple Xiao Yaoxian, I must introduce you to Ye Feng. , I am absolutely sure that you two are a perfect match. Xiao Yaoxian has the same personality as you, both are very stable, and also have great talent for alchemy. If you become a training partner, then in the future in this eastern land, you may Become a legend for a generation."

Ye Feng was a little stunned when he heard this. He didn't expect that Master Yi really wanted to go on a blind date with him. Ye Feng was also stunned at this time. #### Chapter 3037 Little Medicine Fairy

At this time, Ye Feng couldn't help but said: "Master Yi, I have not considered the idea of a martial arts partner for the time being. I still focus on my career first. Improving my strength and strengthening my comprehensive ability are my most important things now."

When Master Yi heard what Ye Feng said, he immediately pulled Ye Feng towards the inner area of Danzun Hall and said loudly: "Young man, don't be so cautious. Look at you, you look like a little old man, not a bit like a young man." How can this be done if you don't have any energy? Even if you don't think about martial arts partners for the time being, you can still get to know each other first."

Seeing Master Yi's enthusiasm, Ye Feng could only smile helplessly, and without any further resistance, he walked directly towards the inner area of the Alchemy Hall.

When Ye Feng followed Master Yi to the interior of the Alchemy Hall, he immediately saw that there were many medicinal fields planted around the interior of the Alchemy Hall, and many alchemists were planting new spiritual medicines. medicine.

At this time, Ye Feng's eyes showed surprise. He did not expect that the inner area of Danzun Palace would be such an idyllic life.

At this moment, Master Yi said aloud: "The little Medicine Fairy is planting some high-level elixirs in the deepest part of this countryside to help him understand the whole world and improve his level as an alchemist."

Hearing this, Ye Feng nodded slightly and said aloud: "It seems that Senior Sister Xiao Yaoxian is a gifted alchemy wizard. It is really miraculous that she can understand the world and improve her alchemy realm by planting elixirs."

Master Yi laughed and said aloud: "She is an innate medicinal spirit, the type that the ancestors rewarded her with. Naturally, her talent in alchemy is extremely powerful, otherwise she would not be qualified to become my closed disciple."

While the two were talking, Ye Feng and Master Yi had already arrived at the deepest area of the medicinal field.

Ye Feng immediately saw that in this area, there was a medicinal field planted with many elixirs that exuded spiritual light. It looked very beautiful, like a fairyland.

At this time, Ye Feng immediately noticed that in the middle of this beautiful medicinal field, stood a young woman with a faint divine light all over her body.

Although this young woman has a graceful figure, she has a very cute face and looks like a little girl.

No wonder he is called the Little Medicine Fairy.

Sure enough, she looks like the cute type.

At this time, Master Yi brought Ye Feng here and said directly to the little medicine fairy in the medicine field: "Little medicine fairy, Master will introduce you to a very good person."

Who to introduce?

When Ye Feng heard what Master Yi said so directly, a look of embarrassment suddenly appeared on his face.

However, I remembered that Master Yi had directly said in front of the eldest lady Murong Mingyue that the eldest lady had no talent for alchemy and was not as good as Ye Feng, an alchemy boy.

Thinking of this, Ye Feng was immediately relieved. Master Yi has such a very straightforward character.

At this moment, when the little Yaoxian heard what Master Yi said, he immediately ran out of the medicine field and said with a smile: "Hello, Master."

Master Yi walked up to Little Yaoxian, pointed at Ye Feng beside him, and said loudly: "Little Yaoxian, this kid is called Ye Feng, and he is a young man with great potential in the future of our Yiyuan Dao Sect, and , I admire him very much, you can get to know him."

Hearing what Master Yi said, the little medicine is so beautiful

A trace of surprise suddenly appeared on Li's cute face, as if she didn't expect that the master would take the initiative to introduce her to a partner.

At this time, Ye Feng smiled very politely and said, "Senior Sister Xiao Yaoxian."

The little Yaoxian smiled slightly and said aloud: "Junior Brother Ye Feng, we will know each other from now on."

The two stretched out their hands and shook them slightly.

At this time, the little Yaoxian was still staring at Ye Feng, a boy who was still very unfamiliar, with a rather curious look.

Because Xiao Yaoxian knows very well what kind of temper his master, Master Yi, has.

As the chief alchemist of Yiyuan Dao Sect, Master Yi is also the master of Jiuding alchemy. His status and status are extremely high.

A young man who can be so admired by Master Yi must be very extraordinary, so that Master Yi can admire him so much and even introduce him to his favorite disciple.

While the Little Medicine Fairy looked at Ye Feng curiously, Ye Feng seemed to have thought of something. He took out a lot of ocean pearls from his storage ring, gave a lot to the Little Medicine Fairy, and said loudly: "Senior Sister Xiao Yaoxian, there is nothing good when we meet for the first time. These ocean pearls were obtained by me from the ancient ocean ruins before. They are good materials for refining elixirs. I think Senior Sister Xiao Yaoxian can definitely use them. Come on."

At this time, looking at the dozens of ocean pearls in Ye Feng's hands, emitting bright white light, the little Yaoxian's beautiful eyes suddenly showed a bright color.

Because these ocean pearls are basically extinct in the outside world.

So at this time, I got dozens of ocean pearls at once, and the little medicine fairy was naturally very happy.

Her favorable impression of Ye Feng immediately increased, thinking that Ye Feng was really generous.

Ye Feng thought it was nothing, because he still had thousands of ocean pearls in his storage ring.

At this moment, the little Yaoxian immediately smiled and said: "These ocean pearls are of the highest quality. I really like them very much, so I will accept them. Thank you, Junior Brother Ye Feng."

Ye Feng smiled slightly and said aloud: "As long as Senior Sister Xiao Yaoxian is happy."

When the little Yaoxian heard what Ye Feng said, he felt happy.

Master Yi glanced at Ye Feng in surprise and thought to himself, aren't you a sociable kid?

Why does it seem like he is so sociable now?

At this time, the little Yaoxian seemed to have thought of something, and immediately said to Ye Feng: "Junior Brother Ye Feng, please wait for me, I also have a meeting gift for you."

Uh-huh!

After saying that, the little medicine fairy immediately returned to the previous medicine field, picked a golden fruit, and handed it into Ye Feng's hands.

Ye Feng's eyes were a little surprised at this time. He could feel a very terrifying energy fluctuation from this golden fruit.

The little medicine fairy said at this time: "Junior Brother Ye Feng, this golden fruit is called the energy fruit. It is the essence of a medicine field. A medicine field has a spirit. Every ten years, it will bear such an energy fruit. The fruit contains the medicinal essence of a medicinal field for ten years. If you swallow it, it will be of great benefit to the accumulation of your power."

When Ye Feng heard what Xiao Yaoxian said, he immediately became happy and was very satisfied with this meeting gift from Xiao Yaoxian.

After all, what he lacks most now is energy. At this time, Ye Feng couldn't help but said: "Master Yi, I have not considered the idea of a martial arts partner for the time being. I still focus on my career first. Improving my strength and strengthening my comprehensive ability are my most important things now."

After all, what he lacks most now is energy.

Chapter 3038 Unknown things

For Ye Feng, being able to exchange dozens of ocean pearls for an energy fruit was a very cost-effective deal.

But the most important thing is that I have a complete understanding of Xiao Yaoxian.

Moreover, with Master Yi, an old senior, personally bridging the gap, the relationship between the two naturally warmed up quickly.

At this time, the little medicine fairy even began to invite Ye Feng to visit the surrounding medicine fields.

Ye Feng didn't have anything to do now, so he just agreed.

Master Yi saw that the relationship between the two was developing very well, and said with a smile: "I have other things to do, so I will leave first. You two have a good chat, Ye Feng, if you are not in a hurry, you can We will stay at the Alchemy Palace for a few more days, and I will give you some guidance on alchemy in a few days."

Ye Feng immediately smiled and said: "It depends on the situation at that time. If Master Yi has something to do, go ahead and do it."

There was also a slight smile on the beautiful and lovely face of the little Yaoxian, and he said loudly: "Master, please go first. I will take Junior Brother Ye Feng for a walk around here. I think he will definitely like it here. "

"Okay, okay."

Master Yi looked at the two people and was very satisfied. He swayed away with his hands behind his back.

At this time, the little Yaoxian looked at Ye Feng beside him, smiled very tenderly, and said: "Junior brother Ye Feng, follow me, I will take you around here."

"good."

Ye Feng nodded, then followed the little medicine fairy and walked around the medicine fields.

At this moment, Ye Feng looked at the quiet and peaceful medicinal fields around him and the alchemists working there, with a trace of calmness in his eyes.

Sometimes, living in such a quiet and peaceful environment is also a very warm and comfortable state.

Along the way, Ye Feng experienced countless bloody storms, beatings and killings.

Ye Feng was a little tired.

Therefore, Ye Feng enjoyed this quiet state very much at this time, and even closed his eyes slightly, feeling the tranquility around him.

At this moment, the little Yaoxian standing next to Ye Feng seemed to see that Ye Feng was enjoying this state at this moment. She understood Ye Feng very well, and did not speak, but stood quietly beside Ye Feng. Beside Ye Feng, feel the gentle and peaceful state.

Xiao Yaoxian is a very simple person. He has always been concentrating on refining elixirs in the Alchemy Palace and improving his level of alchemy.

But at this moment, Xiao Yaoxian could sense that Ye Feng seemed to be a delicate and handsome young man, but his eyes definitely showed that he had experienced a lot.

At this time, Ye Feng suddenly opened his eyes and looked at the little Yaoxian beside him, and found that he was staring at him quietly.

Noticing Ye Feng's sudden glance, Xiao Yaoxian was a little shy and quickly lowered his head slightly.

Ye Feng said aloud: "Sorry, I fell into a peaceful and peaceful state just now, and it took me a long time."

The little Yaoxian immediately showed a gentle smile and said aloud: "From now on, if Junior Brother Ye Feng is tired, you can come to me at any time. I can give Junior Brother Ye Feng peace."

Hearing what the little medicine fairy said, Ye Feng smiled slightly and said, "Okay, I will come."

And just as the two of them were talking, they had already reached the deepest part of the medicinal field.

There are no medicinal fields to be seen here.

The surroundings were a bit deserted and seemed a little deserted.

At this time, Xiao Yaoxian looked at the surrounding environment with a trace of surprise in his eyes, and said loudly: "To be honest, this is the first time I have walked to such a desolate and deep place. I originally thought that our Danzun Palace The deepest part is a continuous medicinal field, but I didn't expect it to be so barren, maybe it hasn't been cultivated yet."

When Ye Feng heard what Xiao Yaoxian said, he nodded slightly and said, "Then let's go back directly."

The little Yaoxian nodded and prepared to return with Ye Feng.

But suddenly at this time.

Buzz!

A faint green light suddenly appeared on Xiao Yaoxian's body, forming a very strange mark.

When the little medicine fairy saw this scene, his eyes showed surprise, and he couldn't help but said: "This is the mark of my natal medicine spirit. It suddenly appeared automatically, as if it was guiding something."

When Ye Feng saw the special reaction on Xiao Yaoxian's body, his eyes showed surprise and he said, "It seems that there may be something attracting you around this desolate place."

The little Yaoxian nodded, and after sensing it carefully, he said aloud: "This feeling is very strong, I want to see what is attracting me, or to be precise, what is it?" Is the medicine spirit mark attracting me? There has been no response to the medicine spirit mark for so many years, but I didn't expect that this special situation suddenly appeared. I have never set foot in such a deep desolation. area, Master seems to have warned me once not to go into the deepest area of the Alchemy Hall."

Ye Feng heard what Xiao Yaoxian said, and after thinking about it, he said, "Senior Sister Xiao Yaoxian, do you want to find out what's going on?"

The little Yaoxian nodded, his eyes full of curiosity, and he was obviously looking forward to the unknown.

But Xiao Yaoxian thought of her master, Master Yi's warning back then, and she hesitated for a moment.

Ye Feng did not speak at this time, because only the little Yaoxian himself is qualified to decide whether to explore what the unknown thing is next.

After a moment, Xiao Yaoxian suddenly raised his head and looked at Ye Feng, with a hint of adventure and expectation in his eyes, and said loudly: "Junior Brother Ye Feng's martial arts cultivation is very powerful. Master has already By the way, Junior Brother Ye Feng is willing to accompany me to explore what that unknown thing is?"

If it were Xiao Yaoxian herself, she would definitely not dare to investigate.

Because although Xiao Yaoxian's alchemy realm is very high, his own martial arts strength is very weak, with no defense power and no combat effectiveness.

But Ye Feng is now by her side, giving her confidence, as if she has a solid backing.

Hearing what Xiao Yaoxian said, Ye Feng smiled slightly and said: "I am happy to help, and I am also very curious about the unknown thing that can attract the innate spirit of Senior Sister Xiao Yaoxian's medicinal spirit body. It's definitely extraordinary."

When the little Yaoxian heard what Ye Feng said, he immediately said very happily: "Then let's go and take a look. Go early and come back early. Don't let the master find out!" For Ye Feng, being able to use Dozens of ocean pearls were exchanged for one energy fruit. This was a very cost-effective deal.

But the most important thing is that I have a complete understanding of Xiao Yaoxian.

Chapter 3039 Weird place

Don't let Master find out?

When Ye Feng heard what Xiao Yaoxian said at this time, he immediately smiled dumbly.

It seems that this little Yaoxian sister who looks like a good girl still has some adventurous elements deep in her heart.

At this time, it seems that he saw Ye Feng's inner thoughts. The little medicine fairy smiled mischievously, stared at Ye Feng with his beautiful eyes, and said loudly: "You are not allowed to tell the master about this matter, otherwise I will definitely You will be scolded by Master."

When Ye Feng heard this, his eyes were stunned for a moment, then he smiled dumbly and said: "Senior Sister Xiao Yaoxian, don't worry, I am also involved in this matter, and I will definitely not tell Master Yi, otherwise I will definitely be betrayed by Yi." The master scolded him."

When Xiao Yaoxian heard what Ye Feng said, he immediately felt relieved, and then said aloud: "Don't call me senior sister anymore. I'm younger than you. Just call me Xiao Yaoxian."

Hearing this, Ye Feng nodded immediately.

The little medicine fairy began to rush towards this deserted place in a certain direction based on the induction of his own medicine spirit mark.

Uh-huh!

Ye Feng remained vigilant at this time and followed closely around the little Yaoxian, guarding the safety of the little Yaoxian.

Because Ye Feng knew very well that the little Yaoxian's defense was very low. If there was really a terrible force that suddenly attacked, the little Yaoxian would definitely be wiped out in an instant.

Ye Feng's current task is very simple, that is to protect the safety of the little Yaoxian.

At this moment, the two people quickly rushed towards the deepest part of this deserted area.

According to the induction of the Xiao Yaoxian's medicine spirit mark, the unknown thing is located deepest in this desolate land.

Soon, they traveled through a large desolate area and finally arrived at the very end.

There is a huge black mountain here, which looks very intimidating.

This black mountain,

It's like a natural moat, connecting the sky and the earth, isolating everything here, as if you've reached the end of the world.

When the little Yaoxian saw this scene, there was deep surprise in his eyes.

Obviously, she never imagined that the deepest part of the inner area of Danzun Hall where she had lived for so many years would actually look like this.

The surrounding land was desolate, bleak, and lifeless.

That big black mountain, like a dark demon, stood on the ground, giving people a very suffocating feeling.

It was completely different from the calm and peaceful atmosphere in the Alchemy Hall Medicine Field.

Xiao Yaoxian even had a scary and dark feeling at this time.

She couldn't help but move closer to Ye Feng.

When Ye Feng felt the fragrance approaching him, he realized something. He stretched out his hand and put it on Xiao Yaoxian's shoulder, and said loudly: "Little Yaoxian, don't be afraid, I'm here."

boom!

At this time, Ye Feng instantly burst out with his extremely powerful fighting spirit.

That kind of terrifying and huge fighting spirit is going to shatter the entire Nine Heavens and Ten Earths!

Ye Feng's majestic fighting spirit was filled with a vast masculine aura. With one person's power, the entire cold, dark and dead world around him was almost shattered by the impact.

At this moment, Xiao Yaoxian's terrifying feeling of darkness and suffocation disappeared immediately.

Because Ye Feng was like a fierce tiger at this time, guarding her around.

It made the little Yaoxian feel a deep sense of strength and reliability.

at this time,

Xiao Yaoxian stared at Ye Feng with deep amazement in his eyes. He seemed not to have thought that the young man who usually looked gentle and frail would suddenly turn into a statue the moment he released his fighting spirit. Like the invincible God of War, she felt very fierce.

This sense of ferocity from his teammates made Xiao Yaoxian feel safe at this moment.

"Thanks."

The little Yaoxian said softly, with a hint of gratitude in his tone.

"It doesn't matter."

Ye Feng just said at this moment: "I am here to protect your safety this time. As long as I am here, no force can hurt you."

When the little Yaoxian heard Ye Feng's firm and powerful words, she felt a complex and sweet feeling in her heart that she had never felt before.

At this time, with Ye Feng's protection, Xiao Yaoxian strengthened his courage and continued walking towards the dark mountains at the end of the earth.

When the two came to the front of this dark mountain, they immediately saw a blood-stained stone tablet standing at the front of this black mountain, exuding endless hostility.

When Ye Feng saw this scene, he couldn't help frowning and said aloud: "I originally thought that what attracted your medicine spirit mark, little Medicine Fairy, was some cave heaven and paradise containing heavenly materials and earthly treasures, but I didn't expect that in the end, The place we came to turned out to be such a dangerous and terrifying forbidden place."

At this time, Xiao Yaoxian also had a serious look in his eyes, and said loudly: "Why don't we leave here? I always feel that the surrounding area is very scary."

At this time, Ye Feng was considered to be a very brave person, and said loudly: "Let's move on, don't worry, I'm not weak now."

Seeing Ye Feng's insistence, Xiao Yaoxian didn't say anything more and walked directly towards the area behind the blood-stained stone tablet.

When they arrived at the deepest part of the black mountain, they immediately saw a very strange and terrifying scene.

On the desolate and dark land, thousands of white skeletons were seen lying on the ground in a very weird posture, with their faces distorted.

This scene looks very impressive.

The little Yaoxian was so frightened that a trace of paleness appeared on her cute and beautiful little face, and she leaned closer to Ye Feng.

At this time, Ye Feng was staring at the thousands of twisted skeletons, seeming to see something, and couldn't help but said: "This seems to be a very evil formation, using thousands of dead skeletons as a There is definitely something sealed in the foundation of the formation."

When the little Yao Xian heard what Ye Feng said, his eyes suddenly showed a look of surprise. He couldn't help but stare at Ye Feng beside him and said, "I didn't expect that Junior Brother Ye Feng is also proficient in formations?"

Ye Feng just smiled and said: "I understand a little bit."

After finishing speaking, Ye Feng frowned, stared at the strange land not far away, and said loudly: "With such an evil formation, the things trapped should not be evil, because the more evil they are, the more evil they are." The more it exists, the more powerful it must be to suppress it."

When the little Yaoxian heard what Ye Feng said, he couldn't help but said in surprise: "Junior Brother Ye Feng, do you mean that the people trapped by this evil formation must be good beings?"

"Um."

Ye Feng nodded, but was still a little unsure. He couldn't help but ask in his mind: "Emperor Chu, what do you think?"

Emperor Chu's voice sounded: "See it in your head."

Ye Feng: "..."

Emperor Chu's laughter immediately rang out: "Just kidding, let's get down to business, Ye Feng, your guess should be right, but I can control the soul gem to sense it, give me some time."

Chapter 3040 Flower Fairy

Buzz!

At this time, Emperor Chu directly inspired the energy of the soul gem and began to spread rapidly towards the surroundings.

Today's Emperor Chu has long resided in the Soul Gem, so he is naturally able to give full play to the Soul Gem's abilities.

At this time, after Emperor Chu sensed it carefully, he immediately said in his mind: "Ye Feng, what is bound by that evil formation is a spirit of heaven and earth, not an evil existence, so you can think If you find a way to solve it, there may be unexpected surprises."

When Ye Feng heard what Emperor Chu said, he immediately nodded slightly.

At this moment, seeing Ye Feng walking towards the area with the evil formation, Xiao Yaoxian couldn't help but said: "Ye Feng, do you really want to go? Is there any danger in that formation? Isn't the thing that is bound really an evil existence?"

Ye Feng immediately shook his head and said loudly: "Something that can attract a pure medicinal spirit body like you, Little Medicine Fairy, must not be evil."

Hearing Ye Feng's firm words, Xiao Yaoxian's eyes suddenly froze, and then he stared at Ye Feng's resolute face, and immediately felt an inexplicable feeling in his heart.

At this time, Ye Feng walked directly to the strange area, then took a deep breath and stepped directly into it.

"boom!"

Almost as soon as Ye Feng stepped over, the twisted skeletons on the ground began to move.

"Boom boom boom..."

The next moment, all these twisted skeletons burst out with dark gas, exuding extremely evil power, and rushed towards Ye Feng.

"boom!"

Almost at this moment, Ye Feng suddenly burst out with terrifying fighting spirit and attacked directly towards the charging skeletons.

"Boom!!"

Terrifying power burst out from Ye Feng's fist in an instant.

At this moment, a huge energy wave came out of Ye Feng's fist, and all of a sudden the dozen skeletons in the front were sent flying backwards.

"The Divine Eye of Creation!"

At this time, Ye Feng turned his Divine Eye of Creation and quickly looked around, hoping to see through the entire evil formation, find the core of the evil formation, and destroy it.

But the next moment, what surprised Ye Feng was that this evil formation had no formation eyes.

This seems to be a very special evil formation.

"Since there is no formation eye, let's forcefully push it across!"

At this moment, Ye Feng integrated the brute force gem into his body. Coupled with the terrifying power of the Chaos Body, every inch of his flesh and blood body surged out with a boundless and majestic power, which was as powerful as the sky.

"Rumble..."

Next, Ye Feng's whole body radiated a divine light, and every punch and palm struck out, bursting out with destructive power that destroyed the world.

At this moment, Ye Feng seemed to have turned into a humanoid war machine, full of terrifying destructive power.

The terrifying and evil skeletons around them were shattered into pieces by Ye Feng's fist the moment they approached Ye Feng.

At this time, the little Yaoxian not far away saw this scene and was already dumbfounded.

Because the impression Ye Feng gave her changed so quickly.

The feeling Ye Feng gave Xiao Yaoxian before was like gentleness

Like an elegant young man, plain, gentle and sunny.

But now, Ye Feng suddenly transformed into an existence like an iron-blooded god of war, with monstrous fighting power and bloody battles in the sky, making Xiao Yaoxian's eyes full of surprise.

Two contrasting temperaments, gathered in one person, really made the little Yaoxian feel dizzy and shocked.

At this time, Ye Feng had already smashed all the skeletons into pieces with extremely arrogant violence.

At this moment, the surrounding evil formations were suddenly bulldozed by Ye Feng.

"boom!"

Suddenly at this moment, in the middle area of this evil formation, the ground exploded with dirt.

An extremely evil formation light instantly rose from the middle area.

The next moment, Ye Feng rushed directly to that direction.

He immediately saw that in the inner area of the formation's light, there was a very dark basement-like space under the ground.

In this dark basement, a weak-looking little girl was squatting in the corner of the dark space, looking pitiful.

Ye Feng's eyes immediately froze.

The existence trapped by such an evil and terrifying formation is such a harmless little girl?

Just when Ye Feng felt surprised, the little girl squatting in the dark corner seemed to have noticed the changes in the outside world and turned around immediately.

This little girl's body actually began to emit a very pure green energy light.

At this moment, the little girl stared at Ye Feng and said loudly: "Help me, I am the spirit of this land, my name is Hua Xianzi, if you save me, I will follow you from now on." , what do you want me to do

Anything is fine. "

This flower fairy had obviously been trapped for too long and was almost in despair, so when she saw the hope of survival, she naturally begged desperately.

Ye Feng just grinned at this time and said: "Don't worry, I will save you."

boom!

Almost as soon as Ye Feng finished speaking, he punched directly at the entrance of the dark basement.

"when!!"

But the next moment, the formation light at the basement entrance was like a copper wall. Even Ye Feng's current fist power could not destroy it. Instead, it was shocked and took several steps back.

"I don't believe it!"

At this moment, Ye Feng directly displayed the powerful inheritance of ancient marine civilization that he had obtained before.

"Sea Dragon's Heaven-Suppressing Hand!"

Boom!

Ye Feng blasted out with a palm, and an emerald-green giant rushed out of Ye Feng's palm in an instant, full of the terrifying impact of the monstrous sea.

The formation light at the entrance to the basement was finally unable to withstand such terrifying attack power at this moment, and was suddenly shattered into countless fragments.

Uh-huh!

The next moment, Ye Feng rushed directly into the basement, guarding the weak flower fairy behind him to resist the aftermath of the collision.

Uh-huh!

Then, Ye Feng hugged Hua Fairy and jumped to the ground outside the basement.

At this moment, Hua Fairy finally got out of the trap.

Buzz...

The strange thing is that the moment the Flower Fairy appeared, the previously barren ground around her area suddenly began to grow flowers, plants and trees, filled with the breath of life.
