

Ancient 3041

Chapter 3041 Weird Sound

The Flower Fairy is indeed the spirit of the land. Wherever she passes, the breath of life suddenly appears. The earth blooms and trees grow, giving people a green and healthy feeling.

At this time, the little medicine fairy not far away also trotted over quickly. When he saw the flower fairy held by Ye Feng, he immediately couldn't help but said: "It's the spirit of thousands of flowers! No wonder my mark of the medicine spirit is attracted. So strong!"

When Ye Feng heard this, his eyes suddenly froze and he said, "She said her name is Hua Xianzi and she is the spirit of the land."

The little Yaoxian nodded, with a look of distress in her beautiful eyes, and said aloud: "She is so pitiful. She must have been trapped in this dark underground for so many years with no light. She must have been frightened. Who was so cruel back then? Was it sealed here by the Flower Fairy?"

At this time, Hua Xianzi seemed to feel some warmth in Ye Feng's arms and came back to her senses.

She stared at the little medicine fairy in front of her and felt a close feeling from the source level of life.

Hua Fairy stared at Little Yao Fairy with doubtful eyes, and couldn't help but said: "Sister, why do you make me feel so close? We don't seem to know each other."

When the little Yaoxian saw the confused look in the Flower Fairy's eyes, she couldn't help but touched her little head lovingly, and said aloud: "Because our physiques are very close, you are the spirit of thousands of flowers, and I It is the body of medicine and spirit, and we are creatures of the same origin."

After saying that, Little Yaoxian didn't care whether Hua Fairy understood what she said, she just pulled Hua Fairy and said loudly: "You will live with me from now on, I will take good care of you, and, Master If you see me bringing back a Ten Thousand Flowers Spirit, you will definitely be very happy. If the Flower Fairy lives in our Alchemy Palace, it will invisibly nourish the power of the heaven and earth medicine spirits in the entire Danzun Palace, and there are so many people in the

Danzun Palace. The energy of the multi-medicine field will in turn help the flower fairy grow and become more powerful."

When Ye Feng heard what the Little Medicine Fairy said at this time, he immediately nodded and put the Flower Fairy away.

He came down and said aloud: "From now on, you will live with Sister Xiao Yaoxian. She specializes in planting various medicinal fields and will definitely take good care of you."

At this time, Hua Xianzi just held Ye Feng's arm tightly and said pitifully: "I still want to follow you, big brother."

Obviously, Ye Feng is Hua Fairy's savior, so he is naturally closer to Ye Feng.

Ye Feng smiled and said aloud: "I live not far from this Little Medicine Fairy Sister. I can come over to see you at any time."

For Ye Feng, he doesn't have much energy to take care of such a flower fairy. He has other things to do.

At this time, Ye Feng seemed to have thought of something, and suddenly stared at the Flower Fairy in front of him, and said loudly: "By the way, who was it that used such an evil formation to bind you, Flower Fairy, and trap you here?"

When Hua Xianzi heard Ye Feng's question, a look of deep fear suddenly appeared in her smart eyes, as if she had thought of some terrible past.

When the little Yaoxian saw Hua Fairy like this, she immediately said, "Hua Fairy, don't be afraid. I have your big brother and sister here and will protect you."

Hearing what the Little Medicine Fairy said, the Flower Fairy seemed to have some courage. Then she stretched out a white little finger, pointed at the top of a black mountain not far away, and said loudly: "Back then, there was a very bad and very bad man. A bad person is practicing an evil technique here. I accidentally broke into this place. The bad person just waved his hand, and an evil formation appeared and imprisoned me here. I thought I I am destined to die and will be refined by that very bad person. Unexpectedly, some changes seemed to have happened outside. The very bad person disappeared, and I have been trapped here.

,until today. "

Hearing what Hua Fairy said, Ye Feng and Xiao Yao Fairy looked at each other, and they both saw a trace of surprise in each other's eyes.

At this time, Ye Feng said: "Let's go up and take a look."

Little Yaoxian nodded and said loudly: "This place has long become the territory of our Yiyuan Dao Sect. The evil practitioner back then is probably dead or has left here, so there should be no danger."

"Um."

Ye Feng nodded in agreement.

Next, the three of them flew directly towards the top of the black mountain.

Uh-huh!

When they arrived at the top of the mountain, they immediately saw a big hole on the ground at the top of the mountain.

At the entrance of this large cave, there is a very long stone staircase that connects to the interior of the mountain.

At this moment, Ye Feng's eyes moved and he couldn't help but said: "Could it be that there are still some relics in the inner space of this black mountain?"

The little Yaoxian nodded and said, "It is very likely that this is the place where the evil practitioner who sealed the Flower Fairy lived. Let's go down and take a look."

Hua Xianzi was a little scared at this time, but with Ye Feng and Xiao Yaoxian by her side, she slightly gathered her courage and walked towards the bottom of the stone staircase with the two of them.

Soon, the three of them entered the inner space of the black mountain.

The moment they came down, they saw a quite shocking scene.

I saw that the entire interior of the mountain was densely packed with white skeletons, stacked together, just like a cave of white-bone spirits.

When Hua Fairy saw this scene, she turned pale with fright.

The little Yaoxian quickly protected the Flower Fairy on her back

back.

Ye Feng seemed to have noticed something. At this time, his eyes moved slightly and he walked towards the middle area.

The Little Medicine Fairy and the Flower Fairy wanted to follow, but Ye Feng stretched out a hand behind his back and said loudly: "Don't follow, it may be dangerous. I will go and take a look alone."

"good."

The little Yaoxian nodded immediately and stayed where he was with the Flower Fairy.

Click, click...

At this moment, within the entire black mountain, only Ye Feng's footsteps could be heard.

Ye Feng walked to the middle of the pile of bones and skeletons, stretched out his hand, and brushed away a piece of dust on the ground.

When the dust dispersed, Ye Feng immediately saw a very complex pattern on the ground.

In the middle of these veins, there is an ancient stone, which is emitting a strange red light.

"Pull out this red stone, and I will give you infinite power." Suddenly at this moment, a voice passed through the red stone and reached Ye Feng's mind.

This sound was very strange and seemed to contain some very strange power. Ye Feng subconsciously had a huge temptation to pull this red stone out of the ground.

"wake up!"

But at this moment, Emperor Chu shouted loudly in Ye Feng's mind, stimulating the power of the soul gem and making Ye Feng wake up instantly.

"Um?"

At this moment, Ye Feng woke up and found with some shock that one of his fingers had touched the red stone on the ground in front of him.

I almost pulled out the red stone!

A drop of cold sweat dripped down from Ye Feng's forehead.

What a weird sound!

Chapter 3042 The Great Sage of Bones

At this time, Ye Feng's eyes were extremely surprised.

You know, Ye Feng's soul power is extremely huge, and he can be said to be a very powerful soul master.

But even so, the moment Ye Feng heard the strange sound, he still had no power to resist. He was immediately tempted and almost unconsciously pulled out the red stone.

If Emperor Chu hadn't used the soul gem to protect Ye Feng's soul, Ye Feng might have pulled out the red stone on the ground.

At this time, Emperor Chu said in his mind: "It's a very strange existence. It's so terrifying. The soul gem almost didn't wake you up. Ye Feng, please don't deal with this strange existence sealed with red stone for the time being. It's very likely that it will backfire." , that's not something you can control for the time being."

Ye Feng was immediately shocked when he heard Emperor Chu's serious words.

This was the first time he saw Emperor Chu looking so serious.

It seems that the existence sealed by this red stone is absolutely terrifying and terrifying.

Although Ye Feng coveted the red gem on the ground, he was warned by Emperor Chu and did not dare to touch the red stone again.

Ye Feng was going to leave this weird place first. The red gem couldn't escape here anyway. When his cultivation strength reached a certain level, he would come back here to see if he could get the red gem.

But at the moment when Ye Feng turned around, the strange voice from before reached Ye Feng's ears again: "I am the ancient Bone Sage. Young man, you just left like this. Don't leave me alone." If you release it, you will definitely lose an earth-shattering opportunity."

"The Great Sage of Bones?"

Ye Feng's eyes moved and he did not respond to the strange voice. Instead, he walked firmly towards the outside.

Ye Feng knew that the existence that Emperor Chu was so afraid of must be very scary and scary, so it was better to leave first and not talk nonsense with this weird existence.

Ye Feng doesn't care at this time.

Regardless, he just left the scene.

When Ye Feng came outside, Xiao Yaoxian immediately stepped forward and asked: "What exactly exists inside?"

Ye Feng shook his head and said aloud: "It's nothing, it just gives me a weird feeling. Let's get out of here as soon as possible."

Ye Feng did not tell Xiao Yaoxian everything he knew, because Ye Feng knew very well that even a being as powerful as his own soul could not withstand that weird sound, let alone a person with weak defense like Xiao Yaoxian. Alchemist.

Therefore, Ye Feng felt that it would be better not to tell the little medicine fairy about such weird things, otherwise the little fairy might become curious and go in to check it out, which would cause tragedy.

When the little Yaoxian heard what Ye Feng said, he naturally believed Ye Feng unconditionally.

After all, she also felt that there should be nothing here.

After all, so many years have passed, and the evil cultivator from back then is either dead or has left here, and it is impossible for him to still exist here.

Because, if that evil cultivator still exists here, then they will all die today.

So at this time, Xiao Yaoxian immediately said: "Then let's leave here quickly. I also feel that this place is very weird. It always makes me feel uneasy. It's better to leave as soon as possible, and we have already It's been such a long time since we left the medicine field area of the Alchemy Palace. When the master comes back and finds that we are not here, he will definitely know the secret of our trip, which will not be good. "

Ye Feng nodded, took one last look at the deep area inside the mountain, and then left here with the Little Medicine Fairy and the Flower Fairy.

When they left this black mountain, they returned to

Returning to the medicine field area of the Alchemy Hall, the Little Medicine Fairy and the Flower Fairy couldn't help but heave a sigh of relief.

At the end of that desolate land, they always felt a sense of great fear and fear.

Ye Feng actually didn't care, because Ye Feng had experienced so much along the way, and he had nothing to fear from this so-called dark and depressing atmosphere.

Ye Feng said to Xiao Yaoxian at this time: "I think I should leave too. I don't know if the eldest lady has come back in the past few days. It will be quite troublesome if she can't find me. After all, I am still the eldest lady now." The alchemy boy."

When the little Yaoxian heard what Ye Feng said, a trace of surprise suddenly appeared in her beautiful eyes. It seemed that she did not expect that Ye Feng and the eldest lady actually lived in the royal garden. .??.

However, thinking of the noble status of the eldest lady, it should be impossible for her to have feelings for Ye Feng, an alchemy boy. When the little medicine fairy thought of this, she couldn't help but let out a sigh of relief.

The little Yaoxian smiled sweetly at Ye Feng and said loudly: "Okay, then I won't keep you, Junior Brother Ye Feng. If Junior Brother Ye Feng has time next time, come to our Alchemy Palace more often."

"good."

Ye Feng nodded, then looked at the Flower Fairy next to Xiao Yaoxian, smiled and touched the other person's little head, and said loudly: "Hua Fairy, next you and Xiao Yaoxian will have a good time around here. Life, big brother will come to see you when the time comes and bring you delicious food."

Hua Xianzi immediately nodded, looked at Ye Feng, and couldn't help but said: "Big brother must come here often, otherwise I will miss big brother, very much."

"OK!"

Ye Feng couldn't help pinching the other party's beautiful face, then turned and walked towards the outside of the Alchemy Hall.

At this moment, looking at Ye Feng's leaving figure, the little Yaoxian didn't move his eyes for a long time.

Hua Xianzi said with a smile: "Sister Xiao Yaoxian likes big brother very much.

Brother? "

"ah?"

When the little Yaoxian heard what the Flower Fairy said, her face immediately turned red, then she shook her head and said, "I don't like him, I just think your elder brother is very charming."

A look of confusion appeared on Hua Xianzi's little face and she said, "That's a sign of liking."

The little Yaoxian knocked the Flower Fairy on the little head and said loudly: "Little girl, you can't say such things in front of your big brother."

Hua Xianzi was a little aggrieved, and with a bitter look on her face, she said loudly: "Okay, I understand."

...

After Ye Feng left the Danzun Hall, he walked straight towards the royal garden in the central area of Yiyuan Daozong.

On the way, Ye Feng frowned, thinking about the strange existence in the deepest part of the Alchemy Palace, what kind of existence was the guy who called himself the Bone Sage? Was he the terrible evil cultivator back then?

Moreover, Master Yi didn't know clearly about this matter.

boom!

But just as Ye Feng was thinking, suddenly, a huge aura force suddenly appeared on the ground in front of him.

A tall young man wearing golden armor and holding a golden spear blocked Ye Feng's way.

"It's you, Jin Lieri!"

Ye Feng couldn't help but his eyes moved.

Before, I was stopped by Jin Lieri, the core figure of the Prince Alliance, and it was Master Yi who rescued me.

"Yes, it's me."

At this moment, Jin Lieri said coldly: "During this period, I have learned that Master Yi has gone out to attend an alchemy event. No one can save you today!"

After hearing what Jin Lieri said, Ye Feng had a faint smile on his lips and said, "Today, I don't need anyone else to save me. I am enough to kill you!"

Chapter 3043 Unilateral crushing

Hearing what Ye Feng said, Jin Lieri's eyes showed deep mockery, and he said loudly: "When you saw me before, you could only run away, but now you dare to talk back to me? It's really presumptuous!"

boom!

Almost at this moment, Jin Lieri held the golden spear in his hand, rushed in front of Ye Feng, and stabbed Ye Feng directly and fiercely.

"Boom!"

But at the next moment, a majestic figure with blue light suddenly appeared in the void behind Ye Feng, blocking the golden spear and preventing him from making any progress.

This majestic figure with blue light is Ye Feng's Holy Spirit, the Spirit of Poseidon!

The Poseidon, who contained huge power, directly blocked Jin Lieri's golden spear.

Ye Feng stood there at this moment and did not need to take action at all. The Holy Spirit could fight on its own. Ye Feng only needed to continue to supply energy to the Holy Spirit.

At this time, looking at the majestic Poseidon Spirit in front of Ye Feng, Jin Lieri's eyes suddenly showed surprise, and he couldn't help but said: "In just one month, you have broken through to the Holy Realm. ? Condensed the spirit of his own sanctuary!" .??.

Ye Feng smiled indifferently at this time and said: "So, you have come to find trouble with me again and again. Don't leave today, stay here for me!"

"Hahaha!"

Jin Lieri laughed out loud in an instant: "What a shameless statement! The aura of cultivation in your body is only that of the first level of the Holy Realm. You have just stepped into the Holy Realm. How can you compete with me, a veteran strongman of the seventh level of the Holy Realm?" ?"

Obviously, for Jin Lieri, although Ye Feng has now entered the holy realm, he does not take Ye Feng into his eyes at all.

Because Jin Lieri felt that Ye Feng had just stepped into the Holy Realm and had not developed any strong combat effectiveness at all.

So at this time, Jin Lieri was still very confident and felt that he could take Ye

The wind was suppressed.

"Spirit of Poseidon!"

But at this time, Ye Feng didn't bother to talk nonsense with Jin Lieri. He directly inspired his Poseidon Spirit and rushed forward in an instant.

boom!

All of a sudden, a huge blue giant appeared in the whole world. In an instant, it trampled towards the golden sun, as if it could crush everything.

Ye Feng's Holy Spirit is extremely terrifying and contains the majestic power of the ancient sea god.

At this time, Jin Lieri was accidentally trampled by Ye Feng's Poseidon Spirit. His armor was about to be broken. He flew backwards more than ten meters away and smashed a large area of land, looking a little embarrassed.

"What?"

"How could your Holy Spirit have such powerful power?"

Jin Lieri got up from the ground in a very embarrassed manner, staring in the direction of Ye Feng with deep horror in his eyes.

He didn't expect that he couldn't even resist Ye Feng's Holy Spirit's kick and was directly blown away.

"Golden God!"

boom! !

At this moment, Jin Lieri also burst out his powerful Holy Spirit.

Behind him, a golden giant appeared, filled with the power of the sun, and immediately attacked Ye Feng's Holy Spirit.

Boom!

The moment the two attacked, a terrifying roar erupted.

But what horrified Jin Lieri to the extreme was that even if he released his holy spirit,

, and of no use.

Ye Feng's Holy Spirit and Poseidon Spirit were like crushing, smashing Jin Lieri's golden Holy Spirit into pieces.

It has to be said that Ye Feng's Poseidon Spirit is still very terrifying. It is indeed the Holy Spirit that was fused with the ancient Poseidon's will and is full of the power of the ancient gods.

As for Jin Lieri's golden god, that's what he boasted about. In fact, his holy spirit is just a very ordinary solar-attribute holy spirit. It is simply not as good as Ye Feng, the incarnation of the power of the real ancient sea god. .

So at this time, even though Jin Lieri's cultivation level was much higher than that of Ye Feng, he was unilaterally crushed by Ye Feng!

"boom!!!"

The next moment, under Jin Lieri's fearful gaze, Ye Feng's Poseidon Spirit, a huge blue giant's foot, trampled down from high in the sky, crushing Jin Lieri in an instant.

"Swallow!"

At this moment, the Devouring Domain released by Ye Feng swallowed up all of Jin Lieri's energy.

boom!

Ye Feng's body suddenly burst out with a breakthrough momentum.

At this moment, Ye Feng directly broke through the first heaven and entered the second heaven of the Holy Realm!

At this time, Ye Feng took Jin Lieri's storage ring into his hand and walked away.

This battle did not attract anyone.

Because Jin Lieri specially chose a very remote place to ambush Ye Feng this time.

However, his cleverness was mistaken for his cleverness. Jin Lieri probably never thought that Ye Feng, a new disciple, could kill him.

Next, Ye Feng returned to the royal garden.

He found that the eldest lady Murong Mingyue still hadn't come back.

Thinking of this, Ye Feng somewhat understood the pressure of Murong Mingyue, the eldest lady.

Murong Mingyue spent most of her time representing the Yiyuan Dao Sect and making friendly visits to other major forces in the Eastern Territory.

Ye Feng walked directly into the central hall and came to the corner. His jade bed for cultivation was still here.

Ye Feng felt that he was really lucky to live in the eldest lady's royal garden.

Because the vitality of heaven and earth is very strong here, and no one dares to break in here.

At this moment, Ye Feng was sitting on his jade bed, activating various formations on the jade bed, and began to nourish and strengthen his power and body.

At this time, Ye Feng finally had time to sort out the various things he got from this trip to the ancient marine civilization ruins.

First, Ye Feng took out the golden trident and began to input his own skills to refine this ancient sea king's natal weapon.

It took Ye Feng seven full days to finally completely control and refine the golden trident. Ye Feng could feel the huge energy in it, which was like a vast ocean.

After refining the golden trident, Ye Feng took out the demigod body and asked aloud in his mind: "Emperor Chu, have you figured out how to control this demigod body?"

Emperor Chu's voice rang in his mind: "There is only one way for the time being. Use your soul mark to live in this demigod body. But your cultivation level is not enough for the time being. Please wait. I have been developing soul gems recently. Energy, perhaps, when I unlock part of the seal of the soul gem again and release the more powerful power of the soul gem, I can break the self-seal of this demigod body and let Ye Feng's soul mark live in this demigod body. body."

Chapter 3044 Spending generously

Hearing what Emperor Chu said, Ye Feng nodded slightly, and then put the demigod body back into his storage ring again.

Next, Ye Feng took out a crystal book.

It is the peerless inheritance of ancient marine civilization: the Secret of Ten Thousand Waves!

Even Yun Lan, the powerful female sect leader of Tianlei Sect, covets this inheritance.

Therefore, this shows how powerful this inheritance is.

At this time, Ye Feng directly began to comprehend this set of Ten Thousand Levels of Wild Waves Technique.

According to the records in this crystal book, as the cultivators continue to understand, every time the Ten Thousand Heavy Waves Technique is used, the power of the endless ocean in the nine heavens can be triggered, and a terrifying giant wave attack can be released. Full of terrifying destructive power.

For the next period of time, Ye Feng stayed silently in the royal garden, constantly comprehending and practicing the Ten Thousand Levels of Wild Waves Art.

Half a month later, Ye Feng had practiced the Ten Thousand Levels of Wild Waves Technique to a small degree. .??.

Uh-huh!

The next moment, Ye Feng had already rushed out of the central hall and came to the open space outside.

There are many trees planted around the open space, as well as various rockeries and flowing water, which is very pleasant.

It has to be said that the ability to build such a huge and vast royal garden in the core area of Yiyuan Dao Sect, where every inch of land is precious, shows that the leader of Yi Yuan Dao Sect dotes on his daughter.

At this time, Ye Feng came to the open space outside the central hall, took a deep breath, and then directly activated the Ten Thousand Heavy Waves Technique!

What Ye Feng wants to do at this moment is naturally to test how powerful this ancient Neptune inheritance is.

At this time, the moment Ye Feng activated the Thousand Layers of Wild Waves Technique, a terrifying water attribute power suddenly burst out from his body.

I saw that behind Ye Feng and in the surrounding void, space channels appeared in an instant.

.

These space passages are connected to a very mysterious interface, and then endless wild waves and sea water quickly impact out of these passages, creating a terrifying scene of wild waves erupting, full of extremely ferocious destructive power. .

"Boom!"

At this moment, the entire void was filled with endless waves and sea water.

Ye Feng stood in the void, just like an ocean overlord, full of unparalleled power and destructive power.

He waved his hand, and an infinite ocean and wild waves burst out from the void passage, capable of drowning everything in an instant. The scene was very terrifying.

Buzz!

At this time, Ye Feng instantly took back his power, and the surrounding ocean and wild waves suddenly disappeared.

Ye Feng was very satisfied at this moment. This Ten Thousand Waves Technique was indeed the inheritance of the Sea King of the ancient marine civilization. It was indeed very powerful.

Whether it is against a single enemy or a group of enemies, it has huge oppressive power.

At this time, Ye Feng walked towards the outside of the Royal Garden. He was going to leave the Yiyuan Dao Sect and go to the black market in the underground city where he and the eldest lady had been before to sell the ocean pearls he had obtained.

Ye Feng still has thousands of these very rare ocean pearls on his body.

This kind of thing is almost extinct in the outside world of cultivation. If you find a buyer who wants ocean pearls, you can definitely sell them for sky-high prices.

Moreover, Ye Feng also needs to go to the black market in the dungeon to see if he can encounter some natural materials and treasures that can improve his skills and cultivation.

In addition, Ye Feng still lacks some powerful weapons.

Learn inheritance.

He doesn't need weapons for the time being, because he just got the golden trident, which is still very powerful.

But just when Ye Feng walked out of the royal garden, he saw a familiar figure walking from a not far away direction.

It is the eldest lady, Murong Mingyue!

When Murong Mingyue saw Ye Feng walking out of the royal garden, her beautiful eyes suddenly moved, and she couldn't help but said from a distance: "Ye Feng, where did you go some time ago and you never came back?"

Ye Feng stepped forward and said quickly: "Master Yi invited me to an ancient ocean ruins and said he would take me to see the world, so he only came back in the past half month."

"What ancient ruins did Master Yi invite you to?"

When Murong Mingyue heard what Ye Feng said, there was a suspicious look in her eyes.

Because she felt that Ye Feng was lying. After all, Master Yi rarely took the initiative to invite others to join him, and he was still a young junior like Ye Feng. ??

This is unlikely.

However, Murong Mingyue didn't pursue anything further and just said: "Where are you going now?"

Ye Feng said aloud: "I want to go to the underground city and black market."

"oh."

Murong Mingyue nodded, and then said aloud: "I will set off in the afternoon to Wanjian City, a large city hundreds of thousands of miles away, to meet the young city lord of Wanjian City and talk about our Yiyuan Dao Sect and Wanjian City. For some cooperation matters, Ye Feng, please accompany me when the time comes. It's boring for me to go alone."

Ye Feng nodded and said: "Okay, I will be back on time in the afternoon and set off with you, Miss."

"Well, then you should go and come back quickly, don't waste time."

Murong Mingyue has been outside various places during this time.

He is obviously very tired of visiting and talking about cooperation.

After saying something at this moment, she dragged her somewhat tired body towards the royal garden.

But at this moment, Murong Mingyue suddenly seemed to think of something, turned around, threw a bag to Ye Feng, and said loudly: "There are 100,000 raw stone spirit tickets in it. Take the reward for following me and go to the black market in the underground city to buy a better set of armor or robes. When the time comes, you can go to Wanjian City with me. You can't lose the face of our Yiyuan Dao Sect."

After finishing speaking, Murong Mingyue jumped directly and disappeared on the spot. The last voice came: "Remember to come back on time in the afternoon. I am going to have a good sleep now."

At this time, Ye Feng looked at the heavy bag in front of him with a look of surprise in his eyes. He didn't expect the eldest lady to be so generous and directly gave him 100,000 raw stone spirit tickets.

This kind of spiritual ticket is the currency issued by the Eastern Territory Alliance, which is formed by the major forces in the Eastern Territory. It can be exchanged for physical rough stones at any time throughout the Eastern Territory.

One hundred thousand rough stone tickets represent one hundred thousand standard-sized rough stones, which is a huge amount of wealth.

However, Ye Feng also knew that for Murong Mingyue, the eldest lady of the Yiyuan Dao Sect, one hundred thousand rough stones might be just a drop in the bucket, but this also shows that the eldest lady still attaches great importance to Ye Feng.

At this time, Ye Feng accepted the 100,000 spirit tickets and flew directly towards the outside of Yiyuan Dao Sect.

This time when he went to the black market in the underground city, Ye Feng really wanted to do some shopping.

After all, I will immediately follow the eldest lady to the very distant Wanjian City. There must be enough resources to practice on the way in order to maintain a relatively fast growth rate.

After all, practicing is like sailing against the current. If you don't advance, you will retreat.

Chapter 3045 Water Holy Land

After Ye Feng left the Yiyuan Dao Sect, he moved very quickly, not daring to waste any time, and headed directly towards the black market in the underground city.

The eldest lady and I had already been to the underground city black market once before, so Ye Feng didn't waste any time this time and arrived in an hour.

When Ye Feng came to the underground city black market again, just like last time, Ye Feng put on a silver metal mask to hide his true face.

In fact, Ye Feng is only an unknown figure in Yiyuan Daozong now. It doesn't matter whether he wears a metal mask or not, but Ye Feng is used to it, so he puts on the mask.

Ye Feng walked into the underground city's black market, and without wasting time, he went directly to a larger trading market.

He took out all the ocean pearls he obtained from the ancient ocean ruins and placed them in front of him.

In addition, Ye Feng took out some things that he could not use, such as some resources in the storage ring obtained from the enemy, weapons, etc., and prepared all the unnecessary things for sale. go out. ??

It has to be said that there are mysterious figures from various major forces in the trading market, as well as many wandering warriors, and some of them are still very interested in what Ye Feng has to offer.

In less than half an hour, Ye Feng had sold more than half of all the items on his stall, and had collected nearly 30,000 raw stone spirit tickets.

Ye Feng was quite happy about this.

After all, being able to exchange things that you don't need into hard currency like raw stone spirit tickets is equivalent to using waste.

It has to be said that this black market in the underground city still plays a good role for Ye Feng.

However, what surprised Ye Feng was that not many of the thousands of ocean pearls he obtained from ancient ocean ruins were sold.

Originally, Ye Feng thought that this very rare ocean pearl would definitely sell the best.

But it turns out that no one wants this kind of ocean pearl.

The only people who bought ocean pearls were some female practitioners.

They buy ocean pearls for their beauty, not for their practicality.

This made Ye Feng quite depressed.

It seems that in this underground city's black market, many alchemists don't know their stuff.

You can't even see such a rare and precious ocean pearl.

Just when Ye Feng was thinking about whether he should do some publicity for his ocean pearls.

Swish, swish, swish!

Suddenly, a large group of strong men wearing blue armor came to Ye Feng's stall. They stared at the ocean pearls sold in Ye Feng's stall and couldn't help but said in surprise: "This little brother, Where do these ocean pearls you sell come from?"

This group of strong men wearing blue armor, with extremely powerful cultivation aura, are obviously masters of some big force.

Ye Feng's eyes were calm at this moment, and he just said aloud: "There is no need to tell you where I got these ocean pearls. If you want to buy them, you can buy them directly. I only have so many ocean pearls on me anyway. While stocks last."

"Boy, you have a bad attitude!"

A master in blue armor from behind stared at Ye Feng and said with some ferocity: "Our captain asked you something and you didn't answer. Aren't you afraid of death?"

The aura exuded by this blue armored master is the aura of perfect cultivation in the tenth level of the Holy Realm!

And the blue armored man at the head is a strong man in the Aspiration Realm above the Holy Realm.

Ye Feng knew that these people must have extraordinary origins.

But at this time, Ye Feng was not afraid, he just looked at the blue

The armor master glanced at it and said indifferently: "If you don't want to buy it, just leave. Threats are of no use to me."

"you.....!"

The blue armor master suddenly showed anger in his eyes, as if he was used to being arrogant.

"Shut up!"

But at this moment, the captain in blue armor, who was leading this group of people, scolded Ye Feng, then looked at Ye Feng, showed an apologetic smile, and said loudly: "I'm not strict in discipline, please don't take offense, little brother." , they all have hot tempers, and they don't really want to harm our little brothers, but we are very anxious because we really need this rare ocean pearl."

When Ye Feng saw the blue-armored captain's attitude, his eyes revealed a hint of surprise.

After all, the other party is a strong man in the Aspiration Realm above the Holy Realm, and he is considered a master in any force. However, he did not expect to be so polite to me. It seems that he really needs the ocean pearls he sells. He doesn't want to Offend yourself.

At this moment, Ye Feng asked aloud: "Although the technique you practice is water-based, you are not so eager for this kind of ocean pearl, right?"

Hearing Ye Feng's question, the captain in blue armor in front of him couldn't help but smile bitterly and said: "Actually, this is a secret, but I can tell my little brother now, because I really can't wait any longer, little brother These rare ocean pearls you sell are life-saving for our little princess in the sacred water land, so I am eager to ask my little brother where can I find such rare ocean pearls? "

Water sacred place?

When Ye Feng heard what the captain in blue armor said, a hint of surprise suddenly appeared in his eyes.

It turns out that these people are all masters of the Holy Water Land. They want their own ocean pearls to save the life of their little princess of the Water Holy Land.

Ye Feng still has some knowledge about this sacred water place.

After all, Ye Feng has been in Yiyuan Daozong for such a long time, and he is quite clear about the distribution of some forces around him.

There are many powerful forces around the Yiyuan Dao Sect, and the Water Holy Land is one of them. They are all members of the Eastern Territory Alliance. Although their power background is not as good as that of the top power in the Eastern Territory, such as the Yi Yuan Dao Sect. But it's not bad.

If the Yiyuan Dao Sect is a proper first-tier force in the Eastern Territory, then this Water Sacred Land can definitely be regarded as a second-tier force in the Eastern Territory.

At this time, after Ye Feng knew the truth, he nodded slightly and said loudly: "Then you can buy all the remaining more than a thousand ocean pearls in front of me. As for the place where these ocean pearls are obtained, It is a very ancient ocean ruins place. I have already explored all the ocean ruins. There are only so many ocean pearls and there are no more. I hope these more than a thousand ocean pearls can save your little princess in the sacred water place. "

Hearing what Ye Feng said, the dozens of blue armor masters present couldn't help but look a little ugly.

After all, more than a thousand ocean pearls can only prolong the life of their little princess for a while, but cannot cure the disease on the little princess.

But it's pretty good if it lasts for a while.

At this time, the captain in blue armor directly bought all of Ye Feng's ocean pearls.

Ye Feng closed the stall and prepared to leave.

But at this time, the captain in blue armor had not left yet. Instead, he immediately looked at Ye Feng and couldn't help but said: "Little brother, you are selling such precious ocean pearls here. It seems that you must be very in need." Money, why don't you return to the Holy Land of Water with us? Even if you only sell us more than a thousand ocean pearls, the Holy Lord of our Holy Land of Water will definitely thank you well. Little brother, do you have time to come to us? Water is a sacred guest?"

Chapter 3046 Shui Lingxi

Hearing what the captain in blue armor said, Ye Feng's eyes moved slightly.

Since the little princess of this water holy land really needs ocean pearls to cure her illness, it means that it is related to the ancient ocean properties.

And Ye Feng has now practiced the inheritance of ancient marine civilization, and may have a cure for the illness of the little princess of this water holy land.

Thinking of this, Ye Feng thought it would be good to go and take a look.

If I can really cure the little princess of this Water Holy Land, then the Water Holy Land will owe me a huge favor.

For Ye Feng, it is equivalent to having another backer, which is also a good gain.

So at this time, after Ye Feng thought for a while, he nodded and said: "If you sincerely invite me to come over, then I can go over and take a look. Maybe I can help you take a look at your water holy land." What kind of disease did the little princess get that she needed to rely on something as rare as ocean pearls to survive?"

Hearing what Ye Feng said, the blue-armored captain's eyes suddenly lit up and he couldn't help but say: "Is this little brother still an alchemist? Can he also cure diseases?"

Ye Feng nodded slightly and said aloud: "I am indeed an alchemist, but the level is not high. I am just a five-cauldron alchemist. However, the technique I practice is water-based, so it may be useful to you, the little princess of the Water Holy Land. Very helpful."

The captain in blue armor nodded immediately and said loudly: "No matter what, little brother, please go back with us."

After saying that, Ye Feng followed the group of blue armor masters and left the underground city black market, flying quickly in a certain direction.

The Water Holy Land is a big force nearby, not far from the underground city and black market.

So in less than half an hour, they had arrived at the gate of the Water Sacred Land.

Ye Feng immediately saw the gate of the Water Sacred Land. It was all made of crystal, a material with water properties. It looked beautiful and had a special sense of beauty.

But at this time, the blue armor master was not in the mood to take Ye Feng to visit the entire Water Sacred Land, because he

Our little princess is dying.

So these blue armor masters took Ye Feng and quickly entered the core area of the Water Sacred Land and arrived at a glorious hall.

Inside this glorious hall, a middle-aged man wearing a blue robe was standing there, seemingly waiting for something anxiously.

"Holy Lord!"

The captain of the blue armor entered the hall, and immediately clasped his fists at the middle-aged man and said: "We have found thousands of ocean pearls, all of which are of the highest quality. They are extinct in the world. They can be used for little ones." The princess has been alive for a long time."

"What? Great!"

When the middle-aged man heard what the captain of the blue armor said, he immediately showed a deep look of joy on his face, and couldn't help but said: "Then hurry up and send those thousands of ocean pearls to the little princess. "

Obviously, this middle-aged man is the Holy Lord of the Water Holy Land.

Ye Feng could observe that although the Holy Lord of this Water Holy Land looked very majestic, his aura cultivation was extremely unfathomable and powerful.

But when he talked about his biological daughter, his tone was trembling, and he was actually very painful and uncomfortable that his daughter was about to die.

At this time, the captain of the blue armor did not leave directly, but suddenly said: "Reporting to the Holy Lord, there is one more thing, that is, we brought back a little brother, this little brother is the one who has thousands of The seller of ocean pearls, and this little brother is a rare water-based alchemist, and may be able to help the little princess cure her illness."

When the Holy Lord of the Water Holy Land heard what the captain of the blue armor said, he did not show any excitement or joy. He just sighed and said, "Yongen, please bother me, we will also sell ocean pearls." They were brought back, but the little princess's illness couldn't be cured even by the most powerful alchemist nearby, let alone a little boy.

Yes, but you are also kind-hearted. This young man can come here to give us water sacred ground. Just give this young man 10,000 soul tickets and let him go. In the last days of the little princess, I hope she will be quiet. Don't No more interruptions from the outside world. "

Apparently the Holy Lord of the Water Holy Land felt that Ye Feng could not possibly heal his daughter.

After all, the strange disease his daughter suffered from was so weird that even the Badin-level alchemists he invited were unable to do anything about it, let alone a seemingly small boy.

The Holy Lord of the Water Holy Land felt that Ye Feng might just come to ask for some rewards, so he was ready to just send it away.

But at this time, Ye Feng became more energetic. He walked forward and said loudly: "Master Water God, if you don't let me give it a try, how do you know that I can't cure the little princess's disease?"

Seeing Ye Feng standing behind him, he stepped forward to speak actively. The Holy Lord of the Water Holy Land showed a hint of surprise in his eyes, then nodded slightly and said, "Okay, then I'll let you see Let's see if you can cure the little princess's illness."

Obviously at this time, the Holy Lord of the Water Holy Land would not be able to directly reject the young and energetic Ye Feng.

After all, Ye Feng brought ocean pearls that could extend the life of the little princess. Although the Holy Lord of the Water Holy Land did not believe that Ye Feng had the ability to cure the little princess, it was not easy to expel Ye Feng directly.

Soon, Ye Feng came to the door of an antique house under the personal leadership of the Holy Lord of the Water Holy Land and the captain of the blue armor.

There are many elixirs and herbs planted around the house, including inside, exuding a faint medicinal fragrance.

If a sick person lives in it, it can provide good invisible curative effect to the patient.

The captain in blue armor came here at this moment, stopped directly at the door of the house, and said loudly: "Holy Lord, I'm waiting outside."

Obviously, not everyone can enter the residence of the little princess in the Water Sacred Land.

This time, if it weren't for Ye Feng bringing thousands of life-extending sea stars,

Yangzhu, the Holy Lord of the Water Holy Land, it is definitely impossible for Ye Feng to directly enter the place where his daughter lives.

The Holy Lord of the Water Holy Land nodded to the blue armor captain, then looked at Ye Feng and said, "Come in with me."

Ye Feng nodded slightly and followed the Holy Lord of the Water Holy Land into the house and entered the middle room of the house.

At this moment, there were several maids in this antique room, waiting for a young woman lying on the hospital bed.

This young woman has a beautiful face that is astonishing to anyone, but at this moment, her beautiful face is completely pale, and her lips have turned into a dark green color. It is obvious that she is dying soon.

When the Holy Lord of the Water Holy Land saw this young woman looking like this, his eyes suddenly showed deep pain.

But although he was in pain in his heart, he did not show it on the surface. Instead, he forced a warm smile, walked to the bed, and said softly: "Daughter, don't be afraid, my father has finally found a lot of things." After you take some of the ocean pearls, they can help absorb the extremely cold air in your body. You can live for a long time. During this period of time, even if the world is turned upside down, I will definitely find a way to save your life. "

The beautiful woman lying on the hospital bed is the little princess of the Water Holy Land, named Shui Lingxi.

Shui Lingxi opened her eyes feebly at this time, looked at her father in front of her, couldn't help but shed tears, and said aloud: "Father has spent too much energy on the entire Water Holy Land, and he shouldn't do this on me anymore. I am tired, I know, I am not going to die soon, father, don't be sad, my daughter is not sad or in pain, because she is content with a good father like you."

"Extreme cold air? Is it because of the extreme cold air that you are in such pain?"

Suddenly at this time, Ye Feng walked directly to the side of the hospital bed, and then said aloud: "If Miss Shui Lingxi doesn't mind, you can let me explore the extreme cold energy contained in your body at close range, maybe I can come up with a way to solve this extreme cold air."

Chapter 3047 Innately Extremely Cold Body

The air of extreme cold is a very special energy breath.

Ye Feng had encountered it before and successfully eliminated it.

That is to use one's own natal flame to erase the source of the extremely cold air.

But this was the first time Ye Feng saw a steady stream of extremely cold energy appearing in a person's body.

So Ye Feng felt that it was definitely not that simple.

Sure enough, after Ye Feng finished speaking, the Holy Lord of the Water Holy Land immediately sighed and said: "If it was just the extreme cold air, my daughter's disease would have been cured long ago, but this is not the case. "

Ye Feng nodded slightly and said aloud: "How do you say it?"

The Holy Lord of the Water Sacred Land spoke out: "The Badad alchemy master who helped my daughter to treat before said that the extremely cold air contained in my daughter's body is a very secret innate cold air, not an extreme cold air generated by the outside world. "Cold air."

Ye Feng heard this, his eyes suddenly moved, and he said: "The Holy Lord means that the extremely cold air is bred from your daughter's flesh and blood and the origin of life, so if you want to give the source of the extremely cold air to To erase it, your daughter's body must be destroyed, which is definitely not possible. "

"Yes."

When the Holy Lord of the Water Holy Land heard that Ye Feng's guess was so accurate, he couldn't help but glance at Ye Feng, and then sighed and said: "So, even the alchemy master has no way, he can only pass Some external means are constantly absorbing the extremely cold air that is continuously generated in my daughter's body to continue to extend my daughter's life, but this is not a solution, because my daughter's body continues to be tortured like this, and one day It will completely collapse, and my daughter is not willing to take another person's body, because she feels that it does not belong to her, and she would rather die. Therefore, as a father, I have no choice but to temporarily Look for all kinds of treasures in the world that can absorb the extreme cold air, and continue to renew her life."

When Ye Feng heard what the Holy Lord of the Water Holy Land said, he immediately nodded and said: "Okay, I understand the situation, let me carefully

Please give Miss Shui Lingxi a good check-up. "

Through conversation, the Holy Lord of Water Holy Land finally felt that Ye Feng should be somewhat reliable.

He immediately nodded and said aloud: "I hope little brother you really have a way."

At this moment, Shui Lingxi, the little princess of the Water Holy Land who was lying on the hospital bed, showed a pair of curious eyes and stared at Ye Feng who was walking over.

Because Ye Feng's age is really too young, almost like a teenager.

Is there really any way for such a young man to cure his congenital extreme cold disease?

Shui Lingxi was very skeptical, but also looking forward to it.

Because for some reason, she saw a deep confidence in the eyes of the strange young man in front of her.

It was as if everything in the world was under the control of this young man.

Uh-huh!

At this time, Ye Feng sat next to him, then stretched out a finger and put it on Shui Lingxi's white arm. "

Buzz!

At this moment, Ye Feng directly released his magic power, wanting to explore the level and extent of that extremely cold air.

Buzz!

Almost at the moment when Ye Feng was exploring, a very terrifying and extremely cold air suddenly surged out from Shui Lingxi's body and rushed towards Ye Feng, like a savage beast.

Shui Lingxi, the little princess of the Water Holy Land, felt this change, and immediately couldn't help but remind Ye Feng: "Be careful, my extremely cold aura almost killed the Eight Cauldron level by accident. The alchemy master almost got frostbite."

At this moment, Shui Lingxi said, her eyes

There is a deep sense of inferiority in God.

Because no one has dared to approach her since she was a child.

It's not because of Shui Lingxi's high status, but because of the innate extremely cold air in her body. If she's not careful, those close to her may freeze to death in an instant.

This kind of thing happened several times when Shui Lingxi was young. Her best friends froze to death, leaving a deep shadow in Shui Lingxi's heart.

As Shui Lingxi grew up, the damage caused by the innate extreme cold energy in her body became more and more serious.

Nowadays, only some masters with very high cultivation realms, such as the Holy Lord of the Water Holy Land, and those carefully selected maids with superb cultivation realms, can approach Shui Lingxi.

Therefore, Shui Lingxi has a deep inferiority complex in her heart. Even though she has a high status, she always feels that she is like a time bomb that may kill people around her at any time.

The alchemy master before had also secretly told Shui Lingxi that if it came to a last resort, Shui Lingxi would die alone.

Because a body born with extreme cold will eventually die when the extreme cold energy explodes.

By that time, the resulting freezing power can even freeze the entire land tens of thousands of meters in radius, and may even harm the entire Water Sacred Land.

Therefore, Shui Lingxi felt deep inferiority and self-blame in her heart. She even thought about giving up treatment, walking away, finding a remote place, and dying alone.

"It's okay, don't worry about me."

But at this time, Ye Feng said something like this.

The firm and confident words made Shui Lingxi involuntarily feel a deep sense of reliability and warmth in her heart.

This feeling is very magical. Shui Lingxi has never experienced it before, but today it is

I felt an inexplicable sense of security from this strange boy.

In fact, Ye Feng's words at this moment vaguely used his own soul power to soothe the patient's low mood.

This is an invisible spiritual influence.

At this time, Shui Lingxi's mood finally stabilized.

But the terrifying extremely cold air generated in her body was still like a scourge, constantly attacking Ye Feng, the explorer.

"The fire of life!"

At this moment, Ye Feng directly activated his natal fire, and his body immediately began to burn with a golden flame. The extremely cold air could not invade Ye Feng at all.

Because Ye Feng's natal flame is a fusion of various heaven and earth fires, it is of very high quality and extremely powerful.

At this time, after Ye Feng explored it, he immediately loosened his fingers and fell into thinking.

In fact, Ye Feng was not thinking, but asked in his mind: "Emperor Chu, what can you do?"

Emperor Chu immediately spoke out: "Misfortune comes from blessings. The innate extremely cold air in this girl may kill her, but at the same time, it is also a great blessing of this girl's innate coldness. Her body is a very special one. If she can open up the two meridians of Ren and Du and allow her to completely control her innate extreme cold energy, then she will have unlimited achievements. According to the fragments of memories that wake up from time to time in my mind,

We all know that there was an unparalleled empress in the origin world back then, who had an innate extremely cold body. That empress found a way when she was young, opened up the Ren and Du veins, and completely broke out with the innate extreme cold body. The infinite potential of the body, so that on the road of spiritual practice, he can rise up against the sky and become a great man. "

When Ye Feng heard what Emperor Chu said, his eyes immediately lit up with joy, and he couldn't help but ask: "Then how to open up the Ren and Du's two meridians of Shui Lingxi's innately cold body?"

Chapter 3048 Absorbing the cold air

"How to open up the Ren and Du's two meridians? I don't know this either. I just learned from my memory fragments that there is such a way."

Emperor Chu shook his head in his mind at this moment and said: "Ye Feng, you boy, need to study this by yourself. By the way, you are actually a good medicine, because your chaotic body can accommodate thousands of attributes in the world. With power, you can absorb all the extremely cold energy generated by this girl. On the one hand, it can increase your cultivation, and on the other hand, it can maintain the life of this girl, but this is only a temporary solution, not the root cause. "

When Ye Feng heard what Emperor Chu said, he immediately nodded and said, "I understand."

After communicating with Emperor Chu in his mind, Ye Feng looked at the Holy Lord of the Water Sacred Land next to him and said, "I have investigated the basic situation clearly."

When the Holy Lord of the Water Holy Land heard what Ye Feng said, his eyes suddenly showed a look of surprise, and he couldn't help but ask: "Looking at the face of the little brother, can this condition be cured?"

Ye Feng shook his head and said, "Holy Lord, your daughter's condition is not a disease."

"Not a disease?"

When the Holy Lord of the Water Holy Land heard what Ye Feng said, he immediately felt that Ye Feng was talking nonsense. There was a trace of anger on his face, but he did not have an attack. He just said in a low voice: "Little brother, you can mess with the food." Eat, but don't talk nonsense. I am such a precious daughter. It is really rude for you to say such joking words. My daughter's

condition was diagnosed by Master Bading Alchemy, but now you say it is not a disease. ? Could it be that the great master of Bading Alchemy is a mediocre person?"

If Ye Feng hadn't brought thousands of life-extending ocean pearls, the Holy Lord of the Water Holy Land would have kicked out this nonsense young man.

Facing the disbelieving expression of the Holy Lord of the Water Holy Land, Ye Feng remained extremely calm and said: "Miss Shui Lingxi's innate extremely cold air is not a disease, but a special ancient disease. Physique, this special and ancient physique is called the innate extreme cold body. It is normal that the alchemy master you invited does not know about it, because this is something that belongs to the world of martial arts cultivation, and it is a very ancient secret. It is estimated in history books None have been recorded."

"It's extremely cold

body? "

When the Holy Lord of the Water Holy Land heard what Ye Feng said, a look of surprise appeared on his face.

Because what Ye Feng said was really serious and confident.

However, the Holy Lord of the Water Holy Land had never heard of this innately cold body, which made the Holy Lord a little suspicious.

After all, the Holy Lord of the Water Holy Land is a powerful figure at the level of a Holy Lord. Young man Ye Feng actually knows things that he does not know, which makes the Holy Lord very doubtful about the authenticity of Ye Feng's words.

At this time, the Holy Lord of the Water Holy Land asked: "How do you know?"

Ye Feng shrugged and said aloud: "I am a knowledgeable person."

When the Holy Lord of the Water Holy Land heard what Ye Feng said, he seemed to have made up his mind. He immediately said solemnly and solemnly: "If what you said is true and you can save

my daughter, I will become the Deputy Saint of the Water Holy Land." As long as you can save my poor daughter!"

"Father."

At this time, Shui Lingxi, who was lying on the hospital bed, looked at his father with his beautiful but tired eyes, and said loudly: "I believe this young master. Just now, my extremely cold energy broke out, and even the eight cauldrons were refining alchemy." The master was a little unable to resist, but this young master easily resolved the extremely cold air."

"What? Is there such a thing?"

At this time, when the Holy Master of the Water Holy Land heard his daughter say this, his eyes were suddenly startled. He did not expect Ye Feng to have such a record just now.

At this moment, the Holy Master of the Water Holy Land felt more and more that Ye Feng, an ordinary-looking young man, had some powerful tricks and trump cards.

Ye Feng looked at the Holy Lord of the Water Holy Land in front of him and said: "I haven't found a way to completely solve the innate extreme cold body yet, but I can first absorb all the extreme cold energy from Miss Shui Lingxi's body. come out

, so that she can live like a normal person. When enough extreme cold energy is accumulated, I will come and absorb it to maintain Miss Shui Lingxi's normal life. "

When the Holy Lord of the Water Holy Land heard what Ye Feng said, his eyes suddenly showed surprise, and he couldn't help but said: "Absorb all the extremely cold air generated from my daughter's body? This is even possible for the Eight Cauldron Alchemist. Something that can't be done."

Ye Feng smiled slightly and said aloud: "This has nothing to do with the level of alchemy skills. It is my own innate ability."

After saying that, Ye Feng walked to the bedside, directly grabbed the white hand of Shui Lingxi, the little princess of the Water Holy Land, and then instantly released the Devouring Domain. .??.

"boom!"

Suddenly, a huge amount of extremely cold air was forcibly absorbed by Ye Feng, turned into energy, and integrated into Ye Feng's own skill.

Ye Feng's body was like a big melting pot, accepting everyone who came, and everything was directly integrated.

At this moment, Ye Feng could immediately feel that his skill was rapidly improving.

boom!

Ye Feng's cultivation level directly broke through the first heaven and entered the third heaven of the Holy Realm!

At this moment, with the absorption of Ye Feng, Shui Lingxi's pale face suddenly returned to its former rosy color.

Moreover, the color of the frozen black and green mouth has also returned to its original color.

Shui Lingxi felt a long-lost relaxation and warmth, as if she had been rescued from an ice cellar and no longer felt cold at all.

This shows that all the extremely cold air generated by Shui Lingxi during this period has been absorbed by Ye Feng.

At this time, the Holy Lord of the Water Holy Land who was standing aside also saw the change in his daughter's face, and his eyes suddenly became happy. He couldn't help but said: "Little brother, you are really capable. , I will never dare to look down on you again!"

"Father, I feel like I'm completely alive, and I don't feel the biting cold anymore!

"

At this time, Shui Lingxi stood up from the bed all of a sudden. She looked very good, as if she had recovered from a serious illness.

Ye Feng spoke out at this time: "For the time being, this is only a temporary solution, not the root cause. Although it can relieve your pain and allow you to live like a normal person, you must still find a way to deal with the innately cold body. If you can open up your two meridians of Ren and Du, not only will you not be troubled by the extreme cold energy, but you will also be able to use your innate extreme cold energy to burst out with extremely terrifying power and become a martial arts that is unique among all people. Wizard."

When the Holy Lord of the Water Holy Land heard what Ye Feng said, he immediately nodded heavily and said happily: "I am the Holy Lord of the Water Holy Land, and I can be considered a prominent figure in the Eastern Territory. I will Use all my contacts and resources to find a way to open up the Rendu and Dumai vessels of my daughter's congenital extremely cold body. No matter what, Mr. Ye Feng, you are my daughter's savior. When will you come to our sacred water place in the future? , they are all welcome guests!"

At this time, Shui Lingxi's beautiful eyes suddenly stared at Ye Feng, then looked at his father, and said loudly: "Father, is Master Ye Feng a member of any force? If not, can father let Ye Feng Young Master Feng has become a core member of our Water Holy Land. In this case, Young Master Ye Feng can always live in our Water Holy Land and be with me every day!"

When talking about this, Shui Lingxi seemed to feel that what she said had some inexplicable ambiguity.

She couldn't help but blush, and quickly added: "If we are together every day, Mr. Ye Feng can absorb the extremely cold air for me at any time and help me cure my illness."

"Hahaha!"

How could the Holy Lord of the Water Holy Land not understand his daughter's thoughts, and he also admired the mysterious and handsome young man Ye Feng very much.

The Lord of the Water Holy Land immediately looked at Ye Feng and asked aloud: "Brother Ye Feng, I wonder if you have joined other forces? If not, you can join our Water Holy Land and I can give you the most noble status. , become the holy son of our water sacred place!"

Chapter 3049 Primitive Ocean Area

"The Holy Son of the Water Holy Land?"

Hearing what the Holy Lord of the Water Holy Land said, Ye Feng just shook his head slightly, smiled, and said, "I have no plans to leave my original power just yet."

Hearing what Ye Feng said, the Lord of Water God nodded slightly and said, "I wonder what force this little brother comes from? With his magical means and strength, I'm afraid he is a peerless genius in your force."

Ye Feng immediately smiled and said, "I'm just an ordinary person in our force."

Hearing what Ye Feng said, the Holy Lord of the Water Holy Land looked at Ye Feng in surprise, obviously not believing what Ye Feng said.

Because the methods and strength shown by Ye Feng are really beyond ordinary people's understanding, they are so powerful.

Such a peerless genius is definitely a first-rate core figure among any major force.

However, the Holy Lord of the Water Holy Land did not say anything more, because he knew that Ye Feng did not seem to want to continue talking or reveal his true identity. ??

Therefore, the Holy Lord of the Water Holy Land stopped asking, because if he kept asking, it would give Ye Feng a bad impression. Now her daughter needed Ye Feng to save her life.

At this moment, Shui Lingxi couldn't help but look at Ye Feng and said aloud: "Then will Mr. Ye Feng leave here next?"

Ye Feng nodded slightly and said aloud: "When your extreme cold energy accumulates to a certain level, I will come again to help you absorb it."

Hearing Ye Feng say that he was ready to leave, Shui Lingxi, the little princess of the Water Holy Land, suddenly showed a trace of disappointment in her beautiful eyes, because Ye Feng had just saved her from the clutches of death and saved her from death. She was suffering from endless illnesses, and she had not yet fully appreciated her savior.

At this time, Shui Lingxi seemed to have thought of something, and immediately said: "Father, Mr. Ye Feng saved my life this time, and he will come to save my life more often in the future. Father should give Mr. Ye Feng a very generous reward." remuneration."

Hearing what Shui Lingxi said, the Holy Lord of the Water Holy Land suddenly laughed loudly.

He laughed and couldn't help but said: "That must be inevitable."

After seeing his daughter transform from a very sick state to a normal and vigorous state now, the Holy Lord of the Water Holy Land was naturally in a good mood.

He immediately looked at Ye Feng and said, "I wonder what this little brother wants?"

If it was power, the Holy Lord of the Water Holy Land could definitely grant Ye Feng the position of Holy Son.

But Ye Feng didn't seem interested.

So at this time, the Holy Master of the Water Holy Land can only take the initiative to ask.

Ye Feng thought for a moment, and then said aloud: "I'm actually not greedy. It's just that every time I come to help the little princess with her treatment, the Holy Lord can give me the corresponding heavenly materials and earthly treasures or top quality materials that can improve and strengthen my skills. Just raw stone will do."

For Ye Feng, he does not lack any powerful inheritance or martial arts. As for power and status, Ye Feng is not very interested.

The only thing Ye Feng is interested in is things that can improve his cultivation skills.

Because, his father and mother went to the Ye family, which was in danger.

Ye Feng knew that the Ye family where his father belonged was a very ancient family.

Now the Ye family has encountered an extremely terrifying enemy and is struggling to resist.

Therefore, what Ye Feng wants to do is to quickly improve his cultivation skills. When he grows to a certain level, he can go to the legendary Sea of Chaos to help his father and mother, and help the entire Ye family resist Strong enemy.

Ye Feng doesn't want to find out where the Sea of Chaos and the Ye family are now.

Because even if you spend a lot of energy to find where the Sea of Chaos is, going there now is equivalent to dying.

After all, this has a big origin

There are countless strong people in the world.

And you must know that the world of origin has existed for endless years, and there is no upper limit for cultivation.

The world power of the Great World of Origin is enough to withstand any powerful existence.

Therefore, theoretically speaking, as long as the creatures in the origin world are talented enough, they can cultivate to a never-ending super powerful state.

Therefore, the superpowers of the Origin World are absolutely terrifying, and are beyond the imagination of the temporary Ye Feng.

The Ye family in the Sea of Chaos where their father and mother went is a legendary family that originated in the Great World. It has existed for endless years and can put the Ye family in a precarious state. It can be known that the Ye family How terrifying is the current enemy?

Therefore, Ye Feng has no choice for the time being. He can only continue to improve his skills and cultivation. After reaching a certain level, he will understand more secrets of the origin of the world and have enough strength to go to Ye Feng. The family has become the backbone of the Ye family and the pillar that protects the father and mother.

So at this time, what Ye Feng wants is naturally resources that can quickly improve his cultivation strength.

Of course, Ye Feng also knows very well that the Holy Lord of the Water Holy Land cannot just give him all the resources of the Water Holy Land. After all, although he saved the life of the little princess of the Water Holy Land, it was only a temporary rescue. , and there are so many elders and disciples in the Holy Water Land that need to be fed, and it is impossible to give all the good resources to themselves.

So at this time, Ye Feng didn't speak as loudly as the lion. He just proposed that every time he rescued the little princess, he would be rewarded accordingly.

Because Ye Feng knows that if he wants to develop sustainably, he can't be too open-minded.

At this moment, seeing what Ye Feng said, the Holy Lord of the Water Holy Land showed a look of surprise. It seemed that he did not expect that Ye Feng was not as open as the lion.

After all, he is dignified

As the Holy Lord of the Water Holy Land, if Ye Feng really opens his mouth, it would be hard for him to refuse.

"Not only does this young man have miraculous means, but he also has such a calm mentality, which is really rare."

The Holy Lord of the Water Holy Land couldn't help but exclaimed. He was able to hold the bottom line in the face of huge temptation. This young man was really extraordinary.

At this moment, the Holy Lord of the Water Holy Land couldn't help but look at Ye Feng. He no longer regarded Ye Feng as a young junior, but as a future big shot.

The Holy Lord of the Water Holy Land said: "If little brother needs heaven and earth resources that can improve his power, then our Water Holy Land really has such a place where many good heaven and earth treasures grow. However, how much can little brother get? It all depends on your own ability, little brother. That place is more dangerous, and it is also the place where our disciples from the Water Holy Land are usually tested."

After the Holy Lord of the Water Holy Land finished speaking, the little princess Shui Lingxi on the side was suddenly startled and couldn't help but said: "Father, do you want Young Master Ye Feng to enter the primitive ocean area of our Water Holy Land? How dangerous it is there. !"

The Holy Lord of the Water Holy Land smiled slightly and said: "Don't worry, little brother Ye Feng is not as weak as you think. If he wants to get a huge improvement, I will open the primitive ocean area to him to enter at will. As for No matter how many treasures of heaven and earth and various opportunities and blessings he can get, I can't help him, he can only rely on himself. "

"But it's too dangerous!" Shui Lingxi continued.

Ye Feng smiled slightly: "Since the senior Lord Water God has opened the treasure land to me, it has given me great convenience. Miss Shui Lingxi, don't worry, my strength is indeed not what you imagined. So weak, I am not only an alchemist who knows how to cure diseases, but also a master of martial arts."

"Master Ye Feng is still a martial arts master?"

When Shui Lingxi heard Ye Feng's confident words, her beautiful eyes stared at Ye Feng, showing an even more curious and admiring look.

Chapter 3050 Treasures of Nature

Next, Ye Feng followed the Holy Lord of the Water Holy Land, left the house where the little princess lived, and walked quickly in the other direction of the Water Holy Land.

On the way, the Holy Lord of the Water Holy Land said to Ye Feng: "The primitive ocean area I am taking you to now is a very ancient place passed down from ancient times by our Water Holy Land. There is a primitive ocean, and ordinary The ocean is different. The primitive ocean is just like a primitive forest. There are many vicious creatures left over from ancient times, including some terrifying plants, so you must be careful when you enter. "

When he said this, the Holy Lord of the Water Holy Land smiled, and then continued: "Of course, if you are lucky, you will definitely be able to find very precious heaven and earth resources, because the heaven and earth resources contained in the primitive ocean area , all of which have survived from ancient times, are very rare resources and materials in the world, and should be of great use to you. "

When Ye Feng heard the Holy Lord of the Water Holy Land say this, his eyes suddenly lit up. ??

Because Ye Feng's body is simply like a bottomless pit, as his cultivation level increases, the energy he needs becomes larger and larger.

Ordinary materials and resources are no longer enough for Ye Feng to improve quickly.

But those heaven and earth resources that have been passed down from ancient times must contain very ancient power, which will greatly improve Ye Feng's skills.

Therefore, Ye Feng is still looking forward to the primitive ocean area mentioned by the Holy Lord of the Water Holy Land.

However, Ye Feng doesn't have much time now, because he has to return to Yiyuan Dao Sect in the afternoon and accompany the eldest lady to Wanjian City to discuss some cooperation matters.

Therefore, Ye Feng was very fast now, without wasting any time. Following the Holy Lord of the Water Holy Land, he arrived at the primitive ocean area in just a few minutes.

The primitive ocean area stands in the direction behind the sacred water place.

Here, it's deserted

At the end of the earth, there is a vast ocean with no visible edge.

This vast ocean is very large, giving people the impression of being very vast and majestic.

What makes Ye Feng feel very magical is that this primitive ocean is like a combination of forest and ocean.

In the primitive ocean area, there are not only trees that reach the sky, but also huge mountains that reach into the sky through the clouds.

Even in the deepest part of this pristine ocean, you can faintly see the occasional golden and huge unknown sea creatures moving.

It gives people a very ancient, wild and ferocious feeling, as if they have returned to the ancient times endless years ago.

The Holy Lord of the Water Holy Land looked at this vast and endless primitive ocean area with sighs in his eyes, and said loudly: "This area is the treasure of nature left to us by our ancestors in the Water Holy Land. It gave birth to Generations of practitioners in our Water Holy Land, little brother Ye Feng, I won't stay here with you anymore, I have other things to do."

Ye Feng immediately clasped his fists and said, "Thank you, Senior Water God Lord, for your gift and being able to share this treasure of nature with me."

"Hahaha."

When the Holy Lord of the Water Holy Land heard what Ye Feng said, he was immediately very satisfied. He couldn't help but patted Ye Feng's shoulder, and then said meaningfully: "If one day you get tired of being in your power, Or if you are angry, you can come to my sacred water place, I am willing to share this land with you, and that girl Lingxi, I can see that she likes you very much, don't let her down."

The Holy Lord of the Water Holy Land has long seen that his daughter has a deep liking for Ye Feng.

Although he only met Ye Feng once, the Holy Lord of the Water Holy Land still admired Ye Feng very much.

If Ye Feng, a peerless genius, really becomes his son-in-law, the Holy Lord of the Water Holy Land will naturally be very happy.

After all, Ye Feng is Shui Lingxi's savior, and the Holy Lord of the Water Holy Land has already seen Ye Feng's future, which is absolutely earth-shattering.

When Ye Feng heard the words of the Holy Lord of the Water Holy Land, his eyes suddenly froze, as if he did not expect that the Holy Lord spoke so directly.

But the next moment, before Ye Feng could say anything more, the Holy Lord of the Water Holy Land patted Ye Feng on the shoulder again, then smiled, and then jumped and disappeared from the place.

At this time, Ye Feng could only swallow back what he was about to say, then shook his head slightly and flew directly to the vast and endless primitive ocean area not far away.

"Crash..."

The blue waves crashed in from a distance, making the entire pristine ocean look very majestic and magnificent.

The water surface rippled slightly, and there didn't seem to be any particularly terrifying danger.

But Ye Feng knew that everything was not as peaceful as it seemed.

Because the Holy Lord of the Water Holy Land said that this primitive ocean is extremely dangerous and has many scary things.

Boom!

Just when Ye Feng arrived at the edge of the primitive ocean, the sea surface not far away suddenly exploded.

Uh-huh!

A venomous snake covered with purple-black scales, which seemed to be a variant of the black water black snake, opened its mouth to bite Ye Feng in an instant.

At this moment, Ye Feng even saw densely packed venomous snake fangs that were about to stab him.

Click!

However, the moment a poisonous snake fang bit Ye Feng, there was a sound of breaking glass.

It turned out that Ye Feng's body was too strong.

It's like divine iron.

The fangs of this ocean venomous snake bit Ye Feng's body, and the entire fangs were shattered inch by inch, unable to bite Ye Feng at all.

This ocean venomous snake immediately let out a shrill scream and immediately retreated.

However, Ye Feng suddenly laughed at this time: "They have already attacked me, and you still want to leave now? It's too late!"

Uh-huh!

Almost at the next moment, Ye Feng stretched out a hand and grabbed the several-hundred-meter-long marine venomous snake in his hand. Then he tore it apart with force, and with a "poof", he killed the huge marine venomous snake. shredded.

Wow!

The next moment, Ye Feng opened his mouth and sucked in all the blood and energy.

Buzz!

Ye Feng suddenly felt that his skill had improved a lot.

"It is indeed a primitive ocean that has been preserved from the ancient times. Every living creature living in it is a great source of nourishment!"

Ye Feng could feel that the skill he had just broken through was about to start breaking through again.

"Wow!"

Next, Ye Feng no longer hesitated, jumped directly into the ocean in front of him, and swam quickly towards the deepest direction.

Because Ye Feng knows very well that in places like this primitive ocean that are relatively close to the edge, it is estimated that all the ocean resources have been plundered by the disciples of the Water Holy Land who came here to experience.

Only by entering the deepest primitive ocean can we find the extremely precious and rich resources of ancient times, greatly improve our own skills and cultivation, and strengthen the origin of life.
