

Ancient 3051

Chapter 3051 Swallow it to your heart's content

At this moment, Ye Feng was quickly lurking towards the deepest area of the primitive ocean.

Buzz!

Ye Feng radiated his huge soul power around him along the way.

Because Ye Feng felt that there must be huge dangers around here, so it was better to be cautious.

After all, my current cultivation strength is not very powerful, and I am not able to travel unscrupulously in this primitive ocean, so it is better to take it easy.

After Ye Feng lurked for a while, he found that the surrounding sea water was getting colder and colder.

Moreover, a heart-stopping and terrifying aura of ancient wilderness was emanating from the ocean area ahead, giving Ye Feng a feeling of deep-sea phobia.

Wow...

At this moment, Ye Feng looked in all directions. He was surrounded by huge waves and sea water. It was raining heavily in the sky. Ye Feng felt that he had entered a primitive era of chaos.

"Buzz!"

At this time, Ye Feng suddenly felt a very huge life energy being transmitted from a certain direction not far away from the depths of the ocean.

Ye Feng's eyes suddenly moved.

After searching for so long, I finally found such a huge amount of life energy.

That is definitely a very powerful ocean beast!

However, the more powerful the ocean beast is, the more helpful it will be to Ye Feng.

Ordinary creatures no longer have much improvement effect for Ye Feng.

Because Ye Feng's current realm has also been upgraded to the third level of the Holy Realm.

Only lives at the Saint Realm level, or beings beyond the Saint Realm level, can provide Ye Feng with greater energy, allowing Ye Feng to quickly devour and improve.

Buzz!

At this time, Ye Feng restrained all the aura fluctuations in his body and moved towards the huge life energy.

The direction from which the quantity was transmitted lurked quickly.

Because Ye Feng can feel that the cultivation level and aura of that huge life energy may have surpassed the Saint Realm, and it is a powerful marine creature at the Aspiration Realm level above the Sanctuary Realm.

Marine creatures of this level are extremely terrifying.

Maybe my own strength is not enough to kill it head-on.

You can only lurk in secret, find the opportunity to assassinate, and kill him with one blow.

This is Ye Feng's usual method, but it has miraculous effects and is very useful.

"That is....."

When Ye Feng lurked deep under the sea, he immediately saw a very shocking scene.

I saw an ancient giant ocean whale that was hundreds of thousands of meters long. Its whole body was covered with dense black scales. It looked really visually impactful. Every move it made could shake the world and set off endless huge waves.

At this moment, the entire huge body of this ancient ocean whale, which is more than 100,000 meters long, is actually entangled by a poisonous ocean dragon with three horns on its head.

This ocean poisonous dragon opened its bloody mouth and spit out a large amount of highly toxic venom, trying to poison the ancient giant whale to death.

But this ancient giant whale is not easy to mess with. All the pitch-black scales on his body are standing upside down, like barbs. The pitch-black scales, like pieces of metal, are covered in wounds from the thorns of the poisonous ocean dragons that surround him. .

"It turned out to be two terrifying sea creatures fighting!"

Ye Feng was shocked when he saw this scene.

The skills and energy of these two terrifying sea creatures have far exceeded the Holy Realm. They are powerful creatures at the Aspirational Realm level. They are very terrifying and cannot be provoked by themselves.

But Ye Feng didn't want to leave just like that at this time, because Ye Feng had the idea of taking advantage of the fishermen.

But Ye Feng lurked here for half an hour and found that the two behemoths were still fighting constantly, and it was impossible to tell the winner.

Ye Feng had plans to take action at this time.

But suddenly at this moment.

"boom!!"

Not far away, from the mouth of the ancient giant whale, a huge golden beam of light suddenly spurting out, penetrating the entire ocean and sky.

The very ferocious marine poisonous dragon didn't even react. It was directly hit by this golden beam of light and penetrated its head, killing it instantly.

In the end, the ancient giant whale hundreds of thousands of meters long won.

Ye Feng's original plan to take action was immediately restrained.

Because the ancient giant whale did not enter the weak stage, but the life aura fluctuations in its body were still extremely strong and terrifying, and its combat effectiveness was still very amazing.

Just when Ye Feng secretly thought that it was a pity, suddenly a small silver snake burst out from the body of the poisonous ocean dragon with a broken head, and suddenly bit the victorious ancient giant whale. above the head.

This ancient giant whale has relaxed its vigilance.

Unexpectedly, this ocean poisonous dragon actually has a snake in its belly, and its poison is extremely powerful.

"howl!!"

The poisoned ancient giant whale suddenly let out an earth-shattering howl, then quickly rolled desperately in a certain direction in the distance, and soon left the place.

All that was left was the dead poisonous ocean dragon.

When Ye Feng saw this scene, his eyes suddenly showed deep excitement.

He never thought that things would develop to this point!

Uh-huh!

Ye Feng did not hesitate at this moment and flew directly to the ocean area not far ahead.

He saw that the poisonous dragon with a broken head was silent at this moment, obviously completely dead.

The surrounding seawater has been dyed blood red, and it may soon attract countless terrifying creatures from the ocean.

So at this time, Ye Feng didn't hesitate at all, and directly released the Devouring Domain on the spot, and began to devour all the life energy of the dead poisonous dragon, as well as the incomparably powerful dragon power.

You must know that the strength of this poisonous dragon is naturally extremely terrifying if it can fight an ancient giant whale that is hundreds of thousands of meters long.

The dragon's body is hundreds of thousands of meters long, and the blood energy contained in its body is simply majestic and terrifying to the extreme.

After Ye Feng swallowed it at this time, huge amounts of energy were immediately injected into his body, quickly increasing Ye Feng's life source and strengthening Ye Feng's skills.

Buzz buzz...

The aura of cultivation in Ye Feng's body immediately increased at an incredible speed.

While Ye Feng was devouring and refining the blood energy of this poisonous dragon, Ye Feng asked Emperor Chu to fly out of his mind to track down the poisoned ancient whale.

Uh-huh!

A small red light man flew out of Ye Feng's head and immediately chased in the direction where the ancient giant whale rolled and escaped.

Since he was so lucky today and encountered such good things, Ye Feng planned not to let any of them go.

After you finish swallowing this poisonous dragon, go find that ancient ocean whale!

If you want to swallow it, then swallow it happily!

Chapter 3052 Ancient Dragon Palace

"Buzz buzz..."

At this time, as Ye Feng continued to devour it, the entire body of the poisonous dragon in front of him was rapidly shriveling up.

And Ye Feng's skill cultivation level is improving at an extremely terrifying speed at this moment.

The next moment, Ye Feng's eyes revealed a bright light.

"boom!"

The cultivation aura on his body immediately began to rise rapidly, with continuous explosions and breakthroughs.

"boom!"

The fourth level of the Holy Realm!

"boom!"

The fifth level of the Holy Realm!

"boom!"

The sixth level of the Holy Realm!

At this time, Ye Feng's cultivation aura finally stopped.

Ye Feng's eyes were extremely bright.

The energy of this poisonous dragon's body was really terrifying, and it made him rise to the third level of heaven at once!

The next moment, Ye Feng's eyes showed a hint of anticipation and he swam quickly in the other direction.

At this time, Ye Feng was swimming in the water while communicating with Emperor Chu in the distance, and asked aloud: "Emperor Chu, how is your tracking going?"

Emperor Chu's voice suddenly came from a certain direction in the distance: "Ye Feng, come here and take a look. I found a very special place."

"A very special place?"

Hearing Emperor Chu's message, Ye Feng's eyes showed a hint of surprise, and then he quickly rushed in that direction.

When Ye Feng arrived at his destination, he saw the little red light man incarnated by Emperor Chu, floating deep in the seabed.

And not far away, there are dilapidated buildings in the depths of the seabed.

"Ancient Dragon Palace."

At the front of this dilapidated building, there is a damaged stone tablet with the words

The words of these four demon clans.

Seeing this scene, Ye Feng suddenly showed a look of surprise in his eyes, and couldn't help but said: "Where did that ancient giant whale escape to?"

Emperor Chu turned into a red light at this time, penetrated into Ye Feng's eyebrows, and said loudly: "The ancient giant whale is in a dilapidated hall not far away at this moment, and has not come out. He was probably poisoned, you can go and take a look."

"good."

Ye Feng nodded and flew quickly in the direction of the dilapidated hall that Emperor Chu mentioned.

Ye Feng has not directly explored the ruins of this ancient dragon palace for the time being. He plans to swallow the blood and energy of the ancient giant whale first.

Uh-huh!

When Ye Feng came to the dilapidated hall, he saw it immediately. On the ground of the hall, there was an ancient giant whale with a length of more than 100,000 meters. His whole body was completely black. It was still exuding black energy, and it was obvious that it had been completely poisoned.

"Whoosh!"

Suddenly at this moment, a dark poisonous snake flew out from the body of this ancient giant whale. It was very small and flew directly in front of Ye Feng, trying to bite Ye Feng.

Ye Feng had been on guard for a long time. At this moment, he punched out with a fierce punch, blasting the snake in the belly of the ancient poisonous dragon into pieces.

At this time, Ye Feng flew directly to the center of the hall in front, and then instantly released the Devouring Domain, directly covering the entire body of the dead ancient whale into his own pitch-black Devouring Domain. .

"boom!!!"

Instantly, huge waves of energy

The energy was directly absorbed continuously, and then injected into Ye Feng's own body, rapidly strengthening his life source and skill cultivation.

At this moment, Ye Feng's cultivation realm, which had stopped, once again began to break through quickly.

"boom!"

The seventh heaven of the Holy Realm!

"boom!"

The eighth level of the Holy Realm! ??

At this time, Ye Feng's cultivation stopped.

"The skills and strength of the two behemoths are almost the same. The first one allowed me to break through three heavens in a row, and the second one allowed me to break through two heavens in a row. It seems that with the improvement of my cultivation, the energy I need for each breakthrough is indeed It's getting bigger and bigger."

Ye Feng couldn't help but murmured at this time.

At this moment, Ye Feng felt the terrifying cultivation energy fluctuations of the eighth level of the Saint Realm in his body, and Ye Feng's eyes were still full of deep excitement.

This time I came to this primitive ocean, and I was really lucky.

It's like missing two extremely powerful ocean beasts!

This situation is really rare, but it was encountered by Ye Feng.

All I can say is that there is nothing you can do about luck.

"You can explore the ruins of the ancient Dragon Palace that you accidentally discovered."

Ye Feng walked out of the main hall at this time and floated towards the depths of the ancient Dragon Palace ruins.

Although the surroundings are surrounded by surging waves, the buildings and ruins of the ancient Dragon Palace deep under the sea are still extremely solid. They are like steel forests, rooted in the earth under the sea, and they look very majestic and magnificent.

However, most of the treasures in the ruins have disappeared, and they seem to have been looted.

This makes Ye Feng feel quite

So disappointed.

It seems that before he came here, he had been searched in advance.

However, Ye Feng felt that this ancient Dragon Palace ruins were very old, and there were many treasures that might not be discovered in advance.

Because the older the ancient ruins are, the more secret the real treasures hidden are, and they may not be discovered by others.

So at this time, Ye Feng said directly in his mind: "Emperor Chu, you directly use the power of the soul gem to sense the entire ancient Dragon Palace ruins and see if there is anything good left."

"good."

Emperor Chu was obviously very interested in this ancient Dragon Palace ruins.

Buzz!

At this moment, a huge amount of soul energy burst out directly from the soul gem in Ye Feng's mind, quickly scanning the surroundings like a super-large scanner.

Soon, Emperor Chu seemed to sense something, and he immediately said aloud in his mind: "Ye Feng, walking three thousand six hundred miles southeast, there seems to be some special fluctuation there."

When Ye Feng heard this, his eyes suddenly lit up, and with a "swish" sound, he followed Emperor Chu's instructions and quickly moved forward in that direction.

Soon Ye Feng arrived at his destination.

Here, Ye Feng saw a very shocking scene.

I saw a huge pillar that penetrated the entire seabed and sky, standing in the depths of the ocean.

On the surface of this huge pillar, there is a black dragon hundreds of thousands of meters long hovering. Each dragon scale seems to be made of steel, dark and solid, and looks full of coldness. The texture gives people a very terrifying visual impact and shock.

"This is a dead ancient dragon!"

Ye Feng couldn't help but exclaimed in surprise.

Chapter 3053 On top of the stone pillar

This dead ancient dragon looked very shocking. The scales on its body seemed to be made of solid iron metal, and it looked cold and cold.

The majestic and boundless black dragon is wrapped around the huge pillar, as if it is climbing along this pillar to the legendary heaven at the top.

At this time, Ye Feng walked up to him.

Although this black dragon has been dead for many years.

But at this time, Ye Feng could still sense a very terrifying aura emanating from the body of this black dragon.

Ye Feng felt like he couldn't breathe at this moment.

Boom!

Ye Feng instantly waved his fist and struck the scales of the black dragon.

when! !

But in the end, there was a very harsh metallic roar.

The next moment, Ye Feng was shaken by a powerful counter-shock force and retreated quickly backwards.

Ye Feng sensed this concussive force, and his eyes suddenly showed a look of surprise. He couldn't help but exclaimed: "What a powerful force! The cultivation strength of this black dragon back then was probably comparable to that of the legendary God."

Emperor Chu also nodded in his mind at this time and said aloud: "But this black dragon seems to have lost its vitality, and there is no breath of life at all. Ye Feng, you can't swallow its blood energy to improve your skill. , Otherwise, you don't know how much your cultivation can skyrocket."

Ye Feng shook his head at this moment and said aloud: "I am very lucky to be able to see such a legendary ancient dragon with my own eyes. I don't expect anything else, even if this black dragon has lost everything. It has blood and energy, but the dragon scales on it are still as strong as those made of divine iron. It is a very good material and contains very terrifying solid properties, which can be used to increase the strength of my Chaos Body."

After Ye Feng finished speaking at this time, he directly released his natural talent.

Buzz!

Immediately, a god's glove appeared in his hand.

Then Ye Feng put on the God Clan gloves and directly touched the black dragon scales of this black dragon, and instantly began to absorb and extract the solid attributes in it.

This giant black dragon is definitely a creature that can rival gods in ancient times, so the dragon scales it grows contain immortal power.

At this moment, after being extracted by Ye Feng's God Clan gloves, Ye Feng could immediately feel that his entire body was rapidly expanding.

A very advanced and powerful attribute power was directly injected into Ye Feng's flesh, blood, and muscles, causing Ye Feng's body and physique to rapidly and continuously improve and grow.

The strength of Ye Feng's chaotic body immediately began to transform and become stronger.

"boom!"

"boom!"

"boom!"

...

At this moment, Ye Feng's body was constantly bursting with auras of body power.

The terrifying breath of life continued to fluctuate and spread on Ye Feng's body.

Ye Feng was like a young dragon, undergoing rapid transformation, and eventually became a giant dragon that soared through the nine heavens.

Half an hour later, Ye Feng absorbed and extracted all the attribute power of the black dragon scales growing on the black dragon's body, and integrated it into his own flesh and bones.

Ye Feng's body strength surged to the ninth level in the late seventh heaven of the Chaos Body at the end.

Another big breakthrough from the Chaos Body is not far away.

When Ye Feng's chaotic body breaks through from the seventh heaven to the eighth heaven, he will awaken again

A very mysterious and powerful bloodline talent.

Ye Feng is looking forward to this very much.

Because every time Ye Feng awakens the bloodline talent, it can provide Ye Feng with great help.

At this time, Ye Feng absorbed the attribute power of the entire black dragon's scales, and saw that the huge black dragon collapsed directly from the pillar and hit the ground. The scales were shattered and lost all their strength. divinity.

When Ye Feng saw this scene, he was ready to leave directly because there was nothing good around here.

"boom!"

But suddenly at this moment, the seemingly ordinary stone pillar suddenly emitted a dazzling light.

The next moment, Ye Feng saw that there were special runes composed of divine light flickering on the surface of this stone pillar.

Emperor Chu saw this scene in Ye Feng's mind, and immediately said hurriedly: "Ye Feng, hurry up and write down the special symbols composed of these divine lights. This seems to be an ancient lost text. It should be A very special secret method or inheritance."

When Ye Feng heard what Emperor Chu said, his eyes suddenly lit up, and then he nodded quickly and began to use his comprehension ability to quickly imprint the words revealed on the surface of the pillar into his mind and write it down forcibly. .

Now Ye Feng doesn't care whether he can understand it or not. He will forcefully write it down first, so that he can slowly understand it later.

The densely packed words composed of these divine lights soon disappeared, and the entire stone pillar returned to calm again.

Fortunately, Emperor Chu reacted quickly enough and Ye Feng had already memorized all those words in his mind.

At this time, Ye Feng looked at the huge stone pillar in front of him that rose straight up from the depths of the seabed to the sky, and couldn't help but say: "That terrifying black dragon wanted to climb to where along this stone pillar? I want to go and see."

When Emperor Chu heard what Ye Feng said, he was silent for a while, and then said: "Climbing up along this stone pillar may encounter very terrible dangers. Are you sure you want to do this?"

Ye Feng thought for a while, nodded, and said with a firm look in his eyes: "Since I have already encountered it, I must go and see. The black dragon couldn't help but climb up. There must be a very extraordinary existence on the top of this stone pillar."

Swish!

After Ye Feng finished speaking, he climbed directly onto the pillar in front of him and quickly climbed to the top.

Now Ye Feng is also a skilled and courageous person.

This time when he came to the primitive ocean, not only did his cultivation get a huge breakthrough, but the strength of his chaotic body also got a huge transformation.

So, Ye Feng's overall strength has been greatly increased.

At this time, Ye Feng's courage is naturally much greater.

"Shua shua shua..."

As Ye Feng quickly climbed up the stone pillar, he soon climbed from the deep sea to the sea surface.

At this time, Ye Feng looked around and found that there was nothing around, all were huge waves, and the dark sky looked extremely depressing.

Ye Feng took a deep breath and continued to climb along the stone pillar to the top.

Ye Feng didn't even know how long he had climbed.

Finally, Ye Feng saw a huge circular temple connected to the top of the stone pillar above the misty sky.

That huge circular temple looked extremely sacred, surrounded by clouds and mist, and looked like the temple where the gods lived in the legend.

What place would that be?

Chapter 3054 King of the Eastern Region

At this moment, Ye Feng stared at the sacred-looking circular temple connected to the top of the stone pillars, with a kind of expectation and nervousness in his eyes.

Because the circular temple on top of the stone pillar looked too mysterious, and it was shrouded in clouds and mist, as if it were high up and untouchable, just like a god and untouchable by mortals. Let Ye The wind has a flinching feeling.

But the next moment, Ye Feng's spirit was shaken for no reason, and he couldn't help but murmured: "What's wrong with mortals? As long as mortals are strong enough, even the gods who are above will be stepped on!"

At this time, Ye Feng's heart suddenly gave birth to an infinite and bold spirit subconsciously, which suddenly broke through the timid feeling just now. ??

At this moment, Ye Feng was suddenly shaken. He felt that he had undergone an inexplicable transformation at that moment, and his martial arts heart became stronger and more determined.

Emperor Chu spoke out: "The circular temple does not exist."

When Ye Feng heard this, his eyes suddenly froze and he couldn't help but ask: "It doesn't exist? What do you mean?"

Emperor Chu said: "Through the soul gem, I sense that the circular temple displayed in our field of vision at the top of the stone pillar does not exist at all and is an illusion."

When Ye Feng heard what Emperor Chu said, he couldn't help but said, "Is it true?"

Swish, swish, swish...

Next, Ye Feng was a little distrustful, increased his speed, and quickly rushed towards the top of the stone pillar.

Soon, Ye Feng reached the top of the stone pillar, which was already above the sky.

He discovered that the top of the stone pillar was actually a broken piece.

The circular temple that I saw before actually didn't exist. It was like an illusion.

Ye Feng saw this scene in front of him. He didn't know why, but he felt uncomfortable in his heart. He couldn't help but said: "That black dragon climbed to the top, and he probably saw this stone pillar reaching the sky." It was broken and could no longer reach the sky, so he died in despair."

Hearing what Ye Feng said, Emperor Chu's eyes moved in his mind, as if he was thinking of something in the past, and couldn't help but said: "Ye Feng, listening to what you said, among the ancient memory fragments I awakened, it seems that There is a very ancient record."

Ye Feng's eyes moved and asked: "What ancient records?"

Emperor Chu said slowly: "It is said that between the heaven and earth of the entire origin world, there are several sacred pillars leading to an absolutely perfect world. Even a mortal, if he can climb along these pillars to reach that perfect world, he will be able to reach that perfect world." It can become an immortal existence in an instant, so it is called a perfect world."

Hearing what Emperor Chu said, Ye Feng couldn't help but look shocked, and said in disbelief: "How can such a perfect world exist in the world? Can mortals become gods in an instant? No need to work hard. Cultivation? This is impossible!"

Emperor Chu just smiled slightly and said aloud: "This world is broader and infinite than you imagine. Listen to me slowly. It is said that the perfect world was created by the gods who originated from the ancient times of the great world. The reason why the world of the gods that came out is called the perfect world is because the gods consumed all their power and created a world that can make all living beings who enter it become immortal beings. However, the gods The power of the world is not enough to support all living beings to become immortal existences, so several roots were cast between the heaven and earth of the entire origin world.

There are ancient divine pillars distributed in different places. As long as anyone can have great perseverance and climb along these ancient divine pillars to the top of the perfect world, he can become a god on the spot. It seems that this divine pillar is the kind of god in the legend. The divine pillar, but the middle was broken and shattered for unknown reasons, thus cutting off the hope of the black dragon becoming a god. "

Hearing what Emperor Chu said, Ye Feng suddenly understood something and couldn't help but say: "It seems that the black dragon climbed to the top of this stone pillar and found that the path to becoming a god had been broken. That's why he died in despair on this stone pillar."

"That's right."

Emperor Chu nodded and continued: "As for the illusion of the circular temple we just saw, it may be a connection point for the perfect world connected by this stone pillar back then, but now this stone pillar connects the gods. The pillar has been broken in the middle, and the path to becoming a god has been broken, so everything is gone. Of course, these are just ancient records in my awakened memory fragments, and they may not be true, they are just legends. "

Ye Feng couldn't help but said: "Emperor Chu, I don't know what kind of existence you were in your last life. You even know such ancient secrets."

Emperor Chu said in his mind: "As my strength continues to improve, those ancient memory fragments that were originally hidden in my mind are constantly awakening. I think that one day, I will know the end of my previous life. What kind of existence is it? I just hope it's not some extremely evil existence, haha."

Hearing Emperor Chu's laughter in his mind, Ye Feng couldn't help but smile and shake his head, then jumped directly from the stone pillar and flew quickly towards the entrance of this primitive ocean.

After calculating the time, Ye Feng was delayed a lot in this primitive ocean, and he also got a huge improvement. For the time being, Ye Feng is accurate.

Get out of here first.

When you have time, return to the sacred water place and continue exploring this pristine ocean.

Now Ye Feng needs to hurry back to Yiyuan Daozong because it is already getting late.

After Ye Feng flew back from this primitive ocean, he said goodbye to the Holy Lord of the Water Holy Land and the little princess Shui Lingxi. Ye Feng left the Water Holy Land directly and flew quickly in the direction of the Yiyuan Dao Sect.

Looking at Ye Feng's leaving figure, Shui Lingxi, the little princess of the Water Holy Land, had a look of reluctance in her beautiful eyes, and even felt like she was about to cry.

The Holy Lord of the tall and majestic Water Holy Land stood aside, with a majestic tone, and said: "Don't worry, daughter, since you like this Ye Feng so much, dad will definitely let you get him."

When Shui Lingxi heard what her father said, she immediately said anxiously: "You can't force things about feelings. Father, please don't use force. I don't want Mr. Ye Feng to have a bad impression of me."

"Hahaha."

When the Holy Lord of the Water Holy Land heard what his daughter said, he burst out laughing, and then said aloud: "Don't worry, I can see that this Ye Feng has great ambitions in his heart and

has a strong desire for strength. I will have a good way to make him a part of our Water Holy Land. This Ye Feng has unlimited potential and will definitely be the king of the Eastern Region in the future! Even if it is not for your daughter, I will think about it for the future of the Water Holy Land! Find a way to tie this Ye Feng to the chariot of our Water Sacred Land!"

"Must be the king of the Eastern Region in the future?!"

Shui Lingxi's beautiful eyes widened when she heard what the Lord Water God said. She didn't seem to expect that her father had such a high opinion of Mr. Ye Feng?

It's incredible!

Chapter 3055 Wanjian City

After Ye Feng left the Water Sacred Land, he didn't waste any time and rushed directly towards the Yiyuan Dao Sect.

Ye Feng raised his head at this moment, looked at the sky, and found that it was almost afternoon, so he accelerated his speed.

When Ye Feng returned to Yiyuan Dao Sect, he found that the eldest lady Murong Mingyue was already waiting for him there.

At the gate of Yi Yuan Dao Sect, Murong Mingyue was wearing a very formal warrior robe, with the golden token of Yi Yuan Dao Sect hanging around her waist. She looked very noble.

Murong Mingyue saw Ye Feng coming from a distance, with a dusty appearance, and a look of surprise in her beautiful eyes. She couldn't help but said: "I went to the underground city and black market to look for you, but I didn't find you, so I came back and waited. is you."

When Ye Feng heard what Murong Mingyue said, he couldn't help but said: "Miss, did you go to the underground city black market to look for me?"

Ye Feng's eyes were a little surprised. This time he did not expect that Murong Mingyue would go to the black market in the underground city specifically for a little alchemy boy like himself. This was something Ye Feng did not expect.

Murong Mingyue stared at Ye Feng at this time and didn't say much. She just walked in a certain direction in the distance, and Ye Feng quickly followed.

Soon, the two of them were far away from the Yiyuan Dao Sect's sect area and came to a deep mountain and old forest.

The journey to Wanjian City is still very long.

So it is estimated that the two of them will have to travel for several days.

On the way, Murong Mingyue finally couldn't help but asked: "You are not in the underground city and black market. Did you meet the Bauhinia Princess of the Ten Thousand Monster Kingdom last time when you were in the underground city? You were fascinated by the fairy and followed her. Did she go to the Kingdom of Ten Thousand Demons? "

When Ye Feng heard what Murong Mingyue said, his eyes suddenly froze. It seemed that he did not expect that the eldest lady Murong Mingyue would actually associate him with the princess of the Ten Thousand Monsters Kingdom.

Ye Feng immediately couldn't help laughing and shook his head, and said loudly: "Miss, you are overthinking. How could it be such a coincidence that I just went to the black market in the underground city and met the princess of the Ten Thousand Demon Kingdom? I just went I took a quick trip to the water and came back in a hurry."

"Water sacred place?"

When Murong Mingyue heard what Ye Feng said, her eyes suddenly showed a look of surprise, then she nodded slightly and said loudly: "The location of the Water Holy Land is indeed not far from the underground city and the black market. As soon as you come Once, the time is almost the same, but why did you go to the Water Holy Land? Don't you want to stay in our Yiyuan Dao Sect? I can tell you that our Yiyuan Dao Sect is the first-class power in the Eastern Region. The Water Sacred Land can only be regarded as a second-tier force, and your joining the Water Sacred Land can only be regarded as a surrender of status. "

Ye Feng smiled slightly and said aloud: "I have no intention of joining the Water Holy Land, I just did a small favor for the Lord of the Water Holy Land."

Murong Mingyue nodded slightly and said aloud: "Anyway, if you go to Water Holy Land, you will definitely not have a future in our Yiyuan Dao Sect."

Ye Feng couldn't help but murmured: "The Water God is ready to give me the position of Holy Son."

When Murong Mingyue heard this, her face immediately darkened and she fell silent.

After a long time, the eldest lady of the Yiyuan Dao Sect did not speak.

Seeing this scene, Ye Feng felt that he had gone too far.

But the next moment, Murong Mingyue's expression suddenly changed.

He became very serious and said without joking: "When I come back from Wanjian City this time, I will go to my father in person and ask him to arrange a good name for you."

When Ye Feng heard this, he couldn't help but smile and said, "No, I just want to practice quietly. Fame is not important to me. I value reality more."

"More practical?"

Murong Mingyue took a careful look at Ye Feng and said loudly: "I understand what you mean is that when you go back this time, I will take you to the inheritance temple of our Yiyuan Dao Sect, and you can choose various inheritances as you like."

When Ye Feng heard this, his eyes suddenly lit up and he couldn't help but said: "Is it true or false?"

"of course it's true."

Murong Mingyue immediately spoke up and said: "What I said is of course true. What I say is what I say!"

Ye Feng couldn't help but said: "As an alchemy boy next to the eldest lady, I didn't expect that the eldest lady would be so kind to me."

Hearing what Ye Feng said, Murong Mingyue's beautiful eyes immediately moved and she couldn't help blurting out: "Actually, in my heart, Ye Feng, you are no longer a simple alchemy boy. Master Yi values you so much. You will definitely become the core figure of our Yiyuan Dao Sect in the future."

Ye Feng glanced at Murong Mingyue in surprise, then nodded thoughtfully without saying anything more.

In the next few days, the two of them didn't say anything else on the road. They just hurried towards Wanjian City in silence. Perhaps, they were both thinking about their own thoughts.

Time passes quietly through your fingertips like quicksand.

In the blink of an eye, the two of them had left Yiyuan Daozong for three days.

In the early morning of this day, Ye Feng and Murong Mingyue climbed over several huge mountains, and finally saw human traces at the end of the earth in the distance.

At the far end of the land, a very large and towering city was built, which looked extremely majestic.

And the most surprising thing was that when they approached, Ye Feng immediately discovered that there were thousands of ancient swordsmen of different styles suspended in the air around this huge city and on the moat.

Each long sword has different specifications and styles. The swordsman exudes a terrifying sharpness, looks very shocking, and has a very strong visual impact.

"The entire city is protected by these thousands of long swords. Once someone attacks, all the swords will fire together, and they can definitely kill a peerless powerful man in an instant."

At this moment, Murong Mingyue spoke out beside Ye Feng.

Even the eldest lady of the Yiyuan Dao Sect had a hint of fear in her tone.

Obviously, the power base of Wanjian City is still very deep. It is considered a second-tier power in the Eastern Territory. It is also a very aggressive power that ordinary people dare not provoke.

Otherwise, hundreds of thousands of sword cultivators with terrifying attack power would come out in full force, and their destructive power would be extremely terrifying.

Uh-huh!

At this moment, Murong Mingyue jumped up and came to the gate of Wanjian City. He directly showed his identity token. He also held a piece of paper in his other hand and shouted loudly: "The Great Master of the Next Yuan Dao Sect. Miss, Murong Mingyue, I came to Wanjian City this time to discuss the development of the Huanggu Mountains to the east of Wanjian City. Please open the city gate and let me in." Ye Feng did not delay after leaving the Water Holy Land. Time rushed directly towards the direction of Yiyuan Dao Sect.

Ye Feng raised his head at this moment, looked at the sky, and found that it was almost afternoon, so he accelerated his speed.

When Ye Feng returned to Yiyuan Dao Sect, he found that the eldest lady Murong Mingyue was already waiting for him there.

At the gate of Yiyuan Dao Sect, Murong Mingyue was wearing a very formal warrior robe, with the golden token of Yi Yuan Dao Sect hanging around her waist. She looked very noble.

Murong Mingyue saw Ye Feng coming from a distance, with a dusty appearance, and a look of surprise in her beautiful eyes. She couldn't help but said: "I went to the underground city and black market to look for you, but I didn't find you, so I came back and waited. is you."

When Ye Feng heard what Murong Mingyue said, he couldn't help but said: "Miss, did you go to the underground city black market to look for me?"

Ye Feng's eyes were a little surprised. This time he did not expect that Murong Mingyue would go to the black market in the underground city specifically for himself, a little alchemy boy. This was something Ye Feng did not expect.

Murong Mingyue stared at Ye Feng at this time and didn't say much. She just walked in a certain direction in the distance, and Ye Feng quickly followed.

Soon, the two of them were far away from the Yiyuan Dao Sect's sect area and came to a deep mountain and old forest.

The journey to Wanjian City is still very long.

So it is estimated that the two of them will have to travel for several days.

On the way, Murong Mingyue finally couldn't help but asked: "You are not in the underground city and black market. Did you meet the Bauhinia Princess of the Ten Thousand Monster Kingdom last time when you were in the underground city? You were fascinated by the fairy and followed her. Did she go to the Kingdom of Ten Thousand Demons? "

When Ye Feng heard what Murong Mingyue said, his eyes suddenly froze. It seemed that he didn't expect that the eldest lady Murong Mingyue would actually associate him with the princess of the Ten Thousand Monsters Kingdom.

Ye Feng immediately couldn't help laughing and shook his head, and said loudly: "Miss, you are overthinking. How could it be such a coincidence that I just went to the black market in the underground city and met the princess of the Ten Thousand Monster Kingdom? I just went I took a quick trip to the water and came back in a hurry."

"Water sacred place?"

When Murong Mingyue heard what Ye Feng said, her eyes suddenly showed a look of surprise, then she nodded slightly and said loudly: "The location of the Water Holy Land is indeed not far from the underground city and the black market. As soon as you come Once, the time is almost the same, but why did you go to the Water Holy Land? Don't you want to stay in our Yiyuan Dao Sect? I can tell you that our Yiyuan Dao Sect is the first-class power in the Eastern Region. The Water Sacred Land can only be regarded as a second-tier force, and your joining the Water Sacred Land can only be regarded as a surrender of status. "

Ye Feng smiled slightly and said aloud: "I have no intention of joining the Water Holy Land, I just did a small favor for the Lord of the Water Holy Land."

Murong Mingyue nodded slightly and said, "Anyway, if you go to Water Holy Land, you will definitely not have a future in our Yiyuan Dao Sect."

Ye Feng couldn't help but murmured: "The Water God is ready to give me the position of Holy Son."

When Murong Mingyue heard this, her face immediately darkened and she fell silent.

After a long time, the eldest lady of the Yiyuan Dao Sect did not speak.

Seeing this scene, Ye Feng felt that he had gone too far.

But the next moment, Murong Mingyue's expression suddenly changed.

He became very serious and said without joking: "When I come back from Wanjian City this time, I will go to my father in person and ask him to arrange a good name for you."

When Ye Feng heard this, he couldn't help but smile and said, "No, I just want to practice quietly. Fame is not important to me. I value reality more."

"More practical?"

Murong Mingyue took a careful look at Ye Feng and said loudly: "I understand what you mean is that when you go back this time, I will take you to the inheritance temple of our Yiyuan Dao Sect, and you can choose various inheritances as you like."

When Ye Feng heard this, his eyes suddenly lit up and he couldn't help but said, "Is it true?"

"of course it's true."

Murong Mingyue immediately spoke up and said: "What I said is of course true. What I say is what I say!"

Ye Feng couldn't help but said: "As an alchemy boy next to the eldest lady, I didn't expect the eldest lady to be so kind to me."

Hearing what Ye Feng said, Murong Mingyue's beautiful eyes immediately moved and she couldn't help blurting out: "Actually, in my heart, Ye Feng, you are no longer a simple alchemy boy. Master Yi values you so much. You will definitely become the core figure of our Yiyuan Dao Sect in the future."

Ye Feng glanced at Murong Mingyue in surprise, then nodded thoughtfully without saying anything more.

In the next few days, the two of them didn't say anything else on the road. They just hurried towards Wanjian City in silence. Perhaps, they were both thinking about their own thoughts.

Time passes quietly through your fingertips like quicksand.

In the blink of an eye, the two of them had left Yiyuan Daozong for three days.

In the early morning of this day, Ye Feng and Murong Mingyue climbed over several huge mountains, and finally saw human traces at the end of the earth in the distance.

At the far end of the land, a very large and towering city was built, which looked extremely majestic.

And the most surprising thing was that when they approached, Ye Feng immediately discovered that there were thousands of ancient swordsmen of different styles suspended in the air around this huge city and on the moat.

Each long sword has different specifications and styles. The swordsman exudes a terrifying sharpness, looks very shocking, and has a very strong visual impact.

"The entire city is protected by these thousands of long swords. Once someone attacks, all the swords will fire together, and they can definitely kill a peerless powerful man in an instant."

At this moment, Murong Mingyue spoke out beside Ye Feng.

Even the eldest lady of the Yiyuan Dao Sect had a hint of fear in her tone.

Obviously, the power base of Wanjian City is still very deep. It is considered a second-tier power in the Eastern Territory, and it is a very aggressive power that ordinary people dare not provoke.

Otherwise, hundreds of thousands of sword cultivators with terrifying attack power would come out in full force, and their destructive power would be extremely terrifying.

Uh-huh!

At this moment, Murong Mingyue jumped up and came to the gate of Wanjian City. He directly showed his identity token. He also held a piece of paper in his other hand and shouted loudly: "The Great Master of the Next Yuan Dao Sect. Miss, Murong Mingyue, I came to Wanjian City this time to discuss the development of the Huanggu Mountains to the east of Wanjian City. Please open the city gate and let me in. "

Chapter 3056 Young Master Wan Jian

"Rumble..."

The moment Murong Mingyue finished speaking, the huge gate made of steel that was originally closed not far away from the gate of Wanjian City slowly opened in an instant.

The next moment, in Ten Thousand Swords City, a large group of guards wearing silver armor and carrying black iron swords on their backs, a long team of several hundred people, came out in an instant.

At the front of them, a young and handsome man carrying a sword box on his back, commanding the group of troops, walked out slowly, with a natural aristocratic temperament on his face.

This young and handsome man is none other than the young lord of Wanjian City, Young Master Wanjian!

Master Wan Jian's cultivation aura is extremely powerful, and he is very sharp. With his majestic head and horns, he is definitely a very terrifying swordsman practitioner.

And what makes people feel very strange is that there are a total of three swords inserted in the sword box behind Master Wanjian.

Each is a broad golden sword.

A sword as red as blood.

There is also a long black sword that is curved like a snake.

There are three swords in total.

Each sword is estimated to be a peerless swordsman, containing mysterious and powerful power.

Master Wan Jian led a large group of sword cultivators from Wan Jian City and walked directly out of the city gate, seemingly specifically to welcome Murong Mingyue, the eldest lady of the Yiyuan Dao Sect.

Obviously, the power of the Yiyuan Dao Sect is still very deep in the land of the Eastern Region.

Even a very special sword cultivating sect like Wanjian City needs to be treated with caution, and one should not dare to neglect the eldest lady Murong Mingyue.

At this moment, Young Master Wan Jian saw Murong Mingyue in the distance and immediately greeted him. He smiled, clasped his fists and said, "Since the last Eastern Region Competition, I haven't seen you and Miss Murong for three years. Miss Murong's cultivation and temperament are becoming more and more unfathomable. It seems that the Yiyuan Dao Sect wants to cultivate a future female sect master."

Murong Mingyue knew that the other party was just complimenting her, so she just smiled lightly and said: "Master Wan Jian's strength is getting stronger and stronger, and it is also unfathomable."

Young Master Wan Jian quickly smiled and said: "In front of Miss Murong, I am just a nobody. I dare to believe that in a few years, Miss Murong will be able to become the female sect leader of the Yiyuan Dao Sect. By then, Miss Murong will His reputation is probably the same as that of the senior Yunlan Sect Master of the Tianlei Sect, who is famous throughout the Eastern Region for his unparalleled splendor."

When Murong Mingyue heard this, she just smiled lightly and said nothing more.

At this time, Young Master Wan Jian saw Ye Feng following Murong Mingyue, and couldn't help but asked in surprise: "Who is this?"

According to Young Master Wan Jian, Murong Mingyue, the eldest lady of the Yiyuan Dao Sect, has always been a loner.

Unexpectedly, this time he even brought a person who seemed to be

An ordinary young man, I don't know what his relationship is with her.

"he's mine....."

Murong Mingyue originally wanted to say that Ye Feng was his alchemy boy.

But thinking of what Ye Feng said when he was on the way, he immediately stopped what he wanted to say.

Then Murong Mingyue spoke up and said: "This is the core figure of our Yiyuan Dao Sect. He is a peerless genius that Master Yi admires very much."

When Master Wan Jian heard this, his eyes were suddenly startled, and he quickly said: "A peerless genius who can be admired by Master Yi must be a very powerful person. It seems that this little brother is an extremely talented alchemist. Fortunately, I'll be glad to meet you."

Young Master Wan Jian had a very good attitude at this time and had no intention of neglecting him at all.

Because Murong Mingyue mentioned the name Master Yi, it was naturally very bluffing, and Master Wan Jian had to take it seriously.

You know, Master Yi, as the Jiuding Alchemy Master, is a well-known figure in the entire Eastern Region.

Young geniuses who can be appreciated and valued by Master Yi, even if their current strength accumulation is not enough, will one day become a big shot in the Yiyuan Dao Sect.

Moreover, it is a very special method of alchemy.

Therefore, Master Wan Jian naturally wanted to have a good relationship with Ye Feng at this time.

When Ye Feng saw Mr. Wan Jian's friendly attitude, he couldn't help but look surprised.

It seems that in Master Wan Jian's mind, he is already a peerless alchemy wizard.

In response to this, Ye Feng just smiled helplessly. He did not expect that the eldest lady would give him such a big favor this time and did not directly say that he was an alchemy boy.

It seems that what he said before that the Holy Water Land would give him the position of Holy Son deeply stimulated the eldest lady Murong Mingyue.

However, Ye Feng was happy to accept this. After all, Ye Feng didn't want to be looked down upon by others.

At this time, Ye Feng stepped forward, clasped his fists in a pretentious manner, showed a smile that made people feel like spring breeze, and said loudly: "I have also heard of the name of Young Master Wan Jian, he is definitely the name of the younger generation who is well-known in the Eastern Territory. Leader, it is truly an honor for me to meet Mr. Wan Jian."

As the saying goes, everything can be worn, but flattery cannot be worn.

What Ye Feng said made Young Master Wan Jian feel a little elated.

Murong Mingyue looked at Ye Feng in surprise at this time, thinking that Ye Feng could actually say such words and really know how to climb up the pole.

At this time, Young Master Wan Jian was being talked about very much.

I was so happy that I couldn't help but walked up to Ye Feng and said quickly: "I have heard of your name for a long time. It is said that Master Yi has recently accepted a peerless disciple, who should be you. It is said that you are talented in alchemy." Master Yi was extremely impressed, and it shocked the entire Eastern Territory. They all said that you will become a Yiyuan Dao Sect in the future, no, you will become the most powerful alchemy master in the entire Eastern Territory, become famous all over the world, and dominate the alchemy world of the Eastern Territory. , I feel very honored to be able to meet you, the future master of alchemy, today, and I feel so excited that I burst into tears. "

Ye Feng looked at Mr. Wan Jian in front of him in shock and opened his mouth slightly. He didn't expect that the other man could boast more than him.

Ye Feng was naturally unwilling to be outdone, and quickly grabbed Young Master Wan Jian's hand and said loudly: "Brother Wan Jian's talent in swordsmanship is definitely not worse than my talent in alchemy. Before I came to Wan Jian City, I heard the eldest lady say, From now on, if you want to say who is the best swordsman in the Eastern Territory, it must be Brother Wan Jian. There is even a saying in the entire Eastern Territory: Whoever is the peak at the end of the sword path will become empty at the sight of it."

Murong Mingyue: "..."

The eldest lady of the Yiyuan Dao Sect looked at the two guys in front of her who were about to blow each other up, and three black lines suddenly appeared on her head.

These two guys didn't even know each other one second, and the next second they seemed to be partners who talked about everything and even boasted about it.

Murong Mingyue was simply stunned. These two guys were so shameless.

"Stop talking nonsense!"

Murong Mingyue interrupted the two people in front of them from complimenting each other, because at this moment they were almost bragging that the other person was the reincarnation of the Alchemy God, the posture of the Sword God, etc. Murong Mingyue really couldn't stand it anymore.

At this moment, hearing Murong Mingyue's cold shout, Master Wan Jian and Ye Feng finally stopped complimenting each other.

Murong Mingyue acted vigorously and resolutely, and said aloud: "Master Wanjian, this is the end of the welcome. Now hurry up and take me to the central hall of your Wanjian City. I want to meet your father Wanjian City Master. Let's meet. Tomorrow we will go to the Ancient Mountains to develop the various heaven and earth resources and ancient ruins hidden in that mountain range. Don't let other big forces around us get the upper hand, such as the nearby Ten Thousand Monster Kingdom, a monster clan that is also eyeing the Ancient Mountains. power."

When talking about the Kingdom of Ten Thousand Demons, Murong Mingyue glanced at Ye Feng beside her meaningfully.

Ye Feng looked a little uncomfortable and couldn't help but said: "Princess Bauhinia and I really have nothing to do with each other. Miss, please don't doubt me."

When Young Master Wan Jian heard the conversation between the two, his eyes suddenly lit up, as if he had discovered a new world. He couldn't help but look at Ye Feng and asked quickly: "Brother Ye actually knows the Princess Bauhinia from the Kingdom of Ten Thousand Demons? It is said that Princess Bauhinia Empress the country and the city

, absolutely beautiful, don't know if it's true or not? "

When Ye Feng heard this, his eyes were stunned, then he thought about it and said seriously: "Princess Bauhinia is indeed very beautiful, and it is not a normal beauty, but the kind of coquettish beauty unique to the demon clan."

When Young Master Wan Jian heard what Ye Feng said, he immediately took a deep breath and said excitedly: "If you have the opportunity, you must meet Princess Zijin, the legendary and unparalleled demon princess. I'll trouble Ye Feng then." Recommended by my brother."

Ye Feng nodded and said: "Easy to say, easy to say."

"..."

Murong Mingyue's eyes widened, as if she didn't expect that after the two guys stopped complimenting each other, they began to discuss women directly in front of her. Moreover, what Murong Mingyue couldn't stand the most was that they even praised her lavishly. Princess Bauhinia, that female enchantress.

It's really intolerable!

"Have you agreed?"

Murong Mingyue endured the nameless anger and said loudly: "Can you two be a little more ambitious? If you don't discuss how to develop the ancient mountain range, discussing such a boring topic here, I am so disappointed!"

Master Wan Jian saw Murong Mingyue looking a little angry and didn't know why he was like this.

He wanted to say something to refute, but Ye Feng quickly grabbed Young Master Wan Jian, stopped Young Master Wan Jian, and said loudly: "The eldest lady is right, let's discuss business matters. The development of the Huanggu Mountains is now The most important thing, we'll discuss the rest later."

"Will we discuss it later?"

Murong Mingyue stared at Ye Feng, with a jealous and angry look in her eyes.

But she didn't say anything after all, she just snorted coldly, turned around and flew towards the inner central hall of Wanjian City.

Behind the scenes, Mr. Wan Jian could not help but whisper: "Brother Ye, you are really hiding your secrets. Miss Murong, a famous and fierce female tiger in the Eastern Region, is actually jealous of you? Brother Ye is really secretive." He is a role model for the younger generation like me!"

Ye Feng stared at Mr. Wan Jian and said quickly: "Brother Wan Jian, please don't talk nonsense! It's nothing!"

"hey-hey."

Young Master Wan Jian immediately laughed and said: "Don't cover it up, don't think I'm a fool, I can see everything, but Brother Ye, you have to be careful, one is a charming demon princess who seduces all living beings, and the other is The female tiger who is loved by thousands of people, don't choose the wrong person, otherwise you will be in trouble."

Ye Feng saw that Mr. Wan Jian was still unyielding on this topic, so he simply followed the other man's wishes, spread his hands and said, "Children make choices, I want them all, can't I?"

Master Wan Jian suddenly showed a look of astonishment in his eyes: "..."

Chapter 3057 It's so tough

At this time, looking at Master Wan Jian's shocked eyes, Ye Feng just smiled slightly, patted him on the shoulder, and said loudly: "I was just joking, don't take it seriously."

After finishing speaking, Ye Feng walked directly towards the inner direction of Wanjian City and said loudly: "Let's go to the central hall as soon as possible. Don't let the Lord of Wanjian City and the eldest lady wait too anxiously."

Young Master Wan Jian also reacted quickly at this time, followed Ye Feng's footsteps, and then said with a smile: "Brother Ye is really a sweetheart, and he is very suitable to my taste. Brother Ye will have the opportunity in the future." You must come to our Wanjian City often, and I'll treat you to tea, Brother Ye! It's all good tea!"

Ye Feng nodded slightly, then looked at the three different colored swords in the sword box behind Mr. Wan Jian, and couldn't help but ask: "These three swords should have their own special attributes and powers, I can feel it." , The golden sword is very heavy and sharp, the red sword is like flames, and the black sword even I can't sense the specific attribute aura, it should be an ancient magic sword. "

Hearing what Ye Feng said, Master Wan Jian immediately nodded in surprise and said: "Brother Ye's guess is correct. It seems that Brother Ye's perception is extremely powerful. He is worthy of being an alchemist. The spirit must be very strong."

Obviously, in the eyes of Young Master Wan Jian, Ye Feng is primarily an alchemist and secondarily a martial arts practitioner.

But what Mr. Wan Jian didn't know was that Ye Feng was actually the most powerful in his martial arts practice.

As for Ye Feng's alchemy ability that Murong Mingyue boasted about, it was just an auxiliary practice for Ye Feng.

While the two were chatting, they had arrived at the most central area of Wanjian City.

Here stands a majestic central hall made of steel, which looks very majestic.

When Ye Feng and Master Wan Jian came over, a group of guards at the entrance of the central hall immediately clasped their fists and said respectfully: "See you, young master."

Master Wan Jian nodded slightly, waved his hand, and then led Ye Feng into the central hall with a smile.

When a group of guards on the spot saw that Ye Feng, an ordinary young man, could be treated so seriously by their young city lord, they immediately

They all had surprise in their eyes.

This ordinary young man must have a very extraordinary status, otherwise he would not be treated so closely by their young city lord.

At this time, when Ye Feng and Young Master Wan Jian entered the central hall, they immediately saw that Lord Wan Jian and the eldest lady Murong Mingyue were discussing something.

All those sitting around were the older generation of powerful people in Wanjian City, including many elders of the elder group who were in the central hall.

Master Wan Jian saw this scene with surprise in his eyes.

It seems that they did not expect that this time when Murong Mingyue came to discuss the development of the Huanggu Mountains, so many senior figures in Wanjian City would be released from seclusion.

It seems that the ancient mountain range is indeed very extraordinary, and both Wanjian City and Yiyuan Dao Sect attach great importance to it.

At this time, Murong Mingyue and City Master Wan Jian seemed to have already reached an agreement.

Murong Mingyue immediately said: "Then according to this plan, we will first organize an elite team to enter the ancient mountains, explore the surrounding situation in advance, and station your experts from Wanjian City in a place with rich resources. , to prevent other forces from entering the ancient mountains and intervening at will, and then I will immediately send a signal back to our Yiyuan Dao Sect, and ask my father to mobilize the elite masters of our Yiyuan Dao Sect from the Yiyuan Dao Sect, and together we will enter the deepest part of the ancient mountains. Mysterious place, look at what the ancient emperor left behind in the deepest place."

City Lord Wan Jian is a middle-aged man who looks very stable. At this moment, he immediately clasped his fists at Murong Mingyue and said loudly: "The eldest lady's plan can be said to be flawless, then we will directly follow the plan. plan to proceed."

Ye Feng saw the Lord of Wanjian City, who actually showed a trace of respect in front of Murong Mingyue, and his eyes suddenly revealed a look of surprise.

It seems that the Yiyuan Dao Sect is indeed a very powerful first-class in the Eastern Region.

A big force, and probably not an ordinary first-class big force, otherwise City Lord Wanjian would not have been so polite to Murong Mingyue, a junior.

While Ye Feng was thinking, Murong Mingyue walked towards Ye Feng's direction, and then said loudly: "We plan to enter the ancient mountains tomorrow, you can come with me, if there is anything good You can use the training resources immediately to improve your strength."

When Ye Feng heard what Murong Mingyue said, there was a hint of surprise in his eyes.

Unexpectedly, when the eldest lady was discussing a major matter between two major forces, such as the development of the Ancient Mountains, she would actually consider herself, a little alchemy boy.

Murong Mingyue seemed to have noticed Ye Feng's thoughts, and couldn't help but reveal an inexplicable smile in her eyes, and said loudly: "Ye Feng, do you think I am also very good to you?"

When Ye Feng heard what Murong Mingyue said, he immediately nodded and said, "The eldest lady has always been very kind to me."

Murong Mingyue seemed to be very satisfied with Ye Feng's answer. The stern expression after being angry at the two people disappeared, and a rather happy smile appeared on her beautiful face.

She spoke to the Lord of Wanjian City behind her and said: "City Lord, I will rest in your Wanjian City tonight. I will go to the Ancient Mountains tomorrow. You can arrange a place for me to stay."

City Lord Wanjian immediately nodded and said: "Okay! By the way, Miss, does the little brother next to you need to arrange his residence near your residence?"

Murong Mingyue waved her hand and said, "Don't bother me. I usually live with Ye Feng."

After saying that, Murong Yunyue took Ye Feng and left the central hall directly.

When Master Wan Jian, who was standing there, heard what Murong Mingyue just said, he suddenly stood there, his mouth wide open, and he was a little petrified.

"Brother Ye, it's so hard for you to hide this from me!"

Young Master Wan Jian was staring at Ye Feng's back and wanted to roar.

He thought Ye Feng was really joking just now.

I didn't expect that what Ye Feng said was true!

At this time, the Lord of Wanjian City in the central hall also had a look of deep astonishment in his eyes.

He couldn't help but look at his son, Mr. Wan Jian, and said aloud: "Son, that little brother is actually the Prince Consort of Yiyuan Dao Sect? Why didn't you introduce him to your father earlier? I didn't even have a good introduction to this Yiyuan Dao Sect. The prince consort of Daozong said hello, which made the other party feel strange, but what should I do? "

Young Master Wan Jian opened his mouth at this moment and couldn't help but say: "Father, who said that Brother Ye is the prince-consort of Yiyuan Dao Sect?"

City Master Wan Jian couldn't help but said: "That little brother is living with the eldest lady of Yiyuan Dao Sect. Isn't he the prince-in-law? You young people nowadays are really open-minded. It's not our era. They all follow the rules." Well behaved."

When Young Master Wan Jian heard what his father said, he immediately smiled bitterly and said, "Father, I don't know the details of the relationship between Brother Ye and the eldest lady, but I think it's best for us not to meddle in other people's business to avoid getting into trouble. "

Upon hearing this, Lord Wanjian City immediately nodded and said loudly: "Yes, yes, this kind of thing is not something we can participate in. We should honestly cooperate with the eldest lady to develop the ancient mountains. But son, you have to remember, You must have a good relationship with the little brother next to this young lady, it will be of great help to your future, and even to the future of our entire Wanjian City."

When Young Master Wan Jian heard what his father said, he immediately became confident. He patted his chest and said, "Father, don't worry about this. Brother Ye and I are already very good brothers. We They talked about everything, even discussing the beauty of Princess Bauhinia from the Kingdom of Ten Thousand Demons. They did so in front of the eldest lady. The eldest lady did not dare to blame Brother Ye at all, but even left in jealousy. Brother Ye was really He is a role model for our generation!"

Lord Wanjian City: "..."

In the central hall, a group of senior experts from Wanjian City said: "..."

City Lord Wanjian looked at Ye Feng's retreating figure outside the hall and couldn't help sighing, "Who is this little brother? He's so tough!"

Chapter 3058 Ten Heavens

At night, City Lord Wan Jian arranged for Murong Mingyue and Ye Feng to live in a small house with a very quiet environment and a good environment. There were several wing rooms in the house.

Originally, Lord Wanjian planned to arrange only one room, but after hearing that Ye Feng did not seem to be the prince-in-law of the Yiyuan Dao Sect, he finally arranged for a large house with several rooms.

The moonlight at night was very soft, like a silver waterfall falling from the sky, adding a faint sense of mystery to the entire quiet house.

At this time, Ye Feng walked out of the room, looked up at the sky, and was thinking about entering the Ancient Mountains tomorrow.

Ye Feng had already learned from the eldest lady that the Huanggu Mountains were a very ancient ancient ruins near Wanjian City.

Among them, it is said that it is the place where an extremely elegant ancient emperor lived in his later years.

But some people say that it is not the place where the ancient emperor retired in his later years, but the place where the ancient emperor secretly fought with a very terrifying peerless demon in the mountains.

Rumor has it that the Huanggu Emperor entered the depths of the Huanggu Mountains in order to suppress a terrifying extraterrestrial peerless demon.

But these are all legends, and no one knows the truth.

Just over a month ago, a team from Wanjian City accidentally discovered the specific location of the Ancient Mountains.

That's why Wanjian City quickly contacted the Yiyuan Dao Sect, the super powerful force in the Eastern Region, hoping to use the power of the Yiyuan Dao Sect to explore the ancient mountains together, thereby benefiting both powers.

The supreme leader of the Yiyuan Dao Sect, the father of the eldest lady Murong Mingyue, takes this matter very seriously.

Because the depths of the mountains may contain the peerless inheritance of the ancient emperor, the most amazing and talented ancient emperor in all ages.

The Ancient Emperor was a very mysterious emperor. There were only a few records in the history books, but he amazed an era.

It is said that he was the most powerful emperor in the ancient times, otherwise he would not have been

Take the name of the Ancient Emperor.

Just as Ye Feng was thinking secretly, suddenly a beautiful figure appeared behind him.

It was Murong Mingyue, the eldest lady of the Yiyuan Dao Sect.

Murong Mingyue walked up to Ye Feng at this time, her movements were very quiet, and she just said slowly: "Are you thinking about entering the Ancient Mountains tomorrow?"

Ye Feng nodded slightly and said: "The Ancient Mountains should be very mysterious and must be very dangerous. We must be careful when we enter them tomorrow."

Hearing what Ye Feng said, Murong Mingyue immediately smiled slightly, with a trace of confidence on his face, and his beautiful eyes sparkled, and said: "Don't worry, I will let you go with me, naturally. I won't let you die. Your current cultivation strength is still quite weak. When the time comes, you should stay close to me. If there is any danger, I will protect you. "

When Ye Feng heard the beauty next to him say such words, he couldn't help but smile dumbly and said loudly: "I, an alchemy boy, am really flattered to be protected by the eldest lady."

Murong Mingyue glanced at Ye Feng in surprise at this moment, as if she did not expect that Ye Feng would say such a joke.

Immediately, a smile appeared on Murong Mingyue's beautiful face, and she said loudly: "No matter what, you are now a member of our Yiyuan Dao Sect, so I will naturally cultivate you with all my strength. Now you are not just a little boy." Little alchemy boy, you are now the core figure of the Yiyuan Dao Sect that I am most optimistic about in the future."

Ye Feng couldn't help but shake his head and smile at this time. It seems that what he said before about the Holy Land of Water Holy Land giving him the position of Holy Son really irritated this young lady. When did he become a member of the One Yuan Dao Sect? He is a central figure, and the eldest lady is not tired of it

Annoyingly, I kept stressing this to myself.

At this time, Ye Feng just nodded quickly and said, "Thank you, Miss, for your cultivation."

At this time, Murong Mingyue suddenly spoke up and said: "Tomorrow we will go to the dangerous place of the Ancient Mountains. Let's have a good night's rest tonight to recuperate our energy so that we can exert even greater fighting power tomorrow."

"good."

Ye Feng nodded and returned to his room.

Murong Mingyue was still standing outside, slightly raising her beautiful and delicate face, looking at the moon in the dark sky, wondering what she was thinking.

When Ye Feng returned to his room, he did not fall asleep directly, but checked his storage ring.

The last time Ye Feng went to the black market in the underground city, he still made a lot of rough stones by selling his unused resources.

Now Ye Feng is ready to devour them all to see if he can make another breakthrough in his cultivation level. .??.

After all, he was going to the legendary and dangerous place of the Ancient Mountains tomorrow. Ye Feng felt that he could not rely entirely on the eldest lady.

I still need to improve my own strength to be safer.

After all, you need to be strong to make iron.

"Crash!"

In the antique wing room, Ye Feng took out all the rough stones from his storage ring and piled them in front of him.

boom!

The next moment, Ye Feng directly released the Devouring Domain and began to devour it.

These rough stones can be used as basic currency to trade various goods in the origin world.

Of course, these rough stones themselves are also a very basic cultivation resource.

Because the source power of heaven and earth contained in the original stone is very important to cultivators.

Said to have huge benefits.

After cultivators absorb it, they can continuously strengthen their own skills.

If an ordinary cultivator wants to absorb raw stones for practice, it would take several days to absorb a single raw stone, and it would need to be slowly refined.

However, Ye Feng's cultivation technique is extremely domineering, and can directly swallow and refine all the source of heaven and earth in all the raw stones.

So at this time, after Ye Feng released the Devouring Domain, all the original stones were absorbed and turned into powder.

A steady stream of huge energy from heaven and earth was injected into Ye Feng's body, causing Ye Feng's skills to grow and transform rapidly.

A whole night passed, when a trace of fish belly white appeared in the east, and the morning was about to arrive, Ye Feng's body suddenly burst out with a huge aura of cultivation.

Ye Feng's cultivation at this moment has directly broken through from the previous eighth level of the holy realm to the perfect state of the tenth level of the holy realm.

Even the sacred spirit awakened by Ye Feng, the Poseidon spirit of the Poseidon, has grown a lot bigger at this moment, becoming more majestic and powerful.

Because Ye Feng's current cultivation level has reached the tenth level of the Holy Realm, the Great Perfection, the power of the Holy Realm Spirit will naturally become more and more powerful.

When Ye Feng walked out of his room, he was stunned and found that the eldest lady Murong Mingyue was still standing outside the house.

At this moment, Murong Mingyue looked at Ye Feng, and seemed to have discovered something. She couldn't help but have a look of surprise in her beautiful eyes, and said loudly: "In just one night, your cultivation has once again broken through the two realms." , you have reached the Great Perfection of the Tenth Level of the Holy Realm. It seems that I still underestimated your potential. I hope that this trip to the Ancient Mountains can help you break through the constraints of the Holy Realm and step into a more powerful aspirational realm. Only by stepping into After reaching the Aspiration Realm, he is barely considered a pretty good master in the Eastern Region."

Chapter 3059 Young Master Void

Hearing what Murong Mingyue said, Ye Feng's eyes showed a trace of surprise, and he couldn't help but said: "Is the aspiration level already considered a master?"

Murong Mingyue nodded slightly and said: "Your cultivation speed is very fast, so you may not feel much yourself, and since you entered the Yiyuan Dao Sect, you haven't gone out much. You either follow Master Yi, or follow me, All you see are elites or top experts from the Eastern Territory, so you may think that your cultivation strength is not very strong, but in fact, your strength is quite good among ordinary warriors. "

When Ye Feng heard what Murong Mingyue said, he nodded slightly, and then said loudly: "This time I am going to the Ancient Mountains. I hope that my cultivation can change again. The stronger my cultivation becomes, the more I can help everyone in the future." The more ladies there are."

Murong Mingyue said: "Don't worry, this is the first time we have entered the Ancient Mountains, so if we encounter any good resources, I will give them to you directly to help you improve your cultivation. We can only be regarded as a vanguard team. We go in and check the situation first, so if we encounter any chance, we can get it directly. There is no need to hand it over to the forces behind us. Whatever they want to get, let's wait for subsequent development."

Ye Feng liked Murong Mingyue, a very decisive person, and at this moment, a slight smile could not help but appear in his eyes.

At this time, Murong Mingyue looked at the sky and said loudly: "It's already early in the morning, and it's almost time. Let's set off directly to meet the Lord Wanjian and the others. This time, the Lord Wanjian will also lead the team in person, so enter The Ancient Mountains should be considered relatively safe, after all, Lord Wanjian is considered a first-rate powerhouse in the Eastern Territory." .??.

Ye Feng nodded. The Lord of Wanjian City is the Lord of Wanjian City. He is a super strong man of the older generation. His strength and cultivation are unfathomable. He is probably even stronger than Murong Mingyue, the eldest lady of the Yiyuan Dao Sect. Quite a few.

When Ye Feng and Murong Mingyue walked to the central hall of Wanjian City, they saw a large group of armored masters from Wanjian City already standing there.

There are dozens of people.

Although there are not many in number, all of them are the best among the best. Their cultivation auras are extremely powerful, and their combat effectiveness must be extremely strong.

Moreover, the heavyweight Lord Wanjian City personally led the team.

At this moment, Ye Feng saw Master Wan Jian standing next to Lord Wan Jian. He was also wearing a set of bright silver armor and carrying three long swords of different shapes on his back. He looked quite majestic.

When Murong Mingyue and Ye Feng arrived, City Lord Wan Jian immediately greeted them and said with a smile: "Miss, Young Master Ye Feng, you are finally here. We have been waiting here for a long time. Now we can go directly. Heading to the Ancient Mountains."

Murong Mingyue nodded immediately, and a group of teams went straight on the road, walking towards the outside of Wanjian City, entering the endless wilderness outside Wanjian City, and moving quickly towards the ancient mountains.

On the way, Murong Mingyue and City Lord Wan Jian stood at the front of a huge golden flying sword weapon, seeming to be discussing something.

Not far away, Young Master Wan Jian pulled Ye Feng to the rearmost area of the golden flying sword, then pointed at a young man wearing white clothes and a hat, and introduced with a smile: "Brother Ye, let me solemnly introduce to you, this is the young city lord of Void City, a powerful power near our Wanjian City, Mr. Void, this time

Come with us to the Ancient Mountains to explore the traces left by the Ancient Emperor of the Ancient Mountains. Then the three of us brothers can be together, support each other, and take care of each other. After all, it is a very dangerous place. "

When Ye Feng heard Master Wan Jian say this, he looked at the young man in front of him who looked like a white-faced scholar. He immediately clasped his fists and said loudly: "Ye Feng, from the Yiyuan Dao Sect, can fight with the void. It's really an honor for me to meet you. I've heard of Master Void's name for a long time. His sword skills come and go without a trace. He is invincible in the world and has unrivaled splendor. Who doesn't know about him?"

Young Master Wan Jian opened his mouth slightly, but he didn't expect Ye Feng to be so proud of everyone he saw.

At this time, when Master Xukong heard what Ye Feng said, he originally thought that Ye Feng, who came from a super power like Yiyuan Dao Sect, must be very aloof and difficult to get along with.

But he didn't expect that the other party would give such a florid compliment, which made Mr. Void feel a little dizzy.

Young Master Xukong reacted quickly at the next moment, and he also clasped his fists and saluted Ye Feng, and said loudly: "Brother Ye's famous name, I have heard it from Brother Wan Jian a long time ago. He is simply the reincarnation of the Alchemy God, with one-handed alchemy skills. It shocked the entire Eastern Territory and made countless people praise him. Brother Ye will be the king of the alchemy world in the Eastern Territory in the future. I am definitely lucky to be able to meet Brother Ye today. There is smoke in the ancestral graves. I will definitely smile in the future. of."

Ye Feng: "..."

At this time, Ye Feng stared at Mr. Void in front of him, his eyes a little dull. This man was even more glamorous than Mr. Wan Jian said.

"Hahaha!"

But the next moment, Ye Feng immediately laughed out loud, patted the shoulder of Mr. Void in front of him, and said rather boldly: "No matter what, we will be good friends and good brothers from now on, and then we will enter the ancient mountains. , if we form an Iron Triangle, we will definitely be invincible. From now on, the entire Eastern Region will be our Iron Triangle's world!"

Hearing what Ye Feng said, Master Wan Jian and Master Xukong were so excited that they couldn't help but blush.

They are all the second generation ancestors of their respective forces, and they have always been ambitious. Unfortunately, they are all shrouded in the halo of their respective fathers.

Everyone only knows the Lord of Wanjian City, or the Lord of Void City, who is a world-renowned hero and is famous all over the world.

But when it comes to these young city lords, everyone in the world feels that they have a noble status because of the achievements of their fathers. If counted individually, these young city lords are just a bunch of second-generation ancestors who are just waiting to die. It can't exert any brilliance at all.

But what Ye Feng said at this moment suddenly opened up the situation!

Ye Feng's words looking forward to the future made the two second-generation ancestors, Master Wanjian and Master Xukong, feel that they had met their true confidants.

The two of them immediately stared at Ye Feng, their eyes full of deep excitement and excitement, and said loudly: "Yes, the future must belong to the three of us brothers! Whoever is king in the Eastern Territory should be us. king!"

What the three people said at this time did not deliberately conceal their voices.

Perhaps, the three of them were so passionate that they wanted to scream for nine days.

But these words fell on the ears of City Lord Wan Jian and Murong Mingyue who were in the front area of the Golden Flying Sword, causing three black lines to appear on their foreheads. It was really embarrassing. Hearing what Murong Mingyue said, Ye Feng's eyes showed a trace of surprise, and he couldn't help but said: "Is the aspiration level already considered a master?"

Murong Mingyue nodded slightly and said: "Your cultivation speed is very fast, so you may not feel much yourself, and since you entered the Yiyuan Dao Sect, you haven't gone out much. But these words fell on the ears of City Lord Wan Jian and Murong Mingyue who were in the front area of the Golden Flying Sword, causing three black lines to appear on their foreheads. It was really embarrassing.

Chapter 3060 Weird breath

The golden giant sword was very fast, leading a group of dozens of vanguard teams, and soon passed through a large wilderness and arrived at an extremely lush forest area.

At this time, the Lord of Wanjian City stood at the forefront of the golden giant sword, looking at the continuous forest and mountains in the distance, and said aloud: "One of our cultivators in Wanjian City accidentally encountered the ancient mountains. The entrance is in this forest."

Murong Mingyue nodded, and then said loudly: "Then let's land directly."

Lord Wanjian City immediately controlled the golden giant sword and landed from high in the sky.

When everyone came to the ground, they immediately saw a mountain in the distance, and a large part of the mountain had collapsed.

On the mountain after the collapse, there were actually two huge fonts of "Huanggu" written on it.

These two huge fonts seemed to be written by a very terrifying and powerful person.

Even if everyone is the elite among the elite, the master among the masters, staring at the two huge fonts at this time, they all feel a heavy and oppressive feeling in their hearts, which makes people unable to help but feel their bodies tremble.

At this moment, Murong Mingyue immediately shouted coldly: "Don't look at those two words, those two words should have been written by the ancient emperor who was the most amazing and talented in the ancient era. He has the ancient emperor The majesty of it, if we ordinary cultivators watch it, our Taoist hearts will probably be broken by the oppression, and we will become cripples."

Hearing what Murong Mingyue said, all the experts present showed horror in their eyes and quickly turned away from looking at the word "Ancient" written on the mountain.

At this time, Young Master Wan Jian and Young Master Xukong, the two young city lords of the two big cities, peerless geniuses among the younger generation, also quickly changed their eyes, with cold sweat on their foreheads.

Obviously they couldn't bear the invisible eternal weight of those two words.

Ye Feng stared at those two words at this time, with a look of surprise in his eyes.

Because he found that he had no pressure at all on those two words. It seemed that his soul power was very strong.

At this time, Mr. Wan Jian couldn't help but said in surprise: "Brother Ye is indeed an extremely powerful alchemist. His mental power is very powerful. He doesn't feel the invisible pressure on the spirit caused by those two words at all."

When Ye Feng heard Master Wan Jian say this, he just shook his head slightly and didn't say much.

At this time, City Lord Wanjian and Murong Mingyue, who were leading the way, had already walked towards the area behind the mountain range.

Ye Feng and the two young city lords were surrounded by dozens of experts, followed closely by City Lord Wanjian and Murong Mingyue.

Soon, the group passed through the ancient mountain with the word "Ancient" written on it and arrived at the area behind the mountain.

Buzz!

When everyone set foot here, they suddenly felt a terrifying feeling that made people palpitate.

There is no such feeling in the forest area outside this mountain.

But after passing through this mountain, arriving at this back mountain area, people immediately felt as if they had entered a restricted area of life. For a moment, there was a terrible feeling of life threat.

At this time, City Lord Wanjian showed a calm look in his eyes, and his tone was very sonorous and powerful, and he said loudly: "The place we are setting foot on now is already in the area of the Ancient Mountains. Everyone must be careful, if you encounter any strange creatures, don't rush to catch up. We are just a vanguard team here this time, just to explore the primitive mountains in the ancient mountains.

What is the progress of the situation? There is no need to risk your life to track anything. The ones who really develop all the places in the Ancient Mountains are the masters of the real big forces who will come here half a month later. "

After City Lord Wan Jian finished speaking, a group of dozens of masters behind him nodded and said, "Yes, Lord City Lord! We understand!"

Lord Wanjian City obviously still cares about the life and death of the dozens of elite masters behind him.

After all, these are the elites of their Wanjian City.

If too many die, it will be a huge loss and blow to Wanjian City.

Murong Mingyue didn't say much at this time. She just looked in a certain direction behind her and said, "Ye Feng, come to me."

When Ye Feng heard what Murong Mingyue said, he looked at the two stunned young city lords beside him and said loudly: "The eldest lady asked me to go over, so I will go over first. If there is any danger later, you should just go in my direction." Fly here, the three of us join forces, and the eldest lady is here, we will be safe."

Hearing what Ye Feng said, Master Wan Jian and Master Xukong nodded quickly, with joy in their eyes.

This time they really took advantage of Ye Feng, so that Murong Mingyue could protect them while protecting Ye Feng.

When City Lord Wanjian saw Ye Feng walking up to Murong Mingyue, his eyes suddenly showed surprise.

At this time, he felt more and more that the relationship between the young man Ye Feng and Murong Mingyue, the eldest lady of the Yiyuan Dao Sect, must be extraordinary, so that the noble eldest lady of the Yiyuan Dao Sect wanted to take the initiative to protect him.

However, City Lord Wanjian didn't ask any more questions. After looking at Ye Feng, he gave Ye Feng a kind smile, and then City Lord Wanjian walked directly to the front of the entire vanguard team.

Because among this team, he, the old man, is the most powerful, so he should naturally open the way at the front.

Mr. Wan Jian was a little worried about his father's safety, and couldn't help but said from behind: "Father, you must be careful, you are the pillar of our Wan Jian City."

City Lord Wanjian nodded immediately, without saying anything more, but suddenly frowned, as if he had discovered something.

"Um?"

"What a weird smell!"

Ye Feng's eyes also moved at this time, and he couldn't help but look at a certain direction not far away at the same time as City Lord Wanjian.

The next moment, a very strange scene suddenly appeared in their field of vision.

I saw a small hillside not far away, surrounded by weeds and messy grass. It was obviously a barren land.

But on this hillside, there was a little girl who looked very cute and harmless to humans and animals.

At this moment, the little girl suddenly looked in the direction of the crowd, with a happy smile on her face. She quickly ran towards the crowd and said loudly: "This is the first time I have seen so many people in so many years." People, and they are all full of energy and high-level creatures, so they can have a good meal!"

What this little girl said was that she wanted to eat everyone!

Coupled with that innocent smile, everyone felt a little creepy for a moment.

boom!

At this time, City Lord Wanjian's body immediately erupted with a bright golden light.

A golden giant sword instantly floated above the head of City Lord Wanjian and charged directly towards the little girl.

City Lord Wanjian's eyes were cold and iron-blooded, and he said loudly: "Monster! Show yourself to me!"
