Chapter 3061: Breakthrough while walking

boom!

The golden giant sword instantly rushed forward from the void above Wanjian City Lord's head.

All of a sudden, he stabbed to death in front of that weird little girl.

But in the next moment, a ferocious look appeared on the little girl's face.

A pair of small white hands suddenly turned into a cyan claw, and instantly blocked the golden giant sword.

"What a powerful force!"

When everyone saw this scene, their eyes showed deep shock.

You know, that golden giant sword was released by the Lord of Wanjian City.

The Lord of Wanjian City is the top expert in Wanjian City!

Even the golden giant sword of the Lord of Wanjian City can be easily resisted, which shows that this little girl-like creature must be a very terrifying monster.

That green claw looked very ferocious, and everyone felt a little scared.

"Wheel of the Sky and Moon!"

Suddenly at this moment, Murong Mingyue, the eldest lady of the Yiyuan Dao Sect, also took action.

Behind her, a bright silver moon suddenly appeared in the void, full of terrifying cutting power.

boom!

This round of silver moon suddenly resembled a disc, and it suddenly bombarded towards the little girl not far away, trying to kill this terrible monster instantly.

"How dare you attack me? I will eat all of you hateful humans!"

At this moment, the little girl screamed, and her entire body began to expand in an instant.

It directly expanded into a green-faced and fanged monster!

The two cyan claws were filled with terrifying cutting power, and they suddenly blasted forward, directly hitting the Wheel of the Sky and Moon released by Murong Mingyue.

Boom!

A huge roar sounded instantly, shaking the entire void.

This scene made everyone's eyes look deeply shocked.

They never expected that they would encounter such a terrifying monster just after entering the ancient mountain range.

It was actually able to withstand the attacks of two top powerhouses, City Lord Wanjian and Murong Mingyue!

It's really fierce!

But obviously at this time, City Lord Wanjian did not try his best.

The golden giant sword just now was just a test.

At this time, the face of City Lord Wanjian was not panicked at all, but the divine light in his eyes suddenly burst out with a very powerful inheritance: "The Ancient Sky-Tearing Sword!"

boom!

At this moment, the Lord of Wanjian City gathered the power of swordsmanship in his body, opened his mouth and spat out a long sword composed of black divine light, full of terrifying cutting power.

Like the Sword of Heaven, this long sword of black light can communicate with the power of the great avenue between heaven and earth, bursting out energy that tears the sky apart.

"boom!"

This blow was a serious attack from Lord Wanjian.

As soon as the long sword came out, it cut off the sky, the energy was overwhelming, the sword light was vast and boundless, and the power was astonishing, as if it could cut off everything.

An extremely terrifying force directly cut the green-faced fanged monster in half that was resisting not far away.

Snap!

The next moment, the green-faced fanged monster, which made everyone feel terrified, had its entire body broken into two halves and fell to the ground, completely dead.

Ye Feng watched the entire battle from behind and couldn't help but marvel. Lord Wanjian City was worthy of being an elder and strong man in the Eastern Territory. His strength was indeed terrifying.

"What kind of monster is this?"

At this moment, everyone was very curious and walked to the place where the green-faced fanged monster died not far away and watched carefully.

Murong Mingyue spoke out at this time: "This should be the long-lost green-faced ghost. It is a very ancient and strange creature. Don't get too close, otherwise you may be possessed by this green-faced ghost."

"ah?"

Hearing what Murong Mingyue said, everyone who was watching curiously looked at him with shock and quickly stepped back.

Murong Mingyue walked up to the green-faced fanged monster and said, "Just use flames to burn it to ashes. This will eliminate any future troubles."

When she said this, Murong Mingyue looked at Ye Feng beside her and said loudly: "I heard from Master Yi that your natal elixir fire has reached the fifth level, and it should be able to burn this green-faced fanged monster to ashes. Ordinary flames cannot burn such an advanced monster."

When Ye Feng heard what Murong Mingyue said, he immediately said: "This green-faced fanged monster was burned directly. It's a pity. I will put it in my storage ring and bring it to Yiyuan Dao Sect in the future. Maybe it can be refined directly." Make some elixirs with special effects."

What Ye Feng actually wanted was to devour the blood and energy of this green-faced fanged monster.

But he can't say that he wants to swallow this monster now.

Otherwise, it is very likely that people will regard him as an evil cultivator.

So Ye Feng could only tell a lie, saying that he needed the corpse of this monster to make alchemy.

And sure enough, this reason is still very convincing.

After all, in the eyes of many people, alchemists are a group of people who like to collect all kinds of strange materials.

So at this time, Ye Feng said that he wanted to use the corpse of this green-faced fanged monster to refine elixirs. No one doubted Ye Feng's purpose.

Murong Mingyue also nodded slightly and said: "It's up to you. Anyway, please pay attention, there is a high chance that a new green-faced ghost will emerge from this corpse."

Ye Feng smiled and said: "We alchemists have strong mental power. It is impossible for such weird creatures to harm me."

Murong Mingyue nodded slightly

, then looked at the Lord Wanjian City not far away, and said loudly: "Then let's continue setting off."

At this time, Ye Feng put the body of the green-faced fanged monster in front of him into his storage ring, and then continued to move forward with the pedestrians.

At this moment, Ye Feng looked at the body of the green-faced fanged monster in his storage ring with deep joy in his eyes.

This time, following Murong Mingyue and a group of powerful Wanjian City Lords to this ancient mountain range was indeed a very wise choice.

Ye Feng could feel that the blood energy contained in the body of this green-faced fanged monster was very rich, and it would definitely bring him a huge improvement.

At this moment, Ye Feng stood in the team, secretly devouring the energy of the green-faced fanged monster in the storage ring while walking.

The energy of this green-faced fanged monster is very special, giving people a very cold feeling, like a creature from the underworld.

However, Ye Feng's chaotic body contains all things and can swallow up any energy of any attribute.

So at this time, Ye Feng had already swallowed up all the energy in the body of this green-faced fanged monster in less than half an hour.

"Boom!"

Suddenly, an extremely powerful aura of cultivation burst out from Ye Feng's body.

Directly from the tenth level of the holy realm, he stepped into the half-step aspiration realm.

Ye Feng's aura of cultivation instantly attracted the attention of everyone present.

Even Murong Mingyue and City Master Wan Jian looked over in surprise.

Looking at the shocked eyes of everyone, Ye Feng smiled slightly and said aloud: "I don't know what happened, but I made a breakthrough in cultivation while walking."

Did you achieve a breakthrough just by walking?

Hearing what Ye Feng said, everyone present had deep astonishment in their eyes, and then deep envy.

This kind of talent is really amazing, it's incredible!

Chapter 3062 Billions of years of hostility

At this time, Young Master Wan Jian and Young Master Xukong also ran to Ye Feng's side, and couldn't help but said in surprise: "Brother Ye, I didn't expect that you are not only a wizard of alchemy, but also a wizard of martial arts, walking casually He has broken through the realm of cultivation. I have never seen such a monster like Brother Ye."

At this moment, the two young city lords naturally praised Ye Feng again.

Ye Feng said with a smile: "I don't break through every time I walk, it also depends on my luck."

The moment Ye Feng said these words, a huge roar suddenly erupted not far away.

A group of masters following behind quickly walked over and found that City Lord Wan Jian and Murong Mingyue had teamed up to kill another evil dragon covered in silver scales.

When Ye Feng saw this scene, his eyes immediately lit up, and he used the previous excuse to put this evil dragon covered with silver scales into his storage ring, saying that he would take it back to make elixirs.

However, Ye Feng secretly swallowed it again on the road, and then a powerful aura of cultivation suddenly burst out from his body.

Directly from the half-step aspiration realm, he stepped into the real aspiration realm first level.

The momentum of breakthrough that burst out from Ye Feng made everyone around the scene look with deep horror in their eyes.

They never thought that Ye Feng, who had just made a breakthrough, would break through again, which really made everyone feel deeply incredible and unbelievable. .??.

Young Master Wan Jian and Young Master Xukong also stared at Ye Feng, with deep astonishment in their eyes.

Ye Feng just shrugged and explained aloud: "Maybe it's because I have better luck, so I broke through twice in a row while walking."

Murong Mingyue, the eldest lady of the Yiyuan Dao Sect, couldn't help but walk to Ye Feng's side at this time, with a look of surprise in her eyes, and said loudly: "Originally, I brought you into the ancient mountains to give you I was looking for resources to break through, but I didn't expect you to break through to the aspirational realm on your own. I feel like I didn't have any special help for you, and I'm really a little embarrassed."

Ye Feng said quickly in his heart, Miss, don't be embarrassed, it was you who made me break through all this.

However, Ye Feng naturally would not express his inner thoughts at this moment. He just said with a smile: "We have just explored the ancient mountains now, and there may be many more things to come next."

The wrong chance came to me, and I think, I broke through while walking, and I broke through twice in a row, maybe it has something to do with the Huanggu Mountains. I feel that this area of the Huanggu Mountains is very special, allowing me to put my spirit into it. The soul is connected to the entire avenue of heaven and earth, so there is a sudden breakthrough, just like the legendary epiphany. "

Hearing what Ye Feng said, all the experts present couldn't help but have bright eyes.

Could it be that the ancient mountain range area they were in at this time was really so magical?

It can actually allow warriors to automatically break through the realm of cultivation?

At this moment, when many experts heard Ye Feng's deception, they all began to hold their breath and concentrate, while walking, trying to feel the feeling Ye Feng said.

Obviously, they also want to have an epiphany and break through the realm.

The two young city lords, Young Master Wan Jian and Young Master Xukong, even ran to Ye Feng and wanted to teach Ye Feng how to sense.

In response to this, Ye Feng broke into a cold sweat in his heart, but on the surface he could only say something mysterious and mysterious, leaving them to make up their own minds.

Half an hour later, no one present could suddenly break through, leaving many people feeling extremely uncomfortable and disappointed.

The Lord of Wanjian City said thoughtfully: "Maybe Mr. Ye Feng's talent is really the strongest among all of us, so he was able to enter that state of enlightenment."

Hearing what Lord Wanjian City said to Ye Feng, a look of astonishment suddenly appeared in his eyes. Unexpectedly, this extremely powerful Lord Wanjian City also believed the deception he had just made.

At this time, the eldest lady who was walking in the front, Murong Mingyue, suddenly seemed to have discovered something, and couldn't help but said to the back: "Everyone, be careful, this is already the deepest area of the Ancient Mountains, we are very close. You may come into close contact with the traces left by the ancient emperor. You must be careful. If there is danger, retreat completely and don't bear it. "

Hearing what Murong Mingyue said, all the masters present couldn't help being shocked, and their eyes suddenly revealed a look of deep vigilance.

Because they are coming to the Ancient Mountains

Before, I went to the history books to check the rumors about the ancient emperor.

Legend has it that in his later years, the ancient emperor entered the jungle of Wanshan alone in order to suppress an extremely terrifying and peerless evil from outside the territory.

So at this time, everyone thought of the records in the history books, and their eyes showed deep fear, and they began to become extremely vigilant.

After all, the extremely terrifying and peerless evil demon outside the territory is a taboo existence. Even the supreme leaders and controllers of many super powerful forces are very secretive and unwilling to talk about it.

So at this time, when they entered the deepest area of this ancient mountain range, they were exploring an ancient forbidden secret.

At this time, City Lord Wanjian seemed to feel that everyone's emotions were becoming a little scared and depressed. City Lord Wanjian suddenly burst out with a brilliant sword light, pointing directly at the sky.

This unparalleled city lord immediately spoke out: "Sword cultivator, why should you be afraid? Come with me into the depths of the ancient mountains."

After saying that, Lord Wanjian City directly took the lead in charging towards the deepest area of the Ancient Mountains.

A group of masters from Wanjian City behind them also quickly followed their city lord to fly towards the deepest part of the Ancient Mountains.

At this time, Murong Mingyue was a step slower than everyone else, came to Ye Feng's side, and said loudly: "The two of us should follow behind Wanjian City Lord. Even I am not sure that we can guarantee this in the deepest part of the ancient mountain range. For your own safety, if there is any uncontrollable situation later, you must escape in time and don't risk your life. Remember, we are just a vanguard team, just coming in to investigate the situation. There is no need to go all out. "

When Ye Feng heard what Murong Mingyue said, he immediately nodded heavily and said, "Don't worry, Miss. There is really a terrible danger. I can run faster than anyone else."

Hearing Ye Feng's words, Murong Mingyue couldn't help but smile, and burst out with a beautiful smile, which made Ye Feng's eyes suddenly light up.

It has to be said that the eldest lady of the Yiyuan Dao Sect is indeed extremely beautiful, with a face that will captivate the entire country, and has an extraordinary temperament, noble and holy, just like a fairy who has fallen into the mortal world.

Just when Ye Feng looked at Murong

The sight of the bright moon made this young lady feel a little embarrassed.

Suddenly, the roar of Lord Wanjian came from not far away: "Miss! Come and have a look! What is going on?"

Hearing the voice of City Lord Wanjian that seemed to contain deep horror, Murong Mingyue and Ye Feng immediately withdrew their gazes, and then quickly rushed in that direction.

When they arrived at the scene, they immediately saw a very cruel and shocking scene.

In the deepest area of this ancient mountain range, on the desolate land, on the mountainside of a barren mountain, nine figures were nailed to death on the barren mountain with barbs of dark vines.

City Lord Wanjian, a powerful and magnificent city lord, could not help but tremble as he said: "Miss, these... these nine people are all the top peerless masters in the Kingdom of Ten Thousand Demons! How could they be nailed? Died on the barren mountain here?"

Murong Mingyue's beautiful eyes were a little shocked at this moment, and she said loudly: "Yes, these nine people are all peerless masters of the Ten Thousand Monster Kingdom. It seems that the Ten Thousand Monster Kingdom has entered the depths of this ancient mountain range earlier than us. , but he was crucified here!"

Ye Feng stood next to Murong Mingyue, feeling a little unbelievable. He stared at the peerless master of the Ten Thousand Monster Kingdom who was crucified on the barren mountain, and suddenly discovered that the peerless master of the Ten Thousand Demon Kingdom who he had met in the underground city black market was a bit unbelievable. Princess Bauhinia of the Demon Kingdom was also among them, and she was nailed to death on the barren mountain.

"It's too scary, too dangerous, get back!"

Murong Mingyue made the decision immediately and chose to stay away from here!

"Jie Jie Jie, that old boy of the Ancient Emperor still failed to kill this mage in the end. Hundreds of millions of years have passed. You stupid natives of the origin world are simply sending nourishment to me. All I have to do is kill him." With the help of you people, we can get out of trouble through the art of blood sacrifice!"

"The great Necromancer will last forever and everlasting!"

Suddenly at this moment, in the deepest part of the entire ancient mountain range, on the empty land, an ancient sound that sounded like an eternal desolation suddenly sounded.

This ancient voice is full of endless sadness, but it also contains endless violence.

It was as if the hostility accumulated over hundreds of millions of years was about to be completely released at this moment today.

Chapter 3063 Winning over

"The great necromancer?"

When everyone heard the ancient sounds that echoed throughout the desolate land, their eyes suddenly showed deep surprise.

Necromancer?

When everyone heard this title, their eyes showed surprise. They seemed to have never heard of a necromancer.

Necromancer seems to be a special training system that no one present has heard of.

However, Ye Feng only had a look of surprise in his eyes at this time, because Ye Feng had been in contact with a practicing person like the Necromancer.

Ye Feng felt that the owner of the voice at this moment was definitely a very terrifying necromancer, perhaps the kind of super being who could make a small interface instantly shattered. Otherwise, it would be impossible to fight against the ancient emperor in the ancient times, and it seemed that It killed even the ancient Emperor.

At this time, Murong Mingyue immediately said: "Hurry back! This must be a peerless evil demon from outside the territory!"

Swish, swish, swish!

At this moment, everyone quickly retreated towards the rear.

However, even though everyone reacted very promptly, the moment they retreated, walls composed of dark energy appeared on the ground around them, surrounding their retreat.

At this moment, everyone suddenly showed a trace of ugly look in their eyes.

They never expected that in the deepest part of the Ancient Mountains, not only did they not get the various resources left by the Ancient Emperor, but they also encountered a terrifying existence like the Necromancer.

At this time, the Lord of Wanjian City also had a deep fear in his eyes, and said loudly: "The strength of this necromancer is absolutely terrifying, so many peerless masters in the Ten Thousand Demon Kingdom were all crucified to death on the barren mountains. Above, it's really scary."

But even though City Lord Wanjian said so,

, but a golden sword light still burst out from his body, filled with the power of the vast sword light, and instantly protected everyone in the sword light.

"Boom!"

Suddenly at this moment, in the barren mountains not far away, the soil exploded, and a huge and shriveled hand that looked like the god of death grabbed everyone in an instant.

At this moment, everyone felt that their vitality was withering.

This palm not only has physical attacks, but also mental attacks.

"Soul Shield!"

At this moment, Ye Feng suddenly released a very powerful soul power, forming an invisible soul shield around everyone.

Ye Feng's soul shield instantly resisted the power of soul death and silence produced by the big hand he grabbed.

Then the Lord of Wanjian City burst out with a terrifying sword light in an instant, condensing into a golden sword, filled with terrifying power, blocking the big black hand in mid-air.

It has to be said that the strength of the Lord of Wanjian City is still very terrifying, and he can actually withstand the hand of that terrifying necromancer.

But it can also be seen from this how terrifying the Necromancer is.

You must know that the Lord of Wanjian City is a powerful elder of the Eastern Territory. He is the controller of a second-rate force and is definitely a super master among the older forces.

But even so, it could only barely resist the Necromancer's huge, withered hand.

And it relies on Ye Feng to perform it

The soul shield resisted the power of soul death contained in that big withered hand.

Otherwise, the souls of many masters in the field might wither and die under this big hand.

Everyone was extremely shocked. You must know that this is just the Necromancer who has been trapped for hundreds of millions of years. His power has been exhausted, and he still has such terrifying strength, and it only has one hand.

If this Necromancer were in his peak state, how terrifying and terrible it would be.

However, this Necromancer has fought with the Ancient Emperor for so many endless years, from which we can see the horror of the Necromancer.

At this time, the voice of the Necromancer rang out in the entire area around the barren mountain: "I didn't expect that I would meet a soul master here, and it seemed that his soul power was pretty good. If this mage's soul hadn't been exhausted for hundreds of millions of years, I wouldn't have had it just now. Your soul will be instantly wiped out in that moment."

Ye Feng knew that this was the Necromancer talking to him.

But at this time, there was no fear in Ye Feng's eyes, and he said loudly: "Necromancer, although you were a great existence in the past, but now such a long time has passed, you are already too weak. If you really If you can kill my soul, you have already killed it, and you will talk nonsense to me, because I may be just an ant in your eyes."

Hearing what Ye Feng said, the necromancer who didn't know where he existed suddenly fell silent.

But at the next moment, the Necromancer sounded in Ye Feng's mind: "You and I are of the same origin, both soul practitioners, and I feel that your soul potential is very powerful, and there is something about you that makes me Everyone was very surprised by the blood aura, which is very advanced and supreme. If you cooperate with me, I can assist you and rule the entire Eastern Territory. You don't have to fight with these people.

The ants of the human race are complicit, they are not worthy. "

At this time, the Necromancer's words were full of attraction and temptation.

In the eyes of the necromancer, the masters around Ye Feng were all ants.

In the eyes of the Necromancer, the people around Ye Feng are not worthy of being his opponents at all.

Ye Feng's soul power attracted the Necromancer's attention, and the Soul Shield he displayed impressed the Necromancer.

That's why the Necromancer secretly challenged Ye Feng at this time, hoping to win Ye Feng over.

With the remaining strength of the Necromancer, it is still unable to resist the mutual cooperation between Ye Feng and Wanjian City Lord.

The Necromancer was also extremely manic at this time. If he were at his peak, he could easily wipe out the group of ants in front of him.

But now, he can only use the power of one hand, so naturally he wants to win over Ye Feng at this time and want to disintegrate the opponent's lineup.

But at this time, Ye Feng naturally knew that the necromancer was untrustworthy, so he just communicated coldly in his mind: "You want me to be your lackey? This is impossible."

When the Necromancer heard what Ye Feng said, he finally couldn't bear it any longer and immediately shouted ferociously: "The Altar of the Necromancer! The power that comes to obliterate the soul! Even if I lose some of the most precious sources of the Necromancer, I will still destroy it. You ignorant boy will be wiped out instantly!"

Almost at the moment when the Necromancer's words fell, he seemed to have performed a very terrifying soul attack secret technique. Ye Feng felt it all at once, a terrifying power of the dead, condensed into a very ancient... The altar instantly appeared in Ye Feng's mind, completely pulling Ye Feng's soul into the abyss of death!

Chapter 3064 Imprisoned in the mind

Altar of the Dead!

This is a very terrifying secret technique of the Necromancer.

At this moment, although the Necromancer's power has been exhausted to a very weak level, the moment he displayed the Necromancer Altar, Ye Feng's soul still felt an aura of withering and death and decay.

Ye Feng only felt that his soul was about to fall into the boundless abyss of darkness and death.

Even though Ye Feng's soul power is now extremely powerful and very strong, he is still unable to withstand this terrifying altar of the undead at this moment.

Boom!

But at the next moment, the soul gem in Ye Feng's mind suddenly bloomed with boundless brilliance.

A crimson light suddenly emanated from Ye Feng's eyebrows, instantly shattering the undead altar.

Then the soul gem was directly carried by Emperor Chu, rushed out of Ye Feng's eyebrows, and then rushed into the ruins of the barren mountains not far away.

Ye Feng was shocked when he saw this scene. ??

What happened to Emperor Chu?

He actually rushed directly into the barren mountains with the soul gem?

Is this a life and death duel with the Necromancer? ?

While Ye Feng was thinking, an earth-shaking roar suddenly came from the area of barren mountains and ruins.

The next moment, Emperor Chu and the soul gem flew directly back into Ye Feng's mind.

Ye Feng was about to ask Emperor Chu why he was so impulsive all of a sudden.

But at this time, Emperor Chu said aloud in Ye Feng's mind: "The threat of the necromancer is gone."

After finishing speaking, Ye Feng looked at the space in his mind and couldn't help but his eyelids twitched.

He was shocked to discover that in his mind, in addition to Emperor Chu and the Soul Gem, there was also an extremely old-looking old man who was being possessed by the Soul Gem at this moment.

The scarlet soul prison formed was imprisoned in his mind.

When Ye Feng saw this scene, he couldn't help but widen his eyes and said in his mind: "Emperor Chu, did you bring this old thing into my mind??"

Emperor Chu seemed very relaxed. He just smiled and said: "Don't worry too much. The soul gem is what the master left behind after all. There is no problem in trapping this necromancer. Of course, if this necromancer At his peak state, he may be able to fight against the master. That ancient emperor should also be the master of your human race. "

When Ye Feng heard what Emperor Chu said, his eyes suddenly showed deep surprise.

Unexpectedly, the Necromancer at his peak was able to fight against the great master of the human race.

This old thing, the Necromancer, turned out to be a dominator-level figure back then. It was really terrifying.

But it's normal to think about it.

The origin world is a very stable super world.

There are also countless strong men patrolling in various ways.

This old thing, the Necromancer, was able to come to the Origin World from outside the territory. This shows that his strength is indeed terrifying to the extreme, and he is at a peak level.

But now, so many years have passed for the Necromancer, and his power has been exhausted to a very low level.

Therefore, the red prison formed by the soul gem can imprison the necromancer.

Ye Feng immediately nodded and said, "Emperor Chu, you brought the Necromancer into my mind. You must have some other purpose, right?"

For Ye Feng, although the Necromancer is now very weak and imprisoned by the soul gem, he is still a time bomb after all.

If it explodes in his head, he will die a violent death.

But Ye Feng felt that Emperor Chu would definitely not cheat him.

Therefore, Ye Feng guessed that Emperor Chu brought the Necromancer into his mind for other purposes.

Sure enough, after Ye Feng finished speaking, Emperor Chu immediately smiled gloomily and said: "This necromancer is a master-level soul practitioner, and he also controls a very large and terrifying extraterritorial soul cultivation system. , imprison this necromancer in Ye Feng's mind, and continue to force him in the future, you can squeeze out a soul master inheritance from him that is comparable to the master level. In this case, for Ye Feng you have The huge usefulness is

equivalent to you getting a domination-level master like a soul master. Of course, the necromancer will definitely not be willing to teach it to you, but it is not up to him. I will torture this necromancer in your mind. Yes, drain him of all his value."

Hearing what Emperor Chu said, Ye Feng suddenly felt that Emperor Chu was also a very sinister person.

However, when Ye Feng heard what Emperor Chu said, his eyes suddenly became filled with joy. He felt that the Necromancer in his mind was no longer a time bomb, but a huge treasure. It's a huge help. .??.

Of course, this follow-up still requires torture and manipulation by Emperor Chu.

Ye Feng didn't care about this at this time, but took back his power, then looked at the nervous City Lord Wanjian beside him, and said loudly: "City Lord, there is no threat anymore, the ancient necromancer has disappeared "

"What? Disappeared?"

Lord Wanjian, who was ready to go, was stunned when he heard what Ye Feng said.

When the people around heard what Ye Feng said, they also showed a hint of shock.

because they don't know

Should I believe what Ye Feng said at this moment?

But at this time, Murong Mingyue, who was standing next to Ye Feng, suddenly showed a look of surprise in his beautiful eyes, and couldn't help but said: "The evil aura of the undead in the ruins of the barren mountains seems to have really disappeared. , can't feel it at all."

"Um?"

Hearing what Murong Mingyue said, everyone around him, including the Lord Wanjian City, couldn't help but move in the direction of the barren mountain ruins not far away.

Sure enough, they couldn't feel the strong and huge evil aura of the undead that they had exuded before.

The terrifying aura that made everyone tremble with fear seemed to have really disappeared from the world at this time.

No one knew what happened, but City Lord Wanjian glanced at Ye Feng thoughtfully at this time.

Because he was standing next to Ye Feng just now, joining forces with Ye Feng to fight against the enemy. He accidentally saw a red light burst out from Ye Feng's eyebrows and entered the ruins of the barren mountain.

Then, the ancient and terrifying aura of the Necromancer disappeared.

There must be some relationship between the two.

However, Ye Feng did not take the initiative to say it, and the Lord of Wanjian City did not ask any questions.

Because he knew that this was Ye Feng's secret.

If he asked, he might offend Ye Feng.

So at this time, City Lord Wanjian remained silent.

Because in any case, this is a good thing, and City Lord Wanjian has nothing to say, as long as that ancient and evil terrifying figure disappears.

At this moment, Murong Mingyue said aloud: "Let's stop our exploration here today. It's getting more and more terrifying inside. I'm afraid we can't continue to explore. Let's wait until the super masters of our Yiyuan Dao Sect arrive. "

Chapter 3065 Traces of Residence

At this moment, when everyone heard Murong Mingyue's decision, they all nodded in agreement.

Even though most of the team this time were experts and elites in Wanjian City, they all felt a strong sense of life crisis under the terrifying threat of the Necromancer just now.

So at this time, everyone was thinking of quitting.

It happened that Murong Mingyue also said that she would not continue exploring, so everyone naturally agreed.

The Lord of Wanjian City frowned at this time and said aloud: "Miss, we have already explored here, why don't we continue to move forward? You must know that the biggest threat in the Huanggu Mountains is the one that the Huanggu Emperor dealt with back then. The peerless evil outside the territory is the one who claimed to be the Necromancer just now. Now that the Necromancer has disappeared, there should be no threat here. "??

When Murong Mingyue heard what City Lord Wan Jian said, a look of deep surprise suddenly appeared in her eyes.

Originally, Murong Mingyue said she wanted to go back, but it was actually because of City Lord Wanjian's consideration.

After all, the dozens of masters around here are all the elites of Wanjian City.

If you continue to move forward and encounter more terrifying dangers, all you will lose is the foundation of Wanjian City.

Unexpectedly, City Lord Wanjian took the initiative to continue exploring.

Murong Mingyue couldn't help but remind: "Although the Necromancer disappeared just now, maybe it was just a clone here. If it continues to go deep into this ancient mountain range and encounters the true body of the Necromancer, that is really what everyone will do. destruction."

When Lord Wan Jian heard what Murong Mingyue said, there was a trace of hesitation in his eyes.

But City Lord Wanjian thought about what happened to Ye Feng before. No one saw it, only he saw it.

City Lord Wanjian believes that the Necromancer did not disappear mysteriously just now, but may have been cast by Ye Feng.

The method was solved.

Although this guess and idea are very incredible, after all, he is an extraterritorial necromancer who can fight the ancient emperor, and Ye Feng is just a young man.

But for some reason, City Lord Wanjian felt inexplicably certain that the threat of the Necromancer had been solved by this young man, Ye Feng.

At this moment, City Lord Wanjian subconsciously glanced at Ye Feng, who was not far away, and suddenly found that Ye Feng was looking at him with a meaningful smile.

This shocked City Master Wan Jian, and then he took a deep breath, made a decision, and said to Murong Mingyue: "Miss, I still insist on moving forward."

City Lord Wanjian knew that this was an excellent opportunity.

If there is any chance, his Wanjian City can benefit greatly.

If we wait for those super powerful men from the Yiyuan Dao Sect to come here, we may find some chance creation or ancient treasure, which will have nothing to do with Wanjian City.

Although it is said that Yiyuan Daozong and Wanjiancheng cooperated to develop this ancient mountain range.

But the Lord of Wanjian City knows very well that when the super strong men of Yiyuan Dao Sect arrive, Wanjian City will become an auxiliary and will not have much say.

Therefore, the Lord of Wanjian City is betting at this moment that the Necromancer has been completely eliminated by Ye Feng, a mysterious young man, and there will be no big threat next.

At this time, when Murong Mingyue saw City Lord Wanjian's persistence, she could only shrug and said, "Well, if you insist, City Lord, then let's move on."

Murong Mingyue possesses various life-saving hands of the Yiyuan Dao Sect.

Duan didn't have any fear at all. Her trump cards were enough to protect herself and Ye Feng.

At this time, under the insistence of Lord Wanjian, the group continued to move forward.

Ye Feng ran to the barren mountain not far away. Looking at the group of masters from the Ten Thousand Demon Kingdom who were nailed to death on the barren mountain, he couldn't help but sigh.

Young Master Wan Jian and Young Master Xukong came to Ye Feng's side. Seeing the regret and sigh on Ye Feng's face, they couldn't help but patted Ye Feng's shoulder and comforted him: "Brother Ye is indeed a loyal and kind person. Sighing like this because of the death of a group of unknown monks, God is kind to you."

When Ye Feng heard this, the corners of his mouth twitched slightly.

The reason why I sighed was because these peerless masters of the Ten Thousand Monster Kingdom were nailed to death on the barren mountain by the Necromancer. The blood energy in the corpses had been completely eaten away by the air of death, and there was nothing left worth devouring.

Otherwise, if Ye Feng devoured the blood energy skills of several peerless masters from the Ten Thousand Demon Kingdom who were crucified on the barren mountain, his skills would definitely increase greatly.

Now Ye Feng could only sigh and secretly thought it was a pity.

Murong Mingyue walked to Ye Feng's side. Seeing Ye Feng's pity look, she couldn't help but joked: "Are you sad for the death of the female goblin from the Ten Thousand Demon Kingdom?"

Ye Feng said quickly: "It's nothing."

After saying that, Ye Feng turned around and left the barren mountain area, heading towards the Wanjian City team that was advancing not far away.

Murong Mingyue looked at the Princess Bauhinia of the Ten Thousand Demon Kingdom who was crucified on the barren mountain, snorted coldly, then turned around and left.

"Beauties have a bad fate."

Master Wan Jian and Master Xukong shook their heads and left here.

When everyone walked through this barren mountain, behind the barren mountain

, saw a very shocking scene.

I saw an incomparably huge giant skeleton, which was hundreds of thousands of meters tall. It was half buried in the ruins of the earth. It had lost all its life essence and had withered.

This huge skeleton looks like a human being. The skin all over its body is shriveled and pitch black. It looks very visually impactful.

At this time, everyone stood on the edge of the ruins, looking at this huge leather skeleton, with a deep sense of depression and shock in their eyes.

Lord Wanjian City thought thoughtfully and said aloud: "This should be the body of the Necromancer from outside the territory, but it has already withered away."

Murong Mingyue looked at the huge black skeleton that could not be seen beyond the horizon, and was slightly shocked, and then said aloud: "Fortunately, this necromancer has lost all his power in the endless years, otherwise we would all die."

When Lord Wan Jian heard what Murong Mingyue said, he subconsciously glanced at Ye Feng, who was not far away, and didn't say much.

City Lord Wanjian knew that the sudden disappearance of the Necromancer at the last moment of the previous battle was definitely not as simple as the Necromancer's own exhaustion of power!

"Report to the City Lord! Someone found traces of ancient people living around!"

Suddenly, at this moment, a master from Wanjian City who was exploring the surroundings not far away flew over and made a report.

"Traces of ancient people's habitation?"

Hearing what the master of Wanjian City said, both the Lord of Wanjian City and Murong Mingyue moved their eyes.

Everyone present, including Ye Feng, looked happy at this moment.

They know that the person who dares to live here must be the most amazing and talented super figure in the ancient era, the most powerful ruler among the human race in the ancient era, the ancient emperor!

Chapter 3066 The one-minded emperor

Everyone realized this at this time, and their eyes suddenly showed a deep and fiery look.

At this time, Lord Wanjian City was also very excited and said loudly: "Take us there quickly!"

"Yes, City Lord!"

The master of Wanjian City immediately spoke respectfully, and then quickly rushed towards a certain direction not far away.

At this time, Ye Feng's eyes also showed anticipation.

Everyone followed him one after another.

Before leaving, Ye Feng collected the body of the hundreds of thousands of meters majestic necromancer into his storage ring.

In fact, the body of this necromancer has completely shriveled up. It is pitch black and exudes a very strong aura of death. It is basically useless.

In less than a moment, everyone had followed the Wanjian City master to the area behind the barren mountain.

Ye Feng was also standing in the crowd, looking at the area not far away.

There is a huge mountain there.

The mountain has been hollowed out, and there are many traces of buildings inside.

However, these buildings are very simple and do not show any luxury.

It is hard to imagine that such a simple place could be the residence of a domineering ancient emperor.

At this time, Murong Mingyue had a sigh in her eyes and said aloud: "Back then, the ancient emperor was so magnificent that he astonished the entire ancient era. However, for the sake of the people of the world, he went deep into the endless wilderness mountains alone to suppress the outside world. The peerless evil spirit, eternal loneliness."

At this moment, hearing what Murong Mingyue said, a group of human masters around them couldn't help but express deep admiration and admiration in their eyes.

They marveled at the selflessness of the human emperor.

"This is the place where I just came to the origin world, and it does not belong to that stupid boy of the ancient emperor!

"

Suddenly at this time, the Necromancer's voice sounded in Ye Feng's mind.

When Ye Feng heard this, his eyes suddenly froze.

At this moment, in the soul space of Ye Feng's mind, the old man Necromancer was staying in the crimson prison formed by the soul gem, staring outside, and said bitterly: "I am not what you said. The unforgivable and unforgivable evil demon, after I have cultivated to a certain extremely high level, I actually broke the interface channel of the dark world of the dead where I am, and connected to a brand new vast world, which is the world of origin, so I entered the strange world of Origin World just to explore this new interface. I even built so many buildings here to rest. Unexpectedly, my aura attracted the attention of Huanggu Emperor. The Emperor didn't even listen to my explanation. He directly thought that I was a peerless and vicious person from outside the territory, and directly attacked me forcefully. I had planned to explain it, but when I saw that this silly boy, the Ancient Emperor, was so rude, , so when I was furious, I didn't bother to explain anything, and just started fighting with Emperor Huanggu, and in the end we almost died. "

Hearing the Necromancer say this in his mind, the expression on Ye Feng's face suddenly became a little shocked, and he also had a look of being caught off guard.

What Ye Feng originally imagined was that the Necromancer invaded the Great World of Origin and caused a huge disaster to the entire world.

Then the ancient emperor, a peerless figure, fought a fierce battle with the necromancer in order to save the common people.

Unexpectedly, the battle between these two dominant-level superpowers was just because they didn't like each other.

Ye Feng couldn't help but said in his mind: "It's no wonder that the Ancient Emperor is the emperor.

At that time, you were the most powerful emperor in the world of origin. Necromancer, you entered the world of origin rashly. He sensed that you might be a huge threat to the world of origin, so he would naturally take action to kill you. "

"shit!"

The necromancer couldn't help shouting in his mind: "There is something wrong with this kid, Emperor Huanggu! He wants to fight with me indiscriminately. He is really stupid to the extreme.

He has zero emotional intelligence. I don't know how he cultivates." He has reached such a powerful state! I tried to explain to him while fighting, but he didn't listen and just said that I was a peerless evil from outside the realm and must be eradicated."

Hearing what the Necromancer said in his mind, Ye Feng froze on the spot.

At this time, Ye Feng looked around and found that everyone was looking at the ancient ruins, praying silently, and had a high awe for the ancient emperor in his heart.

But when Ye Feng heard what actually happened that year, he couldn't stand in awe at this time.

Because from what the Necromancer said, Ye Feng knew that the Ancient Emperor was a complete martial arts idiot.

In other words, he is a silly boy who only knows how to practice and is very stubborn.

At this time, Ye Feng didn't know how to evaluate all this.

It turns out that the extremely tragic ancient battle recorded in the history books was all a misunderstanding.

The Necromancer is another top creature in the big interface. He accidentally opened the interface channel to the origin world, and then entered the origin world. He wanted to travel around this strange world, but he didn't expect the result to be like this.

At this time, Ye Feng understood. It was estimated that the Necromancer was also quite depressed. He met an ancient emperor with a stubborn mind, and ended up being beaten to the point of almost dying before he even left the world of origin.

Ye Feng couldn't help but think in his mind

Zhong asked: "Is the ancient emperor dead?"

The Necromancer said aloud: "At the end of that battle, I also used real fire. I launched a very terrifying forbidden spell, which directly destroyed most of the body of the ancient emperor. The

ancient emperor used a This very terrifying martial arts inheritance deprived my entire body of vitality, so you can see that my body turned into a state of death, without leaving any vitality. The ancient emperor finally disappeared, and I don't know who he is. I don't know where he went, and I don't know if he is dead or not. Anyway, I have been living here for endless years, spending several eras such as the ancient times, the ancient times, the ancient times, and the immortal times. Only now can I gradually breathe, but I didn't expect it. , I got caught by you, but your luck is quite good. With such a weak cultivation, you actually got several domination gems. "

Ye Feng couldn't help but ask in his mind: "Why don't you have the Dominator Gem in your body?"

The necromancer said: "Only the highest level of masters can give birth to the master gems with infinite magical effects. I am just entering the realm of masters for the first time, so naturally I don't have the master gems, so I say you are lucky."

When he said this, the Necromancer glanced at Emperor Chu next to him in the prison of his mind, and said loudly: "Don't torture me anymore. Since I fell into the hands of you two boys, then I will I give in. I don't want to suffer anymore. I will slowly hand over my inheritance. But if you hand it over all at once, a little kid like you, Ye Feng, can't bear it. I'll teach you slowly. It just so happens that I don't have time to drift away. The whole world of origin is just like traveling around the world with you, a little kid."

When he said this, the Necromancer directly passed a mysterious mark into Ye Feng's mind.

It was the first inheritance that the Necromancer voluntarily handed over, and it was a unique and ancient soul master method: "Spirit Control Technique, you can control the undead souls deep in the surrounding earth, and use them as your own soul soldiers to attack the enemy. "

Chapter 3067 Looking for traces of the Great Emperor

Spirit control, this is the first technique taught to Ye Feng by a necromancer from outside the territory.

Ye Feng obtained this technique, and his eyes suddenly revealed a look of deep surprise. He did not expect the Necromancer to be so cooperative and directly teach him a mysterious and special soul inheritance.

At this time, Ye Feng even felt that the Necromancer had some conspiracy.

But the next moment, Ye Feng directly learned this inheritance.

It has to be said that this necromancer is indeed a top-notch existence in another large interface. The soul master methods he has researched and created are simply very profound.

At this time, Ye Feng was studying while watching the people around him looking for the remains of residence inside the mountain.

They seem to want to find the treasures and resources left by the ancient emperor.

But Ye Feng just looked at all this with a faint smile.

Because Ye Feng knew that the traces of residence here were not left by the Ancient Emperor at all, but were a temporary residence left by the Necromancer. There should be nothing there.

At this time, Ye Feng asked in his mind: "Senior Necromancer, do you know the specific direction in which the ancient emperor disappeared?"

The necromancer thought for a moment in his mind, seemed to be recalling something, and immediately said aloud: "The last half of the ancient emperor's broken body left in a direction that seemed to be southwest of here. You can go and see it. Look, there's no danger there."

When Ye Feng heard the Necromancer in his mind say this, his eyes suddenly showed surprise.

Ye Feng originally just asked casually, but he didn't expect that the Necromancer actually remembered it.

After all, several epochs have passed, hundreds of millions of years.

At this time, Ye Feng's eyes suddenly lit up, and he was immediately ready to explore in the direction mentioned by the Necromancer.

At this moment, Ye Feng looked at City Lord Wanjian and Murong Mingyue who were not far away, and said loudly: "City Lord, Miss, I will also go around to investigate the situation."

City Lord Wanjian nodded immediately, and then concentrated on searching by himself.

Murong Mingyue was obviously more concerned about Ye Feng's safety, and immediately said: "Ye Feng, you should stay with me. After all, this area is the place where a terrifying extraterrestrial monster lived. It is very likely that there is It's an extremely terrifying danger. It's very dangerous for you to rashly explore the unfamiliar areas around you."

When Ye Feng heard this, a smile suddenly appeared in the depths of his eyes. The extremely terrifying peerless demon was being imprisoned in his mind.

At this time, Ye Feng still replied: "Miss, don't worry, there is no problem, but this time I really see the true face of the eldest lady. The eldest lady really cares about me, which makes me honored. "

When Murong Mingyue heard what Ye Feng said, a proud smile suddenly appeared on her beautiful face, and she said loudly: "Then I will definitely care about you. You are the future genius of our Yiyuan Dao Sect. If you suddenly If you fall, it will definitely be a huge loss for our Yiyuan Dao Sect, so I have to protect you. "

Murong Mingyue spoke very seriously at this time, with a beautiful smile on her beautiful face, which seemed to contain a kind of love like a little girl.

"Thank you, Miss, for your consideration."

Ye Feng smiled slightly at this time, then walked not far away and said, "I'll go over there and take a look."

Uh-huh!

\u003e

After saying that, Ye Feng flew quickly in a direction not far away.

Following the guidance of the Necromancer, Ye Feng came to the southwest of this barren mountain area and followed in this direction.

Ye Feng didn't know how long he had been walking. All he could see were all kinds of tall trees and jungles. It was a primitive area with the ancient atmosphere of the wilderness everywhere.

"It seems that I can't find it. There isn't even a trace around."

Ye Feng couldn't help but murmured.

The necromancer said in his mind: "Several epochs have passed, hundreds of millions of years, vicissitudes of life, time has changed, things have changed, and the stars have changed. All traces of the past have been smoothed away. It is normal."

When Ye Feng heard the Necromancer say this in his mind, he immediately looked slightly disappointed.

It seems that he can no longer obtain the inheritance of the ancient emperor.

As the most powerful master-level human race superpower in the ancient era, he was named the emperor of an era, the ancient emperor.

The inheritance of the ancient emperor must be very terrifying, unparalleled in ancient times, and extremely terrifying.

At this time, Ye Feng was ready to return because he had been out exploring for a long time.

"Wait a moment."

But suddenly Emperor Chu's voice sounded.

Emperor Chu immediately said: "Ye Feng, don't leave yet. I'll try to use the soul gem to sense it and see if I can sense the aura left by the ancient emperor."

When Ye Feng heard this, his eyes suddenly showed surprise, and he couldn't help but said: "Can the soul gem sense the aura of the ancient emperor?"

Emperor Chu nodded and said: "The soul gem is left behind by the most powerful master. Naturally, it can sense the aura of the same level as the ancient emperor. Now that I have merged with the soul gem, I can give full play to the soul gem. The power can naturally expand the range of induction infinitely, but I am not sure whether it can be discovered. Anyway, I will give it a try first. If it cannot be discovered, then there is really nothing I can do. "

Buzz!

After saying that, Emperor Chu immediately fully stimulated all the power of the soul gem and spread it quickly towards the surroundings.

At this moment, looking at what Emperor Chu had done in his mind, the Necromancer who was imprisoned in the prison showed a trace of surprise in his eyes, and couldn't help but said with emotion: "This Mr. Chu is very lucky. He is just a remnant soul, but by chance, he merged with the soul gem and became one body. His future achievements are limitless. "

Ye Feng smiled and said: "Necromancer, are you also very interested in the soul gem?"

The necromancer said aloud: "I'm not that interested. If I hadn't fought so fiercely with that stupid boy of the ancient emperor, hundreds of millions of years, and several epochs have changed, I would probably be able to practice to the highest level of dominance now. At an advanced level, you can also evolve your own destiny-dominating gem."

When he said this, the necromancer suddenly seemed to have thought of something, and said aloud: "Boss Ye, the dead body of me you collected before, you should keep it well, maybe I can use the corpse to revive me in the future."

Hearing this, Ye Feng nodded slightly and said nothing more. It was impossible for Ye Feng to release the Necromancer now.

At this time, Emperor Chu suddenly spoke up: "Ye Feng! I found a trace of the aura of the ancient emperor! Go and have a look! It's just thousands of miles away from here!" The art of controlling spirits comes from outside the territory. The first technique taught to Ye Feng by the Necromancer.

Ye Feng obtained this technique, and his eyes suddenly revealed a look of deep surprise. He did not expect the Necromancer to be so cooperative and directly teach him a mysterious and special soul inheritance.

Chapter 3068 Dominator Bone

At this time, when Ye Feng heard what Emperor Chu said, he immediately rushed in that direction.

Along the way, Ye Feng traveled through a large area of primitive jungles, mountains and lands, as well as various vicious swamp miasmas, etc., and finally arrived at the destination mentioned by Emperor Chu.

"This is....."

The next moment, Ye Feng looked at the scene in front of him, with a hint of shock in his eyes.

On the ground in front of me, I saw a majestic white bone skeleton tens of millions of meters tall, standing on the ground, which looked very visually impactful.

At this time, Ye Feng couldn't help but said: "Is this the remains of the ancient emperor? How can the human skeleton be so big, like a mountain?"

The Necromancer said in his mind: "Because the ancient emperor's cultivation inheritance is very special. It is an ancient and incomparable human fighting body. When he fought with me, he released an extremely powerful fighting body and became like a giant. Weiwei, I think that stupid boy, Emperor Huang, is dead."

Ye Feng listened to the voice of the Necromancer in his mind, his eyes flashed slightly, and he flew towards not far away.

Soon, Ye Feng flew to the middle of this huge skeleton.

Ye Feng immediately felt a terrifying sense of depression, pressure on his soul and body.

This made Ye Feng even couldn't help but feel like he wanted to worship him.

Because the other party is a dominator-level figure of the human race.

boom!

But at this time, Ye Feng's body suddenly burst out with a huge amount of chaotic energy, resisting the pressure of this domination.

Ye Feng looked around and found that there was nothing. There was a hint of disappointment in his eyes.

It seems that when the ancient emperor came here, his life force was exhausted and he died directly, leaving nothing behind.

Emperor Chu suddenly spoke in his mind: "Search the bones of the Ancient Emperor to see if there is any master bone."

"Master Bone?"

Hearing what Emperor Chu said, Ye Feng suddenly showed doubts in his eyes. This was the first time he heard about the master bone.

At this time, the Necromancer in the prison couldn't help but glance at the little red light man beside him, and said loudly: "Boy Chu, you actually know the master's bones, you know a lot."

Emperor Chu ignored the Necromancer and released the power of the soul gem directly through Ye Feng's mind, helping Ye Feng sense the master bone in this huge skeleton.

Soon, Ye Feng found it.

The Dominator Bone is a bone that emits bright light, hidden deep in the skull of the ancient emperor's skeleton.

At this time, Ye Feng got close to the Master Bone, but he couldn't get close because the majesty of the Master in the Master Bone was too deep.

But Emperor Chu controlled the soul gem and released the power of the soul gem, forming a thick red energy mask around Ye Feng. Ye Feng immediately felt that the majesty of the master disappeared and was given away by the soul gem. Resisted.

It has to be said that the Dominion Gem of the Chaos God Emperor that Ye Feng obtained from the Dongfu World is still very terrifying and very powerful.

It seems that the Chaos God Emperor must be the highest level existence among the domination levels.

The Ancient Emperor and the Necromancer are both existences at the dominance level.

This shows how difficult it is to enter the dominance level.

It is still not clear whether there is a top-level powerhouse at the dominance level in the origin world today, and it is probably gone.

At this time, under the protection of the soul gem's energy shield, Ye Feng quickly arrived in front of the skeleton and skull of the ancient emperor, stretched out his hand directly, and took the radiant master bone into his hands.

At this moment, even with the protection of the Soul Gem, Ye Feng felt a terrifying impact, which was bursting out from this master's bone crazily, like a vast ocean, with crazy destruction and impact. Everything around.

Ye Feng couldn't help but said: "This master bone probably cannot be put into the storage ring. The space in the storage ring cannot withstand the energy impact of the master bone and will explode directly."

Emperor Chu said directly in his mind: "You have obtained the master bone and refined it on the spot!"

When Ye Feng heard this, his eyes were suddenly startled, and he couldn't help but say: "My current level of cultivation is too low. How can I withstand the supreme energy impact of the Master Bone?"

Emperor Chu said: "No problem, Ye Feng, your chaotic body is already powerful, and deep in the blood of your body, there is a higher level of blood. It comes from your father's Ye family, which is the supreme Hongmeng in the origin world." Bloodline can withstand the master bone. In addition, Ye Feng also has four master gems in his body, namely the soul gem, the space gem, the brute force gem and the chaos gem, which are enough to suppress the ancient emperor's master bone. "

When Ye Feng heard Emperor Chu's analysis, he thought it made sense and said directly: "Okay, let's do it!"

boom!

At this moment, Ye Feng directly began to refine the master bone of the ancient emperor in front of him.

First of all, Ye Feng released a huge amount of mana first and introduced the master bone into his body.

When the ancient emperor's master bone entered Ye Feng's body, a terrifying energy burst out.

Ye Feng's entire body, even the chaotic body, was somewhat unable to withstand the power of this master at this time, and almost turned into countless shatters.

But at this moment, Ye Feng immediately controlled the four extremely powerful domination gems in his body, completely controlling and suppressing the power of this domination bone.

boom!

Then Ye Feng released his original power and quickly integrated the master bone into his body.

Seeing this scene, Emperor Chu seemed quite excited in his mind, and couldn't help but said aloud: "If Ye Feng can completely refine this master bone, then you will get the inheritance of the ancient emperor. From now on, your body constitution will slowly transform in the direction of domination, which will have infinite magical effects."

While Ye Feng was refining the master bone quickly, the Necromancer in his mind also had a look of surprise in his eyes. He couldn't help but look at the little red light man next to him, and said aloud: "Boy Chu, this Ye Boy, is this how you turned me into what you are now?"

Emperor Chu glanced at the Necromancer in the prison next to him, and said calmly: "Ye Feng's potential is more terrifying than you think. You will gradually know it in the future, even if you are

the top level in another world. The great mage will also be amazed by Ye Feng's achievements in the future." At this time, when Ye Feng heard what Emperor Chu said, he immediately rushed in that direction.

Along the way, Ye Feng traveled through a large area of primitive jungles, mountains and lands, as well as various vicious swamp miasmas, etc., and finally arrived at the destination mentioned by Emperor Chu.

Ye Feng looked around and found that there was nothing. There was a hint of disappointment in his eyes.

It seems that when the ancient emperor came here, his life force was exhausted and he died directly, leaving nothing behind.

Emperor Chu suddenly spoke in his mind: "Search the bones of the Ancient Emperor to see if there is any master bone."

"Master Bone?"

Hearing what Emperor Chu said, Ye Feng suddenly showed doubts in his eyes. This was the first time he heard about the master bone.

At this time, the Necromancer in the prison couldn't help but glance at the little red light man beside him, and said loudly: "Boy Chu, you actually know the master's bones, you know a lot."

Emperor Chu ignored the Necromancer and released the power of the soul gem directly through Ye Feng's mind, helping Ye Feng sense the master bone in this huge skeleton.

Soon, Ye Feng found it.

The Dominator Bone is a bone that emits bright light, hidden deep in the skull of the ancient emperor's skeleton.

At this time, Ye Feng got close to the Master Bone, but he couldn't get close because the majesty of the Master in the Master Bone was too deep.

But Emperor Chu controlled the soul gem and released the power of the soul gem, forming a thick red energy mask around Ye Feng. Ye Feng immediately felt that the majesty of the master disappeared and was given away by the soul gem. Resisted.

It has to be said that the Dominion Gem of the Chaos God Emperor that Ye Feng obtained from the Dongfu World is still very terrifying and very powerful.

It seems that the Chaos God Emperor must be the highest level existence among the domination levels.

The Ancient Emperor and the Necromancer are both existences at the dominance level.

This shows how difficult it is to enter the dominance level.

It is still not clear whether there is a top-level powerhouse at the dominance level in the origin world today, and it is probably gone.

At this time, under the protection of the soul gem's energy shield, Ye Feng quickly came to the skeleton and skull of the ancient emperor, stretched out his hand directly, and took the radiating master bone into his own hands.

At this moment, even with the protection of the Soul Gem, Ye Feng felt a terrifying impact, which was bursting out from this master's bone crazily, like a vast ocean, with crazy destruction and impact. Everything around.

Ye Feng couldn't help but said: "This master bone probably cannot be put into the storage ring. The space in the storage ring cannot withstand the energy impact of the master bone and will explode directly."

Emperor Chu said directly in his mind: "You have obtained the master bone and refined it on the spot!"

When Ye Feng heard this, his eyes were suddenly startled, and he couldn't help but say: "My current level of cultivation is too low. How can I withstand the supreme energy impact of the Master Bone?"

Emperor Chu said: "No problem, Ye Feng, your chaotic body is already powerful, and deep in the blood of your body, there is a higher level of blood. It comes from your father's Ye family, which is the supreme Hongmeng in the origin world. Bloodline can withstand the master bone. In addition,

Ye Feng also has four master gems in his body, namely the soul gem, the space gem, the brute force gem and the chaos gem, which are enough to suppress the ancient emperor's master bone. ”

When Ye Feng heard Emperor Chu's analysis, he thought it made sense and said directly: "Okay, let's do it!"

boom!

At this moment, Ye Feng directly began to refine the master bone of the ancient emperor in front of him.

First of all, Ye Feng released a huge amount of mana first and introduced the master bone into his body.

When the ancient emperor's master bone entered Ye Feng's body, a terrifying energy burst out.

Ye Feng's entire body, even the chaotic body, was unable to withstand the power of this master at this time, and almost turned into countless shatters.

But at this moment, Ye Feng immediately controlled the four extremely powerful domination gems in his body, completely controlling and suppressing the power of this domination bone.

boom!

Then Ye Feng released his original power and quickly integrated the master bone into his body.

Seeing this scene, Emperor Chu seemed quite excited in his mind, and couldn't help but say aloud: "If Ye Feng can completely refine this master bone, then you will get the inheritance of the ancient emperor. From now on, your body constitution will slowly transform in the direction of domination, which will have infinite magical effects."

Just as Ye Feng was refining the master bone quickly, the Necromancer in his mind also had a look of surprise in his eyes. He couldn't help but look at the little red light man next to him and said loudly: "Boy Chu, this Ye Boy, is it because of you that you become what you are today?"

Emperor Chu glanced at the Necromancer in the prison next to him, and said calmly: "Ye Feng's potential is more terrifying than you imagine. You will gradually know it in the future, even if you are the top level in another world. The Archmage will also be amazed by Ye Feng's achievements in the future."

Chapter 3069 Domination Level

It must be said that Emperor Chu was very confident about Ye Feng's future, and his tone was full of pride for Ye Feng.

Perhaps, for so long, Emperor Chu had witnessed too many miracles in Ye Feng, a seemingly ordinary young man.

Many incredible things happened to Ye Feng.

At this time, Ye Feng was concentrating on refining the master bone.

"Buzz buzz..." ??

Huge waves of energy, containing the power of the ancient emperor, are rapidly integrating in Ye Feng's body.

Finally, at a certain moment, the bones of the Master Bone and Ye Feng finally fused together and completely became one body.

"boom!"

Suddenly, a huge momentum burst out from Ye Feng's body, causing Ye Feng to scream loudly.

His whole body, every inch of his body at this moment, was blooming with bright light, looking very extraordinary.

At this time, Ye Feng could feel that when the master bone integrated into his body, a very mysterious power surged through his limbs.

Once this force is released, it will definitely explode with super terrifying destructive power.

"This energy is definitely the energy of the master. If I can use it skillfully, it will definitely greatly increase my current combat power!"

Ye Feng couldn't help but murmur at this moment.

At this time, a very mysterious secret suddenly rushed into Ye Feng's mind, and Ye Feng suddenly received a very powerful inheritance chapter.

"The ancient holy body's great creation power!"

This is a very terrifying inheritance.

It is the inheritance of the ancient emperor!

It is a powerful secret at the dominance level!

At this moment, Ye Feng was immediately shocked. When he got the secret of this ancient holy body's great creation power,

After the righteousness, I just felt that my soul had been sublimated.

This is a terrifying inheritance of invincible terror. It is the powerful inheritance of the only dominant figure in the ancient times. It is unparalleled and terrifying.

At this time, Emperor Chu couldn't help but ask in his mind: "Ye Feng, have you obtained the inheritance of that ancient emperor?"

Ye Feng immediately nodded very excitedly and said loudly: "I've got it! After I fused the master bone, I instantly got the secret of the ancient emperor's inheritance. It was so grand that it simply made me... The souls have all been sublimated. It's so terrifying. He is worthy of being the only emperor-level transcendent existence in the ancient times who has stepped into the realm of dominion. He is a fierce man who can fight against the necromancer of the other world! "

When Emperor Chu heard this, his eyes suddenly lit up and he asked, "What kind of inheritance is it?"

Ye Feng said aloud: "The great creation power of the ancient holy body!"

"The great creation power of the ancient holy body?"

When Emperor Chu heard what Ye Feng said, his eyes suddenly lit up and he said: "Great! It's an inheritance that improves physical fitness! Now you have got the inheritance of two masters, namely the ancient emperor's body refining magic skill, and the The old man's soul-dead magic technique."

When Ye Feng heard this, he couldn't help but nodded happily, and then asked in his mind: "Senior Necromancer, please feel free to pass on your inheritance to me slowly, and I will definitely provide you with care until you die. of."

"shit!"

The old man, the necromancer, immediately cursed in his mind: "I don't want a young man like you, Ye, to live in old age! I want to resurrect the soul through a dead body!"

Ye Feng immediately followed the old man's words and said hurriedly: "Yes, yes, resurrect the soul through the body. I made a mistake. It was a slip of the tongue. I put all your dead bodies in the storage ring. There is always one for me."

I'll help you revive the dead. "

After hearing this, the Necromancer calmed down and said angrily: "Boy Ye, I can slowly teach you my Necromancer inheritance, which I have spent a lifetime researching, but you must agree. Help me resurrect my body. If you have the ability, you need to help me collect it so that I can continuously restore my dead body in your storage ring."

"Okay, no problem, it's a deal!"

Ye Feng naturally didn't have any problems. ??

After all, this old man isn't bad either, he's just a necromancer from another interface.

Being able to obtain the inheritance of a great mage from another world, and also a dominating level great mage, is of great benefit to Ye Feng.

At this time, Ye Feng successfully fused the master bone.

"Boom!"

The huge skeletons of the Emperor around him instantly collapsed like a collapsed mountain and turned into countless powders.

Obviously, the reason why the entire skeleton of the Great Emperor has been able to stand in this area for so many years and has not decayed for hundreds of millions of years is because of the support of the master bone in the skull.

Now that the master bone was captured and fused by Ye Feng, naturally the entire huge emperor skeleton lost all energy support and collapsed instantly.

At this moment, Ye Feng looked around and found that there was nothing there, so he headed back the way he came.

This time, Ye Feng really made a huge gain!

Not only did he gain the unparalleled inheritance of the ancient emperor, he also received the guidance of a great mage from another world.

It can be said that Ye Feng is the one who earned the most from this team's exploration.

When Ye Feng returned to the previous barren mountain area.

He saw a lot of experts from Wanjian City, who were still searching nearby, obviously trying to find Huang Gu.

The treasure left by the emperor.

In this regard, Ye Feng just remained silent and silently walked back to his original area.

When Murong Mingyue saw Ye Feng coming back, she couldn't help but ask: "Did you find anything?"

Ye Feng naturally would not say that he had received the inheritance from the Ancient Emperor, otherwise he might become the prey of all the super powerful people in the entire world of origin.

So at this time, Ye Feng lied directly and said: "I didn't get anything. Everything I passed was a barren virgin forest."

"Um."

Hearing what Ye Feng said, Murong Mingyue just nodded slightly and didn't say much.

Because Murong Mingyue didn't believe that Ye Feng could really find any clues about the Ancient Emperor.

After all, Emperor Huangü was the legendary supreme figure. How could he be found so casually by a weak warrior like Ye Feng.

Therefore, Murong Mingyue had no doubts about Ye Feng's words at this time.

At this time, the Lord of Wanjian City came over from not far away and said with a sigh: "We have searched all around, but there are no traces, no resources and no treasures. Have we looked in the wrong place?"

Murong Mingyue was obviously a little impatient at this time, and didn't seem to want to stay here any longer.

She just said lightly: "Our vanguard team's mission this time has been completed perfectly. As for the rest, we will leave it to the super masters of the Yiyuan Dao Sect to find it."

Hearing what Murong Mingyue said, Lord Wanjian could only sigh slightly and then nodded.

Ye Feng was thinking in his heart that even if the super strong men of the Yiyuan Dao Sect came here, they would not be able to find any traces and inheritance of the so-called ancient emperor.

After all, Ye Feng has already obtained the real inheritance.

Chapter 3070 The eldest lady's brother

Ye Feng has already obtained all the most powerful inheritances in the Ancient Mountains, so at this time he is not so interested in everything happening around him.

At this moment, he just stood there silently, looking indifferent to the presence of the old god.

Not far away, Young Master Wan Jian and Young Master Xukong walked over.

Young Master Wan Jian walked up to Ye Feng and couldn't help but sigh and said: "This time I thought that by entering this ancient and ancient mountain range, I would be able to get some good luck or a powerful ancient inheritance and soar into the sky, but I didn't expect it. Not even a single hair was obtained."

Mr. Void next to him also had a dejected look on his face, and said loudly: "Yes, I am really unwilling to come here happily and leave dejectedly."

Seeing the complaints from the two young masters in front of him, Ye Feng just smiled secretly in his heart.

Because Ye Feng is already very familiar with the past in the ancient mountain range.

Naturally, there is no so-called chance creation here.

The only chance is the inheritance of the ancient emperor and the necromancer, the great mage from another world.

At this moment, everyone present was sighing a little. After all, they had been deep into the ancient mountains for so long, but they didn't get any resources at all.

But no matter what, everyone can only leave at this time, and then wait for the subsequent team of powerful experts to develop the entire ancient mountain range.

At this time, Ye Feng followed Murong Mingyue, and the group walked directly towards the outside of the Ancient Mountains.

There was not much look of disappointment on Murong Mingyue's face.

Because Murong Mingyue only regarded this action as a mission.

She is the eldest lady of the Yiyuan Dao Sect. She has a distinguished status and a high status. She has no shortage of inherited techniques and resources and treasures.

Therefore, Murong Mingyue didn't get the chance to be blessed in the ancient mountains, so she thought it was no big deal.

Of course, the one who was most disappointed was the Lord of Wanjian City.

.

This time, he finally got the opportunity to cooperate with Yiyuan Daozong to develop the ancient mountains, and he also took such a big risk and brought so many experts from Wanjian City to enter the ancient mountains in advance, just to seize the opportunity. .

But now, in the end, I got nothing.

Although the Lord of Wanjian City was very unwilling at this time, he had no choice but to lead many experts from Wanjian City and follow Murong Mingyue to fly out of the Ancient Mountains.

A group of people came here in good spirits and returned in disgrace.

Of course, Ye Feng should be the most satisfied and happy person.

At night, everyone left the Ancient Mountains and returned to Wanjian City.

When everyone arrived at Wanjian City, a group of masters wearing Yiyuan Dao Sect costumes were already waiting in Wanjian City.

Murong Mingyue handed over her work and left Wanjian City with Ye Feng.

Before leaving, Mr. Wan Jian was even a little reluctant to leave Ye Feng, a like-minded friend.

Mr. Wan Jian finally looked at Ye Feng's back and shouted loudly: "Brother Ye, you must come to my place to play when you have time!"

"good!"

Ye Feng also shouted loudly and waved his hand towards the back.

On the way back to Yiyuan Dao Sect, Murong Mingyue looked at Ye Feng and said loudly: "This time when you return to the sect, I will help you improve your status. From now on, you will no longer be an ordinary disciple in our Yiyuan Dao Sect. He is a very distinguished core figure."

Hearing what Murong Mingyue said, Ye Feng's eyes were slightly startled. He didn't expect that the eldest lady would really remember this matter.

At this time, Ye Feng could only smile and say: "Thank you very much, Miss."

Murong Mingyue nodded, couldn't help but stretched out her white little hand, patted Ye Feng's shoulder, and said loudly: "Ye Feng, I value you very much. Don't let me down in the future. Join other people." power."

Hearing what Murong Mingyue said, Ye Feng immediately wiped the cold sweat from his forehead.

It seems that the last time I said that the Holy Lord of the Water Holy Land wanted to make me the Holy Son of the Water Holy Land, it really deeply stimulated the eldest lady Murong Mingyue, and made the eldest lady still think about it even now. In the heart.

I can't joke casually from now on, otherwise the eldest lady might do something impulsive.

The cultivation base of both of them was not weak. In less than a few days, they had passed through a large area of land and finally returned to the sect area of Yiyuan Dao Sect.

Yiyuan Dao Sect still looks extremely majestic and majestic. Countless ancient cities and palaces are combined to form the base camp of Yi Yuan Dao Sect.

After Ye Feng and Murong Mingyue returned to Yiyuan Dao Sect, Murong Mingyue said to Ye Feng: "I want to report to my father about the Huanggu Mountains. You should go back now."

Ye Feng immediately nodded and said, "Miss, I will go back first."

After saying that, Murong Mingyue turned around and left.

Ye Feng also walked quickly towards the royal garden.

It must be said that Ye Feng was very lucky. As soon as he entered the Yiyuan Dao Sect, he met the eldest lady and lived in the royal garden, which is the most noble and full of heaven and earth energy in the entire Yiyuan Dao Sect.

When Ye Feng returned to the royal garden, he didn't waste time. He sat directly on his jade bed, and then quickly used the powerful inheritance he had received, the ancient holy body's great creation magic.

This is an ancient and unparalleled inheritance that belongs to the ancient emperor.

r\u003e

As Ye Feng continued to practice, he could feel that his body constitution was rapidly growing and improving.

Moreover, Ye Feng's power is constantly becoming more advanced and powerful, because Ye Feng has fused the Dominator Bone, and naturally has a part of the Dominator's luck.

After Ye Feng practiced for three days and three nights, he felt that he had understood the ancient holy body's great creation magic to a certain extent.

Even every time Ye Feng was practicing his skills, a majestic figure appeared behind him. That was the figure of the Ancient Emperor, who could provide Ye Feng with an extremely terrifying power bonus.

Next, Ye Feng decided to go out and practice, because only in actual combat can he continue to hone the powerful inheritance secrets he had just obtained.

At this time, when Ye Feng had just walked out of the royal garden, he suddenly saw a frosty young man standing outside, staring at him with deep eyes, like two cold knives, which made people endure. I can't help but shudder.

"Unfathomable!"

Ye Feng's first impression of this frosty young man was that he was unfathomable. This was definitely an extremely terrifying young strong man!

At this time, Ye Feng was ready to ignore this young man and leave directly, because he did not know this cold young man.

But the next moment, with a "swish" sound, this frosty young man suddenly blocked Ye Feng's way, still without saying a word.

Ye Feng frowned and said aloud: "What is going on with you? I don't seem to know you."

This frosty young man immediately spoke out: "You and my sister have been living in the royal garden recently. This matter has been aroused in the entire Yiyuan Dao Sect. Maybe my sister is very nervous and thinks it doesn't matter. But as a brother, I naturally have to take care of it."
