

Ancient 3081

Chapter 3081 The War Emperor himself

Wow!

The black tide, containing extremely terrifying corrosive power, surged rapidly from the other side of the ground, causing everyone to retreat frantically, fearing that if they were contaminated even the slightest bit, they would die instantly.

I have to say that some things from the ancient times are still very scary. For example, the dark tide in front of me. I don't even know what it is, but it can instantly bring a master of the tenth level of the Heavenly Master Realm to perfection. Corrosion kills.

It can be said to be terrifying to the extreme! ??

At this time, everyone in the Qingyuan Wandering Alliance had deep fear in their eyes.

Because this strange and terrifying dark tide is really scary.

The leader of the Qingyuan Alliance looked a little ugly when he saw the chaos on the field. He did not expect that things would develop to this point.

At this time, the Qingyuan Alliance advocate opened his mouth, as if he wanted to say something.

But suddenly at this time.

"boom!!"

A huge roar instantly sounded in the area behind the bronze door.

A very terrifying aura appeared in the entire valley, making everyone feel a deep sense of psychological depression at this moment, as if they were about to be swallowed by an invisible evil beast the next moment.

"Is there something terrible sealed behind the bronze door?"

Among the crowd, someone said aloud, his tone full of fear.

"Clang!"

"Clang!"

The next moment, the sound of metal collisions suddenly sounded throughout the valley.

It seems that there is something very scary behind the bronze door, which is frantically hitting the bronze door, trying to escape.

"do not be afraid!"

The leader of the Qingyuan Alliance roared loudly at this time, and the powerful aura of the Divine Palace level on his body suddenly exploded.

A large piece of bright divine light appeared around him, shrouding everyone in it, calming the panic of many people.

have to say

, Qingyuan Alliance Leader is still very powerful, a super master at the level of the Divine Palace.

At this time, he released his true cultivation aura, which made everyone feel slightly calmer. They felt that with a super powerful person like the leader here, there must be no problems.

But Ye Feng was very vigilant when he was among the crowd at this time.

Because he knew very well that this huge bronze sword must be suppressing something terrible.

But now, that terrifying thing is colliding with the bronze giant sword, and seems to be about to escape.

Uh-huh!

Although the Qingyuan leader was still saying something, Ye Feng subconsciously felt that his life was in danger at this time, so he left the crowd directly.

Ye Feng even left this valley, found a relatively remote cave in the mountains, and hid in it.

Ye Feng felt that the valley in the future would definitely be a place of right and wrong, with great dangers that he could not withstand. It would be better for him to leave for now.

As for the giant bronze sword, Ye Feng planned to wait a few days before taking a look.

And it was late at night on this day.

"Roar....."

An extremely terrifying roar suddenly sounded in the dark night, making the entire wilderness tremble.

Ye Feng was awakened when he was practicing in seclusion in a cave.

He looked in the direction of the roar, which was the valley area where Ye Feng left during the day.

Ye Feng was so surprised that he couldn't help his curiosity and did not walk in the dark to investigate.

In the early morning of the next day, Ye Feng took a deep breath and rushed directly towards the previous valley.

He wanted to see what happened yesterday.

When Ye Feng came there

When we entered the valley, we immediately saw a very bloody scene.

I saw that the entire valley was dyed red with blood.

At that time, all the wandering warriors and masters of the Qingyuan Alliance had turned into skeletons during the day.

Including the leader of the Qingyuan Alliance, a powerful man at the level of the Divine Palace, the head was also hung on a big tree in the valley at this moment.

His expression before death was extremely frightening, as if he had seen something incredible.

Buzz!

At this time, Ye Feng exuded his soul power and spread towards the surroundings. After confirming that there was no danger, Ye Feng truly entered the hinterland of the valley.

Ye Feng saw that the huge bronze sword that was still stuck in the ground yesterday had fallen down at this moment, smashing the mountains and the ground tens of thousands of meters in radius. It looked quite spectacular.

At this time, Ye Feng also saw that in the deep valley behind the bronze giant sword, there was an extremely dark river.

This extremely dark river is full of very strong corrosive properties, which will kill you if you touch it.

At this moment, Ye Feng found that the area around this dark river was empty.

Obviously, the terrifying thing that was clashing with the bronze giant sword yesterday, killing all the masters of the Qingyuan Alliance, has disappeared.

"How terrible!"

Even Ye Feng couldn't help but sigh at this time.

At this time, Ye Feng looked towards the entire valley and found that the corpses of all the wandering warriors had turned into skeletons without any blood energy left. Ye Feng felt quite regretful that they had no energy to devour them.

"The war emperor left a giant bronze sword behind, and what was sealed should be a very strange and terrifying creature from the Hades era, called the 'soul-eating beast'." Emperor Chu's voice rang in his mind.

"Soul-eating beast?"

Ye Feng looked at the miserable situation in the surrounding valley at this moment and couldn't help but feel a little

He nodded fearfully.

Fortunately, I ran away quickly yesterday and sensed a life crisis in advance.

Otherwise, like these dead wandering warriors, I might become a withered skeleton and die in obscurity in this desolate forest.

At this moment, after Ye Feng sighed, he avoided the terrifying dark tide and walked directly towards the bronze giant sword that collapsed on the ground.

Uh-huh!

Ye Feng jumped up and flew directly to the body of the bronze giant sword.

This giant bronze sword is so majestic and vast. When it is inserted into the ground, it can penetrate the clouds and into the sky. When it collapses, it stretches across tens of thousands of miles of vast wilderness.

At this moment, Ye Feng squatted down, stretched out his hand, and touched the body of the bronze giant sword at his feet. He wanted to see if he could communicate with the sword spirit in the bronze giant sword and use it for himself.

"Young man, you don't want this sword for now. It still needs to follow me for a while."

But suddenly at this moment, a steady and powerful voice suddenly sounded not far away.

"Um?"

At this moment, Ye Feng felt an extremely terrifying feeling and looked not far away.

When Ye Feng saw a middle-aged man wearing a golden robe standing on the hilt area of the bronze giant sword, his pupils suddenly shrank.

This middle-aged man in golden robe gave Ye Feng an unfathomable feeling, like a vast ocean, with an aura of boundless terror.

Ye Feng's eyelids twitched.

Could this be the ancient war emperor from back then?

The War Emperor is not dead yet!

At this time, Ye Feng finally suddenly realized why the huge noise caused by the collapse of this bronze giant sword did not attract any powerful wild beasts after a night passed.

It turns out that the owner of the bronze giant sword, the War King himself, is here!

Chapter 3082 Suspected Domain Lord

At this time, Ye Feng's eyes were filled with deep fear.

Because this mysterious middle-aged man in a golden robe gave Ye Feng a terrifying feeling.

At this moment, Ye Feng couldn't help asking: "Is the senior the owner of this bronze giant sword, the peerless War Emperor back then?"

Ye Feng was a little unsure at this time.

After all, he also participated in the action of releasing the Soul Devouring Beast.

And the Soul Devouring Beast was sealed by the War Emperor with great difficulty back then.

So Ye Feng was really afraid that the War Emperor would kill him in anger.

But the next moment, the middle-aged man in a golden robe smiled slightly, and didn't seem to be angry or anything, just said: "Yes, I am the owner of this bronze giant sword, but I am not the War Emperor back then. The War Emperor has died in the battle, and I just sealed the Soul Devouring Beast. Since the Soul Devouring Beast has escaped, then this bronze giant sword, I will naturally take it back again."

"What?"

Hearing this middle-aged man in a golden robe say this, Ye Feng was shocked.

This middle-aged man is not the War Emperor.

And the most shocking thing is that the War Emperor died in the battle, but the Soul Devouring Beast that he did not kill was sealed by this middle-aged man in a golden robe.

What kind of cultivation is this?

It's scary to think about it!

Ye Feng felt dizzy at this time.

Why do I always encounter such terrifying guys in the past two days.

For example, the dark nine-headed dragon suppressed under the Great Leiyin Temple.

And the middle-aged man in a golden robe who seems to be equally terrifying.

Ye Feng suddenly felt that his current cultivation was still far away from the real top existence.

At this moment, the mysterious middle-aged man in a golden robe stretched out his hand and grabbed it. The huge bronze giant sword shrank rapidly and finally turned into a three-foot green sword, which appeared in the hands of the middle-aged man in a golden robe.

The middle-aged man in the golden robe glanced at Ye Feng who was not far away, and said: "You are the only young man who has touched the bronze giant sword in all these years and can withstand the killing aura in it. It seems that you are qualified to master this bronze sword, but I need this bronze sword temporarily to help me kill a great enemy that threatens the East Region, so I will borrow it first. When I complete the task, I will give this bronze sword to you, the destined person." After that, Ye Feng's eyes were shocked. A great enemy that threatens the East Region? Could this middle-aged man in the golden robe be the guardian of the East Region? It is rumored that every region of the Origin World has a mysterious guardian with great strength and unparalleled power. These guardians are also respected as "region masters" by the world. Ye Feng's eyes widened slightly at this time. The mysterious middle-aged man in the golden robe in front of him is very likely the region master of the East Region! Ye Feng couldn't help asking, "May I ask what your name is, senior?"

"No name or surname."

The mysterious middle-aged man in the golden robe smiled slightly, looked at Ye Feng, and said, "When I kill the enemy, I will personally give you the bronze sword."

Swish!

After saying that, the mysterious middle-aged man in the golden robe immediately jumped up, and his figure disappeared in the towering mountains in an instant.

At this time, Ye Feng looked at the figure of the middle-aged man who disappeared in the mountains, and he was a little strange in his heart. Why would this great man who was suspected to be the domain master give him the bronze giant sword later?

You know, even this great man who was suspected to be the domain master needed to rely on the power of the bronze giant sword to kill the enemy.

This shows that the bronze giant sword itself is a very terrible weapon, which may contain the power of the ancient magic weapon.

So, for such a precious weapon, why would this transcendent existence who was suspected to be the domain master wait for his arrival and then say such a thing to him.

Because at present, in the eyes of such a great man, he is definitely just a weak and humble existence like an ant.

According to common sense, Ye Feng probably doesn't even have the qualifications to talk to this domain master.

"Could it be that he sees something extraordinary about me?"

In the end, Ye Feng could only attribute it to his great potential in cultivation talent, which made this big man who was suspected to be the domain master look at him with new eyes.

But if you can't figure it out, don't think about it.

In any case, it's enough that this transcendent big man who is suspected to be the domain master has no bad intentions towards him.

Even in the future, he will take the initiative to give him a bronze giant sword.

This is a good thing.

Ye Feng was ready to leave at this time.

"Buzz!"

But suddenly at this moment, a monstrous black light suddenly enveloped the area where Ye Feng was at this moment.

This dark light made Ye Feng feel that his entire soul was trapped in darkness!

"It's the power of the soul-devouring beast!"

At this moment, Emperor Chu immediately spoke in Ye Feng's mind.

Ye Feng heard this and immediately showed a trace of horror in his eyes. He couldn't help but say: "That soul-devouring beast hasn't left this area yet? It seems to be waiting for the big man who is suspected to be the domain master to leave before attacking me. It's too cunning!" Ye Feng's eyes were a little low at this moment. He knew that the soul-devouring beast was terrifying. It was very scary. It wiped out the entire Qingyuan Wandering Alliance and had amazing lethality. So at this time, Ye Feng's first reaction was to escape from here and not fight the soul-devouring beast head-on. "Space Gem!"

At this moment, Ye Feng directly released the power of the space gem, opened up a space wormhole, and quickly teleported in a certain direction in the distance.

"boom!"

But the next moment, the form of the soul-eating beast was revealed high in the sky, like a dark cloud covering the sky, giving people a very depressing feeling.

The soul-eating beast instantly stretched out a black tentacle like a vine, and it spread downwards in an instant.

"Click" sound!

This black tentacle of the soul-eating beast actually shattered the space wormhole opened by Ye Feng in one fell swoop.

"What?"

When Ye Feng saw this scene, his eyes suddenly showed deep surprise.

This soul-eating beast actually has such a method?

"Let me fight it a little bit!"

At this moment, Emperor Chu rushed out of Ye Feng's mind.

In an instant, in front of Ye Feng, he transformed into a red giant of light.

"boom!"

Emperor Chu and the soul gem were one. At this moment, the power of the soul gem was directly bombarded. A crimson soul light wave burst out from Emperor Chu's fist in an instant and charged towards the soul-eating beast. , full of boundless destructive power, which poses huge harm and threat to soul-level monsters like the Soul-Eating Beast!

Chapter 3083 The Undead Soul of the War Emperor

"Boom!"

When the crimson soul light waves released by Emperor Chu hit the Soul-Eating Beast, it finally drove the Soul-Eating Beast back step by step.

When Ye Feng saw this scene, his eyes immediately showed excitement: "Okay! That's amazing!"

The necromancer suddenly said in his mind: "If Boy Chu, who is integrated with the soul gem, can't even defeat an extremely weak Soul-Eating Beast, then Boy Chu is really a waste."

When Ye Feng heard the Necromancer saying this in his mind, his eyes suddenly showed a hint of thinking.

Ye Feng couldn't help but said: "Senior Necromancer, if I use the spirit control technique you taught me before, I should be able to summon all the dead souls in this valley to help Emperor Chu deal with it. Soul-eating beast?"

The necromancer said in his mind: "Of course, but the undead souls of the warriors of the Qingyuan Wandering Alliance who died in this valley are all weak undead, and they are not on the same level as the soul-eating beasts, so it is difficult to be of any help. , if you go up there, you will be destroyed by the Soul-Eating Beast, and the Soul-Eating Beast will even swallow the undead you summoned, thereby increasing the Soul-Eating Beast's power."

Hearing what the Necromancer said, Ye Feng suddenly showed a look of disappointment in his eyes. He originally thought that he could help Emperor Chu deal with the Soul-Eating Beast, but now it seems that there is no other way.

At this time, the necromancer suddenly continued: "But, Mr. Ye, if you can use the spirit control technique I taught you to attract and summon the undead soul of the war emperor who died here, maybe you can deal with it." The Soul-Eating Beast has caused tremendous pressure. You must know that this Soul-Eating Beast has been sealed off for so many years and is now very weak. This is a good opportunity to kill the Soul-Eating Beast. "

Hearing what the Necromancer said, Ye Feng's eyes immediately lit up.

yes!

The war emperor who was at the same level as the Soul-Eating Beast died here in battle.

Even though endless years have passed, the ghost of the War Emperor may not have dissipated yet.

You can definitely try it yourself

try.

"good!"

Ye Feng's eyes showed excitement, and he immediately sat down cross-legged on the spot and began to use the spirit control technique taught to him by the Necromancer.

The art of controlling spirits was the first inheritance taught to Ye Feng by the Necromancer. It was also a powerful mage's technique that the Necromancer brought from another world.

In the world of origin, it is absolutely unique.

"Buzz!"

At this time, along with the secret of Ye Feng's spiritual control technique, he immediately felt that his soul seemed to be wandering in the sky, able to sense all the invisible and intangible mysterious things around him.

At this time, Ye Feng seemed to have a soul eye that peered into the origin of the world and could see things that ordinary people could not see.

Perhaps, in the eyes of ordinary people, the surrounding area is a very ordinary valley and jungle.

But at this moment, Ye Feng could see that there were all kinds of undead wandering around in the surrounding valleys, including the undead of wild beasts and the undead of people who had just died.

However, the soul fluctuations of these undead are very weak. Even if they are summoned, they cannot be the opponent of the soul-eating beast.

At this time, Ye Feng was looking for the soul of the war emperor who died in the battle.

"Um?"

Suddenly at this moment, Ye Feng sensed a very strong soul wave from the back mountain area of the valley.

That kind of soul fluctuation is as vast and endless as the vast ocean, filled with huge and boundless energy.

Uh-huh!

Ye Feng immediately communicated in that direction.

Soon, Ye Feng saw that in the back mountain area of the valley, a group of

A majestic figure with a majestic body and full of mighty golden light was standing there.

Although he is an undead, he exudes a strong and boundless masculinity, giving people a deafening and shocking feeling.

Ye Feng knew immediately that this undead spirit was definitely the undead spirit of the War Emperor who died in the battle back then!

"Buzz!"

At this moment, Ye Feng directly released his soul power and communicated with the undead warrior emperor.

The necromancer said in his mind: "Boy Ye, be careful. You cannot forcefully control undead at this level for the time being, otherwise it will backfire on your soul, leaving you blank and turning you into an idiot."

When Ye Feng heard the Necromancer's reminder, he immediately stopped his soul power and couldn't help but said: "You didn't tell me earlier! You almost made me an idiot! What should I do now?"

The Necromancer said: "This War Emperor died in the battle. He did not kill the Soul-Eating Beast, but only severely damaged the Soul-Eating Beast. Therefore, the Undead War Emperor must have deep unwillingness and resentment. You only need to kill this Undead War Emperor." , Subtly guided to the inner area of the valley, the War Emperor's undead spirit sensed the breath of the Soul-Eating Beast, and will definitely attack the Soul-Eating Beast. "

Hearing what the Necromancer said, Ye Feng immediately nodded and gave up his plan to forcibly control the undead War Emperor. Instead, he began to guide the unconscious Undead War Emperor toward the inner area of the valley.

Ye Feng's soul body did feel a very terrible resentment and unwillingness when it was close to the undead warrior king.

Obviously, before his death, this War King must have been filled with endless resentment and failed to kill the Soul-Eating Beast.

Uh-huh!

At this time, Ye Feng used his soul power to attract a trace of the Soul-Eating Beast's aura and transmitted it to the surroundings of the undead War King.

"boom!"

Sure enough, the War Emperor's undead soul sensed the soul-eating beast's breath and exploded instantly.

A very terrifying fighting spirit power came out, and he rushed quickly in the direction led by Ye Feng.

When the undead War King arrived at the inner area of the valley, the Soul-Eating Beast was completely exposed to the perception range of the Undead War King.

"kill!!!"

The undead Emperor of War spat out an indistinct killing sound.

Even though he has been dead for countless years and is now just an undead body, he burst out with overwhelming power and aura at this moment. It was as if the War Emperor was reborn, and his whole body burst out with boundless golden light, filled with endless fighting energy, directly. It charged towards the high altitude, unleashing a terrifying and boundless killing energy.

"howl!!!"

The soul-eating beast that was fighting fiercely with Emperor Chu high in the sky suddenly sensed the uninvited guest of the undead Emperor Chu. It immediately screamed and wanted to escape from here.

Perhaps, Soul Eater felt that he could defeat Emperor Chu alone.

But if the undead warrior king joins, it will certainly not be able to stop the two from joining forces.

So at this moment, the soul-eating beast immediately ran away quickly towards the distance.

"Space prison!"

At this time, Ye Feng also joined the battle and directly released the power of the space gem, condensing a space prison and blocking the soul-eating beast's retreat.

Boom!

The soul-eating beast hurriedly shattered the spatial prison, but it was also a step slower because of this.

The Chu Emperor and the War Emperor Undead rushed over, and both of them took action, bursting out with terrifying power, which directly shattered the Soul-Eating Beast's body into countless fragments of the Soul Beast.

At this moment, Emperor Chu immediately spoke to Ye Feng below: "Ye Feng! Hurry! Absorb these soul beast fragments! Under my guidance later, you may be able to condense a possessor of Ye Feng." The soul clone of the Soul-Eating Beast with all its abilities!"

Chapter 3084 Great changes in the Water Sacred Land

"Soul clone?"

"Do you still have all the abilities of the Soul-Eating Beast?"

Hearing what Emperor Chu said, Ye Feng suddenly showed a hint of surprise in his eyes.

He never thought that there was such an operation?

When Emperor Chu saw Ye Feng stunned, he immediately took action personally and forced all the fragments of the soul beast that the soul-devouring beast turned into into Ye Feng's body.

Emperor Chu said aloud: "This method is recorded in a memory fragment I recently awakened. I didn't expect it to come in handy so quickly."

Ye Feng was even more surprised when he heard this.

Unexpectedly, Emperor Chu's memory fragments are still awakening, and they also contain such ancient and magical secrets.

Ye Feng is now becoming more and more curious about the identity of Emperor Chu in his previous life.

At this time, Ye Feng felt the soul beast fragments in his body. He no longer hesitated and concentrated on absorbing those soul beast fragments.

Under Chu Huang's step-by-step guidance, Ye Feng quickly reassembled these soul beast fragments in his soul world.

Then, a small soul-eating beast with a dark soul state appeared in Ye Feng's soul world.

Next, Ye Feng put his own soul mark into this reorganized soul-eating beast.

Buzz!

At this moment, Ye Feng suddenly felt that this reorganized soul-eating beast had become a part of his soul.

The next moment, Ye Feng exited his soul space, and then thought.

Buzz!

Almost at this moment, a dark light of soul state suddenly appeared in the void behind Ye Feng.

The terrifying figure of the Soul-Eating Beast floated up and down in this pitch-black light, emitting a very terrifying dark aura.

At this time, Ye Feng's face immediately showed a look of joy, "I didn't expect that I would actually get the soul clone of the Soul-Eating Beast!"

Emperor Chu also turned into a red light at this time and returned to Ye Feng's mind and soul space.

Emperor Chu said aloud: "The reorganized soul-eating beast clone does not have the terrifying power before, but it is growable. It will become stronger as Ye Feng's soul strength increases." \u003c

br\u003e

Ye Feng nodded slightly, then jumped up and left the place.

In the following time, Ye Feng continued to hunt various ferocious beasts in the wild forest.

With the help of the soul-eating beast clone, Ye Feng's soul power methods have become much stronger.

Because when looking for a ferocious giant beast, you can use the soul-eating beast clone to instantly attack the soul of the ferocious giant beast in advance, and then Ye Feng will take action himself. Even evil beasts that are several levels higher than Ye Feng will be killed by Ye Feng. Feng was eventually killed.

In this way, in just half a month, Ye Feng hunted and killed more than twenty high-level ferocious beasts in the nearby wild forest area.

These ferocious giant beasts provided Ye Feng with huge blood energy, allowing Ye Feng's cultivation to finally accumulate to the state of perfection at the tenth level of the Aspiration Realm.

There is only one step left to reach the Celestial Master Realm cultivation level above the Aspiration Realm!

On this day, Ye Feng planned to continue deep into the inner area of the Great Wilderness Forest, because the energy of the giant beasts in the outer area was too low to allow Ye Feng's current cultivation level to break through.

But the moment Ye Feng stepped into the inner area of the Wilderness Forest, a majestic golden saber-toothed tiger measuring tens of thousands of meters almost crushed Ye Feng!

The demonic aura on this golden saber-toothed tiger is so overwhelming that it is definitely a super demonic beast at the level of the Divine Mansion Realm that has surpassed the Heavenly Master Realm!

This is something that the current Ye Feng cannot afford to offend.

So Ye Feng gave up when he saw the opportunity, no longer took risks for the time being, and stayed away from the deep areas of the wild forest.

Ye Feng counted the time and found that it had been a long time since he came out. It was time to go back to Yiyuan Dao Sect.

After all, she never went back. Maybe the eldest lady thought that she had rebelled and gone to other forces.

Moreover, Ye Feng still needs to continue to learn alchemy from Master Yi, and learn weapon forging from the master of the weapon refining mountain, the red-bearded old man.

Therefore, Ye Feng is naturally reluctant to leave Yiyuan Daozong for the time being.

But just when Ye Feng left the wild forest and passed through an area, he suddenly seemed to have thought of something, and he turned fiercely toward

Fly quickly in the other direction.

At this time, Ye Feng saw the building not far away, which was the underground city black market.

However, the place Ye Feng wants to go to at this time is not the underground city black market, but a large power located not far from the underground city black market, the Water Sacred Land.

Ye Feng suddenly remembered that Shui Lingxi, the little princess of the Water Holy Land, calculated the time and estimated that her innately cold body had accumulated a lot of innately cold energy. He happened to be passing by here and happened to go see it. After seeing how Shui Lingxi was doing now, she decided to absorb the extremely cold air, which might help her improve her skills.

After all, Ye Feng's current cultivation level has reached the tenth level of the Aspiration Realm. He is in a bottleneck period and needs high-level energy to break through the bottleneck.

Swish, swish, swish!

Ye Feng was very fast. In less than half a day, he had arrived from the area near the underground city's black market to where the Water Sacred Temple was located.

But what surprised Ye Feng was that the Holy Water Land was completely different from the first time he came.

Ye Feng still remembers that when he first came, the entire sacred water land was full of fairy air, and the water vapor was hazy. It looked like a fairyland, so beautiful that it seemed unreal.

But at this moment, in Ye Feng's field of vision, the entire area around the Water Holy Land was filled with human soldiers wearing blue armor. These soldiers were all disciples of the Water Holy Land.

In addition, various large-scale war machines, such as war repeating crossbows, elemental towers, angel guardian bells, etc., all stand within the territory of the Water Holy Land, exuding terrifying energy fluctuations and causing extremely terrifying destruction. force.

The entire sacred water land seemed to have suddenly transformed from a beautiful fairyland into a war city, with an iron-blooded murderous aura breaking through the sky.

"What exactly happened here?"

Ye Feng was very stunned.

My arrival this time was only a few months away from the last time.

Why did the sacred land of water suddenly undergo such a huge change!

Uh-huh!

Ye Feng flew over.

"He who comes is stopped!"

The next moment, a large group of soldiers in blue armor immediately surrounded him, pointing their extremely sharp swords at Ye Feng, murderous and menacing.

However, when they sensed Ye Feng's aura of cultivation at the tenth level of the Ascension Realm, their expressions became more solemn.

Because of his perfect cultivation in the tenth level of the Aspiration Realm, he is already considered a master in the neighborhood, and the other party looks so young, so he is probably a peerless genius of some big force.

At this moment, the leader of this group of blue armored soldiers immediately said to Ye Feng: "Now our Water Holy Land is in a state of war. If something happens to you, please come back after a while. Now we Water Sacred Land is very busy from the top to the bottom and has no time to entertain guests."

Ye Feng didn't get angry, he just smiled slightly and said, "I am a friend of your Holy Lord of the Water Holy Land. My name is Ye Feng."

"What?"

"You are the peerless alchemist who cured the life of our little princess of the Water Holy Land?"

As soon as Ye Feng finished speaking, a group of murderous blue armored soldiers present suddenly widened their eyes, and their eyes suddenly became curious and respectful.

Ye Feng was surprised. He didn't expect that his name was so effective in the Water Holy Land. Even the most basic disciples had heard of his name.

At this time, Ye Feng took out an identity token and said, "I am Ye Feng, I guarantee it's true."

This identity token was secretly given to Ye Feng by the Lord of the Water Holy Land before Ye Feng left the Water Holy Land, so that it would be easier for Ye Feng to enter when he came to the Water Holy Land to treat the little princess Shui Lingxi. Water sacred place.

"It's really Lord Ye Feng!"

Seeing the special token in Ye Feng's hand, a group of disciples of the Water Holy Land wearing blue armor immediately put away the soldiers in their hands, quickly clasped their fists respectfully and said: "We were rude just now, why did you ask Ye Feng?" Forgive me, Mr. Feng!"

"It doesn't matter, special times, special treatment, I am not an unreasonable person."

Ye Feng smiled nonchalantly, and then asked with curious eyes: "What happened to your Water Holy Land? How could you disciples be allowed to put on armor and become soldiers in a state of war?"

Chapter 3085 Cheering Shui Lingxi

Hearing what Ye Feng said, the blue-armored disciple in front of him immediately spoke out: "There is chaos in the primitive ocean in the deep area of our Water Sacred Land."

"Primordial ocean?"

Ye Feng's eyes were stunned, and he said loudly: "I have been to that primitive ocean before. Isn't it a place specially designed for you, the disciples of the Water Holy Land, to practice? Why did chaos suddenly break out?"

The blue armor disciple replied: "We don't know the specific reason. For thousands of years, nothing happened, but during this period of time, there was a sudden riot. It seemed that a very terrifying ancient sea monster awakened in the depths of the primitive ocean. , commanded various

small groups of sea monsters in the chaotic primitive ocean area, and condensed into a huge sea monster alliance, so they can have the foundation and power to compete with our water sacred land.
"

When Ye Feng heard what the blue-armored disciple said, he immediately nodded and said, "Take me to see the little princess first. I need to make sure her condition is stable first."

"good!" .??.

The blue armor disciple did not dare to waste time, and immediately nodded and led Ye Feng towards the inner area of the Water Sacred Land.

When Ye Feng came to the inner area of the Water Sacred Land, he saw that the entire Water Sacred Land was not only the outer area, but also the inner area. There were various powerful troops stationed everywhere, and there were also teams controlling hundreds of people. The puppet master of the meter-high steel puppet is also preparing to go to the primitive ocean area to prepare for battle.

Ye Feng understood immediately. It seemed that the Water Holy Land was really in huge trouble this time, and almost all of them were mobilized.

When Ye Feng came to the living area of the little princess Shui Lingxi of the Water Holy Land, he found that it was still extremely peaceful and seemed to never be disturbed by the outside world.

Ye Feng walked into the house and immediately saw a very beautiful young woman standing by the pool of the house with a dazed look on her delicate little face.

Ye Feng immediately sensed that there was a hint of coldness on Shui Lingxi's body.

However, there was no trace of pain on Shui Lingxi's beautiful face.

Obviously, the extreme cold has not yet completely set in.

Uh-huh!

Ye Feng instantly dodged over and came to Shui Lingxi's side.

"who?"

Shui Lingxi was very alert, and suddenly a light flashed in her hand, and a jade sword appeared, stabbing towards her side.

"when!"

But the next moment, Ye Feng stretched out two fingers, like lightning, and instantly clamped the tip of the jade sword that was about to stab him in front of him, and said with a smile: "Little princess, it's me."

"Ah! Brother Ye Feng!"

Shui Lingxi's beautiful eyes immediately showed a look of deep surprise. She quickly took back the jade sword in her hand and stood in front of Ye Feng. She lowered her head slightly, her beautiful eyes full of surprise and shyness.

Ye Feng smiled slightly and said aloud: "I happened to pass by your Water Sacred Land this time and came to see how you are doing during this period."

Shui Lingxi said with a smile: "Brother Ye Feng, don't worry, I have been very comfortable during this period, and I haven't felt the slightest bit cold. However, in the past few days, I have started to feel a little cold."

Ye Feng nodded slightly and said aloud: "The extremely cold air in your body has accumulated a lot, but it has not happened for the time being. I came just in time to drive away the extremely cold air from you."

Buzz!

After saying that, Ye Feng reached out and grabbed Shui Lingxi's little hand.

Ye Feng immediately released his devouring power and began to absorb Shui Lingxi's extremely cold energy.

"Buzz buzz..."

Suddenly, a wave of coldness

The energy was absorbed by Ye Feng, injected into his Dantian, and integrated into his skill.

At this time, Ye Feng suddenly felt that his skill had increased tremendously.

However, what makes Ye Feng quite disappointed is that perhaps the time interval is too short, so the extremely cold energy accumulated by Shui Lingxi is not that huge. It only improves Ye Feng's skill, but it does not make him Ye Feng's cultivation level directly broke through.

At this moment, Shui Lingxi suddenly thought of something and said loudly: "By the way, brother Ye Feng is coming from outside. What is the current situation of our Water Holy Land? Although I have been in the house all the time, But I don't know what the fighting situation is like outside. Although I am the little princess of the Water Holy Land, I have never been able to do anything for the Water Holy Land, which makes me a little ashamed."

At this time, Shui Lingxi said, with a trace of a wry smile in her beautiful eyes.

Obviously, Shui Lingxi had a very low self-esteem. Not only was she physically weak, but she was also unable to practice, which would not be of any help to the Holy Land of Water.

As for the Water Sacred Land, it spent a lot of resources to keep her alive for this little princess.

At this time, Ye Feng suddenly flashed his eyes and said: "Shui Lingxi, if you want to go out and take a look, I can take you out with me, because I don't know what the fighting situation is like outside. No travel to pristine ocean areas."

Hearing what Ye Feng said, Shui Lingxi couldn't help but said: "But, I can't go out. My father doesn't allow me to go out, saying it's too dangerous."

Ye Feng smiled and said: "It doesn't matter, as long as I am guarding you, ordinary people can't hurt you. Moreover, we are just going to the edge of the primitive ocean to take a look, so there should be no danger."

Shui Lingxi was immediately moved when Ye Feng said this.

Now the Lord of Water God is commanding the overall situation in the battlefield and has no time to care about her daughter.

Shui Lingxi thought about it carefully, and finally couldn't help but nodded and said, "Brother Ye Feng, I yearn for the outside world. Please take me out."

"good."

Ye Feng nodded, and then directly released his Soul-Eating Beast clone.

Buzz!

A large swath of dark light immediately appeared around Ye Feng.

Shui Lingxi sensed that this dark light seemed to contain very terrifying and evil power. She couldn't help but said with some fear: "Brother Ye Feng, what is this?"

Ye Feng smiled slightly and said: "This is a clone that I have recently cultivated. It is very powerful. It can take you to heaven and earth and protect your safety. In this case, it will be convenient for you to go out with me."

Buzz!

After saying that, the soul-eating beast clone turned into a dark light and enveloped Shui Lingxi.

Ye Feng said with a smile at this time: "I have made the Soul-Eating Beast clone and Shui Lingxi's soul merge together. Now, besides me, you can also simply control the power of the Soul-Eating Beast clone."

"Really?"

When Shui Lingxi heard this, her beautiful eyes suddenly lit up.

The next moment, Shui Lingxi just moved her mind and began to control the dark light around her.

Buzz!

Shui Lingxi suddenly jumped into the air and flew into the mid-air.

"Wow! I'm really flying!"

Shui Lingxi immediately cheered excitedly, because she has always been unable to practice. Although she has a noble status, she is just a useless person.

But now, Shui Lingxi has extraordinary power, can go up to the sky and into the earth, and launch powerful attacks.

This naturally made Shui Lingxi extremely happy!

Chapter 3086 Innate intuition

Using the soul-eating beast clone can give a mortal the power of the clone.

This method was what Emperor Chu told him in his mind.

So Ye Feng happened to be testing it on Shui Lingxi at this time.

Unexpectedly, it actually succeeded.

Turn Shui Lingxi, a mortal, into a powerful monk with the ability to reach heaven and earth.

You know, Ye Feng's soul-eating beast clone is extremely powerful.

Therefore, Shui Lingxi has instantly transformed from a helpless mortal into a powerful practitioner with powerful power.

Uh-huh!

At this time, Ye Feng also jumped, flew directly into the air, came to Shui Lingxi's side, and said with a smile: "You are now enveloped in dark energy, like a little witch, haha."

Shui Lingxi immediately wrinkled Xiaoqiong's nose and said loudly: "The little witch is not good, I want to become a little fairy."

Ye Feng nodded slightly and said with a smile: "As long as the confinement of your innate extreme cold body is solved, you can start practicing, and the practicing speed will be very fast. By then, you will be able to do it without resorting to external forces. Flying into the sky and into the earth."

Shui Lingxi nodded vigorously and said aloud: "I hope to find a way to open up my two channels of Ren and Du as soon as possible. In this case, I can release the confinement of my innate extreme cold body, so that after practicing, I can also I am going to see the outside world with Brother Ye Feng. I have always been restrained in the big house in the Water Holy Land. Although I am well protected, I have always longed for the excitement of the outside world! "

At this time, Shui Lingxi spoke, her tone full of yearning for the outside world and hope for freedom.

Ye Feng looked at Shui Lingxi's shining eyes, immediately smiled and nodded, and said loudly: "I will definitely be able to find a way to open up your two channels of Ren and Du."

When Shui Lingxi heard what Ye Feng said, she nodded heavily and said, "I will definitely be able to find a way."

, I also want to become a person as powerful as Brother Ye Feng! "

Obviously, in Shui Lingxi's heart, the desire for practice is still very strong.

Ye Feng looked at the young woman with extremely determined eyes next to him and nodded solemnly, obviously believing that Shui Lingxi would get better.

While the two were chatting, they had already traveled through most of the Water Sacred Land, and finally arrived at the pristine ocean area on the other side.

Here, there are no buildings around, and it looks endless.

"So beautiful!"

Looking at the boundless blue sea in the distance, Shui Lingxi's beautiful eyes were filled with wonder.

Obviously, Shui Lingxi had been very well protected since she was a child and was bound to endless large houses and buildings.

So this should be the first time Shui Lingxi left the core area of the Water Sacred Land and came to the outside area.

At this time, Ye Feng stood next to Shui Lingxi, looking at the vast sea not far away, and said loudly: "Coming here means there is a huge danger. Although you will have my soul clone, Protection, but it's best to stay closer to me, I can protect you at any time."

"OK!"

Shui Lingxi immediately nodded obediently in front of Ye Feng.

Because Shui Lingxi also knew very well that she came here this time without telling her father.

If Shui Lingxi was really injured because of carelessness and the Lord of Water God found out, then it would definitely be bad.

So Shui Lingxi knew that in order to keep her secret from being exposed when she went out to play, she had to really protect herself and prevent herself from being harmed.

He could hide his words from his father's questioning.

At this time, Shui Lingxi looked in a certain direction not far away and asked aloud: "Can we get close to that primitive ocean now?"

Ye Feng nodded slightly and said aloud: "As long as you follow me, there will be no problem. I can sense the danger in advance, and my current cultivation strength is better than the last time I came here. I don't know how much stronger I am now. Even in the Eastern Territory, I can be considered a master. I won't encounter any irresistible dangers so easily. Moreover, the area we are in now should be regarded as your water god. The battle is relatively far away from the earth and the primitive ocean, so it should not be affected."

The reason why Ye Feng came here this time was of course to continue entering the primitive ocean and see if he could get any luck.

The last time Ye Feng came, he got a lot of benefits.

So this time, Ye Feng's strength has been greatly improved, and he naturally wants to go deeper into this primitive ocean and discover more resources and opportunities.

However, Ye Feng brought Shui Lingxi here this time, of course, to satisfy the other party's wish to come out and take a good look at the outside world.

In addition, Ye Feng felt that Shui Lingxi's innately cold body was inextricably linked to the ocean.

Maybe Shui Lingxi could get some special blessings from this primitive ocean.

This is a feeling that leaves the wind in the dark. ??

It's impossible to tell, it's unclear.

But it does exist!

So Ye Feng subconsciously brought Shui Lingxi here this time.

Uh-huh! Uh-huh!

At this time, both of them moved forward, and soon arrived at the edge of the primitive ocean.

Here, Shui Lingxi closed her eyes slightly and could feel the vastness and waves of the entire ocean.

At this time, Ye Feng's soul power spread all around, allowing Ye Feng to sense changes in everything nearby.

Ye Feng could feel that there were no energy fluctuations around him. Sure enough, this was a relatively quiet and safe area far away from the water holy land and the primitive ocean.

At this time, Shui Lingxi seemed to sense something and suddenly flew quickly in a certain direction. When Ye Feng saw this scene, he quickly followed.

When he arrived at his destination, Ye Feng was surprised to see a huge reef in this area of the ocean.

On this reef, there are pieces of special jade material that are blue and emerald-like.

The surface of these emeralds exudes a faint blue light and looks very beautiful.

But what really shocked Ye Feng was that these emeralds contained a very pure ocean energy.

Ye Feng couldn't help but look at Shui Lingxi beside him, and asked with some surprise: "Don't you practice any secret skills? You just rely on your own natural intuition to sense these precious ocean jade jade?"

Shui Lingxi couldn't help but nodded and said aloud: "I have been troubled by my extremely cold body since I was a child. Of course I cannot practice any secret skills. I just had my innate intuition. I didn't expect it to be true." I sensed something special, are these jade jade precious?"

Ye Feng nodded and said loudly: "It is an extremely rare ocean jade. Very few people can usually find it, but I didn't expect you to sense it in an instant, and the position of the sense is so accurate. It seems that this is consistent with yours." The extremely cold body has something to do with it."

At this moment, Ye Feng was talking and looked at Shui Lingxi, the little princess of the Water Holy Land in front of him, with a thoughtful look in his eyes.

Chapter 3087 Undersea Volcano

After thinking for a while, Ye Feng said slowly: "This should be your innate talent, and it has a lot to do with your extremely cold body."

Hearing what Ye Feng said, Shui Lingxi immediately showed a trace of surprise in her eyes, and couldn't help but said: "Brother Ye Feng, is this really my exclusive talent?"

Ye Feng nodded with certainty and said loudly: "Yes! I'm sure."

After finishing speaking, Shui Lingxi's eyes suddenly showed a hint of joy.

Because Shui Lingxi had always felt that she was useless, and was a great drag on the people around her.

Even when she came out this time, Ye Feng needed to release the soul clone of the Soul-Eating Beast to help her and protect her before she could come out and see the outside world.

So at this time, Shui Lingxi was naturally very happy when she heard Ye Feng praising herself.

The more Shui Lingxi thought about it, the happier she became. She couldn't help but grab Ye Feng's hand and said as if she was doing something good: "That's great. This time I will make good use of my talent to find a way for Brother Ye Feng." Various precious marine materials allow Brother Ye Feng to quickly improve his cultivation strength! Brother Ye Feng is so kind to me and is my savior. I also need to do something for Brother Ye Feng so that I can Peace of mind!"

For Shui Lingxi, Ye Feng is probably the closest person besides her father, because Ye Feng saved her life and allowed Shui Lingxi to truly be freed from endless pain.

Moreover, Ye Feng sometimes made Shui Lingxi feel that he was better than her father in a certain sense.

Because Shui Lingxi's father only knew how to protect her, locking her deep in the deep area of the Water Sacred Land, preventing her from coming out, but Ye Feng could use various means to make her come out safely and securely. play.

At this time, hearing what Shui Lingxi said, Ye Feng said aloud: "Shui Lingxi, you can try to see if you can absorb the energy essence in this ocean jadeite. Since you can sense

If you respond to them, it means that your extreme cold body must be inseparable from this energy. Maybe it will allow you to break the shackles of your extreme cold body and really start practicing."
"

"Really?"

Hearing what Ye Feng said, Shui Lingxi's eyes immediately lit up, and she nodded and said, "Okay, then I'll give it a try."

Uh-huh!

At this moment, Shui Lingxi controlled the soul-eating beast clone and flew directly to the reef not far away. Then he stretched out his hand and pressed it on the emerald-colored ocean jade, and then tried to interact with the ocean in it. Energy induction.

But the next moment, Shui Lingxi immediately showed a trace of disappointment in her eyes, and said loudly: "Brother Ye Feng, I have no connection at all with the energy in these ocean jade jade. It seems that I can't absorb it. If you have energy, you can only sense them, but you can't integrate with them."

Hearing what Shui Lingxi said, Ye Feng also landed. He couldn't help but touch the other person's little head, smiled and said comfortingly: "Don't be discouraged, you can always find other ways."

Shui Lingxi nodded, but fell silent for a while, obviously still very disappointed.

But then, Shui Lingxi raised her head suddenly, her eyes were very bright, and said loudly: "Since I can't absorb it myself, then I will search for various resources in the ocean for you, Brother Ye Feng, so that Brother Ye Feng can quickly "

When Ye Feng heard what Shui Lingxi said, he felt a little warmth in his heart. Then he smiled and said, "Okay, thank you sister Lingxi."

At this time, Ye Feng was still quite happy in his heart. The little princess of the Water Holy Land whom he rescued was obviously a loyal person, not a

Ungrateful people.

Ye Feng indeed needs a huge amount of resources and energy at this time to improve his final cultivation bottleneck.

After all, Ye Feng's cultivation has been stuck in the tenth level of the Aspiration Realm for a long time.

So at this time, Ye Feng didn't show any pretense, he directly released the Devouring Domain, and then began to devour the emeralds growing on the large reef in front of him.

These emeralds contain extremely powerful and high-grade ocean essence, which immediately greatly improved Ye Feng's skills.

Half an hour later, although Ye Feng devoured these emeralds, his cultivation level still had not broken through, but it had almost reached a critical value.

"We continue to look."

Ye Feng looked at Shui Lingxi beside him and said, "You continue to sense."

"good!"

Shui Lingxi nodded immediately, then closed her eyes slightly and continued to sense other marine resources around her.

At this time, Ye Feng stood beside him, looking at Shui Lingxi who was sensing, with a look of surprise in his eyes.

Because even Ye Feng's powerful soul power is something that cannot be sensed, Shui Lingxi can sense it. This is indeed an extremely special talent, and it is a unique talent that can be used in the ocean area.

At this time, when Shui Lingxi sensed it, Ye Feng saw that there was even a layer of misty ocean mist around Shui Lingxi, which looked very hazy and mysterious.

Suddenly Shui Lingxi opened her eyes, looked in a certain direction, and said happily: "Brother Ye Feng, I feel it again! And this time the energy fluctuation is stronger than the last time, it must be stronger than jadeite." Something precious."

Shui Lingxi said very happily at this time, because she really did have this kind of talent, and it was not a coincidence.

and

And being able to help Ye Feng gave Shui Lingxi a great sense of accomplishment.

Ye Feng immediately nodded and said: "The direction you are sensing now is deeper into the primitive ocean. It may be dangerous. You must follow me every step of the way."

"Okay, I will definitely follow brother Ye Feng!"

At this time, Shui Lingxi said, and even took the initiative to hold Ye Feng's arm, almost next to Ye Feng, looking very intimate.

Ye Feng didn't pay much attention to this, just smiled slightly, and then quickly flew towards the direction Shui Lingxi sensed with Shui Lingxi.

When Ye Feng arrived at his destination, he immediately saw a shocking scene.

I saw that in the depths of this ocean, there was actually a piece of molten lava on the seabed, which spurting out, creating a huge amount of water vapor around it.

And in this volcanic crater area where lava is gushing thinly under the sea, a huge crimson lotus actually grew.

This red lotus exudes extremely terrifying heat.

As soon as Ye Feng saw it, he knew that this must be a very high-end treasure of heaven and earth, containing huge medicinal power!

If you swallow it yourself, you will definitely be able to achieve an instant breakthrough in your cultivation!

"Where did these two young men come from? How dare they take advantage of the treasure that I have guarded for so long? Do you want to die?"

But just when Ye Feng was about to approach the submarine volcano, suddenly accompanied by a cold warning, an old man wearing a red robe appeared, his eyes flashing with murderous intent.

Ye Feng immediately whispered to Shui Lingxi beside him: "Be careful, the one who comes is not good."

Emperor Chu suddenly said in his mind: "You are the one here."

Ye Feng smiled and said: "No matter who comes, whoever has the biggest fist is qualified to get such unclaimed treasures."

Chapter 3088 The old man in red robe

At this time, after Ye Feng finished speaking, he walked directly forward, stared at the old man in red robe, smiled slightly, and said loudly: "Your Excellency also came here to find opportunities, but he came a few days earlier than me, so he said this A red lotus is yours, isn't that a little too overbearing?"

When the old man in red robe saw Ye Feng's unkind look, a sharp black scimitar suddenly appeared in his hand, and he directly slashed at Ye Feng without even bothering to say anything.

Obviously, this old man in red robe is also a decisive person, and he actually wants to kill Ye Feng, an uninvited guest.

Ye Feng saw this scene at this moment, his eyes showed a cold look, and he said loudly: "Since you dare to take action against me, then I won't be polite."

Ye Feng could feel at this time that the cultivation aura of this red-robed old man was that of a powerful Heavenly Master who was above the Aspiration Realm.

But he was only a practitioner of the third level of the Heavenly Master Realm, not very powerful, and Ye Feng was not afraid.

"Boom!" .??.

Ye Feng asked Shui Lingxi to stay where he was, and then a huge and boundless cultivation aura suddenly burst out from his body, and he rushed quickly towards the distance.

"Boom!"

At this moment, Ye Feng punched directly in front of him, and the power of the Chaos Body suddenly exploded.

"when!"

Ye Feng's fist suddenly hit the black scimitar of the red-robed old man, making a huge metallic roar.

"Crack!"

The next moment, what shocked the red-robed old man to the extreme was that the jet-black scimitar he had carefully refined did not cut and break Ye Feng's fist. Instead, it was broken into pieces by Ye Feng's fist.

"How can it be?"

The old man in red robe suddenly showed a deep and incredible look in his eyes, and couldn't help but exclaimed: "This knife of mine is made of the black god meteorite iron under the Tianshan Mountains. Your body and flesh are How can boxing directly hit my treasure?"

knife? "

At this time, Ye Feng just smiled coldly and said, "There are many things you don't know."

boom! !

At this moment, Ye Feng rushed directly in front of the red-robed old man and continued to punch hard.

"Ocean Shield!"

The red-robed old man roared loudly, and actually condensed all the surrounding seawater together, and then instantly condensed a huge water shield in front of him.

"Wow!"

The moment Ye Feng's fist struck the water shield, the entire force was removed without causing any damage to the water shield.

"Um?"

This scene immediately revealed a hint of surprise in Ye Feng's eyes.

Unexpectedly, this old man in red robe still has some tricks.

At this moment, he can actually use the power of the entire ocean to form a shield that can resolve all attacks.

At this time, seeing that Ye Feng's attack power was ineffective, the red-robed old man couldn't help but become proud again, and couldn't help but said: "I thought you had some powerful means, but it turns out it's just a body. You're just a stupid boy with stronger strength. If you rely only on brute force, you won't be able to hurt me at all!"

"Ocean Realm!"

"Water God imprisoned!"

boom!

At this moment, the red-robed old man immediately released an extremely powerful method, directly condensing countless ocean energies around him to form an ocean field, surrounding Ye Feng.

And at this moment, there is a lot of water in the surrounding ocean, forming giants of water.

The giants all exuded very strong ocean energy and contained very terrifying attack power, and they attacked Ye Feng fiercely.

Obviously, this old man in red robe must be a practitioner who has lived in this primitive ocean for a long time.

He may be a very powerful casual cultivator, possessing very powerful water attribute methods, and he feels like one with the entire ocean.

At this time, Ye Feng's eyes did not hesitate at all, and he directly released his most powerful technique at present, which is the inheritance of the ancient emperor, the ancient holy body's great creation magic technique!

"boom!!"

At this moment, Ye Feng was running this technique, and extremely powerful energy surged out from his entire body.

Ye Feng's whole body directly turned into a golden giant, extremely towering and majestic, full of unparalleled power, and went directly towards the surroundings with crazy bombardment.

At this moment, Ye Feng's golden fist was as big as a mountain. No matter what it hit, everything exploded.

The water giants that rushed over one by one were unable to resist Ye Feng's iron fist, and were all shattered by the blast and turned into countless fragments.

Moreover, Ye Feng's Ancient Holy Body was filled with extremely terrifying energy, and every move he made could cause the entire world to tremble.

Even if the surrounding ocean realm was condensed by the red-robed old man, it was shattered every inch by Ye Feng.

It has to be said that Ye Feng really proved this time that one force can defeat ten, and one punch can defeat all kinds of magic.

As long as the power is strong enough, it can break anything!

"What kind of skill is this? Why does it give me such a terrifying feeling? Does the golden giant you turn into have the legendary physique? The Unparalleled Holy Physique? This is impossible! This taboo physique should have disappeared long ago. In history, how could it happen that you, a little

On the boy! "

At this time, the old man in red robe couldn't help but exclaimed repeatedly. Apparently he was shocked by Ye Feng's ancient holy body and didn't know what to say.

Because Ye Feng's ancient holy body is really too powerful.

Every time the fist was waved, it was like the ancient sacred mountain hitting the heaven and earth. It was impossible to resist it. It was too depressing and terrifying.

The red-robed old man suddenly understood at this moment that he could not be the opponent of this terrifying young man.

Because this young man is just like a young dragon lurking in the sea. He is simply fearless and invincible. He cannot resist it by using some spells like this.

"I surrender!"

The old man in red robe knelt down directly. It was obvious that he was an old man who could bend and stretch.

"There's no point in surrendering! What's the use of leaving you alive!"

Ye Feng didn't take this trick and rushed over and punched the old man in red robe.

Poof!

The red-robed old man immediately broke several of his teeth, spurted out a mouthful of blood, and flew backwards.

"Huh? You withstood my punch and didn't die?"

Ye Feng's eyes showed surprise, and then he instantly rushed in front of the old man in red robe not far away, and continued to prepare to punch him and kill him.

"Stop fighting, stop fighting!"

At this time, the old man in red robe immediately shouted: "You and I are desperately trying to grab this red lotus. We must be in great need of various resources to improve our cultivation, right? Spare my life, I can help you Go get all kinds of training resources!"

When Ye Feng heard this, his eyes flashed, and his fist stopped just before hitting the red-robed old man's head, but he still stared at the red-robed old man in front of him with murderous eyes, and said: "Is there any way you can get more?" H?"

Chapter 3089 Thirty-six Islands in the Chaos Demon Sea

Hearing Ye Feng's question, the red-robed old man immediately breathed a sigh of relief. It seemed that he had guessed correctly. The strong young man in front of him was in great need of various resources.

At this moment, the old man in red robe looked at the murderous eyes of Ye Feng in front of him, and did not dare to neglect, and said quickly: "It is really a waste of time to look for various resources in this vast sea. The best The way is to go directly to places where resources are gathered, such as the Thirty-Six Islands in the Chaos Demon Sea."

"Thirty-six islands in the Chaos Demon Sea?"

Ye Feng's eyes showed a trace of surprise, and he couldn't help but said: "Where is that place? Where is it in this primitive ocean? How come I have never heard of it."

The red-robed old man immediately spoke up and said: "The Thirty-six Islands in the Chaos Demon Sea are a very huge pirate force nearby. This force does all kinds of evil. If we go to rob their resources, it can be regarded as justice for heaven."

Ye Feng couldn't help but said: "I didn't expect that there are pirate forces in this primitive ocean, so don't you care about the water sacred land that controls this primitive ocean?"

The red-robed old man immediately sneered and said: "What is the Holy Land of Water? It's just a second-rate force. The primitive ocean is a very vast and endless ocean area. The area of the primitive ocean controlled by the Holy Land of Water is only a very small area. A small part, the entire primitive ocean is vast and boundless, which cannot be completely controlled by the Holy Land of Water. Moreover, the Holy Land of Water is currently engaged in a huge war with the Siren Alliance in the primitive ocean, and has no time to control some pirate forces derived from the surroundings. "

Ye Feng said aloud: "Since you know that the Thirty-six Islands in the Chaos Demon Sea are very rich in resources, why don't you plunder them instead of squatting here to plant these ordinary crimson lotus flowers?"

The red-robed old man couldn't help but twitch the corner of his mouth immediately, and said loudly: "How dare I go to the thirty-six islands of the Chaotic Demon Sea to look for resources? The thirty-six islands of the Chaotic Demon Sea are full of very vicious pirate forces. , the pirates among them are all very powerful. If they are caught, then I will definitely live a life worse than death. I am just a casual cultivator. I don't dare to go, but now, little brother, you are so powerful, the two of us If we cooperate, we might be able to get a share of the pie. There are thirty-six islands in the Chaos Demon Sea, representing thirty-six different pirate forces. We can talk about the slightly weaker islands and the powerful islands. It's better not to mess with it."

When Ye Feng heard what the old man in red robe said, he immediately fell into thinking, obviously thinking about the pros and cons, as well as the feasibility of this plan.

The old man in red robe seemed to be afraid of Ye Feng and immediately said: "Little brother, don't be too nervous. Although I don't dare to directly plunder resources on the thirty-six islands of the Chaos Demon Sea, I often use some hidden techniques. Wandering around in the Thirty-Six Islands of the Chaos Demon Sea, so over time, I am still very clear about the distribution of various forces on the Thirty-Six Islands of the Chaos Demon Sea. With the information I know about the distribution of these forces, I will then Coupled with your incomparable strength, little brother, we will definitely be able to get a lot of good things. Moreover, these pirates on the thirty-six islands of the Chaos Demon Sea are all vicious people who do evil and are angry with others. They are everywhere nearby. They burn, kill, and loot. If we kill them, we are doing harm to the people. You know, although I am a casual cultivator, I never burn, kill, and loot. I just pick some natural resources."

Ye Feng heard this from the old man in red robe.

So he said, nodded slightly, and said loudly: "Since you have been talking for so long, I will go with you. I hope to get a lot of cultivation resources according to your plan. I don't want to run all the way in vain. trip."

"This trip will never be in vain!"

The old man in red robe immediately made a very serious assurance: "Little brother, don't worry, with all the information I know, I will definitely be able to get a lot of benefits."

Ye Feng nodded slightly, then looked at the little princess Shui Lingxi of the Water Holy Land not far away, and said loudly: "Lingxi, you also heard it, I am going to the Chaos Demon Sea with this old man in red robes now. Liudao, you have been out for a long time this time, you can go back directly now."

Shui Lingxi was obviously worried about Ye Feng's safety and couldn't help but said: "I have heard some elders say that the Thirty-six Islands in the Chaos Demon Sea are a very vicious place. It is like a dragon's pond and a tiger's den. There is absolutely nothing like this." The old man in red robe made it sound so simple and easy. Even many experts in our Water Holy Land dare not approach the thirty-six islands of the Chaos Demon Sea, otherwise they will be directly killed by those vicious pirates, so Brother Ye Feng, you'd better think carefully and don't be impulsive."

Ye Feng immediately smiled and said: "Don't worry, if there is any danger, I can escape faster than anyone else."

After finishing speaking, Ye Feng controlled the clone of the Soul-eating Beast, helped Shui Lingxi fly quickly toward the outer area of the primitive ocean, sent Shui Lingxi back to the area of the Water Sacred Land, and then withdrew his own Soul-eating Beast. Soul beast clone.

At this time, Ye Feng looked at the old man in red robe in front of him and said loudly: "Then let's go directly to the Thirty-six Islands of the Chaos Demon Sea. Don't be too careful, otherwise I will let you know what cruelty is. "

Regarding this old man in red robe, Ye Feng felt that he still needed to give it a try, because this old man in red robe felt a bit cunning.

The old man in red robe naturally knew the meaning of Ye Feng's words, and immediately said in a flattering voice: "Don't worry, little brother, we are now in the same boat, and I will definitely not cheat you, because I I also want to plunder the resources in the hands of those pirate forces. I am just a casual cultivator, and there is no big force behind me. What I have achieved today is all achieved by my own hard work. I will definitely work with my little brothers honestly. cooperating."

When Ye Feng saw the red-robed old man like this, he immediately nodded and said: "It's good if you understand. I'm not a solitary person. Since you are willing to cooperate with me, then if you really get What a good resource, I will definitely share it with you."

Hearing this, the old man in red robe quickly said with a flattering smile: "Thank you very much, little brother!"

Uh-huh!

At this time, before leaving, Ye Feng caught the red lotus flower growing in the crater of the ocean's underground volcano in his hand, and then swallowed it in one gulp.

"Little brother! You...!"

When the old man in red robe saw Ye Feng doing this, he couldn't help but exclaimed: "This high-grade red fire lotus contains extremely huge and terrifying power of volcanic flames. Little brother, no matter how strong your body is, , if you swallow it like this, the infinite volcanic energy in the red fire lotus will definitely burn your internal organs to ashes!" Hearing Ye Feng ask this, the red-robed old man immediately breathed a sigh of relief. It seemed that he You guessed it right, the strong young man in front of you is in great need of all kinds of resources.

At this moment, the old man in red robe looked at the murderous eyes of Ye Feng in front of him, and did not dare to neglect, and said quickly: "It is really a waste of time to look for various resources in this vast sea. The best The way is to go directly to places where resources are gathered, such as the Thirty-Six Islands in the Chaos Demon Sea."

"Thirty-six islands in the Chaos Demon Sea?"

Ye Feng's eyes showed a trace of surprise, and he couldn't help but said: "Where is that place? Where is it in this primitive ocean? How come I have never heard of it."

The red-robed old man immediately spoke up and said: "The Thirty-six Islands in the Chaos Demon Sea are a very huge pirate force nearby. This force does all kinds of evil. If we go to rob their resources, it can be regarded as justice for heaven."

Ye Feng couldn't help but said: "I didn't expect that there are pirate forces in this primitive ocean, so don't you care about the water sacred land that controls this primitive ocean?"

The red-robed old man immediately sneered and said: "What is the Holy Land of Water? It's just a second-rate force. The primitive ocean is a very vast and endless ocean area. The area of the primitive ocean controlled by the Holy Land of Water is only a very small area. A small part, the entire primitive ocean is vast and boundless, which cannot be completely controlled by the Holy Land of Water. Moreover, the Holy Land of Water is currently engaged in a huge war with the Siren Alliance in the primitive ocean, and has no time to control some pirate forces derived from the surroundings. "

Ye Feng said aloud: "Since you know that the Thirty-Six Islands in the Chaos Demon Sea are very rich in resources, why don't you plunder them instead of squatting here to plant these ordinary crimson lotus flowers?"

The red-robed old man couldn't help but twitch the corner of his mouth immediately, and said loudly: "How dare I go to the thirty-six islands of the Chaotic Demon Sea to look for resources? The thirty-six islands of the Chaotic Demon Sea are full of very vicious pirate forces. , the pirates among them are all very powerful. If they are caught, then I will definitely live a life worse than death. I am just a casual cultivator. I don't dare to go, but now, little brother, you are so powerful, the two of us If we cooperate, we might be able to get a share of the pie. There are thirty-six islands in the Chaos Demon Sea, representing thirty-six different pirate forces. We can talk about the slightly weaker islands and the powerful islands. It's better not to mess with it."

When Ye Feng heard what the old man in red robe said, he immediately fell into thinking, obviously thinking about the pros and cons, as well as the feasibility of this plan.

The old man in red robe seemed to be afraid of Ye Feng and immediately said: "Little brother, don't be too nervous. Although I don't dare to directly plunder resources on the thirty-six islands of the Chaos Demon Sea, I often use some hidden techniques. Wandering around in the Thirty-Six Islands of the Chaos Demon Sea, so over time, I am still very clear about the distribution of various forces on the Thirty-Six Islands of the Chaos Demon Sea. With the information I know about the distribution of these forces, I will then Coupled with your incomparable strength, little brother, we will definitely be able to get a lot of good things. Moreover, these pirates on the thirty-six islands of the Chaos Demon Sea are all vicious people who do evil and are angry with others. They are everywhere nearby. They burn, kill, and loot. If we kill them, we are doing harm to the people. You know, although I am a casual cultivator, I never burn, kill, and loot. I just pick some natural resources."

Ye Feng heard this from the old man in red robe.

So he said, nodded slightly, and said loudly: "Since you have been talking for so long, I will go with you. I hope to get a lot of cultivation resources according to your plan. I don't want to run all the way in vain. trip."

"This trip will never be in vain!"

The old man in red robe immediately made a very serious assurance: "Little brother, don't worry, with all the information I know, I will definitely be able to get a lot of benefits."

Ye Feng nodded slightly, then looked at the little princess Shui Lingxi of the Water Holy Land not far away, and said loudly: "Lingxi, you also heard it, I am going to the Chaos Demon Sea with this old man in red robes now. Liudao, you have been out for a long time this time, you can go back directly now."

Shui Lingxi was obviously worried about Ye Feng's safety and couldn't help but said: "I have heard some elders say that the Thirty-six Islands in the Chaos Demon Sea are a very vicious place. It is like a dragon's pond and a tiger's den. There is absolutely nothing like this." The old man in red robe made it sound so simple and easy. Even many experts in our Water Holy Land dare not approach the thirty-six islands of the Chaos Demon Sea, otherwise they will be directly killed by those vicious pirates, so Brother Ye Feng, you'd better think carefully and don't be impulsive."

Ye Feng immediately smiled and said: "Don't worry, if there is any danger, I can escape faster than anyone else."

After finishing speaking, Ye Feng controlled the clone of the Soul-eating Beast, helped Shui Lingxi fly quickly towards the outer area of the primitive ocean, sent Shui Lingxi back to the area of the Water Sacred Land, and then withdrew his own Soul-Eating Beast. Soul beast clone.

At this time, Ye Feng looked at the old man in red robe in front of him and said loudly: "Then let's go directly to the Thirty-Six Islands of the Chaos Demon Sea. Don't be too careful, or I will let you know what cruelty is. "

Regarding this old man in red robe, Ye Feng felt that he still needed to give it a try, because this old man in red robe felt a bit cunning.

The old man in red robe naturally knew the meaning of Ye Feng's words, and immediately said in a flattering voice: "Don't worry, little brother, we are now in the same boat, and I will definitely not cheat you, because I I also want to plunder the resources in the hands of those pirate forces. I am just a casual cultivator, and there is no big force behind me. What I have achieved today is all achieved by my own hard work. I will definitely work with my little brothers honestly. cooperating."

When Ye Feng saw the red-robed old man like this, he immediately nodded and said: "It's good if you understand. I'm not a solitary person. Since you are willing to cooperate with me, then if you really get What a good resource, I will definitely share it with you."

Hearing this, the old man in red robe quickly said with a flattering smile: "Thank you very much, little brother!"

Uh-huh!

At this time, before leaving, Ye Feng caught the red lotus flower growing in the crater of the ocean's underground volcano in his hand, and then swallowed it in one gulp.

"Little brother! You...!"

When the old man in red robe saw Ye Feng doing this, he couldn't help but exclaimed: "This high-grade red fire lotus contains extremely huge and terrifying power of volcanic flames. Little brother,

no matter how strong your body is, , if you swallow it like this, the infinite volcanic energy in the red fire lotus will definitely burn your internal organs to ashes!"

Chapter 3090 Black Shark Island

At this moment, the face of the old man in red robe became very ugly.

Because he never thought that Ye Feng would be so impulsive.

He directly swallowed this red lotus flower that was born from an extinct volcano under the sea!

This is a very scary thing!

The old man in red robe is now very concerned about Ye Feng's safety.

Because if Ye Feng dies, then he will not be able to go to the Thirty-Six Islands of the Chaos Demon Sea to plunder the resources of those pirates.

So at this time, the red-robed old man had great hopes for Ye Feng.

Just thinking that Ye Feng could plunder resources with him.

But before the red-robed old man could finish his words, Ye Feng just smiled and said, "It doesn't matter, it's not a big deal."

Boom!

Almost at the moment Ye Feng finished speaking, an extremely powerful devouring force suddenly burst out from Ye Feng's body.

The power of the flames that was about to leave the body was swallowed up all at once, and then injected into Ye Feng's own Dantian.

boom!

At this moment, Ye Feng's skill was greatly improved, directly surpassing the current level.

From the tenth level of the Aspiration Realm, he directly stepped into the half-step Heavenly Master Realm.

The change in Ye Feng's cultivation aura made the red-robed old man next to him suddenly show deep horror and shock in his eyes.

He never expected that Ye Feng would not be burned to ashes, but would suddenly have a breakthrough in his cultivation skills.

This is really incredible!

The red-robed old man knew very well that even an extremely powerful master would not dare to directly withstand such a volcanic red lotus with a very strong fire attribute.

But Ye Feng had no scruples.

No problem at all.

The old man in red robe suddenly understood at this time, I am afraid that every time Ye Feng

Every inch of flesh and blood is as strong as divine iron and can withstand the burning of such terrifying flames.

"This boy is definitely not as simple as he seems on the surface."

At this time, the red-robed old man's fear and awe of Ye Feng became even stronger.

Because the red-robed old man found that his understanding of Ye Feng had not deepened, but that the other party seemed to be becoming more and more mysterious. Ye Feng was not a stupid boy with brute strength at all.

The red-robed old man knew very well that the flame energy contained in the red fire lotus grown in this extinct volcano would take a long time to refine and refine even for a master of the tenth level of the Heavenly Master Realm. Guide and integrate into your own body.

But the young man in front of him was able to swallow up all the energy in the red flame in an instant.

And it also directly improved his skills.

This method is truly unfathomable.

The old man in red robe didn't even dare to think about it.

At this time, the old man in red robe suddenly understood why Ye Feng needed to find various resources.

Because Ye Feng can directly swallow the lotus on the spot and then improve his cultivation strength.

This young man's body is like a melting pot that can hold the world.

The old man in red robe was suddenly shocked at this time.

If Ye Feng is brought to the Thirty-Six Islands of the Chaos Demon Sea and Ye Feng really gets a lot of training resources, then Ye Feng will definitely be able to get a huge improvement in an instant and grow into a very good person in a short time. A powerful presence.

By that time, the two of them might be able to wipe out all the pirate forces on the thirty-six islands of the Chaos Demon Sea step by step.

Thinking of this, the old man in red robe felt guilty for some reason.

There was actually a subconscious feeling of anticipation and excitement in my heart.

"This is such a magical young man!"

This is the red-robed old man's inner admiration for Ye Feng at this moment.

Buzz!

At this time, Ye Feng restrained his cultivation aura.

This time he swallowed the crimson fire lotus, coupled with the accumulation of previous skills, finally allowed himself to step into the half-step of the Heavenly Master Realm, surpassing the level of the Aspiration Realm.

At this moment, Ye Feng could feel that although he had only broken through half the sky, his strength and skill had been greatly improved.

Because although every breakthrough by Ye Feng requires extraordinary energy, once he breaks through, his combat power will definitely soar.

At this time, Ye Feng looked at the old man in red robe beside him and found that the other man was staring at him in shock.

Ye Feng couldn't help but asked with some confusion: "What's wrong?"

The old man in red robe quickly shook his head and said: "It's okay, it's okay, I just think your body is really powerful and can withstand the burning of such a powerful flame."

When Ye Feng heard this, he just smiled slightly and said, "Then there's a lot you don't know."

After finishing speaking, Ye Feng looked at the vast and endless ocean around him, and then said aloud: "Don't waste time, hurry up and take me to the Thirty-six Islands of the Chaos Demon Sea, and go to the destination first to check the situation. , let's see which island to start with."

Ye Feng naturally has no mercy for these pirate forces in the ocean who commit crimes, burn, kill, and loot.

Since we are going, we should clean up these evil-doing pirates. On the one hand, we can obtain cultivation resources for ourselves. On the other hand, we can do justice for heaven and eliminate harm for the people, which is also a good deed.

And Ye Feng knew that if he could really hit this chaotic demon hard,

The pirate power on the Thirty-six Islands is also a good thing for the Water Holy Land.

Because the base camp of the Holy Water Land is located near this area of the primitive ocean, if the pirate power of the Thirty-Six Islands in the Chaos Demon Sea continues to grow and develop, it will definitely pose a huge threat to the Holy Water Land in the future.

"If I can really eliminate the pirate forces on the thirty-six islands of the Chaos Demon Sea this time, when I return to the Water Holy Land, I will have to go to the Water Holy Land and ask him to give me some reward money. This is tantamount to me Removed a big problem for him."

At this time, Ye Feng was following the old man in red robe flying towards a certain direction of the ocean, while thinking secretly in his heart.

With the two people working hard, they arrived at their destination in less than half a day.

The ocean here is exuding a trace of scarlet color, and it is obviously a very terrifying killing place.

Ordinary people would probably not dare to approach this place.

At this time, the old man in red robe also showed fear in his eyes, pointed in a certain direction ahead, and said loudly: "This is the Chaos Demon Sea area, and 30,000 meters directly in front of our current position is the Chaos Demon Sea area. The island with the weakest foundation among the thirty-six islands in the Demonic Sea is called 'Black Shark Island'. Although this island is the weakest, the pirate commander of Black Shark Island is called 'Black Shark', a black shark who has been practicing for thousands of years. The great demon has a very powerful cultivation level. It seems that he has entered the tenth level of the Heavenly Master Realm and reached the Great Perfection half a year ago. Now I don't know if he has broken through the Heavenly Master Realm and entered the Divine Palace Realm. In addition, Black There are also ten generals under the command of the Great Shark Monster, all of whom are super masters of the ninth level of the Heavenly Master Realm and have profound knowledge."

When Ye Feng heard what the old man in red robe said, he nodded slightly, his eyes were a little solemn, and he said loudly: "It is indeed a bit tricky, but it also makes me quite happy. If these pirates are too weak, I will not be interested."

After finishing speaking, Ye Feng and the old man in red robe lurked into the sea water of the ocean and swam slowly towards the Black Shark Island.
