Chapter 3091 Half-Step to the Divine Palace Realm

Although Black Shark Island is the weakest among the thirty-six islands in the Chaos Demon Sea, it still contains very terrifying existences.

For example, the owner of Black Shark Island, Black Shark Great Demon, is a super master who is suspected to be half-step to the realm of God's Palace.

There are also ten generals under the command of Black Shark Great Demon, all of whom are advanced beings in the Heavenly Master Realm.

After Ye Feng learned this information from the old man in red robe, he was quite shocked.

Unexpectedly, this pirate force is indeed very powerful, and it is not as simple as I imagined.

Even the weakest island has so many strong people. ??

Then the big islands at the top must be even more terrifying.

But the more terrifying it is, Ye Feng knows that the resources contained in those islands will definitely become more abundant and majestic.

Because these pirates are a group of vicious monks who do all kinds of evil.

With such great strength, they will definitely plunder everywhere.

Therefore, the resources stored in their power must be very abundant.

Ye Feng is looking forward to this very much.

At this time, Ye Feng did not alert the snake, but followed the red-robed old man towards the first island, which was the weakest Black Shark Island among the thirty-six islands in the Chaos Demon Sea.

They restrained their aura and soon arrived at the edge of the black shark island.

At this time, Ye Feng could already see that on the huge island, there were members of Black Shark Island wearing black armor, guarding the edges of the surrounding islands.

Ye Feng fell silent at this moment, thinking about how to disintegrate the forces in the Black Shark Island.

Because Ye Feng knew very well that if he rushed in directly, it would definitely not work.

Not only the Black Shark Demon and the Ten Great Generals are extremely powerful.

In addition, Ye Feng knew very well that like this

This extremely powerful pirate force must have powerful formation masters.

A very powerful formation is imprinted on the island of Black Shark Island.

If you rush in rashly, you will most likely be trapped in the formation and unable to escape.

The old man in red robe said slowly at this time: "I have been to this Black Shark Island many times. There is a small gap in the southwest of this Black Shark Island. Maybe we can enter the Black Shark Island through that gap. The internal area of the Black Shark Island will disintegrate the entire Black Shark Island from the inside, because if we rush directly into the Black Shark Island, the two of us will definitely not be the opponent of so many strong members of the Black Shark Island, and the thirty-six islands in the Chaos Demon Sea are even closer. It's not too far away, Black Shark Island can call on the strong pirates from other islands to help at any time."

Hearing what the old man in red robe said, Ye Feng immediately nodded and said: "Then let's first follow the gap you are familiar with and see if we can directly enter the inner area of the Black Shark Island. We should not directly enter it now. To attack the entire Black Shark Island, we should instead sneak into the interior of the Black Shark Island, capture the thief first, and control the

Black Shark Demon first. In this way, we can calmly control the entire Black Shark Island, and It won't attract the attention of other pirate islands in the Chaos Demon Sea.”

The red-robed old man nodded, then frowned and said aloud: "But this black shark demon is very powerful. If the two of us join forces, we don't know if we can directly control it. After all, this black shark demon Half a year ago, he had already reached the tenth level of the Heavenly Master Realm, and now he is very likely to be a powerful being in the Half-step Divine Palace Realm.”

Hearing what the old man in red robe said, Ye Feng immediately smiled and said, "Don't worry, I have other means. You just need to take me into the inner area of the Black Shark Island.”

"good.”

See

Ye Feng seemed to have a very confident smile on his face. The old man in red robe was also risking his life at this time. After all, wealth can only be found in danger.

Soon, under the leadership of the old man in red robe, Ye Feng discovered. Sure enough, they went around the entire area behind Black Shark Island and found a huge gap, which seemed to be dug out by humans and could accommodate one or two people.

And the most important thing is that this area is a very remote corner of Black Shark Island, and there are no trees growing here, all are barren reefs.

Therefore, the pirates of Black Shark Island do not seem to have any guards stationed in this area. This is a blind spot.

Therefore, there should be no problem if you enter the internal space of Black Shark Island from here.

At this time, Ye Feng couldn't help but look at the old man in red robe beside him and asked: "Did you secretly dig this gap?" ??

The red-robed old man immediately couldn't help but chuckle and said aloud: "I have always coveted the resources in this Black Shark Island, so I visited it many times and found such an

unguarded place, so I secretly found it. Creating such a gap allows us to enter the inner island area of Black Shark Island, but I don't have the guts to do it alone. Now that I am with you, Ye Feng, I have confidence."

When Ye Feng heard what the red-robed old man said, he nodded slightly, and without wasting any more time, he jumped directly into the gap, and then quickly lurked towards the inner area of the Black Shark Island.

The old man in red robe also quickly followed behind Ye Feng.

The two of them moved very quickly, and in a blink of an eye they passed through the secret passage of the gap and arrived at the real internal area of Black Shark Island.

At this moment, Ye Feng saw a direction not far away, a huge and brilliant palace, standing in the center of the island.

That should be the Black Shark

It is a very core area of the island.

The red-robed old man beside him immediately said: "The island owner of Black Shark Island, the Black Shark Demon, should be in this hall in the center of the island."

Ye Feng nodded slightly, then released his soul power and quickly covered the central hall not far away.

Soon, Ye Feng sensed a very strong energy fluctuation.

"Half step to the realm of God's Mansion."

Ye Feng couldn't help but murmured at this time.

When the red-robed old man beside him heard Ye Feng's voice, he immediately couldn't help but his eyes moved, and he said loudly: "It seems that the talent of this black shark demon is still very powerful. In just half a year, he has already improved to half a step." In the Divine Mansion Realm,

it is estimated that he encountered some chance and fortune during this period, so he was able to improve so much. It is said that the Siren Alliance in the primitive ocean dared to attack the Water Sacred Land because it was with the entire Chaos Demon Sea Thirty-Six Countless powerful pirates on the island have united together to help each other and provide various resources. It is estimated that the Black Shark Demon can improve so quickly because of the help of the Ocean Alliance. It is said that the leader of the Ocean Alliance is a sleeping man who has just awakened. The ancient sea monster that is tens of thousands of years old has a lot of secrets and resources, and has the ambition to unify the entire primitive ocean. "

Ye Feng glanced at the old man in red robe beside him in surprise. He didn't expect that this casual cultivator actually knew a lot of secret information.

The old man in red robe seemed to have seen what Ye Feng was thinking, and he immediately smiled and said: "I have been wandering in this primitive ocean for so many years. Naturally, I know some information that ordinary people don't know, because only those who have a very good grasp of it can Only with comprehensive news can I, a helpless cultivator, survive to this day safely."

Ye Feng nodded slightly, then looked at the main hall in the center of Black Shark Island, and said loudly: "I'm going to think of a way to see how I can suppress Black Shark Great Demon, a super master who is half a step into the divine palace."

Chapter 3092 Attack at the Soul Level

At this time, the old man in red robe stood beside Ye Feng, just waiting quietly for the result of Ye Feng's thinking.

Because the black shark demon's cultivation strength is at the half-step divine palace level, it is too powerful, and the old man in red robe has no way to deal with it.

The only role of the old man in red robe is to lead Ye Feng into this pirate island. The rest depends on Ye Feng, a powerful partner.

At this moment, the field suddenly fell into silence.

At this time, Ye Feng was quickly thinking about how to deal with a half-step divine master.

You must know that the cultivation level of half-step Shenfu realm is already very powerful, and it is not that easy to deal with.

Even if Ye Feng displays his powerful inheritance and the great creation power of the Ancient Holy Body, with Ye Feng's current half-step Heavenly Master realm cultivation level, it is estimated that it will be difficult to deal with a half-step Divine Palace level super master.

After all, that was a whole level higher than Ye Feng's current level of cultivation.

And the most important thing is that Ye Feng must ensure success in the first time.

Otherwise, the Black Shark Demon is likely to seek help from strong pirates on other islands.

At this time, Ye Feng was also communicating with Emperor Chu in his mind.

Emperor Chu said aloud in his mind: "Ye Feng, in fact, you have many methods. You should be able to deal with the black shark demon who is half a step into the divine palace. First, I will use the power of the soul gem to destroy all the people in the central hall. All the fluctuations are blocked. In this way, your battle in the central hall will not attract outside attention. Then Ye Feng, you use your Soul-Eating Beast clone to go there without anyone noticing. Get close to the Black Shark Demon and severely damage his soul. In this case, the Black Shark Demon's combat effectiveness will plummet."

The necromancer couldn't help but interrupt at this time, and said: "Boy Ye, you can also use the spirit control technique I taught you. Around the island where you are at this time,

There are many undead wandering around, and these undead are all your help. "

Ye Feng immediately nodded.

He could also feel that this Black Shark Island had a very strong murderous aura.

This group of pirates must have killed many prisoners one after another in their island base camp.

The undead spirits formed after the death of these captives would indeed be a powerful help if summoned by Ye Feng.

It means that Ye Feng has a team of undead, and their combat effectiveness is quite strong. After all, they are a team at the soul level, making them difficult to guard against.

"Then let's get started."

At this time, Ye Feng firmed up his plan and started to use the spirit control technique first.

Buzz!

At this moment, Ye Feng immediately "saw it". The surrounding islands were originally empty, and suddenly there were undead wandering around.

Most of these undead souls exude terrible resentment.

Obviously, most of these undead were brutally killed by the pirates on Black Shark Island.

At this moment, Ye Feng released the spirit control technique, began to exert pressure on his soul, and began to control all the undead around him.

At this time, after careful observation, Ye Feng saw that there were probably tens of thousands of undead.

Although the cultivation level of these undead souls was not very strong during their lifetime, tens of thousands of undead souls gathered together were still powerful.

And the most important thing is that these undead, invisible to ordinary people, can be used as a raiding party.

at this moment

, Ye Feng led these undead and secretly gathered outside the central hall of Black Shark Island.

Ye Feng turned the Divine Eye of Creation and immediately saw that in the central hall, a middle-aged man with a tall body, exuding an extremely terrifying aura of a great demon, was watching something. He seemed to have a secret scroll in his hand.

"Soul-Eating Beast Clone!"

At this moment, Ye Feng did not hesitate and directly released his weird Soul-Eating Beast clone.

You know, even though it was so easy for Ye Feng to kill the Soul-eating Beast, it was only because Ye Feng had the soul gem in his body and the help of the War Emperor's undead that it was so easy.

In fact, the soul-eating beast can cause very terrible damage to normal practitioners.

Buzz!

At this moment, Ye Feng controlled the soul-eating beast clone, which suddenly turned into a dark light and shrouded it towards the central hall not far away.

At this moment, the soul-eating beast invaded the black shark demon standing in the central hall.

"Who is attacking my soul?"

Suddenly at the next moment, the Black Shark Demon shouted coldly, with great majesty.

It has to be said that this Black Shark Demon is worthy of being a powerful being at the level of the Half-Step Divine Palace, and a super strong person.

"boom!"

At this moment, the black shark demon suddenly opened a gap between his eyebrows, and a crimson ball flew out, which was able to protect his soul.

"Undead team! Enter!"

Ye Feng shouted loudly in an instant, summoned many undead around him, and all attacked the Black Shark Demon.

Boom!

At this moment, thousands of undead teams

Wu, like a mighty soul frenzy, roared instantly and besieged the black shark demon with great momentum.

Even though the Black Shark Demon is an extremely powerful demon cultivator, facing the attack of the soul-eating beast and the siege of so many undead teams at this moment, there is still a trace of shock and anger in his eyes.

The most powerful thing about demon monks is that they have various powerful demon bodies that can shake powerful divine weapons.

But at the soul level, the demon monks are very weak.

So at this time, the Black Shark Demon was caught off guard by the continuous soul attacks.

At this moment, the Black Shark Demon roared loudly, wanting to call for help from the powerful demons on other islands, because the Black Shark Demon vaguely felt that the man behind the sudden attack on him must be a very terrifying person. A practitioner at the soul level may not be able to defeat him on his own.

But what made the Black Shark Demon's eyes change was that he wanted to release his spiritual soul to echo the powerful demon masters in other islands.

But the Black Shark Demon was shocked to discover that his spiritual soul signal could not be radiated at all.

The entire central hall where he was at this moment seemed to be imprisoned by a very mysterious and powerful soul barrier.

Of course, Emperor Chu used the Soul Gem to imprison this place, so naturally this black shark demon could not contact the outside world.

"hateful!!"

The Black Shark Demon roared angrily and flew towards the surroundings with crazy bombardment.

But the attack at the soul level made him very confused.

"boom!"

At this moment, Ye Feng suddenly used the space gem and rushed out of the void. Holding the powerful Sea King soldier and golden trident he had obtained before, he stabbed hard at the head of the black shark demon!

Chapter 3093 Devour it all

boom!

Ye Feng's whole person has always been deeply hidden in the void.

With the help of the power of space gems, Ye Feng's concealment is perfect. A half-step God's Palace powerhouse like Black Shark Great Demon cannot detect it at all.

So at this time, Ye Feng rushed out instantly and caught the Black Shark Demon off guard.

"when!"

But what shocked Ye Feng was that his deliberate attack didn't work.

At the critical moment, a purple token emitting hazy divine light flew out of the Black Shark Demon's head. It actually blocked the tip of the extremely sharp golden trident, causing a violent metal collision and roar. .

"Damnable human boy! I'm the one you attacked!"

The Black Shark Demon saw Ye Feng's face clearly and immediately shouted angrily: "I have never known you, why did you sneak attack on me?"

The Black Shark Demon felt that this young man was absolutely extraordinary, and he wanted to ask what was going on. ??

But Ye Feng naturally did not waste time at this time. He just said coldly: "The pirates of the Thirty-Six Islands in the Chaos Demon Sea are extremely vicious. They burn, kill and loot. Everyone can kill them!"

boom!

After Ye Feng finished speaking, without any hesitation, he directly started to use the great creation power of the Ancient Holy Body.

Ye Feng's entire body suddenly turned into pure gold, bursting out the huge power of the ancient holy body.

The golden fist was surging with strong golden light, as if it had just been cast from the divine furnace. It was full of terrifying impact, and it suddenly hit the purple order in front of the black shark demon's forehead. Card.

"Clang!!"

Along with a huge roar, Ye Feng's golden fist shocked the purple token and almost flew it upside down.

"Huh? It's not broken yet?"\u003c

br\u003e

Ye Feng's eyes immediately revealed a look of deep surprise.

Being able to withstand the continuous ferocious attacks of his own golden trident and the ancient holy body, this purple token is absolutely extraordinary and must be a treasure-level existence.

"Stop wasting time!"

The Black Shark Great Demon laughed loudly: "Even if you, a human boy, have great means, it is impossible to break through the protection of this 'Purple Sky Order'. This Zixiao Order is an ancient emperor, Zixiao." The Emperor's token cannot be shaken by a weak cultivation like you!"

"boom!"

But just as the Black Shark Demon finished speaking, a huge golden beam of light suddenly rushed down from high in the sky.

This golden beam of light shone directly on the Zixiao Order, causing the Zixiao Order to fall to the ground with a "bang", seemingly losing its effect in an instant.

"What?!"

When the Black Shark Demon, who was originally proud of himself, saw this scene, his eyes suddenly widened with deep astonishment in his eyes.

It seemed that he did not expect that the Zixiao Order, which he was so proud of, suddenly lost its power and seemed to turn into a mortal token.

At this time, the Black Shark Demon couldn't help but look up into the sky and discovered that the magical golden light beam just now was emitted by a small red light person.

The crimson light man is naturally the Emperor of Chu.

Emperor Chu immediately sent a message to Ye Feng below: "Ye Feng! Don't be stunned! I used the soul gem to temporarily seal the mark of will in this token. You must attack this black shark monster now. Time is limited. , this Zixiao Order has the will of the emperor

, I can only seal the time for a moment! "

"good!"

In fact, before Emperor Chu finished speaking, Ye Feng was already preparing to attack.

boom! !

This time he really released all his most powerful power.

Coupled with the terrifying attack power of the ancient holy body's great creation power, the black shark demon who was in a state of shock in front of him was exploded in half.

"ah!!"

Half of the Black Shark Demon's body was blown to pieces, and he couldn't help but scream, as if he was suffering endless pain.

Uh-huh!

At this time, Ye Feng picked up the Zixiao Token on the ground in an instant and put it directly into his storage ring.

This is a good baby.

"hateful!!"

The Black Shark Great Demon roared: "All demons will destroy the world! I will perish together with you, a hateful human boy!!"

Buzz! !

At this moment, the Black Shark Demon performed a very terrifying ancient demon clan secret technique. A blood-red light suddenly surged out of his body, and his entire body seemed to explode like a bomb. Full of endless destructive power.

"You took too long to cast the spell."

But at this time, Ye Feng just smiled slightly mockingly, and then instantly came to the front of the black shark demon. He directly stretched out his hand and pressed it on the head of the black shark demon, instantly releasing his devouring power.

"Crash!"

The surging blood-red energy that surged out of the Black Shark Demon was directly extracted by Ye Feng, and then integrated into Ye Feng's own body.

"My power is passing away quickly! You, a human boy, are you

What evil practice? How can you absorb the demon energy from me? ! "

The Black Shark Demon was unable to self-destruct at this time, and immediately screamed in horror.

But now the great Black Shark Demon has stopped responding to his calls to the sky and the earth.

In a state of extreme horror, all the power and energy of the Black Shark Demon was swallowed up by Ye Feng.

Boom!

The mummy of the Black Shark Demon fell directly to the ground of the hall. Before his death, his pupils were wide open, obviously frightened and unwilling.

At this time, Ye Feng's cultivation aura was constantly rising.

As for the other subordinates of the Black Shark Demon in the hall, their souls had been sucked dry by the soul-eating beasts and they fell to the ground.

Ye Feng was devouring them all together at this moment.

The skills of several great demons are piled together, especially the Black Shark Great Demon, a half-step god-level demon, who has the strongest ability.

At this time, Ye Feng could feel that the huge demonic energy was surging crazily in his body.

Suddenly at some point.

"boom!!"

Accompanied by a ferocious and terrifying aura, it erupted from Ye Feng's body.

Ye Feng's cultivation finally completely broke through the current bottleneck.

Completely stepped from the half-step to the realm of Heavenly Master to the true realm of Heavenly Master!

"First level of Heavenly Master Realm!"

Ye Feng couldn't help but murmured excitedly at this moment.

This time's cultivation directly broke through the final bottleneck, which was entirely due to the huge power of the Black Shark Demon.

Uh-huh!

At this time, the old man in red robe who was waiting outside flew in. Looking at the body of the Black Shark Demon in the hall, he couldn't help but said in shock: "Did you really kill the Black Shark Demon?"

Chapter 3094 The penultimate

The old man in red robe was still very shocked at this time.

After all, as a casual cultivator who has been in the primitive ocean area all year round, he knows very well how ferocious an island owner-level pirate like Black Shark Demon is.

However, at this moment, Black Shark Demon, the owner of the famous Black Shark Island, died on the ground in horror. Moreover, he was completely shriveled up, and his death was very strange and miserable.

Even though the old man in red robe and Ye Feng were in the same group, the old man in red robe could not help but tremble with fear at this moment.

Obviously, the red-robed old man felt that Ye Feng was not a human boy, but an old monster who had practiced terrible and evil skills, but was just hiding in the body of a harmless boy.

Ye Feng had no time to guess what the red-robed old man was thinking at this time.

He just radiated his huge soul power and began to search for treasures and wealth hidden in the entire hall.

"found it!"

Soon Ye Feng sensed a very strong energy fluctuation, which was hidden under the ground of the central hall.

"boom!"

At this time, Ye Feng didn't bother to look for mechanisms or anything. He just used his iron fists to smash the ground of the entire hall into pieces.

When the ground surface of the hall was broken and rubble was rolling in, Ye Feng immediately saw that the entire basement of the hall was very huge.

There is a lot of wealth and resources accumulated in the basement.

This treasure house should contain all the wealth collected by the Black Shark Demon.

Because Ye Feng did not find a storage ring or storage container from the Black Shark Demon.

Therefore, the Black Shark Demon should have hidden all the wealth and resources of the entire Black Shark Island in the basement of the hall where he lives.

At this time, looking at all the wealth and resources in the entire basement, Ye Feng directly collected half of it, then looked at the old man in red robe beside him and said loudly: "The rest is

The half that comes down is yours. "

The old man in red robe widened his eyes, as if he didn't expect that he could really get half of the resource wealth.

Because the old man in red robe knew very well that with Ye Feng's current strength and cultivation, he could kill him instantly.

But Ye Feng did not do this. Instead, he kept his promise and really shared the resources with the red-robed old man in half.

And as if he could see what the old man in red robe was thinking, Ye Feng just smiled and patted the old man in red robe on the shoulder and said, "Hurry up and collect your wealth. I'll go out."

Uh-huh!

After Ye Feng finished speaking, he walked out of the central hall and disappeared outside the hall.

The old man in red robe didn't know what Ye Feng was doing. He was just very happy at this moment and quickly collected half of the wealth and resources that Ye Feng left him.

A quarter of an hour later, the old man in red robe finished collecting and walked out of the hall.

"this....."

The next moment, the old man in red robe suddenly saw that at this moment, the entire Black Shark Island was full of blood.

The shriveled corpses were lying on the ground in various directions, and their death state was very strange.

At this time, Ye Feng was standing among countless corpses, in a hazy state of blood, looking like a demon!

The old man in red robe was shocked when he saw this scene.

Ye Feng actually slaughtered the entire Black Shark Island in just a short moment!

At this time, Ye Feng's whole body was bathed in blood energy, and he was rapidly absorbing and devouring the huge blood energy.

Although the other pirates on Black Shark Island are not as powerful as the Black Shark Demon, there are a lot of pirates, and there are several

Thousands of pirates.

The energy they provide, when gathered together, is quite impressive.

At this moment, Ye Feng's cultivation aura began to break through again.

"boom!!"

The second level of Heavenly Master Realm!

"boom!!"

The third level of Heavenly Master Realm!

At this time, Ye Feng immediately broke through two levels and received a huge improvement.

Ye Feng was very satisfied with this trip to Black Shark Island.

Not only did he gain huge wealth, but his cultivation realm also broke through several levels.

It can be said to be a huge gain.

At this time, Ye Feng looked at the entire Black Shark Island and found that there were no more robbers. His eyes were slightly stunned.

"It turns out that I had killed all the pirates in the entire Black Shark Island without knowing it."

Ye Feng couldn't help but murmured.

At this time, Ye Feng looked at the old man in red robe not far away, smiled and said, "Let's continue to the next pirate island."

The old man in red robe was slightly stunned, then nodded quickly and said loudly: "Okay, let's continue to the next pirate island. Black Shark Island is the last island among the thirty-six islands in the Chaos Demon Sea. Let's continue from The weaker islands are more stable this way."

When Ye Feng heard what the red-robed old man said, he immediately nodded slightly and said, "Then let's go to the second-to-last pirate island."

Ye Feng knew very well that although his cultivation level had improved a lot, he was not arrogant enough to directly challenge the top ranked beings on the thirty-six islands of the Chaos Demon Sea.

At this time, it is better to attack from the bottom island.

In this way, we can step by step

Slowly improve your own cultivation.

When he reaches the end of his growth, maybe he can really challenge the top pirate island forces.

At this time, Ye Feng and the red-robed old man wasted no time and left Black Shark Island and flew quickly in the other direction.

On the way, the old man in red robe said loudly: "The second-to-last pirate island is called 'Golden Dragon Island'. The owner of the island is a powerful golden dragon, which is called the Great Golden Dragon Demon. He possesses the sixth level of the Divine Palace Realm. Tian's powerful cultivation is much stronger than the Black Shark Demon on Black Shark Island, so we must be careful."

Ye Feng nodded slightly, with a hint of surprise in his eyes.

Although this Golden Dragon Island is only one rank higher than Black Shark Island, the strength of the island owner is much higher.

You know, the Black Shark Demon of Black Shark Island is only half a step into the Divine Palace realm.

But the golden dragon demon on Golden Dragon Island is a powerful existence in the sixth level of the Divine Mansion Realm.

This is definitely a monster super strong man with terrifying combat power.

Ye Feng's eyes showed a trace of solemnity at this moment.

Fortunately, Ye Feng's cultivation has now broken through to the Heavenly Master realm.

Although it is only the third level of Heavenly Master Realm.

But at the critical moment, Ye Feng can completely release the Dzogchen future body and let his cultivation level skyrocket to the tenth level of Tianshi Realm.

Maybe, we can fight against the golden dragon demon!

But no matter what, Ye Feng's first thought was to sneak attack on Jinjiao Island.

Because this has the highest success rate, the lowest risk, and does not expose yourself.

Because once other pirates know that there is a mysterious strong man who is constantly killing islands, they will definitely unite to hunt him down.

So Ye Feng was still very cautious at this time.

Chapter 3095 Our good opportunity

It has to be said that the old man in red robe still had a lot of credit for Ye Feng being able to wipe out all the pirates on the entire Black Shark Island so smoothly this time.

If the old man in red robe had not been very familiar with the various terrain distributions of these pirate islands and had already explored here, Ye Feng would certainly not have been able to deal with the Black Shark Demon so smoothly.

At this time, Ye Feng looked at the old man in red robe beside him and said slowly: "How well do you know the penultimate Golden Flood Dragon Island?"

The old man in red robe immediately replied honestly: "I also know Jinjiao Island very well, but I don't know much about other islands, because I don't dare to get close to them. There are only two pirate islands from the bottom. I dare to spy secretly."

Hearing what the old man in red robe said, Ye Feng nodded slightly and said loudly: "It seems that we have captured Jinjiao Island, so there is no big problem. I will use the method I used to deal with Black Shark Island before to see if I can use a sneak attack to end the battle instantly." .??.

The previous sneak attack on Black Shark Island and Black Shark Demon went very smoothly, which gave Ye Feng great confidence at this time.

So at this time, Ye Feng had a complete method of sneak attack on the pirate island.

As long as the owner of each pirate island can be suppressed instantly, there will be no problems with the others, and the news will not be leaked.

At this time, Ye Feng and the old man in red robe continued to move forward quickly, and in less than half a day they had reached the area near Jinjiao Island.

At this moment, Ye Feng looked in a certain direction not far away and found that the entire Jinjiao Island was extremely majestic and vast.

Like a small continent, floating in the endless ocean, it looks huge and imposing.

Moreover, Jinjiao Island is worthy of being a higher-level existence than Black Shark Island, and the entire surrounding area of Jinjiao Island is built up.

The towering city walls were cast with solid molten iron. Under the sunlight, they exuded a cold metallic light.

The huge and towering city wall separates every corner of the entire island.

A marginal area, all surrounded.

Moreover, every few hundred meters on the city wall, there is a siren soldier wearing heavy armor guarding it, with extremely sharp eyes.

In addition, in every corner of the city wall, there is an energy tower emitting red light.

As long as there are other uninvited guests approaching, these energy towers will instantly burst out with terrifying energy, hitting the uninvited guests in an instant, causing huge damage.

It has to be said that all the defensive measures on Golden Jiao Island are simply perfect, many times stronger than Black Shark Island, just like a heavily guarded imperial city.

Ye Feng saw this scene, with a trace of surprise in his eyes.

He didn't expect that there was only one ranking difference between Golden Jiao Island and Black Shark Island, but their defensive measures and strength were actually so different.

It seems that these powerful pirates on the thirty-six islands of the Chaos Demon Sea are still very terrifying.

You know, these are just the lower islands.

The islands at the top of the ranking are definitely larger and more powerful.

At this moment, the old man in red robe was looking at the various defensive measures on Jinjiao Island not far away, with a look of surprise in his eyes. He couldn't help but said: "When I came here to check out the location a few months ago, "There are no such towering walls or high-end energy towers on Jinjiao Island. How come they were built in just a few months?"

When Ye Feng heard what the old man in red robe said, there was a hint of surprise in his eyes.

He thought for a moment, then his eyes flashed and he said aloud: "Could this be related to what you said before?"

When the old man in red robe heard what Ye Feng said, his eyes immediately

As soon as he moved, he couldn't help but said: "It should be related. It seems that all the pirates on the thirty-six islands of the Chaos Demon Sea have really cooperated with the Siren Alliance commanded by the ancient Siren in the primitive ocean. Otherwise, it would be impossible to have such a What a high-end energy tower and city wall."

Ye Feng nodded slightly and said aloud: "These casting techniques cannot be made by pirates who only know how to use violence. Only the Siren Alliance led by the ancient Siren can have so many skilled craftsmen." , creating such a perfect fortification."

At this moment, Ye Feng said, frowning slightly.

If these were just pirates who only knew how to use brute force to fight, then their plan could be implemented perfectly.

But now these pirate islands in the Chaos Demon Sea seem to be cooperating with the Siren Alliance commanded by the ancient Siren.

This made Ye Feng's plan somewhat difficult.

At this moment, the old man in red robe beside him said: "How about we give up fighting these sea monster islands first, and let's look for other natural resources in the ocean first."

When Ye Feng heard what the old man in red robe said, he immediately shook his head and said loudly: "The ones who have the greatest impact on me are these powerful pirates with profound cultivation skills. I won't leave so easily, but we will do it for the time being. Don't fight against the strong man from Golden Flood Dragon Island first, think of a way to see if you can secretly dismantle the entire Golden Flood Dragon Island."

Hearing what Ye Feng said, the red-robed old man immediately nodded and did not stop Ye Feng from competing with these powerful pirates.

After all, the old man in red robe knew very well that those ordinary marine resources did not have much value in finding them.

With this time, if we can come up with a good way to wipe out the entire Golden Flood Dragon Island, then the old man in red robe can also get a huge share of wealth.

Therefore, the old man in red robe is also very greedy towards Jinjiao Island.

two

The people were chatting at this time while temporarily lurking in the nearby ocean.

For several days, according to the observation of the two people, the entire Jinjiao Island can be said to be very indestructible, and it is also very difficult to enter the vicinity of Jinjiao Island.

Even if Ye Feng tried to use space gems to open a space wormhole, it wouldn't work.

Because the energy towers on the towering walls around the entire Jinjiao Island can sense the fluctuations in space.

Once the enemy is alerted, Ye Feng's plan will fail.

Because Ye Feng's current strength is not enough for him to forcefully conquer the entire Jinjiao Island, he must come up with a way that can't scare the snake away, and he also needs to use the previous plan of capturing the thief first to capture the king.

That night, Ye Feng and the old man in red robe, who were lurking in the surrounding ocean, suddenly sensed something.

The two people immediately surfaced from the water and looked in a certain direction not far away.

Under the dark night, on the water in the other direction of Jinjiao Island, a group of human masters with extremely powerful aura and cultivation suddenly appeared.

There were fifty or sixty people in total, and their auras of cultivation were all at the tenth level of the Heavenly Master Realm, and there were several masters leading the team, all of whom were at the Divine Palace Realm level.

Ye Feng immediately saw that these masters were wearing clothes from the Water Holy Land.

Ye Feng's eyes suddenly moved, and he couldn't help but murmured: "Do the experts from the Water Holy Land come here to secretly destroy the entire Golden Flood Dragon Island and deal with these pirates? It seems that I guessed it right. This Luan Mo Hai San The many pirates on the Sixteen Islands must have a very deep cooperation with the Sea Monster Alliance established by the ancient sea monster. Otherwise, it would be impossible for the Water Holy Land to fight against the Ocean Alliance and attack these pirate forces at the same time. "

At this time, the old man in red robe showed joy in his eyes and said loudly: "It seems that this is a good opportunity for us."

Chapter 3096 The helper of the golden dragon demon

Hearing what the old man in red robe said, Ye Feng immediately nodded slightly and said loudly: "These masters from the Water Holy Land seem to be specially designed to deal with a group of pirate forces around them. I guess they were the first to make a sneak attack. The target should be

Black Shark Island, but Black Shark Island was destroyed by us a few days ago, so they came to this Golden Dragon Island."

The old man in red robe couldn't help but said: "Ye Feng, should we meet and communicate with this group of powerful people from the Water Holy Land? After all, our common goal is to destroy the pirate force of Jinjiao Island."

Hearing this, Ye Feng thought for a while, shook his head, and said loudly: "It's better not to meet each other for the time being. Let's check the situation in secret first."

When the red-robed old man heard what Ye Feng said, he immediately nodded and said, "You're right, it's better to observe in secret."

After saying that, the two people immediately lurked towards the island not far away.

However, they did not approach the island, but still lurked in the dark.

At this time, Ye Feng and the old man in red robe were observing the situation not far away.

Not far away, a group of masters from the Water Sacred Land had arrived near the Golden Dragon Island.

However, they seemed not to have thought that the surrounding area of Jinjiao Island was already covered by magical energy towers.

"Buzz!"

Almost at this moment, several energy towers suddenly lit up in the otherwise peaceful night.

The top of the huge tower suddenly erupted with brilliant red light, instantly illuminating the entire surrounding sea surface.

Like a red sun, everything lights up.

The masters of the Water Holy Land who had just arrived seemed to have not expected that such a huge change would occur, and they were all stunned on the spot.

But the next moment, the master of the Divine Palace Realm from the Water Holy Land who led the team suddenly shouted: "Since we have been discovered,

, then stop hiding, rush directly into the island, and kill all these hateful pirates. They actually dare to unite with those vicious sea monsters to secretly destroy various marine bases in our sacred water place. They must all be eradicated! "

"Boom!"

The aura erupting from the leader of the Shenfu Realm master who was leading the team was clearly a powerful being from the ninth level of the Shenfu Realm!

Even more powerful than the golden dragon demon in this golden dragon island!

Obviously, the Water Holy Land has already investigated the specific situation of this Golden Flood Dragon Island before, so the experts sent there are enough to kill the Golden Flood Dragon Demon.

At this time, the master of the ninth level of the Divine Palace Realm in the Water Holy Land roared loudly, and a huge steel ax suddenly appeared in his hand.

"Boom!!"

Just like an ax that splits the sky, it struck down hard at once, and immediately a large piece of the city wall at the front of Jinjiao Island collapsed.

At this time, pirates wearing heavy armor suddenly flew out from the entire Jinjiao Island.

The armors and weapons of these pirates are all brand new. They should all be brand-new weapons created by the Siren Alliance for these pirates.

"boom!"

"boom!"

"boom!"

At this moment, many energy towers around them all burst out with red lasers.

In an instant, like lightning, it hit many masters of the Water Holy Land and directly pierced their bodies.

"ah!"

"ah!"

A series of screams suddenly rang out

get up.

At this moment, after seeing this scene, the masters of the ninth level of the Divine Palace Realm led by the Water Sacred Team immediately understood that they could not delay it any longer.

He directly held the ax in his hand, and a bright divine light erupted from his body. Like an ancient god of war, he led a group of other members of the Water Holy Land and charged directly towards the crack in the city wall that had just been opened.

He wants to attack directly into the depths of the island!

"Defensive Shield!"

Buzz!

In an instant, a crimson light shield suddenly appeared in the crack in the city wall, blocking all the masters in the Water Holy Land from outside. ??

The ninth-level master of the Divine Mansion Realm, who was leading the charge at the Water Sacred Land at the forefront, was trapped alone in the inner area of Golden Flood Dragon Island.

"Golden Dragon Demon! Even if you trap me alone, it will be of no use! You are not as powerful as me!"

At this moment, the captain of the water holy land immediately shouted loudly, waved the big ax in his hand, and slashed wildly towards the surroundings, killing many pirates in an instant.

"Uh-huh!"

At this moment, a golden dragon suddenly flew out from the depths of the island, waving its golden claws, and directly collided head-on with the leader of the water holy land.

"Boom!!"

A huge roar suddenly sounded.

This golden dragon was actually knocked back several kilometers by the leader of the water holy land with an axe.

"Hahaha!"

At this moment, the leader of the Water Holy Land immediately laughed out loud: "Golden Dragon Demon, you can't beat me!"

The golden dragon demon is so majestic at this time

The golden dragon bodies hovered together, with a pair of cold dragon eyes and dark golden pupils, staring at the leader of the water holy land directly in front of him, and said loudly: "Although I can't defeat you alone, but this time I have helpers."

Buzz!

Almost at the moment when the golden dragon demon finished speaking, a mysterious figure shrouded in black robe suddenly flew out from the void beside the golden dragon demon.

"Illusion!"

This mysterious figure in black robes held a scepter in his hand and pointed it fiercely at the leader of the Water Sacred Land directly in front of him.

"Buzz!"

A very strong fluctuation of soul power suddenly emanated from this mysterious figure in black robe.

Almost at this moment, the leader of the Water Holy Land immediately showed a very painful look on his face, as if he had seen something that frightened him.

But nothing appeared around him.

Clearly this is a spiritual attack.

At this moment, the soul of the leader of the Water Holy Land suffered great trauma.

He immediately stared at the mysterious black-robed figure next to the Golden Dragon Demon with an ugly expression, and couldn't help but said: "You actually have a powerful soul master to help you? How is this possible! No! Is this soul master Are you a master in the Siren Alliance?"

"Hahaha! You guessed it right!"

The golden dragon demon saw the soul master beside him and caused damage to the leader of the Water Holy Land in an instant.

He immediately became confident.

The Great Golden Dragon Demon sneered and said: "The Siren of the Ocean Alliance has long expected that your Water Holy Land will attack our Thirty-six Islands in the Chaos Demon Sea, so the Siren sent a powerful subordinate to help. We are exactly this master soul master!"

Chapter 3097 The Cunning Human Race

At this moment, the face of the leader of the Water Holy Land became extremely ugly.

Because the leader of the team knew very well that if there was just one golden dragon demon, he would not be afraid at all.

But now there is a mysterious soul master.

The leader of the Water Holy Land is a pure warrior.

His soul level defense is not particularly strong.

For example, the mysterious soul master in the Siren Alliance just released a random attack, causing the soul of the leader of the Water Holy Land to endure tremendous pain, making him break out in cold sweat.

At this time, the leader of the Water Holy Land looked in the direction behind him. The dozens of masters he led were all blocked by the pirates on the Golden Dragon Island.

It would be impossible to rush in and help him for a while.

And even if the experts he brought rushed in, they probably wouldn't be of much help.

After all, the other party is a very mysterious Siren Soul Master.

Now he is the only one here on the entire island.

Even though the team leader possesses a powerful cultivation level of the ninth level of the Divine Palace Realm, he still feels a deep sense of crisis at this moment.

Boom!

At this moment, the leader of the water holy land made a quick decision and rushed behind him, hoping to escape from here as soon as possible.

Because he knew that if he stayed here today, he would definitely die!

"Hell of the soul!"

At this moment, the mysterious soul master from the Siren Alliance who came to help the Golden Dragon Demon, without any hesitation, instantly released a very powerful soul attack method.

A vision of souls suddenly appeared around the leader of the Water Holy Land.

He seemed to be in a dark hell, lost his way, and didn't know where to attack at all, so he could only spin in circles.

"good chance!"

When the Golden Dragon Demon saw this scene, he immediately seized the opportunity and directly stretched out a huge golden dragon claw, and immediately grabbed it towards the back of the leader of the Water Holy Land, trying to grab him. The leader who was trapped in soul hell was killed instantly.

Facing the attack of the golden dragon demon, the leader who was trapped in the soul hell didn't seem to notice it at all.

Seeing that the leader of the water holy land was about to be torn to pieces by the steel-like dragon claws of the golden dragon demon.

"break!"

Suddenly at this moment, a very powerful soul force energy burst out directly from the surrounding void.

Boom!

This sudden burst of soul power instantly shattered the hell scene that the leader of the Water Holy Land had fallen into.

At the moment of crushing, the leader of the Water Holy Land also suddenly sensed the attack of the golden dragon demon behind him.

He reacted instantly, turned around and waved the ax in his hand, shouting: "Dominate the world!"

Boom! !

This is a very terrifying martial arts inheritance!

The moment the captain of the Water Sacred Land performed it, a majestic and boundless thunder bear suddenly burst out from his body.

The boundless power of thunder is attached to the leader

The big ax in his hand burst out with terrifying and boundless destructive power.

All of a sudden, there was a "click", and the golden dragon claw of the golden dragon demon was cut off directly, and it fell to the ground of the island below, smashing a large area of land.

"ah!!"

The Golden Dragon Demon's golden claws were cut off at this time, and he instantly felt a huge pain, stimulating all the nerves in his body.

The golden dragon demon couldn't help but scream, and quickly backed away, his eyes filled with deep shock and anger.

The golden dragon demon looked around, and immediately couldn't help but screamed: "Who is it? Is it secretly using tricks to harm me?"

At this moment, the Siren Soul Master standing deep in the Golden Flood Dragon Island also showed deep surprise in his eyes, and said loudly: "Huh? I didn't expect that there was a human race soul master hiding in secret. I It's never been discovered."

At this time, even the leader of the Water Holy Land had a look of surprise in his eyes.

Because he didn't know who was hiding around and saved him.

At this time, the Golden Dragon Demon immediately stared at the leader of the Water Holy Land not far away, his eyes were very ugly, and he said loudly: "You humans are indeed cunning people, and there is a helper lurking in the secret! Damn it!"

One of the dragon claws of the golden dragon demon was cut off, and it was dripping with blood at this moment, which was very miserable.

Moreover, this dragon claw will not be able to recover for a while.

Because the big ax of the leader of the Water Holy Land is a very powerful weapon.

The body severed by this big ax cannot be restored at all, and the serious injury will last for a long time.

At this moment, the captain of the Water Holy Land felt a little wronged when the Golden Dragon Demon said this, because he did not ambush his helpers in advance.

However, at this time, the leader of the Water Holy Land did not say anything about this matter, but coldly said to the golden dragon demon not far away: "I came today, naturally I will kill you." With determination, you will definitely die today!"

boom!

The leader of the Water Sacred Land received help from a mysterious human soul master in the dark. Naturally, he instantly gained great confidence.

Uh-huh!

He didn't run away, he directly held the big ax in his hand and charged towards the golden dragon demon not far away, like a terrifying god of war.

It has to be said that the leader of the Water Holy Land is still very powerful. At this time, the golden dragon demon couldn't help but show a hint of fear in his eyes.

At this time, the sea monster soul master standing behind the golden dragon demon said: "Jin Jiao, you have to fight with this human warrior first. Hold on for a while. I will go to the void to find the human soul master in the dark. Wait. I will deal with the human soul master in the dark and come back to help you."

Buzz!

After saying that, the siren soul master immediately lurked into the void to find the human soul master hiding in secret.

The human soul master hiding in secret is naturally Ye Feng, who has been observing the surroundings.

Although Ye Feng's martial arts cultivation strength is temporarily inferior to that of the Golden Dragon Demon and the leader of the Water Holy Land.

But Ye Feng's soul master skills and strength made these people extremely fearful and could be put to good use.

At this moment, when he saw the Siren Soul Master not far away entering the void, seemingly looking for himself, a cold smile suddenly appeared on the corner of Ye Feng's lips. At this moment, the face of the leader of the Water Holy Land became extremely ugly.

Because the leader of the team knew very well that if there was just one golden dragon demon, he would not be afraid at all.

"Hell of the soul!"

At this moment, the mysterious soul master from the Siren Alliance who came to help the Golden Dragon Demon, without any hesitation, instantly released a very powerful soul attack method.

I saw an illusion of souls suddenly appearing around the leader of the Water Holy Land.

He seemed to be in a dark hell, lost his way, and didn't know where to attack at all, so he could only spin in circles.

At this moment, when he saw the Siren Soul Master not far away entering the void, seemingly looking for himself, a cold smile suddenly appeared on the corner of Ye Feng's lips.

Chapter 3098 A huge opportunity

Buzz!

At this time, the Siren Soul Master entered the void and immediately saw Ye Feng hidden in it.

Ye Feng did not hide himself deliberately and directly revealed his true appearance.

"So young?"

The siren soul master had a look of surprise in his eyes, and said aloud: "All the human soul masters I know are extremely old. I didn't expect that a young man like you would have such an understanding of soul masters." Deep practice and research."

Ye Feng just smiled slightly at this and said: "Stop talking nonsense. If you keep talking nonsense, your partner, the Golden Dragon Demon, will soon fall."

At this moment, the golden dragon demon outside the void was unable to resist the leader of the water holy land who looked like a god of war. He was chopped down with a big ax by the leader and was knocked backwards, causing many wounds on his body.

"You are very arrogant and very courageous. If you dare to go against me, you will die miserably."

At this moment, the Siren Soul Master spoke out, and the scepter in his hand quickly pointed in the direction of Ye Feng. .??.

Buzz!

Almost at the next moment, a pitch-black light suddenly emitted from the scepter of the Siren Soul Master.

These dark rays of light directly formed a very ferocious evil spirit from hell, roaring and roaring towards Ye Feng with his teeth and claws spread out.

"Soul Gem!"

At this time, Ye Feng had no intention of fighting with the Siren Soul Master, and was preparing to use powerful means to end the battle.

So at this moment, Ye Feng directly released the power of the soul gem.

"Boom"!

Two red lasers burst out from Ye Feng's eyes.

This is the power of the soul gem!

It instantly pierced the evil spirit from hell that rushed over.

"Pfft!"

Then two red laser beams instantly penetrated the Siren Soul Master's head.

The Siren Soul Master didn't even have time to scream, and fell instantly.

It has to be said that Ye Feng, who possesses the soul gem, is simply crushing in the battle between the soul masters.

.

Boom!

At this moment, in the Golden Dragon Island area outside, when the Golden Dragon Demon saw the body of the Siren Soul Master, it fell out of the void and had already died. He was immediately frightened.

How powerful must that human soul master be in the dark?

Was he able to kill the mysterious Siren Soul Master instantly?

This is really scary!

"What? So strong?"

At this moment, even the leader of the Water Holy Land couldn't help but have a look of deep horror in his eyes.

Because he had fought against the Siren Soul Master and knew that the Siren Soul Master was extremely powerful and his methods were terrifying.

But even so, in just a few moments, the body of the Siren Soul Master fell out of the void and died instantly.

"boom!"

At this time, a huge demonic aura erupted from the whole body of the golden dragon demon. The entire huge golden dragon body beat against the waves, preparing to dive directly into the depths of the ocean to escape.

"Want to escape? No way!"

But at this time, the team leader who had been pestering the Golden Dragon Demon naturally would not give the Golden Dragon Demon a chance to escape. He only heard him roar: "Dominate the world!"

boom!

He held the huge ax in his hand, and his whole body was exuding terrifying thunder and lightning, and all of a sudden he slashed away in the distance with the axe.

At that moment, the entire ocean was even split into two halves.

"Pfft!"

The golden dragon demon who was escaping in a hurry didn't even have time to react. His whole body was split in half by the leader of the team, and he was killed immediately.

At this time, the leader of the Water Holy Land finally breathed a long sigh of relief.

Even though the leader's cultivation level is extremely powerful, he is a person in the ninth level of the Divine Palace Realm.

But what he didn't expect was that the golden dragon demon actually obtained the mysterious sea demon spirit in the sea monster alliance.

The help of the soul master.

If it weren't for the help of that expert in the dark, I would probably be here today.

So at this time, after finally killing the golden dragon demon, the leader of the Water Holy Land could be considered as completing the task assigned to him by the sect, and he finally breathed a long sigh of relief.

The main purpose of his coming here this time is to eradicate the golden dragon demon.

Now that the golden dragon demon has been killed and the sect's mission is completed, the leader's pressure is gone and he can go back to the sect to receive the reward.

wrong!

The team leader felt that he should thank the expert in the void who secretly helped him.

At this moment, the leader of the team immediately clasped his fists at the surrounding void and said loudly: "Thank you for your help, senior, otherwise, this junior will really be completely trapped here this time."

"I'm not a senior."

Ye Feng said this and appeared directly from the void.

Seeing Ye Feng's true appearance, the team leader couldn't help but reveal a look of astonishment in his eyes, and then said with some surprise: "It's you, Mr. Ye Feng!"

The captain of this Water Holy Land is actually the captain in blue armor who took Ye Feng to the Water Holy Land to treat the little princess in the dungeon black market!

Ye Feng smiled slightly at this moment and said aloud: "Captain, I didn't expect that we would meet again here. We are so destined."

"Yeah yeah!"

The captain of the team quickly came to Ye Feng and said happily: "I didn't expect that the person who secretly helped me was Mr. Ye Feng. Mr. Ye Feng came to this primitive ocean this time to practice. Bar?"

Ye Feng nodded slightly and said aloud: "Originally, I was just looking for some marine resources in the primitive ocean area, but when I learned that there were ruthless pirate forces that burned, killed, looted, and looted around here, I thought about eradicating these. Pirates can be regarded as doing justice to the people and doing harm to the people, but I didn't expect that your Water Holy Land also has grudges with these pirates."

The captain of the team immediately nodded and said with some resentment in his eyes: "These pirates are so arrogant that they dare to secretly join forces with the hateful sea monsters of the Sea Monster Alliance and have been controlling the primitive water in our water sacred place. The ocean area is being destroyed, so this time the Holy Lord personally ordered elite teams to enter the area of the thirty-six islands of the Chaos Demon Sea to completely eradicate these hateful pirates. "

When Ye Feng heard what the team leader said, he suddenly had a look of surprise in his eyes and couldn't help but ask: "In that case, in addition to this Golden Jiao Island, there are also elite teams from your Water Holy Land in front of other islands. Go on an eradication mission?"

The team leader nodded and said loudly: "Yes, each island has sent elite teams with corresponding cultivation levels to carry out eradication tasks, but now among these pirate islands, there are actually members of the Siren Alliance. With the help of some experts, it seems that the Siren Alliance must have known about this operation in advance. We estimate that many teams will suffer heavy losses. After all, if Master Ye Feng hadn't secretly helped me this time, I would have been in trouble as well."

At this moment, the captain was speaking with a hint of urgency in his tone. He hugged his fists towards Ye Feng and said, "Master Ye Feng, I don't have time to say anything more to you now. I have to go back and inform the Holy Lord." , let him quickly withdraw the teams that have not been sent out, or increase the overall strength of the team."

Ye Feng immediately nodded and said: "Okay, then go quickly. As for the remaining pirates on Jinjiao Island, I will help you clean up."

"Thank you, Mr. Ye Feng!"

The captain immediately clasped his fists gratefully, then turned around and flew into the distance, leading a group of his subordinates away directly from here.

At this moment, Ye Feng stood there, thinking about what the team leader had just said.

If the Holy Land of Water really sends so many elite teams to attack each of the thirty-six islands in the Chaos Demon Sea, then he may be the biggest beneficiary.

As long as he cleans up the mess in time enough, he will be devoured by the blood and energy of countless strong men.

This will be a huge opportunity for your cultivation to skyrocket!

Chapter 3099 Monk Battlefield

"Boom!"

At this time, Ye Feng thought for a moment and then directly released the Devouring Domain, covering the entire Golden Flood Dragon Island.

"Buzz!"

At this moment, the entire huge island was suddenly enveloped and covered in a pitch-black light.

The many pirates living on the entire island only feel that their energy is draining away at this moment.

The vitality is also constantly disappearing, and they are starting to look older.

This is Ye Feng using the Devouring Domain to forcefully absorb the life energy from them.

At this moment, Ye Feng didn't even need to take action to kill these pirates. He directly released the Devouring Domain and forcibly absorbed the vitality of these living pirates.

And at this time, what Ye Feng was most looking forward to was naturally the golden dragon monster that was killed by the leader of the Water Holy Land.

And the soul power of the Siren Soul Master just now is also being rapidly absorbed by Ye Feng at this moment.

This time Ye Feng's devouring behavior was not deliberately hidden.

The old man in red robe standing not far away saw this horrific scene directly, and his face turned pale with fear.

At this time, he finally understood why Ye Feng broke through so quickly.

And at such a young age, he already possesses such profound cultivation strength.

It turned out that he had practiced a very terrifying evil technique, but the old man in red robe was not so frightened that he ran away.

Because in the past few days, he and Ye Feng got along and found that the other party was not a bad person, but a person who kept his promises.

The old man in red robe couldn't help but murmured: "There are no evil techniques in the world, only evil people."

"Buzz buzz..."

At this moment, with the devouring, Ye Feng's cultivation aura is rising rapidly, and his skills are rapidly transforming.

"boom!"

The fourth level of Heavenly Master Realm!

"boom!"

The fifth level of Heavenly Master Realm!

"boom!"

The sixth level of Heavenly Master Realm!

"boom

!"

The seventh level of Heavenly Master Realm!

At this time, Ye Feng's cultivation aura finally stopped.

All the energy was refined by him!

It has to be said that the skill of this golden dragon demon is extremely profound, and the energy accumulated by all the pirates on the entire island is too huge.

Let Ye Feng break through the fourth level in a short period of time!

Directly from the third heaven of the Heavenly Master Realm, to the seventh heaven of the Heavenly Master Realm!

At this time, Ye Feng opened his eyes, and there was a bright divine light shining in his eyes.

Moreover, the aura of cultivation on his body was simply huge to the extreme.

After breaking through the fourth level, Ye Feng's combat power has also undergone earth-shaking changes, and he is many times stronger than before.

Even the red-robed old man standing next to Ye Feng felt a huge invisible pressure.

At this moment, Ye Feng suddenly reached out and grabbed it, shattering the entire huge island.

Wow...

Countless wealth suddenly surged out from the depths of the island, amidst the rolling rubble, like a tidal wave.

There are many raw stones, armors, weapons, inheritances, etc.

These are all accumulated by Jin Jiao Da Yao, the pirate island owner of Jin Jiao Island, who led many pirates over the years.

At this moment, Ye Feng grabbed half of the wealth, then looked at the old man in red robe beside him, and said with a smile: "The remaining half is yours."

When the red-robed old man heard what Ye Feng said, his eyes suddenly lit up when he looked at the remaining half of the huge wealth, and he quickly said gratefully: "Thank you, Mr. Ye Feng!"

Uh-huh!

After finishing speaking, the old man in red robe flew directly to the island and began to search for the wealth.

Boom! !

And just when the old man in red robe had just finished searching, not far away

On the sea surface, a huge roar suddenly sounded.

It's like an endless storm is coming.

In the distance over the sea, the blue sky has turned into pitch black.

It seems like there are endless dark clouds floating towards this side.

The old man in red robe seemed to have seen something, and couldn't help but said in shock: "That seems to be an army of many pirates, and it's so dark. Let's run away quickly!"

Ye Feng said aloud at this time: "You should run away first. You will probably not be able to participate in anything that follows. It is too dangerous, but I can't leave directly because this may be a big deal for me." Opportunity."

Ye Feng knew very well that the pirates on all the islands would definitely unite and fight a very fierce battle with the elite team of the Water Holy Land.

So Ye Feng must stay here.

This battlefield composed of powerful practitioners is simply a natural treasure to Ye Feng.

There will be endless blood energy generated in the battlefield, and Ye Feng can get huge benefits from it.

Ye Feng felt that his cultivation skills could definitely be raised to a very high level this time.

By then, even if he returns to the Yiyuan Dao Sect, he will be a master-like existence. He will no longer be a weak disciple-level figure who must be looked upon seriously by everyone.

Hearing what Ye Feng said at this time, the old man in red robe seemed to think of the weird and evil devouring power that Ye Feng had just released, and he immediately understood something.

In this regard, he did not dare to comment too much, but nodded quickly, clasped his fists and said loudly: "Anyway, thank you Mr. Ye Feng for taking me with me and getting so much wealth. We will meet again in the future if we are destined." of."

Uh-huh!

After saying that, the old man in red robe naturally did not dare to stay any longer and fled quickly towards the distance. Apparently he was afraid that he would be involved in this huge war and die without a burial place.

At this time, Ye Feng saw the back of the old man in red robe disappearing into the distance.

The sea surface at the location instantly flew quickly in the opposite direction.

The direction in which Ye Feng was flying at this moment was exactly the battlefield area where the strong pirates from the Thirty-six Islands of the Chaos Demon Sea and the elite team from the Holy Land of Water collided and fought.

Uh-huh!

Ye Feng's speed was very fast, and he arrived at the edge of the battlefield in a blink of an eye.

At this time, he saw that the two sides were already fighting together.

Ye Feng saw that there were still many super strong people among the pirates.

Every attack can cause huge damage.

However, this elite team sent by the Water Divine Land to dismantle the pirate forces is also extremely powerful.

The weapons in the hands of the powerful men of the Water Sacred Land burst out with brilliant divine light, exuding terrifying waves of destruction.

The two sides were fighting like crazy.

The surrounding ocean was beaten to the point of breaking into pieces.

The blue water is dyed red with blood.

The entire battlefield was filled with chaos, with overwhelming murderous intent and shining blood, shaking the entire world.

Buzz!

In the corner where no one is paying attention, Ye Feng is like a shadow in the darkness, hiding himself deeply in the void.

Buzz!

Then Ye Feng slowly released his devouring power, quickly absorbing the endless blood energy generated in the entire battlefield.

You must know that these blood energy are extremely terrifying and powerful. The energy generated after death in battle contains very high-level and huge energy.

At this moment, Ye Feng's whole body was glowing with blood-red light, and the ocean of skill in his dantian was rapidly expanding and growing.

Ye Feng's cultivation level, at this moment, once again began to break through rapidly!

I have to say that Ye Feng was really lucky this time, encountering a vast battlefield of powerful monks.

The blood energy generated by every strong man's death in battle can provide Ye Feng with huge and boundless energy!

Chapter 3100 Breaking through a big bottleneck

"Rumble..."

A steady stream of huge blood energy is being rapidly absorbed by Ye Feng in the void.

No one would have thought that in such a chaotic battlefield, someone would be so bold as to hide in the void of the battlefield and secretly absorb the blood energy generated in the entire battlefield.

Because if it is discovered, it will definitely become the target of public criticism.

But Ye Feng is not afraid at this time.

Because he is now using the ability of the space gem to hide in the void.

It is a different situation than ordinary warriors hiding in the void.

Ordinary warriors are hidden in the void, which is just a very shallow level of void.

The void where Ye Feng used the space gem was a deep void, and it was difficult for ordinary people to discover and capture Ye Feng's aura.

And even if it was easy to be discovered, Ye Feng would not leave directly.

After all, this is a once-in-a-lifetime opportunity.

You will never encounter such a huge battlefield of monks in other places. It is really rare.

Ye Feng must make full use of this opportunity to improve his cultivation strength as much as possible.

In this way, you can have a place in the entire Eastern Region.

So at this time, Ye Feng had no idea of leaving at all, and was concentrating on quickly absorbing the blood energy in the entire huge battlefield in the void.

Ye Feng could feel that his entire limbs were filled with terrifying power.

Moreover, the sea of spiritual power in Dantian is like a vast ocean at this moment, surging rapidly.

This shows how much energy Ye Feng got from this monk battlefield. It was a steady stream of energy that was injected into Ye Feng's body, helping Ye Feng to transform quickly.

"boom!"

The eighth level of Heavenly Master Realm!

"boom!"

The ninth level of Heavenly Master Realm!

...

At this moment, Ye Feng's cultivation aura suddenly began to surge and break through rapidly.

Fortunately, the entire battlefield was in chaos, so the energy fluctuation caused by Ye Feng's breakthrough did not attract many people's attention.

However, even if it attracted the attention of some pirates in the surrounding area, Ye Feng instantly used the soul master method from the void to directly kill the souls of these pirates.

That's why Ye Feng can be very safe and calm, quickly absorbing the huge and endless energy on the battlefield of the monks in the void.

\u003e You must know that the people participating in this war are elites from both sides, so Ye Feng's cultivation breakthrough momentum at this time is simply rapid and continuous, with no sign of stopping at all.

In the blink of an eye, Ye Feng's cultivation has reached the tenth level of Heavenly Master Realm, Great Perfection.

The speed of this breakthrough is simply incredible.

But that's far from stopping.

Ye Feng can still get a steady stream of huge energy from the battlefield, allowing Ye Feng's cultivation level to rapidly and continuously improve.

"boom!"

Half step to the divine realm!

"boom!"

The first level of the Divine Mansion Realm!

At this time, Ye Feng directly broke through a big bottleneck.

He actually relied on the infinite blood energy in the monk battlefield to directly break the shackles of the Heavenly Master Realm and rushed into the Divine Palace Realm!

It has to be said that Ye Feng really got huge benefits this time.

At this time, Ye Feng discovered that the blood energy absorbed from the battlefield seemed to be getting less and less.

Ye Feng looked from the void toward the battlefield on the ocean outside and found that the entire battlefield battle was almost over.

Both sides suffered heavy losses.

But in the end it was the pirate forces that had the upper hand.

Because among these pirates, there are also helpers from the Ocean Alliance.

But the group of experts sent by the Water Divine Land did not know this.

At this moment, there are only a few dozen masters left in the entire Water Sacred Land. Their faces are extremely ugly, and they seem to be preparing to evacuate here.

"There's no escape."

But at this moment, an extremely powerful pirate seemed to be the top presence among the thirty-six islands in the Chaos Demon Sea.

He just threw out a huge golden tower.

Buzz!

The giant golden tower shed a large piece of golden light, forming a light shield, sealing in all the masters of the Water Sacred Land who wanted to escape.

"Boom!"

"Boom!"

At this time, many masters from the Water Holy Land attacked quickly, trying to break through the blocking light barrier.

But they had almost exhausted all their strength in the previous battle, so they were unable to break through the golden tower's blockade at this time.

At this time, a group of masters from the Water Holy Land could not help but have despair in their eyes. It seemed that they would all be wiped out here today.

"boom!!"

But suddenly at this moment, a very terrifying power burst out from the void.

Boom!

Ye Feng, shrouded in black robes, jumped out of the void and punched out, sending the giant golden tower flying backwards.

At this time, after Ye Feng's cultivation had broken through to the first level of the Divine Palace Realm, his power was many times stronger than before, and he was already considered a very powerful master.

Even though many of the pirate masters who participated in this war were all powerful beings at the level of the Divine Mansion Realm, or even the Tongtian Realm above the Divine Mansion Realm.

But they had been fighting for so long that their strength was almost exhausted.

So at this time, Ye Feng was naturally able to show off his power.

The reason why Ye Feng came out of the void was naturally to rescue the remaining masters of the Water Holy Land.

Previously, Ye Feng's cultivation level was too low, so naturally he would not enter the battlefield and die in vain. He could only observe in secret, absorb energy, and develop silently.

But now Ye Feng's cultivation has been greatly improved, and the power of these pirates in the battlefield has almost been exhausted, and their combat effectiveness is only one or two percent of their peak state, so Ye Feng naturally dared to emerge from the void at this time .

At this time, the remaining masters of the Water Holy Land who had been rescued quickly hugged Ye Feng's fists and said gratefully: "Thank you for your life-saving grace."

At this moment, Ye Feng just looked at the group of masters from the Water Sacred Land behind him, and said loudly: "If you want to survive, leave here as soon as possible. My cultivation level is not very strong. You are all seriously injured now." , I guess they can't help me, so I'd better leave as soon as possible."

Hearing what Ye Feng said at this moment, a group of masters from the Water Holy Land nodded quickly and left here.

When the group of pirates not far away saw this scene, their eyes immediately showed fear and anger, and they quickly led many pirate masters to pursue them in this direction.

"Your opponent is me!"

Boom! !

Ye Feng roared at this moment and directly released the power of the Dzogchen future body.

His cultivation level climbed directly from the first level of the Divine Palace Realm to the Great Perfection of the Tenth Level of the Divine Palace Realm.

And Ye Feng also released at this moment

After unleashing the Ancient Holy Body's great creation power, he suddenly turned into a golden giant, fiercely bombarding the front, and in an instant released the most powerful attack power currently.

Ye Feng knew that these pirate masters were now exhausted and it was a good opportunity for him to kill them.

If he didn't take advantage of this moment to unleash his strongest combat power and resolve the battle quickly, he might not be able to defeat them when these pirates continued to recover.

Therefore, the power Ye Feng released at this moment was almost his most powerful power.

And the effect is obvious.

"boom!"

"boom!"

"boom!"

The pirates who chased after them at this moment were all knocked upside down by Ye Feng's strongest attack at this moment. They vomited blood and fell to the surface of the ocean. All of them were severely injured.

When Ye Feng saw this scene, his eyes showed a look of joy. Sure enough, his current combat power had been greatly improved.

But before Ye Feng could be happy, suddenly a group of masters from the Water Holy Land who were escaping in the distance began to scream.

Ye Feng looked in that direction, and his eyes suddenly darkened.

I saw a very mysterious force that was constantly killing the group of masters in the Water Holy Land.

Every master, no matter how high his level of cultivation was, had his head pierced instantly, his eyes widened, and he fell into the ocean and fed the sharks.

Poof!

When all the masters of the Water Holy Land were killed instantly, Ye Feng finally saw the mysterious power clearly.

It turned out to be a very thin dagger, like a very ordinary blade, but it was like the sharpest sword in the world, indestructible.

Ye Feng didn't even react. This tiny dagger had already stabbed in front of Ye Feng.

Uh-huh!

Ye Feng's perception was terrifying, and he dodged directly at this moment.

But in the end it was still a step too slow.

Poof!

One of his arms was cut off directly by the dagger, and blood splattered.

Buzz!

At this moment, Ye Feng used his blood energy to grow his broken arm again.

However, although his body has returned to its complete state, Ye Feng's face is still a little pale, because the person who controls this terrifying dagger is definitely a very terrifying guy!
