

## Ancient 3101

### Chapter 3101 Prisoner

At this time, Ye Feng instantly felt an extremely intense sense of life and death crisis.

He looked at the group of masters from the Water Sacred Land not far away, including those who were in the tenth level of the Divine Palace Realm, and those who were in the Tongtian Realm above the Divine Palace Realm. They were all killed in an instant. Dye the ocean.

This scene is really shocking.

Even if the masters of the Water Holy Land were exhausted, they could not be killed so easily.

This shows how terrifying the guy who secretly took action at this time is.

At this time, Ye Feng's eyes suddenly became extremely vigilant, looking towards the sea not far away.

Buzz!

Along with a slight spatial fluctuation, a graceful woman wearing a purple dress appeared in Ye Feng's field of vision.

At this time, a dozen thin daggers, emitting cold and sharp light, floated around the woman in the purple dress, exuding an extremely dangerous aura.

The woman in the purple dress has extremely cold eyes, with a natural aloofness and coldness.

"See Siren Saint!"

At this time, the dozen or so Kraken warriors who had been blasted away by Ye Feng using his strongest power all knelt down on one knee in front of the woman in the purple dress to express their respect.

"Siren Saint?"

When Ye Feng heard the name of the group of pirates, his eyes suddenly showed surprise.

Unexpectedly, this young woman with terrifying strength turned out to be the saint of the Siren Alliance.

No wonder the methods are so terrible.

Even if Ye Feng is displaying his Dzogchen future body at this moment, and his strength and cultivation are in the Dzogchen realm of the Divine Palace, he still feels a very strong sense of life crisis from the aura of this Siren Saint.

This Siren Saint's strength and cultivation are absolutely terrifying to the extreme, and she is not something that she can resist temporarily.

At this time, Ye Feng had already thought about retreating.

At this moment, he was concentrating on observing all the movements around him, trying to find the best time and space to escape from here.

Because at this moment, all the surrounding space was locked by the aura of the Siren Saint.

Even if Ye Feng had the space gem, it would be difficult to escape in an instant and he could only look for the best opportunity.

"You were the one who killed the Siren Soul Master under my command on Golden Dragon Island, right?"

At this time, the Siren Saint walked toward Ye Feng's position, and said slowly: "It is very unusual for a human soul master as young as you to have such a powerful soul. I don't have to kill you, but you must kneel in front of this saint and declare your allegiance to me."

When Ye Feng heard this, he immediately understood why the Siren Saint had not taken action.

It turned out that he wanted to recruit himself.

But Ye Feng was too lazy to talk nonsense with this saint from the Siren Alliance.

Ye Feng just grinned and said: "Forget it about being loyal to you. If you are willing to be my martial arts partner, then I can consider it."

Ye Feng said this at this time, naturally to anger the Siren Saint, because only when the Siren Saint is angry, her aura that locks the surrounding space will have a flaw, allowing Ye Feng to seize the opportunity to escape.

However, Ye Feng obviously underestimated the power of the Siren Saint.

When the Siren Saint heard what Ye Feng said, she didn't get angry at all, but said seriously: "If you are about the same strength as me now, with your talent as a fellow soul martial artist, I would be your martial arts partner." No, I respect the strong regardless of camp."

Hearing what the Siren Saint said, Ye Feng's eyes suddenly showed a look of astonishment. It seemed that he did not expect that the Siren Saint in front of him would say such words, and it seemed that he still spoke in a rather serious tone.

To say.

"boom!"

At this time, Ye Feng didn't want to wait any longer. He immediately burst out with a powerful aura and rushed towards the back in a certain direction to escape from here.

"Don't try to escape from my grasp. I will never let someone like you go."

Buzz!

At this moment, the Siren Saint spoke slowly and casually stretched out a small hand in the direction of Ye Feng's escape.

An extremely terrifying energy appeared in the entire world in an instant.

The entire world was suddenly imprisoned.

"Three thousand world."

The Siren Saint spoke slowly, displaying an extremely ancient and terrifying inheritance.

Ye Feng was on the way to escape, but he suddenly felt that the surrounding space began to change.

Small worlds, like space light groups, suddenly surrounded Ye Feng.

Every small world exudes a very terrifying power of the world.

At this moment, Ye Feng punched out hard.

In his fist, an extremely bright golden light suddenly burst out.

"Boom!"

But the moment Ye Feng's fist struck these small worlds, Ye Feng's fist was directly fractured by the shock!

"Space gem!"

At this moment, Ye Feng used the power of the space gem to open up a space wormhole in front of him.

Buzz!

However, as soon as Ye Feng entered the space wormhole, the small worlds around him suddenly rushed towards Ye Feng, shattering the space wormholes.

"So strong?"

Ye Feng's eyes suddenly showed deep shock.

“

The magical power of this Three Thousand Worlds is really powerful, and it can actually contain its own space gem.

This Siren Saint is really ridiculously strong!

"It's useless. Even if you have such a rare thing as a space gem, you can't escape from my grasp because your cultivation is much worse than mine."

The cool voice of the Siren Saint sounded not far away.

Uh-huh!

She flew over, stared at Ye Feng, and then stretched out her hand. A divine light flashed in her palm, and a golden prison like a birdcage appeared, instantly covering Ye Feng.

Ye Feng was locked into this golden birdcage, as if he had become a canary in the hands of the Siren Saint.

The great divine power of the ancient holy body!

Ye Feng circulated the ancient emperor's inheritance, turning his whole body into pure gold, and fiercely bombarded the surroundings.

"when!"

"when!"

"when!"

But Ye Feng's golden fist couldn't smash the birdcage-like golden prison around him.

Uh-huh!

At this time, the Siren Saint flew outside the golden prison, looked at Ye Feng who was trapped inside, showed a slight smile on her cold and beautiful face, and said: "Go back with me, I won't hurt you. You, you killed my soul master, then use yourself to compensate."

Buzz!

After finishing speaking, the Siren Saint stretched out a small white hand, grabbed the golden prison, directly carried the "birdcage", and flew quickly in a certain direction in the distance.

The group of pirates on the spot bowed respectfully in the direction where the Siren Saint left: "Best farewell to the Saint."

At this moment, Ye Feng in the golden prison had a downcast look in his eyes. He never thought that one day he would become the prisoner of a woman.

However, this woman is indeed terrifying.

Chapter 3102 Grain and Grass Depot

Ye Feng never thought that he would be imprisoned by the Siren Saint and captured in the Siren Alliance.

When the Siren Saint returned to the Siren Alliance, she seemed to have other urgent matters and left immediately.

At this time, Ye Feng was trapped in the golden prison. Looking at everything around him, he found that he was in a very glorious hall.

Ye Feng understood that this should be the palace of the Siren Saint.

At this time, Ye Feng exuded soul power and spread outward, confirming that the Siren Saint was really gone.

Buzz!

Ye Feng suddenly released his bloodline talent, the God Clan Gloves.

I saw God Clan gloves suddenly appearing in Ye Feng's hands.

Ye Feng wore the God Clan gloves and touched the surrounding golden prison. He quickly extracted all the attributes of this indestructible prison, and then Ye Feng escaped easily.

The reason why Ye Feng had not used the God Clan gloves before was naturally because the Siren Saint was always present and had no chance to use them.

Moreover, Ye Feng also deliberately let the Siren Saint capture him, so that he could enter the inner area of the Siren Alliance unscathed.

At this time, Ye Feng escaped from the golden prison and observed the surrounding environment.

However, Ye Feng did not find any treasures from the Siren Saint's palace.

Ye Feng was thinking in his mind, should he escape from here directly now, or should he search in the Siren Alliance.

However, the Siren Alliance must be heavily guarded everywhere, and it is not so easy to cause trouble in it.

At this time, Ye Feng immediately called out in his mind: "Emperor Chu, please activate the soul gem, expand the range of perception, and see where the treasure house of the Siren Alliance is?"

Ye Feng knew very well that there was a huge war going on between the Siren Alliance and the Water Holy Land.

In the base camp of the Siren Alliance, there will definitely be a separate place to store resources needed for various wars.

After all, before the soldiers and horses move, food and grass go first.

The resources to support the battles of so many Kraken warriors must be very rich, and they are all huge resources in the ocean.

Emperor Chu said in his mind: "There are countless strong people in this Siren Alliance, and there are many with terrifying auras. Ye Feng, you boy, please be patient."

Ye Feng grinned and said aloud: "Now that we are all here, we naturally cannot waste this opportunity. It is very difficult to enter the internal area of a huge force like the Siren Alliance. This time, with the help of the Siren Saint After entering the alliance, it is natural to search carefully. "

Hearing what Ye Feng said, Emperor Chu nodded slightly, and then directly released all the power of the soul gem.

Buzz!

A huge and boundless perception suddenly spread out from Ye Feng's head.

After sensing for a while, Emperor Chu suddenly said aloud in his mind: "I sensed the fluctuations of countless ocean elixirs and rare treasures, which should be the food and fodder warehouse of this Siren Alliance. After all, to carry out such a huge war, it will definitely require Only by accumulating enough food supplies can the soldiers at the front have the strength to fight. "

When Ye Feng heard what Emperor Chu said, his eyes immediately lit up and he said loudly: "Grain and grass warehouse? If it is really a food and grass warehouse, there must be not only marine elixirs to replenish power and energy, but also pills to treat various injuries. Medicines, etc., these are all good things for me."

Emperor Chu nodded and continued: "I still feel

Due to the energy fluctuations of many weapons and magic weapons, it must be an arsenal. "

Ye Feng shook his head and said: "I'm not interested in the arsenal. What I'm interested in is improving my skills. Let's go directly to the grain and grass depot. Emperor Chu, please guide me in the direction. We have to speed up. The Siren Saint is ready at any time." She will come back. If she comes back and sees that I am not in the golden prison, she will definitely mobilize the entire Siren Alliance's security force to search for me, and then we will be in trouble. "

"Okay, I'll guide you quickly."

Emperor Chu immediately nodded and simulated a soul map of the surrounding Siren Alliance in Ye Feng's mind, asking Ye Feng to move forward based on this soul map.

At this moment, Ye Feng looked at the simulated map in his mind and quickly lurked in the direction of the grain and grass depot.

Moreover, with the help of Emperor Chu's extremely powerful perception, Ye Feng was able to avoid any patrolling sirens along the way, and no one noticed him at all.

Soon, Ye Feng arrived at his destination.

A huge castle stood on the ground ahead.

The entire castle is made of steel and looks extremely cold.

This castle is the food storehouse of the Siren Alliance.

Ye Feng saw at this time that around the castle, there were Kraken soldiers wearing heavy armor. The aura of cultivation on their bodies was extremely profound. Each of them was a strong man in the tenth level of the Divine Palace Realm. .

It has to be said that the foundation of this Siren Alliance is still very deep.

However, the grain and grass depot is very important, and it is quite normal to send strong men from the tenth level of the Divine Palace Realm to guard it here.

Although Ye Feng's current cultivation level is at the first level of the Divine Palace Realm.

But if you really want to fight, you can still defeat a strong man in the tenth level of the Divine Palace Realm.

But Ye Feng knew that he couldn't fight directly now.

Because the fluctuations in the battle will definitely attract the attention of many strong men in the surrounding Siren Alliance base camp.

In that case, Ye Feng's plan to swallow up the grain storehouse would completely fail.

"Soul-Eating Beast."

At this moment, Ye Feng directly released his Soul-Eating Beast clone.

Buzz!

Suddenly, a large piece of black light flew out from Ye Feng's body and quickly enveloped the area of the steel castle ahead.

There were nine of these Kraken warriors guarding the castle. At this moment, they were shrouded in the black light of the soul-eating beast clones. At this moment, their eyes suddenly darkened, and they felt that their souls were sinking. In the endless darkness.

"No! There is an enemy sneak attack! This is a mysterious soul attack technique!"

A group of powerful sea monsters from the tenth level of the Divine Palace Realm only reacted instantly as they sank into the darkness, preparing to explode with power.

"Pfft!"

"Pfft!"

"Pfft!"

But at this moment, Ye Feng's figure was already like a ghost, holding a golden trident in his hand, and he had instantly pierced the heads of all the powerful sirens who had just reacted, killing them instantly.

Although the reactions of these powerful sirens are very fast, all Ye Feng needs is that moment of insensitivity to kill these powerful sirens guarding the grain and grass depot in an instant!

Uh-huh!

At this moment, Ye Feng jumped up and dodged directly into the steel castle in front of him. Ye Feng never thought that he would be imprisoned by the Siren Saint and captured in the Siren Alliance.

When the Siren Saint returned to the Siren Alliance, she seemed to have other urgent matters and left immediately.

Chapter 3103 Purple Moon

Buzz!

After casually absorbing the blood energy of those guarding the sea monsters, Ye Feng entered the steel castle.

He immediately saw that the bottom of the castle had been hollowed out.

The underground space of the entire castle is extremely huge, like a dungeon dug out.

In this underground city, all kinds of marine treasures and elixirs are piled everywhere, all of which emit very violent fluctuations of elixirs and have a strong medicinal fragrance.

However, the moment Ye Feng walked in, he discovered that there were many sirens in this dungeon, sorting out various items in the entire grain storehouse.

When they saw Ye Feng walking in, a group of dozens of sea monsters sorting out elixirs and elixirs, their eyes suddenly froze.

After a brief moment of silence.

"Who are you?!"

Many sea monsters couldn't help but exclaimed in surprise. ??

Because the aura exuding from Ye Feng's body is the pure human aura, not the demonic aura of the sea monster.

At this time, Ye Feng did not hesitate and directly released his extremely powerful soul power!

"Boom!"

Suddenly, a large and extremely violent soul shock wave spread out from Ye Feng's head.

These sea monsters who are sorting food and grass in the dungeon are actually not very powerful. They are just a group of ordinary sea monsters.

So at this time, the soul shock wave released by Ye Feng instantly shattered the souls of all the sea monsters in the entire dungeon.

"ah!"

"ah!"

Accompanied by screams, each sea monster fell to the ground with bleeding from its orifices, and died in an instant.

At this time, Ye Feng looked in a certain direction not far away and suddenly said: "Your Excellency has been hiding for so long, can you come out?"

Buzz!

Almost at the next moment, in the space area at the entrance of the castle, accompanied by a space fluctuation, the figure of a beautiful young woman wearing purple thin armor appeared.

Ye Feng's eyes showed a trace of fear, and he felt a very scary aura around this mysterious young woman.

This beautiful young woman seemed to be very beautiful and innocent, but Ye Feng's powerful perception was able to sense that there was an extremely terrifying murderous intention in her body.

Only the kind of existence that has killed countless living beings has such terrifying murderous intent.

Ye Feng couldn't help but said: "Are you a killer?"

A faint smile appeared on the face of the mysterious and beautiful woman wearing thin purple armor, and she said loudly: "Your perception is very good, I am indeed a professional killer."

Ye Feng said aloud: "Who do you want to assassinate?"

The mysterious woman said: "How do you know I'm not here to kill you?"

Ye Feng's eyes were calm and he said: "If I were your target, you would have killed me in the void just now, instead of talking so much nonsense to me here. An excellent killer would never kill me in the void. No time is wasted on the characters."

Hearing what Ye Feng said, the beautiful woman glanced at Ye Feng in surprise, then chuckled and said: "It seems that you know a lot about the killers. Yes, my target is naturally not you, I just didn't mean to I suddenly sensed your human aura, which is different from the Siren clan, and it is very rare for you to have such profound cultivation at such a young age, so I was very curious and followed you to see what you were going to do. It turns out that you are a thief. "

"thief?"

Ye Feng laughed at himself and said: "I don't

He is a thief. I come from the Holy Land of Water, and I am an enemy of the Siren Alliance. I am seizing the opportunity to disintegrate the Siren Alliance internally, destroy their food storehouse, and make the Siren Alliance lose the support of food and grass, so I will not fight. Sincerely, as for you saying you followed me because you were curious about me, I don't think that's the case, right? You want to see if you can drag me along to assassinate your target person, because you are not confident that you can successfully assassinate your target person. "

Hearing what Ye Feng said, the beautiful killer not far away finally changed her expression, and a trace of solemnity appeared in her deep beautiful eyes: "Can you read minds?"

"Mind reading?"

When Ye Feng heard what the female killer said, he immediately smiled dumbly and said, "I'm just good at reasoning about the truth."

The female killer stared at Ye Feng carefully and said, "You are very smart, yes. The reason why I followed you is to observe your strength, because I really want to cooperate with you."

Ye Feng acted very calmly and asked: "Who is the target person you want to assassinate?" .??.

The female killer said slowly: "The saint of the Siren Alliance."

"Siren Saint?"

Ye Feng was stunned for a moment. He had just dealt with the Siren Saint.

Ye Feng said aloud: "Did the Holy Land of Water hire you to assassinate the Siren Saint?"

The female killer smiled slightly and said: "The identity of the employer is a secret. I'm sorry, I can't tell you this."

Ye Feng nodded slightly: "However, the strength of the Siren Saint is unfathomable. It is probably not something you can deal with. Even if you add me, it is impossible to fight against the Siren Saint."

Ye Feng knew very well how terrifying and powerful the strength and methods of the Siren Saint were.

So at this time, Ye Feng said without mercy: "I won't

I want to cooperate with you and die without a burial place in the end. "

The female assassin smiled and said loudly: "I know that the Siren Saint is very powerful. Even if the two of us join forces, we can't confront her head-on. But you have to know that my mission is to assassinate the Siren Saint. No one can I am not forced to confront the Siren Saint. I am a gold medal killer of the Eastern Land Killer Alliance, and my assassination methods are beyond your imagination."

Hearing this, Ye Feng thought for a moment and said, "If I cooperate with you, what benefits will you give me?"

The female assassin said with a smile: "How about sharing the commission for my assassination mission equally?"

Ye Feng looked curious and said, "How much is your commission?"

The female killer stretched out five fingers and said: "Five million rough stones."

Ye Feng's eyes were suddenly shocked and he said: "The life of the Siren Saint is so valuable?"

Rough stones are very precious even in the vast and endless land of the Origin World.

Ye Feng knew that in the Yiyuan Dao Sect he was currently in, even some core elders only offered thousands of rough stones every month.

However, the female killer's commission now actually amounts to five million rough stones.

Ye Feng immediately understood that the big force that hired this female killer was definitely the Water Holy Land.

Only the sacred land of water can be so wealthy.

Ye Feng said aloud: "Okay, I did it. It just so happened that I also had a personal grudge against the Siren Saint, and I was captured by her."

The female killer stretched out her hand with a smile and said: "Then the two of us have become short-term partners now. Let me introduce myself formally. My name is Ziyue. I come from the Killer Alliance. My current cultivation level is above the Divine Palace realm. Half-step to the Heaven-reaching Realm, the highest record in my career, and successfully assassinated a powerful being in the ninth level of the Heaven-Bearing Realm."

Chapter 3104 Exaggerated breakthrough speed

At this time, upon hearing the female assassin's self-introduction, Ye Feng immediately nodded and said, "It seems that your assassination method is very extraordinary. I hope we can cooperate successfully this time."

Regarding the great enemy of the Siren Saint, Ye Feng would naturally want to kill her if he had the chance.

At this moment, the female killer suddenly asked curiously: "Who are you?"

Ye Feng said aloud: "My name is Ye Feng. As for where I come from and what my identity is, it's not convenient to say."

After saying that.

Uh-huh!

Ye Feng jumped directly into the dungeon below and began to search for those panacea.

There are many elixirs and elixirs in this dungeon, all of which are very high-end. They are a huge wealth for Ye Feng.

Ye Feng did not directly swallow these elixirs at this time.

Because Ye Feng knew very well that although the female killer Ziyue beside him had temporarily become a partner with him, Ye Feng did not want a killer to know his secret of devouring.

Ye Feng collected all the elixirs and elixirs in the entire dungeon, looked at Ziyue standing not far above, and said with some surprise: "You don't want to take any elixirs?"

Ziyue smiled slightly, with a faint smile on her beautiful face, and said aloud: "You originally discovered this grain depot, I just followed you here, and we will work together to hunt that one right away. Siren Saint, I won't ask for anything from you, otherwise, I'm afraid you'll resent me and use secret methods against me."

When Ye Feng heard this, his eyes suddenly showed a look of surprise, then he smiled dumbly and said, "It seems that you are very wary of anyone."

Ziyue smiled and said: "Always keep a vigilant heart, even if it is against your own

Mate, this is a must for a good killer, isn't it? "

When Ye Feng heard what Zi Yue said, he nodded slightly, and then asked: "What are your plans next, to hunt down that Siren Saint?"

Ziyue said aloud: "I got the news a few days ago that this Siren Saint will leave the base camp of the Siren Alliance in the next few days and go to a nearby sea area to assist a group of masters from the Ocean Alliance. Open up a ruin in the depths of the ocean."

When Ye Feng heard what Ziyue said, there was a hint of surprise in his eyes, and he said loudly: "No wonder the Siren Saint left in a hurry after imprisoning me. It seems that she wanted to rush Go to that ocean ruin."

Ziyue nodded and said aloud: "The Siren Alliance seems to want to obtain ancient marine resources from that ocean ruins to strengthen the overall strength of the entire Ocean Alliance, so that it can truly defeat their biggest enemy, the water." Holy land, so this is our best chance to hunt down the Siren Saint. Apart from some ordinary masters in the Siren Alliance, there are no other super powerful people around her."

Ye Feng asked: "A person with such a high status as the Siren Saint will always have a powerful protector around him, right?"

Ziyue shook her head and said: "Before I came here from the Killer Alliance headquarters, I already learned from the headquarters' information pavilion that the two extremely powerful guardians beside the Siren Saint have long since left the sea. The Demon Saint is fighting with the elders of the Water Holy Land in a mysterious space area, and she doesn't even care about protecting the Siren Saint."

When Ye Feng heard this, there was a hint of surprise in his eyes.

It looks purple

The killer alliance that Yue belongs to is not simple. It has the latest news about everything that happens in the entire Eastern Territory.

Ye Feng nodded immediately and said, "Then let's go to the ocean ruins and hunt down the Siren Saint."

The reason why Ye Feng agreed to cooperate with the female killer Ziyue was not only to get rid of the enemy of the Siren Saint and get half of the commission.

There is also another important purpose, which is to severely damage the power base of the Siren Alliance.

You must know that if the Ocean Saint, as the core figure of the Ocean Alliance, dies, the pressure on the Water Sacred Land will naturally be reduced a lot, and the entire Ocean Alliance may be severely damaged. ??

Although Ye Feng was not a member of the Water Holy Land, the Water Holy Land gave Ye Feng a very good impression.

The Holy Lord of the Water Holy Land was very polite to Ye Feng, and even left the position of the Holy Son to Ye Feng, waiting for Ye Feng to use it.

Also, Shui Lingxi, the little princess of the Water Holy Land, and Ye Feng are also very good friends.

Therefore, when Ye Feng had the opportunity, he naturally wanted to secretly contribute some help to Shui Sacred Land, which could be considered as giving some help within his ability to Shui Sacred Land.

At this time, Ye Feng and the female killer Ziyue quickly left the base camp of the Siren Alliance.

After they left the base camp, they flew quickly towards a certain direction of the ocean.

While Ye Feng was on his way at this time, he secretly released the devouring domain and quickly devoured all the elixirs and elixirs he had plundered from the storage ring and those in the Ocean Alliance's grain storehouse.

You must know that these resources in the grain and grass warehouse of the Ocean Alliance headquarters are prepared for war, so you can imagine how huge the amount is.

"Rumble..."

\u003e

Ye Feng secretly swallowed it at this time, and immediately felt a very terrifying huge energy injected into his body, causing Ye Feng's skill to increase rapidly.

When Ye Feng secretly devoured all the resources he had plundered from the grain storehouse, he turned them into pure energy and injected it into his dantian.

Ye Feng's aura couldn't be suppressed immediately, and it started to rise steadily!

"boom!"

"boom!"

"boom!"

"boom!"

"..."

At this moment, seven huge waves of cultivation aura erupted from Ye Feng's body, getting stronger and bigger, startling the female killer Ziyue who was flying beside him.

Because Ye Feng's cultivation breakthrough happened completely instantaneously, without any warning, a powerful aura suddenly burst out from his body, and the aura of the breakthrough was like a giant wave in the ocean, with each wave getting higher than the next.

At this moment, Ye Feng devoured the war food and fodder reserves of the Siren Alliance's frontline base camp, and even broke through seven levels in a row!

Directly breaking through from the first level of the Divine Mansion Realm to the eighth level of the Divine Mansion Realm!

The female killer next to her was dumbfounded.

Ziyue's eyes widened, as if she had never seen such an exaggerated breakthrough speed!

Moreover, it was a breakthrough without warning.

Simply incredible!

Ziyue stared at Ye Feng beside her and couldn't help but ask: "What happened to you?"

Ye Feng knew that this kind of thing was difficult to explain, so he shrugged casually and said, "I suddenly had an epiphany."

Ziyue: "..."

Chapter 3105: Driving the tiger and swallowing the wolf

Ziyue was obviously speechless when faced with Ye Feng's words at this time and didn't know what to say.

"Then you are really awesome."

Ziyue could only say this in the end.

Next, the two of them didn't say anything more, but concentrated on their way, flying towards the ocean ruins.

Both of them have very high cultivation levels and are naturally very fast.

In less than half a day, they had arrived at their destination.

A very low-lying ocean basin appeared ahead.

The strange thing is that there is no sea water in this ocean depression. There seems to be a mysterious power that prevents the surrounding sea water from flowing into this depression.

At this time, staring at the low-lying area ahead, Ziyue said: "This is the entrance to the ocean ruins. Let's go straight down."

"Wait a moment."

Ye Feng said aloud: "Let me first check if there are any masters from the Siren Alliance guarding the surroundings. After all, we are here to assassinate the Siren Saint this time. We must not alert the snake. Once the Siren Saint is alert, "

Buzz!

At this time, after Ye Feng finished speaking, he directly released his soul power and headed towards the ocean basin ahead to explore.

After a while, Ye Feng said slowly: "I didn't detect any aura of the sea monster, we can go down directly."

Next to Ziyue, the female killer seemed to have a hint of surprise in her beautiful eyes at this moment. She couldn't help but said: "I didn't expect that your martial arts strength is so powerful, and you are actually a soul master. You He is actually a fellow practitioner of Hunwu."

Hearing what Ziyue said, Ye Feng just smiled slightly and said, "I just understand it a little bit, let's get on with it."

Uh-huh!

Ye Feng didn't want to reveal more of his trump cards in front of this female killer, so at this time Ye Feng jumped directly into the ocean basin ahead.

"It seems you still don't trust me."

Ziyue couldn't help but murmured, then followed Ye Feng and jumped into the ocean basin.

At this time, Ziyue said: "If you want to assassinate the Siren Saint in an instant, you must hide yourself in the deep void. I have a special magic weapon that allows me to hide in the deep void."  
"In the void."

"Bracelet of the Void."

At this time, Ziyue activated a purple bracelet on her wrist, and her whole body suddenly sank into the deep void, making Ye Feng somewhat unable to feel her breath.

"How about it, is it awesome?" Ziyue's voice came from the deep void.

Space gem!

At this time, Ye Feng did not hesitate and directly released the power of the space gem. His whole body instantly entered the deep void and directly came to the void position where Ziyue was at this moment.

Ziyue was shocked when she saw Ye Feng suddenly appearing in front of her.

It seems that Ye Feng did not expect that Ye Feng would also use such a method, and it seemed that he did not borrow any powerful treasure.

This is equivalent to Ye Feng's own ability.

This made Ziyue's heart suddenly stir up waves.

The young man in front of her was definitely more terrifying than she had imagined.

At this time, Ziyue stared at Ye Feng in front of her and couldn't help but said: "It seems that you also have the potential to be a killer, and you actually have the ability to hide deep in the void."

Ye Feng just smiled slightly at this, and did not explain anything, but said loudly: "What are your plans next, to assassinate the Siren Saint?"

Ziyue said aloud: "The plan is very simple, that is, first lurk in the depths of the void, observe every move of the Siren Saint, and when the Siren Saint's mental state is the most relaxed, attack instantly and release the most powerful The killing attack power."

When Ye Feng heard what Ziyue said, he nodded and said, "Okay, is this your plan? It is indeed very simple and effective."

"What? Do you have a better way?"

Hearing Ye Feng's seemingly helpless tone, Ziyue couldn't help but said: "Then you come up with a better way, I will absolutely obey your arrangement."

Ye Feng thought for a moment and said: "Driving the tiger and swallowing the wolf."

Ziyue looked confused and said: "Driving the tiger to devour the wolf?"

After finishing speaking, before Ye Feng could explain anything, Ziyue suddenly seemed to understand what Ye Feng meant. Her beautiful eyes suddenly lit up and she said: "Yes! There must be some very terrifying things living in this ocean ruins." Creatures, such as ocean giants, or taboo existences in some ruins, if we can find these terrifying existences and attract them to the area where the Siren Saint is, we will beat them up when the Siren Saint confronts the terrifying beings. Reservoir Dogs!"

When she said this, Ziyue couldn't help but stare at Ye Feng beside her, and said loudly: "Didn't you realize that you, a young man who looks gentle and elegant, can be so insidious and cunning?"

Insidious and cunning?

When Ye Feng heard Zi Yue's evaluation of himself, he just smiled faintly and said: "Since I am sure that the other party is an enemy, I will naturally use any means to deal with the enemy. How about insidiousness and cunning? I am just good at using it. Just use all the help you can get from around you."

Ziyue observed Ye Feng carefully at this time and said with a smile: "Really, Ye Feng, I think you should join our killer alliance. With your wisdom and means, if you join our killer alliance, I think

you will He will become the most valuable being in our killer league, and may become a gold medal killer."

Ye Feng shook his head lightly at this time, and said with a smile: "I don't want to be a killer. The people I kill are all enemies who are not good for me, but I will not give me a bounty because of others. I will kill innocent people I have never met."

When Ziyue heard Ye Feng say such upright words, a look of surprise appeared in her eyes. She stared at Ye Feng and couldn't help but said: "It seems that you are a person with a bottom line, but I No, I grew up in a poor family and suffered a lot. For the sake of wealth and bounty, no matter who is an innocent person, I will help anyone assassinate the target person as long as he gives me money. "

Ye Feng shrugged and said: "Everyone has different ideas. No one can force anyone to do something. When this cooperation is over, we will probably never meet again, so don't talk so much nonsense." Come on, hurry up and find the traces of the Siren Saint, and explore the powerful and terrifying creatures that exist in this ocean ruins, which can be used by us. "

"good."

Ziyue didn't want to say anything more, so she nodded immediately, and she and Ye Feng flew quickly towards the deep area of the ocean ruins. Ziyue was obviously speechless when faced with Ye Feng's words at this time and didn't know what to say.

Ziyue didn't want to say anything more, so she nodded immediately, and she and Ye Feng flew quickly towards the deep area of the ocean ruins.

Chapter 3106 Golden Giant Turtle

Uh-huh! Uh-huh!

At this time, both of them were moving quickly through this ocean ruins.

Of course, both of them were walking in a deep void.

Because they knew very well that if they did not move forward in the deep void, their aura would most likely be detected by the Siren Saint.

After all, both Ye Feng and Ziyue knew very well that the Siren Saint's cultivation was unfathomable.

Even if the two of them join forces, they will be unable to fight, so they must be very cautious.

Half an hour later, Ye Feng suddenly sensed something and said aloud: "I seem to feel other breaths. It shouldn't be the local breath in the ocean ruins. Maybe it's the Saint of the Ocean, leading a group of masters from the Siren Alliance. not far away."

When Ziyue heard what Ye Feng said, she immediately said, "Then let's go over and take a look." .??.

Ye Feng nodded, taking Ziyue with him, and flew quickly towards the location he sensed.

When they arrived at their destination, they immediately saw an ancient underground city in the deepest part of this ocean ruins.

In this dungeon, the Siren Saint leads dozens of masters from the Siren Alliance. Their cultivation auras are extremely powerful. They seem to be searching for something in the ruins of this ancient dungeon.

After confirming that it was the Siren Saint, Ye Feng immediately spoke to Ziyue in the void: "I will now go around to find those taboo creatures, lure them here, and then cause the Siren Saint and her group to chaos, you will wait for action when the time comes."

Ziyue nodded immediately and said: "Okay, I will secretly observe the movements of the Siren Saint here and wait for you."

"good."

Ye Feng immediately nodded, and then quickly flew in a certain direction in the distance.

on the way to flight

, Ye Feng said aloud in his mind: "Emperor Chu, use the full power of the soul gem to help me search for some terrifying forbidden creatures in this ocean ruins."

Emperor Chu immediately said in his mind: "Okay, let me give it a try. This ocean ruins is so ancient, there should be some ancient forbidden creatures."

Buzz!

At this time, after Emperor Chu finished speaking, he directly used all his strength to stimulate the power of the soul gem.

A huge amount of perception was immediately released from the soul gem, rushed out of Ye Feng's head, and quickly spread towards the surroundings.

It's like a very huge scanner, scanning the surroundings quickly.

After a moment, Emperor Chu shook his head in his mind and said, "I didn't find it. There is none nearby."

When Ye Feng heard this, his eyes suddenly darkened, and then he said: "Then I will search further away."

Ye Feng knew that whether he could find forbidden creatures from the ocean ruins area was the most important factor in killing the Siren Saint.

Therefore, Ye Feng must find a terrifying and taboo creature that can severely injure the Siren Saint.

Swish, swish, swish!

For the next half hour, Ye Feng kept walking quickly in every area of the ocean ruins.

In Emperor Chu's mind, he was constantly stimulating the soul gems and searching the surroundings.

Ye Feng searched for several hours.

"Yes!"

Suddenly Emperor Chu's voice sounded in his mind.

"Have you finally found it?

? "

Ye Feng suddenly showed a hint of surprise in his eyes.

Emperor Chu turned into a small red light person and rushed out from Ye Feng's eyebrows. At this time, he flew quickly in a certain direction and said loudly: "Ye Feng, follow me."

Uh-huh!

Ye Feng quickly followed.

In less than half an hour, Ye Feng followed Emperor Chu through a large area of the sea and came to this area where the marine ruins are relatively deep.

At this time, Ye Feng saw it.

A huge ocean whirlpool appeared in front, pitch black.

In the center of this huge ocean whirlpool, there was a giant turtle covered with golden scales lying on its body. This giant turtle's eyes were emitting scarlet light, and it looked very vicious.

At this time, Emperor Chu flew into Ye Feng's mind again, and then said aloud: "This golden giant turtle should be the most powerful ocean beast in this ocean ruins area. It belongs to the level of forbidden creatures. Ye Feng, this is your best target."

Ye Feng looked at the huge, mountain-like golden turtle not far away and nodded immediately.

He also felt a very terrifying and ferocious aura from this golden giant turtle, which was simply overwhelming.

"boom!"

The next moment, Ye Feng didn't hesitate at all, and directly punched out a wave of power, which directly hit the shell of the golden giant turtle not far away.

Boom!

Ye Feng's powerful power is enough to destroy the world.

But the collision with the shell of this golden giant turtle was like hitting a copper wall. It only made a tiny roar.

.

But although this attack did no harm, it caused the giant golden turtle to burst out with a vast and ferocious energy, directly attacking Ye Feng overwhelmingly.

Because in the golden giant turtle's perception, Ye Feng, a little ant, dared to attack it, which was an insult to its identity, so it had to trample Ye Feng, an ant-like thing, to death.

"run!"

At this moment, Ye Feng didn't hesitate and ran wildly in a certain direction.

Boom! !

In the direction behind it, the golden giant turtle set off a huge wave, full of boundless momentum, and quickly chased in the direction of Ye Feng's escape.

Fortunately, Ye Feng possessed the space gem and could quickly cross the void, so he was not trampled to death by this terrifying giant golden turtle.

When Ye Feng came to the ruins of the previous dungeon, Ye Feng directly activated the space gem to hide himself in the void.

The golden giant turtle suddenly lost its target and was about to look for Ye Feng.

But at this time, the golden giant turtle discovered more auras of outsiders in the ruins of the underground city not far away.

The auras of these outsiders are naturally that of the Siren Saint and a group of masters from the Siren Alliance led by her.

"Roar!!"

The golden giant turtle became even more angry because it was a forbidden creature that had been living in this ocean ruins.

Suddenly so many outsiders came, and it felt that this was a challenge to its authority.

So at this time, the golden giant turtle roared and charged towards the Siren Saint and a group of Siren Alliance masters not far away.

Chapter 3107 A treasure

Rumble...

The power of the golden giant turtle is very terrifying.

Moreover, the golden giant turtle is huge in size, covered in golden light, and its visual impact is also very terrifying.

So at this moment, the golden giant turtle suddenly appeared, startling a group of people in the Siren Alliance.

"what's the situation?"

"Why did such a terrifying ancient beast suddenly appear?"

"Since we entered this ocean ruins, we have been cautious because we were afraid of provoking this terrifying ancient behemoth. How could it suddenly appear?"

Almost at this moment, the appearance of the golden giant turtle caused all the Ocean Alliance masters on the scene to panic instantly.

But the golden giant turtle didn't give them time to hesitate.

While a group of Ocean Alliance masters were shouting, the huge body of the golden giant turtle, like a golden mountain, had already suppressed them.

The dozen or so masters of the Siren Alliance at the front exploded in an instant, unable to withstand the terrifying power of the golden giant turtle, which was like a sacred mountain.

"Who is deliberately attracting such a terrifying beast?"

At this time, a figure wearing a purple dress suddenly appeared at the front of the Ocean Alliance masters, observing the surroundings coldly.

This figure is the Siren Saint who is leading the team this time.

It has to be said that the Siren Saint is extremely smart and instantly guessed that this kind of terrifying evil beast would not appear all at once. Someone must be framing them.

However, the Siren Saint was sensing the surroundings at this time, and was unable to sense any abnormalities around her.

Because no matter how powerful the Siren Saint's cultivation is, as long as she does not practice magical powers related to the spatial level, she will not be able to detect Ye Feng and Zi Yue hidden in the void.

if

It is a shallow void, and perhaps the Siren Saint can sense it with her powerful cultivation.

However, Ye Feng and Ziyue both have mysterious treasures with spatial attributes, which are hidden in the deep void, and the Siren Saint is currently unable to sense them.

"boom!"

At this time, the golden giant turtle did not give the Siren Saint a chance to sense it carefully.

All it wants to do at this time is to eliminate all these outsiders!

Boom!

The golden giant turtle roared loudly, and a beam of brilliant golden energy erupted directly from its mouth. It was full of boundless destructive power and bombarded directly in the direction of the ruins of the dungeon.

In an instant, all the buildings in the surrounding underground city collapsed.

The destructive power is astonishing!

"Three thousand world!"

At this moment, the Siren Saint directly released her special skills, Three Thousand Worlds.

Buzz buzz...

Suddenly, small worlds appeared in front of the Siren Saint like light groups, forming a huge world barrier that directly blocked the golden light pillar of the golden giant turtle.

It has to be said that the cultivation strength of this Siren Saint is still very terrifying.

Even if he encounters a forbidden creature in the ocean ruins such as the golden giant turtle, he can stabilize the audience at this moment, release his own inheritance, and compete with the golden giant turtle.

At this moment, the golden giant turtle saw that the Siren Saint was able to block his own golden energy beam, and he immediately became angry.

Because this taboo evil beast did not expect that his huge

The incomparable energy was unable to destroy this seemingly weak woman.

"Boom!"

At this moment, the golden giant turtle's whole body was emitting extremely bright golden light, and its entire body began to transform into a dragon shape.

This is a completely new form!

This golden giant turtle obviously has the blood of the ancient dragon clan. At this moment, it suddenly turned into an evil beast in the shape of a golden dragon with a shell, full of extremely terrifying attack power, and moved towards the Siren Saint. The impact passed.

"Rumble..." ???

Even the small worlds released by the Siren Saint were exploded by the bombardment of the golden giant turtle that transformed into a dragon at this moment.

When the Siren Saint saw this scene, she also had a look of surprise in her eyes. She seemed not to have thought that this golden giant turtle actually possessed such an ancient and noble golden dragon bloodline, and could change its form and enhance its combat effectiveness.

"Purple Emperor War Sword!"

The Siren Saint gave a cold shout, and immediately a crystal sword emitting bright purple light appeared in her hand, and then charged directly towards the golden giant turtle in dragon form not far away.

Obviously, the Siren Saint became completely solemn at this time, and was about to fight to the death with the golden giant turtle.

At this moment, the Siren Saint spoke to a group of Siren Alliance masters behind her: "Go to the ruins of the dungeon and find that treasure quickly. As long as you can find that treasure, you can kill this treasure." A powerful taboo evil beast, I will stop this terrifying evil beast alone."

After hearing the Siren Saint's instructions, the remaining twenty or thirty masters of the Ocean Alliance nodded, and then quickly went in a certain direction to explore the ruins of the dungeon not far away.

"Is there a treasure hidden deep in the ruins of the dungeon?"

Ye Feng, who was hiding in the void, had extremely powerful hearing and instantly heard the voice of the Siren Saint not far away.

Ye Feng's eyes immediately lit up at this moment. For someone as powerful as the Siren Saint to call it a treasure, it must be an earth-shattering treasure, and it must be an extraordinary existence.

At this moment, in the deep void, Ye Feng immediately looked at Ziyue beside him and said loudly: "The battle between the Siren Saint and the golden giant turtle will probably last for a long time. Let's go here first." Let's see if there are any treasures in the depths of the dungeon ruins and search them first."

When Ziyue heard what Ye Feng said, she immediately smiled slyly and said: "The snipe and the clam fight, and the fisherman benefits. You are really good at this method, but I won't go to the depths of the dungeon ruins with you." What kind of treasure are you exploring? I'm not interested in that. The only thing I'm interested in is to assassinate the Siren Saint while she's not paying attention while fighting with the golden giant turtle. So I have to do it all the time. Observe the entire battle process and look for the best assassination opportunities."

Hearing what Ziyue said, Ye Feng didn't say much. He just respected the other party's choice and said: "Okay, you observe the whole battle first. It's best to wait until I come back to assassinate the Siren Saint together. You It would be dangerous if one person takes action."

Ziyue said with a smile: "Ye Feng, are you concerned about me?"

Ye Feng couldn't help but froze when he heard this.

Ziyue stared at Ye Feng, with a trace of joy in her beautiful eyes, and said: "No one has ever cared about me. Okay, don't be stunned. Go to the dungeon ruins to search for treasures. Hurry up." After being searched by other Siren League masters, I will wait for you to come back and take action together. Don't worry, I am a gold medal killer in the Killer League, so I won't die that easily, but thank you for caring about me."

Chapter 3108 Poseidon Crown

Ye Feng finally left the area where the Siren Saint and the Golden Giant Turtle were fighting alone, and lurked towards the depths of the dungeon.

Ziyue, on the other hand, stayed in the deep void, observing the ensuing battle between the Siren Saint and the golden giant turtle, in order to find the best assassination opportunity.

Buzz!

At this time, Ye Feng moved quickly in the deep void, quickly tracking down the group of Siren Alliance masters who had left here before.

For Ye Feng, actually working with Ziyue, a female assassin, to assassinate the Siren Saint was just Ye Feng's temporary idea. .??.

Ye Feng's real purpose is to find various resources that can greatly improve his cultivation strength.

In this case, he can quickly go to the Sea of Chaos to help his father and mother protect the entire Ye family.

This is Ye Feng's ultimate goal when entering the world of origin, and it is also the most important task, to improve his strength as soon as possible and protect his family.

The Ye family is very extraordinary, and the enemies they face must be very terrifying.

Therefore, Ye Feng knew very well that if his own strength had risen to a level comparable to that of the major powers in the Eastern Territory, he might be able to go to the Sea of Chaos where the Ye family is located to have a look.

Although Ye Feng's current strength is considered a master in the Eastern Territory, he is not considered a top powerhouse.

So Ye Feng knew that even if he went to the Sea of Chaos now, it would probably be of no use.

Therefore, Ye Feng now has one belief, that is, to quickly enhance his cultivation strength, so that he can truly grow up quickly and become an unparalleled powerhouse. Even in the vast and endless world of the Origin World, he can Vertically and horizontally.

Buzz!

At this time, Ye Feng exuded his soul power and quickly spread towards the surroundings.

He is constantly tracking the Siren Alliance

Those masters.

For Ye Feng, he is not in a hurry to take action now and let the masters of the Siren Alliance help him find the treasure that the Siren Saint mentioned.

Ye Feng is very looking forward to this.

After all, what can be called a treasure by the Siren Saint is definitely something very ancient and terrifying, and priceless.

Soon, Ye Feng followed a group of masters from the Siren Alliance to the deepest area of the dungeon.

The area here, on the ground, is full of collapsed palaces and various buildings.

The surrounding atmosphere was extremely tragic. Obviously, a very tragic battle must have taken place here back then, which turned this place into ruins.

However, Ye Feng didn't care about what the battle was like at this time. He only cared about whether these masters from the Siren Alliance could find the treasure.

So at this time, Ye Feng is still hiding in the void, constantly tracking these masters of the Siren Alliance.

Ye Feng is hidden in the void, and even the Siren Saint is unable to detect it, let alone this group of masters from the Siren Alliance whose cultivation is relatively ordinary.

Therefore, during the whole process, these Ocean Alliance masters were carefully looking for their targets, without even thinking about the fact that in the void, a pair of hidden eyes were staring at their backs all the time.

"Brother, what the Holy Lady asked us to look for should be around here. Why are all the collapsed buildings around here? It seems like there are no treasures at all."

A master from the Siren Alliance could not help but speak to the leader of the powerful Siren.

another siren

The masters of the alliance also nodded at this moment and said loudly: "Yes, brother, we have been searching around for half an hour and found nothing. They are all the ruins left over from the war that year. It's worth nothing."

The powerful sea monster known as Big Brother is much taller and more majestic than the many sea monsters around him, and is obviously the most powerful in cultivation.

The leading Siren warrior looked at the dilapidated and withered surroundings, thought for a moment, and then said aloud: "The Holy Lady once said that the treasure is the legendary Poseidon who has the same origin as our Siren clan. The treasure has boundless and terrifying power, and only our purest Kraken clan can control it. Before leaving, the Holy Lady once told a special way to find it, and that is to use our pure Siren blood. Come to perform sacrifices, and then sense the location of the Poseidon's treasure. As long as we get the Poseidon's treasure, our entire Ocean Alliance will definitely be able to completely defeat the Water Sacred Land, thus unifying the entire primitive ocean area, and even towards the Central Plains. Attack and compete with the super powers in the entire Eastern Region!"

At this time, the leading Kraken master said, and the eyes of the group of Kraken masters present showed deep excitement.

Obviously, they all have very strong ambitions, hoping to follow the ancient siren, make achievements, and dominate the world.

"Pfft!"

"Pfft!"

At this time, under the command of the leading Kraken master, the dozens of Kraken masters present did not hesitate at all, and directly cut one of their fingers, and then forced out a drop of ten minutes. Pure siren blood.

"The blood of future generations will guide the traces of our great ancestors."

At this time, the leading Siren strongman used the secret technique that the Siren Saint had given him before.

, began to use these pure siren blood to draw a very profound symbol out of thin air.

The moment this symbol took shape.

"boom!"

The bloodline symbol immediately erupted with very strong energy fluctuations, flying directly towards a certain direction in the surrounding ruins.

"It really works!"

The leading siren master was immediately overjoyed, and immediately led a group of siren masters under his command, following the bloodline symbol, and flew quickly in that direction in an instant.

"Buzz!"

In the void, Ye Feng saw this scene and felt it was quite magical, and he quickly followed it.

Half an hour later, a group of Kraken masters stopped at the end of the ruins, their faces dull.

In the void, Ye Feng saw the scene in front of him, and his eyes showed deep shock.

At the very end of the ruins, there stood a huge sculpture measuring tens of thousands of feet, which looked very visually impactful.

This huge sculpture is an ancient strong man, who should be the controller of this ocean ruins back then, the God of the Sea!

What shocked everyone present the most was that this huge sculpture actually wore a beautiful-looking golden crown on top of its head.

On the golden crown, there are three gems inlaid.

Each gem sparkles with a different light, exuding a supreme divine aura.

At this time, whether it was Ye Feng lurking in the void or a group of Siren masters standing in front of the huge sculpture, they all instantly understood that the treasure that the Siren Saint was looking for was the one above the head of this huge sculpture. Wearing the Poseidon Crown!

Chapter 3109 To no avail

"The three gems on the Poseidon's crown are the legendary gems of the gods, possessing three different powerful powers."

Just as Ye Feng was watching from the void, Emperor Chu in his mind suddenly spoke up, with a hint of surprise in his tone. He couldn't help but say: "Ye Feng, snatch this Poseidon Crown." Come here, it can provide you with a huge increase in combat power. Although the three gems on the Poseidon Crown are not as good as the Dominion Gem you got back then, they are also the gems of the gods second only to the gems of the gods, possessing the power of the ancient gods. "

"God Gem?"

When Ye Feng heard what Emperor Chu said in his mind, there was a hint of surprise in his eyes.

The Divine Gem, second only to the Dominion Gem, contains the unparalleled power of the ancient gods.

Moreover, a total of three divine gems were set in the Poseidon Crown.

This gives Poseidon's crown very supreme divine power.

"If anyone can wear the Poseidon Crown, he will possess the divine power of the ancient Poseidon."

At this moment, the leader of the powerful Siren standing in front of the huge sculpture couldn't help but said excitedly.

At this time, his eyes burned with blazing ambition, and he thought quickly in his heart, "If I can control this Poseidon Crown, then I can be on an equal footing with the Saint, and even become the Saint of the Ocean Alliance. Son, power and beauty can all be obtained..."

Poof!

But before the leading siren could finish speaking, suddenly, a golden trident pierced his head, causing his thoughts to stop abruptly and leaving this world completely.

"Brother?!"

The leading Kraken warrior was instantly killed, causing dozens of other Ocean Alliance masters around him to scream in horror.

And just at this time

At this time, there was a slight spatial fluctuation.

Buzz!

Next to the fallen body of the leading sea monster, a young man in white clothes appeared, holding a golden trident in his hand.

The young man in white clothes is naturally Ye Feng who has been hiding in the void.

Now that this time, these Siren masters have found the treasure that the Siren Saint mentioned, which is the Poseidon Crown.

Then Ye Feng will naturally not hide anymore.

"who are you?"

"Do you know who we are? We are the elite masters of the Siren Alliance!"

"You dare to secretly attack and kill our eldest brother. You have committed a heinous crime. Do you know that?"

At this time, a group of Siren masters present showed deep shock and anger in their eyes, and shouted angrily, but they did not dare to act rashly, because they knew that the young man in front of them had absolute cultivation strength. Unfathomable.

At this moment, Ye Feng looked at all the frightened siren masters in the audience, smiled slightly, and said loudly: "Thank you for helping me find this treasure. You will have no use value anymore, so I will contribute you." The last life, please become my nourishment."

Boom!

Almost at this moment, Ye Feng immediately released the extremely powerful Devouring Domain.

The boundless black field suddenly enveloped dozens of Kraken masters in the audience, all of them were surrounded and shrouded in endless darkness.

"Attack this kid quickly!"

this

A group of Kraken masters immediately rushed towards Ye Feng, trying to kill Ye Feng.

Buzz!

But at this time, Ye Feng's figure moved and disappeared.

These sea monster masters could not find Ye Feng's traces at all. They could only be enveloped in the dark and boundless devouring field and could not escape at all.

The vitality and skill in their bodies are rapidly passing away, and they are constantly being plundered by the Devouring Domain.

"ah!" .??.??

"This is not a human race! This is an out-and-out demon!"

At this time, many Siren masters in the darkness roared in terror.

But all to no avail.

In the end, they were sucked alive by the Devouring Domain and all their vitality was drained. They all fell to the ground, shriveled up and dying in strange ways.

"boom!!"

At this time, Ye Feng, who had absorbed the skills of all the Kraken masters, had undergone a huge transformation in his skills.

An extremely powerful aura wave erupted directly from him.

He broke through again!

From the eighth level of Shenfu Realm, he broke through to the ninth level of Shenfu Realm.

There is only the last level left to reach the state of Dzogchen.

"call!"

At this time, after Ye Feng broke through, he took a deep breath, and then flew directly towards the tall and majestic sculpture tens of thousands of feet ahead, flying quickly into the air.

Buzz!

When Ye Feng came to the position of the sculpture's head, he immediately felt a very powerful energy shield, blocking him out and preventing him from approaching the Poseidon Crown.

At this moment, Ye Feng immediately released his extremely powerful attack.

"Boom!"

However, Ye Feng's attack landed on the protective shield and had no effect at all. It did not cause any damage to the protective shield.

This made Ye Feng suddenly show a hint of surprise in his eyes. He didn't expect that even with such a powerful cultivation level, he could not break through this protective shield.

"This is not a simple protective mask."

Emperor Chu's voice rang in his mind: "This protective shield should be the power released by the three divine gems on the Poseidon Crown. This protective shield contains the power of the ancient gods. With Ye Feng's current cultivation level, , naturally it is impossible to break through forcefully."

When Ye Feng heard what Emperor Chu said, he was immediately dumbfounded and couldn't help but said: "If you say that, now I can only look at the Poseidon Crown, but I can't get it. This is too cheating."

Emperor Chu said slowly: "If you want to get the Poseidon Crown, you must get the recognition of the will of the ancient gods. Ye Feng, let me give you a suggestion, that is, you use your chaos body origin to imitate the origin of the Siren clan. With strength, it might be possible to pass through this defensive mask."

When Ye Feng heard this, his eyes suddenly lit up and he said: "Yes, the critical moment is Emperor Chu. You have an idea. When those Siren masters were looking for the Poseidon Crown before, they also used their special Siren bloodline to form a bloodline. symbol."

At this time, Ye Feng said, without any hesitation, he directly used his chaotic body origin to start simulating and transforming his own skills, becoming the bloodline aura of the Siren clan.

Buzz!

When Ye Feng turned into a complete "sea monster", he actually did no harm and directly passed through the previous defensive light barrier.

Ye Feng immediately smiled in surprise.

Chapter 3110 Different abilities

Buzz!

At this time, after Ye Feng passed through the defensive light shield, he immediately flew towards the Poseidon Crown worn on the huge sculpture head.

When Ye Feng approached the Poseidon Crown, he instantly sensed a majestic and vast aura, emanating from the three divine gems of the Poseidon Crown.

Even the domination gem on Ye Feng's body at this moment was aroused by this aura and was a little ready to move.

Ye Feng's eyes were very surprised. He didn't expect that he could get such a treasure this time!

It can be said to be a great harvest!

The Poseidon Crown itself may be a very powerful treasure, not to mention that it is also inlaid with three extremely precious divine gems. After all, this is second only to the Dominion Gem.

At this time, Ye Feng stared at the three gems inlaid on the Poseidon Crown in front of him. He saw that the colors of these three gems were different.

They are red, blue and black respectively.

At this time, Emperor Chu said aloud in his mind: "These three divine gems should all represent different attributes. Ye Feng, you can try it now and see what these three divine gems can bring to you." What kind of strength bonus?"

When Ye Feng heard what Emperor Chu said, he nodded quickly. Apparently he couldn't help but want to test how powerful this Poseidon Crown was.

Buzz!

At this moment, Ye Feng directly put the Poseidon Crown on his head.

Almost at the next moment, Ye Feng immediately felt a very surging power, which surged out directly from the Poseidon Crown and then blessed himself.

At this moment, Ye Feng's whole person became bright and shining.

"Buzz!"

At this time, Ye Feng used his soul power to activate the red gem on the Poseidon Crown.

Almost at the moment Ye Feng activated this red gem, an indestructible crimson defensive light shield suddenly appeared around Ye Feng, which could withstand very terrifying damage.

When Ye Feng saw this, he couldn't help but murmured: "It seems that the red gem is a protective shield, a defensive divine gem."

After Ye Feng knew the function of the red divine gem at this time, he continued to experiment with the second blue divine gem.

The moment Ye Feng inspired the second blue Holy Spirit Gem.

"Boom"!

A blue divine power suddenly surged out of the blue gem, and was directly injected into Ye Feng's body, giving Ye Feng a huge boost in strength in an instant, increasing exponentially!

At this moment, Ye Feng's fist was surging with blue light of divine power, and he felt that he could kill a strong man who was a level higher than him with one punch.

Ye Feng's eyes lit up immediately.

It seems that this second blue god gem can bless himself with the divine power of the ancient sea god, greatly improving his combat power in an instant.

But Ye Feng also felt that although this divine power was very powerful, his body could hardly bear it for too long.

It seems that if you want to use the power of Poseidon in the blue god gem, you need a very strong body to withstand it.

Fortunately, the chaotic body Ye Feng cultivated was very strong, otherwise he might not have been able to withstand the power of this god and would have exploded and died.

It seems that the blue divine gem must be used with caution, otherwise it is very likely to kill oneself.

At this time, Ye Feng continued to release the third and final divine gem.

This is a black divine gem.

The moment Ye Feng released this black divine gem.

"boom!!"

I saw the Poseidon Crown on Ye Feng's head, and suddenly a black beam of light erupted, forming a black energy wave. In an instant, it shattered the land hundreds of thousands of meters wide in the distance, and the entire ocean ruins shook. For a moment.

"What a powerful destructive power! This is pure destruction!"

Ye Feng's eyes shone, and he immediately understood that this black gem was a completely offensive gem, full of terrible destructive power, and could release black energy waves, causing huge damage.

At this time, Ye Feng finally understood the preciousness of the Poseidon Crown.

No wonder the Siren Saint said before that as long as she could get the Poseidon Crown, the most precious treasure, she could easily deal with the golden giant turtle with her cultivation strength.

Because the three divine gems of Poseidon Crown are really too comprehensive.

The red divine gem provides an absolute defensive shield, the blue gem blesses the user's own divine power, and the black gem provides complete destructive and destructive power.

Even forbidden evil beasts like the golden giant turtle may not be able to withstand the terrifying power of the Poseidon Crown.

What's more, the Siren Saint's cultivation level is much higher than that of Ye Feng, and she is a pure sea monster. The power of the Poseidon Crown in the hands of the Siren Saint is definitely more terrifying than that in Ye Feng's hands. .

However, the Siren Saint will not get the Poseidon Crown, because Ye Feng has already snatched it from his hands, and there is no way he will give it away again.

At this time, Ye Feng wore the Poseidon Crown and lurked into the deep void again, quickly returning to the way he came.

Because I followed these Ocean Alliance masters and came here, I have already wasted a lot of time.

I wonder what happened to the battle in the dungeon ruins entrance area now?

Ye Feng still cherishes this opportunity to kill the Siren Saint.

Because this opportunity was very rare, a giant golden turtle happened to hold the Saint of the Ocean back.

Moreover, Ziyue, a very powerful female assassin, was helping her. Now that she had obtained the Poseidon Crown, the probability of a successful assassination greatly increased.

Ye Feng's speed is very fast. After all, with the help of the space gem, Ye Feng is simply the king of the void in the void.

"Um?"

When Ye Feng arrived at his destination, his eyes showed deep surprise.

I saw that the entire underground city and the entrance area, the entire land and the surrounding ocean gullies were all broken and devastated.

But there was no movement or anyone at the scene.

Whether it was the Siren Saint, the terrifying golden giant turtle, or the female killer Ziyue hiding in the void, they all disappeared and no one knew where they went.

"Did they restrain each other during the battle and fight somewhere else?"

At this time, Ye Feng looked at the devastated area and couldn't help but murmured. Then he followed the traces of the battle and quickly searched for a certain direction in the ocean area. Buzz!

At this time, after Ye Feng passed through the defensive light shield, he immediately flew towards the Poseidon Crown worn on the huge sculpture head.
