

Ancient 3111

Chapter 3111 Monster Monk

Swish, swish, swish!

Ye Feng followed the traces of the battle and walked a long way, even to the outer area of the ocean ruins.

At this time, Ye Feng suddenly saw traces of the battle coming to an abrupt end.

At this moment, Ye Feng looked towards the end of the battle trace not far away.

"This is....."

The next moment, Ye Feng suddenly saw a very strange scene.

Only three figures were seen, crawling in a ruins not far away at this moment. .??.

Ye Feng lurked in the deep void and lurked into a space not far away. When he saw the appearance of the three figures, his eyes suddenly showed deep astonishment.

Among these three figures, two were clearly the Siren Saint and the female killer Ziyue.

The third figure was a young man wearing a golden robe.

Ye Feng guessed that this young man in golden robe was the humanoid form of the giant ocean golden turtle.

The three enemies were supposed to be fighting each other to the death, but now they were very harmonious. They were all lying on the ground, facing the center of the ruins.

Moreover, Ye Feng saw the siren saint, the female killer Ziyue, and the young man in golden robe who transformed into a giant golden turtle. Their eyes were all lifeless, and they seemed to be in a very strange state.

Ye Feng looked in the direction where they were crawling, and his eyes were suddenly shocked.

Among the ruins not far away, inside an ancient giant tower prison, a very upright monk was standing in it.

This monk looks very strange. He is wearing a golden dragon-patterned cassock. He is very handsome, even so handsome that he feels a bit eerie, and his eyes do not have the gentleness and compassion of a Buddhist monk, but are full of There is a huge evil black evil spirit.

He is simply a monster monk!

"This weird demon monk seems to be a very taboo existence in this ocean ruins. It is estimated that the battle between the Siren Saint and the golden giant turtle destroyed this ruins and allowed this demon monk to reappear in the world."

Ye Feng secretly speculated on everything that had happened before.

At this time, Ye Feng also understood. It is estimated that these three people were used by this demon monk through some strange means and became his followers, crawling here.

However, what made Ye Feng breathe a sigh of relief was that the demon monk did not really escape, and was still locked in an ancient black tower prison.

Ye Feng plans to rescue the female killer Ziyue, after all, he and Ziyue are partners.

Buzz!

At this time, while Ye Feng was observing the movements of the demon monk in the center of the ruins, he secretly and quickly approached Zi Yue's prostrate position in the void.

Fortunately, Ziyue's prostrate position was farthest from the demonic monk in the center of the ruins, which made Ye Feng feel relieved.

Buzz!

At this time, Ye Feng approached the void and came to Ziyue's position.

Ye Feng looked through the void and immediately saw Ziyue's eyes in front of him. They were hollow, as if they had lost their souls.

"It seems that the demon monk used some weird demonic method to control Hun'er."

Ye Feng thought secretly in his heart, and then directly released his soul power, which was immediately transferred to Ziyue's mind.

Buzz!

When Ye Feng's soul body entered Zi Yue's mind, he immediately saw that Zi Yue's soul was locked by a mysterious dark soul chain. No wonder it looked like she had lost her soul outside. .

"Ye Feng! Are you here to save me?"

In the mind space, Ziyue saw Ye Feng's soul body, which was Ye Feng's face, and she immediately cried out in surprise.

"Don't worry, I should be able to save you using soul-level means."

Ye Feng's soul body came to Ziyue's soul body, and then tried to pull the dark chain.

But Ye Feng discovered that these dark chains were very strong and simply

It cannot be broken by its own strength.

"Soul Gem!"

At this moment, Ye Feng didn't hesitate at all, and instantly burst out the power of the soul gem.

"boom!"

I saw two red lasers rushing out of the eyes of Ye Feng's soul body.

That's the energy of the Soul Stone. ??

"boom!"

"Click, click..."

The energy of the soul gem was very terrifying. The two red lasers that struck out of Ye Feng's eyes immediately shattered the dark chains.

Uh-huh!

The next moment, Ziyue's soul body was freed from its restraints.

"Very good!"

Ziyue immediately let out a long sigh of relief.

Buzz!

At this time, Ye Feng did not hesitate at all, and his soul body returned directly to his original body again.

The next moment, Ye Feng opened his eyes and immediately saw that Ziyue in front of him was no longer expressionless, and those beautiful eyes were once again filled with smart light.

"Buzz!"

But at the moment when Ziyue was about to lurk into the void.

Uh-huh!

Suddenly, the strange demon monk in the black tower prison not far away suddenly opened his eyes and looked in the direction of Ziyue and Ye Feng.

Buzz!

At this moment, a terrifying black evil energy immediately emitted from the eyes of the strange demon monk.

"Don't look him in the eyes!"

Ye Feng immediately shouted at Ziyue.

But Ziyue was not controlled at all. She looked in the direction of the strange demon monk and seemed to be controlled by a mysterious force.

Ye Feng immediately understood that the Siren Saint and several others were induced by the black evil in the eyes of this demon monk.

"Boom!"\u003c

br\u003e

At this moment, Ye Feng stepped out of the void and stood in front of Ziyue. His eyes shot two red lasers, releasing the energy of the soul gem, and looked directly at the demon monk in the prison. together.

"boom!!"

An invisible collision of soul energy suddenly occurred in the void between the two.

Rumble...

The soul aftermath of the collision severely damaged the souls of the Siren Saint and the golden giant turtle lying on the ground not far away.

"puff!"

"puff!"

The Siren Saint and the Golden Giant Turtle couldn't help but spit out a mouthful of blood.

But it also revived their souls.

"what's the situation?"

"We were all controlled by that weird demon monk just now!"

The siren saint and the golden-robed man transformed into a giant golden turtle could not help but look horrified.

"It was that terrible evil monk back then! It was he who caused the destruction of ocean civilization!"

The golden giant turtle seemed to have remembered some terrible past, and immediately flew towards the distance as if fleeing, trying to stay away from here completely.

At this time, the Siren Saint saw Zi Yue not far away, especially Ye Feng who was blocking Zi Yue. At this moment, his eyes were filled with red lasers and he was confronting the demon monk in the prison.

"It turned out to be him..."

The Siren Saint's cold and noble eyes couldn't help but reveal a look of surprise at this moment.

She never expected that Ye Feng, a young human race boy who was casually enslaved by her, would escape from the Siren Alliance, and come here, and even be able to confront that terrifying and strange monster monk.

This is really incredible.

Obviously, the Siren Saint does not yet know the truth about Ye Feng and Ziyue joining forces to assassinate her. She is just curious about why Ye Feng appears here, and Ziyue next to Ye Feng. This beautiful girl is who? Could it be Ye Feng's martial arts partner?

Chapter 3112 Escape from the controlled area

While the Siren Saint was watching secretly from the side.

Ye Feng was under extremely great pressure at this moment.

"boom!"

The two crimson lasers that erupted from his eyes were already somewhat unable to withstand the black evil light in the demon monk's eyes.

Ye Feng's eyes were a little horrified. ??

The red laser that shot out of his eyes was the energy of the soul gem.

Unexpectedly, the demon monk could withstand the energy wave of his soul gem.

"I can't resist it anymore."

Ye Feng was in a state of entanglement at this time. If he rashly withdraws the power of the soul gem, then the black evil shock wave of the demon monk will definitely destroy and enslave his soul in an instant.

at this time.

"boom!"

Suddenly, a beautiful and cold figure appeared beside Ye Feng, and a third eye appeared between his eyebrows. It was a pure silver-white eye, which emitted a silver-white light, helping Ye Feng withstand the increasingly fierce attacks. The terrifying evil monk's black evil energy shock wave.

Ye Feng saw the beautiful figure suddenly appearing next to him, and his eyes immediately moved.

This figure is naturally the Siren Saint.

The Siren Saint glanced at Ye Feng and said loudly: "This is the Siren Eye that I have cultivated. It belongs to my soul eye and can emit powerful soul light waves."

Ziyue stayed behind Ye Feng, looking a little unnatural at this time, because the target she wanted to assassinate was very close at hand.

But it was naturally impossible for Ziyue to take action at this time, because the Siren Saint was helping Ye Feng to fight against the weird and terrifying demon monk.

Moreover, the help of the Siren Saint to join forces to fight against the enemy also made Ziyue, the female killer, deeply entangled in her heart. Should she assassinate the Siren Saint?

At this moment, I saw the purple moon behind Ye Feng

With the tangled expression on her face, the Siren Saint didn't know the truth. She thought Ziyue also wanted to help, but she didn't dare to.

The Siren Saint immediately said calmly: "Don't take action. You are practicing martial arts. You can't help at all. You should stay behind."

After saying this, the Siren Saint continued to look at Ye Feng and couldn't help but say: "I didn't expect you to be a soul master in the human race."

Ye Feng forced a smile and said, "That's right."

The Siren Saint continued: "I am very curious, how did you escape from the Siren Alliance and even come here? The golden prison where I locked you is the strongest ocean in our Siren Alliance. Made of ten thousand years of profound gold, even a strong person who is two realms higher than you can't break this kind of ten thousand years of profound gold."

Facing the Siren Saint's curiosity, Ye Feng grinned and said, "The mountain man has his own clever plan."

Buzz!

And the moment Ye Feng finished speaking, the demon monk not far away suddenly withdrew the black evil spirit in his eyes and actually stretched out a hand.

The demon monk was unable to escape from the prison of the giant tower, but his hand was able to stretch out.

I saw that he was holding a string of Buddhist beads in his hand, but the moment his palm stretched out from the prison of the giant tower, all the beads in the string fell off.

"boom!"

"boom!"

Then each Buddhist bead suddenly expanded into huge skulls. The eyes of the skulls were still burning with dark flames, just like the skeleton devils in hell, moving towards Ye Feng and the Siren Saint. The impact came from the direction.

"What a weird secret technique!"

The Siren Saint couldn't help but say: "This demon monk was definitely a great traitor in Buddhism back then, but he actually fell into the path of evil!"

"Sword of the Purple Emperor!"

The Siren Saint shouted loudly, and a purple long sword appeared in her hand. The blade burst out with bright purple light, and she went directly towards the huge skulls that were transformed into Buddha beads.

"Boom!"

However, these skulls were very terrifying and contained extremely powerful evil power. They even smashed the purple sword in the hands of the Siren Saint into several pieces.

The Siren Saint couldn't help but retreated repeatedly, her eyes were a little frightened and angry, and she said aloud: "This monster monk's cultivation has probably reached the realm of transformation. He can casually give such a terrifying power to a string of ordinary Buddhist beads. He must have been in ancient times." Became a demon in the era."

"Boom!"

At this time, the huge skulls all burst out with terrifying evil power.

Each skull turned into two at this moment, and then copied again, turning into four...

After arriving, thousands of huge skulls, all burning with evil flames, surrounded the Siren Saint.

Even though the Siren Saint is extremely powerful and holds a magical weapon in her hand, she is still unable to withstand the attacks of thousands of skulls and is retreating steadily.

"boom!"

Suddenly at this moment, Ye Feng rushed in from the outside and came directly to the Siren Saint.

There was a look of surprise in the beautiful eyes of the Siren Saint, as if she didn't expect that Ye Feng, a young human race, would really rush in to help her.

And as if he saw the meaning in the eyes of the Siren Saint, Ye Feng came out

He said in a loud voice: "Although there was a personal grudge between us before, you just helped me deal with the black evil spirit of the demon monk. Now that you are in danger, I will naturally help you."

The Siren Saint looked very calm and said aloud: "Although your cultivation has improved a lot during this period, it is not enough. You should rush out. You can't help me. Although this Monster Monk is imprisoned in the ancient Although it is inside the prison of a giant tower, it can still release very terrifying and evil power, which is not something you can resist at the moment, and you may die at any time."

It has to be said that in the process of jointly fighting against the evil monk, the relationship between the few people has also undergone subtle changes.

At this time, Ye Feng did not withdraw, but said loudly: "Don't worry, I still have means."

Ye Feng did not want to use the Poseidon Crown he had obtained before, because if he used it, his purpose of coming to the ocean ruins this time would be revealed.

Ye Feng naturally used the space gem directly now, and opened up a long space wormhole in an instant, leading directly to a certain direction in the distance.

"Do you still have the ability to open up space?"

When the Siren Saint saw the space wormhole that penetrated into the void, she couldn't help but look surprised in her eyes.

"Let's go!"

Ye Feng directly grabbed the Siren Saint who was still in a daze and stepped into the space wormhole from where she was in an instant, escaping from the area surrounded by countless skulls.

Buzz!

When Ye Feng and Siren Saint came outside, they directly held Ziyue outside with their other hand and said, "Quickly leave."

boom!

Ye Feng once again opened up a space wormhole, took the two women into the space passage, and disappeared, temporarily escaping from the control area of the weird demon monk.

Chapter 3113 Ocean Night

"Buzz!"

At this time, a space area in the distance suddenly began to fluctuate.

The next moment, three figures rushed out of it in a panic, obviously in shock.

These three people were naturally Ye Feng, the Siren Saint and the female killer Ziyue who had just escaped from the Demon Monk area.

The demon monk was so weird that naturally, Ye Feng and the others did not dare to fight for too long and fled quickly, because no one knew what other weird methods the demon monk had.

So Ye Feng used the space gem to open up more than a dozen space wormholes in one go, completely staying away from the ocean ruins area.

The area they were in at this time was surrounded by a vast expanse of white sea, which was probably very far away from the ocean ruins area where the monster monk was.

At this time, even the Siren Saint, the most powerful among the three, couldn't help but breathed a sigh of relief and said: "Fortunately, the monster monk was trapped in the ancient giant tower prison, otherwise, we All must die."

The demon monk was obviously extremely terrifying, even the Siren Saint was so afraid of him.

Ye Feng couldn't help but ask: "Did your battle with that evil beast break a lot of ruins, and then the demon monk was revealed to the world?"

The Siren Saint nodded and said, "You guessed it right."

Ye Feng was a little confused and said, "Why didn't the demon monk kill the three of you directly?"

The Siren Saint said: "At that time, our three souls were already enslaved by the demon monk. There was no need for the demon monk to kill us. He might want us to do something for him and open the seal."

Ye Feng couldn't help but nodded slightly when he heard this.

At this time, the Siren Saint didn't ask any more questions, and said loudly: "Let's wipe out our grudges. From now on, I will not be your enemy."

Uh-huh!

After saying that, the Siren Saint jumped up and disappeared. \u003c

br\u003e

At this moment, only Ye Feng and Ziyue were left.

Ye Feng looked at the female killer beside him and said, "It seems you won't do anything."

Ziyue nodded slightly, with a trace of complexity in her beautiful eyes, and said loudly: "I will not continue the assassination mission this time. I will take the initiative to turn down this assassination mission when I return to the Killer Alliance."

Ye Feng nodded, and then said with a slightly teasing smile: "It's a pity that I can't get the commission of five million rough stones."

Ziyue said with a smile: "I am not a cold killer without emotion, I am a killer with my own thoughts."

When she said this, Ziyue suddenly seemed to think of something and couldn't help but ask: "By the way, did you find any treasure after tracking those masters of the Siren Alliance?"

When Ye Feng heard this, his eyes flashed slightly, and then he smiled and said, "I found it."

When Ziyue heard what Ye Feng said, she immediately thought of something and said with a smile: "Ye Feng, you haven't used that treasure just now. You must be afraid of being discovered by the Siren Saint?"

Ye Feng couldn't help but spread his hands helplessly and said loudly: "You guessed it right, you are really smart."

"That's right, I'm very smart."

Although Ziyue is usually a cold and ruthless killer, in front of Ye Feng, she always looks like a very smiling little girl.

Ye Feng asked aloud at this time: "Then, where are you going next?"

Ziyue looked in a certain direction in the distance and said aloud: "Since I gave up this mission, I have to return to the Killer League. I will no longer be able to accompany you to practice in this ocean area."

Ye Feng nodded slightly and said aloud: "Okay, then let's keep the green mountains unchanged and the green water flowing forever. See you again when we are destined."

Ziyue's beautiful eyes were staring at Ye Feng at this moment, and she seemed to say seriously: "Ye Feng, you are a very special friend. I will always remember you. I will have something special to say when we meet next time. I want to tell you."

"Any special words?"

Ye Feng couldn't help but asked with a rather surprised look.

Ziyue showed a faint smile and said, "This is a secret."

After saying that.

Uh-huh!

Ziyue no longer wasted time and escaped directly into the void, disappearing in the blink of an eye.

Ye Feng looked at Ziyue's beautiful back and couldn't help but sigh. In the world of spiritual practice, many friends are destined to be just passers-by. Everyone meets by chance and then forgets each other in the world.

After all, no one is destined to be the protagonist, and the world does not always revolve around one person.

Everyone can only experience their own things in such a large circle as the spiritual world.

After sighing for a while, Ye Feng also left the area where he was now and flew directly towards the outskirts of the primitive ocean.

Because Ye Feng has greatly improved in the primitive ocean this time, and also obtained an extremely precious treasure, Ye Feng does not want to continue training for the time being.

He prepares to return to the Water Sacred Land.

Because Emperor Chu had just made a guess in his mind, maybe the divine gem in the Poseidon Crown could help Shui Lingxi, the little princess of the Water Sacred Land, to open up the Rendu and Dumai Meridians, completely stimulating the potential of the innately cold body.

By that time, Shui Lingxi will not only not be troubled and suffer by the innate extremely cold body, but will also be able to use the potential of the innate extremely cold body to become a peerless genius, and her cultivation will soar.

sky.

Ye Feng hurried towards the outside area in the primitive ocean. However, in order to escape this time, Ye Feng opened too many space wormholes. At this time, he did not know where he was currently.

"I wish I had just left with Ziyue, but now I'm a little lost..."

Ye Feng couldn't help but twitch the corner of his mouth slightly.

When the sky darkened, Ye Feng still did not leave this primitive ocean. Ye Feng was ready to find a place to spend the night temporarily.

Because Ye Feng knew very well that in this primitive ocean, darkness represented great danger.

Because there will be many ancient evil beasts and forbidden evil beasts in the ocean, which will appear in the dark night and hunt.

Although Ye Feng is very confident in his current strength, he is not arrogant enough to run around in the deep sea in the dark night. That is tantamount to seeking death. Even the Siren Saint would never dare to do such a thing. Crazy stuff.

In the dark night.

The entire ocean roared wantonly like a giant beast.

The huge waves hit the entire ocean, which looked very majestic in the dark night, but also terrifying.

It rained heavily in the sky, and there was a "rumbling" sound of thunder.

"Uh-huh!"

At this time, Ye Feng jumped up and found a huge reef in the endless ocean. He landed on it and lay on the reef, preparing to spend the night peacefully and continue on his way tomorrow.

"Um?"

But at this moment, Ye Feng suddenly seemed to sense something and looked fiercely in a certain direction beside him.

On the other side of the reef, on a big rock, a straight figure was standing there, either openly or secretly, with his eyes shining black, staring at Ye Feng.

It turned out to be that monster monk!

Chapter 3114 Take one step at a time

The moment Ye Feng saw this demon monk, his pupils suddenly shrank.

"You escaped from that prison?"

Ye Feng subconsciously asked this seemingly stupid question.

Uh-huh!

Almost at this moment, Ye Feng did not hesitate and flew quickly towards the distance, trying to escape from here.

After all, this monster monk is so weird and terrifying, and he is definitely a taboo-like existence in the ancient times.

At this time, Ye Feng's only thought was to escape from here as soon as possible. This demon monk felt too terrifying.

Buzz! .??.

However, Ye Feng was shocked to discover that no matter where he fled, there were always two pairs of evil eyes staring at him in the darkness behind him.

It was the demon monk who followed him every step of the way.

"Damn it."

There was deep shock and anger in Ye Feng's eyes.

Why is this old immortal monk following me?

Uh-huh!

Ye Feng finally couldn't stand the terrifying threat and pressure from the darkness, so he directly put on the Poseidon Crown.

"boom!!"

I saw Ye Feng's body shining brightly, wearing a Poseidon crown, possessing the energy of Poseidon.

The three divine gems on the crown emitted extremely bright divine light in the dark night, with the aura of ancient gods flowing.

At this moment, Ye Feng turned around, looked towards the dark direction behind him, and shouted loudly: "I have no enmity with you, why do you keep following me? I only attacked you before to save me friend."

Ye Feng knew that this demon monk must have some special purpose for following him. Otherwise, such a terrifying demon monk would have already attacked him in the dark.

At this time, Ye Feng's eyes were full of determination. If the demon monk wanted to fight with him, then it would be a good fight!

At this moment, after Ye Feng finished speaking, he saw the demon monk not far away, emerging from the darkness

Zhong walked out slowly.

The demon monk restrained the black evil spirit in his eyes, looked at Ye Feng, and said slowly: "As expected, you got the crown of that old man named Poseidon. I followed the aura of Poseidon's crown and tracked you all the way here. "

When Ye Feng heard this, his eyes suddenly froze, and then a look of surprise appeared on his face.

No wonder the demon monk was able to track his location after such a long time. It turned out that he had been able to sense the aura of the Poseidon Crown on his body.

Ye Feng knew that this monster monk was a sworn enemy of the ocean ruins civilization. The golden giant turtle had said before that the reason why the ocean civilization collapsed in ancient times seemed to be to suppress this weird monster monk.

Thinking of this, Ye Feng immediately said: "Senior, the reason why I can get the Poseidon Crown does not mean that I am the inheritor of the marine civilization. I am not a sea monster, I am a human race. If you want to be with the marine civilization, For future generations to settle accounts, don't come to me. Go to the Siren Alliance in this primitive ocean. It is said that the purest ancient siren has recently awakened. That ancient siren formed the Siren Alliance, which was probably suppressed back then. The descendant of your ocean civilization."

Ye Feng naturally wants to get rid of this weird and terrifying demon monk now, otherwise Ye Feng is still a little panicked. After all, this weird demon monk is a very scary and weird demon monk, a combination of demon and Buddha. It is too scary. .

At this time, after Ye Feng finished speaking, the demon monk just smiled faintly and said: "Actually, the ocean civilization and I are not enemies at all, but friends. When the demonic nature in my body broke out, it was my friend, that is, The commander-in-chief of the ocean civilization at that time used the power of the entire ocean civilization to help me suppress my demonic nature. However, I failed to control my demonic nature and destroyed the entire ocean civilization. My friend also died tragically on the spot. Alas, everyone in the world thought it was me. This monster monk goes on a killing spree, but that's not the truth."

When he said this, the demon monk couldn't help but sigh.

Angry, obviously very regretful that he asked his friends to help and even harmed his friends.

When Ye Feng heard this, his eyes suddenly froze. He obviously didn't expect that the truth back then would be like this.

Thinking of what he just said about diverting trouble to the east, Ye Feng's mouth suddenly twitched slightly.

That giant golden turtle is really abominable!

He actually misled himself!

Ye Feng was thinking of ways to remedy the situation at this time.

But the demon monk had already walked towards Ye Feng, looked at the Poseidon Crown on Ye Feng's head, and said loudly: "I can forgive you, a junior, for being rude to me before, but I want to take away this Poseidon Crown of yours." , hand it over to its true owner, the commander of the Siren Alliance you just mentioned, the awakened ancient Siren. She is the pure-blood descendant of my ocean civilization friend, and the only remaining member of the fairy dragon clan. descendants of the world."

When Ye Feng heard this, his eyes widened immediately.

Unexpectedly, he was going to divert trouble and induce this demon monk to deal with the current leader of the Siren Alliance, the recently awakened ancient siren.

But in the end, the demon monk wanted to snatch away his Poseidon Crown and give it to the ancient sea demon.

"no!"

"Absolutely not!"

Ye Feng shook his head fiercely at this time.

He has already snatched the Poseidon Crown, so it is impossible to hand it over again!

No one can come!

Ye Feng immediately burst out with terrifying fighting spirit. He stared at the demon monk walking in the darkness in front of him, and said in a very firm tone: "Senior, it's not that I don't respect you. You have to forcefully get the Poseidon Crown from this junior." , this is absolutely not allowed!"

When the demon monk saw Ye Feng being so determined, a look of surprise suddenly appeared in his eyes, but then he said coldly: "Aren't you afraid that I will kill you?"

boom!

Ye Feng this

At that moment, the red gem among the three divine gems on the Poseidon's crown was instantly activated. Suddenly, a thick layer of crimson defensive light shield flowed with the power of the gods, protecting Ye Feng.

"Huh? You can actually use the divine gem left by Poseidon?"

The demon monk was about to attack Ye Feng, but when he saw Ye Feng directly using the power of the divine gem, he stopped again, then thought for a moment, and said: "I won't kill you first, but, I I want to take you to the Siren Alliance, because I have something to ask the ancient Siren, and it's very important to me."

Uh-huh!

After the demon monk finished speaking, he stretched out a hand. His hand suddenly turned into a dark palm that covered the sky and the sun. It restrained Ye Feng's entire body and then moved towards the sea. Flying quickly in the direction of the Demon Alliance.

Ye Feng took a deep breath at this time.

Because this monster monk's cultivation is simply unfathomable and boundless, and he has no right to resist.

Fortunately, this monster monk has no murderous intention towards him at present.

However, Ye Feng was caught in the huge clutches and could not help but ask: "Senior, since you want to ask that ancient sea monster something, why did you bring me with you? I am not interested in your affairs at all. "

The demon monk glanced at Ye Feng and said loudly: "This matter has something to do with the Poseidon Crown. Since you are unwilling to hand over the Poseidon Crown, I will not force you to hand it over, but you must come with me."

Hearing this, Ye Feng was speechless.

If the Siren Saint sees the Poseidon Crown in her hands, she will definitely gnash her teeth at herself. After finally getting a good relationship with the Siren Saint, this monster monk will destroy her again.

However, Ye Feng is not willing to just hand over the Poseidon Crown. After all, it is a very powerful treasure, and it is also inlaid with three divine gems. It is so rare!

"It seems that we can only take one step at a time."

Ye Feng couldn't help but think helplessly in his heart.

Chapter 3115 Siren Alliance Base Camp

Buzz!

It was a dark night, above the vast ocean, with heavy wind and rain.

The demon monk took Ye Feng and flew quickly towards the Siren Alliance area in this primitive ocean.

Ye Feng has been thinking about ways to escape, but in the end he has no way to escape from the shackles of the demon monk.

Because the cultivation methods of this demon monk are really terrible.

At this time, Ye Feng thought of countless ways in his heart, but he could not escape with his own strength.

Even the Emperor Chu and the Necromancer in his mind were unable to do anything.

Emperor Chu comforted his mind: "Ye Feng, it's okay. This demon monk doesn't seem to have any ill intentions towards you. He just wants to use the Poseidon Crown on you to accomplish something. This is already a very good result. If This monster monk really wants to snatch your Poseidon Crown by force. With all the means we have now, we cannot compete with this monster monk. His strength is unfathomable. In the ancient golden age of cultivation, he was an extremely terrifying unparalleled power. ", let alone in this day and age."

When Ye Feng heard what Emperor Chu said in his mind, he could only nod helplessly. It seemed that now he could only follow this demon monk to the Siren Alliance. If he said this, he would be in a very embarrassing scene.

But at this time, Ye Feng seemed to have thought of something, and suddenly said to the demon monk beside him: "Senior, since you only need to use my Poseidon Crown, can I wear a black robe to cover my whole body?" It's all covered and hidden. I have people I know in the Ocean Alliance. It would be a bit awkward if we meet."

The demon monk glanced at Ye Feng in surprise, and then seemed to have thought of something, and said loudly: "The one you are afraid of seeing is probably that little girl from the Ocean Alliance, right?"

Ye Feng's eyes immediately showed a trace of embarrassment, and then he said loudly: "Senior Mingjian, I hope senior can allow me to hide it for a while

Your true appearance. "

The demon monk nodded slightly and said loudly: "Since you want to hide your identity, then you can hide it. I don't care about this anyway."

When Ye Feng heard what the demon monk said, he immediately showed joy in his eyes, and then took out a large black robe from his storage ring, which directly covered his entire body and also covered his hair. Face and body shape.

In this case, even if he and the Siren Saint meet face to face, the Siren Saint will not be able to discover that it is him in the black robe.

In addition, Ye Feng also changed the origin of his own power.

In this case, the Siren Saint will be even less aware of it.

When Ye Feng changed the origin of his power, he became somewhat demonic, which was somewhat similar to the aura of the demon monk. They both had an evil look.

The demon monk sensed this aura, and a trace of surprise suddenly appeared in his eyes.

The demon monk asked aloud: "Your ability is a bit strange. You can actually change your breath from the original life, as if you have completely transformed into another life. This ability is really special. Even I have never seen it before, no wonder you were able to get the Poseidon Crown from both sides of the ocean ruins."

Ye Feng was now covered in black robes and looked evil, like a follower of the demon monk.

Ye Feng immediately spoke out at this moment: "Senior is too complimentary. My ability to change breath is just a small means. It has no big effect. Senior, don't be so surprised."

Ye Feng quickly explained at this time, as if he was afraid that the demon monk would carefully explore the origin of his life.

If this monster monk knew that he had various treasures and methods, it would probably be detrimental to him.

What made Ye Feng breathe a sigh of relief was that when he heard what Ye Feng said, the demon monk did not continue to ask questions, nor did he explore the differences in Ye Feng's body. He just turned around and concentrated on his way.

The demon monk was very fast, and he quickly led Ye Feng through a large primitive ocean and arrived at the center of the ocean.

In the center of the ocean, Ye Feng immediately saw a huge island suspended in mid-air.

A huge castle was built on the island. The castle was surrounded by various cities and looked like an indestructible war fortress.

Obviously, this is the location of the base camp of the Siren Alliance in the primitive ocean.

This Siren Alliance was established by a newly awakened ancient Siren. It has achieved so much in a short period of time.

It can be seen from this that the awakened ancient sea monster is definitely a very powerful existence.

The place where Ye Feng was taken by the Siren Saint before was not actually the real headquarters of the Siren Alliance, but just an outpost in the war between the front line and the Water Holy Land.

The real headquarters of the Siren Alliance is the huge fortress and countless cities on the huge island in front of you at this moment.

"That's right! The Siren Saint is guiding the battle on the front line. Maybe she is not in this base camp now. It seems that it doesn't matter that I haven't hidden my identity."

Ye Feng had such an idea in his mind.

But Ye Feng still wore a black robe, covering his whole body

.

In any case, it is better to hide your identity.

When the demon monk brought Ye Feng to the Siren Alliance base camp, it was right in front.

Uh-huh!

The demon monk was very simple and direct. In an instant, he took Ye Feng and flew quickly towards the gate of the Siren Alliance's base camp without saying hello or anything, which made Ye Feng couldn't help but twitch the corner of his mouth.

Ye Feng couldn't help but remind him: "Senior, if you know the ancient siren from the Siren Alliance, you can say hello first, otherwise we will definitely be judged as trespassers."

The demon monk just said calmly: "It doesn't matter."

Next, Ye Feng's prediction was indeed correct.

Just when they were approaching the front of the Kraken Alliance headquarters, more than a thousand huge energy towers instantly lit up with bright and boundless divine light, and dense waves of destructive light erupted!

The destructive light waves released by thousands of energy towers all quickly bombarded in the direction of the demon monk and Ye Feng.

Ye Feng felt the thousands of energy light waves bombarding him, and felt that his entire body was about to be destroyed.

Ye Feng felt that even if the Holy Lord of the Water Holy Land came and withstood the instant attack of thousands of energy towers, he would probably be wiped out in an instant.

But faced with such a terrifying energy impact, the demon monk's face was very calm and he just casually stretched out a hand.

His hand suddenly turned into a huge devil's palm, and with a single slap, all the energy shock waves from thousands of energy towers were dissipated.

"This strength is too terrifying."

When Ye Feng saw this scene, he couldn't help but exclaimed in surprise.

Chapter 3116 The Ultimate Land

Buzz!

It has to be said that the demon monk's cultivation strength is really terrifying. He can turn his hands into clouds and turn his hands into rain.

A casual slap can wipe away the energy light waves gathered by thousands of energy towers. This can be called an unparalleled powerhouse!

At this time, Ye Feng thought that he had inspired the power of the Poseidon Crown before, and wanted to fight and confront this demon monk.

When Ye Feng thought of this, a drop of cold sweat broke out on his forehead.

It seems that I still underestimate the heroes of the world.

The world of origin is vast, endless, and ancient, and it has given birth to too many superpowers.

There are already several such terrifying ancient superpowers that Ye Feng has encountered.

In addition to this demon monk, there is also the dark nine-headed dragon that Ye Feng released from the Great Thunder Sound Temple before, which is also an ancient and taboo super power.

Fortunately, such ancient taboo superpowers seem to be very indifferent to fame and fortune.

Otherwise, if they fight for power in the entire Eastern Territory, they will definitely cause huge waves, with countless bloody storms and huge shocks.

At this time, Ye Feng saw that after the demon monk wiped out all the energy waves struck by thousands of energy towers with a slap, Kraken soldiers wearing heavy armor suddenly appeared in the entire Ocean Alliance base camp.

These siren soldiers were divided into two teams and greeted them directly.

And in the middle stood a gorgeous woman.

This gorgeous woman seems to have a very unfathomable aura.

Obviously, this woman's status in the Siren Alliance is absolutely extraordinary.

And just when Ye Feng was thinking about the true identity of this gorgeous woman.

The demon monk smiled slightly and said to this gorgeous woman: "It seems that you are the descendant of my friend Poseidon.

Nowadays, the only remaining fairy dragon clan in the world is the most noble among the sea monster clan. "

"This woman is actually the ancient sea monster? The powerful being who formed the sea monster alliance?"

When Ye Feng heard the demon monk next to him say such words, his eyes immediately showed a trace of surprise. It seemed that he did not expect that the commander of the Ocean Alliance, the mysterious ancient sea demon, was actually such a magnificent person. Ye Feng was a little surprised by the woman.

Ye Feng originally thought that this ancient siren must be a very ancient thing, but he didn't expect that it turned out to be a beautiful woman.

However, Ye Feng did not express any opinions.

At this time, Ye Feng just huddled himself deeply in the black robe and followed behind the demon monk without saying a word.

That peerless woman, the ancient sea monster, stared at the monster monk with a pair of unfathomable eyes at this moment. She bowed slightly, saluted and said: "Senior should be the one in the records of the ancestors of our sea monster family. The unparalleled Motuo."

The demon monk nodded slightly, as if recalling the past, with a trace of a wry smile on his face, and said loudly: "I can't even be said to be unparalleled in the world. It can only be said that I am a huge disaster. I have harmed your entire Kraken clan. , originally in order to compensate you, a descendant of the Siren clan, I was going to give you the Poseidon Crown, but the friend next to me

didn't allow it, and for some reason, I respect his choice, so the Poseidon Crown probably can't be given to you. give it to you."

Ye Feng: "..."

Ye Feng was huddled in his black robe at this time, a little speechless. Unexpectedly, the demon monk revealed his true identity directly in front of this ancient sea monster.

At this time, the ancient siren's eyes indeed fell on Ye Feng.

That pair is absolutely beautiful but profound

His eyes were staring at Ye Feng at this moment, making Ye Feng feel that the gaze was like being able to penetrate the black robe on his body, and see through all the details of his body.

Ye Feng was ready to say something at this time. After all, everyone's attention was now on him.

But suddenly, a smile appeared on the ancient siren's face, and he said loudly: "I don't need the Poseidon Crown, because I don't need to rely on the power of my ancestors at all. My future will surpass my ancestors!"

When the ancient siren said these words, his tone was extremely firm and confident, which made Ye Feng in the black robe suddenly look in his eyes. It seemed that this ancient siren had very great ambitions.

At this time, the demon monk standing aside smiled slightly and said, "Since you don't need the Poseidon Crown, that's great. There won't be any conflicts between you and this young friend next to me."

Ye Feng was in the black robe at this time, and his eyes were a little surprised.

After all, hearing this terrifying demon monk call himself a friend really made Ye Feng feel a little flattered.

Ye Feng also didn't understand. Why did this demon monk suddenly treat him as a friend?

Is it just because he can use the divine gem on Poseidon's crown?

It shouldn't be that simple, right?

At this time, the ancient siren spoke up: "Senior Mo Tuo, are you here just to catch up with me and catch up on old times? By the way, help this young friend next to you resolve the conflict with me?"

When the demon monk heard what the ancient sea monster said, he shook his head slightly, and then said loudly: "The main purpose of my visit this time is to discuss something with you."

Although the ancient siren is a woman of unparalleled splendor and lofty ambitions, she is obviously very respectful to the demon monk and has always maintained a very humble attitude.

ancient sea

Yao immediately asked aloud: "Senior, if you have anything to do, just say it. If junior has the ability to help, I will definitely cooperate with senior."

The demon monk nodded immediately, and then said aloud: "Back then, my friend, your ancestor, the last generation of Poseidon of the ocean civilization, before he died, he asked me to wake up and help him complete one thing, which was to open the The ultimate place for marine civilization."

"The ultimate place of marine civilization?"

Hearing what the demon monk said, the ancient sea demon seemed to have heard some very ancient rumors.

A look of deep surprise suddenly appeared on that beautiful face of unrivaled elegance.

She couldn't help but ask: "Does the legendary ultimate place recorded by our ancestors, which is said to have gathered the infinite wealth of marine civilization for generations, really exist?"

The demon monk nodded slightly and said aloud: "After I woke up, I was not planning to open the ultimate place. After all, too much time has passed, but I sensed that in this primitive ocean, marine

civilization and you Since this heir of inheritance exists, I will fulfill my friend's request to me and help you, the heir of blood, to open the ultimate place of marine civilization. The infinite wealth there can help you greatly enhance your strength, and in that ultimate place I also have a very special thing stored in it, and I need to take it out. "

Even the ancient Siren, a great figure with great splendor, was obviously a little excited at this moment. He couldn't help but ask: "Senior Mo Tuo, how do we open the ultimate place? This is not mentioned in the secret books of the ancestors of our Siren clan. recorded."

The demon monk smiled slightly and said aloud: "I am probably the only one in the world who knows that if you want to open the ultimate place, there are three conditions. First, you need the pure blood of the fairy dragon, and second, you need the Poseidon Crown. , and thirdly, a powerful person of my level is needed to activate the blood of the Fairy Spirit Dragon and the Poseidon Crown, all three are indispensable."

Chapter 3117 Something is wrong

At this time, after the demon monk finished speaking, the ancient sea demon present and Ye Feng in the black robe couldn't help but nodded.

The ancient siren asked aloud: "Senior, do you know where the ultimate place of our marine civilization is? This is not even recorded in the books left by our ancestors."

The demon monk nodded slightly and said aloud: "Of course I know the location of the Ultimate Land very well, but if I want to enter the area of the Ultimate Land, I still need your help, because there are only pure-blooded fairy dragons like you. Only with the bloodline can we open the passage to the ultimate place."

"good!"

The ancient siren immediately nodded.

Although she has great ambitions, she wants to surpass her ancestors in cultivation in the future.

But facing the countless wealth accumulated by generations of marine civilizations, the ancient sea monster is naturally very excited.

After all, if she can obtain the numerous wealth in the Ultimate Land, it will have a huge improvement effect on her own strength and the overall strength of the Siren Alliance she created.

At this time, the demon monk looked in a certain direction and said aloud: "The specific location of the ultimate place is just keep walking in this direction until you see a majestic ocean mountain reaching the sky. That is the ultimate place of marine civilization."

The Ancient Siren nodded and said to a group of Ocean Alliance masters behind him: "This time I am going alone, and you guys will be guarding me at the base camp."

"Yes, leader!"

A group of Ocean Alliance masters clasped their fists and spoke respectfully.

At this time, the demon monk flew quickly in that direction.

Behind the scenes, the female Siren and Ye Feng quickly followed.

While walking, the female siren glanced at Ye Feng, who was shrouded in black robes, and then asked slowly: "Are you from our siren clan? I feel a very special feeling from you. Strong siren scent."

When Ye Feng heard the female siren ask this question, he didn't know what the other party's purpose was. He just responded vaguely and said: "Yes, I am a casual cultivator among the siren. I got the Poseidon Crown by chance. I met this A demon monk, oh no, this senior Mo Tuo, he said he needed

I helped him and that's why he brought me here. "

The female Siren stared at Ye Feng, seemingly very curious about Ye Feng's identity, and continued to speak: "Senior Mo Tuo has the highest cultivation level, and rarely calls others friends. I didn't expect that your cultivation level is not strong, but you are Being called a friend by Master Mo Tuo, it seems that you must have something very special."

When Ye Feng heard what the female siren said, he immediately said: "It's just Senior Mo Tuo who promoted me. I'm really very ordinary."

Facing Ye Feng's humble words, the female siren stopped asking any more questions and finally revealed her purpose.

She said with stern eyes: "You are very extraordinary, and you are also a member of our Siren clan, and you are a casual cultivator. I wonder if you are willing to join the Siren Alliance I created and help me dominate the entire world." Primordial Ocean, when the time comes, we will fight for the Central Plains of the Eastern Region, make great achievements, and create the glory that belongs to our Kraken clan!"

The female siren said so much, it turned out that she was trying to recruit Ye Feng to join the siren alliance.

After all, it must be very extraordinary for Ye Feng to be favored by a super strong person like Yao Monk.

Even if his current cultivation level is not high, his potential is definitely huge.

The female siren is very aware of this, so she naturally hopes to get Ye Feng to join the siren alliance she created.

Because if Ye Feng joins, the female siren knows that she will have one more general.

However, it is naturally impossible for Ye Feng to join the Siren Alliance at this time.

Because Ye Feng just disguised his original aura as the aura of the sea monster, he was not a real sea monster.

Ye Feng immediately spoke up and said: "Sorry, I'm used to being free and loose. I like to be alone and wander in various areas of the primitive ocean. I understand your kindness, but I really have no intention of joining any force for the time being. "

The female siren didn't feel disappointed when she heard what Ye Feng said. After all, she also knew that being possessed by a monster like Ye Feng

The peerless talents that the monk likes must be rebellious and not so easy to tame.

The female siren just smiled slightly at this time and said loudly: "Since you are a prodigal wandering in the ocean, then I will not force you to join my siren alliance, but if one day you want to find a place to rest, , then our Siren Alliance will always welcome your arrival."

Ye Feng immediately clasped his fists and said, "Thank you for your love. I am very grateful."

The two of them didn't say anything else, but silently followed the demon monk across the vast primitive ocean. ??

After half a day, the three of them finally reached the deepest part of the primitive ocean.

This is already a very barren place in the primitive ocean.

The surrounding environment is very harsh, with huge ocean whirlpools everywhere, all kinds of violent storms, and the sky is dark.

Even the female siren, a native creature of the primitive ocean, looked wary at this time, obviously sensing a very terrible danger.

That kind of danger does not come from the creatures living in this primitive ocean, but from the terrifying and destructive power of the entire nature.

Because there are huge and dark ocean whirlpools all around, if you are accidentally swept in, you will be sucked into the ocean whirlpool forever, and your entire body will be crushed in an instant.

Buzz!

However, the demon monk released a dark light shield at this time, covering Ye Feng and the female siren behind him.

Suddenly, all threats and destructive forces around him disappeared.

Even the terrifying and destructive power of nature cannot break through the dark light shield released by the demon monk.

It has to be said that the strength of this demon monk is indeed terrifying to the extreme, able to compete with the destructive power of the entire evil and boundless nature.

His body seemed to contain peerless and shocking power.

At this moment, the three of them continued to move forward, walking in the depths of the boundless and harsh primitive ocean.

When they came to the end, suddenly

It was a very shocking scene.

I saw a huge mountain standing in the middle of the ocean, towering into the clouds and connecting to the entire sky.

This mountain that reaches straight into the sky looks like a boundary monument at the end of the entire earth. It has a feeling of ancient vicissitudes and eternal shock.

The demon monk finally spoke up at this time: "We have arrived. The ultimate place of ocean civilization was sealed behind this ocean boundary monument."

The female siren was very excited, staring at the ancient mountain boundary monument towering into the sky, and couldn't help but murmured: "Is the ultimate place of our marine civilization, the treasure house of generations, hidden in this? It will be available soon. Got."

Ye Feng's eyes were also a little surprised, staring at the mountain boundary monument towering into the sky.

"Ye Feng, something seems wrong."

But at this time, Emperor Chu in his mind suddenly spoke: "I can sense through the soul gem that this mountain boundary monument is a very ancient sealing monument. It is usually sealed with this very special mountain boundary monument. It's not a treasure house, but some kind of terrifying creature."

"What?"

When Ye Feng heard what Emperor Chu said, he was immediately shocked and said in his mind: "Is this ultimate place that this demon monk brought us to a fake? He wants to use me and the female siren to release Was there some forbidden creature that the marine civilization suppressed in this vicious place? "

Emperor Chu also nodded solemnly and said: "It is possible, but don't worry. If the demon monk wanted to harm you, he would have killed you by force and snatched your Poseidon Crown. It wouldn't be so troublesome. After bringing you to this place, you can first see how things develop and see what this monster monk is going to do. If there is any danger, I have discussed it with the old man, the Necromancer, and directly use the "destruction" in the Necromancy. "World Magic' will take you out of this interface in an instant and temporarily hide in another interface. No matter how powerful the demon monk's cultivation skills are, he will not be able to find you across the interface."

The Necromancer, who had not spoken for a long time, also spoke in his mind at this time: "Boy Ye, although boy Chu and I can't defeat this terrifying demon monk together, there is still no problem in leading you to escape."

Chapter 3118 The peerless ruthless man

Hearing the words of Emperor Chu and the Necromancer in his mind, Ye Feng immediately breathed a sigh of relief.

Fortunately, the Necromancer, a great mage from another world, has many methods, otherwise he would be really in danger now.

At this moment, Ye Feng didn't care whether this monster monk really had any conspiracy, he just stayed here and watched the situation develop.

"Then let's get started."

The demon monk suddenly spoke up at this time. He looked at Ye Feng beside him and said, "Give me the Poseidon Crown to use."

Ye Feng didn't say anything and directly handed the Poseidon Crown to the demon monk.

After the demon monk got the Poseidon Crown, he looked at the female Siren beside him and said loudly: "Next, you directly force out some pure fairy dragon blood and inject it into the Poseidon Crown in my hand."

"good."

The female siren would naturally not refuse when faced with the senior demon monk, and she also needed the wealth of generations of marine civilization in the ultimate land.

"Buzz!"

At this time, the female siren directly cut one of her fingers, and then directed her blood to drip onto the Poseidon's crown.

"boom!!"

At this moment, the demon monk directly burst out with terrifying power, making Ye Feng and the female siren immediately feel as weak as ants.

At this moment, the demon monk released his extremely powerful power, which directly inspired all the foundations of the entire Poseidon Crown.

Buzz!

I saw a huge beam of divine light rushing out of the Poseidon Crown, and directly bombarded the mountain boundary monument in front.

"boom!"

The entire mountain boundary monument immediately began to vibrate violently and quickly.

"Click, click..."

The next moment, the mountain boundary monument was shattered, and endless crimson light came out from the cracks in the broken stone.

At this time, Ye Feng took several steps back inconspicuously and stood behind the demon monk and the female siren.

The female siren's eyes were full of excitement, staring at the mountain boundary monument that was about to be completely broken.

"Boom!!"

Finally, the entire mountain boundary monument exploded completely.

And the scenes in the ultimate land are also

It was revealed instantly.

I saw that in the ultimate place, there was no wealth at all, but a devastated space.

The earth is full of broken pieces, with a tragic evil spirit, a murderous spirit that reaches the sky, and blood-red light shines in it.

This is completely different from what everyone expected.

"how so?!"

The female siren suddenly revealed a look of deep horror in her beautiful eyes, and said loudly: "Senior Mo Tuo, is this the ultimate place?"

But at this time, the demon monk was just staring at the land after the mountain boundary monument was broken.

I saw a tall and majestic figure slowly walking out of the darkness on the devastated land.

He was wearing a tattered golden dragon robe and a purple-gold flat crown on his head, but his whole body was shriveled, and his face was shriveled and decayed, just like a zombie emperor!

This scene is very strange.

The tall zombie emperor slowly walked out of the devastated land, his green eyes staring straight at the demon monk, Ye Feng and the female siren outside.

Although Ye Feng was standing at the end at this time, he was stared at by the zombie emperor with horror.

At this time, Ye Feng suddenly understood that the place the demon monk brought them to was not the ultimate place at all, but the burial place of a dead undead emperor.

Moreover, this undead emperor who has become a zombie has not completely died. He has just lost all his blood essence and has become a zombie, a weird existence that is neither human nor ghost.

"This is....."

At this time, the female siren stared at the zombie emperor, and suddenly thought of something, and suddenly exclaimed: "This is the golden dragon robe that our siren family has passed down from generation to generation. This is something that only the Poseidon of each generation can wear." He is qualified to wear this set of golden dragon robes and be revered as the 'Dragon King'. Could this zombie be..."

Poof!

But before the female siren could finish speaking, suddenly the Zombie Dragon King, tens of thousands of meters away, had flashed in front of the female siren, a shriveled zombie.

The palm directly pierced the body of the female siren.

"you.....!"

The female siren's eyes widened for a moment. She was an arrogant ancient siren, the commander of the siren alliance, and she once threatened to surpass her predecessors.

But now, the female siren didn't have any time to react in front of the Zombie Dragon King, and was instantly pierced through her body.

"Dedicate your life to...me..."

At this time, the Zombie Dragon King stared at the wide eyes of the female siren in front of him, and made an indistinct sound from his mouth.

"You are...the last generation of Poseidon...the last Dragon Emperor...you didn't die in the disaster that year..."

The female siren understood everything at this time.

It turns out that everything is fake.

There is no ultimate place for marine civilization.

There was only one last Dragon King who suffered heavy losses and turned into a zombie. He was sealed here for countless years, waiting for his descendants to open this place.

However, the female siren couldn't understand why the last Dragon Emperor, her ancestor, wanted to kill her?

The demon monk stood aside with an indifferent expression, staring at the dying female siren, and said slowly: "Even if the Dragon Emperor becomes a zombie, after so many years, he still needs the pure blood of the fairy dragon to revive and revive. I, so I need living descendants of the fairy dragon. I lied to you, but there is no way. This is the promise I made to my friends. I can only compensate you for the power of the Siren Alliance after you die. I will Destroy your great enemy, the Water Sacred Land."

After finishing speaking, the demon monk said nothing more.

The female Siren felt the Zombie Dragon King who was rapidly absorbing the energy of her blood, and a tragic smile appeared on her beautiful face.

She also threatened to surpass her ancestors.

But now, it has become the nourishment of the ancestors.

pity.

Deplorable.

However, this is the world of cultivation, where there is intrigue and deception, and no matter how powerful the existence is, it will suddenly fall at any time.

"Boom!"

At this time, the female siren had completely closed her eyes, and her shriveled body was thrown into the sea below.

and

The last zombie dragon emperor, who had absorbed the blood of all fairy dragons, was in a shriveled state, but he had recovered a little and became a little brighter.

At this time, the last zombie Dragon King suddenly stared at Ye Feng not far away.

Ye Feng watched the whole process with cold eyes.

This matter has nothing to do with myself.

But the last zombie dragon king stared at him, which made Ye Feng feel a little creepy. He was about to let the necromancer use the boundary-breaking technique to escape for his life.

But at this time, the demon monk stood in front of Ye Feng, looked at the Zombie Dragon King not far away, and said loudly: "He is a human race, it is useless for you to absorb it."

"No."

The last dragon king of the zombies spoke slowly: "He is an extremely rare bloodline of the chaotic body. Moreover, there is another powerful bloodline that even I can't see through. Both are dominant bloodlines. If he absorbs it, It is of great benefit to me and can bring my zombie body back to life."

When Ye Feng heard this, his eyes suddenly turned cold.

As expected, he was the last Dragon King who did not hesitate to kill and devour even his own descendants. He was definitely a super ruthless person.

But if he wasn't super ruthless, he probably wouldn't be friends with this monster monk.

After all, these two were probably the most ferocious men in those ancient times, and they had the same odor.

The demon monk suddenly spoke up at this time: "You can't swallow the blood of this kid Ye Feng. Let me tell you the truth. In addition to his chaotic blood, the other powerful blood that you, Dragon King, sense is the Great Origin." The most powerful Hongmeng bloodline in the world."

"It turns out to be Hongmeng bloodline!"

When the last dragon king of the zombies heard what the demon monk said, even this peerless ruthless man showed a hint of surprise in his eyes, and couldn't help but said: "It turns out that this kid is a bloodline heir of the Ye family, and he is such a pure bloodline. The inheritance It is a bit interesting to have the Hongmeng bloodline. After all, the Ye family produced the strongest master at its most glorious time, calling himself Hongmeng Ancestor. He ranked first among all the masters in the origin world, making the Hongmeng bloodline leap forward. Become the strongest bloodline in the world of origin. I still respect this bloodline very much. No wonder Mo Tuo wants to save this kid's life. After all, you and the Ye family still had some connections back then. Okay, then I won't swallow this kid. And to be honest, I don't dare to swallow Hongmeng's bloodline, lest I suffer divine punishment."

Chapter 3119 The glory of the year

At this moment, the demon monk and the zombie dragon king were talking as if no one was watching.

Ye Feng's mood, standing next to him, was like a roller coaster, going up and down for a while.

In any case, it would be good if the Zombie Dragon King gave up eating himself.

At this time, Ye Feng also understood how powerful the Ye family that his father, mother, and aunt Ye Qinglan went to back then was.

Even though the Ye family seems to be in decline, this legendary family is definitely not something ordinary people can mess with.

Now that the Ye family has a family crisis, it can be imagined how terrifying the Ye family's opponents are now, so that they can attack the Ye family in an attempt to seize the paradise of the Sea of Chaos where the Ye family is located.

At this time, Ye Feng learned a lot of ancient secrets from the words of the two ancient powerful men, the Zombie Dragon King and the Demonic Monk.

It turns out that the Ye family was so brilliant when it was at its most glorious!

Among all the masters of the origin world, the strongest master ranked first, making the Ye family's Hongmeng bloodline become the most powerful bloodline in the origin world in one fell swoop, and it has not been broken to this day.

At this time, Ye Feng thought of the achievements of the Hongmeng ancestor of his Ye family, and suddenly felt a little excited.

However, Ye Feng was also very surprised. The most powerful master that the Ye family produced back then had either died or left the world of origin. The Ye family has slowly declined, and now it is even more in crisis.

Otherwise, if Hongmeng Ancestor, the number one strongest master, was here, no one would dare to provoke the Ye family.

Ye Feng couldn't help but ask in his mind: "Emperor Chu, the strongest ruler ranked first, will he also fall?"

Emperor Chu said in his mind: "The Overlord is too powerful. It is the most powerful creature known between heaven and earth and in all major interfaces. It generally will not fall and cannot die at all. Even if the Overlord of the same level fights, it will be difficult to kill." Damn it, the strongest master of your Ye family, the Hongmeng Ancestor, may not have died. He may have left the Origin World and gone to another interface in the ancient times. "

Ye Feng asked: "The Great World of Origin should be the most advanced and powerful interface, right?"

Emperor Chu said in his mind: "Yes, Hongmeng Ancestor left the Origin World not necessarily to find more powerful power, because he is already the most powerful. He may also go to other interfaces and travel to the world. Gone, just like the old man Necromancer, he just became the master of his own necromantic interface, and he couldn't bear it anymore and broke through the world and came to the world of origin.

, I wanted to travel a bit, but I was unlucky. I met a martial arts idiot and was almost beaten to death. "

When the Necromancer heard Emperor Chu's teasing, he couldn't help shouting in his mind: "Boy Chu! How dare you make a joke on me! No matter how big or small!"

Emperor Chu said aloud: "In the memory fragments that I keep awakening, my previous life was very powerful. Maybe I am older than you. You should call me senior, and I should call you the undead boy."

Necromancer:"....."

This great mage from another world never expected that Emperor Chu would be so thick-skinned.

Ye Feng was a little helpless at this time. Emperor Chu and the Necromancer were really at odds.

Ye Feng temporarily ignored the quarrel between the two in his mind at this time, but looked at the demon monk in front of him, and couldn't help but said: "Senior, you have interacted with the Ye family who inherited my bloodline?"

Ye Feng also understood at this moment why the demon monk took special care of him.

After all, this is a ruthless man who can kill himself.

Ye Feng knew that it must not only be because he was able to use the divine gem on the Poseidon Crown, but there must be a deep-seated reason.

It turns out that this monster monk had some friendship with the Ye family, from which he inherited the Hongmeng bloodline, so no wonder he took great care of him.

At this time, hearing Ye Feng's question, the demon monk nodded slightly, with a glimmer of memory in his deep eyes, and said with a little sigh: "I did have some interactions with the Ye family back then, but unfortunately, she never She hasn't looked at me directly, but I respect her choice because I really don't deserve her."

When Ye Feng heard what the demon monk said, his eyes widened slightly. He didn't expect that the demon monk seemed to have pursued a woman from the Ye family back then.

But the Ye family woman rejected the demon monk.

Ye Feng was a little surprised.

Even the most powerful superpower under the control of the demon monk, that Ye family woman can't look down on her.

It can be seen from this that how glorious the Ye family was back then, so that all the people in the Ye family had great confidence, and there was no need to give face to the strongest person under the control of the demon monk.

Ye Feng couldn't help it

Asked: "What happened to the Ye family woman whom the senior pursued in the end?"

The demon monk sighed and said: "Since the Ye family's strongest master, Hongmeng ancestor, suddenly left the world of origin, the Ye family's glory has gone forever and gradually declined. Hongmeng ancestor stayed. The most powerful domination magic weapon can only protect the Ye family's base camp from destruction. The Ye family's glory is no longer. The Ye family woman I pursued back then was peerless and beautiful. Unfortunately, she died in a turmoil. I Because of my grievances with Buddhism, I was delayed and went to Ye's house too late and failed to save her. This is something I regret for the rest of my life. I buried her with my own hands. "

Hearing this, Ye Feng showed a trace of surprise on his face. He didn't expect that this monster monk, this peerless vicious man, could secretly be such an infatuated person.

At this time, the Zombie Dragon King, who had been silent all this time, suddenly sighed with emotion and said: "Brother Mo Tuo, I didn't expect that you haven't forgotten her after so many years, but she is indeed peerless and unparalleled."

Ye Feng looked at the Zombie Dragon Emperor strangely. It seemed that the Zombie Dragon Emperor was probably the suitor of the Ye family woman back then. It seemed that the fallen Ye family woman was indeed so magnificent that the Dragon Emperor and the demon monk Two extremely ruthless people are so infatuated.

At this time, the Zombie Dragon King looked at the demon monk in front of him and said loudly: "Brother Mo Tuo, what are your plans next?"

The demon monk glanced at the body of the female siren floating on the sea, and said indifferently: "In order to save you, I lied to her, and I want to compensate her. I will kill her greatest enemy in life, the Holy Land of Water, directly. I will destroy it, and then I may travel around the world, because after waking up after endless years, there is nothing worthy of my nostalgia in the entire world of origin. I will continue to travel around the world to see how to become a master. This is destined to be a long journey. road."

The Zombie Dragon King grinned and said: "I don't want to travel around the world. Since I have worked hard to live a new life, and now I have cultivated into an eternal combination of the god-level zombie body and the Poseidon dragon body, I will Re-establish a huge and boundless power in this primitive ocean, recreate the glory of the maritime civilization, and become the overlord of the ocean once again!"

Ye Feng is not interested in the future retirement plans of these two ruthless men.

But when Ye Feng heard that the demon monk wanted to destroy the Water Sacred Land, he immediately felt helpless.

The Water Sacred Land is really going to suffer now.

But Ye Feng is still ready to give it a try.

He said aloud: "Senior Mo Tuo, I have a good relationship with the Water Holy Land. Do you really want to destroy the Water Holy Land?"

When the demon monk heard what Ye Feng said, he glanced at Ye Feng in surprise. Then he thought for a moment, nodded slightly, and said loudly: "Since I have a good relationship with you, Ye Feng, I won't take action. However, I lied to the Siren, I must pay her back, otherwise I will have inner demons."

Ye Feng thought for a while, and suddenly said: "The female siren has a true disciple, who is a saint of the siren alliance. Perhaps, the senior can give that siren some opportunities to repay the female siren. "

"Haha, leave this to me."

The Zombie Dragon King next to him suddenly laughed loudly: "Next, I will integrate all the Kraken forces in the entire primitive ocean, and I need to vigorously train various subordinates. I will train that Siren Saint girl well, I will say that she In order to save my ancestor, my master voluntarily sacrificed his life. I have direct control over the Siren Alliance and will kill anyone who refuses to obey. "

When Ye Feng heard the Zombie Dragon King's unreasonable words, he could only roll his eyelids and choose to ignore them.

After all, there is no reason to argue with such a ruthless person.

The demon monk nodded slightly at this time, looked at the Zombie Dragon King and Ye Feng, clasped his hands slightly towards them, and said loudly: "Now that everything has been

successfully resolved, I will leave here to travel around the world and seek A way to break through to dominance.”

Ye Feng immediately clasped his fists and said, "Senior, take care."

The Zombie Dragon King patted the demon monk hard on the shoulder and said loudly: "We can compete to see who can break through to the realm of dominance first."

When the demon monk heard this, he just smiled faintly and said as if he was pointing something: "Perhaps, neither of us is the fastest to break through to the realm of dominance."

"What?"

When the Zombie Dragon King heard what the demon monk said, he immediately understood what his brother meant.

The last emperor of the marine civilization, he immediately glanced sideways at Ye Feng beside him, and said with some disgust: "You mean, this kid will break through to the realm of domination earlier than us?"

Faced with the Zombie Dragon King's question, the demon monk didn't say much, smiled noncommittally, then turned around and walked away in the distance.

One step for a thousand miles, another step for a thousand miles, and after the third step, the figure of the demon monk has completely disappeared from the vast sea in the distance.

Chapter 3120 Pale Face

"Crack."

After the demon monk left, the Zombie Dragon King threw the Poseidon Crown in his hand to Ye Feng beside him and said loudly: "You can take this thing, I don't need it."

Ye Feng took over the Poseidon Crown and breathed a sigh of relief. He was really afraid that after the demon monk left, the Zombie Dragon King, a scoundrel, would not give him the Poseidon Crown.

Ye Feng quickly put away the Poseidon Crown.

Seeing Ye Feng like this, the Zombie Dragon King couldn't help but shook his head and muttered, "How can you be so angry and enter the realm of domination before us? Brother Mo Tuo, you are always very accurate in judging people, but this time, you are absolutely wrong. This kid is too weak and is still far away from our current state, let alone the supreme master."

Listening to the mutterings of the Zombie Dragon King, Ye Feng just smiled slightly, said nothing more, and flew quickly in a certain direction.

After all, there is no point in Ye Feng staying here.

Looking at Ye Feng's retreating back, the Zombie Dragon Emperor's eyes flickered slightly, and he couldn't help but murmur, "The blood descendant of the Ye family left in the mortal world, and he is also the purest inheritor of Hongmeng blood. Once this kid truly awakens, With the Hongmeng bloodline, I don't know how earth-shattering it will be. I think the entire Eastern Region, no, even the entire Origin World, will be excited by it once again."

At this time, the Zombie Dragon King murmured, with a hint of anticipation in his eyes.

Obviously, the Zombie Dragon King's true inner thoughts are not what he said before.

On the contrary, he was in great awe of the Hongmeng bloodline, but he just didn't want to show it in front of a junior like Ye Feng, as if he was afraid of losing face.

...

Ye Feng left the primitive ocean area and flew quickly towards the area outside the primitive ocean.

This time Ye Feng didn't get lost again, and soon he saw the land at the edge of the ocean.

When Ye Feng saw the land, a look of joy suddenly appeared on his face.

After all, Ye Feng has been drifting on the ocean during this period.

Ye Feng was a little tired of it.

Now that he finally saw the land, Ye Feng was naturally very happy and quickly flew towards the land.

When Ye Feng finally stepped on solid ground, he unknowingly felt a deep sense of security. Sure enough, the human race was still suitable for living on land. In the ocean, he always felt like he was floating. .

At this time, Ye Feng spotted a direction, flew quickly, and soon arrived at the base camp of the Water Holy Land.

When Ye Feng came to the base camp of the Water Holy Land, he saw every disciple of the Water Holy Land with a look of joy on his face.

Ye Feng felt a little strange, and immediately stepped forward and couldn't help but ask: "What are you so happy about?"

A disciple of the Water Holy Land immediately spoke out: "The Ocean Alliance that is fighting us suddenly retreated for some reason. It is probably because they are afraid of our Water Holy Land! Hahaha!"

Hearing this disciple from the Water Holy Land say this, Ye Feng immediately understood.

It seems that after the death of the female Siren who commanded the entire Ocean Alliance, the entire Siren Alliance lost its backbone and had to retreat.

But Ye Feng knew that this was only temporary.

Because now the female siren is dead, but a more terrifying and ferocious zombie dragon king has appeared.

He will once again lead the Siren Alliance to dominate the entire primitive ocean area.

At this time, Ye Feng thought in his mind and quickly flew towards the central area of the Water Holy Land's base camp.

Uh-huh!

When Ye Feng arrived at the central hall of the Water Holy Land, he saw the Lord of the Water Holy Land holding a banquet with a group of Water Holy Land elders.

Drinking wine and socializing in the main hall

Yes, it was very lively, and everyone's face was filled with joy. It seemed that they all thought that the Siren Alliance retreated because they were afraid of their Water Sacred Land.

Seeing this scene, Ye Feng couldn't help but shook his head, walked directly into the main hall, then looked at the water sacred place in the center, and said loudly: "Holy Lord, I have something to say to you alone."

"Huh? It's you, Mr. Ye Feng!"

The Lord of the Water God was a little high-spirited at this time. He quickly laughed and pulled Ye Feng to the wine table in the central hall, and said loudly: "I heard that girl Lingxi say, Ye Feng, you came to our Water God before. , specifically to help that girl cure the congenital extreme cold. Thank you very much. This time our water god defeated the attack of the Siren Alliance. Now we are holding a banquet. Ye Feng, please join us and stay with me. Have a few drinks."

Seeing the happy look of the Lord of the Water Holy Land, Ye Feng could only shake his head with a wry smile and said: "Holy Lord, I really have something important to tell you alone. This matter is related to the entire Water Holy Land. safety."

Hearing what Ye Feng said and looking at Ye Feng's serious expression that didn't look like a joke, the Lord of Water God seemed to feel that something was wrong. The happy look on his face suddenly disappeared, and he became a little solemn and said. : "Okay, come with me."

At this time, the Water God Lord left the central hall alone with Ye Feng and came to a very quiet secret pavilion behind the hall.

At this time, there was no one around except Ye Feng and the Water Divine Master.

The Lord of Water God stared at Ye Feng in front of him and asked aloud: "Ye Feng, do you have something important that you want to tell me alone?"

Ye Feng took a deep breath, and then said slowly: "Although I don't want to disturb your elegance, Holy Master, I still want to tell the truth. The reason why the Siren Alliance retreated was not because you threatened the Holy Land of Water. They were caused by problems within the Siren Alliance. The leader of the Siren Alliance, the ancient female Siren, died in

The deep area of the primitive ocean, so they had internal chaos and temporarily retreated. "

When the Lord of the Water God heard what Ye Feng said, his eyes immediately revealed a look of deep astonishment, and he couldn't help but say: "That female siren is so beautiful and powerful that even a person like me, at the level of the Lord, can't help but I couldn't hold it back, and he died suddenly?"

Ye Feng nodded slightly and said aloud: "I have experienced a lot of things in the primitive ocean during this period. I can't tell you the details in detail, but Holy Lord, you have to believe me. That female siren has really died."

The Water God still respected Ye Feng very much. At this time, he nodded slightly, chose to believe Ye Feng, and then said aloud: "Since the female siren is dead, wouldn't it be better? Our Water God can just do something big. Attack the Kraken Alliance and eradicate this Kraken force completely!"

Ye Feng shook his head and said, "Do you know why the female siren died?"

The water god's eyes moved and he asked aloud: "Why?"

Ye Feng said slowly: "Because there was an ancient sea monster more powerful than the female sea monster who killed her."

The Water Divine Lord was immediately horrified and said: "What?!"

Ye Feng nodded slightly and said aloud: "That is the last Dragon King who has awakened from ancient times. His cultivation has reached the level of creation, and even the most beautiful female

sea monsters have been killed by him instantly. In the future, the last Dragon King will be ready to dominate the entire world. The primitive ocean, so the sacred water place must be moved as soon as possible, otherwise, it is very likely to fall into a place of eternal disaster!"

"Deng Deng Deng!"

Hearing Ye Feng's shocking words, the Water God Lord in front of him immediately turned pale and couldn't help but take several steps back.

Ye Feng shook his head helplessly when he saw the Water Divine Master like this.

Ye Feng thought to himself that he had not said a word to save the entire Water Holy Land, so that the Water Holy Lord would not be scared to the point of peeing.
